YORK ST. RESTAURANT WRECKED BY A BOMB

Explosion Demolishes Window and Scatters Furnishings, While Cashier Has a Narrow Escape.

DRAGOON AND A YOUTH ARRESTED AS SUSPECTS.

The metropolitan crime of wrapping by means of a bomb, which has been unpleasantly common in Chicago and other American cities, was introduced to the Toronto police at 10 o'clock last night when the Chinese restaurant run by Sam Lee at 209 York-street, was demolished by a bomb placed under a table in the centre of the dining room of the restaurant.

Two men, the only two who had been in the place for some time before the explosion, are under arrest charged with placing the explosive, but declare that they know nothing of the matter. The police, however, say that they have evidence that on entering the place, one of the men, a trooper at Stanley Barracks, showed a bulge in his pocket and remarked significantly, "There will be something doing here to-night, shoot-ers."

A cylindrical firework, 4 inches long by 1-4 inches wide, was picked up in the south hallway of the building shortly after the explosion. It is in the hands of the police.

Other soldiers said later that their comrade who is under arrest had been reprimanded for taking just such a job from the exhibition grounds.

The explosion was heavy and could be heard for blocks and in a moment or two a large crowd had gathered about the little restaurant, the heavy plate glass front of which was blown out into the street.

Waitress Tells Story. The story told by Queenie Oliver, waitress and cashier, and the only white employe of the place, is minute in all save that it falls to supply any motive for the crime. Queenie, who is about 20 years of age and a slight, rather plain looking girl, was in the place at the time and had a miraculous escape from death or serious injury.

She says she was in the place when the two men, Trooper George Woodard, 24 years of age, and Herbert Dragons, an Englishman and Herbert Wilkinson, English, 18 years, who has only been two days in the city, came in. They ordered a beer and sat at a table near the door. They drank the beer and then went to a table about the centre of the room close to the north wall. She saw at the cashier's desk, which is beside the window and separated from this table by a heavy curtain. The man did not order anything at this table and in a minute or two got up and went rapidly out of the front door. A moment later there was a terrific explosion. Tables, chairs and dishes were thrown about like hail and the heavy glass front was thrown into the street.

Where Wandell Was Shot. This is the last of a long list of dramatic incidents that have been staged in this building. It was in an upper room of the building that John Boyd, colored, shot Edward Wandell, also colored, who had been in the restaurant. There has been a suicide, as well as fights, fires and police raids in this case, which is closed by the police as one of the most disorderly in the city's downtown section.

WAR OFFICE SELLS MEAT. Makes a Profit on Return Sales to Chicago Packers. LONDON, Sept. 15.—Taking advantage of the prevailing shortage in the enhanced price for canned meats, the British war office is reported to have reaped a handsome profit by selling back to certain Chicago houses large stocks of canned meats. It appears these supplies are not wanted immediately and under its contract the war office may replenish its reserves when it desires at the old and lower prices.

STREET BY, MUST PAY SHARE OF BRIDGE

Dominion Railway Board Refuse Permission to Appeal to Supreme Court—Criticism for City's Delay.

OTTAWA, Sept. 15.—(Special.)—The board of railway commissioners this afternoon refused to allow the Toronto Street Railway to appeal to the supreme court on points of law from the judgment of the board ordering a high level bridge at Queen-street over the Don River and the railway tracks. The order of the board, which was given by Assistant Chairman Percy Scott, allocated the cost of the overhead structure between the city and the various railway companies, including the Toronto Street Railway.

The application for leave to appeal to the supreme court was made by Jas. Bain, who quoted from the agreement between the city and the company to show that under its terms the city should provide the structure for all highways traversed by the lines of the company, and that therefore the company was responsible for the tracks only.

Mr. Bain argued that, in view of the terms of agreement, the street railway company should not have been ordered to pay its share of the cost of structure, which would amount to forty or fifty thousand dollars.

He asked that the supreme court be given an opportunity to interpret the legal meaning of the terms of the contract. City Solicitor Chisholm of Toronto opposed the application. He argued that even if there was an indemnity clause in the agreement, it would not prohibit the board from ordering the street railway to bear its share of the cost. The board, he said, was not concerned with the agreement. Its duty was to see that a fair agreement was made between parties interested.

May Get Money Back. Mr. Chisholm pointed out that the railway had been paying for the projection of its tracks at other points—a circumstance which was no doubt taken into consideration by the board when the order was made. Mr. Chisholm also pointed out that the railway had been paying for the projection of its tracks at other points—a circumstance which was no doubt taken into consideration by the board when the order was made.

Several Varieties. There are several varieties of the sow thistle, the most unyielding member of the large family of weeds. It is the most pernicious of all weeds found in Ontario at the present time. Every agricultural county in the province is affected, the farms are impoverished, and in some cases the farmers are driven out.

TAFT'S 13,000-MILE SWING AROUND CIRCLE

Wm. H. Taft started yesterday for Boston for the longest trip ever made by an American president in office. It will include 12,750 miles and take 66 days. The circles show his stoppage places between Boston and Washington, where he will end his journey on Nov. 10.

The president's longest stops will be at Chicago, 15 hours; St. Paul and Minneapolis, a day each; Salt Lake City, two days and a half; something like two days at Seattle, and an afternoon and evening at San Francisco.

After three days in Yosemite national park, and four days at his brother Chas. F. Taft's ranch at Taft, Tex., the president will reach St. Louis on Oct. 25. From there he will go to New Orleans by boat, after which he will spend a week in the southern states.

29TH YEAR

COMPUTERS SEEK RELIEF FROM "BELL"

Miners and Business Men Are Weary of Waiting for Comprehensive System From T. & N. O. Commission.

There appears to be a nigger of some kind in the telephone woodpile at Cobalt. The only element of doubt in the government position is the state of the small private company operating at Halleybury.

