Engagement of Madame Ellis at Opera Ho e Continues to Cause Marked Sensation

Madame Ellis, the one big sensation of the city, will be at the Opera House only tonight and tomorrow, her engagement here positively ending on Thursday evening.

Have you seen her? She will puzzle you, make you think, and even if you are inclined to scoff at such things, just try to figure out how she does it and you will agree that her work is simply wonderful.

Her manager invites everybody to submit any test they wish, no matter how hard, or complicated, for it is just possible that St. John may succeed in doing what no other city or town has been able to do and that is to make "The Woman Who Knows" say that she does not know.

Tomorrow afternoon Madame Ellis will give a special matinee for ladies only, positively no gentlemen admitted; all the men on the stage and in orchestra will be required to leave the house, so that ladies may ask her personal, private questions. The matinee commences at 2.30. Usual price of admission.

SAYS THE PRISONERS WERE BADLY TREATED

Johnson Sent to Prison for Life for Killing Guard in Manitoba Penitentiary

Winnipeg, July 9.—Accusation of "cruel and inhuman treatment of prisoners," of "assaults on convicts," and other irregularities were made against officials of the Manitoba penitentiary yesterday afternoon, when Albert Johnson, alias Fishburn, a convict, took the stand in his own behalf on the charge of murdering Guard Anton Fladeby.

Charles Carson, another convict, gave testimony along similar lines and alleged that Deputy Warden John McLeod was accompanied on his rounds of cells by a vicious dog which had on occasions bitten the witness.

The line of defence was that Johnson killed Fladeby under grave provocation. Johnson was sentenced to life imprisonment for manslaughter.

THE LAST WORD

The Lordships of the Judicial Committee of the Privy Council (Montreal Gazette).

In a study little room, devoid of all insignia of authority, sit half a dozen elderly gentlemen in tweed suits, entirely unimpressed as far as external appearance is concerned; and yet the Judicial Committee of the Privy Council says the last word which 50,000,000 people will cheerfully obey throughout the bounds of the greatest empire that has been.

This is the marvel—the note struck is one of extreme simplicity; but it is only greatness that can afford to be simple. It was said of Queen Victoria when her majesty visited the Third Napoleon, that in her simplicity she looked all the queen accustomed to place and power, and showed favorably by comparison with the Empress Eugenie, who, all respondents, never was able to wear the air of security, as one to the manner born.

The committee of the privy council interprets the law for the empire. From all parts of the world come the legal representatives of the people, and for the last word, the final expression of authority, which all will obey. And this is the thing to ponder, and to ponder for the last word, the final expression of authority, which all will obey. And this is the thing to ponder, and to ponder for the last word, the final expression of authority, which all will obey.

But that is precisely the case—their lordships know all about the vexed question. They are familiar with the constitution of the outlying dominions. They understand local interest and objection. They are able to delicately hold the balance between the federal and the provincial powers. They understand the nuances of difference and why they arise and how they operate. They are "en rapport" with the genius of disunion, which are familiar with the sanctious, legal and social and economic, of burning India. They know the temperaments and the antipathies of the dominion. It is a matter of knowledge and admiration of the fact that the committee is able to enter fully and understandingly into the intricacies of the French civil code as affecting the lives and conduct of 2,000,000 people in the province of Quebec.

To the general apprehension this might seem impossible, but their lordships are the most eminent men in the empire. They have made a life study of the law operating in all parts of the latter. What is more—they have been able to enter into the spirit of the causes and questions which come before them. Thus, it happens that the last word is accepted with loyal content by all litigants. Of course the decision cannot please all the litigious elements; but all will concede that substantial justice has been rendered.

The lawyers are in robes, with horse hair wigs; but their lordships wear no wig and no robes. Some of them are in tweed suits. They sit in chairs. They often move about and talk to the lawyers, in an unformal manner. The latter stand in awe of their lordships, who speak for the empire, and whose decisions cannot be gainsaid. At the same time, the sense of power is never absent. The very simplicity which marks the proceedings, the absence of all insignia, the consciousness that this little group of elderly men keep the even life of the empire in its uninterrupted course, gives the sense of majesty, even though their lordships wear billy cock hats, tweed suits and four-in-hand ties.

When the lawyer is young and timid, their lordships are very considerate. They will often say an encouraging word, or come to him and converse, or seek for co-operation in the elucidation of a knotty point. Many a young man has been thus fortified by the kind words of their lordships. The tone is conversational. There is no heat, nothing to suggest authority; but the consciousness that the last word is to be spoken by the committee, and that no authority can impugn the decision that may be come to, gives a great impressiveness to the scene. The atmosphere is stuffy; the horse hair chairs are antiquated; the room is small; all is bare and unadorned; but in this little apartment is the might of the empire. There speaks the final authority. Here the decision is reached which affects the lives of 500,000,000 people.

This is the high testimony to the understanding of the committee, to its mastery of the varied questions with which it is called upon to deal, that in every part of the empire the decisions of the committee are accepted with loyal and satisfied readiness. Quebec desired the final appeal to lie with our own supreme court, but that was not very much in earnest about it and the matter dropped. The very detachment of the committee is the guarantee for impartiality. That committee still remains the wonder of the empire—that easy simplicity wedded to unquestioned and plenary power.

BUYS FROM GOVERNMENT
Some 40,000,000 Yards of Linen Which Was Intended for Making Airplanes Secured—Reckons Gross Profit of \$5,000,000
London, July 9.—Leonard J. Martin, a young English business man who deals in agricultural machinery, has bought for \$20,000,000 from the British government about 40,000,000 yards of linen which was intended for making airplanes. He knows nothing about linen, but bought it for speculation.
Today his name and picture are featured in every British paper and editorial writers are pointing out that the enterprising young man will not have to go to new countries to find golden business opportunities. Martin is thirty-seven years old and began his career, he says, with a capital of about \$500.
"I bought over the heads of everybody else," he said, "in discussing the deal, 'simply by offering a higher price than anybody else would pay. This is a one-man deal. I am fascinated by the possibilities of the linen. I have never seen a proposition with as much scope in the markets of the world.'"
The stock of material Martin now controls represents three years' normal supply. He is reckoning on a profit of about \$5,000,000. Of that amount \$2,000,000 would go to the British treasury in excess profits and another \$1,200,000 in super-tax.
The linen has been for sale by the government since January under an offer to the public by the general public in ninety yard lengths and 100 yard bales, but only \$1,000 worth of it had been sold.
"Belfast people," said Martin, "imagined they had the stuff between their fingers. A large part of this linen was actually manufactured after the armistice, because the Belfast mill owners refused to allow their contracts to be cancelled."
"They went on making linens in millions of yards at forty to fifty cents a yard. Then they offered the government seven cents a yard to take it back. Their price later went up to about twenty-five cents a yard, and it was still held in view of the monopoly to sell it to the public at three shillings. They could have re-equipped all the mills in Ulster out of the profits. I have got the linen at about double the final Belfast offer."

THREE FOUND GUILTY
Ottawa Street Railway Strikers—Effort to Provide Service
Ottawa, July 9.—Ambrose McCabe, William Jennings and J. E. Vaughan, striking employees of the Ottawa Electric Railway Company, were found guilty in police court yesterday on charges of having assaulted employees of the company on last Saturday night, during a disturbance outside the car barn on Albert street, and were remanded for sentence. They are at liberty on personal recognizances.
The company promised a thirty car service for today and yesterday ran two cars through the city with strike-breakers aboard.
Effort by the board of control to intervene in the dispute came to naught.
Ottawa, July 9.—The Street Railway Company started a service this morning on the ninth day of the strike. Thirty cars were running with extra men on board and a policeman in uniform on each car. There has been no disturbance.

ASQUITH AT COBLENZ
Coblenz, July 8.—(By the Associated Press)—Herbert H. Asquith, former British premier, who has been visiting the British occupied area, arrived here yesterday and was a dinner guest of Major-General T. Allen, new commander of the American forces in Germany. He plans to spend several days in the Coblenz bridgehead district.
ALEXANDER McAFEE
The death of Alexander McAfee, a respected and prosperous farmer, occurred at his home, Quispamsis, Kings Co., N. B., Tuesday, July 8, at 3 p. m. after a lingering illness. Deceased was in his seventy-second year. He was born in County Donegal, Ireland, and came to this country in the year 1868, and has been a resident of Quispamsis for fifty years. He leaves to his wife, George McAfee, Quispamsis, one sister and one brother in Ireland. The funeral will take place at 2:30 o'clock daylight time, Thursday, July 10, to Fernhill cemetery.
WERE DELAYED
A locomotive that jumped the track at the east end of the switch in Nauwigewauk last evening was still off the rails this morning. The derailment is reported due to the switch frog refusing to spring when the wheels went over. Three east-bound trains, the Sussex suburban, the Hampton suburban and the Maritime express, also one west-bound train, the Halifax express, were delayed for more than three hours, and about 800 or 600 passengers had to await transportation. They were not well pleased at having to wait at Hampton and Nauwigewauk until a track was laid around the wreck.

