4 DEAD IN NEW YORK BLAZE FIREMEN AMONG INJURED

Rapid Spread of Flames in Tenement Cuts Off Escape—Rescuers' Dangerous Work.

New York, June 11.—Four persons are known to be dead and several others are missing as a result of a fire in a five-story tenement house at 209 East 37th-street to-day.

Two firemen were injured by falling from the building and one of them is not expected to live. Scores of thrilling rescues occurred and just as the firemen were about to take a woman and her two-year-old baby from the fire escape on the third floor the woman fell, overcome by the smoke, and dropped the child. It was rescued by 21 families. Even before the alarm could be sounded the flames had blocked all means of escape from upper floors as fire escapes. Several women and children were taken from the fire escapes by policemen before the firemen reached the scene.

The house was then ablaze from cellar to roof and persons clinging to the fire escapes near the top of the building were rescued with the greatest difficulty. A ladder which had been placed against the side of the building slipped when fireman Teuer was near the top and the fireman plunged to the sidewalk. He was terribly injured and probably will die.

Fireman Catell fell from a fire escape platform at the third floor, also severely injured. Three persons who lost their lives in the flames occupied a tenement on the top floor. Apparently they had been overcome by smoke.

WARSHIP TOO LATE

Premier Seddon's Remains Conveyed on Ship in Which He Died. Sydney, N.S.W., June 11.—The S.S. Owestery Grange, which put back in this port on Sunday, had on board R. J. Seddon, premier of New Zealand, who died on board soon after the steamer had left Sydney for Wellington, resumed her voyage to-day, carrying the body which had been embalmed, to New Zealand.

The commonwealth government applied to the naval authorities here for a warship to convey the body to New Zealand, and the request was granted but the Owestery Grange left meanwhile.

HAPPENINGS IN HAMPTON ANNEXATION OF THE BEACH

Aldermen Inclined to Fight Shy of It—A Scene on the Street.

Hampton, June 11.—(Special.)—The harbor and beach committee asked the city council this evening to endorse the agreement providing for the annexation of the beach to the city. Some of the aldermen took the ground that the beach had been so badly ruined by the railways that it was not worth any expense now, and a majority of the others said they had not had time to study the agreement. The agreement was shelved for a week when a special meeting will be held to consider the Hampton, Waterloo and Guelph Railway Company's application for a right of way thru Dundas and Harvey Parks. This was the only matter of general interest considered by the council, which was in session for less than half an hour.

Jockey Romsnell created considerable excitement at the corner of King and James-streets this evening. He was walking along the street with his wife, who complained that Doc Birley was trying to flirt with her. The jockey grabbed a cane from a colored man and knocked Birley down. He afterwards swore out a warrant for Birley, who was released on bail.

The Niagara Synod meeting will open next Tuesday. One of the matters to be considered is the publication of a diocesan magazine.

Mrs. Clara Howard, Danville, Ill., has written to the authorities to explain that her husband, who is now living in Hamilton, has married another woman. The Central Prison authorities have written to Police Magistrate Jeffs to say that William Preston, a Hamilton man, sent down for nine months for theft, is a menace to the health of other prisoners on the basis of the fact that he is a consumptive. The magistrate has forwarded a report of the case to the minister of justice.

George Cushman, Ontario Market butcher, was fined \$5 for using a dirty wagon for his meat.

Decided to the City. The Ontario government has decided the strip of land separating the two filtering basins, and all the land between the basins and the lake to the city. The city takes steps at once to fence in the newly acquired property and to join the two basins. Hon. J. S. Hendrie has indicated that it is the intention of the government to cancel the city's lease to the beach property, and to administer it by means of a commission of two.

It is rumored that the government will look into the railway affairs next Thursday, and will make a number of new appointments.

The T. & B. has made application to the city for the right to cut its east end spur line along the east side of Wellington-street and the bay front to the city dock. According to rumor, it is the intention of the T. & B. to use this spur in connection with the new C.P.R. Goderich and Hamilton and Guelph Junction lines.

The police have practically decided to enforce the bylaw which says that dogs are not to be allowed to roam around the streets after sundown. There are reports that the police had neglected their other duties to capture the wanderers. Rev. C. J. Triggerson, Minneapolis, has accepted the call to the Victoria-avenue Baptist Church. The congregation of St. Patrick's Church has decided to build a new \$15,000 presbytery.

SUES ITALIAN PASTOR

Octogenerian Claims to Have Been Libeled—Life Threatened.

Montreal, June 11.—(Special.)—Through his attorneys, Chevalier Charles Cattell has entered an action for \$5000 damages against Rev. Father Ludovico Caramello, pastor of the Catholic church of Montreal. Chevalier Cattell, a churchwarden, and also a syndica, compulsion of remarks made to him by Father Caramello in the presence of several members of the congregation, and among other things, that the pastor referred to him as being unworthy of his title. He further complains that, subsequently, when addressing the congregation, Father Caramello, on two occasions, referring to the legal proceedings threatened against him by a member of the colony, used libelous language, and also he did not name Mr. Cattell, those who heard the remarks knew that they referred to him.

In connection with the above, Chevalier Cattell received an anonymous letter a short time ago, purporting to come from a secret society. The writer said that altho the members of the society did not believe in religion of any kind, still they would not allow Mr. Cattell to oppose the pastor of the Catholic colony and then followed a threat of death if he did not give up the legal proceedings or come personally at a meeting of the society, and to answer to a representative of the society a sum of \$5000.

Mr. Cattell is over 80 years of age.

NO ANSWER YET. (Canadian Associated Press Cable.) London, June 11.—No reply has yet been given to the commons by John Burns to the question as to whether the government will recommend the boards of guardians to purchase tinned meats from the colonies.

ACROBAT, A 40 TO 1 SHOT WON THE BEDFORD STAKES

Six Favorites Were Defeated at Gravesend - Miller Rode Two Winners.

