ROSEDALE APARTMENT HOUSE

WEDNESDAY MORNING SEPTEMBER 10 1919

VOL. XXXIX.—No. 14,182 TWO CENTS

PROBS: Moderate northerly winds; mostly cloudy and cool.

PARLIAMENT HEARS IMPORTANT SPEECHES ON PEACE RATIFICATION

DIRECT ACTIONISTS AT LABOR CONGRESS

Delegates Vote to Refer Back a Portion of the Preliminary Committee's Report Despite President's Warning.

London, Sept. 9.—Co-operation with international laborers in their campaign to procure Germany's admission to the league of nations, and for an immediate revision of the harsh provisions, which are inconsistent with the statements made on behalf of the Allies at the time of the armistice, was overwhelmingly pledged today by the Trades Union Congress in session here.

Williams and Frank Hodges, the "big three" of the direct-actionists, Mr. Smillie accused the committee of denying to organized labor the opportunity of expressing its attitude on the question.

Mr. Williams denounced Winston Spencer Churchill as a Gallipoli gambler and plumb-beck Napoleon.

Chairman Bunting characterized the trade unionists in Russia today," he added, "are fighting battles in behalf of socialists for the whole world."

Winnipeg, Sept. 9.—While visiting the Tuxedo Military Hospital today, H. R. H. the Prince of Wales actually became a patient for 15 minutes.

Somebody's hearty grip numbed Prince's right hand. Royal Visitor Has It X-Rayed With Reassuring Result.

Winnipeg, Sept. 9.—John Mitchell, former president of the United Mine Workers of America, and one of the most widely known labor leaders in the United States, died at 5 o'clock at the Post Graduate Hospital.

Noted labor leader is dead in New York. Never in history of Western Metropolis have such scenes been witnessed.

Winnipeg, Sept. 9.—Winnipeg, at ease with color by day, splendid in the brilliancy of its electrical illumination by night, and pulsating with the enthusiasm of the thousands of its citizens, welcomed today H. R. H. the Prince of Wales. It was an immense greeting.

Never in the history of the city have such crowds been seen as those which packed Main street from the Canadian Pacific Railway station to the city hall, and overflowed beyond, or those which thronged Broadway and packed itself a seating matter of humanity, on to the university campus.

Winnipeggers of all grades of society, of all classes and conditions were determined to see the prince, the heir to the throne, who has endeared himself to every Canadian since the day he set foot on the soil of the Dominion by his lovable, unassuming disposition, and they flocked in their thousands to every point that afforded opportunity to witness the personality of the youthful heir to the mightiest empire of modern days that was the attraction.

DATE FOR ELECTION SAME AS REFERENDUM SAYS ALD. RAMSDEN

Announcement Not Given by Prime Minister, But From Source Beyond Doubt—Hartley Dewar Urges Speedy Organization of Liberals.

London, Sept. 9.—The admiral has given orders that the home fleet of battleships stationed at Portland, and the fourth and fifth destroyer flotillas, be reduced to reserve basis on October 1.

The reconstructed fourth destroyer flotilla and the second light cruiser squadron, fully manned, will join the Atlantic fleet.

The submarine flotillas attached to the Atlantic fleet will be reduced to three, namely, seven each of the K, L and H classes.

Gunn Not Heard Last of Strike. Crown Probably Decided to Prefer Charge Against Labor Leader.

There is likely to be a somewhat startling development today in connection with the strike of electrical workers and the consequent hold up of the street railway cars for over four hours last Wednesday evening.

The railway company place the blame on John Gunn, the organizer of the Electrical Workers, while Mr. Gunn in his turn shifts the responsibility to the shoulders of Mr. Fleming and his company.

Between the two bodies to the dispute the public were put to great inconvenience and expense and so great has been the indignation that the law authorities of the crown were induced to inquire into the matter with a view of instituting proceedings against the organization they considered guilty of the responsibility for the strike.

The collection of evidence and the sifting thereof for the production of facts has taken some time and as the law on some of the points involved is somewhat doubtful, the whole matter has caused the responsible law officials considerable anxiety and thought.

The World is, however, in a position to state that the crown authorities will in all probability today issue a summons against John Gunn, the Electrical Workers' organizer, and thus give him an opportunity to refute the charge that his is the responsibility for the strike.

No individual has sworn out information against Gunn, the legal authorities are acting on their own initiative to fix the responsibility.

James T. Gunn, manager for the Electrical Workers' Union, stated yesterday afternoon that he welcomed any effort to have the now famous electrical workers' strike of Exhibition street investigated, no matter from what angle.

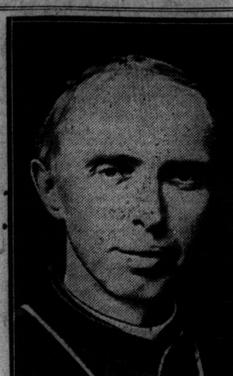

"The facts have all been laid before the people," he said, "and I am content to await the results of any investigation. My only fear is that it will never come off."

G.W.V.A. Executive to Meet Premier Borden on Saturday. Special to The Toronto World.

Ottawa, Sept. 9.—Members of the government and members of parliament are being flooded with telegrams from soldiers' organizations all over the country insisting upon the appointment of a commission to enquire into a broader and better scheme of civil re-establishment for the returned men.

The executive of the G.W.V.A. were here today and saw a number of the ministers and have arranged for a meeting with Sir Robert Borden next Saturday.

While there is a strong demand for the gratuity, the point now pressed upon the government is the appointment of a parliamentary commission to reconsider the whole question of civil re-establishment and financial aid to the veterans.

CARDINAL MERCIER. The metropolitan of Belgium, arrived in America today, being given an enthusiastic reception. He is expected he will visit Canada soon.

MINERS MUST PRESS FOR FULL DEMANDS NOW WAR IS OVER

Acting-President of United Workers Warns His Hearers Against One Big Union.

Cleveland, Sept. 9.—Demand for wage increases and shorter hours, strong insistence that these claims which had been deferred during the war could no longer be delayed, but must be forced thru to a successful issue, dominated the deliberations of the opening session of the convention of the United Mine Workers of America here today.

Over two thousand delegates from the United States and Canada, constituting the largest miners' convention in the history of the organization, applauded the declarations of Acting-President John L. Lewis, that with the war practically over, the miners could no longer be bound by wage agreements, concluded for the period of hostilities, but must press demands which would have been pressed to a decision long since had it not been for reluctance to embarrass the government during the war.

His declaration that no interference could be tolerated from any agencies seeking to prevent the accomplishment of the miners' program, was received with the same enthusiasm as was his expression of fullest confidence that the miners' efforts would be successful even in the face of strong opposition and public criticism from various quarters.

Second only to wage demands in evoking applause were references made by President Lewis to the high cost of living.

