## ST. PATRICK'S DAY IN NEWCASTLE

### Roman Catholic Societies Hold Magnificent Parade, Listen to Eloquent Speeches, and Present a First Class Drama.

Friday being St. Patrick's Day witnessed the largest Catholic parade ever seen in Newcastle or the North Shore. Under the auspices of Newcastle A. O. H. the Divisions of that order, and of the Knights of Columbus and C. M. B. A. of Newcastle, Chatham Nelson, Douglastown, Barnaby River, Loggieville, Blackville, St. Margarets, and other places in the county congregated here and paraded in the forenoon. Several hundreds, headed by St. Mary's Band, were in line and presented a fine appearance. Many strangers were in town and the best of order and good fellowship prevailed.

In the afternoon there was a mass meeting in the Opera House. On the platform were County Master C. J. Morrissey of the A. O. H., Ex-Mayor Hennessy, Hon. John Morrissey, Rev. P. W. Dixon, and Rev. Father Roche of St. Thomas College, Chatham.

The chairman said the work of the A. O. H. was especially educative. Eight boys were being educated in the colleges of the province, two of whom were in St. Thomas'. He urged all Catholic men to join the Catholic societies.

#### REV. FATHER ROCHE

Rev. Father Roche was the principal speaker. He regretted the fact that Irish young people were inclining more and more to old bachelorhood and old maidenhood. This was a mistake. They should marry early and raise large and sterling families as of yore.

The A. O. H. of America had last year expended \$8,000,000 in benevolent work. The Irish were a strange people, who never forsook an idea once cherished. No race so loved the old land. None has suffered so much. We in Canada had a freedom within the Empire second to no freedom on earth, and Australia, New Zealand and South Africa had the same. Let the future historian tell how much of that freedom is due to the gitation of Irishmen. Today in his own country the Irishman walks erect, for he sees liberty approaching. The speaker agreed with John Redmond that Ireland should be a nationality within, not outside of the Empire. Separation would be a mistake and was not desired. Ireland had forgiven and would never oppress the minority within her borders. Ulster had nothing to fear. She would probably receive better treatment than the rest of Ireland, for all Irishmen had vowed that never through them should any people suffer anything like what the Irish themselves had had to come through. The mission of the Celtic people was intellectual, moral, spiritual not military or domineering.

The Irish idea was not getting alone Home Rule for Ireland but Home Rule for Scotland and Wales and freedom for England herself. An English local parliament would have time to send men into English mines, factories and slums, and opportunity to grapple with the shocking industrial and social conditions known to exist there.

Father Roche's speech made an excellent impression.

#### REV. P. W. DIXON

Rev. Father Dixon, the beloved pastor of St. Mary's church, followed. He lauded the patience of the Irish race, their magnanimity and intellectual and spiritual characteristics. Irishmen were loyal

to the injuries they had received. Their day of freedom about to dawn, would benefit the empire and the whole human race.

#### HON. JOHN MORRISSEY

The chief commissioner never felt so proud of being an Irishman. Times had changed in 30 years. Time when Irishmen must take second place, at least in old Northumberland, had gone for ever. They asked nothing but fair play and were now in a position to get it. A free Ireland will give justice to all.

#### JOHN RENAUD'S TRIUMPH

In the evening the choir of St. Mary's church assisted by friends played an excellent drama—John Renaud's triumph—in the Opera House.

Every seat in the hall—about 700—was filled, and the audience was well paid for their attendance. Among the star actors were little Miss E. McCarron, Misses Harriman, Lawlor, Hogan, Morris and McCabe, and Messrs Geo. M. McDade, C. P. McCabe, Bryan D. Hennessy, Donald S. Creaghan, Fred V. Dalton, J. Manderson, and H. Hachey. The plot was well conceived and every part was well played. As the witty Irish soldier Mr. McCabe delighted the audience as an unjustly condemned man patiently suffering as a convict Mr. Creaghan showed real dramatic talent, as did Miss Harriman in two difficult roles and Miss Hogan as preceptress who finally cornered the assassin and restored the convict to liberty and the arms of his faithful daughter, whose part full of emotion was successfully played by Miss Morris. As one who has to help to expose her supposed father Miss Lawlor had an exceedingly difficult part but maintained it well. As the villain of the play Mr. McDade played his part perfectly.

As specialties Miss Morrison sang "Believe Me If All Those Endeavouring Young Charms" and as an encore "The Last Rose of Summer." C. J. Morrissey sang "In Far Off Killarney" and "Norah Malone." McCurt Fitzpatrick, a born comedian, sang "You Can't Keep the Irish Down" and "Where's Kitty O'Brien?" Masters John and James Sullivan, Charles Morris, Edward McEvoy and Leo Keating sang very nicely and like the older singers were heartily encored.

