more than 1,500,000 tons, a comparatively small figure, considering the loss of time and possible loss of production caused by the switchmen's strike and the "vacation" strike of the miners last September.  
 From the anthracite fields of Pennsylvania, emergency coal is being rushed to this city to relieve the needs of the poor. Distributing stations have been established in all parts of the city, and the early hours of today found the city's needy on hand to receive their apportioned fuel. This coal is being sold at the rate of 75 cents a hundred pounds.

A canvass of local dealers yesterday revealed the fact that coal can be bought as low as \$18.50 a ton, and in no case did a dealer ask more than \$16. Delivery cannot be promised in all cases, although a few dealers guarantee a five-day delivery.  
 While no general alarm is being felt in Manhattan, the people of some of the outlying districts, particularly in Staten Island, are complaining that coke is the only fuel available and that dealers are asking \$20 a ton for it.  
 No emergency coal stations have been established there and the slowing up of

transportation between here and the island has caused a feeling of uneasiness. Some of the residents were able to purchase coal from dealers in Bayonne, N. J., at the rate of \$12 a ton, plus \$1.25 cartage. This price is far below the prevailing price of coal at Staten Island.

### COAL PRODUCTION IS NOW AT NORMAL

Anthracite Rushed to New York to Aid Poor—Prices Drop to \$13.60.

(New York Evening Post.)  
 Production of anthracite coal is now going forward at a normal rate, according to reports received from Philadelphia today, where a published

statement of anthracite figures shows that from April 1 to September 30 approximately 89,000,000 tons have been mined, as compared with 84,440,000 tons during the corresponding period of 1919. The net decrease, therefore, is not

### Music—The Great Home Entertainer

There is snow outside, and the wind is howling round the chimney. But inside all is bright and cheerful. The Pathephone is playing a rollicking melody just before the kiddies go to bed.  
 Everybody enjoys it. There isn't a dull moment all evening. Father has laid aside the cares of business. Housekeeping problems are blotted out from mother's mind. The young folks sit dreaming of the future, and all because of the Pathephone's magic charm.  
 The Pathephone plays all records. No needles to change.

Every little helps. Even One Dollar a month will preserve the life of one poor child.

### Forward Once Again in the Cause of Humanity

Study this map. Typhus has seized on these war-weakened nations. A terrible dearth of doctors, nurses and medical supplies makes them an easy prey. They are dying like flies. Their resources at an end, there is no hope for these peoples save from outside.

The British Empire War Relief Fund has been organized under the patronage of His Majesty the King to raise funds to combat world-threatening plagues and distress in these stricken areas.  
 The fund will be administered in Europe in co-operation with the League of Red Cross Societies.  
 Every dollar will be made to count.  
 Canada's achievements in the war must not be dimmed by laggard support here.  
 This is a call to common effort for humanity that the Empire sends forth to all its peoples.  
 Canada can only give one answer.

Celebrate the anniversary of the Armistice by your thankoffering sent or taken to:

The marriage of Alfred Elder and His Mary Colwell of Oliville (N.B.), of Boston and Mrs. Jean Larabee of Boston, was solemnized yesterday afternoon at the residence of Mr. and Mrs. John Jochane, 30 Visart street, by Rev. R. McKim, of St. Luke's church, in the presence of the immediate friends and relatives. The bride was charmingly owned.

**RECENT DEATHS**

A telegram to J. T. Knight, from New Glasgow (N.S.) announces the death of Captain Colin Fraser, who for many years traded here as captain of the New Glasgow steamer Micmac. Captain Fraser was widely and favorably known shipping circles in the city.

The death of Charles W. Morrell occurred yesterday at the Home for Invalids. Mr. Morrell was sixty years of age and had been in the Home for several years. He was a deacon of the Tabernacle church and the funeral services, which is to be held this afternoon at the Home, will be conducted by Rev. Mac Brindley, pastor of the Tabernacle church. The body will be taken from the Home to the residence of his other, E. C. Morrell, 283 Germain street, to await the departure of the train for Hampton, where interment will be made on Friday on the arrival of the noon train.

Mr. Morrell is survived by his wife, three daughters, Mrs. D. G. Howard of Los Angeles, Mrs. Dela Doyle of Boston and Mrs. Jean Larabee of Boston; two sons, Arthur Morrell of St. John and Andrew of Los Angeles; two brothers, E. C. of St. John and S. M. of Cambridge (Mass.), and four sisters, Mrs. Albert Clark and Mrs. Edwin Staples of Cambridge (Mass.), Mrs. F. J. Wall of Boston and Mrs. James Holman of Public Landing.

**Kansas Organizations Ask Legislature to Repeal Act.**

Topeka, Nov. 25.—With Miss Lucy Gaston of Chicago coming to Kansas and fighting cigarettes, the American Legion posts of the state are taking some chips in the game and, in all probability, the organization of ex-service men will make a big effort when the legislature meets to have the anti-cigarette law repealed.

When the war was on everybody was helping the soldiers get cigarettes and now the majority of soldiers can't understand why such an effort is being made to rob them of their smokes.

"If cigarettes were good for us when we were in France, why are they not good for us now that we are back in Kansas?" the soldiers ask.

At the weekly meeting of the Topeka post of the American Legion a resolution was introduced to ask the legislature to repeal the anti-cigarette law except in so far as it applies to minors.

The resolution also calls upon Governor Henry J. Allen, who spent much time distributing cigarettes to soldiers

(Canadian Press Despatch.)  
Kovno, Lithuania, Nov. 24.—The Soviet representative in Alexandrovsk has informed the Lithuanian government that the Bolshevik forces will be obliged again to occupy Vilna, according to advices received from Alexandrovsk.  
London, Nov. 24.—The last remnants of the troops of General Petura, the Ukrainian leader, have crossed the Ukrainian frontier into Poland and have been disarmed by Polish troops, according to Tuesday's official statement from the Russian Soviet war office, received from Moscow by wireless today.

"Previously, in the direction of Volochysk," adds the statement, "our troops decisively attacked Petura's rear guard, defeated it and captured Volochysk. We took fourteen guns and many prisoners."

**TROUBLE BREWS IN THE LEAGUE**

Geneva, Nov. 24.—Action in conformity with the resolution for Armenian intervention recently passed by the assembly of the league of nations was taken today by the council of the league.

The council decided to ask the general secretary of the league to prepare and submit a telegram to be sent to the powers in pursuance of the resolution of the assembly that a government willing to undertake mediation between Mustapha Kemal Pasha, the Turkish Nationalist leader, and the Armenians be sought. It transpired today that the council on

Sunday invited Sweden, Norway and Denmark to join in the Vilna expedition, sending 100 men each.