WILL GO TO MONTAGUE
Rev. E. E. Fyche has returned from England, where he was an instructor in one of the military schools. He is at present visiting Rev. Dr. Sted, 183 Main street. He will go to P. E. Island to supply at Montague until ex-Captain Graham takes charge of that circuit.

THE FUTURE OF THE PATRIOTIC FUND
The legislation proposed by the dominion secretary, Sir Herbert Ames, relating to the Patriotic Fund, was not approved by the central executive when they met at Ottawa. After discussion, the majority of opinion was against handing the work over to others, but in favor of continuing the old organization under its present act of incorporation with somewhat larger powers. An act was framed in accordance with the view of the majority and has become law. The old act limited the relief to be given to the wives and dependents of officers and men while in active service. The new act provides that it can be continued or given in case of need to the wives or dependents of men who have been discharged.
The change merely affects the manner of winding up the organization. It is provided that it will cease when all the funds received or collected for the purpose of the act are exhausted. It further provides that an account shall be rendered to the satisfaction of the auditor-general of Canada containing such particulars as the governor-in-council sees fit, and upon proclamation of this effect, the corporation shall cease to exist.
The regulations regarding post war relief will be somewhat stricter than those which have hitherto governed the distribution of these funds. They are now being prepared by the central committee and will be distributed when completed. Sir Herbert Ames expects to be in New Brunswick early in August to meet the executive committee and any of the active workers that choose to attend while he is here.

News Notes About Prominent Baptists
Dr. P. R. Hayward, now of Toronto but late of Painesville, in the city and vicinity last week visiting old friends. He will be one of the experts in attendance at the Boys' Camps and Conference being held in the maritime provinces.
While Prof. E. M. Kierstead, of McMaster's is now counting the cost of Toronto, in a very real sense he is still one of us and will always remain so. The readers will rejoice with him, and Mrs. Kierstead in the safe return of their son, Capt. Ronald McN. Kierstead, since his graduation from Newton Theological Institution, has been called to the Royal Naval Air Force. His gallantry was recognized by the award of the Distinguished Service Cross.
Rev. T. S. Roy, who has been pastor of the church at West Newton, Mass., since his graduation from Newton Theological Institution, has been called to the Royal street church, London, Ontario.
Mr. Roy is a New Brunswicker and a member of the A. S. S.
Arthur Hunt Chute, son of Rev. A. C. Chute of Wolfville, is now associated with the Rev. Leslie Weekly. During the Balkan war he served as a war correspondent.
Rev. J. A. Swetnam, of Springhill, is now enjoying a well-earned vacation. With Mrs. Swetnam and little son he will spend the month of July at Cape Breton and the Annapolis Valley. During his absence the pulpit at Springhill will be supplied by Rev. A. J. Prosser, Rev. W. B. Bezanon, Rev. H. M. Manzer and Rev. A. Whitman.

COMPANY AGAIN IN CHARGE OF TORONTO STREET RAILWAY
Toronto, July 9.—The Toronto Railway Company is again in charge of its system and R. J. Fleming is again general manager, the Ontario Railway Board, according to Chairman D. M. McIntyre, "having accomplished the reumption of the street railway service, the purpose for which we took possession of the railway." The company undertakes to observe the terms of settlement with the men until June 16 next year.

Chicago, July 9.—Hog prices reached another new top record, \$22.70 a hundred-weight, an increase of ten cents over yesterday's record.
GREAT MASS OF WORK PILED UP FOR WILSON
Washington, July 9.—President Wilson returned to his desk today after an absence of four months to find such a mass of official business that it probably will be two weeks before he can start on his proposed tour of the country, speaking for the peace treaty and the League of Nations.
SIGN ON HERE FOR N. W. M. P.
Examination of applicants for the Royal Northwest Mounted Police was commenced yesterday by Inspector D. LeNause. He is the officer who in 1915 led a patrol over 4,500 miles of frozen trail in the pursuit and arrest of two Eskimos charged with murder. They were convicted of murdering two Catholic priests and sentenced to imprisonment for life, but it is expected that they will be sent back to their homes this year. Between thirty and forty applicants were examined here yesterday and ten accepted.

DEMANDS A SQUARE DEAL

The Maritime Merchant renews in its last issue its vigorous protest against imposing such freight rates on the government railway as would place manufacturers and producers in these provinces at a disadvantage as compared with those of the central provinces. It says: "The maritime provinces have done their share in the development of Canada. They have contributed their portion of the country's taxes, which have gone to the upbuilding of the western part of the country, and yet because of their geographical position they have not been able to share proportionately with Quebec and Ontario in the profits that have arisen from the western development."

The Women's Emancipation Bill, which was designed to bring about political and legal equality of men and women in Great Britain, and remove the disqualification which prevents women from sitting in the house of lords, was defeated by a vote of 100 to 85. Major Astor announced, however, that the government intended this week to introduce a bill to take the place of the emancipation bill. This will provide for the placing of men and women on equal terms in civil and judicial matters. The measure, Major Astor said, will be wide and comprehensive.

Of the result of shutting off the liquor supply a Boston paper notes the following change in conditions: "The smallest number of arrests for drunkenness on a Saturday since records have been kept by the Boston police department were reported for the twenty-four hours ending Saturday at midnight. The total of all the stations in the city was only seven as against 360 the Saturday before under wet conditions. The average Saturday arrests for drunkenness, before prohibition went into effect, numbered about 300."

Touching the matter of street car fares the following from Grand Rapids, Michigan, is of interest: "Grand Rapids has returned to a street car fare of five cents. This arrangement was made between the city and the street car company under an agreement for a trial of thirty days, during which it will be determined whether the street car company can exist without the present rate of fare, six cents."

It can hardly be described as unreasonable for St. John to ask for the assurance that under commission the harbor will be provided with all facilities required to meet a constantly growing trade, and that the port charges will be so increased as to place St. John at a disadvantage, in comparison with other ports. If it is alleged we should take all this for granted, what possible objection can there be to giving the assurance asked for?"

Eleven American states have thus far ratified the federal woman suffrage amendment to the constitution. None has yet voted against ratification. It is necessary to carry thirty-six states, and the prospect is that far more than this number will ratify whenever the vote is taken.

Every effort to revive amateur athletics in St. John should receive public encouragement and support. We are making good progress in St. John this year, and the sporting page again becomes a feature of interest in the newspapers.

It may be assumed that Liberals in St. John, including both wings of the party, are looking forward to Thursday evening's convention with a desire to take such action as will not give comfort to the Conservative party.

If it is true that women who took men's places in Chicago during the war and proved quite as efficient were paid only 50 to 85 per cent. of the wages the men have received, they have just cause for complaint.

It is estimated that because of strikes and coal shortage only a million tons of shipping will be launched this year in British shipyards, instead of the two million tons anticipated.

Navy seaplanes have successfully carried mails from Honolulu to Hilo, a distance of 190 miles. This method of communication will be very widely used ere many years have passed.

The Toronto board of education has appointed Miss A. E. Marry, M. A. of the Ottawa Collegiate Institute, to the position of public school inspector, thus creating its first lady school inspector.

HE LEFT ME DREAMS.

(In memory of J. W. H., despatch bearer in Rainbow Division, killed in action in France.) He left me dreams—bright, starry shafts, unbroken, Rose-decked and sweet, as sign-posts down the years; His songs were sheafs of triumph, proud, unbending. A glory unforgettable, to trace Upon my life—my children's lives—no ending. But, like Dawn's sacred flame, forever blending. With Honor sprung from Love's high dwelling-place.

The sunset's ruddy kiss, the moon's brave wonder, In merry messages he sent to me; His words were silver bells amid the thunder Of death-commissioned guns across the sea. He left me Faith and Hope and smiles of immortality. And thoughts that flung stern challenges to Wrong. A Knight he fought, and stormed the tyrant's portal, His deeds like seeds shall flower into Song.

