ICEBERGS. THE PERISHAN MONARCH DISABLED AND PROCEEDING UNDER SAIL.

Eighteen Icebergs Passed in Part of One Afternoon—A Steamer and Bark Trying to Get Clear of Field Ice.

Boston, Feb. 7.—The steamer Iowa, Captain Owens, at Boston today from Liverpool, reports Jan. 31st signalled the British steamer Perishan Monarch, Capt. Bristow, from London Jan. 17, and Portland, England, Jan. 20 for New York, with loss of her propeller and heading East under sail.

The Iowa offered assistance but it was declined. The wind was blowing strongly from the westward and the disabled steamer was making only about 3 knots.

Feb. 3, lat. 44.03 N, lon. 48.27 W, steamer Iowa passed from 2.30 to 4 p. m., eighteen icebergs.

On the same day at 4.30 p. m., entered field ice two miles in width and extending north and south of right.

She soon after sighted a bark rigged steamer, also a bark, apparently a Nova Scotian bearing east, both trying to reach the ice.

SECRETARY TRACY'S LIFE WORK. He will not give up Public Life.

By TELEGRAPH TO THE GAZETTE. New York, Feb. 7.—General Isaac S. Cutler, Secretary Tracy's brother-in-law says, "There is no possibility that Secretary Tracy will give up public life."

Of course he is greatly abused and will take a long time to bring him around, but he will go on with his life work. He says that if he could not go on with the work which he had begun in the navy he could not live.

All his friends including President Harrison, James S. Stimson and General Jordan, have advised him that every consideration demands that he stay at his post and he will. At a time like this occupation for his mind will be his salvation.

THE RED HOUSE MYSTERY.

MISS DR. LUDGATE ARRESTED ON SERIOUS CHARGES.

Criminologist Evidence Secured at Her Boston Office, 899 Washington Street. Her arrest at London. Specimens of Her Patients—Follicles—Implicated.

By Herald, Feb. 6.

Etta W. Harris, otherwise known as Miss Dr. Ludgate, is under arrest on two charges of a serious nature. She is preferred by the police of the city of Malden, and alleges that she kept a lying-in hospital in that city when not licensed; the other by officers of this city, and asserts criminal mal-practice. She was arrested twice; first in Malden, by Chief of Police Richards, Assistant Chief Sullivan and Patrolman Sweeney, at 11 o'clock yesterday morning; and later at the field, all well.

She was before Judge Pettigill, in the district court at Wakefield, yesterday, for the offence alleged to have been committed in Malden, and for a long time she will be confined in the municipal court of this city on the other charge.

Miss Dr. Ludgate has been interrupted for a long period of weeks. Here of Boston party, as indicated in the report before Judge Pettigill, in the district court at Wakefield, yesterday, for the offence alleged to have been committed in Malden, and for a long time she will be confined in the municipal court of this city on the other charge.

MISS DR. LUDGATE, 899 Washington Street, and reliable ladies wearing an examination of her patients' follicles, and resulted in large returns. According to the stories told, she had had an extensive and lucrative practice, and she had a number of patients who were suffering from the disease which she called "the red house" and she was well known to the police for a long time. They were well satisfied that she committed the crime which she was charged with, and she was accordingly arrested.

"The red house" which is the alleged lying-in hospital, is in Beach street, between the streets of Malden, and the district of Malden is eminently respectable, and they

CERTAIN LIKE THE APPEARANCE of certain evidence which they have noted for some time past. There was an air of mystery about the establishment, which even the most astute of the people at the time, implied and for a long time they were told that she had a lying-in hospital, and that she had a number of patients who were suffering from the disease which she called "the red house" and she was well known to the police for a long time.

THE EMPEROR'S SCHEME.

ENGLAND WOULD SEND A DELEGATE TO AN INTERNATIONAL CONGRESS.

M. Beaulieu, the Political Economist, Characterizes the Proposal as Impractical, Dangerous and Ill-Advised.

By TELEGRAPH TO THE GAZETTE.

Paris, Feb. 7.—Sir Charles Dilke, in an interview last night, in regard to the Imperial rescript of the German Emperor said:

"If the English government is invited to send official delegates to such an international Congress, I think the invitation will be accepted. Already her hours of labor are shorter than those of those on the continent, and her constant tendency to establish a 48 hours week system of present in vogue in Australia. You know the eight hour law for mines comes in before Parliament this session, and is very likely to be passed. On the whole, I think there is no doubt that England will look favorably upon Germany's proposition whenever it is made."

M. Leroy Beaulieu, one of the great political economists of the day, was also seen on the same subject.

He said "I regard the proposal of the German Emperor as impractical, dangerous and in every way ill-advised." He said "This is a young man with only a superficial knowledge of the vast question he has undertaken to deal with. Perhaps in his ignorance, he has confidence in the money he suggests, but you may be quite sure that Prince Bismarck, who is pulling the wires behind the scenes, is simply maneuvering to catch the votes of his socialistic enemies in the approaching elections. But as it is precisely where the measure is dangerous, he is thus openly recognizing the socialists, he is unwittingly strengthening their cause if not immediately at least in the not distant future."

The same opinion is expressed by the Emperor's socialistic policy and agrees that Prince Bismarck never cared a great deal for political criticism.

London, Feb. 7.—The work of removing the bodies of the miners who lost their lives by the explosion in the colliery at Aberystwyth, is being carried on as rapidly as possible.

Already 100 bodies have been taken from the pit and it is believed about 30 more will remain there. The ventilation of the pit has been restored and this greatly facilitates the efforts of the workers.

A pathetic incident was the finding of a mother in the pit and his five sons lying in a group. They had not been burned at all and appeared to be calmly sleeping. All of them had died from suffocation.

Several of the men who had volunteered for the work of rescue, were made sick by handling the burned bodies and were obliged to come to the surface. A later despatch states 130 bodies have been recovered.

LONDON, FEB. 7.—A later despatch says 150 bodies have been taken from the pit at Aberystwyth.
