TWO CENTS Elsewhere

DIVISION IN N. B. HOUSE LIKELY TODAY

VENIOT INTENDS TO FORCE ISSUE ON POWER BILL

Opposition Leader Opposes Export of Raw Timber

PAST COMMITTEE Prorogation of Legislature At End of Week is Still Uncertain

By JOHN J. DUNLOP Times-Star Staff Correspondent

FREDERICTON April 29—There is likely to be a division of the House in committee this afternoon when the bill relating to the N. B. International Paper Co., Ltd., is before the members.

Hon. P. J. Veniot, leader of the opposition, has made it known he is strongly opposed to any power being given to the company to export raw timber from the province, even though the company secures a like amount from across the border.

Hon. Dr. Veniot said at noon it was likely the legislature would hold its first morning session today in an effort to reach prorogation by Saturday.

THE bill incorporating the St. John River Power Company, which is to develop Grand Falls, passed the committee stage without any discussion.

When the bills relating to the New Brunswick International Paper Co. and Power Company, Ltd., are disposed of, all the acts relating to the Grand Falls development will be completed.

It is unlikely now that the House will finish its business on Friday night and the members are now faced with the choice of sitting Friday night and Saturday or Saturday night and coming back next week.

It is altogether likely the former course will be followed.

When the House met this morning consideration of the bill incorporating the Saint John River Power Company was begun with E. C. Atkinson, member for Sunbury, in the chair.

The House proceeded to consider the bill section by section together with the amendments made by the corporation committee.

Section 22 of the bill incorporating the Saint John River Power Company was passed by the House as amended.

debate. The section was amended to provide for the payment of a tax by private hydro electric developments to the company in proportion to the increase in continuous dependable horsepower accruing to such concerns from the use of the regulated flow of water as a result of the company's storage.

In the case of a publicly-owned development the charge is to be fixed by the Lieutenant-Governor-in-Council.

SAINT JOHN RIVER CLEAR AT OROMOCTO

Arctic Explorers, Unheard From For Thirteen Days, Reported Safe

Scorned Draught Horses For Parade; Now Sued For \$175

Cambridge Celebration Committee "Hoofed" It Rather Than Ride "Fat" Mounts

BOSTON, April 29.—The F. Callahan Company of Cambridge street, Cambridge, has entered claim against the city for \$175 for the hire of 35 horses by the Evacuation Day committee, claiming the animals, the South Boston parade marshal and staff turned down as "too fat" were really adaptable saddle horses.

THE horses, hired for the parade from the Callahan stables, proved entirely distasteful to the equestrian sense of the paraders and they were turned down on the 17th last year in Cambridge street.

Payment of the bill was held up and the claim resented. Daly, in explaining the action of himself and staff, said the animals were draught horses and to ride the big parade would burlesque the dignity of the big parade.

HOWEVER, Counsel Morris B. Frankel, who filed the claim against the city, said the horses were far from the draught variety and were the same used on June 17 last year in Charlestown, and on the Fourth of July at World War park, East Boston.

The legislature held its first morning session today in an effort to reach prorogation by Saturday.

THE bill incorporating the St. John River Power Company, which is to develop Grand Falls, passed the committee stage without any discussion.

When the bills relating to the New Brunswick International Paper Co. and Power Company, Ltd., are disposed of, all the acts relating to the Grand Falls development will be completed.

debate. The section was amended to provide for the payment of a tax by private hydro electric developments to the company in proportion to the increase in continuous dependable horsepower accruing to such concerns from the use of the regulated flow of water as a result of the company's storage.

In the case of a publicly-owned development the charge is to be fixed by the Lieutenant-Governor-in-Council.

SAINT JOHN RIVER CLEAR AT OROMOCTO

Ice Still Solid at Burton Court House; Stream Rising at Fredericton

Special to The Times-Star

FREDERICTON, April 29.—From Oromocto today the report is that the Saint John river is clear of ice in front of the high and low water wharves at that place. Two miles below, at Burton Court House, the ice is still solid.

The Oromocto river is rising rapidly. The ice in the lower portion has run out and today is jammed against the piers of the bridge near the mouth. No direct word has been received from the drivers on the tributaries of the Oromocto, but the rise in stream indicated plenty of water for driving.

At Fredericton the Saint John river is rising steadily. The rate is not rapid, however. At Oromocto the main river also is rising. Following the clearing of ice out of the mouth of the Nashwaak river, the ice below the railway bridge here dropped down, leaving clear water for some distance. Below that the ice has not moved.

ALUMINUM CO. HAS CONTRACTS FOR 333,000 H.P.

Acquires 53-32 Per Cent. of Duke-Price Stock

TO SPEND BIG SUM Firm Expected To Produce 100,000 Horse Power At Arvida

Canadian Press

NEW YORK, April 29.—Further details of the Aluminum Company of America's acquisition of control in the Duke-Price Power Company, Limited, are made known through a formal announcement by the Union Trust Company of Pittsburgh.

This company leads the syndicate which offers today the \$37,000,000 first mortgage six per cent. sinking fund gold bonds issued in furtherance of the transaction.

The Aluminum Company of America is acquiring 53.32 per cent. of the capital stock of the Duke-Price Power Company and the Shawinigan Water and Power Company 20 per cent., which leaves a balance of 26.68 per cent. in the hands of the Duke-Price interests.

The Power Company's capital structure is to be reconstituted so that 60,000 horsepower for the remaining 40 years at an increased price. The Port Alfred Pulp and Paper Corporation has contracted for 30,000 horsepower for 25 years.

The Aluminum Company is spending \$10,000,000 on the Arvida plant, 20 miles from the power company's dam on the Saguenay River. It is expected that the Arvida plant will be producing its 100,000 horsepower by October. The Shawinigan Water and Power Company, which serves 50 communities, including Montreal and Quebec, is spending about \$4,000,000 on a transmission line to connect with the Saguenay River plant.

NEW YORK, April 29.—Boy Scout organizations are the greatest factor in bringing about world peace in civilization today.

Sir Robert Baden Powell, founder of the Boy Scouts and the Girl Scouts, said upon his arrival from England yesterday. He came to attend the forthcoming American Boy Scout convention in Washington.

"The boy scouts and the girl scouts and guides are coached in the practices of peace," said Sir Robert, "and as they attain manhood and womanhood, their voices will always be raised in behalf of peace rather than war."

NEW YORK, April 29.—Cornelius Vanderbilt, Jr., heir to the Vanderbilt millions, today was looking for a loan of \$300,000 for which he was willing to pledge a patrimony of \$1,500,000 to avert the crash of his chain of newspapers.

His family has withdrawn financial approval but the 28-year-old publisher, though handicapped by ill health, is confident he can prevent disaster for his \$5,000,000 newspaper enterprises.

Yesterday it was learned that unless \$300,000 is forthcoming, the chain of papers in San Francisco, Los Angeles and Miami, Fla., will be threatened with disaster in six months.

SCHOONER ROSEWAY SAFE

NEW YORK, April 29.—After being buffeted in a southeast gale, off Cape Hatteras, the waterlogged schooner Roseway, which set out from Georgetown, S. C., April 13, with a cargo of grain for Boston, was towed into Wallabout Canal, Brooklyn, today.

ROMAN GALLEYS, SUNK 300 YEARS, TO BE RAISED BY MUSSOLINI

ROME, April 29.—Two Roman galleys which have been lying at the bottom of Lake Nemi, near Rome, for centuries, are to be hoisted as part of Premier Mussolini's program to reclaim the ancient glories of Rome. The galleys have been raised and are being towed to the sea.

The two galleys, according to tradition, were pleasure barges belonging to a Roman emperor. In the middle of the lake, parts of the galleys were exposed, but later they dropped to the bottom of the lake, which is 300 feet deep, being in the center of an extinct volcano.

A commission has been appointed to study the problem of getting the barges from so great a depth. Efforts to raise them have been made several times without success. One method suggested is to dig a canal as to drain off part of the lake.

Capt. Wilkins Takes Off For Point Barrow

Upper photo shows the plane in which Capt. George H. Wilkins and Pilot Ben Eielson hopped off from Fairbanks, Alaska, April 15, for Point Barrow. The plane is taking off the tundra, throwing ice and dirt into the air. Lower photo shows Wilkins beside the plane "Alaskan," being used by the Detroit expedition.

NEW YORK, April 29.—The North American Newspaper Alliance announced today that Captain George H. Wilkins, leader of the Detroit Arctic expedition, and his pilot, Ben Eielson, had landed in their aeroplane "in good condition" at Point Barrow. This was the first direct word that had been heard from them in 13 days.

The aviators left their base at Fairbanks for Point Barrow with a heavy load of supplies. Considerable anxiety had been expressed for their safety when radio contact with them was lost.

SHOOTING WOMAN AND COMMITS SUICIDE

Montreal Has Third Tragic Shooting Within Week; Victim Will Recover

Canadian Press

MONTREAL, April 29.—After firing two shots into a leg and arm of Mrs. Nadia Korneljuk, aged 32, and believing her dead, Alex Scopoz, aged 40, living on St. Lawrence Boulevard this morning threw the muzzle of his 32-calibre pistol into his mouth, pulled the trigger and fell to the floor dead.

The woman is in the Montreal General Hospital suffering from two bullet wounds. She will recover.

The shooting is said to be the result of a quarrel two days ago, when Scopoz is alleged to have threatened the woman. She took out a warrant for his arrest on a charge of assault. He came into the house this morning and said: "I'm going to kill you." They struggled, and then the man pulled his revolver, fired twice at her, and turned the gun on himself, literally blowing the top of his head off.

THIRD WITHIN WEEK

This is the third tragic shooting in a week in Montreal. Last Thursday Armand Poiras shot and killed his wife at 3279 B. Berri street after he declared he found a man in the house, and on Sunday, Fredrick Lavigne, former policeman, was found dead in his shop at 50 Hickson street.

IMPERSONATERS ARE SENT TO JAIL

Two Get Sentences; 50 More Cases Following Montreal Elections

MONTREAL, April 28.—Samuel Gross and Alphonse Giguere were sent to jail yesterday by Recorder Semple, when found guilty of impersonating electors at the polls at the recent civic elections here. Gross was given 30 days with hard labor and Giguere, because of his large family, escaped with a 15-day sentence.

More than 50 similar cases were adjourned until May 6.

BOBBY LEACH DEAD

Man Who Went Over Niagara Falls in Barrel, Succumbs to Fall on Street

CHRISTCHURCH, N. Z., April 29.—Bobby Leach, who once plunged over Niagara Falls in a barrel, died today following the amputation of his leg which he broke when he slipped and fell on an orange peeling lying on the street.

"Bobby" Leach, a Canadian, achieved world-wide notoriety through his feat at Niagara Falls. He was the second person to go over the falls and live, the first being Mrs. Anne Edson Taylor, of Niagara Falls, N. Y., who made the trip in a barrel, October 24, 1901. Leach's trip was made July 25, 1911. He was severely battered and bruised in the drop of 158 feet over the horse shoe falls, but his injuries were only superficial. He was 49 years old when he performed the feat.

servant Doubled For Austrian Ruler, Court Action Reveals

VIENNA, April 29.—Numerous important messages in Vienna are wondering whether years ago they made bows and murmured pledges of loyalty to Emperor Francis Joseph during private audiences or paid honors to his body servant, Eugene Ketterl, who resembled the Emperor-King strikingly. The story has come to light in a suit brought by Ketterl and other personal attendants upon Francis Joseph against his heirs for standardized pensions. The suit has created a sensation.

Ketterl, it is alleged, not only impersonated as royal master at private audiences when the monarch was too busy to bother with such affairs, but always directed his master's dress and sometimes his official action.

INDEX IS HIGHER

Dominion Bureau of Statistics Reports on Physical Volume of Canadian Business

OTTAWA, April 29.—The physical volume of business in Canada during the first quarter of the present year was maintained at a comparatively level, says the Dominion Bureau of Statistics.

New records in many lines were established during January and February and preliminary statistics for March do not disclose any recession from the active conditions which became specially apparent in last October.

The index of the physical volume of business was 135.7 in February, as compared with 127.8 in the preceding month. This index, which is adjusted for seasonal variations, was higher in February than in any other month in the seven year period, since the war.

GERMAN DRYES LOSE

BERLIN, April 29.—The drys lost their first parliamentary fight yesterday when the Reichstag budget committee voted down, 15 to 4, the local option clause of the liquor license bill. The committee recommended merely that there be stricter supervision of saloon licenses.

SEDUCTION CASE DROPS SUDDENLY

Action Against Rex Stewart is Withdrawn in Carleton Co. Court

Special to The Times-Star

WOODSTOCK, N. B., April 29.—The spring session of the Carleton Circuit Court, which opened here Tuesday, and which was presided over by Judge LeBlanc, came to a sudden and unexpected closure this morning.

It was expected the court would proceed in the case of the King vs. Rex Stewart, charged with seduction, defended by M. L. Hayward, Hartley, but immediately following opening of court today, H. F. Hartley, representing the Attorney-General, withdrew the case for the prosecution on the grounds of insufficient evidence.

CHURCHILL FIRM IN FACE OF ATTACKS

Calls Opposition to Budget Weak, Dismissed; Refers to Betting Tax

LONDON, April 29.—The well known imperturbability of Winston Churchill, Chancellor of the Exchequer, in the face of attack, was the cause of mingled laughter and cheers in the House last night. At the conclusion of a veritable broadside from the opposition, the Chancellor blandly remarked: "I don't remember any budget which incurred such weak, dissipated, discursive and contradictory opposition. I am entitled to claim that it more nearly agreed with the budget than any in the past 25 years."

Regarding the stabilisation of the Imperial preference, he admitted that another parliament would be able to repudiate the guarantee, but the fact that a positive step had been taken would set as a practical deterrent.

BETTING TAX

In connection with the betting tax, Mr. Churchill said he had received pathetic letters from street bookmakers asking that they be included in the proposals because the tax was cheaper than expensive steps to evade the law. The Chancellor made positive proposals whereby the £20,000,000 or £100,000,000 of which they talked, could be saved.

LAUDS SCOUTS IN EFFORT FOR WORLD PEACE

NEW YORK, April 29.—Boy Scout organizations are the greatest factor in bringing about world peace in civilization today.

Sir Robert Baden Powell, founder of the Boy Scouts and the Girl Scouts, said upon his arrival from England yesterday. He came to attend the forthcoming American Boy Scout convention in Washington.

"The boy scouts and the girl scouts and guides are coached in the practices of peace," said Sir Robert, "and as they attain manhood and womanhood, their voices will always be raised in behalf of peace rather than war."

LAWSuits

NEW YORK, April 29.—Cornelius Vanderbilt, Jr., heir to the Vanderbilt millions, today was looking for a loan of \$300,000 for which he was willing to pledge a patrimony of \$1,500,000 to avert the crash of his chain of newspapers.

His family has withdrawn financial approval but the 28-year-old publisher, though handicapped by ill health, is confident he can prevent disaster for his \$5,000,000 newspaper enterprises.

Yesterday it was learned that unless \$300,000 is forthcoming, the chain of papers in San Francisco, Los Angeles and Miami, Fla., will be threatened with disaster in six months.

SCHOONER ROSEWAY SAFE

NEW YORK, April 29.—After being buffeted in a southeast gale, off Cape Hatteras, the waterlogged schooner Roseway, which set out from Georgetown, S. C., April 13, with a cargo of grain for Boston, was towed into Wallabout Canal, Brooklyn, today.

Trucking Concerns Very
Busy—Some Tenants
Cause Hold-up

The annual moving rush is now on, and the trucking and moving companies in the city are swamped with business. It was said today. At one time it was reported that the rush started on Tuesday this year, which was considerably later than last season. This firm has been booked up solid for Saturday, and had been turning away business. The bookings began in February.

BRITISH MIGRATION
TO CANADA LOWER

London, April 29.—The migration from Britain to Canada shows a starting decline during the past year, according to the figures which will be published. Whereas, in 1925, the emigration to Canada exceeded the 200,000 mark, last year the total was only 84,258 in 1925 as compared with 91,252 in 1924. It is thought, however, that the recent granting of the cheap fares will give a stimulus to emigration this year, but the starting of the last year's figures has directed attention to the whole problem.

SQUIRES IS FINED

Survey of Saloons and Re-
port Results

VANCOUVER, B. C., April 29.—A well-known patrolman in Vancouver, working for the Vancouver East Presbytery of the United Church, were posted recently outside the parlors and checked up the patrons. There were 108 church workers engaged in the task. On the night of April 9, picking parties of two men each took up positions outside of 44 beer parlors and they reported back to the Presbytery headquarters that between 9 and 10 o'clock that 2366 men and 284 women entered.

