CROSS RIFLES TO BE USED AT THE NIAGARA CAMP

Surprise is Given the Troops—Regiments Arriving at Nearly Full Strength, Thanks to the Listing of the Unemployed.

NIAGARA CAMP, June 16.—(Special.)—It will come as a surprise to many officers and all the troops to learn that the Ross rifle will be used exclusively for target practice at the ranges this year.

Four hundred of these arms were shipped into camp to-day, and taken to the old Mississauga Fort, to be overhauled and put in shape for service to-morrow.

The field drilling will be performed with the old Lee-Enfield arms, but as the various sections are marched down to the butts, these rifles will be stacked and each man will be provided with a Ross gun.

A brief instruction will be given in the system of handling the new arm, under the supervision of Capt. W. P. Butcher, who, in the absence of Lt.-Col. Grenville Hastings, has been appointed drill instructor, and the troops will then be permitted to practise with sub-target guns, before going to the ranges to score.

The introduction of the new weapon is regarded rather dubiously by some of the officers commanding companies. For many years there have been complaints that the range accommodation was inadequate to permit of a fair trial of all the arms, and this year all ranks are considerably swollen, with no increase in target or sub-target guns. With a new style of rifle, every man will practically be green and should, therefore, require much attention. These Ross rifles are the latest edition, and they are provided with the latest improved sights. They are called "Mark 2," with a "Mark 3" sight.

Capt. Butcher spent last week at the Ross Rifle Works, Quebec, familiarizing himself with all the working parts of the new gun.

Increase of 1000 Men. With the arrival of the Governor-General's Body Guards from Toronto via O. P. R. at 10.30 to-night, Niagara Camp was complete, and larger than last year by over 1000 men. The various corps will turn out for real military duty with an aggregate parade strength of 5500.

Almost every hour in the day saw troops arriving either by boat or rail. Gen. Cotton watched the appearance of each rural corps with visible interest and pleasure, and the day wore on he expressed himself as well pleased with the appearance of the troops and prospects of a successful campaign. They showed up "raw" enough—they always do the first few days—but taking everything into consideration, they marched in with a vigorous military swing and precision that stamped them in the main as recruits of a very superior type.

An Earthquake.

About 3.45 yesterday afternoon an earthquake was felt in eastern Ontario. Cornwall and Ottawa report that the shock was quite distinct, lasting from 10 to 15 seconds.

At Ogdensburg, N.Y., across the St. Lawrence River, the quake is described as passing from east to west, the wavy motion being quite perceptible. The seismograph, in connection with local observatory, will be examined to-day for official records. No report had been received last night.

"CONSPIRATORS" GET A TONGUE LASHING FROM MR. STEVENSON

Warm Heart-to-Heart Talk Last Night in Supreme Court—Probable Contests.

If there was any hotter talk in Toronto last night than the I.O.F. delegates were favored with, the warm spell may be expected immediately. At the evening session the "conspirators" against the interests of the order," as they were styled, had their true position in life indicated to them in an odd howling and cheers, the meeting was closed in what was described as "a magnificent demonstration" to Elliott G. Stevenson.

The supreme chief ranger, it is said, stripped the hide off his traducers and "blasted the slanders circulated about him," to quote an admirer. There is an end of them, said The World's Informant, "and those who circulated them are down and out."

Society interest was temporarily concentrated last night on the probable contests for office. John G. H. Meyer, Eastern New York High Court, was apparently the favorite for the supreme chief ranger, now held by W. H. Hunter. For the treasurer's office, it is not known who is expected to be elected. The present bearer has declined. E. J. Hearn and Organizer Mitchell are understood to be candidates.

Yesterday was devoted largely to routine business. Committees were furnished with their material and reports will begin to come in to-day. There were 210 delegates and members present at the opening and some fraternal greetings were presented from the A.O.U.W., by E. A. Inwood, referee, solicitor, and from the Sons of St. John, by Wm. Fraser, grand secretary, and Col. D. M. Robertson, grand secretary.

A special committee was appointed to consider whether the sick benefit should be reduced to 10 per cent. The chairman is Dr. B. Dickson of California. He reported that an agitation is afoot to reduce the staff of 110 girls employed in the Temple Building. The Bishop of Alberta has been elected Hon. officer, and until the report of the insurance committee is received, this means its assets by \$50,000,000. This exceeds that increased rates are imperative.

LET OTHERS BUT GOVERNMENT CONTROL

Hon. Mr. Graham Expounds Government Policy—Puts it Up to Ontario to Acquire Phone Lines.

OTTAWA, June 16.—(Special.)—Mr. Graham's bill to amend the Railway Act by bringing telegraphs, and telephones under the jurisdiction of the railway commission, occupied the attention of the commons all day. It was explained on its first reading in March, but to-day the opposition criticized many features, the main contention being that it was not made clear that local telephone companies, under provincial charters were not included.

Haughton Lennox of South Simcoe placed a mass of material before the house in support of an argument for the nationalization of telephones and telegraphs. He recalled the telephone enquiry made by a house committee presided over by Sir William Mulock. Sir William had asked the railway commission to nationalize, and a difference of opinion with his colleagues in this respect had caused him to resign the government.

Mr. Graham suggested that Mr. Lennox should start an Ontario campaign for buying out the Bell Telephone Co. in that province. He pointed out that Canada's ownership of railways was not a bed of roses. He had come to the decision that private ownership and government control was the best method. Rates on railways, telephones and telegraphs depended on density of population. Canada could not have such rates as obtained in New York.

Government ownership might be practicable when our population was denser, but the time had not yet come. Principle is Progressing. Mr. Lennox quoted many important local bodies as favoring nationalization of telephones. In many countries ownership and operation had proved successful. The late archbishop, as shown by evidence before committee, were of all proportion to the charges in government ownership countries.

Great Britain, Mr. Lennox said, was gradually working toward nationalization. In 1892 the government there took over the trunk lines, and in 1899 it established local telephone systems. The government decided not to grant any more municipal franchises, and made an agreement with a private company to take over all their works in 1911.

Mr. Lennox thought the system for Canada was government ownership and operation. The bill before the house was in the direction of increased control over telephones and telegraphs, but had one prominent weakness, that it disregarded the rights of provincial governments to carry on their own telephone systems. It was almost as essential to everyday life as the postal service. It was coming into more general use, and he strongly urged that telephones and telegraphs and post offices should all be operated by the government, under one department.

Mon. Mr. Graham said he presumed that Mr. Lennox approved of the action of Alberta in taking over the telephone trunk lines, and he ought to go on and urge the Province of Ontario to carry out a similar program. While a believer in municipal ownership, Mr. Graham said government ownership was the best system. Running the government railway was not all as smooth. There was the advantage of cheap rates, but it was a question whether private enterprise had to make it up in another way. "So that, all things considered, the government has arrived at the conclusion that private ownership, with government control, was the best thing for the people. All these advantages are to be obtained by the government. When population becomes denser, the government might adopt the government ownership of trunk lines with advantage. In this connection Mr. Graham made comparison with the densely populated section of the United States. It was expected that, with this bill in operation, the people would get a better service with cheaper rates, and that was what the people desired. Unfair Comparison. R. L. Borden observed that Mr. Graham's comparison of Ontario with New York was not a fair one. If it were, one would imagine that we would have no telephone service Ontario at all; but the population was dense enough to warrant private enterprise undertaking the construction of telegraph lines. Mr. Borden's question was to be preferred to private ownership without control. The question of the relative merits of the two systems—private and government owned—was a debatable one, he confessed. The bill, however, was the best that was given its second reading. Mr. Lennox raised the point that the act proposed to bring under government control were local telephone companies which are under provincial authority. It would be a mistake to leave what the bill meant. Our bills should contain a little less law and a little more common sense. The minister of railways declined to answer.

"NO SCRAPPING" IS BISHOP'S CAUTION

But Despite, There Are a Number of Sharp Passages at First Sessions of the Anglican Synod.

The synod of the Anglican Diocese of Toronto assembled at St. James Cathedral yesterday. Archbishop Sweetman was absent, having gone to England to attend the Pan-Anglican Congress. His place as president of the synod was taken by Right Rev. Dr. Reeve, the assistant bishop. In the morning holy communion was administered and Bishop Reeve delivered his pastoral charge to the clergy. Having done honor to the clergy who have passed away since the last synod, he summed up the state of affairs within the diocese. There were, he said, 162 clergy in parochial work, 16 engaged in educational work, 9 retired or unattached and 10 supernumerary. The total expenditure on buildings during the year had been \$18,100, adding seating capacity for 6296. The synod's missionary movement would result in more than enough being realized for all present missions in that province. He pointed out that Canada's ownership of railways was not a bed of roses.

He had come to the decision that private ownership and government control was the best method. Rates on railways, telephones and telegraphs depended on density of population. Canada could not have such rates as obtained in New York. Government ownership might be practicable when our population was denser, but the time had not yet come. Principle is Progressing. Mr. Lennox quoted many important local bodies as favoring nationalization of telephones. In many countries ownership and operation had proved successful. The late archbishop, as shown by evidence before committee, were of all proportion to the charges in government ownership countries.