The efforts of the council committees to keep their deliberations under cover, without offending too much the strong sentiment in the assembly for absolute openness are provoking considerable comment and amusement.

There even is talk among the more independent delegates of a revolt against what they consider an effort on the part of the council secretariat to over-ride the assembly.

**KILLS ALLEGED BANDIT; WORE TWO SUITS, TWO HATS**

Pawhuska, Okla., Nov. 25.—A man wearing two suits of cloths, two hats and a mask was shot to death here by Charles Burdis, proprietor of a restaurant in what Burdis said was an attempted holdup. A bullet fired by Burdis pierced the mask and struck the man, later identified as Lloyd Blaw, in the forehead. Burdis was detained pending an investigation.

LIGHTER RIFLES FOR BOY SCOUTS

Decision in Favor of the 22 Calibre

Re-wording of Tests to Instill a Stronger British Spirit—Announcement About Uniforms for Lads.

Ottawa, Nov. 25.—(Canadian Press)—Canadian Boy Scouts will hereafter be supplied with 22 calibre rifles instead of customary militia 303 calibre rifle, recently issued to the scouts. This was the decision of the Boy Scout Committee from Saskatchewan, Manitoba, Ontario and Quebec in conference here yesterday. They contended that the army rifle is both too heavy and too powerful for boys.

The commissioner decided to issue rifles for athletic proficiency, which formerly had not been given. The scout commissioners are trying to instill a stronger British spirit into the boys of the scout units and most of the requirements stated in the Boy Scout code were re-worded to get away from American ideas and adopt the English ones.

Any suggestion of militarism will not be tolerated in the scout corps and although Sam Brown Belts and other military equipment are not actually prohibited, yet they were declared by the commissioners to be highly undesirable. In the future will consist of tonic, neckerchiefs or cycling breeches and stockings.

NEW INDICTMENTS AGAINST BRINDELL

One Also Against Another Man in New York's Investigation of "Building Trust."

New York, Nov. 25.—Of three new indictments returned by the extraordinary grand jury investigating New York's alleged "building trust" here yesterday, one charged further instances of extortion against Robert P. Brindell, president of the Building Trades Council, while the other made a similar charge against Peter Stadtmiller. Stadtmiller, said to be one of the "directors" for the Brindell organization, held in \$100,000 bail, the same as that fixed for the labor chief on his final indictment last week. Brindell's bail was not increased.

CLINES MR. ESTABROOKS OFFER OF LEGISLATURE SEAT

The offer of Fred L. Estabrooks member-elect for the constituency of West-land and a government supporter their provincial election to resign his seat in favor of Ferdinand Bourgeois, a candidate on the government ticket was dealt with at a meeting of the French Acadian electors Monday on Nov. 22. A resolution passed conveying the thanks of the meeting to Mr. Estabrooks but refusing his broadminded and loyal offer.

AUDIENCE IS DELIGHTED WITH SPANISH TENOR

Senor Lazaro Heard in Excellent Programme at Imperial Last Night.

Those who had the opportunity of hearing Senor Hipolito Lazaro in his recital in the Imperial Theatre last evening, were given a musical treat which exceeded their fondest expectations. Senor Lazaro came to fill a date originally intended for Miss Anna Case, who was compelled through illness from coming to St. John. He is possessed of a tenor voice of remarkable richness and flexibility. He can reach with ease a high D natural which is in itself considered a wonderful achievement amongst singers.

The recital was under the patronage of Lieutenant-Governor Pugsley and Mrs. Pugsley, who were accompanied by Premier and Mrs. W. E. Foster, Brigadier-General A. H. Macdonnell, C. M. G., D. S. O. and Lieutenant-Colonel Alexander McMillan, D. S. O., A. D. C. Amongst others present were Mayor Schofield and Commissioners Bullock, Jones, Frink and Thornton. Among the numbers on the programme were a suite of three songs in French, three songs in Spanish, three in English and one in Italian. The French selections included the aria "O Paradis" from the Meyerbeer opera "L'Africain"; the solo, "The Flower Which You Have Given to Me," from Bizet's Carmen; and Vidal's "Ariette." The Spanish songs were "La Parida," by Alvarez; "Granda," by Alvarez and "Espagnolita" by Panella. The songs in English were "Love, I Have Won You" by Ronald; "Till the Jasmine Forsakes Its Fragrance," by Joley; and "I Love You" by Cadmen. The Italian number was the aria "Spirito Gentile" from the opera La Favorita, by Donizetti.

In startling contrast to the absolute silence maintained by the audience during the rendition of the various numbers was the tremendous and sustained applause which rewarded the singer's effort. And Senor Lazaro gave prodigally of his wonderful talent, responding on two occasions with three encores and on another with four encores. Among the encores were "Questa o Quella," from Rigoletto; "La Donna e Mobile," from Rigoletto; "Clavellito," by Valverde; "O Bocca Dolorosa" by Sibilla; "The Stars Are Shining" by Tosca; and "The Tiny Hands Are Frozen," from the opera "La Boheme."

THE CONFESSION

A Supreme Photoplay That Lives Up to All Expectations.

One of the greatest triumphs in photodramas received its initial showing at the Star Theatre yesterday afternoon when the film "The Confession" was presented under the screen. A fairly large crowd availed themselves of the bargain matinee yesterday afternoon and hundreds were unable to gain admittance last evening.

Last night's crowds were simply spell-bound throughout the entire seven reels and the little bits of comedy here and there served to offset the very tense situations from time to time.

**BONDS ARRIVE.**  
 A large number of Victory Bonds of the 1919 issue, which were subscribed for by members of the C. N. R. staff, and which have been paid up, arrived in the city yesterday and were distributed to the owners.

**FREDERICTON MARKET.**  
 Gleaner.—There was a very small market this morning, the storm keeping the farmers home. The prevailing prices were: Eggs, 80 cents; butter, 60 cents; lamb, 15 to 22 cents; beef, 12 to 14 cents; mutton, 12 to 14 cents; fowl, \$2 a pair.

**FIRST CALENDAR.**  
 The Times received this morning a very pretty calendar for 1921 from the Royal Bank of Canada. It bears a picture of a large steamer, a unit of Canada's merchant marine on the high seas, and is very pretty and attractive.

**CONFERENCE HERE.**  
 V. Harshaw, manager of the New Brunswick and Railway Company, was in the city this morning conferring with J. M. Woodman, general superintendent of the C. P. R. New Brunswick district.

**REALIZED \$97.**  
 At a concert recently held by the Strangers' Class of the Ludlow street Baptist church, John Ring, teacher, the sum of \$97 was realized for the benefit of the Provincial Memorial Home for Children and also for church purposes. Credit is due those who assisted in making the undertaking a success.