LECTURE ON AMAZON

MONCTON, April 29.—Two Thousand Miles up the Amazon will be Dr. Stevenson's subject at a meeting of Friday night at the Orange Hall, held under the auspices of the Women's Board of the First Presbyterian Church. Dr. Stevenson, Ph. D., F. R. G. S., was a member of an exploring expedition which penetrated the wide of the Upper Amazon, and he will tell of the interesting fauna and flora of that region also of the cannibal Indian tribes who inhabit the Matto Grosso.

ILL AT HER HOME

MONCTON, April 29.—The many friends of Mrs. Mary Wadsworth, 1118 street, will regret to learn that she is very ill at her home. Her daughter, Mrs. Harold Radcliffe, of Sussex street, in the city yesterday was with her mother.

SUBURBAN
SERVICE

The attention of suburban residents is directed to the first trip of the Saint John-Fredericton Sunday train, which will leave Saint John at 10:00 a.m., Monday, May 2, making all suburban stops between Saint John and Fredericton. The train arrives back in the city at 9:05 p.m., Daylight saving time.

VEGETABLE AND
FRUIT DEALERS
COMING HERE

Maritime Association of Jobbers
in Session At Admiral
Beatty Hotel

The semi-annual meeting of the Maritime Fruit and Vegetable Jobbers Association is being held this afternoon at the Admiral Beatty Hotel and this evening the members of the association and visitors from outside points will be the guests of the Saint John dealers at dinner at the Beatty. The business session is being presided over by the president, J. G. Willes, of this city, and he will also preside at the banquet.

Funerals

Edward Charles Page
The funeral of Edward Charles Page, seaman, formerly of the C. P. S. Mar-Loch, who was found dead in the woods near the Ashburn road on April 23, took place this afternoon from Chamberlain's undertaking parlors in King street east. A detachment from the Saint John company of the R. C. N. V. R., in charge of Lieut. Paul B. Cross, attended.

Funerals

John Anderson
The funeral of John Anderson was held this afternoon from the residence of his daughter, Mrs. O. D. Porter, of West street, West Saint John. Services were conducted by Rev. Dr. C. B. Freeman and interment was in Greenwood cemetery.

Deaths

Miss Pearl Granville
Saint John friends of Miss Pearl Granville were greatly shocked to learn of her sudden death at her home at Cumberland Bay on April 17. By her general disposition and charming personality, Miss Granville endeared herself to all with whom she came in contact. Besides her parents, Captain and Mrs. E. M. Granville, she leaves one brother, Leonard, to mourn.

FIRE IN EARLY MORN

Department Called Out About
4:45 A. M. to Prospect
Point
Fire this morning damaged to the extent of about \$500 a two-story tenement house at Prospect Point owned by Murray and Gregory, Ltd. The fire was first seen about 4:45 o'clock in the lower flat of the house occupied by Samuel Greenberg but vacant last night owing to the absence of Mr. Greenberg from the city. The flames got into the walls and spread upstairs. The upper flat is occupied by James Perkins. The damage upstairs, however, was not heavy. Considerable loss was occasioned in furniture in the lower flat. The house was insured and the tenants also carried some insurance. The alarm was sent in from box 128.

BUYS CRACK PACER

Frank Adams, of Halifax, Purchases Vera Gratton From Ontario Parties
HALIFAX, N. S., April 29.—Frank Adams, prominent local turfman, has purchased from Ontario parties, the six-year-old pacing mare Vera Gratton, a record she made at the Toronto exhibition last year. She was the Canadian champion three-year-old pacer of 1923. She will be entered in the junior free-for-all in the Maritime Provinces this season. Among the horses she had defeated was Taran Gratton, 2:30 1/2, winner of the 2:25-000 derby at Kalamazoo last summer.

SCHOONER KNOWN AT THIS PORT SEIZED

St. Clare Theriault Held in Halifax on Charge of Breaking Parole

HALIFAX, N. S., April 29.—The St. Clare Theriault, taken in charge on Tuesday in Shelburne harbor, along with the U. S. steamer Seal, when customs officers suspected the two of exchanging liquor cargo in the outer harbor, and which eluded the customs officers by slipping her hawser when being towed to the wharf, according to reports of the officers, arrived in Halifax harbor yesterday afternoon and anchored in the stream. Customs officers boarded the schooner. They announced last night that they had seized the schooner because of her breaking parole after seizure in Shelburne. The case has been reported to Ottawa, as has that of the steamer Seal. The latter is now tied up at a wharf there with liquor in her hold.

SANG ON DEATHBED

Brakeman, Both Legs Amputated, Dies 15 Minutes After Vocal Effort

NEWARK, N. J., April 29.—In a clear voice that echoed through the hospital, J. Lelloy Cullen, 35-year-old brakeman whose legs had been amputated after a railroad accident, sang "Mother Macreer" for the tearful relatives who sat at the bedside. Fifteen minutes after the last note of the song Cullen died.

Lived Six Days With Mate; Seeks Divorce

CHICAGO, April 29.—Betty Lomax, dancer in "Gay Paree," has filed suit for a divorce from Henry Stanley Lomax, of New York City, with whom she lived only six days. The day after their marriage on March 19, 1925, she asserts, at the breakfast table he threw a cup at her. On March 23 he knocked her unconscious, she says, and on March 28 his cruelty became so intolerable she packed her handbag and departed.

WOMAN PLANS TO REWED ON DEATHBED

Divorced From Husband Year Ago; Arrangements For New Ceremony Made

BOSTON, April 29.—With perhaps only a few days to live, Mrs. Alice McL. Doyle, of Cambridge, who, a year ago divorced Patrick Doyle, has expressed a wish that she and her former husband be remarried before her death. Providing she lives through the next few days her wish will be fulfilled. Doyle has filed marriage intentions at Cambridge City Hall and the marriage will take place as soon as her condition will permit. Since the divorce a year ago, Mrs. Doyle has been ill and a short time ago it was ascertained that there was little chance of her recovery. At that time she stated that she would like to remarry Doyle before she died and four days he returned, unannounced. When informed of her desire, Doyle immediately made plans for the ceremony. The exact time of the wedding is not known at present, due to the dangerous condition of Mrs. Doyle.

PLAN CRIME CURB

U. S. Commission Discusses Means For Expediting Administration of Justice

WASHINGTON, April 29.—Creation of state crime commissions by acts of state legislatures, was recommended last night by the executive committee of the National Commission, meeting here, as the most effective of curbing crime and expediting administration of justice. Richard Washburn Child, chairman of the organization committee of the national committee composed of many eminent lawyers and jurists, presented a committee report declaring the state commission "must constitute our main hope and endeavor in seeking a crime cure."

Volga River Flood Takes Heavy Toll

MOSCOW, April 29.—Many houses are reported to have been destroyed and several persons drowned today in Rybinsk by Volga River flood waters. The flood was the worst in the history of the city, which is one of the most important interior parts of the Soviet Union. Floods of unusual violence were also reported along the upper Volga and its tributaries.

Supposed Suicide Protests Identity

SARNIA, Ont., April 29.—A man claiming to be Adelaar Lebert, who was supposed to have leaped to a horrible death in the furnace of the Imperial Oil Company plant here last July, told the authorities of Port Huron yesterday that the identification of the body being his was an error. His brother, living at Stony Point, Ont., corroborated his story. He said that he had been in the State of Washington for four years and he knew nothing of the suicide at Sarnia until he visited his brother.

SAYS "SCOTCH" WAS U. S. RYE WHISKEY

Bit of Sensation in Newfoundland Legislature—"Conspiracy," is Defence

ST. JOHN'S, Nfld., April 29.—Hon. Sir John C. Crobie, Minister of Finance, created a slight sensation in the House of Assembly yesterday afternoon when he laid on the table of the House, two bottles of whiskey which he declared to be samples from a consignment of 200 cases purchased by the Liquor Commission from Cash & Co., agents, in 1924. The exhibits were in connection with charges brought by the minister that the liquor had been bought with the understanding that it was White Horse Scotch, but it turned out to be American rye.

It was declared by the minister that the liquor had been retailed as Scotch, only to be returned to the government stores by disappointed customers. The consignment had been condemned and returned to the agents.

He also charged that M. P. Cechin had failed to pay customs duties on liquor for a period of five years.

Peter Cashin, a former member of the Monroe government, replying to the charges, declared they were the result of a conspiracy.

SAINT JOHN, N. B., APRIL 29, 1926.

THE TARIFF BOARD.

Inasmuch as the new budget has made the tariff once more the outstanding line of cleavage between the Liberals and Progressives on one side and the Conservatives on the other, the newspapers of Canada are examining with fresh interest the composition and significance of the recently created Advisory Tariff Board. Of how much use will it be? What real power can it exercise?

In the first place, the tariff-making power will remain wholly in the hands of the House of Commons, where rightly it must reside. The delegation of parliamentary authority to bureaus and commissions is a dangerous and unwarranted step. The United States has granted that the repeated assurances given, that the Advisory Board will be really and only advisory, are to be taken at their face value. The Canadian Loan has a more liberal scope of action than the American board. The United States today has a government committed, in principle at least, to high protection, colored by what is now commonly described in the American newspapers as that "100 per cent. Americanism" which is one of the products of the war. The underlying idea is "America over all," America in this connection meaning the continental United States and its outside possessions and territories, such as the Hawaiian Islands, Porto Rico, the Philippines, and the Panama Canal Zone, not forgetting that Uncle Sam keeps a fatherly hand upon the shoulder of that young "ambitious" and rising Republic—Cuba. The United States is often quoted as the most conspicuous example in all the world of the success of high protection. Those who advance such an example conveniently forget that the United States, occupying the most fruitful half of this continent, constitutes within its own border the greatest free-trading area in all the world. There is no tariff barrier between Canada, and from Maine to California to Massachusetts trade flows without the restriction of any artificial barriers. If Canada had 50,000,000 or 60,000,000 people today the comparisons too frequently instituted between that country and our own might have more logic behind them.

Canada's circumstances are wholly different, as Australia's are, as Great Britain's are; and to seek to apply to Canada some doctrine which has been another country is to compare apples with oranges, a fallacy against which the logicians have warned the world since the dawn of reason. The medicine which may be good for a patient suffering from tuberculosis may be highly inappropriate and even highly injurious to the patient who has sore feet. So it is in economics. The remedy must depend upon the nature of the disease, and before the disease can be known there must be a scientific exploration of the history and condition of the sufferer.

These are commonplace of logic and of economics which are forgotten by many of our political doctrinaires whose whole political philosophy is wrapped up in the old copybook phrase "Now is the time for all good men to come to the aid of the party." They think of the party, and they twist logic and economic theory into wretched shapes in order to make their point before audiences little skilled in the devices of the rhetorician and the demagogue. The Canadian Advisory Board will make a scientific analysis of tariff conditions, and of business conditions, and it will, if it performs its duties well, secure such information as will enable the Government and the House of Commons to see in what direction tariff justice lies, and how such a tariff as may be thought best for Canada, may be applied in order to promote rather than to interfere with legitimate manufacturing enterprises.

The most important thing of all is to establish the tariff principle which is best for all Canadians. We are substantially agreed—no matter what the parties say today or tomorrow—that we shall not have in this country a very high tariff or one approaching free trade. There will be a constant struggle between parties trying to jack the tariff up and parties striving to pull it down; but neither, if in power, will be prepared to go anything like so far as their vehement campaign platform professions would indicate.

There is no party in Canada big enough to run away with the country. The common sense of our people will always be sufficient to protect them against extremists, and the real politicians know that and are guided accordingly.

U. N. B. ENDOWMENT FUND.

The Chancellor of the University of New Brunswick, who is chairman of the Endowment Fund Committee, has been notified of a subscription of \$5,000 from the Bank of Montreal, a most welcome addition both because of the amount and because of its significance. Sir Vincent Meredith, the President of the bank, in a letter to the Chancellor, observes that such contributions on the part of the bank are

rather unusual, but goes on to say that the Bank of Montreal directors have a particular interest in the University of New Brunswick, and that at a meeting of the board on April 16 the \$5,000 was authorized as a special donation to the University fund.

The Chancellor and other members of the Endowment committee naturally appreciate very highly not only the contribution but such an attitude on the part of an institution of the standing of the Bank of Montreal. Sir Frederick Williams-Taylor, General Manager of the bank, as is known, has personally become responsible for a contribution of \$2,000, which is being offered as a tangible mark of his interest in his native province in general, and in the welfare of the University in particular. "It may be recalled," said Chancellor Jones a few days ago, "that Sir Frederick has offered also a gold medal for competition in athletics, and such generous interest on the part of a native New Brunswicker who has distinguished himself outside the province is very gratefully acknowledged." The value of the work being done for the Endowment by Sir George E. Foster and by Mr. Charles E. Neill, General Manager of the Royal Bank of Canada, a New Brunswicker, and like Sir George, one of the University's most distinguished graduates, is now generally recognized not only by graduates of the University of New Brunswick but by the New Brunswicker public. In University circles there is also a sense of high appreciation of the effective efforts of Captain C. McN. Steves, M. Sc., who has thrown himself wholeheartedly into the campaign and whose quiet efficiency is admirable.

This fund has been launched at a most fortunate time, for the University now not only has more students than it can rightly accommodate with the facilities and the faculty at its disposal, but is assured of increasingly large entering classes in the future, and therefore it becomes not only a duty but a necessity on the part of the local government as well as on the part of all real friends of the Old College on the Hill to provide the funds necessary for reasonably rapid expansion along sound lines in order that the institution which is the crown of the arch of our public educational system may be permitted to function as it should.

Other Views

SOLOMON WAS WISE

(Sacramento Herald.)
Down in Oklahoma the other day 19 youthful bandits were publicly whipped. Hickory sticks were furnished by the judge, and the bandits did the flogging. "The Milk Raiders," as they styled themselves, have been effectively broken up, for more thoroughly and at much less cost to the community than if sent to a reform school, which too often encourages the youthful criminal to continue in his ways, rather than reform him. Solomon was wise in the advice he gave, and if his counsel was more generally followed by parents there would be far fewer criminals.

BRITISH METHODS.

(Financial Post.)
British railway companies are buying 24,000,000 feet of Douglas fir railroad ties in British Columbia, despite protests that a fair proportion of the requirements could have been supplied by British industry. Toronto city council permitted Canadian manufacturers to reduce their price to the level of the British tender. It would seem that there is something in the British idea of fair play, after all. And British fair play looks like good business when it permits the construction of public services at the lowest possible cost.

THIRD DEGREE CONFESSIONS

(Indianapolis News.)
It is not uncommon to arrest a man and then grill him hour after hour to force a confession. Brutality and force have been eliminated by most police departments, but the mental cruelty continues. Men who are isolated, with out the advice of counsel, with the right to sleep denied them, and who are questioned day and night until they break, are subjected to cruelty as great as if they were flogged into telling their story. It may be that justice is served in the end if the guilty finally admit their guilt, but it is certain that the authorities arrive at this point by following illegal methods.

THE FIRST JOB.

(Elizabeth Gertrude Stern, in Everybody's.)
The first job a boy or girl gets often determines the course of a whole life. Yet most of us make this first choice almost at random. . . . It is to take the guess out of this choice of jobs that some of the finest constructive thinking of the next half century will have to be done.

A NOISY ANIMAL.

(Robert Lynd, in The Money Box.)
Silence is unnatural to man. He begins life with a cry and ends it in stillness. In the interval he does all he can to make a noise in the world, and there are few things of which he stands in more fear than of the absence of noise. Even his conversational attempt to prevent a dreadful silence.

LAUGHTER ABSOLUTELY.

(Thomas J. Mason, in International Book Review.)
Laughter will soon be recognized as a vibrator, emotion in which the dust rattle is distinctly discernible. Laughter will soon be relegated to the past as one of the lowest forms of self-expression.

History Repeats Itself

A cartoon representing the recent coal deadlock in the United States also reflects the situation which has repeated itself in Great Britain, where the coal miners and operators are completely deadlocked.

Poems I Love

"Requiescat" by Rosamund Marriott Watson.

THIS love poem is worthy to stand beside the best of Christina Rossetti, because of its piercing loveliness and heartbreak. It still lives in the anthologies, and will, I believe, always of necessity be included in any collection of English poetry of death, and in the third stanza reaches the high peaks of Song. Not all lovers will agree with its longing for an after removal from peace of death, and in the third stanza reaches the high peaks of Song. Not all lovers will agree with its longing for an after removal from peace of death, and in the third stanza reaches the high peaks of Song.

The Very Idea!

By Edith Cochrane

A TALE OF TOTS.

"AW WHAT'S the use of cleanin' myself?" you've off heard children say. "I'll only get all soiled again, when I go out to play. Ya always make me scrub myself. I claim ya hadn't oughter. It seems to me it's foolish, an' yer wastin' soap an' water."