Great Britain, Mr. Lennox said, was gradually working toward nationalization. In 1892 the government there took over the trunk lines, and in 1899 it established local telephone systems. The government decided not to grant any more municipal franchises, and made an agreement with a private company to take over all their works in 1911. Mr. Lennox thought the system for Canada was government ownership and operation. The bill before the house was in the direction of increased control over telephones and telegraphs, but had one prominent weakness, that it disregarded the rights of provincial governments to carry on their own telephone systems. It was almost as essential to everyday life as the postal service. It was coming into more general use, and he strongly urged that telephones and telegraphs and post offices should all be operated by the government, under one department.

Mon. Mr. Graham said he presumed that Mr. Lennox approved of the action of Alberta in taking over the telephone trunk lines, and he ought to go on and urge the Province of Ontario to carry out a similar program. While a believer in municipal ownership, Mr. Graham said government ownership was the best system. Running the government railway was not all as smooth. There was the advantage of cheap rates, but it was a question whether private enterprise had to make it up in another way. "So that, all things considered, the government has arrived at the conclusion that private ownership, with government control, was the best thing for the people. All these advantages are to be obtained by the government. When population becomes denser, the government might adopt the government ownership of trunk lines with advantage. In this connection Mr. Graham made comparison with the densely populated section of the United States. It was expected that, with this bill in operation, the people would get a better service with cheaper rates, and that was what the people desired. Unfair Comparison. R. L. Borden observed that Mr. Graham's comparison of Ontario with New York was not a fair one. If it were, one would imagine that we would have no telephone service Ontario at all; but the population was dense enough to warrant private enterprise undertaking the construction of telegraph lines. Mr. Borden's question was to be preferred to private ownership without control. The question of the relative merits of the two systems—private and government owned—was a debatable one, he confessed. The bill, however, was the best that was given its second reading. Mr. Lennox raised the point that the act proposed to bring under government control were local telephone companies which are under provincial authority. It would be a mistake to leave what the bill meant. Our bills should contain a little less law and a little more common sense. The minister of railways declined to answer.

Weather Conditions Helping Along Bumper Crop. WINNIPEG, June 16.—Agricultural conditions in Manitoba as reflected in this morning are of a most gratifying nature. Fine weather and sufficient moisture are reported from almost every quarter of the province. There is a substantial increase in acreage in wheat, oats and barley. The total increase of land under cultivation is 14,381 acres, bringing the total cultivated area of the province to 1,478,530 acres; wheat, 560,540; oats, 1,215,832; barley 688,448.

BOURASSA LEADS. Has 37 Majority in the Recount at St. Hyacinthe. MONTREAL, June 16.—At the adjournment of the recount of St. Hyacinthe, Mr. Bourassa had a majority of 37, with 14 ballot boxes to be examined. Mr. Martineau gave the decision to-day that the contents of the poll giving Mr. Bourassa a majority of 37. In the Laval recount Levesque's majority was reduced to nine with eight boxes yet to be examined.

GIVEN SECOND READING. LONDON, June 16.—The house of commons to-night passed the second reading of the bill for an act to amend the law relating to the pension bill without opposition. The bill, however, is likely to be greatly modified in committee. Cabman Arrested. William Brown, a cab driver, 9 Phipps-street, was arrested early this morning by Detective McKimney. He is charged with breaking into Squires' liquor store, Elm-street and Centre-street, Sunday last. C. M. Bowman's majority in North Bruce is 327.

CITY'S NEW ARCHBISHOP IS FITTINGLY WELCOMED BY CLERGY AND LAITY

Distinguished Committee at Union Station to Receive His Grace—Mgr. Sbarretti is Also a Distinguished Arrival.

Two of the great lords spiritual of the Roman hierarchy met at the Union Station yesterday evening, embracing and exchanging the "osculum pacis." It was a quaint and picturesque sight to see the old world customs perpetuated in the novel environment of a railway depot, but the church outlives all change. Her sons pass away, but their offices remain to claim unceasing honor.

When His Excellency the Most Rev. Donatus Sbarretti arrived from Ottawa at 7.05 p.m. he found His Grace the Archbishop of Toronto, Dr. McEvay, who had arrived just half an hour before from Guelph, awaiting him.

There was a notable gathering of clergy and laity, among them being: Very Rev. Vicar-General McCann, Dean Morris, St. Catharines; Rev. Fathers Rohleder, Canning, Hoyle, Whalen, Teffy, Murray, Buck, Coyle, O'Donnell, W. McCann, McGrand, O'Malley, Minehan, Kelly, Doherty, McCabe, McCafferty. The committee representing the laity were: Hon. J. J. Foy, Eugene O'Keefe, Justice Anglin, L. F. Ford, Joseph Moran, E. P. Wheaton, William Dineen, M. Burns, T. F. Ford, R. P. Gough, J. G. Seltz, Wm. Burns, E. J. Hearn, F. O. Parsall, Hugh Kelly, D. Carey, J. S. Malson, J. W. Morgan, J. T. Ryan, W. P. Murray, D. Miller, R. Elmsley, W. A. Kavanaugh, E. J. Halloran, Controller Ward, Rev. Canon Ingles, Rev. P. Phelan, M. O'Connor, J. J. O'Hearn, E. J. Kiely, James O'Hagan, Dr. A. J. McDonagh.

Reception at Station. Father John Coffey of the Jesuit Institute accompanied his grace from Guelph, where he has been for a week past. Vicar-General McCann joined the train at West Toronto. Fathers T. Sullivan, Thorold; Whalen, St. Michael's; O'Donnell, St. Mary's, also accompanied him.

The archbishop is quite at home in Toronto where his mother and by other and relatives reside. He is a kindly-looking man and younger-looking than his portraits intimate. He is young comparatively for his office, being only 64. He is a man of very wide experience and his archiepiscopate is already regarded as sure to be a success. He has a mind of his own. "Of course he has no personal policy," said one in a position to speak. "He is simply to carry out the policy of the church. He is very amiable and lovable, but he has a mind of his own."

The archbishop on his arrival was also fact at once in control of his archdiocese. He became archbishop from the time he received the papal brief. He is a man of a most gratifying nature. Fine weather and sufficient moisture are reported from almost every quarter of the province. There is a substantial increase in acreage in wheat, oats and barley. The total increase of land under cultivation is 14,381 acres, bringing the total cultivated area of the province to 1,478,530 acres; wheat, 560,540; oats, 1,215,832; barley 688,448.

EVERETT HOUSE TO GO. NEW YORK, June 16.—The Everett House, at 17th-street and Union-square, one of the city's famous old-time hostels, is to be demolished to make way for a 25-story office building. INDIANS ON THE ALERT. LONDON, June 16.—(C.A.P. Cable.)—Native politicians in India are watching events in South Africa and British Columbia closely and influential committees are being formed to safeguard the interests of British Indians throughout the empire.

WORLDWIDE OF CHEERING FOR ROOSEVELT

Only Name That Really Stirred Big Republican Convention at its First Meeting—14,000 Were There.

ARCHBISHOP McEVAY, As He Appears in His Robes of State.

The opening session lasted less than two hours and was less notable for the business accomplished than for the opportunity it afforded of seeing again this stirring picture of the people assembled from every corner of the country to select a candidate. The scene when the vast assemblage was called to order was one of impressive dignity, of animation and of color. In the central arena, the delegates, almost one thousand strong, and back of them their alternates, another thousand in number, with the standards of the states rising here and there above the turbulent sea of heads. The points of vantage, immediately in front, were held by Ohio, New York, Pennsylvania, Indiana and Wisconsin, each having a candidate, while further back, rank after rank, were ranged the other states and territories. Hawaii, Porto Rico, the Philippines, Alaska, appropriately forming the outlying fringe of the official delegation.

Around this central mass of delegates and alternates swept the long lines of spectators, in rising tiers and in solid masses, men and women, and with fluttering fans and waving handkerchiefs. Higher up another gallery made the entire circuit of the vast enclosure. In front of the delegates stretched the mammoth platform, 200 feet square, and accommodating 1500 delegates and ministers from foreign states, besides the officers of the convention and members of the national committee. Party Giants. The moments before the gavel fell gave opportunity to inspect the party, some of the delegates and leaders, grouped in front of the New York delegation were Seth Low and Gen. Stevenson, Chairman of the front; with Senators Hughes, and further back Senator Chauncey M. Depew, ex-Gov. of New York, and further back Senator Payne, chairman of the Massachusetts delegation, and further back Senator Payne, chairman of the Massachusetts delegation, and further back Senator Payne, chairman of the Massachusetts delegation.

Just as the delegation swung down the middle aisle bearing the blue silken banner with the portrait of Ohio's candidate. "Taft-Taft" went up from a thousand throats, as the word "candidate" of the secretary-candidate was borne to the front. Cheers after cheer, echoed from floor to gallery and back again, and for a time Chairman New was unable to proceed with the opening formalities. Again Wisconsin stirred the echoes with a real college yell which resounded through the building and exploded with a "rah-rah-Wisconsin" cry.

Continued on Page 7.

ARCHBISHOP McEVAY, As He Appears in His Robes of State.

