EX-POLICEMAN HELD AS MAN WHO ROBBED TWO LIQUOR STORES

O. H. Latremouille, One Time Champion Athlete of Toronto Police Force, Arrested and Identified as Man Who Took Money at Point of Revolver on Monday Night.

After tracing his movements since he returned to Toronto some days ago the detective department last night caused the arrest of O. H. Latremouille, the ex-policeman, on a charge of being the man who on Monday night held up Edward Field in his double hold-up at 207 Wellesley street. Latremouille was taken into custody on Yonge street at 5 o'clock by Patrol Sergeant Brown. When taken to the station the prisoner gave his address as 125 Marlborough street.

Since the stores of Edward Field on Wellesley and W. Donley on Parliament street were robbed, the detectives have suspected Latremouille. Not only did the descriptions furnished by the victims tally with him, but the manner in which the daring hold-up was committed was a strong clue.

In addition to this Latremouille had been seen in a barroom of a hotel near by and at that time he was dressed as described by Field. The ex-policeman

BRUCE IS FOUND NOT GUILTY DEATH PENALTY FOR BATEMAN

BATEMAN WAS UNMOVED BY SENTENCE

Justice Latchford's Pronouncement, That He Be Hanged on Dec. 19 for Murder of His Wife, Stoically Received—Defence Failed to Establish Insanity.

(By a Staff Reporter.)

WHITBY, Oct. 10.—(Special.)—Like an old soldier, John Bateman, aged 71, stood erect in the prisoner's dock and heard the fatal message. "Guilty of murder but with a recommendation for mercy," uttered by the foreman of the jury in the local courthouse this afternoon. The old man who slew his wife, aged 70 years, with an axe, and then attempted to conceal his crime by setting fire to the home, never flinched. He showed no signs of emotion, and while Justice Latchford pronounced the death sentence—"That you be hanged by the neck until you are dead, and may the Lord have mercy on your soul," his apparent unconcern astounded the people in the court.

This is the second death penalty passed in this courthouse in two years, Archie McLaughlin having been sentenced on the last occasion to pay the penalty for slaying his wife. Bateman is sentenced to hang on Dec. 19 in the Whitby courtyard. In the interval his counsel, Gordon Conant, will apply for executive clemency on account of the wife-murderer's extreme age.

"Your verdict was the only one possible on the evidence," said Justice Latchford to the jury. "Your recommendation for mercy will be forwarded to his excellency the governor-general. Have you anything to say before the sentence is passed upon you?" said his lordship, turning to the prisoner.

"I had no intention of killing that woman," was the prisoner's only declaration.

Only Verdict Possible.
"A jury of your fellow-citizens has found you guilty of the crime of murder," said his lordship. "You have had a fair trial. You have been very well defended by your counsel, Mr. Conant. Everything that a counsel could say or do was said or done in your behalf. No conclusion was possible to arrive at by the jury but that which was arrived at. The recommendation of the jury is the function of the court."

HELD WITHOUT BAIL
Peter McArthur Charged With Doing Bodily Harm to His Wife.

Peter C. McArthur, 800 East Gerrard street, was arrested by Detective Armstrong yesterday, charged with doing bodily harm to his wife. McArthur was working at his desk in a broker's office at 43 Scott street when taken into custody. The woman's condition is serious and McArthur has been refused bail by the crown.

NAVAL DATA IN HUGHES' CHARGE
Important Cabinet Council to Follow His Arrival—Date of House Opening Not Fixed.

OTTAWA, Oct. 10.—(Special.)—No definite date has been fixed by the government for the meeting of parliament, November 14 was spoken of, but it is now thought that it will be difficult to get the legislative program in readiness by that time.

When asked after today's cabinet meeting what the probable date of the opening would be, Premier Borden decided. "The date is not yet decided. Notwithstanding various reports to the contrary, it is now understood that the additional naval information which Premier Borden stated, he was expecting from England, has not yet arrived, but is being brought over by Sam Hughes, who will arrive in Canada on Saturday. Col. Hughes while in England spent considerable time with Winston Churchill. It is likely that with the return of the minister of militia the cabinet will then buckle down to evoke the naval program."

Inspecting Welland Canal Route

ST. CATHARINES, Oct. 10.—(Special.)—Hon. Frank Cochrane, minister of railways and canals, who arrived in the city this morning, paid a visit of inspection to the route of the proposed Welland Ship Canal, in company with Chief Engineer Weiler. His mission is merely to familiarize himself with the details of the project. He was certain that tenders would be called for soon. Tomorrow he will visit the Welland and Port Colborne sections.

POLICE METHODS WERE CRITICIZED

Prominent Citizens Decided to Take Further Steps to Reform Local Police Administration

A meeting of about one hundred prominent citizens of Toronto was held last night at the Central T. M. C. A. to discuss present police methods, as revealed by the St. Clair and other cases. Mr. James Ryrie was chairman of the meeting.

It was decided to hold a mass meeting of Toronto citizens in one of the city's large halls, to take immediate action to secure a reform in the police administration, and substitute something more efficient for the present police censorship.

A committee consisting of the following citizens was appointed to take charge of calling the mass meeting: James Ryrie, John Finlayson, John A. Paterson, K.C., Archdeacon Gedy, A. E. Atkinson, W. E. Roney, K.C., Rev. P. T. Shields, Rev. Byron H. Stauffer, Rev. John Coburn, Charles McD. Hay, Controller J. O. McCarthy, Father L. Minehan, Dr. W. A. Young, John Dunbar, Ald. John Wanless, Rev. Dean Wallace, Rev. Prof. Trotter, Dr. James L. Hughes, ex-controller F. S. Spence, and Rev. C. J. James.

HELD WITHOUT BAIL
Peter McArthur Charged With Doing Bodily Harm to His Wife.

Peter C. McArthur, 800 East Gerrard street, was arrested by Detective Armstrong yesterday, charged with doing bodily harm to his wife. McArthur was working at his desk in a broker's office at 43 Scott street when taken into custody. The woman's condition is serious and McArthur has been refused bail by the crown.

BIG CONTEST NOW IN SECOND WEEK
Only Nine Days Since Start Was Made, and Entry May Be Made by Securing the Back Proverbs.

The second week of The World's great \$5000 Proverb Contest opened yesterday with the interest spreading to all parts of the country. Many more hundreds of letters of enquiry and hearty comment from the most remote sections tell of the thousands who have entered this supreme test of human worth, the battle of brain against brain.

Everyone is anxious to be in it if only to show what he can do, for it is a competition in which there is a fair field for all, with no special favors or advantages for anyone. The man with the slightest common school education has the same equal chance as the wisest college professor. It is not a question of learning, but a question of wit, memory and common sense.

Only nine of the proverb problems have been published to date, and no one need think that it is too late to enter.

FIRST BATTLE OF WAR WON BY MONTENEGRINS ALLIES STILL INACTIVE

Europe Perplexed by Attitude of Balkan States and Meanwhile Peace Overtures Are Attempted—Turkish Troops Reported to Have Surrendered After Clash Near Podgoritz.

LONDON, Oct. 10.—(Can. Press.)—Montenegro claims the first victory in the Balkan war by the capture of the strong Turkish position on Detitch Mountain, whose commander surrendered today with the bulk of the forces. Montenegro also crossed the frontier near Scutari, and, according to Turkish account, have been repulsed.

The situation meanwhile is as puzzling as before. No declaration of war has been issued by the other allied Balkan states, and there is no news yet of their ministers having left Constantinople. It cannot, therefore, be definitely said whether Montenegro has acted independently, with the motive of forcing a conflict, so as to render the powers' efforts to preserve peace nugatory, or in accordance with a strategic plan arranged by the Balkan coalition.

The powers today presented a collective note, inviting Turkey to discuss a scheme for reforms in Macedonia. It appears, however, as the while diplomacy is trying to arrange the matter peacefully, guns will decide it for them. French Hungarian attacks on Turkish frontier towns are reported tonight, and the opinion is growing that the opposing parties are only using diplomatic delays to concentrate their forces in readiness for the inevitable outbreak.

Fear Spread of War.
The statement of the Austro-Hungarian foreign minister, Count von Berchtold, in the Hungarian delegation today, that Austria is prepared to guard her interests in the Balkans at all hazards, has created a sensation in the European capitals, as an indication that the powers may be unable to confine themselves to the policy of merely holding the ropes.

The Frankfurter Zeitung publishes a sensational report that Greece will withdraw from the Balkan agreement and demobilize, but this is hardly credited here. Both Greece and Turkey are trying to purchase the Chinese cruiser Chao Ho, recently built at Newcastle.

FOUGHT FOR THIRTY HOURS
PODGORITZA, Montenegro, Oct. 10.—(Can. Press.)—The Montenegrins have captured Detitch Mountain. The Turkish commanders and officers with many soldiers have surrendered.

For the past thirty hours the battle between the Montenegrin forces, under the direct command of King Nicholas, and Turkish troops strongly entrenched in the hills, has been in progress. The fight began at 8 o'clock yesterday morning.

Strongly fortified positions were occupied by the Turks, however, on Detitch Mountain, which commands the road to Scutari, and reinforcements were brought up, which resulted in a general engagement, which extended along the line for several miles.

King Nicholas remained at his headquarters at Podgoritz, while Crown Prince Danilo directed operations at the front. The Montenegrins resumed the bombardment of Detitch at dawn and a heavy cannonading was kept up until 11 o'clock in the morning, when the Turkish batteries on the mountain were silenced.

In the meantime a great battle was proceeding near the Turkish Town of Tushi, about 15 miles to the south of Podgoritz. At 4 o'clock in the afternoon the Turkish commander on Detitch, with his officers and a majority of his troops, surrendered. The Montenegrins captured four guns.

TRUCE IN BATTLE OVER FREIGHT CHARGES

Railway Commission Adjourns Until Nov. 4 to Digest Mass of Statistics—Companies May Submit More Evidence—D. B. Hanna Defends C. N. R. Policy in West.

OTTAWA, Oct. 10.—(Can. Press.)—With the completion of the presentation of the case of the G. T. P., which followed that of the C. P. R. and C. N. R., the western freight enquiry, which has been conducted all week before the railway board, was adjourned this afternoon, to meet again Nov. 4.

All witnesses have been called and evidence given by all three railways. It is understood that none of them has closed its case as yet and may call further witnesses. However, when the enquiry opens next month the cross examination of those already heard by the array of counsel, which represents the different governments and organizations interested will probably begin. The adjournment will give the latter time to go over the mass of figures presented by the railways, including statements of variations in density of traffic east and west and higher cost of operation.

