Humanities Should Stiffen Courses; Failure Might be Victory for Russians

Blair Fraser, Ottawa Editor of Maclean's Magazine was guest speaker at Founder's Day celebrations at the University of New Brunswick. In addition to addressing a crowd of some 300 in Memorial Hall Thursday evening, he participated in a panel discussion on aid to higher education in the afternoon at the Students' Centre. Representing the Faculty on the panel was Dr. W. Y. Smith, Head of the Economics Dept. Dr. Desmond Pacey, acting-Dean of Arts spoke for the administration, and Jack Ernst represented the students. The discussion ran for forty minutes and although several provocative plans were propounded, no concrete solution to the problem was formulated. Audience participation was encouraged after the discussion and several interesting questions were put to the panel members. Mr. Al Tunis, Public Relations Officer was chairman. CFNB broadcast the first half hour of the discussion.

During his Founder's Day Address that evening, Mr. Fraser claimed that there exists today, a challenge to the humanities. In his remarks, he pointed out that the Artsman was no longer in the enviable position he was 100 years ago. He has been replaced to a great degree by the engineer and technician. There are, he added, three or four jobs always available to the graduate engineer, while the Artsman has to look industriously for one job. As a solution to this problem, Mr. Fraser suggested stiffening the Arts course. In this way a broader education could result and we would not rely on specialization. Mr. Fraser warned that the defeat of the humanities would be a victory for the Russians in the cold war and that the enormous increase in the university enrolment should not prevent a little stress on the part of the humanities.

National Federation Supports Toleration

CUP—Following riots sparked by the suspension of Autherine Lucy from Alabama University, NFCUS expressed its full support of the N.S.A. (the equivalent of NFCUS in the States) in their efforts to win reinstatement of the coloured student. They conveyed to Lucy the sentiments of Canadian students. The telegram was sent to NSA which is supporting Lucy in her case against the university from which she was suspended on February 6th.

Riots were instigated by people of nearby Tuscaloosa; they received little interference from the law.

Segregation is illegal in the US and so the Supreme Court ordered Alabama University to readmit the coloured student.

BUSY ADDERS

Mr. Trotter, manager of the Bank of Montreal, will speak to the Business Administration Club at their monthly meeting on Thursday, March 1st. A film on Banking will also be shown.

SKATING LESSONS

Figure skating and dancing instruction will be given in the Rink every Wednesday evening from 8:30-9:30. Students and faculty are cordially invited to attend these classes. Admission is free.

WUSC FINANCIAL CAMPAIGN

"WHERE DOES THE MONEY GO?"

WUSC IN THE PAST:

- *Housing for students in Israel and Egypt.
- *100 bed student hostel in Korea.
- *189 Greek Scholarships.
- *100 bed student hostel in Calcutta, India.
- *Student TB ward in Japan.
- *Student ward in Madras.
- *X-ray equipment for the University of Indonesia.
- *\$50,000. worth of drugs to Korean students.
- *Health Centre at Delhi University in India.
- *Health Centre at Patna University in India.
- *Student Centre at the University of Solonica, Greece.
- *\$500. in October, 1955 for student flood relief in Japan, India, and Pakistan.

The major portion of UNB's funds will go to the four projects outlined below:

- ISRAEL *Student Housing Project at the Haifa Institute of Technology. COST\$3,256.00
- INDONESIA Student Housing Project at the University of Djakarta. COST\$2,559.00
- JAPAN *A second TB Ward at the University of Fukuoka, Japan. COST\$4,652.00
- PAKISTAN *Student Housing Project at the University of Karachi. *\$250.00 is needed to send Mr. Jack Ernst to Europe as UNB's representative on the Seventh International Seminar to be held in Tutzing, Germany. The remainder of the cost of this Scholarship is covered by a \$500. grant from the Provincial Government and \$150. paid by Jack himself. Jack is a fourth year Engineering student.

NFCUS REFERENDUM APPROVED BY SRC

COMMITTEE FINES FORESTER \$25 ERNST CLAIMS NON-CONFIDENCE VOTE RECOMMENDS PRESIDENT HALE RESIGN

After a special meeting of the Discipline Committee, convened to consider the case of Lloyd Richards vs the Campus Police, President of the SRC, Dick Hale, announced that the fifth year forester would be fined twenty-five dollars for resisting arrest. This decision was reached after discussion in student committee and consultation with the President of UNB, Dr. Colin B. Mackay. This is the first time that the newly formed Student Discipline Committee has meted out justice as regards campus infractions. Richards was apprehended smoking in the Lady Beaverbrook Rink and allegedly assaulted a constable.

At a special meeting of the S.R.C. on Feb. 29th in the Forestry Building the council accepted a student petition to have a referendum to decide the fate of NFCUS on the campus. The referendum will be held in conjunction with the SRC elections today.

The petition resulted from a vote in the Council which turned down a proposal for the referendum. The petition contained 198 names just over the stipulated amount of 20% needed to make the Council think again. Although the petition came under some criticism from some members of the Council, the motion accepting it was passed unanimously. The Council realized that to vote it out a second time would cause them even more trouble.

UNB Debaters Score Successes at McGill Carnival

Fred Neal and Neil Mulvaney represented UNB at the McGill Winter Carnival Conference held in Montreal on February 17th and 18th. Debating Society Coach, Dr. Alec Lucas of the English Dept., accompanied the debaters.

At the conference, an annual affair, colleges from Canada and the United States were represented. The topic was "that the Olympic games do more to create international tension than good will." UNB was upholding the resolution in three separate debates. Friday evening UNB successfully defended their arguments and defeated McGill.

Debating resumed again on Saturday morning and UNB were the winners in a contest with the Georgetown School of Foreign Service, Washington, D.C. The young diplomats had defeated Loyola and Western in their other two debates. In third debate UNB lost a close one to Cornell University.

The debates were judged on a point system. In the final affirmative team with the highest No. of points met the corresponding negative team. The finalists were the University of Pittsburg and Cornell University. Cornell won this debate by a split decision and won the Buccari Trophy.

On opposing sides in this deciding debate were two of the finest debaters in the U.S., namely Don Lelick of Pittsburg and Floyd Abrams of Cornell. One of the things which impressed UNB debaters was the difference in debating style between Canadian and American debaters. American debaters have four dominant characteristics: informality, flexibility, levity and too great a reliance upon authority. The first three are virtues which could be used to great advantage in Canadian debating, the last is a weakness which tends to undermine logical argument and which attributes the quality of flexibility.

After the vote accepting the petition, Jack Ernst spoke. He said that the petition was in effect a motion of no confidence in the council, and the true failure of NFCUS was because it did not have full support of the SRC. He then quoted Peter Martin, the national president of the federation, who had said that for NFCUS to be successful, it must have the full support of the council. Then Ernest claimed that the reason NFCUS had failed was because this year's president had been against the federation. He said that Dick Hale was the leader of the student body and it was up to him to keep the student body informed; that he had not answered NFCUS correspondence. In finishing, Ernest said that the president should support the views of the majority and if he disagrees, he should resign.

In reply Dick Hale said that if he had said anything against the federation, he was not in the chair when and if he did. He had been fighting at the time to make the job of the next president easier. And that he had no intention of resigning as he thought he had done his job properly.

It was decided at the meeting that Post-Grad students would have the franchise at the elections, along with Senior Students.

