To the Warden and Councilors of the Municipality of Annapolis Co.:
Gentlemen:—We, your Committee on Insane, beg leave to report as follows:—We find that the sum of \$1,895.21 was paid for the support of the N. S. Hospital for the year 1918 and would recommend that the sum of \$2,500.00, be assessed for that service in the year 1919.

Respectfully Submitted,
JOSEPH I. FOSTER,
ANSEL CASEY,
LE BARON TROOP.

To the Warden and Members of Municipal Council of Annapolis Co.:
Gentlemen:—I am advised that circumstances are such that I can now define Road Section No. 7, Ward 10, better known as the Saunders Road.
As I am informed that all authority to lay out, add to, or take away from, Road Sections, is vested in the Muni-

them to be correct and to agree with the foregoing Statement.

FRED L. SHAFFNER,
Auditors.

FRED B. BAKER,

MEDICAL REPORT OF COUNTY HOSPITAL AND COUNTY HOME.

To the Warden and Council.
Municipality of Annapolis County:—
Gentlemen:—I herewith submit the annual statistical and Medical Report of the County Institutions at Bridgetown.

First total 79

Present number of Inmates 52
During the year the general health of the inmates has been good and those suffering from chronic or incurable maladies have received proper care and attention. The deaths have been in the aged or in those with chronic organic disease of many years' standing.
Work and interest in the farm or garden or other surroundings of the Institutions have continued to give pleasure, contentment and health to all patients more or less as they were able to enter into these activities.
By a little care on the part of those in charge in the fall the Epidemic Influenza was kept out of both Institutions and on the whole there has been very little sickness from acute diseases.
The same amount of kindness and interest noted in previous reports as shown by those in charge has been continued and there are no complaints from inmates in this respect, all receive a liberal share of the "milk-of-human kindness," and seem well satisfied and as happy as it would be possible to be under their condition of health.
The continuation of lighting the Institutions by lamps, referred to in past reports, is not satisfactory in many ways and should be replaced by electric lighting as soon as the Municipality feel it possible to add this increased expenditure.

Faithfully Submitted,
M. E. ARMSTRONG,
Attending Physician.

Lantic

Old Fashioned Brown Sugar

Pure brown sugar gives to baking and desserts the characteristic molasses taste which is a great improvement to many dishes. Brown sugar, as well as white, should be kept in the pantry of every household which appreciates old-time goodies.

Brown sugar is economical. It costs a little less per pound than other pure sugars and it flavors as well as sweetens. Grocers sell as much as you wish.

For fear Grandmother's recipes might be forgotten, we have reprinted a number of the best of them in the booklet illustrated at the top. We will send it to you upon receipt of 2c. stamp.

KARSDALE

On Saturday night, the 24th ult., the ladies of the Baptist church held a supper at the residence of David M. Foster and a most enjoyable evening was spent. The supper was excellent and after all expenses were paid, thirty dollars were added to the church funds.

On Monday evening at the residence of Wallace Covert, Jr., a big company gathered to extend a welcome to Pte. Frank Covert who had just returned from overseas. Excellent music with splendid readings by Mrs. Henry Read, and interesting addresses by Revs. R. A. Penny, H. P. Patterson, Isaac Brindley and Sergeant I. F. McWilliam. The chairman, E. H. Porter, extended on behalf of the people of Granville, a hearty welcome home again to Pte. Covert who made a fitting reply. He had done his best overseas and was glad to be home again, and thanked his friends for their cordial welcome. A very pleasing feature was a recitation by his son Edgar which was well received. A splendid lunch was served by the ladies. The house was most appropriately decorated with flags and represented a very attractive appearance. After the National Anthem, the company dispersed.

On Wednesday evening, a company that packed the house met at the home of Capt. Jacob Robblee to extend a heartfelt welcome to his son Pte. Valentine Robblee, just home again. The chairman referred to the heroism of our young men who at the call of duty went overseas to the defence of His Empire and if needed, at the sacrifice of life or limb, and at the close of his remarks extended in behalf of the people of Granville a most cordial welcome to Pte. Robblee. Mr. Robblee responded in a neat speech thanking the people for their kind welcome. Then followed the following programme:

"When the roll is called."
 Song—Rose in No Man's Land.

