

MASSACRED BY MOHAMMEDANS

Armenians Killed Wherever Knife or Bullet Could Reach Them. Girls Carried Off to Become Wives or Slaves of Rich Men. Turkish Soldiers Threaten More Massacres—U. S. Cutter There.

SCENE OF ARMENIAN MASSACRES.

Marash, Asiatic Turkey, May 13.—Discrepancies continue to be received here from the countryside of Armenian villages having been sacked by bands of Mohammedans, who, acting on the supposition that the Armenians were rising against the Government, were quick to strike the first blow. The men were killed whenever found within reach of knife or bullet. The girls received no consideration, and some of them were carried off to become the wives or slaves of rich men. Houses were sacked and then burned, and farm animals were driven off. The entire population of Bechkeny, 2,000 souls, moved to the Zeitoun region for safety. In other towns, notably Yankoun, the Armenians were well supplied with rifles, and kept off large numbers of besiegers. There are probably 14,000 refugees in Marash.

THREE YEARS ON FORGERY CHARGES.

Jack Hyde Pleaded Guilty This Morning and Will Go to Kingston Penitentiary.

Pleading guilty to three charges of forgery during the last year, John Hyde, late chief clerk to the roadmaster of the Toronto, Hamilton & Buffalo Railway, was this morning sentenced to three years at Kingston Penitentiary. Mr. George S. Kerr, K. C., counsel for the prisoner, said that Hyde had worked well and faithfully for the company, and had been well liked by the employees. If the offences of which he had been found guilty stood alone, he would have asked the court for a light sentence, but it was unfortunate that Hyde had a past record, having served three years for participating in a drunken row about fifteen years ago. Since his release from prison about thirteen years ago, Mr. Kerr pointed out, the prisoner had conducted himself in a thoroughly proper manner, and had won the confidence of all with whom he had been

connected. About a year or so ago, his brother and also his father died, and he had been in adversity. The brother had left a widow and children, who looked to him for support, and in a moment of weakness he had yielded to temptation, and fell from the straight and narrow path. "I would ask that the court temper justice with mercy in this case," were Mr. Kerr's concluding remarks. Judge Monck said there was apparently nothing but the charge of drunkenness and of attempting to steal a man's watch in 1891. His Honor then announced the sentence of three years. Hyde received the sentence with an immovable countenance.

THREATEN MASSACRE.

Cologne, May 13.—The Koelnische Zeitung publishes a despatch from Saloniki saying that the Young Turk officers at Erzurum, Asiatic Turkey, have sent a telegram to the local officers of the committee of union and progress declaring that their soldiers are refusing obedience, and demanding the restoration of the Sheirat and at the same time threatening a general massacre. The message begs Scheffet Pasha, the commander of the third army corps, to send representatives to quiet the troops and the people, and concludes with the statement that the Young Turk officers do not dare to show themselves abroad.

U. S. CUTTER ARRIVES. Alexandria, Asiatic Turkey, May 12.—The United States revenue cutter Tacoma arrived here to-day for the protection of American interests. This vessel was on her way to the Pacific coast via the Suez Canal, and was diverted from Gibraltar. She is the first American ship to appear in Turkish waters since the beginning of the massacres and disorders in Asiatic Turkey.

SPENT A LOT.

Maple Leaf Park Improvements Cost \$100,000.

It is estimated that over \$100,000 will have been spent at Maple Leaf Park by the end of next week and a trip to the grounds will convince one that the estimate is not far out. The park will be one of the most complete on the continent and will be the means of bringing many people to Hamilton as many big picnics have already been booked here and many more will be booked during the next month. The Greater Hamilton Exposition which opens at the park on Victoria Day will be a success, judging by the interest the local merchants and manufacturers are taking in it. The space for exhibition purposes has all been taken up and applications for lease space have been received by the management. The exposition will last two weeks and some good attractions are being booked including Kemp's Wild West Show, which is now showing in some of the big cities in the United States, and will go from here to Cleveland and Buffalo. The Thirteenth Band has been engaged to play during the first week, and the Ninety-First will play during the entire second week. Many outside bands will appear here so that there will be plenty of music. The annual show of the Hamilton Kennel Club will be held in the big theatre building during the first three days of the exposition.

BIGAMY AT 21.

George Pearce, Arrested Here Goes to Central Prison.

"Bigamy is getting to be a little too common," said Magistrate Pearce yesterday in committing George Pearce, 21 years of age, to the Central Prison for one year, with hard labor. Pearce was arrested in Hamilton a week ago and was taken to Toronto, where he pleaded guilty.

"What would justify a boy of his age marrying two wives?" asked the Magistrate of Mr. T. C. Robinette, K. C., counsel for the prisoner. "The young man thought that he had a right to marry after his first wife had left him," answered the counsel.

"My first wife and I could not agree," broke in the prisoner. "So you thought that you would get another," retorted the Colonel. His first wife went into the witness box and stated that her mother and his mother had told her things that resulted in their separation.

The second wife, who was 16 years old when married, said that she had been acquainted with him about two months. "She only knew me two weeks," exclaimed Pearce. "She told me she would be satisfied to marry me under any conditions. She could not get offing with her mother, and was eager to get a home of her own."

Proper Care You should take proper care of your teeth. Parke's Thymol Tooth Paste is made for careful people who appreciate good teeth. It is an antiseptic cleaning paste that prevents decay, hardens the gums and keeps the teeth in perfect condition. Sold in 15 and 25c tubes.—Parke & Parke, druggists.

BURLINGTON METHODISTS.

Progress of Church Under Present Pastorate Most Satisfactory.

Burlington Methodist Church held its last quarterly official board meeting of the conference year this week. During the present pastorate the offerings of all the connexional funds have advanced and the missionary givings have more than doubled. The total contributions were over \$7,000. Within the last two years, over and above the ordinary funds and running expenses of the church, \$4,250 has been raised by special offering, liquidating the debt on the entire church property. During the last three years, no quarterly meeting had passed without additions to the church, and one hundred and twenty-seven have been received into church membership. After a careful revision of the church register, deducting the names of those who have died and removed by letter, the present total membership is 540. The following stewards were elected for the ensuing year, O. T. Springer, Geo. Allen, T. Ghent, William Sharpe, J. Smith Freeman, E. Williamson, H. A. Lorimer. From the above stewards, O. T. Springer was elected recording steward.

W. F. W. Fisher was appointed lay representative to attend the annual district meeting, which is to be held in Burlington next Tuesday and Wednesday.

WHEAT \$1.28.

Another Record Made on the Local Market To-day.

Wheat advanced two cents a bushel on the local market this morning, selling at \$1.28. This is the highest price reached in Hamilton in the memory of any person who is connected with the business here now. The scarcity of the article is the cause of the advance. Farmers in this part of the country have marketed pretty much all their supply, there having been a rush to the market when the dollar mark was passed a good many weeks ago.

GUNS HERE.

New Equipment For Field Battery Has Arrived.

The new 18-pound quick-firing guns for the Fourth Field Battery have arrived, and at the parade to-night the men will be instructed as to the points of difference in their mechanism from the old 12-pounders. Major Tidwell is anxious that there be a large parade to-night, as he wants to get the men all in shape to use the new guns. Two of the guns arrived yesterday, and the other two will be here this evening, together with their equipment. These guns are from the latest design and have all the improvements.

BLAMES THE COW.

Why the White Plague Has Not Been Stayed.

Washington, May 13.—That the vigorous campaign against tuberculosis has failed to check the great white plague was the startling charge made to-day by Nathan Strauss, the New York philanthropist, at the 5th annual meeting of the National Association for the Study and Prevention of Tuberculosis here to-day. The reason for this failure to make headway, Mr. Strauss declared, was the neglect of the mischief wrought by the tuberculosis leish cow. Citing the results of scientific investigation and his own 18 years' experience in saving lives, he summed up by saying that the abolition of tuberculosis will begin when it is made a crime to sell milk unless it comes from tuberculin-tested cows or has been properly pasteurized.

GOOD RESOLVE.

Toronto Millionaire to Give His Wealth to God's Service.

Louisville, Ky., May 13.—The sensation of the Southern Baptist convention in this city was an announcement to the laymen last night by Joseph N. Shenstone, millionaire manufacturer, of Toronto, Ont., that of his immense fortune he would keep only enough for his future living expenses, and would devote the remainder to the service of God.

James Walsh, who was injured yesterday while driving a delivery wagon for Stevenson, the plumber, is little the worse for his experience. He left the hospital last night.

TO SAVE FIVE CENTS

Pittsburg, May 13.—To save five cents bridge toll, five foreigners, who had been out of work for many months, attempted to cross the Monongahela River at McKeesport, a suburb, yesterday in a small boat, which sank as they got into midstream, and drowned three of the men. Five hundred school children, enjoying their first day's diversion in a new playground, saw them drown. Expecting to find work at Glass Port, the men, with but a few cents in their pockets, found an old boat, which had been washed ashore, and rather than spend one cent each from their scanty hoard, they entered the boat. They were within 25 yards of the further shore when the boat shipped water and sank.

THE MAN IN OVERALLS

Out of sight, out of mind, still the suffering in Armenia is just as terrible as if it were at our own doors. Have you a dollar to spare for these people?

"Whip behind, master." Every now and then something happens that should lead parents to warn their children not to hang on behind wagons. In our crowded streets the pastime is too dangerous.

Get posted on the by-laws. Gipsy Smith expects a big harvest in Toronto. He may not be disappointed.

Go to to-morrow's meeting and get pointers on how to make a Greater million.

Prevention is always better than cure. Make a point to learn all you can from the Anti-Tuberculosis Convention here next week.

The Beach Commissioners might popularize their reign by inaugurating a series of open air band concerts on the board walk for the benefit of the natives, as well as the visitors.

With the new roadbed and the new cars, a trip on the street railway may be claimed as a luxury.

Would it be too much to ask what has become of the long proposed and deferred Caledonia railway? Any chance of getting a ride on the cars this summer?

Is anybody doing anything by way of preparing for the preliminary district meeting for the Provincial Liberal Convention?

I meet a lot of people who are worrying themselves out of their proper rest over the Kinrade case. They want to know what the next move will be, and what the Government is to do, and a lot of other stuff. Now, I escape all that, by just not bothering my head about it. I have plenty of worries of my own without borrowing other people's.

Then there's the Dreadnought scare that more than worried a lot of us, and some of us have not got over the shivers yet. But I am optimistic enough to believe that the British Empire will pull through all right. Result—No worry.

This year's City Hall baseball team may manage to squeeze into the juvenile league, they tell me.

Mrs. Fessenden's day will soon be here, with its lessons of loyalty and imperialism. Rule Britannia and the Maple Leaf Forever, not forgetting Fair Canada.

In the New York police's annual parade last week the police dogs attracted much attention. There were ten of them, and although they were only about twice the size of rabbits, the Deputy Commissioner said that any one of them was as useful in a rough and tumble fight with night prowlers as two men would be. Now, Mayor McLaughlin might look into this dog matter. If they are what they are claimed to be, dogs such as these would be a cheap addition to our force, and a very welcome one. We should have half a dozen of these animals trained before winter.

TWO YEARS.

Former Dundas Woman Sentenced at Warren, Ohio.

Warren, Ohio, May 13.—Mrs. Abbie Cross, of Jamestown, N. Y., charged with administering poison to Ida J. Maynard, pleaded guilty on Tuesday. Mrs. Cross was alleged to have been in love with Maynard and jealousy of Mrs. Maynard was given as the motive for the crime. Mrs. Cross was sentenced to two years' imprisonment.

Some years ago the parties in this case were residents of Dundas.

A meeting of the united chapters of the Imperial Order of the Daughters of the Empire will be held on Saturday morning at 11 o'clock in the Board of Trade rooms.

BIG ESTATE DEAL ON BARTON STREET.

Mills Hardware Company Buy and Will Erect a Large Business Block.

A large real estate deal has just been closed which is likely to give renewed impetus to that section of the city which has sprung into such prominence in the past few years—Barton street east. The development of the north eastern part of the city as a manufacturing, business and residential section, has been very marked. Traffic, vehicular and foot, on Barton street, is enormous. Now that the reconstruction of the street railway on that street is to be pushed along and a permanent pavement laid the future progress of the section is assured. The Mills Hardware Co. have been quick to see the future of a new and greater Barton street, and have secured the best location for business purposes west of Woodlands Park, covering a frontage of 100 feet on the north side and running east from Cheever street,

upon which are now erected four buildings. These will be torn down and there will rise in their place the finest business structure in that section of the city. This purchase will establish a fixed centre from which will radiate a very valuable business locality and real estate in the immediate vicinity will increase greatly in value. The Mills Hardware Co. will carry a large stock of general hardware, paints, oils, groutware, and sporting goods, and will put themselves in a position to supply every requirement in their line. Plans are now being prepared and tenders will be called for in a short time for the new building. The firm will still retain their John street store and the two will work in connection with each other. Mr. Richard MacKay, the well known real estate man, secured the property for the new owners.

JURORS DIVIDED IN THEIR OPINION

Some Strongly Resent the Idea of "Butting In" the Kinrade Case Again.

Lost Sight of Kinrades

(Special Despatch to the Times.) Montreal, May 13.—The latest word from Boston is to the effect that the Kinrade party have successfully eluded the watchful reporters. It has been definitely ascertained that they did not sail from Portland to-day. It is believed they are either in a private house in Boston or else embarked from there on a freight boat. All trains to New York were watched, but they did not go there.

Provincial Detective Miller was in the city for a short time this morning, for the first time since the close of the Kinrade inquest. The shortness of his visit gave rise to a rumor that spread rapidly. It was to the effect that he had applied for a warrant, and had left as soon as possible to execute it.

Asked if he had issued a warrant or had been applied to, Magistrate Jelfs this afternoon said, very emphatically, "No." He added that he had not seen Detective Miller and that, as far as he knew, there was absolutely nothing new in the case. Unless some decisive action is taken at once by the Attorney-General's Department in the Kinrade murder case an effort may be made to have the inquest, which ended abruptly, reopened, so that the jury can replace the open verdict with one so strong that it cannot be ignored by the authorities. Eight or ten of the jurors are said to have favored this verdict, and can be relied upon to back up any move that will give them a chance to place it before the public. Foreman R. B. Spera promised this morning that he would take the matter up with Coroner Anderson to-morrow, unless the Cabinet this afternoon took some action on the recommendation made by the Crown representatives, and which it is understood will force the crisis. Although Mr. Spera says that eight or ten of the jurors are behind him, there can be no question that the jury is divided on the advisability of taking any further action or meeting to pass any resolution. Some of them feel that they fulfilled their duty when they returned their verdict, and that any further move on their part would be bad. (Continued on Page 10.)

NEW PASTOR.

Rev. E. H. Tippet Begins His Duties Next Sunday.

The new pastor of the First Congregational Church arrived here to-day, and his installation takes place on Friday evening.

A tea meeting for mutual acquaintance will precede the installation at which other Congregational ministers and representatives of other denominations will be present. The First Church looks forward with much interest and hopefulness to the ministry of Rev. E. H. Tippet, who is a man of high character and enthusiasm as well as a good preacher. He begins his work here next Sunday.

The lecture room of Calvary Church, Montreal, was overcrowded on Tuesday evening with members of the church assembled to bid farewell to the Rev. E. H. Tippet on the eve of his departure for Hamilton.

On behalf of the church, Mr. J. R. Douglall, the senior deacon, read a farewell address and presented Mr. Tippet with a purse of money.

Mr. Tippet, when he rose to respond, said that words failed him, and he only wished that all the good things which had been written and said of him were wholly true, but he was going to try and live so that these things might be more true. The Sunday school teachers presented Mrs. Tippet with a gold watch as a memento of her faithful service as primary superintendent. Mr. Tippet briefly expressed thanks for his wife. Little Miss Enid Tippet was not forgotten, for Miss Jessie Duff, on behalf of the Mission Band, presented her with a complete set of books, "The Elsie series." On her behalf, Mr. Tippet thanked the Mission Band for their kindness.

STOLE \$25.00. A thief entered the kitchen of Louis Rodgers, 51 Kinrade avenue, yesterday afternoon and removed a purse containing from \$25 to \$30. The theft has been reported to the police, who are investigating. The people were in the house at the time, and the culprit is believed to be someone familiar with the plan of the place.

CUT THROAT IN THE STREET.

Member of Michigan Legislature Attacked and Wounded.

Lashed and Cut With Some Sharp Instrument.

Suspect Arrested and Fought Desperately With Police.

Lansing, Mich., May 13.—Representative William H. Schantz, of Barry County, was attacked on the street to-night and several cuts inflicted on his throat. Not only did he lose a great deal of blood before medical attention reached him, but the wounds are very deep, and the outcome is in doubt. James Duggan is under arrest on the charge of having committed the assault, and though he answers the description given by Schantz of his assailant, and a bloody razor was found upon him, any motive on his part for such an assault seems to be lacking.

At the time of the attack Mr. Schantz was proceeding along Lenawee street to his room. He met the man several blocks from the business section of the city. As his assailant approached he grasped Schantz by the arm, and said: "Here, I want you." at the same time beginning to slash at the legislator's throat with some sharp instrument.

Three of the cuts were in Schantz's throat on the right side and one was on the jaw on the right side. Schantz, in a frenzied fight, managed to break away and ran down the street, while the man who attacked him went the other way.

Soon Schantz met Ald. Gansley and shouted: "For God's sake where can I find a doctor? I am bleeding to death." Gansley hurried the wounded legislator to a drug store and from there to a doctor. He was bleeding profusely and was terribly weak, but luckily the slash- ing had missed the jugular vein. An ambulance was called and the legislator removed to the hospital, where his wounds were cared for.

Within an hour after the assault the police had captured James Duggan, a well known crook, at the Grand Trunk yards, after a desperate fight with the police in a box car. Schantz had been able to give the representative a description of the man who attacked him, which caused Chief of Police Bernhard to announce it was Duggan, as only a few minutes before Schantz was attacked two of his officers had picked up Duggan on the street where Schantz was attacked and attempted to arrest Duggan for begging. He broke away from the officers, however, and ran toward the place where he met the legislator.

On Duggan was found a broken old razor, the blade of which was covered with blood. The police believe that Duggan intended to hold up the representative, as they say he has been arrested and convicted of that crime before. He was only released from the Flint jail yesterday, and he has a long criminal record in this and other cities.

Schantz is marked for life as the result of the cuts inflicted on him. One on the right side of his face, along the jaw bone, extends from near the ear around to his chin.

On arriving at the police station Capt. Shattuck, Detective Rowell and Patrolman Ball had another fight with their prisoner and they were obliged to handcuff him in a cell to quiet him. In a frenzy the prisoner shouted for a gun and seemed fairly beside himself at his inability to cope with the officers.