German Exchange

CUP, Wolfville—The Student Christian Movement of Acadia University has announced that it will sponsor three students in the German Exchange Scheme. Janet Kirkconnell, Wolfville, N.S., Judith Murphy, Saint John, N.B. and Donald Sinnott, Springfield, N.S. have been selected to further their studies at Universities in Germany, in exchange two women, and one man who will study here next year. Acadia University is one of two universities in Canada sponsoring such a change. The other is the University of Western Ontario who will send one in exchange.

WUSC CAMPAIGN No Man An Island?

"No man is sufficient unto himself"

No student can deny this statement.

When independence and isolation are tolerated and carried to a logical conclusion, they bring annihilation. This policy cannot provide for growth or an existence hereafter for any individual, group, or country. It is a policy of self suicide, a policy of destruction.

The history of mankind proves that individual people, families and great communities always disintegrate and fall into oblivion when the seeds of isolation are nourished.

Organization has preserved mankind since the ancient past. The salvation of the Leaders of Tomorrow lies in organization. Organized and efficient education will help them grow and insure a healthy future.

Students must unite—staring their resources—so that all may more adequately join in the bond of common knowledge; thus making the world as a whole a more intelligent and fearless place to

live. Each student must recognize the need and accept his own responsibility to join with his fellows into a solid body and to remain inseparable. Only in unity can we find protection, strength, and a future. Though YOUR support of such unity is little to ask and it is a small duty, yet it is our greatest need and our greatest duty.

"NO MAN IS AN ISLAND" No man is strong enough to stand alone. If he remains alone he will be dissolved and his future will die.

HISTORY WILL BE REPEATED

VARIETY NIGHT

The WUSC Campaign will come to a close with a variety night. This will take place in Memorial Hall on March Ninth at 7:30 p.m. Faculty and students are cordially invited to come and see this outstanding array of talent.

Editor's Note . . .

These articles were submitted by the NFCUS Committee as a result of a promise to print additional material on the NFCUS question.

CUMULATIVE COMMON STOCK .50

The National Federation of Canadian University Students has finally become concerned with more than "the material benefit of Canadian students". A recent report to the Ontario region proposed an increased emphasis upon "Canadian understanding of Canadians"—national unity. Unity is a nebulous, intangible thing making it difficult to assign it to its proper valence in Canada's present and future. There is no doubt that NFCUS is positive and worthy but some students will continue to lack the foresight to grasp its importance. They just growl "What am I getting for my 50c?"

For those who growl: Canada is a vast nation, a growing, budding, yet respected world power. It is not sufficient to have a parcel of 10 prosperous provinces wrapped in "brown paper" securely tied with the strong twine of continuous railroads. The cohesion must be more than economic and geographical. It must have inner depth; understanding its own colours, creeds, and convictions.

In our peace-loving democracy, hate, prejudice, and sectional distrust can be consumed by the penetrating film of understanding. The heat of this flame opens narrow, frozen minds to appreciation, constructive criticism, and compromise.

NFCUS with its seminars, conferences and contests offers Canadian students of diversified regions and heritages to come together and to hear and understand diversified opinions. May this aim be blessed by strong student support. Fourscore years ago Charles G. D. Roberts implored: "Father of unity make this people one."

MCGILL TALKS OF REAFFILIATION

At a Student Society meeting held at McGill University on February 10th, a motion was passed which marks that university's first step towards reaffiliation with the National Federation. Approving of the principles of the National Federation, the motion calls for a joint conference of those universities which are not members of the Federation in order to find a common ground for re-entry into the Federation. The proposals of this special conference would be presented to the McGill Student Society for approval and would form the basis of negotiations for McGill's return into the Federation. No date was set for the proposed conference, but the suggestion has been made that it be held early next Autumn, prior to the National Conference. NFCUS President Peter Martin is expected to attend.

DENMARK WORKS TWENTY-FOUR YEARS

The Danish National Union of Students has been carrying on a government scholarship campaign similar to that being conducted by the National Federation. Last year, the Danish students finally achieved partial success. They obtained about one-third of their request for aid of two million, five hundred thousand dollars a year. Their campaign has been carried on for twenty-four years, excluding only the occupation period in the Second World War. The NFCUS Campaign is five years old.

President of UNB, Dr. Colin B. Mackay pays the annual "Quit Rent" of one farthing to Lt. Gov. D. L. MacLaren.

VOL. 88 FREDERICTON, N.S. FEBRUARY 29, 1956

Today . . .

Today is election day.
 Today is the day each student has the opportunity to exercise his right to control his own affairs in the Student's Representative Council.
 Today is the day each student has a vote on the issue of whether to remain in the National Federation of Canadian University Students or to withdraw.
 Today is the day to make yourself heard.
 Today is the day to VOTE. If you don't vote you hurt only yourself. Take five minutes and do yourself a good turn. If you are not interested, it is your duty as a student in a free country to take part in the affairs of your government. If YOU do not, then someone else will, and the someone else may not do what you would like to see done.
 Today is the day to VOTE. If you do not vote only the student government you get next year and your conscience will bother you.

Non-Confidence?

We would like to question the accusation of Mr. Jack Ernst, made before the special meeting of the Student's Representative Council last Wednesday, that the presentation of a petition to the Council requesting a referendum be held concerning NFCUS was an indication of non-confidence in the S.R.C.
 Launched under Article X, section 4 of the Constitution it was initiating a referendum on the students' behalf, not changing a motion on the books of the S.R.C. Also, it clearly states that the referendum question is to be whether U.N.B. will remain in NFCUS next year and says nothing about the situation this year. The decision will affect and bind only the Council elected today.
 That the President of the S.R.C., Dick Hale, along with the outgoing Council should resign if the referendum should return a No verdict to NFCUS is pure foolishness as the referendum does not in any way affect the outgoing Council. If the petition had been instituted under Section 7 of Article X and had been presented last fall after the S.R.C. had decided to remain in NFCUS for the present year, then the question of non-confidence could be raised. What validity it would have is open to question and the answer will have to wait until the situation arises.

Where Does The Fault Lie?

Twenty-one universities and colleges in Canada are presently members of the National Federation. But there are roughly five major Canadian universities which are not members of the Organization. Four of these have been members for varying periods of time in the past, but have decided within the last two years to withdraw. Why? There would seem to be two possible reasonable explanations, and a third explanation, a combination of the first two, which most likely is closer to the truth. Let us look at these three propositions.
 The first is, of course, that NFCUS is a rotten organization. It has been accused of indecisiveness, inefficiency, wasteful financing and a failure to achieve results commensurate with its cost. We have heard all these accusations, and some, perhaps even worse.
 The second possibility is heard a little less frequently. But it bears examination. It is possible that four major universities are not in the National Federation because their Student Government is not sufficiently mature to concern itself with the workings of the organization or to make an effort to appreciate the work that is being done, or, indeed, to do some of the essential work itself. It might be that there was a student council president who didn't realize that it was his duty to see that the students reaped the benefits of their NFCUS membership. Or it might be that there was a NFCUS Chairman and Committee who were prepared to do the work necessary to make the National Federation a living entity on the campus. These things have been known to happen.
 But the likeliest explanation of the fact that ALL Canadian students are not members of the National Federation is found when joint blame is laid at the feet of student government and of the officers of the National Federation. Student leaders are expected to provide a pipeline between the National activities of the Federation and the individual student. But, often they do not. Responsibility for this failure lies with the National Federation when the National Office and the Executive fail to provide sufficient information to local representatives, and when they fail to provide that stimulus to the imagination which is so necessary to make anyone an effective servant of the ideals of the Federation. On the other hand, responsibility for the failure lies with local representatives when they fail to respond to the information and stimulus provided for them; when, in short, they do not become convinced that the work of the Federation is vitally important for the students of Canada and for the nation.
 Outside of the individual failures, then, it would appear that responsibility for disaffiliations is to be held to failures of communications. And here, eventually, is the greatest