Nationalization of Mines. The question of the nationalization of coal mines, on the other hand, was evidently a question of less burning interest to the delegates, who listened to references in which it was declared the present Congress would be unable to give serious consideration in the presence of more urgent problems.

Discontent was heard when President Lewis denounced the I. W. W., the one big union, and similar movements as based upon "fantastical ideas of misguided enthusiasts and mercenary enemies of the trade union movement" and "day dreams of visionaries."

President Shea of the Brotherhood of Locomotive Firemen and Engineers, as expected, brought in the question of the nationalization of railroads, evoking rounds of applause, showing that the miners' program was being thoroughly in accord with his demand for united support to force thru the Plumb plan for nationalization.

He declared that in some form or other, the Plumb plan was ultimately bound to be accepted.

President Stone of the Engineers' Brotherhood suggested joint political action as the best means for labor to enforce its demands, and secure improved conditions of labor.

Strikes, he said, were all very well in their way, but the best place to strike was at the ballot box.

SOMEbody's HEARTY GRIP NUMBED PRINCE'S RIGHT HAND

Royal Visitor Has It X-Rayed With Reassuring Result --Soreness Developed After Toronto Reception --Mayor Church Not Officially Blamed.

All honor to him, as the future head of the great combination and people, but associated with this there were those persons characteristics of the prince which made him a follower of Sir John A. Macdonald, and no man had ever more jealously guarded Canadian autonomy than the great Conservative chief.

Messrs. Lucien Cannon and Charles Gauvreau, Liberal members from Quebec, and the conservative speaker of the day's discussion and Captain Peter McGibbon, Unionist member for Muskoka, applauded the debate.

Mr. Lapointe in resuming the debate this afternoon resented the charge that the Liberal government had taken too much time. He said that the members on both sides should read the treaty before voting for its ratification.

He said that the Canadian parliament was necessary. It would be, in his opinion, an idle and unimportant ceremonial to admit that the treaty was not and would not be submitted to the British parliament for ratification.

Mr. Lapointe said that on the whole he approved of the treaty and the league of nations, also some articles of the constitution which the league might be open to objections.

Debate is important. The present debate, he said, was important mainly because the government claimed that the status of Canada had been changed by the ratification of the peace treaty.

Mr. Lapointe continued, "Changes a colony into a nation then India must be a nation because the same time the treaty and the self-governing colony of Newfoundland is not."

Referring to the coming constitutional conference, Mr. Lapointe contended that the government should first consult parliament. It was not fair for the prime minister to bring back a cut and dried agreement. He did not think any change should be made in our constitutional arrangements with the mother country until such changes were approved by the people at a referendum.

Admittance by Rowell. Hon. N. W. Rowell admitted that the ratification of parliament was necessary. The treaty-making power was in the King, but there could be no objection to the King asking that the treaty be had since it had been approved by parliament.

He could not understand why Liberals should object to a democratic step forward. They seem to think we were still a colony and Judge D. D. McKenzie was the Rip Van Winkle of Canadian politics."

Mr. Rowell called upon Lapointe to explain how he would improve the status of Canada, but the latter replied that when the government is prepared to go to the constitutional conference he would be glad to give them the benefit of his views. At present they were claiming that some change in Canada's status had been accomplished, and they should do the talking at this time.

Hon. Jacques Bureau: "It's up to them to explain."

### PRINCIPALSHIP EMPTY

Inspectors Say High School Staff Appointment Null and Void.

Sensational action has been taken by Chief Inspector R. H. Cowley and the board of public school inspectors in relation to the returned soldier appointment issue. Instead of waiting for a vacancy to be created by the removal of Principal Morrison from Pape Avenue School to afford a vacancy for the soldier-teacher, Mr. J. Vallantyne, the inspectors have boldly called upon the management committee to appoint the gallant ex-C.E.E. officer to the principalship of Pape Avenue School, which the public school inspectors regard as vacant owing to the legal irregularities of the appointment of a high school staff man to the principalship. If this recommendation is adopted by the management committee, it will close the war between the public school assistant masters and the trustees, who supported the appointing of the high school man over their heads.

Behind Assistant Masters. Eminent authorities on educational conditions in Ontario endorse the claim of the Toronto public school assistant masters that it is in the best interests of the public school system that principals should be teachers who are essentially public school teachers, and that the appointment of an assistant master of a collegiate to a public school principalship is unprecedented in Toronto, a breach of the basis of the agreement between the public school teachers and the board would be a handicap for a public school staff and pupils.

Another brace of surprises for the management committee presented to them by the board of public school inspectors tells the trustees plainly that they are not up to their job. Presented in writing and signed on behalf of the board of inspectors by R. H. Cowley, the management committee is told that "it would have been of wider benefit to the public schools had the board seen fit to adopt in their entirety the recommendations of June 26, which provided for the reappointment of all the returned soldier teachers belonging to the Toronto public school staff."

No Change Possible. The inspectors also tell the manage-

ment committee that no change should be made in the principalship of Orde Street School and resubmit a portion of the recommendation of June 26 for adoption, as follows: J. A. Hill, acting principal of Frankland School, to be reinstated as principal of Palmerston Avenue School. M. Holmes, acting principal of Palmerston Avenue School, to be reinstated as principal of Hillcrest School. G. E. Rudge, acting principal of Hillcrest School, to be reinstated as principal of Cottingham Street School. That Miss Jessie McGregor be transferred from the position of acting principal of Cottingham Street School to the position of principal of Sackville Street School.

### JURYMEN SEEK BETTER ALLOWANCE

Want \$5 Per Day—Say \$3 Will Not Pay Keep.

Sessions jurymen are up in arms against the allowance of \$3 per day, claiming that it is insufficient to pay the hotel bills of those who are here from York county. What might have been considered ample at one time is not so regarded now with the purchasing power of the dollar diminished and the jurors are advocating an allowance of \$5 per day. It is understood that it was contemplated to present a petition to the judge this morning, but this, in the light of information obtained yesterday, that the matter had been sent to the board of control, will not now be followed, it being decided to petition the board instead.

A deputation waited yesterday afternoon on the board, according to Mr. Frank Kendal, was sympathetic, but referred them to Finance Commissioner Bradshaw, Judge Coatsworth and Justice Meredith. Mr. Bradshaw, it is stated, said a report had been presented to the board of control 10 days ago but nothing had been done with it yet. York county council is reported favorable to the claim.

### CITY COUNCIL TO MEET.

A special meeting of the city council will be held on Thursday afternoon, when the questions of Rosedale stadium, civic employees' salaries and the schools by-law will come up.

### TRUE BILLS RETURNED.

The following true bills were returned by the grand jury yesterday: Robert Thompson and John Sterling, assault on a police officer; Ronald Wills, criminal negligence.