**ON BRIDGE MATTER.**  
 J. M. R. Fairbairn, chief engineer of the C. P. R. arrived in the city on the Montreal train at noon today and was met at the station by J. M. Woodman, general superintendent of the New Brunswick district. He is here in connection with the new bridge to be erected by the C. P. R. over the reversing falls.

**ST. JOHN BOXER.**  
 Another young St. John boy to win fame as a boxer is Robert Kennedy, who recently returned here from the United States. He participated in bouts under the ring name of "Kid Rudolph". In 1916 he won the bantamweight championship of Maine, and since that time met and defeated some of the best bantamweight boxers in the New England States. He is anxious to box any bantamweight in the Maritime provinces.

**AT THE DEPOT.**  
 The heavy snow fall of Tuesday night and yesterday morning caused some congestion about the N. B. local terminal. The butterfly roof did not prevent the snow from drifting and the men handling baggage and express matter had a hard time using their tracks. A crew of men were put to work clearing up the snow and removing it on flat cars and this morning they completed their task. The lack of a train shed this winter will mean the hampering of work loading and discharging baggage and express matter.

**CHARLES EDMUND QUIRK.**  
 The death of Charles Edmund Quirk of Sussex, took place on the 20th inst. He was a young man of excellent character and greatly loved by all who knew him. He was a sufferer from stomach trouble for the last two years, and bore his suffering with great fortitude and resignation. He leaves to mourn, besides his father and mother, three brothers and five sisters. The funeral was held on Monday morning at ten o'clock from his late residence. Interment was made in the family lot in Ward's Creek cemetery. Relatives acted as pall-bearers.

**COUNCIL PASSES LANGASTER FERRY BOND MATTER**

Decides to Go Ahead With Water and Sewer Connection in Douglas Avenue.

The common council in committee this morning authorized the issuing of bonds amounting to \$3,491.31, to cover the city's proportion of the cost of purchasing and equipping the ferry steamer E. Ross for the Lancaster-Indian town service. It was also decided to have plans and estimates made for the putting in of service water and sewer pipes to the vacant lots in Douglas avenue.

G. W. Mullins, secretary-treasurer of the Indian town-Lancaster ferry commission, reported that he had obtained the equipment to complete the E. Ross for service with the exception of the life boats, which is about finished. The creditors were asking for payment of accounts, including \$3,672 owing to J. S. Gregory and \$1,600 to the St. John Dry Goods Co. Commissioner Bullock asked that the resolution granting \$2,500 be rescinded and that the council pass the issuing of bonds to an amount not exceeding \$3,491.31 being the city's share of the purchase and equipment of the boat. The motion was seconded by Commissioner Thornton and carried unanimously. Douglas Avenue

In taking up the matter of water and sewerage extension to vacant lots in Douglas avenue, the city engineer explained that there would be sixty-five water services to be put in but only sixty sewer connections. The water pipes would cost \$175 and the sewerage \$100. The total expense was \$275, of which it was expected that \$50 would be paid back to the city by lot owners for the sewerage extensions. The city bore the expense of the water connections.

Commissioner Bullock suggested that the owners be given ten years to pay for the work and this was concurred in by the other commissioners. On recommendation of Commissioner Jones it was decided to have the city engineer prepare plans and an estimate of the work so that tenders could be called this winter and the work be finished in time for the start of the paving.

Commissioner Frink said there had been a protest from some of property owners, but he thought the work should be done. It meant, he said, the expending of about \$16,000 for the protection of \$242,000 worth of paving. The motion was carried.

**PROMPT RELIEF OF DISTRESS HERE**

Two Recent Cases in St. John Including That of Mother Who Was Destitute.

That distress does not go unheeded in St. John where the facts are known has been illustrated in two instances which have come to the knowledge of The Times in the last two weeks. This paper told the story of a mother with two children, one an infant, who was entirely destitute and appealed to a member of the Children's Aid Society. That same evening a lady offered to give this little family shelter and the offer was gladly accepted. Next morning a lady telephoned to the Times that she had read the story and would like to render her some assistance. A resident of South Bay telephoned to Rev. George Scott, offering shelter to the family for a time if the mother were in ill health, or offering to send in some vegetables if she were keeping house.

There is another case of prompt relief. A man thrown out of work for some time and with a destitute family consisting of a wife and several small children appealed to Rev. George Scott. He wanted work and the home was bare of food and fuel. Mr. Scott took the matter up with one of the churches, whose pastor went himself and whose church helpers gave immediate relief. Meanwhile work was found for the man although he had to go out of town.

**YOUNG MEN BACK UP BOYS' CLUB PROJECT**

The executive of the Young Men's Association of Germain street Baptist church, on Tuesday evening, met and appointed a committee of three to represent the association in the effort to get a boys' club for the south end. They will be held by a wife and several small children appealed to Rev. George Scott. He wanted work and the home was bare of food and fuel. Mr. Scott took the matter up with one of the churches, whose pastor went himself and whose church helpers gave immediate relief. Meanwhile work was found for the man although he had to go out of town.

These are but two instances of many such, concerning which church workers and representatives of benevolent organizations could tell stories of a generous response to appeals for aid of deserving persons who are in need.

*Just Want to Say I'm Ready with Gift Things at Everett's*

"I had a few words to say to the little folks in this space the last few days, and I wish you could have seen the look of pleasure on their little faces when they got a "close-up" of the many things in this store for their gift things for Christmas morn.

"But the things that are here for the grown-ups are also worthy of special mention, because here are things suitable for man or woman of all ages and tastes—from complete suites to separate pieces too numerous and too diversified, of course, to attempt an elaborate listing here.

"You probably will buy furniture as gifts this year more than ever before, so it isn't a minute too soon to begin "shopping" in this direction.

"Sewing tables, tea wagons, piano lamps, library lamps, jardiniere, smoking stands, foot stools, easy chairs, Eureka Vacuum Cleaners and McLagan Phonographs—all within the possibilities of gift suggestions—are here in varied profusion."

CONSIDER INSURANCE

The board of commissioners of the St. John County Hospital met this morning to go into the question of increasing the amount of insurance carried on the buildings at East St. John. The plan is now insured at \$140,000, which was the valuation placed on the hospital when first erected, but since that time the erection of an additional wing, a nurses' home and a doctor's residence as well as the addition of balconies and other inside improvements have increased the valuation, according to Edward Bates, to \$280,000. The matter was not definitely decided this morning. Among those present at the meeting were Dr. S. H. McDonald, Dr. H. A. Parris, W. J. Dean, L. W. Simms and Mrs. J. H. Feink, commissioners, and J. King Kelly, county secretary.