Several complaints have been made to the police about young men and boys riding bicycles on the sidewalk on Herkimer street and vicinity. Constables Clark and Hill were sent up yesterday with instructions to take the addresses of any such offenders and summons them.

As a consequence Lawrence McNeeny, 349 Herkimer street; Lewis Christie, 18 Melbourne street, and Morley Jones, 381 Herkimer street, appeared before Magistrate Jelfs at the Police Court this morning charged with riding on the sidewalk. All three pleaded guilty, and were fined \$5 each.

Charles Jenkins accused Lewis Franks, 521 Mary street, of using profane language. "Oh, I'm guilty, but I was compelled to use it," said Franks. "It was all over a dog fight."

"I don't see why a dog fight should cause you to swear," remarked the bench. At this point both defendant and complainant began to talk loudly, one trying to drown the explanations of the other.

"You are fined \$5," said the Magistrate. But both men continued to talk until finally the chief advised Franks to pay his fine and get out.

Mrs. La Clare was summoned by Truancy Officer for not sending her son to school. As the lad had left the house early this morning, she could not bring him to court, and the case was laid over. Mr. Hunter said that nothing could be done with the boy at home, and the best thing that could be done was to send him to the home in Toronto for a few months.

MAY BE DROWNED. Ottawa, Ont., May 13.—Mrs. McClaren, of Portage du Fort, Que., has been missing since Sunday, and it is believed that while temporarily deranged she wandered down the river and drowned herself. No trace of the body has been found, though dynamite is being used in an effort to raise it.

OBITUARY

Funeral of Late Fred Shaver, Ancaster Pioneer.

The funeral of the late Frederick Shaver, one of the pioneers of Ancaster, took place yesterday from the home-stead, and was largely attended by relatives and friends of the deceased. Service was conducted by Rev. Dr. Scanlon, who made feeling references to the exemplary life led by the deceased. The burial occurred at the family burying plot, a short distance from the home-stead. The pall-bearers were six grandsons, William Shaver, of West Ham-boro'; Bruce Shaver, of Ancaster; Harry Shaver, Fred Tallman, Frank and Warner Howell, of this city. There were many beautiful floral tributes. Among the relatives from the home-plot, were Wm. Daniels, a grand-nephew, John Shaver, a nephew, and Mrs. Diggs, a grand-daughter.

The funeral of Edward Cleary took place this morning from his late resi-dence, Hughson street north, to St. Mary's Cathedral, thence to Holy Sepulchre Cemetery. Rev. Father Weider said mass at the church and officiated at the grave, and the pall-bearers were Messrs. John Cleary, John Nelligan, Donald Warren, W. Ross and H. McGill.

CAMP WALNUT

Last of a Series of Socials Held Last Evening.

The members and friends of Camp Walnut turned out in large numbers last night at the last of the series of social gatherings, the purpose of which was that outsiders might have an opportunity of becoming acquainted with the members, and that the membership might be increased. The camp has not long been organized, but owing to the energetic efforts of the officers the membership has increased rapidly. Last evening's gathering was complimentary, and was addressed by Sov. John Pat-erson. Past Councillor Commander W. Gee was chairman. A programme was provided, consisting of instrumental se-lection, Tregunno brothers; duet, A. Chase and A. Fairwell; solo, Miss Mc-Clary; selections by the Woodmen's quartette; recitation, Miss Nash; solo, Mr. Hill; solo, Wm. McGill. Refresh-ments were served by Whaneteka Circle and the ladies spared no effort to make this the feature of the evening. Danc-ing was then indulged in, and the music was provided by Mrs. Banfield.

MISSING BODIES

Searching for Remains at Bethle-hem Stone Quarry.

Much Dynamite Still Unexploded—Further Danger Feared.

Albany, N. Y., May 13.—Search for the fragmentary remains of the victims of yesterday's explosion at the Olanian stone quarry at South Bethlehem was resumed to-day. Fourteen bodies had been recovered last night. The others are either buried under the tons of rock displaced by the premature blast or have been blown to such small bits that it will be a practical impossibility to recover them as bodies. Of the fourteen bodies recovered, several have been iden-tified. The number of dead was believed to be twenty or twenty-one, but the exact number may never be known. The Cal-anian Road Improvement Company em-ployed scores of Italian workmen, sev-eral of whom fled in terror when the explosion occurred. Twenty-five hun-dred pounds of dynamite still remains unexploded in the quarry, and workmen are fearful that an attempt to search for bodies under the rocks displaced may result in further explosions and increase the death list. Coroner Ray, of Albany, visited the scene of the explosion to-day and probably will conduct an inquest.

LICKED TWICE

Port Colborne Man Badly Beaten in Buffalo.

Buffalo, May 13.—William Bush, of Port Colborne, Canada, yesterday morn-ing was thrashed aboard the steamer Chicago, and later was thrashed again by a gang of Ohio and Michigan street-fighters. Patrolman Scanlon sent the young fellow to the Emergency Hospital, where it was found his jaw was broken in two places. About 10 o'clock last night Captain Givrin and Detective Nolan arrested John Maloney, 23 years old, a fireman on the Chicago, who lives at 258 Elk street. The police say he admits beating Bush. He says the Canadian came aboard the boat and asked the chief engineer for a job and was told there was a full crew aboard. Bush jumped from the boat and ran down the street. Maloney caught up to him at Ohio street, and the stranger was thrashed again.

QUEER REVENGE

Chinese Sailors Promise to Commit Suicide, Failing Relief.

New York, May 13.—The unalterable determination of twenty Chinese sailors to commit suicide simultaneously and all in the same place, rather than keep their jobs, was a matter which to-day engaged the attention of three powers. The twenty Chinese are those who on Tuesday made a break from the Nor-wegian tramp steamer Hercules, docked at Tompkinsville. The powers involved were the Kingdom of Norway, the Chi-nese Empire and the United States. The matter which these three Governments took under advisement to-day was noth-ing less than the closing of four seas against a possible scourge of dreadful ghosts. Wah Sing has said it. But let the Her-cules sail forth from this port three weeks hence with twenty rebellious Chinese below her decks and before the steamer has been 24 hours at sea there will be twenty holes in the At-lantic Ocean, with a Chinese sailor at the bottom of each. After that, woe to the Hercules and Captain Bjerek, her skipper. Wah Sing and the nineteen other in-surgents were firm in their determina-tion not to sail again on his Hercules. If forced on the boat, they promised that hideous revenge.

GONE TO EUROPE

New York, May 13.—Wm. E. Corey, President of the U. S. Steel Corpora-tion, sailed to-day on a vacation trip to Europe.

TROUBLE IN LISBON

Lisbon, May 13.—Considerable uneasiness has been created here by the fact that during the past few days the gov-ernment has made a number of political arrests, searched the houses of various suspects and adopted a number of other precautions in fear of a plot or of a big republican demonstration to take ad-vantage of the present political anarchy in parliament. The local garrison is being kept under arms.

BURNED BY TROLLEY WIRE.

Miraculous Escape From Death of Wedding Guest.

Minister Receives \$600 and Three Months Leave of Absence.

Byron Walker a Judge—Co-opera-tive Gathering.

(Special Despatch to the Times.)

Brantford, May 13.—Rev. W. A. J. Martin, pastor of Zion Presbyterian Church here, on the occasion of the 10th anniversary of his moderation was pre-sented with \$600 by the congregation and given a three months leave of ab-sence to recuperate his health. The pre-sentation was made at the manse last evening, and Mr. Martin leaves to-night to consult Dr. Mayo, of Rochester, a noted specialist.

ALMOST ELECTROCUTED.

While driving a carriage from the Gibbons-Cockshutt wedding down Brant avenue last evening, Frank Ledditer had a remarkable escape from death, while one of the horses was instantly electrocuted and the other crippled for good. The cross wires supporting the trolley broke, letting the latter down, and the horses formed a ground circuit for the street railway voltage. Ledditer had his arm badly burnt in taking hold of the head of the horse, which straightened out in the road as a result of the current. The team belonged to the Hunt & Colter livery, and was worth \$600.

INSPECTING PAVEMENT.

Guelph's Mayor and aldermen were here yesterday inspecting the new plant of the Westrumite Paving Company, and incidentally looking over some pavement already laid. The aldermen liked Brant-ford as a city. While here they were ten-dered a luncheon by the Westrumite in-terests at the Belmont.

A FESTIVAL

Arrangements are under way for a big co-operative gathering at Mohawk Park in July. The boards of directors of Ham-ilton, Guelph and the local co-operation associations are in communication on the subject now. It is expected that about 600 will take part.

WAS DISMISSED.

Because George Chapman refused to attend drill instituted by Chief Selmin, his departure from the force was ordered yesterday by the Police Commissioners, to be registered as a dismissal. Edward O'Donald, a strapping 6 footer of Irish descent has been appointed in Chap-man's place.

TWO PER CENT.

A quantity of two per cent. liquor has been seized here by the police at local foreign joints and has been shipped to Toronto for analysis. Chief Selmin stated to-day that he believed the stuff was intoxicating as such a large number of men had been arrested around these resorts, all more or less drunk. Some of the bottles were registered pale ale and were manufactured at a local soft drink des-tillery.

WILL JUDGE DESIGNS.

Sir James Whitney has chosen Mr. Byron E. Walker, of the Canadian Bank of Commerce, to act as one of the judges in selecting a design for the Bell Mem-orial monument to be erected here at a cost of \$40,000.

GENERAL NOTES.

A box of steam plows fell on James Hunter at the Lockshutt Plow Works yesterday, off a wagon and injured his head, back and leg.

Alex. McHutcheon, of Paris, a well-known baker, brother of John McHut-cheon, of this city, died on Thursday at his home in Paris.

Robert Hawkes, injured by a boiler explosion at a local laundry, is still in a critical condition and it is said can-not recover from his scalds, which he received over three weeks ago.

FRENCH STRIKE

Report That the Postmen Are Not Having Much Success.

Many Refuse to Go Out and Others Return to Work.

Paris, May 13.—The number of strik-ing employees shows no appreciable in-crease this morning. The services are normal, and at some places, notably Bordeaux, the telegraphers who went out yesterday have returned to their posts. The concerted efforts of the strikers stationed at various bureaus in Paris to induce their comrades to join in the movement have been without ef-fect. The authorities are confident, and

PRESIDENT FALLIERES, Of France.

express publicly their firm belief that the strike will be over in a few days. On the other hand, the leaders of the strike claim that the Government is "bluffing," and that its figures regarding the number of men out are ridiculous. They declare the movement will extend rapidly, and they do not refrain from applying vile epithets to Premier Cle-menceau, Minister of Public Works Bar-thou, and other Government officials, and they intimate that the General Fed-eration of Labor soon will make a dra-matic appearance on the scene.

Only at Havre, where both the post and telegraph services are practically tied up, is the situation worse to-day. The batch of dismissals last night evi-dently has dismayed the rank and file. The Government this morning will ask for a vote of confidence in the Chamber of Deputies, and if this is obtained an-other and larger batch of dismissals will follow immediately.

Laugh and Grow Fat

In Two Words. They had sented themselves at a lunch counter. "What are you going to eat?" asked the doctor. "Clam chowder," answered the professor. "What for?" The professor thoughtfully stroked his beard. "I want to see if I can't get every-thing they've got here in short order," he said, looking at the doctor out of the corner of his eye.

Took Issue. Mrs. Highsome—"He preached to an audience of women, did he? And he took for his text, 'Let your women keep silence in the churches?' That must have seemed like a deliberate insult to all of you."

Mrs. Upmore—"Quite the contrary. You ought to have heard how he roasted Paul for writing those words!"

Possible Complication. "paw." "Well, Tommy?" "Do you believe there's people liv-ing on Mars?" "I see no reason to doubt it." "Well, wouldn't it be a good joke on 'em if they should find out, after we get to talking to 'em, that they don't know that's the name of their planet?"

Before Ways and Means Committee. "Father," said the young college student, unfolding a sheet of paper, "here is a careful estimate of what I shall have to tax you for my ex-penses next term."

"All right, John." The elder man took the sheet of paper and looked over it. Then he began making remarks on it with a pencil. "What are you doing, father?" asked the young man, uneasily. "son," answered the other, continuing son," answered the other, continuing to make marks with his pencil.

Belonged Together. Mother—Samuel, where are those green apples that I left in the pantry? Sam—They're with the Jamaica finger that was in the medicine chest.—Lippincott's.

A Home Ruler. Knicker—There should be an opposi-tion party. Bocker—Well, there's my wife.—New York Sun.

RAILWAY MEN.

Boston, May 13.—The consideration of the location of a national headquarters aroused the most interest at the third day's session of the Order of Railway Conductors' 32nd grand division in this city to-day. The most enthusiastic claim-ants for the honors were Indianapolis and Cedar Rapids, Iowa. The brother-hood of Locomotive Firemen was the host to-day and in the forenoon the visit-ing conductors and ladies were the guests of the brotherhood on a steamer excursion along the north and south shores.

HEAVY DAMAGES.

London, May 13.—The sensational "spurious china" case came to a sud-den termination this morning with the handing down of a verdict against a china dealer, named Arthur Ellis, for damages and costs aggregating \$55,000.

The latest popular song is entitled "Mother, Get the Hammer. There's a Fly on Father's Head."

Why He Quit the Church. Bishop Willard Francis Mallaline, of the Methodist Episcopal Church, is op-posed to the diminutive salaries that congregations, able to do better, some-times pay their pastors. "I once knew an excellent young man," said he, one day in Boston, to a New York Sun man. "He was in the church, just married, on a small salary, but contented and happy. Twelve or fifteen years went by. I had lost sight of this young minister—forgetting him, as we all do sometimes—when suddenly I met him on Tremont street, dressed well, but not at all cler-ical. "We shook hands. He said he was doing excellently. "What church?" I said. "Oh," he said, "no church—the whole-sale hat business." "But why did you leave the church?" I asked. "For seven reasons," said he. "And what," said I, "are they?" "A wife," he answered, "and six chil-dren." A lame excuse is one that doesn't go.

EDUCATE THE PEOPLE.

The Hamilton Health Association should be able to contribute materially to the interest in the Tuberculosis Convention to be held here next week, and which Dr. Roberts, Medical Health Officer, is so strongly urging upon the attention of the public.

THE END AIMED AT.

The Toronto News does not think that the House of Lords will dare to make a stand for class interests by rejecting the new British budget. It thinks that such a budget, increasing taxes upon land, liquor and estates, "cannot be unpopular with the working masses of the country"; that the Lords perceive this and will hardly, therefore, play into the Liberals' hands by rejecting it.

GOOD MORNING, MARS!

Prof. Todd, of Amherst College, wants to make an effort to communicate with Mars. He does not propose to conduct spiritualistic or telepathic experiments. A few years ago a local believer in spiritualistic phenomena informed us that he did not obtain his information of the "unknown" by human means, but took it "direct from the divine intelligences," and could "transport himself in the twinkling of an eye to the farthest spheres."

Prof. Todd considered that? Does he think that a system may be discovered which will benefit by the absence of atmosphere? And, if so, who is to ascend beyond our atmosphere and operate it? To think about it, is to confront new difficulties. If the Martians have turned their planet into a vast network of canals which seem to change under our telescopes, they may have made advances far beyond ours in other directions, and may be able to reach more than half way in their efforts to communicate with us.

THE BUSINESS MAN'S VIEW.

At the banquet given to Hon. P. C. Knox in Washington on May 6th, Henry C. Lewis, New York, delivered an address on "Peace, Through Arbitration," from a business man's point of view. Mr. Lewis asserted that neither national pride or commercial supremacy can atone for the bloodshed, or the lives of brave men slain. Honors heaped upon dead heroes do not feed orphans or make lighter the burden of widows.

It is almost amusing to find a Hamilton newspaper, pretending to wish to help along the Greater Hamilton boom, expressing itself as preferring to see Hamilton people take their custom away from a local industry, even if the service it gives was as good and as cheap as could be got elsewhere.

EDITORIAL NOTES.

The New York Board of Customs Appraisers has decided that cradles are not "furniture." The operation of a New York customs appraiser's brain is hard to follow. From the West comes the good news that the seeding is almost completed, and that the weather being favorable, a feeling of hopefulness for the success of the crop prevails.

OUR EXCHANGES

The Bible is being driven out of the Sunday schools by the leaflets and lesson helps. In one Ontario Sunday school not a Bible could be found. Is not neglect more dangerous than criticism?

POOR SPILLERS.

Toronto Public schools can produce a large supply of boys to go to England and shoot with precision. But Toronto Public schools are not producing an over-abundance of graduates to stay at home and spell with accuracy.

POOR DOGGIE.

With the opening of spring and the gardening season some complaints from various quarters against the vagrant cur. Woodstock suffers its full share from this familiar nuisance. A determined crusade might help to reduce the evil without harmful results to anyone.

HOW THEY HAPPENED.

According to the Dominion Railway Commissioners, seventy-two per cent. of the collisions and derailments which occurred on Canadian railways during the year covered by their latest report were due to failure on the part of the na-

proprietor to organize for the work. Most of the Opposition's great ideas end in talk. It is ever ready to place obstacles in the way of any measure of progress put forward by the Liberals.

Whitney has evidently almost persuaded himself that while he is to forego any other legislative authority in Canada is very much in the nature of a supererogation, and with a few hints from him it might be dispensed with. He has wired Sir Wilfrid objecting to Parliament adopting the waterways treaty. Is there not a little danger of Sir James becoming over-puffed up, like the frog in the fable?

"Light User."—The reduction to 75 cents as a minimum monthly charge for incandescent light and meter rent is a gain to many small users in the summer months; but you have been misinformed as to this "boom" having been secured by the present Council. It appears in the by-law passed by last year's Council and the company made 75 cents the minimum at the beginning of this year.

We do not hesitate to say that if this new contract had been made last summer, all the subsequent trouble and bitterness over the power question would have been avoided. We know at least that the Herald would not have put up the fight against the action of last year's Council which this journal waged for many months—a fight which has been fought to a successful issue.—Hamilton Herald.

It is to laugh! But if our contemporary thinks it "saves its face" by such flub-dub, let it pass.

The Hamilton Herald professes to regard the Cataract power contract now to be submitted to the ratepayers as vastly better than the one executed last year. And, oddly enough, it proceeds to add that it would prefer to see the city go into the Hydro scheme even if city and private users have to pay 10 per cent. more for their power and light. Could blind prejudice and hostility to the local industry go further? There's a "Hamilton first" friend!

It is now John Gordon Gibson, LL. D., an LL. D. to our distinguished townsman's name is exceedingly appropriate. Too often the grant of such honorary degrees has comparatively little meaning. In Mr. Gibson's case it stands for something tangible and well recognized by his fellow citizens of the Province and of the Dominion. Had McMaster searched our broad Dominion for the most fitting subject upon which to confer the honor, it could not have made a better selection.

