

Council Approves East Collegiate :: Judge Unearths St. Kitts Scandal

CITY FINALLY ASSURED OF COLLEGIATE IN EAST

Council Approves Plans For School Building When Estimates Cut.

BOARD WINS BATTLE

Trustees Insist On Buying Cadet Uniforms—Slash Other Departments.

Council authority for construction of a new \$215,000 collegiate institute building in London East has been given.

The school board won its battle in the council chamber last night, with only two dissenting votes against the whole program of the educational departments. The school will be erected. Some \$39,000 reductions were made by the board in their general estimates.

The council also agreed to increase the grant to Victoria hospital by \$6,000, the increase to be placed in supplementary estimates.

The trustees' 1925 program calls for expenditure of \$954,942.85, or a sum which requires just 3-10ths of a mill more than the school rate for 1924, and includes the new building program.

Insist on Uniforms. The board's determination to maintain uniformed cadets, at public expense, aroused a little discussion, but to switch would be made by the trustees in their attitude. They will stick by the cadet expenditure, though they claim to have cut \$39,000 from other school costs.

Ald. L. H. Douglass, M.D., led in the criticism of the board's program, moving to have a vote of the people before construction of a new school was started. He had little support, however. Lengthy debate by the council led to a school rate of 14.3318 mills being adopted, a figure which permits a reduction of the tentative tax rate to 35.2 mills, from which further cuts will be made at a special meeting tomorrow night.

Increase Revenue. "It seems the board has cut the estimates by increasing the revenue expected," pointed out Ald. Douglass, in discussing the "How much of the decrease is due to increases secured by borrowing from 1925 funds?"

Chairman Lawrason objected to going into details. "It's only right for us to know whether or not we're mortgaging next year's council with the money idea of reducing the tax rate for now by a fraction of a mill. The people are entitled to know just how these cuts are possible. I think it's a wonderful thing if you can cut off \$29,000 like that. There must be something wrong."

Ald. Douglass asked if the board had arranged a larger surplus for this year by borrowing from grants for 18 months, rather than the usual 12 months. The board's representatives admitted that this was true, as they had moved their fiscal year ahead so as to end at the same time as the school year. In this way the board was able to secure an extra \$12,000 in revenue for the present year.

Officials Explain Cuts. V. K. Greer, school inspector-administrator, showed where the various departmental estimates had been cut.

E. A. Miller, principal of the Central collegiate, showed that there was \$5,000 more in collegiate revenue, this being partly occasioned by the reduction of interest and sinking fund requirements for 1925. It was a matter of putting off a \$3,000 debt for another six months.

DEAFNESS

NOISES IN THE HEAD AND NASAL CATARRH CAN BE RELIEVED

The new Continental Remedy called "LARMALINE" (Regd.) is a simple harmless home treatment which absolutely cures deafness, noises in the head, etc. NO EXPENSIVE APPLIANCES needed for this new Ointment instantly operates upon the affected parts with complete and permanent success. SCORES OF WONDERFUL CASES REPORTED.

RELIABLE TESTIMONY.

Mrs. E. Crowe of Whitehorse road, Crofton, writes: "I am pleased to tell you that the small tin of ointment you sent to me at Ventnor has proved a complete success, my hearing is now quite normal, and the horrible head noises have ceased. The action of this new remedy must be very remarkable for I have been troubled with these complaints for nearly ten years, and have had some of the very best medical advice, together with other expensive ear instruments, all to no purpose. I need hardly say how very grateful I am, for my life has undergone an entire change."

Try one box today, which can be forwarded to any address on receipt of money order for \$1.00. THERE IS NOTHING BETTER AT ANY PRICE.

Address orders to "LARMALINE" CO., Deal, Kent, England.

Waves of Radio Travel By Earth

Associated Press Despatch. Washington, D. C., March 30.—A contention that the earth crust is more efficient in transmitting radio waves than the air was made known here today by James H. Rogers, who said that he had perfected an underground transmitting set. Successful communication with the Pacific coast by use of a 35-foot tube set placed underground at Hyattsville, Md., was made in tests last night, he said. Dr. Rogers hopes to accomplish trans-Atlantic broadcasting with a six hundred foot cable antennae he intends to lay underground.