Misses Sullivan and Lawlor played the piano very beautifully. The plot of the play was as follows:—

## W. MAX AITKEN, M. P. HONORED BY NEWCASTLE

### Given Freedom of the Town, Serenaded and Banquetted by Citizens of His Native Place.

Newcastle had a gala day Monday when its people turned out en masse to welcome its former citizen, W. Max Aitken, M. P. for Ashton-under-Lyne, England, who came home to spend a few hours in his birthplace. Pursuant to their previous resolutions the Mayor and Town Council, accompanied by members of the Board of Trade and many others with the Citizens' Band met the distinguished visitor at the station and with music escorted him to the Opera House. There the overflowing audience was called to order by Hon. Donald Morrison, chairman, who after a few well chosen remarks called upon Mayor McMurdo, who presented Mr. Aitken with the following address: W. Max Aitken, Esq., M. P., Sir,

It is with feelings of pride and pleasure, too great for adjectival superlatives to express, we welcome you today to your native town.

The Town Council on behalf of the people of Newcastle on hearing of your visit to the home of your childhood have unanimously decided to give you the freedom of the town during your sojourn here; and we now most heartily tender you the same.

Knowing you through childhood and early youth, your buoyant disposition, mischief and energy endeared you as a companion; but since you went out from among us your constant march up the ladder of success, with never a step backward, has been watched, rung by rung, with ever increasing pride and interest, until the great triumph of being chosen as one of the Legislators in the Empire's Central Parliament at Westminster fell to your lot.

The mother watches with joy and fear the struggles, successes, dangers and promotions of her soldier boy, and when he returns with his stripes and medals, especially without spot on his career, her love and pride and welcome have no language; and the same feelings toward you are the feelings of your native town today.

Your various financial ventures, and successes have been marked with honesty, and absence of anything that looked like wringing wealth at the expense of the people, and each enterprise was a boon to the people instead of what has marked those of many other great financiers, a squeeze out or other means dishonest. Your success, we have noted with pride, has been due principally to honesty, hard work and consideration for the public welfare.

We noted with amusement some of the comments of the English press during the election which placed you in the Imperial Parliament, such as "It was a whirlwind campaign." We, who knew you, knew it would be that or nothing; and again "He took off his coat and landed in 'Ashton-under-Lyne' with both feet." We, who had watched your career, did not need to be told that when you went there at all. But, what gives us the greatest satisfaction is, we feel assured we can tell them that "Ashton-under-Lyne," England, and the Empire will be the better for your presence in the British House of Commons.

We are pleased to note that you

are accompanied by one of England's eminent journalists, and as your friend and companion we welcome him also, and hope he will carry away pleasant recollections of his visit to Newcastle, as well as of Canada generally.

We regret your good wife is not here, also, to share the welcome we tender you; but we desire you to assure her for us, of our best wishes and highest regard, and trust you may both be long spared to enjoy continued and increasing happiness and triumphs.

In conclusion, on behalf of Newcastle, its men and women, its boys and girls, its children and babies, we bid you welcome! welcome! welcome!

Signed on behalf of the town of Newcastle,  
L. B. McMurdo, Mayor,  
Newcastle N. B., March 20th, 1911.

Mr. Aitken very feelingly replied, thanking his friends for their great consideration, declaring that he always remembered Newcastle with kindly feelings and could never forget her people.

Stirring speeches warmly congratulating Mr. Aitken and his work followed by his English friend, Mr. H. A. Gwynne, Editor of the London Standard, Alderman Butler, Rev. S. J. Macarthur, Judge Wilkinson, Ex-Mayor Miller, Frank D. Swim and Wm. A. Park.

In the evening Mr. Aitken was serenaded by St. Mary's Band, and late in the evening a large number of the business men of the town sat down to a sumptuous banquet in his honor in the Miramichi Hotel.

About 45 sat down to dinner at ten o'clock and the banquet was over and the guests gone by twelve when Mr. Aitken left for Montreal. The toast of the Governor General was responded to by Wm. A. Park, Ex-M. P. P., Lieut.-Governor, by Sheriff O'Brien, the British Empire by Rev. S. J. Macarthur and H. A. Gwynne, the press by J. L. Stewart, T. W. Butler, E. A. McCurdy, W. J. Jardine, Mayor McMurdo and others spoke and the toast master was Chas. E. Fish, Ex-M. P. P.

Mr. Aitken made a brilliant speech, declaring that he stood for the extension of preferential trade within the Empire and the uplifting of the poor, degraded and disfranchised of Britain.