New York, June 11.-Acrobat, a 40-to-1 shot, won the Bedford Stakes for 2-year-olds at Gravesend today. Berkeley cut out a fast pace to the stretch, where he fired. Acrobat, Master Lester, Red River, and Ace Russell then fought it out through the final furlong and finished in the order named, heads up.

WORLD'S SELECTIONS AND ENTRIES

NEW YORK SELECTIONS. (Gravesend.) FIRST RACE - Lotus, Mandarin. SECOND RACE - Logistella, Mabel Richards. THIRD RACE - Belmont, Judge Post. FOURTH RACE - Ormondale, Whimsical. FIFTH RACE - Robador, New York. SIXTH RACE - Garters, Arlington, Yankee Girl. SEVENTH RACE - Kentucky Beau, Lady Vincent.

SKETCHED AND FOLLOW-UP ON ONLY FAVORITES MONDAY

Attila Beat Widow's Mite - Elksino, Land's End and Highland Fling Other Winners.

It was a glorious day Monday at the Hamilton race track, but that did not make the favorites vain. They tried hard to fall back into last week's rut, and almost succeeded. Follow on, in the steeplechase, was the only distinct first choice to win.

Elksino best Kamsack by the shortest of heads in the second race. Attila, with Tom Gilroy, another abort one, third. Jerry Sharp was favorite, but it was not his day. Follow on, in the steeplechase, they spread out coming up the stretch. The first and third horses and Queen's Mount carried the day.

The odds-on choice ran outside the money in the gentlemen's race. Land's End was kept virtuously going. Land's End was fifth. Queen's Lady second and Sugar King third.

The first look easy for Widow's Mite till the last few strides. Flusher looked once too often. Flusher was fourth. Attila did not see Attila on the outside till too late. Nonsense was third. These three were badly placed. Flusher was fourth.

The closing event had a field of ten, with Monte Carlo, Azalina and Alonso most backed. The first was being held by the first favorite. Little Mike and Sner started out in front, with Monte Carlo leading the three going round and chasing the goods till Highland Fling rode a winner. Little Mike stayed for the show.

This ladies' day, and the dear creature will surely have better weather than on Friday. Six races are on the card, including a handicap and steeplechase.

HAMILTON SELECTIONS. FIRST RACE - Lady Hillary, Loupains. SECOND RACE - Havana, Bouvise, Miss Corwin.

THIRD RACE - Lord Radnor, Frank Somers, Allegiance. FOURTH RACE - Sir Ralph, Peter Sterling, Ships On.

FIFTH RACE - Ezra, Sully, Rubalvat. SIXTH RACE - Skeptical, Satchel, Sampan.

Senator Bossed Commercial But Recouped for Losses

When Market Went Wrong He Made Up the Difference— Senator Fulford's \$100,000 Policy and Its Odd Provisions.

Interesting explanations of how Senator Fulford interfered in the management of the Imperial Life were disclosed by Secretary Bradshaw before the insurance commission yesterday.

Mr. Bradshaw was closely examined by Mr. Tilley on the Imperial dealings in unauthorized securities as a general session. Witness explained in detail the method by which certain stocks were handled in the books of the company.

Certain operations in Dominion Coal and Dominion Iron and Steel showed a loss of \$10,000, which witness said was paid by Senator Cox on behalf of the company.

Senator Fulford's policy was explained by Mr. Tilley. He said that the policy was issued in 1903 and was for \$100,000.

Witness explained the agreement made in 1903 and told the commission that the transactions did not appear in the statement of the books.

CHICAGO CHILDREN'S COURT SAVES TROUBLE AND MONEY

J. J. Kelso Tells of the Work Performed—An International Aid Congress.

J. J. Kelso, superintendent of the Ontario children's department, returned last night from Chicago, where he was invited to take part in a conference as to the organization of a national child-saving congress.

While in Chicago, Mr. Kelso attended the board meeting of the Children's Aid Society, which is held in an office building on Clark street.

The morning session was devoted to the question of guardianship of independent children, and included a discussion of the Ontario law.

Mr. Kelso will return to Toronto on Wednesday morning and will be in the city for several days.

WHO BOUGHT THE PARK?

Noble Says 'Twas City; Eckardt Says 'Tis His Own.

There is a cloudy atmosphere around the real ins and outs of the auction purchase of Victoria Park by Mr. Eckardt on Saturday when the city was willing to buy it.

Mr. Eckardt apparently has another view of it, and it is whispered that he wants some of the money in regard to his Scott-street property before he sells his park purchase to the city.

The report of the post-mortem examination showed that there was no water in Walker's stomach when he pulled out of the river.

ADVERSE TO CHURCH UNION SEEMS ASSEMBLY SENTIMENT

Ridiculous Proposition Asserts Montreal Pastor, Who Declares Presbyterianism Leads.

London, June 11.—(Special.)—"We are allowing ourselves to drift into a false position because we do not translate the words of Christ literally," shouted Rev. John McKay of Montreal in a red hot argument at the general assembly this afternoon on church union. "When the Presbyterian Church stands first among the Christian churches it is ridiculous to talk of church union," he asserted, and was loudly cheered.

Duncan Campbell of Armstrong ably seconded the efforts of Mr. McKay. The subject was introduced by Rev. Principal Patrick, Winnipeg, who moved that the Presbyterians join hands with the Methodists, Congregationalists, Baptists and Episcopalians. He talked strenuously for over an hour, and went into a detailed account of the length of charges for each pastor, and gave the training of students and described an exhaustive description of what would have to be done.

The church was packed, and Dr. Patrick was loudly cheered. The assembly seemed to cheer for and against with equal enthusiasm, according to the ability of the speakers. The debate went on until about one o'clock the debate appeared to be going against the proposition for union of the churches. The debate will continue tomorrow, when speakers are expected to take a lively part.

When Rev. J. C. Shearer, who has been working to get away from the church at Ottawa, said there would be no Sunday newspapers, home produced or imported, the cheers were loud and the speaker was applauded by all the members in the house and almost certain that not more than twenty will oppose the bill," he said.