The effort of the French postal and telegraph employees to paralyze business and compel the Government to submit to their dictation, has thus far proven a failure. The trades unions of the country are exhibiting great good sense in not joining with them in their revolutionary course, and the Government is adhering firmly to its determination not to give way to what is practically a rebellion. Hundreds of the recalcitrants are being dismissed, and the Ministry is confident of its ability to deal with the situation.

The many friends in this city of Mr. Frank Sanderson, M. A., Joint General Manager and Actuary of the Canada Life Assurance Company, will be interested to learn that the degree of LL. D. was conferred on him last evening by McMaster University. Mr. Sanderson has been for several years a member of the Senate of McMaster, and has been closely identified with its educational work. His services to the University and the deep interest he has taken not only in its work but in behalf of the cause of education generally, both university and actuarial, make it eminently fitting that his successful efforts in behalf of the students should be thus recognized.

WHEAT ALL IN.

Seeding in the West is Almost Completed. Winnipeg, May 12.—The C. P. R. crop bulletin was issued to-day, showing that seeding is practically completed in the country tributary to the system in the prairie provinces, and almost all the wheat will be in the ground by to-morrow night. Remarkable progress has been made with the work during the past few days. This is the most satisfactory news to the business world which has been available for some time. The speed with which the work has been done seems almost astonishing, but the ground evidently was in good shape.

employers to do their full duty to their employees, their fellow-employees and the public. These so-called accidents resulted in the death of 529 persons and injury to 1,309 others.

STREETS AS PLAYGROUNDS.

New York aldermen propose to convert portions of certain streets into playgrounds for a part of each afternoon. The intention is to debar traffic from these thoroughfares during specified hours. That is what Toronto may come to some day, unless the present generation is apart sufficient number of recreation grounds.

THIS IS IN TORONTO.

Here is one instance: A dirty hovel, the floor of which is broken down toward the middle, so that it rests on the ground, and the floor water stagnates for many months of the year. In it are three apartments bearing the semblance of rooms, and in these a family, consisting of father, mother, four children and a boarder manage to exist. The father has been out of work for months; the mother, soon to bear again the responsibility of motherhood, goes out daily to earn a partial support for the family by doing janitor work. In another case, a surroundings almost similar to the first, and this is what we find for months, and the mother looks so—the wonder is that it could be otherwise. The eldest son, a mere child, is a criminal, returning regularly to the hands of the police, and this is what we find in these two typical places to which we have referred can be called neither homes nor houses.

LISTENING TO THE BAND.

To hear band music out-of-doors, our people have to take the cars and go to one or two places in the east end, where they have to pay. We ought to have bands municipally provided. We are big enough as a city, and our people are musically inclined. Music is inspiring. If it is music of the right kind, it is ameliorating and elevating. There is scarcely a city of any size in England or on the continent of Europe that does not have a band to play in the parks or squares. If public music is considered necessary there, can we afford to do without it? That music does elevate taste is not generally disputed, and this is specifically testified to by the Parks Committee of the London County Council, which has found that the standard of musical knowledge of the average park frequenter is higher than it has ever been. Even in the poorest districts in which the Council's open spaces are situated, there is an ever-growing appreciation of good band music. So much is this the case, that before completing the musical arrangements for the coming season, members of the Parks Committee visited the various parks and made agreements with the band conductors to play in the parks, and in public places one-half the programme must be free from barn dances, cake walks, waltzes, hackneyed national fantasias, and similar pieces; and only one such piece is to be allowed in the other places where bands perform. Among the list of pieces not to be played at any of the performances given by the Council are such great favorites of the past as "Swanee River," "Way Down Tennessee," "Live on the Ocean," "Coon Band Contest," "In Old Kentucky," "Dusky Dinah," and a score of others. Among other regulations, it is provided that no having a foreign title must have the title translated into English—another "education made easy idea"—and that no two pieces by the same composer, however popular, must have a place in the same programme. That London considers music may be judged by the fact that the Council's Conservative one—is spending about \$65,000 on bands this summer, and that in many recreation grounds for which hitherto no music has been provided, bands will now play for the first time.

BOYS OF S. O. E.

Hamilton Juvenile Sons of England Lodge held a most successful anniversary entertainment on their last meeting night. There was a large turnout of parents and friends. The excellent programme consisted of: Piano solos by Misses Fanny Coutts, Mrs. W. Buckingham and Mrs. Rowley Bowker; songs by Mr. T. Bowker, Bro. H. M. Poole, Bro. C. Kemp, Bro. F. Hayward, and banjo solos and songs, Mr. Preston, W.P.D. Bro. J. W. Buckingham was chairman. During the evening he called on P. Bro. Ald. T. W. Jutten to present the retiring Juvenile President Bro. J. Pearce with a P. P. jewel and also presented the prize won by members bringing in most candidates. The first prize, a watch, went to Bro. Geo. F. Bailey; second, Boys' Own Annual, to Bro. C. Kemp; third, Boys' Own Annual, to Bro. H. Kempson. Credit was also given to the members of the lodge which was composed solely of juveniles for their able manner in getting up such a good entertainment. It consisted of P. P. Bro. J. Pearce, W. P. Bro. F. Goodenough, V. P. Bro. J. Hunter, Chap. Bro. N. Hunter, Bro. C. J. and H. C. Smith, Roy Wheaton.

WHEAT ALL IN.

Seeding in the West is Almost Completed. Winnipeg, May 12.—The C. P. R. crop bulletin was issued to-day, showing that seeding is practically completed in the country tributary to the system in the prairie provinces, and almost all the wheat will be in the ground by to-morrow night. Remarkable progress has been made with the work during the past few days. This is the most satisfactory news to the business world which has been available for some time. The speed with which the work has been done seems almost astonishing, but the ground evidently was in good shape.

DUNDAS NEWS.

Death of Charles Sturrock—Water Supply Good.

Dundas, May 15.—Among recent visitors in town were Miss Teresa Sheehy, Guelph; Mrs. Pettit, New York; Mrs. McNeish, Toronto; Dr. Lawason, Beamsville; Mrs. (Rev.) Vollek, Bartonville; Rev. Dr. Wakefield, Toronto; Wm. Stamford, Toronto; Percy Stock, Galt; Mr. Middlemost, Seaford.

At noon yesterday Mr. Charles Sturrock passed away. Deceased was born in the parish of Ayr, County of Perth, Scotland, eighty-two years ago. In 1854, the year of his marriage, he emigrated to Canada, and his fifty-four years in this country have practically all been spent in Dundas. He was a farmer by trade, but for the last twenty-five years he was engaged in the coal and wood business. His office was next to the Post Office, where his familiar figure was almost invariably seen at an evening. He was a member of Knox Church, and in politics a Liberal. He leaves, besides his widow, two sons and two daughters: James A. Sturrock, Dundas; John Sturrock, Hamilton; Mrs. W. F. Campbell, Hamilton; John Shaw, Calgary. The funeral will likely take place on Sunday afternoon to Grove cemetery.

A large and enthusiastic meeting of Valley City L. O. E. No. 1248 was held in the lodge room Tuesday evening last. The lodge was graced by the presence of Deputy County Master Wm. Hoey, County Secretary Jas. Mitchell, Past District Master Wm. Watson, and Bro. King, of No. 296, Hamilton.

Among visitors recently out of town were: Mrs. T. K. Anderson, Toronto; S. C. Patterson, in Brantford; Chas. Pennington, in Burlington; Peter Brady, in Skaneateles, N. Y.; Miss Marion Gwyn, in Toronto.

James Knowles, of New York, is here on a visit to his daughter, Mrs. (Dr.) Betram.

Mrs. Joseph Revell has returned from Chicago, where she has been spending the winter.

Miss Mary Stamford, of the Lakeside Hospital, Cleveland, is home for three weeks' holidays.

Gilbert Clark, of Calgary, and Miss Margaret Clark, a professional nurse, of New York, are home to attend a reunion of the family of James and Mrs. Clark, of Bullock's Corners.

Fred Slade and family have returned from England, and are living over Mr. Robt. Clark's grocery store. Mr. Slade is engaged in his former position as manager for Mr. Clark.

J. J. Steele sails on Friday by steamer Victorian, of the Allan line, for Europe, where he will join Mrs. Steele and Miss Mabel Steele in Paris, and accompany them home in July.

W. G. Mallett and W. H. Bates leave next Monday for their mining property in Temagami. They will take a cook and Blacksmith Minchin with them. Mr. Bates will be away for a couple of weeks, but Mr. Mallett will remain for the summer, to personally watch development of the mine.

Thomas Cartner has been called to Peterboro on account of the sudden death of his daughter-in-law, Mrs. Wm. Cartner. Mr. Wm. Cartner, formerly of Dundas, had been married only seven weeks, and his many friends in Dundas sympathize with him in his sudden and sad bereavement.

The annual meeting of the Mission Circle of the Methodist Church was held on Tuesday evening at the parsonage. The officers elected are the same as those of the past year. Reports from different departments showed very satisfactory progress for the year just closed. The first. It was decided that the closing meeting would be held in the form of a picnic, on Tuesday, June 8. After the business part of the meeting was concluded, Rev. Mr. Harvey was given charge of the programme, in which Miss Hatfield Quackenbush, Mrs. W. R. Saunders, Miss Moore and Mrs. W. H. C. Fisher took part. Refreshments were served.

There died on Tuesday at the Guelph Hospital, where he had undergone an operation, a well-known man of East Flamboro, in the person of Edward Carroll, who resided near Carlisle. He was 70 years of age. Besides a widow, he leaves two sons, both grown to manhood, at home. The funeral takes place Friday morning to Fredon. Deceased was in years past a frequent visitor in Dundas, where he was well known.

J. W. Boyle, chairman of the Fire and Water Committee, drove his committee to the reservoir and Greenville on an inspection trip yesterday, and on their return to town turned in a fire alarm, the firemen making a very creditable trip to the Town Hall, turning on the water in less than four minutes. There is at present a plentiful supply of water in the town reservoir, without drawing on the Cockburn dam.

The Redeptionist Fathers will open a two-weeks' mission in St. Augustine's Church, on Sunday, May 23. The first week being for the ladies of the congregation, and the second for the men. Rev. A. O'Reilly and Doyle will be in charge.

PATENT MAN DEAD. Washington, May 13.—Major Albert E. Johnson, one of the oldest practicing patent attorneys in the U. S., died here last night in his 83rd year. During the Civil War he acted for some time as private secretary to Edwin M. Stanton, Secretary of War, and at one time he was prominent in Masonic circles.

The only hope some have of staying in their heaven is that no wind will arise sufficient to blow any chaff over the walls.

Jews in Canada.

Rabbi Friedlander's Protest Against Bishop Sweeney's Sermon.

Question of Proselytizing Jews by the Christian Church.

To Bishop Sweeney, Lord Bishop of Toronto, Ont.

My Lord,—My attention has been called to the Mail and Empire of last Monday, containing an account of a sermon delivered by you on the previous day at Toronto, urging the necessity of Christianizing the alien immigrants who come to this country.

I would also ask your lordship on what grounds you can justify the charge of apostasy which you bring against them, based as it is upon a passage from the Bible admittedly difficult of clear and satisfactory interpretation.

I am sure you will believe me when I say that I had not specially any one class of the alien immigrants in my mind when I was preaching my sermon last Sunday evening.

My Dear Rabbi,—I am in receipt of your letter of the 30th April, and hasten to reply. I am sure you will believe me when I say that I had not specially any one class of the alien immigrants in my mind when I was preaching my sermon last Sunday evening.

Toronto, May 1st, 1909.

To Bishop Sweeney, Lord Bishop of Toronto, Toronto, Ont.

My Lord,—I beg to acknowledge receipt of your favor of the 1st inst., and whilst thoroughly appreciating the personal sentiments of good will and consideration for other communities which you express, I am unable to do it to consider that the whole subject of which you treated in your sermon was not an incidental reference, but forms part of a comprehensive plan promoted by various organizations immediately under the direction of the Church for the conversion of the Jews in this country.

These misguided efforts have ever been regarded by our community as an unwarranted interference with the sacred rights of our religious convictions, and are only an unhallowed instrument for sowing strife and discord in our midst.

In many instances the results of proselytization are only to be found in making the Jews worse Christians, introducing sorrow and dissension in the family circle, and destroying the moral fibre of its members bound together by the touchstone of a common faith.

Many of the missionaries employed by the Church are recreant Jews themselves, in many instances with unsavory records behind them, and these employ unscrupulous means in their propaganda work, invading the privacy of Jewish homes, and by the offer of material inducements, bribe and cajole them into attending the missionary halls.

The whole thing is a travesty in the realm of pure religious work, and an outrage on the feelings of your Jewish fellow citizens. I would ask your lordship what would Christians do if subjected to a similar process of proselytization, and as Christianity has adopted the golden rule, "do unto others as ye would be done by," why do they not the Church follow it?

Missionary work among the Jews is certainly not needed for the reasons advanced in your sermon. Your lordship appears to me to be little acquainted with either Jews or Jewish ideals. It is a very grave thing to assert that these people constitute "an element of danger to the future of Canada."

Permit me to say that this statement is belied by every experience in the history of nations. In whatever land they settled and their treatment accorded them they became an element of strength. In a very sensible degree they contributed not only to the development of its commercial resources, but left an abiding mark in the art and science and literature of their respective countries.

Your lordship can be assured that the same traditions will be followed out in the Dominion, and that granted fair play and opportunity they will be as successful here as elsewhere, and will in due time form not the least valuable element in its population.

I have further to point out to your lordship that there must be some fundamental error in pursuing a course which is ethically wrong. If, to assume an impossible hypothesis, you were able to convert all the Jews in the world, would you not be helping to destroy the testimony of God's living word and contradicting His promise of an everlasting covenant between Him and His people?

The best Christian minds, like the late Dean Stanley and Dean Bradley, have seen the question in this light and forbore from engaging in work of this kind. Besides, Christianity has her own great problems to solve. Her foundations are being undermined by assaults on the integrity of its hitherto accepted dogmas, and we have a right to say, "out your house in order" before attempting to meddle with others.

Although not of your faith, I fully recognize the existence of a measure of Divine grace in Christian duty and work as it has been interpreted and fulfilled in many fields of human endeavor, but there is such a thing as excess of zeal. Every institution should be circumscribed to its legitimate field of work.

The very moment it left that field it must expect to encounter opposition and angry reprisal. That may not mean much to a militant party in the Church, but it certainly conflicts with the traditional message of the higher and more spiritual of Christian principles.

"Peace and good will to all men."—I plead with your lordship for a broader, instead of a narrower, interpretation of this doctrine. In conclusion, let me earnestly beg of your lordship to inaugurate your Episcopal role, which I hope will be of extended duration, by desisting and causing those under your authority to desist from these unhallored efforts against the religious peace and honor of my people.

ple. Believe me to be, your lordship's obedient servant, Rabbi Friedlander. Hamilton, Ont., May 4th.

UNITY Y. P.

Musical and Literary Evening Was Creably Enjoyed.

A large number of the young people of Unity Church turned out last night to enjoy the programme which had been prepared for the regular meeting of the Religious Union, and which included numbers by St. Andrew's Church orchestra. The young people considered themselves fortunate in being able to secure the orchestra, and the selections it rendered were very pleasing.

The essay which had been prepared by Miss Marion Dixon, entitled "The Power of Music," was highly instructive, and showed the careful attention it had received. The power of music was shown to be effective in a number of ways. It adds new life to the weary and stirs up new energy in the despairing.

Mr. O. S. Marden gave an interesting talk, entitled "The Spirit in Which We Work." It dealt in a thorough way with the part the individual takes in making his work pleasant, and said that instead of working mechanically the people should practice working as though there was something deeper in it than merely the fact that it has to be done, and look upon it as though it were a burden and not a task that if done in a proper spirit would be enjoyed.

Others numbers which helped make the evening pass pleasantly were as follows: Recitation, "The Girl Heroine," Miss Myra Perkes; dialogue, "The Interviewer," Mr. Perkes and Mr. Bath; reading, entitled "Mastering Our Moods," Miss Edith Mawson; recitation, Mr. R. C. MacBirn.

TO THE FALLS.

Grocers Will Stick to Their Old Picnic Ground.

The Grocers' Picnic will go to Niagara Falls this year. That was decided yesterday afternoon at a meeting of the Transportation Committee of the Retail Grocers' Association. There had been some talk of holding the annual affair somewhere in the neighborhood of the city, and there had been a suggestion that the Maple Leaf Amusement park be utilized, but it was shown that there are thousands of wives and children who look forward to this one particular day for an outing, and the grocers could not go back on both. The day will be July 21st and 22nd. The H. & B. and G. T. B. will be used, the same as last year.

GIRLS' HOME.

Annual Meeting at the Institution Yesterday.

The annual meeting of the Girls' Home was held yesterday afternoon, at the institution, George street. The reports were of a most encouraging nature. They showed the number of girls at present in the home to be 47, the lowest number during the year 40, and the largest number 51. Not a death has occurred during the year and the health of the children has been carefully attended to. During the epidemic of scarlet fever and diphtheria no visitors were allowed to see the children.

The secretary emphasized the need of more canvassers as increased funds are needed. A legacy of \$500 was received from the estate of G. H. Bisy and \$150 from William James Dundas. The treasurer's report showed the total receipts to be \$3,556.46, and after all expenses had been paid the balance of \$85.95 remains. The officers were re-elected and are: Mr. Lucas, First Directress.

Mrs. Malloch, Second Directress. Mrs. F. M. Wilson, Treasurer. Miss Gavigler, Corresponding Secretary. Miss Walker, Recording Secretary. Miss Mathews, Associate Secretary.

THE SOLDIERS.

Kilties Skirmish at Victoria Park—Dragoons Parade.

Considering the fineness of the night the "Kilties" parade last evening was rather a disappointment, there being only 419 men out. Instead of the usual street parade the men marched to Victoria Park and some time was spent in skirmishing drill. The parade was as follows: Lieut. Col. Bruce, Major McLaren and Roberts; Capt. Bell, adjutant; Capt. Chisholm, paymaster; Capt. Somerville, quartermaster; Capt. Dixon and Lieut. McEdward, surgeons; Capt. Drummond, chaplain; Staff-Sergeant, Band 34, Buglers 31, Bearers 12, Signallers 10, Pipers 20, A 39, B 35, C 37, D 30, E 29, F 38, G 32, H 43, total 419.

The initial parade of "C" Squadron 2nd Dragoons was held last night in the old drill hall and a goodly number of applicants were on hand. Major W. L. Ross made a few remarks on the fine turnout and the remainder of the evening was spent in instruction under the Sergt.-Major.