EAGLE'S CLAWS GRIP PANAMA

U. S. Commissioners to Take an Active Part in the Coming Presidential Election. PANAMA, June 16.—The publication of the letter which the American secretary of war, William H. Taft, delivered to President Amador at the time of his visit to the Isthmus, and in which the intention of the United States Government to intervene in case of fraud or violence is plainly set forth, has caused a very considerable sensation here, particularly among the supporters of Senator Ariz, the secretary of state, one of the candidates for the presidency, concerning whom Secretary Taft's letter makes special reference. The American secretary's communication had been carefully guarded by President Amador since the date of its receipt by him, it being stated that even all the members of his cabinet were cognizant of its contents, and the plain statements made in the letter, now published, have made a deep impression. The active participation of the United States in the coming elections is the chief subject of discussion among Panamanians, as it is announced that American commissioners, backed by sufficient force, will be present at the polls to supervise the counting of the votes, so that the legal voters may have an opportunity to elect a president without danger from fraudulent methods. Representatives of the United States also will keep watch in the principal cities during the municipal elections, which take place on Sunday, June 28. Intense nervous excitement prevails in official circles at the present time. The collector of customs at Colon, Jose Echeona, who has been taking a recess at St. Michael's College and St. Joseph's Convent, At 7 he will give the benediction at St. Paul's and will leave at 10 for Ottawa. After leaving Hamilton, and Bishop Scollard, North Bay, are expected to-day, and also Archbishop Gauthier.

Sister St. Simon, Formerly of Ottawa, is Killed in Massachusetts. SPENCER, Mass., June 16.—While going through a door in the rear of St. Mary's Convent here to-day, Sister St. Simon, a teacher in the St. Mary's Parochial School, stumbled and fell over a stone wall to a stone pavement several feet below, sustaining injuries from which she died to-night. She came here a year ago from Ottawa, Ont.

World subscribers and intending advertisers may transact any matter of business relating to the paper at The World's Hamilton Office, Royal Hotel Block, James and Merrick streets. Telephone 985.

TWO JUDGES NECESSARY IN THE BALLOT CASE

So the Lawyers Say—Death of Henry Braid—Garth, St. Fences Must Be Moved Back.

HAMILTON, June 16.—(Special.)—Henry Braid, 178 West-avenue, died last night after undergoing an operation. He was in his 63rd year. Formerly he was a resident of Toronto, having served in the Fenian raid as a color-sergeant of the 10th Regiment.

At the board of works meeting this evening the city engineer reported that the residents on the west side of eighth-street, were encroaching seven feet on the street and they will be required to move their fences back.

E. News' application to work gravel pits on Dundurn and McGillivray was laid over until the city engineer investigates.

Street Railway Wobblers. The street railway company, which first offered to provide fifty new cars for concessions, tried to get the number reduced, but agreed to live up to its offer when the aldermen said they would call off negotiations unless the company did so.

The Hamilton Tube Company, lately incorporated, has purchased 5-1/2 acres north-east of the old Hopfield Building, and will build a factory. About fifty hands will be employed.

The New Arlington. Now open for visitors. Complete new building, home comforts, very central. Excellent cuisine. Terms \$1.50. Geo. Midwinter, Phone 3483.

"Hawatha." The Daily World is now being delivered at this popular summer resort. By telephoning your order to Main 222 or leaving same at 53 Yonge-street, you will receive The World before breakfast.

4 SCHOOLYARDS CHOSEN TO BECOME PLAYGROUNDS

Board of Education and Board of Control Decide to Make an Experiment.

The understanding that the grounds of the Queen Alexandra, Park, Borden and Niagara-street Schools be established as supervised playgrounds, was reached at a conference between the board of control and representatives of the board of education yesterday afternoon.

The move is a tentative one, and should the experiment be successful, the grounds of a number of other schools throughout the city will also be equipped with apparatus, placed in charge of supervisors and thrown open to the children of the neighborhood.

Those present were Controllers Hodgson, Harrison and Spence, Park Commissioner Wilson, Trustees Ogden, Brown and Dineen, Treasurer W. C. Wilkinson and C. H. Bishop, superintendent of buildings.

The board of education will furnish an estimate of the cost of equipping the grounds in time for Monday's meeting of the city council.

NEW LINE TO GEORGIAN BAY. C.P.R. Reaches Attractive Tourist Country.

The opening of the Canadian Pacific Toronto-Subsidiary line not only gives fortunate Parry Sound a double daily service of fast well-equipped trains, but opens to public the finest country in Ontario for summer camping, canoe trips, fishing, etc.

LOOKS LIKE PERJURY BY CROWN WITNESS

"Informer" Denies That He Aided for Police, But Policeman's Contrary Evidence.

Chief Inspector Archibald will this morning consult Crown Attorney Corley with a view to prosecuting David McGillivray, a coal driver, for perjury.

The circumstances arose in yesterday afternoon's police court in the prosecution of R. M. Tutthill, druggist, at Queen-street and Cowan-avenue, for a breach of the Lord's Day Act in that he was charged with selling a cigar to McGillivray on Sunday, May 25.

The case was dismissed after the court had heard the evidence of McGillivray and Police Constable McDermott.

Mr. Tutthill conducted his own case. Constable McDermott testified that he saw McGillivray with a witness in the prosecution of Mrs. Mary Wells in the morning court yesterday when he swore that he purchased liquor in her premises on Sheridan-avenue. That case was adjourned a week.

FIFTY THOUSAND A YEAR ON GOVERNMENT WORK

Another "Good Thing" is Uncovered in the Enquiry Into the Marine Department.

OTTAWA, June 16.—That there are fortunes in fogs was indicated today in the Cassels inquiry when J. P. Northey of the Canada Fog Signal Co. was called to the stand.

Mr. Northey said he had calculated that the profit on government business was 20 per cent. Judge Cassels declared that the books showed a "bonus," which he would style a "dividend" of 150 per cent. on capital stock. It seemed that Mr. Northey had acquired the patent, paying the cost but giving a royalty. Mr. Northey was asked how much he had made from the company in the past year and a half.

"It might be \$50,000," he said, but did not know whether it could be \$75,000, the both Justice Cassels asked.

Mr. Watson thought it odd that he should not be able to recollect his profits within \$25,000. Asked how much he had drawn in the last five years he said it might be \$150,000. Examination of the books showed that from October 3 to Sept. 7 Mr. Northey drew out about \$30,000 and Mr. Watson figured that he was getting \$50,000 a year; that he had not invested a penny; and had put in only a patent and his time.

The orders given by the marine department since 1903, Mr. Northey said, amounted to \$250,000.

Profits Were Large. On the disphones there was a very heavy profit, but Mr. Northey insisted that the cost of the plant should be considered, and that they had occasionally supplied the plant at a loss. The seven-inch instrument sold for \$1,000. About 400 three-inch disphones have been supplied at a price of \$460, and the cost of each, including royalty, was \$600.

The Factory Behind the Store.

COMMERCIAL MEN'S BAGGAGE

We specialize in Commercial Bags, Suit Cases, and Trunks, and have facilities for manufacturing Sample Cases and Trunks to order on shortest notice.

EAST & CO., LIMITED, 300 Yonge Street

Repairs of every kind promptly and satisfactorily executed. Commander Spain, wreck and pilotage commissioner, said when he had command of Dominion steamers the annual expenditure was about \$600,000 a year. His relations with the deputy minister had always been good.

does CAB TARIFF EXTEND WITH CITY BOUNDARIES?

Novel Point is Raised in Connection With an Alleged Overcharge.

Did the extension of the city limits from Cottingham-street to St. Clair-avenue, March, 1905, extend the last lines of the cab tariff limits to that point?

Magistrate Kingsford adjourned the case of the Crown against George Verbal and Edward Gallagher, one of his cab drivers, for a week, until he should decide this point raised by J. W. Curry, K.C., acting for the defence.

Mr. Curry argued that since a cab driver must carry passengers at request, he should not be forced past the original limit of the schedule, which at the time the police commissioners set the scale, was Cottingham-street, then city limit. They had not specifically extended the scale to the newly set city limits, and therefore counsel argued that the case could not stand against his client.

Inspector McClelland, prosecuting, said that the increase of the hourly rate in the cab scale since the extension of the city limits, was such only with time and not with distance. The case arose out of Gallagher's having driven a taxi to the Union Station upon the Avenue-road hill, for which he was billed for \$1.50. The facts were admitted.

9.30 p.m. Daily for Winnipeg and Coast. Remember the new "Winnipeg Express" leaves at 9.30 p.m. daily, via the time-saving Muskoka route.

Through Sleeper for Pittsburg and New Lake Train for Hamilton on the C.P.R.

The C.P.R. 7.15 p.m. train, daily except Sundays, now runs to Buffalo, and carries a through Pullman Buffet sleeper for Pittsburg. The 9.30 p.m. Hamilton train has been cancelled, and will be substituted at 11.10 p.m.

U.S. Battleship for Quebec. WASHINGTON, June 16.—The U. S. battleship Hampshire will leave New York June 20 for Quebec, where it is to be present during the ten-centenary celebration of the founding of that city in July.

FROM HOUSE OF REFUGE TO \$1,000,000 ESTATE

Sudden Transition of Joseph Hutchinson, Late a Public Charge of Essex County.

WINDSOR, June 16.—From privations of poverty to luxuries in affluence is rapid transition in fortune of Joseph Hutchinson, who has just been released from the House of Refuge at Leamington.

He is an Englishman about 65 years of age and for a time made his home, such as it was, in Kent County. He drifted to South Essex some time ago, became a public charge, and at last found refuge in the county house. By the death of an uncle in the old country he has fallen heir to an estate in the City of Manchester, consisting of about five acres of realty, valued at a million at a conservative estimate.