C. P. R. Bears Brunt.
To the C. P. R. has been left the greater part of the responsibility for the presentation of the railways' defence. It is the only road which has at present a transcontinental line, and is therefore more directly interested in the allegation of discrimination. The evidence brought out by the C. N. R. and G. T. P. has been in the main corroborative. There have been two exceptions, however, the C. N. R. endeavoring to show that it is on a different financial basis from the C. P. R. and the G. T. P., laying stress on the fact that if rates are reduced it will not be able to build the branch lines demanded by people of the west.

There is every indication that the enquiry will shortly be broadened to include not only the mere question of discrimination, but the broader one of justification of rates as well. The burden of proof as regards discrimination was thrown on the railways at a previous session by M. K. Cowan, representing Alberta and Saskatchewan.

The statement was made today by the

William H. Crane's New Play.
The veteran actor, William H. Crane, always a favorite in Toronto, and who played large audiences here last season in "Father and the Boys," will be seen at the Princess next week in a new comedy, "The Senator Keeps House," which is reported to be most pleasing.

CELLARS FLOODED WHEN PUMPS STOPPED

Residents Along the Lake Front Summoned Commissioner Harris, Who Called His Men to the Scene and Worked Nearly All Night to Clear Sewage Away.

The residents along the lake front and adjacent streets at Kew Beach suffered an unpleasant experience yesterday morning when nearly fifty cellars in that neighborhood were flooded with sewage, as the result of a breakdown in the pumping station. Two electric pumps which have been pumping the sewage of Ward One thru a septic tank had been away for about three weeks undergoing repairs and an auxiliary, operated by a stationary steam engine, was doing the work. The auxiliary broke down under the heavy strain at noon on Wednesday and from then until nine o'clock yesterday morning the system was disorganized. For hours at a stretch there was no facility for pumping the sewage thru the tank into the lake, and hence it backed up in the trunk pipes and flowed into the cellars for a radius of several hundred yards.

When the auxiliary pump went out of order at noon on Wednesday, as the result of a stick of wood getting into it, all haste was made to repair it and prevent a back-flow of the sewage. At seven it was in use again, but this time only for a few hours. Finally it was decided to put in a new engine and equipment and at 3:30 yesterday morning the order for this went in, and inside of a couple of hours it was delivered at the pumping station. At nine o'clock the pump was working and the system completed again.

Mr. Harris Summoned.
Some time before midnight Property Commissioner Harris, who lives on Balsam avenue, near the station, was summoned and his advice sought on the proper measure to follow to prevent damage to the propertyholders in the district. Mr. Harris called about him a number of the leading men in his department and stayed on the job until relief was in sight. At 1:30 yesterday morning he showed up with a couple of men at Mr. Whitfield's residence on Lake Front and offered to have the cellar cleaned out immediately if the owner desired. Mr. Whitfield thought the job could stand until a more reasonable hour and so asked that the men be put at work at seven o'clock. In this Mr. Harris gladly acquiesced and shortly after breakfast the situation had been relieved so far as that cellar was concerned. A canvass was made of the community and all the cellars cleaned out at an early hour in the day. It is said the damage at the property has been comparatively light since the sewage was not allowed to remain in the cellars for more than ten or twelve hours.

FURIOUS FIGHT GROWS HOTTER EVERY DAY

Leading Politicians Who Are Taking Part in Macdonald By-Election Campaign Are Ransacking the Dictionary to Find Abusive Epithets to Hurl at the Enemy.

WINNIPEG, Oct. 10.—(Special.)—The fight in Macdonald becomes every hour more furious and the leading politicians on either side are ransacking the dictionary to find abusive epithets to hurl at the enemy. Sir R. P. Roblin has made a public and pathetic profession of his inability to find words in the English language vile enough to describe the villainy of the Saskatchewan Grits who have invaded Macdonald.

Hon. Mr. Rogers declares that the government of Saskatchewan is an alien government and all but allocates the big wheat provinces among the states of the American Union. At the same time Mr. Rogers is putting crimpa into Mr. Richardson's pose as an advocate of low rates and the enemy of the C. P. R. The minister made a big hit at a recent meeting by reading from Hansard a public apology which he said the Liberal candidate had delivered in the house of commons respecting his earlier efforts to force rate reduction by the Canadian Pacific Railway Company.

Made Light of It.
Mr. Rogers made light of the protest in some quarters against the Canadian Pacific raising \$100,000,000 in company stock in not making the issue \$1,000,000,000 in order to give better railway facilities to the west. The government, he said, deserved neither praise nor blame for the stock issue because the C. P. R. had ignored the government and had increased its capital under an act of parliament.

Mr. Rogers promised that the Borden Government would in some way reduce freight rates; the big obstacle in the way of such reduction was an enormous cost of the National Transcontinental Railway. He promised that the Bank Act would be amended so that farmers could borrow money upon their grain before it reached the elevators.

Sir R. P. Roblin and Mr. Rogers anticipated a big victory in Macdonald. The French Catholic vote, it is expected, will go Conservative in return for the recent school legislation by the Roblin Government.

SHAUGHNESSY HAS A VERY BIG REACH

Canadian Pacific Railway is Said to Be After the Grand Trunk and Grand Trunk Pacific—Capitalization May Be Increased by Hundreds of Millions.

"When thou hearest the sound in the top of the mulberry tree, then begin thy reach."

The Toronto Globe fancies it can hear a rustle in the leaves: A good many Liberal politicians, big and small, have the impression that something big is going to drop. More important still is the belief in the business world that the Canadian Pacific Railway Company is preparing for a big move of some kind and that its capitalization may be suddenly increased by hundreds of millions in the near future.

Those who closely followed the tour of Sir Wilfrid Laurier were impressed with the belief that he had, or thought he had, a big card up his sleeve. He began his campaign at Marquette by charging that the standard of the Transcontinental Railway was being degraded on the section under construction between Cochrane and Quebec. He closed his tour at Mount Forest with a criticism of the government's action, or rather inaction, in the matter of the recent melon-cutting by the Canadian Pacific Railway.

Now it is more than intimated that the \$60,000,000 melon-cutting was a mere curtain lifter and that other big issues are to follow, aggregating perhaps two hundred and fifty million dollars. The Financial Times of Montreal declares that the Canadian Pacific Railway is to swallow the Allan Line and the great P. & O. steamship line and straddle the world with great fleets on the Atlantic and the Pacific.

Great Expansion.
The World has reason to believe that the Canadian Pacific Railway contemplates a great expansion on the sea.

BIG CONTEST NOW IN SECOND WEEK

Continued From Page 1.

ter now. In fact, it should be quite well understood by this time that it will not be too late to enter until after the last picture is published on Dec. 15. But there is a proverb that points out the advantages to be gained by imitating an early bird, and it is helpful in such a contest as this, not only to be able to name the proverb, but also to take note of them, in order that contestants may give them their proper spelling, wording and punctuation, the main essentials that will be graded in the awarding of the prizes.

Consequently it's better to enter now in order that you may get in practice and be ready for the most difficult pictures when they begin to appear. Why not tackle today's picture, published on page 2, and then tomorrow's? You'll enjoy the fun once you get started, and you can then feel assured that you are

SHAKO REPLACES HELMET.

The British war office has definitely decided to adopt the shako for the full dress headgear of infantry of the line 1 place of the heavy and clumsy helmet.

RABIES AT PARIS

Boy Bitten by Dog is Sent to Toronto. BRANTFORD, Oct. 10. (Special.) Rabies is reported in Paris, Ont. A boy was playing with a dog in that town on Sunday morning, when the animal suddenly turned around and bit him.

LABOR SHORTAGE AS TERMINATED

Work on Grand Trunk Pacific Will Not Be Delayed by Any Further Trouble. "The work on the Grand Trunk Pacific will not in future be delayed by the shortage of labor which has proved such a serious drawback for some time back," was the statement made by W. F. Carey, one of the principal contractors in connection with the construction of the G. T. P., who declared in an interview yesterday that the labor shortage on the main line is now terminated and as a result there is the best of prospects for the completion of the line on schedule time.

He Can "Size Up" Your Needs

An expert Burroughs man knows how to size up your future needs in the way of an adding machine, and to apply it to the requirements of your accounting, sales, advertising, shipping, or cost systems. He will fit those needs so that, as the development of your system requires, the Burroughs will be able to take up the new requirements.

BADEN WINNER IN STRAIGHTS

Contest in Trotting Feature at Lexington is for Second Place—Another for Evelyn W.

LEXINGTON, Oct. 10.—Baden, son of Bengara, centered home a winner in straight heats in the Transylvania Stakes here today. The event, which is for 2 1/2 miles, was won \$500 and at no time during the three heats was Baden ever forced to extend himself to land first money. The real contest in the race was between Cleary and Evelyn W. for second place, the former getting the decision after two break brushes thru the stretch. Evelyn W. well handled by Shank, captured the 201 pace in spectacular fashion. The finishes were close. Next to the largest crowd of the meeting was out today, owing to the quality of the card and a fair day. Summary: The Transylvania, for 2 1/2 miles, value \$500, 3 in 5: Baden, b.h. (Rodney) 1 1 1 Cleary, b.h. (Fleming) 2 2 2 Evelyn W., b.h. (Cox) 4 2 3 Kenyon W., b.h. (McDonald) 3 4 4 Time 2:08 3/4, 2:14 1/4, 2:22 1/4. 2 1/2 class, trotting, purse \$300, 3 in 5: Belle Ashland, b.m. (Davis) 1 1 1 Baron Todd, b.h. (McDonald) 2 2 2 Meadowdale, b.h. (Cares) 3 3 3 Nelly Ingram, b.m. (Rea) 4 4 4 Nub Holiday (Hukil), Lady Greensoods (Cox), Bertha Belline (Dickerson), Clifford Wilkes (Dixon), Lon McDonald (Avery), also started. 2:01 class, pacing, purse \$100, 2 in 3: Evelyn W., b.h. (Shanks) 1 1 Earl Jr., gr. (Hopkins) 2 2 Sir E., b.g. (Murphy) 3 2 Earl H. Kay, b.h. (Fursey) 4 4 Time 2:02 1/2, 2:03 1/2.