In the Presbytery on the afternoon and evening of the 14th instant augmentation of \$250 was granted Harcourt and \$200 to Bass River.

Messrs. Kirk, of Dalhousie, and Patterson, of Harcourt, applied for certification to the home mission board as catechists. The presbytery agreed to grant certificates upon certain formalities being complied with.

Mr. Robt. Watson of Doaktown was recommended to the home mission board for further employment.

The Tide Head congregation was authorized to mortgage their manse for \$2,000.

Rev. R. P. MacKay, D. D., of Toronto, was nominated for moderator of the General Assembly.

The following were appointed commissioners to the General Assembly: Revs. Archibald, J. R. Miller, MacKay and McLean.

## NEWCASTLE BAPTIST CHURCH REOPENED

### Large and Attentive Audiences Listen to Eloquent and Inspiring Addresses in the Beautifully Remodelled Edifice.

Friday was a red letter day for the Baptists of Newcastle. Their church, which under the able and untiring superintendency of Dr. and Mrs. H. T. Cousins, and which has been beautifully remodelled and considerably enlarged at the cost of some \$5000, was re-opened on that day in the presence of a large audience. The first service was held at 3 p. m. Its chief feature was the unveiling of the five hand-some memorial windows—two donated by the children of the late Mrs. Jarel Tozer, one by the Lonsbury family, and the remaining two by the children of the late Mr. and Mrs. Walter Elliott. At each unveiling the audience stood up and sang and an address was given by one or two of the visitors, in the following order:—Rev. Dr. David Hutchison of St. John; Rev. F. E. Bishop, Rev. J. H. MacDonald and W. G. Clark of the Lonsbury-Clark Company, Fredericton; Rev. G. W. Schurman of Campbellton and Rev. F. N. Atkinson of Blackville. Rev. S. J. Macarthur and W. J. Devere of Newcastle were present and assisted in the impressive ceremonies. There were also present Inspector G. W. Mersereau and Dr. Marven of Chatham, Councillor Swain of Doaktown and many others from outside. Rev. Drs. McInyre and Phillips of St. John, were to the great regret of all present, unavoidably absent. Miss Jennie Tozer presided very acceptably at the organ, and the music, both vocal and instrumental was of a very high order.

The Newcastle Baptist Church, which began 58 years ago with a membership of 6 has now one of the handsomest edifices in the Maritime provinces. The memorial windows are especially beautiful.

The evening exercises were also very impressive. Again the church was crowded. The pastor was assisted by the following speakers:—Rev. F. E. Bishop, G. W. Schurman, Dr. Hutchison, J. H. MacDonald, H. D. Worden of Whiteville and others, who made able addresses. Solos were rendered by H. Chubb McLean of Chatham, Miss F. N. Atkinson and a duet by Mr. and Miss Calder.

About \$100 was collected in the afternoon and a large sum at night. The re-dedication services continued on Sunday. In the morning Rev. J. H. MacDonald preached a powerful and effective sermon on "The Foundation and Function of the Church." Rev. Dr. Hutchison assisted in the devotional exercises. There was a choir of nearly twenty voices, and Mr. McLean ably rendered a solo.

In the afternoon Rev. Dr. Hutchison preached at Derby, and Rev. Mr. MacDonald addressed the young people of the church here.

In the evening Dr. Hutchison spoke from the Text "There Remaineth therefore a Rest for the People of God" and thrilled his large audience. Mrs. F. N. Atkinson sang a solo and there was a duet by Mr. and Miss Calder. These were as usual, ably supplemented by dancing in some cases was doing considerable harm.

alternatives, Rev. Messrs. Hardy and Simpson.

Rev. C. Simpson presented the report of the Social and Moral Reform committee. There was no conflict in this district between Capital and Labor. There were practically no labor organizations. Temperance sentiment was increasing. Vice was not pronounced. Sabbath was fairly well observed.

## AT LAST, A CURE FOR RHEUMATISM

"Fruit-a-tives Guard Me" Says Mrs. Baxter.  
 "I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without help. I saw 'Fruit-a-tives' advertised in 'The Telegram' and decided to try them. After I had taken one box, I was much better.  
 When I had taken three boxes I could use my arm and the pain was almost gone. After taking five boxes, I was entirely well again. The cure of my case by 'Fruit-a-tives' was indeed splendid because all the doctors failed to even relieve me. 'Fruit-a-tives' cured me."  
 MRS. LIZZIE BAXTER.  
 4 HOME PLACE, TORONTO, Dec. 12, '09.

In hundreds of other cases, "Fruit-a-tives" has given exactly the same satisfactory results because "Fruit-a-tives" is the greatest blood purifying medicine in the world. "Fruit-a-tives" the famous fruit medicine regulates kidneys, liver, bowels and skin, and prevents the accumulation of uric acid, which is the prime cause of Rheumatism.