Letters to the Editor

TO THE STUDENTS OF U.N.B.
 Today a plebiscite is being held to determine whether or not we at this University are to remain in a National Federation of Canadian University Students. Before you vote — THINK.
 A federation of university students of Canada — is such a federation worthwhile? Should Canadian students have an organization through which they could speak as one strong voice? Such an organization as this exists in Canada under the abbreviated name of NFCUS. If we withdraw our support from this Federation, what harm can come of it — any?
 Here below is a list of what automatically happens:
 1. The Student Federation is immediately weakened. The attempt to speak as one voice no longer carries the same weight.
 2. We at U.N.B. are immediately outside of any benefits that can be obtained from the Student Federation and therefore see any benefits gained pass us by.
 3. We immediately lose any benefits that the Federation has offered in the past. These would include: Student Discount Service, Regional Scholarship programme worth \$500.00, Art Contest, Short Story Contest, Life Insurance plan.
 To students who believe that the Federation is presently operating incorrectly or even partially so, they must realize that to vote against retaining this University membership is to abruptly cast aside any possible improvement that they may suggest. Improvement of the Federation can only be carried on from within its ranks.
 THINK CAREFULLY, AND THEN VOTE.
 Hugh B. Gibson,
 Secretary, NFCUS Committee.

The Editor,
 The Brunswickan,
 University of New Brunswick,
 Fredericton, N.B.
 Sir:
 Wednesday afternoon I attended a meeting of the S.R.C. as an observer at which Mr. Jack Ernst made the following statements:
 (1) That a petition requesting a referendum on the N.F.C.U.S. issue was a vote of non-confidence in the S.R.C.
 (2) That because of this non-confidence vote, the entire S.R.C. was obliged to resign.
 (3) That the president of the S.R.C., Mr. Richard Hale was negligent in his duties in that he had not pushed the N.F.-C.U.S. campaign on this campus to his fullest ability.
 (4) That the entire council had failed to represent the students in this issue and had spoken only for themselves without knowing anything about N.F.C.U.S.
 I would like herewith to attempt to clarify this issue. I would also ask that all persons reading this do so with an open mind and try to make their own decision on this matter.
 I shall deal with the issues in order of their appearance above.
 (1) Being one of the students who signed the above mentioned petition and having discussed this matter with several others, I find that none of them intended it as a vote of non-confidence.
 (2) If the petition can be considered only as a petition and not as a vote of non-confidence, it becomes ridiculous to ask the S.R.C. to resign.
 (3) Article VII, Section 2 of the constitution of the S.R.C. states: "The President shall be responsible for maintaining this constitution and the efficient administration of the laws of the S.R.C. and all other organizations subsidiary to that body and any other student organization similar to those aforesaid which may from time to time be created."
 At no point in the constitution is it stated that the president of the S.R.C. must do the actual work of any organization. If this task has been assigned to Mr. Hale by the national office of N.F.C.U.S., then that body is taking liberties which are set up in the constitution. It cannot be considered the job of the president of the S.R.C. to stir up enthusiasm for every organization sanctioned by the S.R.C. The appearances are therefore that the fault lies with the local N.F.C.U.S. committee.
 (4) It should be realized that the S.R.C. is composed of human beings subject to making errors, and perhaps after weeks of listening to pro-N.F.C.U.S. and anti-N.F.C.U.S. persons talk in circles, allow personal feelings to sway their decisions. NEVER has the issue for N.F.C.U.S. been presented in a clear and concise manner to the S.R.C., nor has the issue against N.F.C.U.S. been much better. For this reason, no person concerned with either side of the issue can really say the S.R.C. was not doing its job.
 If it can be shown, and I believe it has been, that the above statements are reasonably accurate and not meaningless fabrications, it would appear that Mr. Ernst owes an apology to Mr. Hale personally and to the S.R.C.
 I would like to close by saying: if more people had put as much energy in constructive criticism as into destructive criticism, this issue would probably have been avoided.
 Thank you
 Yours very truly,
 G. M. McAllister

Dear Sir:
 Why gripe about fifty cents? It is a very small sum compared to what the average student spends. NFCUS asks for fifty cents of your money; that is all they request of you. You say you are not against NFCUS in principle then why not give it a chance to become in practice what it is in principle. Don't withdraw your support now when it is needed the most. NFCUS on this campus is just beginning to function properly. Give them a chance by giving them the price of a movie.
 Yours sincerely,
 David George
 Freshman Rep.

N.F.C.U.S. OR FUNGUS?
 If by now any reader is unaware of N.F.C.U.S. then he is asleep or stupid. For the past month pros and cons have been generously spread, most of which are just a mass gathering of all the issues that have been hashed many times in recent years. Finally the initiative has been taken. On Wed. 22, 1956 our S.R.C. passed on a petition of referendum to give you a long-awaited chance to
 problem to be faced in a country such as ours. There is no magic solution. But there are two things that can be done.
 First, the National Federation can strive to improve the quantity and quality of information it provides for the student leaders of Canada and, eventually, for each individual student. And, secondly the students of Canada can make a sympathetic effort to think of the interests and problems of Canadian students from their own viewpoint as Canadian Students.
 Peter Martin, ITEMS

DO YOU FIT?

(When Dr. Sidney Smith, President of the University of Toronto, welcomed the students of that University at the opening of the fall term, he had some poignant things to say. Two paragraphs in particular were interesting.
 The Engineering Institute of Canada brings these paragraphs to our attention in the belief that they are full of good advice, particularly at this time of year, and in the hope that they may help you to get the maximum out of your opportunities at university.)
 "You have freedom of choice, and by inescapable equations your choices will bring you profit or loss. If you choose to work, you will pass: if you don't, you will fail. If you neglect your work, you will dislike it: if you do it well, you will enjoy it. If you join little cliques, you will be self-satisfied; if you make friends wisely, you will be interesting. If you act like a boor, you will be despised: if you act like a human being, you will be respected. If you spurn wisdom, wise people will spurn you: if you seek wisdom, they will seek you. If you adopt a pose of boredom, you will be a bore: if you show vitality, you will be alive. If you spend your free time playing bridge, you will be a good bridge player; if you spend it reading, discussing and thinking of things that matter, you will be an educated person."
 "If you have come here for social prestige, you can get what you are after, but you may not like it much when you have got it; you would really have done better to concentrate on debutantes' parties. If you have come here to learn to make money, you can get what you are after, but you run the risk of finding yourself unhappy in your goal; you would really have done better to get into the building trades or the stock market. If you have come here to be a personality kid and win friends and influence people, you might get what you are after, but it would have been quicker and cheaper to take a course in salesmanship. If you have come here to learn to serve your fellowmen as a member of one of the learned professions you are in the right place. If you have come to study the most important ideas that mankind has evolved, you are in the right place. If you have come to penetrate the fascinating mysteries and powers of nature, you are in the right place. If you have come to learn of the cultural and intellectual heritage of the past, so as to stand on the giant's shoulders and see farther, "to follow knowledge, like a shining star, beyond the utmost bound of human thought," you are in the right place. You may never get what you are after, but in the trying you will become what you could never otherwise have been, and these next few years that you spend here will be the keystone of the arch of your experience."