Sunday School Progress. The work of the Sabbath schools was reviewed at the evening session in connection with the report of the committee, which was adopted. The statistical tables appended to the report showed an enrollment a gain of about 1000 scholars over last year, and in the home department, an additional gain of almost the same number. In efficiency a general gain in every department, for example, in diplomas, which were adopted, Scripture, and shorter catechism, a gain of 700; in teacher training course, a gain of 54; in contributions, a gain of 187; in the Young Men's Fund, a gain of \$1088; in the number coming into full communion with the church, a gain of 648. The number of scholars in the home department, the largest number in any year, it should, however, be recognized, was only one-half of the Sabbath school scholars who have become members of the church in full communion during the year. There has been a considerable advance during the year in all the various contributions to the church. For example, the running expenses, \$99,827, an increase of \$2367; for schemes of the church, \$89 schools (a gain of sixty-four), gave an increase of \$1287; for the Young Men's Fund, \$1529 schools (a gain of 146), gave \$5562, an increase of \$1088; for other purposes, \$72,343, an increase of \$4400; for the Young Men's Fund, \$142,778, an increase of \$10,692.

While the Methodist school attendance showed a big increase, the Presbyterian school attendance in the eastern cities, said Rev. J. C. Robertson, general secretary. Rev. A. B. Winchester took up the subject, "Church Union Work."

In Montreal Next. This morning it was decided to accept Montreal's invitation for next year's assembly. A considerable discussion, the assembly approved a proposal to revise the statistical forms at present in use, and to combine certain reports in section, and to re-arrange the statistical forms in the general report by nearly 200 pages, and effect a great saving in both cost and labor. Considerable pains had been taken to make the new forms comprehensive and accurate. They were based on scientific principles and it was thought the scheme would be found to work well.

In presenting the report of the aged and infirm ministers' fund, J. K. Macdonald, Toronto, showed that all the amount of the fund had been paid in full, but there was an increase of debt to the extent of \$28,842. The debt against the ordinary fund now stands at \$738,571. There had, however, been a considerable increase in congregational donations and contributions, and it was hoped this debt would be overcome during the coming year. The fund was relieved by the assembly of the charges made to the general work of the church. The debt increase had been entirely in the eastern section, and the contributions also had been nearly all from the west. It was hoped the eastern section would remedy these deficits.

Eleven Will Retire. The assembly approved applications from 11 ministers to retire from active duty and to be placed on the fund for benefit. Among these is Rev. William McWilliams, Toronto. The minister leaving the church and giving himself to another vocation forfeited all claim to benefit from the fund, and except a repayment of half the amount paid by him into the fund, was revealed.

A sum of \$200 was voted to the executor and a moderator for the payment of travelling expenses during their year of office. The question will be further discussed with a view to some permanent salary and allowances. It was decided that any minister, however poor, should not be deterred from taking the office of moderator by the inability to meet the necessary expenses.

RAG-TAG SOLDIERS STRIKE

Continued From Page 1.

There was an animated scene of ambulance men, many of decidedly small stature, getting ready to go, and also members of the composite regiment, which will of course be the finest corps on the ground, getting ready.

The camp will consist of the second and third regiments, including the Canadian Field Artillery detachment No. 3 Co., R.C.E., No. 2 Field Co., (city section), No. 9 Field Co., R.C.R.; Nos. 2 and 3 Cos., C.A.S.C.; Nos. 10, 11, 12, 13 Companies Field Ambulance.

In the cavalry section will be tented four thousand infantry men will be camped, the army will as usual be divided into three brigades.

The third infantry brigade will include the 12th York Rangers, 20th Halton Rifles, 34th Ontario Regiment, and after a day or so the composite regiment from the city battalions of Toronto, Hamilton, St. Catharines, and London.

The fourth infantry brigade will consist of the 23rd Northern Pioneers, 31st Grey Fusiliers, 35th Simcoe Foresters, 38th North Brabant Rifles, and the fifth brigade will be composed of 37th, 39th, 44th and 47th Regiments.

For some reason the sensible uniform adopted by Col. Wallace's 8th Peel Regiment last year and endorsed by the start has not been carried into the present year. The members of the regiment admitted superiority. Some hitch over getting the cowbreakfast hats was encountered by the government. It is understood that there will be a Harris squadron, which is understood, is coming down in very full strength.

Last year the horse had four squadrons, all from Toronto, but this year there are only two from the city, and the additional one from Barrie, but it is thought the strength will be about the same. Major Gordon said last night that the mounts will be better this year than last. The regimental staff will be Lieut. Ryerson, adjutant; Capt. D. McDonald, veterinary; Capt. Chamberlain, quartermaster; Major Gordon and Capt. Becker.

The Body Guards are jubilant over their outlook, both from the standpoint of man and beast, and Col. Merritt's men and horses will endeavor to vie with the regulars of the Royal Canadian Dragoons for real soldiers.

The horses near the horses will be transported nearly all by train, and will go away on special trains morning. Most of the infantry regiments will be in the city to-day early, and it will be an active day on the boats as well as on the railways.

SIR HECTOR LANGEVIN

superintendent-general of Indian affairs. In 1870, Mr. Langevin was created a knight commander of the Roman Order of Pope Pius IX. He was created a knight of the Order of St. Michael and of the Order of St. Sava. He was also created a knight of the Order of St. Anne and of the Order of St. George.

He became leader of the Conservative party in Quebec on the death of Sir George E. Cartier in 1873, in which year he was elected to the House of Commons. He was elected from Charlevoix in 1876, but in the general election of 1878 he lost his seat to Sir John A. Macdonald. He was, however, called to the cabinet of the new Conservative government as postmaster-general, and was returned to the House of Commons in 1881. He was re-elected in 1884, 1887, 1890, 1893, 1896, 1899, 1902, 1905, and 1908. He was voluntarily retired from public life.

