## 'AT HOME' GIVEN BY BANK STAFF A BRILLIANT AFFAIR

Surpassing by far, any former event of the season, was the "At Home" given by a committee composed of four promising young bankers of the town, members of the Royal Bank Staff viz. Messrs. Atkinson, McEvoy, McKeen and McInerney, in the town hall on last Friday evening.

In the vicinity of 100 couples tripped the light fantastic, to the strains of "Percy's Concert Orchestra" one of the best orchestras in Eastern Canada which was brought from Monoton especially for the occasion, the music rendered was of the highest standard, which tended to make the function a decided success.

The hall was tastefully and very prettily decorated with multicolored blossoms and evergreens, and an artfully constructed moon past its flickering beams on the gliding couples during the Moonlight Waltzes which were one of the novel attractions. Much credit is due Miss L. Manny for the most efficient manner in which she supervised the arrangements for the lunch, it was all the inner man could wish for.

About 300 people attended the affair, many of the outer people coming for the express occasion of listening to the music. The Prelude, which consisted of 8 musical numbers by the orchestra, was rendered in a most excellent manner. Immediately following dancing began, a programme of 18 dances, with several extras eagerly demanded, having been provided. For the older people's benefit, there was one set of lancers which was very much enjoyed. The affair came to a close about 2.30 a. m. and ending with three cheers and a tiger for the committee in charge, thereby expressing appreciation of a good time it would be impossible to adequately portray any idea of the ladies' costumes. Even a policeman would find it hard to pick a Belle from such a bunch of pretty girls, whose gowns were a work of art, and added color and brightness to the occasion.

The chaperons were Mesdames McKeen, Sinclair, McEvoy, Burchill, Crossman and Manny.

Much credit is due the committee in charge of the undertaking. The great success of the evening is a fitting tribute to their initiative and careful performance of even the most minute detail that added to the comfort and enjoyment of those present.

## I.O.D.E. PRESENTS UNION JACK TO HARKINS ACADEMY

The presentation of the Union Jack flag, donated by Lord Beaverbrook Chapter I. O. D. E. to Harkins Academy took place Friday afternoon at 2.15 o'clock. A large attendance of citizens were present and a fitting program of songs was carried out by the pupils.

The beautiful flag was presented on behalf of the I. O. D. E. by the President Mrs. E. H. Sinclair and was received and accepted on behalf of the Board of School Trustees by the Chairman Dr. R. Nicholson. In accepting the flag the chairman of the Board of Trustees thanked the ladies of the I. O. D. E. on behalf of the Board, the teachers and the pupils for their kindness and also took this opportunity in expressing their thanks to the ladies of the Women's Institute for the beautiful flag-pole, which they had so kindly donated to the school.

The chairman drew the attention of the pupils to the meaning of the flag and stated that he sincerely hoped that within the near future Canada would be represented on the flag which they all loved so well. In closing he read to the pupils a few lines of poetry which he had seen some forty years ago, and told the scholars that now the flag had been given, it was the duty of one and all to take good care of it. The children sang "The Red White and Blue," and "O Canada," and saluted the flag when hoisted to the top of the flag staff. The gathering dispersed with the singing of the National Anthem.

## DERBY LITERARY CLUB HOLDS SOCIAL

On Wednesday evening May 19th the Literary Club held a very enjoyable Social at the Methodist parsonage. The meetings will be suspended for the present owing to the intended departure of the leader, Rev. E. Rowlands, to a new pastorate at an early date.

The evening passed very pleasantly with music, games, etc. One of the most exciting features being a spelling match.

A delicious luncheon was served, after which Mr. and Mrs. Rowlands were surprised with a gift of \$18.00 cash and an address. The presentation was made by Miss Frances Parker and the following address read by Miss Margaret Crocker:—

Dear Mr. and Mrs. Rowlands:— It is with a feeling of regret that we meet here tonight to "wind up" our Literary Club.

The meetings have been both enjoyable and profitable to us all, and we are sorry that you will not be here with us to continue them next Fall.

The two debates were especially interesting and exciting. For days before there were lively discussions between the affirmative and negative members, and even after the decision was given the debate still continued.

We have gained much in these evenings spent in the Methodist Parsonage. Our insight into the lives and works of the poets is greater, and we feel will be of value to us in the future.

We now ask you to accept this slight token of our appreciation of your efforts and to thank you both for the great interest you took in the Literary Society. We wish you every success in your next field of activity and we trust if you have a Literary Society there it will prove as interesting as the "Derby Literary Club."