"Fruit-a-tives" will positively cure every case of Rheumatism, when taken according to directions, see a box, 6 for \$1.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

## FUNERAL OF THEOTINE BLANCHARD WAS LARGELY ATTENDED

Carquet, N.B., March 13.—The body of Theotine Blanchard, ex-M.P., who died suddenly at Bathurst Friday from the effects of a broken leg, was taken on a special train Saturday down to Carquet, and about 100 men accompanied the body.

He was born in 1844, was educated at the local school. He started his career as a school teacher, was elected for the first time in 1870 to the local legislature, and sat till 1874, when he resigned; he accepted the inspectorship of toights and measures for the county of Gloucester and Restigouche. He was re-elected for the local house in 1892, and resigned in 1894 to contest the county for the vacant federal seat, vacant by K. F. Burns having accepted a senatorship. Mr. Blanchard was elected by a large majority and sat till the general elections in 1900. At the time of his death he was inspector of liquor licenses for the county. He was the first French-Canadian who was elected for the County of Gloucester and was a Conservative in politics. He leaves a wife and two sons, who are married here. He was buried on Sunday, and had the largest funeral ever seen in the parish of Carquet.

"The policy which Canada has always adopted is not to give a foreign nation any advantage which is not given to the whole British Empire," Hon. Mr. Fielding.

## QUEBEC WILL KEEP EMBARGO ON PULP WOOD

Premier Gonin Says the Province Has the Whip Hand and the Raw Material Must Be Manufactured There.

Amidst applause from both side of the house Sir Lomer Gouin told the legislature, that the Quebec government had no intention of departing from the policy adopted last April which requires that all pulpwood cut on the crown land shall be at least partially manufactured before being exported. "The question," Sir Lomer stated, "is, shall we accept the offer from Washington and go back on our order-in-council of last April, and let our pulp go into the market of the United States to be made into paper there. Personally I have not heard any argument to make us change our minds. Some want the question referred to the people, but I say that unless we get better arguments we shall keep to our decision of April, 1911." Sir Lomer agreed with Mr. Bourassa that everything should be done to foster the manufacturing of paper in the province. Quebec had 117,000,000 acres of forests while the private lands producing pulp only amounted to 5,000,000 acres. The future of the paper making industry of this continent lay in the province of Quebec.

## NEW STATION AT CAMPBELLTON

The plans of the new I. C. R. station are now in view and tenders are being asked for. The plans call for a platform 800 feet long and station buildings of a very high standard. The main building which will be of bricks with stone trimmings will be 200 feet long by 35 feet wide, two stories in height with attic for storage on the ground floor the main entrance Cads into the Booking Hall, with ladies and gentlemen retiring rooms, ladies parlor, gents smoking room, lavatories etc, while on the upper floor will be found the District Superintendent's office, Clerks office, Train Dispatchers etc. The building is of very taking design and shows clearly that the I. C. R. are not doing any cheap thing for Campbellton. The cost of the whole work will run between \$80,000 to \$100,000.

# AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Midgie Station, N. B.—One can hardly believe this as it is not natural, but it was my case. For ten months I suffered from suppression. I had

different doctors, tried different medicines, but none helped me. My friends told me I would go into a decline. One day a lady friend told me what your medicine had done for her, so I wrote you for advice and received your reply with pleasure.

I started taking Lydia E. Pinkham's Vegetable Compound, and at the second bottle showed improvement. Now I am regular and never was so well in my life, thanks to Mrs. Pinkham's medicine.

Please publish my letter for the benefit of others.—MRS. JOSIAH W. HICKS, Midgie Station, N. B.

Indian Head, Sask.—Lydia E. Pinkham's Vegetable Compound is indeed a boon to women who suffer from female ills. My health is better now than it has been in my five years of married life and I thank you for the good your advice and medicine have done me. I had spent hundreds of dollars on doctors without receiving any benefit.—MRS. FRANK COOPER, Box 448, Indian Head, Saskatchewan.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

# EXPENDITURE OF HAZEN GOV'T.

Incredible as it may seem, the Hazen government has spent almost a million dollars in the four months which have elapsed since the close of the last fiscal year. In that fiscal year it will be remembered the ministry spent about \$1,370,000, a record breaking sum for this province. Apparently, however, 1911 is to see an even larger sum spent by the ministers than the record amount 1910. This is indicated by the statement with which this letter began, a statement by the way which is based not on any figures of opponents of the administration, but on the figures of the Provincial Secretary himself.