Capt. Thompson Lawson received a letter to-day from Col. Langton informing him that the instruction class would be opened to-morrow evening. A special instructor will be sent from Stanley barracks for that purpose.

Muskoka Express. Commencing Saturday, May 22nd, and continuing until June 25th, Sundays excepted, passengers may leave Hamilton at 9 a. m. via Grand Trunk and connect with a special train of parlor cars and modern vestibule coaches leaving Toronto at 10.15 a. m., arriving at Muskoka Wharf at 1.40 p. m., making direct connection with the Muskoka Navigation Company's steamers for all points on Muskoka lakes. This convenient service will be appreciated by the cottage owners. Regular summer service starts June 26th. For tickets and further information call at city or depot ticket office.

Sheffield

Mr. David Wood, of Clyde, spent Friday at Mr. J. Hood's.

Mr. Jas. Montgomery was in Lusknow on business last Tuesday.

Thos. Cooley spent Tuesday with relatives in St. George.

Miss Crawford, of Brantford, spent the week end in the village.

Mr. Thos. Cornell, of Galt, called on friends here last Saturday.

Mrs. Nelson Culham has returned from a two-weeks' visit with relatives in Brantford.

Mr. and Mrs. John Hay, of Troy, called on Mrs. Hay, sen., last Saturday evening.

Mr. and Mrs. H. Pierce and Mr. Mitchell and Miss Culham, of Brantford, paid a flying visit to relatives here on Sunday.

Mr. Russell Cooley and bride, of Palmerston, are visiting relatives here.

Warner

Mr. and Mrs. Arthur Lampman, from Basingstoke, visited his brother here last week.

Mrs. Robert Merritt is quite poorly at this writing.

O. M. Lymburner and family, G. M. Lymburner and family, and Mr. and Mrs. Edgar Fison visited at A. Silverthorpe's on Sunday last.

Valmer Bartlett is very busy at carpenter work these days.

J. Killins has commenced the erection of his new barn.

The frequent showers are placing the farmers in such a predicament that they wonder when they are going to accomplish seeding.

Mr. John Pettigrew is selling wire fence through this vicinity.

George Killins has returned to Dunnville after a month on his farm here, fixing fences, etc.

Owing to the rain on Sunday morning last, there was no preaching at Merritt's. Service next Sunday evening at the usual hour.

Fisherville

Seeding, which was in progress last week, was brought to a standstill again by the rainy weather on Sunday and Monday.

Mr. Geo. A. Nablo went to Brantford on business on Monday.

Owing to continued illness, Mr. Ed. Hunsinger, of the firm of Hunsinger & Bacher, intends to dispose of his share in the manufacture of pumps in this village. The firm is doing a good business, and it is very much regretted that Mr. Hunsinger is forced to quit.

Mr. Joseph Shurr intends in a few weeks to make a trip to the Canadian Northwest.

Mr. James Otterman, who underwent an operation in the hospital at Hamilton, took a turn for the worse on Friday. Later reports, however, state that he is again convalescent.

Owing to a number of German settlers from the County of Waterloo, who have taken up farms in Canboro Township, S. B. Eix, of the Evangelical Lutheran Church, of this village, on request, held divine service in the Methodist Church on Sunday afternoon in Canboro village.

Cheapside

Miss Paulina Weidrick and her brother Orrin were calling on friends in Hagersville on Wednesday last.

Mrs. Wm. Steele has returned home to Hamilton. She has been for the past month a guest of her sister, Mrs. Jas. Armstrong.

Mrs. Susan Forsythe celebrated her 76th birthday on May 5, when a few of her relatives, Mr. and Mrs. Jas. Dennis, Miss Ethel Dennis, Mr. Sylvester Gibbs and Mrs. Elizabeth McKune and her son, John Forsythe, spent the day pleasantly together.

Mr. Wm. Degrow has purchased a fine new buggy.

Mrs. Frank Tyrrell was a guest at Mrs. R. Stillwell's on Saturday last.

Mrs. Frank Awde spent last Saturday afternoon with Mrs. Joe Awde, Sandusky.

Mr. Jas. Armstrong spent a few days last week in Brantford.

Miss Agatha Stillwell spent the past week with Miss Bessie Dennis, of Meadow Brook farm. On Wednesday, the 5th, Mrs. Tillman Dennis and her sister, Miss Leah Miller, of Selkirk, were also entertained there.

The soil of Meadow Brook farm is no doubt very productive, as Mr. Nelson Dennis has raised a small crop of spring oats, and they are already in head. This may sound incredible to the skeptic and unbelieving. However, such are heartily invited by the owner to call before the crop is harvested, if you to be convinced, and see for yourself.

The May meeting of the Women's Institute was held at Mrs. R. Mattie's when the following officers were elected for the coming year: President, Mrs. (Dr.) Sherk; Vice-President, Mrs. F. Awde; Secretary-Treasurer, Miss C. Stillwell. The directors are Mrs. Schwyer, Miss Stillwell and Mrs. C. Brown. After business was completed twenty-five ladies were invited to a dainty luncheon. They adjourned to meet again the month following at Mrs. McDonald's.

The McCarthy Bros. had the contract for building the new bent to Mrs. Gibbs' barn on her farm, on the third concession. When living in this locality they had comfortable lodgings at Mr. Ed. Day's. On Friday, the 7th, over forty men gathered to assist in raising the new bent. At the noon hour a luncheon was passed by Mrs. Gibbs, who was assisted by Mrs. A. Harris, Mrs. Greenbury and Mrs. Walter Davis.

Mr. Ivan Steen, from Hagersville, spent the week's end with Mr. Gordon Butler.

Mr. and Mrs. Geo. Metcalfe and children and Mr. and Mrs. Jas. Johnson, of Nanticoke, were visiting at Mr. Chaney Evans' on Sunday, the 9th.

Clarence and Bertha Best spent last Saturday with their cousins, the Shepherd children.

Carlisle

Rev. Mr. Moyer, of Lowville, occupied the pulpit in the Methodist Church on Sunday last.

The progressive villagers have put a bell on the blacksmith shop, to let the workmen know when to start work and also when to stop—which is the most important.

Mr. Edward Carroll died in the

Guelph hospital on Tuesday and was buried on Friday morning. James Nelson, of Oklahoma, called on friends in the villages on Tuesday, after an absence of 28 years. Mr. Bates has improved the appearance of his store by a coat of paint. The farmers are getting a move on to get in their seeds while the sun shines.

South Cayuga

Mr. and Mrs. M. Dohn, of Dunnville, visited A. Bilger's on Sunday.

Miss Kate Huber, of Dunnville, spent Sunday under the parental roof.

Several phones are being installed on the new lines.

Mr. and Mrs. D. Nash, and Mr. and Mrs. C. E. Brown and family, of Dunnville, visited at Emerson High's on Sunday.

Miss Hazel Beck is ill with rheumatism.

The Y. P. A. rally was a huge success. Rev. Mr. Berger, of Cleveland, was the speaker, and the large audience present at each meeting was delighted, and all agree that if Mr. Berger ever comes again he may be sure of a well filled house.

Miss Gladys Winters, of Dunnville, visited Mrs. Freeman Snider on Sunday.

Mrs. A. Clemens has returned from a two month's visit in Berlin.

Miss Almira Warner, of Rainham, visited Miss Eva Beck on Friday.

Mrs. J. E. Hockey, of Dunnville, gave an interesting talk on Missions in the Methodist Church on Sunday afternoon. At the close of the service a W. M. Smithville

Mr. Irwin Cooper, of Caistor, has entered the service of the Union Bank of Canada, here, as clerk.

One of the saddest deaths recorded for a long time took place here on Tuesday, May 4th, when Arthur B., only son of Mr. D. W. Shrum, was suddenly stricken down at the early age of nineteen years, after a sickness of a little over a week.

He was a very fine young man and highly respected at the Union Bank, where he was ledger keeper, and by a very large circle of friends and acquaintances, for his kind manner and upright dealings with the public. His parents are unconsolable over their loss, and have the deepest sympathy of the public in their affliction. The funeral on Thursday, the 6th, was very largely attended, not only by the people in this vicinity, but by a lot of friends from Fenwick, where deceased was stationed at the bank when taken ill. The following young men were pall-bearers: K. K. Townsend and Albert Culp, of the bank staff here; Charley Munce, of Fenwick, and Lorne Nevilles, Charles Schneck and Curtis Rozel. Rev. J. M. Haith, of the Methodist Church, had charge of the services and delivered a fine sermon, full of thought and sympathy with the bereaved friends, from Psalm xxxix. 17. Mrs. E. Lane sang a solo. The remains were interred in the Methodist cemetery.

Rev. John Fletcher, B. A., late of British Columbia, preached two very good sermons at the Presbyterian Church here on Sabbath last.

Mr. M. B. Coxy, agricultural agent, has erected a new building on his property, lately purchased here, which is a big improvement to the premises.

Rev. Frank Darcy, of Mono Mills, will preach in the Presbyterian Church here on Sunday next, at 11 a. m. and 7.30 p. m.

The Smithville cheese factory opened for the season on Monday. It is expected that the business will be much larger this summer, as they manufacture splendid cheese.

The High School is making good progress under Mr. Tremer and Miss Teeter, and it is expected a number will go up for the departmental examinations in July next.

Daily Health Hint

SUMMER RESORT WATER. In all cases where pollution of the supply of drinking water is suspected, it should be boiled for twenty minutes before using. Cool the water so treated by placing ice around and not in the vessel containing the water. By doing this, possible pollution from using impure ice will be avoided.

Many people do not like the "flat" taste of boiled water. This can be removed by a simple process of aeration. The several thicknesses of cheese cloth over the jar containing the water that has been boiled and place in the open air. In a little while it will be as sweet and palatable as before treatment.

STOOD UP FOR FAITH. Remarkable Scene at the Gipsy Smith Mission. Not Sorrow, But a Turning From Sin to God.

Rebukes Tendency Towards Hysterical Demonstration.

Toronto, May 13.—A public declaration of faith by over three thousand people is a wonderful thing. That is what took place at Massey Hall last night. Gipsy Smith appealed to those who pinned their hope of salvation to the Gospel of Christ to rise. There was practically no hesitancy. Row after row of the people who had flooded the hall as the doors were opened were open until every seat was occupied and "house full" had to be hung out on the main door sprang to their feet. They from among those doubting, dozens flocked to the inquiry room.

Gipsy Smith preached the most eloquent sermon he has yet delivered here. It was on repentance, which he explained was not merely a conviction of sin, an expression of sorrow, but a turning from sin to God.

So great was the number of people disappointed that an overflow meeting was held in the Metropolitan Church, at which an address was delivered by the Rev. J. Goforth, a returned missionary from China.

Gipsy Smith must have grown in the estimation of practically all the 3,500 people who heard him yesterday afternoon, when he rebuked anything approaching a hysterical outbreak. The Rev. Dr. J. A. Turnbull gave the missioner his subject in his ten minute address. Speaking on the text, "By what power," and its answer, "His name, through faith, has made this man whole," Dr. Turnbull likened the power of the Holy Ghost to the electrical dynamo, and faith to the conducting wires.

"It is," he said, "the power that eventually, with the hammer of truth on the anvil of conviction, will beat the sword into a plowshare and the spear into a pruning hook. Purity politics and compel men to put principle before party, and purify the social life."

"NEED CHANGE OF TONGUE." "Jesus said, 'Ye shall receive power when the Holy Spirit is come upon you,'" commented Gipsy Smith, and then he drew the picture of how at the Pentecost the disciples "spoke with other tongues."

"Some of you spoke with other tongues, for the one is a nuisance. I hear some professing Christians sing, 'Oh, for a thousand tongues to sing, when with the one they have there is hardly any living. Something begins when the Holy Spirit comes to a man. He is the author of surprises and you cannot know much about it if there is nothing very special in your lives."

"Just as sure as you get the Holy Spirit some of you will misunderstand you. You must look out for that. Those most dear will look and say, 'What is the matter with him?' 'They said, 'What meanest thou, and they said, 'These are drunk.' I wonder if anyone going to your beautiful little tony service would say, 'they've had too much to drink this morning?' You would be humiliated and chagrined if they intimated such a thing. The fact is that we are too sane, too sober. We don't want anybody to think us either insane or drunk. The thing we ought to do is to give the idea that something has got hold of us that's not natural, but supernatural, and that's what we try to avoid."

"Dr. Parker in his last sermon at the Temple said: 'Just as long as the Church is one of many institutions she will have her little day and die. That will be the end of her. But when the Church gets so full of the spirit of Jesus and victory that the world will look and say, 'she's drunk,' then she will be on the high road to capture this planet for Jesus."

"At this point one of the audience gave vent to a long-drawn hysterical wail. "Take that, sister out if she can't behave herself," said Gipsy Smith. "I cannot believe it is the Spirit to make a row like that, for the Spirit is orderly. I can do with a hearty 'Praise the Lord' or 'Hallelujah,' but I don't believe in anything that produces confusion or gives the company a chance. It's blasphemous. If there is anything about the Holy Spirit and His power it is intelligence, sanity, reason, just as sure as we're here. I should not be loyal to my Lord if I didn't put down my foot on anything and everything which I believe is of the flesh rather than the Spirit."

"The apostles accomplished their work by the power of the Holy Spirit, not out of their own learning or what had been crammed into them by colleges and seminaries. 'What we need is another Pentecost. When the people said, 'These men are filled with new wine,' Peter gave them a reasonable answer, and told them that they did not understand. 'He said, 'This that ye see is that.' There is a sermon for some of you theologians in those two words. What is 'that?' Turn back to Joel and see the prophecy. 'I will pour out my spirit on all flesh.' Compare the little beautiful thing you can say 'This is 'That.' If you cannot say 'This is 'That,' there is something the matter."

"When is our regeneration, piercing, pungent, personal trumpet demand for the consideration of the things of God. These apostles didn't write scented notes asking, 'if you please do this,' or say, 'Won't you come and hear our preacher?' These men said, 'Come out and hear.' I tell you, when I read these opening chapters of the Acts of the Apostles I want to get on my face before God and say, 'Where is my power? What little sentimental so-called believers we are with all the forces of divinity at our disposal if we only had sense enough to appropriate them. It is no use trying to wield the sword of the Spirit with the arm of flesh. One of the old saints tells how he saw the devil preaching in the garb of a friar, and when he asked how that could be, the devil chuckled and said, 'Don't you know that my preaching cannot have the Spirit, and without the Spirit it savors of death.'"

"It is not Gipsy Smith," he declared, "that attracts these crowds. It is not personal magnetism, but powers from on high." Then he proceeded, "I will bring a rough Welsh collier who cannot read a verse of the New Testament, and because he is filled with the Spirit he will teach one of the scientists from your colleges where the things of God are concerned."

Then the missioner drew two pictures from the great Welsh revival,

WATERY BLOOD. Nerves are Weak Face is Pallid You Lack Strength You Look Sickly.

Until You Ironize and Fortify the Blood There's No Hope of Cure.

Thousands of tired workers need the invigoration, the strength, the nerve-force which Ferruzone can supply. Ferruzone imparts strength because it nourishes.

Ferruzone is able to nourish because it supplies to the blood the elements it lacks.

Once the blood is vitalized, its tonic influence is circulated to every nook and corner of the body, carrying new life with it.

Cases on record prove that Ferruzone builds up when all else fails. Mr. Alonzo W. Douglas, of Woodbridge, Ont., says he desires to state the results I derived from the use of Ferruzone. Two years ago I was stricken with Pneumonia. So severe was the attack and so reduced was my strength that my life was despaired of. I had the very best medical attention, but made no progress toward recovery. When reduced to practically a skeleton, a kind friend told me of the remarkable powers of Ferruzone. An improvement began almost at once. I gained steadily in weight and strength until Ferruzone made me a new man. I will gladly answer inquiries from other sufferers if they care to have further particulars about my recovery. Ferruzone deserves its great measure of success.

When a man in Mr. Douglas' low condition can be quickly cured, aren't the chances good for you? Don't fail to try Ferruzone. Price 50c. per box at all dealers.

NOT ILL USED.

Refuted Charges Against Railway Construction Camps.

Officials of Grand Trunk Pacific Say Charges Are Untrue.

Ottawa, May 12.—The complaints of ill-treatment of laborers on the Pacific section of the G. T. P., referred to in the Commons recently by Mr. Taylor, of New Westminster, are proven by correspondence presented to the House of Commons to-day by the Minister of Labor, to be due to Labor Organizer Daley, "who," according to a letter from General Manager Chamberlain, "is trying to make all the trouble he can." The complaints were first that the men on the Pacific section of the G. T. P. were ill-fed and ill-treated, and secondly, that they were mulcted by the contractors to an unnecessary amount for hospital money.

As to this, Mr. Chamberlain says that Foley, Welch & Stewart, the contractors, are giving as good a medical service as does the G. T. P. itself, and that very few cases of typhoid, the records show that in 1908 there were twenty-six deaths among the men on that section in a force which ranged from 2,000 to 5,700, as against sixteen deaths in 1907, when the force ranged from 343 to 4,500.

The idea that the G. T. P. or its contractors are utilizing alien labor is dispelled in the following extract from the report of B. B. Kellier, chief engineer of the G. T. P.:

"During the years 1908 and 1907, the G. T. P. materially assisted several thousand men in Great Britain to come to Canada, at a time when its construction work was completely demoralized for want of labor. Foreign labor was never invited, either by the railway company or the contractors. Most of the industries in the neighborhood of Prince Rupert prior to the G. T. P. starting construction, were manned, and probably are still manned, by cheap Chinese, Japanese and other foreign labor, whose wages are probably not one-half of what our contractors are paying."

The Pacific section of the G. T. P. will be constructed entirely by white labor. When the C. P. R. was built, practically every foot from Port Moody to the eastern slope of the Rockies was built by Chinese labor.

PARDON REFUSED.

Stoessel Had Fit When He Heard of Czar's Decision.

Paris, May 13.—The St. Petersburg correspondent of the Petit Journal says that Gen. Stoessel, who was condemned to death for surrendering Port Arthur to the Japanese, which sentence was subsequently commuted to imprisonment for life, was stricken with apoplexy when he learned that his petition for a full pardon had been rejected by the Czar a few days ago. His condition is said to be very grave.

MOTHER RISKED DEATH.

To Save Her Four Little Children From Terrible Fate.

Sperling, Man., May 12.—While going to milk, Mrs. Harry Courtney discovered her house to be on fire. Winding an apron over her head, the mother pluckily dashed through the flames and saved her four little children, who were huddled in an inner room.

Mrs. Courtney's hair caught fire and she was badly burned about the head and ears.

Maurice Healy Barred.

London, May 12.—The Nationalist members of the House of Commons, in meeting to-day, adopted a resolution proposed by John E. Redmond, declining to admit Maurice Healy to membership in the party. Maurice Healy is a brother of Timothy Healy. He defeated the official candidate, in the by-election for a member of Parliament from Cork, held on May 1st.