Carlton Beat Guy Fisher. LAUREL, Oct. 10.—The races today resulted as follows: FIRST RACE—Five furlongs: 1. Patty Grub, 111 (Butwell), 5 to 1, 2 to 1 and event. 2. Gerrard, 108 (Martin), 20 to 1, 8 to 1 and 4 to 1. 3. Stockton, 113 (Schuttlinger), 9 to 2, 2 to 1 and event. Time 1:01 3/4. Bryn, Garden of Allah, La. Rain, Bella, Roseaire, Dogwood, Arctic, Clinton Danes, Mattie L., Faeser, Ralph Lloyd and Old Coin also ran. SECOND RACE—Five and one-half furlongs: 1. Exton, 111 (Schuttlinger), 12 to 1, 5 to 1 and 5 to 2. 2. Man Hubah, 111 (McTaggart), 15 to 1, 6 to 1 and 3 to 1. 3. Ambrose, 114 (Butwell), 5 to 1, 2 to 1 and 4 to 5. Time 1:08 3/4. Mary Ann K., Reno, Mowhawk, Wil, Trif, After Glow, Battery, Gen Ben Ledo, Burgeois, Tale Carrier also ran. THIRD RACE—Six furlongs: 1. Veneta Stone, 108 (Ambrose), 6 to 5, 5 to 2 and 5 to 1. 2. Kate K., 105 (Davis), 2 to 1, 4 to 5 and 1 to 5. 3. Detect, 108 (Butwell), 12 to 1, 5 to 1 and 5 to 2. Time 1:14 1/4. Viley, Rey, Incision, Bouncing Lass, Astrolory, Handrinning and Herby also ran. FOURTH RACE—Handicap, 1 1/4 miles: 1. Carlton G., 102 (Hoffman), 7 to 1, 2 to 1 and 7 to 10. 2. Guy Fisher, 116 (Gass), 7 to 5, 3 to 2 and out. 3. Schago, 108 (Schuttlinger), 3 to 1, 6 to 2 and 2 to 5. 4. Enlanima, Karmak also ran. FIFTH RACE—Six furlongs: 1. Sherwood, 115 (Butwell), 8 to 5. 2. Hoffman, 129 (Byrne), 5 to 1. 3. HYDRO POWER AND ITS FRIENDS

The World takes the highest satisfaction in the announcement just made by Hon. Adam Beck reducing the rates for hydro-electric power to the various municipalities whose increased consumption during the year has warranted the commission taking this step. For Toronto the substantial reduction of \$1.50 implements the promise made by the commission some years ago and utterly discredits the gloomy warnings and the threats that were heard from the corporation organs throughout the province. The saving to Toronto alone will be about \$30,000 a year on the present consumption. There will be no stagnation, however, and the increase in the use of hydro light and power will continue rapidly as the people become aware of the automatic reductions that await them. There will be some attempts made, no doubt, by enemies of the hydro system to get people to believe that Mr. Beck is juggling with figures and that there has been no reduction. The Hamilton Times is quite capable of proving that power will cost more in future now that the rates are lowered. But the people who are using the power know very well who is their friend in this matter.

It is unfortunate for The Brantford Examiner that the reduction in rates should come at a time when it is trying to prove that the Cataract Power Company is the corporation the people of Brantford should be tied up to. Brantford people know very well that increased consumption of power and light would bring them no favors from an electric corporation. And they know, as other Ontario municipalities know, that if the hydro system could be wiped out of existence the corporations would all rejoice and double the rates again to the old figure which the hydro compelled them to cut in two.

The Globe and The Mail and Empire had a great display of the good news yesterday. Could The Globe not exercise some influence with The Examiner to convince it that an automatically price-reducing system is better than one which at the best remains stationary in the amount of money it extracts from individual consumers, while it drains the community by stock-watering, over-capitalization, and other devices for concealing prosperity?

And where is The Mail and Empire during all the conflict in the provinces between Sir James Whitney and his hydro power commission and the electric corporations in their competition for the supply of power to the people of the province? Does The Mail and Empire really wish the people to get power at the cheapest possible rates, or does it wish the corporations to get the greatest possible returns from the people? If it is in favor of the people, why does it not help the people in Brantford to secure hydro power? Why does it not inspire Mr. W. S. Brewster, M.L.A., to active support of Sir James Whitney and Hon. Adam Beck in this struggle? Why does it not take part actively in the fight going on in the Trent Valley, and show the people that hydro is the cheapest and the increasingly cheapest system under which to get power? And where are the Brockville and Kingston Conservative papers when Sir James Whitney and Hon. Adam Beck propose to do for the eastern part of the province what they have done for the western?

Sir James ought to be able to recognize his real friends in the fight for the most triumphant public policy that was ever carried out in Canada, and one which will be remembered historically as the beginning of an era of public control and public efficiency when Ontario has the population and the estate of a European empire.

NORTH TORONTO ANNEXATION

The hydroic influence of the city officials is now directed against the annexation of North Toronto. The Star is right in its advocacy of the immediate consummation of the annexation. The black hand of the interests directs the opposition to annexation both in the city and in the town. The Telegram insistently points out the growth of the town's debt since 1909. North Toronto's growth in debt has been justified and every dollar is represented by judicious expenditure for public services such as water-works, sewers, schools, sidewalks and pavements. The debt of North Toronto, with a population of 7000, is a little over \$100,000, and this is spread over an area of 2500 acres and an assessment when next made of \$8,000,000.

Compare taking in North Toronto with a liability of \$200,000 and the purchase of a part of Glen Stewart for \$200,000, or two-thirds the liabilities of the town, and this with assets far in excess of the liabilities. For the proper working out of the civic car lines and the disappearance of the Metropolitan's monopoly of Yonge street, the annexation of North Toronto is the one and only solution. The board of control must see to it that no further time is lost in getting the application before the Ontario Railway Board for an order cementing the two municipalities into one solid whole. The city must keep faith and it must be progressive as well.

PARCEL POST DIFFICULTIES

The Montreal Witness, usually well informed and accurate, has hopelessly confused the zone system for express rates suggested by the interstate commerce commission and the zones created by the new United States parcel post law. Thus The Witness declares that it may cost more to send a package by post from one part of New York City to another, than from New York City to another place considerably distant, and that a man using the new parcel post would have to memorize the distances from his home to at least two thousand other postoffices.

The fact is that there is a uniform rate of 6c for the first pound and one cent for each additional pound upon all packages handled by the same carrier system, whether urban or rural delivery. Beyond this local zone circles drawn upon a large map displayed in every postoffice will indicate the zone lines 50, 150, 200, 600, 1000, 1400 and 1800 miles from the shipping point. The ordinary man knows pretty well what places are within fifty miles of his home and for greater distances he can tell at a glance in what zone any particular place is located.

We think the United States has made a mistake in not establishing a flat rate for the parcel post, but to condemn the zone system it has adopted as impracticable is simply ridiculous.

And by the way how many rates and zones are maintained by the express companies?

THE HUMBER BOULEVARD

Whatever the aldermen may decide about doing in the east end, there is no possible excuse for longer delay about the Humber boulevard scheme. It is nearly 18 months since Mr. Home Smith's proposals were made, and it is a year since the agreement was adopted by which the city is to get 120 acres on the banks of the Humber for what is practically nominal considerations. The expropriation of two small parcels of land outside the city limits is all that is now necessary to complete the transaction. But the aldermen have left the matter over till Dec. 1, to receive a report from the officials on the cost of expropriation. The longer it is delayed the more it will cost, and the city has no reason to favor expropriation after the St. Clair avenue award made by Mr. P. Drayton. That appears to have been arrived at by striking an average between what the city offered and what the vendor wanted. This method of arbitration is not inviting to the city, and if anything like a similar award should be made on the Humber lands, the aldermen may be excused hesitating. But the matter must be settled, and there is really no good reason for delay. The sooner it is settled the less will be the cost, and those who seek longer to delay the dedication of the Humber to the pleasure and health of the citizens cannot have the real interests of Toronto at heart.

EUROPEAN FLEET REDISTRIBUTION

By arranging to concentrate her fleet in the Mediterranean, France has announced in striking manner the solidarity of the entente with the United Kingdom, and the absence of any suspicion that it can be disturbed. Nor, on the other hand, will the preponderance of French naval strength in that sea, which must necessarily result, create any apprehension in the United Kingdom over the safety of the main route to India and the far east. To that section of British imperialists, however, who want to see the Red Cross flag supreme in every sea, reliance on another, the friendly fleet, on the Mediterranean, is made matter of somewhat bitter complaint. But in this day of fierce naval competition, command of all the seas is no longer possible except at a cost which would soon mean national bankruptcy.

Apart from the European situation generally, there are other obvious reasons for the step taken by the French Government. France has now vastly greater interests in the Mediterranean than ever before and preservation of her lines of communication with Morocco, Algiers and Tunis is as imperative for her as the free passage of British ships thru the Suez Canal is to the United Kingdom. Austria is contemplating large additions to her navy, and while the triple alliance continues the possibility remains of co-operation on the part of Italy. The latter country has made it known that it will not be drawn into adopting an unfriendly attitude towards France and Britain, and, indeed, is understood to have received a certain liberty of individual action. The new redistribution of naval power is more likely to ensure peace than provoke war.

INADEQUATE SUPPORT

ARRESTS FOLLOW ON CHALLENGES

Intensity of Feeling in Macdonald Election Makes Battle Historic One—Sullivan Released.

Ward Seven

WINNIPEG, Oct. 10.—(Special).—The Macdonald by-election will go down to history as the most keenly contested election ever held in Western Canada. From the commencement of the campaign the fight has been a bitter one. The feeling was accentuated by the action of the governments of Saskatchewan and Alberta in sending election workers into the constituency. J. J. Sullivan, alleged to be one of the Scott government's most active workers, who was placed under arrest at Carman and subsequently lodged in custody today on condition that he would take no further part in the election. He returns to Regina tonight. Mr. Richardson's committee has addressed no less than the speaker before Sir R. d'Amour Roblin, challenging him to make good his statements that the man and Alberta workers in each instance the premier has responded with the production of names and particulars, followed by arrests.

MARKHAM

Markham Township lost one of her best-known and most highly respected citizens yesterday in the death of William Williamson, a prosperous farmer, living just north of the Village of Markham. The funeral will be held at 11 o'clock on Monday morning at his home, 1000 Main street, Markham. The deceased was a son of the late John Williamson, and had attained his 89th year. The funeral will be held at his late residence, and interment at the Church of England Cemetery in Markham Village.

Bedroom Clocks

Our special line are of notable construction, about 4 inches high, of various shapes, and the movements keep good time. Price average about \$5.

Wanless & Co.

Toronto's Oldest Jewellers. 402 Yonge St., Toronto.

Given \$4,000 Damages

Mrs. Francis Long was awarded \$4000 by the jury yesterday in the civil assizes, in her suit against the Toronto Street Railway Co. Her husband was struck and killed by a street car some time ago on Queen street, and suit was brought in behalf of the dead man's wife, mother and child. Four hundred dollars goes to the mother, \$2400 to the widow, and the daughter gets \$1200.