Signed on behalf of the Literary Club,

MARGARET CROCKER

FRANCES PARKER

Mrs. Rowlands made a fitting reply in her usual sprightly manner and Mr. Rowlands made a more lengthy address expressing their thanks.

Mr. and Mrs. Rowlands will be much missed from Millerton and our best wishes go with them to their new field.

## SHAREHOLDERS OF NEW COMPANY HOLD MEETING

A meeting of the shareholders of the new company formed to take over the Steamer Alexandra from the M. S. N. Co., which had gone out of business and thereby to continue the service of a steamer on the down river portion of the Miramichi was held in Chatham Tuesday afternoon. About a dozen of the shareholders of the company were present.

Hon. J. P. Burchill was chairman and H. B. McDonald secretary of the meeting. The new company decided to adopt the name of the Miramichi River Service Ltd., and provisional directors were elected as follows:

Hon. J. P. Burchill, W. B. Snowball, J. P. Loggie, Dr. Sproule and Chas. Reinborough.

A strongly worded resolution was passed asking the Public Works Department of Ottawa to dredge out the channels to the Burnt Church and Neguac wharves so that the steamer could make these points at all times of tides without damage to herself and consequent interruptions to the service as has been the experience in past seasons. This will be forwarded to Mr. W. S. Loggie with the request that he take the matter up with the department.

After the shareholders meeting the provincial directors met and elected Mr. Burchill chairman and Mr. Snowball managing director.

## Let Us Be Glad We Are Canadians

We are asked for increased production. This does not mean for the individual more work or harder work, but it does mean more efficient work and a new attitude towards work, a desire to make every stroke tell to the utmost. In a word it means willing, painstaking, and well-deflected effort, backed by capital and guided by science, to bring our acres to the fullest fertility, to built up and utilize adequately our forest resources, our fisheries and our mines, to develop and co-ordinate our transportation systems, to develop our water-powers advantageously and to distribute widely the resulting power, to check reckless waste and encourage the effective use of all our resources, to the end that we may establish better and more satisfying types of rural life.

The waste of lumber is deplorable. Take pine; the value of resin, turpentine, ethyl alcohol, pine tar, charcoal, lost in this waste, represents three or four times the value of the lumber produced, but, great as this loss, it is no loss compared with our colossal fire waste. We have been prodigal wasters, reckless destroyers, mere skimmers of cream. If we are to meet our national needs, and build up sanely our superstructure on safe and sound foundations, we must change the policy which has guided us in the past. Unrestricted individualism must now give way to controlled co-operation guided by

for all possible in your potato yields this year?

Potatoes thrive on a sandy to gravelly loam soil. This is a type of soil that must be heavily fed, if it is to do its best. The potato crop also repays abundant feeding. Since potatoes contain so much starch, they are great lovers of potash. On normal potato soil without manure you should apply from 750 to 1,000 lbs. of high grade fertilizer per acre in order to get the best results. With a good dressing of manure this application may be reduced to 500 or 600 lbs per acre. The analysis we would advise should range not less than 4 per cent ammonia, 6 to 8 per cent phosphoric acid and 4 to 6 per cent potash.

Besides fertilization, the soil should be thoroughly tilled, should contain an abundant supply of humus and potatoes of high yielding type should be planted. Nuisance diseases and insects prey upon the potato. These must be controlled by spraying if best results are to be obtained.

Let us be a nation of builders, creators, and distributors. Let us be proud of our country. It is time to build time to unite, time for peace and for brotherhood. Let us be glad we are Canadians and let us stand for Canadian instructions. Let us have a little more patience, a little more charity for all, a little more devotion, less bowing down to the past and more looking forward to the future when Canada will be ripe for a great burst of light and life.

## BY AEROPLANE TO PARIS.

A distinctly novel attraction has now been provided in the C.P.R. office windows at Charing Cross, an attraction which has been much admired by the crowds who have gathered to make inspection. The large windows usually devoted to the exhibition of things Canadian is being occupied by an excellent model aeroplane of the Aircraft Transport and Travel, Limited, at Hendon, together with scientifically accurate models of various types of aeroplanes and airships.

Such a display in a railway and shipping office may seem rather unusual at first sight, but is really a sign of the times, also marking much enterprise on the part of the Dominion Express Company of Canada. Realizing the importance of maintaining a really "Express" service, if its name is still to be justified, the Dominion Express Company, the Premier Express Company in Canada, has made arrangements to act as Passenger and Parcel Agents for the Aircraft Transport and Travel Limited on their London-Paris daily air service.

