CLASHES ARE FREQUENT

Spartacans Have Complete Possession of Police Headquarters and Royal Palace.

Berlin, Jan. 7.—At this hour Spartacan forces are being massed at several places where machine guns and armored cars have been concentrated in Wilhelmstrasse the government forces are awaiting an attack.

Shortly before noon the Associated Press correspondent saw a troop of about 80 Spartacans, half soldiers and half civilians, all armed and marching with one machine gun, having turned the Potsdam market place towards the Bolshevik gathering place.

Machine gun fire was heard at ten o'clock this morning from the lower part of the Wilhelmstrasse, the Palais National, where the Spartacans are said to have attempted to cross the canal with armed forces.

Dr. Liebknecht and his Spartacan and independent Socialist followers have complete possession of the police headquarters and of the section around the royal palace.

The government buildings are strongly garrisoned by soldiers in steel helmets and equipped with hand grenades, while the buildings along the street are being shelled.

The Spartacan delegation consisted of Wilhelm Dittman, a former member of the cabinet, Carl Kautsky, Heri Breitscheid, former Prussian minister of the interior, and Oscar Cohen, a former member of the Reichstag.

The Spartacan delegation consisted of Wilhelm Dittman, a former member of the cabinet, Carl Kautsky, Heri Breitscheid, former Prussian minister of the interior, and Oscar Cohen, a former member of the Reichstag.

Yesterday the Spartacans made several minor attempts to approach the palace, but were driven off.

London, Jan. 8.—(Special cable from John W. Datoe).—The principals of the peace conference are gathering at Paris in readiness for the conversations of the allied powers which begin next Monday at the offices of the French ministry of foreign affairs.

The chief task of the allied conference is to give Italy and France these needed assurances of safety, and it is expected this will be done by making a beginning of the league of nations by the alliance of the present allied nations, giving it such dominance in power as will safeguard all its members.

Talk Mothers' Pensions, Not Nickel.

The world is "tub-thumping" (to use my favorite word when not funeralizing) about nickel. It claims that it made the International Nickel Co. pay in \$1,200,000 a year to the Province of Ontario.

Stoort: Come out gude an' braw fur Heist gien pensions til mither's, Proudfoot 'il dae th' same, and gang mun on nickel.

Stoort: I'll tell ye but ye mauna gie it as they could pay the mither's pensions out o' th' nickel tax!

Stoort: Your heart is nickle-plated, brother. I still have a fond heart.

GROUND CLEARED FOR BEGINNING OF NEGOTIATIONS

Informal Meeting of Peace Conference to Deal With Important Fundamentals.

USE OF THE HIGH SEAS

This Phrase Has Now Been Substituted for Former "Freedom of Seas."

Paris, Jan. 8.—Many important questions concerning the arrangement of the program for the peace conference which have been in process of solution, probably will soon be adjusted as a result of President Wilson's return to Paris.

The president during his trips to England and Italy kept in close touch with the members of the American peace delegation in Paris, and it is evident from the expressions of officials that the settlement of various matters will progress more rapidly from now on.

The president's informal talk with Col. House Tuesday night dealt with the attitude of Premier Clemenceau and Lord Robert Cecil regarding a league of nations. The conference gave the president fresh information concerning their views, and today Col. House and Secretary Lansing conferred with Lord Robert, who is the British authority on a league of nations.

In fact, it is admitted, that the first meetings between President Wilson and his aides and the entente powers were held at the end of this week.

The impending informal meetings between President Wilson and the entente premiers will deal with subjects of fundamental importance. It will be necessary to arrange a program which will govern the peace negotiations.

It has been agreed that the first matter to be considered at the meeting of President Wilson and the premiers will be the representation of the league of nations, which is regarded as the foundation upon which must be erected the whole structure of a permanent peace treaty.

Probably next among the foremost subjects to receive attention will be "use of the high seas." It may be decided that this phrase, now as being adopted instead of the older "freedom of the seas," but it is not yet possible to ascertain in what the distinction is to consist.

Vance McCormick, chairman of the war trade board, and other American agents are now on the way to Paris and they will be called into consultation when the subjects on which they have specialized are brought into the deliberations of the principal delegates.

Premier Clemenceau, according to The Temps, intended to call a meeting of the latter tomorrow, and expected questions which will be treated later at the peace conference.

RIVER AT PARIS IS RISING FAST

Shipments of Coal and Flour by That Route Have Been Stopped.

Paris, Jan. 8.—The Seine continues to rise steadily, and today its level was the highest since the present flood conditions set in. Navigation is at a complete standstill, while all shipments of coal over the river route have been stopped since Jan. 5.

The train has ceased and the barometer is rising. The weather is clearing but the river continues to swell at the Austertitz bridge, showing the largest rise, while at Pont Neuf, the Pont St. Michael and the Pont des Arts.

The bridge Almus, the stone Zouave, which stands guard over the cellars of houses adjacent to the river are flooded through Paris and the American soldiers on the Quai d'Orsay are busy saving the stocks of coal lying under water.

POLICE ALLEGE UNFAIR DEALING

Say Commissioners Discriminate as to Work Hours in Favor of Non-Strikers.

The officials of the Toronto Police Union state that discrimination is being shown by the commissioners in favor of the non-striking members of the police force, in a very important feature of the conditions under which the men work. They state that all non-striking members of the force, while on strike, promised the men that the shorter shifts promised the men would not be granted.

According to the men's committee, the only ones to benefit by the proposition recently granted by the commissioners with relation to shorter hours are the station duty men, ambulance men, and wagon men, who have been granted shorter hours, but it is pointed out that most of them did not go out on strike.

The non-striking members have been placed in positions where the shorter hours would be granted without affecting the hours of the whole force, and the strike was called off when the men were promised that a shorter day would be granted, but no move has

MESSIAH TONIGHT AT MASSEY HALL

The annual "Messiah" of the Ontario Society, under Dr. Edward Broome, takes place at Massey Hall tonight. The Russian Orchestra will provide the accompaniments and Helen Axtell, Chicago; Mabel Beddoe of New York; Merlin Davies, New York, and Frank Oldfield of Toronto, will be the soloists, each being specially chosen for the work. The chorus has this year 226 carefully selected voices and knows its score thoroughly. A fine performance is therefore expected.

RAPID R.A.F. DEMOBILIZATION

Mechanics Receive Larger Discharge Gratuity Than Home Service Forces.

Many people have noticed the absence of the smart R.A.F. cadets on the streets during the last two weeks; the uniform of the air force mechanics will also shortly disappear. From being one of the largest military forces in the country it has dwindled to hardly more than 2000.

Up to the present time 3923 airmen have been demobilized, 1697 are still on the strength, 450 of which are English enlistments and these will be taken back to England in a body. Altogether 4292 cadets have been demobilized, and there still remain 373 on the strength of the organization.