declare your views by vote.
 Basically the idea behind N.F.C.U.S. is good. Need I tell you what they are? Just read any of the propaganda sheets that have recently flooded this campus. They glorify N.F.C.U.S. to the ultimate, but has N.F.C.U.S. done anything to support their so-called aims? They point to a few obscure achievements attained over 26 long, long years. Nationally N.F.C.U.S. would appear quite dormant. Locally a few "eager beavers" have been driven to tremendous efforts and we now have their pre-vote ace-in-the-hole, Student discount service. Anyone for flowers? — 10% off. In all this I would remind you that N.F.C.U.S. on a national scale does not seem to be able to boast one recent gain for students.
 "Give us a fair chance", they cry. I say, "give us a chance to show what can be done right here at U.N.B. with the funds from N.F.C.U.S."
 Over this entire issue many people have been freely airing their dirty laundry. Anti-N.F.C.U.S. supporters have been tagged for resorting to underhanded tactics in their campaigning. For those who could not be present at the above mentioned S.R.C. meeting, let me review an incident of the meeting which was not only the height of poor taste but also the lowest form of campaigning ever displayed on this campus. In that meeting a spokesman for N.F.-C.U.S. openly charged the president of the S.R.C. of falling down on his duties to support N.F.C.U.S. I would here remind you and him that the president of the S.R.C. is obliged to remain neutral and give no opinion while chairing a meeting. Out of meetings, he can side with whom he chooses. This is democracy. The spokesman referred to the referendum as a non-confidence vote by the students and in face of this called for a resignation of the president. Think a minute and then join with me. How stupid can one get to suggest such a thing? How low is one stooping to blame his own inadequacies and failings on others?
 Today you have a chance to elect a new S.R.C. If you think a change is due, go to it. You will also vote on N.F.C.U.S. Think long, think rationally, think hard and think for your benefit. Vote no to N.F.C.U.S.
 Sincerely,
 Barry Ritcy

Sophomore Candidates PRESIDENTIAL CANDIDATES Seniors

GEORGE BASTIN

During the past year, I have watched with interest the workings of our SRC and I feel that what we need above all is TRUJE class representation. This I would propose to give you, representation which would voice your opinions. I shall also, if I am assured of your support, strive for a final answer on the NFCUS question, and stricter controls on the budget. I am a member of the University Investment Syndicate, as well as Business Administration and Camera Club.

TED BOSWELL

I was a freshman forestry representative on the Students' Council for 1955-56. While on the Council I was a member of the applications committee and took an active part in all debatable points. As co-chairman of the Ticket Sales for the Winter Carnival I proved myself capable and responsible.

If elected, I will do my utmost to uphold the rights of the Sophomore Class.

JIM MacDONALD

The Editor,
The Brunswickan,
Dear Sir:

Through the medium of your paper I should like to express my views, as a candidate, on the forthcoming election.

Running for the position of presidency of the Students' Council it is not, I feel, proper for the candidate to make campaign promises or express personal views. Personal views are not important as the president does not form the policy of the council. It is up to the students' through the representatives they elect, to form the policies. This has not been so in the past. The reps. have on many occasions expressed personal views rather than the wishes of the students must examine the candidates' qualities before marking their ballots. This should not be a popularity contest. The person who is elected president must be for the students.

I urge all students to get out and vote for the candidate that will represent, faithfully, and protect your views.

In closing I should like to say that I am prepared to serve the students for the coming year if they feel that I am qualified to be their president.

Thanking you, I remain,
Yours very truly,
Jim MacDonald.

HAZEN MARR

Dear Students:

I have accepted the nomination for President of the S.R.C. because I feel my experience in campus organizations as well as with the S.R.C. itself qualifies me to properly handle the situation. I have been Chairman of the S.R.C. Social Committee for the past two years, Feature of the Brunswickan, worked with the Red 'n Black four years. Before changing to Arts, I spent two years in Engineering where I was elected Vice-President of the Engineering Society.

I have seen the S.R.C. change from an organization which derived its power from control of the purse to one with few financial problems and more time to spend promoting student affairs. The changed status of the S.R.C. requires a new outlook. The governing body must begin to take the initiative; to originate ideas of its own. The Winter Carnival is an excellent example of the situation. The S.R.C., instead of promoting it from the beginning, waited until it was all but forced to go along with the idea. This is the sort of thing that should be changed.

If I am elected, I will endeavour to put these ideas into effect. Also, I strongly urge you to consider the candidates for Representatives for no S.R.C. can work for the student unless the students are well represented.

Hazen Marr.

JIM McKENZIE

To U.N.B.'ers

A candidate for the Presidency of the S.R.C. cannot put forward any specific platform since he acts as an impartial chairman. As a member of the executive he must, of course, carry out such functions as you, through your elected representatives, direct. Rather than advance his own ideas, his duty is to see that every proposal from the students be given a fair hearing and consideration.

If you, the Students, see fit to elect me to the position of President of the S.R.C., I shall endeavour to work in co-operation with YOU to give the Student Government you desire. I shall work for all students to the best of my ability. My aim will be to encourage efficient and responsible Student Government of which we at U.N.B. may be proud.

In addition to having executive experience in various campus organizations, I have also served as your Treasurer for 1955-1956, a post which has given me an insight of the present strength and weaknesses of the S.R.C.

No President of the S.R.C. can function adequately without a good Council. I therefore urge you to take as much care in your choice of candidates for executive and council representatives as you will, no doubt, in your choice of President of the Students' Representative Council.

Yours sincerely,
Jim McKenzie

ELSWORTH BRIGGS

I have been associated for three years with Drama and Debating Societies; I am President of the Junior Class and will be next year's Football manager. The SRC itself should make more attempts to control expenditure, so that money is spent in the best interests of the Student body. The SRC should develop intelligent attitudes towards campus organizations, but have no more than a general regulatory function in relation to them.

ROSIE HARRIS

As House Rep. of the Maggie Jean Residence, I'm open to first hand "pros and cons" of University affairs, but of course, that doesn't mean that I don't hear opinions from the majority of our UNB population, namely boys. As a member of the Pre-Medical Society and Ski Club Social Committee, as Secretary of SCM and having worked in Carnival activities, I've learned to view University problems with an open mind.

PETER KENT

I finished high school in Montreal and moved to Fredericton last summer. Since I have been at UNB, I have joined the University Band, the staff of the Brunswickan, the Camera Club, the Canterbury Club and the Curling Club, in which I am on the executive. I also instruct a class for the Royal Life Saving Society. If the Sophomore Class of 1956 chooses me as their representative to the SRC, I will see that the best interests of the class are put before the Council and strive to see these interests realized.

BARRY RITCEY

I can suggest no other policy than a true unbiased representation of you, the student. Prior to this bid for office, I have not been directly associated with administrative work at UNB, but in two years here, I have played football, have helped prepare for the winter carnival and the Red

HERB SHEPHERD

During the academic year of 1955-56, I served as a freshman engineering representative on the Students' Representative Council. I was a member of the SRC Finance Committee and helped in the presentation of the Fall and Spring Budgets to the SRC. During the Winter Carnival, I was instrumental in the sale of Carnival Tickets. As a member of the Residence and an active participant in student activities, I will do my best to serve the Sophomore Class and its interests.