Midland Backs New Railway

Line Under Construction to Montreal Will Give I.C.R. Outlet to Lakes.

Floating Earth New Theory of Scientists

Professor Wegener, an instructor in the University of Marburg, Prussia, advances the theory that the continents, in many respects, like floating bodies, such as cakes of ice in water, being capable of vertical motion, according to the weight supported by them and also of sideways movements, sometimes of considerable extent, possibly a half a mile or more in a few years.

WARM UNDERWEAR

Now is the time to select your Underwear needs. SILK AND WOOL, best English make, in slate gray, very fine and soft, unshrinkable. \$4.00. BRITANNIA—Heavy-weight, all wool, fine soft, guaranteed unshrinkable. Special, \$2.50. O.C.R. SPECIAL—Heavy-weight wool, imported make, best value in the city at \$1.00. COUNT THEM FOR QUANTITY EXAMINE THEM FOR QUALITY

SHAUGHNESSY HAS A VERY BIG REACH

but it also has information which lends color to the report that it contemplates a still more startling expansion on land. In connection with the coming big move on the part of the Canadian Pacific Railway many rumors are flying about, some of them malignant, all of them persistent, and all of them dealing with the future of the National Transcontinental Railway. Some of these rumors are repeated for what they are worth. They seem to be mainly efforts on the part of those who have heard something to guess the rest and to piece out a complete story.

For example, The Quebec Telegraph, the English-speaking Liberal newspaper of Quebec City, charges that the standard of the National Transcontinental to be so degraded as to put the Grand Trunk out of business as a competitor for transcontinental business with the Canadian Pacific. The Quebec newspaper would have us believe that the government is assassinating its own railway for the benefit of the Canadian Pacific Railway, but it does not explain satisfactorily why the Grand Trunk should stand by and see this done.

There is also to be noted just now a systematic effort in some quarters to induce the government to sell or lease the Intercolonial to some private company, presumably the Canadian Northern, or at least that part of the road between Levis and Moncton.

But right here the many rumors and stories about the National Transcontinental break down. The Grand Trunk Pacific will not operate east of Cochrans, what becomes of the magnificent road fully completed and beginning to run, which the government has built as a part of the Intercolonial between Levis and Moncton? If anything is to be leased to Mackenzie and Mann, would it not be this road rather than a part of the Intercolonial system?

But a little thought will show anyone that the Grand Trunk Pacific cannot take over the National Transcontinental from Winnipeg to Cochrans and leave the road from Cochrans to Moncton on the hands of the government. It must take all or none; if it takes all, it will be obligated to pay the impossible rental of \$9,000,000 a year. If it takes none, the Grand Trunk Pacific will become a stub-end railway, with no access to the head of navigation, and will become a mere feeder of the C. P. R. and the C. N. R. at Winnipeg.

This then is plain, namely, that whoever, if anyone, takes over the rights of the Grand Trunk Pacific from Winnipeg to Moncton, must also acquire and complete the line from Winnipeg to Prince Rupert. Nay, more; whoever buys the Grand Trunk Pacific must at the same time acquire the Grand Trunk Railway System of Canada.

IS THE CANADIAN PACIFIC ABOUT TO ABSORB THE GRAND TRUNK AND THE GRAND TRUNK PACIFIC? Tour of Inspection. There are those who think it is likely, and there are some who know more about it than others. For example, it may not be generally known, but it is none the less true, that Sir Thomas Shaughnessy recently made a tour of inspection over the main line of the Grand Trunk between Montreal and Chicago. Upon this trip, the knowledge of which was guarded from the public, the C. P. R. president was treated with great distinction, picked crews of trainmen handled the train through and the same precautions, for its comfort and safety, were taken which are in use when the government train with the president's car attached is on the line. Even the usual detail of plain clothes men, it is said, was on duty.

Altho the National Transcontinental is supposed to end at Moncton, N. B., it must be remembered that the Grand Trunk Pacific gets its waters over the St. John Valley Railway, and that the government is spending millions of dollars upon terminal facilities at St. John, N. B., which do not come amply to the Canadian Pacific Railway.

Political Capital. If Sir Wilfrid Laurier had reason to believe that the Canadian Pacific Railway was about to swallow the Grand Trunk he may foresee political capital for his party. In the nature of things one might anticipate that the enormous rental of the N. T. R. would be greatly reduced. No doubt the Liberals are figuring that the road is being cheaply finished, so as to justify a new contract should the Canadian Pacific step into the shoes of the Grand Trunk. At any rate the political possibilities which may flow from the absorption of the Grand Trunk and the Grand Trunk Pacific by the Canadian

Woman's Realm --- the Household, Fashions and Society

SOCIETY

The Daily Hint From Paris

About eight hundred guests attended the reception given yesterday by the Women's Art Association in honor of the artists appearing at the Arena. Mrs. Dignam and Mrs. Albert Austin received, assisted by the entertainment committee, and the artistic rooms were beautifully decorated with autumn flowers and ferns, the tea table being done with roses and dahlias.

The principal and masters of Upper Canada College have issued invitations to the 15th Annual Distribution of prizes at 3 o'clock this afternoon, after which Principal and Mrs. Auden will give tea. Miss Ardagh is also giving a tea.

Mrs. Harold Blockford is giving a small dance this evening for her guest, Miss Norton.

Mrs. Drummond MacKay is giving a luncheon on Tuesday for Miss Edith Howard and Mrs. Mossom Boyd is giving a tea for her on Monday.

Mr. Roy Nordheimer is in New York.

Mrs. Allan Macdonald gives a bridge party next week for Miss Doris Suckling; Miss Kitty Gooderham a tea, and Mr. Hugh Murray a dinner at the Lambton Golf and Country Club Saturday night.

Mrs. Alan Woodburn Canfield (nee Perry) was a handsome bride receiving yesterday afternoon when she was wearing her wedding gown and was assisted by her mother, Mrs. James Black Perry, and her sister, Mrs. Reginald Pellatt. Mrs. C. Baldwin and Mrs. Louis MacMurray, with Miss Lean Coady, being in the tea room.

Miss Doris Suckling was the raison d'être of a delightful small tea given yesterday afternoon by Mrs. Harold Blockford who was in pretty white frock with orchids, the guest of honor wearing a purple velvet hat with her mauve gown, which was trimmed with lace ruffles and a touch of cherry satin. The polished tea table was decorated with yellow flowers and was in charge of Mrs. Beatty, Mrs. Duggan and Miss Duggan.

Mr. and Mrs. Le Touzel, who are staying with Mrs. Allan Macdonald, are returning to England in November.

Lady Mackenzie has moved into town from Kirkfield. The Count and Countess de Lessens will be with her until they sail by the Canadian Northern SS. Royal George on Wednesday next.

Lady Mackenzie gave a small luncheon this week for Miss Julie Opp.

The marriage took place yesterday at the Church of St. Simon the Apostle of Marton Edith, younger daughter of the late John C. Jacob of Florida, and of Mrs. Jacob, Mr. Arthur E. Whatmough. The Rev. Rural Dean Cayler performed the ceremony, and Mr. Horace Davis acted as officiating minister. The church was decorated with autumn leaves, sheaves of wheat and flowers. The bride was given away by her brother, Mr. Fred Jacob, and was looking lovely in black satin, veiled with embroidered tulle, hemmed with pearls, tulle veil with orange blossoms and a bouquet of the valley and maiden hair ferns. Her gift from the groom being a gold necklace. Miss Amy Jacob was maid of honor, wearing white embroidered tulle with pink and blue sashes, and a hat with lace and pink roses, a bouquet of pink roses, and wore the groom's gift, a pearl necklace.

The hostess today at the Rosedale golf tournament will be the lady president, Mrs. Miller Lash.

Mr. Frank Arnold has returned from Buffalo.

Lieut.-Col. Stimson has returned from Hamilton.

The marriage takes place today in Akron, Ohio, of Mr. Robert Laird, son of Mr. and Mrs. Alexander Laird of Toronto, to Miss Edith Sealfield.

Miss Catharine Welland Merritt, who has been spending a few days in the city, left yesterday for St. Catharines.

Mrs. Percy Myles is giving a tea today for Miss Doris Suckling.

Mrs. W. H. Fairbairn, Charles street, is giving a tea and dance on Thursday, Nov. 28, at the Metropolitan, to introduce her daughter, Miss Lilah Fairbairn.

Mrs. George Hees, 180 St. George street, is giving an informal tea on Friday for her sister, Mrs. Schuyler.

Mr. and Mrs. R. Innes-Taylor have moved into their new house, 10 Selby street.

Mrs. J. G. Carroll and Miss Wenonah Carroll returned home the end of the week from Banff.

Mr. and Mrs. Charles Hunter have returned from Niagara-on-the-Lake. Miss Anna has come with them, and they are at 22 Prince Arthur avenue for the winter.

Sir Donald Mann and Mrs. F. H. Phippen have returned from Ottawa.

The Hon. Wallace and Mrs. Nesbitt have come for a fortnight to their shooting lodge on the Georgian Bay.

The annual autumn tea of the Women's Literary Society of University College will be held in Gas. Hall on Saturday, Oct. 12, at 3 o'clock.

Mrs. George Murphy has returned to Ottawa after a visit to her brother-in-law, Mr. George Wanwick.

Mr. Willie Gwynne has returned from Ottawa.

The Howard Park Educational Association will hold its first public meeting of the season at Howard Park School at 8 o'clock, when Dr. James L. Hughes will be in the chair and Mr. W. A. Douglas will give a short address on "Single Tax," and refreshments will be served. The society is to be reorganized, and under the new president, Mrs. Scadding, will be known as "The Parents' Association," with the idea of bringing the mothers and teachers together.

The marriage of Mrs. Mary Howell, Georgeville, Quebec, to Mr. William H. Henley, Toronto, took place on Wednesday, Oct. 2, at 4:30 p.m. at the Metropolitan Methodist Church Parsonage, Bond street, the Rev. W. L. Armstrong, D.D., performing the ceremony. Afterwards a reception was given to the immediate friends at McConkey's Restaurant. The couple left for a tour through New York State, the bride wearing a blue broadcloth suit and picture hat with willow plumes. On their return they will reside at 67 Bloomfield avenue.

Receptions Today. Mrs. George Hees, 180 St. George street.

Mrs. James Arthur Sutherland (nee Coats, Gooderham), post-nuptial, at 40 Spencer avenue.

There are 67 varieties of the culicid, the commonest form of the mosquito.

A MOTOR COAT

This is one of the new belted coats, with the elongated waist line, which promises to be favored by many. A heavy double-faced cloth is used, and all the edges are bound with braid. The seams at the side extend over the shoulder and down the back, as well as front, and pockets are placed between buttons. The ornamental treatment of the sleeves at the wrist is characteristic of these heavy garments.