Every man who has served in the R.A.F. will receive \$35 clothing allowance and a minimum gratuity of \$7.21. If he has been in the force for one year or over he will receive 30 days' pay in addition, and if married separation allowance will continue for 30 days. Every man whose service is under one year will receive 15 days' pay and if married 15 days' separation allowance. The clothing allowance was formerly

GEN. GUNN WILL SEE STAGGS CARED FOR

A special interest in being taken in the family of W. F. Staggs, who lost his life in the Edmundston accident, by Brig-General J. A. Gunn, C.M.G., D.S.O., general officer commanding, M.D. No. 2. Accompanied by Major Goodwin Gibson of the demobilization centre and Captain Gordon Hunter, A.D.C., he visited the Staggs home and offered his condolences. He told the widow that she must not worry over the future of herself or her children, as he was going to see that they were cared for. The general asked to see the four little girls, Margaret, aged 12, Grace, 10, Dorothy, 6, and baby Eleanor. Before he left he asked which one would like a university education, although not realizing the importance of the question, Eleanor spoke up, "I do." General Gunn will see to it personally that she goes to the university.

LOCATING THEIR GRAVES.

Over six hundred employees of the International Red Cross Society for prisoners of war at Geneva, Switzerland, have been discharged as a result of the conclusion of the war, according to a message just received from Professor J. Cusin of Geneva, who has been in charge of the work. The professor is still looking after pending requests, and also assisting in locating for Canadians the graves of relatives who had died in prison camps in Germany. In all, five hundred requests regarding missing soldiers were received by Prof. Cusin, and Canadians desiring further news should apply at his school, 605 Temple Building, Toronto.

ARLINGTON BECOMES HOSTEL.

Announcement was made yesterday by ex-Controller John O'Neill of the taking over of the Arlington Hotel building, West King street, by the Knights of Columbus, to be operated as a hostel for returned soldiers, both Catholic and non-Catholic. Work has already commenced on fitting up the building and it is the intention of the management to begin with forty rooms, which may be increased to 300 later, if necessary. The proposition will be financed by the Catholic part fund, and no attempt will be made to secure profits out of the operation of the hostel.

EMPLOYMENT BUREAU HAS MANY APPLICATIONS

The rush of applications for work received at the Ontario Government Employment Bureau during the past few days is testimony of the growth of unemployment in this city, as a result of the closing down of war industries. In the domestic department, \$6 women applied for work yesterday, and in the clerical and factory help branches, 136 applications were received. Several of the applicants were in straitened circumstances, and did not know where the money was coming from for their next meal, or for the night's lodging. Rev. J. A. Miller, who has been appointed to be superintendent of the department, urges close co-operation between the bureau and employers in order to prevent any number of people lacking employment for any length of time.

ARCHAEOLOGISTS ELECT OFFICERS.

The Ontario Archaeological Society at its annual meeting last night in the Normal School, elected officers for the year as follows: Lieut.-Colonel Sir John Hendrie, K.C.M.G., honorary patron; Hon. H. J. Coyle, D.D., LL.D., W. L. A., honorary president; Very Rev. W. R. Harris, D.D., LL.D., president; Colonel G. E. Laidlaw, Victoria Road, Ont., vice-president; Dr. R. B. Orr, secretary; A. F. Hunter, M.A., treasurer.

EDUCATION BOARD STILL UNDER FIRE

Investigation by Royal Commission Into School Building Purchases.

WASTE ON WASTE Cost of Administration Block Calls Forth Strong Comment.

The board of education is still under fire. The investigation begun some weeks ago before a royal commission consisting of Mr. Justice Lennox of the Supreme Court of Ontario was resumed yesterday morning after the holiday adjournment.

Yesterday's hearing dealt with the cost of the administration building on College street. It is a building both substantial and ornate, but the complaint seems to be that the property committee expended nearly double the amount of the estimated cost.

According to the testimony given at yesterday's hearing by Mr. A. D. Waste, assistant to Superintendent Bishop, and Wilbur Webb, chief draughtsman, plans and specifications were prepared and tenders called for. When the tenders were opened it was found that even the lowest tender was accepted in every case.

"This reminds me," said his lordship, with a reminiscent smile, "of the old days when all politicians were promising 'fifty cents for every penny' of the public service."

Spending Money. "You were prepared to exceed your estimate and to spend other people's money to which you had no right?"

Only Temporary. In reply to Mr. Denison's enquiry as to how such equipment for the building was brought up, and in reply to a question from His Lordship Justice Lennox, Mr. Waste said that the vault doors for the building had not been included in the first estimates.

"SPORTING LIFE" A TREMENDOUS HIT

Maurice Tourneur's special Paramount-Artcraft production, "Sporting Life," is scoring a tremendous hit at the Allen this week. Large and enthusiastic audiences have proclaimed this the greatest film with an English setting that they have ever witnessed.

"Sporting Life" is the most thrilling of Drury Lane melodramas. The play is famous throughout the world. The stage play was the most thrilling and most exciting of any offering and the film production, under the able direction of Maurice Tourneur, is brimful of excitement.

On account of the large crowds that are the rule at the evening performances, the management suggests that patrons attend the matinee whenever possible in order to be assured of choice seats.

Items of Interest to Returned Soldiers Will Be Printed in This Column From or Sent in.

Rev. Laurence Skuy, long at the front, in an address delivered yesterday before the Kiwanis Club, divided the returned soldier into three classes: The man who had gone over and done his bit and believed he was entitled to anything and everything on that count alone; the man who had gone over with the determination to do the best he could for his respective ability and who had returned with the same determination for good service in Canada; and, thirdly, those who were partially or totally disabled.

Feb. 1 may witness the opening of the new Orthopaedic Hospital on Christie street, which is said to be the best building of its kind in America, with quite an Eiffel Tower effect for the special convenience of convalescents. Among the splendid features of this hospital are a vocational branch with room for all manner of studies, one of the finest kitchens in the world, a great hall for the maintenance of electrical treatments, and a huge gymnasium.

Theoretical examinations at the civil service examinations will be eliminated if the G. W. V. A. provincial command can exercise sufficient influence in this matter. The delegates to the next provincial convention which is to be held at Windsor on May 14, 15 and 16, will probably adopt the recommendation of the command in this respect, and may consider the advisability of urging upon the government a system of probation for the returned soldier as a means of proving his fitness in his occupation as a civil servant.

A returned man stated yesterday that he obtained a position thru the courtesy of the bureau at King street, near Bay street, and that when he arrived at the place where the work was to be done, the people in charge told him that he should pay them two dollars for the privilege of obtaining the position. This is said to be contrary to the precedent established by the government bureau, and such a bargain if made was against the rules of the newly established bureau.

R. Stalford, a member of Riverdale G. W. V. A., has been appointed representative of the reparation commission of the government in Toronto, with authority to negotiate the demobilization of and employment of returned soldiers. His offices are at 45 West King street.