"Aw, gee, it's only half past eight—why should I go to bed?" That's something else, no doubt, that every little kid has said. "I'll letcha read, an' I won't fuss. You'll never hear me peep. Say what's the use of crawlin' in, when I can't go to sleep?"

"Jus' one more piece of cake—aw, please." How well a parent knows that every little tot can tease in just such words as these. "Aw, I don't like my salad 'cause it makes my tummy ache. O course I still am hungry, but I'd rather eat more cake."

Since first this funny world began, all kids have been the same. It's just a part of living, and there's no one quite to blame. God gave each little tot a head, an' though queer things confuse it, it's teasin' and the like, you'll find, that teach a child to use it.

N. B. DIRECT TAX TO AMOUNT TO ABOUT 10 CENTS ON \$100

All Provincial Debts Not Already Provided for Will Be Funded and Interest and Other Charges Are to Be Assessed Directly on Taxpayers

PREMIER DECLARES LEVY NECESSARY

Way Devised to Make Impost Light; Experts Slated for Comparing Standard of Evaluations and Equating Them to Executive at Fredericton

BY JOHN J. DUNLOP Staff Correspondent of The Times-Star

FREDERICTON, N. B., April 28.—The direct tax in New Brunswick will amount to about 10 cents on every \$100 valuation, Premier Baxter told the Legislature this afternoon in introducing the bill relating to the direct levy.

If the estimated deficit for the year, amounting to about \$700,000 were apportioned over the taxable areas of the province, it would mean a direct tax of about 40 cents on the \$100, the premier declared, but under the new system proposed, the same result would be attained with the lower rate.

Another Way Adopted. Personally, Premier Baxter said, he had given much consideration to the method of balancing the budget on an absolutely sound basis.

Procedure Outlined. The premier then outlined the procedure to be followed. He said that the existing liabilities of the province will be funded.

Warrants to Be Issued. Later, warrants would be issued to the taxable areas and the tax would be collected in the ordinary way.

Official Report. FREDERICTON, N. B., April 28.—The House met at 3 o'clock. The bills respecting the City of Fredericton Assessment to amend the Prohibitory Act, to amend the New Brunswick Electric Power Act, and the Divorce Court Act, were read a third time.

Debt Funding Measure. Hon. Mr. Baxter introduced a bill to authorize the funding of the floating debt of the province, explaining that it was to authorize an issue of bonds not exceeding \$3,000,000 to take care of the deficit of the present year.

Game Law Changes. The House again went into committee to consider bills to amend the game law and regarding motor vehicles.

Stolen Cars Sold. Mr. Dishart said there had been several cases of stolen cars being sold to innocent parties, and he was most anxious that the act should be effective.

Eczema Sufferer Suddenly Recovers. Mrs. Moses Des Roches, Central Bedoupe, P. E. I., says, "I had eczema on my head since a baby; tried everything but nothing seemed to help it until I used Ovelmo which quickly did the work."

Thereby, and he was opposed to any decrease in the bounty. Mr. Peck said the province last year spent \$6,800 on wild cat bounties and he thought in no other way could a like expenditure so well protect deer and other game.

Game Law Changes. The House again went into committee to consider bills to amend the game law and regarding motor vehicles.

Stolen Cars Sold. Mr. Dishart said there had been several cases of stolen cars being sold to innocent parties, and he was most anxious that the act should be effective.

Educational Work. Hon. Mr. Richards said that honorable members should certainly appreciate the valuable educational work that was being done by the Fish and Game Protective Association.

Sees Act Safeguard. Mr. Dyrant thought that the act as presented was a sufficient safeguard, and that Mr. Tilley might have sufficient confidence in his own government for duty notified and the information spread generally.

To Aid in Raising Revenue. Hon. Mr. Baxter introduced a bill to aid in raising revenue. In explaining this bill, he said the government was not introducing it with any feelings of delight, but there had been very large additions to the provincial debt in the last nine or ten years.

Amount to Be Assessed. The bill provided that after all existing liabilities had been funded a statement of the interest and sinking fund requirements would be made and this amount would be assessed on the people.

To Probe Valuation Basis. The provincial secretary, for the purposes of making this tax even throughout the various municipalities, would investigate the valuation in each, and devise a plan for a common standard.

To Confirm Land Grants. Hon. Mr. Richards introduced a bill confirming certain land grants on the southwest Miramichi.

Doctor Advised Operation for Mrs. Penn. Windsor, Ont.—"After the birth of my first baby I was very much run down in health and the doctor said I must have an operation as I was suffering from a displacement of the uterus."

Phone Tax Measure. The House went into committee to consider bills relating to taxation of the New Brunswick Telephone Company and the succession duty act.

Mrs. Corbin Relieved from Pain. Stewiacke, N. S.—"I had pains across my back and in my side for two years after my first baby was born. My mother had taken Lydia E. Pinkham's Vegetable Compound and I read about it in the papers, so I tried it and the pains all left me."

The act to amend the motor vehicle law was again under consideration. Jail Clause Questioned. In reference to the clause imposing penalties for violations of the law, Hon. Mr. Richards questioned whether it was essential to have imprisonment added to the penalty.

Lights for Vehicles. Considerable discussion took place in reference to the section providing for carrying lights on all vehicles.

Stolen Cars Sold. Mr. Dishart said there had been several cases of stolen cars being sold to innocent parties, and he was most anxious that the act should be effective.

Educational Work. Hon. Mr. Richards said that honorable members should certainly appreciate the valuable educational work that was being done by the Fish and Game Protective Association.

Sees Act Safeguard. Mr. Dyrant thought that the act as presented was a sufficient safeguard, and that Mr. Tilley might have sufficient confidence in his own government for duty notified and the information spread generally.

To Aid in Raising Revenue. Hon. Mr. Baxter introduced a bill to aid in raising revenue. In explaining this bill, he said the government was not introducing it with any feelings of delight, but there had been very large additions to the provincial debt in the last nine or ten years.

Amount to Be Assessed. The bill provided that after all existing liabilities had been funded a statement of the interest and sinking fund requirements would be made and this amount would be assessed on the people.

INSTRUCTIVE

Dorothy Dix

"A Mother's Influence is a Great Thing, But It Needs to Be Backed Up by Father's; That is Why God Gave Every Child Two Parents Instead of One," Says Dorothy Dix.

DOROTHY DIX

There is no subject under the sun of which men take such a distorted view as they do of a mother's influence. Romancers have glorified it, poets have idealized it, musicians have sung it until men have honestly come to think that mothers have a practical monopoly of their children and the sole duty and privilege of shaping their lives.

Even fathers seem to think that fathers count for nothing, and that all they are good for is paying the bills. In the family circle they take a back seat and let mother run the show. It is Mother's Day that is celebrated with pomp and flowers and beating upon the cymbals. Nobody notices Father's Day. Perhaps because the first of the month is always Father's Day and comes round so soon.

NO ONE would belittle mother's influence. It is all powerful because father is so often too stupid, or too lazy, or too careless, or too much absorbed in his business to do his duty to his children by helping to mold their characters. He judges his responsibility. He passes the buck to mother and saves his conscience with a platitudinous about a mother's sacred influence, which in his innermost self he recognizes for the hokum it is. For mother's influence does not always work for righteousness.

Motherhood works no miracles. Bearing a baby does not put brains and wisdom in a ham-headed woman's head. It does not give a shallow woman depth. It does not make a narrow, prejudiced woman broad and tolerant. It does not make a fool woman wise.

Yet all around us we see men who would not trust their wives' judgment about anything else on earth, turning over to them their children's immortal souls.

THEY know their wives to be silly and ignorant; without vision, without the ability to see or understand anything beyond their own little circle, yet they let these morons shape their children's lives. They let them form their children's ideals and set their standards. They let them decide on the schools their children shall attend, the churches they shall join, the people with whom they associate.

Yet the very men who trust their children to weak and incompetent and unintelligent wives to rear would not dream of permitting a weak, incompetent, unintelligent partner to run their business. They are too well aware of the value of their personal advice and supervision and of the need of their strong and expert hands on the wheel.

MEN blindly subscribe to the faith that a mother's influence is bound to be good, especially upon her daughters, yet a moment's thought would show them how fallacious such a belief is.

A woman can only give out what she has. She can only try to make her daughters what she is. And unless a man wants his daughters to be just the sort of woman their mother is, he cannot safely leave them in her hands.

IT IS true that there are not many mothers who deliberately bring up their girls to be immoral and start their feet on the downward path. But there are thousands upon thousands of women, whose influence upon their daughters is vicious, because they inculcate in them their own low ideals of honor and honesty. They teach them by precept and example to evade every duty of wifehood and motherhood, and from their very infancy up they instill into them a greed and selfishness that wrecks the happiness of all who come in contact with them.

Such are the mothers who teach their daughters how to lie and cheat, how to buy on credit the luxury they cannot afford, how to kill a man with their extravagance. Such mothers are those whose favorite maxim is that what a husband doesn't know doesn't hurt him. Such a mother is the one who, not long ago, I heard say to her young daughter who was getting married, "Don't tie yourself down with babies. Go about and amuse yourself and have a good time, and if your husband doesn't like it he can lump it."

WHEN a man has that kind of a wife—and no man can be so afflicted without knowing it—he does a criminal thing when he leaves his girls to their mother's influence. It is his bounden duty to use his influence to correct her as far as possible. Little as men seem to realize it, children nearly always listen with far more respect to what their fathers say than they do to what their mothers say.

For the child knows intuitively that the father has had a broader experience of life than the mother has. It knows that the father goes out into the world and does battle with it every day, and that he knows too much experience of things about which mother vaguely theorizes. It knows that father knows the rules and how to play the game.

HENCE when a man really makes any attempt to develop his children's characters he finds them as clay in his hands, ready to respond to his slightest touch. It is only when father merely uses his influence as a veto power that it is negligible.

That a boy needs his father's hand in directing and controlling him at the critical time of his life and a father's wisdom to steer him along the right course is universally recognized, but I often think that a girl needs it even more.

For a girl needs to be taught the things that life teaches a man. She needs to be taught to be straightforward and honest and to live up to her contracts; that she must give as well as take in life, and that she must have the courage and the grit to carry on when things are hard instead of turning quitter, and to make the best of a bad bargain.

There would be many a divorce saved and many a home that is now broken up kept intact if a father's influence over his little girl had made her a good sport, instead of mother's influence developing a yellow streak in her.

A MOTHER'S influence is a great thing, but it needs to be backed up by father's. That is why God gave every child two parents instead of one.

Fashion Fancies

By Marie Belmont

Taffeta is often mentioned as a smart material for the present season. It has always been one of the best mediums for the very young girl's party frock, but its present vogue of popularity for all ages makes it doubly acceptable for the young girl.

The simply cut model above is of yellow taffeta, trimmed with silver covered fringe and held with silk bindings of the material.

Little Joe. MEMORY IS WHAT STEALS OVER YOU WHEN YOU'RE LISTENING TO THE AVERAGE STORY.

A Thought. He that wavereth is like a wave of the sea driven with the wind and tossed.—Jas. 1:6.

WOMEN are never stronger than when they arm themselves in their weakness.—Mme. du Deffand.

Is this your BIRTHDAY. APRIL 29.—You are shrewd, decisive, and positive, yet very cautious. Sometimes people take advantage of you. You have a sympathetic and sensitive nature, and are easily offended. Beware of jealousy in your love affairs, and learn to "give and take" as you go through life. You will travel a lot. Your birth-stone is a diamond, which means innocence. Your flower is a daisy. Your lucky colors are red and yellow.

BEHIND THE SCENES

SOME time ago Harold Lloyd discovered the type of acting which brought home the dollars. Since that day he hasn't changed one iota. His latest picture, "For Heaven's Sake," introduces the same laughless hero that Lloyd has portrayed in his last half dozen screen classics.

"For Heaven's Sake" probably will rank among the leading film productions of the year. Charlie Chaplin's "The Circus," will be his only comedy rival. However, it is far from being as good as "The Freshman," in which Lloyd reached his peak.

"Gee" men—backbones of all Harold Lloyd pictures—have supplied enough funny situations to keep the star on the comedy throne of fiction. It is a picture guaranteed to satisfy where the primary interest is a hearty laugh.

John's Religion is again seen as Lloyd's sweetheart and as such adds the only feminine touch in the picture.

Hamiltons, Rhinelanders and all the rest. This was the New York sun so much in song and story. In no section can be found more lore or romance.—GILBERT SWAN.

Flapper Fanny Says. It's always leap year if you don't own an auto.

Menus for the Family. MENU HINT: Breakfast: Oranges, Bacon and Poached Eggs, Buttered Toast, Coffee or Cocoa, Luncheon: Creamed Tuna Fish, Cold Stewed Beef, Scalloped Potatoes, Spinach with Hard Boiled Eggs, Lemon Pie, Tea.

TODAY'S RECIPES. Cabbage Salad—Chop fine enough fresh crisp cabbage to make a cup and a half. Add to it two cucumbers (peeled, quartered, seeded and diced), two grated onions, a minced red pepper, salt, pepper, a tablespoon of paprika, a quarter cup of heavy cream and just enough tarragon vinegar to moisten. Serve on lettuce leaves garnished with strips of red pepper and cheese straws.

I am suggesting candy as a change for dessert for the noon lunch. Followings are a number of recipes that are a bit "different."

Sugared Popped Corn—Pop corn and pick over to remove kernels that have not popped. There should be two quarts. Put two tablespoons butter into a saucepan, and when melted add one-half cup water and two cups brown sugar. Bring to the boiling point and let boil sixteen minutes, stirring only occasionally during the cooking. Pour over corn, and stir until every kernel is well coated with sugar.

Carrot Caramels—Have ready one cup boiled carrots, one cup sugar, one-quarter cup molasses, one-half cup cream, one-quarter cup chopped brown almonds. Roll the carrots until tender, press through a sieve, add the sugar, molasses and cream and cool until the mixture forms a hard ball when tested in cold water. Add the almonds and pour into a square buttered pan. Cut when cool.

THE FLOWERS SAY IT. VIOLET Rose at Four O'clock and Tulip shouted Morning Glory as Johnny Jump-up strolled out in the ed with Pansy and Lily.

ADVENTURES of the TWINS

THE BUTCHER WHO BROKE INTO PIECES. "I know where to look for those Gazookumes," said Nick, when Mister Tingaling had recovered from his dizziness and was able to walk. "At the candy store." "Of course," said Mister Tingaling, his face brightening like the sun coming out after a storm. Off they went to the butcher shop. "Say, Mister Butcher," Nick almost shouted, for Mister Tingaling was too much out of breath to say a word— "Say, Mister Butcher, did three little boys come here and buy some Bologna?" The butcher was a big tall butcher, oh, ever so tall! And he had his back to them. He had on a long white apron and a big white cap that almost completely hid his head. He went on working his sausage machine and never turned around. "What's that you said?" he asked. "I'm a little hard of hearing." "I said, did you see three little boys?" said Nick. "Did three little boys come in here to buy Bologna?" "What did they look like?" asked the butcher, still without turning around. "They looked like each other," said Nick. "They have pink eyes and pointed ears and sharp noses and they like candy and Bologna." "That's what we'd like to know," said Nancy indignantly. "Aren't they here?" "They'd better not be," believed Mister Bags. "They got mad because I wouldn't sell them any more candy, so they seized me and threw me into the pop-corn barrel and nearly smothered me." "Dear! Dear!" wailed poor Mister Tingaling. "I greatly fear we have lost them." "Ah, ha!" cried Mister Bags suddenly. "I have a hunch, Mister Tingaling, that those Gazookumes like Bologna almost as well as candy. I bet you, you'll find them at the butcher's shop."

FOR Acid Stomach PHILLIPS' Milk of Magnesia. Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly. BETTER THAN SODA. For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It's the most pleasant to take than soda. INSIST UPON "PHILLIPS". Each bottle contains full directions—any drugstore.

After the Meeting. Tea and Christie's SOCIAL TEA biscuits. . . . a busy afternoon . . . the last resolution is passed . . . and the Committee adjourns for tea! The accompaniment is Christie's Social Tea Biscuits, of course. For these thin, sweet wafers of refreshment and deliciousness have long been a favourite afternoon tea "institution." So enticing—so appealingly fresh, crisp, creamy. All the richness of the finest, purest Canadian butter, sugar and flour—plus the master touch of Christie's adept bakers.

Christie's Biscuits of Quality since 1853. At your grocers—in sealed packages or by the pound, as you prefer.

LAROCHELLE TELLS OF LIQUOR GIFTS AT CUSTOMS INQUIRY

Denies Receipt of Samples Affected Civil Service Body's Decisions

STATEMENT READ TO INVESTIGATORS

Witness Terms His Being Caught and Fined Not Right Thing

OTTAWA, April 28.—"Whether my wine comes from Peter or Paul, it makes no difference to me," said M. G. Larochelle, one of the Civil Service Commissioners, at the customs probe today.