### SAFETY LEAGUE MEET AT LUNCH

Seventy-One More Industrial Concerns Admitted to Membership.

The regular luncheon meeting of the executive committee of the Ontario Safety League was held in No. 1 committee room of the board of trade yesterday at 1 p.m. Those present were: Messrs. E. P. Heaton, A. P. Costigane, H. H. Couzens, C. A. Campbell, J. T. Burke, A. B. Ingram, P. P. Hamby, F. L. Hubbard, Arthur Hewitt and B. Morley. A. B. Ingram, vice-president, occupied the chair.

After the ordinary routine business and correspondence was disposed of the secretary reported on the formation of the new bulletin committee, composed of representatives from industries throughout Ontario, under the chairmanship of Mr. J. T. Burke, chief inspector of factories. The report of the judges in the school essay contest was received, as well as the report on the cartoon contest, which latter will be made public in a few days. The executive committee authorized a special contest for safety essays from men and women in industry. This should arouse much interest as the league has excellent facilities for reaching those employed in industrial plants in this and other provinces. A special sub-committee has this contest in hand.

H. C. Cox, president and general manager of the Canada Life Assurance Company, was elected to the executive committee to replace the late A. W. Wright of the Workmen's Compensation Board, according to R. B. Morley, general manager of the league, will go to Cleveland on the first of October as the representative of the league at the safety conference.

Seventy-one industrial concerns were admitted to membership in the league.

### SENTENCED IN SESSIONS.

Walker Richmond, a former employee of the G.T.R., appeared before Judge Coatsworth in the sessions yesterday charged with the theft of a quantity of butter from his employer. He pleaded guilty and was sent to the jail farm for 30 days.

### LOYD HARRIS RETURNING.

London, Sept. 9.—Lloyd Harris, chairman of the Canadian Trade Mission, is returning to Canada shortly. Secretary Young is also sailing. Several changes of the personnel of the mission are likely shortly.

### MORE PAY GRANTED TO DENTAL CORPS

Ottawa has authorized increases to army pay applicable only to commissioned ranks of the medical and dental corps. Certain warrant officers and N.C.O.'s performing technical duties will also receive increases if approved by militia headquarters. The old rates were as follows:

	Pay	Field Subst.	Allow.	enoc.
Colonel	\$5.00	\$1.50	\$1.70	\$1.70
Lieut.-Colonel	5.00	1.25	1.70	
Major	4.00	1.00	1.70	
Captain	3.00	1.00	1.70	
Lieutenant	2.00	1.00	1.70	

No Change in Allowances.

There is no change in the field allowance or in the subsistence in the new scale, but there is a substantial increase in the pay. The following is the new scale of pay: Colonel, \$12; lieutenant-colonel, \$10.50; major, \$8.25; captain, \$6, and a lieutenant \$3.

Certain warrant non-commissioned officers and men of these services, who are performing technical duties, may, with the approval of militia headquarters, receive increased rate of field allowance, not exceeding \$1 per day for warrant officers and 50 cents a day for N.C.O.'s and men.

### HIGHER SCALE FOR EMBRYO TEACHERS

Soldiers Taking Special Instruction Are Given an Increased Allowance.

The soldier teachers in training who are taking the special courses offered by the Ontario department of education, have, thru the efforts of Hon. Dr. Cody, had their per diem allowance for expenses increased, most of their federal gratuities having expired. The men took up the matter with Major Eric Harris, who organized the courses and placed before him a suggested scale of increases.

### Passed by Government.

The new scale, which has been passed by the government, increases the allowance of single men from \$1.83 1-3 to \$1.66 2-3 per day; married men without children, \$2.33 1-3 to \$2.33 1-3; married men with one child, \$2.50 to \$2.16 2-3; with two children, \$2.66 2-3 to \$3.43 1-3; with three children, \$2.83 1-3 to \$2.83 1-3, and with four children, \$3 to \$2.75 2-3. There is also provided for each child more than four an addition of 23 1-2 cents a day, as against 16 2-3c. The new scale came into operation on Monday last. There are about 120 men affected.

### HELPING FARMERS OF NORTH ONTARIO

Provincial Authorities Purchase Cattle, to Be Resold at Cost.

The settlers in the northern parts of Ontario are faced with the somewhat unusual situation of having more foodstuffs on their hands than they have any immediate use for, and as the demand for milk and other dairy products is increasing, they are desirous of extending their dairying activities as much as possible.

With a view to enabling the farmers in the northern country to take advantage of the exceptional supply of foodstuffs and to keep pace with the demand for dairy products from the Port Arthur, Fort William and other growing centres, the Ontario department of agriculture, co-operating with Hon. G. Howard Ferguson, who has charge of the northern development branch, is arranging to send a number of carloads of milkers into the north for re-sale to the settlers at cost.

### On Joint Lien Notes.

In the case of many of the settlers the question of capital expenditure to secure additions to their herds is a big handicap. In order to meet this situation Mr. Ferguson, vested with powers under the northern development act, has arranged to provide for purchase of cattle by the settlers on joint lien notes at six per cent. payable in one year.

C. F. Bailey, agricultural commissioner, stated yesterday that all the cattle required are being bought in older Ontario. He is directing the purchase and says the stock can be obtained in this province on just as favorable a basis as in western Canada.

### WILLS AND BEQUESTS

Mrs. Julia Ann O'Neill, a widow who died intestate at Pelham, left an estate valued at \$6,671 which will be equally divided among seven children.

Miss Alice J. Hale, who died intestate at Haliburton, left an estate valued at \$5,691, which will go to his widow and four children.

Five children and his widow will inherit the estate of Henry F. Layden, a grocer, who died in Toronto on April 15. The estate is valued at \$5,000.

### MAYOR WILL NOT ENTER POLITICS

"At the present time I am not thinking of running against Hartley or anyone else," was the statement of Mayor Church last night when asked regarding the report that he would oppose the Liberal leader in South-west Toronto. A petition is said to be in circulation asking his withdrawal to take the field in this constituency at the provincial election.

Mayor Church, however, judging from the interview last night, considers he has enough at hand at the city hall at present without entering the legislature.

### THIRTEEN APPLY AS BUSINESS MANAGER

Thirteen applications for the new post of secretary-treasurer and business manager of the board of education have already been received. Today is the last day on which applications can be sent in, and several more are expected before the time is up. The names of the different applicants have been kept secret, rumor has it that certain well-known men in the city are after the post. The name of Dr. Horace L. Brittain has been heard in this connection. Another name mentioned is that of W. O. McTaggart, former trustee of ward five.

### STOLE A MOTOR CAR.

David James Ogue, a youth of 19, pleaded guilty in the sessions yesterday of being found in a stolen motor car. He was sent to the jail farm for 60 days, altho his counsel, W. B. Horvitz, pleaded hard for another chance for the lad.