The provincial G. W. V. A. is taking up the case of Mrs. Bessie Chapman, widow of the late Sergeant Chapman of Sarnia, who was killed on the front. She has been awarded the insurance policy of the Excelsior Life Insurance Co. has been questioned by the company. Sergeant Chapman had paid \$25 in premiums when he enlisted, and had also notified the ruling of the company to that effect.

R. M. Scully, assistant secretary for the Toronto district G. W. V. A., has been appointed district secretary vice J. J. O'Connell, recently appointed organizing secretary for the district. Comrade Conroy, during his seven months in office, placed at least 576 men on the cost of their comrades and their families to the various sources at least \$12,668, pensions and separation allowances forming the majority of cases adjusted. A clubhouse campaign is being inaugurated soon but it has not yet been decided how to use this fund, whether for clubhouses or for a larger, more comprehensive clubhouse for the whole Toronto district.

Felicitations and season's greetings from officers, N.C.O.'s and men of Military District No. 2, which so readily furnished men and means for the appreciation of effective work accomplished, is shown as men return. The above cable was sent to Sir Arthur Currie by Brigadier-General Gunn, G.O.C. M.D. No. 2, on receipt of a message from the Canadian commander containing good wishes and commending that all the men of his command are looking forward eagerly to the day of their return to Canada.

About the busiest place in the city hall these days is the office of Sergeant Major George Creighton, the director of the military bureau in connection with the property department. The office was thronged all day yesterday with applicants for the signing of their post-discharge papers. About 1,500 of these have been handed out since Friday last.

Since the announcement of an increase in allowances for children of deceased soldiers and disability pensions, the head office at Ottawa, and the Toronto district office of the board of pension commissioners have had numerous enquiries from those interested, and who are desirous of participating in this new increase. It is altogether unnecessary for any of those affected by this new order-in-council to take up their case personally, as the board of pension commissioners have these cases all in hand, and will deal with them as soon as possible thru the regular channels.

Special opportunities will be provided to prepare returned soldiers for entrance to Varsity by the opening of special classes which will be established by the University of Toronto during the present winter. The classes will run during the coming summer. Training matriculation subjects will be given and it is expected that a great many returned men in this way will be prepared for entrance to the university college. The work will probably be carried on by members of the various faculties.

THE BANK OF TORONTO

Report of the Sixty-Third Annual General Meeting

The Sixty-Third Annual General Meeting of the Stockholders of The Bank of Toronto was held at the Head Office in Toronto, Wednesday, 8th January, 1919.

The Chair was taken by the President, Mr. W. G. Gooderham; the Assistant General Manager, Mr. John E. Lamb, was requested to act as Secretary, and Messrs. George R. Harcourt and C. H. Taylor were appointed Scrutineers.

The Directors of The Bank of Toronto beg to present their Report for the year ending 30th November, 1918, accompanied by the Statement of the Bank's affairs and the results of the operations for the year.

The production of war materials and supplies continued up to the close of the year, general business was good, and the Bank has had a year of growth in all departments.

Mr. G. T. Clarkson, C.A., the auditor of the Bank, has made his examination of the principal offices of the Bank, and his report is appended to the general statement presented herewith. Mr. Clarkson's name will be submitted to the Shareholders at the annual meeting for re-appointment as auditor.

The following Branches have been opened during the year:—Bathurst, Markdale and New Lowell, Ontario; Durban and Kenville, Manitoba; Stewart, Saskatchewan; and our Branch at Point St. Charles, Quebec, has been closed.

Table with columns for LIABILITIES and ASSETS, showing financial figures for 30th November 1918 and 1917.

AUDITORS' REPORT TO THE SHAREHOLDERS. I have compared the above Balance Sheet with the books and accounts at the chief office of The Bank of Toronto, and certified return received from its branches, and after checking the cash and verifying the securities at the chief office and certain of the principal branches on November 30th, 1918, I certify that in my opinion such Balance Sheet exhibits a true and correct view of the state of the Bank's affairs according to the best of my information, the explanations given to me, and as shown by the books of the Bank.

In addition to the examination mentioned, the cash and securities at the chief office and certain of the principal branches were checked and certified by me during the year, and found to be in accord with the books of the Bank.

All information and explanations required have been given to me, and all transactions of the Bank which have come under my notice have, in my opinion, been within the powers of the Bank.

The report of the Directors was adopted. Contributions to various Patriotic Funds were approved. Mr. Geoffrey T. Clarkson was appointed Auditor for the current year, and the following Directors were elected: W. G. Gooderham, William Stone, John Macdonald, William L. Gear, Paul J. Myler, and Archibald H. Campbell.

STRENUOUS TASK FOR LADY CHAIRMAN

Insults and Apologies Interchanged at School Management Meeting.

UNION JACK ONLY Double-Class System Done Away With Without Voting.

Mrs. A. C. Courtice, the new chairman of the board of education management committee, had a strenuous task preserving order at the first meeting of the committee for the year yesterday afternoon.

The first tilt was over the double school experiment at Earl Grey School, Danforth avenue district. Four first form classes were alternating to use two class rooms, two beginning at eight o'clock in the morning and the other two at two o'clock in the afternoon.

A delegation of parents protested the double term system experiment which had been in operation for 11 days.

Members of the committee expressed their wish to work in harmony with public sentiment with respect to school hours.

Dr. John Noble said that the experiment had not had a sufficient trial. He twitted members of the committee with fickleness and stated that it was the last proposal to remedy overcrowding conditions which he would introduce.

The committee decided without a formal vote to abolish the double class experiment.

A series of exciting incidents occurred in connection with the consideration of the adoption of Jewish flag at King Edward School. Dr. John Hunter was charged by Dr. Caroline S. Brown with having stated that "Dr. Brown and Miss C. Boulton would sell their souls for the Jewish vote."

Miss C. Boulton said this was an outrage and an insult, and sufficient to justify a resignation from the board as a protest against the same.

Dr. Hunter said that the statement he had made was that he had been told that such a charge had been put in a certain evening paper.

Chairman Hamby said that the Jewish boys of Toronto had shown their loyalty by all the members of the Hebrew Football Club.

Dr. Hunter said that the statement was a reflection on the Jewish people and that he was sorry to have it put in the papers.

Another fiery debate took place over the use of Yiddish at Jewish women's meetings at the Hester House school.

Inspector Mosher said that a Detroit woman, speaking in Yiddish, had said: "We don't have prayers in our schools. Why should you?"

Dr. John Noble said: "We are not going to lend our buildings to a bunch of foreigners to come into our buildings and plot against our institutions. There are 2000 Bolsheviks in New York who have come across the ocean to propagate their views."

The matter was sent to a special committee. A resolution was adopted in favor of appointing two women school inspectors.

Trustees C. A. B. Brown and Dr. Noble congratulated Mrs. A. C. Courtice on the skill with which she had conducted the turbulent meeting.

