sponsoring Chinese would have to change first. And if this paper succeeds in compelling that change it will have done something for the Canadian girl and the Canadian mother.

If the Chinese is not content with a male teacher then let him go without being taught. The very fact of his demanding an individual girl teacher, or staying away from Sunday school if not given one, shows his motive in unmistakable color.

Why all this religious rush to teach the Chinese English anyway? And the Chinese almost exclusively? There are plenty of illiterate Canadians and people of other races in Toronto and Canada better adapted to Canadian citizenship on whom the effort might more worthily be bestowed.

OVATION AT AYLMER FOR MACKENZIE KING

Speaks to Two Big Meetings — Says Delay in Election "Contempt of Public"

PLEAS FOR PROGRESSIVES

Aylmer, Ont., Nov. 18. — Delays on the railway beyond London delayed the arrival of Hon. W. L. Mackenzie King more than an hour tonight, but the delay tended to make the events show, rather than enhance, the welcome given him by the citizens of East Elgin's industrial centre.

Scores Election Delay

Mr. King declared that because of the vacancy occasioned in the house of commons by Mr. Marshall's death, the elections of this constituency were being called upon today to select a new member for the Canadian house of commons.

Asks Three Questions

"Broadly, there are three questions, each of which the electors of East Elgin will have to decide for themselves before casting their ballots. The first is whether they intend to support the present government, automatic and unrepresentative as it is, or whether they will give their support to one or other of the progressive forces arrayed against it in the present by-election.

Attacks New Line-up

"A third reason why the present administration should receive no expression of confidence from the electors of this riding, is that the remnants of the old Unionist administration of which it is composed, appears to have retained all the bad habits, while they have lost the virtues of those of their colleagues who were members of the old Unionist administration."

LABOR COUNCIL WANTS PUBLICITY

Motion to Exclude Press From Meetings is Voted Down

SCHOOLS CONGESTED, NOBLE MAINTAINS

There are at present 23 vacant rooms throughout the city, including 12 kindergartens, in course of construction, reducing this total requirement to 27 by June 1, 1921. The 23 vacant and the 85 rooms at present under construction, these will still be a shortage of 40 rooms in August, 1921, after allowing each of the nine new kindergartens to accommodate the equivalent of two regular classes.

Even if we commenced to build today, we could not relieve our present condition until the middle of 1922. At the shortest, it takes from twelve to sixteen months to build a school. Therefore we should plan to provide ample accommodations for the next two years.

It would be impracticable and illegal to put pupils in Sunday school rooms, because they were entirely unsuitable for public school work. It would be extra charge, because we would have to pay a high rent, we could not get a better site and this expense would come directly out of the taxes of the people next year.

Regarding the old Crawford street school, this is out of date and unsanitary. Bloor Street Site. Regarding Bloor street site, we thought this for a site for Central High School, it was very much needed. The mayor refused to give us the money to buy the site, and we are now trying to prevent us selling the site. What does he want us to do with it?

Life Salvage

THE chair is empty. The man is gone—gone on that long journey from which there is no return. And with him has gone the vitality—the spirit—the prestige—he gave to the business. His passing means immediate—it may be irreparable—financial loss to the concern whose destinies he controlled. Months—perhaps years—must elapse before another man of equal strength can be found to fill the vacant chair. In the meantime the stability of the concern will be threatened by turmoil, loss of business, tightening of credit and other ills which the inflow of a substantial amount of ready money would largely obviate. Business Life Assurance is designed to meet this and other contingencies which—sooner or later—arise in every business. You insure your business against possible loss by fire. Surely life assurance should also be carried on the lives of your partners or valuable officials. Fire is only a possibility—death is inevitable. This Company has given special attention to the subject of life assurance for business protection and has been privileged to serve many of Canada's most prominent concerns in this connection. Some of the knowledge acquired during many years' study of the application of Business Life Assurance has been embodied in an interesting booklet on the subject. We'll gladly mail you a copy if you send us your name and address. There's no obligation involved.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS, AND NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment. Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear, which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate, is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Farnint (Double strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clear nasal nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is disced. Farnint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic effect that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or a hard of hearing should give this treatment a trial.

