

ANGLICAN SYNOD COMPLETED ITS WORK LAST NIGHT

Seemed Not to Know What to do With Forward Movement Money.

CLERGY STIPENDS

Were Considered, and the View Expressed That as Farmers Were Making So Much Money They Could Afford to Give More.

Special to The Standard. Fredericton, N. B., April 21.—The Anglican Synod concluded its business for the year this evening.

A motion to the effect that the synod believed in and endorsed the Union of Christian Churches was moved by W. B. Smith and carried unanimously.

The standing of the diocese in the Forward Movement campaign was announced by Rev. Canon Armstrong.

The thanks of the synod were moved to Rev. Canon Armstrong for their splendid and efficient work in the Forward Movement campaign.

Rev. E. Halliwell gave notice of motion that Canon 18, section 1, be amended by the insertion of the words "The rural dean" after the words "The Archdeacons."

Dr. M. G. Teed thought the executive ought to deal with the matter of the Treasurer's motion was amended to read "Be invited, the revenue to be put in the hands of the Executive for the special needs of the diocese."

The Treasurer's motion was amended to read "Be invited, the revenue to be put in the hands of the Executive for the special needs of the diocese."

The matter of the increased stipend in the clergy was introduced by J. H. A. L. Fairweather who thought that the minimum stipend of the clergy should be \$1,100 during the decade.

The stipend of priests during the first five years of service should be \$1,200 with a house and \$1,500 if no house was provided, and that after five years of service the stipend should be \$1,800 with a residence or \$1,400 without one, to go into force in January, 1921.

The Bishop thought that the country parishes should bear the burden of the increased stipend as he stated they were simply rolling in wealth to judge from the prices one had to pay for farm produce.

Mr. Fairweather also embodied in the resolution the clause that the clergy who found it necessary to use a horse and carriage or automobile be granted \$200 extra for the upkeep of such.

Several speakers thought that strong organized efforts ought to be made by Canon Missionary Smithers and others to show the country people that they must increase their gifts to the church.

The lay delegates from New Brunswick stated that the farmers were undoubtedly proving rich at the present time but there had been a time when potatoes were thrown away they had been so plentiful. He defended the action of the farmer in demanding increased prices by saying that no one knew what the future would produce and the farmer was but preparing for a fluctuating market.

The question then came up of the reimbursement of the clergy for railroad fare paid in the interest of their parishes and a clause was added to the resolution that the clergy be reimbursed up to the sum of \$200.

Very Rev. Dean Nestles thought that machinery ought to be put at work to work up the matter of raising the additional amounts necessary for the increased stipends.

The resolution was then passed unanimously. Dr. W. S. Carter thought that a committee of several members should be appointed to work with Dr. Raymond in preparing a history of the Churchmen of the Province. Dr. Carter stated that he did not think Dr. Raymond would accept any remuneration for the work as he knew he had refused it on several occasions.

Very Rev. Dean Nestles took the chair while a vote of thanks was moved by Dr. W. S. Carter to the Bishop for his attentive and courteous occupation of the chair during the sessions.

Dean Nestles in a brief address thanked the Bishop on behalf of the synod for his splendid services. The synod then closed.

The next place of meeting was fixed at the City of St. John on the third Thursday following Easter. A heavy vote of thanks was moved to the Y. M. C. A. of this city for its

DOVER PATROL WAR MEMORIAL

Monolith Will be Erected in New York Harbor.

Washington, April 21.—On behalf of the Dover Patrol war memorial fund and the English speaking union, Major John Wrench, in presenting the cheque, emphasized the importance of continued close co-operation and accord between the English speaking peoples.

"Whatever may be the ultimate size of either the British or American Navy," he said, "I believe that our respective flags will float in the breeze and of the seven seas for all time in the friendship association."

Accompanying the gift was a "token of the esteem in which the American Navy is held by the British people," Mr. Daniels declared, that "the friendship strengthened in the stress of mutual co-operation and sacrifice in war must be cemented in devotion to world peace."

The fund will be used in the erection of a monolith at the entrance of New York harbor.

CONVENTION IRISH SOCIETIES MONTREAL

Montreal, April 21.—While there is a desire that a convention of Irish Societies should be called for at an early date in Montreal, no definite steps to this end have been taken.

Very Rev. Dean Nestles thought that machinery ought to be put at work to work up the matter of raising the additional amounts necessary for the increased stipends.

The resolution was then passed unanimously. Dr. W. S. Carter thought that a committee of several members should be appointed to work with Dr. Raymond in preparing a history of the Churchmen of the Province.

Parliament to be Asked to Vote \$1,000,000 for it.

IS MAIN QUESTION

France Feeling Rather Sore at Lack of Appreciation Displayed by Her Allies as to Her Position and Losses Suffered.

San Remo, April 21.—(By the Associated Press.)—The main question to be asked of Germany and how what is asked shall be executed will be begun by the Supreme Council tomorrow.

The French are declared to feel that they have been the greatest sufferers from Germany's conduct in fulfilling her treaty obligations that Germany's retention of war material obliges France to remain armed, and that the reduction in coal deliveries keeps an important fraction of the French industries idle.

The British position is that although Germany has defaulted in several extremely important respects and that she must be required to fulfill her obligations, she can be made to do so if the Allies will be left unshaken.

San Remo, April 21.—The premiers decided to end the Council on Saturday night, but each Prime Minister has internal problems at home demanding his attention. This is the official version.

The communication issued by the Council after the afternoon session is as follows: "The Council has discussed the clauses of the Treaty and afterwards heard naval and military experts on certain technical points connected with the proposed territorial questions under discussion."

END OF TRIAL IN SIGHT

Paris, April 21.—James Callaux, former premier, on trial before the Senate as a high court, charged with having had treasonable dealings with the enemy, spoke in his own defence today.

"I am a victim of the vanity, mediocrity and red tape of French officialdom, which I have always fought to destroy," M. Callaux declared.

San Remo, April 21.—The premiers decided to end the Council on Saturday night, but each Prime Minister has internal problems at home demanding his attention. This is the official version.

Bill Brought in to the Legislature to Provide for Increase.

SAYS BRITAIN HAD SUBMARINES UNDER CONTROL

Before United States Was Even Ready to Begin to Assist.

Washington, April 21.—Hear Admiral Sims' criticisms of the United States Navy's conduct of the war were based on the false assumption that the combatting of the German submarine campaign was the main object of the United States Navy's conduct of the war.

The British got the submarine situation under control in 1917 before the United States could have assisted, the witness declared, and held it to the end.

The United States Navy was a contributing factor, but never the decisive one, in defeating the submarine, Pots told the committee.

MUCH LUMBER GOING ADRIFT IN MIRAMICHI

Councillor Vanderbeck Denounces Foster Gov't for Throwing Out Power Bill.

London, April 21.—The delegation of British Laborites, which is going to Russia to investigate the general situation, will be comprised of three representatives of the Trades Union Congress and four representatives of the Labor Party.

The Foreign Office, after receiving San Remo advices yesterday that the Allied Council approved of the mission, informed the Laborites that they would be granted passports for Estonia, word having been previously conveyed from Moscow that the party would be persona grata to the Soviet Russian Government.

London, April 21.—Acceptances is attended the ninth Congress of Chamber of Commerce of the British Empire to be held in Toronto, September fourteenth, are pouring into the offices of Imperial Council of Commerce. It is certain many of the leading merchant princes will make the trip. Party leaves here early in September, returning the middle of October. The itinerary includes nearly all its principal Canadian cities and includes Quebec to Winnipeg, finishing at Montreal. Regret has been expressed that time alone make it impossible to travel further west than Winnipeg, but it is hoped Vancouver may be chosen as the next meeting place of the Congress.

London, April 21.—Thomas J. Macnamara, Minister of Labor, told the House of Commons today that the strike and lockouts reported to the Ministry of Labor during 1919 aggregated 4,118. The total number of persons directly or indirectly affected, according to the figures, was 34,480,000 working days, figured on the basis of individual days of work.

BILL TO CREATE PURCHASING COMMISSION

Resurrected Again for Last Session, But Finds No More Friends.

BUT GOVERNMENT FIRM

Budget Will Not be Brought Down for Some Days Yet—Speaker Has to Call Member to Order.

Special to The Standard. Ottawa, April 21.—Hon. N. W. Rowell's purchasing commission bill of last session appeared in Parliament today, with Sir George E. Foster as sponsor.

Last session the determined Unionist opposition forced the Government to withdraw the bill. Even with such a popular and careful pilot as Sir George Foster, the same opposition was encountered today. The Government proposed to create a commission of two appointed members and a cabinet minister, to make all Government purchases except National Railways and National Mercantile Marine. Unionist members resent the removal of responsibility from Parliament. They have seen the Government civil service placed under a commission, and now purchases would likewise be placed under it. In fact they claim that such a move would be a retrograde step. They also pointed out that such a commission would be a retrograde step. They also pointed out that such a commission would be a retrograde step.

The Budget will not be extended. The Finance Party all delivered the debate on fiscal matters on the debate on the Finance Bill. The Opposition members are not anxious to clearly define their position on the tariff. It will insist the return to Sir Robert Borden, who has promised his supporters to be here in time to launch the new national policy that has been made in cold storage for six months.

MANY ACCEPTANCES HAVE BEEN RECEIVED

For Ninth Meeting of Imperial Chambers of Commerce Congress at Toronto.

BILL TO CREATE PURCHASING COMMISSION

Resurrected Again from Last Session, But Finds No More Friends.
BUT GOVERNMENT FIRM
Budget Will Not be Brought Down for Some Days Yet—Speaker Has to Call Member to Order.

(Continued from Page 1)
Mr. George informed the House that the Budget speech would be delivered within a week or ten days, and withdrew a motion which he had introduced to give Government business precedence on Mondays. The members cheered when the speaker's leader spoke of speeding up for the close of the session, but Mr. George deferred his motion on the request of Mr. Fielding who demurred because the Budget had not yet been brought down.

A motion of I. E. Pedlow (South Shore) to reduce the Food and Drug Bill back to committee instead of giving third reading, was defeated by 190 to 67, the cross benches voting with the Government against the amendment.

The House appointed a special committee to consider and report on the question of a memorial to be presented on the battlefield of the Great War to commemorate Canada's part in that struggle.

In the evening the Grand Trunk Bill was again taken up. In the course of the debate, a clash occurred between Hon. C. J. Doherty and Lucien Cannon, when the latter made reference to Mr. Doherty and Ireland. Mr. Cannon accused the Government of introducing Soviet principles into Canada in taking over the road. He referred to the Hon. N. W. Rowell as a Minister "who carried a Bible in one hand and a temperance tract in the other." If he supported the Soviet idea, said Mr. Cannon, let him come into the open as a Bolshevik.

The member for Dorchester also accused Dr. Michael, Clerk of having been too ready to say "black" when he was on the Speaker's right, and with equal facility "white" when he was on the left of the Chamber. He wished to inform Dr. Clark that true Canadian Liberals were born here, and not imported. Canada's problems could only be solved by Canadian ideas.

Of Mr. Doherty, the member for Dorchester charged that he was a good Irishman when a Canadian, but not so when he discussed Ireland with Lloyd George at Paris. The Speaker called Mr. Cannon to order and the incident closed.

IS IN FAVOR OF INTERNATIONAL WATER ROUTE

Senator Nelson Believes Canada and United States Should Cooperate to Provide One.

Washington, April 20.—(By The Canadian Press)—One of the strongest supporters in Washington of the proposed international water route from the Great Lakes to the Atlantic is A. P. Nelson, representative of the Eleventh District, Wisconsin, in the House of Congress. Representative Nelson is an outspoken advocate of the cooperation of Canada and the United States in everything which tends to the mutual benefit of the citizens of the two countries, and he sees in the proposed deep water St. Lawrence route a means, not only of promoting the interests of his own country, but a further strengthening of the bonds of friendship which unite the peoples of the Dominion and of the United States. He recently presented a very forceful and lucid argument in favor of the project before a speech delivered in Congress.

Representative Nelson believes that if the United States neglects the present opportunity, Canada will ultimately have an all-Canadian route from the lakes to the sea, forcing the United States to find a route of its own.

In an interview with the Canadian Press, he said: "In a broad way, there are three possible routes from the Great Lakes to the sea, one all-American, one all-Canadian, and one joint Canadian-American. From every point of view the joint Canadian-American route, down the St. Lawrence, along the international boundary line, is the only logical, practical, and economical route to construct. It is evident that if you Canadians should build, as I believe you ultimately will do, an all-Canadian route, we Americans would be compelled to do likewise, and the duplication of cost of construction and expense of upkeep of two routes would have to be borne by Canadian and American commerce and paid by the producers and consumers of the two countries."

"The only opposition to the project," Mr. Nelson continued, "has come from Montreal, in Canada, and New York, in the United States. Montreal argues, 'Why should Montreal give up her position for the benefit of ports of the United States on the Great Lakes and a few Canadian villages on the north shore?' Meanwhile New York argues, 'Why should we spend our money to develop a waterway through Canada and promote the commerce of foreign ports and lessen the commerce of the port of New York?' Both are wrong; both are selfish. It is merely a case of selfish monopoly by reason of strategic position on the seaboard against the welfare and happiness of the entire peoples of the two countries."

"Our nation as a whole, and the great Middle West in particular, should not be sacrificed to the selfish and narrow provincialism of any one or two ports or any one province or state, or territorial. I cannot see how

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-tives."

Little Bras Dor C. B. was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try "Fruit-a-tives." In week the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous.

speaking for Montreal, but as for New York, I believe when she sees this project in its broadest aspect she will enthusiastically support it. The opposition in New York is very limited and she rank and file of the people of the state will overwhelmingly support this project when they realize the tremendous advantage to be derived from it.