It is thus possible for either passengers or parcels to be booked for conveyance by aeroplane to or from London and Paris through any of the Dominion Express Company's offices in Europe, and these, in addition to London are to be found in important cities such as Liverpool, Glasgow, Manchester, Birmingham, Bristol and Paris.

The advantages of this arrangement are many, for the Dominion Express, holding as it does the exclusive right of shipping Express parcels over the entire C.P.R. system, as agents for the Aeroplane Service can ensure that an Express package scheduled to catch a certain ship actually reached its destination in Canada in the shortest possible space of time. As time is money nowadays, more than ever it was, it is easy to realise what an important adjunct an Air Service is to an Express Company.

The time-table shows that only 24 hours is occupied on the journey to or from London and Paris—urgent letters are carried at 2 shillings and 6 pence per ounce over the ordinary letter rate.

Parcels for delivery in Paris on the same day have to be handed in at the London office of the Dominion Express Company 62-65, Charing Cross, London, S.W., before 10.30 a.m. The parcels rates range from 1s. 6d. to 2s. 6d. per lb. according to quantity, while special rates are quoted for large and regular consignments. The single fare for passengers is 15 shillings which includes a car to convey the passenger to Hounslow the starting point. The Dominion Express Company's officials at Charing Cross have every reason to believe that a large proportion of Canadian visitors to Europe this year will take advantage of the ease with which it is now possible to book seats for a real flying visit to the Continent through their office. In fact, if they so wish, a motor car can pick them up in Trafalgar Square, and in under three hours they can be walking along the Champs Elysees.

## Fertilizing Potatoes

Potato yields depend very largely on plantfood supply. Extensive investigation in farm management among 400 potato farms in New Jersey shows that "profits are greater with each increase of potato yield per acre. Men and horses handle as many crop acres on the heavy-yielding farms as upon the light yielding farms. These findings are of special interest to Ontario potato growers since potato prices are high. Cost of production is also very high. Why not make your farm and labor count

### Neuralgia And Sciatica

Caused by Starved Nerves Due to Weak, Watery Blood

People generally think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve of the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease is the same. The cause is the same, and the remedy to be effective, must be the same. The pain of neuralgia, whether it takes the form of sciatica, or whether it affects the face and head, is caused by starved nerves. The blood, which normally carries nourishment to the nerves, for some reason no longer does so and the excruciating pain you feel, is the cry of the starved nerves for food. The reason why the blood fails to properly nourish the nerves is usually because the blood itself is weak and thin.

When you build up the thin blood with Dr. Williams' Pink Pills, you are attacking neuralgia, sciatica and kindred diseases at the root. As proof of the value of these pills in cases of this kind we give the statement of Mrs. Thomas McGuire, North Malden, Ont., who says: "I have been a severe sufferer from sciatica, which attacked the sciatic nerve in the left leg. At times the pain was most excruciating and as a result of the trouble there was a distinct shrivelling of the leg. I could only hobble about by using a cane, and if I attempted to walk to the fields I would have to sit down every little while to ease the agony I felt. I was under medical treatment, but as there was no improvement shown, I was getting very despondent, as the trouble was affecting my general health. Finally a friend advised me to try Dr. Williams' Pink Pills and I decided to do so. I took the pills faithfully for several months, finding a gradual and increasing improvement in my case, until finally every vestige of the trouble had gone and I was again enjoying the blessing of good health and freedom from pain. What Dr. Williams' Pink Pills did for me seems almost a miracle and I hope that my experience may benefit some other sufferer."

If you are suffering from any ailments due to weak blood avail your self at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

### MUSIC TEACHING IN PUBLIC SCHOOLS

The importance of teaching music to the children of public schools cannot be too strongly emphasized. It is a well-known fact that music is becoming more and more a necessity to young and old alike. The world war proved conclusively the value of music in all stages of the great conflict; from the bulking up of the morale among new recruits upon their arrival in camp, the maintenance of that morale through long periods of strenuous training and waiting for action; and so right down to the cheering and comforting of the sick and wounded who were confined to the hospital. It appears therefore that a call for more music in all its forms has been the outcome of the past experiences already mentioned. To meet this demand it seems imperative that children of the public schools should be taught music. Would it not be a good idea to have music taught in our Public Schools? We would be glad to have the opinion of others in this matter.

May 22, 1920

To Editor of "The Union Advocate" Newcastle, N. B.