"Why does the board think it is good bookkeeping to mortgage next year's receipts?"

Ald. Neely and Ald. McKay were inclined to think conditions would be adjusted next year, and the public school estimates went through with only Ald. Douglass objecting.

Protest School Wrecking. Collegiate estimates were objected to by only Ald. Douglass and Ald. Bottrill, who drew attention to a petition of 340 residents of East London, asking that the Rectory street public school be not torn down. Ald. McKay suggested that the estimates for debenture issues be ratified and that efforts be made to save the Rectory street school for the present. Ald. Douglass wanted a plebiscite by the voters of the city.

"Let's take a vote as soon as possible," he urged; "the people can be trusted."

"A city-wide vote?" asked Ald. Neely.

"I think you can always trust the people to use good judgment," put the mayor, "but it would cost \$5,000 for an election."

Trust the Board. "Let's trust the school board," offered Ald. Kilbourne. The mayor and Ald. Ashin wanted the petition to go to the school board.

"They are beginning to want new schools because windows in the old ones are not big enough, or because of draughts," complained Ald. Bottrill.

"I haven't much faith in petitions, and less in plebiscite votes," asserted Ald. Neely. "Don't let us be stampeded by this petition."

"Every builder knows that the Rectory street school is in bad shape," argued Ald. Charles Linnell. "It is true that public school pupils from this school will now be housed in the basement of another, and that new plumbing will be necessary in other schools," asked Ald. Douglass.

Will Use Basement. Mr. Greer admitted that a basement room at Lorne avenue school would be used. Ald. Douglass and Ald. Bottrill were alone in objecting to the collegiate maintenance and debenture estimates. They were also together in objecting to the technical school item, which passed with scarcely any comment.

Supplementary estimates of the hospital trust, cut last week, were increased by \$6,000 to permit the construction of two elevators and repairs to a third. Dr. G. C. Clegg, superintendent of the Victoria hospital, spoke briefly in explaining the extra liability that would be placed on the institution if the elevators were not put in shape.

It was agreed that \$6,000 be placed in the supplementary estimates, but that \$12,000 be kept out of the estimates for maintenance.

JOHN MANN & SONS ESTABLISHED 65 YEARS

Have Carried On Progressive Coal and Wood Business For That Time.

John Mann & Sons, coal and wood merchants, 425 York street, is one of the oldest companies in the city with a record of doing business under the same name for more than sixty-five years.

For over half a century John Mann & Sons have been situated in London as coal and wood merchants. Twice the active executive of the business has died and the younger members of the family "carried on" under the first title as arranged by John Mann who was the pioneer.

John Mann & Sons originally started in Brantford in 1858. A branch was opened here in 1886 with the late George T. Mann as manager. In 1900 George T. Mann bought out the interest of his father and brother and carried on the business under the same name.

In 1920, after the death of his father, George T. Mann, the business was taken over by William G. Mann, and continued under the original name.

Mr. Henry said that in some instances it was hard to collect money from municipalities on provincial highway construction.

SUBURBAN HEIGHTS — ASH-CAN DAY.

GOD IS REVEALED IN ALL CREATION

Dr. Trevor Davies Says Need of World Is God-Filled Men.

"Finding God," declared Rev. Trevor H. Davies, D.D., Toronto, speaking in Dundas Centre Methodist church last night, "is the greatest thing that the human soul ever does."

Dr. Davies' address, "The Interpretation of the Modes of Divine Fellowship," was the third in the series of lenten educational sermons he is delivering here this week on "Great Christian Interpretations."

"God assumes many vestures," averred Dr. Davies, "and the different modes of the Divine Being are almost as many as the ways human souls travel in searching for Him."