ELECTRIC CONCERNS PAY ON HIGH ASSESSMENT

The Toronto Railway, Toronto Electric Light, Toronto Power, York Railway and other electric companies under the same management are assessed for about ten million dollars, according to the assessing department.

The following is a list of the company assessments for last year, which shows a big increase over the year before last.

Toronto Railway, \$4,996,323; Consumers Gas, \$5,473,250; T.E.L. Co., \$1,042,472; Bell Telephone Co., \$2,224,975; G.N.W. Telegraph, \$216,434; Toronto Power Co., \$1,055,276; York Radio, \$457,136; Toronto Suburban, \$3,237; C.P.R. Telephone, \$293,170; G.T.R., \$11,571,267; C.P.R., \$3,292,292; Canadian Northern, \$1,356,695.

TRAFFIC AS USUAL. C. A. Horning, district passenger agent of the C.P.R., said yesterday that the fire which occurred in the Bonaventure station of the company at Montreal on Tuesday evening would not interfere in any way with passenger traffic. The damage amounts to only \$1500.

General Executive Meeting Of Associated Boards of Trade

A meeting of the general executive of the Ontario Associated Boards of Trade met yesterday in Hamilton. The secretary-treasurer of the association, F. G. Mowley of Toronto, was instructed to call a general conference of the association in Toronto on March 27 and 28. This will be the first general conference since 1914. Owing to the war its affairs have been taken care of by the executive and good work has been accomplished.

Those present at the meeting yesterday were: H. L. Frost, honorary president; Lieut.-Col. Henry Brock, Toronto; W. F. Cockshutt, M.P., Brantford; A. J. Young, North Bay; L. J. Brethaupt, Kitchener; John Goodwin, Welland; J. H. Black, Sudbury; K. H. Dunstan, Toronto.

BUILDING PERMITS EIGHT MILLION City Architect's Annual Report Shows Activity in Building Trades.

City Architect Pearce's report for 1918 shows permits for buildings in the city for the year valued at a total of \$8,523,321. The greatest expenditure was devoted to the erection of brick dwellings houses. There were 732 brick homes built in Toronto in 1918, valued at \$2,115,775.

There were 886 frame dwellings altered and added to at a cost of \$1,057,797, while 391 brick dwellings were altered and added to at a cost of \$322,923. Sixty-two frame dwellings were erected at a cost of \$52,210, and 127 brick front and roughcast dwellings at \$153,000. Seventy-seven stores were built last year at a cost of \$353,057, and 178 stores were altered at an outlay of \$150,593.

Seventeen warehouses erected cost \$544,300, 42 factories were built at a cost of \$82,650, while alterations to warehouses and factories respectively cost \$127,935 and \$912,570.

Four new schools were built at a cost of \$240,000, and alterations were made in ten schools at an expenditure of \$47,869.

Four churches were built in the city last year, costing \$38,175, and sixteen churches had alterations made at a cost of \$49,360. One new club erected cost \$10,000, and alterations and additions were made to our clubs at a cost of \$6,250.

WANTS EIGHT-HOUR DAY EFFECTIVE AT ONCE

Controller Sam McBride is going to place his eight-hour day proposal before council in the form of a motion and a resolution, and he hopes that if it passes through the hands of the council the men will be able to reap the benefit of it immediately.

The motion will be that the streets commissioner and the commissioner of works be requested to forthwith submit joint report, embodying their views as to the practicability of the institution of an eight-hour day in their several departments, with an estimate of the additional expenditure which would be entailed thereby for the year 1919, and

"Further, that this council declare its approval of the policy of an eight-hour day in the civic service wherever practicable, provided, however, that the adoption of such policy shall not increase the hours of labor of those now engaged for the lesser period."

MANY CIVIC EMPLOYEES HAVE SERVED OVERSEAS

Heads of civic departments have forwarded to the council reports on the number of employees in their departments who have enlisted for active service and the amounts paid to each in salaries. The amount of the city's wage bill in this connection last year was \$41,233.

The enlistments from the parks department number 26, assessment department 15; property tax collecting department 14; city clerk's office 145; included in the report is a paragraph showing that \$22,175 has been paid to Corporation Counsel George since his enlistment.

Hundred "Flu" Cases Now Under Supervision

There are one hundred and five cases of influenza under the supervision of the medical health department, said Dr. Hastings, M. O. H., yesterday.

"The number of families under supervision is fifty-one and the new cases number twenty-nine." There were no deaths registered in Dr. Hastings' department yesterday.

Seven deaths, five from influenza and two from pneumonia, were registered in the city clerk's office yesterday. The deaths registered are as follows: Influenza—Eleanor Culverston, aged years, 195 Browning avenue; Jean Wallace, 15 months, 12 Pinewood avenue; John Pridoux, 69 years, 27 Michael's Hospital; Ada Green, 27 years, Aude street; Rosie Evelyn Ross, 20 years, 207 Marlborough avenue; Mildred F. Rochequejeulin, 11 months, 387 Brock avenue; and Samuel James Willock, 65 years, 317 Delaware avenue.

RECONSTRUCTION PROBLEMS.

The Public Reference Library has received from the British University of Reconstruction the following pamphlets in the special series being issued: "The aims of reconstruction," "Housing in England and Wales," "The mobilization and resettlement of the army," "Housing in Scotland," "New fields for British engineering," "Raw materials and employment," "Guides to work and benefits for soldiers and civil war workers."

ONE YEAR FOR BIGAMY. Pte. John G. Leyton was sentenced to one year at the Ontario Reformatory for bigamy, by Judge Winchester yesterday afternoon, the judge remarking at the time that "we will have to stop this bigamy."

The man pleaded that he committed the act because he did not understand the workings of the law. He came to Canada in 1908, and because his married life was unsatisfactory, he applied for a divorce in 1916. Before the regular proceedings had been completed, he married another woman who had also been divorced, thinking that he was free to do so. He has had twelve years' service in the regular army.

Osgoode Hall News

Toronto General Hospital Awarded Judgment for \$5,000. Toronto General Hospital vs. Sabiston. Mr. Justice Middleton's judgment.

An appeal from judgment of official referee, to whom action was referred for trial, holding in the plaintiff is not entitled to recover any amount for rental or by way of use and occupation of the lands in question on 1st February, 1915, when the term granted by the original lease expired and the 7th May, 1917, when the plaintiff recovered possession under a judgment of the court.

The lands in question were demised for 21 years from 1st February, 1892, by a lease of 16th October, 1892. The title of the lease became void under the Statute of Limitations by reason of the plaintiff's failure to sue for the recovery of the lands within the period of years provided in the Statute.

When there was an agreement for a lease at a rental to be fixed by arbitration in my view as soon as the rental was fixed the defendant became liable to pay the fixed rental. Having this in mind, I give the plaintiff judgment for \$5,000, a sum considerably less than the rental and unpaid taxes. This sum to be taken to cover the costs of the action and appeal.

