ITALIANS CAPTURE TWO SUBMARINES FROM AUSTRILIANS Germans Make Slight Advance in Drive on Rumanian Port of Galatz

TEUTONS MOVE ON RUMANIA'S LAST BIG CITY

Carry Town of Vadeni, Six Miles Southwest of Port.

MANY ATTACKS FAIL

Allies Crush Endeavors to Advance on Sereth and Near Riga.

Special Cable to The Toronto World. London, Jan. 14.—Fighting desperately in bad weather, the Germans continued the struggle in Rumania, and after failures in many parts of the line, they drove back the Russian advanced posts on the front between Vadeni and Kotimikali, on the Sereth, towards Galatz, the important Rumanian business centre.

The Russians say that this offensive was undertaken by three regiments of the enemy, supported by artillery. This is a force of 12,000 infantry when the units are completely up to strength.

The Germans also claim that they took a summit of a peak in the Oituz valley with 50 prisoners, but the Russians say that the attacks of the enemy on the Sionki River and south of the Oituz River were repulsed.

The Russians and Rumanians crushed two attempts of the enemy at an offensive at a point four miles south of the confluence of the Slatina and Srepta rivers, and also near Radulesci, about seven miles east of Polk, in both cases by their superiority of fire.

The Germans claim that a Russian advance on the Sereth, northwest of Braila, was repulsed.

The Russians are displaying some activity against the Bulgarian forces in the Dobruja, Sofia reports that 100 monitors shelled Tulcha, and hostile aeroplanes dropped bombs on

Swedish Ship Avoids Capture At Cost of Loss of Her Mail

Special Cable to The Toronto World. London, Jan. 14.—A Reuter dispatch from Stockholm says: "The captain of the Swedish steamer Ingoborg, the post, who also wore for the first time the insignia for the wounded, having lost an eye in an aeroplane accident early in February, 1915. A company messenger under Gen. Lynaet, the French minister of war, accompanied the War Cross.

Italy's Great Post-Patriot Receives French War Cross

Venice, via Paris, Jan. 14.—The French War Cross was today pinned on Capt. Gabrielle d'Annunzio, the post, who also wore for the first time the insignia for the wounded, having lost an eye in an aeroplane accident early in February, 1915. A company messenger under Gen. Lynaet, the French minister of war, accompanied the War Cross.

NATIONAL GOVERNMENT ADVOCATED FOR CANADA

W. F. Maclean, M.P., Speaking at Calgary, Urges Political Reforms, Nationalization of Railways, National Currency and Banking, and Other Reforms.

By a Staff Reporter. Calgary, Alta., Jan. 14.—The people's forum here was taxed to capacity this afternoon by a crowded audience numbering nearly one thousand people who turned out to hear W. F. Maclean on national government. Mr. Maclean, editor of The Morning Star, presided, and in presenting the Ontario M.P. said that Mr. Maclean had been the greatest political force in Canada for the adoption of progressive reforms by the government and people of Canada. Mr. Maclean, upon rising, was given a hearty reception, and at once plunged into the discussion of his subject. He was attentively followed by the large audience, and frequently interrupted by applause. At the conclusion of his speech many questions were asked by persons in the audience, according to the custom of the forum, and several brief addresses were also delivered. Mr. Maclean pleaded for the establishment of a truly national government, for the laying aside of party differences and a united parliament. He deprecated the idea of a war-time election, saying that a political struggle would set province against province and section against section. Only through a national government could Canada achieve the nationalization of railways and national currency and banking system and other progressive reforms imperatively needed in the public interest.

TWO SUBMARINES FALL AS PRIZES TO ITALIANS

One Becomes Unit of King Victor Emmanuel's Navy—Allied H. droplanes Successfully Raid Austrian Works at Pola.

Rome, Jan. 14, via Paris. The capture of two submarines is reported in an announcement today from the war office. The statement follows: "The enemy submarine VC12, which the German navy ceded to Austria-Hungary, has fallen into our hands and become a unit of our torpedo squadrons. Another enemy submarine the VT12, belonging to the Austro-Hungarian navy, also is in our possession. Italian and French hydroplanes on Friday dropped bombs on the enemy's works at Pola. Enemy airplanes made a counter-attack, but were repulsed. One of our hydroplanes successfully fought three enemy airplanes. "Enemy airplanes bombed our torpedo boats at sea without effect. All our units returned to their base undamaged."

JAP CRUISER BLOWN UP CASUALTIES EXCEED 300

Fire on Tsukuba, Lying in Yokosuka Harbor, Causes Magazine to Explode—Great Majority of Crew Safe.

Tokio, Jan. 14.—The Japanese battle cruiser Tsukuba was destroyed by an explosion today in blow up caused the magazine to blow up. One hundred and fifty-three members of the crew of the Tsukuba were killed and 157 injured, many of them seriously. Numerous members of the ship's company were rescued from the water. Most of the officers of the cruiser were ashore.

The Tsukuba was laid down in 1905 and displaced 13,750 tons. She was 440 feet long and was armed with four 12-inch, twelve 6-inch, twelve 4.7-inch and four 3-inch guns, three 3-pounders and five torpedo tubes. Her complement was 817 men. The Tsukuba was sent to Hampton Roads in 1907 at the time of the Jamestown exposition. Yokosuka is an important naval station, 13 miles southwest of Yokohama.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

ACCORDING to the Germans, they have advanced in Rumania along the road from Braila to Galatz as far as Vadeni, six miles distant from Galatz. The Russians in an earlier bulletin tell of their lines being attacked in this region by three regiments, or twelve battalions, of the enemy, supported by artillery, and they say that their advanced troops were compelled to abandon the village of Kotimikali, on the Sereth. It is in this region where the enemy is making his chief efforts, being desirous of occupying Galatz for its supposed political effects on the allied and neutral peoples. Galatz may fall, but that event would bring the war no nearer a conclusion, and so it is really a dissipation of force for the Germans to waste energies on capturing it.

Of the many tactical lessons taught by the war on the methods of securing victory the allies have learned some important ones, as shown by the perfection of their attacks before Verdun and in the later stages of the Somme engagement; but the Germans do not seem to have learned a single one. For success ever since the war began the Germans have tried the same old formula, and they never have had a real success yet. Their formula is, if they have guns enough, to break thru by power of high explosive shell, attempt envelopment, the test of real victory, and fail; if they do not have guns enough, they still pound away and fail to break thru. In Rumania the Germans did break thru, but their attempt at the envelopment and destruction of the Rumanian armies has failed. Nevertheless,

GOVERNMENT WILL TAKE OVER MINES

Strong Action at Fernie Certain Unless Operators Give Way.

MEN'S CAUSE UPHELD

Operators Fail to Realize War's Obligations, Says Official Statement.

By Staff Reporter. Ottawa, Ont., Jan. 14.—If government action is necessary to prevent suffering in the prairies and to keep the smelters supplied with coke, action will undoubtedly be firm and vigorous. In view of the financial strength of the mine owners, government action, if found necessary, will no doubt be carried out at the expense of the operators. This radical proposal was announced in an official statement issued by the government today in connection with the strike trouble at the Fernie mines. Government operation of these mines now seems certain. The operators have refused to grant the men an increase in wages, and the miners have intimated that unless their demands are acceded to they will go on strike tomorrow. The operators are still in the city, but the representatives of the men have gone home. (Concluded on Page 3, Column 7).

BRITISH EJECT FOE FROM SERRE POST

Germans Fail to Hold Post Entered Temporarily by Them

CANNONADING GOES ON

French Record Merely Artillery Activity—Heavy Rains Bring Floods.

Special Cable to The Toronto World. London, Jan. 14.—On the British front in France, the Germans gained admittance to a British post opposite Serre in a night of January morning, but the British immediately coming up drove them out and in further skirmishing they took 12 more prisoners in this area, says Reuter's mastergram. The Beaumont-Hamel sector. The Germans have also attempted raids. Both the British and the French continue their cannonading of German positions on pretty well the whole front. It has been raining heavily in France. A Paris despatch says: "The Seine continues to rise and all navigation on the river has ceased. The situation is serious and may become more so if the rain continues to fall." The British war office communication issued this evening, says: "Early last night a hostile party endeavored to raid one of our posts" (Concluded on Page 7, Column 5).