The entire programme was rendered in faultless style and greatly appreciated. Mrs. Read was repeatedly honored as her excellent reciting entitled her to be. Pte. P. Doyle on being called upon made a very interesting speech which was well received. A beautiful lunch was served by the ladies and greatly enjoyed. At a late hour the happy company dispersed, all feeling that it was good to be there.

The Karsdale Union Bible Class gave a supper on Friday evening last at River View Cottage. About 100 people assembled and a most excellent supper was served. This being dispersed of a nice programme of music recitations, readings and addresses followed. The President, E. H. Porter, on taking the chair said that it afforded him great pleasure in presiding at this function and thanked the ladies for the excellent supper. He then sketched the origin and history of the class and said that its aims and objects had been greatly misunderstood and greatly misrepresented. It was thoroughly non-sectarian and was for only one purpose, the study of the word of God. Doctrines were entirely left to the churches, the class having no desire to interfere in anyway with that, and closed with a strong appeal for support in its worthy object.

He then announced the following programme:
 Piano Duett—By Miss Manning and Miss Cole.
 Choir—The Awakening Chorus.
 Piano Solo—Miss Cole.
 Recitation—By Mrs. Harry Read.
 Address—By Rev. Mr. Penny.

Messrs. Marvin Wright and Roland C. Potter, of Maitland, Queens Co., spent the week end at their homes here.

 On Monday Jan. 27th, some people wondered why the flags were flying so high, but the word soon went round that another of our brave boys, Joe Potter, had returned from overseas. He had done his best for the flag, and we are always glad to welcome our boys back again.

KARSDALE

A large company assembled at River View Cottage on Monday evening to extend a grand welcome to Sergeant I. F. McWilliam, of C. E. F., who returned from overseas last week on the "Olympic." After personal greetings were over, the meeting organized with E. H. Porter in the chair.

"When the roll is called" was rendered in excellent style and then the chairman closed an address appropriate to the occasion by extending to the sergeant in behalf of the company a hearty welcome home again. Mr. McWilliam in an address of a most forceful and interesting character thanking the people but exclaiming on his part any service rendered the Empire entitling him such a reception. He went in the interest of the Empire and did his best in the sphere assigned him. Urged them to recognize in a very emphatic way the return of those where the discharge of duty assigned to a place in the firing line saying that no possible experience in human life could never completely entitle a man to be regarded as a hero. He thanked all for the grand reception he was receiving and resumed his seat amidst cheers. Then followed:

 Notwithstanding the scarcity of snow, our lumbermen are doing a fairly good business. They are yarding it in huge piles waiting for snow to haul it to the mills. Oh for a good old fashioned snow storm.

 Think of it: commencing Feb. 1st, we are to have only three mails a week. We who have had a daily mail for over twenty years and from a small beginning it has grown to one of goodly proportions, and where we are having a daily train service we cannot understand why we are deprived of our daily mail.

 Minard's Liniment cures Colds, &c

WHY IS IT

that chronic skin diseases which have defied all other treatments yield to Zam-Buk?
 It is because Zam-Buk is germicidal, and also has such power of penetration that it reaches the cause in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.
 Mr. H. C. Buckley of 461 E. Broadway, Portland, Oregon, says: "For chronic skin diseases there is nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months' use of Zam-Buk has effected a complete cure."
 For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts, Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

MORGANVILLE

Miss Amy Morgan and Miss Hazel DeForrest visited friends in Lansdowne.
 Pte. Chester Morgan left last week for out West where he will take civil engineering for a living. He lost a leg during the war.
 There was an entertainment in the Baptist church on Thursday evening. An address by our pastor, Rev. F. H. Bone; reading, recitations and singing by the young people, also refreshments, which were enjoyed by all.
 At Morganville, Jan. 25th, there passed away from earth, our old and respected neighbour, Mrs. Elizabeth Morgan, aged 78 years. She was the daughter of Weers and Emily Robins, of East Waldeck. She married Edward Morgan about 54 years ago and came to Morganville where she has lived until her death. Her husband preceded her about 30 years ago. She will be missed by her neighbours and friends, also her sons, especially W. J. Morgan with whom she lived until her death.

The Cause of
Heart Trouble

Facily digestion causes the
generation of gases in the
stomach which inflate and press
down on the heart and interfere
with its regular action, causing
faintness and pain. 15 to 30
drops of Mother Seigel's Curative
Syrup after meals acts digestion
right, which allows the heart to
beat full and regular.