Central Methodist Church has decided to invite Rev. A. R. Sykes of Kingston as pastor, succeeded Rev. Thomas Manning. The latter will remain until July of next year, and has made no plans as yet for station.

For the above pattern to NAME, ADDRESS, and CITY.

A 10-cent postage stamp must accompany each order.

Mrs. Clark is the daughter of one of the early Mormon pioneers, and is an ardent woman suffragist.

To the Humane Society.

A correspondent writes: "The suffering of the horses struggling with their need in a large and steep grade of the Yonge-street hill impels an observer to call the attention of the humane society to the cruelly practised every day in the City of Toronto, in full view of any citizen who passes along this thoroughfare, and think enough to look up and realize the barbarity perpetrated."

I do not mean to say that in every case with the rule, but in a proportion of them there is little if any humanity shown the horses—first in the weight of the load imposed, which in so many instances is well beyond the powers of one horse, and he is of necessity forced to stand at frequent intervals after straining every muscle in the mighty effort, waiting for breath and the ability to put forth fresh endeavors, which overtaxing repeated day after day, inevitably shortens the life and impairs the vigor of the animal, as of the human species. His terms of usefulness, and therefore his value is considerably lessened by this short-sighted policy on the part of his owners, to whom the little less, in so many instances is who beyond the powers of one horse, and he is of necessity forced to stand at frequent intervals after straining every muscle in the mighty effort, waiting for breath and the ability to put forth fresh endeavors, which overtaxing repeated day after day, inevitably shortens the life and impairs the vigor of the animal, as of the human species.

A Woman Delegate.

CHICAGO, June 16.—The only woman who will have a seat on the floor of the Republican convention is a regular delegate is Mrs. Lucy A. Clark of Brigham City, Utah, and it is declared that she will be the only woman who ever had a vote in a Republican convention.

Mrs. Clark came to the city merely as an alternative delegate. Three hours after her arrival, however, the Utah delegates went into caucus. Then it was found that one of the regular delegates, C. E. Loos of Provo City, would not come to the position. Thereupon the vacant position was allotted to Mrs. Clark as a regular delegate.

mud, and ground on the ear so loud was the scraping course of this shocking object. The horse was unmercifully whipped up the entire ascent with but one stop, when it was not even in horse nature to go further, and the exhibition was disgraceful and degrading. In conclusion, I am anxious to pay tribute to the many splendidly cared-for working horses, a student notices that in the service of the Chas. Rogers Co., but there is also a deplorably large number who plainly speak of insufficient food and rest, old age and broken health, dying by inches.

There is surely something to be done for the relief of these noble animals, who show such patient endurance and render such faithful service while unable to speak on their own behalf.

The Leading Ladies.

Among the leading Toronto singers who will sing the leading roles in the performance of the great musical, "The Bohemians," at the Princess Theatre, on Thursday, Friday and Saturday, with a matinee on Saturday, for the benefit of the Toronto Hospital, are Miss Violet Hunt, Mrs. James Roberts, Misses Helen C. Patterson, Muriel R. Winter, Ethel Birmingham and Beryl Hunter Jones.

A large party of nearly 100 people from Buffalo will witness the matinee on Saturday. Many of this party are those who took part in the production of the play in Buffalo four weeks ago. When given in Buffalo a student notices that the students of Toronto University have secured a large block of front seats for the initial performance.

Personal.

The Toronto Conservatory of Music has issued invitations for its commencement exercises to be held in Massey Hall on Tuesday next, June 23.

The Toronto Conservatory Symphony Orchestra will assist and President Falconer of the University of Toronto has kindly consented to address the graduates and to present the diplomas.

The closing exercises of the Toronto Normal School will take place in the educational department hall to-morrow evening.

Invitations have been sent out for the spring regatta dance of the Beach Success Club, at Balm Beach on June 20.

Miss Madge McCulloch, Ottawa; Lorne Hale, E. A. Dunlop, ex-M.L.A., and Mr. and Mrs. F. C. Williams left for Beamsville yesterday, where Mr. Dunlop's marriage to Miss Ferguson takes place to-day.

Miss Catherine Merritt of Oakhill, St. Catharines, is at present staying at the Empire Club in London, whence she will leave to pay a round of visits to England and Scotland before returning to Canada in September.

The marriage of Miss Elifeda E. Patterson, daughter of Mr. George Patterson, Springfield, and formerly of Norwood, Ont., to William L. Moranville, will take place on June 17.

The marriage took place yesterday afternoon of Miss Florence E. Kemp, second daughter of A. E. Kemp, M.P., to Allen Herbert Proctor, son of the late James Proctor. The bride was given away by her father, and wore a dress of cream liberty satin, with overdress and train of white lace and pattern of silk disks, lace on corsage and sleeves; a tall veil was arranged over a wreath of white blue and hawthorn blossom, and some beautiful ornaments of pearls and diamonds were worn. The bridesmaids were Miss H. Kemp and Miss Maude Proctor, who wore dresses of cream satin and chiffon cloth, cream flit dress of cream liberty satin, with overdress and train of white lace and pattern of silk disks, lace on corsage and sleeves; a tall veil was arranged over a wreath of white blue and hawthorn blossom, and some beautiful ornaments of pearls and diamonds were worn.

Sale of Work

Through the kindness of Mrs. Macrae there will be a sale of fancy work, children's clothes, etc., on the veranda of her island home, 382 Centre Island, this afternoon, at the residence for working girls. Miss Dowling will contribute selections on the harp and Miss Smellie, vocal solos. There will be refreshments.

TRUE VOCATION OF THE CANADIAN GIRLS

Roses and Diplomas for Moulton College Graduates—Picturesque Scenes at McMaster.

The graduating exercises of Moulton College, in the beautiful memorial hall of McMaster University, again attended last night, that in the sphere of higher education in Canada, woman's rights need no aggressive champion. The classic terms of learning, through the aid of the McMaster faculty, "old girls" of the graduating class, the student body and their friends, presented a scene of picturesque beauty seldom equaled in college halls. The floral decorations harmonized with the deep green color scheme of the hall.

So soon as the visiting graduates had taken their seats, a band, headed by a marching song announced the coming of the students, attired in white, for the first time in the centre position of the main floor. The interspersed series of addresses were interspersed by these musical selections, a scene of picturesque beauty seldom equaled in college halls. The floral decorations harmonized with the deep green color scheme of the hall.

O. L. C. Commencement.

Ontario Ladies' College, Whitby, is holding its annual commencement exercises at 2 1/2 p.m. on June 22. A special train will leave Toronto Union Station at 2 15 p.m., and return leaving for Whitby at 8 30 p.m. The exercises will assuredly prove a great treat to all the college friends who see them this year, as the management is sparing no effort to make the program the most enjoyable yet given at the college. Railway tickets and tickets of admission may be obtained from Mr. R. C. Hamilton, 28 East Wellington-street, or Mr. R. J. Score, 7 West King-street, Toronto.

\$1.75 to Gait and Return

with twenty-five cents added for admission to annual horse show. Tickets good going via Grand Trunk Railway System, June 18, 19 and 20, valid returning on or before June 22, 1908. Secure tickets at city office, northwest corner King and Yonge-streets.

Campers

—never tire of BOVRIL. A cup of BOVRIL and a Bovril Sandwich are quickly made and are very enjoyable and nutritious. When heating canned meats stir in a little BOVRIL and note the difference.

Dominion Day Railway Rates. The C.P.R. will sell return tickets between all stations in Canada, east of Fort Arthur, east to Detroit, Niagara Falls and Buffalo, at one-way fare. The going dates are Tuesday and Wednesday, June 20 and 21, and the return limit Thursday, July 2. At all C.P.R. ticket offices and stations. 23

The attorney-general's department will investigate the incendiary fire in Ancaster Township.

PLATFORM OF PRINCIPLES ADOPTED BY BREWERS

Pledges Themselves to Abolition of the Immoral Saloon and to the Cause of Temperance.

MILWAUKEE, Wis., June 16.—The United States Brewers' Association at its closely reasoned adopted a platform of principles, in which it pledges itself to the abolition of the immoral saloon and to the cause of temperance if the use of intoxicants.

In discussing the resolution, H. B. Scherman of Brooklyn declared that the social evil is to be condemned whatever its abatement.

"The trouble is not," retorted Jos. Uihlein of Milwaukee, "when Mr. Scherman had finished, 'that these resolutions are not too strong, but that they are not strong enough. These low saloons are breeding spots for all sorts of crimes and criminals, and it is not wish to make any of them or any disreputable feature. The criminal resorts should be eliminated from this country from any connection with the business of the brewers.'"

TOMLIN'S BAKERY

is Second to None on the Market. Phone COLLEGE 3561

The Toronto Conservatory of Music has issued invitations for its commencement exercises to be held in Massey Hall on Tuesday next, June 23.

The Toronto Conservatory Symphony Orchestra will assist and President Falconer of the University of Toronto has kindly consented to address the graduates and to present the diplomas.

The closing exercises of the Toronto Normal School will take place in the educational department hall to-morrow evening.

Invitations have been sent out for the spring regatta dance of the Beach Success Club, at Balm Beach on June 20.