Dear Sir:  
I notice by your issue of 18th inst. that you mentioned a deplorable condition which existed in the Public Schools viz.—Profanity on the part of some of the attending pupils. I was very much pleased when I read your article and sincerely hope that the matter will be looked into. On a number of occasions I have been dumb-founded by the language which I have heard some of the children use, and often wondered why some action was not taken to put a stop to such languages as is used by the pupils of our Public School.

You have now made known the fact, and I sincerely hope it will be the means of cleaning up this scandalous habit of profanity and vulgarity. I believe matters of this kind should be given more publicity than they generally are, and have no doubt, that if this was done, we would derive much better results than we do at the present time.

Each parent, who has children going to school should be deeply interested in a matter of this kind, and should immediately take steps to ascertain if their children have contracted this habit. Now is the opportune time for them to check it, and in future years we will have a much cleaner community than we have today.

Thanking you for bringing this matter before the Public's attention I am  
Respectfully Yours

### She Only Weighed Ninety-Five Pounds

Is Enjoying Better Health Than She Has In Past Ten Years

I am not only enjoying better health than I have in ten years, but I weigh more than I ever did in my life" said Mrs. Little Bowser who resides on Pine St., Dartmouth, N.S., the other day.

"When I began taking Tanlac I only weighed ninety-five pounds, but now I weigh one hundred and ten, making a gain of fifteen pounds. I remember well it was in 1900 that my health broke down and what I have gone through since then only my neighbors and close friends can tell. My nerves were in a fearful condition and I became excited and irritated at little noises that I had always been accustomed to. I didn't relish a bit of food and it was a rare thing for me to ever eat breakfast at all, and my digestion was so bad that I was in misery day and night. I was a confirmed dyspeptic and I suffered with an empty feeling in my stomach that made me so weak I thought I would faint. It was almost impossible for me to rest well and in the mornings I was so tired I simply dreaded to get up. I lost weight until I was as weak as a rag and it was an effort for me to get around the house.

"So many people here had been taking Tanlac and were so highly pleased with it that I began taking it myself. I am overjoyed at my recovery and it seems like a dream that after all these years I am now perfectly well in every respect. I can hardly get enough to eat now, because I am hungry—all the time and everything tastes good and agrees with me perfectly, for I never have a sign of indigestion any more. That empty feeling in my stomach has gone, and my strength has all returned until now I can do my housework with the greatest ease. I am not nervous in the least, sleep fine at night and am just simply feeling better in every way than I have in many years. I am recommending Tanlac to all my friends for I am convinced it is a medicine that will dis appoint no one who takes it."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan and in Doaktown by O. Hildebrand.

**Over the Top**  
**\$1465 GRAY-DORT**  
F.O.B. CHATHAM  
WAR TAX EXTRA

When the Gray-Dort was designed, our engineers had two definite orders. "Build an economical, simple, low-priced car." "Build a light car at least 50% stronger and finer and greater value than light-car purchasers have been getting."

The original Gray-Dort was built to these orders. Every improvement and refinement since that time has been in line with this policy.

And yet the price is only \$1465. Note what you get in to-day's Gray-Dort for \$1465.

A big motor—3 1/2 inch bore and 5 inch stroke—finely finished and smooth running. A forty-pound crankshaft, against the usual twenty-five pounds or so. Three-ringed pistons, instead of two-ringed. Cellular radiator, instead of tube and fin. Newly improved Carter carburetor. Improved Connecticut ignition. The starting and lighting system is Westinghouse, a big-car feature.

We designed a bigger and better rear axle for light cars—and we are having it built exclusively for the Gray-Dort here in Chatham. We solved the spring problem in the same way—and you'll realize what we've done when you see the long, cantilever rear springs of the Gray-Dort. We've set a new standard of safety by using Thermoid brake-lining. We've increased safety by building a steering gear 50% bigger and stronger. We've put in a bigger gas tank—and put it in the rear, with a vacuum feed system.

Your comfort in driving or riding has been attended to. With a shorter cowl, there is more room in the driving department. There are several inches more leg-room in the tonneau. The side-curtains open with the doors. You sink into the seats at the most comfortable angle. The top is really a one-man top. The gears can be shifted with two fingers' pressure. The emergency brake is now on a lever. The instruments are handy.

The Gray-Dort is just an outstanding in appearance. Its lines are the lines of the really fine big cars—reduced in proportion. It has big car style. There is not a line nor an angle which is extreme. And it has what no other car ever can have—the wonderful Gray-Dort finish which had its beginning 60 years ago in our body plant. There are other style touches—many of them new this year. French-pleated upholstery. A hood with many long, narrow louvers. A particularly smart top, hand-tailored in our own shops. Lamps raised to a new location. Short, smart cowl. Straight top-edge to the body.