FOE FOREIGN MINISTER HAS ABSECE OF JAW

Count Ottokar Czernin Chudenitz is Ill at Vienna.

London, Jan. 14.—Count Ottokar Czernin von Chudenitz, the Austro-Hungarian foreign minister, is ill in bed as a result of an abscess of the upper jaw, says Reuter's mastergram. The emperor visited Count Czernin half an hour Saturday.

Fires From Unknown Causes Are Quickly Extinguished

Fire from an unknown cause damaged a two-story brick building, owned by Mr. Marchmont, 115 Victoria street, at the rear of 1061 Keele street, about 7.30 last night, to the extent of \$250. Due to the good work of the firemen, nine horses housed there were rescued. Mr. Marchmont, the foreman, lives in front of the building, and he turned in the alarm, to which the Keele street fire section responded. Another fire of unknown origin was responsible for \$500 damage to the lumber shop of A. Selway, 402 West Bloor street, at noon yesterday. The building is owned by George Phillips, 255 Huron street.

Russian Progressives Lose Control of Empire Council

London, Jan. 14.—A Reuter despatch from Petrograd says that in addition to the nomination of the reactionary ex-Minister of Justice J. G. Chicherov, as president of the council of the empire, the new year ukase gives a list of retirements from active membership in the council. Among those retiring is Baron Rosen, the former ambassador to the U. S. The new appointments to the council are also reported, the result being that the present progressive majority is replaced by a rightist majority of about 12.

BELGIUM'S PRINCIPAL INDUSTRY CONTINUES DESPITE THE WAR

Altho their village is for the most part in ruins, certain Belgian women still continue their industry of lace making. Here is shown a Belgian soldier watching one of his countrywomen at work.

HOPE GERMANY WILL STATE PEACE TERMS

Washington Thinks Polite Request Will Bring Out Information.

Special to The Toronto World. Washington, Jan. 14.—If the United States invites the German foreign office to make known Germany's peace terms it is probable that they will be made public, according to reports heard in diplomatic circles today. It is unlikely that the United States will take such action, in view of the fact that the president's act extended such an invitation specifically. The allies responded to it by a detailed statement of their objects in the war. The policy of the government relating to peace and also to the submarine situation is expected to be revealed, or at least partly, in the statement to be issued about Ambassador Gerard's speech tomorrow or Tuesday, by Secretary Lansing. It is not expected that the statement will be a rebuke to Gerard, but will clearly show that the American government is watching the submarine situation closely.

RAIDER'S SINKING AGAIN REPORTED

British Cruisers Said to Have Disposed of German Pirate.

MACKINAW ESCAPES

Steamer Believed to Have Been Within Twenty Miles of Raider.

Special to The Toronto World. Boston, Jan. 14.—A report brought to this port by Captain J. Findley and the crew of the steamer Mackinaw is that a German raider has been destroyed in the Atlantic by British cruisers. According to their statements, the raider has been operating in disguise, and the Mackinaw had a narrow escape from capture. At one time she is believed to have been only 20 miles from the German vessel, but due to wireless warnings sent out by the British fleet, which have been combing the seas for months past for the commerce destroyer, the Mackinaw changed her route and arrived safely today in Boston harbor. The Mackinaw left for this port 20 days ago and was delayed thru the unusual severity of the storms which she encountered and the sudden changing of her course from the usual line of travel. She carried a general merchandise cargo. Reports of the sinking of a German commerce raider have been circulated for several days but lack confirmation.

Lieut.-Gen. Bandini Lost With Ship, Rome Admits

Rome, via Paris, Jan. 14.—Lieut.-Gen. Bandini, commander of the Italian Albanian expeditionary force, was among those lost aboard the Italian battleship Regina Margherita, the sinking of which by a mine on Dec. 11 was recently officially confirmed.

ENTIRE NATION WILL SOON BE FED IN PUBLIC

Highest and Lowest in Germany to Line Up at Soup Kitchens.

DRIVEN DESPERATE

People Urged to Resort to Ex-traction of Food From Rubbish.

Special Cable to The Toronto World. London, Jan. 14.—"Slowly but surely Germany is being razed." That is the statement made public here by one of the most prominent correspondents of the Danish newspaper, the National Tidende, who writes that the military authorities in Berlin, where he has been stationed since the war began are even considering the "mass feedings" of the entire population of Germany. As it is, the correspondent insists that over 400,000 people are daily being fed at public "soup kitchens" in Berlin alone. "The public feeding of paupers and of the starving masses in Berlin has become a necessity," continues the writer, who further asserts that it is only a question of time before the German authorities will, in their frantic endeavors to reduce the cost of feeding the civilian population to a minimum, in order that the military may not suffer from the want of proper food, force the entire population of the German empire to go to the soup kitchens three times daily for their meals. Food From Rubbish. Quoting as his authority Danish professor of public economy, now at Berno after a trip thru Germany, the writer declares that in Germany, drastic official distribution and drastic measures, there are whole regions where famine reigns. Men and women are treated with contempt. They call for bread they are not given a stone, but things that are truly repulsive. Their professors have sought to extract food from rubbish, and have recommended its use to the public. The newspapers teem with advertisements of this hideous stuff. The Tidende correspondent further asserts that the communal table is about to become an institution in Germany. He says that it has been proposed that military dictators be appointed in all the large cities, that the various households fetch three meals to the appointed places daily, including bread, and that all families be forced to partake of their meals in this manner.

MANIFESTO TO MARK BIRTHDAY OF KAISER

Enemy Rulers to Join in Blaming Entente for War's Continuance.

London, Jan. 14.—It is reported by the Amsterdam correspondent of the Exchange Telegraph Co. that on the occasion of Emperor William's forthcoming birthday (he will be 58 years of age on Jan. 27), Emperor Charles of Austria-Hungary, King Ferdinand of Bulgaria and the Turkish heir-apparent will go to Berlin to attend the birthday celebrations, and that while they are there the three rulers and the Turkish representative will issue a manifesto to the world, placing responsibility on the entente for continuation of the war. The Sultan of Turkey will not attend the celebration, on account of his advanced age.

NO TRANSPORT SUNK AS GERMANS ASSERT

British Admiralty Denies Official Statement Issued at Berlin.

London, Jan. 13, 8.05 p.m.—According to an Amsterdam despatch the Berlin Government has issued the following official statement: "One of our submarines on December 28, sank a British transport in the English Channel. The transport was steaming with dark red lights and measured about 800 tons. She was conveyed by destroyers." In making denial of this announcement, the secretary of the British admiralty said tonight: "The above report is absolutely untrue."

FIRST SERBIAN MINISTER REACHES WASHINGTON TODAY

Special to The Toronto World. Washington, D.C., Jan. 14.—Secretary of State Lansing tomorrow will receive the first Serbian minister to the United States. His name is Mihaljevitch, and he has just arrived in the United States. No steps have yet been taken to appoint an American minister to Serbia, and it is not likely that any action in this direction will be taken until the close of the war. At the present time Minister Vonička represents the American government in Serbia, Bulgaria and Rumania.

DINEEN'S JANUARY SALE

Reductions of 20 to 50 per cent. apply on all Dineen's regular stock offers during the January clearing sale. The original prices were extremely reasonable for high-class furs, so that the reductions really mean exceptional bargains. Men's fur-lined and wool suits are also on the schedule of reductions. W. and D. Dineen Company, Limited, 140 Yonge Street, Toronto, in Hamilton, 20 and 22 King Street West.

ALLIES' NOTE AFFECTS UNITED STATES DEEPLY

London Observer Says Effect on Public Opinion is Already Profound.

QUESTION OF COLONIES

Germany Must Give Full Guarantees Before Any Territory is Restored.