HOSPITALS OF CITY REPORT DEFICITS

Requests Will Be Made to Council to Make Up Bulk of Shortages.

All the hospitals are reporting deficits and the city will be asked to make up the bulk of the shortages. An application for a grant has already been made from the Sick Children's Hospital, which reports a deficit of \$150,000.

It is understood the General will ask the city for about \$150,000 this year. Last year the total grant to the hospitals was \$106,000 on maintenance account and \$225,000 on building account, and the total was met out of 1920 taxation.

No applications have been put in on building account, but deficits have been reported totaling \$350,000. Any grants made will be in addition to the half million paid the hospitals for city patients on the per diem basis.

Following is a statement of the situation with regard to hospital finances:

General Hospital Demand.

General Hospital—This largest of Toronto hospitals will ask the city for approximately \$150,000. Last year it received nothing towards maintenance, but was given \$125,000 to help in wiping out its capital obligations. The previous year it was granted \$16,000.

Sick Children's—Has deficit of \$150,000.

Western Hospital—Will ask city to make grant covering its deficit of \$22,510. The last two grants have been \$14,152 and \$5,000.

St. Michael's Hospital—This hospital, which was last year granted \$100,000 towards building account, has a deficit for 1920, but the amount will not be known for a week. The city will probably be asked to help.

National Sanitarium—Was granted \$22,000 last year and \$15,000 the year before. Auditors are still at work, but it is known that there is a deficit for 1920 and the city will be asked to help if a portion of this is attributable to city patients.

SURVEY ON QUESTION OF STANDARD GAUGE

The Toronto Street Railway Company has begun the taking of an inventory of its assets in preparation for the arbitration next year when the city will buy the system. A gang of men is now out measuring up the tracks. The city will also have valuers at work in a short time.

There are two other gangs of men on the street apparently in the measuring business, and these are said to be in the employ of the transportation commission. It is believed the commission is getting data bearing on the question of changing the gauge of the street cars to standard, and that the United States Steel Corporation has been consulted regarding a wide rail that would carry both standard and the irregular gauge cars now in use.

PLACEMENTS INCREASE.

The employment service of the department of labor reports that returns from the Dominion and provincial offices of the employment service of Canada for the week ending October 30, show an increase in placements of 305 over the preceding week, the respective figures being 7,389 and 7,084. In addition 1,765 casual jobs were supplied.

FREE SKATING RINK FOR BLIND

The parks department is arranging to establish a free skating rink this winter for the blind at Pearson Hall.

WAGES OF EMPLOYEES MATTER FOR EXECUTIVE

G. W. Harris, president of the city Hall Employees' Association, contradicts the statement made by members of the association on Wednesday, that the hall employees would not seek wage increases next year. "Whoever gave that out," said Mr. Harris, "spoke without authority. That is a matter for the executive to discuss and deal with, and the executive for 1921, has not yet been appointed. It is quite probable that the executive will be guided next year as in the past, by the recommendations from the various departments."

ALLEGES PROMISE BREACH AGAINST TORONTO MAN

Prescott Woman Enters Action at Osgoode Hall—Defendant Makes Denial.

Alleging breach of promise of marriage, Miss Estelle M. Rowe, of Prescott, Ont., has entered action at Osgoode Hall against A. J. Johnston, a rooming house proprietor of Toronto, for unstated damages. She says that they met in Guelph in 1913, and after keeping company for some time that they agreed to marry, the date was set for the event. In December, 1914, she received a ring from him. In August, 1914, they had discussed immediate marriage in the event of his going overseas to fight. He was not then able to enlist, but in July, 1915, did enter the C. E. F. She was to wait for him till he returned. Correspondence and presents passed between them.

After the war, plaintiff, adds defendant returned and went to her home for several days. It was then provisionally arranged, she says, that they should marry in June, 1919. In spite of this, she says, he married another woman in Toronto in July, 1919.

Mr. Johnston denies all the allegations which suggest that Miss Rowe has any cause of action against him. He says that if there ever was an agreement the plaintiff broke it, and he was justified in declining to carry out such an agreement.