A Letter from Pte. Balcom

Pte. C. H. Balcom writes from
France, under date of Dec. 27th, in
which he describes their Christmas
dinner. It consisted of a eat-a-
vegetables, oranges, dates, nuts,
cheese, bread and each man received
two boxes of cigarettes and one box
of matches. "I always give my smokes
away." We also had a very nice
piece of plum pudding. In the evening
we had a good meal including thick
mince pies. At 4 o'clock the Cana-
dian Y. M. C. A. opened its doors to
us. Each man received a good supper
which consisted of grapes, bread and
butter, biscuits, prunes with sauce,
tea, and present of candles, writing
paper and envelopes to match.

Some of us were fortunate enough
to receive a large box of nice biscuits
made in Toronto. Taking everything
into consideration it was a very
pleasant Christmas. We all enjoyed
a moving picture show in the after-
noon or evening.
The weather on the 26th was very
mild. One could sit outside in the
sun and feel real comfortable, but to
day, the 27th, it rained all day. So
far there has been no snow, but
suppose it will come soon.

Since the fighting ceased, times
have been improving on this side of
the ocean and in a few weeks, more
improvements will be taking place.
Fainborough is a pretty place, as
most of the towns, villages, etc., in
England. Lots of bicycles, are in use
in the British Isles, automobiles are
also numerous.

We have a lot of rain but that suits
us better than cold weather.
Yesterday we were out for a couple
of hours' march. We went over green
hills, and through small villages, and
shady spots. The trees have lost
their leaves, but the fields are still
green and the farmers are ploughing
their well tilled fields.

I am beginning to like tent life and
write many of my letters there by
candle light. Am having a lot of
good sleep since coming to Etaples,
and am feeling first rate, and not
tired as I used to feel when up in the
line.

Last night and all day yesterday I
was on guard at the German prisoners
hospital. It was a rainy day, but the
moon was out bright most of the night.

One can hardly realize that the
winter is quickly passing but it can-
not pass too quickly for us, as we are
anxious to go home. I will be one
of the last to leave for Canada but
hope my turn will come as soon as
possible. The men who are married
are on the move homeward, so it
encourages one to see that there is
something doing in the desired
direction.

Best wishes to friends in the Home-
land.
CARL BALCOM.

Clementsport Goes Over the Top

A Clementsport correspondent
writes: From Upper Clements to
Victoria Bridge with Guinea and
Waldeck, we were again asked to
raise a sum of money, this time a
contribution to the Salvation Army
War Fund. The minimum amount for
this section was placed at seventy
five dollars. To a good many people
this came as a shock, not understand-
ing the just cause of the appeal, know-
ing that hostilities had ceased for
nearly three months. These facts to-
gether with the magnificent contribu-
tion that these sections have given
during the past year, made it doubly
hard for the collectors.

..We were fortunate in securing the
services of two returned men, Messrs
Howard Potter and Hiram Berry who
were competent to express to the con-
tributors the results as seen by them
of the good work being accomplished
by the Salvation Army not only on
the field of battle but in our own
Province. The other two collectors
Miss Lizzy Rawding and Miss Ruth
Soullis, are deserving of high com-
mendation, in this campaign as in
previous ones, for their faithfulness
and sacrifice.
We desire to thank all those who
in any way helped in this good
work.

Following is the amount collected
by each.

Death of Willett Eason

On Wednesday afternoon, Jan.
15th, Mr. Willett Eason passed on at
the advanced age of 90 years and 11
months.

His death was unexpected as he had
only taken his bed a few days and
seemed in a fair way for recovery, but
on Tuesday evening, his condition be-
came critical, and on Wednesday, at
4.30 p. m. he closed his eyes to all
that was mortal. He will be greatly
missed in the family circle as he was
a man of remarkable memory and his
faculties and mind were as clear as a
man of sixty.

Mr. Eason was born at Annapolis
Royal in 1827. The Eason family was
one of the oldest and most respected in
the province and the name is fast
passing out. He was a staunch
Conservative, never missed voting, and
he cast his last vote for Union Govern-
ment and expressed great satisfaction
and pleasure at the election returns,
believing it was for the benefit of his
country. He lived a life of unself-
ishness, and honesty and upright-
ness was his standard, doing unto others
as he wished to be done by. He was
everybody's friend and lived accord-
ing to Divine Principle. Besides his
widow he leaves seven children, Mrs.
H. A. Wilson, of Kansas City, Mo.;
Mrs. Chas. F. Lovering, St. Paul
Minn.; Mrs. F. A. Colby and Mrs. E.
E. Frost, of Boston; three daughters
at home, Mrs. O. F. Philbrick, and
Mrs. Chas. Starratt who tenderly
cared for him in his last illness, and
Miss Minnie and one sister, Miss
Hattie Eason.