POSTMEN WILL GET INCREASE.

More Money For Letter Carriers and Fourth Class Clerks.

Members of the Inside Civil Service Also Get "Raise."

National Resources Bill—Amendments to Criminal Code.

Ottawa, May 12.—Prorogation was brought a step nearer to-day by the passing of several important bills. First in order and in importance was Mr. Graham's measure for the protection of railway passengers being over from yesterday. It gives the Railway Commission large powers in ordering and apportioning the cost of protection, and provides that during the next five years \$200,000 yearly shall be granted out of the Dominion treasury toward aiding in the work of protecting the passengers from the danger of the dangerous crossings. Mr. Lancaster, who has kept up a running fight on behalf of his own bill, made a strong final appeal to have it accepted in place of the Senate compromise, and in this he received the undivided support of his own party, and of one Liberal, Mr. Miller, of South Grey. The majority, however, recognized that to take such a step would be to court disaster in the upper chamber, and the third reading of the bill was carried by 100 votes to 70.

GOOD NEWS FOR POSTAL EMPLOYEES.

It was next the turn of Hon. Mr. Lemieux, and he proved his claim to the gratitude of letter carriers and fourth-class post-office clerks by not merely securing the House's approval of his schedule of salary-increases, but by extending its benefits. Under the bill as originally drafted the letter-carriers in 1902 elected to be governed by the old system were to be graded in class "B," but Mr. Joseph Russell, who pleaded their cause with great earnestness, suggested that they should be given the benefit of a higher grade, and the Postmaster-General at once consented. The result is that these older carriers will receive an advance in salary of about \$120 a year. Mr. Lemieux gave further proof of consideration by acceding to a request to take back the increases to April 1, the beginning of the fiscal year. Following these concessions, which elicited the warm approval of the Opposition, came the bill authorizing a flat rate increase of \$150 to members of the inside civil service, which employees of the various departments at Ottawa have been anxiously demanding, for weeks. Mr. Foster detected in the new classification features suggestive to him of unfair discrimination, and he was particularly voluble in urging the claims of old servants, who, having attained the maximum of their class, would not be eligible for the full \$150 increase. Mr. Grothers, on the other hand, throwing party considerations to the wind, claimed that the civil service at Ottawa was over-manned, underworked, and overpaid. With the Senate's schedule still in an uncompleted state progress was limited to the approval of the bill in committee.

Hon. Sydney Fisher's bill creating a Commission on Natural Resources, which given a third reading, though not without a show of passive resistance on the part of some Opposition economists, and an excellent day's work was rounded off by consideration of the bill effecting changes in the criminal code.

AMENDMENTS TO CRIMINAL CODE.

Hon. Mr. Aylesworth moved the second reading of his bill amending the criminal code of imposing penalties for carrying offensive weapons, increasing the punishment for the manufacture or circulation of obscene pictures, and some literature, and making unlawful the possession of gold or silver bearing quartz and the pirating of musical compositions indictable offences.

Mr. Monk commented on the tendency of legislation to increase the number of crimes and add to the punishment, and discussed the question whether other means could not be devised to stem the tide of crime. They could not prevent the evolution of detrimental literature or legislation against the tendency of the press to publish indiscriminately the details of crime, but he thought some effort might be made to stimulate a collective measure of reform, to prevent the press against the contaminating influences and to segregate and classify criminals.

Hon. Mr. Bureau pointed out that Parliament had already legislated in the direction of more discriminate treatment of youthful offenders, and that some measure of classification of criminals was being used in penitentiaries.

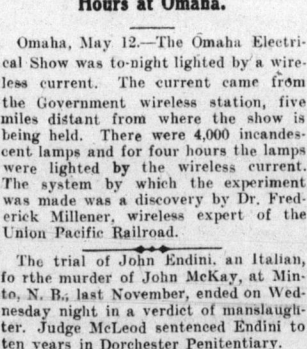

The bill was considered in committee and progress was reported.

WIRELESS LIGHTS.

Four Thousand Lamps Burned Four Hours at Omaha.

Omaha, May 12.—The Omaha Electrical Show was to-night lighted by a wireless current. The current came from the Government wireless station, five miles distant from where the show is being held. There were 4,000 incandescent lamps and for four hours the lamps were lighted by the wireless current. The system by which the experiment was made was a discovery by Dr. Frederick Millener, wireless expert of the Union Pacific Railroad.

The trial of John Endini, an Italian, for the murder of John McKay, at Milton, N. B., last November, ended on Wednesday night in a verdict of manslaughter. Judge McLeod sentenced Endini to ten years in Dorchester Penitentiary.

HON. DR. GIBSON.

The senate of McMaster had decided to confer this degree on him. Professor McCrimmon reviewed briefly all the various achievements of Hon. Mr. Gibson, showing how justifiable was the action of the senate.

The Agony OF PILES

ONLY those who suffer from piles know the misery it brings! It robs life of its pleasure, steals the brightness from existence, and substitutes days of dull pain and moments of acute agony. Most so-called "remedies" give ease only for a time, and then—back comes the trouble and pain and misery! Zam-Buk cures Piles! And cures permanently. Proof of this lies all around you. Women and men in all stations of life have proved it—possibly some of your friends! Let it cure you!

Mrs. Wm. Hughes, of 253, Hochelaga Street, Hochelaga, Montreal, says: "I was a sufferer for years from blind, itching, and protruding piles. The agony I suffered no one knows. Remedies after remedies proved useless. Day followed day and there was no relief for me—pain, loss of strength, dulness, misery, this was my experience until Zam-Buk was introduced. I know now that there is nothing on this earth like it! It cured me of piles, and once cured, I have had no return of the evil. I would like all women who suffer as I did to know that Zam-Buk will cure them!"

DR. J. M. GIBSON.

Lieut.-Gov. Made Doctor of Laws by McMaster University.

Other Honary Degrees Granted to Prominent Men.

Toronto, May 13.—John Morison Gibson was admitted to the degree of Doctor of Laws (in honoris causa) in McMaster University by Chancellor McKay, at the annual commencement exercises which were held last night in Castle Memorial Hall. It was not in his capacity of Lieutenant-Governor, nor yet as Colonel Gibson. Professor McMorison said, in presenting his honor to the Chancellor, but simply in virtue of his excellent qualities as a man that

TOMLINSON'S DEATH

Detective Greer Has Gone to Investigate It.

St. Thomas, May 12.—Provincial Detective Greer arrived in the city from Toronto to-day for the purpose of investigating the circumstances connected with the mysterious death of William Tomlinson, M. C. R. machinist's helper, whose body was found embedded in sand in Kettle Creek below the M. C. R. bridge last Friday night. The Provincial officer is here at the request of the local authorities, who are not satisfied with the theories at first advanced that the man came to his death either from falling off the bridge or by drowning.

No trace can be secured of Tomlinson's movements since April 30, and his coat and hat are both missing, while another hat of a different pattern to that usually worn by Tomlinson was found not far from the body. The absence of broken bones shows that he did not fall from the railway bridge, and there is said to be no water in the lunge, which disproves the theory of drowning, but there are bruises on the head and body which may have been inflicted before death.

The body was almost entirely embedded in sand, and only the day before, a witness at the inquest swore there was no body, as he walked over the spot. The same witness, who lives close by, says he was awakened on the morning before the finding of the body by the barking of dogs near the place where the body lay.

The result of the post-mortem examination will be made known at the next session of the inquest.

CAPSIZED HIS DORY.

The Drowning of Levi Cohoon Off Canso, N. S.

Halifax, N. S., May 12.—At an early hour to-day Levi Cohoon and H. Hezekiah Dort, with Wilson & Son's boat, the "Blue Bell," started from Canso for Peddigree to buy fish. When the "Blue Bell" had been out about an hour the wind blew a gale, a different pattern to that usually worn by Tomlinson was found not far from the body. The absence of broken bones shows that he did not fall from the railway bridge, and there is said to be no water in the lunge, which disproves the theory of drowning, but there are bruises on the head and body which may have been inflicted before death.

Dort could do no more than manage the larger boat, and got to shore as quickly as possible, reporting the accident to the police. The boat was blown out, and found the dory, but no trace of the unfortunate man. Cohoon leaves a widow and four children.

mistaken, and he had to congratulate McMaster on the prominent place to which it had attained among the educational institutions of this Province.

Dr. C. J. Holman said that he agreed heartily with those who maintained that the Bible should be taught in a university. But he held that it was very dangerous for the Bible to be taught in any institution from a purely literary point of view. It was manifestly unfair to Christian believers that it should be taught as an ordinary book. Still, it was unfair to the agnostics that it should be taught purely as a revelation. In such an institution as McMaster the Bible should be taught in an intelligent way and in his opinion the freedom which was allowed the Chancellor in this matter had been entirely justified.

Before the close of the convocation Chancellor McKay announced that the Senate and Board of Governors had made some changes in the faculty. "We have accepted the resignation of Dr. Cross, who has occupied the position of professor of history for eight years with distinction," he said. The resignation of Dr. E. H. Oliver from the post of lecturer in history was also announced. Dr. Oliver had occupied the post for four years and had served the university well during that time. Dr. J. L. Gilmore, who for two years had filled the position of practical theology, had been transferred to the professorship of church history. That this appointment was a popular one was shown by the applause on the part of the students when the announcement was made. Mr. G. H. Campbell had been raised from the position of lecturer to that of professor of Latin.

Provision had been made for the enlargement of the faculty and a lectureship in mineralogy and geology was established, but no appointments have been made.

The McMaster Alumni Association completed their conference in Castle Memorial Hall. The election of officers for next year was held, and resulted as follows: President, J. H. Cranston; First Vice-President, Rev. A. L. Huddleston, of St. Catharines; Second Vice-President, Rev. O. C. Elliott, of Stratford; Third Vice-President, Mr. F. H. Calvert; Fourth Vice-President, Rev. H. McDiarmid, of Hamilton; Secretary-Treasurer, Professor I. G. Mathews; Recording Secretary, Rev. G. N. Simons; Treasurer, Mr. W. J. Farmer, former President of the association, who presided, read a paper on "Education in Religion and Morals."

A meeting of the lady graduates of McMaster was held in the afternoon in Castle Memorial Hall for the purpose of completing the organization of a McMaster Alumnae Association. The lady graduates have formerly been included in the Alumni Association. A constitution was submitted and adopted by the meeting and the following officers were elected: President, Mrs. H. L. Stark, '94; First Vice-President, Mrs. G. B. Campbell, '02; Second Vice-President, Mrs. J. C. Swannor, '90; Secretary, Miss B. M. Pugsley, '08; Treasurer, Miss J. M. Norton, '02; Executive Committee, Miss G. L. Stone, '06; Mrs. J. H. Cranston, '05, and Miss M. O. Jardy, '03.

ONTARIO BANK. NAMES OF CONTRIBUTORS SUBJECT TO OBJECTIONS. Number of Important Questions Are Raised—The Official Referee is to Decide to-day on One Subject of Interest—A Long Legal Battle Seems to be Probable. Toronto, May 13.—Counsel representing shareholders of the defunct Ontario Bank gathered in the County Court room in City Hall yesterday to decide upon the list of contributions to make up the deficit of that collapsed banking institution. Some seventy shareholders, owning \$302,200 worth of shares, at par, were put on the list. This list is, of course, not complete, and others will be added at later sittings. Proceedings were taken subject to the objections raised by Mr. L. F. Hellmuth, K. C., who said that, on behalf of the alleged contributors, he must submit his objections. The referee had not given out his ruling on the point deciding the standing of the Bank of Montreal, and whether or not contributors will be necessary. So he thought that if, later on, the Bank of Montreal should be held to be not a creditor, then the liquidator, the Royal Trust Company, should have to bear the costs of the proceedings of this morning. The list was being decided subject to the rights of appeal reserved by Messrs. Osler and Hellmuth and other counsel, who contend that the Bank of Montreal is not a creditor at all, and that consequently the work done in that connection was useless labor.

## AMUSEMENTS

His Excellency Earl Grey, accompanied by the Countess Grey and the entire vice-regal suite, occupied all the boxes at the Russell Theatre, in Ottawa, last night during the first performance in that city of the latest London sensation, "An Englishman's Home," which Charles Frohman has sent on tour through the large cities of Canada, and which will be seen here at the Grand next Wednesday and Thursday evenings. It is said His Excellency watched the performance with the greatest interest, and when the final curtain dropped on the picture of the Englishman's home, despoiled and ruined by the foreign invader, he turned slowly to his companions and said very gravely, "I believe that this is a play which should be seen by every loyal Canadian. Its lesson is obvious, and one which none of us can afford to disregard."

"SHADOWS OF A GREAT CITY." "Shadows of a Great City" will be presented at the Grand to-morrow and Saturday evenings and Saturday matinee. It is one of the best popular price dramas ever seen here. The scenes are all laid in and about New York.

IN A CHOIR FORTY YEARS. London Advertiser: Seldom is there found a man with the ability and perseverance to sing in one choir for a period of forty years. Yet that is the record that Major George W. Hayes has made for himself. In 1867 Major Hayes joined the First Methodist Church choir, and during that period of forty-two years he has hardly missed a service. When Major Hayes first joined the choir the late Samuel Sceraton was choir-leader in the Queen's Avenue Church, which occupied the site on the corner of Park and Queen's avenues. When this church was burned down Major Hayes followed the choir to their temporary quarters, and when the new church was built he remained in the choir. He is still a very prominent member of the same organization, and his long experience makes him an almost invaluable asset to that organization.

GOOD ADVERTISEMENT. From N. Y. Telegraph: From the publicity department of "The Beauty Spot" there comes the announcement that every woman with a mole in evidence will be admitted free to the matinee performance of the Herald Square Theatre on May 26.

"All that is necessary," explains the

management, "is for any lady with a 'beauty spot' to come to the Herald Square Theatre. It is the business of nobody to inquire whether the 'beauty spot' is real or not."

We take it that a tattooed lady will be given a prominent seat, and that a really gaudy case of erysipelas can be regarded for two entire rows.

## HIS STRONG ROOMS.

### Keys Taken by Force From the Deposed Sultan.

London, May 12.—A special despatch from Salonika says that Talaat Bey, vice-president of the Chamber of Deputies, who was sent there to arrange with Abdul Hamid for the transference of his fortune to the Government, succeeded in obtaining the signature of the former Sultan for the withdrawal of funds from foreign banks, but that Abdul Hamid resolutely refused to deliver up the keys to two iron rooms in the Yildiz Kiosk, which had resisted all efforts at forcible entry. After Talaat Bey's departure, the despatch says, officers of the guard, furious at the ex-Sultan's refusal to comply with the demand, rushed into his rooms and forced him to surrender the keys without further parley.

## GOT A TIP.

To the Editor of the Times: Sir,—"The house got a tip!" How comes it that it is possible for the "house" to get a tip? Is that the way by which our authorities catch burglars? Why do the officers who have watched long enough to gain evidence that the inmates of the house come under the ban of the law, not get instructions from the commissioners to give "a tip" to the police office (to send along the patrol with more officers), when there are men "frequenters" there, who by "frequenting" have also placed themselves under the ban of the law (?) and not have the spectacle of six or seven stalwart officers conducting two weak women to the police court, where they are punished, (as on May 10, 1909), while thus allowing their companions, without whom there were no sin, to go free? Protected! Any "reform" in this? Thanking you, Mr. Editor, for valuable space by which to call the attention of the public to this continued relic of barbaric times when women had no rights before the law.

For a "Better" Hamilton. May 12, 1909. "The devil isn't as black as he is painted," quoted the Wise Guy. "No," assented the Simple Mug; "a good bit of his blackness has rubbed off on the people who have tried to investigate the truth of that comforting proverb."

## ABOUT DIVORCE.

### Senator Power Fears Divorce Court Would be Bad Thing.

Ottawa, May 12.—"A divorce court in Ontario would mean twenty times as many divorces as at present," said Senator Power, during a discussion in the Upper House this afternoon.

The discussion was brought by Senator William Ross, of Halifax, who offered a resolution declaring against divorce by Parliament and favoring divorce courts instead.

Senator Ellis seconded the motion, Divorce, he said, was in operation in Canada, so it was necessary to decide whether it was desirable or otherwise. Four Provinces had divorce courts and for the others the Senate was the divorce court.

Senator Power disputed Senator Ross' argument that the Roman Catholic Bible could be read to permit divorce. Senator Power favored the present system because it made divorce difficult to obtain, and thereby restricting them. Were a divorce court established in Ontario there would be twenty times as many divorces as at present.

Senator Ross—What about the poor? Senator Power said that poor people did not seem to qualify for divorce as wealthy people did.

Senator Ross withdrew his motion, saying he only wanted an expression of opinion.

## TORONTO SYNOD

### Calls on Federal Government to Legislate Against Gambling.

Toronto, May 12.—The report of the committee on moral and social reform was presented to the Presbyterian Synod of Toronto and Kingston at its session to-day.

It included a number of recommendations, among them being suggestions for the formation of a complete organization for moral and social reform work, the setting apart of one Sabbath day each year for the campaign against Sabbath desecration, calls for the abolition of the Woodbine race tracks, and that the synod ask Dominion legislation making professional race track gambling illegal, making open and notorious adultery and lewd cohabitation a crime, increasing the penalties for procuring girls for immoral purposes, making the possession of obscene literature, as well as its exposure for sale, punishable by law.

It was also recommended that the synod urge upon the Legislature the urgent need for the reorganization of the police system of the Province and defining more clearly the law governing the operation of pool rooms.

## TWENTY KILLED

### In Premature Dynamite Explosion Near Albany.

Albany, N. Y., May 12.—At least twenty men were killed by a premature blast of dynamite this afternoon in a stone quarry operated by the Callanan Road Improvement Co., near the village of South Bethlehem, eleven miles south-west of Albany. It was at first believed that the death roll would reach thirty, but to-night several Italian workmen, who had been reported as missing, were accounted for, and it is not believed that more than a score of lives were lost.

The dead are: John Hoyt Callanan, vice-president and general manager of the company; Albany; Chas. D. Callanan, a brother of the manager; Albany; LeRoy McMillan, assistant superintendent; Voerhille; Henriksen, steam drill foreman; Fred Snyder, master mechanic; James Maloney, blacksmith; Bethlehem; Fred Zappert, agent of the National Power Co., New York, and twelve Italian workmen.

One thousand pounds of dynamite exploded, scattering the bodies of the victims for hundreds of feet around, and it was with difficulty that the blackened, dismembered remains, most of them beyond recognition, were identified. As five holes, each charged with five hundred pounds of the explosive, remained unexploded in the quarry, the search for bodies was rendered very difficult and dangerous.