A particularly noteworthy point in his career was his appointment in 1892 by the governor-general-in-council to go to England and lay before the imperial government the views of the Canadian ministry in connection with the proposed dismissal of M. Lethell de St. Just, the lieutenant-governor of Quebec, the result being the recognition of the right of the lieutenant-governor to remove lieutenant-governors for proper cause.

Hon. M. Langevin was a widower. His wife, who was a daughter of the late Lieut.-Col. Chas. H. Teter, J.P., having died in 1882.

MUTINOUS SPIRIT SPREADS

London, June 11.—The Conservative Association of the City of London at a meeting to-day unanimously decided to accept Sir Frederick Banbury, formerly member for Camberwell, a prominent stock broker and railroad man, as the Conservative candidate at the by-elections, to replace Sir Edward Clarke, resigned, as representative in parliament of the City of London.

Mr. Banbury, who was asked to allow his name to be submitted, wrote that he would be unable to give full time to the work until his health is re-established, adding that, while he favored tariff reform, he was not prepared to give the extreme pledges which might in some quarters be desired.

The Liberals have not decided whether they will contest the City of London election. Mr. Hyman, Conservative member of parliament for St. Georges, Hanover-square, has resigned on account of ill-health, and the Conservative Association this afternoon unanimously selected Alfred Lyttleton, former secretary for the colonies, to be its candidate.

The Liberals have not decided whether they will contest the City of London election. Mr. Hyman, Conservative member of parliament for St. Georges, Hanover-square, has resigned on account of ill-health, and the Conservative Association this afternoon unanimously selected Alfred Lyttleton, former secretary for the colonies, to be its candidate.

Amendments to Guard Against Combination Opposed by Aylesworth and Rejected on Vote.

Ottawa, June 11.—(Special.)—Mr. Monk (James Cartier) to-day called the government's attention to the fact that the Province of Quebec was offering for sale water rights in various navigable rivers. He believed that the province was interfering with the rights of the Dominion government.

Mr. Hyman replied that the matter had been referred to the minister of justice. This general subject would be brought up for consideration at the conference of the premiers to be held during the recess.

R. L. Borden enquired as to the recent pardon of one Brothier, who had been carried on an infamous business in Vancouver which it had suffered and bled so long. Mr. Aylesworth said the pardon had been granted upon the recommendation of Mr. Fitzpatrick in reply to a question Mr. Brothier asked that his department was investigating the alleged "shanghaies" at Vancouver.

Dr. Sprague offered amendments to the Grand Pacific Telegraph Co. to guard against any combination or amalgamation with other telegraph or telephone companies. Mr. Aylesworth opposed the amendments, which contemplated a transcontinental telegraph system. It might be quite convenient for the company to buy existing lines. As to monopoly, the bills were subject to the railway commission. Besides, in his opinion, the amalgamation of telegraph companies was desirable, as was the amalgamation of railway companies, insurance companies, etc.

R. L. Borden submitted that the amendments were along the line of sound public policy. The consolidation of railways had usually been effected through the act of parliament. Mr. McCarthy (Simcoe) opposed the amendments. It was not usual to place such restrictions in acts of incorporation.

Upon division the amendments were lost—yeas 29, nays 60—a party vote. The bill itself was then read a third time and passed.

In answer to a question by Dr. Sprague the government stated that the royalties collected on Yukon gold was as follows: 1897-98, \$372,292; 1898-99, \$488,282; 1899-1900, \$750,771; 1900-01, \$828,622; 1901-02, \$1,092,498; 1902-03, \$881,193-04, \$272,717; 1904-05, \$206,700. The royalty had been reduced to 2-1/2 per cent.

Cancelled Meat Information. In answer to Mr. Chisholm the minister of customs stated that the duty on canned meats was 25 per cent ad valorem. The quantities imported from the United States were stated as follows: In 1903, 803,750 lbs.; in 1904, 1,132,206 lbs.; in 1905, 803,963 lbs. During these years the value of fresh meats, soups, etc., was: in 1903, \$55,283; in 1904, \$77,647; in 1905, \$69,580. It was stated that the government was aware of the disclosure at Chicago and that the whole subject of canned meats was receiving careful consideration.

Mr. F. Madigan (Sudbury) enquired if the judges through the country were obeying the law and resigning their directorships in corporations.

Mr. C. R. Expenditures. Mr. Morin (Dorchester) to-night explained to Mr. Emmerson why the I.C.R. would always have a deficit. In 1892 it employed 337 men; in 1905 8540. Many of these men do nothing. They are stuck in places to please politicians. "I know one man," he said, "all that he does is to listen to the trains go by. I know this, because he told me himself."

Mr. Emmerson claimed that the mileage of the I.C.R. had largely grown. He insisted that the road was doing well and that no unnecessary men were employed.

Hon. John Haggart and Hon. George E. Foster. Hon. George E. Foster, minister of justice, was charged with capital account in the purchase of all private railways to revenue.

Mr. Henderson (Halton) discussed this matter at some length. The capital account was charged with actual betterments. It was absurd to charge mere replacements or repairs to capital account.

Mr. Loggie (Northumberland, N.B.) defended the I.C.R. Its gross earnings had increased 200 per cent in ten years. He thought that Mr. Emmerson had done very well under adverse conditions.

Mr. Fowler (Kings and Albert, N.B.) objected to an estimate for the purchase of certain real estate in Moncton by the I.C.R. The government paid \$14,000 to Mr. Hewson, a business associate of the minister's, who had acquired the land for \$9000. Who got this rake-off of \$5000?

Mr. Emmerson insisted that the government had made an excellent bargain. The land to-day was worth double what the department had paid for it.

HOBNOBS WITH GREATNESS.

Fair Finds Big Men of Legislature Not a Very Bad Sort.