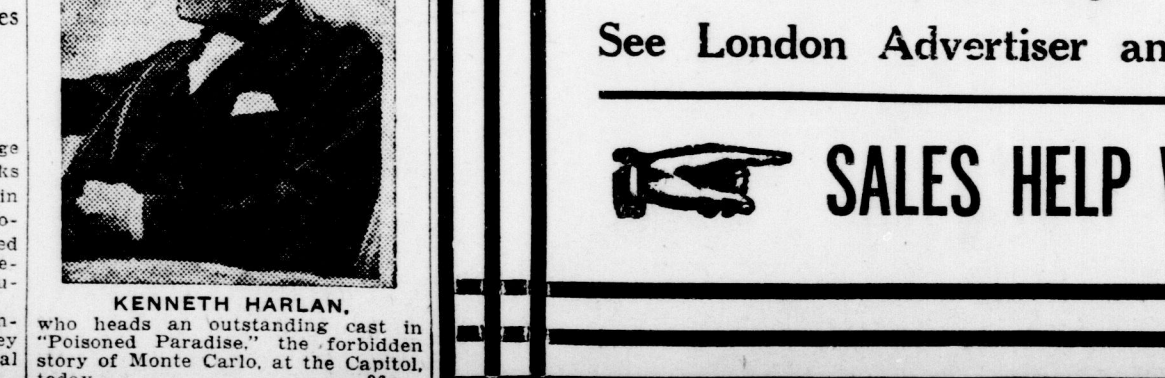

Mr. Davies asserted that "the material world is one of God's vestures; that human nature is one of God's garments; that the outward dispensations of our lives are the vestures of God, and that church services are the garments of the Most High."

Pointing out the fact that in the material world "God thinking aloud" was the first manifestation of God, Dr. Davies stated that the thinking people today are fast coming to a spiritual conception of the universe.

Vestures of God. In drawing attention to the fact that the dispensations of life, "our daily work, our joys and our sorrows," are vestures of God, the speaker observed that "depression and sorrow to the worldly man means frustration and defeat, while to the man of God it may mean the coming of the Messiah."

"I wonder if we would have known Jesus," asked Dr. Davies, "had we been permitted to live in His time? There was no halo about His head; art has put that there. He was just face tanned and His hands as hard as those of any Canadian carpenter. His garments were of homespun and home-made, and His language not that of the educated classes. If we had been permitted to see and know Him would we have had moral discernment enough to appreciate His greatness and stand by Him when other religious people were turning their backs upon Him? And that brings the question down to modern times. Do we know Him today?"

Knowing God. "How much we need God-filled men in public work today," concluded Dr. Davies. "I am never appalled when people state that Christianity has fallen into a state of decay—they have always said that—nor am I appalled when I see the current of life flow past the church—it has always done that—but one thing that does frighten me is when the church in a panic adopts some method not in accord with its creation. It is necessary that God be kept in the church and that we keep in touch with Him personally."

KENNETH HARLAN, who heads an outstanding cast in "Poisoned Paradise," the forbidden story of Monte Carlo, at the Capitol today.

LONG-HUNTED MAN IS FOUND IN PRISON

"Dr. Whitfield" Said To Have Taken Money From Dorchester Home.

"Dr. Whitfield," the mysterious individual who, it is alleged, rendered first aid in a fatal level crossing accident on the C. N. R. east of the city last summer, and who later was reported to have departed the Dorchester neighborhood with a watch and considerable cash, has been located in a Montreal prison, where he is serving three years for house-breaking and theft.

Dr. Whitfield evidently made hay while the sun shone, according to the story of the Dorchester accident. He informed the train crew after the accident that he was a physician, and took charge of the patient. Two weeks later he is said to have departed from the home of his patient with a gold watch and considerable money.

He is also said to have managed to get into the good graces of a London doctor, and then left the city with most of the physician's valuable operating instruments. The "doctor" had stated previously that he had been connected with Toronto general hospital, and that his father was on the hospital staff. Inquiry at the time elicited the information that the hospital authorities knew of no such man.

A few months later a "Dr. McDonald" managed to "work" Peterboro. He left that part of the country after cashing a number of bogus checks. Police information indicated that both "doctors" were one and the same man.

He is registered at the penitentiary under the name of R. J. McCullough, Quebec, March 30.—Among the important developments in the ice conditions on the St. Lawrence over the week-end was the clearing of the Richelieu river. Marine officials regard this as a good sign, for in the spring the whole of the St. Lawrence channel is clear of ice eight days after the opening of the Richelieu river.