Miss Madge McCulloch, Ottawa; Lorne Hale, E. A. Dunlop, ex-M.L.A., and Mr. and Mrs. F. C. Williams left for Beamsville yesterday, where Mr. Dunlop's marriage to Miss Ferguson takes place to-day.

Miss Catherine Merritt of Oakhill, St. Catharines, is at present staying at the Empire Club in London, whence she will leave to pay a round of visits to England and Scotland before returning to Canada in September.

The marriage of Miss Elifeda E. Patterson, daughter of Mr. George Patterson, Springfield, and formerly of Norwood, Ont., to William L. Moranville, will take place on June 17.

The marriage took place yesterday afternoon of Miss Florence E. Kemp, second daughter of A. E. Kemp, M.P., to Allen Herbert Proctor, son of the late James Proctor. The bride was given away by her father, and wore a dress of cream liberty satin, with overdress and train of white lace and pattern of silk disks, lace on corsage and sleeves; a tall veil was arranged over a wreath of white blue and hawthorn blossom, and some beautiful ornaments of pearls and diamonds were worn.

Through the kindness of Mrs. Macrae there will be a sale of fancy work, children's clothes, etc., on the veranda of her island home, 382 Centre Island, this afternoon, at the residence for working girls. Miss Dowling will contribute selections on the harp and Miss Smellie, vocal solos. There will be refreshments.

The graduating exercises of Moulton College, in the beautiful memorial hall of McMaster University, again attended last night, that in the sphere of higher education in Canada, woman's rights need no aggressive champion. The classic terms of learning, through the aid of the McMaster faculty, "old girls" of the graduating class, the student body and their friends, presented a scene of picturesque beauty seldom equaled in college halls. The floral decorations harmonized with the deep green color scheme of the hall.

Ontario Ladies' College, Whitby, is holding its annual commencement exercises at 2 1/2 p.m. on June 22. A special train will leave Toronto Union Station at 2 15 p.m., and return leaving for Whitby at 8 30 p.m. The exercises will assuredly prove a great treat to all the college friends who see them this year, as the management is sparing no effort to make the program the most enjoyable yet given at the college. Railway tickets and tickets of admission may be obtained from Mr. R. C. Hamilton, 28 East Wellington-street, or Mr. R. J. Score, 7 West King-street, Toronto.

\$1.75 to Gait and Return with twenty-five cents added for admission to annual horse show. Tickets good going via Grand Trunk Railway System, June 18, 19 and 20, valid returning on or before June 22, 1908. Secure tickets at city office, northwest corner King and Yonge-streets.

Campers —never tire of BOVRIL. A cup of BOVRIL and a Bovril Sandwich are quickly made and are very enjoyable and nutritious. When heating canned meats stir in a little BOVRIL and note the difference.

Dominion Day Railway Rates. The C.P.R. will sell return tickets between all stations in Canada, east of Fort Arthur, east to Detroit, Niagara Falls and Buffalo, at one-way fare. The going dates are Tuesday and Wednesday, June 20 and 21, and the return limit Thursday, July 2. At all C.P.R. ticket offices and stations. 23

The attorney-general's department will investigate the incendiary fire in Ancaster Township.

A SOFT LEATHER

A horrible thing is coarse, brittle, hard leather, and most of it answers to that description. It rubs the tender feet of the gentler sex into blisters, corns, etc. It will almost blister a horse's hoof.

The Dolly Varden Shoe is made from a soft silken leather. Arduous and costly experiments resulted in "Velvete" Kid, a leather as soft as velvet but as tough and unwear-outable as cowhide. It is not frail and papery, but firm and silky.

The counters and uppers of all Dolly Varden Shoes are made exclusively of this cloth-like leather, which can be found in no other feminine shoe in the world, as we control all rights, while the soles are of oak-tanned cowhide, the plant and wearing qualities of which are widely known.

The Dolly Varden shoe will gladly show you this soft shoe, which is as comfortable at the first fitting as at the last wearing. Purchasers or investigators equally welcome. \$4.00 to \$5.00 in Canada and the States. Every pair goodly welled.

The Dolly Varden Shoe

The Shoe of Fourteen New Features

LATEST AND SIMPLEST RESUSCITATION METHOD

Something That is Worth Reading These Days It May Help You Save a Life Some Time.

In 1903, Professor Schaffer of Edinburgh, Scotland, professor of physiology—who, by the way, was last year given an honorary degree at McGill—in 1903 brought forward a new idea in the matter of resuscitating the apparently drowned. It was so very simple that it is not until this year that the Royal Life Saving Society has adopted it. Its new issue of manuals on the subject have not only adopted the Schaffer system, but it has discarded its instructions the older and hitherto approved methods.

By the Schaffer system, when a body is taken from the water, it is wiped dry, the face is turned downward. The man attempting resuscitation is advised to kneel over or to one side of the body. Then, placing the hands flat across the small of the patient's back, the thumbs almost meeting and the fingers resting over the lower ribs, the man should lean forward and press steadily, then relax, and continue this movement at an average of 12 to 15 times a minute. By this means the water, if there is any, is driven from the patient's lungs, while breathing is induced.

The advantages of the Schaffer method are in its very simplicity of operation, the ease with which the body is held, the removal of mucus and does not allow of the tongue falling back in the throat.

This new system will replace the former established methods that Police Constable Mowat and Edward Vernon have been teaching to the life saving classes of the Toronto Swimming Club. Both are members of the Royal Life Saving Society in the old country; they competed against each other in the Great Britain swimming and life saving national championships at Leith, Scotland, and now the former rivals are, as a labor of love, teaching Toronto swimmers in all the latest and best ideas of life saving. Last year they had 20 men in the class; this year there will be two classes, and they will compete for the medallions and certificates of the life saving society.

Members of the two classes are especially interested in the proposed police patrol boat service for the bay front. It will be called on by the police department to exercise his expert abilities as a swimmer in connection with the squad who may be selected for the patrol.

Hearst has gained only 228 votes in 718 ballot boxes opened in the recount of the New York mayoralty ballots. A parcels post agreement between the United States and France was signed yesterday.

Help the Bowels When They Need It—Don't Delay

Don't wait till you have a violent physical, for harsh physic always harms. Take one Cascaret as soon as you need it. Take another later if necessary. Carry a box always with you. Give the bowels a little help while a little is sufficient.

It is wicked to thus abuse the stomach and bowels. Gentleness is just as effective. Cascarets act naturally. There is no gripping or pain. They are vegetable. Take one whenever you need it. They're as harmless as food.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C.C. on every tablet. The boxes marked like this.

ANOTHER TORONTO FEEDER TO PRESERVE

Now that the board of trade has declined Sir Thomas Shaughnessy and expressed its appreciation of the Canadian Pacific's Toronto to Sudbury line, they might do a worse thing than tender a similar banquet to the commissioners who are building the state-owned railway known as the Ontario and Temiskaming road, from North Bay to Hudson Bay. That road, too, is of as much importance to Toronto and Southern Ontario as the new Canadian Pacific short line to Winnipeg. Indeed, it might mean even more for the trade of Toronto.

The great thing to prevent in connection with this state-owned railway is the diversion at North Bay to Montreal and away from Toronto of traffic of the country it opens up. The Canadian Pacific to-day is trying to get into that country from the Ottawa River, and in that way to take the Temiskaming trade to Ottawa and Montreal. The business men of Toronto and the manufacturers of Southern Ontario ought to be sufficiently interested to try and persuade the Ontario Government and its commissioners to keep that road as a feeder for Toronto and the country adjacent to Toronto.

It is this country to the south that has largely paid for the cost of its construction, and it would be a sorry thing if we built a road right up to Hudson Bay and have the traffic of the country diverted at North Bay to the east. The World believes that the state should own or control the connection between Toronto and North Bay and that not only should we own this railway to Hudson Bay, but that a number of extensions to the west should be made, and other extensions to the Georgian Bay from the national road. The board of trade has already had one conference in regard to this, but there is plenty of opportunity for many more conferences, and for the formulation of a policy on the lines above set out.

LOOKING EAST AND WEST.

Sir Thomas Shaughnessy, in his very able speech to the Toronto Board of Trade, said that Canadians ought to make it part of their national policy to make the trend of traffic and social intercourse in Canada east and west rather than north and south, and that the fiscal policy of the country, irrespective of party, should be devised so as to encourage trade between Canadians themselves. In other words, that the west and the east should trade together, rather than that the Canadian west should trade with the people of the United States to the south of it. Tho it is true that somewhat of a wall exists at present separating the prairie lands from the settled portions of Western Ontario, that barrier is always growing smaller. We are discovering new country that is tillable north of Lake Nipissing clear up to Manitoba.

Sir Wilfrid Laurier was able to justify his transcontinental railway, especially the section from Winnipeg to Quebec, by showing that it was opening up an agricultural and mineral country which would supply, in a comparatively short number of years, the long touch between the Canadian east and the Canadian west, and this same eastern end of the transcontinental may yet supply a living touch between the Upper Ottawa country and Manitoba, as Northern Ontario has a great belt of valuable agricultural land to be opened.

The satisfactory thing about Sir Thomas Shaughnessy's speech is not so much the views which he advocated, but the fact that all shades of political opinion in Canada are now more or less in accord with the view that it is possible to frame up a railway policy and a tariff policy that will keep our own trade in our own country and our own markets, our own products for our own work people, and our home-consuming market, for the Canadian farmer, and at the same time not only do this, but go a long way toward developing our export trade and toward maintaining our position in regard to imperial possibilities, thus so well entrenched ourselves that our political institutions need never be jeopardized from the outside.