"Representative Nelson flatly contradicted the argument presented by some of his fellow countrymen that the proposed route would give Canada too great a military advantage. "The naval terror can be dismissed as a mere nightmare and bugaboo, which will neither scare nor delude any well-informed American citizen," he said. "Hostilities with Canada, our friend and neighbor, are well-nigh inconceivable. Such a situation would mean that both Christianity and civilization had completely broken down. Over 100 years without a fort or a gun on our 4,000 miles of international boundary assure us that we can build in perfect faith and peace. And closer international business relations will undoubtedly tend to bind us closer as friends and neighbors."

"From a military point of view the joint route is the only correct one for my country, as we would continue to have, as now, absolute joint control of all war vessels entering the lakes from the sea. Independent routes might place either government in a position of military suspense and in an attitude of feeling called upon to provide military fortifications and defenses upon the Great Lakes, which I fervently hope may never maintain. I hope that the only line of defense between Canada and the United States may continue to be that imaginary boundary line."

"Sooner or later," continued Mr. Nelson, "the immense power of the St. Lawrence must be developed. So great a natural resource can not much longer be neglected just because it happens to lie on the international boundary. If there are complications, business diplomacy must overcome them. As there is a prospective preponderance of benefits, engineering skill must adjust them. Coal is getting each year more costly to bring to the market, and hydro-electric power is every year becoming more of an economic necessity. The people of Canada and the United States cannot afford not to use the St. Lawrence."

"If within ten years the major portion of the available horse power could be utilized at the present rate of coal, the total cost of the entire project would be saved in two years. Lake access to the sea is not only an expenditure to encourage navigation, but also an investment in hydro-electric power that promises to pay large dividends."

"I sincerely hope that my country will not hesitate to join Canada in the St. Lawrence development, particularly as competent engineers have declared the project is perfectly feasible and that the return on the water power alone, leaving out all advantages of transportation, will more than pay for the entire investment."

"Courageous and far-sighted Canada, with a population of less than one-fifth that of the United States, and with an estimated national wealth of less than one-twentieth of that of the United States is ready to join hands with the United States on a fifty-fifty contribution basis to develop this marvellous water power and navigation project. The United States must not and will not hesitate."

Stuffed Egg Salad.
Boil the eggs hard, then place them in cold water, and remove the shells. Cut the eggs in halves, take out the yolks and mash them. Mix with minced ham or chicken, season to taste. Arrange the white halves on leaves of lettuce, heap up with the mixture, and serve with any kind of salad dressing preferred. Use celery salt in the seasoning.

IN MEMORIAM.
In loving memory of Margaret Wood Courtney, April 22nd, 1919.

Careless Shampooing Spoils The Hair.
Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulford's coconut-oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One of two beautiful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which raises out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine, silky, bright, lustrous, fluffy and easy to manage.

You can get Mulford's coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

PREPARING FOR GREAT INFLUX OF TOURISTS

By Hugh Dryden.
(Staff Correspondence of The Standard. Copyright, 1920, by Cross-Atlantic Newspaper Service, Inc.)
London, April 20.—Fighting beds for a million tourists is England's job just now. That is the minimum number of American and Canadian visitors expected to arrive during the coming summer; and England doesn't know how to put them up in properly hospitable fashion.

To achieve the feat, a strong "hospitality committee" has been formed, including representatives of the Pilgrim's Club, the Anglo-American Society, the Overseas Club, the Royal Colonial Institute, the English-speaking Union, the British Empire League, the Red Triangle Hospitality League—a branch of the Y. M. C. A.—and hotel and restaurant organizations. Sir Harry Brittain is chairman.

The Red Triangle Club will act as a clearing house for available quarters; and attempt through its international connections to register American and Canadian visitors before they start abroad, keep in touch with them aboard ship and make suitable provision for their reception here. The key is to "bring the visitor and the accommodation together"—with as little mutual inconvenience as possible.

At West End hotels where Americans formerly put up, there will be no accommodation; but the committee is locating numbers of smaller, more-renovated hotels and listing their available quarters. Also, the committee has issued an appeal to private householders asking them to aid by offering available rooms.

That many wealthy American visitors, content with only the best hotel accommodation, will be driven to Paris is foreseen.

In order to relieve the direct pressure on London, specially-conducted tours are being arranged to start from the ports where visitors land. These will reach London in easy stages having been met at Plymouth, Southampton and other ports; and automobile

trips will be run to all the beautiful spots and historic places in the neighboring country. These tours will end at inland centres whence further tours will start—and so the tourist parties will reach London in easy stages having seen much of provincial England on the way.

Prices \$35 to \$65.

MARRIED.

HUNT-FRASER—On April 21st, by the Rev. S. S. Poole, at the home of the groom, 29 Mecklenburg street, Miss Jessie Drummond Fraser, of Aberdeen, Scotland, to Henry Everett Hunt, of this city.

Hon. Mr. Foster introduced a bill to amend the City of St. John to allow the City to increase the assessment for school purposes to \$255,000. On the ground of urgency the bill was read a second time.

Hon. Dr. Roberts introduced a bill to enable the Parish of Lancaster to assess for recreation grounds and also a bill to confirm certain measures taken during the influenza epidemic, both of which were read a second time.

Hon. Dr. Roberts introduced a bill relating to grants of public money. He explained that its object was to enable Municipalities, Cities and Towns to grant money towards the Victorian Order of Nurses if they desired to do so. It also confirmed an expenditure made in that way in the Parish of Lancaster.

Hon. Mr. Roberts introduced a bill to amend the Public Health Act of 1918. He said that the change proposed in the Act were not of a very important nature. One had to do with the publication of the regulations in the Royal Gazette, and another concerned the vaccination of employees of lumber camps. The present Act made employers in lumber camps responsible for an outbreak of small-pox within fourteen days, even if they had seen to it that the employees had been vaccinated.

It was proposed to change the feature of the act. On the ground of urgency the bill was read the second time.

Hon. Mr. Foster moved that the fee paid on the bill relating to the estate of the late L. F. Fisher, of Woodstock be refunded.

Mr. Burchill presented the report of the committee on corporations. Hon. Mr. Robinson moved that the fee paid on the bill to incorporate the Central Trust Co. be refunded.

Hon. Mr. Foster asked the House to take a recess until 10 o'clock, members to hear a report from the Secretary.

Faint And Dizzy Spells
Weakness and Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes:—"I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

The Last Call!

THE Semi-ready store again opens its doors with bigger bargains than ever. Seven days left to clear our clothing stock, and the public are invited to help. During the past twenty-four hours every Suit, Overcoat and Odd Garment has been reduced at prices that will astound you.

People look upon your clothes as an index to standard and ideals you have set for yourself. Correct, stylish clothes give a man's ability the proper introduction. Our clothes will do that for you.

Hundreds of Suits in the latest Spring styles to choose from; all colors at all prices.

ST. JOHN BILLS UP

Those Relating to School Matters Were Given a Second Reading on the Ground of Urgency.

Official Report.
Fredericton, April 21.—The House met at 3 o'clock.

Mr. Roberts introduced a bill to amend Chapter 174 of the Consolidated Statutes relating to the New Brunswick Pharmaceutical Society which, on the ground of urgency, was read the second time.

Hon. Mr. Robinson moved for the suspension of Rule 77-78 to permit of the introduction of a bill to amend the Act incorporating the Demolition Surpluser Resort Company.

Hon. Mr. Foster introduced a bill to authorize the City of St. John to levy and collect for the purpose of paying current indebtedness incurred for school purposes. He explained that the amount to be collected was \$75,000, and it was proposed to pay it off in three annual instalments. On the ground of urgency the bill was read a second time.

Hon. Mr. Foster introduced a bill to ratify and confirm and issue of debentures made by the St. John School Trustees in 1917. He said that some doubt had arisen in regard to the legality of the issue and it was proposed to confirm it by legislation.

Mr. Burchill wanted to know if the bills introduced by the Hon. Premier were Government measures. If not they were liable to the payment of fees.

Hon. Mr. Foster said that he understood the bills relating to the Schools Act usually went through as Government measures without payment of fees. He suggested that the bills be given a second reading and a decision made in regard to the matter.

Hon. Mr. Speaker thought that the bills might be referred to the standing committee.

Mr. Baxter said the School Act was essentially a matter for a Government bill and could not be amended by a bill introduced by a private member. He thought that the chairmanship of the standing rules committee should give an opinion as to whether the bills should be referred to a select committee.

The bills were read a second time.

ST. JOHN BILLS UP

Those Relating to School Matters Were Given a Second Reading on the Ground of Urgency.

Fredericton, April 21.—The House met at 3 o'clock.

Mr. Roberts introduced a bill to amend Chapter 174 of the Consolidated Statutes relating to the New Brunswick Pharmaceutical Society which, on the ground of urgency, was read the second time.

Hon. Mr. Robinson moved for the suspension of Rule 77-78 to permit the introduction of a bill to amend the Act incorporating the Demolition Summer Resort Company.

Hon. Mr. Foster introduced a bill to authorize the City of St. John to levy and collect for the purpose of paying current indebtedness incurred for school purposes. He explained that the amount to be collected was \$75,000, and it was proposed to pay it off in three annual payments. On the ground of urgency the bill was read a second time.

Hon. Mr. Foster introduced a bill to ratify and confirm and issue of debentures made by the St. John School Trustees in 1917. He said that some doubts had arisen in regard to the legality of the issue and it was proposed to confirm it by legislation.

Mr. Burchill wanted to know if the bills introduced by the Hon. Premier were Government measures. If not they were liable to the payment of fees.

Hon. Mr. Foster said that he understood the bills relating to the Schools Act usually went through as Government measures without payment of fees. He suggested that the bills be given a second reading and a decision made in regard to the matter.

Hon. Mr. Speaker thought that whatever was customary in the past should be followed.

Mr. Baxter said the Schools Act was essentially a matter for a Government bill and could not be amended by a bill introduced by a private member. He thought that the chairman of the standing rules committee should give an opinion as to whether the bills should be referred to that committee.

The bills were read a second time.

Hon. Mr. Foster introduced a bill to amend the Schools Act. He explained that its object was to allow the City of St. John to increase the assessment for school purposes to \$225,000. On the ground of urgency the bill was read a second time.

Hon. Dr. Roberts introduced a bill to enable the Parish of Lancaster to assess for recreation grounds and also to confirm certain measures taken during the influenza epidemic, both of which were read a second time.

Hon. Dr. Roberts introduced a bill relating to grants of public money. He explained that its object was to enable Municipalities, Cities and Towns to grant money towards the Victorian Order of Nurses if they desired to do so. It also confirmed an expenditure made in that way in the Parish of Lancaster.

Hon. Mr. Roberts introduced a bill to amend the Public Health Act of 1918. He said that the change proposed in the Act were not of a very important nature. One had to do with the publication of the regulations in the Royal Gazette, and another concerned the vaccination of employees of lumber camps. The present Act made employers in lumber camps responsible for an outbreak of small-pox within fourteen days, even if they had seen to it that the employees had been vaccinated.

It was proposed to change the feature of the act. On the ground of urgency the bill was read the second time.

Hon. Mr. Foster moved that the fee paid on the bill relating to the estate of the late L. P. Fisher, of Woodstock be refunded.

Mr. Burchill presented the report of the committee on corporations.

Hon. Mr. Robinson moved that the fee paid on the bill to incorporate the Central Trust Co. be refunded.

Hon. Mr. Foster asked the House to take recess to permit hon. members to hear a report from the Secretary of the Commission of Teachers' salaries.

The House then took recess.

Mr. LeBlanc, on the House resuming after recess submitted the report of the committee of municipalities.

The House then went into committee with Mr. LeBlanc (West) in the chair and took up further consideration of supply.

Mr. Smith (Carleton) on the item of \$5,000 for unforeseen expenses, said he felt that all should be ready to extend a cordial welcome to members of the Royal Family, but it should not be allowed to open the door of extravagance and injudicious expenditure as had been the case last year. He would invite attention to a bill of \$384 for the use of house and grounds at Rothesay, and to another of \$255 for repairing the avenue and grounds of Government House. His Royal Highness was at Rothesay only a part of an afternoon and he (Smith) would like to know why it had been necessary to spend \$1,200 on the grounds of the Lieutenant-Governor and his sister-in-law, Mrs. Anna Pugsley. He would like the Hon. Premier to tell who had authorized the expenditure and certified to the bills.

Hon. Mr. Foster said he would reply to the hon. member when he had finished his remarks.

Mr. Smith (Carleton) said the catering at Rothesay had cost \$2,000, but he did not object to that. He did, however, object to the purchase of 276 yards of Brussels carpet. He also notices that caps, gloves, and even socks had been bought for the chauffeurs and he thought that was going too far. He did not wish to be understood as criticizing the expenses incurred in entertaining His Royal Highness, but he did not think the door should have been opened for grat.

He noticed that J. A. Pugsley & Co. had been paid \$300 for auto hire, and there had been other items amounting to \$642. They had been paid \$4,391 for a car and a commission of \$200 for attorneys in disposing of it. It seemed that the Government had lost \$700 on a car which had been purchased in order to convey His Royal Highness to Rothesay. One would almost have thought that the very fact that the Prince of Wales had driven in the car would have enhanced its value, but it had been turned over to the same party at much less than cost. He felt it his duty to raise his voice in protest against such an expenditure. He noticed that J. A. Pugsley & Co. had been paid \$384 for the use of another car. Such a thing seemed to him to be almost beyond the conception of humanity. He would like to know who authorized the expenditure and whether or not the bills were all paid.