Before Mr. Justice Cote. List of cases set down for hearing for Thursday, 9th, at 11 a.m.: Wade v. Bernsman; Little v. Walker.

GARRISON UNITS ARE RAPIDLY DISCHARGED

Discharging of men from the Canadian Garrison Regiment is going on apace, and in a few days fully a thousand men will have been struck off the strength, leaving the number of men attached to this unit at less than that number. These men will be retained for duty in the various auxiliary units, as the C. A. M. C., C. A. D. G., and for clerical duties in the administrative offices of the district.

The intention of the authorities is to make the matter of remaining in the army a volunteer one as far as possible, and with this in view, any man who returns from overseas and who still wishes to remain with the army, will be retained. The military staff state that any man who has a trade or occupation which would make him more valuable in civil life than in the forces will be discharged.

Three thousand men have been discharged in this district from the various draft-giving units since the armistice was signed on Nov. 11. There were about 7000 on the strength of the several units here at that time. About 4000 men still remain in this district.

At the Hippodrome. Dainty diminutive Mary Miles Minter, the lovely Pathe star, comes to Shea's Hippodrome next week in what is perhaps the best of her recent work, "The Marriage of Figaro."

It is a screamingly funny comedy drama and is constructed about the trials and tribulations of some honey-tongued comedienne. The comedy is a genuine offering of magic and feats of illusion. Pretentious stage invasions enhance the attractiveness of the offering. Charles Buckley and Company return next week with that mirthful attraction, "Casey the Fireman."

Capt. Burnett and son, the globe-trotting liliplupians, provoke much merriment with their unique antics, while Nichols and Wood have an act which they call a comedy in "Black and Tan." Bert and Pagies Dale, an excellent dancing novelty; the Aerial Grahams and the Pathé weekly news are also included in the bill.

Come to Gayety. Much is expected in an entertainment way of the "Maid of America" show, which opens next week at the Gayety. The management has always provided a most elaborate series of settings for his program, and it is said this season he has exceeded his usual liberal allowance in scenery, costumes and effects. Al. K. Hall heads the fun forces, ably assisted by little Bobby Barry, a splendid cast and a dashing heavy chorus of snappy singers and dancers go to make the "Maid of America" one of the best burlesque shows coming this season.

"The Romance of Tarzan"—Regent. Tarzan's offering at the Regent Theatre promises to be one of the finest this season in point of beauty of photography, realism in the presentation of jungle scenes and deep interest owing to the superb love story surrounded by the narrative, "The Romance of Tarzan." Patrons will remember the opening chapters as told in "Tarzan of the Apes" and the thrilling scenes depicted there. In the concluding chapters showing the destruction of the native village by the Regent, the elephant, and Tarzan, and the adventures Tarzan meets when he reaches civilization are equally as impressive, if not more so.

Regent Graph C. a. Havens' Lloyd comedy, Frank Bessinger and the famous Regent orchestra will complete the bill.

"Sporting Life" at the Allen. "Sporting Life," produced by Maurice Tourneur, is playing to capacity houses at the Allen. This splendid all-British story is the last word in thrills and excitement. There is a prize fight in the National Sporting

PLAYS, PICTURES AND MUSIC.

"Penrod" at Princess. "Penrod," which comes to the Princess for a week's engagement, beginning Monday evening next, was made up to play from from Booth, Parkington's famous Penrod stories by Edward E. Rose. This comedy was first produced in the past spring and has been presented in by four of the larger cities of the States—Baltimore, Washington, Philadelphia and New York—and these engagements have demonstrated that the play will equal the Penrod stories in popularity. Messrs. Klaw & Erlanger and George C. Tyler are the producers and managers of "Penrod," and they are sending the attraction to Toronto direct from New York City, en route to Chicago. The original case will be seen in "Penrod," and prominent in it are Richard Elton, Miriam Doyle, Edna May Oliver, Raymond, Andrew Lawlor, Richard Ross, Leslie M. Hunt and others. The sale of seats for the Toronto engagement of "Penrod" will open this morning at 9 o'clock.

"Oh, Boy!" "Oh, Boy!" one of the brightest and smartest of musical comedies, will return to the Royal Alexandra Theatre all next week, commencing Monday evening with matinees as usual on Wednesday and Saturday.

In it the same big cast which delighted the New York Princess Theatre audiences for two years will be seen, for the production comes to Toronto with the original cast. The performance, including Anna Wheaton, Hal Forde, Elaine Wilson, Charles Hamilton, Edna May Oliver, Augusta Haviland, Stephen Mailey, Harry Quately, Jack Raffael, Ethel Forde, Jack Merritt, Ralph O'Brien, Helen Campbell, Edna May Oliver, and the ensemble of youth, beauty and charm for which the Princess Theatre productions are famous.

Bernard Daly in "Sweet Innisfallen." When the noted tenor, Bernard Daly, appears at the Grand next week, in his famed success, "Sweet Innisfallen," theatregoers will have the first opportunity of hearing him sing "Mavis," "Foggy Dew," "Believe Me of All Those Endearing Young Charms," "Hide and Seek," "Sweet Innisfallen," and others, in his own inimitable style. The play is perfectly presented, and none but the best New York scenic artists have been employed in the painting of the production. Dramatic situation follows dramatic situation, while the strain of refined comedy runs thruout the performance.

Next Week at Shea's. Lucille Savanagh, one of America's foremost dancers, will head the bill at Shea's Theatre next week, when, assisted by Wheeler Wadsworth, Neil Craig and Winona B. Taylor, she will present her 1918 edition of kaleidoscopic dance, color and song. It is perhaps one of the most attractive offerings in the city. The cast includes Anne Cody, who is well known to need any introduction, suffice it to say that in their new vehicle, "Let's Take a Walk," they provoke a host of laughter and comedy situations.

"The Stamped Riders" is known as Lucille's wildest whirlwind western and features Fanny La Due, the world's champion woman roper. Jim and Betty Morgan in "Songs of the Old West," a bright little melodrama, while the Texas Comedy Four intersperse their really good songs with snappy comedy. Kimberley, Callahan and the "Mollys" and "Birds of a Feather," a phantasy of the forest, and the official war revue of the work of the allies complete the bill.

Loew's Next Week. "The Make-Believe Wife," starring Billie Burke, the magnetic actress of the screen, at Loew's Theatre and Winter Garden next week, is a rollicking farce comedy which presents the star in a captivating role. The Dominion Government film, "Famous Canadian Battleships in France," presents the 10th Battalion (48th Highlanders of Toronto), the heroes of St. Julien; the Nova Scotia Highlanders and the Royal Canadian Engineers, the latter featuring the vaudeville duo of MacLean and McCrae, the champion wood choppers of Australia, presenting their novel and exciting tree felling contest, will feature the vaudeville duo of Mack and Co. offering a hilarious Irish comedy, "A Friendly Call," as the added attraction. Other bookings present: Sol Bell in "The Brain Announcer"; Faye and Jack Smith in "Moloch"; La Certe; Beth Chullis, the dainty comedienne, and Dora and Feeley, the

live wire fun dispensers, and other enterprising novelties.