The Night's cool whisper, when the Dawn is waking, And ghostly hands unclasp, yet clasp again. He knew; and drank, like wine, for spirit's slaking The melancholy music of the Rain. He left me gold, he sent no earthly treasure, His sacrifice is hidden deep from fame, Forsaking home and friends and peace and pleasure. He left me Love, in Friendship's hallowed name. —I, Corson Miller, in the Forum.

PLANS FOR CONVENTION.

The meeting of the W. C. T. U. yesterday afternoon was largely concerned with the formulation of plans for the provincial annual and the county quarterly conventions. The president, Mrs. David Fitzwell, was in the chair and conducted the opening devotional exercises. Mrs. Seymour read a communication from the dominion secretary, Miss L. Brown, regarding the report of the twentieth dominion convention. As the dominion secretary, Miss L. Brown, is in the chair and conducted the opening devotional exercises.

When the Huns Were Off Our Coast

THE outbreak of war brought a new problem to Canada—the guarding of our coast from German raiders and submarines. Everything that was done at the time was shrouded in mystery, for the censorship did not permit any mention to be made of defense measures. Now, however, it is possible to tell about it, and Thomas M. Fraser gives the complete story of coast defense in an article in the July issue of MACLEAN'S MAGAZINE.

He describes how the coast was patrolled; the troopships convoyed; the seas swept of mines; the shores guarded; the harbors watched. Altogether a complete and fascinating story of a page in Canadian history that may never again be duplicated.

The July number of MACLEAN'S will have a very great interest for readers in the Maritime Provinces. It contains the following articles:

"The Land of National Leaders"

An article on the political aspect of the Eastern Provinces and the achievements of their leading statesmen.

"The Spirit of the Maritimes"

An article on the attitude that the people of the Maritimes are adopting toward the big problems of the day, particularly with reference to the results of Confederation. It is a close and outspoken exposition of the situation and shows the reasons why the people of the East are not satisfied.

Bonar Law, the man from the Maritimes, who has been the able lieutenant of Lloyd George at all crises in Great Britain, appears on the cover in a handsome three-color reproduction.

Other Big Features of the Number

"With the Snowball Brigade"

By Captain Louis Keene. Just back from Siberia—Captain Keene tells some sensational and intensely gripping things about conditions in that country which the Canadian forces are helping to stabilize. It is a record of international complications, strange atrocities and almost unbelievable living conditions.

"Solving the Problem of the Arctic"

By Vilhjalmur Stefansson. The fourth instalment of his remarkable story of the five years he spent in the north for the Canadian Government, appearing exclusively in MACLEAN'S.

Four Magnificent Stories

The best fiction obtainable is found in this issue: "Owners' Up," a race horse story by W. A. Fraser; "His Majesty's Well Beloved," by Baroness Orczy; "Petite Simonde," by Arthur Beverley Baxter; "Bunkered," by Allen C. Shore.

"The Four Tommies"

By Robert W. Service. A war poem of unusual strength.

—Every Home in the Maritime Provinces should have a copy of this July MacLean's and place it in their library for reference.

RECENT DEATHS

John McDougall. The death occurred at Hampton Village on Saturday morning of John McDougall, aged ninety-four years. He was a native of Salt Springs and has many friends there who will hear of his death with regret. He leaves one son, John McDougall, of Hampton, with whom he resided, and two daughters, Mrs. Patrick Boyle, of Bloomfield, and Mrs. Edward Griffin, of Boston. The funeral was held on Tuesday morning and interment made in the family lot at Upham, Kings county.

Howard Bailey. St. George, July 8.—The body of Howard Bailey arrived here from Fredon Junction on Monday. The funeral was held from the Baptist church under the auspices of the Orange Lodge, interment being made in the rural cemetery. Mr. Bailey resided for many years in St. George, coming to this part of the country upon the building of the Grand Southern R. R. He was employed on the road for many years, afterwards going with the Pulp company. He was a consistent member of the Baptist church and well known in the community.

Mrs. Charles Haub. The death of Helene, wife of Charles Haub, occurred at her home, 115 Queen street, yesterday. She is survived by her husband, who is on the staff of the Atlantic Sugar Refineries, and three daughters who are present living in the United States. The sympathy of a large circle of friends is extended to the bereaved. The funeral will be held Thursday morning.

Mrs. Catherine Tait. The death of Mrs. Catherine Tait occurred on Monday morning at the residence of her son, George W. Tait, Shediac East, aged eighty-seven years. She leaves a son, George W. Tait, Shediac East, and one daughter, Mrs. William Jerry, of Shediac.

On July 5, at the home of his daughter, Mrs. W. B. Crockett, Scotch Settlement, N. B., Archibald Henderson died in the eighty-fourth year of his age.

The death of Walter Pearson Cummings, son of E. A. Cummings of Moncton, occurred in that place yesterday at the age of eleven years.

LOVELY GIVEN ONE HOUR IN THE JAIL

Unwritten Law for Defence of Truro Man—Had Been Hidden for Twenty Days

Three criminal cases were tried in Truro last week at a special sitting of the county criminal court, Judge Webster presiding. The first case was that of R. B. Lovely, charged with shooting with intent to maim Harry Blair, clothes presser. The offence was committed on Feb. 8 last, when Lovely, after warning Blair to cease his attentions to his wife, later found them together in Blair's shop, where the shooting took place. Following a preliminary hearing, he was admitted to bail in the amount of \$2,000. When his case was called at the June session he did not respond, and a search warrant was issued. He was re-arrested on June 21, following information received by Chief of Police Fraser that some person was in hiding in the cellar of a factory near the railway crossing on Pleasant street. Hidden Under Wall. Search of the premises found Lovely hidden away under the wall. When arrested he was in a pitiful condition and had, from his statement, been hiding there since the last of May and had nothing but water from a faucet in the cellar from that time until his arrest. He also said that he had come to Truro ready to stand his trial but W. S. Kennedy, L. L. B., retained on that date to defend him before the supreme court, had advised him to stay away until it blew over and had taken from him \$100 as a retention fee, giving him a receipt

which was found in his possession at the time of his arrest, and produced in court.

After his re-apprehension, G. H. Vernon, L. L. B., who appeared for him at the preliminary hearing, was again retained to defend him and conducted his case today, H. O. McLatchy, K. C., acting for the crown. A plea on behalf of the accused was entered by his counsel that he had only temporarily committed the offence and that by virtue of the unwritten law Lovely was justified in acting as he had done and that the hardships which he had endured had almost resulted in his death, and were all the punishment which should be given him. The judge in his address to the accused sympathized with him on the advice he had received to "hide away," and while he had to find him guilty of a technical offence he would impose sentence of one hour only in the county jail.

The most conspicuous part of the horse was his prominent ribs. It was certainly an odd looking animal, judging by the usual standard of horses, it was not the pride of any one's stables. But the gypsy who led it evidently had hopes of its doing something, for he appeared anxious to make it move. "Sky, guv'nor," shouted an interested spectator, "you're taking the horse the wrong way. The dog kennels lie in the other direction." "I know my business best," was the retort, "so don't you talk to me. I'm right for the steam laundry, aren't I?" "Yes, guv'nor." "Well, I'm taking 'im there, where he'll prove useful as a scrubbing board."

Lawton-Forbes. Last evening Rev. W. R. Robinson united in marriage Miss Margaret Forbes of Gethsemani, Aberdeenshire, Scotland, to William P. Lawton, a former member of the 26th, who was invalided home wounded some time ago. The ceremony took place at the home of D. H. Ellison, Celebration street, Mr. and Mrs. Lawton will reside in this city.