CHEAP INSURANCE FOR EX-SOLDIERS

Government Scheme Outlined by Major Beresford Topp—Monthly Premiums.

(Montreal Gazette.) An interesting and instructive explanation of the government's scheme for insuring returned soldiers who, owing to war disabilities or general impairment of health consequent on the strain of active service, are unable to obtain ordinary insurance except at exceptionally high rates...

A Host of People Seem to Thrive on What Used to Prove Indigestion Before They Learned of Stuart's Dyspepsia Tablets.

Other fillers for a stomach perhaps already too much overcrowded. These tablets supply to the stomach the alkaline effect which is what relieves the sour acid condition. They also contain pancreatin to help digest the starchy foods such as potatoes, rice, oatmeal, white flour, etc.

Cinnaforn Pastilles advertisement with product image and text: 'The National Drug and Chemical Company of Canada Limited, which they call CINNAFORM PASTILLES, which have proved very efficacious in disorders of the Mouth and Throat, such as Quinsy, Sore Throat, Tonsillitis, and in the early stages of Diphtheria and Influenza.'

and resident. Widows of returned soldiers who died subsequent to discharge may also obtain this insurance during the first year in which the act is in operation. Applications from widows will be received until September 1st, 1921.

The premium rates are exceptionally low, particularly in view of the fact that no medical examination is required of all persons, otherwise eligible, to be insured whether their health is impaired or not.

As an example of the extremely low rates charged for this insurance it may be stated that at the age of twenty-five an ex-soldier may obtain \$1,000 insurance for \$1.25 a month or \$14.88 per year.

All the usual terms of payment are available under the government scheme. For instance, premiums may be paid for twenty years, at the end of which time the policy is paid up.

In addition to the death benefit payable under this scheme, provision is also made for the payment of the insurance money directly to the insured should he become totally or permanently disabled. By taking out a policy for \$5,000, the returned man can, not only provide for his family in the event of his death, but can insure himself of an income of \$200 per annum for twenty years in the event of his meeting with an accident or suffering an illness which leaves him totally incapacitated from earning a livelihood.

It must be clearly understood that the underlying principle of this whole insurance scheme is to provide protection for dependents and for this reason no provision is made for policy loans and certain limitations have been placed upon the persons who may be named as beneficiaries. Insurance money may be paid only to the wife, husband, child, grandchild, parent, brother or sister of the insured. A married man is only permitted to name his wife, child or children, or both his wife and his child or children as beneficiaries of the insurance.

Another limitation that is designed for the protection of the beneficiaries is that not more than one-fifth of the amount of the policy is payable in a lump sum at death. For instance, if the insurance is for \$5,000, only \$1,000 is payable at death and the remaining \$4,000 is paid in equal annual instalments over a selected period of years.

many are endeavoring to glean information from the price movement following the civil war and comparing it with what has taken place since the end of the World War. In The Index, published by the Liberty National Bank there is an interesting placing of the two periods side by side, and, while no definite deduction as to price movement is drawn, attention is called to the fact that the expectation of a permanently higher price level than in 1918 or early 1919 has had a rude shock recently.

To start with, the bank asks the two questions which are on the tip of everybody's tongue: "Has the present downward dip of prices reached bottom? And will it, as was the case in 1918-19, be succeeded by a further upward movement?"

"In attempting to answer these and related questions," says the bank's one naturally turns to the price movement following the civil war. This is an interesting and to some extent a highly informative comparison, although it is somewhat formative in that it deals with fundamental conditions in this country and the rest of the world are very different in many ways from those of the sixties.

"With these reservations in mind, it may be noted that during the civil war prices as compared to 1860 rose to a higher point than did prices during the World War as compared to 1913. After the civil war prices began to fall at once, and continued to record succeeding declines and upward movements, the declines being always greater than the rallies. In 1918, on the other hand, there was a decided drop in prices, succeeded by a further rise that carried prices to new high levels."

Post-War Price Charts. The bank has prepared a chart of post-civil war and post-World War prices, comparing Bradstreet's wholesale commodity index with one of the civil war period compiled by Wesley C. Mitchell. In each case the pre-war years 1860 and 1913 are taken as a base. This chart shows that the rise during the civil war was more accentuated than during the World War, but that there was a sharp drop immediately after the close of the World War, but shortly thereafter went to new high levels, succeeded by a decline. The lines representing the prices of the two periods crossed each other as of Nov. 1 showing that the index of 1867 was identical with that of 1920 on that date. The trend of the civil war price line is steadily downward until 1870.

"In estimating the value to be placed upon this comparison," the bank says, "account must be taken of the following facts: Fifty-five years ago the United States was a debtor nation; its imports exceeded its exports; we were borrowing large amounts to finance the building of railroads and for other purposes; the United States was not on a gold basis, as were other principal nations, and our commodity prices had risen to a much higher level than those prevailing in other countries. In the present time all of these conditions are reversed. The balance of world trade is heavily in our favor, we have a centralized banking organization and a more elastic credit system and prices here have advanced relatively less than in Europe. Wages, furthermore, have advanced on the whole as rapidly as prices, which was not the case during the civil war."

"While making allowances for these differences in fundamental conditions, it is to be noted that the intensity and scope of the present decline in prices is

almost identical with the decline which took place in 1865, immediately at the close of the civil war. At that time rest of the world was pursuing, and in the main pursued during the war, a normal course of productivity; there was no world shortage of materials such as existed in 1918 as a result of the drain which the World War imposed upon the resources of all nations. "This shortage was undoubtedly a cause of continued price increases for considerable period after the armistice not only in this country but abroad. For this reason in point of time a comparison can more properly be made between the peaks of 1864 and 1920. This is to say, such a comparison is more formative than one beginning at the actual end of the two wars.

"Whether the future price trend will follow the civil war precedent or depart from it, this much is to be observed that the contention that we must expect a permanently higher price level has been rudely shaken during the last few months."

With Catarrh, it's so different from medicine-taking — you simply breathe its healing vapor, inhale the fumes, which carry cure and relief to the minutest air cells in the lungs, throat and bronchial tubes. In this scientific way the soreness and inflammation is rapidly allayed, relations are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable drip of mucus in the throat, hawking, spitting, and stopped-up nostrils — these sure signs of catarrh and bronchitis are permanently cured by Catarrh. Large outfit lasts two months costs \$1.00; small size 50 cents, trial 25 cents, at dealers everywhere.