THE IDEAL LIBRARIAN.

There is a consideration which the gentlemen who will select a librarian for the Toronto Public Library must not let escape them in their deliberations. It is an easy matter to find a man "who will do." A scholarly custodian of books is, indeed, pro tanto, a proper librarian. Such a man was the late Dr. Bain. But Dr. Bain's success was due considerably to an aspect of his mind, likely not to be considered in the deliberations about his successor. And it has been the part of the late Justin Winsor, who himself was the librarian of Harvard College, to signalize in his History of America, Dr. Bain's singular qualification as more

than a scholarly custodian of books. In Justin Winsor's view Dr. Bain showed the business sense which is especially needed in a competent librarian. Dr. Bain, that is to say, knew the value of books to a library—the kind of books to be bought, and when and where they must be bought.

Now, a man who not only knows books and the methods of good librarianship, but who also has the sense of book values when announced in catalogs and seizes opportunities to buy wisely and well—such a man is the ideal librarian. There are, however, but very few who have these qualifications. Yet such men are to be found in Canada. And we suggest to the gentlemen who will select a librarian to fill Dr. Bain's place, that they look for a man who has both the knowledge of a scholar and, as it were, the business sense and insight of the first-rate book collector.

COLORED EMIGRATION AND THE EMPIRE.

To the third number of The Standard of Empire, which has just reached Canada, the Right Hon. Alfred Lyttelton, M.P., colonial secretary in the late Unionist administration, contributes an article on colored immigration, forming one of the series on "Problems of Empire." Needless to say it is entirely sympathetic towards the determination of all English-speaking nationalities to prevent the unrestricted immigration of Asiatics. This policy is not new and Mr. Lyttelton quotes two typical expressions of it, one of them by Sir H. Parkes, who as far back as 1888 justified his refusal to let the Chinese land on Australian shores.

Altho the colonial office at first resisted the application of a policy of exclusion it was found that attitude could not be retained. It proved impossible to resist the claim that the self-governing states of the empire had alone the right to control the character of their citizenship, especially when those directly exposed to the influx of Asiatics were practically a unit in their resolution to prevent free and effective competition even from British subjects of the Asiatic races. Mr. Lyttelton points out that "the imperial government have, the reluctantly, been driven to acquiescence in a policy which it would be useless and dangerous to resist."

For imperial statesmen the problem assumes a more serious and formidable aspect than it does to the individual states that have no other elements to consider than those immediately affecting themselves. Ever since the west touched the east it has imposed its own terms and has compelled submission to relationships which were neither desired nor welcomed. But Mr. Lyttelton has ample warrant in affirming that this position cannot be maintained. Equity cannot support the claim by the west for free admission—the open door—to the east, or for prohibition—the shut door—to the west. "Already Japan is insisting upon an equal place in the congress of nations, and in China the process of awakening is in rapid progress. Only force can maintain the older policy and that every year is rendering more difficult. But, however the relations of west to east may be ultimately adjusted, and whatever modification may be made in regard to sub-tropical regions such as North Australia, for Canada there can only be a policy calculated to "preserve the purity and the industrial standards" of the Canadian people.

SUGGESTIONS FOR TEMPERANCE WORKERS.

Editor World: There has been so much talk of late on the question of "The Abolition of the Bar," that I would like to make a few remarks on the subject. Altho not in favor of prohibition, I take much interest in the cause of temperance and moderation in all things. I would not go quite so far as to abolish the bar, as it would not be fair to the working man, who is just as much entitled to his glass of beer or anything stronger if he so desires, as the man who can afford to belong to a club. The bar is all right in its way as a place of entertainment, where one can quench his thirst, but it is the abuse of the bar where the trouble lies. As a rule it takes some years to become a drunkard. He does not start to drink alone. Usually he is invited by a companion to have a drink. Then he commences to take a drink, until it becomes a habit.

The treating evil is one of the worst features in drinking. A person will go into the bar or club to have a drink, and owing to the treating custom he may have three or four more than he cares for.

Now, as far as the drink question is concerned—another great evil is the early drinking, which undermines the health and makes the drunkard. Any one who commences drinking in the morning starts on a drunkard's career. He is no good to himself or anybody else.

Now, sir, why do not the temperance people call on the government and ask to have the sale of intoxicating liquors prohibited every day in the year until 11 o'clock in the morning? If they would get the government to accept of this request, I am sure they would do more for the cause of temperance than they have done during all the past years. I would also suggest that the churches take the temperance question in hand. How is it that you seldom hear a sermon on the evils of drink?

I am sure if the different churches, irrespective of creed, would form temperance societies, they would have the heartfelt thanks of all classes. One society might be an "Anti-Treating Society." The second one, where the members would abstain from drinking until noon. The third where they would not drink either in any bar or club down town. And the last, those who wish to join the total abstinence society, persons could join one of these societies and not find it a hardship. I would also suggest that every member pay 25 cents a year, for the cause of temperance.

Now, reverend gentlemen, if you would please give this matter your attention, I am sure the results would be good. Leave the bar as it is. Take a broad view of the liquor question. If such a thing as closing the bar were accomplished in a city like ours, it would do much injury, much more than we think of. The many large conventions that visit us during the summer, and the many tourists, if they knew this was a prohibition city, would stop short of visiting us during the summer, and the fact of their not being able to get one would be considered a hardship.

We do not wish any "Blue Laws," but we want to have the privilege of enjoying the good things that God gives us in moderation. J. A. Murray, 170 Jarvis-street.

LIBERAL REORGANIZATION.

Editor World: Your article on the reorganization of the Liberal party is timely.

The so-called Conservative party have so far departed from all their old standards that one wonders where they are at.

Fifty a follower of that party in 1878 advocating government ownership of railroads, when they were holding up to ridicule Mackenzie for attempting to build the C. P. R.

What would be thought of a Conservative who would dare print school books, build tramways, and demand royalties (of course from Grits only), the succession Duties Act robbery, taxing corporations "violence," royalty "radical thieves"?

I have looked in vain for a single large industry to establish themselves in Ontario in the past eight years, and unless there is a material change in the policy of the Baldwin Reformers, who control affairs, capital will give Ontario the cold shoulder.

The disruption may be nearer than you think, and it will probably come on the public ownership question. Observer, Englehart, June 15.

COMPRESSED AIR CLEANING.

Not only will the new store of the Robert Simpson Co., Limited, be one of the cleanest in the world, but it will also be the cleanest in the Dominion.

In order to keep their new store faultlessly clean, the Robert Simpson Co., Limited, will extend the Ontario compressed air system of house-cleaning.

In the basement there will be an electric pumping engine; pipes will be laid from this along the ceiling to each room, because water power can be got out by compression than by suction. A clean store is a healthful store, and the new building of the Robert Simpson Co., Limited, will be made a model in cleanliness and hygienic properties.

JUMPS 170 FEET TO DEATH.

WATERLOO, N. Y., June 16.—R. C. McCuen, aged 80, a prominent hardware merchant of Copenhagen, jumped to his death from the top of a 170 foot embankment at High Falls to-day. His body has not been recovered.

THE SUNDAY WORLD IS DELIVERED TO ANY ADDRESS IN THE CITY OR SUBURBS FOR 5 CENTS PER COPY.

To ensure regular delivery, order at once. TELEPHONE MAIN 252

Dominion Day Excursions.

On account of Dominion Day the Grand Trunk Railway System will issue return tickets at single fare between all stations in Canada, also to Detroit and Port Huron, Mich., Buffalo, Black Rock and Suspension Bridge, N.Y. Good going June 30, July 1, returning on or before July 2. Secure tickets from any Grand Trunk ticket agent.

PURITY IN POLITICIANS DEMAND OF METHODISTS

Mustn't Be Allowed to Build Another Pompeii Says Conference Report

"We believe that an impure, ungodly man, however brilliant, can never perform the work of God," has said: "The Almighty will have no driftwood for His altar and no driftmen for His servants, and we must declare with voice of thunder that evil men in high places have no chartered right to be left alone. We must sound it forth that public office is a public trust, and it should never be committed to a profligate. We must tell politicians that who will not purify themselves to build another Pompeii on Canadian soil."

In these words, Rev. John Pickering of Centennial Methodist Church denounced corrupt politicians of all ranks in the annual pastoral address presented to the Toronto Methodist Conference yesterday morning, and the address is to be read in the churches on Sunday.

In the report on Sabbath Day Observance prepared by Dr. Crumphy of Balmertown Church it was mentioned that never before had the working man shown so much interest in the movement, and recognition was emphasized the need of one day in seven for rest, and that Sunday was the best method of rest. In regard to summer resorts, the report recommended thoughtfulness, so that the day be well observed. A standing committee composed of Hon. Thos. Crayford, Inspector Chapman and Rev. John Pickering was recommended.

Future of Elm St. Church. The future of Elm-street Methodist Church hung in the balance yesterday while the delegates debated as to what would be the best way to help the church in its present difficulty. Elm-street Church has been doing a magnificent work among the transient population of the district in which it is situated, but the burden has become too great to carry on the shoulders of the church. A memorial was presented to the conference committee asking for help, but recommending that it be allowed to continue its work as a regular church and not as a mission, because of the preventive nature of its work, and that the church be allowed to continue its work as a regular church.