London, Jan. 14.—The Observer, commenting on the allies' reply to President Wilson, says: "The effect on opinion in the U.S. is already profound, and will become still deeper as more time and thought can be given to the issues now raised. The U.S. will not try to stop the clock of progress towards wider liberty and equality in Europe. The U.S. never can be asked to resist the claim of France to Alsace-Lorraine, to support the war caste in Germany, to keep Italy, Poland, Czechs, Slovaks, Serbs and Rumanians under a foreign yoke, to assist the Turks on the side of the Decephorus, or to aid a bloody tyranny beyond it. No! It is the dawn of the great deliverance."

Referring to the silence of the Germans on the German colonies, The Observer says: "International Domain. "South Africa, New Zealand, and New Zealand are free countries, each with its own Monroe doctrine, and they will never allow the German menace to reappear in their neighborhood. Not one single inch of colonial territory will Germany ever get back until the guarantees for her future good behavior are as absolute as human contrivance can provide. Consistently with that condition, there is no desire to deprive the German people of adequate economic opportunities outside of their frontiers."

"Probably the best thing would be to create in the Ottoman Empire and in Africa an international domain open on equal terms to Germany as to all countries, including, of course, the U.S. This is a big question. In this matter, British statesmanship ought to be foremost in the councils of wisdom and moderation when the main aims of the war are attained, if at the same time there is a change of system and of heart in Germany itself."

HONOR SUPERINTENDENT.

In order to express appreciation for the efficient manner in which the freight and coal congestion has been handled by H. Farrell, the terminal superintendent, the coal section of the Railway Labor Association are holding a luncheon in his honor next Wednesday.

Soldiers' Positions Held Open

The Electric Wiring and Fixture Co., 241 College street, have announced that the positions held by former employees now serving their country will be kept open, and at the highest rate of pay. It is stated that this company's employees have enlisted.

WAR SUMMARY THE DAYS' EVENTS REVIEWED

(Continued From Page 1)

in order to demonstrate his power the enemy is now striving to march upon Galatz.

In the eyes of the allied general staff every position has its price in casualties, so if the Germans choose to throw away a sufficient number of lives they will arrive at Galatz. When they arrive at it they will derive no military benefit from its possession. The Rumanian armies have escaped. Napoleon once said that so long as the forces of the enemy remain in the field, the taking of towns was an "empty honor," and the matters at the present day.

It is raining heavily in France, and so much rain has already fallen that the River Seine is rising, navigation on it has ceased and floods may ensue. With such bad weather, really heavy fighting is impossible. So the official communications from the battle lines keep on dealing with "fights and gunfiring." The British official communications of the past two days do not contain any notice of a success at Serre, but they mention the capture of a small post northwest of Serre, and that the Germans had entered this position, but was immediately driven out. Thirteen more German prisoners were taken in this area of Serre and Beaumont-Hamel. British trench raiders have taken part in many enterprises and the Germans have also attempted many dashes into the British positions. The British batteries have again heavily cannonaded the positions of the enemy northwest of the Ancre and they have obtained "good results," says the British official bulletin.

The Italians have captured two submarines. One is the VC12, which the German navy ceded to Austria-Hungary, and the other is the VT12 of the Austro-Hungarian navy. The first submarine has been incorporated into the Italian navy, a bulletin issued at Rome says. How these craft were taken is not told.

In the Caucasus the Russians have captured a village from the Turks 12 miles north of Kalkit. They seem to be preparing for an advance.

While in the past few days submarine depredations have become fewer, probably owing to the destruction of some of these craft and the return of others to their bases after cruises, the Germans are beginning to threaten a great outburst of submarine warfare, should the allies reject their offers of peace. It is not impossible that the Germans have a great many new submarines ready for putting to sea; but it is impossible to believe that they hitherto have refrained from any atrociously futile power to commit out of humanity. The suggestion of greater frightfulness to come is designed to impress the allies with the might of Germany and more amenable to the proposal of signing an inconclusive peace; to end the war on the basis of a draw. In this theory the Germans are mistaken.

From Germany there continue to come stories of food scarcity sufficient in number to be convincing that something dreadful has happened to the food supply of the central empire. It would be a rhetorical exaggeration to assert that the enemy is suffering from famine; what he is really suffering from is said by experts to be the breakdown of his elaborate system of distributing food and feeding the populace. The enemy first attempted to do away with economic laws by the fixing of prices and rationing of his people, the same as he has been doing with his army. This scheme proceeded with a fair degree of smoothness for a time; but when the shortages of foodstuffs became more intense and the great staple food of the north German, the potato, also showed signs of giving out owing to a failure of the crop, the whole system broke down. Economic laws have now begun to assert their supremacy over contravention state regulations. The rich Germans are now receiving a more plentiful supply of food than they formerly received under the food controllers, but the poor people are feeling the pinch of want in a greater degree than in the early and middle stages of the war. Before famine takes the central powers in its grip they would anticipate it and surrender, for it would take three to six months after the capitulation to relieve the suffering, owing to the general scarcity of shipping. Whether famine is still near or far off from Germany, no person has any account; but it would be idle to count on peace until the allies have reached their military objectives and have won a complete victory. The German food scarcity, however, will make the task of the soldiers easier.

DRUGS FROM CANADA SMUGGLED INTO U.S.

New York State Officials Believe They Are Hot on Trail.

CRIMINALS ARE BRED

Ravages of Morphine, Heroin and Kindred Drugs Are Appalling.

Special to The Toronto World. New York, Jan. 14.—Canada responsible for the shipment of habit-forming drugs to the United States. That is the question that is puzzling the New York State officials and legislators, who have begun an exhaustive investigation of the sources of supply by which those who are dealing in morphine, cocaine, heroin and opium are spreading their drug plague from the pitiful victims of the "habit."

In an interview today, Chief City Magistrate William McAvoy declared that the greater percentage of the criminals who are brought into the police courts of Greater New York are addicts of the drug habit. Smuggled Over Border. He further stated that the probe which is now going on has revealed the fact that the greater part of the drugs which are illegally sold in this state are smuggled across the border, either thru Detroit or Buffalo, many of the smugglers using the reserve tires on automobiles in which to conceal their deadly stock in trade, and further, that the federal authorities had been called upon to end the traffic. He declared that both New York State and New York City was standing face to face with one of the most ghastly problems that society has ever been called upon to face—that of the spread of the drug habit—despite all the efforts of the law, both national and state, to stamp out the use of morphine and cocaine.

He said that the time has nearly arrived when all young men who wish to marry, will be forced to apply to a federal magistrate for permission to wed, this situation being largely due to the frightful inroads on the public health, made thru the use of drugs and liquor.

Restricted Train Service Becomes Effective Today

At 12.01 this morning a new passenger schedule went into effect on both the C. E. R. and the G. T. E., by which forty-nine trains in and out of Toronto have been temporarily taken off the service. The new schedule for permission to more train crews and engines may be available to move the vast shipments of munitions and materials that Canada produces and requires. While the new schedules have been advertised for some few days, and the railway has done all in its power to obviate any inconvenience, it will be some time before the public become familiar with the new conditions, made necessary by unprecedented freight traffic.

RUTHLESS-BOAT WARFARE URGED

U. S. Interference Will Not Avail, Cologne Zeitung Boasts.

MAY SEIZE STEAMERS

London Discusses Possibility of Request Being Made to Neutrals.

Special Cable to The Toronto World. London, Jan. 14.—According to a report received here from Berlin tonight, the Cologne Zeitung said in its issue of today: "If our offer of peace is refused the world will be 'out' with the submarines. Then no American will be able to prevent us forcing peace on the enemy who has no wish to negotiate with us."

"The German chancellor has adopted as a program the principles of the rights and freedom of all nations, great or small, and of the sea lanes." In London some speculative discussion is heard over the possibility that a request of the neutrals, U-boats warfare would be met by an entente request to neutrals to seize interned shipping. There is no authoritative foundation for such suggestion, but debate in the house and recent utterance of Herr Ballin, director of the Hamburg-American line, provided a new conversational topic. Herr Ballin is quoted as saying that only a weak statement would be deterred from using an efficient war weapon for fear of losing the German shipping interest at various parts. There are said to be some 275 German ships which have found shelter in neutral harbors.