RECEIVES LIFE INTEREST IN ESTATE OF FARMER

John Albert Smith, a farmer of East Gwillimbury, who died Oct. 11, left a will made Sept. 27, under which he disposes of \$12,934. Under the will, the widow, Emma L. Smith, of Queensville, receives a life interest, and following her death, seven children share: Mildred J. Mildred, Roy G. Ross A., Harold A., Stewart H., and John J. Smith.

Jessie Louise Craig has been granted probate in the will of her mother, Mrs. Jessie Craig, who died Oct. 3, leaving \$12,899, and also administration of the will of her father, John Sargeant Craig, a fireman, who died March 17, leaving \$6,082. Mrs. Craig devised a legacy of \$5,000 to a daughter, Grace Alexander Johnson, also various household furniture. A grandson, Craig Johnson, receives a \$500 Victory bond, and a daughter, Jessie Louise Craig, the residuary estate. The two daughters, Jessie L. Craig and Grace Alexander Johnson, are the beneficiaries to the father's estate.

TWENTY-EIGHT LAWYERS ADDED TO ONTARIO BAR

Twenty-eight students at law, including two ladies, Miss M. D. Kelly and Miss M. W. Rowland, were called to the bar before Justice Rose at Osgoode Hall yesterday. W. R. Hall was previously presented with the silver medal, having taken the Christopher Robinson memorial scholarship. W. S. Walton, who was called, is a member of the Saskatchewan bar.

The men called were: W. O. Langton, A. R. Armstrong, F. Wilkinson, S. R. Jefferson, J. R. Donohue, H. J. Fine, B. Cootie, H. O. E. Braden, W. R. Hall, A. A. McGrory, S. A. Caldwell, A. A. Kamina, A. M. Gurofsky, C. Simpson, W. J. Mars, A. G. Ferguson, F. C. Betts, W. R. West, E. W. C. Sharpe, W. J. Grummett, A. R. Courtice, H. Drummond, J. J. Aday, G. A. Phillips, W. S. Walton, H. Papernick.

GIRL GETS DAMAGES FOR HOSPITAL INJURIES

Alleging that thru the negligence of a probationer nurse she had been scalded while recovering from an operation in the Kingston General Hospital, Miss Edith L. Louch brought action against that institution for damages.

At Osgoode Hall, yesterday, Mr. Justice Rose ratified a settlement whereby Miss Louch will receive \$1,435, when she becomes of age in May, 1922. R. S. Cassels, K. C., appeared for the hospital, and F. W. Harcourt, K. C., official guardian, for Miss Louch.

ELECT HOSPITAL OFFICERS

The board of management of the Toronto Hospital for Incurables elected the following as officers for the ensuing year: President, Ambrose Kent; first vice-president, Lt. Col. Noel Marshall; second vice-president, John Macdonald; first lady directress, Mrs. Grant Macdonald; second lady directress, Miss Morimer Clark. The executive committee will be comprised of the officers and Mrs. J. P. Balfour, Mrs. Wm. Davidson, Lady Hearst, Mrs. Ambrose Kent, Miss Effie Michie, Miss Grant Macdonald, Messrs. W. A. Baird, B. Gundy, E. J. Lennox, R. Millichamp, J. O. McCarthy, and Ven. Archdeacon Ingles.

BUILDING PERMITS ISSUED.

The city architect's department issued the following building permits yesterday: Board of education, portable school, Avenue road, near Lynwood avenue, \$5,000; St. Martin's Church, addition, Glenlake avenue, \$45,000; and F. Marchant dwelling and private garage, Alexandria boulevard, near Rosewell avenue, \$8,000.

WILL NOT BE CANDIDATE.

Ald. Honeyford announces that he will not be a candidate for the board of control on the tax reform platform. He had said that if council failed to submit the bylaw to the people he would be a candidate merely to get the issue before the ratepayers.

MANUFACTURER'S SALE

HUNDREDS OF WOMEN'S WINTER GARMENTS ON SALE AT BONE-COST OF PRODUCTION

Most Amazing Sale of Coats, Dresses and Skirts in Years.