It is generally desired that the government take the company's assets over and run the line in the public interest, as it appears not to be run at present. There is no reason for the railway commission to relinquish the telephone territory in its jurisdiction. The Bell Co. does not wish to operate except on terms of a monopoly, the long distance business especially being valuable. The Bell Co. declined to connect with the government lines on the plea that they were inadequate for the service. Specifications for lines to be constructed by the Bell Co. of the standard required, and the line is being reconstructed to this specification, at a cost of \$20,000.

The World has been permitted a perusal of some correspondence which at least indicates the necessity for action of some kind, so as to clear up existing misunderstandings and to get the service in the most efficient condition.

Bell Asked to Go On. This correspondence covers the last half year, beginning in December, when the Bell Telephone Co. was asked to establish an exchange at Cobalt to serve the adjoining mine properties. The company replied that the T. & N. O. R. Commission had been approached with a proposal to build a line either on the railway company's poles or on poles of the Bell Co. to Cobalt, to put on a local exchange, but could not regard it as a business proposition to establish a local exchange without the controlling link.

In July (this year) following a petition signed by subscribers to the Cobalt exchange, asking the Bell Co. to put in an exchange and the railway commission to give the Bell Co. a right of way from North Bay.

The petition to the commission was subscribed "with no ax to grind—solely for the good of the service," and was signed by the following 45 mines and 50 business and professional interests: Mines—Columbus Cobalt Silver Co., Nova Scotia Mining Co., Shamrock Silver Co., North Cobalt Mines Co., Consolidated Cobalt Silver Mines, City of Cobalt Mining Co., Foster Mining Co., Cochrane Cobalt Mining Co., Rochester Cobalt Mines, Silver Lake Mining Co., Kerr Lake Mining Co., Thinkamung Mining Co., Beaver Cons. No Asiatic Labor To Assist G.T.P.

Government Will Refuse Request, But Will Extend Term for Completion of Mountain Section.

OTTAWA, Sept. 15.—(Special.)—The Free Press, the government organ, says it can be definitely promised that no action will be taken by the government as to the use of Asiatic labor on the mountain section of G. T. P. until there is a full meeting of the cabinet, and that it is highly improbable that any such permission will be granted.

In view of the delay which the collapse of the Quebec bridge entails in the completion of the Transcontinental, there is not the same need for the speedy completion of the mountain section as might otherwise have been the case, and it is quite probable that compromise will be reached by giving the company an extension of time for the completion of that section.

PLY CLOSE TO TRAGEDY SHEA ACTOR IS STABBED

Real Dagger Substituted For Harmless Leather Blade in Climax of Pantomime.

The mimic world came terribly close to the lines of actual tragedy at Shea's Theatre last night, when, in the closing scene of Miss Dazie's pretty pantomime, when she as the little street flower girl, thrusts herself before the dagger of her jealous rival for the affections of the young artist, a real dagger was accidentally substituted for one with a flexible leather blade, which was intended to be used.

To the quickness of Rafael Fucito, who plays the part of the artist, Miss Dazie owes her preservation. He himself suffered serious injury to his left hand, which was afterwards dressed at St. Michael's Hospital, but Fucito did not notice the substitution, but Fucito saw the gleam of real steel, and stretched forth his hand. His fingers were cut to the bone, and at the curtain fall he was on the verge of collapse. He was rushed to St. Michael's Hospital by W. C. Tucker, manager of the act, and there Dr. H. W. Baker gave him the attention he required.

Neither Mr. Tucker nor any member of the company, nor any of the stage hands at the theatre, can explain how the weapon which is used as a part of the decoration of the studio scene came to be lying where the harmless one should have been. All agree that the affair was purely accidental.

PROBE INTO "EX" AFFAIRS

Inquiry Will Start Next Month, Says Judge Winchester.

An investigation into the management of the exhibition will be begun within a month at the latest. Judge Winchester, who will conduct the inquiry, said last night that it would be started as soon as Crown Attorney Drayton returned from Europe. Mr. Drayton's return has been delayed owing to the illness of a member of his family, but he will be back in Toronto in two or three weeks.

Following the disclosure of a shortage in the exhibition accounts in July of last year the city council decided to have a "house-clearing" with a view to discovering any laxity of methods which may exist. That the management will emerge with flying colors is the general belief. The inquiry has been postponed for one reason or another for nearly a year.

ASSESSMENT ACT ENDORSED BY THE C.M.A.

Vote Down Resolution That Condemned—Ask Parliament for Permanent Tariff Commission.

HAMILTON, Ont., Sept. 15.—(Special.)—The Canadian Manufacturers' Association to-day unanimously passed a resolution asking parliament to appoint a permanent tariff commission.

The decision was in private. Resolutions against the making of election days holidays, and in favor of raising the forfeit for candidates from \$200 to \$500 were passed also.

The Ontario Assessment Act was criticized by Wm. Robbins, Walkerville, who said it was logical and discouraged the improvement of factory property. W. K. McNaught, M.L.A., Toronto, challenged Mr. Robbins to suggest other improvements to the act, and Mr. Robbins replied that it was the government's business to do that. A. E. Kemp, Toronto, claimed that the new assessment act was a step in the wrong, under which manufacturers were taxed on the amount of paid up capital.

Mr. Robbins' resolution condemning the act was defeated. Resolutions against the making of election days holidays, and in favor of raising the forfeit for candidates from \$200 to \$500 were passed also.

Whereas the Dominion Insurance Act, as passed by the house of commons at the last session, contained a clause providing for the furnishing of a return and the payment of a tax on all insurance placed with companies not registered in Canada, and whereas this act is being followed by a movement to place insurance in unregistered companies on the part of the companies forming the Canadian Underwriters, to have legislation enacted which will make it impossible for the insured in Canada to place insurance in unregistered companies; and whereas such legislation would prohibit the use by Canadian insurers of mutual and reciprocal companies; and whereas such legislation would impair or prohibit the continuing use by Canadians of the valued service rendered by unregistered companies.