### STOLE FOUR WAISTS.

Florence Zolab, aged 17, a Russian, pleaded guilty of shoplifting in the sessions yesterday and was sent to the jail farm for two days. According to the evidence, the young lady had stolen four waists from the T. Eaton store.

### FOR NEW ORPHANAGE.

Miss Guerin, founder of the Franco-Canadian Orphanage, has just returned from Windsor, where she received the sum of \$270 from Mesdames McLeod and Wilson. Three orphans have also been adopted recently. The Junior Chapter, I.O.G.E., Erinvale Women's Institute and the children of the school are the beneficiaries.

### HOGS DROP ONE DOLLAR

Woodstock, Ont., Sept. 9.—Hogs are down to \$19 per cwt. this week, which is \$1 less than last week.

### INCREASING PAY OF ONTARIO TEACHERS

Policy of Minister of Education is Now Beginning to Bear Fruit.

In July last Hon. Dr. Cody, minister of education, sent a letter to all public and separate school inspectors urging the importance of impressing upon the trustees the needs of paying higher salaries to teachers. Within the last few weeks several inspectors have notified the minister of increases made in their districts. Inspector Benson, of Prince Edward county, to give one instance, reports that, with a few exceptions, salaries have been advanced between \$50 to \$200.

Danger of Depletion. "It is needless to remind you," Dr. Cody wrote in his letter to the inspectors, "that no teacher can teach well who suffers from the discouragement due to financial anxieties and to a sense of injustice. Unless teachers are treated more generously the inevitable consequence will be the depletion of the teachers' training schools and the serious impairment of the teaching force of the province."

Dr. Cody stated yesterday that the \$250,000 grant voted by the legislature last session for the purpose of increasing the salaries of the rural school teachers had already been paid. The basis was to grade the rural school sections of the province according to assessment and where the less wealthy sections had been paying less adequate salaries the grant was made larger.

### U. F. O. Granted Leave To Use City Hall

The mayor has granted the request of W. F. O'Connor, of the board of commerce, for permission to hold meetings at the city hall on Thursday and Friday for the purpose of a public hearing respecting price conditions in Toronto and district.

### ASSAULTED SHOEMAKER

Harold and John Anderson, two returned soldier brothers, appeared in the sessions before Judge Coatsworth yesterday charged with having assaulted William Henderson, a shoemaker. The lads pleaded not guilty, but Harold was found guilty and sentenced to three months while John was dismissed.

MANY SOLDIERS MAY LOSE VOTES

No Chance for Men Omitted After Lists Have Been Closed.

ENUMERATORS' DUTY

Had Instructions to Obtain Names, Whether Men Here or Not.

A returned soldier writes to The World as follows: "Being a constant reader of your good paper, and being a returned soldier myself, I wish if you could, you would tell me and many other returned men what provision, if any, has the Ontario government made for the thousands of soldiers who are coming back every week in all about ten thousand men yet to come, for getting on the voters' list. I may be a little thick in the head, but I am not mistaken, are they not closing the lists?"

Those men should be given time to register in their home towns. It has always been Sir Wm. Hearst's boast that he would walk with the soldiers were back, so I expect that he will be as good as his word, but if there is any vote taken in Ontario, either on the referendum or the elections, without those absent soldiers voting, then I consider it a very unfair advantage to take of men who have suffered and bled for this country. Kindly publish this letter, as I believe the public should get a line on this question."

Hon. J. E. Lucas, attorney-general, when shown the foregoing letter said: "The position is that special instructions were given the enumerators to ascertain the names of all soldiers, whether they were in Canada or not, and place them on the voters' list. By this means it was hoped to obtain the names of all the men, although many of them may not yet have returned. That has been done. But in the event of men returning from overseas, and their names having been omitted, would there be any chance of them being put on the lists?" Mr. Lucas was asked: "Not after the lists have been closed. It was the attorney-general's reply."

Sir William Hearst said provision had been made in the law for getting all the soldiers on the lists. The premier referred The World to Mr. Lucas for particulars, with the result stated.

GRATUITY ENTHUSIASTS MARCH TO CITY HALL A procession of some 100 returned men paraded the streets last night and ended by holding a meeting on the city hall steps. They carried several banners, the most prominent of which had printed on it in large letters: "Gratuity, Australia, \$2500; Canada, 6000." A crowd of some 250 people, composed of men and women, assembled to listen to two short speeches by the leaders of the movement. All those present were invited to hold up their hands if they were in favor of the gratuity being granted. No hands were raised against the motion. After singing "God Save the King," the procession melted away.

CHATHAM RESENTMENT. Chatham, Sept. 9.—Chatham veterans are indignant over the refusal of the government to appoint a commission to meet with a G.W.V.A. committee to discuss gratuities. The sentiment is "No surrender."

MAYOR CHAMPIONS GRATUITY LEAGUE ORGANIZE PARADE

Returned Soldiers Granted Use of Arena for Monster Meeting. Citizens With Cars Asked to Aid Disabled Veterans.

Judging from present indications, the next important move on the gratuity question locally will be a monster meeting to be held in the Arena Thursday night. This will be preceded by a parade. A petition is to be circulated for presentation to the Dominion government, and it is understood also that a deputation will go to Ottawa to demand a hearing on behalf of the Returned Soldiers' Gratuity League, and ask immediate action on the \$2,000 gratuity.

The mayor yesterday morning received a couple of deputations. The first, from the G.W.V.A., asked that the city support the request that the government appoint a parliamentary committee to enquire into the question of gratuities, to act in conjunction with a special committee from the G.W.V.A. Mayor Church was favorable and promised that at the board of control meeting on Thursday he would introduce a resolution calling upon Sir Robert Borden to appoint a parliamentary committee.

The committee of the Soldiers' Gratuity League then saw the mayor, and afterwards on the steps in front of the city hall J. F. Flynn reported to about 400 men what had taken place. He remarked: "I want to say that his worship is absolutely with the returned men on this question to the limit. We knew it before, but it has been proven now that Mayor Church is a friend of the returned men of Toronto. (Cheers.) Now then, men, we have just arranged in the mayor's office, and promised that on Thursday evening, also permission for the monster parade thru the city, to be composed of every returned man in the city, together with our friends, the citizens."

Mayor Will Speak. Mayor Church will address the Arena meeting, at which he will lay before the men his views in regard to the gratuity of \$2,000 and show the way by which the government can raise the \$2,000. (Loud cheers and shouts of "Good old Tommy.") It is further being arranged, with his assistance and some of the council, that leading citizens of Toronto will express their views to the returned men, showing why you should have the gratuity and laying out the means whereby the government can finance the gratuity.

And then, men, if they say they cannot do it, they are lying, and we will use our power, the power of the returned soldier, which is the greatest power in Canada at the present time.