Here is the most important and money saving sale on Women's Winter Garments ever attempted in this city. Going on right now in the John Kay Store at 36-38 King Street West. Your great opportunity to secure the finest custom tailored garments at absolutely the BONE-COST OF PRODUCTION. Not a retail sale—but on the contrary the surplus of one of the most prominent manufacturers in all Canada. It is an unusual event. Hundreds of women from all parts of the city are crowding the store daily. Thousands of dollars are being saved to the women of this city and vicinity. But immediate action is necessary if you would share in the benefits. The sale time is limited and your interests are best served by coming without delay. Now we are going to let you read what the press have to say about it:

READ THIS EDITORIAL FROM ONE OF THE LOCAL DAILY PAPERS

"The papers are filled with 'ads' of price reduction sales of clothing, hats, boots, drygoods, but it has been left to the big sale now in progress in the John Kay Building to outstrip anything yet attempted in this line. This sale of a leading manufacturer is breaking all records for low prices. It is what may truly be termed the sale of sales. It has the genuine ring about it too. To the Manufacturer belongs the credit of really smashing prices on Women's Winter Garments. That whole armies of womankind are flocking hither like bees around a molasses cask is not surprising. This is the women's turn. The men have been having theirs. What the women have waited for is here."

Are They Being Surrendered?

Hon. Mr. Taschereau is at present premier of Quebec, the reins of government having been voluntarily turned over to him by Sir Lomer Gouin at the height of his power.

Mr. Taschereau complains that the federal government is invading the provincial field by the building of highways, the construction of houses, appropriating money for the encouragement of agriculture and the development of education.

But quite apart from all this we can see as work an inexorable law of political development. In any confederation the supreme power is drawn irresistibly to the central authority.

The self-appointed propaganda committee, sitting at Washington on the Irish question is permitted under protection of the Stars and Stripes to add new fuel to a conflagration that is beginning to show signs of dying down.

Of \$3,400,000,000 spent by the U. S. shipping board on account of the war, \$2,000,000,000 is now found to have been lost thru bad management.

A One-Man Supreme Court for the Baseball World.

Kenesaw Mountain Landis as United States judge for the district of Chicago, enjoyed only a local reputation until he imposed a fine of \$25,000 upon the Standard Oil Company.

Yet the baseball fever is less pronounced here than almost anywhere else in Canada. You will find it raging in all the industrial districts of the province of Quebec and in the cities and towns of the prairie west.

Perhaps it would be well if all sport could be played for love of the sport and without financial reward. But there is a natural desire on the part of the public to see the game played at the highest possible stage of perfection.

All these things mean a big outlay of money, and the owner of the club has much to contend with. He is more or less at the mercy of the weather. He must depend for his money upon the home gate, and people as a rule will not patronize the home club when it is playing losing ball.

The merry Christmas shopper is already busy on our streets, and judging by their crowds those who delay too long are going to run short in some of the things they want.

Rhyming Views On Daily News

By GEORGE H. DIXON.

THE latest news at which we glance shows an attempt to stop the dance; to stop the fox-trot and the waltz, which are so full of "vicious faults," and make the one-step quit the name, the shimmy too, is another "shame," while "Walk the Dog" and "Ball the Jack" are victims of a hot attack.

There is some dancing, it is true, indulged in by a very few which is not of the very best—but then this bird knocks all the rest. He does not stop at hard-boiled stuff, all kinds of dancing he calls rough, and that's the reason you and me with Dr. Straton disagree.

WILL PREPARE DRAFT OF PACT WITH RUSSIA

More Clergymen Are Interviewed—Intermarrying Due to Girls' Formation of Opium Habit—Colored People Have Their Own Churches, Why Not the Same for Chinese?

BY BILLEE GLYNN.

(Continued From Page 1). With 4,000 Chinese in Toronto, a large percentage of them very prosperous circumstances—why, if they are Christians, haven't they churches of their own?

A Torontoian of social standing, informed me the other day that he was going to discharge Chinese from employment in his home, because different lady guests had complained that when serving them at table the Oriental had indignantly and covertly brushed against them at every opportunity.

None of this mattered, however, for in his opinion, the Chinese were a race of degenerates, and he realized I would have to make speed—was talking to the man who knew all about the Chinese, who had been in Toronto for years, and in the capacity of a fire inspector had free entrance to the recesses of Chinese laundries at all times.