AMHERST FORECAST OF HIGHER PRICES FOR FOOTWEAR HERE LONG

C. S. Sutherland Speaks of the Existing High Prices and Says They Will Continue

(Amherst News.) Footwear comes high these days, but the chances are that in six months time there will be a material increase over the present prices. Being somewhat dubious about the truth of this report we decided to seek an authority on the subject. A News representative approached C. S. Sutherland, manager of the Amherst Boot & Shoe Co., a man thoroughly acquainted with every phase of the shoe business, to secure the desired information. In the first place Mr. Sutherland quoted a few figures regarding the cost to the manufacturer of various materials which go towards the making of a boot. Calf skins which previously to the war could be purchased for around thirty cents a piece, now command 70c. to 80c. per lb., which means from \$3 to \$4 per skin. Tan calf leather which cost 65c. per lb. six months ago now sells at \$1.25. Sole leather has more than doubled in value and even in the last two weeks has gone up 10c. per lb. Side leather has jumped in like proportion. Split leather which used to sell for 15c. per lb. is now 45c. Kid has jumped from 20c. per foot to \$1.35. Most of the linings formerly 12c. per yard are now 30c. Linen threads have tripled in value. Nails are away up. Freight rates have doubled, and running expenses are much higher. Add to all this the increased cost of labor, and the justification for the existing prices of footwear is very apparent. The final value of all things is fixed by the extent of their occurrence, that is, the relationship between supply and demand. Leather is no exception to this rule. During the four and a half years of war, millions and millions of pairs of boots have been worn out by the immense armies of the various countries. These army boots required more and better leather than do our ordinary civilian boots. They were subjected to the most adverse conditions possible and as a result were worn out just so much more quickly. It was often impossible to have repair work done, and consequently good boots were thrown away for new ones. It was likewise with all leather equipment. There was undoubtedly a great wastage. Add to this the fact that there was a big reduction in the production of leather due to high cost of fodder, etc., and it is easy to understand what caused the temporary scarcity. The war is now over and the world settling back to peace conditions once more. Why should not the price of footwear also settle back to pre-war days? Mr. Sutherland also gave us the explanation for this. It seems that since the armistice, European agents have come into Canada and the United States, and being willing to pay an unprecedented price, have been able to buy up American leather in such quantities that the supply necessary for the maintenance of our own industry has been sadly depleted and as a result the Canadian and United States manufacturer must pay a consequent high price. Mr. Sutherland was unable to say just when we could expect normal prices once more, but it will probably be a year at least before the market begins to drop to all, and in the meantime it is going to rise considerably.

SIR HALL CAINE MAKES STRONG PLEA ON CANADIANS' BEHALF

London, July 8.—(Canadian Associated Press)—Sir Hall Caine, the well-known novelist, occupies over a column of the Daily Telegraph today with a defence of the Canadian troops against a "small but powerful section of the British press now doing its best or worst willfully or unwittingly to separate Canada from the Mother country." He deplores certain excesses and recalls numerous reports of outrages which were manifest falsehoods. For reasonable exceptions to good behavior he pleads extenuating circumstances, chiefly the bitter disappointment of delayed repatriation, losses to business and the mischief of idleness. Everything considered, he thinks we must be thankful that the conduct of the overseas troops has been so good. He pays a glowing tribute to Canada's devotion to the empire and to the splendid achievements of the war and declares that the British press and public as a whole are profoundly conscious of the empire's debt to Canada and have given to the recent unfortunate incidents only their proper value.

PROFITS AND THE TURNOVER. In textile manufactures profits of 72 and 810 per cent have been shown, in the flour milling business the Ogilvie Company made 72 per cent. In both cases the plea is advanced that the huge profits made very little difference to the consumer, because they were spread over a very large business or turnover, as it is called. The arrangement makes a very small profit. The arrangement makes a very small profit. The arrangement makes a very small profit.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that under the prevailing conditions due to change of time of the railroad, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

WATER ASSESSMENT INCREASED BUT RATE REMAINS THE SAME

Commissioner Jones at this morning's council meeting presented a statement of the water taxes for the current year and the valuation. The rate is the same as last year, but there is an increased revenue totalling more than \$2,000. This is due to increased valuation of the land and stock on which the tax is based and the increase in the amount of water supplied. The statement is as follows:—

Valuation	Real Estate	Stock	Total
North	\$ 6,341,700	\$ 589,100	\$ 6,930,800
East	1,255,000	81,500	1,336,500

PATRICK TRAINER
The death of Patrick Trainer took place this morning at his residence, 51 Peters street. He was caretaker of north and south wharves for some years and had been in the employ of the city for more than twenty-five years. He leaves five sons, Frank, Patrick, James, Owen, and two daughters, the Misses Rose and Katherine, all of this city. A large circle of friends extend sympathy to the bereaved ones.

NEW STATION
Although a dispatch from Ottawa says that the authorities will be in no hurry to build the proposed new station here, this it not to interfere with the work of getting rid of the train shed at the depot. Work is expected to be begun on this a few weeks. Besides this a survey of the land about the station has been made as a location for the new building, which, of course, will be considerably larger.

DETAILS OF BONUS TO CIVIL SERVANTS

An Ottawa despatch to the Montreal Star says:—
"Postal, customs and all employees of the Civil Service save those who are engaged at the prevailing rate of their trade, such as printers, will benefit by the bonus of ten million dollars voted in the Commons on Saturday. It is an expedient to help meet the H. C. of L. While no explanation was given at the time of the vote it is understood that the plan recommended by the Civil Service Commission will be followed. Last year the bonus was limited to those getting less than \$1,500. This time in the case of heads of families it will go up to \$3,000 but as regards single men or women the limit will still be \$1,500.
A government employee heading a family who receives \$1,500 or less will get a bonus of slightly more than \$400 payable in monthly instalments. From this basis the scale will be graduated, a different allowance being made for every \$200 salary up to \$3,000. A married man getting \$1,700 would receive \$800 and one receiving \$2,000 would be bonused \$900. The allowance would decrease sharply from \$2,000 to \$3,000 the latter salary being entitled to a bonus of less than \$100.
As regards single males or females in service receiving less than \$1,200 the bonus would be \$250 and those receiving from \$1,200 to \$1,500 would be paid \$150."

POLICE COURT

A Fine of \$96 or Fourteen Months in Jail—Boys Sentenced for Being Out Late

In the police court this morning three men, charged with drunkenness, were sentenced. One of the numbers, by the order of Dr. G. O. Baxter, was sent to the General Public Hospital for treatment.

John Griffin was charged with drunkenness, using profane language and assaulting Policeman Landon. Mrs. Mary Hanley, proprietress of a store in Brussels street, said that this man was in her store and used abusive language. The magistrate fined him \$8 or two months in jail for the drunkenness charge, \$8 or two months in jail for using abusive and profane language and \$80 or ten months in jail for kicking and assaulting the policeman.

Three lads were charged with shouting and creating a disturbance on the corner of Barker and Somerset streets. Policeman Gibbs said that about 11 o'clock last night he and Sergeant Journey, Policemen Lindsay and Donahue went down to the place because of complaint. They found about twenty lads. Each of them was fined \$8 or two months in jail for being out after 9 o'clock and \$8 or two months in jail for creating a disturbance.

Hugh Patrick was charged with a statutory offence, but was remanded until he could get counsel.
Walter J. Hall, 46 Brussels street, was charged with assaulting his wife, Mrs. Margaret Hall. He was remanded.
A case against Mrs. Florence Phillips, charged with supplying liquor to James Hebert, 27 Brunswick street, said she was in the store on the afternoon of the alleged offence but did not see Dempster come in. Later, on cross-examination by Inspector Merryfield, she said that she did not know Dempster, so really could not say whether he was in the store or not. The case was postponed until Friday at noon. Kenneth I. MacRae appeared for the defendant.

DEATH OF T. OSCAR COLLINS

Thomas Oscar Collins, a well known and respected resident of the north end, passed away at his home, 9 Chubb street, this morning after an illness of some three months. He was a son of the late Mr. and Mrs. Thomas Collins and was a life-long resident of this city. He was sixty-five years of age and is survived by his wife, who was Miss Catherine Smith; three sons, Louis, John and Ed; one daughter, Mrs. Charles McCormick, of Harvey street, and Sister Emery, a Nun in St. Joseph's Hospital, Chicago.
Mr. Collins was a valued employee of The Evening Times for the last eleven years, in the capacity of stereographer. Prior to this he was with the Sun where he learned the trade. At one time he was on the Phoenix Foundry staff. While on the staff of The Times he won the confidence of all and the esteem of his fellow associates and his loss is keenly felt. The sympathy of all will be extended to his bereaved family.
Mr. Collins was a keen lover of good clean sport and would walk miles to witness a ball game or a horse race. He participated in various lines of sport in his younger days and was well versed in all of the chief pastimes. Arrangements for his funeral have not as yet been completed.

AND NOW SOAPS ADVANCE.

Glycerine has dropped about forty cents per pound, and as this commodity is a by-product of soap the manufacturers of several Canadian soaps have taken this opportunity of raising prices by fifty cents per box or from \$7.75 to \$8.25. Another soap is now quoted at \$7, an advance of forty cents per case. Toilet soaps are up about 15 per cent.