Show True Spirit. "Don't forget, we must have absolute law and order. We want the people with us. Show the true spirit of the returned men. We will send our delegation to Ottawa the coming week and give them time in which to give us a reply, and will place a certain time on when this question of gratuity must be settled. We are going to show them how, and give them time to appoint their royal commission."

According to a statement issued from his office, the mayor told the committee "that a debt of gratitude, which money could not pay, was due the soldiers at the time they came to the country to give something in return. He regretted that the government had not appointed a royal commission to make a survey of the whole situation as to the ability of the country to pay."

Bankrupt Railways. "The government of Canada had plunged the country into the Grand Trunk Pacific scheme without finding out whether the country could pay for it, and they were also paying pensions to a civilian list. They were paying for bankrupt railways, the mortgage on which had been foreclosed, and the profiteers were a law to themselves."

The veterans could not expect the government to do anything for them without a proper survey being made. They should be united as they had a strong case and the government should see that posterity paid some of the debt. He believed that a domestic loan could be obtained for part of this expenditure. It would not cost any eight hundred million under regulation if a proper survey were made.

Granted Arena. "The soldiers asked the board of control to pass a resolution on Thursday morning, requesting the government to do something for them, and that they be granted the use of the Arena for a meeting. The mayor promised that these requests would be laid before the board on Thursday. It is proposed to hold a meeting on Thursday night at the Arena."

They claim that you promised to \$2000 could be paid. The mayor is the question afterwards asked the mayor by the press. "No sum was mentioned so far as I was concerned," was the reply. "I said that I would state my views at the meeting on Thursday night."

Thursday night's meeting will be preceded by a parade to form in Queen's Park, moving off at 7:15 p.m. The route of parade, as announced yesterday, follows: College street to Yonge, down Yonge to King, King to Bay, up Bay to Queen, Queen to Yonge, Yonge to Shuter, and along Shuter to the Arena.

PARKDALE BRANCH AGAINST SALOON

Show of Hands Favors Return of Wines and Beer.

At the meeting last night of Parkdale Branch, G.W.V.A., one hundred members were initiated. Comrade Herron and several other members presented the branch with a beautiful Union Jack, which is to be used at the head of future parades of the branch.

Discussion of parliament and gratuity question was opened after a resolution, which is being forwarded to the Dominion executive at Ottawa, and to members of parliament representing the communities from which the members of Parkdale branch are drawn, was read by Col. J. T. Hunter. The resolution was to the effect that the soldier was not in a position to compete with the "stay-at-homes," who had benefited greatly in a financial way by the war, and that in view of this, among other things, further bonus was absolutely necessary to firmly re-establish him in civil life.

The resolution ended by stating that the refusal of the government to hear our cause will be necessarily interpreted as an unfriendly act to which we cannot remain indifferent. Comrade Herron congratulated Dr. Wilson, who spoke at the Centre branch last night, on the policy adopted by him in dealing with the matter, and urged all members to never resort to any method other than sane, sober ones, to gain their ends.

The referendum question was dealt with next, and the speaker from the chair, called for every man who was in favor of the old whiskey bar system being returned to stand up. Not one man stood, but that were in favor of the return of wines and beers. A resolution was then passed calling for national and provincial branches to get residents to return to the ranks of the G.W.V.A. in part it expressed the view of the members that they did not like being treated like "Indians on a reserve, or inmates of a jail, nearly all were in favor of the liquor laws of France, where beer and wine only was sold to soldiers, immediately was exceptional, and drunkenness almost non-existent.

A resolution that two meetings instead of one be held in the month was also passed. The meeting closed with the singing of the National Anthem.

"NOT MUCH HARM, VERY LITTLE GOOD"

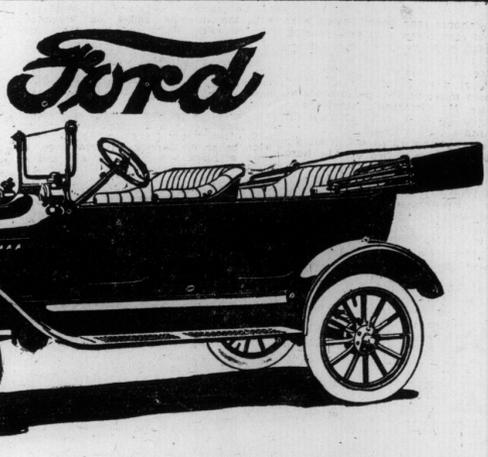

"Re the \$2000 grant. The test has come. United we get a grant, divided we get ridicule and play the political game. I earnestly counsel all members of the G.W.V.A. to keep aloof from new organizations and not to alienate the public sympathy and minimize our chances. Calm deliberation and persistent efforts thru constitutional channels is the only certain way to get residents to return to the ranks of the G.W.V.A. The preceding telegram was received yesterday by Secretary Brookbank of the central branch of the G.W.V.A. from Comrade Hossack, secretary of the Ontario Provincial Command. It embodies the general consensus of opinion expressed by the various local branches of the G.W.V.A., as given by their respective secretaries to The World yesterday.

meetings in Queen's Park or demonstrations of any nature. "We are fighting not only for the men in our own associations, but also for the men in all the associations," said Mr. Gustar. "I don't think that the Gratuity Association are doing any harm, neither will they get any results," was the way Sec. J. Hawkins of the Riverdale summed it up. "The thing (as got to be advertised and so long as they do not get out of hand, of which I think there is no danger, they will do no harm. The G. W. V. A. are working quietly and doing good and are likely at any time to hand out a surprise packet." Mr. Hawkins stated that he did not wish to be represented in favor of the new association as he did not see how they could advance the cause by their actions, which were not sanctioned by the G. W. V. A. J. W. Beauchamp, of the Earlscourt branch, stated that if the new association was conducted in an orderly way it might do a lot of good, while on the other hand, if it was not conducted properly it might do a considerable amount of harm. He stated that the forming of the new association was the outcome of Premier Borden's refusal to grant a hearing to the commission.

GRIERSON WEAVES SPELLS ON PIANO

Recital at Women's Art Club Superb Triumph of Genius.

Francis Grierson's piano recitals are not like the ordinary recital, for they are never repeated. They are improvisations. For more than fifty years he has ravished the capitals and the courts of Europe...

The next theme was the "Dedication of an Egyptian Temple," and it began with simple and majestic suggestions of professional pomp...

A moonlight reverie exhibited the delicate surety of touch and technical facility which renders the improvisation really marvelous. An element of surprise in the melody in contrast and interplay of bass and treble...

A symphonic tone poem began with minor phrases, sweet and sad, passing in brilliant scale passages to a romantic like treatment which betrayed what was like four-handness on the part of the performer.