He told me that the Methodists at the present time have four Chinese Sunday school classes in different churches in Toronto. He said that he had found the pupils to the class, that they had found the only successful method was to use girls as teachers to each pupil, and that some of the Chinese who attended Presbyterian Sunday schools also came to the Methodist, who held classes at a different time of the day.

The superintendent of the only Anglican church in Toronto which at present has a Chinese class gave me the following information: That most girls of all ages were willing to teach Chinese because at Christmas they always gave them beautiful presents.

TREASURE SEEKERS ESCAPE SHIPWRECK

The map was sent to a department official at Ottawa, who reported that it appeared authentic, the ink being of a century ago. Dr. Deek, a pioneer of Timmins, a pioneer doctor of the north became one of the financial backers of a proposal to charter a craft and outfit for the coast.

The vessel ran into a gale off the coast of Georgia, and for three days the frail craft was at the mercy of wind and wave. The crew had full confidence, however, in Capt. McGraw, who proved himself a skilled navigator.

DENY COMBINATION TO ADMIT GERMANY

(Continued From Page 1). for vice-president was a tie between Rodrigo Octavio, the Brazilian under-secretary for foreign affairs, and Dr. Gaston da Cunha, the Brazilian ambassador to France, for sixth vice-president. While the assembly was discussing the proposed vote, remaining vice-president, an animated discussion proceeded at the Brazilian bench, each candidate insisting that he be allowed to withdraw in favor of the other.

Hon. N. W. Rowell, of Canada, formerly president of the privy council, made a brief, but energetic, protest against continual proposals of departures from the rules. Senhor da Cunha endeavored to put in a few words after the voting had begun, but Mr. Rowell's protest intervened.

Rumors, which had been current all week, that certain combinations had been formed to carry pre-arranged programs thru the assembly were denied today from two sources. M. Pueyreodon, for the Argentine delegation, said that it was absolutely untrue, so far as Argentina is concerned, that the South American republics were in an understanding with other neutrals to force the admission of Germany into the league.

DEFER ACTION OVER DETENTION HOME

Board of Control Hears Many Arguments Favoring the New Proposal.

Ald. Hiltz headed a large deputation before the board of control yesterday to support the report of the juvenile court and detention home committee recommending the appropriation of \$175,000 for the building of a court and home building.

"How many business men has Judge Mott been around to see about this thing," broke in the mayor. "I think it was an improper thing for him to do, we are elected to do the city's business and Judge Mott should not have gone around and said the things about the board that he did. We are not holding this thing up."

Rev. Father Bench of the deputation said he knew of no reformatory homes that reformatory detention homes gave an opportunity for observation of delinquents and was more successful.

Rev. Dr. Turnbull said the feeling of the community was in sympathy with the object of the petition, and Rev. Archdeacon Ingles pointed out that it had been found there were fewer repeat cases in cities where detention homes were established.

Women Best Judges. Mrs. Ald. Hamilton said women were in a better position by experience and nature to understand the needs of children, and all the leading women's organizations were behind this movement for a detention home.

Mrs. L. V. Laughton, representing the Big Sisters' Association, said there was a lack of accommodation in jails and hospitals for young girls classed as delinquents who were generally diseased.

Chas. Gordon of the Rotary Club and John O'Connor of the Elwanis Club said their organizations were behind the proposal.

Before the board adjourned Controller Cameron moved that \$200,000 be placed in the estimates for a court and detention home, but the mayor said it would amount to the same thing to adopt the report of the committee recommending the appropriation. Several members of the board said "carried," and it was the general impression that the matter was settled, but Mayor Church said later that he had not put the motion, and that action on the report would be taken today.

REACH SETTLEMENT OVER DISPUTED WILL

A settlement was arrived at yesterday in the trial before Mr. Justice O'Neil wherein Mrs. Beatrice M. Kinnear, Mrs. Margaret H. Wilson and Henry George White sought to have the will of the late Mrs. Elizabeth White set aside. The "Fallerton" will and codicil, which left the bulk of the estate to Miss Henrietta White, will be confirmed and releases given to the executors, then by what is known as a family arrangement the property will be more equitably divided on terms agreeable to all parties.