May Take Interned Ships. The proceedings in the house of commons which some persons profess to link with Herr Ballin's words were confined to a question by the Unionist member from West Yorkshire, Mr. Housman, who asked the minister whether he was aware that many of the interned German steamships were potential commerce destroyers, and in view of international welfare and commerce would the foreign office, Mr. Housman asked, make representations to the neutral governments, under danger arising out of the presence of these German steamships in their ports, with a view to their disablement or use by these neutral governments, under proper safeguards or of handing them over to allied governments for commercial use, and making it clear that Germany's aim and object was to diminish or destroy all mercantile vessels, to prevent or destroy international trade and commerce while conserving German mercantile tonnage for immediate use on the termination of the war.

Lord Robert replied that the initiative must be left to the governments concerned as regards the utilization of interned steamships. He added: "His Majesty's government have on many occasions expressed their disapproval of the different neutral governments to the responsibility which they would incur if enemy vessels were to leave their ports and take part in belligerent operations. We will continue to make similar representations if and when they seem desirable."

Loss Faith in Zeppelins

The Hague, via London, Jan. 14.—The Berliner Kreuzzeitung editorially urges the immediate opening of a ruthless submarine campaign by Germany as a reprisal for the submarine demands. It says that owing to German hesitancy in the use of zeppelins and submarines, the British have had sufficient time to find a means of zeppelin attacks. It draws the parallel that unless submarine warfare is undertaken without delay the British will likewise find some new shield against the U-boats.

Policemen Nominate Officers For Their Benefit Fund

At the annual nominations for the Police Benefit Fund, held in Court street police station, Saturday afternoon, the following were nominated as officers for the coming year: No. 1 station, Dawson (26) and Rowland (27); No. 2 station, Thompson (26) and Crowson (24); No. 3 station, McDevore (18) and McDevore (19); No. 4 station, McDevore (18) and Burns (20); No. 5 station, McDevore (18) and Burns (20); No. 6 station, McDevore (18) and Burns (20); No. 7 station, McDevore (18) and Burns (20); No. 8 station, McDevore (18) and Burns (20); No. 9 station, McDevore (18) and Burns (20); No. 10 station, McDevore (18) and Burns (20); No. 11 station, McDevore (18) and Burns (20); No. 12 station, McDevore (18) and Burns (20); No. 13 station, McDevore (18) and Burns (20); No. 14 station, McDevore (18) and Burns (20); No. 15 station, McDevore (18) and Burns (20); No. 16 station, McDevore (18) and Burns (20); No. 17 station, McDevore (18) and Burns (20); No. 18 station, McDevore (18) and Burns (20); No. 19 station, McDevore (18) and Burns (20); No. 20 station, McDevore (18) and Burns (20); No. 21 station, McDevore (18) and Burns (20); No. 22 station, McDevore (18) and Burns (20); No. 23 station, McDevore (18) and Burns (20); No. 24 station, McDevore (18) and Burns (20); No. 25 station, McDevore (18) and Burns (20); No. 26 station, McDevore (18) and Burns (20); No. 27 station, McDevore (18) and Burns (20); No. 28 station, McDevore (18) and Burns (20); No. 29 station, McDevore (18) and Burns (20); No. 30 station, McDevore (18) and Burns (20); No. 31 station, McDevore (18) and Burns (20); No. 32 station, McDevore (18) and Burns (20); No. 33 station, McDevore (18) and Burns (20); No. 34 station, McDevore (18) and Burns (20); No. 35 station, McDevore (18) and Burns (20); No. 36 station, McDevore (18) and Burns (20); No. 37 station, McDevore (18) and Burns (20); No. 38 station, McDevore (18) and Burns (20); No. 39 station, McDevore (18) and Burns (20); No. 40 station, McDevore (18) and Burns (20); No. 41 station, McDevore (18) and Burns (20); No. 42 station, McDevore (18) and Burns (20); No. 43 station, McDevore (18) and Burns (20); No. 44 station, McDevore (18) and Burns (20); No. 45 station, McDevore (18) and Burns (20); No. 46 station, McDevore (18) and Burns (20); No. 47 station, McDevore (18) and Burns (20); No. 48 station, McDevore (18) and Burns (20); No. 49 station, McDevore (18) and Burns (20); No. 50 station, McDevore (18) and Burns (20); No. 51 station, McDevore (18) and Burns (20); No. 52 station, McDevore (18) and Burns (20); No. 53 station, McDevore (18) and Burns (20); No. 54 station, McDevore (18) and Burns (20); No. 55 station, McDevore (18) and Burns (20); No. 56 station, McDevore (18) and Burns (20); No. 57 station, McDevore (18) and Burns (20); No. 58 station, McDevore (18) and Burns (20); No. 59 station, McDevore (18) and Burns (20); No. 60 station, McDevore (18) and Burns (20); No. 61 station, McDevore (18) and Burns (20); EATON'S DAILY STORE NEWS

STORE OPENS AT 8.30 A.M.
CLOSES AT 5 P.M.

This Great Bargain in Men's Ulsters at \$8.75 is Worth Reading Carefully

They Are Just the Garments For Present Wear and Are Marked But a Mere Fraction Over Cost of Production For Clearance Tuesday

IN the midst of all this cold, zero weather here's a bargain in the most desirable kind of cold weather overcoat—the ulster. They are big, heavy, long, thick coats that will give great comfort and long service and are smartly tailored in every detail to suit the man of the most exacting taste.

The tweed materials they're made of show mixed patterns in grey or brown and every coat is double breasted and has convertible lapels and big collar.

Come early Tuesday morning, for such a low priced offering as this is surely timely and will no doubt attract a large number. Sizes 36 to 44. Sale special extraordinary Tuesday, each **8.75**

And a Splendid Sale Offering in Men's Suits Tuesday at \$10.75

We have left a bare margin over the cost price, and these suits are certainly dollars less than the figure such value warrants. There are rough-finished tweeds and smooth cassimere-finished materials, in greys and browns with stripes and new mixed patterns. It's impossible to cover the variety, for they are broken lines, and there are very few of a kind. The trimmings, linings and workmanship are of unquestionable quality. Sizes in the lot, 36 to 44. Sale price special, Tuesday, suit **10.75**

Big Reduction in Men's Corduroy Trousers at \$2.25 and Fancy Mackinaw Coats at \$3.95; Also a Good Value in Blue and Black Suits at \$11.75

Corduroy Trousers, made to stand strenuous usage, the material being a medium-ribbed pliable corduroy in dark grey and fawn. They are neatly fashioned, have 5 strong pockets and some have flap and button on the hip pockets. Sizes 34 to 42. Sale reduction, pair **2.25**
Fancy Mackinaw Jackets of durable winter weight material, with overlaid pattern, in grey and black, red and black, or golden brown and grey; have shawl collar that will roll close, belt and waist and patch pockets. Sizes 34 to 39 only. Sale reduction **3.95**
Very stylish Suits for men are tailored of English worsted serges in black or blue. Three-button coats with neat natural shoulders, medium high vest and carefully sewn trousers. The lining is a strong twilled serge. Sizes 36 to 46. Special value, **11.75**
—Main Floor, Queen Street.

Some Specially Desirable Values in Men's Furnishings Tuesday, Particularly Shirts at 69c

The materials in the shirts are strong even prints on light grounds, with neat stripes of blue, mauve and black. Have laundered or soft cuffs. All are coat style. Sizes 14 to 17 1/2. Tuesday, each **.69**

Men's Bathrobes of heavy blanket cloths, in neat stripe and conventional designs of brown and red, blue and fawn, green and red, brown and fawn. Made with lapel collar; some have tie string, others buttoned front; some corded edges; all have heavy girdle at waist. Small, medium and large. Each **3.95**

—Main Floor, James St.

THE T. EATON CO LIMITED

Here and There in the Store

The "Anroch" Bread Toaster can be used on any kind of stove, gas or coal.