Hon. Mr. Foster said he would be pleased to give the information asked for, but regretted that the hon. member had not been present at the meeting of the Public Accounts Committee earlier in the day when the matter had been discussed. When he (the Premier) learned that the Prince of Wales was to land at St. John he was naturally much pleased, but it was not long before difficulties began to present themselves. There was no precedent to follow, but he had naturally turned his attention to the expenses which had been incurred in entertaining the Duke of York on a previous occasion. He noticed that the cost of entertaining the Prince would be kept well below that figure. His request to the Government that he be given charge of the arrangements was granted, and he would tell the hon. member that he was responsible for the expense and had certified to the accounts. He would further say that nothing had been done of which he was ashamed. He did not think it came with good grace from the hon. member to charge that there had been grat in connection with the entertainment of the Prince. The absence of a suitable place in which to entertain the royal visitor was a serious mistake. Colonel Henderson and Sir Joseph Pope visited St. John and conferred with him in regard to the matter. Colonel Henderson had pointed out that as the province was without a Government House, the visit of the Prince would be limited to one day. He (the Premier) had suggested that a public reception be held at St. John in order that as many people as desired to do so, might have an opportunity of greeting the Royal visitor, but his proposal was not entertained. It was finally decided that a reception be held on the grounds of the Lieutenant-Governor at Rothesay. These grounds were the property of His Honor and the province had no right to use them. His Honor, however, was pleased to place them at the disposal of the province, and for that a debt of gratitude was due him. As St. John had been chosen by the Prince as his first landing place in Canada the Duke of Devonshire and Sir Herbert Borden had journeyed there to meet him and it had been necessary to provide entertainment for those distinguished visitors. The Lieutenant-Governor invited the Governor-General to his home and General McLean extended hospitality to Sir Herbert Borden. As it was necessary to provide accommodations for the Governor-General's staff the home of Mrs. Anna Pugsley, which is next door to that of the Lieutenant-Governor, was engaged for the purpose. It was found necessary to make some repairs and improvements and for doing that an expense of \$384, was incurred. It was also found necessary to make improvements to the grounds of the Lieutenant-Governor which were used for the reception. The cost of that work amounted to \$336. Those who lived at Rothesay knew how difficult it was to secure help in that district. The expense incurred might look large, but the money had been economically spent. In regard to the carpet used at the drill hall, it had been purchased from Mr. A. O. Skinner, and after the reception, he had been instructed to sell it. An hon. member for St. John (Potts) had disposed of the carpet, and no doubt had obtained the best price possible.

Mr. Smith (Carleton) Did they use the home of Mrs. Anna Pugsley?

Hon. Mr. Foster—I saw the hon. member for St. John pass that note over to my hon. friend.

Mr. Tilley—You must be a mind reader.

Hon. Mr. Foster said that he had made arrangements for the staff in accordance with orders, and if they did not stop there it was no fault of his.

his Refrainance had been made to the purchase of caps and gloves. He wished to say that so long as he held the position of Premier, distinguished visitors to the province would be entertained in the best possible manner. The caps and gloves had been purchased for the use of the chauffeurs whom he felt should be properly fitted out. In regard to the expenditure on automobiles he could say it was scarcely to be expected that he could go around endeavoring to borrow a car. It was necessary to supply one for the Prince, another for the Duke of Devonshire and another for Sir Herbert Borden and it had been difficult to procure them. A nice one was needed for the use of the Prince, and one was purchased at the cost of \$4,391. Extra tires were purchased for three cars, as they did not wish to take chances on blow-outs.

Mr. Smith (Carleton)—Was that car sold back to J. A. Pugsley and Company?

Mr. Foster said that it was not. The car was sold to a private party for \$4,100, and J. A. Pugsley & Co. had been paid a commission for selling it. It had been difficult to find a market for a car of that kind, and they had done well to dispose of it at something like \$200 less than the cost. Many difficulties had been encountered in arranging for the visit of the Prince, but he felt that the expenditure was justified and there had not been one cent of grat.

Mr. Potts said that as his name had been mentioned he felt he should make a statement. The carpet used at the Prince's reception consisted of two borders, which he had been able to sell at a net price of \$238, and the cost in the first instance had been \$560. As the carpet had been used at a public reception on a very wet day, he thought the Government had done very well out of it.

Mr. Smith (Carleton) said he could agree with the Hon. Premier that the province had lost only \$200 on the automobile transaction. He noticed that the sum of \$380 had been paid for the hire of a car.

Hon. Mr. Veniot—You are not read-

ing it right; it says "auto hire."

Hon. Mr. Foster said that three cars had been hired for the distinguished visitors and others had been used.

Mr. Smith (Carleton) said that the total expense incurred in connection with automobiles was \$6,185. All the Government got back was \$4,100, so there was a discrepancy of \$2,085. He did not think that the Hon. Premier had placed the matter fairly before the committee. Other items should have been added which would have brought the deficit up to \$1,600.

Hon. Mr. Veniot said that there might have been thirty cars.

Mr. Smith (Carleton) said that there had been a deficit of \$1,600, and some of the bills were certified to by Mrs. E. S. Carter, and not by the Hon. Premier.

Hon. Mr. Foster said that while Mr. Carter may have certified to some of the bills, he (Foster) saw them all and certified to many of them. There had been many newspaper and motion picture men on hand to greet the Prince, and it had been necessary to provide cars for them, and properly so. Some expense had been incurred for the use of automobiles, and the information he required from the public accounts. He would add that the total cost in connection with the entertainment of the Prince had been \$1,657.23.

The item passed, and the committee reported progress.

Hon. Mr. Foster moved that Supply be made the order of the day for Friday next.

The House went into committee, with Mr. Burchill in the chair, and took up further consideration of a bill to consolidate the several Acts respecting the protection of persons employed in factories.

Mr. Sutton, speaking to the section providing an age limit of 14 years for boys and 16 years for girls, said that this was going to work hardship. There were numerous families in straitened circumstances, the children of which went to work at an early age

to help support themselves. The sons and daughters of farmers worked at an age younger than those named, and why should a distinction be made between them and the people of towns or cities?

Hon. Mr. Robinson said that such was the wording of the old Act.

Mr. Sutton said he knew that, but that legislation limiting chances to obtain employment was dangerous.

Hon. Mr. Robinson said that it had been considered desirable to make as few changes in the Act as possible. He believed there was a permissive clause which would cover the objection of the hon. member for Carleton.

Mr. Sutton said that such had been the law for some years past, the law had been violated generally. Children did go to work and there evidently was no respect for the Act.

The bill was reported as amended.

The House went into committee, with Mr. Sutton in the chair, and agreed to several Sackville bills, to authorize the town of Edmundston to borrow \$25,000 for streets and sidewalks, and a bill relating to the In-dian town and Lancaster ferry. The bills were agreed to.

Mr. Magee, seconded by Mr. LeBlanc, moved that the special committee on the bill for the incorporation of villages be permitted to meet during the sittings of the House.

Hon. Mr. Foster moved the suspension of Rule 78 to permit the introduction of a bill to incorporate the Union Church of Madam, York County.

The House adjourned at 9:44 p. m.

Why Women are Thronging to See the Charming New Designs in Metal Beds—by Simmons Limited

NO woman needs to hear the advantages of the metal bed over wooden beds explained to her—nor does she need to be told how badly the old-style metal beds look in the room.

The bare announcement a short time ago that Simmons Limited had at last achieved truly good design in metal beds was enough to throng the prominent stores where these beautiful beds are being shown.

It will interest you to know that this achievement of Simmons Limited involves also the invention of the first truly seamless tubing ever produced for metal beds.

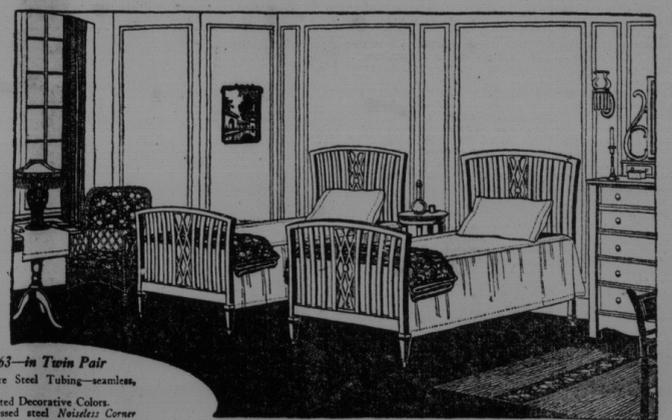

This Seamless Steel Tubing—exclusive Simmons idea and property is square and trim; free from seam, split, pit or rough spot. It works kindly into shape—finishes smooth and takes the enamel in one even, unbroken coat all over, free from pinhole, check or chip.

All these new Simmons designs are made with the Simmons Seamless Steel Tubing.

Illustrated below is a Twin Pair of the "TUDOR," a design that goes beautifully either with strictly Period furniture or the pleasant livable atmosphere of the typical "homey" bedroom.

You will find these fine new Simmons designs in Beds Built for Sleep in the leading stores.

Your choice of many different patterns—and of Twin Pairs and Double Width in each pair.

The "TUDOR" No. 1963—in Twin Pair Made of Simmons' new Square Steel Tubing—seamless, smooth and beautifully finished. Exquisitely enameled in the accepted Decorative Colors. Has the Simmons patented pressed steel Noisette Corner beds. Easy rolling casters. Your choice of Twin Pairs and Double Width. Especially pleasing in Twin Pair.

Sleep is a big subject! Write us for the booklet, "What Leading Medical Journals and Health Magazines Say About Separate Beds and Sound Sleep." Free of charge.

SENATORS FOWLER AND BAUBIEN PASS COMPLIMENTS

Warm Debate on Achievements of Great Britain and France in the War.

FORMER PAYS TRIBUTE TO BRITISH PREMIER

Clash Occurred While Senate Discussed Bill Dealing With Sale of German Goods.

Ottawa, Ont., April 22.—(By Canadian Press.)—Sharp cross-talking between Senators Baubien (Montreal) and Fowler (Sussex, N. B.), on the war achievements of Great Britain and France, respectively, and a glowing tribute to the statesmanship of Lloyd George from the latter member of the Upper Chamber, featured this afternoon's session of the Senate.

Discussing a bill introduced by Senator Lynch-Staunton, which seeks to compel persons selling German-made goods to exhibit a sign to that effect outside their place of business, Senator Baubien agreed with many other members that those responsible for the great world war should be punished and made to feel the consequences of their guilt, which at present they were not doing.

"Do I understand the hon. gentleman to charge Britain with lack of sympathy for France?" queried Senator Fowler.

Senator Baubien replied that he was disappointed that when France protested against Germany sending troops into the Ruhr district, Lloyd George had failed to say, "We are by your side."

"It is to be regretted that there is a certain type of mind in this chamber which cannot make a speech without showing dislike for Great Britain," said Senator Fowler with vehemence. "France had done nobly in the war, but when any one declared that she had done more than England, he (the speaker) must hurl such a falsehood back in their teeth. England had not only been bled white herself, but had it not been for the English borrowings in the United States on French account the pound sterling would be at par today. The gentleman who had just spoken never missed an opportunity to get a stab at England."

Senator Baubien interrupted to say that he had not sneered at England, but had criticized Lloyd George for the position referred to above.

"Lloyd George is the greatest living statesman today," replied Senator Fowler, his voice ringing through the chamber. "If he had not stepped in at the crucial moment there was no telling what would have happened. The change for the better in the Allied war fortunes was noticeable the very minute that he took over the reins of power. Senator Fowler declared: "and he was accomplishing as great work now that peace has come as he did during the most critical period of the war."

"It was to Lloyd George more than any other man that credit was due for winning the war and yet such many persons as the member for Montreal sought to criticize him. The mind of the member for Montreal was not worth bothering about."

Other senators opposed the bill on the ground that the moment the war was over British merchants began to reach out for German trade and that the best barrier against German goods would be the tariff barrier.

The penalties proposed are six months imprisonment or \$500 fine, or both. The law is not to apply to goods in stock at the time of the passage of the act.

Senator McSwiney asked how the bill would be enforced. He saw difficulties. England, France and the United States, as well as other nations were sending goods to Germany and receiving German goods in return. In spite of Senator Lynch-Staunton's high-sounding talk of Charlemagne and Hannibal, he believed that the bill would be found impossible of operation. How were merchants to distinguish German goods that might come to them through England?

Senator Dandurand did not see how any country would be able strictly to apply the proposed bill. Nations were already trading with Germany. Britain had ships there to bring away a large quantity of dyes, and British, American and Canadian makers were eager to get a stock of these dyes.

Senator Domville favored the purpose of the bill but believed that there would be difficulty in its application. Those responsible for the war should be punished.

Senator Thomas of New Brunswick, desisted to explain briefly why he was not in favor of the bill. There was now a sentiment against the use of German goods, but that sentiment would not be permitted and would die out in a few years. If shops advertised the sale of German goods the people would go to those shops if the quality was good and the price of the goods lower. He held that the best barrier against German goods would be a tariff barrier.

The bill was given second reading.

FRED WETLEAF DEAD.

Davenport, Ia., April 21.—Fred Wetleaf, a trap shooter of national reputation, died at his home at Nichols, Ia., today, following an operation.

DODD'S KIDNEY PILLS advertisement with logo and text: "DODD'S KIDNEY PILLS... 23 THE..."

DIVORCE LAWS BILL BEFORE THE SENATE

Ottawa, April 22.—(Canadian Press)—The bill which seeks to create uniform laws of divorce throughout the various provinces was moved on second reading by Senator Ross (Cape Breton) in the Upper Chamber today.