On one side the clause disinheriting legatees disputing the will has been abandoned, and on the other charges of improper conduct, undue influence and testamentary capacity. The Aged Women's Home, a contingent residuary legatee, gets at once about half of what it would receive in the distant future.

LATTER DAY SAINTS' APPEAL DISPOSED OF

The appellate division yesterday afternoon at Osgoode Hall delivered judgment in the appeal of the suit between the members of the Toronto branch of the reorganized Church of Jesus Christ of Latter Day Saints and Bishop B. C. Evans and others.

Sir Giepholm Falconbridge dismissed the case and the appeal is from his judgment. The suit concerned moneys collected by means of six funds for the purpose of building a new church. The judgment allows the appeal in regard to certain funds and dismissed it in regard to others with costs to the appellants. On June 3, 1918, Bishop Evans withdrew from the church.

Toronto's Own Charities Need Help!

They Appeal to You Through THE FEDERATION For Community Service

ONCE a year 47 Toronto charities appeal to the people of Toronto for support. They do so in a body--linked together by the Federation for Community Service.

The Federation looks after their financial requirements--sees that the Infants' Home, for instance, gets sufficient funds to do the great work entrusted to its care--that the Aged Men and Women of our fair city do not want--and that no charitable organization shall be forced to cease in its efforts to drive away plague, starvation, crime, ignorance and pain.

In the coming campaign these institutions of Toronto--tendering to those less fortunate than yourself--will enlist your active interest and assistance through the Federation for Community Service.

\$450,000 is needed now to finance these organizations for the year 1921. The annual appeal for all of them must be made. And none of them will suffer if we all take a hand and express in a material way our good-will to those citizens who represent the poor and stricken of our own city. Give once--but give enough. This year's collection will be made

November 30th, December 1st, 2nd and 3rd Federation For Community Service Campaign Committee:

THE TORONTO WORLD'S WEEKLY NOVEL

THE SUBSTITUTE MILLIONAIRE

BY HULBERT FOOTNER

(Continued From Page 7).

"Well fixed," asked Bobo. "He must be a millionaire, or he couldn't have tried, she answered. "Well, Uncle George and Aunt Sally turned up for lunch today." "Ha!" said Jack. "What's he like?" "He doesn't fit the descriptions of Mr. B."

move to the Madagascar to be nearer dear Miriam. "What's your opinion, Kitty?" "I'm not dead certain yet. The most suspicious thing is Miriam's attitude. Why should she be in such awe of her agreeable uncle? That they have not seen each other for years, as they give out, is certainly false. One of Uncle's features fits all the description of Mr. B. that we have received. His piercing blue eyes--"

"Good!" said Jack. "That's the feature he couldn't change." "If we were not looking for Mr. B. to appear on the scene, and did not know that he was financially clever, I must say I would never suspect Uncle George. He plays his part to perfection. He lets on to be a prosperous man and asks no favors of Bobo. I gather that he insists on paying his half everywhere. But today I got a hint of his possible game. He and Bobo had a long talk in the Dutch room. I made an excuse to pass thru as often as I could, and picked up some scraps of their conversation."

"Yes, by great good luck. I didn't see how I was going to manage it. But he wrote a note in our rooms today. I was hoping he might give it to me to post, but he didn't. However, there was a new blotter on the desk, which took a perfect impression of several lines that he wrote. I have just mailed you the blotter." "Hold it up to a mirror. The note you see is just a bit of camouflage. He is enclosing a subscription to the Buffalo Express."

Today Bobo made a joking reference to the \$150,000 necklace that Miriam's heart was set on. The old man just looked at her with those icy blue eyes, and she hung her head. The necklace has not been mentioned since."

The necklace has not been mentioned since."

"I don't object to the waiting, of course, for it gives me a chance to hear the talk conversation. It is like a comedy. Today Bobo made a joking reference to the \$150,000 necklace that Miriam's heart was set on. The old man just looked at her with those icy blue eyes, and she hung her head. The necklace has not been mentioned since."

THRU ICE TO DEATH.

Winnipeg, Nov. 18.—While playing on the Red River late yesterday, with

a number of young companions, Leonard, eight-year-old son of Arthur Strachan, broke thru the ice and was

drowned. Hugh Hudson, another eight-year-old lad, fell in, but was rescued.

PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.