Editor Farr of The Halleyburian writes of the visit of the legislators to the north country thus: "We got mixed up with the elect. We boarded the train containing our legislators, and we were agreeably surprised. We expected inanity, we even met of good common sense. We met the Rev. McDonald of The Globe. He has been to us a journalistic 'bogy.' We expected to meet a man of saturnine cast of countenance, modified by a bristling piety. We met a man instead bristling with the humanities, a good clean man; a proud, except for his politics. We have arrived home too late to do full justice to this thing—the mistake that our first visit of men to an isolated portion of the province regarding which they are supposed to legislate. We in our conceit looked upon it as an object lesson to these men; instead of that we found it to be an object lesson to ourselves. We learnt that politicians are something like people, in whom one should put no trust."

Halleyburian decked itself out in gorgeous array, in honor of the occasion which it had suffered and bled so long, and as a just return for its loyalty the train, bearing the men who were weary of the weary journey, passed rapidly, to New Liskeard, a place evolved out of the corruption of the "regime" that Halleyburian so lately had an opportunity to see. We were informed that it was a mistake, and we heartily acquiesced in the definition.

Do not hold our friends responsible for the error. The good common sense of the people will, as usual, rise superior to a little mistake that arose from a imperfect knowledge of conditions, political and geographical, on the part of the committee of organization. We have no time to make personal mention of all whom we met, but it is only fair that we give precedence to cabinet ministers, of whom there were four: the Hon. Col. A. J. Matheson, W. J. Hanna, Dr. Willoughby and F. Cochrane. These men escaped out of the country with their lives, but it is up to them to come back, to show themselves, to speak to the people and let the people see how appreciable they are.

One of the essentials in the composition of a politician is "approachability." The only flaw in Whitney is in his armor of steel, which is often misconstrued into indifference. As a matter of fact, we are of the opinion that there is not a more accessible man alive than Mr. Whitney, but he is too parsimonious in his exhibitions of that gentility. He knows that it is more precious than gold, and hence he does not want to waste it.

We should give a detailed description of our findings upon the doings, but there were many men accompanying that procession, independent of the Rev. McDonald, who make their living by catering to the public thirst for detailed accounts of the doing of the great, that we felt it would be superfluous for us to dilate upon the common possibilities of New Liskeard, and the lacustrine immaculateness of the scenery on New Liskeard. We read that on New Liskeard in The Globe and we met the man on the back who wrote it. If there is one thing admirable in a Grit it is his loyalty to the public, and hence the strength of the party, even under adverse circumstances. The Grits well know that the only thing that they have to do is to bite their tongues and to be so-called political honesty of their opponents disgusts their friends, and that they are men who are better versed in the wiles of humanity.

CAPTAIN BERNIER'S APPEAL.

How He Asked Marine Minister to Permit Search for Pole.

Ottawa, June 11.—(Special.)—An interesting excerpt from the testimony of Capt. Bernier is the following letter that he wrote to Hon. Raymond Prefontaine, that undoubtedly hurried on the expedition of the Arctic:

"On Sept. 26 last I wired you as follows: The grant of the Arctic for the north pole expedition. Speed for Arctic voyage fast enough, only slight repairs needed; could leave Montreal this fall for Pacific coast; grand opportunity for Canada's honor.

"Not having any reply, I beg to renew my application, for we have the ship available, with a lot of stores and clothing and appliances on hand, and the time has about come when we must go forward and claim our northern heritage. I have sacrificed my time and labor and money for ten years. The government has already realized that we have done well claiming our own. The Norwegians have discovered new land and the magnetic pole and the northwest passage. My plans are approved by old scientific societies, and three-fourths of the members in the house at Ottawa, and I enclose a copy of the last letter received from Nansen, offering help. We can prepare this winter for the trip and I am anxiously waiting your decision. I remember your kind words when we left Quebec. I know you are a man of your word."

CANADA'S BIG MEN.

Writer to London Press Says This Country Leads World.

London, June 11.—In a eulogy at the Lord Dufferin memorial unveiling at Belfast Lord Londonderry said the secret of Dufferin's success in smoothing away difficulties in Canada was in getting into sympathy with those among whom his lot was cast. "This Canada of Ours" was a favorite phrase with him, and Lord Londonderry was certain Canada would speak of him as "This Dufferin of Ours."

The Observer quotes a gentleman who has lived several years in Canada in endorsement of a writer from Canada, who says that the Canadian today is the heaviest and strongest man of the white race. The gentleman says he was struck when in Toronto by the number of tall fine looking men. The average Ontario height was five feet eight inches, equal to the best of Britain.

Bell Co. Operations.

The Bell Telephone Co. made application to the city for permission to open up the following streets for the purpose of laying therein lines of wire: Concession-street, from second pole north of College to College; College-street, between Dovercourt and Rushmore-road, and Lane between Dovercourt-road and Rushmore-road running north from College-street.

The TERRIBLE PANGS OF DYSPEPSIA CAN BE CURED

To be dyspeptic is to be miserable, hopeless, confused and depressed in mind, forgetful, irresolute, drowsy, languid and useless.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distension of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic.

BURDOCK BLOOD BITTERS

It regulates the stomach, stimulates the secretion of the saliva and gastric juices to facilitate digestion, removes acidity, purifies the blood, and tones up the entire system.

Mrs. M. A. McNeil, Brook Village, N.S., writes: "Last winter I was very thin and was fast losing flesh owing to the run-down state of my system. I suffered from dyspepsia, loss of appetite and bad blood. I tried everything I could get but to no purpose. I finally started to use Burdock Blood Bitters, and from the first day I felt the good effects of the medicine and am strong and well again. I can eat anything now without any ill after effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

AND STILL THEY COME.

Thousands of Immigrants to Canada Arriving and En Route.

Montreal, June 11.—(Special.)—The immigrant rush towards Canada continues unabated vigor. In fact, according to Harry Thomson of the C. P. R., it will assume record proportions during the next few days, as thousands of intending settlers are now en route from British and European ports to Quebec and Montreal.