Mr. Grierson then read two interesting passages from his poem, published in 1910. "The Awakening in the West," which was one of the prophesied war, as he did in his book, "The Invincible Alliance."

Onomatopoeic effects were obtained with "Voices of Stream and Forest," which followed, the rippling impulse of wind and waves swaying and falling as gently as the throbbing heart of a bird.

"The March and Overthrow of Mammoth at the Marne" was one of the most astonishing themes. Beginning with a grave and solemn chord, the feeling of mysterious and dreadful forces grew and was repeated in repeated detonations.

When came the "Dawn of a New Day," with a Grieg-like opening, a poem and chant of rapture, ecstatic, triumphant. What these things may mean to the critical spirit matters not. Those who listened last night heard a message. A. E. S. S.

GRADUATE NURSES HOLD A REUNION

House Given by Late J. Ross Robertson Sees Charming Gathering.

One of the most charming gatherings of the season was that which took place last night at the Graduate Nurses' Club, 295 Sherbourne street, the occasion being a reunion of the nurses of the city, a large number being members who had returned from overseas service. The house and delightful grounds were thrown open, the guests being received by the president, Mrs. J. G. Marshall; first vice-president, Miss M. Gordon; second vice-president, Miss Potts; and Miss Board and Miss Gunn, members of the board.

The house, which was the gift of the late John Ross Robertson, was cosy with lounging places and bright with flowers, and the grounds were electrically showered with fairyland, green bushes, growing flags and gypsy tents covered with Union Jacks, revealing fortune tellers who told of wonderful futures for the hero nurses of Toronto.

Major Church gave a short address, congratulating the nurses on their successful return from the war. The medical profession, he said, had done great things, but they could not have done them without the co-operation of the nurses.

Splendid gifts of the splendid gift of John Ross Robertson in giving the Nurses' Club and to the late visit of the Prince of Wales to the hospital, in conclusion, the mayor congratulated Dr. Hastings on having with him so fine a body of nurses. Col. Marlow spoke of the wonderful organization as demonstrated by the gathering and hoped it would develop. Capt. Joe Thompson and Major Bailey also said a few words of congratulation.

Vocal solos were delightfully rendered by Miss Auger at original poems entitled a "Divine Comedy," a new, clever and attractive number, being woven about a meeting between the Prince of Wales and "Stinky McGuire." Dancing followed and refreshments were served from the moonlight out on the lawn under the moonlight. Three cheers for the nurses were led by Major Church and three cheers were given for the mayor by the assembly.

George Fawcett, veteran character actor and once one of the leading producers on New York's great white way, is again cast in a Dorothy Gish picture. In the present picture, "I'll Get Him Yet," which is playing at the Allen Theatre all this week, Mr. Fawcett plays the part of Miss Dorothy's father and has to be the cruel, hard-hearted parent who turns down the young lover who comes seeking for his daughter's hand.

Miss Gish is splendidly supported, her leading man being Richard Bartheleme, an actor of distinction who plays the part of a newspaper reporter. It is said his impersonation is one of the most artistic of his career.

If you want to see the unconditional surrender of a certain man-hater club consisting of herself and two roommates. One by one her converts feel the pleasant sting of cupid's darts and fall out of the ranks, leaving the little heroine of the story alone to wage her warfare on love and man. But her battle is a hard one and the way she is finally bested and forced to capitulate to commander-in-chief cupid and his opposing forces is said to be one of the most delightful comedy-romances ever seen on the screen.

Fifty-one bottles of whiskey were seized last night by Patrol Sergeant Scott and Policeman Ellsworth in a stable in the rear of Duke street. Anthony Morton, 13 Dean street, a pedlar, was arrested charged with a breach of the Ontario temperance act. On searching the barn, the police found a barrel and crate containing the liquor.

Sydney—Several members of a band of gypsies who have been terrorizing Cape Breton Island for the past two weeks were captured by a police posse just outside the city yesterday. Woodstock—The compilation of the North Oxford voters' list is now complete. Judge Wallace was revision officer in Woodstock. One hundred and eight names were added altogether.

Charged with receiving stolen goods, Samuel Hammer, 59 Walton street, was arrested last night by Detective Sergeants Wickert and Mitchell. Hammer is alleged to have bought a \$350 stolen diamond ring from a young boy who stole it from the home of J. P. Cannon, 83 Walmer road.

**Election Questions.**  
With the announcement that the referendum on the Ontario temperance act would be taken on October 20, the government aroused a new and keener interest on the problem of what was in their mind regarding the duration of the present legislative assembly. Will Sir William adopt the prudent course of holding another session after the referendum has been safely disposed of, calling a convention after that, and then dissolving the house, or will he adopt the dodge of having the election and referendum on the same day?

The Times (News) takes the latter view to be the more probable, to judge from its utterances in the criticism of The Globe, who is represented in despair over the divided state of the political field, with Conservatives, Liberals, United Farmers, labor men and soldiers all contending for supremacy.  
There should be no difficulty at all in deciding the course to pursue if a frank straightforward course were desired. But if the only object be to arrive at a course by which the government can continue itself in office without committing itself to any policy, or pledging itself in any way to the people, then the decision is unquestionably a matter of mere perplexity.

It becomes a problem of assorting out the electors of the most antagonistic interests, so that they will not devour each other. Can the U. F. O. be persuaded that their salvation lies with Sir William? Can the soldiers be shown that in no other way but by voting for the government can they recover their status in the community? Can the labor men be convinced that Premier Hearst is a bigger labor asset than a successful strike, or proportional representation? Can the Liberals be shown that it was really Hearst and Dewar that was responsible for Canadian nickel going to Germany? Can the Independent Conservatives be brought to see that the Ontario temperance act was specially designed for their benefit, to increase their comfort and prolong their health? Can the government party generally be convinced that with such a wise, discreet and prudent leader who knows better than the united party could possibly know or declare in a convention, the best course to pursue, the proper thing to do is to trust the honored leader, and go it blind?

These are grave questions, and as Old Man Ontario ponders over them it is not to be wondered at if he begins to think that a fixed election on a regular date every four years would save him a lot of suspense and worry, and prevent the occurrence of such enigmatic situations as are now to be composed.

**Soldiers' Gratitudes.**  
Very little sympathy for the soldiers or their problems is to be expected from the mandarins. They are impervious to those considerations that weigh most with the average returned man.

They consider all his problems from an entirely different angle. Nor do they seek to understand his regarding their motives. This is why the proposal of a commission to consider the question of increased gratuities has distinct advantages.  
Two thousand dollars is not a lot of money when it is regarded as the reward of four years under shell-fire, machine gun practice, numerous zero hours, and all the other "glory" of war. But the mandarin does not regard the \$2000 from that point of view. He lumps all the sums together, and says decisively it can't be done. The man who did impossible things in Flanders take that hard.

