Introduction.

King's College was founded A. D. 1789, by an act of the Provincial Legislature, chiefly through the exertions of the Right Reverend Charles Inglis, D. D., first Bishop of Nova Scotia. For this foundation funds were granted by the Provincial Legislature, and subsequently by the British Government.

By the Royal Charter granted in 1802, all the privileges of a University were conferred on King's College, which thus became the first University of British origin established in Canada.

A Provincial Act Incorporating the Governors of King's College, and annulling the Act of 1789, was passed April 4th, 1853. It provides that the Royal Charter of Incorporation shall not be affected by it further than is necessary to give effect to its own enactments.

The Patron of the University is the Archbishop of Canterbury, to whose approval all "Statutes, Rules and Ordinances" of the Board of Governors are subject by resolution of the Board of Governors recorded in the Statutes of the University.

King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any faculty, excepting that of Divinity.

The University confers degrees in Arts, Divinity, Law, Engineering, Science and Literature. The School of Law, situated in St. John, N. B., was established in 1892.

Candidates for Matriculation may now be examined at distant centres, under special regulations, which will be found in the Calendar.

The aggregate outlay necessary for the three year's residence and study qualifying for a degree will of course depend much upon the tastes and economy of the student, but may be estimated at about \$200 per year. The mere money payment demanded need never, however, exclude a candidate really prepared to benefit by the course

of instruction offered, inasmuch as many benefactors of the University possess the right of nomination. Each nominee is exempt from the payment of certain yearly fees, (See Stat. Cap. III, Sec. 2,) besides the fee for a B. A. degree. There being some forty certificates conferring this privilege, it is easy for students to obtain it. If a scholarship is held besides, nearly the whole cost of education will be covered. The Calendar supplies all necessary information with regard to these nominations.

A general statement of the financial condition of the University is appended.

The examiners for the past Academical year, outside the Faculty, were as follows; *Classics*, Rev. Canon Partridge, D. D. *Divinity*, Rev. Canon Brock, D. D., and G. M. Acklom, Esq., B. A. *Hebrew*, Rev. R. Hyett-Warner, M. A. *Engineering*, Capt. Winn, R. E., Lieut. Smith, R. E., and M. Murphy, Esq., D. Sc.

Course of Study.

The object aimed at in the Arts Course is to impart a good general education, while every facility is afforded for the prosecution of special studies. Accordingly every matriculated student, except under peculiar circumstances to be approved of by the College Board, is required to attend the Lectures of all the Professors until he has passed his Responsions. After this he is at liberty to select three or more of the subjects lectured on to form the subject of his B. A. Examination. If the student be desirous of taking Honours at his B. A. Examination, he can do so in any one or more of the subjects lectured on after passing the ordinary Examination. The precise regulations will be found under the heading of Examinations.

There are at present in the University six Schools open to matriculated students :—

- I. The School of Arts.
- II. " " Divinity.
- III. " " Engineering.
- IV. " " Science.
- V. " " Law.
- VI. " " Literature.

Students who do not intend proceeding to a degree may attend the Lectures of any of the Professors, subject to the usual regulations, and can obtain from the Registrar certificates of examinations passed.

The course of Engineering is framed with a view of giving the student a sound and thorough training in Mathematics, pure and applied; a comprehensive knowledge of Engineering and applied Science, together with such practical experience in work connected with the profession of a Civil Engineer as it is within the scope of the University to afford.

The course for B. Sc. has been established for carrying on advanced study in Mining and Chemistry.

Numerous Scholarships, Prizes, and Honorary Distinctions are open to be competed for by students in the several faculties, the principal of these being the following:—

One Cogswell Scholarship.....	£24 sterling.

Students are required to pass the Terminal Examinations in regular order. No student who has failed to pass a terminal examination shall be allowed to present himself for examination in the subjects of any subsequent term until he shall have passed a supplementary examination in the subjects in which he has previously failed. The College Board will, in their discretion, require a student who, from whatever cause, shall fail to keep up with the work of his year, to "degrade," *i. e.*, to go into a lower year, in which case such student shall lose the seniority of the year from which he degrades. Students shall rank according to the number of terms they have kept.

The following days shall be observed as Holidays in the University : All Saint's Day, Ash-Wednesday, Ascension Day, Whitsun Monday, and the Birth-Day of the reigning Sovereign.

In order to encourage school-teachers and others, whose engagements prevent them from attending the full course, and who desire to obtain the degree of B. A., the following special arrangements will be made :—

Any such student, on making proper application, will be permitted to come into residence during the first week of November, in each year, and to remain until the end of the succeeding Lent Term, passing the regular examinations. This will be allowed to count as two Terms. After thus keeping eight Terms, he will be permitted to present himself for the B. A. examination on any subsequent occasion.

Discipline.

All students are required to be in residence not later than the first Monday in each Term.

The resident Students are under the immediate charge of the President and Vice-President.

A Register shall be kept of the attendance of all Students at Chapel. All students are required to attend the services in the College Chapel on Sunday, morning and afternoon, and not more than two absences from week-day chapels are allowed without excuse.

*Students residing in the College are not to be out of it after 9.30 p. m., without the permission of the President, or, in his absence, the Vice-President, and such regulations shall be made as may be found necessary to secure the strict observance of this rule. The College authorities may enter the apartments of any undergraduates at all hours of the day or night.

No visitor shall be allowed to remain in College after 10 p. m., unless by permission.

The President is authorized to impose fines or written exercises for infraction of regulations, insubordination or disorderly conduct; matters of a more serious nature shall be referred to the Board of Discipline, which shall meet once a week, or oftener, if required.

Each Professor shall keep a record of the attendance at his Lectures, and report thereon at the weekly meeting of the Board.

The Board of Discipline may deprive any Student of his Term for negligence of due preparation for Lectures.

In case of sickness a medical certificate must be produced, if required by the Board.

Examinations and Graduation.

Terminal Examinations.

Every student will be required to undergo an examination at the end of each term in all the subjects in which he has attended lectures. Any Professor may, at his discretion, dispense with examination in optional subjects.

Every undergraduate, previous to presenting himself for any Terminal Examination, will have to obtain from each Professor whose lectures he has attended during the term, a certificate of attendance and good conduct.

No Professor will grant such certificate if more than two absences without leave, during the course of the term, are recorded against the applicant, or if his conduct shall have been in any way reprehensible.