The funeral was held on Saturday,
the 18th, and he was laid to rest in
the family lot at Port Lorne.

The Late James G. Evans

The funeral of the late James G.
Evans took place from his late
residence, Waterville, Monday Feb.
3rd. A large number of friends were
present from far and near to pay a
last tribute of respect to the deceased
who was a man universally loved and
respected by all with whom he came
in contact.

The late Mr. Evans came to this
country when a boy from Wales,
resided a large number of years at
Bridgetown, where he was foreman of
Randolph's lumber mills for about 26
years, locating in Waterville about
16 years ago. He had reached the
ripe age of 78 years, and leaves to
mourn their loss a widow and two
daughters, Mrs. Charles Charlton, of
Waterville, and Mrs. George Power,
of Halifax, at present residing with
her mother, her husband being over-
seas with the Palhouse Unit. T. R.
Jones, of Middleton, is a half brother.
Services were conducted by the
Rev. Mr. Jenkins, assisted by Rev.
Mr. Wright, of Waterville, the choir
singing sweetly the favorite
hymns of the deceased.
Interment was in Morse cemetery,
Perwick. Many beautiful flowers
testified to the esteem in which the
late Mr. Evans was held.

Death of Mrs. Enoch Neary

The death of Mrs. Enoch Neary, of
Greenwich, Kings Co., occurred at the
home of her niece Mrs. Elvin Shafner,
Lawrencetown, on Sunday, Jan. 19.
Mrs. Neary had left her home, in-
tending to spend the winter months
with her sister, Miss Annie Fairn, of
Alamy, after having spent the Xmas
holidays with relatives in Lawrencetown.
An attack of acute indigestion
from which she was apparently
recovering accompanied by heart
weakness, terminated her sudden
death. Mrs. Neary was seventy-
three years of age and is survived by
her sister and one brother, A. B.
Paine, of Albany, who with her
nieces and nephews and a host of
other friends mourn her loss. The
funeral services were conducted by
Rev. P. H. Beals, assisted by Rev.
S. J. Boyce after which the remains
were taken by train to The Oak's
cemetery, Kentville, and laid to rest
beside those of her late husband.

Dominion Wide Prayer

A proclamation issued by the Gov-
ernor-General, at Ottawa, on Jan 23rd,
sets apart Sunday, Feb 19th next, to be
throughout the Dominion of Canada a
day of humble prayer and intercession
to Almighty God that His blessing may
rest upon the Peace Conference, and
that under His direction and guidance
its deliberations and conclusions may
result in the establishment of a world-
wide peace on a just and permanent
foundation. All subjects throughout
Canada are requested to observe that
day as solemnly set apart and conse-
crated for this purpose.

The str. Northland will be placed
on the Boton-Yarmouth route sail-
ing from Boston March 4th, after which
she will leave Yarmouth for Boston
every Wednesday and Saturday carry-

Surprise to Annapolis and Digby County Teachers

In Summerville, Hants Co., on January 29th, a surprise party was given to the teachers of the day-school, Miss Stella Covert, of Granville Centre, Annapolis Co., and Miss Lillian Powell, Plympton, Digby Co., the occasion being the latter's birthday.

Through the day, while the young ladies were busy at school, the young men came and after working steadily for a few hours succeeded in sawing and splitting a cord of wood and later in the day they were assisted by the young ladies in carrying it into the barn.

Very early in the evening twenty-eight young people walked quietly up to the house, all carrying very mysterious looking parcels.

The last two young men to enter were carrying a salting containing vegetables which they deposited in the middle of the kitchen floor. Next followed games and then instrumental music by Miss Ola Crowell. Last but not least a very dainty lunch, prepared by the young ladies, was served, after which the birthday cake was cut. Greater still was the surprise when other parcels were opened and their contents placed upon the table.

Pickles, preserves, sugar, tea, coffee, cocoa, butter, eggs and beans in abundance.