At the Hippodrome. Dainty diminutive Mary Miles Minter, the lovely Pathe star, comes to Shea's Hippodrome next week in what is perhaps the best of her recent work, "The Marriage of Figaro."

It is a screamingly funny comedy drama and is constructed about the trials and tribulations of some honey-tongued comedienne. The comedy is a genuine offering of magic and feats of illusion. Patrons will remember the opening chapters as told in "Tarzan of the Apes" and the thrilling scenes depicted there. In the concluding chapters showing the destruction of the native village by the Regent, the elephant, and Tarzan, and the adventures Tarzan meets when he reaches civilization are equally as impressive, if not more so.

Regent Graph C. a. Havens' Lloyd comedy, Frank Bessinger and the famous Regent orchestra will complete the bill.

"Sporting Life" at the Allen. "Sporting Life," produced by Maurice Tourneur, is playing to capacity houses at the Allen. This splendid all-British story is the last word in thrills and excitement. There is a prize fight in the National Sporting

Club in London, a sensational kidnapping of the Derby favorite and a thrilling horse race at Epsom Downs.

The picture has been produced in Maurice Tourneur's masterly style, and contains all of the elements necessary to a wonderful production.

Double Bill at Strand. The big double bill of Christie Chapman in "A Dog's Life" and Emmy Wehlen in "His Bonded Wife," which has been attracting large and enthusiastic crowds to the Strand, will be continued through this week. In "A Dog's Life," the king of the screen is seen at his very best, and this exclusive return engagement for Toronto has been fully appreciated. "His Bonded Wife," a splendid medium for charming Emmy Wehlen, is a tense story of the problem of a wife who has deceived her husband. A further attraction is a fine one-reel film showing a visit of the King to the Grand fleet.

For today, tomorrow and Saturday Clara Kimball Young in "The Savage Woman," her latest Select picture, will have the attraction of the Madison Theatre. The heroine is a savage woman, born and bred in the wilds of Africa, who is suddenly transplanted to Parisian life with startling results.

Never before in the course of Miss Chapman's appearances in Toronto has the advance sale been as large as on this occasion. He will be heard in Massey Hall Tuesday evening next and already a very large audience is assured. Massey Hall is a big place to fill and there remain many very choice and desirable reservations, but those who expect to attend, this exceptional musical treat will do well to arrange for seats as early as possible. A noticeable feature in connection with the advance sale is that a large number of purchasers are known to be of the unmusical public. But to them, as well as to those familiar with the highest class of music, Elman always makes a strong appeal.

Godowsky Engagement Cancelled. The management of Massey Hall have been advised by cable that Godowsky, the famous pianist, has been taken ill at Los Angeles, Cal., and will there be unable to fulfil his engagement at for Friday, Jan. 17.

Five Renowned Artists. In presenting two such artists as Mme. Tarnal and Maurice Dambros, the Women's Musical Club provides an evening of music that, it is said, will be among the most popular events of the club as devoted to the best interests of the community, and in this case he will proceed to the city and take his place in the National Sporting Club.

Why Burlington Suffers.

The Town of Burlington, Ontario, has had no passenger service from the Hamilton Electric Radial Railway Co. for a month past.

But the Dominion Railway Commission as safeguard, nobody, may advise, exploit or coax the railway company to do its duty, but it cannot make that company do anything it does not want to do.

When the Laurier government, 12 years ago, switched so many of our local radial railways from provincial to Dominion jurisdiction, it knew perfectly well of this joker in the Dominion Railway Act.

Every year the United States Interstate Commerce Commission requests and obtains all needed legislation. The attorney-general of the United States, with his district attorneys, his deputy marshals, his agents and experts of every kind, is bound to see to it that the orders of the interstate commerce commission are obeyed.

This fatal weakness in our constitution, this fatal inability of the federal government to enforce federal law, was brought to the attention of the house and country twelve years ago by W. F. Maclean, M.P. for South York, in a speech in the house of commons, wherein he showed how the U.S. Interstate Commerce Commission and the U.S. Government were required to enforce the orders of the commission.

The commission is hereby authorized and required to enforce the provision of this act. He showed that all the circuit courts of the United States were armed with authority to punish violations of the Railway Act and proceedings for this purpose did not have to be instituted by municipalities or persons aggrieved, but it was provided that:

It shall be the duty of the several district attorneys of the United States whenever the attorney-general shall direct, either of his own motion or upon the request of the interstate commerce commission, to institute and prosecute such proceedings.

The American Railway Act has sharp teeth; ours apparently has no teeth at all. The fundamental weakness of our system lies in the failure of the federal government to enforce federal law.

ness of our system lies in the failure of the federal government to enforce federal law. This has been pointed out over and over again during the past twelve years in the house and in the world. The people of Burlington probably see the point by this time and we submit that it is high time for the Dominion Railway Commissioners to see it.

A Non-Intervention Policy.

There appears to be no doubt that the policy adopted and being carried out by the entente allies is one of non-intervention in Russia, Germany and Austria.

The effect will undoubtedly be to stimulate the forces of disorder. The Bolshevik movement in Russia and Germany is the greatest peril that civilized humanity has suffered from, greater even than the German peril.

The threat to other nations than Germany and Russia is a dire one. New York is already struggling with the problem. The pamphlets circulated in Toronto by underground means indicate the existence here of devotees of the same policy of murder and piracy.

The withdrawal of allied authority or the refusal to lend assistance to Russia and Germany, simply means that the revolution there is to be allowed to take its bloody course. Whether we stand consenting or turn our backs and look the other way, we cannot escape the responsibility that rests on the common humanity of all nations of men.

A good deal of stress is laid by some observers on the natural qualities of the German people, their aptness for law and order, for respect for authority, and their dislike of chaos. It is impossible, however, to judge the present situation by what may have been the normal temperament of the German people.

MURDERER WAS INSANE, SAYS TORONTO DOCTOR

Port Arthur, Jan. 8.—A voice told him to kill, kill, and when he heard it he was powerless, from want of self-command, to resist, so he killed the man, said Dr. Baerman of Toronto, a physician specially qualified in diseases of the mind, in the trial of Romeo Pe, for murder, at the assizes here this morning.

BULGARS DESPOILED RUMANIAN PROVINCE

Salonica, Jan. 8.—In evacuating the Black Sea port of Constanza, in the Rumanian Province of Dobruja, the Bulgarians took with them many trains loaded with furs, objects of art and other valuables from the houses of wealthy people, especially from rich Greeks of Constanza, according to advices received by the Greek press bureau here.