The mandarin has overestimated the amount of the liability, they declare also. It is not \$800,000,000, as The Globe has calculated. Not even \$500,000,000, the extreme figure The World had adopted. They do not even ask for \$2000 as an entirely new gratuity, it is stated by many of them, but to have their gratuities, whatever they may have been, brought up to that sum. This would reduce the pending obligation very considerably.

They resent very bitterly the very general view that the grant of a gratuity, as proposed, would result in a large increase in unemployment, and wide extravagance. One result of the receipt of \$2000. The World was told, would be the marriage of at least 50 per cent. of the younger men, who are now unable to set up housekeeping. Anyone who knows anything of the problems of sociology, especially from the human and hygienic side, would welcome such a result.

It is quite certain that a large amount of the money would be invested in profitable and productive business. There is apparently a general willingness among the men to have the award of such gratuities made under supervision similar to that

provided for in the case of assisted farm settlements. Money well invested in business, in homes or other substantial ways, would not only to the credit of the country, as has been feared.

The question must be studied in connection with that of pensions and total disablement allowances. An experienced and well-balanced commission could deal with all these matters in a more definite and satisfactory way, and on principles, much better than a government department could do.

**IDA ANSWERS QUERIES**  
BY IDA L. WEBSTER.

Several letters have accumulated within the last few days, which seem to require answers. In fact, it might be said that our mail has been as heavy as a lot of people's feet when they step on the gey next to them.

**Teacher:** Thanks for your letter. Yes, we certainly think that you folks need more money, and at the same time we also think that you need a new set of trustees. Of course, as you say, all that one needs for successful school teaching in this city, is patience and much endurance. At the same time, if we were talking about it, we would add "the art of being able to starve." School teaching at the present time, with living as it is, is about as remunerative as selling hens' teeth.

**Fall Guy:** You got sipped for a bottle of gin, or rather they nicked you for two large sized "bucks," handing you in return a quart of nice Pure Lake Ontario? Well, that is what we call tough luck, but young man, take it from us, there are absolutely NO (capitals please Mr. Printer) men going around the streets trying to sell real "wicker" for two dollars. They "just ain't" born that way, that's all. Better get your syrup of joy via the doctor, and the vendor. It may be more expensive, but it is at least has an odor of what you think it is.

**Domestic:** Sorry we cannot oblige you in your request; however, there are any number of matrimonial agencies. And anyway we are certain that you would not like newspapermen, particularly editors, so perhaps you would be wiser to look for a partner for life in some other rank. At present the bootleggers seem to be the best money-makers but the market fluctuates so horribly, that it is a gamble at the best. In any case you cannot do worse than get stung, and then you can always take your trouble to Judge Cohen. So you should worry! Let us know what kind of a "grab" you make.

**Old Country Woman:** You had better see a lawyer. Charity at a church door, is just about as warm as any you will find in a big city, but then why ask for charity, when you can work? See the government employment bureau on King street. If there is nothing doing there write us again. Far more than the cash customers, my lad, and take an orange as you go out.

**Regular:** Tommy Daly is the gent you mean. He's undoubtedly the trainer-in-chief for one of the hockey clubs this winter. We can give him a wonderful recommendation, in fact, we will dare you to find anyone who can slip the "work" gap over any better than he. Address him to Bay Tree Hotel, and if he does not get the note Jim McCaffrey will do you well as I set, no matter how it breaks.

**Space prevents more answers, but don't weaken, friends, we will come to your yet.**

**Revert to Standard Time In Woodstock Next Sunday**

Woodstock, Ont., Sept. 9.—The aldermen of the city have authorized the mayor to issue a proclamation asking the citizens to return to the old time by turning their clocks back one hour at midnight, Sunday, Sept. 14. This has been done as a result of dissatisfaction among the factory workmen who claim it is a hardship to get up before daylight at this time of the year.

**Saskatchewan Contemplates Tacking Over the Liquor Business**

Regina, Sept. 9.—In an interview yesterday, Premier Martin stated that the provincial government had under advisement legislation affecting liquor sales to be introduced at the next sittings of the house. Price control and the taking over of the business by the government were being considered. He believed that no definite action would be taken before the Dominion government's plan was announced.

**Epic of Canadians in Northern Russia Months of Grim Fighting on the Dvina**

Wherever they may be scattered on their return all Canada should know the epic of the Canadians who fought in Russia.  
A portion of them—the section which for convenience sake was known as the Elpee Party—is again at home. The Elpee Party was the 16th Brigade of Canadian Field Artillery which served under Colonel C. H. L. Sharrman, C.M.G., C.B.E., under whose personal supervision it was recruited at Willety. Colonel Sharrman's method was to pick the best officers he could find who had served under him in France. They in turn picked the best men who had served under them. In this way the personnel was the very finest.

The party started for Archangel in September, 1918, and was immediately rushed down 200 miles south to the front which the Bolsheviks were threatening. On the way it shed two small parties, one detached for duty with the railway and one for duty near Selkirk. The balance of the brigade proceeded for duty with the Dvina front.

The business of the Canadian Artillery was to hold a point at the junction of the Vaga and Dvina rivers. This was the strategic point which was the key of the whole position. The Canadians went straight into action, and at the time the prospects were not of the bright best. The Bolsheviks were well armed, and they were also many. At no time, even including the artillery, did the allied force here number more than 5,000, while the very moderate estimate of the Bolsheviks place their numbers at 12,000. Altogether it was reckoned that 32,000 Bolsheviks were facing the little North Russian Expeditionary Force under General Ironside, formerly G.S.O. 1, 4th Canadian Division.

**Long Rearguard Action.**  
The Canadians had arrived only just before the winter "freeze up," and as it held their offensive tactics were most suited to the very serious needs of the moment, the party pushed on to a point some 75 miles beyond the junction. Then from January until May began one long rearguard action. The Bolsheviks not only had weight of numbers, but weight of guns. On their side, and to save the situation three 60 pounders were brought down over the snow and ice to the front. That gave the artillery a range of 16,000 yards as against the range of 7,000 yards which was the limit of the Bolsheviks. One by one the less persistent and bold was the Bolsheviks' attack that the little force, which was under the command of Colonel Sharrman, was compelled to fall back, foot by foot fighting every inch of the way.

Conditions were very bad all round. The temperature was below zero, and comforts practically non-existent, but the approach of spring, the breaking up of the ice threatened a peril which was worse than any discomfort. The breaking up of the ice meant the breaking up of the Bolsheviks' line. The Bolsheviks' line was big rafts on the frozen in up-stream. The Bolsheviks' line, which consisted of various kinds of craft, including a few submarines, which were mounted with a calibre which would enable the enemy to shell

**CARTER WILL RUN IN S. WELLINGTON**

Is Present Liberal Representative—Contest May Be Four-Cornered One.