Such certificates will then be handed in by the Senior of each class to the President, who shall post in the Commons' Hall a list of eligible candidates, previous to the beginning of the examination, and no undergraduate shall be allowed to present himself at any Terminal Examination unless he shall have complied with these regulations.

The list of candidates who shall have passed the Terminal Examination shall be published in the hall after the final meeting of the College Board for that term. Any student whose name does not appear in the list, shall be allowed, at the beginning of the following term, a *supplementary examination in those subjects in which he has failed.

Responsions.

Every matriculated student is required to pass a public examination called Responsions, for which he may present himself in Easter Term following his admission; and no term after the sixth can be reckoned until it has been passed. The subjects for 1894 are as follows:—

Undergraduates presenting themselves for examination for this degree, are required to produce satisfactory certificates of attendance and conduct during the whole of the three years' course. The certificates will have to be signed by the various Professors whose courses of Lectures they have attended, and no undergraduate shall be allowed to present himself at any degree examination unless he shall have complied with the above regulations; or, in case they shall not have attended the whole course at King's College, they shall be required to produce similar certificates from the University which they have attended.

The Examination shall be carried on mainly by written questions and answers, but the Examiners shall at all times have the power of Examining *vis à voce*.

A Public Examination for Degrees shall be held towards the end of Michaelmas and Easter Terms. Students shall not be permitted to offer themselves for this before their ninth term of residence, except those who intend to offer themselves for Honours, who may be examined in the Ordinary Degree subjects in their seventh term. In such case, the student must pass an examination in the honour subjects chosen by him before being admitted to a Degree.

Every candidate for a Degree must give notice in writing, to the President of the University, of his intention to present himself for examination, such notice to contain a list of subjects prepared, and to be sent not later than twenty-one days previous to the date published in the Calendar for the holding of Degree Examinations.

The following is the form of Nomination for a Matriculated Student to pass through the University, free of certain Fees, and must be addressed to the Secretary of the Board of Governors:

To.....
Secretary of the Governors of King's College, Windsor.
I hereby nominate (A. B.) to pass through the University, free of fees, except Library Fee, by virtue of certificate No. held by me. (C. D.)
(Date.)

In case of a joint certificate, the above form must be complied with, and the same must be signed by all the holders.

Each nominee is exempt from the payment of certain yearly fees, besides the fee for a B. A. Degree. If a scholarship is held besides, nearly the whole cost of the education will be covered.

Conditions Attached to the Nomination Certificates.

1. That on death or transfer the certificate is to be delivered up, and a new certificate obtained. Fee \$2.
2. That the right of nomination belongs to the executors, administrators, or assigns of the original holder, and not to the heirs.
3. No nomination will be accepted which is not signed by the person or persons in whose name or names the certificate is registered.

The University Library.

The foundation of the Library is due to the efforts of the first Bishop of Nova Scotia, and may be placed in the year 1790. Several contributions in money had previously been received, but it was not till that year that efforts were made to obtain books.

The original fund at the disposal of the Governors was not more than £250 sterling, and was intrusted to Mr. Inglis (afterwards Bishop), son of the Bishop, and a graduate of the University, who repaired to England in 1800 for the purpose of purchasing books. The names of Dr. Moore, Archbishop of Canterbury; Dr. Porteous, Bishop of Rochester; William Wilberforce, Sir S. Bernard Morland, John Eardly Wilmot, M. P., and others, thus became connected with the early history of the Library.

Munificent gifts from the University of Oxford continued to increase the value of the collection, which was further enriched by gifts from various English gentlemen, and from others settled in Nova Scotia.

The room in the College building set apart for many years for a Library Hall, was completed in 1810 at the expense of Sir Thomas Strange and the Archbishop of Canterbury.

Among later benefactors may be mentioned The Smithsonian Institute; The British and Foreign Bible Society; T. B. Akins, Esq., D. C. L.; The Society of Incorporated Alumni of King's College; E. Binney, Esq.; C. Cogswell, Esq., M. D.; The Dominion Government; The Institution of Civil Engineers; American Institute of Mining Engineers; The Royal Society; The Religious Tract Society; The Rev. George McCawley, D. D.; The late Rev. Canon Hensley, D. D.; General Sir F. W. Williams, K. C. B.; The late Bishop of Nova Scotia; The Rev. George Morris; The late Rev. G. W. Hodgson, M. A., and Her Majesty the Queen.

This large collection of books, now numbering over 12,000 volumes, was in 1870 removed to the new Hall specially built for the purpose and presented to the University by the Incorporated Alumni.

In spite of many blanks, the Library is one of the largest in the Province, and contains all the elements requisite for making it a well appointed and efficient Reference Library.

An excellent Catalogue, prepared in 1893 by Mr. Harry Piers, at the direction of the Board of Governors, in accordance with the will of the late Charles Cogswell, Esq., M. D., contains much valuable historical information, and shows both the wealth and the deficiencies of the Library.

There is no special Library Fund except the fee from students, and the collection can only be increased by grants of money from the Governors, the occasional lapsing of prize money and the benefactions of friends of the University.

NATURAL HISTORY.

Geology and Mineralogy.

The Geological Specimens, many of which are very fine, illustrate the most prominent features of general Geology, but the majority have been collected in Nova Scotia, and are especially adapted to show the character of the Fossil Flora and Fauna of the Province. There are several collections, which may be discriminated as follows:—

1. The W. B. Almon Collection, presented over forty years ago by Mrs. W. B. Almon, of Halifax, contains, with many minerals and a few shells, a considerable number of rock specimens and a few fossils, chiefly from Scotland, collected by the late W. B. Almon, M. D.

2. The Governors' Collection consists of coal fossils obtained in 1860, at the expense of the Governors of the College; these were collected by Prof. How, with the valuable assistance of a party headed by Richard Brown, Sr., Esq., then agent at the Sydney Mines, who, from long study, was familiar with the district. Many of the specimens are exceedingly fine, and some are of large size.

3. The Alumni Collection consists of Silurian and Devonian Fossils, chiefly from Arisaig, N. S., collected, named and arranged stratigraphically by Dr. Honeyman; purchased and presented in 1861 by the Alumni of King's College.