Winnipeg Stock Yard Men Ask A. G. Hawkes to Retract

Winnipeg, Man., Jan. 8.—Members of the live stock exchange held a special session this afternoon to decide if legal action shall be taken against A. G. Hawkes, who is alleged to have made the charge that there is grafting in the Winnipeg stock yards. The statement is said to have been made during an address delivered by Mr. Hawkes Tuesday in addressing the stock breeders' convention at Brandon. Members of the exchange demanded that he make a retraction, saying the charges are absurd.

I DUNNO WHICH IS WORST

IDA SPEAKS OF RECONSTRUCTION

By IDA L. WEBSTER.

A few nights ago we heard a very learned man speaking on the question of reconstruction. He was not only an eloquent speaker, but one who had the happy faculty for driving the facts home to you; but you can imagine what surprised many of his audience heard him when he said: "That the first and most vital step of reconstruction was education."

Somehow or other people seem to have fallen into the habit of thinking that reconstruction means nothing more or less than rebuilding and re-starting the wheels of commerce. There have been many numbers of associations formed for the purpose of reconstructing not only the City of Toronto, but the world at large; but we have not heard of any of them who have taken steps to educate the children of Canada at a stepping stone to the larger things.

Yesterday we took the trouble to go among some school children, and their utter ignorance was absolutely appalling. We spoke to two boys who were in the senior third grade, and both of them used the word "ain't" persistently. Not only that, but they did not have the faintest idea when "them" should be used and when it should be substituted for "those."

As for their knowledge of the history of the country, or even the ideas of the war, which has just ended, it was terrible. They might just as well have been in a foreign land in Honolulu, in fact, a lot better, because then they would not be supposed to know anything of Canada or anyone in it.

With regard to the children whom we have just mentioned, we might say that such a copy of the world beyond the gates of reason. Any child who is in the senior third grade at any public school should know enough to use at least such words as "English." If they do not, then there is something radically wrong with the system now in vogue in the schools.

NEW RAILWAY FUEL

Ottawa, Jan. 8.—The council for scientific and industrial research has been gathering information in regard to the use of pulverized fuel by railroads. The use of pulverized fuel by railroads will be issued by the research council indicating the potential Canadian development of the use of pulverized fuel.

HAIG'S TRIBUTE TO MARSHAL FOCH

Past Undimmed by Any Hint of Discord or Conflict of Interest or Ideals.

201,000 PRISONERS

Fifty-Nine British Divisions in Three Months Defeated Ninety-Nine of Enemy.

London, Jan. 8.—Field Marshal Sir Douglas Haig, in his report on operations from the end of April until the end of hostilities, pays a high tribute to Marshal Foch, commander-in-chief of the allied armies. In concluding his report the field marshal wrote: "At the moment when the final triumph of the allied cause is assured we and all others of the allied and associated armies can look back on the years that have gone with satisfaction undimmed by any hint of discord or conflict of interest and ideal."

Loyalty to the Cause. "If the complete unity and harmony of our action is to be ascribed to the justice of our cause, it is due to the absolute loyalty with which that cause has been pursued and all those entrusted with the control of the different allied armies, which fought side by side with ours, which is the basis of our success." "The grand plan of the campaign laid down by the allied high command. At the close of operations, the report declared: "In the decisive contests in the period covered by the report, the strongest and most vital parts of the enemy front were broken, and his lateral communications were cut, and his best divisions were fought to a standstill."

Took 187,000 Prisoners. "On the different battlefronts the British took 187,000 prisoners and 287 guns, bringing the total number of prisoners captured during the year to over 201,000. These results were achieved by 59 fighting British divisions, which fought the battle, engaged and defeated 99 separate divisions of the Germans. When the armistice was signed by the enemy, his defensive powers had already been definitely destroyed. Continuation of hostilities would have meant only disaster to the German armies, and an armed invasion of Germany."

Retaking of Canadians. Describing the battle of the Scarpe and the work of Monchy-le-Preux last August, Field Marshal Haig says: "The Canadian corps, consisting of the 1st Canadian Division, commanded by Gen. Currie, on the right of General Horne's first army, attacked the German positions astride the Scarpe River with the second and third Canadian divisions commanded by Major-Generals Bursell and Lippincott, respectively. This attack, on about a 5 1/2 mile front, closely supported by the third army's left, was highly successful. By noon we had taken Wancourt and Gueudeville and had stormed the hill and village of Monchy-le-Preux. The latter position was of great natural strength and well organized for defence and commanded observations of much importance."

POLES DEFEND LEMBERG WITH UTMOST TENACITY

Warsaw, Jan. 8.—Stiff fighting still continues around Lemberg, where the poles are defending themselves tenaciously against the Russians. The water and electric supplies of the city have been cut by the besiegers. Bloody hand-to-hand fighting has occurred daily in the city. Virtually all the available troops of the Polish army have been sent to Lemberg in an effort to save that city. Some 20,000 forces were said to be present at the city, many being assisted by many civilians, men, boys and women. The civilians are dressed in military uniforms and helmets left behind when the Austrians retired from Lemberg.

GERMANY PAYS IN GOLD U. S. ARMY'S EXPENSES

Coblenz, Jan. 8.—Ten million marks arrived here from Berlin on Monday by special train, this sum being the first payment by the German government of the 25,000,000 marks due in the settlement of expenses of the American army of occupation. The arrival of this shipment makes a total of 64,000,000 marks which has been turned over to the American authorities for the current expense of the occupying forces.

LABOR MEN OF ALBERTA VOTE FOR PROHIBITION

Medicine Hat, Jan. 8.—The Alberta Federation of Labor has declared unequivocally against any modification of the prohibition legislation in this province. A resolution introduced by the brewery workers' union of Calgary asking for endorsement of the resolution passed at the Quebec convention for 2 1/2 per cent. beer, was rejected by a vote of 45 to 37 at the Tuesday morning session. The resolution of the Vancouver trade union council consenting to intervention in Siberia was carried with one dissenting vote.

WILL ENTER ITALIAN SERVICE.

Madrid, Jan. 8.—Two Austrian steamers which have been interned in the harbor of Vigo, according to El Mundo, will leave shortly for Genoa, having been put into the service of the Italian government.

BRIG.-GEN. CRITCHELY SAILS.

New York, Jan. 8.—Brig.-Gen. A. C. Critchely of Winnipeg, said to be the youngest officer of his rank in the British army, returning to the front after a mission in Canada, sailed on the Carmania today with several other British officers.

100% SANITARY. Germs flourish in the seams and joints of ordinary milk-pails. No matter how carefully you scald and cleanse, you never can be quite sure that some crevice does not harbor a colony which will make trouble later on.

EDDY'S INDURATED FIBREWARE MILK PAILS. are 100 per cent sanitary, because there are no joints or seams to clean. They are made in one piece, from wood pulp, under tremendous hydraulic pressure. The hard, glazed surface is baked on at high temperature, and is absolutely impervious to liquids.