Express Rates Too High. The association took up the question of express rates, and decided to make an attempt to get the minimum charge reduced to cents.

Speaking on the subject of transportation, T. L. Moffat, Weston, urged the members to patronize a competitive steamship service from Montreal and Pacific ports, so as to force the railways to reduce their rates. Alex. Saunders, Goderich, spoke in favor of a general central rate between Canadian ports and outside points. A resolution, moved by R. S. Gourlay, Toronto, seeking to impose charges for rebates, was withdrawn.

JOPPING'S OWN VERSION Continued on Page 3.

PREPARING FOR THE FALL. It's a Good Time Now to Consult the "Big Hatter." Every day brings new shipments of fall hats to the Dineen Company. It's a good time now for you to visit the store. If you want an exclusive design in the latest English or American styles, why, you will find it here. All the big fellows are represented, and some such as Heath and Dunlap, that exclusive dressers demand are on sale and cannot be purchased elsewhere in Canada. Derby, Alpine and silk hats at prices to fit even a very thin pocketbook.

GRAVESEND, Sept. 15.—The Speculation Stakes, the feature of the card at Gravesend to-day, resulted in a victory for the second colt, Firestone. He went to the front early and gradually increasing in his advantage to the end won easily by four lengths from the favorite, Wisemason, the only other starter. Summary: FIRESTONE, 3-year-old, selling, about 6 furlongs, \$400 added. 1. Spomer, 108 (Gilbert), 8 to 5, 4 to 5 and 2 to 1. 2. Earlscourt, 88 (McIntyre), 7 to 1, 2 to 1 and 1 to 1. 3. Time 1:19.25. County Fair, Black Mary, Love Trot, Twilight King, Achenus, Good Heart and Nottasquis also ran. FIFTH RACE—1 1/2 miles, \$400 added. 1. King's Daughter, 111 (Martin), 1 to 1 and 1 to 1. 2. Miss Kearney, 97 (Geary), 6 to 1, 2 to 1 and 1 to 1. 3. Dr. Barkley, 90 (King), 20 to 1, 3 to 2 and 2 to 1. 4. Time 1:58. Only three starters. THIRD RACE, selling, about 6 furlongs, \$400 added. 1. Hudassister, 34 (King), 15 to 1, 6 to 1 and 3 to 1. 2. Calah, 100 (Walsh), 10 to 1, 4 to 1 and 2 to 1. 3. Democrat, 109 (McCarthy), 6 to 1, 2 to 1 and 1 to 1. 4. Time 1:11.25. Zephyr, Glenna Deane, Love Witches, Fuffill, Madeline L., Scarvy, My Gal, Helen Carroll and Tom Melton also ran. FOURTH RACE, the Speculation Stakes, 1 1/2 miles, value \$1500. 1. Firestone, 111 (Butwell), even and out. 2. Wisemason, 108 (Dugan), 4 to 5, out. Time 1:53.25. Only two starters. FIFTH RACE, 2-year winners of \$1200, 3/4 furlongs, \$400 added. 1. Prince Imperial, 115 (Dugan), 2 to 5 and out. 2. Spritlie Hargrave, 110 (McCue), 20 to 1 and 1 to 1. 3. Barley Thorpe, 107 (Butwell), 7 to 2 and 1 to 1. 4. Time 1:08. Southern and Recca Grande also ran. Star Port and Rusta left at post. SIXTH RACE, 3-year-olds and upwards, non-winners of more than one race, mile and a sixteenth, \$400 added. 1. Practical, 107 (Dugan), 2 to 1, 7 to 10 and 4 to 1. 2. Turley, 108 (Martin), 2 to 3, 2 to 3 and 5 to 1. 3. Patsy, 107 (Grand), 8 to 1, 2 to 1 and 4 to 5. 4. Time 1:49. Nethermost, Gus Helm, Yama and Judge Erenmout also ran.

**Results at Dufferin.**  
Two favorites, three second choices, and an outsider divided the card of six races over a muddy track yesterday afternoon at Dufferin Park. Summary: FIRST RACE, 6 furlongs, all ages, purse \$200. 1. J. J. McCarthy, 109 (Crowley), 8-1. 2. Al Bush, 116 (Garwood), 8-1. 3. Inferno Queen, 104 (Dauphin), 3-1. 4. Time 1:20. Ching Lee, Moscow Belle and Thelkins also ran. SECOND RACE, 4 1/2 furlongs, 3-year-olds and up, purse \$200. 1. Strategy, 109 (Griffin), 1-1. 2. Miss Felix, 109 (Wilson), 3-2. 3. Blue Bonnets, 112 (Austrian), 12-1. Time 1:18.45. Autumn Maid, Fantasia and Roos also ran. THIRD RACE, 1 mile, 3-year-olds and up, purse \$200. 1. Don Hamilton, 112 (Crowley), 3-1. 2. Dr. Young, 109 (Haynes), 11-5. 3. Helmeur, W. J. Orr, Belleville, 3-2. 4. Guy, M. Brennan, Belleville, 4-3. Time 1:49.35. Gerrymander also ran. FIFTH RACE, 7 furlongs, 3-year-olds and up, purse \$200. 1. Grenex, 111 (Haynes), 4-1. 2. Van Dan, 114 (White), 4-1. 3. Confessor, 112 (Austrian), 12-1. Time 1:34.45. Countermart, Tim Kelly and Tackle also ran. SIXTH RACE, 5 furlongs, 2-year-olds and up, purse \$200. 1. Lexington Lady, 106 (Cummings), 8 to 1, 2 to 1 and 5 to 1. 2. Woolstone, 101 (Ganz), 6 to 1, 2 to 1 and 1 to 1. 3. Time 1:14.45. Detroit, Lumen, Pulka, Judge Lassing also ran. SECOND RACE—Selling, 3-year-olds and up, 1 1/2 miles. 1. Lexington Lady, 106 (Cummings), 8 to 1, 2 to 1 and 5 to 1. 2. Woolstone, 101 (Ganz), 6 to 1, 2 to 1 and 1 to 1. 3. Time 1:34.45. Detroit, Lumen, Pulka, Judge Lassing also ran. Time 2:08.15. Oberon, Hurlock, Chicote, The Earl, Cheponique, Peligroon, Keep Moving, Vanen, Hlaeko, King's Guinea, Goconda and Eldorado also ran.