The bill is designed to make men and women equally entitled to annulment of the marriage tie, and to provide the wife with an equitable division of the matrimonial property in such cases as the recent one in Nova Scotia, where the court had refused a woman that divorce because her husband had established his domicile in Ontario.

The bill provides that decrees should be nisi and should not be made absolute for three months, during which time the Attorney General of the province could move against a decree being made absolute for collusion or connivance. It also provides that there shall be no publication of a report of the proceedings until the final determination of the suit, unless the judge, orders otherwise, and no report shall be published after final determination without approval of the court.

Violation is punishable by a fine of \$1,000 or three months in jail. It is proposed to exempt Quebec from the bill.

Senator Ross invited fullest discussion on the measure.

Senator Chapais was strongly against the bill. He believed that if divorce courts were abolished, husbands and wives would in many cases settle their differences.

Senator Fowler contended that while divorce proceedings were most regrettable, yet it seems an unnecessary to keep together two people who had already broken all the obligations of wedded life.

The debate was adjourned.

Women Made Young

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by regularly taking

GOLD MEDAL FRANKLIN OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the enemies of life and looks. In use since 1865. At all druggists, 50c. a box. Look for the name Gold Medal on every box and accept no imitation.

MANITOBA SHERIFF HAS TO PAY FINE

Winnipeg, Man., April 20.—John Prynler, deputy sheriff of the province, was found guilty in the police court today of assault, occasioning bodily harm to Nelson Keller. He was fined \$30 and costs. The assault occurred March 27, when the strike leaders were sentenced. Prynler in clearing the hall of the court house, struck the complainant on the head with his billy. Evidence showed that a man had called Prynler a foul name. He struck at the man, but Keller came in between and received the blow.

In passing sentence, Magistrate Sir Hugh John Macdonald, said Sheriff Prynler had a perfect right to use his billy on the crowd if they were defying order. But according to his own evidence, however he used the billy to resent a private wrong.

CARBON MAKES MOTOR KNOCK

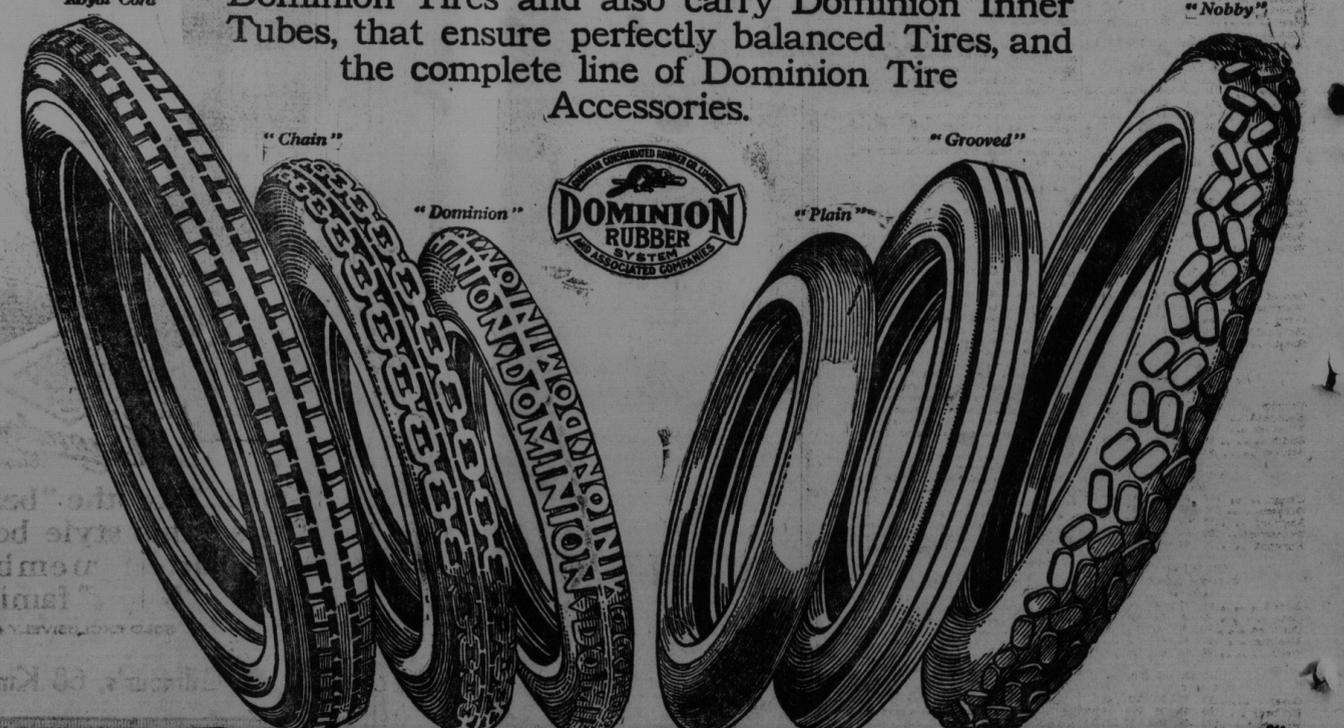

Waste-Clogged Liver and Bowels Cause Thumping Head and Other Misery. Take "Cascarets"

Like carbon clogs and chokes a motor, so the excess bile in liver, and the constipated waste in the bowels, produce drowsy brains, headache, sour, acid stomach, indigestion, sallow skin, sleepless nights, and bad colds. Let gentle harmless "Cascarets" rid the system of the toxins, acids, gases, and poisons which are keeping you upset. Take Cascarets and enjoy the nicest, gentlest laxative-constipate you ever experienced. "Cascarets" never gripe, sicken, or cause inconvenience. They work while you sleep. They cost so little too.

Which of the Six will suit you best? They are all DOMINION TIRES

There are Dominion Tires for every car, for every road, for every purpose. Made by Canadian experts in a great modern Canadian factory, to suit every need of the Canadian motorist, the business man and the lady who drives her own car. No matter which Dominion Tire best suits your need, you get the certainty of satisfactory service under all conditions of road and weather.

The best dealers throughout Canada sell Dominion Tires and also carry Dominion Inner Tubes, that ensure perfectly balanced Tires, and the complete line of Dominion Tire Accessories.

THE MARITIME PR EASTERN MAIN

The Maritime Provinces and Maine Bowling championship tournament opened on Black's Alley yesterday morning and continued until nearly twelve o'clock last night. Six teams were seen in action: Calais, Me., Fredericton, Amherst, Y. M. C. I., Black's, Y. M. C. A. Nine games were rolled and the large number of fans that lined the alleys were treated to some clever rolling by players on all teams. At the close of the day's play the Y. M. C. I. team was leading in points. Fredericton was in second place, Y. M. C. A. was third. Calais and Black's were tie, and Amherst brought up last.

The games will be resumed this morning and will finish in the early evening.

The following is the individual score made in the games rolled yesterday:

Table with columns for player names and scores. Includes names like Paynter, Kierstead, Wheaton, Smith, Staples, Covey, Cleary, McDonald, McCurdy, Riley.

SECOND GAME

Table with columns for player names and scores. Includes names like Casey, Gillispie, Sherrard, Norwood, Rutherford.

THIRD GAME

Table with columns for player names and scores. Includes names like Foshay, Bent, Copp, Appleby, Jenkins.

FOURTH GAME

Table with columns for player names and scores. Includes names like McIlveen, Maxwell, Morgan, Sullivan, Wilson.

FIFTH GAME

Table with columns for player names and scores. Includes names like Foshay, Hibbert, Copp, Appleby, Jenkins.

SIXTH GAME

Table with columns for player names and scores. Includes names like McIlveen, Maxwell, Morgan, Sullivan, Wilson.

SEVENTH GAME

Table with columns for player names and scores. Includes names like Paynter, Kierstead, Wheaton, Smith, Staples.

EIGHTH GAME

Table with columns for player names and scores. Includes names like Casey, Gillispie, Sherrard, Norwood.

NINTH GAME

Foes of Boxing Law May Lose At Polls

Judging from information that reached New York recently from Albany the Army, Navy and Civilian Board of Control (I) engaged in a vigorous campaign in the direction of getting action by the Legislature in regard to boxing legislation. The Board of Control from the State of New York to the effect that Gov. Smith in two days has received 648 telegrams from many of the most prominent citizens of Greater New York urging him to make an effort to have the Walker Boxing bill reported from the Rules Committee of the Assembly in order that it may be acted upon by the lower house. The telegrams in question were sent by professional and business men of the highest standing, showing that there is a widespread desire for the placing of boxing on the high plane of honesty that would be assured by the enactment of the Walker bill.

Strongest Teams In American League

Cleveland and New York appear strongest in American League—Some Real Dope on Situation.

National League In Spring Series

As the baseball championship season opens and the result of the inter-league games which came to close on Monday are completed it is interesting to note that for the first time in over a dozen years the National League had the better of the American League. This was a natural aftermath of the Reds' victory over the White Sox. At the same time the Reds made a disappointing showing this spring. They played 17 games and won six of them, losing eight out of thirteen to Washington and three out of four to the Yankees. There were eighty-two inter-league games and the National League took forty-two of them—a very close decision, but a decision just the same.

SPECIAL CARS TO BOAT RACE

New Haven, Conn., April 21.—An observation train will be run for the Yale-Columbia boat race on the Housatonic River at Derby, April 24.—As the ball game with Pennsylvania will be played at Yale field this afternoon, special trolley cars will accommodate those who wish to go to the regatta, which starts at 4.45. The plans are similar to those of last spring, which worked well.

H. S. MORGAN CREW CAPTAIN

Cambridge, Mass., April 21.—Henry S. Morgan, son of John Pierpont Morgan of New York, was elected sailing captain of the Harvard freshmen crew. Morgan rows at No. 5, and also held the crew captaincy last year at Groton school.

Why Lemons in Tea?

The Russian practice of adding sliced lemon to tea is based on sound, scientific reasoning, as the fruit juice prevents any harmful effects from the tea. Thus the citric acid of the lemon offsets the tannin of the tea, rendering the beverage refreshing and wholesome.

Oxford-Cambridge Track Team Ready

Jackson, the Standard Sport Editor, Will Report International Track Events at Philadelphia for This Paper—Is With British Team.

(By Jackson, European Sport Editor of the Standard. Copyright by Cross-Atlantic Newspaper Service, Inc.) Philadelphia, April 20.—Though crippled by his injury, Wilfrid Tatham, who sprained his ankle at sea en route to the United States, of the Oxford-Cambridge relay team, with the consent of the Pennsylvania authorities, has entered in both the two-mile and four-mile events.

NEW MIDDLEWEIGHT CHAMPION CROWNED

Tom Gummer of Rotherham Stopped Jim Sullivan, Former Title Holder, in National Sporting Club, London.

Wilde Outclassed Battling Murray

Camden, N. J., April 21.—Jimmy Wilde, British flyweight champion, so far outclassed Battling Murray of Philadelphia in their eight round bout here tonight that Commissioner John Smith of the New Jersey Boxing Commission, stopped the contest in the last round.

RACE TRACK MEN INTERVIEW GOV'T Of Ontario, Regarding the Imposition of \$10,000 Per Day Tax.

Toronto, April 21.—The Ontario Provincial Government was today urged by an influential and representative body of race track men to defer the imposition of the proposed \$10,000 per day provincial tax on race tracks until the Federal Government's decision with regard to the tax on pari-mutual machines would be determined.

Wilde Outclassed Battling Murray

Camden, N. J., April 21.—Jimmy Wilde, British flyweight champion, so far outclassed Battling Murray of Philadelphia in their eight round bout here tonight that Commissioner John Smith of the New Jersey Boxing Commission, stopped the contest in the last round.

YALE KICKERS PREPARING

New Haven, Conn., April 21.—A system of drill outlined by T. A. D. Jones, the football coach, will be followed by Yale's varsity football candidates for Yale's varsity football squad this spring. The men will report for outdoor practice tomorrow, to be handled by Dr. Bull and Capt. Callahan. Emphasis is to be placed on forward passing, kicking, interference and defensive team play. Coach Jones will not be here, but a dozen former players and coaches are going to assist in development of the squad.

Money's the root of all evil.

If that is true I'm glad. For surely I'll go to heaven with the small amount I've had. (The Jester.)

EDITORIAL POLICIES.

Quite a commotion has been raised in some parts of Western Canada as a result of some advertisers refusing to continue to patronize certain newspapers, which have embarked upon an editorial policy that these advertisers consider is opposed to their interests. The complaint naturally comes from the newspapers who will be the sufferers; though some of them are taking the matter very philosophically, and while regretting the loss of the advertising, are very insistent that their editorial opinions are their own concern, and with which their advertisers have nothing whatever to do. This is a sound and proper view to take. The editorial policy of a newspaper is controlled solely by the owners of it, who, in shaping it, naturally take into consideration the views and opinions of their readers and subscribers. There are two sides—and in some cases more than two—to every question, and a newspaper to be consistent can only hold one at a time. Circumstances may, and do, arise from time to time which may cause a newspaper which has at one period taken certain views, to alter its opinions, and as long as good and sufficient reasons can be offered for this course, no undue criticism should be advanced. In dealing with any matter—we refer now more particularly of course to public affairs—different people will hold different opinions as to the proper view a newspaper should take; what one man thinks is the right view, another will say is a very wrong one. But every man is entitled to his own opinion, altogether irrespective of what his neighbor may think or say on the subject. This surely will be—or ought to be—conceded by every reasonable or thinking man. A view that suits one man will not suit another, but each is equally entitled to think for himself, and one has no right to brand the other as narrow-minded or bigoted because the latter happens to take a different view of any particular matter from what he himself holds. It is only when one refuses to allow the other the right to a different opinion than that which he himself holds, that the former can be called narrow-minded or bigoted.