It's a light-weight toaster with non-heat conducting handle, and possesses the feature of distributing the heat evenly and directly against the bread. It has 96 tunnels, which are so small that no flame can pass through them and set fire to bread. Basement, each **.15**

Stakes purchased in the EATON Sporting Goods Department will be put on boots free of charge by our special rivetting machines—Fifth Floor.

If you need needles for the Victorias, order by phone now a box of Diamond E steel needles. 500 in box for **.25**

For a soldier's overseas parcel—a miniature set of dominoes in a little flat leatherette case. The price of it is 25 cents.

When you cannot come to the Store to purchase what you want, let one of our special shoppers act as your buyer. She will put forth every endeavor to carry out your wishes to your satisfaction. Telephone, asking for the "Shopping Service," or Main 3501. If you live out of town, address your letter to the "Shopping Service."

SIR GEO. BIRDWOOD IS NOW EIGHTY-FIVE

Would Like to Be a Boy Again Just for a Change.

IS AN OPTIMIST STILL

Had Hopes That Christmas Would See the End of War.

London, Jan. 14.—Sir George Birdwood, dozen of delightful letter writers, philosopher and optimist, entered cheerily upon his 85th year the other day.

"I am spending the evening of my life full of hope and assurance of a happy issue—a victorious issue—of the allies in Armageddon," he said. "I am an optimist still. Of course, I see the difficulties; in the summer I find I don't hope that Christmas Day would see the end. We have at last the consolation of knowing that the last few weeks have flashed a bright ray of hope about the nation. And I know that Mr. Lloyd George, with his new and enormous responsibilities, is the very man for the position he has now found himself in. With such a magnetic and masterful figure at the head of affairs now, I have every confidence in the reconstruction, provided it has the full support of the nation."

"Turning for a brief moment to his own affairs, Sir George rose from the sofa upon which he was reclining, wrapped his furred dressing-gown around his small, spare figure, executed a courtly bow, and said, with a smile: "Behold me now—a saint! Today I have reached the figure of age mightily glorified by the wise Hindu. It is called by him 'chaturash', which means the 'eighty-four'—being the sacred number obtained by multiplying the stars of the Zodiac by the number of planets. When a man is chaturash, such as I—he is totally exempt from all punishments, celestial or mundane.

He may become as big a scamp as he pleases; and I feel, as the true chaturash of Ealing, that I should very much like to be a scamp, for a change. My spirit is willing—but my legs are weak! I am chaturash—but I'm 84! So I suppose I shall have to go on in the old way, but with new and strange things to meditate over.

"The war has overwhelmed me and mine. Twenty-nine members of my family are in it, and four bearing my name have already paid the great sacrifice. One, truly, has so far borne a charmed life. He is my nephew—Gen. Birdwood, the bright star of the Anzacs.

"Thus you can understand my close intimacy with the great tumult which is engulfing us all. It has strengthened me, I believe, for another year's watching and waiting—always hoping and always optimistic. I shall continue this and, I am convinced, come and see me again on my birthday next year and we'll crack a bottle for remembrance!"

AMERICAN ACTORS IN PATRIOTIC TABLEAUX

President Wilson Cables That It Gratifies Him That They Are Doing So.

London, Jan. 14.—American stage favorites in London appeared in tableaux, sketches and song scenes at a matinee at the Palace Theatre the other day, and realized \$12,000 for the "Consents at the Front" fund.

Mr. Walter Hackett read the following cablegram from President Wilson: "It is deeply gratifying to me to know that Americans in the belligerent countries are working so hard to alleviate suffering, and I sincerely hope that your efforts may be crowned with success."

Beef Stew and Beans in Luxury Class at Newark

Newark, N.J., Jan. 14.—The cost of living continues to rise, along with Jersey munitions plants, despite the various federal, state and municipal investigations. The latest addition to the "aid arms" eat shops, which charge 20c for the same quantity of beef and beans that a few months ago cost only 10c.

TYPICAL GERMAN BETRAYS MOTHER

Hands His Own Flesh and Blood Over to the Royalists.

WAS MINISTER TO U.S.

Removed, However, Owing to a Blunder in Coal Deal.

Salonica, Jan. 14.—The unhappy victims of the savagery of the Athenian Royalists continue to arrive here in crowds, and give terrible accounts of their last days at Athens. Among other details is related, as a characteristic example of Teutonic activism, the conduct of M. Schliemann, a member of the Greek chamber, of German origin, who, having perceived his mother and sister leaving their house in order to escape the dangerous neighborhood of the house of Venezuela, had the unpeakable cruelty to point them out in the street as being Venezuelans, and left them to the fury of the Reservists.

Further information furnished by refugees declares that for two days the Venezuelian inhabitants of Athens and its surroundings were systematically attacked and persecuted. The number of victims who fell in the course of these attacks is estimated at 150, many of whom are well known. Practically all en route nationals in Athens have embarked, and all arrangements have been made for the departure of the entente diplomatists. Professor Burrows states that the Deputy Schliemann referred to is Venezuela the only son of the famous German archeologist, Heinrich Schliemann, the discoverer of Mycenae and Troy, who married a Greek lady and took up his residence in Greece. Since his death, Mme. Schliemann and her daughter have been prominent figures in Athenian society, and everywhere widely known for their public spirit and benevolence. The son was in 1913 appointed by M. Venizelos, minister at Washington,

where he became involved in an unfortunate blunder connected with the purchase of coal for the Greek Government. M. Venizelos, who does not suffer fools gladly, recalled him, and Agamemnon has ever since been one of the bitterest enemies of M. Venizelos.

It is a significant comment on the difference between the old Germany and the new that his father's marriage with a Greek lady symbolized his romantic love for the Greek people, while the son, by denouncing his Greek mother to the king's rovides, has symbolized the divorce between the Greek people and the Greek King.

TAX FOR NON-FIGHTERS FRENCH PRESENT BILL

Would Only Apply on Those of Military Age Not in Army.

Paris, Jan. 14.—The chamber is discussing a bill on economy. The most interesting proposal has been presented by M. Romell in the nature of a war tax. The tax would affect those who, although of an age for service, are for some reason exempt from service in the army. The tax would be fixed at the amount of 12 francs, besides a proportional sum calculated on the principle of income tax.

A FURTHER REDUCTION.

Ottawa, Jan. 13.—The British Government decided some time ago to reduce the imports of paper, and this action has now been supplemented by an announcement that the president of the board of trade has informed the paper commission that from now on imports of paper making machinery must be reduced by one-half instead of one-third as at present.

MANY AT MONTE CARLO.

Paris, Jan. 14.—Playing "trente et quarante" at Monte Carlo recently a man won \$12,000 in two days and in less than two hours lost it again and another \$12,000 as well. So many people are there now that an extra roulette wheel has replaced the fountain in the centre of the grand hall.

PLOECHTI OIL WELLS BENEFIT FOE LITTLE

Party of Americans Confirm Reports of Extensive Destruction.

Special to The Toronto World.

New York, Jan. 14.—Confirmation of cable reports from London that the greater part of the oil wells around Ploechti, Rumania, were destroyed and that six on hand were burned prior to the occupancy of the district by the Germans, was brought here today by a party of Americans, former employees of Rumanian oil companies, who were passengers on the steamship Stockholm from Gothenburg, Sweden. John S. Campbell of Bakersfield, California, one of the party, said that the work of destruction began in the vicinity of Ploechti fully ten days ahead of the German advance. The work was directed by a number of British and French army officers in charge of Major John Griffith, who dropped explosives into the wells, blowing out the casings. It will be months, Mr. Campbell said, before the wells can be made productive again. The oil storage tanks were destroyed by dynamite and the contents burned.

DISTURB MOVEMENTS BEHIND ENEMY'S LINES

Italian Gunners Do Effective Shooting on Trentino Front—Hit Batteries.

Rome, Jan. 14, via London.—(British admiralty per Wireless Press)—Following is today's official report of military operations: "Trentino front: The artillery was active. By our accurate fire we disturbed important enemy movements behind the lines and hit battery emplacement. "Julian front: The activity of the artillery was restricted by bad weather, which, however, did not interrupt the customary useful activity of our patrols."

