Our thanks are due to friends who have faced in our hands some (to us) valuable orical and other documents conne with the early settlement of the County. Among these were :--

Although many, of the events jotted down in this diary do not pessess any special historical value, many of them have reference to persons and things of very considerable interest. For instance many references are made in the Sunday notices, of Azarela Morse, the ational minister in Granville during 1777, and of Henry Alline, the evangelist of shat period.