During the war glycerine was at such a premium that soap was manufactured far in excess of requirements, simply for the sake of getting the by-product. For months it has been said that Canada's supply of soap was far greater than at any previous period. One man, who claimed to know, said that "thousands of boxes" are in storage. In fact, soap was so plentiful that the carrying charges "were bound to bring about a big decline," but the decline has turned out to be a general advance.

CREDITS MUST PRECEDE GOODS

Future of Foreign Trade Hinges on Success of Plans for Financial Assistance

(Montreal Herald.) The future of American and Canadian foreign trade, George A. Gaston, president of Gaston, Williams & Wigmore, Inc., declares, depends almost wholly upon the extension of foreign credits in one form or another.

"So far as our domestic consumption and our internal welfare are concerned, I can see no earthly reason," he said, "for the slightest apprehension. However, for the foreign nations, in order to buy our surplus production in sufficient volume to keep our greatly increasing manufacturing facilities going at full capacity, must be extended huge credits. This is a fact already given wide publicity by prominent students of the situation who have conducted personal investigations.

"It should be remembered that our national wealth is nearly equal to that of all European countries combined; that billions of dollars are invested in readily cashable government bonds; that savings deposits are by far the largest in our history—further that we possess immense quantities of raw material of every description; abundance of skilled labor and manufacturing facilities greater and more efficient than that of any other country of the world.

Dr. Grant pointed out that many voters, under the plea that they did not want to stop the workingman's beer, would vote "yes" to questions two and three, thinking that thereby they were merely continuing to allow the sale of beer under the same scale as it was being sold during the war. They would really, however, commit themselves to sanctioning the open bar and the return once more to the old conditions before the Ontario Temperance Act was put into force.

SIGNS OF REVIVAL ARE SEEN IN LENS

The Town Most Thoroughly Devastated in the War

Paris, June 16—(Correspondence of The Associated Press)—Lens, the most thoroughly devastated town of the war, is showing signs of revival. When The Associated Press correspondent visited this erstwhile busy coal mining centre of the department of the Pas de Calais early this year, it still looked as though pounded the whole place to atoms. To the west of it lies the grim battlefield of Loos, which has the curious appearance of a petrified sea. The soil has been plowed up in an extraordinary manner by thousands of poisonous gas bombs, which have tinged the sparse vegetation an unhealthy grey.

Before the war Lens had 30,000 inhabitants. When the correspondent visited the locality in its state of hopeless desolation, there were only three sturdy optimists left, who led a cave men's experiment to get food was Bully-Grenay, ten miles away, and there was no transportation. Things have been mending since. Today about 6,000 of the exiled inhabitants have returned. They are housed in corrugated iron huts formerly used by the British army. The cleaning up of the place, begun by Chinese and German prisoner work squads, is taking on more speed. The approaches have been laid bare to cellars and underground shelters which have been occupied by homeless "house-hunters." Even building of a sort is going on; the material used being such old bits of wood, stone and iron as were still serviceable in the huge rubbish heap that once was Lens.

In the Pas de Calais department alone 150 townships and villages are in the same plight as Lens or nearly so. The task of making these places fit to live in again is a herculean one. Labor is available in adequate numbers, but to lodge the workers and underground shelters. The latest suggestion is to use covered army motor trucks as temporary shelters for the workers by whose efforts Lens is to arise from its ashes.

TORY EDITOR'S VIEW ON TARIFF

(Fredericton Mail.)

Editor Malaney of the Tory Woodstock Press, was one of the speakers at a big farmers' picnic held at Somerville, near Hartland, last week. The picnic was under the auspices of the United Farmers, and naturally enough most of the speakers took a whack at the tariff and condemned the proffering which has been disclosed by recent parliamentary investigations. The published report of Editor Malaney's speech, which apparently emanated from a friendly source, is given by the Woodstock Press as follows:

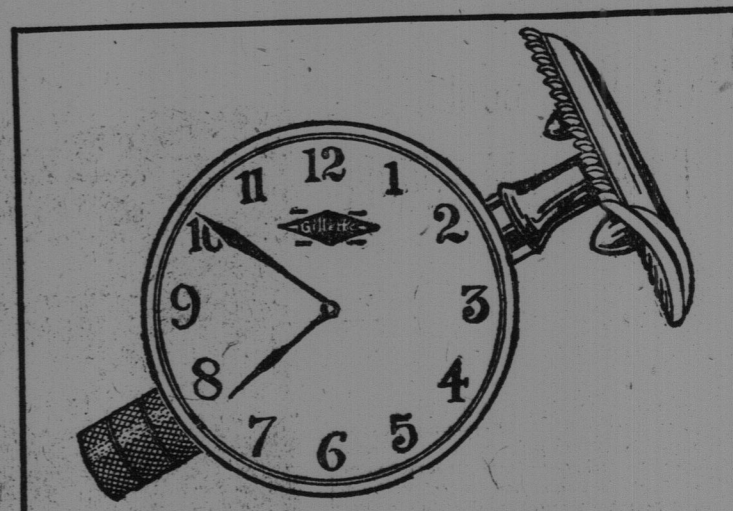

"Mr. Malaney referred to Mr. Hagerman's remarks upon the necessity of financial aid to the branch stores, and pointed out that the farmers of this county had about \$600,000 in the banks in Woodstock drawing three per cent interest, some of which money should be invested in the branch stores. He was in favor of a tariff for revenue only, not a tariff that cuts off the competition and encourages the clothing men to make 300 per cent profit, the flour men to make 75 per cent, the farm machinery men to make 50 per cent profit. New Brunswick required protection not so much from the United States as from the upper Canadian combines that closed the doors of the Woodstock tannery and other industries and has made this province a dumping ground for Ontario manufacturers. He denied that the newspapers of Canada had been bought up by the grafters but under the restrictions of the war measure act they were unable to look after the interests of the province because, it was said, "if an agitation was started it would give encouragement to the enemy, while the war was in progress."

The above is pretty straight talk, coming from one who in 1911 opposed reciprocity on the ground that it would destroy the fiscal independence of Canada and work injury to the infant industries of Ontario, which had been fostered by the national policy. We are glad to note that Editor Malaney has at last seen the error of his ways and is ready to make amends for the wrong done the people of Carleton in the days when he was compelled—reluctantly, no doubt—to act in the capacity of a blind guide. The editor is certainly, to be congratulated on the words of wisdom which he spoke to the United Farmers at Somerville, and it is to be hoped that he will keep up the good work until the clamorers, in fear and trembling, are compelled to come down from their perch and re-open the doors of the Woodstock tannery.

WILL CANVASS EVERY VOTER

Elaborate Plans by Prohibition Forces for Coming Referendum in Ontario

(Toronto Globe.) Co-operation of all temperance forces under an organization known as the Ontario Referendum Committee, with a view to giving to the voters a comprehensive interpretation of the prohibition referendum is steadily proceeding. While no active steps have as yet been taken, twenty organizers are already working in different parts of the province putting into operation the committee's scheme of education. Dr. A. S. Grant, who is the vice-chairman and secretary of the United Temperance Forces, yesterday outlined the methods on which the organization is working. Its main committee will be in Toronto, while county and city referendum committees in every section of the province will conduct a thorough canvass of the voters. Under these committees will be local committees, which, with their executives, will, in the counties, cover the municipalities, and in the cities will thoroughly canvass the wards. Thus, by compiling a voters' list of its own, the committee hope to reach every elector throughout the province.

It is the intention of the committee, Dr. Grant said yesterday, not to touch on the personal liberty claims, but to present the prohibitionist aspect of the question. My position, as a medical man," said Dr. Grant, "is that a man has no more right to take a glass of whiskey without a medical prescription than he has to take morphine or opium. If any man wants to take opium he can't get it, because it is prohibited by law." What the committee intended, he said, was to put the prohibitionist side of the question in the same light.

Will Enlighten Voters. The campaign will not be conducted in an indiscriminate manner, but by reaching every voter in the province, and thus determining beforehand the probable result of the referendum the committee will be able to conduct its educational plan where it is most needed.

CONVENTION OF LIBERALS OF WESTMORLAND COUNTY

Delegates Chosen — Reduction of Tariff and Other Matters

Moncton, N. B., July 8.—A convention of Westmorland County Liberals was held here this afternoon in City Hall for the purpose of electing delegates and alternates to attend the national Liberal convention at Ottawa on August 5, 6 and 7.

Another resolution, moved by John Doherty, seconded by P. Landry, condemned what was termed the tendency toward autocratic government at Ottawa and the usurpation by the cabinet of the functions of the house of commons.