At each session of the Legislature the government must submit a statement showing the receipts and expenditures between the close of the fiscal year and the time at which the Legislature is sitting. This statement for the present session was brought down by Mr. Flemming last week. It shows that the expenditure on ordinary account between Oct. 21, 1910, and February 28, 1911, was \$462,500 in round numbers. The similar expenditure on capital account was \$501,600 or a total under both heads, of \$964,100. The expenditure figures are surely such as to cause considerable alarm to the people of the province when they realize that nearly a million dollars has been spent in the first four months of the present fiscal year. The expenditure record of 1910 was not such as to cause the people to feel confidence in the professions of economy and wisdom, made by the ministers. Nor is the four month's record given above calculated to create that confidence. Rather, indeed, will it cause that feeling of alarm, to which reference has just been made.

The report of the Auditor General for 1910 tells of many features of the government administration which will not commend themselves to people having the true interests of the province at heart. The report shows, for instance, that in many instances there have been noteworthy cases of increased expenditure. It shows, too, that last year, as in 1909, thousands of dollars were spent by the government merely for the inspection of bridge and wharf work. It shows also, that the government is still following its plan of having many friends of the administration employed at the public expense. Indeed it shows that relatives of members supporting the government are well looked after. The lawyers friendly to the administration are also found to have received large sums from the provincial treasury, in many cases for work which Mr. Hazen, when in opposition, declared should be done by the Attorney General and the Solicitor General. Another thing that the report shows is that large payments were made in 1910 on account of that absurd investigation, the Central Railway inquiry. Indeed all the payments had not been made when the fiscal year closed. For Mr. Flemming's statement, referred to above, showed that nearly \$500 had been spent on account of this investigation since October 31st last.

Perhaps the most remarkable thing in connection with this report is that it shows that over \$105,000 was spent last year by the government without any legislative authority whatsoever. This enormous sum was expended under authority of the "Ministers of the Treasury Board Authorising Payment in excess of Appropriations," and special warrants and orders in council authorising similar payments. Not was 1910 the first year in which the Hazen government followed the remarkable plan of spending large amounts without authorisation from the members elected to Assembly by the people. In 1909 a very large sum of money was similarly expended. It must be admitted, however, that the figures for 1909 were not so large as those for 1910. At the same time it is

not quite certain that there is much comfort to be found in this fact. Apparently each year of its life sees the Hazen cabinet more reckless in its handling of the public monies.

One of the vaunted pieces of Hazen legislation is the Audit Act. When this act was under discussion in the House at the session at which it was passed, Premier Hazen and his colleagues were emphatic in declaring that under it there could be no expenditures by the ministers unless the outlays had first been authorised by the members of the House in regular session.

At that time opposition members took contrary ground and said that the proposed act would be nothing but a farce, and through its provisions it would be possible to drive a coach and four. The record of 1909 and the more startling record of 1910, have shown how well founded were the opposition's contentions.

The government's own reports for these two years show that the ministers do as they please with the finances of the province without let or hindrance from the Audit Act which they drove through the House in face of opposition contentions.

No doubt the people will remember the vehement manner in which Mr. Hazen and his associates when in opposition, were wont to declare that the province was annually being robbed of thousands of dollars through the mismanagement of the former administration in the affairs of the Central Railway. Honest, proper management was the well known cry, would easily wipe out the loss on the Central and, more than that, might result in an operation profitable to the people. For three years Mr. Hazen and his friends have had the control of the Central Railway. What do some figures taken from official reports and read in the House the other day say of Central management now?

In 1906, under the former administration, the railroad showed a surplus of \$2,224. In 1907 it showed a deficit of \$150. Then came the change of government. In the first year of the new administration, 1908, the road showed a deficit, not merely \$150 but of \$2,066. What did 1909 show? Did it show a deficit of \$150? Did it show a deficit of \$2,066? The fact is that it showed a loss on the year's operation of the Central of more than \$6,000. Surely this was a strange record for a government that claimed that their predecessors' failure to make the road earn many thousands had been due to incompetency and dishonesty. But \$6,000 is considerably less than \$17,000. In 1909 the deficit on the Central was \$6,000; in 1910 the deficit was upwards of \$17,000, the figures being \$16,466. To lose \$6,600 in one department of the public works in a single year was surely bad enough. How much worse was it to increase the loss in a single year by about \$10,000?

To review the affair: In 1907, under the former administration, \$150 was lost by the people on the Central Railway. In 1910, under Mr. Hazen's rule, the loss was \$16,426. In three years, 1908, 1909, 1910, under the government which claimed that the people were being robbed by a ministry which showed a deficit of \$150 in operating the Central, a total deficit of over \$25,000 on the road was piled up. Comment is unnecessary.