He was reading from a statement prepared in connection with the shipment of customs gaugers' samples of liquor from Montreal to his club near Ottawa, on the Quebec side of the river. He denied that the receipt of such gifts by himself and Clarence Jamieson, another commissioner, had ever influenced their decision when dealing with recommendations for promotion of civil servants in the Montreal district.

RELUCTANT TO TAKE IT.

Mr. Larochelle said he had been very reluctant to accept the liquor, but had done so at the repeated demands of R. P. Clerk, the chief customs inspector, in Montreal. That gentleman had pointed out that he was sending similar gifts to prominent people, including two illustrious persons. These persons are now dead, he said.

In all four or five cases of liquor had come to the Aylmer Road Club for himself and Mr. Jamieson. Finally they had refused to accept any more. All this was in 1923. He did not like receiving presents from officials or employees, but he had not prominently refused because he saw no real harm in it.

REGULATION OBSOLETE

The regulation that sample liquor must be "disposed of" once a year, apparently had become obsolete, said Mr.

Kids love PEP the flavor's so good PEP Gives strength. Brings health. Full of life-giving elements. A ready 15-cent cereal. At your grocer's. Kellogg's PEP THE PEPPY BRAN FOOD

185 UNION STREET Milady's WEAR LTD. TOMORROW—A SPECIAL ONE DAY SALE of NEW SILK DRESSES

TWO PRICES—\$7.50 \$14.75 Sizes 16 to 46 Assorted Colors and Materials

HELLO GUYS! American theatre goers are now getting a glimpse of Mademoiselle Christiane (left) and Mary Guy, the famous "Guy Sisters" who have been winning fame in Paris with their dancing. The sisters have come to the U. S. for a lengthy engagement.

American theatre goers are now getting a glimpse of Mademoiselle Christiane (left) and Mary Guy, the famous "Guy Sisters" who have been winning fame in Paris with their dancing. The sisters have come to the U. S. for a lengthy engagement.

Larochelle in his statement. The liquor had apparently come to be recognized as the chief gauger, and in passing he would say that if Messrs. Bureau and Farrow had followed an old custom, "they are not to be blamed for it." It would be established by the records that the recommendations of the examination branch of the civil service commission had been accepted in passing upon applications for promotion in the civil service. Mr. Clerk's own promotion had been upheld in this way, and it was first approved by the head of the commission, Hon. J. W. Roche, "who never received any liquor," Mr. Larochelle pointed out.

COMMENTS PROTESTED The witness deplored "the sensation" made of evidence given yesterday by Clerk, C. W. Bell of West Hamilton, and Hon. H. H. Stevens protested against the witness commenting. Mr. Stevens said that if Mr. Larochelle went on in that vein he would "leave that chair worse than you went into it, in my mind."

Hon. R. B. Bennett suggested that the witness had apparently prepared his statement very carefully and should be allowed to read it.

PROMOTIONS Mr. Larochelle then proceeded to say that the fact that Clerk had testified that out of 120 recommendations for promotion in the Montreal customs district only one had been refused by the commission, had not significance when the records of the commission were examined. The fact was that many applications from the customs department generally were turned down by the commission. The system of examination made it impossible for influence of that sort to have any effect.

Asked if he did not think it wrong to permit a chauffeur to carry liquor across the inter-provincial bridge for him, Mr. Larochelle said he thought the man took no risk, because he was an officer of the customs department. "But you were caught and fined yourself, were you not?" asked Mr. Stevens.

Mr. Larochelle admitted that he had been and added that it was not the right thing.

ARRANGEMENT BARED The arrangement whereby liquor samples, taken in Montreal, were shipped to Ottawa via the residence of a customs officer, who lived on the Quebec side of the Ottawa River, was revealed at the customs probe today.

W. F. Wilson, chief of the customs preventive service, said that R. R. Farrow, deputy minister of customs, asked him in 1923, if he would object if liquor for somebody else was shipped to his residence. He did not object.

When the first case of 25 bottles came in February, 1923, he was surprised to find that it was not Quebec liquor Commission stuff, but put up in plain packages and bearing druggists labels inscribed in pencil. He remarked to Mr. Farrow that this appeared to be customs sample stuff, and that "sooner or later somebody would get into trouble about this."

ANOTHER SHIPMENT. Within a couple of days another shipment for five cases arrived by express in Hull, Que., Mr. Wilson's nearest railway station.

He again spoke to Mr. Farrow, disapproving of the proceeding, and Mr. Farrow said that he would arrange to have the second shipment returned to Montreal. This, however, was not done.

In the first shipment 15 bottles went to Mr. Bureau and eight to Mr. Farrow. Of the second shipment, one case went to Civil Service Commissioner Larochelle and two cases to Mr. Bureau and two to Mr. Farrow.

The liquor was taken over in a departmental car to the Connaught building (Customs headquarters in Ottawa), during the day. That evening, Mr. Wilson said, he would have taken the stand that he was delivering Federal government samples.

R. L. Calder, counsel for the committee, asked if the reason why liquor had been given, supposing that the liquor had been contained in Quebec liquor Commission packages, was "in that case," replied Mr. Wilson, "there would have been a change in delivery probably."

There was a third shipment on December 15, 1923. This consisted of four cases of Scotch, brandy, port wine, claret and sherry. This shipment was in regular size whisky bottles.

Mr. Calder: "Did you renew your protest?" "I did. I told the deputy minister that I would receive no more shipments."

"And you received no more?" "I received no more."

\$41,000,000 FIRE LOSS IN DOMINION

1925 Total Declines 10 Per-cent Over 1924, Lewis Says at Ottawa

OTTAWA, April 28.—Although showing that there was a reduction in the fire losses in Canada during 1925 of over 10 per cent, as compared with those of 1924, the annual report rendered today by George F. Lewis, president of the Association of Canadian Fire Marshals, at its meeting here, showed a total loss for last year of \$41,000,000.

Statistics show that Prince Edward Island heads the list with a decrease in the fire losses during the year of 47.2 per cent. Ontario comes next with a decrease of 26.7 per cent, whilst in three provinces, British Columbia, Nova Scotia and Saskatchewan, there is a slight increase.

Eighty per cent of the losses are shown to be preventable, the majority of the fires being due to the following causes: Overheated stoves, furnaces and their pipes; sparks on roofs; defective chimneys and flues; lightning (where proper conductors would avoid hazard); smoking and carelessness with matches.

CARS TO LINK SAINT JOHN, ST. STEPHEN

ST. STEPHEN, April 28.—St. Stephen and the islands are to have a better boat service this year. Starting next Tuesday morning the large motor boat Rex, in charge of Capt. Calder, will leave Lord's Cove, touching at Wilkes Beach, Westport, Eastport, Fair Haven and St. Andrews, arriving at St. Stephen the same day, and returning Wednesday morning.

This boat will make weekly trips carrying passengers, mail and freight and will fill a long needed service between the islands and this town.

St. Stephen and Saint John will also be linked by auto service this season. As soon as the roads open up Monahan taxi will run two trips a day, leaving St. Stephen and Saint John in the mornings, returning the same day.

45 KILLED, 375 HURT IN CALCUTTA RIOTS

CALCUTTA, India, April 28.—Sporadic rioting between Hindus and Mohammedans, which has been going on for the past week, has cost the lives of 45 persons thus far. The total number injured is estimated at 375. For the first time since the rioting began, morning and the situation was regarded as much improved.

The C. P. S. Marburn, from Antwerp direct with third class passengers, is due at Montreal next Monday.

It doesn't take long to pay for a C-C-M Bicycle

YOU don't need to wait to have a C-C-M. A small payment down and the rest in weekly or monthly instalments will place it in your hands immediately. A C-C-M soon pays for itself in car fares saved, doctor's bills saved, time saved and shoe leather saved. See the new models at the C-C-M dealer's and get details of his easy payment plan.

"My dear, I thought this was your washday."

"Yes, but the laundress has been through for hours—we use Rinso at our house."

Rinso has fairly revolutionized wash-day. Rinso changes the hard work of washing to just rinsing.

No more hard bar soaps to cut up or rub on the clothes. No more rubbing.

Wash-day now means simply soaking the clothes for a couple of hours in Rinso suds, or overnight, then just rinsing.

Gloriously white, sweet-smelling clothes are the result—and you'll save time and temper.

Rinso Made by the Makers of LUX

Who requested you to receive the whisky? asked Mr. Calder. "Mr. Farrow," was the reply. He had received this shipment about October 10, 1924. The whisky had been brought over to Ottawa for disposition.

"What disposal did you make of it?" asked Mr. Calder. "To Mr. Farrow," was the reply. The box had contained Scotch, brandy and wine and he had given it

FIRE EXTINGUISHED ON STMR. ONTARIO

HALIFAX, April 28.—The last of the fire in the bunkers of the steamer Ontario was quenched yesterday and the coal removed from the steamer through the sides. In order to put out the blaze which burned in the steamer's hold for the last four or five days four plates were removed from the hull, two on each side. The plates were taken off at a point about ten feet below where the fire was located and the burning coal allowed to run out. As the coal came out water was poured on it and the fire put out. About one half of the Ontario's load of 400 tons of bunker coal was consumed in the blaze.

What You Get for the Last \$10.00

You can get cheaper bikes than the C-C-M, but for the last \$10 you get C-C-M quality—a bicycle 90% made in Canada, 100% value. It gives you the Triplex Hanger, English Seamless Tubing, 20-year nickel-plate, extra enamel coats, the Gibson Pedal, the new improved Hercules Brake. All these mean extra years of easy riding and a higher selling value for your "used" C-C-M.

Biking is Better for Man's Health

Of all methods of transportation, biking is the healthiest. It takes one out in the open air. It calls forth healthy, physical effort without strain. You can get needed daily exercise coming and going from work with no time lost. Toning up the muscles is real enjoyment by the C-C-M method.

NEW PASTOR FOR MAIN ST. BAPTIST CHURCH ARRIVES

Rev. M. S. Richardson, Retiring Leader of Moncton Flock, Greeted Here

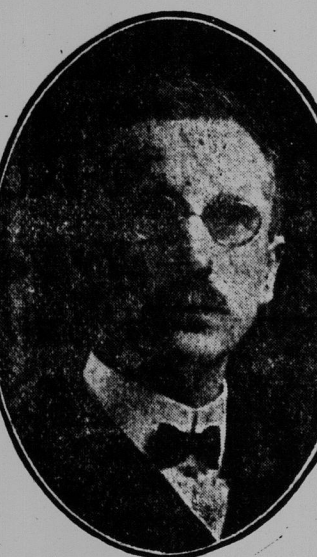

ACADIA GRADUATE'S SPLENDID RECORD

Was Personal Friend of the Late Dr. Hutchinson Whom He Succeeds

Rev. M. S. RICHARDSON, retiring pastor of the Moncton Highfield Baptist church, whose pastorate at the Main street Baptist church, Saint John, commences on Sunday, arrived in Saint John yesterday and was cordially greeted by members of the Main street congregation. He has a splendid record as a minister and as a preacher, and was a warm personal friend of the late Rev. Dr. David Hutchinson, the last pastor of Main street church.

Mr. Richardson was born in Halifax county, N. S. He graduated from Acadia University in 1902 and took post graduate course at Colgate University, N. Y. He has held pastorates in Nova Scotia, in New York State and in New Brunswick. For two years he was co-pastor at Amherst, N. S., and then became pastor of the Baptist church in Berlin, N. Y. Returning to Canada he was located in pastorates at Truro, N. S., Newcastle, N. B., Bridgetown, N. S., Yarmouth, N. S., and in Moncton where he has been for the last year. As a member of the home mission board of the Maritime Baptist Convention he has also given valued service to the denomination. Among his fellow ministers Mr. Richardson is one of the most highly thought of in the Maritime Convention.

Takes Charge Here

Rev. M. S. Richardson, who has arrived in Saint John to take over the pastorate of the Main street Baptist church. His former charge was with the Highfield Baptist church at Moncton.

PROTECTION ASKED FOR RUFFED GROUSE

New Cumberland Game Body Elects Shreve President

AMHERST, April 28.—The practical extinction of ruffed grouse in Cumberland county was deplored here tonight by members of the newly formed Cumberland Game Protective Association. The Nova Scotia government will be petitioned to protect the ruffed grouse until the fall of 1926, while a long period of protection for Hungarian partridge, recently imported and planted in this county was also requested. The new organization will co-operate with other associations formed in other parts of Nova Scotia for the protection of all game. Those elected: F. J. Shreve, president; Blair McLaughlin, vice-president, and D. C. McLeod, secretary.

ROCKEFELLER GIFT OFFER WITHDRAWN

NEW YORK, April 28.—John D. Rockefeller today withdrew his offer of \$10,000,000 to the Egyptian Government to found a temple on the banks of the Nile which would demonstrate the "unfolding of the life of man."

FRENCH BUDGET PASSES

PARIS, April 28.—The Chamber of Deputies by a vote of 400 to 150 today passed the complete budget for 1926 which was voted by the Senate yesterday, 274 to 7. The budget again was returned to the Senate to take final action on it.

ICE DAMAGES STEAMER

ST. JOHN'S, Nfld., April 28.—Twenty-eight days out from Grange-mouth, Scotland, for Montreal, the British steamer George L. Torain arrived here tonight to repair damage caused by ice floes off the Grand Banks.

MERRY WITNESS STIRS PROBE BODY

SAYS DEPARTMENT BOX CARRIED DRINK

Chief Customs Stores Clerk Admits He is 73 and Whisky Consumer

OTTAWA, April 28.—"Empty flasks are no good to me," remarked A. G. Bleakney, chief clerk of stores for the federal department of customs, testifying at the customs probe today. Mr. Bleakney kept the committee in a gale of laughter. R. L. Calder, committee counsel sought to ascertain what purpose a certain "old box" served in the customs department. Mr. Bleakney said it was an old box which had been used for 25 or 30 years. It held about six quarts. It used to be sent to Montreal with empty flasks in it and returned with full flasks.

"AMMUNITION" ASKED

"That sounds like something I would write," commented Mr. Bleakney when Mr. Calder read the following extract: "If it is convenient for you to return the old box, I would not be a little bit put out if it should contain some ammunition useful during the hunting season." Mr. Calder: "Evidently ammunition deadly only to man." Mr. Bleakney: "Hardly that, or I would not be here."

Mr. Bleakney found it difficult to remember the exact details of an incident. He could remember things which happened 50 years ago better than incidents of the past two years. "And," he added, "when you fellows are my age and have drunk as much whisky as I have, you may be the same." Answering a question he said that this was his seventy-third year.

PARTRIDGE SEASON CLOSED THIS YEAR

FREDERICTON, April 28.—Partridge and wild cats had a brief session in the House today, when some game amendments were under consideration. Hon. C. D. Richards, Minister of Lands and Mines, announced that the government's intention now was that there would not be any open season on partridge this year. Hon. L. F. D. Tilley favored a close season for a few years to protect the bird.

ONTARIO ELECTION DATE SEEN JUNE 28

TORONTO, April 28.—The Evening Telegram today says that "barring accidents," a provincial general election will be held on June 28.

LOBSTER FISHING WILL OPEN AT ONCE

Cardin Explains Orders Arr Issued in Reply to Doucet

OTTAWA, April 28.—Questions respecting the change of date in the opening of the lobster fishing season on the Atlantic coast were addressed to the Minister of Marine and Fisheries in the House of Commons this afternoon.

A. J. Doucet, (Conservative, Kent), read a telegram from fishing people of New Brunswick complaining that certain companies had put their nets and traps out and had not been required to withdraw them despite the fact that the season did not legally open until May 4th. R. K. Smith (Conservative, Cumberland), also read messages from Maritime fisheries stating that the change of date from April 26 to May 4, this year, was proving most unsatisfactory.

Hon. P. J. Cardin, Minister of Marine replying, said that the change had been adopted on account of ice conditions. Today orders had been issued permitting the lobster fishing season to commence at once.

QUEBEC WILL SEEK EUROPEAN FILMS

Would Import British and French Reels to Oust American Ones

QUEBEC, April 27.—That even if the film producers went ahead with their threat not to sign contracts for the supply of moving picture films until the provincial board of censors became more lenient the province of Quebec would be amply supplied from British and French firms was the declaration made by Premier Taschereau today and confirmed by cable received from the Quebec agent in London, Dr. L. J. Lemieux.

"In view of the proposed boycott of distribution of American films in Quebec, picture producers of London are ready to furnish to the province of Quebec large quantity of very good modern moving picture films."

The Premier Minister said the time had come to get some good British films for this province.

HALIFAX ELECTS

Shannon, McCarthy, Ryan and Drysdale Chosen in Four Wards

HALIFAX, April 28.—This was civic election day in Halifax, contests being furnished only in four of the six city wards and Mayor J. B. Kenney being re-elected by acclamation.