The hostess today at the Rosedale golf tournament will be the lady president, Mrs. Miller Lash.

Mr. Frank Arnold has returned from Buffalo.

Lieut.-Col. Stimson has returned from Hamilton.

The marriage takes place today in Akron, Ohio, of Mr. Robert Laird, son of Mr. and Mrs. Alexander Laird of Toronto, to Miss Edith Sealfield.

Miss Catharine Welland Merritt, who has been spending a few days in the city, left yesterday for St. Catharines.

Mrs. Percy Myles is giving a tea today for Miss Doris Suckling.

Mrs. W. H. Fairbairn, Charles street, is giving a tea and dance on Thursday, Nov. 28, at the Metropolitan, to introduce her daughter, Miss Lilah Fairbairn.

Mrs. George Hees, 180 St. George street, is giving an informal tea on Friday for her sister, Mrs. Schuyler.

Mr. and Mrs. R. Innes-Taylor have moved into their new house, 10 Selby street.

Mrs. J. G. Carroll and Miss Wenonah Carroll returned home the end of the week from Banff.

Mr. and Mrs. Charles Hunter have returned from Niagara-on-the-Lake. Miss Anna has come with them, and they are at 22 Prince Arthur avenue for the winter.

Sir Donald Mann and Mrs. F. H. Phippen have returned from Ottawa.

The Hon. Wallace and Mrs. Nesbitt have come for a fortnight to their shooting lodge on the Georgian Bay.

The annual autumn tea of the Women's Literary Society of University College will be held in Gas. Hall on Saturday, Oct. 12, at 3 o'clock.

Mrs. George Murphy has returned to Ottawa after a visit to her brother-in-law, Mr. George Wanwick.

Mr. Willie Gwynne has returned from Ottawa.

LIPTON'S TEA

The Finest the World Produces

TO HELP GIRLS THRU COLLEGE

PLENTY OF FRUIT AND LOW PRICES

Miss Drummond Suggests That Cheaper Board Should Be Provided in Home Conducted by Y.W.C.A.

The problem of the girl student at the university with regard to her board and room during "term" is agitating the minds of several girls at the university.

Dr. Falconer does not think there is much of a problem about it at all. "Not more than 50 per cent. of the girls at Varsity come from out of town and many of them can afford \$5 a week," he said. "Although it seems hard that an intending student may not be able to go thru with the course at the Varsity because he or she cannot pay more than \$5 a week," Dr. Falconer pointed out that the fees had been reduced to a minimum and barely covered expenses, and that it was not to be expected that the Varsity would give a man his board as charity.

Miss Drummond, general secretary of the Y. W. C. A., has a scheme that she thinks would work. She suggests that some public spirited business man should put money into a home and let the Y. W. C. A. run it, charging \$4 a week. It could be used for transients in the summer time, and the Y. W. C. A. would guarantee 4 per cent. on the money invested.

Pears in Large Quantities Sold at 50 Cents a Basket, But Peaches Are Declining.

"Plenty of fruit and low prices" was the sum of the conditions at the fruit market yesterday. The great influx of tomatoes, which began on Tuesday, continued yesterday, and they were selling for whatever was offered; 20 cents per basket was asked. Pears are becoming more plentiful and sold for 50 and 60 cents per basket. Peaches brought 80 cents per large basket. The price of apples and grapes remained about the same, the former selling for \$2 and \$2.50 per barrel, the latter for 15 and 18 cents per basket. Owing to the improved weather conditions, there was much more activity in the market yesterday than on Tuesday.

The Nursery

Baby's Health.

Colds and coughs, sore throats and tonsillitis, are contagious. Keep your children away from persons suffering from any of these things. Measles starts with running eyes and nose, and is difficult to distinguish from a common cold in the head.

If you find a rash on baby's skin, note carefully the state of his general health. It is very difficult to distinguish between the eruption of various diseases; so, to be on the safe side, let no acute eruption go undiagnosed. What may look like a stomach rash or prickly heat might develop into scarlet fever.

A child gets fever very easily, so that there is no cause for serious alarm when you know the baby's temperature has risen. It is safe, however, to give a cathartic, weaken the food and give cooling baths. The best of these is an alcohol friction-bath, which is given as follows: Remove the baby's clothing and wrap him in a blanket. Expose part of the body and wet it with equal parts of alcohol and water. Rub the body briskly, but lightly, until the mixture has dried. Moistening it again, and repeat the drying process. Go over the whole body in this way, allowing about half an hour for the entire bath. Remember to do all the drying with the hand, since it is the friction and evaporation which reduce the fever. Plenty of water to drink may be allowed if there is no excessive vomiting. If the mother has not controlled the fever within 12 hours, or at least made sure of the cause of it, so that she can control it, she should pass over the responsibility of treating the child to the family doctor.

DR. CARRET GETS NOBEL PRIZE

STOCKHOLM, Oct. 10.—(Can. Press.) The Nobel prize for medicine this year has been awarded to Dr. Alexis Carrel of the Rockefeller Institute, New York. The award, it is announced, is made in recognition of his achievements in the suture of blood vessels and the trans-planting of organs.

The Nobel prize is valued at \$39,000.

MILK DEARER IN MONTREAL

MONTREAL, Oct. 10.—(Can. Press.) Local milkmen have advised their customers of an increase in the price of bottled milk to 10c per quart, while cream is up 10c a quart to 60c.

GLIMPSES

of STYLE

The Portable Reading Lamp has come into its own; you see more gas fixtures such as the one illustrated, than ever before. After using one a short time, you will wonder how in the world you ever got along without one. They are a luxurious necessity. They give a room that undefinable atmosphere of taste so apparent in the homes of those whose artistic ideas are reflected by the selection of furnishings entirely suited to themselves and their home. These fixtures are ideal reading lamps, as useful as they are decorative. They run from \$3.75 up. See the display at our show-rooms.

REAL ESTATE NEWS

Story That Station is to be At King and Simcoe Has Stirred District Realty

Rumors, which in the last week have become decidedly clear cut, to the effect that the G. T. R. and C. P. R. are going to place the new station on the old government house property, have stirred a great deal of life into real estate for blocks around, especially on King street.

A real estate man, who is in touch with the railways, told The World yesterday that all the juggling the companies were doing was merely to add up other propositions while they were arranging to place their freight cars west of the government house. The scheme, he continued, was to lease work on the C. P. R.'s warehouse, tear down the Grand Trunk warehouse, which is very light and inexpensive building, and move them both west of John street.

The fact that both companies have been very active in securing the land south of King street in the last three weeks lends some plausibility to the story. However, whether there is anything to the rumors or not, it has certainly stirred up property in the district and several sales look to be well on the way toward conclusion. Realty is unusually active for King, Adelaide and Richmond street and for the north and south streets west of York; a district where there is always an insistent demand.

If the story was started, as one real estate man said, after the had been asked what he had on his list in that district, to stir up property in some particular section, its effects have been greater than the promoters intended. Work on the C. P. R.'s warehouse has been proceeding in a very desultory way the last ten days. Yesterday not more than a dozen men were at work and they were removing forms from set concrete.

Five Floors C.P.R. Building Are Rented

Five floors of the C. P. R. building have been rented and the date of completion is still three months away. These floors are all to big firms, who have taken large allotments. Several applications are in, but they have not been closed with by the agents, as it takes some time to adjust the various sized wants of the applicants. While H. H. Williams did not say so, it is understood that the method employed is to give the larger applicants, those who take a large section of a floor, first choice, and then fit the smaller space-wanters in. It is quite possible that the C. P. R. building will be entirely rented a month before completion, as almost half of the space the C. P. R. will rent is now taken.

BIG DEAL IN MONTREAL
MONTREAL, Oct. 10.—(Can. Press.)—For the property situated at the northwest corner of St. Francois Xavier and Notre Dame streets the Montreal Company paid \$164,145.38 this morning, or almost \$2 per square foot for the block of 2600 square feet.

OVERCROWDING IN THE SCHOOLS

More Accommodation is Needed for Pupils at King Edward and Parkdale Collegiate.

At the meeting of the school management committee yesterday afternoon a deputation from King Edward School was present for the purpose of obtaining more accommodation for their pupils. The deputation asked for one additional room. After a short discussion, a sub-committee was appointed to look into the matter.

Complaint comes from the residents of Parkdale to the effect that they are unable to get their children into the Parkdale Collegiate Institute, owing to the number of pupils from outside places, who are attending the above school. A committee of one was appointed to confer with the principal of Parkdale School, to discover the number of outside pupils attending the school and to see what could be done towards remedying the grievance of the Parkdale residents.

ANOTHER NEW SCHOOL

Tenders Will Be Opened by Board of Education Committee Today.

At this afternoon's meeting of the board of education property committee tenders will be opened for a new school on Williamson road, Kew Beach, planning at Kippendavie avenue, Kew Beach and various improvements at Morse Street, Earlscourt and Coleman Avenue Schools.

MISS REID'S APPOINTMENT

One of the most interesting church appointments of the last few weeks is that of Miss Jessie Reid to the College Street Presbyterian Church. Miss Reid is a pupil of Mr. Francis Fischer Powers of the Columbian Conservatory, under whose tuition she has made remarkable progress. Miss Reid will also take the leading role in "The Yeoman of the Guard," to be given by the Columbian Conservatory in the Royal Alexandra, later in the season.

YORK COUNTY North Toronto West Toronto North Toronto East Toronto

NORTH TORONTO NEW HIGH SCHOOL DEBT CAUSES TROUBLE

City Solicitor Claims That Unless City Assumes the Town's Sewage Debenture Liabilities, Special Legislation Will Be Needed to Bring About Annexation.

As a result of the two conferences between the officials of the city and the Town of North Toronto with reference to the proposed annexation agreement, it has been discovered that the town has issued sewage debentures to the amount of \$241,158.04 as a charge against the municipality, with no local assessment whereas the water mains have been laid upon the local improvement system. Both cases the city's method is exactly the reverse and the city solicitor notified the board of control yesterday that if the city adopted the policy of converting these debts to conform with the city's system special legislation must be secured before the annexation could take place.

The town council cannot furnish any more funds for the purpose, but the city council has agreed to take up the debt. The town council has agreed to take up the debt. The town council has agreed to take up the debt.

Hotel Clerks Establish That He Was in Various Cities When Explosions Occurred.
INDIANAPOLIS, Oct. 10.—(Canadian Press.)—The first time since he confessed to dynamiting, Orrie E. McManis, before a jury in the "dynamite conspiracy" trial today, was identified by hotel clerks as having visited various cities at times when explosions occurred.