Then an amendment was added to the effect that the need of the church be referred to the social union and mission committee.

Then began a discussion which continued until late in the afternoon, when the Rev. J. W. Elliott, E. R. Wood, C. D. Massey, G. H. Wood, R. W. Eaton, Ivor E. Brock, H. McGee, J. R. L. Starr, the Rev. J. J. Redditt, W. L. Hancock and others took part.

Statistical Reports. G. S. Faircloth presented the statistics for the year, which showed the denomination to be in a very flourishing condition, tho a few churches were behind last year's figures, and it was recommended that a circular be sent around to all the churches that have a deficit in order to have things up, also to send them when the pastor's salary was much too low.

The statistical reports showed funds raised during the year were: for removal expenses, \$2011; Sunday Schools, \$42,809; Epworth League, \$3303; Ladies' Aids, \$3239; Trust Boards, \$21610; all other purposes, \$38,464.

Amounts raised for ministerial support, \$170,000; for the year, \$170,000; for deficiencies, \$10,720. There are 9 new churches valued at \$72,575; six new parsonages valued at \$100,000; there was raised for all purposes, \$717,071, a decrease of \$30,785.

The report on Sunday Schools shows: total number of scholars, 107,000; officers and teachers, 5760; average attendance, 4534; total scholars, 58,775; average attendance, 31,909; number added to church, 235; number new members of church, 15,187; number learning catechism, 1895; number pledged abstainers, 15,979; raised for missions, \$7009; for education, \$217; for school purposes, \$38,902.

There are 344 young people's societies, 11,422 members, with a total membership of 15,432, a decrease of 9. For missions, \$12,118, an increase of \$597, has been collected.

TRAINS 3 AND 4.

The publication in the advertising department of the Grand Trunk Railway System is a booklet descriptive of their line between Chicago and New York, through Ontario via Niagara Falls, also Chicago and Portland via Toronto and Montreal, under the title "Trains 3 and 4." It pictures to the reader by concise description and well printed half-tone illustrations the route of these two popular trains.

It is universally agreed that the lines of this great system provide a great diversity of scenery and reach many points of interest, and the route traversed by these two trains is no exception. These features are lucidly described, and are well illustrated in "Trains 3 and 4."

The publication is a handsome one of 32 pages, printed in two colors, and is adorned by a strikingly beautiful cover printed by the tripartite process, cover showing a head-on view of the premier train of the Grand Trunk System, "The International Limited," approaching as it does, a bridgeway with massive pillars on either side, surmounted by the Dominion Coat of Arms, with the Canadian flag and United States flag draped on either side, emblematic of the international character of the line, making in all a most pleasing effect.

It can be had for the asking. Address J. D. McDonald, D.P.A., Toronto.

Contractors Indicted. BOSTON, June 16.—The evidence in the so-called "Boston agreement case" was considered insufficient to warrant an indictment, according to a statement this morning.

The agreement case involved six leading structural steel and iron firms of this city, who, it is alleged, had combined to secure contracts from the City of Boston.

Seven officials connected with the six firms referred to have been arrested and are waiting a hearing in the municipal court Saturday.

Exhibits From Barbados. Dr. J. O. Orr, manager of the exhibition, has received a letter from Cyril E. Stoute, acting superintendent of agriculture, Bridgetown, Barbados, stating that the permanent exhibition committee of the island are preparing

THE TAFT NOMINATION IS BEING DISCOUNTED

Wall Street Shows Sympathy for Republican Leader—No Feature at Toronto

World Office, Tuesday evening, June 16. The Toronto Stock Exchange did about the normal amount of business to-day, without creating any interest. In the matter of rises and falls there was about a saw off, but in no case did the fluctuations extend beyond operation. Quite a number of issues were represented in the dealings, but in no one stock was there any degree of activity. The speculative specialties were quieter, and where profit taking was tried prices reacted. A fair proportion of the trades consisted of box lots. Whether there were purchases or sales by outside investors could not be ascertained, but under the conditions it would be as fair to assume one as the other. The statement of President Ross of the Dominion Coal Company made in London that the suit would be pressed to the privy council has temporarily at any event put a quietus on further gossip as to the two contesting companies. Nova Scotia Steel recovered a part of the recent decline, but the shares were not anxiously sought after.

Wall Street Pointers

James J. Hill expects average crops to sell at good prices.

Grain and steamship interests of produce exchange will hold a mass meeting to-day to agitate for lower railway rates on export tonnage.

Heidelberg, Ickelheimer & Co. have engaged \$600,000 gold bars for shipment to Germany. This amount of gold aggregate gold exports on the movement up to \$42,000,000.

It is reported that the Illinois Central Railway Co. intends to issue in the near future about \$4,250,000 of convertible bonds. This amount of new stock, together with the \$14,250,000 new stock recently offered to shareholders, it is said, will clear up the company's financing debt.

The Wall Street Journal says that from present indications the Soo Line will end this fiscal year with a surplus of \$1,133,000, applicable to common dividends, equal to 67 per cent on the \$1,810,000 common stock outstanding.

Joseph says: The nomination of Secretary Taft is expected to be made on Thursday afternoon. Temporarily a see-saw market for copper, but the trend will be upward. Keep long of Amalgamated Copper. Hold B.R.T. and Bull Pacific.

Latest reports designate the conservative bull position to be the most logical. The stock market continues to narrowly fluctuate in the trading area. We regard Northern Pacific, Southern Pacific, Amalgamated, and Union Pacific as the best purchases in the list, especially on little declines. Reading should be taken on every little advance in the price of R.B.C. is based on dividend cut rumors.—Financial News.

The return of Mr. Morgan at this time is alluded to in bull quarters as containing the possibility of something being done in connection with the extra payment to the Northern Pacific stockholders. In most circles, however, it is not thought that anything will be done of this nature until later on in the year. In view of the great amount of new Northern Pacific stock which will be put at the beginning of next year, we would feel much more favorably disposed relatively towards Great Northern as a purchase. At the moment, however, we do not think it would be advisable to buy either of these stocks, for there is no reason to believe that they will not react with the general market when conditions favor bearish operations.—Town Topics.

SMALL TRADING AT STEADY QUOTATIONS.

World Office, Tuesday Evening, June 16.

Transactions put thru at the Toronto stock market to-day were at about steady quotations. Without any new additional incentive, buyers and sellers were left with their own convictions as to values in those issues in which inspired operations did not intervene. The speech of the president of the C.P.R. conveyed nothing new in regard to the west, but the tinge of optimism which pervaded the address provided a groundwork for confidence as to the distant future. The extreme narrowness of the local speculative position leaves no room for free fluctuations to be successful, and the majority of traders are simply looking on awaiting an opportune time to act on either side of the market.

Stock Exchange Elections. At the annual meeting of the Toronto Stock Exchange held this afternoon the following officers were elected: President—J. C. Buchanan. Vice-president—W. H. Brouse. Secretary—F. Gordon-Osler.

On Wall Street. Charles Head & Co. to R. R. Bondard: The stock market to-day showed decided strength, prices creeping steadily upward from the start on the strength which appeared in the advices from Chicago, indicating that the conservative element was steadily gaining adherents, the positive assertion of the temporary Chicago chairman that a third term would be absolutely declined and the conviction that Taft would secure the nomination in the first ballot. A further cause for the advance was found in the strong support accorded the new Union Pacific bonds, large blocks of which were taken by brokers identified with the banking interests, under whose name the flotation was made. The principal standard stocks in the market, with the exception of the Union Pacific, Northern Pacific, St. Paul and Reading, exceptionally good buying being reported in the latter in the industrial shares. Steel common was a strong feature and the metal stocks generally displayed a firm tone, reports of pending contracts for a large quantity of copper metal having a favorable influence. The upward movement halted from time to time as the afternoon there were long periods of absolute stagnation, but the undertone continued good and closing, the somewhat irregular, was generally firm. Spader & Perkins to J. G. Beatty: Market was somewhat more active than recently and the incentive was doubtless the meeting of the congress in Chicago and evidence of its being under perfect control and not likely to furnish the basis for indefinite conclusions. The market gained strength with the progress of the session, with evidence of rather active covering of short commitments in an speculative. Ennis & Stoppal wired to J. L. Mitchell: The market developed increased activity and consistent strength. London took several thousand shares on balance and there was steady absorption of stocks by prominent interests. Traders were in some cases inclined to content the advance, but offerings were on the whole very limited. The money market is untruffed and the yield of Government securities is extremely attractive as compared with interest obtainable thru time loans. The July disbursements of \$180,000,000 are usually re-invested to a great extent prior to actual receipt, but this year, owing to political uncertainties, there is a probability that large sums have been held back and will be placed in stocks and bonds a little later on. J. R. Heintz & Co. wired R. B. Holden: The return of Mr. Morgan this week is awaited with a good deal of interest and in this connection the strength of steel stocks and the Hill stocks have given rise to the report that he is definitely allied with the bull side. We can see no reason to change opinion that this market is going to sell considerably higher than it is, but we do not hesitate to buy the better class of securities on all irregular weak spots. There is a fair short interest outstanding, who have been fighting this ad-