Misses Covert and Powell, having rented a house on their arrival in Summerville, are enjoying the pleasure of housekeeping along with their school duties, so they were much surprised at receiving such donations, and after expressing their gratitude to the young people, each left for home reporting the best time of the season.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

The Perfect Balance that Insures the Telephone Stockholders' Dividends

IN 1916 the Government of Nova Scotia enacted a law, which provided that all Public Utilities (in which is included the Telephone Company) should be permitted to earn 8% upon the value of their property, as found by the Public Utilities Commission.

Should there be any excess of earnings over 8%, three quarters of that excess was to be paid as a tax to the Government of Nova Scotia, and the other quarter retained by the Company.

The Public Utilities Commission has also decided that 8% is a fair return for the Telephone Company, and will, from time to time, through investigations of the Company's property and operations, adjust its rates so as to produce this fair return of 8%.

The promise of 7% interest upon any financial investment is usually considered highly satisfactory, but when that promise is combined with the practical guarantee of the Government of Nova Scotia, as above explained, the 7% Preferred Stock of this Company takes its place in the gilt-edged class.

MUNICIPAL COUNCIL (Continued from page one)

disease from which they ultimately died. Residence of Patients admitted during that there were 9 deaths during the year, all of which were due to paralysis, and among those well advanced in years. With but 2 exceptions, all were admitted within the year, and were well advanced in the stages of disease from which they ultimately died.

Residence of Patients admitted during year. Annapolis Co., 6; Windsor 2; Digby 1; Yarmouth 1; Hants Co. 1.

It affords me a great deal of pleasure in giving the following brief details in reference to the number recorded, as discharged:—

One who had been with us for 12 consecutive years, was taken home some few months ago, and is at present working in Halifax. Three others who have been with us for some time, are among those who have gone to their respective homes, and according to last reports are doing nicely. This is particularly gratifying, and worthy of note, since all were supposedly chronic cases.

The health of the patients as a rule, has been good. There has been complete immunity from infectious and contagious diseases; even the flu has passed us by. The matter of procuring sufficient help to carry on the work of the Hospital, is a serious problem. This is equally true in respect to all the Hospitals throughout the Province. This unfortunate condition may be attributed to two sources, First—the nature of the duties connected therewith, and secondly:—insufficient remuneration.

ADMISSIONS.

Conditions have arisen during the past year that compel me to again refer to the admission of patients, particularly, since the recent amendment to the lunacy act. The act as it now stands does not permit of any patient being sent to an Asylum, before the application has been approved of by the Inspector of Humane Institutions; it is therefore necessary that any person making application for the admission of patients to the Annapolis Co. Hospital, shall write the Superintendent for blank application form; after the application has been duly made, and returned to the Superintendent, he will at once forward same to the inspector and if approved by him, blank medical certificates will be forwarded to applicant.

Recreation.

It is an acknowledged fact that employment and recreation, provide the most effective panacea against morbidity and discontent; it is therefore our aim to apply the remedy as fully and freely as possible. The excellent farm in connection with the County Institutions provide ample employment for those who are able. During the year several entertainments for the benefit of the patients, have been provided by local talent.

Expenditure.

There need be but little said in this direction, since a detailed account will be placed before you. Sufficient to say that notwithstanding the fact that most all commodities have advanced one hundred per cent the cost per capita has been remarkably low. Every effort has been made to economize so far as was consistent with the welfare and efficiency of the Hospital.

Requirements.

Under this head the difficulty is to know just where to begin, or end, but the great outstanding need which now overshadows all others is that of electric light. Not only is the present system of lighting by lamp a serious menace, but detracts from the now so few facilities which we possess for the carrying on of the work of the hospital. There are now in use twenty four lamps beside a number of lanterns, all of which require cleaning and trimming each day.

Improvements and Repairs.

During the year various minor improvements and repairs have been attended to. The Hospital is in a good state of repair, except the roof which is leaking badly, and which will need extensive repairs as soon as conditions will permit.

Acknowledgements.

The usual Christmas tree and entertainment was provided again this year. We are indebted to our many friends who make this event possible each year. We are again indebted to the Rev. Dr. Jost and the deacons of the Baptist church for religious services from time to time; also the various ministers of the town for their various services.

I beg to acknowledge with thanks, receipt of the Weekly Monitor, and Annapolis Spectator. These papers are eagerly sought for by a number of patients, for the news they contain from the different localities in which they were once residents.