Every Woman

Be she working in factory, shop office or at home, is often a sufferer from pains here or there, from worry, despondency, and frequent suffers from backache. Very often the trouble is in the organs especially feminine. Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring the dull, aching "crow's feet," the haggard drooping shoulders and the faltering step. To retain the appearance of youth, a woman must retain health. Instead of lotions, powders and paints ask your druggist for Dr. Pierce's Favorite Prescription. This is the woman's temperance tonic and nerve which I had the approval of thousands of women for nearly fifty years.

comes in liquid or tablet form, or send ten one-cent stamps to "Invalids' Hotel, Buffalo, N. Y., for trial package of the tablets. "Favorite Prescription" is made without alcohol, and will dispel the pains and the weaknesses common to most women in different periods of life. It is prepared in Dr. Pierce's branch Laboratory at Bridgeport, Ont., and sold by almost every druggist in Canada.

PETERBORO, ONT.—"I am glad indeed to recommend Dr. Pierce's Favorite Prescription for the great benefit I have received from taking it. I had suffered for a long time. I would have backache and just seemed that I had no strength in my back. I also had pains in my side. I became weak and nervous, could not sleep or eat, and was most miserable when I began taking 'Favorite Prescription.' It so took away all my pains and aches and cured me of this trouble, as my health was better afterward than it had been for a long time. I feel that I can safely recommend 'Favorite Prescription' to other women who all likewise."—MRS. CHAS. BROOKS, 228 Perry Street.

NOW THAT HE'S BIG ENOUGH TO BE A COMPANION I WANT HAVE TO KEEP HIM IN THE DOG KENNEL. COME ON, UMBRELLA!' The man replies: 'WHERE DID YOU GET THE HUNGRY LOOKING POOCH?' Sid: 'I TAKE IT YOU ARE REFERRING TO UMBRELLA. HE WAS A GIFT. FROM SIR SID.' Man: 'YOU MEAN THE DOG'S NAME IS UMBRELLA?' Sid: 'QUITE SO! SHOW MISTER MUTT HOW SMART YOU ARE, UMBRELLA! SEE? AND YOU MUST REMEMBER THAT UMBRELLA AIN'T GROWN YET, EITHER!' Man: 'LISTEN! WHY DO YOU CALL HIM UMBRELLA?' Sid: 'BECAUSE THAT'S WHAT I CHRISTENED HIM!' Man: 'SAP!' Sid: 'FLIP!'

Moncton, Nov. 24—In the county court at Dorchester today Alder Halfpenay was sentenced to two years in the penitentiary for petty burglary at Sackville and Barrington Howe, was given six months in jail for receiving stolen goods.

**NEARLY CRAZY WITH ECZEMA**

No rest day or night for those who are afflicted with that terrible skin disease, eczema, or as it is often called, salt rheum. With its unbearable burning, itching and torturing relief is gladly welcomed. There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; a remedy that has done, or can do more for those who are almost driven to distraction with the terrible torture. Apply it externally and it takes out the stinging, itching and burning, and promotes a healthy healing. Take it internally and it gets at the source of the disease in the blood—eczema is a blood disease—and drives out of the system. Miss L. M. Boutiller, 89 Victoria road, Halifax, N.S., writes: "I have suffered for years from eczema. I could not rest day or night. I suffered great itching and burning. I used all kinds of ointments and Burdock Blood Bitters advertised was advised to try a bottle. I found relief, and I really cannot recommend it highly enough for what it has done for me." Burdock Blood Bitters has been on the market for over forty years, and during that time has been manufactured only by T. Milburn Co., Limited, Toronto, Ont.

**MOTHERS' ALLOWANCES**

To The Editor of The Times: Sir,—I noticed a letter in your paper on Mothers' Pensions, signed "One Who is Interested." This is a subject on which we feel all right-minded people should be interested, affecting as it does that sacred institution, the home. But when we appeal to the government for legislation of this kind, the first objection which we meet is the expense. They tell us we are poor; there is no for this reform, desirable as it may be.

It is true many demands are made on the public treasury. Every municipality, every community, as well as public institutions, and societies are making applications for expenditures, and in most cases, probably all cases, these expenditures are proper and desirable. Added to this is the regular demand for the advancement of agriculture, the maintenance of public schools and public works of different kinds, which are all for the comfort, convenience and happiness of the people, in other words for the benefit of humanity.

But what public works, be it better roads, the development of power or the conservation of our forests, is as important as the conservation of the home? Where do we find humanity—for the good of which governments exist—as appealing as in the case of the needy, struggling mother with her children dependent upon her? If a bridge is swept away by the spring freshets, the government sees to it that it is replaced by a better one. If the bread-winner is taken from his family, the home in many cases is broken up, the children scattered, the mother left heart-broken and desolate—how desolate only a mother knows. She probably tries to avert this calamity, working early and late, with almost superhuman effort, but the fight is an unequal one, the odds against her too great and her children are denied the sacred birthright of every child, a home and a mother's care.

Now since we are too poor in New Brunswick to have all the things we want—and think we need, by all means let it be "women and children first," let us have money to support that best of all institutions, the home, that first great need of humanity a mother's care and let her have it soon. The separation of little children from their mothers is at once unnatural and cruel and has prevailed too long. There is another better method and we want it in New Brunswick. I sincerely hope that our churches, benevolent societies and social workers will take up this matter in earnest and before long we shall have the Mothers' Pensions in New Brunswick.

**ROLLO SUPPORTS AGE PENSION SCHEME**

Toronto, Nov. 25—Hon. Walter Rollo, minister of labor, believes that there is need of old age pensions in Ontario for people of sixty-five years of age and upwards. In the course of an interview the minister pointed out that people of sixty-five years and upward have great difficulty securing employment. The need for pensions, in his opinion, was not as great in Ontario as it was in Great Britain, but the necessity, he believes, does exist in this province. The minister of labor expects that the Labor group will discuss the question of old age pensions legislation in the near future. F. N. Stamford, general secretary of the Neighborhood Workers' Association, strongly supports Hon. Mr. Rollo in his contention.

**DENY MILITIA SUPPLIES SOLD AS OLD JUNK**

Ottawa, Ont., Nov. 24—Members of the purchasing commission of Canada are emphatic in their repudiation of statements made at Hamilton to the effect that militia supplies had been sold as junk and at ridiculously low prices. A despatch from Hamilton last night stated that at a session of the convention of the Ontario association of managers of homes for the aged and infirm, held in that city, it was reported that military boots had been sold at \$1 per pair, flannel shirts at ten cents each, woollen trousers at ninety cents per pair,

**underwear at thirty-five cents per garment and osternoor mattresses at \$1 each.**

**A BUSY WINTER.**  
Chatham Gazette.—A. & R. Loggie have installed two barkers in their saw mill at Loggieville and are crossing about 5 cords of wood a day and shipping it by rail to the United States. The box factory is running and it is said that they have orders enough on hand to keep the factor going all winter. The regular meeting of the United Brotherhood of Carpenters and Joiners Local 919 was held last evening in the Oddfellows' hall, Union street. Routine business was disposed of.