James Halliday and Thomas Robinson were elected aldermen in Wards 2 and 5, respectively, by acclamation.

In Ward 1, S. L. Shannon was elected with a majority of 229 over William Fursy, and Albert P. Calnen.

In Ward 4, James W. McCarthy was elected with a majority of 30 over F. Homer Zwicker.

In Ward 3, John F. Ryan was elected with a majority of 234 over G. J. Hiesler.

In Ward 5, Alderman Albert A. Drysdale was returned with a majority of 215 over F. W. Curtis.

CLOTHING STORE

GENTREVILLE NEARLY WIPED OUT BY BLAZE

Store and Residence Destroyed in Fire Which Does \$20,000 Damage

SEVERAL BUILDINGS AFIRE AT SAME TIME

Privately Owned Hose Line, Served By Pump, Saves the Situation

GENTREVILLE, N. B., April 28.—Fire of unknown origin broke out here last night about 8:20 o'clock in the barber shop of Slat and Cain, and before it had burned itself out had destroyed that building together with the large general store of the Glen E. Wilson Company, on the one side, and the fine residence belonging to Col. L. L. Kennedy and occupied by James E. Quinn and family, on the other side.

BORROWED HOSE SAVES VILLAGE
That the whole village was not wiped out is due to the assistance given by a line of hose belonging to the Sherwood Company, who run a general store in the village, served by the company pump. The village itself has no fire fighting apparatus or organization of its own.

CONFESSES HE SHOT FORMER POLICEMAN

A. Farand Says Shooting in Montreal Was in Self Defence

MONTREAL, April 27.—Making a declaration before Recorder Billette of Verdun that it was he who had shot Fredolin Lavigne, ex-constable, who was found dead in his Hickson street store on Sunday morning, Arthur Farand, brother-in-law of the dead man, added to his confession yesterday that the shot had been fired in self-defence.

POPE BLESSES PALATINE GUARD

The Pope, shown seated at a shrine in the Vatican gardens, at Rome, is blessing the Palatine guard after a review of the papal troops.

ACT OF SON RIGHT, SAYS RABBI WISE

Regrets Boy Not Pursuing Theological Studies But is Proud of Stand

NEW YORK, April 29.—Rabbi Stephen S. Wise, of the Free Synagogue, expressed his regret that his son, James Wise, would not become a rabbi, after the son had studied two years to do so.

With a note of pride in his voice, however, the father praised the young man for doing the only decent and honorable thing that he could do.

"I have no public comment to make on my son's decision," Rabbi Wise said, "it is his, not mine. It would be life to deny that I had devoutly hoped my son would enter into and give his life to the Jewish ministry."

"Seeing, however, that intellectual scruples and doubts which appear to be insurmountable stand in the way, the only decent and honorable thing for him to do is to reach the decision which he has reached, however much I regret it."

DEVOTED TO JEWISH PEOPLE. The father was asked if the son had made any plans.

"That question must be put to him and not to me," the rabbi replied. "I know that he is deeply interested in all Jewish matters and that no matter what his creedal views may be, he may safely be expected to give himself to the problems of the life of the Jewish people."

"Do you think that any young man think as your son does with regard to religious doctrine and who may be lost to the ministry, whether Jewish or Christian?" the rabbi was asked.

"Yes," was the answer, "I must in all candor admit that there seems to be a growing number of college graduates, the confusions of whose religious faith are shattered.

"Some may find it honestly possible to resolve their doubts and to arrive at a positive faith. But when a man, above all in the ministry, finds that he cannot affirm the elementary items of his creed, there is nothing for him to do, save, after mature and searching deliberations, to withdraw."

"Yes," was the answer, "I must in all candor admit that there seems to be a growing number of college graduates, the confusions of whose religious faith are shattered.

Farand declared that he left the Hickson street store immediately after and as he walked away he discarded the cartridges from the magazine of his pistol, and at a street corner farther on threw the weapon down a gully. The pistol was found by the Verdun police on Tuesday.

HON. ARSENAULT SAYS OLD MUSIC IS BETTER THAN JAZZ

Fiddlers Compete at Summerside For Title of Prince County

SUMMERSIDE, P. E. I., April 28.—The biggest attraction staged in Summerside for years was the old-time fiddlers' and dancers' contest, which opened here tonight for the championship of Prince county.

The two theatres were packed to capacity and enthusiasm ran high, several of the performers being vociferously cheered. The presence of Neil Cheverie, of Souris, the champion of P. E. Island, who won second place recently in Boston, was an added attraction. He gave an exhibition performance which was heartily received.

Judge Arsenaull, of Charlottetown president of the association, in a short address, lauded the action of Henry Ford in retiring the old dances and music which, he said, were far better than the jazz stuff of today and declared that there was no better way to bring back interest in the old dancing and music than the holding of these contests.

EXPLOSION OF OIL LAMP CAUSES FIRE
The fire department was called out at 8:10 o'clock last evening by an alarm from Box 241 for a fire in a mattress in the residence of Miss Amelia Foster, 49 Stanley street. The fire was caused by the explosion of an oil lamp. Persons in the house had presence of mind to throw the burning mattress out of a window about the time the fire alarm was seen in and the damage caused was slight.

SPANISH FIERS AT HANOI
HANOI, French Indo-China, April 28.—Captain Loriga and Captain Galarrza, Spanish Madrid-to-Manila fliers, have arrived here from Saigon. The next leg of their flight will be to Canton.

SAYS BLOWING UP OF ICE IS FEASIBLE

McGill Professor Discusses Forcing Earlier Clearance of St. Lawrence River

In connection with a suggestion made through The Times-Star this week that dynamite be used to force earlier break up of the ice in the Saint John river it is of interest to note that the matter has been under consideration in Montreal for the clearing of the St. Lawrence.

Shipping men, says the Montreal Gazette, has been asking if it would not be possible for Howard T. Barnes, McGill to break up the St. Lawrence ice as he did the jam in the Allegheny Valley.

SAYS HE COULD DO IT
Questioned on the subject, Dr. Barnes declared that it would have been possible for him to have cleared the ice from the river several days ago if his assistance had been requested by use of the thermitic with which it is claimed large areas of ice are burned out. After inspecting ice conditions below Montreal, he was convinced that disintegration would be started much sooner if the mass of ice were to be treated with a sufficient number of heat mines at strategic points between Montreal and Sorel.

Though he did not minimize the value of ice-breakers, he asserted that the expense involved by detonating heat mines would not be as much as for operating an icebreaker.

Get-Rich-Quick Lure Increasing Crime
"There appears to be a decay of commercial probity which may have its origin in the opportunities for getting rich quickly afforded in certain quarters during the war," says the Criminal Statistics for 1924, issued as a Blue Book by the British government, according to "The London Post."

"But it is suggested," adds the report, "that the increase of crimes under all three heads of shopbreaking, larceny and fraud is largely assignable to efforts to maintain the same, or even a higher, standard of living than before the war, upon means reduced by the general impoverishment of the nation, and to reckless attempts to live more or less luxuriously without rendering any services in return, which may be also traceable to experiences during the war."

EMPLOYER (sternly): "There are two quarters missing from my desk, and only you and I have a key. What are they?"
Office Boy: "Well, sir, let's pay a quarter each and say nothing about it."

PLANE KILLS ONE AS IT FALLS TO EARTH

Two Occupants Also Hurt and in Hospital at Colorado Springs

CANADIAN PRESS DISPATCH. COLORADO SPRINGS, April 28.—An aeroplane fell in the middle of a downtown business street here, today, and killed a man in an automobile.

Two occupants of the plane were seriously injured. Richard Ragan, 26, Colorado Springs, sitting in his automobile, when the plane, circling 1,000 feet above the city, experienced "trouble." Norman Lee, student aviator, found the control bar out of order. Ray Varney, acting as an instructor, worked frantically to gain control of the machine, but as the plane swung 400 feet above the business district, it suddenly slipped into a tail spin.

Ragan was killed instantly. Lee and Varney were hurried to a hospital where physicians said their condition was serious.

CHARTERS SHIP FOR FLOUR TO GREECE

Maple Leaf Co. Engages S. S. Curslack and Lines Drop Rates

NEW YORK, April 27.—It was reported that the Maple Leaf Flour Milling Company, Limited, chartered recently the German steamer Curslack to load upwards of 2,000 tons of flour from Philadelphia to ports of Greece.

During the winter this company chartered Norwegian steamer Ingrid for similar business after declining to pay the Levant conference rate of 33c. per 100 pounds for the month of March only.

It will be remembered that the hiring of the Ingrid aroused considerable discussion in shipping circles, the Levant conference subsequently meeting the situation by reducing the flour rate to Greece to 25c. per 100 pounds for the month of March only.

Whether the Maple Leaf Milling Company, Limited, action in chartering the S. S. Curslack brought about a decision by the steaming companies in the 48 hours to drop the Greece flour rate for April and May to 25c. per 100 pounds could not be confirmed.

Millers, however, have been advised by the Levant operators that the 25c. per 100 pound rate is now in effect until the end of May.

Much secrecy was connected with the charter of the S. S. Curslack for the flour cargo. The vessel has been in the West Indies trade for two or three months.

CONGOLEUM GOLD SEAL ART-RUGS. Big Value—Big Variety. Big Economy—Big Satisfaction. THAT'S what makes Congoleum Gold Seal Art-Rugs so popular with Canadian housewives. That—and the fact that they are unquestionably the handsomest popular-priced floor-covering in all Canada. WHAT THE PAINT INDUSTRY OWES TO THE FARMER! THERE is satisfaction to the farmer, buying Canadian paint and varnish to protect and improve his farm, in knowing that the most important liquid used in all paint and varnish, Linseed Oil, was produced from his own flax seed. The finest Linseed Oil in the world is obtained from northerly grown flax seed, and Canadian manufacturers are amply supplied with this necessary basic element to finest paint. Industries pass on prosperity one to another, each reaping profits from each. Every bit of Canadian property protected and given beauty with paint owes a debt to Canadian agriculture. Every farmstead and barn, thus preserved, helps cancel the obligation of the paint and varnish trade to the farmer. "Save the surface and you save all" Paint & Varnish. SAVE THE SURFACE CAMPAIGN. 601 Keefer Building - Montreal. Subscribed to by Paint, Varnish and Allied Interests.

LONDON TALKS APPOINTMENT OF MEIGHEN

Press Features Suggestion of Former Premier As Governor

DIFFICULTY SEEN

Precedence Would Cause Complications With Australian Labor Party

By HERBERT BAILEY, British United Press.

LONDON, April 29.—Will a precedent be created and a Canadian be appointed as the next Governor-General of Canada is the question that is being asked in political circles here, and is arousing the keenest interest among the official representatives of the other Dominions.

Persistent attempts have been made by influential Canadians in London to secure such an appointment but whether or not they have the approval of Ottawa is unknown.

MEIGHEN SUGGESTED.

The suggestion that the Rt. Hon. Arthur Meighen might be the next Governor-General, following on the suggestion that former Premier Borden accept the post, which was made some time ago, aroused interest here and considerable prominence is given in the British Press today to Mr. Meighen's statement in the House of Commons when the question of his appointment was raised.

If a Canadian should be appointed it will in all probability lead to serious complications in Australia where the Labor party is persistent in raising the whole question of state governors and their appointment as well as their rights.

AMERY SYMPATHETIC.

Col. Amery is aware that those who favor such appointments in Australia have been watching the developments in Canada with special interest, his idea being that what Canada wants Canada will get. Amery's sympathetic

PRETTIEST ON BROADWAY

Irene French, New York chorus girl was selected "Miss Broadway" by the Broadway Association.

attitude in the matter has encouraged the Canadians here and the London press has dealt sympathetically with their suggestions with regard to appointments.

Warning

Grandma (looking up from paper): Says here that young women are abandoning all restrictions. Now, mind, don't let me catch you going out without yours, Ethel!

MGR. PRIOR PASSES

Dean of Sacred Roman Rota Dies at Darlington, England

DARLINGTON, Eng., April 29.—Right Rev. Monsignor John Prior, Dean of the Sacred Roman Rota, died here yesterday. Monsignor Prior was the English member of the Sacred Roman Rota, the tribunal to which are referred all contentious cases requiring judicial procedure. In 1922 he was made a member of the supreme council for the propagation of the faith.

EX-EMPEROR DIES

Disturbances Follow Demise of Prince Yi Wang of Korea

TOKIO, April 29.—The death in Seoul last Sunday of Prince Yi Wang, former Emperor of Korea, has been followed by disturbances, press despatches from Seoul report. It is reported that two prominent Japanese and one policeman were attacked and wounded by Korean malcontents in front of the administration building in the capital.

GERMANY PROTESTS

Objects to Alleged Statement of Rumanian Ambassador in Paris

BERLIN, April 29.—The German government has dispatched a note to Rumania protesting against alleged utterances by the Rumanian ambassador at Paris, Constantine Diamandy, who in an interview in the Matin is reported to have said: "Germany will show two faces at Geneva, one smiling and obliging the west, the other revengeful and overbearing, facing the Russian hinterland."

The German note expresses "indignant amazement" at such statements from a friendly power.

BISHOP IS ARRESTED

Held For Pastoral Letter Opposing Religious Clauses of Mexican Law

MEXICO CITY, April 29.—Special despatches received from Pachuca report that Bishop Manriques Zarate, of Szejulia has been arrested in connection with a pastoral letter opposing the religious clauses of the Mexican constitution.

What amounts to virtually a state of siege, has been established at Zitacuaro as an outgrowth of the fighting between townspeople and the military over the religious situation Tuesday, during which Captain Rulfs, of the army, and one civilian, were killed and several civilians wounded.

U. S. Approves War Debt Agreements

WASHINGTON, April 29.—The last of the six war debt agreements with foreign countries negotiated last year that with Czechoslovakia, was approved yesterday by the Senate, 63 to 17. At the same time, President Coolidge affixed his signature to the bill ratifying the agreement with Italy, refunding her \$2,000,000,000 obligation.

BUDGET APPROVED

French Chamber of Deputies and Senate Finally Reach Agreement

PARIS, April 29.—The Chamber of Deputies and the Senate after sending the budget backward and forward all day yesterday and last night, finally reached an agreement and passed it shortly before dawn today. Parliament then adjourned until May 27. The figures of the budget as finally voted show receipts of 37,498,000,000 francs and expenditures of 37,808,000,000 francs, thus giving a surplus of 160,000,000 francs.

PEER'S HOTEL BILL

New York Hotel Obtains Judgment Against Lord Auckland For \$1,858

NEW YORK, April 29.—The Hotel Buckingham has recovered by court order, on a \$1,858.07 hotel bill incurred nearly five years ago by a British peer,

Frederick Colvin George Eden, Lord Auckland. The hotel will receive a portion of the money realized on a judgment sale of certain of his effects stored in a local warehouse. Lord and Lady Auckland came to America in 1921. Their stay was marked by a series of suits by milliners, an art gallery and hotels for unpaid bills. Most of these were settled out of court.

Vocational Committee Adopts Outline For Initial Day School Curriculum

Philip Grannan Awarded Contract for Supplying 750 Steel Lockers—New Engineer to Take Over on Saturday—Tenders Asked For Woodworking

THE Saint John vocational committee last night adopted an outline for the initial day school curriculum in the Vocational school, awarded the contract for supplying about 750 steel lockers to Philip Grannan, and decided to ask all local woodworking concerns to tender for supplying the tables, cabinets and other similar equipment for the domestic science department in the school.

It was also decided to have the engineer, James Kenan, take over the heating plant of the building on Saturday at 6 p. m. In the absence of Dr. L. M. Curran, the chairman, T. H. Carter, presided.

Mr. Grannan was awarded the contract for the steel lockers at \$5,888.85. They are to be the Meadow Locker, made in Canada, supplied with a combination lock and suitable interior equipment and installed in June to the satisfaction of the architect.

The Streets Are Paved With Gold

The town of Nilands, in the Imperial Valley of California, has golden streets—and this isn't a California booster yarn either. Heavy rains washed gold-bearing silt down on the streets and this silt is now being mined by Alexander McLaughlin, old-time prospector, panning some of the dust in the main street.

They Are Well Worth the Money

WHAT MR. C. YOUNG SAYS ABOUT DODD'S KIDNEY PILLS. Nov. Scotia Man Suffered With Backache and Kidney Trouble and Found Relief in Dodd's Kidney Pills.