SWISS SPEAK KINDLY OF WILSON'S EFFORTS

He is Given Credit for Inducing Allies to Define Terms.

Geneva, Jan. 14, via Paris.—President Wilson rendered a great service to the entente allies by transmitting his peace note to the belligerents in the opinion of The Journal de Geneve. It says Europe was under the impression that the peace offer of the central powers had been rejected by the adversaries, but that it is now plain that Germany expressed a desire for peace without disclosing terms, whereas the entente has explained the conditions with all clearness, and the world is now awaiting Germany's reply.

La Suisse says the reply of the allies to President Wilson, like the Statute of Liberty, enlightens the world. In Revue de Lausanne considers that the president's act, although premature, has had a good effect, in that it has permitted the allies to make known to the world why they are continuing the war.

CLAIMS ALLIED REPULSE ON MACEDONIAN FRONT

Enemy Says Attack on Positions Near Vardar River Without Success.

Berlin, Jan. 14, via Sayville.—Following is the official report of today from the Macedonian front: "An attack on our positions south of Stoyokovo, between the Vardar River and Lake Doiran, was without success."

CATTLE STEALING CHARGE.

Orangeville, Jan. 13.—Albert Allen, a Simcoe farmer, appeared before County Judge Fisher today charged with the theft of three cattle belonging to W. F. Brown of the same county. He pleaded not guilty and bail was fixed at \$2000. Allen claims he bought the cattle in question from two men he did not know.

GOVERNMENT WILL TAKE OVER MINES

(Continued From Page One).

Ten days ago a conference opened between the operators and the miners with the government as intermediary, but all efforts to reach an agreement have failed and the beginning of a strike tomorrow appears to be unavoidable. If a strike is begun, it will not be of long duration, however. The people of the province cannot go without fuel, and the government will operate the mines if the operators do not.

Operators Blamed. In the view of the minister of labor the operators are responsible for the trouble and they will pay the cost either directly or indirectly.

"In November last," says the official statement, "the miners, presented a demand for an increased war bonus of 25 per cent, to cover the extra cost of living. After several conferences it was finally suggested that a commissioner should be appointed to ascertain the actual conditions as to the increased cost of living to the miners. Mr. Harrison, of the labor department, was agreed upon to make the investigation. His report is now in and shows an increase of nine and a half per cent, upon such articles as are required for use by the miners in their daily cost of living."

Duty Not Realized. The attitude of the operators, so far, in refusing to grant the increase, as shown by Harrison's report, is to be regretted. In so doing, having regard to all the conditions, the apparent lack of willingness on their part to assist in preventing a very serious condition of affairs, is probably the most notable failure on the part of any organization to recognize and to appreciate their share of the country's many difficulties since the outbreak of the war.

"The government has a special and a direct responsibility to see to it that no suffering will occur to the soldiers of western Canada for the want of the coal during the winter months. The government has also the responsibility of seeing that sufficient coke will be provided to keep the smelters in the Crow's Nest going to assist in the manufacture of war munitions."

ARE NOW BEHIND IN SHELL MAKING

Chairman of Munitions Board Makes Important Statement on Work.

NO MONEY WASTED

Contracts Are Not Got Through Influence of Friends.

One of the most absorbing as well as the most important addresses given since the war was that delivered by J. W. Flavelle, chairman of the board of munitions, before the members of the Women's Canadian Club on Saturday afternoon.

As an earnest of the way in which the industry of munition-making is being pushed the audience was told of the factory which, when completed, will represent two and a quarter millions.

Pointing out some of the reasons for delays, which to the uninitiated are not understood, Mr. Flavelle said that if even a single shell in twelve or fifteen thousand were defective thru faulty steel, forging or from any other cause, it might mean the killing of the crew.

There are four thousand men and women now watching the making of shells in Canada. This force is not spying, but bringing to the work as much care as possible. There are also seven hundred of a staff at the head office, representing every part of the country.

Speaking of the employment of women in the manufacture of munitions, the speaker said he had no idea to which extent they could be used. He stated however, that apart from sealing and forging, there is no reason why 85 per cent of the work should not be done by women.

Going to the second part of his subject Mr. Flavelle pointed out the great work of the British navy, that silent body of workers whose marvelous operations are shown by the fact that 7,000,000 have been passed over the English Channel without the loss of one life or a ton of supplies.

As mothers and wives, Mr. Flavelle appealed to the members of the Women's Canadian Club to bring comfort and help so that men and women might gather all resources of the community and make them available in any way the state might require.

At the regular monthly meeting of the E. F. Clarke L.O.L. No. 1484, in the Western District Orange Hall, the reports of the past year were submitted. They showed 55 members over-seas, and after accounting for deaths and other wastage, a considerable increase in the membership.

CHILDREN'S SAVINGS WILL HELP WIN WAR

Lieutenant-Governor Addresses Letter to Teachers on Subject of Penny Banks.

This is a copy of a letter sent by Sir John Hendrie to every school teacher in the province, the women being addressed "Dear Madam" and the men "Dear Sir". As honorary president of the Penny Bank, thru which so many teachers are taking an active part in the campaign for thrift, I have been asked at this time to draw your attention to the great opportunity for service to Canada and to the empire which is open to all of us, but is especially open to the teachers in our schools.

There is no body of people in the country who can bring these facts home to every family circle so fully and so persistently as the teachers in the schools. Therein lies your great opportunity. I urge upon each one of you that you should try to realize the situation. This war is a national crisis of great gravity, and nothing whatever that we can do to help should be left undone.

Yours faithfully, John B. Hendrie.

MEN WANTED

BY The Toronto Railway Company

AS Motormen and Conductors

And for CAR CLEANING and CAR HOUSE WORK

Apply at Employment Office, 152 Front St. East

WILLS PROBATED

Mrs. Mary Ellen Wilson, a widow, who died in Toronto, December 23rd last, by her will executed April 6th 1916, disposed of an estate valued at \$22,938, made up of \$600 in household goods and personal effects, \$11,718 in mortgages, \$8878 in stocks, and \$1943 in cash. Bequests of \$10,000 are left to Harriett O'Dea, a niece in Detroit; \$1000 each to the House of Providence, Sunnyvale Orphanage and St. Augustine's Seminary; \$500 each to the Hospital for Sick Children, Building Fund of Rosary Hall and to Archbishop McNeill for masses.

Probate for the will of her husband, Thomas Robert Townsend, has been applied for by Mrs. Louisa Townsend, 186 Western avenue. Sole beneficiary and executor, Townsend, who died Dec. 2nd last, left \$1205 in real estate in Welland, Saskatchewan and the U. S., \$225 in goods and effects, and \$2044 in life insurance.

Geo. W. Howland has applied for administration of the estate of his wife, Mrs. Edith Amy Howland, who died in Toronto New Year's Day, leaving \$70 in cash and eleven shares of Imperial Bank stock valued at \$2200.

W. T. Robinson, about 70 years old, an employe of the Laidlaw Lumber Company, who boarded at 247 Seaton street, suffered an attack of heart failure while sitting in a Belt Line street car about 6 o'clock Saturday morning and died in the police ambulance on the way to St. Michael's Hospital. He was removed from the car at Frederick and King streets.

Matthew Kavanagh, alias Walter Daly, was fined \$20 on a charge of intoxication by Magistrate Denison in Saturday morning's police court. Sgt. McKimney exposed the real name of "Daly," and declared that Kavanagh had a wife in Ireland and a woman friend in Toronto.

J. D. McDonald entering a plea of not guilty to the charge of breaking into the home of M. J. Bullen, 91 Tondenan avenue and stolen watches, coins and a suit of clothes, was remanded until Monday for sentence by Magistrate Denison in Saturday morning's police court.

Sadie Fox, 18 years old, arrested by acting Detective Thomson, on a charge of stealing a dress from Agnes Compuz, was remanded for sentence by Magistrate Denison in the women's court Saturday morning.

At the second part of his subject Mr. Flavelle pointed out the great work of the British navy, that silent body of workers whose marvelous operations are shown by the fact that 7,000,000 have been passed over the English Channel without the loss of one life or a ton of supplies.