Autumn Maid, 109 Ramble, 102  
Al Bush, 112 Donald Mac, 112

**Rain Spoils Tennis.**  
**Yesterday's Attractive Program Goes Over Until Today.**  
Owing to yesterday's unfavorable weather, no games were played in the Ontario championship tournament, and practically the same program as scheduled for yesterday—an especially attractive one—will be played today. To this is added the final round in ladies' doubles, in which two very evenly-matched pairs of excellent players will meet. Miss Moyes has returned from her Newport successes in prime condition for her coming struggle in defence of her singles and mixed doubles championships. Her many friends await her meeting with Mrs. Hadden with some degree of confidence after her splendid showing against the very best of the American players. Weather permitting, the tournament will be brought to a close Saturday afternoon, when the presentation of prizes will also be made. To-day's program:  
8.30—Miss Andras and Miss Fairbairn v. Mrs. Boutte and Mrs. Cooper (final ladies' doubles).  
9.00—Macdonnell and Arthur v. Macklem and Brown; Mann and Meldrum v. Miss Sheppard and Laird.  
9.30—Dingman and Henderson v. Meldrum and Boutte.  
9.50—Winners Dingman and Henderson match v. winners Macdonnell and Arthur v. Macklem and Brown.

**Handicap at Mississauga.**  
The following are the net scores of the Mississauga Golf Club's last handicap: C. E. West, 73; E. Robertson, 75; W. Smith, 76; Connor, 78; H. B. Currie, 80; J. E. Hall, 82; D. A. Wylie, 82; A. H. Balfour, 83; U. Merrydale, 83; J. McLeod, 83; F. G. L. Barnes, 85; W. H. Martin, 90; C. H. Wright, 90; G. C. McKenzie, 91; R. H. Coleman, 92; F. L. Lamont, 92; B. H. Ardagh, 93; W. Robins, 97; F. Allen, 98; L. Root, 99; A. F. Webster, 99; G. J. Webster, 100. Eleven did not return scores.

**ROSS RIFLE BARRELS**

More depends upon the barrel of a rifle than on any other single part. That the barrel of the Ross Military Rifle is flawless and faultless has been proven on many a competing field. The barrel of the Ross Sporting Rifle is as perfect as that of the Ross Military Rifle, and is made of straight pull. Nothing more could be said of its superior quality and construction. The straight pull—the quick-loading magazine—the accurate sighting, and the beautiful finish together make an arm to delight the heart of the sportsman.

**PRICE \$25.00 AND UP.**  
If your dealer does not keep Ross Rifles, we can supply you direct. Write for catalogue.

**KINGSTON ROAD FARM SELLS FOR HIGH PRICE**  
Ashbridge Property Is Bought by City Man—North Toronto Happenings—County News.

**HALF WAY HOUSE, Sept. 15.**—(Special.)—The sale of the Jonathan Ashbridge farm, containing about 120 acres, and situated in the south and east of this place, is reported, at a distance approximately from the city of about nine miles. The general purpose money bylaw far reported for farm property, at a distance approximately from the city of about nine miles. The general purpose money bylaw far reported for farm property, at a distance approximately from the city of about nine miles.

**HARD TO CATCH FLIES**  
Sticky Paper Often Falls to Snare These Housefly Pests.  
Did you ever notice one of those ordinary, everyday fly papers hanging on the wall or lying on the table? If it is just covered with dead flies and you would think these venturesome little insects must have jumped onto the sticky surface in dozens. But sit down for a few minutes and watch the proceedings. The flies are buzzing around the room everywhere, and they don't seem a bit anxious to get on that fly paper, after all. They will even alight on the dry border of the sticky surface, and walk all round, as if ignorant of the snare that is ready to receive them. In fact, you ever actually see a fly get stuck on the fly paper, anyhow, without you or somebody else assisting it there? I did, once, but I had to wait nearly an hour before the occurrence took place, and I never want to spend another such hour of disappointed expectation again. The fact that there is such a host of flies around must account for the "filling" of the fly paper by straggling, thoughtless specimens, who don't use their judgment in avoiding the danger zone.

**NORTH TORONTO.**  
**NORTH TORONTO, Sept. 15.**—(Special.)—Ex-mayor John Fisher has kindly consented to occupy the chair at the meeting called for Saturday night in the town hall under the auspices of the North Toronto Ratepayers' Association. While the action of council in throwing down the sewerage bylaw will undoubtedly be a big one. Last night's meeting of the town council has if anything intensified the interest in the sewerage bylaw recently revealed to the public by the three councillors. Councillor Burnaby's query last night brought out the already well-known fact that when Mayor Brown intentionally otherwise took up parallel roads bylaw No. 1042 instead of sewerage bylaw 1941, it was Councilor Murphy who requested in the action. Councilor Grace's statement that he had moved for the reading of bylaw 1941 was not heard out by the other councillors. Murphy, Town Clerk Douglas or anyone else, save and except the editor of The Progress. So much for the sewerage bylaw.

**Shooting Was Accidental.**  
**STRATFORD, Sept. 15.**—(Special.)—The afternoon, before Judge Barron, William Young, 2217 of Elm St., charged with shooting Malcolm McCallan on August 6th. Evidence taken went to show that the shooting was accidental and the young man was discharged.