The present ministers are great friends of the farmers. From the premier down through the ranks of the government to the government supporters, the same song is sung: The Hazen administration is the greatest friend the farmers of New Brunswick have ever had. But, apparently, the lawyers of the province share with the farmers, the affections of the ministry. Again and again in the Auditor-General's report of 1910 is there the account of some lawyer or some firm of lawyers friendly to the government.

Premier and Hon. Mr. McLeod handling all the criminal prosecutions and the other legal business of the province, lawyers who are friendly to the administration, have been called in to handle much work and to receive varying sums from the provincial treasury. In 1909 Messrs. W. A. Mott, Fowler and Jonah, T. J. Carter, J. B. M. Baxter, R. B. Hanson, J. C. Hartly, Powell, Bennett and Trites, C. L. Hanington and others were paid considerable amounts from the treasury. The report of 1910 continues the story in much the same way. The faithful conservative lawyers are not forgotten by the faithful conservative premier whose pro-election ideas on economy were swept away when he found the keys of the provincial treasury in his hands.

Last year, as in 1909, the people not only paid the salary, travelling expenses, contingences, indemnity and mileage of the ministers, but they also paid hundreds of dollars for work which a few years ago Mr. Hazen and his friends declared should be done entirely by the Attorney-General way in which the government not only breaks its pledges but scatters the revenue of the province, which Heaven knows is small enough to necessitate the utmost prudence and care in its management.

In the House a few years ago, before the government changed, Mr. Hazen and Mr. Fleming and their followers were loud in the cry that thousands of dollars were annually squandered under the head of "Public Printing." In one year the former government's estimate for the printing of the ensuing year was about \$12,000. The shock of these figures nearly terminated Mr. Hazen's life. Could it be that a government would be so reckless and wasteful as to consider seriously spending so enormous a sum for printing? The then opposition, led by Mr. Hazen urged that the appropriation be cut down from \$12,000 to \$8,000. The ministers of the day, however, persisted in their fell purpose, and the \$12,000 was voted.

### CASSILIS.

If you will allow me a small space in your valuable paper to publish a few of the current events around this vicinity. The roads are not so good for driving as they have been recently. Nearly all the farmers are busy getting their year's fuel.

Mr. D. Powers & Son are beginning operations with their Wood Cutter for the spring starting at Mr. Wilbur Hubbard's.

His many friends will be sorry to hear that Mark Chaplin is confined to the house by Smallpox which is quite prevalent in this section of the county.

Mr. Geo. Hubbard who has been ill for sometime is recovering slowly.

Mr. Irvin Sutherland met with a slight accident while driving through the L. S. W. Road which although not serious caused some pain at the time.

Miss Mary Powers who has been at the Miramichi Hotel for the past two weeks is home again.

Mr. and Mrs. Wm. Mullin were in the city Thursday last.

Mr. Wm. Powers, Jr., spent Sunday at Boom Road.

Quite a number of the young folks are intending to take in the St. Patrick's celebration in Newcastle on Friday if the roads and weather prove favorable.

Mr. Wm. Hubbard who has been spending the winter at his home is contemplating a return to the west soon, his many friends will miss him very much.

Congratulations are being tendered to Major and Mrs. T. W. Lawlor on the arrival of a baby girl in their new home.

## HAZEN GOVERNMENT NO IMPROVEMENT

The government had contended that this year's surplus was about \$6,000, and that the public debt had only been increased about \$180,000, which he said meant that the government had spent last year \$211,000 more than it received. It has been the custom in the province to charge certain expenditures to capital account. Capital is something which a man puts into his business with the hope of getting some return thereon. The expenditure in this province on such works as permanent bridges, railways, etc, were charged to capital account. This should not be so charged, because the government gets no return on its investment, and there was no distinction, as far as he could see, between revenue and capital account since there was no return to the province on either.

On comparing the receipts of the province in 1907 with those in 1910 he found there had been an increase of \$271,395, or about 39 per cent. There had been a great increase in the expenditures of 1910 over those of 1907. In 1910 while the gov't had an increased revenue of 39 per cent over 1907, it had only appropriated 14 per cent more for agriculture. The amounts spent on contingencies in 1910 was only \$1,955 less than in 1907, according to the auditor's report.

It used to be charged against the late administration that such items as printing, etc., were not included under the one head, "contingencies," but were scattered throughout the report, but in this year's report the contingencies in the administration of justice are not under the general head of contingencies but are charged up to the administration of justice department, so that really the only saving in 1910 over 1907 is something over \$1,600.

On education, this government had spent \$45,142 more than the government of 1907, so it appears that increased expenditure in this department was only 20 per cent more, as compared with an increase in revenue of 39 per cent.