As mothers and wives, Mr. Flavelle appealed to the members of the Women's Canadian Club to bring comfort and help so that men and women might gather all resources of the community and make them available in any way the state might require.

Varsity's Fine Report.

President Falconer's report of the last academic year's work of the University of Toronto bears deep traces of the effect of the war. The number of students registered was 2368, and of these 2223 were men and 145 women. The large number of women is increasingly significant. Year after year, as these graduates go out into the social and professional life of the nation, the anomaly becomes more and more absurd, which permits any illiterate alien who resides a few years in the country to have a voice in the government, while these brainy, intelligent women are told that they are not fit to manage their own affairs. It is difficult to understand the attitude of mind of Premier Hearst and others like him who hesitate to refuse to grant suffrage privileges to women. It is so much money should be spent on educating these thousands of women, what sort of reason or logic is there in depriving them of the one obvious channel in which they could use their attainments with advantage to the state?

In the president's analysis of the attendance he observes that it is the attendance at the end of the year rather than at the beginning that shows the drain by enlistments. Undergraduates enlisted in large numbers, and exemption from examination was given at the close of the session to 362, who had gone on active service. Principal Hutton reported 383 undergraduates enlisted from University College, and in the Greek classes there were losses averaging fifty per cent, and running as high as 75 per cent. Fred Hutton does not suggest this as any reflection on Greek. The medical classes remained about normal, owing to the recommendation of the war office that students of the final two years should not enlist, but complete their course in order to serve as qualified medical officers.

The Entente Powers in Greece and Belgium.

One of the ill-considered pleas of Germany in the note presented to the neutral nations which has aroused much scorn among all who know the situation is the comparison of the action of the entente allies in Greece with that of the Germans in Belgium. It is well observed that Germany does not betray the slightest regret or compunction for what she has done in Belgium, but callously asserts that Belgium brought it all on herself. The plea of Germany with regard to Greece has been fully anticipated in the January issue of The New York Times "Current History" in an article by Mr. Charles Johnston. We set forth the relation of the great powers to Greece some months ago, but it is well to recall the fact that Greece exists as a nation by reason of the treaty of London, signed July 6, 1827, by Russia, France and Britain, reaffirmed in 1830 and supplemented at Constantinople July 21, 1832. The conference in London February 3, 1830, declared that "Greece owes her existence to the successors of every kind which the three powers have lavished upon her."

On these grounds they consider that they have a right to expect from her an entire deference to their decision. Otto of Bavaria proved to be an unsuitable king and his reign was terminated in 1863. He had been chosen by Russia, France and Britain, and they chose his successor, the Danish prince, who became George I. In 1863, as Mr. Johnston points out, their action showed their duties and rights in Greece to be entirely operative, and they intervened again in 1897, after the thirty days' war, to save Greece from strutting that the same rights and duties were still wholly valid.

The three powers have been still further justified by the invitation of Venizelos, as premier of Greece, at the head of a strong parliamentary majority, and therefore the mouthpiece of constitutional authority in Greece, to land at Salonica to act against the Bulgarians and their allies. This was quite frankly admitted by the German minister, recently expelled from Athens. It has never been questioned and cannot be questioned.

Belgium, but the intervention of the same powers in Belgium. "In both cases they came in obedience to solemn treaty engagements; in both cases they came to give effect to the real national life and the lawful authority of the nation."

"For All Prisoners and Captives."

On January 23, 24, 25 and 26, the great campaign in aid of the Patriotic Fund and the Red Cross Fund will be carried on. We believe much wisdom has been exhibited in uniting the appeal for these two funds into one great enterprise to the public. Details of both funds have now been laid before all who are interested, and who in these days should not be? We spoke of the Patriotic Fund on Saturday. We desire now to direct attention to the activities of the Red Cross Fund.

We need say nothing of the necessity. Those who do not realize in these days that these funds mean arduous beyond ordinary. Any man who is conscious that he is not interested in these appeals should sit down and consider himself, and try to understand why he differs from the kindly race of men. He be satisfied with his attitude, he may be assured there is some kind of condition or perversion of his nature going on, and he is apt to die of hardening of the arteries.

The budget of the Red Cross contemplates an expenditure of \$1,368,590. Of this only one per cent, or \$13,685, is set down for all rents, wages and office expenses in Canada. The major items are the Canadian Red Cross Hospital at Vincennes, a gift of the French Government, costing \$150,000; Princess Patricia Canadian Red Cross Special Hospital, \$100,000; prisoners of war food allowance, \$10 each per month; and maintenance of Canadian Red Cross Hospitals, \$100,000. Purchase of supplies in Canada and in England runs to \$600,000. The other items may be judged by one—yarn to be knit into socks, \$35,000.

Under the Red Cross were carried such activities as the Christmas parcels for wounded and sick Canadians, the Christmas dinner supplied in the overseas hospitals, the 26,559 Christmas stockings which Canadian soldiers in hospital in England and France found hanging on their beds. Those things came from the women and children and the people of Canada, and those who had no finger in this pie must feel rather dismal about not having contributed something to it.

Another thing the Red Cross does is to feed the Canadians in German prison camps. There are 2196 of these in 31 different camps. It takes \$784 a day to do this work. Each man receives 5 lbs. of bread per week, besides weekly parcels of food. Special gifts have been made for this work. The Red Cross has also attended to the transportation and distribution of supplies to the value of about \$5,000,000.

It would be difficult for the average man to understand what the condition of our soldiers and prisoners would be without the attention of the Red Cross, and those who pray for all prisoners and captives, for the sick and wounded, and for the soldiers of the King, should not forget that the practical answer to those prayers must come out of their own pockets. In uniting the Red Cross Fund appeal with that of the patriotic fund, the public have been saved the trouble of apportioning their charity between the two objects. The experience gained has shown what the actual need is, and the proportion required for each is easily settled. What is needed is for those who have anything to spare to give what they can, freely, and with their heart and soul and mind and strength. Digging up a quarter or two, or a dollar or two is not really giving. It is only making an excuse for not giving. A quarter a week would never be missed by many a man who thinks he has done nobly when he has produced a five dollar bill. These funds are a test of humanity, and those who do not feel moved by the appeal had better, as we have suggested, consult a specialist.

"ISS DER NO HOPE FOR LEED' E PAX. DOC?"

HEROES OF SOMME RETURN TO TORONTO

Twenty-five Toronto Invalid Soldiers Arrived Home on Saturday.

MANY BADLY WOUNDED

One Soldier Receives Twenty-two Wounds and One Loses Right Eye.

A party of 31 returned soldiers arrived in Toronto on Saturday after active service on the western front. They were met at North Toronto station by Hon. W. D. McPherson, M. L. A.; G. J. Riddell, of the hospitals' commission; Aid. Sam Ryding, and Sergeant Major Geo. Creighton, representing the mayor. Twenty-five of the returned soldiers are Toronto men, suffering from the effects of 22 wounds. He was one of the men on crutches.

PRIVATE POLLARD'S OFFER.

Editor World: I wish and would like to offer my services to any party or parties who are contemplating a benefit dance or party for soldiers' benefit. I have two brothers in the 14th Battalion, and now all have gone home. According to letters from my brothers recently the place they are in is a fairly well-known piano player in and around this city of ours, and being a soldier (or trying to be) I want to do all I can for others who can use my services. Whenever I am free from duty in the evenings and can possibly do so I will gladly play whatever possible in the time which I have. I have two brothers in the 14th Battalion, and now all have gone home. According to letters from my brothers recently the place they are in is a fairly well-known piano player in and around this city of ours, and being a soldier (or trying to be) I want to do all I can for others who can use my services. Whenever I am free from duty in the evenings and can possibly do so I will gladly play whatever possible in the time which I have.

"OUR UTMOST EFFORT."

Editor World: I have just finished reading your editorial on "With Proper Support." It seems incomprehensible that there should have to be so much urging as to the duty of the hour. We women who have gladly sent our men to do their "bit" cannot help looking with amazement upon the number of able-bodied young men who are still in "mull." "With proper support" we can win the war, but are our single men who are still here going to let the boys who have gone, to double duty because they are shirking the issue? It seems

SOLDIER'S SON DROWNED.