4. The Australian Collection consists of specimens obtained through Colonel Nelson, in 1863, from Sir William Dennison, then Governor of New South Wales, in exchange for Nova Scotian specimens from the College Cabinet, sent by Professor How. It contains some beautiful fossils, and is arranged stratigraphically; its value is increased by an accompanying large detailed colored section made by the Government Examiner of Coal Fields, under the instructions of Sir W. Dennison.

5. A collection of British Fossils, chiefly Silurian and Devonian, obtained through Dr. McCawley in exchange for Nova Scotian specimens sent by Professor How from the College Cabinet, in 1860, to Captain, now Sir James Anderson.

6. A collection from Europe, illustrating chiefly the nature of crystalline and sedimentary rocks, purchased by the Governors.

7. Several collections, some of which are unnamed, and single specimens, given and obtained by exchange at various times; of these it will suffice to name: Reptilian Tracks of great geological interest presented by the widow of their discoverer, the late Dr. Harding; valuable Fossils, chiefly carboniferous, presented by H. Poole, Esq.; Silurian Fossils from Arisaig, presented by H. Hill, Esq., Sheriff of Antigonish; Coal Plants from Cumberland County, presented by Rev. Mr. Townshend, Rector of Amherst; Cretaceous Fossils from England, presented by C. B. Bowman, Esq., and Dr. Honeyman; Silurian and Carboniferous Fossils of Nova Scotia, from Professor How; Rocks and Minerals from the Dominion Government; Devonian Corals of Ontario, and Canadian Rocks from Professor Spencer.

The Mineralogical specimens represent the most important species of Minerals,—some of them are of great beauty. They consist of those in the collection of Zeolites collected at the expense of the Governors and of various others obtained by gifts and exchange, as mentioned with regard to the geological department. Sir Rupert George; Rev. Dr. Robertson, Rector of Wilmot; H. Brown, Esq., Director of the Geological Survey of Victoria, formerly a distinguished student in Science at this College; Rev. J. Ambrose; Rev. J. C. Cochran; C. B. Bowman, Esq.; J. Bowman, Esq.; Rev. D. W. Pickett; Hon. W. Odell, and Professor How, have presented interesting specimens.

Zoology.

The Willis Collection consists of specimens fully illustrating Nova Scotia Mollusca, named, arranged and presented by J. R. Willis, Esq.; a collection from the U. S. Government.

The department is further illustrated by a collection of foreign shells, some interesting skulls and skins, and a limited number of preserved animals.

Botany.

The Cogswell Herbarium, bound in five imperial folio volumes, contains a fine, systematically arranged collection of Phænogamous and Cryptogamous Plants of Great Britain, presented by Dr. Cogswell.

The Gossip Herbarium consists of a small number of Scottish Plants, presented by Dr. Gossip.

The Willis Herbarium consists of Nova Scotia Algæ and Terrestrial Plants, presented by J. R. Willis, Esq.

The Strange Herbarium consists of a considerable number of East India Plants, presented in 1805 by Sir T. Strange.

The Ball Herbarium of Nova Scotia, consists of about 250 species, presented by Rev. E. H. Ball.

There are also a few woods, barks, leaves and fruits—from various sources—presented by C. B. Bowman, Esq., Hon. W. J. Almon, M. D., and other benefactors.

The General Collection.

The General Collection consists of various curiosities from different parts of the world, and a small but choice cabinet of coins. Other interesting curiosities are the beautiful Indian Pipe from Queen Charlotte's Island, the models of the leaning Tower and the Baptistery at Pisa, and the memorials of Generals Williams and Inglis, which include the sword won by the former throughout the siege of Kars, and that used by the latter during the defence of Lucknow. There is also a model of the Cawnpore Memorial Cross, formed of wood from the house in the courtyard of which the women and children were massacred.

The College possesses also a number of autographs of royal and distinguished personages; one of Thomas Moore, the poet, inscribed in a copy of Lucian, presented by him on the occasion of his visit.

The Coins illustrate the Numismatics of Rome, and most of the countries of the modern world.

The different departments of the Museum are arranged in twenty-four flat cases, supported by the balustrade surrounding the gallery, and five large table cases all glazed, and provided with lock and key. The large specimens which could not be conveniently placed in cases are arranged on shelves or distributed in different parts of the hall.

The friends of Science in Nova Scotia and elsewhere are respect-

fully requested to contribute specimens to the Museum of King's College. The steps which have been taken by the Governors to provide suitable cases for the arrangement and display of the contents of the Museum in the fine Hall erected at the expense of the Alumni, offer a guarantee that the liberality of donors will be carefully recognized and fully recorded.

A superb collection of Loyalist China, over three hundred pieces, arranged in three cases, was presented by Judge and Mrs. Weldon, on the 79th anniversary of the landing of the Loyalists in New Brunswick.

In the Library, in addition to a number of Photographs, there are several large Oil Paintings—including those of the late Drs. McCawley and Cochran, Rev. Charles Porter, A. M., the late Dr. J. T. Twining, and of Paul Mascarene. There are also marble busts of General Williams and of Cicero and Demosthenes.

It is particularly requested that donors will send their contributions of Books, Coins and Curiosities, addressed to the *Librarian*, and of Natural History specimens to the *Natural History Curator*, King's College Museum, Windsor, N. S., in order that the receipt may be duly acknowledged, and the donations recorded in the yearly Calendars as heretofore.

The Report of the Executive Committee, with its appendices, was submitted, considered clause by clause, amended, and adopted as follows:—

Report of the Executive Committee.

The duty which falls upon the Executive Committee this year is of weighty character, whose consideration can not consistently with our position, as defined by our Act of Incorporation, be any longer postponed.

Since the last general meeting of the Incorporated Alumni, a conference between the Executive Committee and the Board of Governors was held on the 29th March, 1894, being the outcome of certain resolutions unanimously adopted by the Executive Committee on February 23rd, 1894, for reasons stated therein, the whole of which are now submitted for your approval.

The resolutions, together with those adopted at the Conference, and a résumé of the subsequent action of the Board of Governors and the Executive Committee, respectively, have already been transmitted to every Alumnus, and are reproduced in the appendix to this report, being Nos. I., II., III., and IV.

Your attention is respectfully called, in the first place, to the joint action of the Board of Governors and the Executive Committee as summarized in No. II., being resolutions adopted at the Conference.