So much does the Gray-Dort dominate the field that our production, doubled this year, will probably not meet the demand. We would advise you to see the Gray-Dort dealer now.

**PRICES**

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black, and with standard equipment, is \$1465 f.o.b. Chatham. War tax extra.

The roomy 2-passenger roadster is the same price.

**The Gray-Dort Special**

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown raynite top. Plate-glass rear window. Cipey curtains. Rookie tan wheels. Motometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. \$150 extra on the standard.

**And the Ace!**

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match. Trouble lamp and bull's-eye flashlight. Electric cigar lighter. Rear-vision mirror. Plate-glass windows. Over-size grooved-tread tires. This is the de luxe car for the man who does not wish to pile up a tremendous operating cost. \$255 extra on the standard.

\$50,000 twenty per cent. on all profits exceeding ten per cent will be taken instead of twenty-five per cent as at present.

Under legislation of last session the maximum scale of business tax is in effect this year and the modified tax will apply to 1920 profits taxable in 1921.

**Tariff Changes**

The seven and a half per cent. war customs duty is taken off all remaining items. Last year the five per cent. A feature of the luxury tax is its general application. It hits articles of all kinds. Small wares, as well as the more expensive opera cloak, come under the tax. Ten per cent. will be levied on the purchase price of boots in excess of nine dollars per pair, on hats, men's and boys' in excess of \$5 each; on caps, men's and boys', in excess of \$2 each; on hose, stockings, silk, men's and boys' in excess of \$1 a pair; on neckties and neckware, men's and boys', in excess of \$1.50 each; waist coats, men's, sold separately from suits, in excess of \$3 each; hats, bonnets and hoods, women's and misses', in excess of \$12 each; hose, stockings, silk, women's and misses', in excess of \$2 per pair; kimono, peit-coats and waists in excess of \$12 each; pyjamas and underwear in excess of \$5.

**OTHER TABLETS NOT ASPIRIN AT ALL**

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation.

The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer-Cross."

**Wash Day and Backache**

WASH day is the least welcome day of the week in most homes, though sweeping day is not much better. Both days are most trying on the back.

The strain of washing, ironing and sweeping frequently deranges the kidneys. The system is poisoned and backache, rheumatism, pains in the limbs result.

Kidney action must be aroused—the liver awakened to action and the bowels regulated by such treatment as Dr. Chase's Kidney-Liver Pills. This favorite prescription of the well-known Receipt Book author will not fail you in the hour of need.

## THIS WOMAN'S MISERY

Ended by Lydia E. Pinkham's  
**Vegetable Compound. Re-  
 markable Recovery of  
 Mrs. Church.**

Smiths Falls, Ont.—"I suffered with  
 falling of my organs, pains around my  
 heart and in bowels and down my legs,  
 neuralgia in my face and head, and that  
 terrible sinking feeling. I felt that I  
 could not live and would fix my house in  
 order every night so there would be no  
 trouble if I dropped off in the night.  
 My husband went to the druggist to get  
 him Lydia E. Pinkham's Vegetable Com-  
 pound. I took six bottles and felt a lot  
 better. I will always recommend the  
 Vegetable Compound, and you can use

## Says Hard Times Are Seen Ahead

Montreal Clothing Factories  
 Are Closing down

Montreal, May 19—Three Mon-  
 treal clothing factories have closed  
 down. Three more are running short  
 time; several have laid off men. By  
 these indications and the fact that  
 travellers report retailers time not  
 buying the trade concludes hard  
 times are ahead. No drastic cut in  
 prices is expected this fall, but  
 is looked for with certainty next  
 spring. Retailers are stocked up  
 with spring clothes which the inclem-  
 ent weather has checked the de-  
 mand for, with the result they will  
 have to keep them over. All indica-  
 tions point to the conclusion that the  
 public are not prepared to buy at  
 present prices, and will maintain  
 that attitude in the fall, with the  
 consequence that to obtain money  
 by spring, retailers will be forced to  
 sell at a sacrifice and manufactur-  
 ers will be forced to cut profits  
 in order to induce them to re-stock.  
 The feeling here is that the de-  
 pression will not last longer than  
 two seasons, so that by the end of  
 1921 business will be on the up grade  
 again. The labor situation is pow-  
 erful factor, and as conditions in  
 Canada, and especially in the Pro-  
 vince of Quebec, appear more stable  
 than in the United States, and there  
 is every evidence that the British  
 will flow in to develop natural re-  
 sources, it is felt by business men  
 versed in economics that Canada  
 will weather the storm well. "We  
 are sliding down into one of the  
 valleys now," said one, "but there  
 will be no disaster." The bottom  
 will be reached quickly and prices  
 will move up though they may not  
 again reach the high peak from  
 which they are falling now.