**RAN "FOR FUN," ELECTED.**

Jersey City, N. J., Nov. 25—For years William F. Hogan has permitted his name to be used on the Republican ticket as a Freeholder for Hudson county. The county is usually Democratic. Hogan ran for fun. This year the Republican landslide swept him into office. He will draw \$4,000 a year for three years.

**GOOD CHAMPAGNE YEAR.**

Paris, France, Nov. 25—The champagne vintage has been completed. Despite the war sufferings of the wine growers around Rheims, many of whom fled before the German advance, and the damage to the vineyards, this year's wine will probably prove exceptionally good.

**R. HUMPHREYS, Leading Stoker H. M. Submarine—with the Grand Fleet**  
"I have been over 10 years in the Navy and when I joined the Submarines, a few years ago, I could not get used to them, and felt run down in health and strength. I spent any amount of money in medicine, but none did me any good, till I was telling one of my old shipmates a few weeks ago how much I was run down in health, and he told me how Phosferine kept him on his feet. I can tell you Phosferine has done more for me than any other medicine I have ever had; since taking Phosferine I have my heart in my work, and I can do anything and go anywhere, which I could not do before taking Phosferine." This leading Submarine Stoker considers Phosferine is the only specific which enables him to endure the physical and mental strain of cruising under water—Phosferine ensures that the nerve organisms produce the extra vital force to withstand the rigorous conditions daily experienced.

*Man's glory is his strength*

**MAN'S** ability to perform feats of strength to do things other men could not do has always been his stepping stone to power and position.

Every man wants to be a leader in his own line of work or sphere in life.

Unless a man is a genius or superman he can only attain his objective when he has strength—to have strength he must have health—to have health he must be full blooded, his heart strong and his nerves steady.

Milburn's Heart and Nerve Pills have assisted many a man who was facing a crucial test and was not at the moment just feeling his best.

How about yourself? Are you facing some task requiring all your strength and "Your Nerve"?

Do as hundreds of others have done, have a box of Milburn's Heart and Nerve Pills at hand and take them according to directions.

They have helped other men past the trying or testing time and may enable you to carry on and win and keep the position you so much desire.

Mr. Stephen Crouse, East Clifford, N.S., writes:—"I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting, as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work the farm and can truthfully say I feel like a different man."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by

INTERESTING CASES OF BOND MUTILATION

What the U. S. Treasury Department Meets in Its Work of Replacement.

Washington, Nov. 25.—"Liberty Bonds on Toast" is said to be the latest Chinese delicacy, according to officials of the treasury department, who state that in the last few days two Chinese have applied to the treasury department for the redemption of defaced Liberty bonds which had become mutilated in frying.

Mixed up With Shark's Fin.

Another put a bond in a frying pan for safe keeping, but a careless friend, he said, in making a dish of shark's fin failed to take the bond out, no doubt thinking it would add flavor to the dish. He brought the bond, with small bits of the Chinese delicacy sticking to it, and was given another nice new crisp bond to take its place.

Millions of dollars' worth of registered and coupon bonds have been returned to the department of claims of the division of loans and currency in the last year for redemption, which have become partially destroyed or defaced, and new bonds have been issued in their place.

Under the provisions of the law the secretary of the treasury can provide relief in the cases of defaced or destroyed coupon bonds, as well as destroyed, defaced, and even "lost" registered bonds.

Claims Began First Day. According to officials of the treasury department, claims for relief in such cases began coming in the day after the issue of the first Liberty bonds, and have increased to such an extent that the claims filed for redemption during the past year are up in the millions.

One of the most interesting cases which have been filed for the redemption of mutilated bonds with the treasury department came from a big Chicago bank through which a blimp crashed last year. When the big dirigible crashed through the roof of the bank it caught fire and partially destroyed thousands of dollars worth of bonds.

Some interesting as well as amusing incidents mark the mutilating or defacing of the bonds. One of the recent claimants stated that he had placed his bond in a stove for safe keeping, and then forgot about it, making a fire in the stove. He sent the ashes to the treasury department and demanded a new bond in its place.

Another man reported that his aged father, not knowing what the bond was, had used part of it in lighting a pipe. Another bond was badly mutilated by a man placing a coat in a steam barrel to fumigate it, leaving the bond in the coat pocket.

A badly defaced Liberty bond was received by the treasury from a farmer in one of the Middle Western states. He had lost it in a field the year before and had found it recently while plowing in the same field.

Many bonds are received by the department which have been cut up by children while at play. Another interesting case of badly mutilated bonds was returned to the treasury recently which had been taken from the bodies of messengers killed in the Wall street explosion a few months ago. The bonds were full of holes, which had riddled the bodies of the victims.

Treasury officials stated that all owners of coupon bonds should have them registered to protect themselves against loss in case of theft. At the present time relief is only given to holders of coupon bonds which have become defaced or mutilated in some way, but in case they are lost or stolen the treasury department is powerless to help the person sustaining the loss.

By registering these coupon bonds, which is done by the treasury department, the owners are protected even in case of theft.

TWO ARRESTS FOR MOTOR CAR CRIME

(Canadian Press Despatch.)

Wheeling, W. Va., Nov. 24.—Pierce D. Treadway and Marie Williams, giving their home addresses as Philadelphia, were arrested here today in connection with the killing late last Saturday night or early Sunday morning of Henry St. Pierre, a wealthy business man at Philadelphia.

They told the police, according to a statement given out at headquarters, that Pierre was killed by two unknown strangers who escaped in the victim's automobile after forcing Treadway and the Williams woman to accompany them at the point of a revolver.

According to James Mulgrew and Harry Hanley, who were instrumental in making the arrests, the two prisoners have expressed a willingness to accompany them to Philadelphia tomorrow without extradition papers.

After the arrest of Treadway and the woman today the police say they recovered from a local pawnshop a suit of clothes soiled with bloodstains which they say had been pledged by the prisoners.

A meeting of the King's County Milk and Cream Producers' Association was to have been held last evening for the purpose of considering the request of J. F. Humphreys, on behalf of the St. John City Dairymen's Association, that the price of milk be reduced. The meeting did not take place, however, but it is expected that the producers will get together in the near future to decide what action will be taken. The general opinion is that no reduction will be made at the present time.

Malaga Grapes

Malaga, a little Spanish Seaport, is known the world over for its wonderful grapes and raisins. Malaga grapes and raisins are a delicacy on the most exclusive banquet tables of Europe and America. And Malaga raisins only are used in Merritt's.

Merritt's chocolate dipped raisins have a delicious flavor entirely their own—that same rich, fruity tang that distinguishes the most famous Spanish wines. They are a delectable dainty amongst candies—subtle in their charm, unusual and different.