It was moved by Coun. A. T. LeBlanc, seconded by Thomas Gallagher, "That this convention of Liberals of Westmorland county desires to place upon record its keen appreciation of the services rendered by the heroic soldiers who crossed the seas from the Dominion of Canada to fight for the cause of the king, the empire and the dominion, and who by their unselfish devotion and self-sacrifice upon so many battlefields in France, Flanders and elsewhere, have written indelibly upon the pages of the history of this war stories of heroism, bravery and great achievements which stories will be an inspiration to the Canada of not merely today but which is yet to be."

"And be it further resolved that this convention of Liberals express formally its thanks to those who have participated in bringing so much renown to the Dominion of Canada, and at the same time championing the cause of humanity and right, and that we commend by A. B. Copp, M.P., expressed approval of the steps taken to call a national Liberal convention and formulate a policy for the national Liberal party, and also the selection of a leader.

Representatives Endorsed.

Another resolution moved by James McQueen, seconded by Reid McManus, expressed appreciation of the services rendered in the house of commons by A. B. Copp, M.P. The following resolution was moved by John Sullivan, seconded by H. B. Read:

This convention of Westmorland county Liberals place upon record its high appreciation of the administration of provincial public affairs by the government of the Hon. W. E. Foster, and also of the services rendered by our local representatives in the provincial legislature from this city and county, Messrs. Robinson, Smith, Magee, Leger and Sweeney."

A resolution was also carried, moved by B. R. Thompson, seconded by A. L. Carroll, favoring a reduction of the

tariff. Another resolution, moved by John Doherty, seconded by P. Landry, condemned what was termed the tendency toward autocratic government at Ottawa and the usurpation by the cabinet of the functions of the house of commons.

ville; Lee Stockton, Petitediac; A. T. A. Clark Chapman, Port Elgin; Coun. C. B. Keith, Ferry's Mills; Coun. Simon LeBlanc, Frenchie, Dorchester parish.

James MacQueen, of Shediac, was appointed president of the Westmorland County Liberal Association in place of I. N. Killam, who has become sheriff. The motion was moved by J. T. Hawke, seconded by Coun. A. T. LeBlanc, and was unanimously adopted. Mr. McQueen in a neat speech accepting. Speeches were then delivered by C. M. Leger, M.P., Fred Magee, M.P., J. T. Hawke and others. The convention closed with the usual cheers for the king and the Liberal representatives.

We fancied about every phase of this prohibition business had been humorously commented upon weeks ago—but not here's a chap with a new one: "Ocululation," says he, "will be glorified after July 1. A wife's kiss will be then one of affection, not as now, one of investigation."

Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain multifid coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

MUTT AND JEFF—THESE DOUBTING PEOPLE GET JEFF'S GOAT

By "BUD" FISHER

HAD SUFFERED FOR 26 YEARS

Edmonton Man Couldn't Work Whenever the Weather Changed—Hasn't Sign of Rheumatism After Taking Tanlac.

"Tanlac has helped me so much that I am giving it to my whole family now, and with excellent results, too," said Fred A. Oberg, of 1216 118th street, Edmonton, Alberta, to a Tanlac representative recently. Mr. Oberg is a carpenter by trade and well known in Edmonton, where he has lived for the past eight years.

"Up to the time I commenced taking Tanlac I had suffered on and off with stomach trouble and rheumatism for something like twenty-six years," continued Mr. Oberg. "My stomach was in such bad shape that I had to be mighty careful what I would eat because if I ate anything greasy or the least bit heavy it would sour right away and form gas and put me in misery afterwards, and at times what I would eat would just seem to lodge right in my stomach in a lump and I would be troubled with belching up sour, undigested food. I was bothered a good deal with this sour stomach and was bilious a lot, too, and would have a mighty disagreeable taste in my mouth when I would get up in the morning. I was also awfully nervous and sometimes I would be so bad that I would have a little thing would upset me completely and a sudden noise of any kind would make me jump like I had been shot at. Then, too, I suffered a great deal with rheumatism in my arms and legs and at times it would be so bad that it would be all I could do to even hobble around. This rheumatism would trouble me the worst mostly in the Spring and when the weather would change and when these pains would be on me I just couldn't do a bit of work and about the only relief I would get would be to use hot applications and to go to bed where I could keep warm.

"One day I read in the paper where a party claimed to have been helped of stomach trouble by taking Tanlac, so I made up my mind to try it. I tried myself and it certainly proved a grand surprise to me, because, since I have taken three bottles of it, I actually feel like a different person altogether. I have a fine appetite now and am eating lots better and what I eat digests perfectly and stays with me and I haven't a sign of rheumatism now and am working right along at my trade, and my back is not on edge all the time like they used to be, because I seem able to stand any kind of noise now. I am glad to recommend Tanlac to everybody, because I know what it has done for me."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative.—(Adv.)

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion. Doubtless if you are a sufferer from indigestion, you have already tried peppermint, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble, in some cases do not even give relief. But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphate of magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphate of magnesia which you can obtain from practically any druggist in either powdered or tablet form. Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat. You will find that provided you take a little bisulphate of magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and moreover, the continued use of the bisulphate of magnesia cannot injure the stomach in any way so long as there are no symptoms of acid indigestion.

SIR HERBERT AMES HERE, SPEAKS OF THE PATRIOTIC FUND

Sum of \$7,000,000 Left Out of \$47,000,000—Carry on so Long as Money Lasts

SIR HERBERT AMES That \$47,000,000 had been contributed by the people of the Dominion to the Canadian Patriotic Fund through its various branches was a statement made to a Telegram reported last evening at the Royal Hotel by Sir Herbert Ames, subject of its formation has acted in the capacity of honorary secretary for the whole of Canada. That there was a total of nearly \$7,000,000 yet to be expended in patriotic causes was another interesting statement. The distribution of this money now on hand was the subject of a conference here yesterday between the visiting official, C. B. Allen and C. F. West, of the local patriotic fund committees.

Sir Herbert said that he had been in consultation with Messrs. Allen and West in reference to the advisability of a New Brunswick patriotic fund convention in St. John to be held about August 7 or 8. The patriotic fund, which continued Sir Herbert, would have been in existence for five years as a war activity. During a recent visit in Ottawa he had been informed that there were about 50,000 Canadian soldiers yet overseas and it was expected that by the middle of August all these would be home.

Speaking of the work of the patriotic fund, Sir Herbert Ames said that during the war it had been used only to help soldiers' families while the soldiers were in service or away from home. As the men came back the families were dropped from the books of the fund. In the natural course of events, he said, by the middle of August there would be no more families to be looked after.

"But we find," continued Sir Herbert, "that there are many cases of hardship among soldiers' families after the pension board does not reach, and as we have had a considerable balance on hand after our war work has been completed we now plan to use this money to help such families during the reconstruction period of the next two or three years.

"There are some cases which the pension board does not cover. If, for instance, a man dies as a result of injuries received in war service the pension act provides for the widow, but if a former soldier dies three or four months after his discharge, from any cause where an official of the fund has either misused or misappropriated any money. The administration expenses of the head office and all its branches are an amount to a sum no greater than the interest earned on the bank balances, so that we have never had to impair our capital and every dollar contributed has gone to the soldier's dependents or is in the bank.

"We are hoping still to avail ourselves of the generous contributions in various parts of the province have represented to them, doubtless they will be glad to do so and assisted wherever possible."

Sir Herbert Ames has been honorary Dominion secretary of the fund since its foundation. The Duke of Connaught is the honorary president and the Duke of Devonshire is the present president. Sir Thomas White, minister of finance, is the treasurer of the fund. In New Brunswick Hon. Josiah Wood is the honorary secretary.

Sir Herbert is of the opinion that the patriotic fund will remain in existence for about three years yet. "We expect," he added, "will continue as long as the money lasts. There will be no more contributions asked of the people but there is some money pledged which has not yet been paid in."

"Whatever policy is adopted in regard to the manner of expending the money now on hand," said Sir Herbert, "there is need of a uniform policy so that the whole of Canada will be under the one and same scheme." Sir Herbert plans to hold conventions of the fund committees in western Canada in September. Sir Herbert was accompanied yesterday by Sir John Kennedy, who for many years was head of the harbor commission in Montreal, Lady Kennedy, Miss Hall and Miss Oakley, of Montreal. They will leave this morning for Digby on the steamer Empress where they will join Lady Ames, who already is in Digby.