SYDNEY MINES, N. S., April 28.—(Special)—From all parts of Canada come the same glad tidings, telling the same glad story of sufferers that suffer no longer, of the weak being made strong and healthy, and of the good work that is being done by Dodd's Kidney Pills. People are now learning the importance of keeping the kidneys in shape, of watching for the first symptoms of Kidney Trouble, and they turn at once to Dodd's Kidney Pills, because they know they are a remedy that never fails. Right here in Sydney Mines, Mr. Chas. Young comes forward with a statement that adds to the list of grateful letters. He says: "I have suffered a great deal from backache and kidney trouble, and I found that Dodd's Kidney Pills did me a great deal of good. I always keep a supply in the house and take them when I feel the least bit of pain. I always get relief and think they are well worth the money."

ACROSS CANADA AND BACK. "Marvelous beyond conception" aptly describes the glories of Canada's Rockies. To be fully appreciated they must be seen. To start out on a trip by one's self into this unfamiliar but fascinatingly beautiful country to many means a long and arduous journey. The R.C.N.V.R. Big Church Parade is a most commendable and patriotic venture. It is a most commendable and patriotic venture. It is a most commendable and patriotic venture.

Quick Relief For Rheumatics

Local Druggists Sell Rheuma on Money-Back Plan. FIREMEN ARE HOSTS

Good Time Given Guests Last Evening By Fairville Department. Chief Mason and members of the Fairville Fire Department upheld their reputation last night as being able to conduct a wonderful entertainment for their friends, when a large number of ladies and gentlemen enjoyed a dance, cards, musical program and refreshments. About twenty-five couples were on the floor while eight tables of bridge were played.

ANNUAL ROLL CALL FAIRVILLE BAPTIST

Two Former Pastors Present—Reports Show Good Year For Church. Fairville Baptist church held its annual roll call of members last evening at a service held in the church and followed by a reception in the vestry.

Woodstock Man In High Hydro Position

WOODSTOCK, April 28.—Advice has reached Woodstock of the recent appointment to the general superintendency of the generating stations of the Hydro Electric Commission of Ontario, at Niagara Falls, of John Dibble, a former resident of Woodstock, and son of the late William Dibble, included in his general duties, Mr. Dibble, it is learned, will have direct charge of the so-called Niagara District, including the recently constructed Chippewa-Queenston plant which cost the vicinity of eighty millions of dollars.

A Pimply Face Is Unsightly

Miss C. C. M. Smart, South Battleford, Sask., writes:—"A while ago I was troubled with facial blemishes, especially pimples, and was really ashamed to go out with such a bad looking face. I tried 2 or 3 different remedies, but they didn't help me any; so one day a friend, who had been troubled the same as I was, advised me to use Burdock Blood Bitters."

Burdock Blood Bitters

After I had taken two bottles there wasn't a pimple of any kind left on my face, and I now have a clear, smooth and velvety complexion. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

RECEPTION HELD.

At the reception after the service, social intercourse was enjoyed and refreshments were served by the young people of the church. Mrs. Leonard Trafton, Mrs. Harry Kierstead, Mrs. Robert Thorne and Mrs. Harry Carr composed the refreshment committee.

Three million people died from smallpox in the East Indies in 1770 and 1771.

COMMITTEE FIXES AUTO LICENSE FEES AT \$1.10 PER 100 POUNDS

Rate Reduced Ten Cents Flat and Will Apply to Both Heavy and Light Cars Which Must Be Registered Yearly

FREDERICTON, N. B., April 28.—The rate for automobile licenses will be \$1.10 per one hundred pounds for all cars, according to an amendment to the motor vehicle act when the bill was before the house in committee this evening.

Hon. D. A. Stewart, Minister of Public Works, in announcing this change, said that no distinction would be made between cars weighing over and under 2,500 pounds, as originally intended and that one rate, which is a reduction of 10 cents per one hundred pounds over last year's rate will apply to all cars.

Slow progress was made during the afternoon and evening on the bill, but when the committee rose it had been practically disposed of. One of the new sections of the act provides that cars must be registered every year.

MOTORCYCLES TO PAY \$5. The license fee of \$1.10 for each 100 pounds applies to all motor vehicles, excepting motorcycles, motor trucks, and motor vehicles used for commercial purposes. For each motorcycle \$5, and for commercial vehicles with pneumatic tires, \$1.10 per 100 pounds, commercial vehicles with other than pneumatic tires, \$2 per 100 pounds. The limit of weight for trucks as agreed to was 10,000 pounds for non-pneumatic tires, and 12,000 pounds for pneumatic tires, with certain regulations regarding width of tires.

Mr. Harrison asked that the limit of weight for hard tired trucks with a inch thread should be increased from 10,000 pounds to 11,000 pounds, as such trucks had been purchased in Saint John this year, and it would be considerable hardship to compel their owners to change to pneumatic tires.

R. C. N. V. R. PLAN BIG CHURCH PARADE

Will Attend Divine Service Sunday Morning at Trinity Church. Arrangements for the annual church parade of the Saint John Company of the R.C.N.V.R. have been completed. The annual parade will take place on Sunday, May 2, and is held to commemorate the naval battle of Zeebrugge on April 23. For the first time this year the parade will be headed by the R.C.N.V.R. Bugle Band. The band has been practicing strenuously and has achieved a high degree of efficiency.

The commander of the company, Lieut. Paul B. Cross, will be in command on Sunday, May 2, and is expected that about 75 members of the company will march in the parade to Trinity church, placing a wreath on the civic war memorial, as a tribute to the fallen naval men, who have carried out for the first time this year also.

The parade will leave the R.C.N.V.R. headquarters in Charlotte street at 10:30 a.m. on Sunday and will proceed along Charlotte street to Union street, along Union street to Trinity church, along Duke street to Germain street, along Germain street to King street and directly to the headquarters in Charlotte street and then to Trinity church.

On leaving the church after the service the company will march along Germain street up King street and directly to the headquarters in Charlotte street and then to Trinity church.

REVERENT CEREMONY.

A reverent ceremony will be carried out on the placing of the wreath on the war memorial. Lieut. Cross will place the wreath in the name of the company while the whole parade stands to attention with caps off and a half minute silence period will be observed immediately afterwards.

The parade will then continue its march and will proceed along Charlotte street to Union street, along Union street to Trinity church, along Duke street to Germain street, along Germain street to King street and directly to the headquarters in Charlotte street and then to Trinity church.

CARD PARTY

The weekly card party of the Ladies' Society of the St. John Baptist church was held last evening. The attendance was the largest of any yet held and cards were played at 50 tables.

The winners: Ladies' first, Miss Genevieve McDermott; second, Miss May Foley; third, Miss Gertrude O'Neill; gentlemen's first, King; second, Frederick Wills; third, W. J. Monford.

The Biggest Value on the Market

STRAITLONON CIGARS. The exact size of the cigarette is shown in the illustration. Manufactured with the Best Long Filler. Give it a trial.

Build your body back to health

Tanlac is a great natural builder. It revitalizes the blood, stimulates the digestive organs, rejuvenates the liver and pepes you up all over.

From the four corners of the earth we gather the roots, barks and herbs that go into Tanlac. We compound them after the famous Tanlac formula that has brought health to millions.

Our files are crammed with testimonials from men and women in every walk of life, who state gratefully that Tanlac has brought them back to vigorous strength.

If you suffer from indigestion, loss of appetite, can't sleep or rest; if rheumatism is making life a torture; if your liver is out of sorts and your body has run down to skin and bones, get a bottle of Tanlac at your druggist's and start taking it right away.

You'll be amazed to note the improvement that comes at once. For the first time in months you'll feel like eating some good solid food. You'll wake up in the morning rested and refreshed, ready for a good day's work. First thing you know you'll have some color in your cheeks and the sparkle of health back in your eyes.

Don't delay taking Tanlac. Begin now if you want to build your body back to health and vigor. Take Tanlac Vegetable Pills for constipation.

ACCEPTS CALL TO WEST SIDE CHURCH

Rev. James Dunlop Goes to Charlotte Street Baptist in September. His pastorate of the Central church will close at the end of August. Mr. Dunlop leaves tonight for the New England States for a short vacation and he has promised the Central congregation to give every assistance in securing a new pastor as his successor.

Mr. Dunlop's acceptance of the West Saint John charge was conveyed to the congregation in a letter received by C. B. Lockhart yesterday. Mr. Lockhart, D. C. Clark, Lieut.-Colonel Norman F. McLeod and others formed the Charlotte street Baptist church committee, which has conferred with Mr. Dunlop with reference to his acceptance of the West Side charge.

Mr. Dunlop's acceptance of the West Saint John charge was conveyed to the congregation in a letter received by C. B. Lockhart yesterday. Mr. Lockhart, D. C. Clark, Lieut.-Colonel Norman F. McLeod and others formed the Charlotte street Baptist church committee, which has conferred with Mr. Dunlop with reference to his acceptance of the West Side charge.

ROBB STANDS FIRM ON AUTO TARIFF CUTS

Finance Minister and Russell Clash Over Report of McLaughlin Statement DEPUTATION ASKS FOR REPEAL OF DROP

OTTAWA, April 28.—Hon. J. A. Robb, Minister of Finance, told a large delegation of automobile parts manufacturers, this afternoon, that there would be no change in the reductions of tariff on automobiles provided for in the budget.

"We are going to put this legislation through and if anybody thinks we can't get it through, I am not afraid of the issue," said Mr. Robb.

The minister denied that it was the desire of the government to injure the manufacturers of automobiles or parts in Canada. It was the intention of the government to assist these manufacturers in developing the export trade and he thought that the reduction would have this effect.

McLAUGHLIN STATEMENT. Mr. Robb referred to a visit which he said he had paid to Toronto during the early part of March to consult with the motor car manufacturer. On that occasion, R. S. McLaughlin, President of the General Motors Limited, of Canada, had declared as follows: "If you change those duties at all, I'll close the doors of my factory."

"I replied to him that he could not get away with that kind of bluff," Mr. Robb told the delegation. The other manufacturers present had taken a more reasonable view of the matter and he had discussed it at some length with them, the minister said.

T. A. Russell, President of the Automobile Industries of Canada, denied that Mr. McLaughlin had made the statement attributed to him by Mr. Robb.

"Didn't he say that he would lock his doors if the reductions went into effect?" asked the minister. "And did I not reply to him that he could not get away with that kind of bluff?"

"No he didn't," said Mr. Russell. "Your statement is not fair to Mr. McLaughlin, who is not here."

Mr. Russell said that Mr. Robb had certainly taken an incorrect meaning from the remarks of Mr. McLaughlin. There was always a tendency to be afraid of things in advance, said the minister. He pointed out the provision in the budget for the 25 per cent rebate on the use of Canadian labor and Canadian products. The Government had been studying the question of automobile duties for a year.

The minister said that 47 per cent of the automobile business last year was export business. The 25 per cent rebate was designed for the export business. In the New Zealand market, American cars were able to compete with Canadian because they were less costly.

SWARMING TIME IS HERE

Fundamentalists in Toronto Told 13 Is Number of Sin; Bible References Are Given

Canadian Press. TORONTO, Ont., April 29.—That the number 13, usually associated with ill luck, is the number of sin and is always associated with rebellion against God in the Bible, was the assertion of Dr. Marion Hill, medical practitioner of Atlanta, Georgia, in an address at last night's session of the World's Christian Fundamental Association's convention.

Dr. Hill's address was to show that the entire Bible was written with what he called the Divine Law of numbers, and from this he argued that the Scriptures were verbally inspired, even down to the last letters.

MUCH OPEN WATER NOW AT GAGETOWN Record for Ice Travel Made From Mauger's Island to Mainland

GAGETOWN, April 27.—Large tracks of open water have appeared in the last few days at the lighthouse, below Gagetown; and at Queenstown the river is open for some distance. Above Gagetown there are no reports of open water, but the ice is not being used now.

From Early Childhood to Old Age, Father John's Medicine Builds Health and Strength

Almost the greatest value possessed by Father John's Medicine is its power to re-build the strength of the delicate child, the vitality of the growing boy and girl, the vigor of those of 45 and the energy of those of 70.

As old age creeps on, Father John's Medicine lends its aid to build up the body energy. As a rule, those of three-score years and more are not getting the proper amount of nourishment from their food.

Hoch, Regina Leader, and Charles
Swayne, Victoria Colonist.

J. F. B. Livesey is general manager
and secretary.

C. P. R. NET PROFITS
RISE TO \$6,531,067

Figures Are For First Three
Months of 1926; March
Shows Gain

Canadian Press Despatch.
MONTREAL, April 28--For the
first three months of 1926 the net
profits of the Canadian Pacific Rail-
way increased over the same period
of last year by \$3,855,851.56 to \$6,531,067.12.

For the period ending March 31,
1926, were \$46,244,529.75, while work-
ing expenses were \$38,713,462.63, rep-
resenting net profits amounting to \$6,531,067.12. This compares with \$3,675,215.56 for the same period in 1925, a net increase of \$2,855,851.56.

For the month of March this year,
the company's business continued to
show an increase, the net profits for
the month being \$2,824,177.70, com-
pared with \$1,971,212.65, giving an
increase of \$852,965.05.

NEW YORK, April 28--The recent
gold movement to Canada was further
extended today with a shipment of
\$2,000,000 by the Canadian Bank of
Commerce, a total of nearly \$15,000,000
since the rise in rate on Canadian ex-
change to 114-1/2 of 1 per cent premium.
Continuation of the premium rate is
expected in Wall Street to attract to
Canada much of the \$60,000,000 in gold
that came to the United States early this
year.

Smith College will attempt to find
out if women can do into part-time
careers and homes.

Brokers Opinions

NEW YORK, April 28.—Psychic—Bulls and public utilities continue to act steady.

Bulls & Co.—We think another forward move will assert itself later this week.

Horblower—"Hold stocks for better prices between now and the middle of May."

Block Matinee—"Buy, look for more two-sided swings in stocks, but on reactions we would buy the high grade bulls."

PRICES FIRM AT OPENING TODAY AT MONTREAL

Power Strong and Most Active Issue; Other Stocks Are Active

TENDENCIES IN WALL STREET ARE UPWARD

General Motors Attain New High Mark; Now Control Fisher Body

MONTREAL, April 28.—Stock prices displayed a firm tendency during the first half hour's trading on the Montreal Stock Exchange this morning and several gains were recorded. Montreal Power was strong and the most active issue, advancing one point at 225 in a 1,000 share turnover. Other strong spots included Smelters, up 1/2 at 197 1/2, and Price Bros, up 1/4 at 67 1/2. Beaco 2nd preferred remained firm at 24, as did Asbestos preferred at 122. Steamship preferred at 11. Western Coppers at 44, and Shawinigan at 49.

Other changes included Laurentide, off 1/4 at 84 1/2, Spanish River up a quarter at 59, and New Asbestos common up a quarter at 23 1/2.

IN WALL STREET

NEW YORK, April 28.—Upward tendencies were well maintained in the stock market as trading was resumed today. Most of the early buying interest centered in the motor shares, with General Motors attaining a new top price for the year at 132 1/2, on reports that the corporation would acquire full control of the Fisher Body organization and that it would pay a substantial extra dividend next month. Oil issues forged ahead under the leadership of Marland and the standard shares.

Public Health Officials To Meet

For three days, May 5, 6 and 7, there will be a convention of public health officials at the Physics Building, Toronto University (shown above). Some of the important officials present will be Dr. Forbes Godfrey, at the left, Minister of Health for Ontario; Dr. George D. Porter, President of the Canadian Health Association, second from the left; Fred Adams, President of the Ontario Health Officers' Association, and at the right, Hon. Mr. Justice Riddell, President of the Canadian Social Hygiene Council. Several famous public health experts will attend the congress.

BENNETT GRILLS LAROCHELLE OVER LIQUOR PRESENTS

OTTAWA, April 28.—Denial of M. G. Larochelle, civil service commissioner, that gifts of liquor from the inspector of customs at Montreal influenced the decisions of the commission in regard to appointments and promotions in the Montreal customs office, was not accepted by Hon. H. H. Stevens and Hon. R. B. Bennett at the Customs inquiry here today.

Mr. Bennett, caustically commented that when an application from the donor of the liquor, R. P. Clerk, for an increase in pay had been vetoed by the Chief Civil Service Commission, Hon. Dr. W. J. Roche, "supplies had been cut off" for the other two members of the commission.

INCIDENT LED UP TO.

After a long cross-examination of the witness, Mr. Bennett led up to this incident. He reviewed the evidence brought out by Mr. Stevens and summed it up thus:

Mr. Clerk had long sought an increase in his position, implying an increase in salary. He secured the support of Mr. Larochelle in spite of the adverse recommendation of the chief examiner of civil service, Clarence Jameson, another civil service commissioner, had shared Mr. Larochelle's views and helped him to prepare his judgment. But the chairman of the commission, Dr. Roche, had ruled otherwise. Mr. Clerk did not get his increase and then, added Mr. Bennett, raising his voice, "supplies were cut off."

PROTESTS IMPLICATION.