As with individuals, so it is with newspapers. A newspaper advances such opinions as in the judgment of its editor are the correct ones, and will meet with the approval of the majority of the newspaper's readers. He may realize that in advancing certain views he will not meet with the approval of all his readers, or even of a considerable number of them; but, on the other hand, he knows very well that he cannot please them all, because there are bound to be many whom he knows will think differently. He realizes, also, that all reasonable men will feel, and admit, that, while they do not agree with the view he takes, there are many who will, and a newspaper, if it is to be a newspaper and not merely a hack, cannot cater to only one class of thought.

Coming back to where we started, it is just as foolish for a newspaper to feel aggrieved because it loses some of its advertising patronage as a result of expressing certain views editorially as it is for an advertiser to "kick" because those particular views do not suit his own. When an advertiser buys space in a newspaper, he simply buys a share of the publicity that the newspaper can afford him. He has no right to anything else, and should not expect anything else. He is not buying the right to dictate its editorial policy, because no self-respecting newspaper has that for sale; neither is he buying the right to demand that it be changed because he does not agree with it.

THE ONTARIO LEGISLATURE AND THE REFERENDUM.

Montreal Gazette: The question of asking for a liquor referendum has been put before the Ontario Legislature under conditions that are extraordinary. One of the first of the Drury Government's declarations was a word of encouragement for the prohibitionists of the province, practically a prohibition of faith in the principle of prohibition. Since then, the attitude of the Government has been one, not perhaps of coolness, but of caution. The prohibitionists themselves were openly divided as to the desirability of invoking the new Dominion law which extends the provisions of the Canada Temperance Act to a whole province, provided the Legislature asks for a referendum and the result of the referendum is favorable to the dry side. After much discussion, a good deal of which was carried on in newspaper columns, the opposing prohibition camps finally got together and decided that they would like to have a referendum. The Provincial Government, however, does not appear to have got together to the same extent. The labor wing of the coalition favors the sale, or, at any rate, the consumption, of beer and wine, and has said so in quite unmistakable terms. The lack of unanimity among the prohibitionists, so long as it lasted, was a good enough excuse for ministerial inactivity, but, when the breach was healed, the situation, from the Government standpoint, altered for the worse.

It is estimated that the war cost \$200,000,000,000, and that 8,000,000 men were killed in it. Thus it would appear that an expenditure of \$25,000 was made for each soldier killed. Even with all diabolical modern inventions it costs more now to kill a man than ever before.

When a Sinn Feiner assassinate a policeman the act is justified on the ground that Ireland is an independent country at war with England. When a policeman kills a Sinn Feiner the act is denounced as a cold-blooded murder.

WHAT OTHERS SAY

Work Or Be Shot!

(San Francisco Chronicle.) Credits must be given Trotsky as an organizer. He is now applying to industry the same stern methods by which he whipped his armies into shape. With the aid of a new executive department of the Soviet, the Chief Committee for General Compulsory Labor, he is conscripting the male population, organizing it on military lines into a labor army, and actually making the lazy Russians work at high speed for twelve hours a day. The discipline is said to be precisely the same as in his army, and actually the firing squad is the magnet of his labor engine. What a joke it is on the proletariat, that thought it was going to work how, when and as little as it pleased.

A Handicap to the Country.

(Christian Science Monitor.) In Canada, as across the border in the United States, immigrants of the same nationality, especially those from eastern Europe, have a way of forming themselves into villages and communities, doing so for the express purpose of maintaining those traditions and manners of living to which they have been accustomed. Their ideal is, as nearly as possible, a Slovak village, and this very ideal is, in its way, an effective barrier to real progress. Of course much may be done, and is being done, through the schools, but at best, it is a slow process, and it is becoming increasingly evident that the place to check the undesirable immigrant is at the place of entry. If the restrictions have not been so widely circulated as to prevent the undesirable from leaving his own shores.

America Stands Out.

(London Morning Post.) President Wilson's attempts to force the enforcement of Peace Treaty down the throat of the Senators have again been unsuccessful. The treaty has not even been accepted with such reservations as would have made it impossible; it has, indeed, in its amended form, obtained a majority; but the majority is short of the two-thirds necessary to ratification, and so it might as well have been defeated. And to the reservations, they include which could not possibly be accepted by the British Government, a reservation, that is to say, expressing sympathy with Sinn Fein. As to this particular reservation there might be something to say. President Lincoln, if we remember aright, had some cause to complain to British expressions of sympathy with the South in the American Civil War. And here we have a case which is pretty much on all fours, for the British Government stands if not for the Union at least for the common sovereignty of the United Kingdom. The unity of these islands under one supreme Government is as important to the British people as the unity of the United States was, and is, to the American people.

THE LAUGH LINE

Many men argue with terrific frenzy over the religion they haven't got.

What He Swept.

Master—Haven't you swept the shop out yet, John?
Boy—Then what on earth have you been doing?
Boy—Sweeping the dust out, sir!—*Feunson's Weekly.*

THE PLAGUE OF PIMPLES

Body Covered With Them.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble they are very unsightly. What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters. This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system, and will leave a clear, healthy skin.

Mr. Emerson G. Goodwin, Cambridge, N. B., writes: "I for nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me and there is no sign of them returning. I can now recommend B. B. B. to any one who is troubled with skin disease." Manufactured only by The T. M. Burns Co., Limited, Toronto, Ont.

A BIT OF VERSE

YPRES.

(A. Glyn Prys Jones in London Daily Chronicle.)
"Soldier, soldier over the sea
Pray can you sing a song to me?
For the hot tears blind and I cannot see,
The graves lie thick and the blood flows free,
And the crosses stab the heart o' me—
I call—your mother—England!"

The men who sleep at Ypres.

Were not afraid to die,
Those hero-men whose strength was true,
Though smitten hip and thigh,
They paid the worth of their English blith.
And the gleam of their island sky,
And they sleep a sleep that is sweet and deep,
With the guns for their lullaby.
"The men who fell at Ypres,
Fought their grim fight alone;
They stood the sluds of a bitter glade
That ye might see the sun,
That glorious sun that set for them
Ere their nostrils had begun;
But they buried the flame of thy sacred name
Through the twilight of the Hun.

The men who die for England.

Are like a pillar of fire,
From East to West to thy behoof
They came—but not for hire;
Their names shall ring where thy banners swing,
Though their bodies choke the mire,
And each is a gem in thy diadem,
In the land of their long desire.
"Mother, mother over the sea,
This is the song I bring to thee
Though the graves be thick and the blood flows free,
The crosses are for the love o' thee—
Their gift to thy children—liberty,
Mother, my mother—England!"

Police Court Cases Yesterday

Robert Bree, Charged With Stealing a Bicycle—By-Law Case Heard—Further Evidence in An Assault Case.

Robert Bree was before the police court yesterday afternoon charged with stealing a bicycle the property of Robert Kilpatrick.

Mr. Kilpatrick stated that he had chased a colored man from his premises, 176 Princess street, on Monday night and in the morning he found his bicycle missing.

David Kilpatrick the next witness stated that about two o'clock in the afternoon he saw two colored men taking a bicycle into the Water Works garage on Leinster street, one of them was the accused. He identified the bicycle produced in court as one which he had formerly owned and had sold to the complainant, the latter also identified the wheel as his property.

Dr. Brinkley stated that he had visited the Water Works garage a little after two o'clock in the afternoon. He there met the defendant with a bicycle and asked if he owned it. The defendant replied that he did and that he had swapped with another fellow who he did not know, on St. David's street the night before. The detective then took the wheel and the defendant to the station. The accused pleaded not guilty to the charge preferred and was remanded. He will be sent up for trial.

A charge of delving on the wrong side of the street, using abusive language, and threatening to strike the complainant, Walter Knowles, was laid against Herman Stearns who drove a motor truck for the Lancaster Dairy. The complainant gave evidence and the accused acknowledged that he was on the wrong side of the street. After paying his fine he was allowed to go.

Cornelius Donovan, caretaker of the L. R. Ross summer residence on the Sandy Point Road, gave evidence in the morning against Charles Ritchie, Albert Connell and Thomas Connell, charged with breaking and entering and doing damage to the house of L. R. Ross, by stealing a horse, harness and wagon, the property of Cornelius Donovan, also with assaulting the caretaker and with resisting arrest.

Mr. Donovan stated that he was in his barn on Sunday night at eight o'clock. On hearing a noise outside he went to see what it was and met a man with two suit cases who was followed by three others. He inquired their business and was attacked by Albert Connell who threatened to strike him on the head with a bottle and was prevented from doing so by his brother, however, he did call names and used threatening language.

The witness went to his home to get a gun but found that the instrument was out of order. After he found the wires had been cut some distance from his home. He then went to the house of a neighbor, Mrs. O'Leary, and had a message sent to Mrs. James Peacock who forwarded it to the police. When witness returned to his home he went to see what it was to find his horse and wagon gone. He identified these on the street outside the police court yesterday morning.

The case was postponed for further hearing and the accused were remanded to jail.

SOME ROOSTER
(Chatham Commercial)
A beautiful Plymouth Rock rooster has just been imported from Ontario by Geo. E. Fisher, to head his pen of Plymouth Rocks. This is a fine bird and has a 286 egg record.

Margaret S. E. Luce, of Bloomfield, Kings Co., N. B., graduate of St. John's Hospital, has gone to Halifax to take the post-graduate course in Public Health Nursing through the Victoria Order of Nurses with affiliation with Dalhousie College.

WEDDINGS.
Keith-Sippell.
Hartland, N. B., April 16.—The marriage occurred on Wednesday at 1.30 at the home of H. A. Sippell, of Elias St. Sippell and Kenneth W. Keith, two popular young people. The ceremony was performed by Rev. E. A. Trites in the presence of about twenty-five invited guests. The bride was given in marriage by her uncle, H. A. Sippell, and entered the prettily decorated party to the strains of Loehner's wedding march, played by Miss Helen Bayding piano, with violin accompaniment by Miss Grace Frewitt. The bride was charmingly dressed in a suit of blue tulle with white lace and blue ribbon sashes, with hat of blue satin, flower trimmed, and carried a bouquet of carnations. A buffet luncheon was served. The bride had been a valued employee of Hatfield & Scott's office and was presented by Mr. Hatfield and office staff with a beautiful chest of silver of 107 pieces. Another valuable gift was a lovely new home on Keswick street, from the groom's father, Mayor W. D. Keith, and from Mrs. Keith a Victory Bond for \$1,000. Mr. and Mrs. Keith left on the afternoon express for Halifax and Boston.

Hunt-Fraser.
An interesting wedding took place yesterday afternoon at the residence of Donald Hunt, Mecklenburg street, when Miss Jeanne Drummond Fraser of Aberdeen, Scotland, and H. Everett Hunt, were united in marriage by Rev. S. S. Poole. Miss Dorothy Hunt acted as bridesmaid and H. H. Hamilton supported the groom. The happy couple left on the Boston train for Boston and New York. On their return they will reside at 106 Mecklenburg street.

Hapsenny-Lynch.
Miss Genevieve, daughter of Mr. and Mrs. David Lynch, City Line, West Side, yesterday morning became the bride of Peter Hapsenny, of the North End, the ceremony being performed in the Church of the Assumption, at Leinster with Nuptial Mass, by the pastor, Rev. J. J. Ryan. The bride was given away by Miss Bertha Feeney. Neville Lynch, brother of the bride, supported the groom. Following the wedding ceremony, breakfast was served at the home of the bride's parents. Mr. and Mrs. Hapsenny will reside on the West Side.

GOAT GLANDS CURE NERVOUS DISEASES

Will Also Prolong Life Says Dr. John R. Brinkley.

Transfer of the interstitial glands of goats to replace corresponding glands in the human body has been proved to be an operation which is capable of curing insanity, paresis, locomotor ataxia and kindred mental and nervous prostrations, according to Dr. John R. Brinkley, chief surgeon of the Brinkley-Jones Hospital, at Milford, Kan. Since December 1, 1917, fifty-four transplantations have been effected with entire success, the glands from living goats having been grafted onto the tissue of both men and women, the doctor told reporters recently at the McAlpine Hotel. He said he had come to New York to report the cases to medical societies here.

Dr. Brinkley says that the secret of his success lies in the fact that he uses only Toggenburg registered Swiss milk goats, which are the only animals whose glands are under-celled, as in the human system. The first operations were designed to correct moral deficiencies, the surgeon said, but the dominating influence of the interstitial glands so powerfully affected the entire nervous system that it was found nervous diseases could be cured by the same operation.

The advantage of goat glands over monkey glands is that goats are subject to relatively few of the diseases with which humans are afflicted, while monkeys are so susceptible that they even "catch influenza" and frequently are infested with human disease germs, Dr. Brinkley said. He denied that the glands would restore youth to the extent that Voronoff, the French surgeon, recently claimed, but said that the general improvement in health due to the glands should cause longer life.

If the public diagnosis that President Wilson is suffering from hyper trophy of the prostate gland is correct, a goat gland would restore him from 24 to 36 hours, Dr. Brinkley asserted.

Arrived Yesterday.

PROTESTS AGAINST INDIVIDUAL MONUMENTS
Sir George Perley Contends That Equality of Treatment of War Graves Best.

London, April 20.—(Canadian Associated Press.)—Sir George Perley has addressed a letter to the Secretary for War, who is also chairman of the War Graves Commission, saying that he notices a motion is to be discussed in the British House of Commons advocating that relatives of fallen soldiers should be allowed to erect monuments of their choosing over the graves of their fallen. Sir George says that this motion seems to strike directly at the

root principle of equality of treatment of the war graves which was accepted by the Imperial conference of 1918 and which was specially supported by Premier Hughes and Borden.