The New Brunswick Coal & Railway investigation had cost the province in 1910 \$2,965, and in 1909 \$2,909.55, and in all about \$6,000. The country had received no benefit from it.

## 1911 Model E. M. F. 30 Sets World's Record

ALL THE CARS THAT FINISHED BEHIND THE E. M. F. "30" ON THE ATLANTA SPEEDWAY SELL FOR AT LEAST \$500 MORE.—THAT'S THE BEST PART OF THE STORY.

### STANDARD 1911 MODEL E. M. F. "30" TOURING CAR, \$1350.

Change the body equipment and it's a racer, just like Witt's, with which he won at the Speedway.

"E. M. F. '30' WINS." The old familiar shout was heard on the Atlanta Speedway again.—It was the same old story.

E. M. F. "30" WAS FIRST. It is an expression not limited to the race tracks of the United States either. E. M. F. "30" has won a lot of firsts, has won them just as cleanly and just as decisively as it did the race at Atlanta.

THE FIRST CAR HOME IN THE RACE. And to establish a new world's record, was produced by the company, which was the first to place on the markets of the world a genuine, practical car of the real touring type at a price within the reach of the man of average means.

ALL E. M. F. "30'S" ARE FAST. Just as fast as Witt's "Polar Bear." They are made by automatic machinery—machinery, the purchase of which is possibly only to a company that builds cars in large lots and can consequently afford it, saving a large labor expense that would otherwise make the car unprofitable, if sold at twice the price in smaller quantities.

E. M. F. DURABILITY is something we can't show in a race, however. All the South knows, though, that our old E. M. F. "30 Bullet" has been run 60,000 miles and is qetter than when she came to us—the first E. M. F. "30" that ever came south of the Ohio.

E. M. F. ECONOMY is something we want to demonstrate any time we have the opportunity. The E. M. F. "30" is the best balanced car in the world. It shows in the small expense of tire maintenance. Light weight makes for small gasoline consumption, just as it does for speed. The most ingenious, if the most simple lubricating system in existence helps E. M. F. "30" owners save on their oil bills.

THE BIGGEST E. M. F. ECONOMY is the first cost. You can buy a duplicate of Witt's race winner with the added equipment of five passenger touring body for \$1350. Not a car in the field that finished behind the E. M. F. "30" on the Atlanto Speedway could be purchased, in stock form for within \$500.00 of the price.

BEST AND CHEAPEST. It's an E. M. F. "30". Price and performance simply can't be denied. They are in the records.

Are you in the market for a motor car? we have made some statements here that we will be glad to you still further.

The principle part of every meal should be good Homemade Bread made of "Beaver" Flour

There is more health and strength—more energy—more real food value—in good homemade bread, than in any other one article of diet.

Bread is the only food that alone will support life for any length of time. Good Home-made bread—made of "Beaver" Flour is the least expensive food—is the only food you can relish and enjoy three times a day, year in and year out—the only food that agrees with everybody and does everybody good.

The more bread you eat, the less will be your cost of living, and the more you will live healthfully.

The whole problem of economical living is solved when you eat more bread—wholesome, nutritious, delicious bread—made of "Beaver" Flour. Your grocer will supply it.

### What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gas or burps, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, or from those conditions which, in medical parlance, are known as indigestion, or dyspepsia. The famous Golden Medical Discovery is made of the most valuable medicinal principles known to medical science for the permanent relief of such abnormal conditions. It is a most potent liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The famous "Golden Medical Discovery" is not a patent medicine or secret nostrum, but a simple preparation of natural ingredients being printed on its bottle wrapper and attested by a large number of medical authorities. A glance at these will show that it contains no alcohol, or harmful ingredients. It is a fluid extract made with pure, triple-refined vegetable glycerine, from the roots of native American medicinal plants. Sold by the World's Dispensary Medical Association, Props., Buffalo, N. Y.

## VALLEY PROBLEM SOLVED NOW IF HAZEN ACCEPTS THOS. MALCOLM'S OFFER

Builder of International Writes That he will Construct the Valley Line from Grand Falls to St. John for Bond Guarantee and Dominion Subsidy, the Road to Become Part of the I. C. R.

The following letter, read by J. E. Tweedale in the legislature yesterday, is self-explanatory. It gives the people of New Brunswick the information which the Hazen government has been concealing. If the Hazen government would accept the terms here offered, the Valley Railroad would be built at once and operated as part of the I. C. R. This would best protect the credit of the province, and it would give the people of the river counties reasonable freight rates, a first-class road, and competitive rates on through freight. Campbellton, Feb. 25, 1911.