Advices received at the transportation offices of the city during Saturday afternoon stated that over 3000 immigrants from Europe had landed there during the course of the morning, and that 5000 more were on the way, either by the steamships Empress of Britain, Victorian, Canada and Lake Michigan.

Four thousand more embarked on steamers leaving Liverpool on Friday, and these will reach Canada at the end of the coming week.

Besides these a contingent of nearly 2000 is expected in the city on Monday from New York, at which port they were expected to land today.

BUTLER SHOTS CHAUFFEUR. MISTOOK HIM FOR BURGLAR.

North Andover, Mass., June 11.—Reginald Stafford, a chauffeur, employed by John H. Scoville of New York, was killed by a revolver bullet at Hillcrest, in North Andover Centre, the summer residence of Mr. Scoville, early yesterday.

Edward Ruby, the butler at the house, told the coronial that he heard a noise in the drawing-room after midnight and entering saw distinctly the form of a man hiding behind a lounge. Ruby fired two shots, one of which struck the man in the head, and caused probably instant death.

ANOTHER RATE WAR.

Montreal, June 11.—The rate war between the Grand Trunk Railway and American lines between Chicago and eastern points has again been declared by the G. T. R., on the ground that American cities obtained a temporary agreement for starting part of the big traffic that offered for the Christian Scientist convention in Boston.

Magistrate Alleges Libel.

St. Catharines, Ont., June 11.—Police Magistrate Comfort this morning instructed his solicitor to begin proceedings against The Daily Journal newspaper here charging libel.

The paper published a letter on Saturday from an anonymous correspondent, in which it was stated that Magistrate Comfort, in dismissing W. Smith of Beachville, accused of fraud, had said the farmers who dealt with concerns like Smith's were "jackasses" and the letter-writer roundly roasted his worship. The magistrate has many number of witnesses who will testify that he never used any such language.

Was Falsely Accused.

Charles Kennedy, who was arrested on Saturday on a charge of stealing a sovereign at the Daily House, was asked to come before Magistrate Denison yesterday, and Crown Attorney Corley asked that the charge be withdrawn against him and that he be honorably discharged, as this case had been remanded until next Thursday.

It Means that a Mrs. Scott, who was

released on suspended sentence on Saturday, has been shown to have committed the thefts at the Daily House, and she alone was responsible, and it was clearly shown that Kennedy had nothing whatever to do with any of the transactions.

No Tenders for Mill.

Time of receiving tenders for the assets of the Frontenac Cereal Co. expired yesterday with none in sight. The closing is the date fixed for opening the tenders, and should any come to hand in the meantime they will be accepted. The property includes a grain elevator of 50,000 bushels capacity, a steam grist mill of 325 barrels per day capacity and a small lot and building.

Repatriation of Troops.

Ottawa, June 11.—Since the commencement of the repatriation of the troops, which took part in the war with Japan, 152,000 men, including the Russian prisoners from Japan, have been landed here and distributed throughout the interior of the country.

Strikers Fire on Check House.

Dillonvale, Ohio, June 11.—An attack, presumably by strikers, was made today on the check house of the M. A. Hanna Coal Company at Dillonvale, when fifty shots were fired from a hill 200 feet distant. There were four watchmen in the building, but no one was injured.

Thought Rat Was Kitten.

St. Catharines, June 11.—A little boy, Leo Cahill, son of Walter Cahill, was playing in the yard on Saturday when he saw what he took to be a kitten sitting on the ground, and picked it up. It proved to be an enormous rat which had been hurt and could not run, and the moment the child touched it the rodent bit him severely on the hand.

Grand 15 Day New York Excursion.

Was Killed in Philippines.

St. Catharines, June 11.—The body of Louis Herr, who was killed in a battle with Moros in the Philippines, arrived here this morning.

EGYPT BRITAIN'S BEST BLEM.

WONDERFUL, SAYS OTTER

Contrasts England's Achievements With Cheap Advertising Methods of Americans.

New York, June 11.—After a prolonged visit to England, the continent and Egypt, Bishop Potter arrived home yesterday. The bishop explained what he meant when he told the pilgrims in London that the American Eagle in Cairo "had his tail between his legs." He also feared there was not a young touch affection between the United States and England.

"You can depend on it there is no love lost between the two countries," said the bishop. "There is, I fear, a good deal of gush about it. The British idea of the United States is very vague. They have certain impressions that are unjust, and when I arrived over there on my way out I told them so. The more acute and serious do not think we are a lot of gruffers, but that we are very easily tempted by gain. It's the general crowd that thinks of us otherwise."

Then the bishop explained the "Eagle with his tail between his legs" remark. "I think the idea in my mind on that occasion," he said, "was a condition in Egypt that I meant," other Americans also, namely, the advertising of quack medicines and other things on the same order, with the use of the American flag. It was this, the use of our flag for advertising purposes; in contrast to the splendid achievements of the British government in Egypt that I meant."

Speaking of his trip the bishop said: "I spent my winter in Egypt, and was greatly impressed with the splendid achievements of the British administration of affairs there. It had been 30 years since I was in Egypt, and the change wrought in that time is indeed wonderful. No more brilliant jewel shines in the crown of Great Britain than her achievements in Egypt."

"On one occasion I was talking with Lord Cromer, and in the course of our talk it was mentioned how seldom changed in the mind of the original promoter, and the observation Lord Cromer made this profound and astute reply: 'You can change the face of the land by canals and railroads, and you can improve the material that people by introducing a better government, but you can not change the mind of an oriental in a quarter of a century. He will still think orientally. This is the basic fact which we have got to remember in all our dealings with them.'

OUR OWN COUNTRY.