## WON'T SHIRK.

### Canada Will Do Her Share in Empire's Defence.

London, May 12.—Lord Strathcona presided to-night at a distinguished gathering at the Canada Club, including Prince Francis of Teck, Lord Milner and Admiral Douglas. Proposing the toast to the Dominion and the Governor-General, Lord Strathcona referred to naval defence, and declared Canada would not be wanting in taking her part in defence of the interests and dignity of the Empire.

Hon. Joseph Martin, responding, said there was nothing in the cry that no Englishman was wanted in Canada. Regarding the navy, he believed there was no sense in having a Canadian navy. He desired a straight grant to the Imperial navy for Imperial defence. (Applause.)

Mr. Joseph Oliver, Mayor of Toronto, also responded, emphasizing the need for the surplus of English money in Canada. Lord Milner said it was not a question of the Dominions supporting the mother country. It was a question of the mother country and the Dominions supporting the Empire. Further, if the effective defence of the Empire was desired, some sort of common institutions were necessary.

## Ft. William Man Dropped Dead.

Fort William, May 12.—John Davidson died last evening of acute congestion of the heart. He was chopping wood ten minutes before his death. He went upstairs and a minute later his wife heard him fall heartily, quite dead. He was married only a month ago. He had lived here for twenty years, and was a well-known passenger conductor.

## Loans at 200 Per Cent.

Winnipeg, May 12.—Miss Glynn, agent of the Tolman money-lending house, who has been locked up since her arrest on Monday night, was admitted to bail to-day under bonds of \$2,000. The police have learned from an examination of the books that Tolman had about \$200,000 loaned here at an average rate of nearly two hundred per cent.

## NOT IN THE CEMETERY.

### Board Declines to Permit Erection of Mausoleum There.

Question of Cement Tombstones to be Reconsidered.

### F. C. Farman Re-Elected Chairman of the Board.

The Cemetery Board last night decided not to entertain the proposition to erect a public mausoleum in the cemetery grounds. W. S. McBrayne and other representatives of the company, which has the matter in hand, appeared and again laid before the board the facts. The intention Mr. McBrayne said was to erect a mausoleum at a cost of about \$40,000. An endowment fund would be provided for the perpetual maintenance of the structure. As it would be erected to stand the wear of time it was not likely to require any repairs for at least forty years. The interior would be of cement, with mosaic floors and granite walls and the exterior of marble or stone. The windows would be of stained glass and the board would be consulted about all the details in connection with the building. He suggested that without interfering with the clause, which prevents the board selling any lots for profit, that the Council be recommended to authorize the board to deal with mausoleum companies.

After discussing the matter for an hour and a half the board decided not to grant the request. It was suggested that the company might buy private ground adjoining the cemetery. The members agreed, however, that the Board could not undertake to be responsible for such a structure.

The board will reconsider the motion passed at a former meeting permitting the erection of cement tombstones in the cemetery. It was stated that one of these monuments had become very dilapidated after being erected for eight months. The board had no desire to work any hardship on people who are not able to pay for more expensive monuments, but the members decided that the responsibility of preventing any part of the cemetery becoming an eyesore rested with them. They will give the matter careful consideration before taking any definite stand.

It was 10 o'clock when these two matters had been disposed of and the question of investing the perpetual care fund will be discussed at another meeting. The board was recently empowered by special legislation to invest funds, but the city solicitor has not prepared the by-laws yet.

The members will make an inspection of the cemetery shortly. Some of them have already done so, and reported everything in good shape.

## BEEF TRUST.

### British Departmental Committee Makes Report on Its Action.

London, May 12.—The Departmental Committee appointed in July of 1908 to inquire into the alleged combinations in the meat trade in the United Kingdom issued its report this evening. A large portion thereof is devoted to the American beef trust and its representatives in London, and the committee concludes that while a combination exists to a certain extent between four companies in the United States engaged in the United Kingdom, it is not at present sufficiently powerful to seriously endanger the beef trade as a whole. But should these firms, as seems possible, acquire considerable interest in the Argentine situation with regard to the meat supply of the United Kingdom might become serious.

According to the report, the representatives of the American companies in London all told the committee that they knew nothing of the conditions prevailing in the United States, and commenting on these statements, the committee says:

"The committee reluctantly is compelled to express grave doubt as to the reality of this uniform ignorance, and its assumption naturally has tended to throw doubt upon the other statements made by the representatives of these firms.

"The committee failed to find evidence of any deliberate action on the part of the Americans with the object of destroying inconvenient rivals, and it does not think that they have yet attempted to capture or control the whole beef trade in this country, as alleged."

## BURKHOLDER CHURCH.

A very enjoyable entertainment was held in Burkholder Methodist Church on the evening of Tuesday, May 11th. It being the seventeenth anniversary of the E. L. of C. E., of that church. In the absence of the pastor, the chair was filled by Dr. Morrow, of Hamilton. The programme consisted of: Song, by six little girls and boys; solo, Mrs. Annie Burkholder; instrumental solo, Miss Jessie Wilkins; recitation, Mrs. E. Jones; trio, Misses Bertha and Ellen Burkholder and Mrs. W. Swartz; exercise, "Birds of Spring," by the children; "A Round," young people of the neighborhood; violin solo, Mr. Willie Neff; dialogue, Messrs. Will and Harley Bass; solo, Mr. Harry Solvisburg; quartette, Messrs. Edith and Mabel Burkholder and Messrs. Wm. Taylor and Frank Marley. The Rev. C. R. Morrow, of Delhi, a former pastor, gave a pleasing and edifying address on "Opportunity." The audience responded with a very liberal collection. The evening was brought to a close by singing the "National Anthem."

## THE EGYPTIANS' SECRET

The Egyptians of Pharaoh's time were a wonderful people. The pyramids, for instance, put our modern buildings to shame. Where such huge blocks of stone were carved—how they were moved and put in place—are mysteries to modern minds.

The Egyptians were skilled physicians, too. We know that they used fruit juices in treating many diseases. Some years ago, a physician in Ottawa discovered a method of combining the juices of apples, oranges, figs and prunes, by which the most remarkable results have been obtained.

Whether "Fruit-a-tives" (these combined fruit juices in tablet form) are a re-discovery of the prescriptions of the ancient Egyptians, will probably never be known.

Certainly, the ancients never had a more effective remedy than "Fruit-a-tives" for all stomach, Liver, Kidney and Bowel Troubles. "Fruit-a-tives" are sold by dealers at 50c a box, 6 for \$2.50, or trial box, 25c—sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## NOT EXECUTED.

### Walter Blythe Was to be Hanged To-day.

### Has Been Reprieved by Order in Council Till June 17th.

Ottawa, May 12.—Walter Blythe, who was to have been hanged in Toronto to-morrow morning for the murder of his wife at Agincourt last winter, was to-day reprieved by an order-in-Council until June 17th. It is understood that there has been some difference of opinion in the Cabinet as to the recommendation to be made to His Excellency in the case of Blythe, and although the recommendation was made on Monday last to let the law take its course, this was to-day reconsidered; and it was decided that the case should be left open for further consideration after the close of the session, when the Ministers had time to go fully into the details.

A strong plea for commutation of the sentence to life imprisonment had been made by Mr. T. C. Robinette, K. C., of Toronto, counsel for the condemned man, on the ground that Blythe while enraged under provocation by his wife, only intended to give her a severe beating, and no fatal blow was struck.

On reconsideration by the Cabinet, sentence may be commuted to life imprisonment.

The telegram from the Secretary of State, postponing the execution was received at the office of the Toronto Sheriff about 3 o'clock. Sheriff Mowat was at the time at the jail making final arrangements, and the information was conveyed to him by telephone. Afterwards Canon Farncomb, Blythe's spiritual adviser, and Governor Chambers, visited the condemned man and told him of the postponement of the day of execution. At first Blythe did not seem to realize it was true, but when convinced told Canon Farncomb and the jail Governor that he had been quite prepared for the end. The past forty-eight hours, he said, were happy ones. Now that the execution had been postponed Blythe said he would look forward to having his sentence commuted to life imprisonment.

## RESIGNED TO HIS FATE.

"I am resigned. It is hard for my children. I am glad they are out of England where their father's disgrace will not weigh heavily on them," were some of the thoughts he expressed in guarded language.

Later on, as night fell, over the darkness he could see ahead of him, he thought of his mother.

"It will kill her. It will kill her," he kept murmuring to himself. But it was not to be.

Over in England the aged mother's prayers had been heard.

Governor Chambers received a message telling him that Blythe was not to die to-morrow.

He hastened the last minute reprieve to the distraught soul, behind the dark grey walls.

When informed Blythe's face lighted up just a second, then he sank in a heap on the bench, where alone in awful torture he sat a moment before.

Slowly he realized what it all meant. "Thank God! Thank God!" he cried. "Mother's prayers are answered, answered, answered. I can live a little longer. Perhaps I can see my children again. I am very glad. How good of them all! How good of them all!"

Governor Chambers then left him with the guard—and to think.

## HAD NO CAUSE.

### London Woman Sentenced to Two Months For Theft.

London, Ont., May 12.—A woman, who claimed to be a kleptomaniac, and who has been found guilty of stealing jewelry from hotels, was sentenced to-day to two months in jail. She was stylishly dressed when she appeared before the Police Magistrate, and was attended by her husband, a highly respectable man. When asked what she had to say why sentence should not be passed, she said: "I am sorry for what I did, and would not do it again."

Magistrate Love expressed his belief that she was sorry only for being caught. He took not stock in the kleptomaniac claim in her case.

## KING LOOKS ALL RIGHT.

### Sensational Reports of His Majesty's Health Disproven at Newmarket.

London, May 12.—The sensational reports cabled to America describing the King as "a decrepit old man, ill-tempered and nervous" are disproven by the appearance of His Majesty to-day at the Newmarket race meet, where his smart appearance and gracious smile is noted on all sides.

His Majesty appears in a brown bowler hat and a gray suit of clothes that didn't fit him any too well.

"Look," said a distressed English woman, pointing to the King's back, "there's a wrinkle, what a shame!" The King came down by automobile and looked very browned and well after his two months' trip on the continent.

## No Acclamation for W. L. M. K.

Berlin, May 12.—Ex-Mayor Huber announced to-day that he will be a candidate in the by-election for the Dominion House, providing, he, the Conservatives do not nominate a candidate.

## DREW KNIFE.

Essex Man Arrested for Trying to Stab Conductor.

Windsor, Ont., May 12.—Frank Dare, aged 22, of Petite Cote, below Sandwich, is under arrest here and to-night was taken to the county jail to await his trial on a charge of attempting to cut and disfigure Hugh G. Anderson, a conductor on the S. W. & A. Railway. Anderson alleged that Dare boarded his car and used insulting language in the presence of other passengers. When Anderson attempted to put him off the car Dare pulled the knife from his pocket and attempted to stab him.

A lame excuse is one that doesn't go.

## Mr. and Mrs. Borden Honored.

Ottawa, May 12.—The members of the Opposition presented to their leader and to Mrs. Borden this afternoon a landscape painting by Homer Watson, A.R.C.A. The presentation was made by Messrs. Claude Macdonell and George Clare, M. P.'s, in brief speeches expressive of the high place which both Mr. and Mrs. Borden hold in the esteem of the Conservative members of Parliament.

The passenger business on the G. T. P. west has so developed that the company will put on a regular passenger service, beginning May 23rd, and running as far west as Biggar, over 500 miles out from Winnipeg.

MARKETS AND FINANCE

Thursday, May 13.—A fairly large number of farmers were on Central market this morning, and a larger number of purchasers—business being brisk in all lines. The prices were about the same, with the exception of a few which advanced. Wheat, on account of the great scarcity, reached \$1.28, a record figure. Corn was also a little higher, selling as high as 90c. The sales on the market were brisk, but prices did not advance. Potatoes were quiet, so firm. Flowers made a good showing.

The standard prices at 8 a. m. were: Dairy Produce. Creamery butter... 0.22 to 0.23. Dairy butter... 0.18 to 0.19. Cooking butter... 0.15 to 0.16. Cheese, new, per lb... 0.20 to 0.21. Cheese, old, per lb... 0.18 to 0.19. Sweet do, per lb... 0.22 to 0.23.

Hay and Wood. Straw, per ton... 7.00 to 8.00. Hay, per ton... 12.00 to 15.00. TORONTO MARKETS. Receipts of live stock were reported by the railways as being 50 carloads. The cattle from these numbered nearly 1,000, which, with the 200 left over from Tuesday's market, would make 1,200 cattle on the market to be sold. Trade was slow, drovers refusing to accept in many instances the offers made by buyers, choosing rather to wait until Thursday's market. Many sales were made, but at the close of the market there were several carloads still unsold. Drovers report prices lower, while dealers stated that there was little difference from Tuesday's quotations, unless it be that the medium to common were 10c to 15c per cwt. lower.

Crawford & Hunnisset sold three loads of butchers, 900 to 1150 lbs. each, at \$4.85 to \$5.37 1/2 per cwt. James McLaughlin on Tuesday sold to Gilbert Thompson of Peterboro, 20 butchers, 1030 lbs. each, at \$5.60; two butchers cows, 1300 each, at \$5.75, and to-day he sold three cows, 1350 lbs. each, at \$5 per cwt., with \$2 over.

Trade in sheep, lambs and calves was steady. Deliveries light, with prices very firm at \$7.00 per cwt. for selected, fed and watered at the market, and \$7.35, f.o.b. cars at country points.

FARMERS' MARKET. No grain is coming in, and prices are purely nominal. Hay in good demand, with receipts fair, 30 to 40 loads of No. 1 sold at \$14 to \$16 a ton for three loads of bundled. One load of loose brought \$8.

Dressed hogs are firm at \$10 for heavy, and at \$10.25 to \$10.50 for light. Wheat, fall, bushel... \$1.25 \$0.00. Do, goose, bushel... 1.15 0.00. Oats, bushel... 0.62 0.53. BREACH OF PROMISE. The Breach of Promise mock trial, that will be put on in Association Hall on the 18th, was well rehearsed last night. Russell Kelly, the popular manager, was in his element, and had no difficulty in keeping Magistrate Jeffs and Lawyers Pringle, Lazier and Marshall in order. The court crier was suffering from a very bad cold and inability to get his voice on the right pitch caused the only hitch. The other ladies and gentlemen performed their parts with a seriousness becoming the occasion. The company will rehearse again on Friday evening. Miss Salisbury and Mrs. Russell Trevelyan, two of the city's cleverest platform people, will take leading roles.

Y. M. C. A. ANNUAL MEETING. The management of the Y. M. C. A. desire to have it distinctly understood that their annual meeting is open to all who wish to attend. The presence of the members and subscribers is particularly desired, and to see the city ministers and other prominent citizens present will be a source of great encouragement to the workers. W. H. Wardrop, K.C., will be the speaker of the evening and Chester Walters will sing.

The bank clerks intend forming a league, the members will have players from all the banks in the city. They are working out every night. At Victoria Park to-night the Bank of Hamilton will play a team picked from all the other banks.

"Percy Sellen, the grand little twelve-miler, who turned "pro" for the Canadian Derby, and led the field 16 miles, is getting lots of engagements these days. On the heels of his 15-mile race with Ted Crooks, who ran third in the recent New York Marathon, scheduled for Seneca Falls, N. Y., on May 31st, comes an engagement with Henr. St. Yves. St. Yves has signed to run a 12-mile relay in Hamilton on May 19, and Sellen and Coley are the men selected to meet him. St. Yves absolutely refused to meet Sellen in a 12-mile scratch race, preferring to take a trimming, if he has to, from the Frenchman. Percy Sellen would just about handle the French car driver without gloves if he got at him at 12 miles. However, in six miles Sellen should be able to give Coley a quarter-mile lead, and it's up to Coley then. He will work hard for speed this week, and if he gets back even a modicum of his I.C.A. ginger he will hold all that Sellen presents him with."

FOUL TIPS AND STRIKES. The Pittsburgh papers are still enthusing over Clarke's finds of the season, Bill Abstein and Jack Miller. Abstein they declare to be the best first baseman Pittsburgh has had since the days of Brantfield, declaring that few have anything on the former. Eastern League in fielding, while his batting is both regular and timely.

Catcher Jack Warner, for several seasons in the two big leagues, has jumped out of Galveston, Texas, where he was appointed manager of the State League team of that city. He took a boat for New York after registering under an assumed name. Things broke poorly for him in Galveston and he got cold feet. Those financially interested in the Galveston team would like to talk to Mr. Warner, too.

Umpire Connolly has one bad fault—one that has been apparent in every game in which he has officiated here. Instead of adhering to the custom of umpires of raising his right hand for a strike and his left for a ball, he mixes up right and left with balls and strikes, and has the spectators, especially those in the bleachers, very much confused.

Report has it that Patsy Donovan, the Boston American scout, has been looking over Jimmie Jones, the heavy hitting Montreal outfielder, with a view to inviting him into the big show again. Jimmie was up there once before, but was suspended five years for expressing himself too freely to an umpire. That period of exile has expired, and it is said that several big league managers have asked "Doc" Casey to set his price

BICYCLE RACE FOR VICTORIA DAY.

Arrangements have been made for a handicap bicycle road race to be run on the 24th of May. It will be known as Jones' Special, will be for local riders only and promises to bring out a large field of young racers. The course will be one lap on the half mile track of the Maple Leaf Park, then to the canal at the Beach and returning, finishing with probably two laps on the track, and making a total of 13 miles. There will be a time prize and prizes for the first three men to finish. Further particulars will be announced.

SCRAPS OF SPORT

In the English billiard tournament at the H. B. & A. C. last night Macredie won from Blaydon and Macredie won from W. Irwin.

The annual meeting of the Victoria Yacht Club will be held this evening, at the club house. Officers of the ensuing year will be elected.

There will be a full practice of the Capital croquet team at Mountain View Park to-night at 6.45. All players wishing to make the team on the 24th of May must turn out to practice, also any new players who would like to join the team.

The Hamilton Rowing Club began its outdoor work yesterday. The new work boat was received a few days ago and from now on till the end of the summer will be out on the bay getting in shape for the Canadian Henley, in which the club will enter a junior four. The club rooms have been completely renovated and present a very handsome appearance now. A large number of new members have joined the club this spring.

The Lancashire soccer team will play Dundas at Cotter's Field on Saturday, the line-up being as follows: Goal, Coombs; full backs, Taylor and Smith; half backs, Harris, Brown, Wilkins; forwards, Nereelles, Healey, Lomas, Eccles, Reserves, Fennel and Dowell.

Kingston, May 12.—Cadet Watts, of the Royal Military College, to-day got the name upon the Hoag shield in his run for the three-mile city championship. He did the course in 16 minutes 21 seconds. Watts comes from Toronto.

THE GREAT BALL

Was Played by Torontos Again Yesterday.