**O'Keefe's "Pilsener" is the ideal home beer.**  
From the time the malt and hops are boiled, until the bottles are pasteurized, every thing known to the science of brewing is done to insure this famous lager being pure and wholesome.  
Be sure you get O'Keefe's.  
**The Light Beer In The Light Bottle.**  
O'Keefe's "Pilsener" is a food—a rich, wholesome, nourishing food. It is an excellent tonic—an aid to digestion. Doctors often prescribe it in cases of Insomnia—it soothes and quiets the nerves. Every bottle sealed at the brewery, with the easy opening seal stopper.

MILLION A YEAR SOW THISTLE COSTS

Continued From Page 1. "There is no greater enemy of the Ontario farmer than the sow thistle. Its ravages are enormous. Any campaign having for its object the lessening of growth or ultimate extermination of the weed would mean added wealth to the province. The staff of the department is studying the matter, and we are glad to supply information and literature to any who will ask for it."

The Canadian Students' Championship. The Canadian students' championship in typewriting is held by Miss Mattie Spence of Toronto, who won the title in the fall of 1907. She still retains it on the Underwood, a machine famous for its speed qualities.

Ambrose Kent & Sons, Limited, 156 Yonge St., Toronto. Established 1868.

MANUFACTURERS' LIFE BUYS LAWLOR BUILDING

Site at N. W. Corner King and Yonge Changes Hands For \$506,000.

One of the finest business sites in Toronto has fallen into the hands of the Manufacturers' Life Insurance Co., namely, the Lawlor building, on the northwest corner of King and Yonge-streets.

An offer of \$506,000 was made by the company last Thursday, and the deal was consummated yesterday afternoon. Mrs. Philip Lawlor, the owner, was communicated with in Australia, where she has been making her home for several years, and her Toronto lawyers, Messrs. Foy and Kelly, upon being advised that the price was satisfactory, closed the deal, thru Enoch Thompson, Limited, financial agents.

The Manufacturers' Life will move into the two upper stories in about six months. The Grand Trunk Railway's city ticket office, which occupies the ground floor, will be allowed to remain until the owners require the space.

For some years the business of the Manufacturers' Life has been too large for its present office accommodation in the McKinnon building. About two years ago it purchased the property at the southeast corner of Bay and Melville-streets, with a view to erecting a 15-story building. It, however, wanted a more prominent location, and sold the property to the Toronto General Trusts Corporation, which has begun building operations.

The Lawlor building has a frontage of 90 feet on Yonge-street and 60 feet on King-street. The total assessment on the building and land is \$210,000. The Grand Trunk pays \$20,000 a year rental for the ground floor.

LORD TWEEDMOUTH DEAD

Was First Lord of the Admiralty, But Resigned. LONDON, Sept. 15.—Edward Majoribanks, second Earl of Tweedmouth, who was first lord of admiralty in the Campbell-Bannerman administration and later lord president of the council, died to-night. He was born in 1849.

He was a brother of Lady Aberdeen. Publication of private correspondence between Kaiser William and himself on naval matters a couple of years ago caused such a flutter that he resigned from the administration. Later, his health was shattered and his mind affected.

ARRESTED FOR BIG THEFT

Samuel Dear Accused of Taking \$1000 From Employer. Charged with theft of between \$1000 and \$2000 from the cash register of Hillon Coxwell, 17 Howard-street, wholesale grocer, by whom he was employed during the years 1907, 1908 and up till a month ago, Samuel Dear, 65 Duke-street, was arrested last night on a warrant by Detective Archibald.

SUES FOR 1000 LOTS

English Capitalist's Claim for Prince Rupert Property. VANCOUVER, B. C., Sept. 15.—(Special.)—Moreton Frewen has commenced suit against the Grand Trunk Pacific Development Co. alleging failure to deliver to plaintiff one thousand lots in Prince Rupert townsite, which Frewen says he contracted for several weeks before the Vancouver sale. A million and a half dollars is involved in the suit, which is likely to be finally taken to the privy council. Frewen represented English capital.

The Royal Securities Corporation, Limited, has issued in the City of Montreal, in the Province of Quebec, an advertisement stating that it is prepared to receive subscriptions for \$5,000,000 seven per cent. cumulative preference shares of CANADA CEMENT COMPANY, Limited, at the price of \$93.00 for each share, with a bonus of ordinary shares equal in par value to twenty-five per cent. of the par value of the preference shares allotted, such bonus stock to be delivered on payment of subscription in full. Firm subscriptions have been received for \$3,200,000 par value of these preference shares. The advertisement gives the following information as to the CANADA CEMENT COMPANY, Limited.

Canada Cement Company, Ltd.

(Incorporated in 1909 by Letters Patent under the Companies Act of Canada) Head Office: Montreal, Canada.

Table showing Authorized Capital Stock: \$11,000,000 (7 Per Cent. Accumulative Preference Shares), \$19,000,000 (Ordinary Shares Divided into Shares of \$100 Each), \$30,000,000 (6% First Mortgage Twenty-year Gold Bonds), \$8,000,000 (NOW TO BE ISSUED: \$10,500,000, \$13,500,000, \$24,000,000, \$5,000,000)

The cumulative preference shares will carry fixed cumulative preferential dividends, payable out of the profits of the Company, available for dividends at the rate of seven per cent. per annum on the capital for the time being, paid up thereon respectively, and will rank as regards dividends and return of capital in priority to all ordinary shares in the capital stock of the Company, but shall confer any further right to participate in profits or assets. Dividends on these cumulative preference shares will commence to accrue from January 1st, 1910.

Applications will be made for the listing of these securities on the Stock Exchanges of London, England, Montreal and Toronto. BANKERS: Bank of Montreal, Montreal.