RAILWAY IMPROVEMENTS
The old Metropolitan station, which for so many years has sheltered waiting passengers alike from rain and snow, has been taken down to make way for the railway improvement in Toronto. Many will miss the warmth of the little station on cold nights, when alighting from the train they have been just in time to see the Glen Grove car start up the hill and have had to wait 10 or 15 minutes, before another came.

FAIRBANK
The York Township councilors have decided to keep the town's sewage debenture interest on debentures, etc., for general expenditures it has been ordered in the preparation of the statement.

EARLSCOURT
While working on the new Dominion Bank building here on St. Clair avenue, a bad smell of gas was detected. A length of iron piping laid upon him, he was at work in the cellar below.

WYCHWOOD
At the regular monthly meeting of the Ossington Avenue Baptist Association, held in McMurich school, the little group of worshippers in this district were gathered at length. It was decided to organize a council for assistance in the matter.

COOKSVILLE
At the York County Court of Revision, sitting here, presided over by His Honor Judge McRobb, nearly 250 applications for enfranchisement were passed upon, and every one sustained. The matter has been under consideration since last month.

WESTON
Weston Collegiate pupils will hold their annual athletic sports tomorrow in the fair grounds on Mill street. Gold medals will be donated for the athletes making the highest score in the senior and junior contests.

BRAMPTON
BRAMPTON, Oct. 10.—The proposed widening of the roadway in town will be in almost as good a condition as work was last fall is reported. The south main street last week, but on the present weather hanging on it looks as if the work will be left until the spring. The widening of Queen street, extension to the C.P.R.

STOLEN BILLS IN BELLEVILLE
BELLEVILLE, Oct. 10.—Special Agent J. R. O'Connell, of the U.S. Customs, South Main street last week, but on the present weather hanging on it looks as if the work will be left until the spring. The widening of Queen street, extension to the C.P.R.

Tracks will be completed, and with the new grading makes one of the finest roadways in the province, and a credit to this already growing town.

Representatives from the five organized Bible classes of the town met at the home of Mr. C. S. McDonald on Tuesday evening, and decided to go ahead and make arrangements and perfect plans for the betterment of the conditions of the young men of the town; president, not in the habit of attending any church. Mr. W. W. Barclay was elected chairman, and Mr. W. G. Peacock, secretary, who, with two representatives from each class, will constitute the committee. It is the committee's intention to hold a banquet in the month of December, with an address given by a prominent speaker interested in the work among men, to be followed each month by addresses from outside talent. This is the commencement of a movement to get in touch with young men who have no church home, and ultimately to build a club-house for their use or perfect a Y.M.C.A. organization.

The Old Countrymen's Club met last night for the purpose of electing their officers for the ensuing year. The O.C.C. has become quite a factor in Brampton. They have secured larger quarters and intend fitting up new club-rooms over C. M. McCollum's store. A balance was left over from last year, which was granted as an honorarium to Secretary Akhurst. The following officers were elected: Patron, Mayor Tupper; president, ex-officio, Thasburn; vice-president, W. G. Peacock; secretary, Geo. Akhurst; treasurer, W. Dickinson; committee, Messrs. Peacock, Bolton, Budd, Lilley, Smith, Stewart and Turner; auditors, Messrs. Nichols and Branscombe.

Mrs. Brown and Miss Elizabeth Brown of Winkling are visiting with Mr. and Mrs. T. J. Mackie.

EMPRESS OF INDIA AT YOKO HAMA.
The C. P. R. steamer Empress of India has arrived at Yokohama from Vancouver.

BLOW AT PLAY FATAL
KINGSTON, Oct. 10.—(Special.)—Last March Edward Timms, aged 14, son of the Foreman of Streets Thomas Timms, was hurt while at play with school companions. He received a blow to the heart, which caused his death today.

Belleville Man Drugged
Belleville, Oct. 10.—(Special.)—Frederick Cilliers, aged 23, a son of Mrs. William H. Carter of this city, was yesterday drowned at Lytton, B.C., by the upsetting of a rowboat. The body was recovered.

WILLARD HOME NEARLY READY

A Few Boarders Can Be Taken in Early Next Week, With More Soon After.

The Frances Willard Home for young girls working in the city will be ready for a number of boarders at the commencement of next week, and those girls who seek residence in the institution will obtain such by application by letter only, which is to be accompanied by some form of recommendation.

The W. C. T. U. management state that their sphere of social work is particularly preventative, and they will, as far as possible, confine admittance to young girls who are new to city life and its temptations. They state that older girls and women are sufficiently able to take care of themselves and do not need to be chaperoned by the union.

Every modern convenience is provided for the girls at this new building. In the basement is located a thorough up-to-date gymnasium, and on the ground floor are situated four magnificent halls, all finished in quarter cut oak. These will subsequently be rented to societies for lodge purposes. The state-rooms are located across the spacious hallway. These rooms are divided by revolving shutters, which, when raised, will make a large auditorium capable of holding a thousand people.

There will ultimately be accommodation for upwards of 30 girls when the rooms are fully furnished, with ample reception rooms on the different floors. A modern culinary equipment is also being installed, with access to the large dining-room above, which will seat about a hundred, by a private stairway.

The building itself has cost \$55,000 to erect, the land was purchased for \$25,000, and to properly furnish the many rooms, the management requires \$4000 more. This will ultimately total a net expenditure of \$100,000.

Excursion to Queenston

Arrangements have been made to have two special cars at the rear end of the Grand Trunk train leaving the Union Station at 3 o'clock on Saturday morning for the patriotic societies sending delegates to the celebration at Queenston Heights. Excursion tickets may be purchased either at the corner of King and Yonge streets, or at the station for \$1.50. The train returns from Niagara Falls at 4.55 and reaches Toronto at 8.17.

TANNING FUR

Fur skins of any kind may be tanned as follows: After cutting off the useless parts and softening in warm water, take away the fatty part from the inside of the fur by parting the skins in tepid water for two hours. Mix equal parts of borax, saltpetre and Glauber salts (sulphate of soda) in the proportions of about 1-3 oz. of each for each skin, with enough water to make a thin paste. Spread this with a brush over the inside of the skin, applying more on the thick parts than on the thin. Double the skin together, flesh side inward, and put in a cool place. After it has stood for twenty-four hours wash skin clean, and apply the following mixture in the same manner: 1 oz. sal-soda, 1-2 oz. borax, 2 oz. hard white soap, melted slowly together without being allowed to boil. Fold together again and put in a warm place for twenty-four hours. After this dissolve 3 oz. alum, 7 oz. salt, 1 1-2 oz. saleratus, in sufficient hot water to saturate the skin; wring cool enough not to scald the hands; soak the skin in it for twelve hours; then wring out and hang up to dry. When dry, repeat the soaking and drying two or three times, until the skin is sufficiently soft. Lastly, smooth the inside with fine sandpaper and pumice-stone.

Attendance and Receipts

BOSTON, Oct. 10.—The National Commission figures for attendance and receipts at today's game are as follows:

Total attendance, 34,634.
Total receipts, \$28,142.
National Commission's share, \$6,214.30.
Players' share, \$21,927.68.
Each club's share, \$11,963.84.

TRUCE IN THE BATTLE OVER FREIGHT CHARGES

Continued From Page 1.

railways that any decrease of tariffs will wipe out their surpluses, the wharves this will be borne out by the evidence presented is something in regard to which the prosecution will, of course, have much to say.

D. E. Hanna, vice-president and general manager of the C. N. R., continued his evidence this morning.

Would Bankrupt C. N. R. Saskatchewan and Alberta, said the witness, demanded branch lines, which if all asked for were built, would put the C. N. R. down and out financially. Branch lines were not a paying proposition and part of the cost of their operation came from the earnings of the main lines.

The C. N. R. grain rates in the west of Canada were more favorable than those in the western states. The rates were framed on the basis of making the lowest possible charge on the chief product of the country—grain, so as to benefit the farmer.

Hon. E. H. Phippen examined the witness in regard to the rate comparisons submitted by the C. N. R. They are made up in great part of comparisons of rates on the C. N. R. in the Canadian west with those of the Great Northern in Minnesota, North Dakota, and Montana. They showed that for similar distances the C. N. R. carries coal, lumber, live stock, implements and all articles in which the farmer is interested for less than the rate charged by the Great Northern.

Mr. Hanna contended that it had been the object of the railways to frame these rates in such a way as to assist the farmers and in so doing help the country's prosperity. They had worked in sympathy with the western provincial and Dominion governments to meet the west's great cry—more railway facilities.

Can't Stop the West.

"I do not think a more prosperous community can be found in the world today than the Canadian prairie provinces," said Mr. Hanna. "The west is prosperous in spite of the existing freight rates."

Operating matters were next taken up. That wages had been going up and rates going down in recent years was Mr. Hanna's summary of conditions. Conductors had been increased 22 per cent, since 1905, engineers 28 per cent, firemen 22 per cent, shop employees 34 per cent, and despatchers 28 per cent.

Mr. Hanna next spoke somewhat

eulogistically of the C. P. R. Its promoters had risked their credit to build up the country, had taken chances and won out. The railway was a credit to Canada and now that it was commencing to make money it would scarcely be fair to rob it of legitimate profits. A company which could issue \$100 worth of stock and sell it for \$125 or \$150 was surely doing something for the country.

"Could you stand a reduction of the present rate?"

"We cannot. It would mean the elimination of every dollar you can get by way of surplus and perhaps more," said Mr. Hanna. "The Canadian Northern Railway had spent over \$3,000,000 last year on improvements and development," he stated.

J. E. Dalrymple, vice-president of the Grand Trunk Railway, was next called and a statement of rate comparisons between the Grand Trunk Pacific and American roads similar to that presented by the C. P. R. and C. N. R. was filed.

A Chance to Visit Buffalo, Saturday, Oct. 12. Only \$2 Return From Toronto, Via Grand Trunk Railway. Tickets good going via 9.00 a.m. Buffalo Express, Saturday, Oct. 12. This train carries up-to-date coaches and parlor-library-buffet car. The route via Niagara Falls is an attractive one, and Buffalo is reached at 12.30 noon. Tickets are good returning on regular trains up to and including Monday, Oct. 14. Remember the Grand Trunk is the only double-track route.

Secure tickets and full particulars at City Ticket Office, northwest corner King and Yonge streets. Phone Main 4208.

The Poet's Prophecy.

(Two aviation companies have been incorporated in New Jersey, for the transportation of passengers and freight.—News Item.)