"I have just visited France," he continues, "and I have been much impressed by the work done. I saw in particular three experimental models at Lezayport, Lezaycourt and Poreville, which are practically completed. I think there are some minor ways in which improvement might be made when laying out other cemeteries, but these models appealed to me as dignified and worthy of the memory of those who have fallen. I only hope anyone disposed to criticize will see for themselves the work at these experimental cemeteries elsewhere."

To Visit the Camels.
"Fussfoot" Johnson has come to the Sahara Desert for rest and recuperation. Nothing short of the driest spot on earth will suit that man.

It is When the Nerves Are Tired That You Cannot Sleep

It isn't the body that craves rest, but the mind. When you are bodily tired you can usually fall to sleep at the first opportunity. But when the nerves are irritated by anxiety and worry rest and sleep seem to be impossible. The mind seems to be most alert, and you are thinking, thinking, thinking—first of one thing and then of another—often matters of little or no importance. But you simply cannot sleep.

Sleeplessness is the most common and often the first indication of a breaking down of the nervous system. The object of sleep is to allow the body to rebuild tissue and the nerves to recover tone. Sleep is the ideal condition for this process. If you cannot sleep you worry, and worry breaks down nerve cells at a tremendous rate, so that instead of laying up nerve force for the demands of the day you are using up the reserve.

The nerve centres are sometimes likened to storage batteries. If you continue to consume the nervous energy in reserve, without paying back, these centres become sooner or later depleted, and you find yourself a nervous wreck. After a sleepless night you get up feeling tired and lacking in mental energy. Your day's work seems more than you can face, and you become down-hearted and discouraged. The future is not bright, for you must realize that the natural rest is exhausted, nerves, paralysis, locomotor ataxia or some form of helplessness. In Dr. Chase's Nerve Food is found the most natural and the most rational treatment for the nerves imaginable, because this food cure contains the vital substances which go to the building up of the blood and the depleted nerve cells. Dr. Chase's Nerve Food does not induce sleep, but it does restore the nervous system, and after you have been using it for a few days you will begin to find yourself resting and sleeping naturally. Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

HAD SUFFERED TWELVE YEARS

"It is Wonderful How Tanlac Has Helped Me," Says McLeod.

"It is really wonderful the way Tanlac has helped me, and I just feel that ought to tell others about it," said Mrs. Dan McLeod of Victoria Road, Sydney, Nova Scotia, when in at Turnbull's drug store recently.

"For at least twelve years I have had indigestion, and no one will ever know how much I suffered. Forever after eating I would have a burning sensation, would blotch my face, and have such severe pains in the pit of the stomach that I would have to go and lie down to get relief. I had practically no appetite at all, and was afraid to eat anything like heavy food. My strength all left me and I got so weak towards the end that I made a big effort to do anything at all. I had the most frightful headaches that would last for days at a time and drive me almost frantic with pain, and I got so nervous and irritable that the least little thing would upset me. I couldn't sleep at night but would toss about for hours after going to bed, and in the morning would get up feeling thoroughly tired and worn-out. I don't know how many kinds of medicine I tried in my efforts to get better, but none of them seemed to do me any good, and I was just about giving up all hope, when Tanlac came along."

"It was a long while before my friends could persuade me to try it, but I'm glad I gave in at last, because Tanlac has made a new woman of me. I am now starting my fourth bottle and I can't remember when I felt so well. My appetite is just splendid and my stomach is in such good order that I can eat just anything without having the least trouble afterwards. I never have that burning sensation, pains or gas, and headaches are things of the past. I sleep well at night and my nerves are as steady as a clock. I am feeling better in every way than I have for many years. Tanlac is so different from any other medicine I ever tried and I cannot praise it too highly."

Tanlac is sold in St. John by Ross Drug Company, and F. W. Munro, under the personal direction of a special Tanlac representative—Adrt.

Bugs, Fleas, Flies, Roaches, Mosquitoes, Moths, Ants, Beetles—ALL KILLED by KEATING'S POWDER. Sold in CARTONS only at all dealers.

SOCIETY WEDDING IN BERMUDA WED.
Daughter of Gen. Denison Becomes Bride of B. A. Bowman.

Toronto, April 21.—News was received here today of the marriage in the Pembroke Parish Church, Bermuda, of Maud Esther Borden Denison, daughter of Brigadier General Septimus Denison, C. M. G., formerly of Halifax, Toronto, London, Ottawa, and other Canadian military cities, to Benjamin Almon Bowman, son of the late Maynard Bowman. The ceremony was solemnized by His Grace, the Archbishop of Nova Scotia, assisted by the Bishop of Bermuda and the Rev. W. F. Groves, Howard Buck, of Ottawa, was guestman.

STEALING PAY CHECK
Wm. J. Pendleton was arrested last night for being drunk on King Square. He was also charged on suspicion of stealing a pay check, the property of Wm. Brennan, and cashing the same.

Claims Dandruff Will Cause Baldness
If you have dandruff you must get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't. Dandruff heads means faded, brittle, scraggly hair that finally dies—new hair will not grow—then you are hairless and nothing can help you. The sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, safely and without risking a penny get from your druggist some Parisian sage (liquid form). This is guaranteed to banish all dandruff, stop itching scalp, check falling hair, and promote a new growth, or the cost, small as it is, will be refunded.

Parisian sage is a scientific preparation that supplies hair needs—an antiseptic liquid neither sticky or greasy, easy to apply and delicately perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, by all means use Parisian sage. Don't delay—begin tonight—little attention now helps insure abundant hair for years to come.

FOR WOMEN

WHAT CAN BE DONE WITH A SHALLOW CLOSET

Ways to Treat the Narrow Space So That It Will Hold Many More Clothes.

HOOKS AND HANGERS

Attachments Which Come for Hanging on Doors May be Used—Curtains With Tapes and Pins Furnish An Extra Place.

Even the new homes being put up are not providing those huge closets that made such beautiful hiding places in grandma's old house. Very few modern houses or apartments have closets worthy the name. Especially in this time of the average boarding-house closet, doubly a tragedy, for often it is the only place in which the boarder can keep all her belongings.

Where the closet extends into the wall for half a foot or so on each side—and it usually does—there is a simple solution to the clothes problem which can be worked out with picture wire and two nails or hooks. Select preferably eyelet screws and insert one just inside the jamb of the door and the other directly opposite on the closet wall. These should be high enough to let the clothes fall free of the floor, for the hangers are hooked over the wire, which is stretched taut between the two hooks, across the depth of the closet. It is surprising how many frocks and suits can be hung across this wire. At least eight full hangers can be compressed in the narrow width of the closet on each side. This leaves the front hooks free for nightgowns, kimonos, laundry bags, and such things as are used daily. In a closet which is as deep as a small woman's wardrobe is wide, the process may be repeated through the length of the closet by stretching either a wire between two eyelet screws or having a curved-end curtain rod attached to the closet shelf. This will hold all the hangers, any normal person could use, with room to slide them along the wire or rod when a selection of clothes is to be made.

There are attachments which come for hanging on the closet door, short metal arms that extend into the closet and capable of holding half a dozen hangers. Then there is a wooden rack, a series of hangers that fold up flat against the door when it is closed and let down when it is open. These are particularly nice for blouses and sweaters. One can easily be made from a wooden towel rack, using that kind of a rack where the arms fold up, and attaching small brass hooks on the under side of the wooden arms to hold the flat, wooden hangers. Buy these hangers with small rubber cushions on the ends for thin blouses so that they will not slip off when the door is closed.

Still another device that will comfort one who seems to be doomed to the fate of a shallow closet is a device or burly curtain. This can be tacked either on the closet door or on the wall, and on it can be pinned skirts, petticoats, even blouses. Tapes can be sewn to the drape or burly and safety pins permanently attached at the ends of the tape, in this same curtain it may be found convenient to sew a long thin pole for the umbrella and a "hotter" one for the overcoats.

Where a closet is too shallow to hold the ordinary square handbox, there is a practical way to keep one's best hat out of the dust. If there is a shelf, cut the top of the handbox down until it is just a bit less deep than the depth of the closet, and turn it on its side on the closet shelf. Hang the lid of the side that is uppermost, and put the hat in, brim up against the bottom of the box. It can be pinned in place, so that the weight of the hat will not bend the brim, by gluing a small stuffed cushion to the bottom of the handbox. Even where there is no shelf, the box can be hung on the wall and treated exactly the same way.

Shoes have an exasperating way of cluttering the small floor space afforded by the shallow closet. One of the best ways to keep shoes in any closet is to buy a curtain rod with curved ends and attach it to the wall at the bottom of the closet about six inches from the floor. The shoes are thrust into this and hang on it by the heels. It is much better for the shoes than scuffing around on the closet floor, too. Instead of one long rod it might prove more practical to use two shorter ones, thus keeping good shoes and old ones separated, for the secret of managing in small space is a rigid adherence to order.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

LADY ROBERTS' CHAPTER DANCE

Pleasing Function Given by I. O. D. E. Last Evening—Nearly Two Hundred Guests Present—Supper Served—Programme of Dances.

A dance which was thoroughly enjoyed by those attending was held last evening at the Knights of Columbus Hall by the Lady Roberts Chapter, I. O. D. E. The guests, numbering nearly two hundred were received by Miss Helen Wilson, Regent, and Mrs. Alexander Wilson. In the supper room, Mrs. Wilson and Mrs. W. E. Foster presided at the table which was decorated in yellow, daffodils and yellow candles being used. Assisting were Mrs. R. T. Hayes and Mrs. W. I. Fenton. Serving the punch were Miss Mary Armstrong and Miss Kipphoth MacLaren. The dance committee was Miss Phyllis Kealy and Miss Helen Morrison.

Johnston Lodge L.O.B.A. Anniversary

Silver Anniversary Social Held in Orange Hall Last Evening—Attended by Five Ladies' Lodges and Large Number of Guests.

Many congratulations were offered to members of Johnston Lodge, L. O. B. A., who last evening celebrated twenty-five years of successful life as a lodge. The "Silver Anniversary Social" was held in Orange Hall, German street, which was attended by five ladies' lodges and a large number of invited guests, who listened with great interest to a fine programme. Many good wishes were expressed for years of prosperity for the Association.

Musical Fantasy At The Imperial

"Little Red Riding Hood" Delighted Large Audience Last Night—Scenery is Beautiful—Comedy Features Exceptionally Well Handled.

With several of the principals who were seen last season in his "Cinderella" pantomime, F. Stuart-Whyte, the English producer, scored another artistic and musical triumph in his current offering from London, "Little Red Riding Hood" at the Imperial Theatre last night. It is a musical fantasy, rich in scenery, color, costume, and cast in two acts and 11 big pictorial scenes.

KEEP A BUDGET AND SO STRETCH YOUR DOLLARS

Accurate Weekly Accounts of Spending Will Assist Greatly in Reducing Expenses.

New York, April 20.—Is there any way a girl may spread her weekly wage to cover every swelling item more easily? What percentage of her earnings should be a girl spread on different things in order to make a dollar go the furthest? These questions were put to Miss Virginia D. H. Furman, recently elected assistant secretary of the Columbia Trust Company of New York. Miss Furman, at the time of her election, was the first woman to hold an official bank position. She had charge of the special interests of the bank's woman clients, thus embodying in a new and vital idea in bank management by establishing cordial contact between the bank and its women customers.

NOTICE OF LEGISLATION.

Public Notice is hereby given that application will be made at the present session of the Legislative Assembly on behalf of Archibald Fraser of Edmondston, N.B., Manufacturer, Donald Fraser of Plaster Rock, N.B., Manufacturer, William Matheson of Edmondston, N.B., Manufacturer, Andrew W. Breiner of Cabano, Quebec, Manager, and Thomas Matheson of Estcourt, Quebec, Manager, for the purpose of an Act incorporating the applicants and such other persons as may become associated with them, with power to erect, construct, maintain and operate a dam at or near the Tobique Narrows in the Parish of Perth in the County of Victoria, for the purpose of generating, developing, selling, distributing, using and disposing of Hydro-Electric power, and with power to erect, construct, maintain and operate pulp and paper mills and other manufacturing works, and with power to acquire real property at the site of the proposed dam and for the use and other purposes and with all the usual powers incident to a corporation, including the power to issue Bonds, Debentures, Debiture Stock and Share Warrants.

Dated this nineteenth day of March, A. D. 1920.

DOMINION BRIDGE CO. TO MAKE EXTENSIONS

Will Make Large Additions to Plant and Operating Capacity.

Montreal, April 21.—The Dominion Bridge Co. Ltd. makes the announcement that the directors of the company have been in negotiation with several important power companies which must soon make large additions to their hydraulic machinery, in consequence a large company to be known as the Dominion Engineering Works, Ltd., is being incorporated with an authorized capital of \$5,000,000 of 8 per cent cumulative redeemable preferred shares and \$5,000,000 of common shares of which \$4,000,000 of such class are to be issued. The Dominion Engineering and Machinery Ltd. which was incorporated with the Dominion Bridge Co., with a capital of \$2,500,000 will be in possession of the hydraulic machinery receiving in payment therefor a majority of both preferred and common stocks now to be issued of the Dominion Engineering Works Ltd. which will give the Dominion Bridge Co. a stock-controlling interest therein. The balance of the \$4,000,000 proceeds and \$4,000,000 common stock to be issued on such terms as will provide the company with sufficient working capital for its requirements and to cover the installation of such additional plant and machinery as may be necessary to extend operations of the Co. The new company will agree with Williams, Cramp and Sons, Ships and Engine Building Co. for the exclusive use in Canada and the British Empire of its designs for water wheels and other hydraulic machinery.