French Decorate Speaker Lemieux

Made Commander in Legion of Honor.

Canadian Press Despatch. Montreal, March 30.—At a private lunch held today at his residence, Regis Baron de Vitrolles, consul-general for France in Canada, decorated Hon. Rodolphe Lemieux, speaker of the House of Commons, with the insignia of a commander of the Legion of Honor, recently conferred by the government of France.

DUMPING CLAUSE DROPPED BY ROBB

Acting Finance Minister Announces Measure Will Be Deleted From Budget.

Special to The Advertiser. Ottawa, March 30.—Hon. J. A. Robb, acting minister of finance, announced in the House of Commons this afternoon the intention of the government to withdraw the new dumping clause as proposed in the budget.

He said that after discussing with officials of the department it had been decided that the dumping clause as it now stood was satisfactory. No other explanation was offered by Mr. Robb, and as a result many speculations are heard in the house.

The decision of the government comes as a complete surprise. In his budget speech, Mr. Robb announced that the clause was designed to protect Canadian manufacturers from unfair competition.

800 LOSE JOBS. Canadian Press Despatch. Quebec, March 30.—Between seven and eight hundred men have been thrown out of employment by a complete cessation of work in connection with the Quebec harbor commission's port development program at Wolfe's Cove terminals.

ST. KITTS COUNCIL ASKED TO RESIGN

Finds Many Irregularities Took Place in Recent Election.

OFFICIALS IN DANGER

Canadian Press Despatch. St. Catharines, March 30.—In his report to the city council tonight on his recent investigation into the municipal election in this city on December 31 last, Judge J. S. Campbell stated that he found gross irregularities in the way of impersonation, making up of ballots by deputy returning officers and adding crosses on aldermanic ballots, and recommended that the entire city council resign immediately as a preliminary to a new election.

Judge Campbell stated his belief that certain officials and election workers had laid themselves open to prosecution for election frauds.

The report of Judge Campbell was presented to the council by City Solicitor A. Courtney Kingston.

The council decided to meet in special session on Wednesday evening next to discuss the report. It is expected that the council will resign in a body and call for an election as soon as possible.

ST. LAWRENCE MAY BE OPEN IN A WEEK

Canadian Press Despatch. Quebec, March 30.—Among the important developments in the ice conditions on the St. Lawrence over the week-end was the clearing of the Richelieu river. Marine officials regard this as a good sign, for in the spring the whole of the St. Lawrence channel is clear of ice eight days after the opening of the Richelieu river.

LIBERALS OUTLAY WAS BELOW PRE-WAR YEARS

Stewart Declares Controllable Expenditure Below Those of Pre-War Years. ANSWER CHARGES

Explodes Claims of Stevens That Robb Tried To Fool Public. By E. C. BUCHANAN, Special to The Advertiser by a Staff Correspondent.

Parliament Buildings, Ottawa, March 30.—Effective replies were made by Hon. Charles Stewart, minister of the interior, tonight to opposition criticisms of the Robb budget and financial statement. Persistent Conservative razzing, indulged in throughout Mr. Stewart's speech by Mr. Meighen, H. H. Stevens and Dr. Marjolin failed to find the minister wanting in answers or to divert him from a dispassionate examination of their allegations.

As a refutation of the Conservative charge that the financial statement failed to show evidence of economy, and that the government was extravagantly spending the taxpayers' money and increasing the public debt, Mr. Stewart recited figures on controllable and uncontrollable expenditures since 1911. These showed that the controllable expenditure in 1924 was less than in 1914.

For uncontrollable expenditure the government was in no way responsible. Mr. Stewart took up the main points in the budget speech called in question by H. H. Stevens and others and demonstrated that the financial balance was as Mr. Robb had presented it, and that no such attempts as alleged had been made to obscure the situation.