The following persons have agreed to become DIRECTORS OF THE COMPANY: SIR SANDFORD FLEMING, K.C.M.G., Ottawa, Director of The International Portland Cement Company, Limited; Canadian Pacific Railway Company; J. M. KILBOURN, President of Lakefield Portland Cement Company, Limited; Owen Sound Portland Cement Company, Limited; J. R. BOOTH, Ottawa, Director of Grand Trunk Pacific Railway; GEORGE E. DRUMMOND, Montreal, Director of Wolosna Bank; Canada Iron Corporation, Limited; J. S. IRVIN, Ottawa, Managing Director The International Portland Cement Company, Limited; HONORABLE W. C. EDWARDS, Ottawa, Senator, Director of Canadian Bank of Commerce; Director of Toronto General Trusts Corporation; W. D. MATTHEWS, Toronto, Vice-President The Dominion Bank; Director of Canadian Pacific Railway; R. W. KELLY, New York, President of The Vulcan Portland Cement Company, Limited; HONORABLE ROBERT MACKAY, Montreal, Senator, Director of Canadian Pacific Railway; Director of Bank of Montreal; R. W. WARREN, New York, Director of The Vulcan Portland Cement Company, Limited; Shawinigan Water and Power Company, Limited; W. H. E. BRAVENDER, Calgary, Vice-President of Alberta Portland Cement Company, Limited; E. M. YOUNG, Allentown, Penn., Vice-President of the Lehigh Portland Cement Company; HONORABLE GEORGE A. COX, Toronto, Senator, Director Grand Trunk Pacific Railway Company; Canadian Bank of Commerce; W. M. AITKEN, Montreal, Director Montreal Trust Company; CHARLES H. CAHAN, Montreal, President Western Canada Power Company, Limited.

The Canada Cement Company, Limited, is a new Company which has been incorporated for the purpose of taking over the undertakings, properties and businesses of the following Companies, now doing business in Canada, as manufacturers of Portland Cement and like products, viz.—

- The Lakefield Portland Cement Company, Montreal, Quebec. The Lakefield Portland Cement Company, Lakefield, Ontario. The Owen Sound Portland Cement Company, Limited, Shallow Lake, Ontario. The Alberta Portland Cement Company, Limited, Calgary, Alberta. The Belleville Portland Cement Company, Limited, Belleville, Ontario. The International Portland Cement Company, Limited, Montreal, Quebec. The Vulcan Portland Cement Company, Limited, Belleville, Ontario. The Lehigh Portland Cement Company, Limited, Marlbank, Ontario. The Canadian Portland Cement Company, Limited, Port Colborne, Ontario.

The Canada Cement Company, Limited, by means of contracts already made, proposes to acquire control of a majority of the shares of the capital stock of the following companies — The Western Canada Cement and Coal Company, Limited, Exshaw, Alberta, and The Eastern Canada Portland Cement Company, Limited, Quebec. The plants, which will be owned or controlled by the new Company, are believed to be among the best constructed and most efficiently equipped on this continent; and, under a competent central management, not only will a uniform standard of quality be secured in the combined product, but an equitable standard of prices may be maintained throughout the whole country. These plants will have a total capacity in excess of 4,500,000 barrels of Portland cement per annum.

ESTIMATED EARNINGS.

The following may be regarded as a conservative estimate of the earnings of the Company: NET EARNINGS. The estimated annual net earnings of the Company, based on the quantities of cement being sold, during the present year, by the companies comprised in the merger, and on the costs of manufacture under existing conditions, amount to... \$1,900,000. FIXED CHARGES. Interest on \$5,000,000 of First Mortgage Bonds, at six per cent. per annum... 300,000. Sinking Fund payment on bonds, two per cent. per annum... 100,000. Preferential Dividend of 7 per cent. per annum on \$10,500,000 Preference Shares... 735,000. Total: \$1,135,000.

Leaving available for dividends on Ordinary Shares of the Company... \$765,000.

The Canadian Market for Portland Cement

The demand for Portland Cement in Canada has increased remarkably during the last five years. In 1904 the total consumption of Portland Cement in the Dominion was 1,694,988 barrels, of which 784,630 barrels were imported. In 1908 the consumption, notwithstanding the general industrial depression, was 3,134,338 barrels, and no less than 3,495,961 barrels were manufactured in Canada. Existing trade conditions indicate that the consumption during 1909 will largely exceed that of 1908. The increase is not abnormal, nor due to merely local causes. In the year 1888, it is estimated that less than 200,000 barrels of cement were manufactured on the North American continent; and the enormous growth of the business is shown by the fact that until 1904 the importations into Canada of the foreign product exceeded the Canadian production. The report of John McLeish, B.A., chief of the Division of Mineral Resources and Statistics of the Department of Mines, Canada, on the production of cement in Canada during the calendar year 1908, furnishes the following comparative statement:—

Table comparing Canadian and Foreign cement production and consumption from 1904 to 1908. Columns: Calendar Year, Canadian Manufactured (Barrels), Consumed (Barrels), Foreign Imported into Canada (Barrels), Total Consumed in Canada (Barrels).

Great as has been the development of the Portland Cement industry in Canada since 1904, it is only reasonable to assume that this growth will be largely exceeded in the immediate future, and for many years to come. The enormous public works in progress and in contemplation, including Railways, Canals, Bridges, Harbor Improvements, Piers, Wharves, Docks, Piers, Pavements, Building Foundations, and Buildings, etc., will all require proportionately large quantities of the manufactured products of the new Company. The hydro-electric developments throughout the country will increase the demand, while the rapid substitution of reinforced concrete for other materials in the building trades will render necessary an increased production on the part of the new Company.

Objects of the Merger.