The principal standard stocks in the market, with the exception of the Union Pacific, Northern Pacific, St. Paul and Reading, exceptionally good buying being reported in the latter in the industrial shares. Steel common was a strong feature and the metal stocks generally displayed a firm tone, reports of pending contracts for a large quantity of copper metal having a favorable influence. The upward movement halted from time to time as the afternoon there were long periods of absolute stagnation, but the undertone continued good and closing, the somewhat irregular, was generally firm. Spader & Perkins to J. G. Beatty: Market was somewhat more active than recently and the incentive was doubtless the meeting of the congress in Chicago and evidence of its being under perfect control and not likely to furnish the basis for indefinite conclusions. The market gained strength with the progress of the session, with evidence of rather active covering of short commitments in an speculative. Ennis & Stoppal wired to J. L. Mitchell: The market developed increased activity and consistent strength. London took several thousand shares on balance and there was steady absorption of stocks by prominent interests. Traders were in some cases inclined to content the advance, but offerings were on the whole very limited. The money market is untruffed and the yield of Government securities is extremely attractive as compared with interest obtainable thru time loans. The July disbursements of \$180,000,000 are usually re-invested to a great extent prior to actual receipt, but this year, owing to political uncertainties, there is a probability that large sums have been held back and will be placed in stocks and bonds a little later on. J. R. Heintz & Co. wired R. B. Holden: The return of Mr. Morgan this week is awaited with a good deal of interest and in this connection the strength of steel stocks and the Hill stocks have given rise to the report that he is definitely allied with the bull side. We can see no reason to change opinion that this market is going to sell considerably higher than it is, but we do not hesitate to buy the better class of securities on all irregular weak spots. There is a fair short interest outstanding, who have been fighting this ad-

Stock Exchange Elections. At the annual meeting of the Toronto Stock Exchange held this afternoon the following officers were elected: President—J. C. Buchanan. Vice-president—W. H. Brouse. Secretary—F. Gordon-Osler.

On Wall Street. Charles Head & Co. to R. R. Bondard: The stock market to-day showed decided strength, prices creeping steadily upward from the start on the strength which appeared in the advices from Chicago, indicating that the conservative element was steadily gaining adherents, the positive assertion of the temporary Chicago chairman that a third term would be absolutely declined and the conviction that Taft would secure the nomination in the first ballot. A further cause for the advance was found in the strong support accorded the new Union Pacific bonds, large blocks of which were taken by brokers identified with the banking interests, under whose name the flotation was made. The principal standard stocks in the market, with the exception of the Union Pacific, Northern Pacific, St. Paul and Reading, exceptionally good buying being reported in the latter in the industrial shares. Steel common was a strong feature and the metal stocks generally displayed a firm tone, reports of pending contracts for a large quantity of copper metal having a favorable influence. The upward movement halted from time to time as the afternoon there were long periods of absolute stagnation, but the undertone continued good and closing, the somewhat irregular, was generally firm. Spader & Perkins to J. G. Beatty: Market was somewhat more active than recently and the incentive was doubtless the meeting of the congress in Chicago and evidence of its being under perfect control and not likely to furnish the basis for indefinite conclusions. The market gained strength with the progress of the session, with evidence of rather active covering of short commitments in an speculative. Ennis & Stoppal wired to J. L. Mitchell: The market developed increased activity and consistent strength. London took several thousand shares on balance and there was steady absorption of stocks by prominent interests. Traders were in some cases inclined to content the advance, but offerings were on the whole very limited. BIG MILLS WILL RISE AROUND POWER PLANT

Kenora Looks for Expansion as Result of Winnipeg River Development.

KENORA, June 16.—(Special).—The proprietors of the dam above Kenora have contracted to sell their power, for, it is stated, \$1,000,000 to a New York syndicate thru the instrumentality of Andrew Anderson (of Winnipeg and New York), who opened up the negotiations directly from the commencement. Acting under instructions, this week he submitted to the town council a proposition showing immediately erect plant and machinery for opening up an immense pulp and paper industry, provided that an exemption from taxation be accorded for a period of 10 years, and a fixed assessment of \$3000 for a further 15 years.

After considerable discussion, in the course of which Mr. Anderson pointed out that nearly 1000 work people would be employed in that industry when in operation and that the plant would probably cost something in the

SUBURBAN SERVICE IS BEING IMPROVED

C.P.R. Make Alterations in the Time Table and May Order More Motor Cars.

Fifteen days' trial of the experimental suburban motor to Brampton, put on for the benefit of suburbanites, has pretty well convinced the C.P.R. passenger officials of the practicability of the argument that the district between Toronto and Brampton not only requires, but warrants, the introduction of a special daily passenger train, and has also given the C.P.R. officials a confidence in the capabilities and reliability of the car that has exceeded their most sanguine expectations, and it would not be surprising if an order for six more cars built on the same design, went forth to Montreal before the summer is ended.

This will mean that other C.P.R. cars radiating from Toronto will soon be equipped for suburban traffic, and that the service to Brampton will be improved to the extent of at least two local trains each way.

Likewise, 15 days have served to better acquaint the company with most urgent requirements of the people served by the inter-urban motor, with the result that several changes have been made in the schedule.

For instance, it was found that 6:15 p.m. was somewhat of a late hour for the average daily passenger to have to leave the city on his way home from business, and the new time-table which went into effect yesterday, reads "leave Toronto 5:45 p.m."

From the many interviews The World has had with people who have been making regular use of this train, it should meet with general satisfaction all along the line. At least in the interim, until two outboard cars may be brought into commission—one shortly after 5 and the other just after 6—has been suggested.

Then, too, there were many complaints that the car was not landing people in Toronto on the morning trip in time for them to be at the office at 9 o'clock, and there has been a re-adjustment in this regard.

It was found that upon approaching Toronto the numerous stops made it impossible to keep up with the schedule. Therefore, the time between the stations near Brampton has been shortened, giving more latitude on the latter end of the east run in order to land in Toronto precisely at 8:45 a.m.

The first trip made yesterday morning on time. There were 64 passengers.

For the benefit of those who are not acquainted with the change, we publish the following schedule, showing a comparison between the old and new on the morning run:

	Old	New
Leave Brampton	7:30 a.m.	7:30 a.m.
Churchill	7:40	7:38
Meadowdale	7:48	7:41
Streetsville Junction	7:52	7:45
Streetsville	7:58	7:47
Erindale	8:05	7:52
Cooksville	8:13	8:00
Dixie	8:20	8:08
Islington	8:24	8:10
Golf Grounds	8:28	8:14
West Toronto	8:30	8:16
Lambton	8:33	8:20
West Toronto	8:35	8:22
Parkdale	8:40	8:26
Arrive Toronto	8:48	8:45

BIG LOSSES OF LUMBER.

FREDERICTON, N.B., June 16.—(Special).—Of late winter's lumber cut, about 25,000,000 feet of logs are now hung up on the St. John River and tributaries. If it had not been for several big dams breaking away practically all of the lumber on upper St. John and its tributaries would have come out. The St. John Lumber Company alone will lose 10,000,000 feet.

Protect Schools From Fire.
C. H. Bishop, superintendent of school buildings, intends to hasten steps during the summer to have schools protected from fire. He plans to have iron stairways installed, to replace all wooden partitions with brick and wooden doors with metal, and to have all basements made fireproof.

3 YEARS FOR HORSE THIEF.

New Yorker Gets Summary Justice in Orangeville Court.
ORANGEVILLE, June 16.—(Special).—A young man, Harry Thomas, who claims to live in New York City, was today sentenced by the police magistrate to three years in Kingston for stealing a horse and buggy from Allan McDougall of Hillsburg, while being kept in the sheds of the Hotel Alexander here on Saturday afternoon.

The outfit was valued at \$270 and the prisoner endeavored to sell it to some Caledon farmers for \$20. He was captured Saturday evening near Charleston.

J. CAMPBELL WHITE TO ADDRESS THE ANGLICANS

The missionary meeting in connection with the annual meeting of the synod of the Diocese of Ontario, will be held to-night at St. James' Cathedral school house at 8 o'clock. This year the meeting is to be a laymen's missionary movement meeting, the idea being to interest the outside clergy and lay representatives attending the synod in the movement. The committee in charge are fortunate in securing Mr. J. Campbell White of New York, who comes to Toronto to address the meeting. Rev. Charles A. Short, missionary in Japan, now on furlough, will also speak. The meeting is open to ladies as well as to men, and a general invitation is extended to all interested.

H. H. FUDGER, President.

The Housefurnishing Problem Solved

A Plan By Which You May Have Your Housefurnishings Delivered at Your Home NOW and Pay at Convenience During the Year.

During June five hundred homeowners have the privilege of a charge account at cash prices in the following departments:

- Carpets and Curtains.
- Furniture.
- Wall Paper.

This offer is extended to responsible people at a service this store can afford to render its customers in exchange for the extra business, especially at a time when we are more than usually anxious to reduce stocks and get ready for moving. The June Club is limited to 500 members, of whom we have nearly 400. If the Club plan is not clear to you, call and talk it over with the Club Secretary, in the Club Office, on the Curtain Department.

It is really very simple and no one need hesitate for one moment in accepting its advantages.

THE ROBERT SIMPSON COMPANY LIMITED
TORONTO, ONT. June . . . 1908