Unemployment in U. S. To the assertions that owing to government policy, unemployment and business failures prevailed in Canada, the minister pointed to the widespread unemployment in the great industrial state of Massachusetts, enjoying the high protection of the United States tariff. Thousands in that state, he said, wanted to emigrate to Canada because they had no work.

In Canada since the first of the year 25,000 persons had been added to payrolls. Last year 41,000 Canadians had returned from the United States. Along the lines of the Canadian National Railway hundreds of new industrial plants had been opened, despite the repeated charge of Dr. Marjolin that factories were being put out of business.

BOY IN HEALTH SLAIN BY FATHER,

Shocking Tragedy Occurs in Vacant House in Cobourg. MOTIVE UNKNOWN

Canadian Press Despatch. Cobourg, March 30.—Discovery this afternoon of the bodies of William Beare, a laborer, aged about 50 years, and of his son Henry, aged 12, in a room in an unoccupied house on the northern outskirts of Cobourg, brought to light one of the most shocking tragedies in the history of the town.

Apparently Beare had slain his son, fatally wounded himself, and put the razor on the shelf before he sank, dying, to the floor, but Chief of Police Cruise said tonight that he had been unable to find any motive for the deed unless Beare had brooded over the long-continued ill-health of the boy. The father, while he had been unemployed for several months, is not thought to have been in needy circumstances.

PAINTINGS DEPICT ONTARIO IN SPELL OF FOUR SEASONS

Fifty-One Pictures Are on Exhibit at Normal School.

With the hanging of 51 paintings, the work of members of the Ontario society of artists, at the normal school, art students and picture lovers have been given a glimpse of Ontario seen under the beauty spell of the four seasons. The exhibition will be on view until April 20.

HUMANE SOCIETY OFFICER IS ACTIVE

Annual Report Is Presented Showing Work Done During Year. Special to The Advertiser.

Sarnia, March 29.—An interesting detailed report on work performed during the last year has been presented by Inspector Alex. Crossley to the Sarnia Humane Society. It showed that fourteen horses had been saved, and several prosecutions. Many animals were cared for in the "rest home" pasture.

Takes Jail Term To Protect Pal

Woodstock Youth Silent On Alcohol Source. Special to The Advertiser.

Woodstock, March 30.—Leonard Waring, 19-year-old youth, who was arrested on Saturday night for being intoxicated in a public place, elected to go to jail for three months, rather than give information as to where he secured his supply of liquor, and in addition to this will serve a term of two months as an alternative to paying a fine of \$10 and costs.

PROVINCE LETS CONTRACT FOR SIX-STORY BUILDING

Canadian Press Despatch. Toronto, March 30.—It was announced today by Hon. George S. Henry, minister of highways and public works, that the provincial cabinet had awarded the contract for the construction of a six-story office building in Queen's Park to the Jackson Construction Company of Toronto at a bid of \$1,500,000. This will be of reinforced concrete.

DOES EVERY MEAL CAUSE YOU DISTRESS?

IF IT DOES YOU SHOULD TAKE BURDOCK BLOOD BITTERS

Mr. M. P. Eldridge, Beaver Harbor, N.B., writes:—"I was troubled with my stomach for some time, and everything I ate seemed to distress me. I tried many different medicines, but without any results. Finally I was advised to try B.B.B. and after having taken several bottles I was completely relieved of my trouble. I can now eat anything I wish, thanks to B.B.B."

Burdock Blood Bitters puts the stomach into perfect shape by promoting proper digestion; and during the past 46 years it has been on the market has made a reputation second to none for relieving all stomach troubles.

Put up only by The T. Millburn Co., Limited, Toronto, Ont.—Adv't.

PIMPLES WERE VERY PAINFUL

You Need a Bicycle for Business, Pleasure and Health

FROM early morn till late at night the bicycle plays an important part in our daily life. It does its work so quietly, so smoothly, so efficiently, we scarcely realize its presence.

Ride to Work Throngs of workmen cycle to and from work every day, saving time, car fare and the discomfort of riding in packed street cars or of walking long distances.

Economical Deliveries All day long messenger boys—and boys making light deliveries—flit by on bicycles. Occasionally a plumber pedals by on his wheel on a hurry call—perhaps, a leaking pipe!