Special to The Toronto World.  
Guelph, Sept. 9.—Samuel Carter, M. A., the Liberal representative in the Ontario house for South Wellington, will again be a candidate for the legislature. Word to this effect has been received from Mr. Carter, who is now in England, by the official of the South Wellington Reform Association.  
At a meeting of the Liberal executive held some weeks ago, Mr. Carter's candidature was endorsed, and a cablegram was sent him in which he would again accept the Liberal nomination. He was also informed that the United Farmers had nominated J. Cockburn as their candidate for the riding. An answer has now been received from Mr. Carter, saying he will stand for re-election. Mr. Carter adds in his letter that at the time of writing he was not sure that he would be able to secure passage for home until Sept. 16. Although he was making every effort to get into Ontario at an earlier date, it is likely a Liberal convention will be called soon after Mr. Carter returns to Guelph.

May Be a Fourth.  
With the assurance of Mr. Carter being a candidate for the provincial house, it is certain that the contest in Wellington will be a three-cornered one, with the possibility of a labor candidate in the field, as a fourth nominee in the provincial election, and it is likely a Liberal convention will be called soon after Mr. Carter returns to Guelph.

It became a Naval Commander.  
Upon this there arose a very interesting position. Colonel Sharrman had the British fleet placed under his command, so that in addition to the commanding the artillery he also became a naval commander.  
So successful were the combined land and river operations, under Colonel Sharrman, that with the coming spring the Bolsheviks' attack was smashed, but not until the British fleet had been driven to the coast and the Russian general of the North Russia was so impressed and so grateful for the wonderful work which had been done that he bestowed on St. George's Cross—the Russian equivalent to the V.C.—and ten St. George's medals on the Canadian officers. This occasion the Canadians followed the Russian custom, that is to say no crosses or medals were accepted for the officers given to them, but the men who voted them to those other ranks whom they thought most deserving of the honor. The government, however, decided to allow any Canadian officer to leave the country undecorated, and every Canadian officer bore away with him from Russia a Russian distinction.

**U.F.O. IN DURHAM NAME J. F. STAPLES**

Feature of Meeting is Presence of Two Representatives of Labor Men.

Canadian Press Despatch.  
Kingston, Ont., Sept. 9.—S. S. Staples, son of J. F. Staples, a prominent live stock breeder of this section, was nominated for East Durham at a U.F.O. provincial convention held here this afternoon. A feature of the meeting was the presence of Messrs. A. McElroy and W. A. Thomas, both of Port Hope, representing the labor interests of the lake shore town. The two men assured the 200 farmers present that they desired to co-operate with them in securing a better form of government and as labor delegates would make a favorable report to the labor interests which they represent in Port Hope. The speakers at the meeting were Mr. Webster of Cambridge, Mr. Morrison, secretary-treasurer of the U.F.O.; Mr. J. H. Holman of Clarke township, county director of the U.F.O., and the following five candidates were nominated: Robert McCamus of Ida, S. S. Staples of Ida, Melville Staples of Cavan, John Walker of East Durham township and Warden Henderson of Cavan. The first four nominees resigned and Warden Henderson, not being a member of the U.F.O., could not qualify. He was present at the meeting. S. S. Staples finally agreed to accept the nomination.

**FOUR-CORNERED FIGHT LOOMING IN FRONTENAC**

Kingston, Sept. 9.—The indications now are that there will be a three and possibly a four-cornered fight in the county elections. The United Farmers' meeting on Saturday, expressed the opinion that the time was ripe for a farmers' candidate in the county, and Reeve George Clark had not qualified. He was not offered himself for election. A. M. Rankin, the present member for Frontenac, will be a candidate for re-election. Mr. Spangler, reeve of Wolf Island, has been asked by many of his friends to enter the field. The fourth candidate may be James Halliday, Liberal candidate in the last Dominion elections.

**PREPARE IN QUEBEC EAST**

Quebec, Sept. 9.—Preparations for the by-election in Quebec East are going on and a general review of the voters lists is to be started shortly. All women in the division will have a right to vote.

**ELECTION DATE IS REFERENDUM DATE**

(Continued From Page 1.)  
mix temperance with politics, and urged that the government should be judged on its record. Even today they did not know when the government would bring on the elections, because they were still determined to make prohibition a political football. The government rather desired to see what advantage they could derive. That was not the way the business of the province should be conducted, and it was time the record of the government should be dealt with apart from various moral issues. The government had failed to meet the real issues. The Liberals had laid before the people the responsibility of the government for other extensions of profiteering and combines. The government had had evidence since 1915 without a prosecution. Thirty-two different combines had been pointed out to them, and since no action. There had been no single effort even during the war to use the machinery to check profiteering, or to take from them the enormous profits, a fair share of taxation. The attorney-general was silent except to say that by amendment made last spring the duty of prosecuting had been taken from his hands until such time as the new board of commerce should have evidence for consideration. Inactivity is feared.  
Mr. Dewar alluded to the inactivity

Splendid Tennis in Ontario Championships on Toronto Club Courts.

Yesterday's schedule in the Ontario championships produced tennis of a kind seldom surpassed on any courts and a thousand spectators enjoyed a wonderful afternoon's sport. This was the third day of the big tournament, and the cooler weather added greatly to the comfort of both players and crowd.

The feature of the day was the ease with which these two teams disposed of their American opponents in the semi-final round. Brookes and Patterson showed a wonderful service and backhand volley, which was particularly deadly.

LAST NOTICE!

The Price of Our Clothes Goes Up on Monday

Several weeks ago we told you that the price of woollens had gone up almost double what they were six months ago, and that the price of Regent Tailors' Suits and Overcoats, made-to-order, would have to be increased in a short time.

We told you, however, that the price would not be raised so long as our present stock of materials lasted. These materials had been bought months before, when prices were much lower, and instead of profiteering we would give customers the full benefit of the low price.

Buying has been so heavy that these cloths have all been sold. This week will more than see the last of them. But--

UP TO SATURDAY NIGHT you can still buy Suit or Overcoat made to your measure for only \$21.00

On Monday the price goes up. Remember that we are not responsible for the increase. Everything entering into garment costs us nearly double what it did last spring. We, in fact, lose money on every suit or overcoat we sell for \$21.00. But we want to give our customers fair warning, so that they can get the full benefit of the old price if they wish to do so.

Come at once and leave your measure for your fall and winter clothing needs. You save money by doing so. And you have a magnificent range of the very newest materials to choose from. Regent Tailors' Suits and Overcoats are the greatest tailoring values in Canada today.

EVERY GARMENT WE MAKE IS FULLY GUARANTEED. You take no chance of disappointment when you buy clothes from us, because every garment we make is guaranteed to fit and satisfy or you do not have to take it. This entire organization is at your service to make just the kind of clothes you want.
