PREFACE.

THE Publisher of this work has used every effort to place before the public as reliable information as could possibly be obtained. This is the first Directory of Moncton which contains a Business Directory, Alphabetical Directory, Street Directory and an appendix of general useful information concerning the City. The Business Directory contains only the names of the supporters of this work in the way of advertising and subscribers.

To the supporters of this work the Publisher returns his sincere thanks.

Some fictitious names will appear in the work, on account of the fear of being taxed. Fictitious names will appear in every Directory, the Publisher not being able to detect them, however carefully he may try to do so.

Of the supporters of this work the Publisher asks a favor, viz: Please do not lend the book to any person or firm that ought to have one of their own. Directory borrowers are pretty small people, as they can purchase one for themselves for \$1.50 at the Bookstore of M. B. JONES.

CHAS. D. McALPINE.