DICK STEEVES

I came to UNB from Hillsborough and Moncton High Schools as a Beaverbrook Scholar. Here I joined "The Brunswickan" staff as assistant Business Manager, and also the Curling Club. If elected I will direct my voice and vote toward maintaining a fair and, at the same time, efficient, SRC in which the views of the Sophomore Class are clearly and wholeheartedly stated.

PETER WILLIAMSON

I am a resident of Boston, Mass., and am studying Business Administration at the University. I was a member of the Varsity Swimming Team last year, and have served a term through your vote. If you see it advisable to return me as a Sophomore Representative, I will carry out my duties to the best of my ability.

WILLIAM RAY

I have been nominated for the office of Treasurer of the S.R.C. and feel if elected, I can do an honest and competent job. I entered the University last fall as a Freshie-Soph in the Faculty of Arts, after attending the University of Bishop's College. This year I was Co-chairman of the Executive Committee of the Winter Carnival. I have been elected Vice-President of the Arts Union.

My only platform is to promise to attend to the S.R.C. finances in YOUR best interests and to endeavour, if possible, to lower the S.R.C. fee without cutting the value received by the students, through more efficient management.

HANS FOERSTEL

Presently enrolled in the Civil Engineering Course, I have been a Sophomore Representative on the SRC for the past year. During the past year I also was assistant manager of the Varsity Soccer team.

While on the Council, I was a member of the Financial Committee; this experience and the experience I gained as business manager in high school, I feel, will be of great assistance to a treasurer. While I hope that you do consider my qualifications when you vote, I urge you to take an interest in these elections and to exercise your voting privilege and duty.

ELDON THOMPSON

I came to UNB four years ago as a Beaverbrook Scholar. Since that time I have become a member of the Engineering Society, Radio Club, Engineering Institute of Canada, and am a fourth-year member of the Residence Society. If elected I will do my best to follow the wishes of the often forgotten student.

JOHN TORUNSKI

This year I found myself in the position of manager of the Ski Team. Apparently some students feel that my efforts should, next year, be directed in representing the Senior Class in the SRC. If I am elected, I will do my best to make the "likes and dislikes" of the Senior Class heard.

JOAN YOUNG

I am an Arts Student presently enrolled in the Pre-Medical Society. As a reporter for the Brunswickan, I have attended most of the meetings of the SRC and would be able to represent the Sophomore Class. My activities up the hill this year included the ski club, cheerleading, the classics play and the float committee of the Winter Carnival.

Junior Representative Candidates

Vice-Presidential Candidates

GINO BLINK

I intend, if elected to be a representative in every meaning of the word, to raise the standards of the SRC review and improve the constitution. My experience in organizational and representative work is:— In Holland: Secretary and President of the educational committee at college; organizer and president of the Army Officers School Student Organization. At UNB:—Publicity Manager of WUSC; active in the Brunswickan, Drama Society.

SHEILA CAUGHEY

As past secretary of the SRC and having served as Freshette representative, I would like to offer myself as Junior rep. for the year '56-'57. My various activities include basketball, bowling, columnist for the "Brunswickan", and membership in the Engineering Society. If elected my aim would be to carry out the wishes of those I represent.

CLIFF EMBLIN

I have been asked to run for Junior Rep. for my class and since I have always been interested in student activities have decided to do so. I will endeavor to make known the likes and dislikes of my class. Also I will support any worthy project which will improve student government and promote student interest in the SRC.

DAVID BRYANT

I have been an active member of the Forestry Assoc. for the past three years. In '54-'55, I was manager of the track and field, and a member of the freshman week committee, and treasurer of the Forestry Assoc. This year I have been the secretary of the Association, and I worked in the Red 'n Black.

I feel that I have a varied background for organizational work and can serve you competently on the Council.

MIKE CAUGHEY

As a candidate for the vice-presidency of the SRC, I pledge myself to do all that is possible to promote good government on this campus - whether elected or not. If elected, I promise to represent you, the student of UNB, to the best of my ability.

I believe that any member of the SRC executive should have considerable experience in campus activities. Having been a member of the SRC for the past two years, a representative on the Athletic Board since its reorganization, president of the Radio and Curling Clubs, I feel that I have the background necessary to hold the position of Vice-President.

GORDON McALLISTER

During the three years I have been associated with the Student body at U.N.B., I have followed closely the activities of the S.R.C. and many of the associated organizations.

In this period I have served as interim-secretary of the S.R.C., Vice-President of the Engineering Society and treasurer at the S.R.C. and A.A.A. until circumstances prevented my return to the University last year. The experience in these organizations, I feel, supply me with the necessary experience and knowledge of the campus to represent the student body as Vice-President of the S.R.C.

STEPHEN FAY

Last year I came from England to enter this University as a freshman in the Arts Faculty. I came with an interest in Student affairs and this interest has increased throughout the year with regular attendance at SRC meetings. If I am elected I can assure you that my aim will be to vote as my class wishes, even if the views they express should conflict with my own wishes.

TOM FOULKES

I am a sophomore Forester hailing from Ottawa, in my first year. I was Vice-president of the freshman class and ran the football program concession. This year I was a member of the Red Bombers, and have been active in intramural sports. During the past term I have been a member of the SRC. If elected I shall do my best to represent the wishes of the Junior Class of '56-'57.

BRUCE GATES

It is my staunch desire to serve on the SRC as one of the four Junior representatives. I served two years on the executive of the Student Council in high school, and last year I was elected co-director of the Arts division of Queen's University Radio Station. Further-more, I believe that the course which I am following, Business Administration, is of great advantage in the managing of Student Activities.

HOLLIE CRAIG

I am a third-year Electrical Engineer hailing from Harvey Station, N.B., and am running for intermediate rep of the SRC. My interests are: Basketball, Badminton, and I am on the executive of the St. Andrews Young Peoples' Society as well as a student member of the Engineering Institute of Canada. If elected I promise to do my best to further the interests of my fellow students.

ART COWIE

Having taken part in several collegiate sports in the past few years, I propose, if elected, to widen my scope of interest in the SRC and take a fighting part in the individual student rights and beliefs.

WILLIAM GRIFFIN

I hail from Boston, Mass. and am registered in the third year Forestry Class here at UNB. I would like to present myself as a candidate for the position of Student Representative for the Intermediate class. I have had previous experience on the board of the SCM and this past year I have been the local Chairman for The National Federation of Canadian University Students and I would like it known that if elected I will remain very strongly pro-NFCUS.

LINDON GRAY

I came to UNB two years ago from Kemptville, Nova Scotia to enroll in the faculty of Forestry. I have been a participant in many campus activities. Athletically I have been active in swimming, skating and badminton and non-athletically in the Forestry Association, the Radio Club, the Flying Club, the Debating Society and I am treasurer of the SCM.

NICK TELLER

I came to UNB from Barbados, BWI, in the fall of '54 to study Business Administration. I have been an SRC rep. for the past two years, a director in the '55 Red 'n Black, Treasurer of the '56 Winter Carnival, and am advertising Manager of the '56 Yearbook. I shall strongly oppose all bias, and at once denounce any dishonourable attitudes that may be expressed within the council.

GAYLE WILSON

At the present time I am secretary-treasurer of the ladies' society, a member of the Residence House Committee, the social committee, and a columnist in the Brunswickan. If elected I will try my best to represent the interests of the Junior Class.