It is a pleasure to be again able to speak in commendatory terms of the interest and devotion to the best interests and welfare of the Patients by all those who are in any way associated with the work of the Hospital. I have the honor to be, Gentlemen, Your obedient servant.

A. F. HILTZ.

Lawrencetown, Annapolis Co., N. S. Jan. 1st, 1919.

To W. G. Clarke—Warden of Municipality of Annapolis:—

I, as Medical Health Officer report for year 1918.

I have received no report of diphtheria, a limited number of typhoid fever but more severe whooping cough and measles in different local sections. I reported three cases chicken pox "Clarence," house occupied by B. Fisk, during latter part of April, and on account of many cases of Small Pox in this Province the Prov. Health Officer, Dr. Hattie, asked me to consider if Small Pox until really no doubt of its nature as chicken. I did so, watched them carefully vaccinated the worse case, got good naturally resulting "Scar" and again reported the cases chicken pox.

Regarding Epidemic Influenza the serious nature of which cannot be emphasized too much, considering in the month of October in Nova Scotia Five Hundred (500) died from the effects of this disease alone, I believe the epidemic was shortened by the prompt action of our local boards and also by prohibiting all public meetings. I believe the most trouble was caused by so many persistently visiting, and small social parties being held in private houses when not supposed to be held. I wish to call attention to Public Health Act Sec. 48, stating that no teacher in any public or private school shall permit any unvaccinated child to attend without certificate as specified, Also Sec. 81, sub-sec. 2, teachers to notify Medical Health Officers and local board of even suspected cases of Contagious or infectious diseases. Again notice section requiring Medical practitioners to report without delay all cases of tubercular and other contagious diseases to the Medical Health Officer I may say here that I received very few reports during the year of this nature from the County practitioners. A few reporting quite regularly, evidently those doing the most medical work.

Public Health Act Sec. 81, sub-sec. 4, "The local board may close any school, etc." I asked in writing for a number of placards but received none during the entire year. Will the Council take note and have sufficient number printed and distributed over the County where most convenient, when immediately needed. As I understand the reading of the Prov. Health Act the following cards are especially needed:—

Measles, Mumps, Whooping-cough, Diphtheria, Scarlet fever, Chicken pox. Small pox, (and to use in emergency or doubtful cases.) Contagious diseases. The cards, Measles, Mumps and Whooping Cough should be displayed for warning, but need not carry strict quarantine unless ordered by local board.

Yours Sincerely, W. S. PHINNEY, M. H. O.

To the Warden and Councillors of the Municipality of Annapolis County.

Gentlemen:—My second year of service as Inspector under N. S. Temperance Act has come to an end and I here by present a report of work done.

I have endeavored to keep in mind your admonition to be economical in my expenses as far as possible without injury to the efficiency of the work. Six cases have been tried and four convictions secured,—the same number of convictions as last year. Only one offender paid a fine of Fifty Dollars and costs, the other three preferring imprisonment. If two of these had paid the \$100.00 fine which the amended law imposes we would have been able to report a surplus, but very few persons who have property that can be levied on are in the business, and the penalty for a second or subsequent offense is imprisonment without the option of a fine; so that if the ratepayers of this Municipality want the law enforced they must expect it to cost them something and be willing to pay for it.

I have travelled 672 miles against 685 last year, making five trips to Annapolis, 4 to Inglewood, 4 others to Bridgetown, one to Parker's Cove, one to Roundhill, 4 to Margareville and 2 to Clarence. I made 27 searches, 22 of these without a warrant which cost the County only \$3.70 in addition to my travelling expenses.

The Federal law has largely stopped

inter-provincial trade and railway transportation of liquors so that most offences are on account of the sale of home brewed beer and cider. The amended law makes convictions in these cases easier to secure and much cheaper.

The knowledge of the law and the experience I have had, enables me to judge fairly well before commencing a case if I can obtain a conviction, although witnesses will not always say what they lead one to expect. This knowledge and experience have led me to needless legal assistance and to more of the work myself, so you will be pleased to note a reduction from last year of nearly \$50.00 in my solicitor's bill. The aggregate cost of the year's work is \$163.32 less than last year and notwithstanding only one fine was collected, we still have a net deficit of \$106.36 less than last year. I have good reason to thank the Inspectors of the towns of Annapolis and Middleton for their valuable co-operation. My general account, with itemized accounts attached, is presented herewith for your inspection.