Mr. Larochelle protested that the implication was not correct. Mr. Bennett showed his remark again, as a question, demanding that witness answer "yes" or "no."

The witness began again his explanation that Mr. Jameson and himself had already decided to forbid Mr. Clerk to send them any more sample liquor.

The Montreal inspector had suggested one day that he replenish their supplies and witness had replied that he did not want any more liquor.

"About the time that the House of Commons was getting ready to put up \$300,000 to chase smugglers?" asked Mr. Bennett.

Mr. Larochelle said he did not even know that was being done.

ACCESS OF VIRTUE.

Mr. Bennett wondered why the civil service commissioners had suffered a "sudden access of virtue." Here, he said, was a commissioner charged with a tremendous responsibility in the public service and a civil servant who by log-rolling with the commissioners got a position in Montreal which he was not fitted for. Did it not occur to you that you were putting yourself into the hands of this man?" added Mr. Bennett.

NO ANSWER GIVEN.

There was no answer, Mr. Bennett went on: "Knowing as you did the regulations in respect to samples, you were practically the receiver of stolen goods. He had no more right to take those goods and give them to you than he would have to go to a downtown store and take merchandise to give to you."

Mr. Larochelle protested that he did not know the origin of the liquor he received until he heard about it in the committee room yesterday.

RECITAL IS ENJOYED.

Music lovers in the city enjoyed a rare treat yesterday afternoon in the violin and organ recital given in St. John's (Stone) church by Mrs. I. J. Gunn. During the half hour recital Mrs. Gunn accompanied by Bayard Currie at the organ, gave a number of very beautiful violin numbers and afterwards played several organ selections. Both as violinist and as organist Mrs. Gunn gave a brilliant performance.

The steamer Minnedosa, with mails, passengers and general merchandise from Antwerp, Cherbourg and Queenstown, is due at Montreal on Sunday.

SHIP BOARD SELLS TANKER TUXPANOL

Oil Transport Co., of Baltimore, Outbids Standard Oil Co., of Jersey City

WASHINGTON, April 27.—At a meeting of the Shipping Board last week the steel tanker Tuxpanol of Baltimore for the sum of \$1,662,500, or \$162,500 per deadweight ton. The Oil Transport Co., of Baltimore, was high bidder, and the tanker was sold to it in accordance with the terms of the advertisement, which specified, in part, that the tanker would be converted to Diesel propulsion. The Tuxpanol is of 10,250 deadweight tons, built by the Baltimore Dry Dock & Shipbuilding Co., in March, 1921; has 12,000 horsepower, two Parsons turbines and three Scotch boilers, and is designed to steam about 10 1/2 knots on 35 tons of oil a day.

The Standard Oil Co. of New Jersey bid \$1,600,000 for the vessel. C. D. Malory & Co. of New York bid \$1,625,000 for the tanker, because it was not on the basis of converting the vessel to Diesel engine propulsion, as required by the terms and conditions specified by the board in asking for bids. Officials said that if it had been desired to sell the tanker without the requirement that it be converted to Diesel engine propulsion, considerably more than \$1,600,000 could have been obtained for it.

GIRL HELD FOR DEBT

Armed Deputies Seek Release of Prisoner in Virginia Mountains

CHARLESTON, Va., April 28.—Armed deputies today prepared to penetrate the mountainous region of Summers County to take by force, if necessary, a 12-year-old girl whose assets is being held as hostage for a \$600 debt.

The little girl, Edna Smith Burrell, has been living with her mountaineer guardians—a mother and four sons—in a mountainous region of the county and it was not until her mother sought to recover her that she discovered the child was being held in virtual captivity.

HAS HAND INJURED

Lilice LeBlanc Meets With Nasty Accident in Moncton Mill

Special to The Times-Star

MONCTON, April 28.—A nasty and painful accident befell Lilice LeBlanc yesterday while working in the wood-working mill owned by his father, E. N. LeBlanc, of this city. He was engaged on one of the machines in the mill and apparently his hand slipped and was caught in the saw. He received bad cuts, one finger being badly crushed. He was given first aid attention and later medical aid, and it is expected that he will be able to return to work.

Profitable Canadian Investments Abroad

Canadian capital has profitably developed many foreign Public Utility enterprises, particularly in South and Central America, and original investors have not only enjoyed an unusually satisfactory income return, but in many cases have made substantial profits from common stock bonuses.

Through our extensive organization and facilities for keeping in touch with public utility developments in Latin America, we are able to offer the Bonds and Shares of companies which are operated successfully under Canadian management supervision.

The current issue of *Investment Recommendations* gives particulars of some attractive investments of this type. You can obtain a copy by utilizing the coupon below.

Royal Securities Corporation LIMITED

72 1/2 Prince William Street, Saint John

Please send me "Investment Recommendations" containing particulars of public utility investments.

CANADIAN CONCERN NETS BIG DIVIDEND

Manufacturers' Finance Corporation Issues Good Statement

MONTREAL, April 28.—The statement of the Manufacturers' Finance Corporation, which has just been issued, shows a gratifying record of substantial progress. The splendid statement of net profits amounting to over \$124,000 for the past 13 months' business is some indication of the favorable position of the company.

The experience of this purely Canadian company in that special form of commercial banking which it has undertaken shows that its ratio of loss is extremely low. This feature of possible loss from borrowers was stressed by opponents of the particular plan under which the company operates. The results of the three years' operation show that the corporation's losses in this respect are almost negligible, and bear out the cumulative experience of similar concerns in the United States and Canada. One of the largest of these companies shows the tiny figure of 0.12 per cent of loss after handling accounts totalling \$509,000,000.

Some idea of the rapidly growing nature of the business of the Manufacturers' Finance Corporation can be visualized by an examination of the paid-up capital and the comparison of gross discounts handled over a term of years. At the end of 1922 the corporation's paid-up capital was only \$312,823.08; today it is \$1,506,250, while gross discounts handled at the end of 1922 were but a little over \$49,000, and at January 31, 1926, they amounted to \$1,152,810.

The directors of the company are Hon. J. A. McDonald, president; J. A. C. Cameron, vice-president; William M. McDonald, secretary-treasurer; Hon. P. E. Blondin, Hon. G. D. Robertson, Hon. H. H. Stevens, J. A. C. Cameron, K. C. L. Col. Boyd Anderson, Col. D. R. Street, Lt. Col. John A. Cooper, Colonel Robert Starke, D. A. Morrison, Wm. Duff, M. P., Chas. B. Howard, M. P.

MISS ELIZ. EVANS IS DEAD IN KENT CO.

BUCTOUCHE, April 28.—The death is announced at the home of her brother, David, in Colton Village, of Miss Elizabeth Evans for many years a highly respected resident of South Branch, this county. Miss Evans was 72 years of age and had lived with her brother for the past ten years.

She was a daughter of the late John Evans and Jane (Ferguson) Evans, of South Branch. Besides her brother, she leaves a sister, Mrs. James Markey, of South Branch, and several nieces and nephews.

DIRECTORS RE-ELECTED

CORINTH, N. Y., April 28.—Retiring directors of the International Paper Co. have been re-elected at the annual meeting here today. There were represented in person or by proxy, holders of 214,690 shares of a total of 625,654 shares outstanding, this being the largest percentage of shareholders represented at any meeting since the company was organized in 1898.

CHILD IS DEAD

The many friends of Oswald and Edith Evelyn Lawson, East Saint John, will extend sympathy in the death of their five-month-old daughter, Lily Helma, which occurred this morning in the General Public Hospital. The funeral, which will be private, will be held this afternoon, with interment in Fernhill.

C. N. R. OFFICIAL RETURNS

MONCTON, April 28.—F. H. Kinneer, regional purchasing agent, C. N. R., has returned to the city from Detroit where he was attending the annual convention of railway purchasing agents.

Manufacturers' Finance Corporation Limited

PROFIT AND LOSS ACCOUNT For Year Ending January 30, 1926

By Balance Jan. 31, 1925	\$ 6,148.01
By Discounts, Interest, Commissions, Items, etc.	1,163,082.19
By Management and Office Expenses, Including Legal and Audit Fees, Banking Charges, Rents, etc.	58,869.57
By Net Profit for year	124,112.22
	\$130,858.28
Appropriated as follows:	
To Dividend June 30, 1925, and Dec. 31, 1925	\$ 65,415.25
To Interest Allowed Subscribers	2,845.63
To Balance Carried Forward	63,097.40
	\$130,858.28

We have examined the books and records of the Manufacturers' Finance Corporation Limited for the year ending January 30, 1926. We certify that in our opinion the attached Balance Sheet is properly drawn up to exhibit a true and correct view of the state of the Company's affairs according to the best of our information and explanations given us and as shown by the books of the Company.

Our requirements as Auditors have been complied with.

(Signed) N. L. MARTIN, Chartered Accountant.

PRESIDENTS REPORT.

A statement of our affairs and a copy of the Profit and Loss Account are submitted herewith. This Company began business in a small way in May, 1923, with a paid-up capital of \$200,000. Later in the same year we took over the Credit Alliance Financial Limited. In March, 1925, we purchased the assets of Dominion Finance Guaranty Corporation Limited, and in September, 1925, we absorbed the Bankers' Discount Corporation Limited.

This feature of possible loss from borrowers was stressed by opponents of the particular plan under which the company operates. The results of the three years' operation show that the corporation's losses in this respect are almost negligible, and bear out the cumulative experience of similar concerns in the United States and Canada. One of the largest of these companies shows the tiny figure of 0.12 per cent of loss after handling accounts totalling \$509,000,000.

COMPARISON OF PAID-UP CAPITAL.

Dec. 31, 1923	\$ 212,623.04
Dec. 31, 1924	612,250.83
Jan. 31, 1926	1,506,250.00

Our gross discounts for this period show the tremendous growth of the business handled.

COMPARISON OF GROSS DISCOUNTS HANDLED.

Year ending Dec. 31, 1923	\$ 49,106.32
Year ending Dec. 31, 1924	62,523.09
Year ending Jan. 31, 1926	1,152,810.00

(Year ending closed to Jan. 31.)

A comparison of our net profit for these years in an index to the possibilities of this business and also an indication of the care which has been exercised in the Management of the Company.

NET YEARLY PROFITS COMPARED.

Year ending Dec. 31, 1923	\$ 6,201.73
Year ending Dec. 31, 1924	62,523.09
Year ending Jan. 31, 1926	124,112.22

All these amalgamations have brought to us a strong clientele of shareholders in the Province of Quebec as well as in the Province of Ontario, and should mean much to the future growth and strength of the larger Companies in the United States and Canada dealing with the specialized form of commercial banking is to the effect that the loss ratio is remarkably low. One of the largest Companies operating in the United States and Canada did a business in 1925 of \$600,000,000, with a loss ratio of only 0.12 per cent. The total business done on this continent by banking companies similar to our own is now estimated at more than three billions of dollars annually. This shows the possibility for Manufacturers' Finance.

Our ratio of net profit earned during the past two years is over 13 per cent. As Canada seems to have overcome most of her post-war commercial problems, and as general trade is expanding gradually but surely, your Directors feel that the outlook for the future is bright.

Your Directors desire to express their appreciation of the faithful work of the Staff who have performed their duties most satisfactorily.

(Signed) J. A. McDONALD, President.

CANADIAN PACIFIC SUBURBAN SERVICE

The Canadian Pacific Railway announces the following as suburban schedules for current season, the figures being given in Daylight Saving Time.

Days of "Iron Man" Stunts For Pitchers As Regular Work Have Gone Forever

By HENRY L. FARRELL. NEW YORK, April 29.—Joe McGinly, who as the original iron man of baseball...

The theory most generally advanced to explain why even the big fellows have to have a rest of two or three days between games is that the athletes of the present day are less sturdy...

McGinly, however, is of the opinion that the blame rests upon psychological influences for which modern managers are responsible.

TOO MANY PITCHERS. "Take a look at the bench of any major league club now and you will see it all cluttered up with pitchers," he said.

STAR ARE SCARCE Star pitchers are hard to find and when any manager of a contending team finds a star he is just as eager to keep him serviceable as long as the star wants to remain a big salary.

MUST HAVE CONFIDENCE This policy has had a psychological effect upon the pitchers. They have been influenced into the belief that they should not have to work without a long rest...

FEATHERWEIGHT CHAMPION MUST DEFEND CROWN

Kaplan Given To June 1 To Meet Opponent In N. Y. State

NEW YORK, April 28.—Louis (Kid) Kaplan, Meriden, world's featherweight champion, will have to defend his title at the Queensboro Stadium in Long Island City on June 1...

CRITICIZE HARRIS Some grand stand managers criticized Bucky Harris, manager of the Washington Senators, after he had permitted Walter Johnson, starting his twentieth season in the major leagues...

Harris, no doubt, felt that Johnson, after nineteen years experience, knew more about pitching than he did.

PERMISSION DENIED SUGGS Chairman Parley announced that permission to box Charlie (Phil) Rosenberg in a bout in Cleveland, had been denied Chick Suggs.

NEITHER WILD OR BAFFLING. Dan Howley, manager of the Toronto team, perennial foe of the Baltimore team, assumed Groves up when he said:

CITY BALL LEAGUE TO OPEN ON MAY 24 Each Club to Play Thirty Games—Season to Last Ten Weeks

A meeting of the City Senior Amateur League was held last evening in the office of the president, A. W. Covey.

HARRIS DEFEAT St. Andrew's Team The intermediate Harriers defeated St. Andrew's basketball team in an exhibition game on St. Andrew's floor last night by a score of 29 to 25.

Coach Remedies Groves' Wildness

By NORMAN E. BROWN. HAS Lefty Groves, \$100,000 pitcher of the Athletics, been cured of the wildness that made him a failure his first year?

When Connie Mack acquired the elongated finger a year ago he had hopes of Groves delivering even if that wildness clung to him when he worked with a big league catches and with a big league infield and outfield behind him.

Groves, however, was as wild as a hare. Same old story. Either he fanned 'em or walked 'em.

He won 10 but lost 12 games. He issued 121 bases in 128 innings. He fanned 116.

Last winter Mack signed Gleason to coach his team and put some "right" in it.

Gleason had heard of Groves, of course. When the big pitcher showed up at Pt. Myers, Fla., last spring Gleason began to watch him. It wasn't long before Gleason determined what was the cause of Groves' inability to keep his control.

Gleason decided that Groves was pitching with his shoulders "pulled up." That is, as Groves wound up and delivered the ball his shoulders were hunched much as you pull your shoulders up and draw your head back when anticipating a slap on the back by some long lost Rotarian brother.

As he released the ball from his hand Groves let his shoulders drop. Gleason was immediately of the opinion that this drooping of the shoulders, coincident with the releasing of the ball, had a tendency to lessen Groves' control.

He explained his beliefs to Groves and set to work with the hurter to correct the fault.

"Keep your shoulders down," he drilled into Groves' ears as the southpaw unlimbered on the sidelines or lobbed them over for batters in practice.

CAUTIONED BETWEEN INNINGS. When the exhibition season started Gleason worked Groves frequently to give him actual work before the season. "Keep those shoulders down," he cautioned him before every inning.

While Groves was on the mound Gleason would yell from the bench, "Where have you got 'em now?"

Apparently Gleason's discovery has "made" Groves. Of course it will take more than one impressive showing—more than a few innings in the box to prove it but Lefty's work against the Red Sox was so much different from his work last season that there is cause now to speculate as to the success of Gleason's labors.

If the fault has been found and remedied Mr. Groves will have something to say in the disposition of the American League pennant.

MEET OFFICIALS DO NOT FAVOR PLAN OF STAR

French Champion To Give Exhibitions While In America

NEW YORK, April 29.—Suzanne Lenglen will not compete in the United States Women's Tennis championships at Forest Hills in August in connection with her forthcoming trip to this country to fulfill a motion picture contract, according to The Associated Press.

Charles C. Pyle, Chicago promoter, made this known recently after filing a request with the United States Lawn Tennis Association for sanction of exhibition matches contemplated for the French champion.

The Advisory Committee of the U. S. L. T. A. was to have considered this request at its regular weekly meeting but postponed action until next week without indicating what course would be taken.

Mlle. Lenglen's plan to stay out of the American title tournament is not expected to meet with favor among tennis officials, who pointed out that, inasmuch as she is coming to this country anyway, it would be looked upon as a return courtesy for her to compete here in view of the entry of Miss Wills in the French championships.

According to Pyle the French ace plans to arrive here late in August.

CONTRACT IS CONFIRMED. NICE, France, April 29.—The representative of Mlle. Suzanne Lenglen here received a cable message from New York on Tuesday advising him that promoter Charles C. Pyle had approved the tentative agreement negotiated by William H. Pickens on his recent trip to the Riviera, calling for Mlle. Lenglen's appearance in the United States.

Her representative refused any statement except to say: "The Pickens agreement still holds good."