"For I dipped into the future far as human eye could see. Saw the vision of the world, and all the wonder that would be; Saw the heavens filled with commerce, argosies of magic sails. Pilots of the purple twilight, dropping down with costly bales."—Tennyson's "Locksley Hall."

Are You Going to Buffalo?

If so, remember the C.P.R. excursion from Toronto Saturday, Oct. 12. Only \$2 return. Tickets good going via 9.30 a.m. train, and good returning from Buffalo up to and including Oct. 14. Fastest time to Buffalo. Finest equipment, including parlor car, up-to-date coaches, and the popular chair seated smoking car. See that your ticket reads via C. P. R. Toronto City Office, 1 East King street. 845

The Cost of Hydro Will be Lower

It was this statement that first interested you in Hydro-Electric. Because you believed this statement you voted for Hydro.

The proof of this statement you learned when Hydro-Electric was first delivered in Toronto—delivered to you at the lowest rate ever charged for electricity in Toronto.

"Now," you ask, "will the cost of Hydro be reduced still lower?"

An Indication

Here is an indication that your question will be answered—answered as you want it answered. The Toronto Hydro-Electric System buys electric current from the Ontario Government. It pays for this power at the rate of \$18.50 per h.p. per year.

After November 1st the cost of power to the T.H.E. System will be \$16.50 per h.p. per year.

This reduction was made because the consumption of Hydro-Electric power in Toronto has been greatly increased.

The cost of Hydro-Electric to the T.H.E. System was reduced when the consumption of power was increased.

The cost of Hydro-Electric to you will be reduced when you and your fellow-citizens use more Hydro-Electric power.

A Suggestion

A modern, reliable plant was established to distribute Hydro-Electric to you. The present Hydro rates must be maintained to pay for the cost of operating this plant.

But with its present equipment T.H.E. System can distribute Hydro-Electric to more than double the present number of Hydro users at just what it costs to distribute Hydro-Electric to those who are now using it.

It must be plain to you, therefore, that as the number of Hydro users increase the cost of delivering Hydro to each individual user will be lowered.

You who are now using Hydro can reduce the cost of your power by getting others of your fellow-citizens to use Hydro-Electric.

To You

This suggestion is made to you:

If you want to lower the cost of lighting your house—of running your factory—you can best do so by using Hydro-Electric.

And you can secure Hydro for yourself at lower cost by getting your neighbors to use it too. Remember that you are a part-owner in the T.H.E. System. You are now receiving dividends in efficient, reliable service at low cost. Help to increase these dividends by getting Hydro-Electric at still lower cost.

For information as to rates call at the Hydro-Electric Shop. Or if you prefer it, write us or phone Adelaide 2121 and one of our men will come to see you.

Revival in Cobalt Stocks Seemed to be Favored --- Market is Higher

SENTIMENT AFFECTED BY GOVT. CROP REPORT

And Wheat Market Closes at a Sharp Decline—Large Receipts Also Favor the Bears—War News Has No Influence.

CHICAGO, Oct. 10.—Wheat came down in price today as a result of the government report estimating the 1912 crop nearly 100,000,000 bushels larger than last year. The market closed steady, but 5/8 to 1/4c lower. Corn showed a net loss of 1/8 to 1/4c to 1/2c, oats a drop of 1/4 to 1/8c, and provisions finished unchanged to a decline of 1/4c.

War news failed to stimulate wheat buying. The pit began to back the idea that the disturbance would be confined to a few Balkan mountain districts. Rumors that 7,000,000 bushels of wheat would be brought here from Duluth lifted efforts to rally the market and the close was at nearly the low figures.

Corn, although bearishly affected by the government figures, met with support. Cash and elevator concerns bought in assertions that counting the difference in feeding value and the amount of carry over stocks, the maximum supply this year would be much less than last year.

Sharp falling off in export demand pulled down oats. Apparently the Washington estimate of a record-breaking crop had not been discounted by traders as the maximum supply. Provisions sagged as grain declined.

Northwestern Receipts
Receipts of wheat at short points, with usual comparisons, follow:
Chicago Today Week Year
Minneapolis 482,000 482,000 482,000
Winnipeg 481,000 481,000 481,000
Duluth 481,000 481,000 481,000

European Market
The Liverpool market closed today unchanged to 1/4 higher on wheat, and 1/4 to 3/4 lower on corn. Antwerp wheat closed 1/4 higher, Budapest 1/4 higher, and Berlin 1/4 higher.

Minneapolis Flour Output
Minneapolis flour output last week in 1912 was 425,000 barrels, compared with 265,000 last year.

POOR CROPS IN RUSSIA
Special Russian news: The weather is unfavorable in the southern region for the remainder of the crop and the ripening of corn. The outlook for wheat according to conservative sources points to a crop of 12,000,000 bushels, but early indications are in no way maintained, and a decrease of 30,000,000 bushels from the last official report is indicated. Last official report indicated a yield of 12,000,000 bushels, and this is being pressed for sale.

ST. LAWRENCE MARKET.
Receipts of farm produce were 400 bushels of grain, and 15 loads of hay.
Wheat—Two hundred bushels sold at 65 to 70c.
Barley—Two hundred bushels sold at 65 to 70c.
Hay—Fifteen loads sold at \$16 to \$18 per ton.

GRAIN—Wheat, new, bushel, 95c to \$1.00. Wheat, old, bushel, 90c to \$1.00. Rye, bushel, 65c to \$0.75. Oats, bushel, 45c to \$0.55. Barley, bushel, 55c to \$0.70. Potatoes, per bushel, \$1.00 to \$1.20. Apples, per bushel, \$1.00 to \$1.20. Butter, farmers' dairy, 20c to 25c. Eggs, per dozen, 15c to 20c.

FARM PRODUCE WHOLESALE.
Hay, No. 1, car lots, \$12.00 to \$12.50. Straw, car lots, \$10.00 to \$10.50. Potatoes, car lots, \$8.00 to \$8.50. Butter, creamery, lb., 20c to 25c. Eggs, per dozen, 15c to 20c. Honey, extracted, lb., 10c to 15c.

THAT NEW FALL SUIT

The new fabrics are unusually attractive, and you should, in justice to yourself, see them at the earliest possible moment. You must care for quality—otherwise your money goes to waste. With a Broderick label in your suit you get both features—the best of the suit and the best of the fabric.

Suits & Overcoats \$22.50 to \$45
Broderick's LIMITED TORONTO CANADA

CHICAGO GOSSIP

Wheat—Grain traders were forced to raise their opinion of the crop. A complete change of front in trading operations this morning, all because of the remarkable figures on yield for the year given out by the department of agriculture at Washington after the close yesterday. On top of the bearish crop figures, the northwest trade, especially had a remarkable run of the market, and the spring crop for the day. It looks like a heavy situation unless there is some important political or war news to change the temper of the trade.

Chicago Markets.
J. P. Bickell & Co., Standard Bank Building, report the following prices on the Chicago Board of Trade:
Wheat—No. 1, 91 1/2; No. 2, 89 1/2; No. 3, 87 1/2; No. 4, 85 1/2; No. 5, 83 1/2; No. 6, 81 1/2; No. 7, 79 1/2; No. 8, 77 1/2; No. 9, 75 1/2; No. 10, 73 1/2; No. 11, 71 1/2; No. 12, 69 1/2.

Winnipeg Grain Market.
WINNIPEG, Oct. 10.—Wheat prices reacted sharply following the boom on Wednesday and are now in a moderate decline. The market opened 1/4 to 1/2c lower, and closed 1/2c to 3/4c lower. Cash demand was good, but not quite so keen as Wednesday, and lower prices, while offerings were sufficiently liberal, were being offered.

MINNEAPOLIS Grain Market.
MINNEAPOLIS, Oct. 10.—Close—Wheat—No. 1, 91 1/2; No. 2, 89 1/2; No. 3, 87 1/2; No. 4, 85 1/2; No. 5, 83 1/2; No. 6, 81 1/2; No. 7, 79 1/2; No. 8, 77 1/2; No. 9, 75 1/2; No. 10, 73 1/2; No. 11, 71 1/2; No. 12, 69 1/2.

Liverpool Grain Exchange.
LIVERPOOL, Oct. 10.—The market opened 1/4 to 1/2c higher and later advanced with shorts covering on the firmness in Winnipeg yesterday, dealer Canada's offers were less favorable politically. Short markets were bid higher at the opening for all grades, and carry in good demand for nearby and firm. Following the opening there was some disposition for profits as the market opened 1/4 to 1/2c higher and later advanced with shorts covering on the firmness in Winnipeg yesterday, dealer Canada's offers were less favorable politically.

COBALTS ARE IN FAVOR IN THE MINING MARKETS

Expectations of Royalty Reductions Give Strong Tone to the Silver List—Sharp Advances Show—Porcupine Make Good Recovery.

Cobalt stocks came in for a good deal of attention in the trading market yesterday, expectations of royalty reductions inspiring a decidedly cheerful tone throughout the list. Petitions from several mines are now before the government, and it is anticipated that favorable action will be taken regarding these in the near future. City of Cobalt and Chambers were the issues most benefited in this respect in the market, the some of the other stocks sympathized to a certain extent.

Weak Stock Shaken Out.
The shake-up of the last couple of days has undoubtedly strengthened the technical position, and left the market in a shape where it might undergo considerable change in short order. A good deal of weakly-held stock came out on the decline, and with this cleared, a danger point which occasionally some apprehension a week ago has been disposed of satisfactorily. The maintenance of public buying at present level shows a general improvement brought about, while a revival of activity would in all probability bring in another sharp upturn.

Porcupine Company.
The Porcupine Company is expected to resume operations in the near future, and the shares are expected to rise to 24, but the advance was held back by the high record for the day. Chambers-Perkins added still further to its gain, reaching 20%, and Crown Lake, which was on offer again and some of the cheaper issues were also in demand. Nipissing dropped back to 8 1/2c.

Calvert Porcupine Will Resume Development Operations This Week.
The Calvert Porcupine Company is expected to resume development operations in the near future, and the shares are expected to rise to 24, but the advance was held back by the high record for the day. Chambers-Perkins added still further to its gain, reaching 20%, and Crown Lake, which was on offer again and some of the cheaper issues were also in demand. Nipissing dropped back to 8 1/2c.

Development Resumed at Two One-Time Prominent Properties in Eastern Ontario Camp.
Development has been resumed at two one-time prominent properties in Eastern Ontario. The mines are expected to produce a large amount of ore, and the shares are expected to rise to 24, but the advance was held back by the high record for the day. Chambers-Perkins added still further to its gain, reaching 20%, and Crown Lake, which was on offer again and some of the cheaper issues were also in demand. Nipissing dropped back to 8 1/2c.