ROBERT MIYAGAWA

When asked to write a brief statement as a candidate for Intermediate Representative on the SRC, I was slightly at a loss for words. I have always been interested in the SRC but have not actually taken part in any of its activities. I have no election promises but, if elected, I shall try to do my best.

CAREL VAN VREDENBURCH

I want to thank the Intermediates for nominating me as your representative. I am from Holland and came to UNB to study Forestry. During the last three years I have been a member of the Forestry Association and a member of the ski-club. I was Junior representative in the SRC during the last year. If elected I promise to give deep thought to the several issues brought up in the Council and to safeguard your interests in every possible way.

WALTER DOHANEY

In the past I have not taken too much interest in the Student Council and have now come to the conclusion I have been shirking my duty to my classmates and myself. I think the Student Council should be a well knit group working for the good of the students on the campus and pledge myself in this respect if elected.

BOYS TAKE THE HINT

CO-ED BRUNSWICKANNE

CON IN TWO WEEKS

UNITED WE STAND - SOLIDARITY FOREVER

THIS IS IT, GIRLS! CO-ED WEEK AT UNB

Co-Ed Week is here at last. This is the ONLY week in the year in which the Co-eds take the initiative and the boys sit at home hopefully waiting for the phone to ring.

Beginning the week, we had our annual grudge game against the Faculty at the Lady Beaverbrook Rink. The two main events were followed by skating and dancing.

On Tuesday a basketball game between the Co-eds and the Boys Varsity Team proved beyond a doubt which is the weaker sex. A social evening followed and refreshments were served.

For Wednesday evening, a sleigh ride has been planned. However, if there is no snow, a splash party will be held instead. Later, there will be refreshments in the Ladies Reading Room.

Co-ed Week will not be without cultural entertainment. Thursday is the night that we plan to attend the One Act Plays, staged by the Drama Society in the Teacher's College.

Friday is Wolf Nite! This is the night that all Co-Eds (accompanied by a member of the opposite sex) attend the first show at the Capital Theatre. The rule is that you must buy lots of popcorn for your escort.

Saturday is the Co-Ed Dance. This year it is being held in the Student Centre. Those wearing blue jeans will not be admitted. Dancing from 8:30 to 12:00.

(Editor's Note) Due to the unfortunate lack of Co-eds on this campus, it is every girl's duty to take out a different man each evening, so that at least seven hundred men can be entertained!

Are You Prepared?

Most girls eventually marry, but how many of them are prepared to run a house before they marry? Since the only thing that most girls know about cooking consists of a limited knowledge of the intricacies of the can opener, may I suggest that this University conduct a short, basic course in the rudiments of Home Economics. This course should be a compulsory requisite for all Co-Eds. A course in Marriage might also be included. This should be a definite help to all those who will eventually enter the muddled state of "holy matrimony".

SHOULD WE ADMIT CO-EDS TO UNB? University Monthly Nov. 1885

The question of co-education is now occupying the minds of those most intimately connected with the University. The question, in its bearing on the educational features of our country, and, in particular, in regard to its effects on our University, is a most grave and important one. Whether or not we should adopt its principles here, is a question that has never been placed so prominently before our authorities, as at the present time; for in the matriculating class of this year were two young ladies; one, at least, of them is determined to attend lectures, if it is possible for a lady to do so. While it was the general opinion that she would not be allowed to attend, nevertheless there were many who could see no objections to her doing so, and some even went so far as to say that she could not be barred from lectures if she wished to attend. However, the matter, we believe, has been left with the Senate to decide upon at their next meeting.

Among the students, the gravity of the situation, in all its bearings, was fully realized. They would be most directly affected by the new departure, and the importance of the question was not lost sight of by them. All admired the young lady's determination, and, while many are upholding her cause by law and precedent, there were not a few who looked with unfriendly eyes upon her suit. While some saw more peaceful, brighter, purer days in store for the old University, when young ladies graced her halls and lecture rooms, others saw nothing but debility and ruin staring her in the face, when the girls were allowed to "turn the Wannigan into a Sunday school."

As the matter now is, we believe the subject will receive the grave consideration its importance demands. Ladies contend that they have equal rights with men, as far as education goes anyway; and no one, we fancy, would presume to deny them this. And so the question really is, not whether co-education in its wider application is beneficial, but whether it should be adopted in our own University. And when we remember that colleges, both at home and abroad, have found

BRIDGE ANYONE?

"Bridge, anyone," is a question which falls from the lips of almost every student at some time or other during his college career. Some use it occasionally, some have acquired the habit and ask the question regularly—every morning, afternoon and evening. It is heard most often in the residence or Student Centre, but in more subdued tones has been asked in dull lectures, the Paradise, the Art Centre, the library or in fact wherever there are four or more people who wish to engage in friendly conversation over a deck of cards.

To enlighten those to whom bridge is still a mystery—here are some of the finer points of the game.

The four main participants sit around a card table, a coffee table, or a small area of floor or bed. The extra sit on the sidelines, and are there to assist with the bidding and to carry on conversation in case someone gets too engrossed in the game.

Here are some explanations of commonly used bridge terms: Coke Hand—The rum is gone. Will you have some coke?

Weak Raise—I haven't got a damn thing, but we don't want them to play it, do we?

Double—Your partner hasn't got your other eight trumps. I have.

Finesse—I was sure that King was on the other side of the board.

Double Jump—I don't know what the hell you're bidding on.

Four No Trump—(According to Blackwood) You'd better have at least two Aces.

Armed with this information and definitions, you are now qualified to play in the best campus circles.

"BRIDGE ANYONE".

What Kind of Co-Ed Are You?

CIVIL?

This Co-ed has two distinct characteristics: 1) she is polite, obliging, not rude; 2) she is conversant on civil affairs—civil law, civil service, civil rights, civil war, civil institutions, civil marriage. Her popularity rating hangs in the balance, for the first characteristic makes her in great demand, and frankly, the latter damns her. This is the person the male student seeks for companionship. She is not a snob, a puritan, or a rube. She will not interrupt him as he expounds on some pet theory which he has been nourishing for ages. His ego is preserved.

It is the second characteristic that has the catch, however. This learning is apt to give a certain authority to statements on this subject that she may advance. This co-ed becomes someone who is not altogether relaxing, who may stimulate the conversation with some brilliant prediction of the presidential election and some devastating comment on the Beechwood project. This co-ed might him in the embarrassing predicament of not being the chief authority also challenge statements made by her male companion, leaving on all subjects.

ELECTRICAL?

According to the Oxford Concise Dictionary, this co-ed possesses certain characteristics pertaining to electricity, a peculiar condition of the molecules of a body or of the ether surrounding them, developed by friction, chemical action, heat, or magnetism. Wow! How could she go wrong?

Yet some men prefer women who are attractive, but not so magnetic that they draw all males to their vicinity. They prefer their women of a more conservative nature, who will not keep the limelight themselves for any length of time. They also hate the feeling of rejection they get from this Co-ed's ability to choose her dates, not to snatch at any stray straw in their direction.

MECHANICAL?

Ah! here's the gem, the rubber stamp that should receive our boy's approval! She's the gal who automatically and sweetly supplies the "yes", the "no", the smile, at the correct pauses of his conversation, whose family car and whose clothing are modern, whose family car is available and a convertible, whose clothing is stylish, yet conservative.