The agreement covers a tour beginning next October. Mlle. Lenglen to receive money, the amount unstated, for motion picture acting and also newspaper writing. Tennis playing is not mentioned.

Delaney To Fight In Montreal Soon NEW YORK, April 29.—Jack Delaney, French Canadian light-heavyweight and outstanding challenger for Paul Berlenbach's crown, was signed here yesterday for a ten round bout in Montreal. He will meet Martin O'Grady, Pacific Coast brawler, in the Forum A. C. on May 12.

Local Bowling INTER-LEAGUE SERIES. The Knights of Pythias team took three points from the C. N. R. in the Inter-League championship game on Blacks' alleys last night.

CITY LEAGUE. In the City League game on Blacks' alleys tonight the Sweeps and Pirates will roll.

TALL WIRELESS MASTS. The big steel masts of the new wireless station near Rugby, England, weigh 300 tons each and are 820 feet in height.

HAROLD LLOYD MAKES BIG HIT AT IMPERIAL

"For Heaven's Sake" Makes Theatre Ring With Laughter

Harold Lloyd—he of the appealing smile, modest manner and horn-rimmed glasses arrived in town yesterday in his best comedy opera, "For Heaven's Sake!" The steady and continuous roar of laughter that greeted the initial unfolding of this film at the Imperial Theatre last night was an eloquent and well-deserved tribute to one of the most hilarious and fruitful entertainments the current season has as yet produced.

There isn't a dull moment in the entire production. It bubbles pep and action it generates thrills and throbs, and it gushes grins and gags in an unceasing stream. In short "For Heaven's Sake!" is good, solid, substantial fun, served up hot from the Lloydian griddle.

The plot of the picture has to do with Harold's metamorphosis from a care-free and indolent millionaire clubman, bored with his life of life ease and luxury, to a heroic nationalist, a fighting crusader, who becomes the guiding spirit in a slums mission.

His strong-arm methods in reforming the toughs and gangsters of the underworld are enough to make Billy Sunday turn green with envy and every film fan blue with laughter. One mirth-provoking scene is but a stepping-stone to another even more uproariously funny, and it all leads up to a hysterical climax in the shape of a mad, dizzy, riotous bus ride that is the last word in excitement and thrill. Sandwiched in between the rollicking footley and spirited action is a wistful romance that gives the expected comedian a chance to make shy love to the charming and demure Jobyna Ralston.

Rugby Football To Boom In Montreal

Canadian Press
MONTREAL, Que., April 29.—The section was announced yesterday of the Westward Amateur Athletic Association of Montreal to take up rugby football under the English code next season and to enter a fifteen in the local union. Westward's admission means that next season will be four English rugby clubs operating in the city. The others are McGill University, Montreal-English, and Sun Life.

DIRECT TAX IS ANXIET CAUSE AT CITY HALL

Commissioners Disturbed About City's Position in Matter

ACTING MAYOR IS TO WRITE PREMIER

Don't Want To Be Collecting Agency For Impost

The direct taxation proposals of the Provincial Government were under discussion at City Hall this morning and it was decided to have the acting Mayor get in touch with Premier Baxter to find out just what method was to be employed to collect this tax. It was also decided that a protest should be made if it was proposed to ask the city to act as a collecting agency for this tax or to make the levy on the city in the same manner as the Board of School Trustees does at present, the city paying over the amount and then collecting as much as possible from the citizens.

COMMISSIONERS' VIEWS

The matter was brought up by Commissioner Wigmore who expressed the opinion that it was the intention of the government, judging by the published report of the bill, to order the levy on the various municipalities and it would then be up to them to collect and pay over the amount required. It was the intention he felt the council should make a vigorous protest. Commissioner Bullock and the opinion that the Government had not the authority to impose such a burden on the people of any municipality but acting Mayor Frink quoted an opinion of the late C. N. Skinner that the legislature could pass any law it liked and carry it out.

SAYS CITY "MILKED"

"Don't you know," said the acting Mayor, "that the city has been milked for the last 25 years."

Commissioner Wigmore interjected that now it had come to pass that it was not a case of milking but of stamping the cow. He then moved that the acting Mayor be requested to communicate once with the Premier and find out just what method of collecting the tax was to be adopted, and if the levy was to be direct on the city and the council was expected to collect it, to register an objection. This was seconded by Commissioner Bullock and carried.

"VIEWS WITH ALARM"

At a special meeting of the Common Council, held at the close of the committee meeting, the following resolution was moved by Commissioner Wigmore, seconded by Commissioner Harding, and adopted:

"That the common council in session views with much alarm the proposed direct tax of 10 cents on each \$100 of valuation on property in New Brunswick. This will bear heavily on the City of Saint John, on our present high valuation, and council members representing the city and county of Saint John critically survey conditions and register an objection against the tax and collection of same by the city.

Further that copies of the resolution be sent to each of the members for the city and county of Saint John in the Provincial Legislature."

ALUMNAE BRIDGE IS DELIGHTFUL EVENT

St. Vincent Young Ladies Conduct Successful Function at Y. M. C. I.

One of the most successful events of the social season was a bridge of 32 tables held under the auspices of the St. Vincent's Alumnae, in the Y. M. C. I. last evening. The general conveners were Miss Katherine O'Neil, Mrs. D. J. Corr and Mrs. E. J. Hennessey; Miss Grace Doherty and Miss Kathleen Gorman were the business committee. Prizes for the highest scores were won by Mrs. D. Owen, Miss Kathleen Gorman, James Burt and Frank Fitzgerald. At midnight delicious refreshments were served. The supper table presented an attractive appearance with decorations of mauve and yellow and was centred with a profusion of jonquils and gladioli. The same color scheme was carried out in the artistic tally cards and pencils. A satisfactory sum was realized for the Alumnae scholarship fund.

STILL CLIMBING

Bank Clearings Again Show Increase Over Two Previous Years

The Saint John bank clearings, which totalled \$2,399,414 this week and were \$480,000 over those of the corresponding week of last year and \$831,257 over the figures of 1924. Moncton clearings this week were \$1,542,534. The Halifax clearings were \$2,890,254.

Succeeds Mr. Brodie As Architect Here

The many friends of F. Neil Brodie, architect, will regret to hear of his retirement from the architectural business. H. S. Brennan, who has had 25 years experience in architectural work, will be his successor and will carry on at the present offices, 42 Princess street.

One among the many buildings with which Mr. Brennan has had experience is the Saint John Vocational School which he now is busy setting up.

Mr. Brennan is a brother of N. L. Brennan, prominent funeral director.

MOUNTED POLICE ON N. B. BORDER TO STOP SMUGGLING IS PLAN

Suggestion Goes To Ottawa From Saint John Merchants and Board of Trade Council—Resumé of Maritimes Matter Is Given

The council of the Board of Trade, at a meeting this morning, recommended the employment of a special body of the Mounted Police to prevent smuggling across the border from the United States. Copies of the resolution will be sent to the committee of Parliament now investigating this matter and also the Commercial Protective Association.

RESOLUTION ENDORSED

A resolution presented by P. W. Rish approved at a meeting of Saint John merchants, wholesale and retail, held in the Board of Trade rooms on April 29, was endorsed by the council of the Board of Trade this morning. It was as follows:

Whereas there exists much smuggling of various dutiable commodities across the international boundary from the United States into the Province of New Brunswick; and

Whereas such smuggling obviously reflects to the serious detriment of legitimate business concerns—wholesale and retail throughout the whole province of New Brunswick; and

Whereas, apart from its manifest unfairness to legitimate commerce, the prevalence of smuggling is, beyond question, endangering a contempt for the law of the land—a circumstance which justifies and demands the adoption of the most effective measures possible toward the suppression of the evil; and

Whereas the employment of secret service preventive officers has not proved and cannot be expected to prove effective in the suppression of smuggling because of the extent of the said international boundary, involving as it does much remote, sparsely populated territory that is consequently attractive for smuggling; and

Therefore be it resolved by the Saint John Board of Trade that the committee of the Government of Canada now

investigating the matter of smuggling be requested to urge that an adequate number of the Mounted Police Force be employed to patrol the international boundary of New Brunswick, and be granted full powers to search, arrest, and to take any or all of such steps as may be so taken by officers of the law toward the prevention of the smuggling of dutiable commodities into the Province of New Brunswick.

MARITIMES CAUSE

A. P. Paterson, for the Maritime committee, reported on the progress of the movement to date and expressed the gratification of the committee at the way in which the people of other parts of the Dominion were rallying to the support of the Maritimes. He reported that progress was being made in preparing a brief for submission to the Royal Commission, which will begin its work in May or June of this year.

The report of Mr. Paterson and discussion on it took up the greater part of the session and he was congratulated by the members of the council on the excellent résumé of what had been accomplished.

The chairman of the membership committee reported progress in arrangements for the membership campaign which is to begin on May 5.

The application of G. B. Taylor for membership in the board was approved.

MONTHLY MEETINGS

It was decided that monthly general meetings of the board would be held, the exact form of the meetings to be arranged later. It was felt that by this method the council could get the benefit of the ideas and suggestions of the general membership more readily. It was also decided to issue a monthly bulletin to the members.

MORTGAGE CASE IN CHANCERY COURT

F. H. Colwell vs Stephen Construction Co. Begun—Also Several Applications

Several applications were heard this morning, and one action was commenced in the Chancery Court before Chief Justice Sir Douglas Hazen. The case of Fred H. Colwell vs the Stephen Construction Co. is an action for the recovery of the amount due on a mortgage secured by leasehold property in the Parish of Simonds, was begun this afternoon. Dr. F. R. Taylor, K. C., and T. L. McLean are appearing for the plaintiff, C. F. Sanford, K. C., for the Eastern Trust Company, second mortgagee, and J. P. H. Teed for the Stephen Construction Company.

FOR FORECLOSURE

S. A. Skinner made application for an order for foreclosure of three mortgages in the matter of J. R. Campbell and Bower S. Smith, trustees under the will of the late John Robertson, vs. James J. Goldie and Grace Goldie. The court assessed the amount due under the mortgages at \$3,122.54, and an order was made, the matter being referred to a master for sale, all parties to have leave to bid.

TOMORROW IS LAST FOR INCOME PAPERS

Federal Office Here Open Till 9 O'clock on Friday Night

In order to give citizens the full limit of time in which to file their income tax returns the federal office in the Post Office will be open Friday evening until 9 o'clock. P. MacLeod, taxation inspector, said this morning:

These returns have to be filed not later than midnight on April 30, and persons not filing by that time are liable to a penalty of \$25 a day for each day the papers remain unfiled.

Mr. MacLeod said the returns to date were only fair, but it was impossible to say until the mail was all in Saturday whether the amount received would be as great as last year.

The U. N. B. Club, which includes graduates and former students of the University of New Brunswick in Saint John, is to give a luncheon at the Admiral Beatty on Saturday in honor of the students of the University Law School here. The law faculty, joining with the U. N. B. Club in the function. The committee having the preparations in hand is assured of a good attendance of both graduates and their wives and friends. Mayor White, although he will be taking office on Saturday, has nevertheless consented to speak to the toast of the University. Judge MacLurey and Mr. Steeves will speak in response to the toast to the guests.

LEAVE FOR MONCTON.
Rev. A. L. Herman, wife and child, who have been in the city for several months, will leave for Moncton tonight. The Rev. Mr. Herman is a member of the Main Street Baptist church pulpit, left for Moncton at noon.

CONFIRMATION SERVICE.
His Lordship Bishop Buchanan, will conduct a confirmation service in Saint George's church, West Saint John, at 8 o'clock this evening. Forty-five candidates will be presented by the pastor, Rev. John Unsworth.

ALUMNAE RE-UNION.
The Sacred Heart Alumnae will have dinner at the Royal Hotel at 7:15 this evening and also will hold a business session and enjoy a program. Some 30 are expected. Mrs. Laura Bague of St. Stephen, a member of the alumnae, came to Saint John last evening to attend and is at the Admiral Beatty.

DIED THIS MORNING.
Miss Frances Smith passed away at her home, 82 St. David's street, this morning at the age of 84 years. She was a daughter of the late John Blackhall and Isabella Douglas Smith, and leaves to mourn, one brother, John A. Y. Smith, and three sisters, Mrs. James Malouin and Mrs. Andrew Malouin of this city, and Mrs. William J. Pratt, of Albany, N. Y. Funeral arrangements have not been completed this morning. Many friends will sympathize with those bereaved.

As Hiram Sees It
CLIFTON SPINGUS, N. Y.—We had a thunder storm 'nigh'—an' today I see a feller settin' out tulips in the garden. My old friend the squint kept me busy watchin' him. Across the brook in the park there's an old dead people with the top sawed off about fifty feet—where one big limb sawed off 'pints one way an' the other one the other way. Well, sir, that squint he run up that tree like a streak to the end o' one o' them limbs. It was holler. He dove in 'n' come right out with a long thing in his mouth 'n' run right over to the end o' the other limb. There he sot 'n' twirled that thing round in his paw 'n' nibbled for quite long spell. Then he took the thing back, put it into the hole where he got it, 'n' jumped over to a young saplin' 'n' run down to the ground. Then he run over 'n' got in among the stones that made a wall on the side of the brook—'n' staid there a spell. Then he come out 'n' raved for a big maple with a holler place under the roots. He went in there 'n' staid. I been wonderin' ever since whether he was havin' a three-course dinner or got tired o' look-

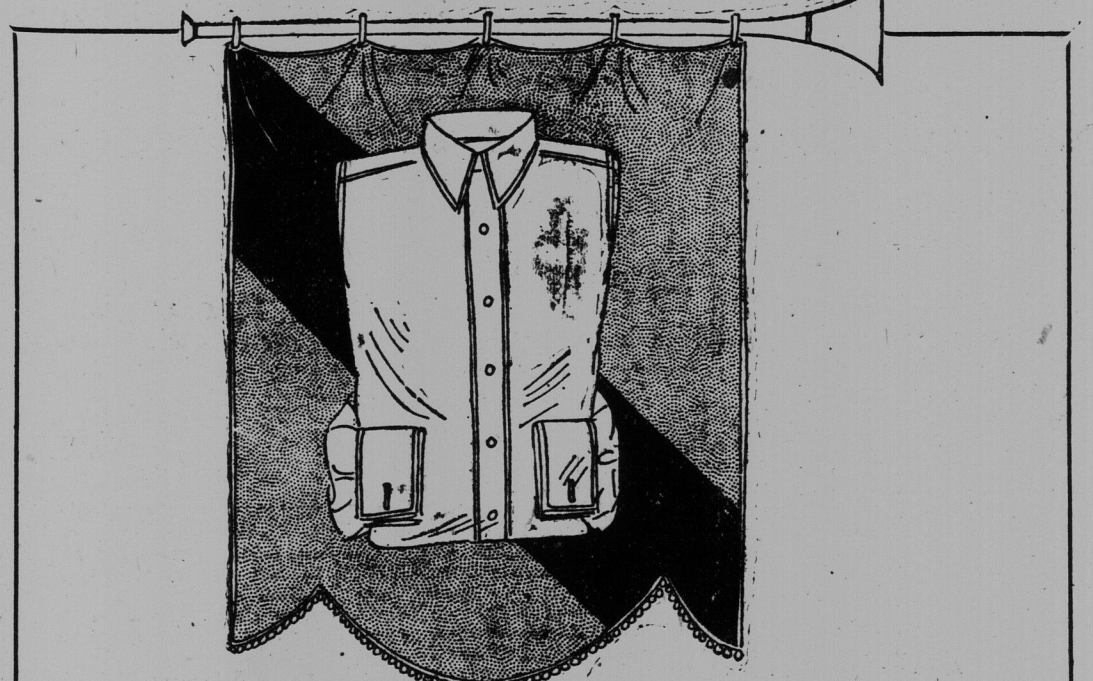

Tell McAvity's Your Troubles

A stain you can't remove—white enamel that does not respond to the cleaner you use—the problem of what paint to put on the woodwork to agree with the rest of the room. Whatever your cleaning or improving troubles, tell them to McAvity's. Men of lifetime knowledge of every detail are here alongside an immense selection of the best of everything to do with.

There is far more to McAvity's than quality and price choice. A place where difficulties disappear.

SCOVILL BROS., LTD. OAK HALL King Street

Final arrangements respecting the Bonds of the Maine and N. B. Power Co.—which is now owned by the Central Gas and Electric Co. of Chicago and elsewhere—provide an immediate profit of \$90 for every Bond exchanged for the Bonds of the purchasing company.

The Maine and N. B. Bonds were callable in 1933—funds to cover this are on deposit now. Therefore Bondholders do well to convert on this opportunity now, take their profit and continue the income on larger security. Central Gas and Electric 6 per cent. Bonds, due 1946—exchange price 98.50.