FIVE ARE FINED IN INCOME TAX CASES

A further hearing of the cases against various business men, charged by the federal department of finance with not having made a return on their income for 1918, was given in the police court yesterday afternoon. Dr. E. J. Broderick, who did not appear on Tuesday, pleaded guilty but explained that he did not keep a cash book and so could not tell what his net income was; he had explained that to Mr. Sharpe, the local tax inspector. On motion of L. P. D. Tilley, K. C., representing the prosecution, this case was allowed to stand until this afternoon, when Mr. Sharpe will be called as witness for the prosecution.

H. Colby Smith, who pleaded guilty to the offense on Tuesday, pleaded not guilty on advice of his counsel, G. Earle Logan, as he said he had found after returning to his office from the court that the 1918 statement had been mailed. Mr. Logan also appeared for James H. Pullen, the final hearing of whose case was also set for this afternoon.

Thomas J. Phillips, who pleaded not guilty on Tuesday, changed his plea to guilty and was fined \$100. William Baxter, who pleaded guilty on Tuesday, said he had retired from business a year ago, through illness, and had gone twice to see Mr. Sharpe about his federal income tax. Magistrate Ritchie said he would see what could be done about the matter this afternoon. H. L. McGowan, who pleaded not guilty on Tuesday, said he was sure the return had been made and sent to Mr. Sharpe at his office in Princess street. Dr. Neve, who pleaded guilty on Tuesday, was fined \$100. Frederick T. Kee, who pleaded not guilty on Tuesday, was found guilty and fined \$100. Robert J. Armstrong, who pleaded not guilty on Tuesday, changed the plea to guilty and was fined \$100. Oliver A. Akerley, who pleaded guilty on Tuesday, was fined \$100. Abraham Perchank, who pleaded guilty on Tuesday, was fined \$100.

Mr. Tilley said that a statement of every individual case would be sent to headquarters at Ottawa and those cases which offered a reasonable excuse or reason for not having complied with the law, would be recommended for leniency. Those who had been fined and could not afford to pay the fine in a lump sum could make arrangements for instalment payments.

MEN OF THE CHURCH GUESTS OF LADIES

The men of St. George's church were the guests of the ladies of the congregation last evening. After serving an excellent supper the ladies retired, leaving the men to enjoy a social chat. A novel means of introduction was used. Each man present, and there were about eighty, was called upon by name and stood up to be introduced to the rest of the company. Short addresses were given by the rector, Rev. W. H. Sampson, J. Martin, Stanley Olive and Frank Belyen. The hope was expressed that that was only the first of many such gatherings and that the work on the new parish hall would be completed as soon as possible in order that it might provide better accommodation. A hearty vote of thanks to the ladies was moved by P. J. Legge and carried by a standing vote. The meeting closed with the singing of the national anthem.

The L. O. B. A. Fair being held in the Orange Hall, Simonds street, was well attended last evening and the various booths had a good patronage. The door prize last evening was a fancy lamp, won by ticket 151, held by James W. McAfee, 43 Bellevue avenue. The door prize the previous evening was won by Mrs. Lasky, 11 Celebration street, who held ticket 108. The ladies' bean board prize, a lamp, was won by Mrs. G. Long, and the gentlemen's prize, a fancy dish, won by G. Adams. The door prize this evening will be a box of tea.

##### Games in Three Classes.

In the intermediate section of the City basketball League, the Intermediates of the Y. M. C. A. defeated those of Stude's on the 31st floor, twenty-two to ten last evening. A game between two teams from the Y. W. C. A. resulted in a win for the Reds against the lads.

The last game of the evening was between the Y. M. C. I. and Trojans in the senior section. The score at the end of the first half stood twenty-seven to five in favor of the Trojans; at the end of the game it was sixty-one to one. The game was not so one-sided as the first between these teams but there is a large margin on the winner's side.

##### Y. M. C. I. Girls Play.

Two fast and snappy games of basketball were played in the Senior Girls' game at the Y. M. C. I. last evening. Warner's team defeated that of Miss Liddy by a score of two to nothing. Miss Gorman's team from Miss Cross by four to nothing.

"HARRY MOREY" IN THE FLAMING CLUE  
THURS., ANNA CASE, in "Hidden Truth"

iron classes in Pasadena on New Year's day. The expectation here is that the University of California eleven which won the Pacific coast championship last Saturday by defeating Stanford University 38 to 0 will represent the west.

Chicago, Nov. 25.—Ohio State University will ask permission from western conference officials for its football eleven to meet the University of California at Pasadena on New Year's day, "merely as a matter of courtesy and there is no chance of the game being disapproved," so Prof. A. W. Small, University of Chicago representative on the conference faculty board of control said last night.

Toronto, Nov. 25.—Pennsylvania State University defeated the University of Toronto in a soccer game on the university campus yesterday, 3 to 0.

RING. Women at Fight.

New Orleans, Nov. 25.—About twenty women, allowed for the first time in Louisiana prize fighting history to attend a bout, attended a fight between Harry Krohn of Akron last night. Littleton scored a technical knockout in the 12th round of a fifteen round go. The men are middleweights. Women were assured permission to attend the fight when Judge Skinner, in circuit court yesterday granted A. Pillsbury, one of the promoters of the Winter Garden Arena, which was formally opened with last night's bout, an injunction restraining the superintendent of police from taking any action which would prevent women fans from attending.

Another Opinion About Brosseau.

Montreal Herald:—It is pretty difficult to tell, on the strength of his exhibition last evening, wrestler Eugene Brosseau is as good as ever. Before a big crowd of his admirers Eugene boxed three exhibition rounds with Sias Greco at Monument National, but it was Sias who did most of the exhibiting. Greco is one of the real comedians of the ring, and his facial contortions, and acrobatic performances along the ropes, were so funny that even Brosseau was chuckling. Green burlisqued things, and so Brosseau got no real opportunity to show one way or the other. There's this to be said for Brosseau: He steps around with the same speed as of yore. His footwork is as fast as ever. Last night the hoppers were equipped with heavy gloves and his punches lacked, perhaps for this reason, their old-time snap. His left hand is far from being powerless and he used it for both jabbing and hooking. But the only way to tell whether Brosseau is "back" is to see him box. Last night's exhibition was not convincing.

Captain Roper Wins.

Boston, Nov. 24.—Capt Bob Roper of Chicago gained the referee's decision over Bob Martin, champion of the A. E. F. in their fast ten-round bout tonight. Seven of the rounds went to Roper, who fought well to the inside of Martin's guard, using a left jab to good advantage. Martin set a fast pace

when the men met for the first round, but he took a right hook to the heart in the second that slowed him up for the remainder of the bout.