Hon. Dr. Roberts Promises Local Health Board Legislation to Protect City's Water Supply

The monthly meeting of the board of health was held yesterday afternoon at 8:30 o'clock with John Kelly presiding and the members present were: Mr. R. J. Hooper, Dr. L. M. Curran, Dr. J. F. L. Brown, sub-district health officer, George Blake, W. H. Golding, and the secretary, T. M. Burns; and for the purpose of a special conference, Hon. Dr. Roberts, minister of health, and Commissioner John B. Jones, of the water and sewerage department.

Commissioner Jones and the minister of health were present at the meeting to take up the matter of preserving the purity of the water in the supply lakes about the city and exclusively for human consumption. This matter of the purity of the water in the supply lakes has been one of considerable worry to the health board and civic authorities for some time and the minister of health, by Commissioner Jones, and the department of health through its official head and its legal representative, showed an eagerness to get together in having special legislation enacted to prevent trespassing upon the waters of the supply lakes, or pollution.

The discussion on this matter was prolonged and the minister of health, Dr. Roberts, said that legislation would be written to cover the exigencies of the case, as reported by Secretary Burns from a late issue of the Royal Gazette the recently enacted regulations governing the killing of cattle in provincial slaughter houses, the upkeep of the houses, and various other details connected with the provision of meats to the various communities of the province. the slaughter house commission, and thus gradually transfer the duties from the old body to the new. A committee and the members present were: Mr. R. J. Hooper, Dr. L. M. Curran, Dr. J. F. L. Brown, sub-district health officer, George Blake, W. H. Golding, and the secretary, T. M. Burns; and for the purpose of a special conference, Hon. Dr. Roberts, minister of health, and Commissioner John B. Jones, of the water and sewerage department.

Mr. Whittaker, property owner of Adelaide road, appeared before the board to explain his position regarding a sewage of sewer water from his premises into the area adjoining the Shamrock grounds and also the presence of a condemned cistern in a basement flat. The property owner said that the premises were too low to be served by the Adelaide street sewer main, but it was explained to him by members of the board that he would have to alter the position of the cistern to a higher floor in order to effect drainage. This case opened up a general discussion of similar conditions in the Adelaide street and Metcalf street extension localities, and upon motion the sanitary inspector was instructed to make a thorough investigation and report next meeting.

Dr. H. L. Abramson, government bacteriologist, submitted a new batch of reports on the milk situation. Out of about sixteen samples put under the microscope and to which other tests were applied it was found that all but two passed the bacteria count for purity, and the butter fat test for food value. This was a marked improvement over the alarming conditions disclosed by previous reports of Dr. Abramson, and it

was the opinion of the board that with further efforts along educational lines and by prompt reports to dealers as to the condition of their milk when found not to measure up to the standards set, the situation would become quite as satisfactory as in the large cities, where milk matters are very vigilantly looked after.

The appointment of Dr. Mable Hanington as medical inspector of schools and of Mrs. Armstrong as her assisting nurse was ratified and an increase of \$200 for Dr. Hanington and \$100 for the nurse over the salary paid them during their work under the board of school trustees was ordered.

Communications from recently appointed sanitary inspectors in outlying districts were received acknowledging the appointments and seeking instructions. Miss S. E. Brophy, for the free dispensary, in connection with the anti-tuberculosis campaign, reported twenty-two special visits during the month of June and three during July.

There were several letters from property owners relative to old-fashioned sanitary arrangements, health matters in the outlying districts, the new methods

Shock Left Her Weak and Nervous COULD NOT SLEEP

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, you can't sleep at night, and you wonder if life is worth living.

To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

Stomach So Bad THOUGHT HE WOULD DIE CAN EAT ANYTHING NOW

But for indigestion and dyspepsia, many a life might be a pleasant one. The misery which stomach troubles cause the sufferer knows only too well, and any one who has suffered knows that joy it would give to be able to eat what he pleased.

Nearly everything that enters a weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you can eat heartily, you must pick and choose your food, you must put your stomach right so that it will manufacture its own digestive ferments.

For forty years now Burdock Blood Bitters has been making weak stomachs strong, and permanently curing severe cases of indigestion and dyspepsia that other remedies were powerless to reach.

Mr. H. L. Fairweather, Cumberland Bay, N. B., writes—"I was troubled with my stomach for two years, and sometimes was so bad I thought I would die. I tried everything I ever heard of, but I had no relief. I was told to try Burdock Blood Bitters. After taking two bottles, I could eat any kind of food without any bad effects, and by the time I had taken four I was in perfect health."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

PRINCE WILL BE IN ST. JOHN ON AUGUST 15

His Royal Highness the Prince of Wales, will arrive in St. John on Friday, August 15, and while in New Brunswick will be the guest of the province.

Word to this effect has been received by Premier Foster, but details of the arrangements for the prince's visit have not yet been settled. Sir Joseph Pope will arrive from Ottawa in a few days for the purpose of completing the arrangements.

On his arrival here, his royal highness will be officially welcomed by the mayor on behalf of the city and the premier on behalf of the province, but other matters in connection with the welcome which will be accorded him still are to be arranged.

OFFICERS ELECTED.

There was a largely attended meeting of the electrical workers in Odiford's hall last evening. Five candidates were initiated after which the following officers were installed: H. C. Lawton, president; A. P. Baldwin, vice-president; C. E. Hyson, secretary; W. H. Downing, treasurer, and Messrs. Vaughn and Brown inspectors. Local representatives of the Trades and Labor Council addressed the meeting speaking principally of the importance of organization. The meeting was also addressed briefly by F. G. Tipping of the Winnipeg Trades and Labor Council. The electrical by-laws of the city were discussed but no definite action taken.

SERIOUS CASES INVESTIGATED BY CHILDREN'S AID

Boy is in the Hospital as Result of Abuse - Finding Homes For Homeless Children.

The monthly meeting of the Children's Aid Society was held last night in the Children's Home, 68 Garden street, with A. M. Belding, the president, in the chair. Business of a routine nature was transacted. Arrangements were made for placing out three children and taking in two.

The monthly report of the agent, Rev. George Scott, showed that since the last meeting seventy-seven visits had been made. Four sets of papers have been drawn up; twenty-seven people called at his house; forty-two telephone calls were received and fifty-two letters and post cards had been despatched. Two children were admitted to the home and a foster home had been found for a four months' old baby under our supervision.

Two cases of alleged abuse to children had been investigated. In one of these the boy is now in the hospital in consequence of injuries to his collar bone. The condition of a family in the North End was called to the attention of the agent by the police. Investigation was made & once into the matter. The mother of the family seemed determined to break up her home and, as they were Roman Catholics, the attention of Father Hogan of St. Peter's rectory was called to the case. The result was that the Redemptorist fathers took care of the children. There were five little girls. Application was made during the month to have six children placed in the home temporarily. One of these cases was that of a soldier's family, the mother of which is sick and is obliged to go away for a rest. The other is that of a widow whose husband died last fall of the influenza.

Complaints of neglect were received in seven cases, all of which were duly investigated and all of which were happily unfounded. Since the last meeting of the board the agent has received from various sources the sum of \$64.80 towards the general funds of the society which was handed to the treasurer. Two sets of adoption papers duly signed have been filed. One little girl was before Chief Justice McKeown when K. A. Wilson appeared in our behalf. She was committed to the Maritime Home for Girls, Truro, Nova Scotia.

Sees 80 Farmer M.P.'s in House

Winnipeg, Man., July 8.—Eighty farmers, members of the house of commons after the next general federal elections was the prediction made today by R. McKenzie, vice-president of the Canadian Council of Agriculture and one of the most powerful supporters of the movement to found a strong farmers' political party in Canada. These eighty members will represent ridings scattered from coast to coast across the Dominion, Mr. McKenzie said, and will be pledged to the farmers' platform.

"What is the basic plan of your platform?" Mr. McKenzie was asked. "A reduction, and in some instances, an elimination of the tariff," was the reply.

"Has the farmers' party a recognized leader?" "No, not as yet," said Mr. McKenzie, "somebody will turn up out of the eighty men to be elected who will have the necessary qualifications for leadership."

Mr. McKenzie admitted that Hon. T. A. Cress, if he were to remain in public life, was a strong man. He also admitted that Dr. Michael Clark was in accord with the farmers' party and that he was a strong man and an experienced parliamentarian as well as a farmer.

Mr. McKenzie said that the farmers' party would not affiliate with organized labor, although he anticipated that there would be much co-operation between bonafide agriculturists.