LEAVINE ARRESTED BY TROTZKY'S ORDER. Premier Wished to Effect a Coalition With the Moderate Party. Copenhagen, Jan. 8.—Nikolai Lenine, the Bolshevik premier of Russia, has been arrested at the command of Leon Trotsky, minister of war and marine, who has made himself dictator, according to a Moscow despatch to the Gothenburg, Sweden, Gazette.

Major-Gen. Hemming Dies On Day He is Promoted. Kingston, Jan. 8.—Major-General T. D. F. Hemming passed away at his residence this morning at 10.30 after a brief illness. He had only recently retired from the command of military district No. 5, having been succeeded by Gen. V. A. B. Williams.

QUEBEC G.W.V.A. MASS MEETING. Quebec, Jan. 8.—The local branch of the Great War Veterans held a mass meeting yesterday evening to discuss the employment of the men returning from overseas. It was decided to ask for the co-operation of both the federal and provincial governments to this end.

QUEBEC MANAGER SUICIDES. Quebec, Jan. 8.—Michael Donnelly, local manager for the Canadian Northern Express Company, suicided early today in his office at the C.N.E. station this city, by blowing out his brain with a revolver. He was married and the father of a number of young children. He had been ailing for quite a while.

An Amazing Story Of Russian Court Life. COMMENCING in the next issue, Sunday, Jan. 12, The Toronto Sunday World will begin the publication of the most startling and interest-holding stories of European court life ever published in Canada.

The series of biographical articles tells of the intimate life of the ex-czarina. This Bavarian princess found herself in love with a man outside of the royal purple. Finding his adored of royal blood he committed suicide. Thus begins the most romantic and adventurous life of any woman who ever sat upon a throne in modern times.

How the princess came to marry the late czar against her will forms a pivotal episode in the story. The second episode of the ex-czarina's career was her series of adventures in Rome and Vienna in company with the ex-wife of the King of Saxony. Readers will agree that it was an interesting time that the pair had.

The biography is edited by William Le Queux, the famous expert on court intrigue, espionage and secret lives of royal personages. The narrative grips the attention from the beginning and sustains the interest of the reader until the end. Its authenticity is vouched for.

This series begins in the next issue of The Sunday World, and to miss it is to miss a startling narrative which reads more like fiction than truth.

Street Car Tickets

Since the price of street car tickets is like the price of postage stamps, in that it is not subject to fluctuation, one runs no risk of losing anything by laying in a stock of them. They will never be any cheaper; they will not deteriorate.

In many cities where the P-A-Y-E cars are operated tickets are unknown; the fares are in cash. In this city the purchasing of tickets, the making of change and the issue of transfers when they occur in the rush hours on crowded cars take up considerable time, and therefore delay passengers when the transactions have to be made at the car door.

On this account, it is respectfully suggested that passengers might supply themselves with tickets at a time when there is not a line of other passengers behind them waiting to enter the car.

A little thoughtfulness in this respect would help materially in making the pay-as-you-enter service a success.

STILL DEMONSTRATE OWING TO DELAY

War Office Precincts Invaded by Soldiers in Lorries and on Foot.

REMINDED WAR IS ON Press is Sympathetic, But Warns Men That They Are Not Acting Advisedly.

London, Jan. 8.—Soldiers objecting to delay in the demobilization of the British army engaged in further demonstrations today.

On the sides of the lorries were signs reading "Get a Move On," "Give Us our Tickets," "Get on With It, Lloyd George" and other similar sentiments.

The press is generally displaying full sympathy with the troops, but does not hesitate to tell them that they are acting inadvisably in taking the present course.

INFLATION CHARGES AT PAPER ENQUIRY

Publishers Seeking Reduction of \$19 for Newsprint in Rolls.

Ottawa, Jan. 8.—The first day's session of the adjourned sittings of the paper control tribunal was remarkable chiefly for charges of cost inflation made against the paper manufacturers by W. N. Tilley, counsel for the publishers, who ask the tribunal to reduce the cost of newsprint from \$9 to \$50.

ALLOW FREIGHT CARS TO CROSS LINE TO U. S.

Montreal, Jan. 8.—Of great interest to Canadian exporters to the United States is the announcement that Canada's freight cars after being kept in Canada's own "yard" for fourteen months by the Canadian railway board, will once more be allowed away from home across the boundary into the United States.

War to Peace

THIS Announcement is made by the Dominion Government—made now because it feels that every Canadian wants to know, and is entitled to know, just what plans it has made to meet the problems that face the country.

From day to day the Government will use this space to explain what it is doing to bring back our soldiers, to ensure the comfort of their dependents, to keep the whole nation busy and prosperous.

The problem is to take back our soldiers and war-workers into our social and business life under proper working and living conditions. It has four phases:

- 1. To bring the soldiers home.
2. To fit those who have suffered overseas for useful employment.
3. To have ready for every soldier and war worker an opportunity for employment.
4. To assure for them proper living and working conditions.

The plans of the Government are such as will help solve these problems. What those plans are will be reported to you in this series of announcements.

(Signed) J. A. CALDER, Chairman. The Repatriation Committee OTTAWA

NORTHLAND STAFF SATISFIED TO STAY

Officer Who Brought Troops Home Says He Would Continue Work.

Ottawa, Jan. 8.—The feature of today's evidence in the hearing being conducted by Justice Hodgins into the White Star liner Northland was a statement by Major W. C. Westmore, officer commanding the conducting party on the ship, that he and his staff would be well satisfied to continue attached to the Northland as long as she remained in the business of transporting troops home to Canada.

As the outdoor congregation recited the Lord's Prayer it was noted that Capt. Archibald Roosevelt stood directly behind the clergyman at the head of the grave, while to the left and quite alone was former President Taft, the colonel's life-long friend.

Bank of Commerce Advances Again—Bank Shares in General Strong.

Heavy trading in both the 1937 maturities of the Canadian war loans, a further advance in Bank of Commerce shares, and good buying support for smelters, resulting in a fair-sized rally, provided the interest in yesterday's single session of the Toronto Exchange adjustment for the day being made at noon as a mark of respect to the memory of Col. Roosevelt.

All the bank shares traded in solid around the highest prices of the current movement, but it remained in the hands of the bank definitely into new ground at 214-4, an advance of 21-4. There has been surprisingly little profit-taking, despite the sharp return in practically all bank stocks in the past few weeks, and a continuation of the upward trend is indicated.

TONE IMPROVED IN NEW YORK MARKET

Tobaccos, Sugars, Leathers, Oils and Motors, Are Most Prominent.

New York, Jan. 8.—Specialties again attracted the interest in today's active stock market, also operations were suspended for the session at 12:30 o'clock, as a mark of respect to the memory of Theodore Roosevelt. Trading ran mainly to tobaccos, sugars, leathers, oils and motors in substance, stocks of the so-called peace variety, but also embraced high-grade specialties of no particular consideration such as Sears-Roebuck, Woodward and Lothrop Co., Kaiser's, and so on.