According to the returns made to the Dominion Government by the cement manufacturers, the average price at their works obtained by them in 1908 was \$1.39 per barrel. This was the lowest price ever reported by the Canadian mills. In 1906 the average price was from \$1.65 to \$1.70, and in 1907 about \$1.60. At the beginning of the present year it was realized by a number of the manufacturers that, even without any increase in prices, the business could be rendered much more profitable by a merger of several of the large competing companies on a conservative basis. The Canada Cement Company, Limited, is the outcome. The new Company will own or control cement-producing plants at the central points of distribution from the St. Lawrence River west to the Rocky Mountains; and, by securing a more efficient organization which will be able to regulate the distribution of the manufactured product from these central points to the centres of consumption, large economies in the present cost of freight, which represents a large percentage of the ultimate cost to the consumer, will undoubtedly be effected. The establishment of one executive office in the City of Montreal, and the elimination of competitive salesmen, middlemen, and brokers is also expected to effect a considerable saving in the costs of the Sales Department under the new management.

Forms of application can be obtained at any office of the Royal Trust Company or of the Royal Securities Corporation, Limited. THE ROYAL SECURITIES CORPORATION, LIMITED, MONTREAL.

# Put Your Money in Land Over Winter--Sell in the Spring

A well-selected real estate investment is the best place for idle money over winter. This offer of ours may net you 50 per cent. profit, and it certainly ought to pay you 25 per cent. at least by holding the lots until spring. We have been selling lots in the Nairn & Parsons Estate for two years. Many of the lots have risen in value from \$4 a foot to \$20 in that time. Four hundred families have bought lots and built homes there. Yet we are still offering lots at the old, original prices. We are herewith making a special offer of what lots are left at a clearing price at the close of the season, and advise everyone who has a little money to spare to grasp this opportunity. We are offering lots to immediate purchasers at \$3 to \$6 per foot. This is for now only, as

## Prices Will Positively Advance

The prospects for profit to the purchaser were never so bright in any other real estate offer. You can see the lots by going to north end of Dufferin Street, or make an appointment with us and we will take you there. Good streets, good school, church, store, etc. The best developed and cheapest lots offered anywhere at the price in Canada.

### ACID THROWER GOES FREE

Sentence Suspended on Young Woman Who Avenged Injuries.

KINGSTON, Sept. 15.—(Special).—"He ruined my life, and I intended to ruin his." Thus spoke Mrs. Flossie Taylor, aged 18 and pretty, as she stood in police court charged with assaulting Percy Willis by throwing carbolic acid at him. Willis escaped serious burns. Mrs. Taylor kept company with Willis before marrying Taylor, and alleges that Willis laughed and jeered at her on the street. Judge Price allowed her to go on suspended sentence.

John Lehnep was committed for trial on a charge of assaulting a ten-year-old girl. Bail was fixed at \$1000.

A United States detective is here in regard to the smuggling of Chinese into New York State. He found there have been agencies of Chinese smuggling, but to definitely locate them is another thing. A woman detective from New York is here in regard to Japanese smuggling and found that several Japs got across from Kingston not long ago. The customs officials are making a determined effort to stop the smuggling of goods from Kingston. No woman had to pay \$25 duty on goods bought in Kingston and found secreted on her person.

### JARVIS STREET PULPIT

No Scheme on Foot to Get London's Popular Baptist Pastor.

The fact that the most popular Baptist minister in western Ontario, Rev. A. J. Yining of London, preached last Sunday at Jarvis-street Baptist Church has naturally associated his name with the succession to the pulpit supply committee stated to The World yesterday that at the meeting this week no name was before them or in their minds for the succession from that no invitation for some time. Next Sunday morning the Jarvis-street Church pulpit will be filled by Rev. J. E. McLaurin, a McMaster graduate, who is going to India. At night a missionary sermon will be delivered by Rev. Dr. J. G. Brown.

### Street Duellists Both Killed.

BUFFALO, Mo., Sept. 15.—In a duel following a quarrel on the main street today Henry W. Estes, a farmer, shot and killed Benjamin Marshall, a town character, and in turn received fatal wounds. Both men discharged their weapons at close range simultaneously.

### Buffalo Mayorality Nominations.

Republicans have nominated Councilman Jacob J. Slegrist, a merchant, for mayor, and the Democrats, Alderman Louis F. Fuhrman, a wholesale meat packer.

### Last Trip Saturday.

The steamer Turbulina will make her last trip of the season on Saturday.

**DODD'S KIDNEY PILLS**  
CURES ALL KIDNEY DISEASES  
GOUT, RHEUMATISM, GRAVEL, BRONCHITIS, DIABETES, ETC.

### A Good Investment on Easy Terms

The only reason for hesitating about investing in land is the question as to whether there is a possibility of immediate building in that section. In the case of lots in the Nairn & Parsons Estate that question is now settled, as there are four hundred dwellings here already, and more going up. The section is an assured success, and lots are selling at the old prices.

COBALT --- Big Prices for Stocks Are Firm, Others Are Easier --- COBALT

No Distinctive Feature On Cobalt Mining Market

Undertone Apparently Weak, While Trading is Purely Professional -- High Priced Issues Are Firm.

World Office, Wednesday Evening, Sept. 15. Public dealing in the majority of the Cobalt mining securities at the present time has evidently dwelled down almost to nothing, as an inspection of the outside transactions on today's market will show.

A continuation of the easy undertone which has been in evidence of late was plainly apparent in today's trading, the listed issues in the main showing a slight decline, the some firming took place toward the close.

Little Nipissing continued on the down grade, losing a point during the session, but closing higher at 2 1/2. There is evidently a concerted attempt on the part of some insiders to hammer this stock, with the apparent purpose of freeing out small holders, but this is meeting with only a small degree of success.

In the other listed issues, Silver Leaf opened firm, but eased off during the day, while Timiskaming, following the rally late yesterday, was strong at one period during the morning, but weakened during the session. The highest figure reached was 9 1/2.

Chambers-Perland, Beaver, Nova Scotia and Foster were on the easy side, but the declines were not of sufficient size to warrant special comment.