The changes proposed at the Conference have for their object the widening of the representation of Church people on the Board of Governors, with a view to secure a broader constituency, and thereby spread better knowledge of the usefulness of the College, and create a larger measure of sympathy in its work than it now enjoys.

The paucity of students and the annual financial deficiency, arising from lack of contributions towards the effective maintenance of the College, were potent influences in the adoption of these changes.

And it is now our regretful duty to state explicitly that unless some means be found for equalizing the expenditure and income, the College can not be even temporarily continued on its present footing without so impairing the General Fund that crippled resources will soon become inevitable.

We have no authority or power, as Trustees, to allow this state of affairs to supervene, and we cannot accept the grave responsibilities such abandonment of duty would impose on us.

The Alumni may be regarded as the Trustees of the major part of the En-

dowment, and a large portion was raised in their name. Their obligations to contributors are distinctly defined on each subscription paper. The condition under which friends of the College offered their contributions are similarly recorded, and the Act of Incorporation enumerates the responsibilities of the Executive Committee in the matter.

A succinct account of the "Relation of the Alumni to King's College, Windsor," has been circulated by the Executive Committee among our members. Further information is available, showing in a more precise manner the character of this relation and its onerous responsibilities.

In brief it may be stated that:—

FIRST.—There is nothing in the Act of 1853, incorporating "the Governors of King's College," nor in the Royal Charter, nor in the Act incorporating the Alumni, which seems to give a colour of right to any proposition for reducing, even temporarily, the privileges of the College from the standing of a University, as defined by the Act of 1853, or the Royal Charter.

SECOND.—The conditions under which the Alumni Endowment of 1855 was raised are such as to forbid the closing of the College to all those who subscribed one hundred pounds or upwards to the Endowment, and these conditions imply an Arts Course.

THIRD.—The penalties for infringing these conditions are expressly stated in Clause VIII. of the Act Incorporating the Alumni of King's College, Windsor, and the names of the contributors of twenty pounds and upwards are given in the University Calendar for 1855.

RESULTS OF THE EFFORTS TO RAISE FUNDS.

It is with profound regret that your Committee are unable to report anything favourable with regard to the measures taken in accordance with the resolution adopted at the Conference to raise funds for the discharge of the present indebtedness of the College.

This failure to secure adequate provision to meet the interest even on the indebtedness, or to provide means for continuing the staff with the available income, necessarily brings the Alumni face to face with their responsibilities in the matter, and compels a review of the entire status of the College under the Act of 1853, the Act incorporating the Alumni of 1847, and the conditions under which the Alumni Endowments of 1855 and 1881 were raised.

THE COLLEGIATE SCHOOL.

This important adjunct to the College has been assisted by the Alumni in various ways for a period extending over nearly half a century. It is with profound satisfaction that we are enabled to report most favourably of the oldest Church Educational Institution in the Province. In our last report we describe the nature of the changes which the Board of Governors had wisely adopted in its management.

The last year has been a test year for the Collegiate School, but it is now

firmly established on its new basis, and is more than holding its own with other schools in the Dominion. The reorganization in January, 1893, was complete, embracing the teaching and domestic staff, the grounds, the buildings, the sanitation,—in fact, the whole style, system and administration of the Collegiate School. The steady growth under the new régime is shown in the following table :

	Boarders.	Day Boys.	Elective Students.	Total.
Michaelmas, 1892.....	14	2		16
<i>After Reorganization.</i>				
Lent, 1893.....	25	5		30
Easter, 1893.....	30	5	2	37
Easter, 1894.....	40	9		49

The total number of pupils on the new register (that is, entered on the list of the School since reorganization) is 63, who are distributed as follows :—

From Windsor.....	12
“ Halifax.....	10
“ Other parts of N. S.....	22
“ New Brunswick.....	1
“ Prince Edward Island.....	3
“ Magdalen Islands.....	4
“ S. Pierre and Miquelon.....	1
“ Cape Breton.....	5

The finishing class of 1894 is accounted for as under :—

Candidates for Royal Military College of Canada.....	4

“ “ Engineering School, King's College.....	3
“ “ McGill Medical College.....	1
“ “ Harvard Medical College.....	1
“ “ Law Preliminary.....	1
“ “ Cadetship in Royal Navy.....	1

The foregoing table will give some idea of the scope of the work done in the School. The Junior Class now contains 21 boys, varying in age from 9 to 13 years. This is good testimony to the excellence of the domestic arrangements, for many of the Juniors are from the best families in the Province, and parents do not leave their little boys away from home unless perfectly satisfied that they receive every care and attention.

THE CHURCH SCHOOL FOR GIRLS.

The Alumni of King's College took the initiative in the establishment of this School at Edgehill, at the annual general meeting held in the Convocation Hall, Windsor, on the 25th June, 1893.

In our last report we were able to give a favourable account of its progress. It is very satisfactory to know that this progress has been maintained during the past year.

Carefully prepared tables are introduced into the Calendar, recently published, showing what has been done during the three and a half years of its existence, clearly pointing out the growing popularity and influence it is securing under the careful management of Miss Machin.

To these tables we gladly call the attention of the Alumni, as well as to the marked advance made during the scholastic year which has just closed.

Several girls from Edgehill have this year presented themselves for Matriculation at King's College.

THE COLLEGE.

You have now before you a most serious question to consider and decide upon with regard to the proposed reorganization of the governing body of the College, and the maintenance of the College staff in full efficiency.

You have contributed, in one form or another, about \$130,000 towards the maintenance of the College during the past forty-seven years.

By the Act of the Legislature of 1853, the whole of the property of the College, all its degree conferring privileges, the appointment of all its professors, the regulations for the instruction, care and government of the students, as well as all other matters concerning the College, were placed in the hands of twelve persons elected by you, together with the Bishop of Nova Scotia, as the Governing Body. By your voluntary action the Legislature subsequently conferred on the Synods of the Dioceses of Nova Scotia and Fredericton the privilege of appointing two representatives from each Diocese, together with the Bishop of Fredericton, to act conjointly with your representatives, thus increasing the number of the Board of Governors from thirteen to eighteen, out of whom you elect twelve members or two-thirds of the whole.

As regards the endowments raised in your name in 1854, you are morally bound by the conditions under which the money was contributed. The same may, perhaps, be stated with respect to the New Endowment Fund, also raised in your name according to the resolution adopted at the annual meeting of the Alumni on the 29th June, 1881.