Yarmouth, N.S., Jan. 14.—Neil Herman Stubbert, aged 10 years, while skating broke through the ice at Milton Pond yesterday and was drowned. He was a son of Pte. T. H. Stubbert, who is on garrison duty at Halifax.

HEROES OF SOMME RETURN TO TORONTO

Twenty-five Toronto Invalid Soldiers Arrived Home on Saturday.

MANY BADLY WOUNDED

One Soldier Receives Twenty-two Wounds and One Loses Right Eye.

A party of 31 returned soldiers arrived in Toronto on Saturday after active service on the western front. They were met at North Toronto station by Hon. W. D. McPherson, M. L. A.; G. J. Riddell, of the hospitals' commission; Aid. Sam Ryding, and Sergeant Major Geo. Creighton, representing the mayor. SOLDIER'S SON DROWNED.

Yarmouth, N.S., Jan. 14.—Neil Herman Stubbert, aged 10 years, while skating broke through the ice at Milton Pond yesterday and was drowned. He was a son of Pte. T. H. Stubbert, who is on garrison duty at Halifax.

SOME BATTALIONS WILL GO AS UNITS

Those Having Over Seven Hundred Will Not Be Broken Up.

STEP UP FROM RANKS

Order Against Promotion of Non-Coms. Applies to Returned Soldiers.

Word just received from Ottawa by Toronto military headquarters announces that battalions which have a strength of 700 men or over will be recruited as overseas as a unit under a conducting officer, but that battalions under 700 strong will from now on go to England in drafts, under command of junior officers.

SCHOONER IS TORPEDOED.

Crew of Newfoundland Craft Saved, However.

Luxemburg, Jan. 14.—The schooner Harry Adams, Capt. Fred Acker, laden with fish from Newfoundland for the Mediterranean, was torpedoed in the Bay of Biscay. The crew was placed in an open boat and landed yesterday at Ferrol, Spain. The cargo was fully insured, and the vessel partially. The scene of the disaster is only a few miles from the place of destination. Adams and Knole were the managing owners.

AMUNDSEN'S POLAR PLANS.

He Will Not Make His Start Until Next Year.

Washington, Jan. 14.—Captain Roald Amundsen, the explorer, will sail from New York for Europe Jan. 27. The ship in which he will make a four or five-year exploration trip to the Arctic will be launched in Christiania in March, but he will not start until the summer of 1918, about the time Capt. Robert A. Bartlett starts on a similar trip by way of Bering Strait. The two expect to cooperate in making their scientific observations.

Major A. D. Watts, senior major of the 20th Beavers' Battalion, has been taken over by the 20th Battery, Construction Battalion at Ottawa. His appointment in the 20th is especially appropriate, due to his having wide experience as an engineer, being a member of the firm of Watts & Watts, and having helped in the construction of the transcontinental railway. His place as senior major of the 20th Battalion will be taken by Major E. G. Switzer, at present the Beavers' adjutant.

NATIONAL DECADENCE AND ISRAEL'S WARNING

Rev. Dr. Ribourg Traces Symptoms of Moral and Spiritual Decline in History.

Rev. Dr. Ribourg preached Sunday morning at St. Alban's Cathedral a striking sermon on "The Symptoms of Moral and Spiritual Decline Traced in History."

The preacher compared the moral and spiritual state of our modern Christian world to the moral state of Israel when it was at the height of its splendor. Dr. Ribourg said in part: "The symptoms of a nation's decline may be found in every individual life and in every nation. The last is the decrease of the sense of reverence. To lose personal touch with God is the beginning of the degeneration of the powers of the soul. When religion has become customary and ritual, it is no more able to bring the human soul into union with God. Another symptom of spiritual decline is the loss of the sense of honesty. What a man loses the sense of duty of truth he loses all the sense of the grandeur of right. In truth is the strength of the individual; in truth is the strength of nations. This moral decline of individuals and nations may take place without a man being conscious of it. We may be honest to a certain extent, but secretly the spirit of unbelief and indifference consumes the attention and glory of the soul. The nation on whose life the cause of its decline is its ruin, and so it will be with us, unless we see in the sad fate of that great ancient people a lesson and a warning."

50,000 CLUB

WANTS TO CHANGE ITS NAME

The 50,000 CLUB wants to call itself the 60,000 or the 70,000 or the 80,000 CLUB---the bigger the better for our soldiers' families.

The idea of the 50,000 CLUB is this:

-----You become a member by agreeing to pay \$1 a month, or \$2, \$3, \$4, or \$5 a month, to the Club. Your dollar or more goes almost intact---the Club has practically no expenses--- to The Toronto Patriotic Fund and The Canadian Red Cross. You know what the Patriotic Fund does. It turns the money over to the little kiddies, the wives, the mothers, of the men who are Serving by Fighting. And their folks deserve it! More! They need it.

In joining the 50,000 CLUB you Serve by Giving. Just so much a month from you personally or your firm's pay-cashier. Easy, isn't it?

NEXT WEEK

On Tuesday, Wednesday, Thursday or Friday, some one will be round to see you, with a card all ready for you to sign. They won't miss you. There'll be thousands of them, visiting

EVERY HOME STORE OFFICE

FACTORY in Toronto

And when they come around we hope you'll not throw the soldiers' kiddies down. They'll be the ones who will suffer most if the Patriotic Fund is not sustained. The 50,000 CLUB was organized to give the small giver a chance to participate in the big work of the Patriotic Fund. Will you be with us?

TEUTONS MOVE ON RUMANIAN PORT

(Continued From Page One) Tulcha and Iaski. These two places are situated in the northern part of the Dobruja on the Danube.

Russians Withdraw A Petrograd despatch thru British admiralty press wires says: "A further withdrawal of the Russian forces along the Sereth River southwest of Galatz is reported in the Russian official communication issued today. Attacks by the Germans in the region west of Higa and at several points in Rumania were repulsed. The communication says: "Western (Rumanian) front: In the region of Higa, south of Lake Babit, the Germans announced an attack in seven versts east of Kuznits. The attack was repulsed by our fire and a counter-attack."

"Rumanian front: The Austrians attempted to attack east of the Higa, but were repulsed by our fire. Their attack was repulsed by our fire and a counter-attack."

"The enemy three regiments strong and supported by artillery, launched an attack against our advanced guards from Kuznitski, on the Sereth, as far as Vaden, ten versts southwest of Vaden. After the fighting, the Austrians abandoned the village of Kuznitski under pressure of superior enemy forces."

"A Berlin despatch says: "The Bulgarian official report of Jan. 12, as received here from Sofia, says: 'Hostile movements of the Bulgarians in the northern part of Dobruja, on the Danube, at Tulcha women and children were killed and numerous houses were destroyed.'"

Chatham City Council Attends Special Intercessory Service Chatham, Jan. 13.—Mayor Kerr, the city council and representatives of all the municipal boards attended a religious service of the week of prayer held in the First Presbyterian Church last night. The Rev. J. W. Williams of Toronto spoke on questions arising from the war, and showing the necessity for united support on the part of all the religious organizations throughout the country. Prayers have been tendered every night for the soldiers at the front and for the complete victory of the allies.

CANADA CAR SHARES GET FURTHER KNOCK

War Stocks Not in Good Standing on Toronto Market—Investments Looked For.

The Toronto stock market had another knock on Saturday and prices, outside of the standard issues, were all lower. Canada Car suffered another bad break, selling down over 7 points more to 27 5/8.

CAN. CAR BROKE FURTHER IN MONTREAL

Heron & Co. report: Montreal, Jan. 12.—A further break in Canada Car common and preferred was the natural result of today's announcement of this company's loss of approximately \$3,000,000.

PORCUPINE CROWN ADVANCED FURTHER

Went up to Eighty-Two on Heavy Buying From Montreal.

Trading in the mine stocks on Saturday was moderately active and broad, a large number of the issues participating in the business transacted. The market on the whole was easier in tone, with three or four strong spots.

Record of Saturday's Markets