Summer tourist and seaside excursion fares are now in full force to all points reached by the international railway, and four calls are arranged and berth secured in advance for all-rail and river, lake and rail routes at lowest rates from Toronto and Montreal to all eastern summer resorts at the office of the International Railway Company, 40 King-street, Toronto, where Atlantic steamship tickets are also on sale at lowest rates. The seaside special train, which is operated by the G. T. R., will leave Toronto on Monday, June 11, and return to Toronto on Monday, June 24. The new literature of this railway is replete with information which will be appreciated by those who are now planning summer trips to the seashore or other eastern resorts in the lower provinces, and they would do well to write the agent, N. Weatherston or call at his office, No. 40 King-street, Toronto, for any information required.

GOING TO SEE A SICK SON DIES AT FRIEND'S HOME

Utica, N.Y., June 11.—Dr. Edwin T. Jones of Queen's, LL. chief of the staff of the Jamaica Hospital, was found dead in his bedroom at the residence of a friend in the city today.

Lake Shore Railway's Elks' Tour

Colorado, leaving Buffalo, July 13. In Denver, July 15, during Elks' convention, afterwards visiting Colorado Springs, Garden of the Gods, Pike's Peak, Cripple Creek, Pueblo and through the heart of the Rockies, including the Grand Canyon, visiting Royal Gorge and Marshall Pass. Twelve day all-expense trip, \$88. Many Elks lodges in the States of New York and Pennsylvania have already given their excursion, which is open to Elks, their friends and the public. The tour is offered at absolutely net cost and at the same rate to everybody. No charge is made by the Lake Shore Railway for arranging and conducting its tours, and nobody is carried free at the expense of others. Write for itinerary. J. W. Daly, chief assistant G.P.A., Buffalo, N.Y.

Thousand Immigrants a Day.

Quebec, June 11.—Since the opening of navigation 29,900 transatlantic passengers arrived at Quebec, being an average of 1000 per day up to and including Saturday, 9th inst. The majority of the immigrants were bound for the Northwest.

Falls From Log.

Winnipeg, June 11.—Harold McGaffey, little son of W. A. McGaffey, near Komar, was drowned last night while playing on some logs in the Assiniboine River.

Choquette Appeals.

Quebec, June 11.—Senator Choquette inscribed an appeal on Saturday from the judgment rendered against him some time ago in the case of Parent v. Choquette.

Ice Made During Fire.

Hopkinsville, Ky., June 11.—When the ruins of the ice factory, which was destroyed by the fire of 1905, were examined yesterday, it was found that 16,000 pounds of ice had been made during the progress of the flames. Just before the fire started, 220 freezing cans, each with a capacity of 50 pounds of ice, were lowered into the tank of brine beneath the floor. An examination showed that each can contained a block of pure ice.

DEATH OF BISHOP BOMPAS MISFORTUNE OF THE ARCTIC

As Young Man, Chose Work Among Indians and Lived His Life Among Them.

Word was received in the city yesterday that Right Rev. Bishop Bompas had died at Caribou Crossing, Yukon Territory, on Saturday evening at the age of 71 years.

In 1865 Bishop Machray was consecrated Bishop of Ripon's Land, and succeeded Bishop Anderson. At that time a young curate of Alford, Lincolnshire, England, named Wm. Carpenter Bompas, heard one of Bishop Machray's sermons as he was leaving for his distant field, and came and offered himself for missionary work in the remote regions of the north. After traveling for weeks, he reached his destination at Fort Simpson, on the Mackenzie River, on his way to the north. He began a life of hardship, self-denial, privation and loneliness, probably unparalleled in the history of missions. For nearly 20 years he never once left the Arctic circle, and during that prolonged period he spent months within the Arctic circle, where the nights of winter lasted days, and summer for three months' duration, and he has written the best description extant of those northern regions.

With the true self-denial of an apostle he always chose the remotest and most difficult positions, moving from Athabasca to the Mackenzie River, and from the Mackenzie River to the Yukon. Mountains on foot in pursuit of the roving Indian tribes, and for twenty years before the discovery of the Klondike the veteran missionary for the salvation of souls of men had many times gone up and down the Valley of the Yukon.

When civilization reached him in his remote abode he was greatly distressed over the injury done to the Indians by the unscrupulous white man who deceived the Indians' confidence by his injustice and deceit, and the Indians' morals by his vices and rum.

Unequal to the task of administering his arduous diocese, he lent down the seals of office in 1905, content to fall back into the humble position of a missionary to the Indians—a position he had sought to fill as priest and bishop of highest Christian and refinement, shared all his toils and privations.

"And it may be many a long day before the Church of England in Canada, or indeed any branch of the Christian church, will look upon his like again," said Rev. Dr. Tucker yesterday.

Bishop Bompas was born in London, Eng., in 1835, the eldest son of the Rev. Canon of Lincoln in 1859; was curate of Sutton-le-Marsh, Lincolnshire, 1859-62; of New Radford, Norfolk, 1862-8; Holy Trinity, Louth, 1868-8; and of Alford, Lincolnshire, 1868-85. He was ordained to the priesthood by Archbishop Intercolonial Rivers, and sent to the Church Missionary Society. In 1874 he was consecrated Bishop of Athabasca by Archbishop of Canada, and later by the Rev. John B. Delaney, Roman Catholic bishop of the diocese of Manchester. The diocese being divided, he was transferred to Mackenzie River (1884) and later to Caribou Crossing (1887). From the day Bishop Bompas entered the diocese as a missionary he was but twice in civilization.

Mother Superior Dead.

The funeral of the late Mother Antonette Macdonell, Mother Superior of St. Joseph's Convent, took place yesterday at St. Joseph's Convent, 1000 Queen-st. West. The service was held at 10 o'clock in the morning, and was presided over by Rev. Father McGrath, as dean, and Father Murray as sub-deacon. The sisters sang the mass for the dead. Her death occurred on Saturday. She was a daughter of Lieut.-Col. Macdonell, who fought at Chrysler's Farm; a niece of Capt. John Macdonell, who fought at Ogdensburg and Lund's Lane, and of Simon Fraser, who discovered the Fraser River. Lieut.-Col. Macdonell, Brook's aide-de-camp, who fell with his chief at Queenston Heights, was a kinsman of hers. Among her cousins were Hon. R. W. Scott, secretary of state, and Hon. J. W. D. A. Macdonell, lieutenant-governor of the province in the seventies. The late mother superior was born at Mattitohick, Ont., in 1827, was educated in a convent, and early decided upon a religious life.