G. P. Dougan, president of the Dominion Bridge signs a circular letter embodying the above proposition and asks shareholders that the proxy accompanying it shall be signed and returned.

(Canadian Press)
 Montreal, April 21.—Following general strength throughout the whole list in the early trading on the stock market today, there came active liquidation in the afternoon, and some substantial losses were marked up. Sugar was however, strong, finishing the day at its advance of 1 1/2 points at 87 1/2, while Brompton, the actively dealt in stock of the day gained a fraction at 86 1/2, after selling up to 87 1/2. Spanish River showed continued weakness, the common again losing 2 1/2 points at 87 1/2 and the preferred sagged three points at 132. Steel stocks were weak, Dominion losing 3 1/2 points at 67 1/2, while Steel of Canada 3/4 points at 77 1/2. Closing bid on Price Bros. was 32 points down at 268 with no stock offered under 300 and Abitibi dropped 25 points to 300 with 295 bid. Other substantial declines were Canadian Car which lost 7 points at 25; Dominion Cannons, three at 68; Lyall down 7 points at 70 and Shawinigan down 2 at 106.

NEW YORK REPORTS UNEASY TENDENCY

Declines General and Closing Prices Substantially at the Bottom.

(McDougall and Cowans)
 New York, April 21.—Successful waves of selling swept over the market in the afternoon and at times stocks seemed to be thrown over with little regard for price. The decline was of course assisted by a great deal of short selling but there was also some heavy liquidation of long stocks. At times, especially in the last hour, covering movements in individual stocks resulted in sudden recoveries of as much as half a dozen points, rendering the movement of prices decidedly confusing.

But there was no general recovery and the market closed near or at the low level of the day with net declines running from 2 to 30 points or even more. The Rails, in which there has been practically no speculation recently went off with the industrials though of course not so extensively. There was no news to account for the weakness of stocks, such as is usual on such occasions, the news was all in prices. Call money remained comparatively plentiful around 7 per cent. Sales 2,000,300.

E. & C. RANDOLPH.

TORONTO GRAIN QUOTATIONS

Toronto, April 21.—The grain quotations on the Toronto Board of Trade today were as follows:
 Manitoba wheat, No. 1 Northern, 2.80; No. 2, 2.77; No. 3, 2.73 in store.
 Fort Williams, No. 2, 1.05 1/2; No. 3, 1.02 1/2; No. 1 feed, 1.01 1/2; No. 2 feed, 97 1/2; extra No. 1 feed, 1.02 1/2 in store.
 Fort Williams, No. 2, 2.00 according to freights outside.
 Ontario flour, government, Montreal in store at 210.00; Toronto 210.00; Manitoba flour and government standard not quoted.
 Mill feed carloads delivered Montreal, shorts 85.5; bran 81; good feed 87.5 to 90.
 Hay baled, track Toronto, car lots, No. 1, 30.00 to 31.00; No. 2 mixed 28.00 per ton.
 Straw, car lots 16.00 to 17.00.

MONTREAL CLOSING STOCK LETTER

Situation on 'Change Said to be on the Gloomy Side.

(By Private Wire to F. B. McCURDY & CO.)
 Montreal, April 21.—On the street the sentiment is a little gloomy owing in part to break and lack of money in local market. There are reports of calling of a considerable amount of money and there is little doubt that these calls are in large part responsible for the declines of yesterday and today. The pulp and paper issues, as a group, were probably most affected. Spanish River issues fell away rather easily yesterday, the preferred declining to 131. Quite a good recovery took place and sales were made this morning as high as 136, the price later declining 2 points being 134 at the close of the early session. The common stock opened at 87 1/2, ran up to 89, afterwards losing a point. There is every expectation these stocks will sell much higher ere a great while, but if the present tightness in money continues it is possible that they may go lower before they go higher. These remarks apply equally to many stocks. Laurentide was dull and down to 94. Some broken lots later brought 95 to a fraction higher. Fluctuations in Abitibi are perhaps not of immediate interest to the market as a whole, as it is believed that the public disposed of its holdings at considerably lower prices and that the stock is now quite narrowly held. Brompton was better than yesterday's worst. Rights for new stock issue of Brompton are selling at 10 to 14. Dominion Textile came in for quite a little attention, and the price of the stock was firm, being mostly steady. The market for the wearing of overalls by the business community instead of the present apparel may help this.

COTTON REPORT

New York, April 21.—Sympathetic action marked the trading in the cotton market here. There was a break of more than \$5.00 a bale in the cotton market, attributed to prospects of better weather in the Cotton Belt, and the failure of bullish crop advances to stimulate buying.

MINING MARKET

Montreal, April 21.—Trading on the Mining Market continues dull and quiet. The market is holding about steady, as follows:
 Atlas 15, Davidson 6 1/2, Dome Extension 28, Holly 6 1/2, Keora 20, Montclair 10, McIntyre 2.00, Pers. Crown 20, Schumacher 23, Krist 9 1/2, West Dom 8 1/2, Vac. Gas 17, Advance 3 1/2, Beaver 52, Canadian 200, Crown Res. 30, La Rose 45, Min. Corp. 1.90, Nipissing 11.00, Ophir 3 1/2, Pe Lake 18, Tretheway 40.
 London, April 21.—Cincuita 1000 lb 2 1/2; 1000 lb 1000.
 Petroleum, American refined 2 1/2; Spirits, 2s. 3 1/2.
 Turpentine spirits, 20s.
 Rosin, American strained, 68s. Type "G" 64s.
 Tallow, Australian 97c 6d.

MONTREAL CURB SALES

Montreal, April 21.—On the local Curb Market 1500 shares of North American Pulp were traded in at 6 1/2; 50 shares of Tron Power at 14; 60 Black Lake pld, at 22 and 5 New-Abitibi at 65.

LONDON PRICES

London, April 21.—Cincuita 1000 lb 2 1/2; 1000 lb 1000.
 Petroleum, American refined 2 1/2; Spirits, 2s. 3 1/2.
 Turpentine spirits, 20s.
 Rosin, American strained, 68s. Type "G" 64s.
 Tallow, Australian 97c 6d.

Aged Resident of Newcastle Dead

Mrs. John Robinson was in 93rd Year of Her Age—Mother of Rev. W. R. and Charles Robinson, St. John.

Newcastle, N. B., April 21.—There passed away at her residence, Newcastle on Tuesday evening at 11 o'clock, Mrs. John Robinson, junior, relict of the late John Robinson, in the 93rd year of her life. The deceased was well and favorably known for her many acts of charity and sterling Christian character, and numbered among her friends those of all classes of society. Many a poor and unfortunate one will miss her, as she was always ready with a kind word and helping hand. She was the exception of the first few years after her marriage which she spent in St. John during the time of the cholera, the late Mrs. Robinson spent her last days at the Miramichi. She was a daughter of the late William and Isabelle Hall, of Aberdeen, Scotland. They were among the first settlers on the North Shore.

Many and interesting were the incidents of her life, as she was a member of the Great Miramichi fire of 1858. In religion she was a staunch Presbyterian and a life-long member and supporter of St. James' Presbyterian Church of this town. The history of the Miramichi is practically the history of her life, as she has witnessed many changes in the personnel of the community, the way of travel and the methods of doing business.

In her early days the old path and canoe were the chief means of travel, now these are superseded by steam and electricity, telegraph, railroads, electric light, telegraph, automobile, wireless and steamships, are all within her memory, in fact within her lifetime, a new world of affairs has been created.

Mrs. Robinson was predeceased by her husband over eighteen years ago. She was the mother of a large family, the following are living:—Miss Isabella M. and Margaret, at home; John Robinson, Newcastle; Peter, W. R. Robinson, of St. John; Charles Robinson, Secretary of the Returned Soldiers, St. John; Major N. of Bonaventure, and Alexander of the same city. The following children passed away in full manhood and womanhood:—James R. of Monmouth, Mich., U. S. A.; Allan A. of Los Angeles, Calif.; Mrs. Ina Ingham of Newcastle; Besides the children living there are nineteen grand children, and six great grand children, and one sister, Mrs. W. M. Rust of this town. The funeral will be held tomorrow at her late residence on Saturday afternoon at two o'clock.

Tell Your Friends About Nicotol—The Enemy of Tobacco

It improves any man's health to quit tobacco. If he can escape the awful habit, he usually escapes all other ailments without such assistance as Nicotol gives. Did you ever have Smoker's cough? Try Nicotol and see how quickly the cough will disappear. Nicotol is dispensed by most good druggists in this city.

DECREE GRANTED

London, April 21.—Lady George Cholmondeley was today granted a decree for the restoration of conjugal rights in the Divorce Court. She is the daughter of Charles Henry Taylor of Washington, and was divorced by her first husband, John Alexander Stirling, in 1909.

Mrs. Stirling married Lord George Hugo Cholmondeley, second son of the Marquis of Cholmondeley, in March, 1911.

Can't Sleep—Eh!

Well, you're not the only one. Millions of people roll over every night of their lives, powerless to fall into that deep, refreshing and necessary sleep—sleep that gives them health and happiness.

—also prosperity—don't forget that.

You can't prosper if you can't sleep. Things in the world are full of pep and action. That's because they sleep well. Their working hours are full of accomplishment because they have complete rest at night which gives them snap and go.

SLEEP is nature's great restorer—but sleep must be natural—not drug-stored sleep—that is for confirmed invalids—not you. The drug plan is habit forming.

Did you ever hear of a book called "SLEEPING FOR HEALTH"?—Perhaps not for it's new and is just being put before the public. But to prove its worth this book has been put through a stringent test—and it won. From now on its errand of mercy to tired and sleepless humanity will never cease. IT WILL MAKE YOU HAPPY AND WELL—and they who are thoroughly well are impervious to epidemics—even the "flu." It was the tired and laded that influenza carried off in thousands

Aged Resident of Newcastle Dead

Mrs. John Robinson Was in 93rd Year of Her Age - Mother of Rev. W. R. and Charles Robinson, St. John.

Newcastle, N. B., April 21.—There passed away at her residence, Newcastle on Tuesday evening 11 o'clock, Mrs. John Robinson, senior, relict of the late John Robinson in the 93rd year of her life.

Many and interesting were the incidents of the deceased lady's life, related about the Great Miramichi fire of 1828, in relation to which she was a staunch Presbyterian and a life-long member and supporter of St. James' Presbyterian Church of this town.

Mrs. Robinson was predeceased by her husband over twenty years ago, she was the mother of a large family, the following are living:—Miss Isabella M. and Margaret, at home; John Robinson, Newcastle; Her. W. R. Robinson, of St. John; Charles Robinson, Secretary of the Returned Soldiers, St. John; Major N. of Boston, and Alexander of this city.

N. S. STEEL TO THE ELECTORS OF THE CITY OF ST. JOHN. Ladies and Gentlemen: I beg respectfully to state that, having been solicited by numerous friends to be a candidate at the forthcoming election for the office of Mayor of the City, and having decided to comply with the sincere and earnest solicitations so made to me, and now beg to inform the electors that I have been duly nominated for the office of Chief Magistrate of the City, and respectfully solicit your votes and support in the coming civic contest on the 29th inst.

LACKAWANNA New York, April 21.—Lackawanna continued to lead the market. The rumor will set down that Lackawanna will ultimately go into a merger with other steel concerns and buying was said to come from sources closely connected. More is certainly not based on earnings.

COLLAPSE ON THE GRAIN MARKET

Chicago, April 21.—Grain and provisions collapsed suddenly in value today under an avalanche of selling. The strained financial situation as reflected by the Japanese banking flurry and by severe declines in the New York stock market proved too heavy a burden for corn and allied commodities. The close on Chicago here in every grain and provision market was 4 1/2 to 5 1/2 cents lower; oats 16 1/2 to 18 1/2 and July 16 1/2 to 18 1/2. Oats in the north range from 25 cents to \$1.30.

THE INSOLVENCY OF THE TORONTO WORLD

Toronto, Ont., April 21.—Creditors of the Toronto World Newspaper Company met this afternoon, among them being representatives of the Sterling Bank, the Bank of Nova Scotia and the Canadian Bank of Commerce, and also a number of employees. The list of creditors was not read at the meeting. Three inspectors were appointed, Glyn Oler, of the law firm of Blake Lock and Co., and Charles Wright and K. Manton, George L. Clarkson, the assignee, stated that the two first named representing claims of \$200,000 and \$98,000 or a total of \$298,000. He stated that there were half a dozen creditors whose claims were between \$10,000 and \$12,000, and about twenty creditors with claims ranging from \$1,000 to \$10,000.

THE COMING SUMMER GIRL

The summer girl is scheduled, so far as colors go, to be a girl with complexion as clear as the sky, her hair as blue as the sky, her eyes as blue as the sky, her dress as blue as the sky, her stockings as blue as the sky, her shoes as blue as the sky, her undergarments as blue as the sky, her underwear to be woven in blue, pink, lavender and green—as vivid as a tropic bird.

Improving West Side Water System

Intention of Commissioner Jones to Bring up the Matter When New City Council Comes Into Power.

When the new city council comes into power it is the intention of Commissioner Jones to again bring up the matter of improving the West Side water system by laying another pipe line from Spruce Lake. This project has been under consideration for years. Commissioner Jones says complaints about the service on Lancaster Heights have not been frequent of late. But it is claimed that uncertainty regarding the water supply in that district has retarded the construction of new buildings there.