In the higher priced stocks Kerr Lake, Beststrong, and the other properties are selling up to \$8.50. La Rose was also higher at \$7.35, closing at \$7.85. This stock sold up to \$8 at Montreal.

The market was somewhat more satisfactory for the past few days, for the small declines were generally in evidence, a steadier tone was more so.

The Silver Tunnel Mine is not a prospect, it has shipping ore. An issue of 100,000 shares of treasury stock at 25 cents is being made to extend plant and operations.

PETERSON LAKE v. NOVA SCOTIA Differences Can Easily Be Settled by Competent Engineers and Surveyors.

MONTREAL, Sept. 15. (Special).--Regarding the recent charges made by a few of the directors of the Peterson Lake Silver Cobalt Mining Co. against the Nova Scotia Silver Cobalt Mining Co. of encroachment on Peterson Lake ground and not accounting for shipments of ore, Mr. J. A. Jacobs, secretary and treasurer of the Nova Scotia, in an interview stated that they were absolutely untrue and showed a gross misapprehension of the facts within the last ten days by Cody & Cody, Ontario land surveyors, which proved that the Nova Scotia was on the ground on Peterson Lake ground; quite the contrary.

As far as the Nova Scotia people are concerned, they are willing, if they can exist any difference, to have the matter adjusted by competent engineers and surveyors, who could easily decide the matter in a few days. It is certain that the Nova Scotia directors will meet any action on the part of Peterson Lake, should same be forthcoming, as they are satisfied that their position is absolutely safe," said Mr. Jacobs.

The Nova Scotia mine are anxious to settle the matter as soon as possible, but some of the directors of Peterson Lake seem to prefer litigation.

The Nova Scotia have a ten-year lease from Peterson Lake and have gone to a great deal of expense to develop same, so much so that they have blocked out a sufficient amount of ore to supply their mill for at least two years.

TREKKING INTO QUEBEC Prospectors Are Gradually Enlarging Their Field of Operations.

HALLEBURRY, Sept. 14. (Special).--The prospectors are trekking freely into Quebec. Every day gangs are going into the mountains, and the number of prospectors is steadily increasing. Some excellent indications of silver have been found around Larder City and northward to the Athabasca.

Two or three mining companies are carrying on operations at a point on Lake Timiskaming called "The Point," which is situated across from Silver Centre, the landing place of South Lorrain. One of the mines at this place is being worked by Mr. Stevens, of the Nova Scotia, and has turned up recently cobalt and galena in good veins. These mines at the present time are working under the mining rights granted by the Quebec Government, but after the first of the year it is just possible they will have to secure a new lease.

In the same time Cobalt had nothing better than the Silver Tunnel, which is issuing 100,000 shares of treasury stock at 25 cents.

CONCLUSIONS NOT WARRANTED City of Cobalt Mine Finds Good Values Below 200 Feet.

COBALT, Sept. 14. (Special).--The discovery that has steadily sent City of Cobalt stock up during the past month, says the Cobalt Nugget, is the fact that the main drift gave no indications of ore in the banded slate it was concluded that no ore of shipping value would be found between the 137 and the 200-foot levels. Recent exploration, however, has proved the fallacy of this theory and last week's discovery goes to show that there is good ore in the main vein between the 200 and 265-foot levels. The last month has seen a great improvement in this section of the camp, the recent strikes on Nancy Helen veins also giving promise to the City.

Do you know of any mining enterprise that makes a fairer proposal than the Silver Tunnel? You are invited to investigate the mine. Ninety days to pay for your stock.

CONTEST FOR TITLE Action Taken to Recover Valuable Properties Near Elk City.

An action was begun yesterday morning by Walter A. Sadler, solicitor for L. T. Rogers and others, to set aside the patent to the property in the James Proprietary Mining Company, Limited. The plaintiffs claim to hold title under certificates of record issued by the mining recorder and claim that the patent was issued to Duncan Chisholm of Colorado Springs, by him and the James Proprietary Mining Company, Limited, under a mistake of title. These properties are near Elk City and recent developments there have disclosed rich ore bodies.

GOOD INDICATIONS ON PAN SILVER CLAMS

Development Work is Now Being Pushed at the 200 Foot Level--Surface Trenching.

COBALT, Sept. 14. (Special).--The section of the mining camp which might be designated as that part lying south of Cross and east of Giroux Lakes and embracing the Kerr Lake, Hargrave, Badger, Timiskaming, Beaver and other properties, is the scene of much activity at the present time, but nowhere in this particular locality is development work going on more rapidly than at the Pan Silver Mine.

The Pan Silver claims adjoin the Timiskaming, Rochester and Cobalt Central properties and in the vast majority of cases are owned by the same parties. The Pan Silver was the first of the main vein between the 200 and 265-foot levels. The last month has seen a great improvement in this section of the camp, the recent strikes on Nancy Helen veins also giving promise to the City.

The latest development of interest in the Pan Silver was the uncovering of a vein while stripping next to the Timiskaming line. This vein averaged eight inches in width and was composed of cobalt and silver, with operations in charge of development operations to pursue the work on this vein, which gives every indication of being rich in the future time seems very far distant when the Pan Silver will be heard from the way that has made the Cobalt camp famous throughout the whole mining world.

On another part of the claim, cross cutting is being done at the sixty foot level where the management hopes to catch a contact vein which has been uncovered on the surface. At the present rate of development this should be accomplished in about ten days' time.

In addition to these extensive workings, surface trenching is going on in several sections of the property, and while no other showings have been made up to this date, those in charge of operations are hopeful of rich values being found at any moment.

Taking it all together the Pan Silver is in good shape and may truthfully be said to have passed out of the prospecting stage into that of a certainty. The property never looked better than it does at present and in the near future aggressive action pursued in the future time seems very far distant when the Pan Silver will be heard from the way that has made the Cobalt camp famous throughout the whole mining world.