Pleasure and Emergencies Out in the country, the city man rides for a day's fishing with his rod tied on his wheel. Coming towards him a farmer's boy wheels hurriedly to the city to get a spare part for a farm machine that has broken down.

More People Riding More people are riding bicycles today than for years past. The paved roads are so smooth, so clean, and so easy to ride on, they are creating new riders by the thousands.

Just climb on a C. C. M. yourself and see how exhilarating it is to ride a bicycle. See how easily it glides along, thanks to the C. C. M. Triplex Hanger—the three-piece hanger that gives the C. C. M. so much speed—and pep—and power.

Then press back on your pedals and see how quickly and smoothly the Hercules Coaster Brake acts. Note how strong and rigid the frame is. It's of English Seam-

less Tubing, strongly reinforced. Look at the brilliant, lustrous enamel—durable and lasting. And the glistening nickel. It's done over copper so it won't rust. Glimpse the new Gibson Pedal, too—so light and so strong. Its silvery frame is of aluminum and cannot rust. Stand back and look at the C. C. M.'s trim, graceful, racy lines. A beautiful bicycle anyone would be proud of. And one that will give years and years of faithful service. You need a bicycle—most everybody does. This year C.C.M. prices have again been reduced. They're now \$20 to \$25 less than the after-war "peak" prices. The nearest C.C.M. dealer is waiting to show you the latest models.

NERVOUS BREAK-DOWN

...ins in Back and Legs relieved by Lydia E. Pinkham's Vegetable Compound

Ford, Ontario.—"I had a nervous break-down, as it is called, with severe pains in my back and legs, and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years, before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. Before I had taken five doses I was sitting up in bed, and when the first bottle was taken I was out of bed and able to walk around the house. During my sickness I had been obliged to get some one to look after my home for me, but thanks to the Vegetable Compound I am now able to look after it myself. I have taken Lydia E. Pinkham's Blood Medicine in turn with the Vegetable Compound, and I certainly recommend these medicines to any one who is not enjoying good health. I am quite willing for you to use these facts as a testimonial." Mrs. J. SHEPHERD, 130 Jos. Janisse Avenue, Ford, Ontario.

Nervousness, irritability, painful times, run-down feelings and weakness are symptoms to be noted. Women suffering from these troubles, which they so often have, should give Lydia E. Pinkham's Vegetable Compound a fair trial. All druggists sell this medicine.

Mrs. Margaret Phipps

Wolfe's Photo Studio...ham, Ont.—"Dr. Pierce's Favorite Prescription did me a wonderful lot of good and to women who go on in health to motherhood would advise its use. I was very sick, especially did I suffer from morning sickness. My stomach was so upset that I could not retain anything. I was afraid to eat. I grew nervous and weak, and my back ached. I just seemed to suffer with the illness that come to prospective mothers. I saw Dr. Pierce's Favorite Prescription advertised and description and this medicine just made it, and this medicine just took me in health, relieved me of all pain and distress, and I was to be around right up to the time I have the greatest faith in Favorite Prescription." Mrs. Margaret Phipps, 126 Inches Ave. All druggists.

MOTHER! Watch Child's Tongue "California Fig Syrup" is Children's Harmless Laxative

AILSA CRAIG...Ailsa Craig, March 30.—The pupils of Form 1 and 2 of the continuation school were entertained on Wednesday evening at the home of the Principal J. A. Bell. The evening was spent in games and music after which Mrs. Bell served a luncheon. S. Rawlings has commenced his season's work on the highway. George Hodgins is spending some time with friends in Grand Rapids. Mrs. Drummond and daughter Ruth were London visitors last week.

C. N. R. TO BROADCAST NEWS TO PACIFIC SHIPS Ottawa, March 30.—The Canadian National Railways is establishing a new radio station on Lulu Island, British Columbia, which will be one of the most powerful plants on the Pacific coast. This information was given in the House of Commons this afternoon to W. G. McQuarrie (Progressive, New Westminster), "Is it the intention to broadcast from the station Canadian news to steamers plying on the Pacific?" asked Mr. McQuarrie.