At the PLENAURUM.
The movement of the PLENAURUM is expected to resume operations in the near future, and the shares are expected to rise to 24, but the advance was held back by the high record for the day. Chambers-Perkins added still further to its gain, reaching 20%, and Crown Lake, which was on offer again and some of the cheaper issues were also in demand. Nipissing dropped back to 8 1/2c.

Turn on the Light.
The Turn on the Light is expected to resume operations in the near future, and the shares are expected to rise to 24, but the advance was held back by the high record for the day. Chambers-Perkins added still further to its gain, reaching 20%, and Crown Lake, which was on offer again and some of the cheaper issues were also in demand. Nipissing dropped back to 8 1/2c.

COBALT REDIVIVUS

The values in Cobalt have by no means been bottomed. Since the camp started in 1904 to the end of last year, \$65,000,000 worth of silver has been taken out of the ground. Many properties are working at depths not considered probable or possible by some mining experts, and yet the values are not exhausted. Our information is that many properties thought to be defunct will yet produce a lot of wealth, and we think that it will pay to watch the cheaper Cobalt stocks. City of Cobalt and Chambers showed up well in Wednesday's market. Batley is not being bought, except by those who have an intimate knowledge of the property. Ask for information on any of the Cobalt or Porcupine stocks.

UNDERLYING STRENGTH

Advances in mining securities have induced considerable profit-taking. This has made very visible impression on prices, and a few days are likely to again witness a scarcity of offerings. During the bull and reaction good opportunities for new purchases are presented, and we call favorably recommend Batley, Thaleskaming, Right of Way, City of Cobalt, Cobalt Lake and Pearl Lake for the consideration of our clients.

CON. SMELTERS HAD GOOD YEAR

Net Profits Were \$310,346, a Gain of \$108,000—Dividend Expected in Near Future.
The report of the Consolidated Mining and Smelting Co. for the 12 months ended June 30, to be presented at the annual meeting today, will show net profits of \$310,346, which, added to the balance of profit and loss in the previous statement, will make a total credit of profit and loss of \$1,183,565. These figures compare with \$202,278 and \$672,289 respectively on the similar dates of 1911. The earnings are equal to about 6 per cent. on the paid-up capitalization.

BETTER TONE IS DISPLAYED IN LONDON MARKET

LONDON, Oct. 10.—The stock market closed with a better tone and a recovery from the lowest in 56 years. The market was buoyant, and the powers are contemplating stronger action in the Balkans. But there is still much uncertainty regarding the continental situation. The market opened a fraction higher. Numerous selling orders from Paris and Berlin depressed values during the forenoon, and the weakness continued until the late trading, when the market was revived by a strong buying movement. American securities started dull and a fraction lower. Continental selling orders were numerous and prices declined until late in the session, when Wall street buying improved values. Canadian Pacific was active and the early decline and the late recovery. The closing was steady. There was a good supply of money available. Discount rates advanced over the bank rate.

The Upward Swing in the Mining Market

is now well under way and present indications point to a strong bull campaign this fall. Many of the Porcupine and Cobalt have been selling much below their intrinsic value. The incoming of public buying is bound to advance prices sharply. Our advice regarding the best stocks to purchase may be had on request.

BETTER TONE IS DISPLAYED IN LONDON MARKET

LONDON, Oct. 10.—The stock market closed with a better tone and a recovery from the lowest in 56 years. The market was buoyant, and the powers are contemplating stronger action in the Balkans. But there is still much uncertainty regarding the continental situation. The market opened a fraction higher. Numerous selling orders from Paris and Berlin depressed values during the forenoon, and the weakness continued until the late trading, when the market was revived by a strong buying movement. American securities started dull and a fraction lower. Continental selling orders were numerous and prices declined until late in the session, when Wall street buying improved values. Canadian Pacific was active and the early decline and the late recovery. The closing was steady. There was a good supply of money available. Discount rates advanced over the bank rate.

SMELTERS AT 76.
 Consolidated Smelters failed to maintain its recent gain in its entirely yesterday, profit-taking carrying the shares back to 76, a loss of three points from the high point of Wednesday. The annual meeting is called for today.

U.S. STEEL REPORT
MAKES GOOD SHOWING
 NEW YORK, Oct. 10.—Unfilled orders on the stocks of the United States Steel Corporation on Sept. 26 totaled 6,531,000 tons, as compared with 5,185,376 tons on Aug. 31; 5,967,776 tons on July 31; 5,072,345 tons on June 30 and 3,611,317 tons a year ago.

SAWYER-MASSEY COM.
AT NEW HIGH RECORD
 Sawyer-Massey common sold up to a new record level of 48 in the Toronto stock market yesterday, a gain of two points over the record of two weeks ago. This favorable showing reflects the new expansion of business through the province and the enlarged stock market transactions during recent weeks. Considerable buying followed:

Week	High	Low
This week	48	35 1/2
Last week	44 1/2	35 1/2
Two weeks ago	42 1/2	35 1/2
Three weeks ago	41 1/2	35 1/2
Four weeks ago	40 1/2	35 1/2
Five weeks ago	39 1/2	35 1/2
Six weeks ago	38 1/2	35 1/2
Seven weeks ago	37 1/2	35 1/2
Eight weeks ago	36 1/2	35 1/2
Nine weeks ago	35 1/2	35 1/2
Ten weeks ago	34 1/2	35 1/2

BANK CLEARINGS SHOW FURTHER IMPROVEMENT
 Bank clearings in Toronto for the week ended yesterday totaled \$4,235,175, an increase for the week of \$87,230, and a gain of \$1,800,000 over the record of two weeks ago. This favorable showing reflects the new expansion of business through the province and the enlarged stock market transactions during recent weeks. Considerable buying followed:

PARIS IS "PANICKY"
 LONDON, Oct. 10.—Conditions in Paris are considered to be panicky. French markets are considered to be in a vulnerable position.

MARGIN TRADES AT LOW EBB
 Money Conditions Check Speculation in Toronto Market—General List Shows Disposition to Sag Lower.

The Toronto stock market yesterday evidenced no perceptible change in tone from its immediate predecessors, the active list showing a disposition to sag moderately on the incoming of any liquidation of note, and winding up generally at small declines for the day. Toronto Rails, Steel Company, Pacific, Burt preferred, Tooke and Quebec Railway were all lower, with however, no great loss in any one instance. Elsewhere prices were comparatively unchanged for the session.

Another Dip in Leaders in Montreal
 MONTREAL, Oct. 10.—A firmer tone in Canadian Pacific Railway had a steady effect on the market and the market as a whole gave an excellent account of itself in the face of the uneasiness abroad. The close which irregular, closed at a decline of 1 1/4 in the morning. Last sale was 227 7/8, or 1 3/4 under Wednesday's close, with the close at 228 bid, 233 1/4 asked. Laurentide opened at 225 and dropping to 222 in the afternoon, with last sale only 1/4 higher than the low. The close was heavy at 228 1/2 bid, 233 1/4 asked. Changes thru the rest of the list were of little importance. Total business 8246 shares and \$23,000 bonds and debentures.

YOU MUST ACT AT ONCE
DOMINION'S WELL ASSURED
 This is your last opportunity to buy the Treasury Shares of the Dominion Oil Company at the present selling price of \$1.25 per share. During the past three weeks we have been giving you complete details upon which to base your judgment, and we have felt right along that the purchase of the shares in the Dominion Oil Company would turn out a profitable investment, and have been strongly advising their purchase.

The following telegram has just been received, and we once more wish to advise the purchase of the Company's shares before they are withdrawn from the market, which may take place any day now.

R. G. LIND, Coalinga, California, 8th October, 1912.
 Secretary, Gooderham Building, Toronto, Canada:
 "Well assured. Three thousand and thirty feet. Got rich light oil. Heavy gas pressure. Have some thirty feet to go to reach big pay sands. Indications point for big well. Drilling will be slow, owing to hard formation. Advise Morden & Co. Keeping information tight here. I leave for home as soon as complete—some business engagements. All contracts must be closed."

(Signed) "W. GRAY."
 If you desire additional information, call at our office AT ONCE, or write for illustrated prospectus and full information, which will be sent you without any obligation or expense on your part. There is nothing that pays the returns on the investment that a producing oil company does, and the Dominion now have an assured well.

We suggest that you make your reservation for shares in this big enterprise immediately.

The Robert Simpson Company, Limited

A Double Boot Sale Saturday

3000 Pairs "Queen Quality" and Other High Grade Boots. 3500 Pairs Men's Goodyear Welted Boots

Three Thousand Pairs of "Queen Quality" and Other High-Grade Boots 2.45

As dainty a lot of American and Domestic Boots as we've ever been able to show you, in all the popular leathers and fabrics, including white nu-buck, tan Russia calf, in three shades, patent colt and kid, gunmetal, vici and dull kid, satin, velvet, etc., in dull matt calf and fancy toppings, in button, Balmoral and Blucher styles; all weights of soles; all heights of heels; the "Queen Quality" are 3, 3 1/2 and 4 only; others are sizes 2 1/2 to 8; in all widths. Regular prices would be \$3.50, \$4.00 and \$5.00. Double Sale rush price Saturday 2.45

Overcoats \$9.95

It's the quality that you demand, not the price. These Overcoats at \$9.95 will give you all the satisfaction that you expect from much more costly garments, for the quality is there. Simpson-dressed men are well dressed, for nothing shoddy or ill-made is ever permitted to pass through our hands.

This \$9.95 Overcoat is an ulster with two-way collar, single-breasted Chesterfield style, or of fancy tweeds, with velvet collar, or black melton with velvet collar. These overcoats are worth \$12.50, \$15.00 and \$16.50, are well tailored, and have excellent wearing mohair linings. Saturday price 9.95

SOME WONDERFUL VALUES ARE MEN'S FALL WEIGHT OVERCOATS AT \$15.00.

Black English Cheviots, in single-breasted Chesterfield style, fancy brown tweed, in Raglan style, and a silk-lined overcoat in black and gray. The tailoring on these garments is the very best. Price 15.00

An Overcoat at \$13.50 is made from a fairly heavy English tweed, in brown. The cut is a single-breasted, button-through, with Raglan shoulder and self collar, best workmanship. 13.50

At \$18.00--An Overcoat of diagonal plain gray tweed, is made in a smart single-breasted Chesterfield style, with good linings and the best tailoring. Price 18.00

HAVE YOU EVER WORN A "DURWARD"

English Overcoat, either in heavy or medium weight? If not, you are neglecting your opportunities, and are not wearing the overcoat that particular and exclusive men are demanding. Prices from 25.00 to 40.00