"As for the media we will have none of that stuff," said Mr. McKenzie.

LIKELY TO CONTINUE THE CONTRACT FOR STEEL SHIP PLATES

Outlook Good For Dominion Steel Corporation For Next Five Years.

Montreal, July 8.—A conference was held in Ottawa today between Hon. C. C. Ballantyne, minister of marine, and a number of the directors of the Dominion Steel Corporation, regarding the contract which the Sydney enterprise has from the Dominion government for ships plate.

President Mark Workman, William McMaster, vice-president of the corporation; J. H. Plummer, E. B. Wood and Hector McInnes, K. C., represented the steel company at the meetings with the minister and his officers.

Montreal directors of the corporation returning to the city this evening stated that any announcement in the matter would have to emanate from the minister. Hon. Mr. Ballantyne stated late tonight that, while no definite agreement had been reached between the steel corporation and the government, there was "every prospect of an immediate amicable settlement."

The prospects are good for a continuation of the contract, even at a reduction in price will be received with satisfaction in the Sydney district, as well as in local financial circles. The addition of fifty thousand tons of ships plate to the contract, which is the output of the corporation, when building of the mill has been completed, will augment in a highly desirable way the business of the corporation at a time when the steel outlook is obscure.

HAS PLANS FOR IMPROVEMENT OF LOCAL Y. M. C. A.

Captain Stokes of the Y. M. C. A. in St. John reached the city on the noon train yesterday after an absence of about two weeks' spent chiefly at the association's representative on troop trains. While he was in Montreal, Quebec and Toronto, Captain Stokes was shown over the Y. M. C. A. buildings there with a view to obtaining from an inspection of them some suggestions for the improvement of the St. John building or for its possible enlargement.

As a result of his visits Captain Stokes has some very practical plans for making the present building more convenient that in all probability will be carried out. He is looking forward to

next year as the most prosperous in the history of the Y. M. C. A. in St. John with a stirring programme in social, physical and religious lines.

Captain Stokes says the reports from the juniors at the camp at Chipman tell of very good times and that already thirty boys of teen ages have been enrolled for the senior camp which will open on Saturday at the same place with the same leaders, A. M. Gregg and B. D. Robertson. Only forty boys can be accommodated in the camp.

said he believed the granting of the priesthood to women "would make her false to her master and false to her sex."

Royden told the protesting element, "but it is so." She went on to affirm that the fundamental differences between men and women were not a bar to women's entry into the priesthood.

Sidelights On Sport

The report that Fred Mitchell has resigned as president of the Cubs to devote all his time to the management of the team will be read with interest by local fans. Many will recall the days when Mitchell pitched for the St. John Alerts. At that time he was Fred Yapp and had as his battery mate Harry Jope. They were nicknamed the "Nid and Nod Battery" after two clever pantomimists at the Opera House. Last year Mitchell piloted the Chicago Cubs to the pennant and he is endeavoring to repeat this year. Many local followers of baseball will watch his efforts with interest. The mention of Fred Yapp will also recall Jack Coombs, who was at one time a popular St. John player. He was appointed manager of the Phillies this year and at the first of the season got away to a good start, but for the last two months has been on the losing end. He has tendered his resignation and may retire from the game. He has many friends here who are sorry that he did not make good as a manager. He was a good, clean and game player and won the respect of fans throughout America.

The game in the St. John League last evening was witnessed by a large gathering of fans and excitement ran high from the beginning until the termination of play. Jack Callaghan's home run drive was the longest ever made on the Queen square diamond and he was warmly applauded by the fans. Levy Garnett also had a long hit, which he might have stretched into a home run had it not been for a sore foot.

Tonight the reorganized Fairville team will play St. Peter's nine and considerable interest is being manifested, as the fans are anxious to see Jack White's team in action.

DEMPEY SETTLES WITH BENEFACTOR

Gives Salt Lake City Man Thousands Advanced Him Pays For His Trip Also—Early Days of New Champion as Pugilist Recalled

Before leaving the scene of his triumph to go forth and win the fortune which awaits him as a heavyweight champion of the world, Jack Dempsey squared his account with the man who discovered him. This man is A. J. Auerbach, a business man of Salt Lake City. It was he who first took an interest in Jack and helped him financially to get his start on his pugilistic career. In Dempsey's room in the Hotel Boody, Dempsey handed over to his benefactor \$8,000, the amount of his original debt plus interest, and also Auerbach's expenses on the two weeks' vacation he took to come here and see his protégé win the highest honors in the boxing world.

It never can be said that Dempsey is ungrateful to those who aided him when the sliding was rough. Auerbach's story goes back three or four years in their contest at Salt Lake City. Mrs. Ethel Clark was one of the employees. A big raw-boned lad used to come in to see Mrs. Clark. Auerbach asked who he was. Mrs. Clark told Auerbach that it was her younger brother and that he was ambitious to become a boxer. He had appeared at several smokers and stags and had discovered that he could hit hard.

Financed and Equipped Him. Auerbach became interested. He asked Jack if he had any money. Jack didn't have a dollar. So the business man fitted the boy out with new clothes and started him at work in a gymnasium. He was quick to learn and ready to listen to advice.

"I knew" he was a real fighter and was anxious to see him succeed," said Mr. Auerbach. "Jack was a sensation from the start. He beat Perry Keller twice, and Keller was considered a good man in those days. He also beat Dick Gilbert and a number of good men and I know that my confidence in him was justified."

"Remember, he was still a minor and I made no contract with him to act as his manager. I accepted none of the money he earned, but on the contrary loaned him money."

"On August 22, 1916, shortly after Dempsey became 21, I entered into a contract whereby I was to be his manager for five years, or until August 22, 1921. I was to arrange all his matches, handle his affairs, and in return receive 25 per cent of his winnings. I have a copy of that contract with me today. "Things went along well until Feb. 13, 1917, when Dempsey was knocked out by Jim Flynn in the first round of their contest at Salt Lake City. "Dempsey was just a boy then, and that sudden possession of a considerable amount of money naturally went to his head. Some of his actions did not please me, and I called him into my office and had a heart-to-heart talk with him, the result of the talk being that Jack and I parted.

Offered Later Help if Needed. "Go and find another manager to handle your affairs, and if you ever need any help you can call on me," I then told Dempsey, for I liked the boy if he did make mistakes, and I never lost interest in him. "After that, things broke badly for Jack, and I frequently made him loans, until I figured it up that Jack owed me exactly \$5,340.50. "Then success came to Jack, and he began making a national reputation for himself. In the meantime he had thought over seriously our dealings, and four months ago—after the match with Willard was made—Dempsey came into my store at Salt Lake City and declared himself.

"Mr. Auerbach, I owe a lot of things to you, and I have come to tell you that I am ready to make good. My match with Willard will earn for me more than enough to pay you the money I owe you, with interest, and that is what I am going to do. "But that is not all. I don't know whether this match will be held in this country, in England, France, Australia

OPEN SESSION OF THE SENATE TOMORROW TO HEAR PRESIDENT

Wilson's Welcome Home—Says Peace is a Just One

Washington, July 8.—The senate made ready today to receive the peace treaty from President Wilson and to take up without delay and in the open the bitterly-contested question of its ratification.

In disregard of precedent, it was voted unanimously to open the doors to the public when the president makes his address Thursday submitting the treaty and asking for its acceptance.

After arrangements were completed today for the appearance of President Wilson before the senate, Thursday, to present in open session the treaty with Germany, Senator Sherman, Republican of Illinois, introduced a resolution asking the president by what authority he had undertaken to impose upon the people of this country and to make its government subject to the League of Nations.

New York, July 8.—President Wilson returned to the United States today, and in his first speech, delivered on American soil since the peace treaty was signed, declared that the peace treaty, which he has preserved, will safeguard the world from unnecessary bloodshed.

Mr. Wilson jumped to his feet and crossed the stage to meet him, and the cheering broke out in redoubled volume as the word flashed through the hall that the stranger was Major G. H. Scott, commander of the British transatlantic dirigible R-34.

CYCLIST PLANS A LONG TRIP TO ST. JOHN

(Montreal Star, July 5.) A cyclist, spurred no doubt by the wanderlust, writes for road information, stating that he is contemplating a cycling trip to St. John, N. B.

There are two routes he may take, which are equally good, so far as I am able to ascertain from road reports that are available. He may come to Montreal and make the first leg of his journey to Quebec, over the splendid Gouin highway and then take the Lewis-Jackman highway into Maine, going by way of Skowhegan to Bangor.