At Toronto—When 'Gene McCann buzzed into town with his flock of Skeeters on Monday he said, "You will say that we have a nice ball team and you won't change your mind if you do beat us." The chiefest Skeeter of them all surely knew what he was talking about when he made that remark. His men put up another snappy game of ball against the Leafs yesterday, and the locals had to battle every inch of the route to win by 2 to 1. Kellogg, the Leafs' big left-hander, made his bow to a local crowd, and was good enough to hold the contrary in one inning. Kellogg's early season trouble is always difficult in locating the plate, but he is rapidly gaining control, and his performance yesterday was highly satisfactory. He has "stuff" to burn and ought to be a very classy finger when he gets going smoothly. No other pitcher who has faced the Skeeters this season has succeeded in holding them down to four hits. He was sent against Merritt, who had not lost a game since the season opened, and it was a battle between the twined from the start. Merritt had about control, and in the change of pace, but that let him out—and from that time to keep the Leaf batters from "getting on" with any striking regularity. Score: R. H. E. Jersey City... 1 4 3 Toronto... 2 3 0

At Buffalo—Buffalo 1, 10, 0; Baltimore 2, 8, 0. At Rochester—Rochester 1, 10, 2; Newark 2, 4, 1.

THAT RELAY RACE.

Lou Marsh Thinks St. Yves Will Be Beaten. Lou Marsh writes in the Toronto Star:

TOMMY DALY LOST IN THE 8TH.

Peterboro, May 13.—At the Brock street rink last night Jimmy Kelly, of Buffalo, decidedly defeated Tommy Daly in the eighth round of what was to have been a ten-round bout.

In the seventh round Kelly sent Daly to the floor for the count just as the gong sounded. He punched him at will in the eighth round, and Referee G. N. Graham stopped the battle and gave the decision to Kelly. Daly was helplessly beaten.

Two preliminaries were fought. The result of one was a draw and in the other Fred Miller, of Peterboro, knocked out Bob Howden, also of this city, in the second round. The main contest was the best ever seen here.

PRESIDENT TAFT WAS A WINNER.

Washington, May 13.—With victory perched on his goliath, President Taft returned late yesterday afternoon from the Chevy Chase Club links. Taking Walter J. Travis, former national and international champion, for his partner, the President helped defeat by a score of one up, the opposing team, composed, during the first seven holes of play, of General Clarence R. Edwards, chief of the Insular Bureau of the War Department, and F. Odeon Hortsmann, crack player of the Chevy Chase Club, whose place was taken after the seventh hole by Captain Archibald Butt, military aide at the White House.

The feature of the game was a remarkable drive made by the president,

Synopsis of Canadian North-west Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years of age, may obtain a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister of intending homesteader. In certain conditions a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$2.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

Gossip and Comment

All that is required now to make the Bobby Kerr meet a success is fine weather.

The gold watches which will be presented to the Intermediate Tigers, inter-provincial champions, are on exhibition in the window of Norman Ellis' jewelry store.

As the Canadian National Exhibition is going to put on a Marathon race, it is at last officially acknowledged that the Marathon is one of Canada's national products.

Leave it to a Hamilton man whether Bobby Burns or Bobby Kerr occupies the larger place in history, and you'll discover that no matter where the Ambitious City may be, it is not situated in Scotland.—Toronto Telegram.

I am convinced that James Jeffries could, with a single punch, make a stew of the big dingo who won the world's championship on a pair of sixes. All the experts who are now basking in the sunshine of his presence have said so, consequently it's a good line of reasoning to string with.

Some funny looking wrestling stunts have been pulled off in Toronto during the past season and the Toronto World wants the police to institute an investigation. It says this morning:

There is a difference of opinion about the latest wrestling stunt pulled off in this inoffensive burg. Some of the authorities say it was great, while others, equally reliable, declare the same old game. True, you cannot always tell.

One of the midnight specials that, to the tenderfoot, looked the goods, was the incident between Mahmood and Yankee Rogers. This was the Turk who had the match on with Gork, which he lost, and to stay in the hour with an alleged coming champion was a fine performance for the Yankee, who was boosted as most popular and likely to become a resident of this city.

The story goes that Rogers went on for the bout in question only when it was put in writing with the necessary guarantee that this Turk would let him stay the limit without two falls, and that was the result. If this is so, the police should take a hand in the wrestling game, and whoever is responsible for the frauds that have been pulled off on the public be made to suffer.

Information concerning the bout above mentioned, and evidences and documents used, are easily available, and can be had by the authorities for the asking. These things may be pulled off with impunity in Montreal, but it's not likely they'll be tolerated here.

London Times.—The House of Commons yesterday Mr. Cathcart Watson asked the Chancellor of the Exchequer if he was aware of the revenue that might be secured to the country by the Government taking for national purposes one-half of the gate money taken at all cricket, hockey, football and horse and dog race meetings, and if he would take the necessary steps to consider the same?

Mr. Hobbhouse—My right hon. friend has doubtless taken the necessary steps to consider the hon. member's proposal. (Laughter.)

London Advertiser: It looks as if Pat Power and Tom Longboat had started a legal Marathon, with honors even, and both on the losing side. Pat was stung properly when he decided to be godfather to the aborigine, and has accumulated enough experience to last him several days. His suit for \$1,000 against the Indian may be a source of satisfaction to him, but all it will do will be to add to his store of headaches and cuss words. Ain't Tom some at breaking up happy combinations.

Run Over by Land Roller. Tuxford, Sask., May 12.—A horrible accident happened on the farm of E. Eaton, near here, to-day, when his little daughter, who was riding with him on a land roller, was run over and killed by the roller, following the runaway of the team. The father was injured also, but not seriously. The horses were frightened by the whistle of a steam plow.

WITH THE GALLOPERS.

Work Outs at the Woodbine Yesterday.

Metropolitan Handicap This Afternoon.

Dunaa Driving Club's Matinee Races.

Toronto, May 13.—Horses were exercised on the Woodbine track yesterday from daylight until noon in preparation for the races in which they will start at the O. J. C. spring meeting. The track was dry except in some places close to the rail.

There was a lot of useful work done, but the performances of the King's Plate candidates alone made it interesting. All the best stables, Seagram, Chinn, Walker, Mackenzie, Hendrie, Shields and Thomas, worked their horses.

The best work of the King's Plate candidates was that of Shimonese, the four-year-old daughter of Martinus Lydite, who will carry the colors of the Valley Farm stable in the Guinness as she did last year, when she finished behind Seismic, the winner. The filly negotiated the Plate distance in handy fashion in 2.16. She was accompanied by Ceremonious. The pair broke at the start, and Ceremonious dropped back at the head of the stretch and Shimonese finished by herself. The fractional time was 13.26, 39.52 1-2, 1.19 4-5, 1.46 3-5.

Trainer Allie Gates was much pleased, and rightly so, with the work of his filly, Desert Star. The Ontario colt went alone a mile in 1.47, finishing a mile and a furlong in 2.02, and a mile and a quarter in 2.17 1-2. The colt was not extended, and probably has inherited one trait of his sire, who always raced above his work. In fact, though he was a 1.40 horse, Ceremonious never showed a mile better than 1.45 in training. Desert Star was not in the least distressed, and the work was of such a character as will do him a lot of good. His next work should be very interesting.

Fifty-three races won is the record made on the coast last winter by the Chinn stable, which is now at the Woodbine. The stable numbers seventeen horses, and they are certain to get their share of the purses at the O. J. C. meeting. Mr. P. T. Chinn, the owner, is a well-known citizen of Lexington, Ky. Although he has a breeding farm near that city, Joe Gaitens is the only horse he has in training that he bred. Mr. Chinn does not waste time in selecting names for his horses. He names them after his friends.

The Canadian circuit is a paper for years. A. J. Small was insured for \$10,000, but Mr. Chinn says the colt was worth a much larger sum. The Kentucky has handled many horses since he took up the racing game and he has issued and sold the programmes. Prior to that time the Toronto men had the privilege.

WINDSOR STAKES WELL FILLED. The entries for the Windsor Stakes have exceeded all anticipations, and all the best horses in the province are fairly well represented. A fairly large crowd was present, many being from this city, to see the sport. Despite the recent rains the track was in good shape, there being only two or three soft spots. Charlie Poag, Hamilton, won one race and got second in the other. Following is the summary:

Class A— Billy A. Poag . . . . . 1 2 2 Dolly, Powell . . . . . 2 3 1 Dan D., Brown . . . . . 3 1 3 Time—1:17, 1:20 3-4, 1:18.

Class B— Johnny R., Simpson . . . . . 1 1 3 Little Boy, Poag . . . . . 2 2 2 Billy H., Healey . . . . . 3 3 1 Time—1:23 1-2, 1:18 3-4, 1:18.

Mr. Frank Collins is president of the club and Dr. Jacques is secretary. Another matinee will be held next Wednesday.

BELMONT PARK OPENING.

New York, May 13.—Horse racing on its merits, bookmaking eliminated, will have its tryout on the Metropolitan circuit to-day with the opening of the 1909 turf season at Belmont Park, Long Island, under the auspices of the Westchester Racing Association. While the anti-betting laws were in effect part of last season, this was insufficient to prove whether racing can survive under the new conditions. There will at least be oral betting, as its legality has been sustained by the Appellate Division of the Supreme Court. The old admission fee of \$3 has been restored.

Indications are nevertheless that with fair weather the opening will be inaugurated before 20,000 people.

As in former years, the Metropolitan Handicap will be the chief feature. Although worth but \$5,000 instead of \$10,000, as formerly, it has attracted thirty entries, ranking well with former lists.

Heretofore the season has opened a month earlier, but, with other retrenchments, was postponed this year, with the additional abridgment of racing on but three days of the week—Tuesday, Thursday and Saturday.

OWNERS MUST NOT MAKE BOOK. The recent announcement that bookmakers in the future will not be permitted to own racehorses and pursue their operations in the betting ring has met with approval. This is a move in the right direction—to segregate betting from racing. Too long for the good of the sport have the bookmakers owned and raced horses. They controlled both ends, the betting and the running.

This new rule, which was formulated by the Jockey Club stewards, will go into effect immediately. It will be far-reaching in effect, and will not only prevent the bookmaker-owner from following his calling personally, but will prevent him from "backing" another man. This subterfuge will not be permitted. The line will be sharply and distinctly drawn—a bookmaker or an owner. Any relationship between the ring and the paddock must end.

Harney Schreiber, David Johnson, Albert Stokes and Jack Sturgis will be most directly interested in the enforcement of this new rule. The first-named owns a big stable of racers, among the lot being last season's Metropolitan and Carter Handicap winner, Jack Atkin. He is a breeder as well as a bookmaker. He will not be affected so much as his brother members of the odds brigade, for he has not pursued his vocation on an eastern track in many years.

China is going to set us an example in the matter of the provision of mounts for military purposes, which other Governments will probably follow. It is reported that the Chinese are setting about founding a state stud in Mongolia for the supply of army horses.

The Racing Calendar displays the conditions of the Grand Prix de Paris of 1911, which closes on September 14 next, and is to have a value of 300,000 francs, approximately 860,000 guaranteed. It is as usual, at one and three-quarter miles, for entire colts and fillies foaled in 1908, of all breeds and all countries.

The London Sportsman, in discussing Tod Sloan's chances for an English riding license, which he does not appear to have applied for, says: "Sloan was warned off in his race, though only for the technical offense of riding a filly on a gallop which was not open. The English stewards, therefore, are not in a position to give him a jockey's until the French authorities have made license, even if they wished to do so, the first move."

MATINEE AT DUNDAS. The first open matinee of the Dundas Driving Club took place at the Dundas track yesterday afternoon. A fairly large crowd was present, many being from this city, to see the sport. Despite the recent rains the track was in good shape, there being only two or three soft spots. Charlie Poag, Hamilton, won one race and got second in the other. Following is the summary:

Class A— Billy A. Poag . . . . . 1 2 2 Dolly, Powell . . . . . 2 3 1 Dan D., Brown . . . . . 3 1 3 Time—1:17, 1:20 3-4, 1:18.

Class B— Johnny R., Simpson . . . . . 1 1 3 Little Boy, Poag . . . . . 2 2 2 Billy H., Healey . . . . . 3 3 1 Time—1:23 1-2, 1:18 3-4, 1:18.

Mr. Frank Collins is president of the club and Dr. Jacques is secretary. Another matinee will be held next Wednesday.

BOWLING CHAMPIONS.

Records Made at U. S. Tourneys. Wood-Vallance Team Won in Class B. Scores Made at H. B. & A. C. Last Night.

The final game in class B was played last night at the H. B. & A. C. between the Wood, Vallance No. 1 and the Knight Hawks, Wood, Vallance team, captained by Harold Worth, being the winner in the first half of the season, and the Knight Hawks, captained by Gordon Nelson, the winner in the last half. The final three games were hummers, and as it was total pins to count, interest never waned until the last frame was rolled. Wood, Vallance team had their routers out in full force, and they cheered every time Percy Acheson rolled a ball down the alleys, and he put up the good score of 389. The team put up the good score of 2,080, winning by 144 pins. G. L. Nelson was high for the Knight Hawks with 566. The scores:

Table with 2 columns: Name and Score. Includes R. Johnston (201), W. Smith (202), W. Murray (196), F. Potter (156), P. Aitchison (202), H. Worth (169).

Wood, Vallance & Co. No. 1— T. Cook (191), H. Broome (196), F. Potter (156), P. Aitchison (202), H. Worth (169).

In class C last night the Pirates won two games from the Scoundrels, and these teams are now tie for the championship of No. 2 division of class C. A. Patterson was high for the Scoundrels with 526, while Capt. Murray was there with 523 for his team. The scores:

Table with 2 columns: Name and Score. Includes Murray (158), Smlton (164), R. Green (136), R. Bolton (167).

Pirates— E. Sage (150), S. Mellon (179), H. Andres (133), Buckingham (141).

For the first time in many years, a list of national and world's bowling records have been compiled. Since the organization of the National Bowling Association in April, 1906, new records have been made both in and out of competition. As the third annual tournament of the National Association is only a week away, it is therefore fit and proper that as authentic a list as possible should be gotten up. This has been the aim of the compiler, and it is possibly the most correct compilation that has ever been made. Following are the records:

National Tourney World's Records. High individual score—George Dagner, New York, 279, in N. B. A. tournament, Rochester, New York, 1908.

High individual total for three games—Arthur Wengler, Chicago, Ill., 699, in A. B. C. tournament, Cincinnati, Ohio, 1909.

High two-men single game—John McGuirk and Grady, same time and place, 1,318.

High five-men single game—Keller five, Paterson, N. J., Rochester, 1,060.

High Individual Average, all events—John J. Voorheis, Brooklyn, Atlantic City, 218 4-9.

1907—Young's New Pier, Atlantic City, N. J., March 25, to April 8.

1908—Genesee Hall, Rochester, N. Y. March 2 to 14.

1909—Madison Square Gardens, New York City, May 24 to June 12.

HANS WAGNER, THE MODEST BALL PLAYER.

"Who's that big, awkward guy over there?" "What? Don't you know who that is? Why, that's Hans Wagner, the greatest ball player that ever donned a uniform."

The above conversation took place in Carnegie the day that the Flying Dutchman left to join the Pirates, before the opening of the season. The man who asked the question was a stranger in the thriving little suburb, but he was attracted to Wagner by the fact that a crowd had gathered around him at the station while he was waiting for his train.

Wagner, the king of baseball players, the title just suits him, but he is far different from most stars, no matter in what realm they scintillate. The big, awkward German loves nothing better than quiet and retirement. He hates a crowd and detests the notoriety which his achievements on the diamond have brought him. He loves baseball, but the game would suit him better if he were permitted to gather together a nine and play behind closed gates, with the public barred. And under such conditions it is difficult to even imagine what wonderful stunts he might pull off.

Honus has been before the public for many years, but he has never been spoiled. No ball tosser has ever been more fussed over and petted than he, but he has never even lost his diffidence of manner. He is as shy as the average schoolgirl, and a deal more so than many of the latter class.

Talk baseball! Never. He will converse with you about guns, dogs, basketball, horses, automobiles, or anything else you like, but mention the national game to him and he closes up like a clam, and never an opinion do you get from him.

"I'm kind of sorry the season is opening," said the big fellow as the Pirates were speeding toward Cincinnati from Indianapolis last week. "I like to play, but I hate the travelling, the crowds, the hotels, and all this fuss and noise. I wish the Pirates could play all their games there. In fact, I could spend every night at Carnegie, where the people have seen enough of me to know that I am just like other humans, and have become well enough acquainted with them to pass me on the street without stopping and gazing at me as if I were a nine days' wonder."

That's plain talk, dear reader, but isn't it just a bit refreshing after all the hot air you have been reading about Ty Cobb, Mike Donlin, Joe Tinker, Johnny Evers and the others who do not even approach the only Honus in greatness? Cobb has been bragging all winter about what he would do this season. Honus has forgotten the diamond for the footlights. Tinker also took a whirl at the theatrical game this winter.

MAY BUILD THIS YEAR.

Report That Guelph Junction Road Will Go On.

Industrial Committee Pleased With Progress City is Making.

City Ready to Deal With Any Annexation Application.

The report that the Guelph Junction Railway is to be built and that a start will be made this summer has been revived again. Mayor McLaren said today that he had heard nothing new about the matter, and the local promoters are silent. Estimates for the work have been submitted, and it is understood that they have been approved of. This scheme was first broached four or five years ago. The plans showed that the road was to run from the corner of Queen and Barton streets, cutting over Stuart street, west of Bay, and running north of Stuart street behind the jaw and north of the Canada Screw Company's buildings to the annex, connecting with the I. H. & B. Railway. It was to serve as a freight outlet for the manufacturers to Guelph and that district.

The Industrial Committee met yesterday afternoon and discussed a number of matters of importance in connection with the plan for the delay in the advisability of establishing branches here. The committee is quite pleased with the progress already made, and it looks as if Hamilton was going to have a big industrial boom this year.

As soon as the township people have things in shape the City Council will be prepared to deal with the annexation problem. One reason for the delay is the fact that it is now proposed to take in a much larger territory east of Sherman avenue than was first proposed.

The Cemetery Board's financial statement for the month of April shows receipts of \$1,297, as compared with \$2,138 a year ago, and an expenditure of \$1,857.

James Phillips was granted a permit today for a frame house on Wilson street, between Sanford and Sturton avenues, to cost \$1,100.

FROM WOODBINE.

Dymont's Fort Garry Made Plate Trip in 2.15.

Toronto, Ont., May 13.—(Special.)—The track at the Woodbine was slow and cummy this morning, and the horses were worked well out in the centre of it, where the best footing was. There was a disappointment in store for the railbirds, as it was expected that the Seagram platers would be worked. They were only given a half mile in 50 seconds, in preparation for the work to-morrow.