Dear Sir:

On behalf of the Quebec and New Brunswick Railway Company, the charter of which has been granted by parliament with power to construct and equip a railway from Quebec to St. John, I hereby offer to enter into a contract to construct the portion from Grand Falls to St. John, the line when so constructed and equipped to be leased to the government of Canada and operated as part of the Intercolonial system, pursuant to the proposed legislation which the Dominion government has submitted to parliament.

The provincial legislation would, of course, have to be modified so as to conform to the proposed Dominion legislation as to lease, etc.

As I understand it, the bonds would be guaranteed as each ten miles are completed.

I am prepared to give the necessary security for payment of interest on the bonds, during the construction of each section, until completed and its operation assumed by the Intercolonial.

As you know, I have just completed the International Railway, and my plant is now available to enable me to commence work at once, and complete the various sections with all possible speed.

If your government is disposed to enter into a contract with my company, I shall be pleased to meet with you and discuss the details of agreement.

Awaiting a reply, I am,

Yours truly,  
(Sgd.) THOS. MALCOLM

Hon. J. D. Hazen, Premier,  
St. John, N. B.

With the publication of the foregoing offer the people of the St. John Valley will see that the long desired road is within their grasp—unless Premier Hazen refuses to do his duty and goes on playing politics.

### DOES NOT SEE WHY YOUNG MEN GO WEST

"Stay in East, Where One Gets More Out of Life Without Working too Hard", is Ottawa Man's Advice.

"I don't see why people living in the maritime provinces should want to go west," said J. Samuels, of Ottawa, who was at the Dufferin yesterday.

"People don't have to work as hard down here as they do out west, and they get more out of life. A few weeks ago I met a man in Saskatchewan who had made up his mind to sell out his wheat farm and go back to Prince Edward Island, where he came from, believing that he could do better on the Island than in the west, and not have to work so hard.

"As for the man with no capital, he had better stop east. Wages out west may seem high, but work is not steady and everything is very dear.

"One thing about these maritime provinces is that the towns do not have a prosperous look."

"Well," said the reporter, "our towns increase a man's taxes if he puts a coat of paint on his house."

"That's wrong," said Mr. Samuels. "You ought to put the taxes on land values—St. John Standard."

### GLOUCESTER FISH BUSINESS CHANGES HANDS

Bathurst, N. B.—Mr. J. Bennet Hachey, of Bathurst Village, has lately purchased the fish business of Robert A. Armstrong at Carron Point. This extensive fishing plant has always been considered one of the most valuable on the North Shore. It is understood that under the new management it will be operated to its fullest capacity this coming season. Considerable preparations have already been made, and in the summer an up-to-date ice house and freezer will be built on a convenient site lately purchased by Mr. Hachey, where he will centralize his fishing interests and cater to the local as well as to the export demand for all kinds of fish.

**SUBURBAN CREW WAS BLAMED**

for Death of Harvey McDougall in the Derby Junction Smash-up

The enquiry into the death of Harvey McDougall, who was killed by a collision at Derby Junction on the I. C. R., on Thursday, March 9th, was brought to a close on the 16th and the jury brought in the following verdict: "We, the jury empaneled to enquire into the death of Harvey McDougall, find that the said Harvey McDougall came to his death by a collision of trains No. 34 and No. 59 at Derby Junction in the Parish of Derby, Northumberland county, on the morning of March 9th. We find further that the death of the said Harvey McDougall was due to the neglect of duty on part of the crew of train No. 59."

Signed—Chas. M. Dickson, foreman; James P. Whelan, Hugh Morris, Daniel Hogan, Geo. T. Bethune, Wm. McKay and Daniel Aiton.

The inquest was resumed Wednesday. Driver Henry Cameron testified he had moved the branch train onto the main line on the brakeman's signal, presuming the latter had the conductor's authority. His train was off the main line four minutes before the collision. The semaphores were very little protection against trains going east. The duty of the conductor and driver was not to bring the train in ahead of time. They usually got to Derby Junction ahead of the regulations, although it was contrary to the regulations, as no time was allowed by the schedule for shunting, and they were expected to reach Newcastle on time. The time table gave sixty-six minutes between Millerton and Derby Junction for 4-29 miles. He could see the semaphore set at danger, when he went out on the main

**DIAMONDS DISCOVERED IN BRITISH COLUMBIA**

Ottawa, March 16—The director of the geological survey announced that diamonds have been discovered by the survey in a British Columbia rock, the first recorded discovery of diamonds in Canada. The rock carrying the crystals is a peridotite of the variety known as dunite, consisting of olivine and chromite. The rock specimens in which the diamonds were found were collected by Mr. Charles Damsell, on Olivine Mountain, where Mr. Cassell has been making geological examination on behalf of the survey.