The condition imposed by the donors to the Endowment of 1854, is "That the privilege granted under the Certificate (for the admission of Nominated Students) shall not be altered unless a fair compensation shall be made to the representative of the original donor."

The College is deeply in debt, and if any change be made by diminishing the privileges specified in the original contract, you are bound to make fair compen-

sation, which would increase your debt, and we recommend that the Board of Governors be requested to furnish without delay a statement of expenditure and income, and whole financial condition of the College, that the Association may know the exact amount of indebtedness now existing against the College, and take such steps as they may find necessary to discharge such indebtedness for the continuance of the College on its present footing, and report the same to the Executive Committee.

On the other hand, the College property in lands, buildings, funds and appliances, aggregates in value probably \$250,000. You have a powerful, numerous and capable *clientele* throughout the Maritime Provinces, whose suffrages might be secured, and whose sympathies might be awakened in the interest of the College if opportunities were proffered. You have the vast interests of higher education, with Religion as its basis, to consider and excite you to action. You have a College to uphold, whose history begins with the first efforts of Government and people to establish an Institution for Higher Education within the Province, and now covers more than a century.

You have further to bear in mind that the Three Institutions to which we have called your attention are so inseparably connected, that any adverse influence affecting the College must also reflect on the welfare of the two schools, whose training would be incomplete without the advantage offered by the higher course of the University.

The College is associated with the name and purposes of Church people within the Dioceses of Nova Scotia and Fredericton. All of the Governing Body must be members of the Church of England. The failure to gather students within its walls and meet with financial encouragement appears to arise from differences of opinion among those who ought to be teachers of the people and the best friends of the College. It is our earnest desire to aid in removing this difficulty and enlist general support for an Institution which has done good work during three generations of men, and may be equipped to do better work for many succeeding generations, if equal opportunities be offered to these who differ in details.

It remains for you to consider the situation and suggest the remedy. No good can arise from set or unyielding opinions in the matter. The College is held by the Governors, by Act of the Legislature, in trust, for the people, and particularly those who pride themselves on being Church people—with whom will rest the unqualified merit of successful reorganization, or the shame of disastrous failure.

DATE OF ANNUAL MEETING.

In view of the uncertain condition of matters respecting the College, the Committee recommend deferring action with regard to the amendment of the Act as ordered last year.

TREASURER'S ACCOUNT.

The Treasurer's account duly audited and showing a balance in hand of \$36.14, is submitted. Appendix No. V.

In submitting the Treasurer's account, the Committee regret that advancing years have compelled the Treasurer, Hon. S. L. Shannon, to resign his office. He has been connected with the Alumni Association since its organization in 1846; he was its first Secretary; he has been many years its Treasurer, and has always taken the deepest interest in its welfare.

VACANCIES BY ROTATION.

Under Sec. 3, Cap. 66, Acts of 1853, the Hon. L. E. Baker and Ven. Archdeacon Brigstocke retire from the Board of Governors, and it devolves on this meeting to fill the vacancies.

The Vice-President of the Alumni, accompanied by Hon. S. L. Shannon, Rev. J. O. Ruggles and Mr. R. J. Wilson, of the Executive Committee, go out of office under By-Law IV, and Mr. W. C. Silver retires from the Committee in consequence of advancing years. These vacancies are now to be filled.

NECROLOGY.

Your Committee regret to note the death during the year of the following members of the University:—

REV. D. FITZGERALD,—M. A., *inc.*, 1880; B. D., 1881; D. D., 1881.

REV. E. E. B. NICHOLS,—Matriculated 1836; B. A., 1840; B. D., 1870; D. D., 1870.

THOS. TRENAMAN,
President.

R. J. WILSON,
Secretary.

Windsor, N. S., June 20th, 1894.

Appendix No. 1.

At a meeting of the Executive Committee of the Alumni held in Halifax on the 23rd Feb., 1894, the following resolutions were unanimously adopted:—

WHEREAS certain information respecting the alarming financial condition of the College has been submitted to the Executive Committee by the Vice-President, strongly pointing out that no amelioration has taken place since the communication on the same subject received from the Governors in 1892, and specially referred to in Section 7 of the Executive Committee's report for that year:

AND WHEREAS, it appears, from the Financial Statements published in the Calendars of the University of King's College, that, apart from a large debt incurred on capital account in improving the College Buildings, the sums paid for

salaries alone during the year 1892-93 exceeded the average annual income of the College for six years from the General Fund, including the Alumni Allowance and the Parish collections, by about \$200, and that the disproportion between salaries and income will be still greater this year :—

Therefore Resolved—That the Executive Committee of the Alumni recognize the necessity for endeavouring to preserve the full efficiency of King's College as a Church Institution, and are willing to do their utmost towards its maintenance, yet they feel that in order to secure successful results, three measures should be adopted by the Board of Governors :—

First. That a full statement, in detail, be prepared for the information of the Executive Committee, of the sums expended on, and in, the College Buildings, and for what purpose ;—such expenditure being the outcome of Resolution No. 2 (*) passed at a general meeting of the Alumni in June, 1892. Also that a classified statement of the number of students attending the College during the past seven years be furnished the Executive Committee.

Second. That full information, in detail, be furnished the Executive Committee, of the Expenditure and Income, from separate sources, arising from the adoption of the measures embodied in resolution No. 3 (†) passed at the same meeting of the Alumni in 1892.

Third. That, whereas the total amount contributed in aid of King's College, directly or indirectly, by the Alumni, during the past forty-seven years, has exceeded \$90,000.00, the major part of which are inalienable Trust Funds for endowment purposes, which the Executive Committee of the Alumni are morally bound to protect, the Board of Governors, in view of existing financial difficulties and the relation of the Incorporated Alumni to the College, be earnestly requested to decline making any arrangements for the ensuing Collegiate year, beginning July 1st, 1894, for any expenditure whatever, by giving the necessary notices in accordance with the regulations passed by the Board of Governors on March 25th, 1885, and June 8th, 1886, until the Executive Committee of the Alumni have been afforded an opportunity, as in June, 1881, of joining with the Governors and others in formulating a plan for the preservation of the College in full efficiency and seeking financial aid for that object.

Further Resolved—That a copy of these resolutions be transmitted forthwith to each member of the Board of Governors by the Secretary.