The only plater to work was the Dymont candidate, Fort Garry. He went the plate trip in 2.15.2.5 seconds, which is the fastest time of the spring. The work was well done.

The horse Restoration was sent a mile in 1.45.5, which was good work. Stromeland worked the fastest mile of the year, going the distance in 1.45.1.5. There was little or nothing done with the Hendrie horses, as they did their work yesterday. They were only galloped, and then breezed. The mare Bouquet was sent a half mile in forty-eight and two-fifths seconds this morning. This was in fine form and has plenty of speed.

The hunter, Thomond, owned by Gordon Henderson, has greatly improved in the past week, and will be hard to beat. The horses to come from Baltimore are expected to arrive to-morrow, which will fill up all the stables at the Woodbine.

Charlie Murray, the Cayuga horseman, arrived today with two jumpers—Cool-orachie and Too-Much-Johnson. Both are in fine shape. The latter is only three years old. Mr. Murray reports that J. G. C. struck himself recently and will not race till Fort Erie opens.

New York, May 13.—King James, the top weight entry of S. C. Hildreth, was the public favorite for the Metropolitan Handicap at the opening of the New York racing season at Belmont Park. The excellent performance of King James at Los Angeles, when he carried 142 pounds and defeated Roseben and Jack Atkin in the fast time of 1.14.4.5 for 6 furlongs, as well as reports that the horse is in splendid condition, caused public sentiment to centre on him. Others of the thirteen entered to start, however, had admirers, and the crowds that started early for the track in the perfect weather of an ideal May day looked for a stirring race.

The interest of the public was divided between the probable performances of the horse and speculation as to the conditions which would govern betting at the track. Under the recent ruling of the Appellate Division of the Supreme Court the bettors hold that for \$25 may be permitted to make oral bets freely provided no record is made of them.

New Arrivals. Educator crackers, Colgate toilet soap, eured figs, sliced bacon in glass jars, Hubbard's rusks, Best's water biscuits, Cadbury's chocolates, Kitchen bouquet, Albert Sardines, Maron's U-all-no-mints, onion essence, birds' custard powders, Matzath wafers, Blue Label catsup, scallops, clams, shrimps, ripe olives—Bain & Adams, 89, 91 King east.

A Bargain is Determined. Not by how much is paid, but by how great the value is to be had for the price. A splendid example of what real value is are these men's and young men's suits at \$16, nothing better for \$25 elsewhere. Ask to see our \$9.98 suit values. DOUBLE LIABILITY. Toronto, Ont., May 13.—Referee Kappele this morning dismissed with costs the application made by Mr. J. F. Hellmuth, K. C., on behalf of M. J. McFarland, a shareholder of the defunct Ontario Bank, that the liquidator be authorized to test the claim of the Bank of Montreal as a creditor of the defunct bank, with a view to prevent the double liability call on certain shareholders.

TEA TABLE GOSSIP.

Mrs. W. G. Boyd and Mrs. S. C. Brooks of this city, are registered at the Chalfonte, Atlantic City.

The many friends of Mr. and Mrs. Michael Dean, 401 Dundas street, will regret to hear of the death of their infant son.

Miss Bessie Goddard, soloist of Emerald Church, is in a very critical condition. She underwent an operation this afternoon.

The structural steel for the new brewery in the east end has arrived, and the work of erecting the building has commenced.

Frank Todd, the young man who had his feet frozen some time ago and has been in the City Hospital since, was sent to his home in Simcoe yesterday.

E. W. and Mrs. Simons, after an absence of four months touring the sunny south, have arrived home. On their trip north, Richmond, Va., Washington, D. C., Pittsburg, Pa., and Buffalo, N. Y., were visited.

The funeral of Lenora Wiset took place this afternoon from her late residence, Kenilworth, Barton, at 2 p. m., to Hamilton Cemetery, and was very largely attended. Rev. C. E. Dyson conducted the services.

The Canadian Club will close a most successful season by their annual meeting tonight. The meeting will be at 8 o'clock in the museum rooms of the Public Library, and a large attendance of members is expected.

The Epworth League of Barton Street Methodist Church held its missionary meeting on Monday evening. A very helpful talk was given by Mr. Nichol, who pointed out that if all Christians lived up to their motto all the world would soon be evangelized.

Alma Daughters, an association of ex-students and students of Alma College, St. Thomas, who reside in and near Hamilton, went to the battle grounds, Stoney Creek, for a picnic this afternoon. Principal Warner is down from St. Thomas, and a number of old students from Toronto are also in attendance.

ONTARIO POLICE.

Reorganization of the Provincial Police to be Announced.

The Move Hastened by the Kinrade Murder Case.

(Special Despatch to the Times.) Toronto, Ont., May 13.—The re-organization of the Provincial Police force, so long under contemplation by the Attorney-General's Department, is, it is believed, on the verge of announcement. What form it will take has not yet been outlined by the department, but it is generally understood to be that already indicated by the press, a permanent head with offices in Toronto and under him two divisional superintendents to look after New and Old Ontario. Under them again there will probably be an officer for each county or unorganized district, taking their orders from the officers immediately above them. The question as to the relations between the present rural police force and the newly organized provincial one is one which will have to be determined later. Apart from the regular force, whose duties will be those of police, there will, of course, be, as at present, a detective force, the members of which will be known as inspectors of criminal investigation. It is, of course, probable that the newly organized force will co-operate with the License Department particularly in New Ontario and the enforcement of the liquor laws. There is considerable speculation as to the appointments which will follow the proposed reorganization. It is rumored that the position of the head of the force will go to a member of the present staff. It may be that the Government will simply appoint existing police officials in the rural districts to act as provincial officers. It is said that the re-organization which has been under consideration for some time has been hastened by the Kinrade case.

MANY CHANGES

Among Methodist Ministers of the Toronto Conference.

Among the changes which are to come before the Toronto Conference of the Methodist Church at its meeting next month are: Rev. J. V. Smith, of Central Church, Bloor street, to Centenary, Hamilton; Rev. Dr. Rose, of Winnipeg, formerly of Centenary, to succeed Rev. Geo. Jackson at Sherbourne street; Rev. W. E. Pescott, Winnipeg, formerly of this city; to Bathurst street, Toronto; Rev. R. J. Treleven, of First, this city; to Carlton avenue, Toronto; Rev. Dr. Hazelwood, formerly of Wesley, to Central, Toronto; Rev. L. W. Hill, of Broadway Tabernacle, to Burlington.

Fresh Fish For Friday.

British Columbia sea salmon, Lake Ontario whitefish, trout, fresh herrings, dressed catfish, eels, halibut, haddock, cod, whickeys, sole, skate, ciscoes, finnan haddie, kippers, anchovies, Loch Fyne and Holland herrings in kegs, salt mackerel, shredded cod, boneless cod, shell oysters, boiled lobsters.—Peelies, Hobson & Co., Ltd.

GOES TO PENITENTIARY.

Toronto, Ont., May 13.—In the sessions this morning the man Oliver was convicted of doing grievous bodily harm, and sentenced to two years and six months in Kingston Penitentiary. Oliver was first arrested on a charge of murder; this was reduced to manslaughter, and the latter to the charge on which he was sentenced this morning. The evidence showed that during the course of an altercation on the street recently Oliver struck a man named William Gordon, the latter falling to the pavement and sustaining fractures of the skull, which resulted in his death.

PURE MILK.

Toronto, Ont., May 13.—It is reported this morning that Mr. J. R. Darville, M. P. for Leeds, will be appointed Chairman of the Provincial Government's proposed commission to inquire into the question of pure milk supply and also that the Cabinet this afternoon probably will make an announcement on the question of Provincial police.

JURORS DIVIDED IN THEIR OPINION.

(Continued from Page 1.)

taste. They seem to think that the Attorney-General's Department can be trusted to take action at the earliest possible moment, if there is any hope of such a step succeeding.

On the other hand, feeling is certainly strong among a certain section of the jurors. A Times reporter met three of them talking matters over in Mr. Spera's store this morning. The first thing the foreman of the jury did was to correct a statement that appeared in a local paper, which made it appear as though he had insinuated that the Crown had misled the jury and caused it to return an open verdict under a misapprehension.

"We were not misled," said Mr. Spera, who explained that the Crown had given the jurors no intimation of any understanding having been reached or any reason for the inquest ending abruptly. At the same time Mr. Spera said that the jurors all took it for granted that the final session was cut short as a result of an understanding reached at the private conference.

"Why should the jury take anything for granted? Why did it return that verdict, if it favored another one, when it had received no intimation that the Crown had anything up its sleeve? Why was not the verdict returned 'according to the evidence, as the jurors were sworn to do?' asked the reporter.

"Well, it is possible sometimes to read between the lines," said Mr. Spera, who intimated that the jury had no desire to do anything that might interfere with the Crown's plans.

Coroner Anderson is understood to be in sympathy with the move to spur the authorities to action. It is said that he suggested to some of the jurors the advisability of acting at his house and talking matters over.

"Will the jurors accept the Coroner's invitation?" Mr. Spera and the other jurors who were present were asked.

"They declared that they knew nothing about it, but that they certainly would accept an invitation, and thought it was the proper thing to do.

H. F. Stenabaugh and J. R. Wells, two of the jurors, urged Mr. Spera to call up Dr. Anderson on the phone and see what could be done. They agreed, however, that it would be best to wait until it was seen what the Cabinet would do today.

"I would have stayed there four nights fighting for the verdict which I felt should be returned," said Mr. Stenabaugh, and he declared that at least eight or ten jurors would have backed him up. This verdict, he said, would be so strong that it could not be overlooked. "It would have stated that there was no reliable evidence produced before the jury to show that there was any man in the house the afternoon that Ethel Kinrade was murdered," said this juror.

Mr. Wells said that he had favored a verdict which would have referred very pointedly to the unreliable evidence of one witness.

"I would be in favor of the jury meeting with the Coroner," said Foreman Spera, "and I would like to have the reporters there so that our individual opinions might be made known to the public."

"I would be prepared to say exactly what I said before the jury that night," said Mr. Stenabaugh.

"The last has not been heard of the case," said Mr. Wells, as he left.

It was stated by them that Jurymen Reding, Skerrett, Hunter, Hooper and Powell were some of those who favored taking some course that would spur the Government to action.

Mr. Skerrett, however, told the Times that he had not been consulted and did not approve of the course suggested. He had done his duty as a juror, and if any further action were taken it should be on the Crown's initiative, without any suggestion from the jury.

That some of the jurors do not hold the same views as Foreman Spera there can be no doubt.

"No one could be more surprised than we were a majority of the men who served as jurors in the Kinrade inquest when they read in a city paper last night that the Kinrade jurors are indignant over the delay in the case and are talking of getting together again and forwarding a resolution to the Attorney-General's department, protesting against the delay."

This was the declaration of one of the jurors last evening. He added: "Foreman Spera may think the jury was laboring under a misapprehension when it brought in its verdict, but he will find that a majority of the jurors knew exactly what they were doing, did it with their eyes open, and having formed their full duty, will not now attempt to interfere with the Attorney-General's department in its course."

Coroner Anderson, when spoken to this morning, said: "The jurors could meet now as a jury. They could meet as citizens. What influence any recommendation they might make would have I would not like to express an opinion on."

Several of the jurors discussed the matter last night. The consensus of opinion was that, if they began to interfere now they would be told to mind their own business. If they had not done their full duty before they presented their verdict, they would be discharged they would be the ones to be censured—not the Attorney-General's department.

A despatch from Montreal says that Mrs. T. L. Kinrade, her daughter Florence and C. Montrose Wright have been discovered at the Haymarket Hotel in Boston. A Boston despatch dated yesterday says:

Miss Florence Kinrade, Mrs. Kinrade and C. Montrose Wright had not booked for an ocean passage this morning. Nothing is known about them at the Atlantic Line offices here. They may, of course, go on the Laurentian at the last minute; she sails at three o'clock.

The Kinrades and Wright left the Haymarket Hotel at noon. They may have gone to another hotel, but it is possible that they took a train to Portland.

The Toronto News says: It is understood that Mr. C. Montrose Wright shortly before his departure for Montreal the other evening admitted that he was going to Europe in the near future, but did not say he was going with Mrs. and Miss Kinrade, though he said he was not going alone. He intended to tour the Highlands of Scotland and England, and then proceed to Italy. He had planned to take a year's post-graduate work in theology in Edinburgh University.

"I'll never take another lecture at Victoria," he said, "before leaving Toronto. If I can raise the money, I'll finish my theological course in Edinburgh."

SAM HUGHES

On Full Partnership of Canada With Empire.

Discussion Over Tory Trick of the Pugsley Vote.

(Special Despatch to the Times.)

Ottawa, Ont., May 13.—The story of the snap vote on the Pugsley debate was gone over in the Commons this morning. In effect Mr. Blain, the assistant Conservative whip, denied, and Mr. Calvert, the chief Liberal whip, affirmed that there had been a breach of agreement committed by the Conservatives in failing to put up a man to follow Mr. Turgeon.

Col. Sam Hughes moved this resolution, favoring a "full partnership union" of Canada with Britain. He thought that the Government and members of the House must be surprised at the progress which had been made by the sentiment in favor of the proposal since its introduction three years ago. He regarded standing armies as agents of peace, and eulogized the French-Canadian as a loyal citizen of the empire. Col. Hughes declared that Britain is growing to understand the colonies better and the colonies were growing to understand Britain better. The United States had come to a realization of the fact that she was infinitely stronger without Canada annexed. To preserve Canada and the empire, he would have an Imperial Parliament as well as colonial parliaments. There should be full partnership in defence, trade and diplomacy.

THE WEATHER.

FORECASTS.—Moderate southeast to southwest winds, generally fair and moderately warm; a few scattered showers or thunderstorms during the night or in Friday.

Several more depressions exist in the continent this morning while the pressure is highest in the South Atlantic States. Showers have occurred generally over Lake Superior and local showers in the Western Provinces, elsewhere the weather has been fine.

Washington, May 13.—Eastern States and Northern New York—Partly cloudy in south, increasing cloudiness and showers in north portion to-night or Friday; light southwest and south winds.

Western New York—Unsettled weather, showers in north portion to-night or Friday.

Lakes Erie and Ontario—Light to moderate south and southwest winds, thunderstorms to-night or Friday.

The following is the temperature registered at Parke & Parke's drug store:

9 a. m., 60; 1 a. m., 66; 1 p. m., 68; lowest in 24 hours, 54; highest in 24 hours, 68.

FRIDAY "SPECIAL VALUE DAY"

Thousands of People Will Save Money at Right House To-morrow.

Special value Fridays are looked forward to at The Right House by thousands of eager men and women, who like to get the greatest possible value for their money.

To-morrow's great hour of sale and all-day offerings to save money on just the identical things everyone is needing right now.

Read The Thomas C. Watkins advertisement in this paper to-night and get out to-morrow for your share of the savings.

DOUBLE VALUE.

Preserved pineapples are not only delicious wholesome as a food, but have a medicinal value in throat troubles, so that when you put them down they have a double value. Then, too, at the five stores they are being sold at Carroll's prices they are again double value.

Think of it, 79c per dozen, fine good, ripe, sound pineapples. It is ridiculous almost. Larger sizes at proportionately low prices. See advertisement.

Selling Out.

Mr. John J. Bucke, the well known men's furnisher, 113 King street east, is giving up business and will start a great bargain sale of men's shirts, gloves, neckwear, cuff links, hats, tweed caps, etc., on Friday morning.

There is a rare chance to get genuine values at less than cost to manufacture, and buyers may depend upon getting goods of extra quality. Mr. Bucke has been noted for his fine stock and it will pay the men of Hamilton to read the advertisement and call at the store, opposite Waldorf Hotel.

MUNICIPAL ADVERTISING.

A cordial invitation is extended by the officers of the Greater Hamilton Association to all those who are interested in the Greater Hamilton movement to hear an address by Mr. E. F. Olmsted, of Buffalo, who is one of the prominent publicity experts on municipal advertising, what it is doing for Buffalo and other cities, and what it will do for Hamilton. The address will be given at the Board of Trade rooms to-morrow afternoon at 4 o'clock.

VISITING IN KINGSTON.

Kingston Standard: Captain Douberville, of the Hamilton fire department, and Constable Reynolds, of the Hamilton police force, are in the city to-day, and called upon Chief Elmer, of the local fire department. Constable James Reynolds was a member of A Battery sixteen years ago, and is renewing his acquaintances among the soldier boys.

He is six feet four inches and weighs 230 pounds. While in the city he was the guest of Sergt. T. Pateman, of the Medical Corps.

MASONIC HALL.

Geo. Moore Succeeds Geo. H. Bull on the Board.

The annual meeting of the Masonic Hall Association was held last evening, when the officers were elected and satisfactory reports presented. Mr. George H. Bull retired from the board of directors and was succeeded by Mr. George Moore. The officers are: President—Mr. W. H. Ballard, Treasurer—Mr. R. L. Gunn, Secretary—Mr. Thomas Lees, Directors—Messrs. Wm. Birrell, A. T. Freed, J. H. Herring and Geo. Moore.

A SAD DEATH.

Woman's Legs Crushed While She Crawled Under Train.

North Bay, Ont., May 13.—Mrs. Benjamin Patterson, of this place, met death last night under particularly sad circumstances. Returning from a visit to a neighbor on the other side of the C. P. R. tracks, she attempted to crawl under a train standing on a siding when the train started, passing over her legs. The limbs were amputated, but the woman died a few hours later. Mrs. Patterson leaves a husband and four children, the husband being at present out of work.

JUGEND VEREIN.

The Jugend Verein, of the German Lutheran Church, held its last party of this season at the residence of Mr. G. Schnabel, last night.

The gathering was one of the largest in years, nearly every member being present. The evening was spent in playing games, singing and music. Refreshments were also served. After singing "God Save the King" and heartily thanking their hosts for the kind invitation the jolly company dispersed.

Mr. H. Rember, jun., president of the Verein, is highly pleased with the progress and growth of the Verein. He said that he has signed more membership cards in the last few months than had been issued in nearly two years.

Next Place.

Columbus, O., May 13.—The contest over the selection of the place for the next meeting of the National Brotherhood of Railway Trainmen became lively to-day, partisans of Chicago, San Antonio, Nashville and Harrisburg, Pa., being very active. It is unofficially said to-day that the convention will vote a fund to complete the home for aged and disabled railroad men at Highland Park, Ill.

SMUGGLING CHINESE.

Kingston, Ont., May 13.—An Ogdensburg, N. Y., immigration agent is here, seeking to ascertain if a Chinese agency exists in Kingston for the smuggling of Chinese into the United States, for in a number of cases the Chinese claimed to have come from here. Quite a traffic is done across the St. Lawrence River at various points.