Another phase of the situation is that of assuring better fire protection for the West Side, including the city's wharf properties. While the pressure on the lower levels is good, it is felt an accident to the present water mains running from Spruce Lake might put the West Side in a bad position in event of a fire. The West Side has not had a representative at City Hall for years and the aspect of the matter has not been kept prominently before the public.

Popular Banquet At Union Club

Sixty-Five Business Men Last Night Tendered Farewell Dinner to H. C. Groat, and Welcome to J. M. Woodman, His Successor.

An interesting function took place in the Union Club last evening when sixty-five of the prominent business men of the city gave a dinner that was in the nature of a farewell to H. C. Groat, and a welcome to his successor, J. M. Woodman, the new superintendent of the Atlantic division of the C. P. R. Mayor Hayes presided, with Mr. Groat on his right and Mr. Woodman on his left.

In proposing the health of Mr. Groat His Worship referred to the importance of the C. P. R. to the winter port, and the excellent relations which existed between its officials and the city. He spoke of Mr. Groat's service during the war when the port handled an unprecedented traffic, and the energy which has characterized the C. P. R. activities. He felt the business community recognized that the city had had a good friend in Mr. Groat, and while they regretted his departure would wish him success in his new office. His Worship also took occasion to extend a hearty welcome to Mr. Groat's successor.

Mr. Groat in response, referred to the cordial relations which had existed between the railway and the city during his residence here as general superintendent, and also to the good relations with the business men of the city. He spoke of the great part of the credit for the service given by the C. P. R. belonged to them. He thought the C. P. R. and St. John was fortunate in having such a splendid body of officials, and spoke especially of the good work of the divisional freight agent, the master mechanic, the superintendent of telegraphs and others.

As to the future he predicted great things for the port of St. John, if its facilities were enlarged to take care of the increasing traffic which would come here with the development of Canada.

Mr. Groat expressed regret at leaving St. John, where he had made so many warm friends, and expressed the hope that whenever any of his St. John friends happened to be in Toronto they would look him up and talk over old times.

E. A. Schofield proposed the health of the new general superintendent and remarked that if he was elected to the majority for the next two years he would be glad to co-operate with the C. P. R. in any measure for the benefit of the city and the expansion of the winter port business.

Mr. Woodman in response, said he was assured of pleasant relations with the city, as the result of the good feelings which had been established by his predecessors. He was impressed with St. John and New Brunswick, and believed they had a great future. He was taking charge of a division managed by an efficient staff, and he would try to keep up the reputation of the division for good service and cordial relations with the people.

The committee in charge of the dinner was composed of J. G. Harrison, G. Wetmore, Merritt and W. E. Golding.

Halgionian Is Good Home Booster

Says Sister City is Going to Put it Over St. John Again and Gives Some of His Reasons.

"Halifax is going to put it over St. John again," said a Haligonian who was at the Royal yesterday. "We've got the shipbuilding yards, we calculate to have all the big passenger liners next winter, because they are being fitted to burn oil, and we have a fine big oil station. Then we are thinking of an air-service to distribute Halifax papers all over New Brunswick and Maine, so the finest product of the forest brains in the Western Hemisphere will be available at breakfast.

"Now we are looking for a College of Fisheries and we are going to get it, too. The Dominion Government has voted \$10,000,000 for industrial and technical education, and the Maritime Provinces are going to have a share of that money to establish schools to assist the fisherman industry. Prof. Gill, who is the director of the fund, has already reported in favor of the establishment of Fisheries Schools, and recommended that a grant be made to Vancouver, provided the people there put up some money.

"Halifax is not going to be behind Vancouver, and being the largest town east of Medicine Hat, we will ask for money enough to establish a College of Fisheries while we are about it. We have the best technical college in Eastern Canada now, which has proved of great value to landlubbers, and we expect to have a University of the sea later on. When we will send to St. John for instructors in rowing, and give extension courses to the ladies here on the art of high diving.

"As to the College of Fisheries, Canada is one of the few countries which does not provide instruction in their sailing, and those who go to fish factories putting up the fish. Before the war, Germany had a score or more of fisheries schools, giving instruction in navigation, seamanship, operation and repair of motors, improved methods of fisheries, curing and preserving, etc. Britain, France, Norway and Japan and other countries have similar schools.

"Nova Scotia is developing factories for the manufacture of marine motors, and the manufacturers of these are interested in the idea of Fisheries Schools as well as the vessel owners and merchants directly interested in the fisheries.

"It is notorious that when you make allowance for increased prices the actual development of the Maritime fisheries during the past generation has been comparatively small, and this in part may be attributed to the indifference to the technical progress of the industry."

AROUND THE CITY

ANOTHER SEIZURE.
Inspector Charles Kerr called at the Dominion Express office yesterday and seized two packages of liquor which were addressed wrong.

SERIOUSLY ILL.
The many friends of Thomas Thompson of the harbor department, will be sorry to learn that he is seriously ill at his home, King Street, West St. John.

FIRST DOWN TRIP.
The Ocean brought down a fair freight yesterday on her first trip of the season. Pork sold for 28 and veal for 15 cents per pound, eggs for 48 cents per dozen, turnips, \$1.00 and potatoes \$8. per barrel.

REBUILT OPERATIONS.
Under the name of the New Brunswick Rolling Mills Co., the plant of the Portland Rolling Mills has resumed operations. About fifty men are now at work under the supervision of C. H. Lescomeur.

CHARGED WITH ASSAULT.
Henry King, a Chinaman, was arrested on a warrant last evening by Police Constable Colwell charged with assaulting Muriel Gidrey. One drunk also arrested early in the evening.

UNHAPPY COUPLE.
John Worden and Lucy McIntyre, colored, were arrested by Police Constable Grant and Tutin last night at 11.40 in an alley way off Main Street, and will be charged in the police court this morning with lying and lurking.

VERDICT FOR PLAINTIFF
In the Circuit Court yesterday morning before His Honor Judge Chandler, the case of Geo. J. Ward, master mariner vs. Peter McIntyre and A. A. McIntyre was concluded. At the morning sitting his honor delivered his charge to the jury, who found in favor of the plaintiff to the amount of \$500. Judgment for that amount was accordingly entered. H. A. Powell, K. C., D. Smith, K. C., appeared for the plaintiff, and W. H. Harrison for the defendants.

THE PRIZE WINNERS.
The St. Mary's Band Fair in Thorne Lodge Hall was very well patronized last night. The band rendered several selections and the various booths did a rushing business. The door prize won by ticket No. 177, was un-called for. The prize was a bag of flour. The prize for the time pins, a silk necktie, was won by J. Alcorn, while the prize for the bean guess, a pipe, was won by J. H. Wilkes; the baguette prize, a jardiner, was won by Harvey Dugan.

GROCERY STORE BREAK.
Not being successful in gaining an entrance after having broken a window in this rear, a thief thieves Tuesday night went around to the front and forced the door of the cash grocery of J. W. Jenkins in Spring Street. After getting in they appropriated a fine dinner. They had a luncheon of fancy biscuits, hologna and cooked meats, emptied a large sack of its contents and into it put canned goods, cigarettes and other articles, which they carried off.

CIVIL SERVICE POSITION.
The Civil Service Commission of Canada is advising that the position of Excise Enforcement Officer (formerly Excise Preventive Officer) at St. John, N. B., is vacant; applications are being invited for the selection of some resident of the Excise Division of St. John, N. B., to fill this position. The minimum salary is \$900.00, supplemented by whatever rate of bonus may be granted by law. Return of names of the C. E. F., whether Military or Naval, having a good record and with an honorable discharge, will have the preference. Information may be had and application forms obtained from the Collector of Inland Revenue, Customs House.

ACCIDENTS AT SAND POINT.
H. Bayard, 51 Water street, West Side, a C. P. R. trucker working at No. 3 shed had his right leg hurt yesterday afternoon when he was caught in a motor truck. He was treated at the emergency hospital and taken to his home.

Richard Burden, 57 Orange street, a longshoreman working at No. 5 shed, injured his right leg yesterday morning when he was caught between two trucks. He was taken to the emergency hospital and later to his home.

George Stanley, 57 Main street, a longshoreman working at No. 2 shed, had his right foot injured yesterday, when a gangway slipped and struck him. He was treated at the emergency hospital and taken to his home.

Business Men Dine At Bond's

After Luncheon "Get Together Conference" Was Held and Plans Perfected for Launching for Y. M. C. A. Field Day.

Some thirty-five representative business men of the city met last night at Bond's where after partaking of a dainty luncheon, a "get-together conference" was held, and plans were perfected for the launching of the annual Y. M. C. A. Field Day in this city today.

The meeting believing the good work being accomplished by the Y. M. C. A. in St. John deserving of support, volunteered to canvas the town for subscriptions and memberships. Teams were accordingly appointed and different districts allotted to each team. These districts will be thoroughly canvassed today, and all are confident that one day's good work will see the desired objective attained.

Entertainment At Seamen's Institute

S. S. Minnedosa Concert Troupe Presented Excellent Programme Last Night—Their Farewell Performance for This Season.

Those excellent entertainers, the C. P. O. S. Minnedosa Concert Troupe presented their farewell performance in the Seamen's Institute last evening. The Hall was filled to overflowing, in fact many had to be turned away.

Although it is the second appearance of this troupe before a St. John audience they already hold an enviable place in the public esteem. Last night's enjoyable performance made that position more secure.

Every number on the programme was heartily applauded. Some of the artists had to respond three times to encores. Comrade G. C. Evans presided. During the interval, refreshments were served by the ladies. The programme follows:

W. Haines—Pianoforte Selection.
W. Walker—Character Comedy.
H. Smith—Musical Monologue.
R. J. Smith—Ballad Vocalist.
Miss Minnie Dosa and "That" Comedy Troupe—P. Huxley and Stanley Jones.
F. Roberts—Vocalist.
J. Gemmill—Novelty Dancer.
W. Walker—"The Beautiful Lament."
S. Hobson—Cornet Soloist.
Part II.
W. Haines—Piano Solo.
B. Jones—In Light Comedy.
S. Fletcher—Comedian.
E. Woods—Irish Comedian.
F. Roberts—Vocalist.
C. Forsyth—Comedian.
J. Walker—"Bill Embarrassed."
R. J. Smith—Polk Song.
P. Huxley—"The King."
Accompanied, W. Haines.
God Save The King.

REAL SPRING SHOWN YESTERDAY

Fine and Warm Weather, Benches on the Square, Water Wagons Out, Awnings Being Placed Over Store Fronts, and Then Some.

Several representative forces throughout the city united yesterday in the Spring drive for fine weather and an early summer. Considerable strategy was in evidence, and it is hoped that the tactics adopted will succeed in inducing the weather man to come across with the goods and bring on those "Florida breezes."

The city authorities opened the campaign with the introduction of a couple of benches in King Square, the water carts were then set out on their regular summer beats and laid the dust along several thoroughfares. A number of the mercantile and banking institutions thereupon sent out skimmers, who after a careful reconnaissance, erected awning over the windows and doorways of their respective establishments.

Companies of fair maidens attended in the latest dictates of Dame Fashion turned out in their support to the movement by parading King Street the greater part of the afternoon. Last night it was reported that all the day's objectives had been attained, and consolidated, when they will be able to be held despite the ever-varying moods of the weather man could not be determined.

Mrs. W. G. Scovill, of Hampton, was in the city yesterday and registered at the Victoria.

Mr. Malcolm McKenzie of Syracuse, who has been spending some weeks in St. John, left yesterday for a visit to friends in St. Stephens.

George A. Kimball returned yesterday from Montreal.

Miss Nina Carlie of Detroit arrived in St. John yesterday and is the guest of Miss Lou Robinson, German Street.

Colonel Stanley Wetmore and Major Lawson returned to Fredericton yesterday from a visit to Montreal.

THE BOY SCOUT COUNCIL MEETING

Representatives from All Over the Province Will be Present at Session to be Held at Headquarters This Evening.

A meeting of the Boy Scout Provincial Council will be held at the Provincial Headquarters on Prince William street this evening at 8 o'clock. A. D. Shelton, the president of the Council, will preside at the meeting, at which representatives from all over the province are expected to attend. Considerable business will be transacted, and plans for further work laid down. Since the reorganization of the work and the appointment of a permanent secretary in St. John, the movement has been gradually spreading and is growing stronger every day.

Previous to tonight's meeting, the members will enjoy a luncheon at the Y. W. C. A. Cafeteria on King street.

FOR RACE

A few good seats remain for the race entertainment in St. Vincent's Hall this evening under the auspices of the Women's Canadian Club. These chairs will be sold this morning at the Imperial box office at ten o'clock and through the afternoon. To members from St. John Monday, May 10th.

WITHDRAWAL S. S. EMPRESS

For the purpose of undergoing annual overhaul, the steamer Empress between St. John and Digby will be withdrawn from service from May 3rd to 8th, inclusive, resuming service from St. John Monday, May 10th.

County Hospital Delegates Return

Dr. H. A. Farris and Mrs. J. H. Frink Were at Capital Interviewing Government Regarding Increased Hospital Grant.

Dr. H. A. Farris of the East St. John County Hospital and Mrs. J. H. Frink, a member of the Board returned yesterday afternoon from Fredericton where they interviewed Premier Foster and members of the Government regarding an increased grant for the hospital. Dr. Farris stated that they were most sympathetically received and that they felt sure their request, which was regarded as moderate, will be granted. They are asking that the grant be raised from thirty cents a day for the first hundred days to fifty cents a day for every day. It was pointed out that the cost of all supplies has greatly increased.

Funerals

The funeral of George E. Colpitt took place yesterday afternoon from the residence of his son-in-law, Rev. Mr. Howe, Loch Leonard road, to the Methodist burial ground. Services were conducted by Rev. I. Brindley.