* Resolution No. 2, of June, 1892. That the Governors be requested to consider the advisability of borrowing \$12,000 to be employed during the next long vacation in putting the college buildings and the library hall in thorough fitness for efficient work, and providing one or more lecture rooms, according to plan.

† Resolution No. 3, of June, 1892. That the Governors be requested to consider the advisability of placing the Collegiate School and the College under one responsible head, and the management of the landed property under one supervision for the support of the combined institutions.

Appendix No. II.

Being resolutions adopted at the conference of the Board of Governors of King's College with the Executive Committee of the Alumni on Thursday, 29th March, 1894,—was amended, and adopted as follows:

The New Board.

That the present Board be increased by the addition of a governor to be elected from each Rural Deanery in the Dioceses of Nova Scotia and Fredericton, and three from the Archdeaconry of Prince Edward Island, all of whom shall be resident Churchmen of the sphere from which they are elected. The new Board to meet ordinarily twice a year. At their first meeting they shall appoint a College Council and a Finance Committee.

The College Council.

The College Council to consist of:—

(a) Ten members appointed by the Board of Governors from their own body, five of whom are to be nominated by the Alumni. (b) The President of the College.

This Council shall act as an Executive Committee, but all acts involving the rights and privileges of the University and College shall require the approval of the Board.

The Finance Committee.

A Finance Committee of five shall be appointed annually by the Board of Governors, from their own body, who shall have entire charge of the funds of the College and the investment thereof, and without whose consent no investment shall be made. The Committee shall report at each half-yearly meeting of the Board, and all matters involving expenditure shall be referred to this Committee.

[It was here resolved that a Committee of seven be appointed to arrange all necessary details to carry out the resolutions now passed, for embodiment in a bill for presentation to the Legislature embodying the above passed provisions, such Committee to safeguard the interests of the Alumni in every particular, and maintain intact the full privileges of King's College as a University under the Act of April 4th, 1853 (Chapter 66), this Committee to consist of the President of the Board, the President and Vice-President of the Alumni, Hon. Justice Hanington, Mr. C. E. DeWolf, Mr. J. Y. Payzant, Dr. H. Y. Hind.]

The Law School.

That none of the present "*Faculties*" of the University be discontinued.

Retrenchment.

The clause, as submitted, was lost, and the following resolution adopted in its place:—

WHEREAS, the Right Reverend the Visitor of King's College has addressed a letter to the Board of Governors suggesting a "reconsideration of the joint action of the Alumni and the Board in giving the President and Professors notice that their services would not be required after the closing of the College at the Encenia,"—

AND WHEREAS, it has come to the knowledge of this Association that the President and four of the Professors are, in the event of the rescinding of the said action, willing to contribute towards the relief of the existing deficiency in the income at the disposal of the Board, one tenth of the salaries hitherto enjoyed by them, to be deducted for the ensuing year by the Treasurer of the Board of Governors in quarterly instalments from their said salaries, thus meeting of the aforesaid deficiency the sum of **\$550.00**;

AND WHEREAS, it appears from the representation of the present Bursar and Manager, that the duties of his office can now be as efficiently performed by the President of the College without further emolument than his salary as President, and that the President has expressed his willingness to undertake the said duties on these terms, thus effecting a further saving of the sum of **\$300.00**;

AND WHEREAS, it is deemed inexpedient to continue the office of Tutor in Science under present circumstances, thus making a further reduction in expenditure of **\$400.00**;

AND WHEREAS, it is the opinion of this Association that temporary aid can, and ought to, be derived from the interest of the Visitor's Fund to the extent of **\$400.00**;

AND WHEREAS, a saving has been effected in the expenses to the Governors for the Law School of St. John, N. B., of **\$350.00**;

Making in all, by contribution or otherwise, a certain saving or reduction in expenditure for the ensuing year of **\$2,000.00**;

Therefore Resolved—That this Association request the Board of Governors, in consideration of the circumstances recited in the foregoing preamble, to rescind their action in giving notice to the President and Professors.

Raising Funds.

WHEREAS, this meeting has recommended to the Board of Governors, and to the Executive Committee of the Alumni, that a scheme embodying a larger and more popular representation, and the bringing the expenditure within the income be adopted; and it is necessary, in order to accomplish the latter of these objects, that the entire present indebtedness of the College be discharged, —

Therefore Resolved—That a committee of seven be appointed from this meeting to canvass the City of Halifax and the Town of Windsor for subscriptions towards the extinction of the debt upon King's College and secure further sufficient endowment; and that, after this canvass has been completed, steps be taken to extend the canvass to other portions of the Maritime Provinces.

Committee—Prof. Vroom, Dr. Hind, C. S. Wilcox, Esq., J. Y. Payzant, Esq., Dr. Trenaman, Rev. J. O. Ruggles, Rev. Canon Partridge.

~~It~~ This joint Committee here reported as follows:—

Your Committee feel deep regret in presenting the report, that, having held several meetings, and having also made a preliminary canvass, both in Windsor and Halifax, for funds wherewith to reduce the floating debt of the College, they considered that in the present uncertain position of the College as regards its teaching staff, and from the feelings entertained by many that their contributions might be wasted, it would be unwise to begin a general canvass until after the annual meeting and the meeting of the Synod.

(S'd.) FRANCIS PARTRIDGE,
Convener for Halifax.

F. W. VROOM,
Convener for Windsor.

Windsor, N. S., June 20th, 1894.

The report was received and adopted, and the Committee continued.

Appendix No. III.

Resolution adopted by the Board of Governors at their monthly meeting held in Windsor on the 12th April, 1894, and ordered to be transmitted to the Executive Committee of the Alumni:—

Resolved,—That the scheme for the larger representation of the whole Church upon the Board of Governors, adopted by the Conference of the Board of Governors and the Executive Committee of the Alumni, held on the 20th March, 1894, for recommendation to the Board of Governors and the Executive Committee of the Alumni, respectively, at their next meetings, be, and is hereby accepted by this Board, and that the Secretary be instructed to inform the Executive Committee of the Alumni, as soon as possible, of the acceptance of the scheme by this Board, as presented.

Appendix No. IV.

Resolutions adopted by the Executive Committee of the Alumni at their meeting held in Halifax on the 21st day of April, 1894:—

No. 1.