WRESTLING.

Bout in Brandon.

Brandon, Man., Nov. 25.—Olson defeated Arthur in two straight falls here last night, winning the middleweight wrestling championship of Canada, the first fall coming after thirty-four minutes and the second in nine minutes. Arthur said that injuries to his neck, sustained in the last bout here, handicapped him.

TURF.

Big Money at the Race Meets.

Toronto, Nov. 25.—Almost eight million dollars was wagered in three Ontario race meets during the last racing season, according to statistics issued yesterday from the provincial treasurers department. At the Hamilton Jockey Club fall meeting the total was \$2,062,102 and at the September Windsor meet the grand total was \$3,607,770.

Of the \$2,060,569 total, the Hamilton Jockey Club retained \$208,050, plus a surplus of \$18,171. The net profit was \$78,888.60. At the Windsor meet of the Western Racing Association, held July 8-10, the amount wagered at the meet was \$2,026,102, of which the club retained ten per cent. The receipts, including the mutual percentage, were \$292,839 and the expenditure \$238,093.

At the Windsor meeting, held September 1-3, the receipts, excluding \$860,777 received from the mutuels, were \$109,367. The amount wagered at this meeting was \$3,607,770.

P. E. I. Man Gets One.

New York, Nov. 25.—At the Old Glory auction, Gen. Watts, 2.0%, brought top price yesterday at \$7,000, to Paul Kuhn of Terre Haute, Ind., who paid \$30,000 for Harvester, 2.01, in 1917. David Guy went for \$5,000 and Carmelita Hall for \$5,100. Radiant went for \$235 to J. Jenkins of Charlottesville, P. E. I. Other purchases by Canadians were: Suzedley, by E. Lavery, Montreal, \$425. Peter Dillon, 2.08%, by C. Sandraelli, Montreal, \$350. Marican, by F. Vannduc, Montreal, \$160. Eudora, by George Gosselin, Quebec, \$85.

Jack Glassford Dead.

Chatham, Ont., Nov. 25.—"Jack" Glassford died at his home here yesterday. For several years he owned some of the fastest horses in the province. His services were also in great demand as a starter at horse races. He was sixty-three years old.

GOLF.

\$5,000 Auto For Evans.

Toronto, Nov. 24.—In appreciation of his bringing back the national amateur golf championship to the Edgewater Golf Club, the members of that organization last Saturday night presented a \$5,000 automobile to "Chick" Evans. The question now arises whether the club violated the amateur rule of the United States Golf Association, either in letter or spirit, or both. No doubt the association will not look with great favor on this presentation.

BASEBALL.

Cobb Attracts 30,000 Fans.

Ty Cobb played to 30,000 folks in the two games in San Francisco and one in Oakland. He outdrew what Ruth did last year by a big margin. Cobb and Ruth are different in every way. Ball players and those who know inside base-

ball appreciate Cobb's work, while Big Babe gives eye those who know nothing about baseball a thrill when he pumps a ball out of the lot.

Cobb is great, doing everything, while Babe is in a class all by himself as a home-run hitter.

Cobb will play in Los Angeles, and if things break right he may play a return engagement in San Francisco before he goes to his Georgia home.

INCREASE OF BIGAMY.

London, Eng., Nov. 25.—During the hearing of a bigamy charge at Northamptonshire Justice Sankey said bigamy was greatly on the increase and must be stopped. There were hundreds of cases throughout the country, he said, and judges had made up their mind to deal severely with offenders.

## ICE CREAM A REAL FOOD

During the past four years science and necessity have taught us many things about food. Some things we once thought indispensable as food, we have since found wholly unnecessary. Others we thought of only as luxuries, we have found are food necessities.

Ice Cream, a short time ago, was thought of and used only as a luxury, but during the war it was declared by the government to be an essential food. Science and actual experience in both home and hospital have proven it to be a necessary and very nourishing food. The cream and milk from which it is made contain growth-promoting and health-giving substances absolutely necessary to child growth and the health of all ages.

Ice Cream soothes and nourishes the sick back to health and strength, because it is so easily digested and so rich in food value. It strengthens and sustains the healthy of all ages, because it contains this element of food so necessary to health and strength. It puts color in the cheeks of youth and laughter in the eye of age. Eat more of it, ye young and old, because it is a real food, an all-the-year-round food.

GRANDMOTHERS DANCE IN ST. JOHN

(Sackville Post) A St. John correspondent writes:—While a campaign against dancing is being launched in Montreal, the dance craze is gathering strength in St. John and this week a new cabaret, the most pretentious of its kind in the city, was opened, while plans are being discussed for the opening of another large dance hall.

HISTORY OF DANZIG RECORD OF CHANGES

City Has Prospered Under Polish Rule — Declined When Cut Off from Vistula Basin.

New York, Nov. 25.—Though Danzig has been much discussed in recent world news and has now again attracted wide interest owing to the attention given the Danzig problem by the Assembly of the League of Nations, but little has been written of the city's history. It is not generally known how the very strange anomaly of an apparently German town in a Polish country, at the Polish seashore, has become possible.

Although nominally subject to Poland and represented in the Polish Diets and at the election of the Polish Kings, it continued to enjoy the rights of a free city, and governed a considerable territory embracing more than thirty villages.

It was during the 17th and 18th centuries that the city was most troubled by wars and aggressions. In 1734, having supported Stanislas Leszcynski, the Polish King, the city was attacked and taken by the Saxons and Prussians.

Throughout its history Danzig has prospered only when Poland prospered. The city has at all times been wholly dependent on the Polish hinterland, and the decline of the Polish nation was invariably quickly reflected in the lessening of Danzig's commercial success.

During the last century the city has very largely been colonized by German. But the Polish spirit has not died out, and even of the German inhabitants there are many who are fully aware of the fact that to prosper, Danzig must maintain the closest relations with Poland.

In the schools of Danzig Polish was taught until 1859 and Polish sermons were preached there even during the earlier part of the present century. Polish historical monuments abound in the city, while the Prussian rule has left no vestiges worth mentioning.

Do You Count the Cost of Your Tea?

Good tea is really very cheap per cup, less than 1/2c. for the very finest.

The duty on tea coming into Canada from British possessions is 7c. per pound, and 10c. per pound from other countries.

You pay just as much duty on a pound of poor tea as on a pound of the very best — such as Red Rose Orange Pekoe Tea.

You can therefore get much better value in a superior high quality tea than in poorer, cheap tea, because you pay the same duty on the poor as on the best.

This extra value is appreciated by most people, as the increasing sales of this fine quality, mountain grown Red Rose Orange Pekoe Tea clearly prove.

Ask for it by the full name. Sold only in our new sealed airtight cartons.