New York, May 19—Telegraphic  
 reports to the Evening Sun from the  
 leading industrial centres where the  
 necessities of life are produced are  
 to the effect that the crest of the  
 high prices has been reached in the  
 United States, and in many instances  
 passed.

Boston, May 19—Price reductions  
 ranging from fifteen to fifty per cent.  
 were advertised today by various  
 retail stores. Most of the reductions  
 were in clothing, but one large de-  
 partment store announced also a re-  
 duction of twenty-five per cent. on  
 lines of cottons, blankets, linens and  
 other goods. A store specializing in  
 women's clothing displayed window  
 cards proclaiming that everything  
 was cut one-half in price.

Youngstown, Ohio, May 19.—A  
 reduction of twenty per cent in  
 prices of nearly all goods was an-  
 nounced today by one of the large  
 downtown department stores.

Omaha, Neb., May 19.—Auto  
 dealers and dentists to-day announ-  
 ced material reductions in their prices  
 while among the larger department  
 stores all but one had placed on sale  
 their entire or greater portion of  
 their stocks at discounts ranging  
 from 20 to 50 per cent. Several shoe  
 dealers also announced discounts of  
 one fifth of the selling price. Sev-  
 eral dentists advertised a twenty  
 five per cent. reduction on all charges.

Fresno, Calif., May 19.—General  
 reductions of silk goods of twenty-  
 five per cent. were announced by  
 retailers in advertisements published  
 today.

Cheyenne, Wyo., May 19.—Reduction  
 of fifteen per cent. on the prices  
 of all dry goods and clothing, effec-  
 tive today, was announced by one  
 merchant here.

Kansas City, May 19.—The bank-  
 ers of the United States are deter-  
 mined there shall be no more \$25  
 shoes and \$150 clothes. Richard S.  
 Hawes, St. Louis, president of the  
 Bankers Association, told the annual  
 convention of the Missouri Bankers'  
 Association here yesterday. He urged  
 the bankers to refrain from lending  
 money for speculation in food and  
 land.

### The Caterpillar Pest

In certain sections of the eastern United  
 States the notorious European Corn  
 Borer has become established and in view  
 of the grave danger of this serious foreign  
 pest being brought into Canada, the Entomological  
 Branch of the Dominion Department of Agriculture,  
 has issued a special circular dealing with this insect  
 and others which bore in corn and which  
 may be mistaken for it. This has been  
 prepared by Mr. Arthur Gibson, Chief of  
 the Division of Field Crop and Garden  
 Insects. It comprises 14 pages and has  
 seven illustrations. A limited edition  
 only of this circular has been printed.  
 Agricultural workers and others specially  
 interested may obtain copies free of  
 charge on application to the Publications  
 Branch, Department of Agriculture,  
 Ottawa.

**CHARLES ROBINSON MANAGER**  
 At a special meeting of the execu-  
 tive of the St. John Exhibition Asso-  
 ciation, with E. A. Schofield presid-  
 ing, Charles Robinson was appoint-  
 ed manager for this year's fair. R.  
 R. Patchel was appointed superinten-  
 dent of grounds. Various matters  
 in regard to the conduct of the ex-  
 hibition were considered, and it was  
 also decided to increase the cost  
 of admission to fifty cents for adult  
 and a gain of 100 per cent. over  
 the former rates.

## Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children.  
 Foods are specially prepared for babies. A baby's medicine  
 is even more essential for Baby. Remedies primarily prepared  
 for grown-ups are not interchangeable. It was the need of  
 a remedy for the common ailments of Infants and Children  
 that brought Castoria before the public after years of research,  
 and no claim has been made for it that its use for over 30  
 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric,  
 Drops and Soothing Syrups. It is pleasant. It contains  
 neither Opium, Morphine nor other narcotic substance. Its  
 age is its guarantee. For more than thirty years it has  
 been in constant use for the relief of Constipation, Flatulency,  
 Wind Colic and Diarrhoea; allaying Feverishness arising  
 therefrom, and by regulating the Stomach and Bowels, aids  
 the assimilation of Food; giving healthy and natural sleep.