Whereas,—The scheme for the larger representation of the whole Church upon the Board of Governors, adopted by the Conference of the Board of Governors and the Executive Committee of the Alumni, held on the 20th March, 1894, for recommendation to the Board of Governors and the Executive Committee of

the Alumni, respectively, at their next meetings, has been accepted by the Board of Governors according to the resolution transmitted to the Executive Committee by the Secretary of the Board,—

Therefore it is Resolved,—That the said scheme, as presented, be accepted by the Executive Committee on behalf of the Alumni.

No. 2.

That this Committee approve the measure of retrenchment submitted by the Conference, provided that, in the meantime, sufficient funds be not forthcoming to warrant the continuance of the Chair.

No. 3.

That this Committee approve the resolution of the Conference to appoint a committee to canvass "for subscriptions towards the extinction of the debt upon King's College and secure further sufficient endowment," and confirms the committee named in the resolution.

No. 4.

With regard to the measures proposed by the Conference for "RAISING FUNDS," with a view to discharge "THE ENTIRE PRESENT INDEBTEDNESS OF THE COLLEGE," and bring the expenditure within the income,—in the opinion of this Committee it is essential that the entire present indebtedness of the College be ascertained, and to effect this object that the measures suggested in the Report of MESSRS. CORY AND SILVER (the Auditors) to the Alumni, dated Halifax, June 28th, 1892, and referred to the Board of Governors at the general meeting held on the 29th June, 1892, for their information, be immediately carried into effect, "IN ORDER (as stated in the report) THAT THE EXACT SITUATION MAY BE DETERMINED AND MADE KNOWN TO THE ALUMNI," in all particulars, both as to the General Fund and the Visitors' Fund, with a statement of the alleged indebtedness of one Fund to the other, and that a small joint committee, consisting of business laymen, be forthwith appointed, with power to employ skilled legal and expert assistance for that object.

No. 5.

That the President and the Vice-President be the representatives of the Alumni on the joint Committee of Laymen.

No. 6.

That 250 copies of the pamphlet submitted, entitled, "The Relation of the Alumni of King's College, Windsor," be printed.

No. 7.

That the Secretary be instructed to inform the Canvassing Committee of the acceptance of the scheme by both bodies, and of their confirmation as a Committee, with a request that they proceed at once with the canvass.

In connection with the Report of the Executive Committee, the following report of the Sub-Committee on Sustentation Fund (*i. e.*, the committee appointed to raise the amount of guarantee for the salary of the Professor of Modern Languages) was read :—

The Committee on Sustentation regret that they are not able to present as encouraging a report as that of last year. The sum raised is scarcely half of last year's, which may be accounted for by the fact that several large subscriptions of last year have been discontinued.

Notwithstanding all the discouraging reports about the College which have appeared during the year, there are still a few staunch and loyal friends of the College, but for whom this report would have been much less satisfactory than it is.

It was, on motion of Rev. Canon Partridge, *Resolved*,—That this meeting hears with deep regret the announcement of the resignation of the Hon. S. L. Shannon, who has been Treasurer of the Alumni of King's College for so many years. His faithful attention to the duties of the office, the interest he has always taken in the affairs of the College, the work he has done for it as Examiner in Civil Law, and the steadfast endeavor he has made in conjunction with his colleagues for the advancement of the interests of the University, call for our warmest recognition and our most heartfelt thanks.

The meeting further expresses its sincerest hope that Mr. Shannon may be long spared to us as an attached friend, though no longer as an official of the Alumni ;

And that this resolution be forthwith transmitted by the Secretary to Mr. Shannon.

The motion was carried by a standing vote. Adjourned.

day of May in each year, such member shall thereupon cease to be a member of the said Society, until such annual subscription or payment shall be actually paid, or until such person shall otherwise become a member of the said Society, under some By-Law or Rule thereof.

[This section is amended by Chapter 64, of the Acts of 1882, q. v., (page 120 of this Calendar), which provides that the Alumni may, at any annual general meeting, fix the amount of the annual subscription, and the amount of donation to entitle to life membership, NOT TO EXCEED the amounts mentioned in this section.

At the annual meeting on 28th June, 1882, (page 85 of the minutes) it was *Resolved*,—"That the annual subscription be two dollars, and that the payment of the sum of twenty-five dollars by any person at any one time entitle him to life membership."]

(Passed the 4th day of April, A. D. 1853.)

Be it enacted by the Governor, Council and Assembly, as follows :

1. The Act passed in the twenty-ninth year of the reign of his late
majesty, King George the Third, entitled, an Act for founding, estab-
lishing and maintaining a College in this Province, is hereby repealed.

2. The Lord Bishop of Nova Scotia, the Honorable Brenton
Haliburton, Reverend George McCawley, D. D., the Honorable James B.
Uniacke, and Lewis Morris Wilkins, Esquire, together with eight persons,
being members of the Church of England, to be elected at a general or
special meeting of the "Alumni of King's College, Windsor," shall be

lives; and of the eight persons so to be elected by the Alumni of King's
College, Windsor, two shall, in each and every year, successively, in the
order of their election, go out of office, but such two Governors may be
re-elected.

[Chapter 100, of the Acts of 1866, q. v., (page 119 of this Calendar) provides

the time he shall have last served as Governor. This applies only to Governors
elected by the Alumni; those elected by the Synods are, by Chapter 63, Acts of
1853, subject, so far as eligibility for re-election, &c., is concerned, to the regula-
tions of their respective Synods.]

4. All vacancies hereafter occurring, whether by death, resignation,
removal from office, or otherwise, amongst the Governors, from time to
time, shall be filled up by the Alumni of King's College, Windsor, in
manner hereinbefore appointed, but the Governors shall always be
elected from among members of the Church of England, and every

person hereafter elected on any such vacancy, shall, as to his tenure of office, be subject to the regulation hereinbefore prescribed touching the eight persons to be elected by the Alumni of King's College, Windsor.