BUT some men dislike this type, they want someone who has an independent thought, who remains fresh, interesting, different. Then some others don't. I ask you? How can a girl win?

MALES ★ ★

How Do You Rate For Co-Ed Week?

NAME: _____ AGE: _____
 Height _____ Weight _____ Coloring _____
 Do you have a car? _____ Your Own? _____ Convertible? _____
 Do your parents live more than 1,000 miles away? _____
 Do you have access to an apartment? _____ Your own? _____

 Can you dance? _____ Heads? _____ Mambo? _____
 Do you snore? _____ Jive? _____ Mando? _____
 Do you like Teachers' College girls? _____
 Can you paddle a canoe? _____
 Do you wear a tie with sports shirts? _____
 Are you one too? _____

It will be well to remind the males who answer this questionnaire for co-ed week, that he will not score 100 by answering yes to all the questions; some definitely should be answered no. Those wanting their questionnaire marked please hand them to Fred Drummie and you may be considered for co-ed week invitation, if your score is 80 or better.

ODE TO A CO-ED

(Original title appeared as "Ode to a mannequin")
 Dummny in the window I,
 Gaze upon your curves and sigh.
 Seldom never do I see
 Girls who boast such symmetry.
 But I've seen many far more than
 some,
 Who are equally as dumb.

the next academic year. With a little ingenuity we see no reason why the UNB could not adopt co-education. If the authorities think so too, then send along the girls, and we are sure they will be well received. It is true they could not attend a "smoke-out", nor, perhaps, fire the cannon on Encenia night, but there are many things they could do to keep the UNB up to the times.

Perfect UNB Man

Hair—Lindon Gray
 Eyes—Roger Houde
 Shoulders—Jim Milligan
 Height—Jim McLeod
 Teeth—Roddy Clarke
 Car—Russy Dexter (without wife)
 Physique—Bob Prosser
 Personality—Mike Caughey
 Brains—Lloyd Higgs
 Sports Ability—Guy Doiron
 Smile—Ted Stevenson
 Ambition—Fred Drummie
 Speaking Voice—Colin B. Mackay
 Dancing Ability—Jim Brooks
 Nose—Pete Williamson
 Singing Voice—George Andrinovich
 Sense of Humour—John Burns
 Manners—Phil Hooper
 Complexion—Jim McKenzie
 XXXX—Pete Coombes
 This is all in fun, because if there were a man like this a girl probably couldn't get him and if she did, she would get very tired of him.

THIS IS US, GIRLS! CO-ED LIFE AT UNB

A co-ed's life has two divisions, academic and social. Since academic success is assured through the Co-ed's innate intelligence, diligence, and common sense, it is the social life with which we are concerned, and of which most people are misinformed. Much of our leisure time is spent playing bridge, dancing, and chatting; therefore we are accused of being fluffs, of coming to college for the social life and contacts, and to fulfil the impelling motivation of females—marriage. These accusations have been accumulating for years. Now is the time for their refutation.

DEAR MISS DIX:

I am a girl 25 years old and instead of marrying I am planning to go to college, and get a B.A. degree; but would a B.A. degree give you the same satisfaction a husband would? Miss Dix, is my boy friend a good Catholic or is he trying to get rid of me? He has given me up for Lent.

The doctors have diagnosed my case as nervous prostitution.

I have never gone wrong, Miss Dix, as fortunately I know none of the facts of life. Will you please tell me where I can get the information?

My boy friend is always running after other girls—in other words, he has a bad case of female troubles.

I am not exactly engaged but have had an affair-de-car.

Though I have beautiful hips and bust I am not a success with boys as I also have high ideals.

I am interested in being a nice girl, but not of course if it is going to interfere with my popularity.

I have just found out that the man I am engaged to is already married. Wouldn't I be justified in breaking our engagement?

I am awkward and ill at ease with my girl friend and have great trouble in finding some place to put my hands. Please tell me where to keep them.

Our club is giving a dance. I have a gray sleeveless dress and a black one with long sleeves. Which one shall I wear, if any? Should a girl sit on her boy friend's lap in his coupe if there isn't room for her on his seat?

Beauty Hints

Ladies, this is Miss Beauty Full, here again to give you a few hints on the way to be lovely. If you follow faithfully these simple techniques, you'll be on the way to matrimony in no time at all.

The most important part of good grooming is the hair. For that ultraglamorous, fried, frizzled hair style, shampoo your locks with "New Blue Cheer"; it lightens without bleaching.

To give you that skin they love to touch, finish off your nightly facial with a good brisk rubdown with snap, and for that finishing touch, sandpaper makes your skin glow with loveliness.

For white sparkling teeth, a mixture of Javex, Bon Ami, and Bleaching Peroxide is always good. But more important for a kissing sweet breath, chew betelnuts. Remember co-eds, your smile is spoiled if your false teeth are dingy and yellow. One quick soak in this mixture purifies your plate.

If you are too tall and find it hard to get dates, amputation below the knees produces effective results, or the hammering down of your arches, and even though it may put you in a wheel chair for life, will positively increase your list of male admirers.

And for those sexy, alluring toenails, pinking shears are just the thing.

One last tip—if you have long black unsightly hairs growing out of your ears, don't fret. Just go to your corner drugstore and buy a Prom Home Perm and in no time at all, you'll have gorgeous ringlets.

BRIDGE

Certainly we play bridge, but we are careful to play only in our leisure time. It is an essential part of our humanitarian education, supplementing our lack of mathematical training, stimulating our minds to systematic thinking, and assisting the cause of world peace by installing the principles of cooperative action.

DANCING

Dancing is the means of releasing inner tensions, of fulfilling inborn urges for self-expression. These are important services, for their suppression could lead to serious mental disturbances. Since dancing is also a form of exercise, and since exercise stimulates mental activity, dancing is physically beneficial. Again the cause of world peace is aided through practice in cooperation, although in this case cooperation follows the internationally famous pattern of following the leader.

CHATTING

And as for chatting! One must learn to speak one's language well—and one of education's best principles is that of learning by doing. Invaluable informal practice and the formation and expression of ideas is acquired, as well as training in criticism, for nothing can encourage criticism in women as much as a statement made by another woman.

SOCIAL LIFE

What's social about life at college? We do have occasional dances, but these are at such long intervals that the spirit of a university social life is quite lacking. Of course there are basketball games—but what's social about them? It might appear that the fountain of college social life is the bridge game, since this is the most apparent form. At any time one can find students seriously contemplating thirteen numbers in various combinations and various colours, as well as in various patterns. The deep silence blanketing the group is broken only by a deeply meditative, dedicated voice solemnly intoning, "One Club", with periodic explosions of chatter during which time each player tells the other players (at once) what he (or she) did wrong. Then silence resumes for the next hand has been speedily dealt. What's social about that?

READING ROOM

To my mind the most social life is found in that forbidding area, the reading room of the library. Although we are constantly reminded that this room is for study and that quiet is requested (which reminders are practised), this room has an atmosphere of friendliness, of conviviality, of conspiracy lacking in the bridge-subdued lounge of the Student Centre. Here people fortively whisper hello, smile at their friends, indulge in lengthy conversations with the age-old device of sign language, recapture the spirit of public school mischievousness as they write notes to their friends, and occasionally vacate to the lobby as the discussions become too involved for silent argument.