5. For the better management of the College, and for more completely executing the purposes of this Act, the Governors appointed, and to be appointed from time to time by virtue hereof, shall be a body politic and corporate in deed and in name, and have a common seal and succession for ever, by the name of Governors of King's College, Windsor, and by that name shall make By-Laws and Ordinances for the regulation and management of the College, and shall also have, hold and enjoy, for the use and benefit of the College, and the purpose of this Act, all the goods and chattels, and all the lands which are now had, held, occupied, or enjoyed by "the Governors of King's College, of Nova Scotia," or by "the Governors, President, and Fellows of King's College, at Windsor, in the Province of Nova Scotia," or by any person in trust for them, or on their behalf, in the same manner as if the same had been duly conveyed and transferred to the Governors hereby incorporated, by virtue of a Statute of this Province, authorizing the conveyance and transfer thereof, and also shall have power to purchase, receive, take, hold, and enjoy, for the use and benefit of the said College, and the purposes of this Act, any other goods, chattels, or lands, so as the said last mentioned lands shall not exceed in value ten thousand pounds, and also at all times hereafter shall have power to sell, lease, mortgage, or otherwise dispose of the lands belonging to the College, or any part thereof, for the benefit of the said College, as to the Governors, hereby incorporated, shall seem proper, any law to the contrary notwithstanding.

6. The Governors hereby incorporated, at any general meeting assembled, shall, from time to time, and as they shall think fit, make and establish such statutes and ordinances for the instruction, care and government of the students, the management of the property of the College, the appointment of the President, Professors, Fellows and Scholars (the President always to be a member of the Church of England); and also touching any matter or thing respecting the College which to them shall seem meet.

7. The College hereby incorporated, shall be taken to be an University, with all usual privileges of such an institution, whether relating to the conferring of degrees and honors, or otherwise.

8. From the time of this Act coming into operation until the appointment of a full Board of Governors, by virtue hereof, the present Governors shall, notwithstanding this Act, continue to exercise all the powers which are now vested in them, by the Act hereby repealed, and the royal charter which they now hold.

9. All academical honors and degrees, and all rights, powers, privileges, and authorities, now had, held, or exercised by any person, by virtue of the Act hereby repealed, or of the charter hereinbefore referred to, except so far as they may be necessarily taken away, altered, abridged or affected, by, or in consequence of this Act, shall be had, held, and exercised, in relation to the College hereby incorporated, as fully as they are now had, held or exercised.

10. The royal charter, incorporating "the Governors, President, and Fellows of King's College, at Windsor, in the Province of Nova Scotia," shall not be in any manner affected by this Act except so far as may be necessary to give effect to this Act.

[“In all cases the out-going Governor may be re-elected, if then a member of the Synod.” Journal of the 16th session, 1882, of the Diocesan Synod of N. S., p. 82. See Sec. 4 on following page.]

2. Whenever and so soon as the Diocesan Synod of Fredericton shall, by resolution, declare King's College, at Windsor, to be the College approved by said Synod for the education and training of the Divinity students of the Diocese of Fredericton, the Governors of King's College, Windsor, may, by resolution, duly passed at a meeting called for that purpose, still further increase their number by the addition of three more Governors, one to be the Lord Bishop of Fredericton for the time being, who shall then be (*ex-officio*) a Governor of King's College, and the remaining two to be elected from time to time by the Diocesan Synod of Fredericton in such way and for such term as the said Diocesan Synod may from time to time limit and appoint, and to be members of that Synod at the time of their election. But if at any time thereafter the approval and support of the Diocesan Synod of Fredericton should be withdrawn from King's College, or the Divinity students of that Diocese should cease to attend said College, the persons so elected by the Synod of that Diocese, and also the Bishop of Fredericton, shall thereupon cease to be Governors of King's College, Windsor, and the number of said Governors shall be reduced to that extent, which reduction shall be effected by a resolution of the Governors of King's College, Windsor, passed at a meeting called for that purpose.

[Governors elected by the Diocesan Synod of Fredericton hold office for one year, and are eligible for re-election, if then members of the Synod.]

The Canon of the Synod of Fredericton governing the election is as follows:

CANON XIV., KING'S COLLEGE, WINDSOR.

1. King's College, Windsor, Nova Scotia, shall be recognized as the Theological Institution of the Diocese of Fredericton.
2. Two members of the Board of Governors of King's College shall be elected annually by ballot, one from the Clergy, and one from the Lay Members of the Synod, and shall hold office until others shall be elected in their places.]
3. Whenever and so soon as the Diocesan Synod of Newfoundland

shall, by resolution, declare King's College, at Windsor, to be the College approved by the said Synod for the education and training of the Divinity students of the Diocese of Newfoundland, the Governors of King's College, Windsor, may, by resolution duly passed at a meeting called for that purpose, still further increase their number by the addition of two more Governors to be elected from time to time by the Diocesan Synod of Newfoundland, in such way and for such time as the said Diocesan Synod may from time to time limit and appoint. But if at any time thereafter the approval and support of the Diocesan Synod of Newfoundland should be withdrawn from King's College, or the Divinity students of that Diocese should cease to attend said College, the persons so elected by the Synod of that Diocese shall thereupon cease to be Governors of King's College, Windsor, and the number of said Governors shall be reduced to that extent, which reduction shall be effected by a resolution of the Governors of King's College, Windsor, passed at a meeting called for that purpose.

[The Diocesan Synod of Newfoundland has not yet availed itself of the privileges conferred by this Section.]

4. All Governors elected by virtue of this Act shall, as regards their eligibility for re-election, be subject to the regulations of the Synod by which they have been elected respectively, notwithstanding the provisions of Chapter 100 of the Acts of the Legislature of Nova Scotia for 1866.

[See notes to Sections 2 and 3, preceding page.]

During the past two years the School has been entirely re-organized and the accommodation greatly improved. The main building has been heated throughout with hot water, and the dormitories re-furnished; the baths and lavatories, and the whole system of sanitation and drainage have been renewed, and everything possible has been done to render the School healthy and comfortable.

Attention has also been given to the appliances for exercise and recreation; the Instructor is in attendance daily for gymnastics and drill, and a recent extension to the gymnasium provides ample music-rooms, play-room and workshop. The cricket field has been levelled and drained and an open-air skating rink formed.

The boys have also a good library and reading-room, with indoor games for the winter.

Pupils at the Collegiate School are prepared for matriculation at King's and other colleges, for the R. M. C. Kingston and other public examinations, or for commercial life.

The ordinary fee for boarders is \$200 per annum, and several valuable scholarships and prizes are given annually.

The boys attend services at the College Chapel on Sundays, and have daily religious instruction and prayers in the house.

Full details as to the re-organization of the School, course, fees, etc., will be found in the Calendar for 1894-5, which can be obtained from the Head-Master.