MEN

Do you actually think that a Co-ed's main interest is in men and marriage? It's a well known and well supported fact that a smaller number of female college graduates marry than a comparative group of non-college females. Actually this is a logical conclusion, when you consider that in her four years needed to obtain a bachelor's degree, the co-ed has been in contact with a great many men with different types of charm, ambition, and interests. Being herself educated, independent, and self-sufficient, why would she voluntarily harness herself to a man for life?

IT'S X OR AXE NEXT

UNB's basketball powerhouse, the Red Raiders, currently are lying in wait for either St. Francis Xavier University of Antigonish or Acadia University of Wolfville, the opposition it has to overcome if it's to bring Maritime Intercollegiate Championship hoop honors up the hill.

The rampaging Raiders, riding the crest of a three-game winning streak, have already claimed the N.B.-P.E.I. title for the second straight season. They clinched the honor last Saturday night, over on Prince Edward Island, when they executed St. Dunstan's University of Charlottetown, 69-38.

The victory over the Islanders streak on its home floor last gives UNB's hoop crew a clean 4-0 Saturday night. The loss UNB record for interprovincial competition this season. The unblemished record puts them atop of the three-team standings, out of the reach of either St. Dunstan's or Mount Allison University of Sackville.

In second place are Saints with 1-2. Mounties stand last with 0-3. Each of those teams has one start remaining, against each other this week, but can't possibly overtake Doug Rogers' Raiders.

While the identity of UNB's opponent in the Maritime final has not yet been established, the dates for the two-game, total-point session are set. The round opens at the Lady Beaverbrook Gym the week-end of March 10th. For the windup the scene shifts to N.S. on March 17th.

Saturday's victory gives Raiders a record of 12-9 for a varied agenda of activity so far. In regular Northeast College Conference competition against five U.S. quintets, UNB finished strong to compile a 4-6 standing. In the NECBC tournament, Raiders picked up consolation laurels with a 2-1 performance.

More consolation honors came to the Raiders for their performance in the Saint John Invitational Meet on a 1-1 showing. A split in two exhibition contests and the 4-0 mark in N.B.-P.E.I. activity rounds out Raiders' 21 outings.

ENDS SAINTS' STREAK
In addition to gaining the spot in the season's final, UNB ended an extended St. Dunstan's winning 21 performances.

- THE AVENUE FLORISTS
- HERBY'S MUSIC STORE
- KILEEL'S SHOE SHOP
- GAITY MEN'S SHOP (except on UNB jackets and crests)

Only students who show their identification cards will receive the benefits of this 10 per cent discount.

Devils Come Close But Lose 'em All

In their final Intercollegiate League game of the season, UNB's Red Devils dropped a close contest 7-6 to the Mount A skaters by virtue of a Mountain score in a 10-minute overtime period at Sackville.

Showing a more spirited brand of play, with better teamwork and passing than they have all season, the Devils opened fast and led 1-0 at the end of the first period on a shot by Jim McNutt from Pete Coombes and Pete Mockler.

Both squads scored a trio in the second stanza to make the tally 4-3 for the Hillmen going into the final frame. Adding another marker in the first few minutes of the third period, the contest appeared to be in the bag for UNB when the score stood at 5-3 with less than six minutes to play. In the next five minutes, Mount A scored three quick goals to go ahead 6-5 for the first time of the game. With less than a minute to go, UNB knotted

the score and missed another golden opportunity.

In the 10 minute overtime session Mount A poured on the power, finally coming up with the game-winning goal.

Although the sin-bin saw its share of tenants during the evening, a fairly clean game was played, with no major outbursts on either team.

Brown in the Devils' goal played an outstanding game, turning back numerous Mounty attacks and snaring many would-be counters. Coombes with two goals and three assists lead the Hill team, while McNutt, Flienger, Mockler and Savoie picked up the other counters.

Although they turned in a creditable performance in their last two contests, UNB's hockey squad ended up with a winless intercollegiate season, dropping all six of their league games.

UNB Tops Maritime College Badminton

University of New Brunswick's badminton team turned back five challengers, among them defending champion Dalhousie University of Halifax, N.S., and took possession of the Maritime Intercollegiate Badminton title in court work Thursday at Lady Beaverbrook Gym.

The Red and Black net artists piled up a total of 16 points in the combined men's and ladies' events. That was three better than Dal managed and 13 more than St. Mary's University of Halifax could accumulate.

Three of the competing schools floored squads for both the men's and ladies' play. They were UNB, Dal and Mount Allison University of Sackville. Tying part in men's play only were St. Mary's, Nova Scotia Technical of Halifax and King's College of Halifax.

Al MacDonald and Diane Johnstone brought the singles' titles home to UNB. MacDonald, senior artsman from Saint John, finished ahead of St. Mary's Eric Hines in the men's action. In Ladies' play, Johnstone, sophomore arts from Moncton, triumphed over Anne Stacey of Dal.

Dal claimed top positions in both doubles affairs. In men's events, following the competition, which opened at 9 o'clock in the morning and closed at 5 in the afternoon, the competitors attended a dinner at the Memorial Students' Centre on the UNB campus. Guest speaker was Prof. C. W. Argue, a former star in Maritime and National badminton circles.

Tournament manager was Al MacDonald. He replaced Dick Brown due to the latter's illness.

Maine Lives Up To Reputation

A group of skiers representing the University of Maine visited the campus over the week-end for an informal meet and a chance to ski the Royal Road Ski Hill, in preparation for next year's home and home competition between the two universities.

Excellent conditions prevailed for Saturday morning's cross-country run, in which a course record of 29:21 was set by Akers of the Maine squad. Two other Maine men came in with times just over the 30-minute mark. Rated as one of the top cross-country squads in the United States, the Mainers certainly proved their worth.

Saturday's jumping contest was slightly dampened by the weather, but jumps of over 60 feet were made. Akers again taking the lead on both jump and style.

On Sunday, the weather again took a turn for the worse, and due to an icy, dangerous course, the planned slalom races had to be replaced by a shorter informal race.

The skiers from across the border found the hill to their liking, and the meet was termed "very successful." Both squads are looking forward to next winter's home-and-home series.

Times were taken to allow the visitors' comparison with times at other meets.

Cross-country: (M)—29:21; Cowett (M) 30:30; Goutil (M) 30:53; Reed (M) 35:03; Merrill (UNB) 36:05; Torunski (UNB) 36:05; Allebone (UNB) 43:27.

Jumping: (Numbers given are total points, style and jump) Akers (M)—394.08; Bergh (UNB)—373.86; Cowett (M)—341.05; Reed (M)—332.30; Cushing (UNB) 323.48; Ad-dley (UNB) 316.95.

Slalom: (Times given are total for two runs) Elliott (M)—76.4; Merrill (UNB)—80.1; Akers (M)—80.5; O'Connell (UNB) 85.5; Sanborn (M)—86.4; Bergh (UNB)—93.0; Cowett (M)—95.9; Balch (UNB)—96.7.

"Engineers 1-2 beat Foresters 9-1 and Engineers 3-4 topped Arts & Science 12-5."

"When is the first game of the best-of-three finals?" "This Saturday."

BOYS!

The annual Interscholastic Basketball Tournament will again be held in the Lady Beaverbrook Gymnasium on March 1, 2, and 3. Members of the University of New Brunswick, upon presentation of identification card, will be admitted free to all sessions, except the semi-final and final matches which will be held on Friday evening and Saturday afternoon.

WATER POLO

"Tell me, Mr. Jones, what were the scores of the water-polo semi-finals?"