WALL ST. TURNS STRONG ON ISSUE OF CROP REPORT

And Market Closes With General Advances—Quiet Buoyancy in Some Local Stocks.

World Office, Monday Evening, June 11.

The Toronto market, aside from professional operations, was quiet to-day. Supporting quotations in most of the list were steadily firm, but there was no evidence of aggressiveness. Mexican Light and Mackay and over 1200 shares of the stock were put thru during the morning session. A statement showing the earnings of this company is announced as being in course of preparation, and it ought to be of aid if the trend of the price of the common stock is a criterion. Elsewhere in the market a little quiet buoyancy was observable in Northern Navigation and Packers. The former rose to a recent high bid price and was held at 97 at the close. Packers were advanced a point in the bid price, but purchases are readily made with only advancing quotations very far. The Mackay shares subsided into further selling to-day, but without detriment to the price. A circular on the stock has been issued with the object of drawing attention to the investment position of the preferred shares. At Montreal the revived bull campaign in Toronto Halls was continued, but an intricate stock excited a little interest in the local market. The daily report of market gossip was without any new features, but it was generally quiet and bank shares generally were available at concessions from recent tops. In the speculative field traders were of the opinion that a gradual strengthening in prices is now in effect, but commitments are small and cautiously made.

Banks & Stoppard, McKinnon Building, report the close on Grubny, 12 1/2 to 12 3/4; Lake Superior, 3 1/2 to 3 3/4; Lake Superior, 63.

Output of locomotives this year from all works will break all previous records.

Consols and foreign bonds easy in London on rumors of further Russian financing.

Light demand for stocks in loan crowd.

Reasonable quietness reported in some branches of industry, but business conditions continue highly satisfactory.

Money continues to return in quantity from San Francisco.

The banks have received \$256,000 from the Treasury, since Friday.

The sale of about 900,000 Pennsylvania bonds in Paris may reach completion this week. Only formal matters interfere with an announcement at present time.

The May output of the Rand, as reported by the Transvaal Chamber of Mines, was 461,202 fine ounces, a new high record. Preliminary estimates placed the output at only 450,000 fine ounces.

The whole situation makes for confidence in carefully selected securities, and those strongly bought now, must yield gratifying results to the investor—J. S. Bache & Co.

While not very active this morning, American Locomotive was one of the strong leaders in the list, advancing 1/2, or 72 1/2, above Saturday's close. On any decline in the market generally good buying in this stock has been apparent. It is the assurance that it will shortly be placed upon a five per cent. dividend basis. We have every reason to advise the purchase of Locomotive on all weak spots, as we were positively assured that this favorable dividend action will be very considerable upward movement before very long—Town Topics.

Joseph says: A pleasing picture this. The government crop report promises to be very attractive; fact of the matter is, general prosperity will continue in command. Philadelphia says release of B.O. Railroad from Pennsylvania R.R. combination and passing of its control to Reading thru State to that company of the big Pennsylvania holders B.O. stock is a fact. It is understood to have taken tentative shape within a few days. Buy Brieves conservatively and for ultimate big money buy Rock Island. Specialties: Pennsylvania will work higher; buy Atchison, averaging slight recessions.

Baillie, Wood & Co. of 42 West King street, furnishes the following market prices for unlisted stocks to-day:

Bio Underwriting stock, Asked, Bid, do. 5 per cent, 80 79 1/2

Consolidated Mines, 133 133 Canadian Goldfields, 7 1/2 15 1/2 B. C. Packers, com, 10 1/2 10 1/2

Spilling Mine, 6 1/2 6 1/2 Havana Central, 4 1/2 4 1/2

New York, June 11.—On weakness to-day the standard issues may be bought for a turn, as support limits appear at concessions under Saturday's closing prices, but owing to the professional bearishness, which will probably find further extension in some parts of the list to-day, we would for the present maintain a neutral position. Call money rates continue normal at about 3 per cent. and time money slightly higher.

Individual analyses indicate that A.C.P. will get good support round 107, increasing effectively towards 108. Smelting shorts should be covered towards 153-155, following Saturday morning's limitation. The same thing may be said of Reading around 123-125, and of the market around the latter figure.

The good Sunday business of Brooklyn Rapid Transit may suggest a dividend, which would be strengthened by a further recession, which is not unlikely. St. Paul may be bought towards 175, according to a specialist, who thinks it good for a turn. M.P. should be bought on this recession when soft, for a turn at 107. S.P. as well taken on the recession, according to our information.—Financial News.

early irregularity, with some of the high price issues, conspicuous in the advance. The government report as received this afternoon cannot be construed favorably by holders of securities, and was more than discounted by the reaction. We appear to have passed thru a small crop recession very quickly. The magnitude of the advance cannot be laid upon the magnificent business conditions throughout the country, which promise to continue unimpeded by unfavorable crop results and which are bringing investors into the stock market in increasing numbers. The Amalgamated Copper report of subsidiary companies was well received. The Wabash directors acted favorably upon the plan for retirement of the B's, making them worth around 90. Something official regarding the Pennsylvania Paris loan is expected soon. Mo. Pacific and Wabash earnings for the first week of June are excellent. It is believed that congress will adjourn within two weeks' time and this will certainly be a bullish prospect, warranting reflection on advancing prices. The short interest is considerably extended, and we continue to have purchases on trading recessions, such as have recently developed.

CONDEMN GAMBLING INCREASE

Congregational Union Proceedings—Will Complete Jubilee Fund.

Embryo, June 11.—(Special.)—Devotions at the Congregational Union today were led by Rev. D. Macauliffe of Kingston, who to-day celebrated his 80th birthday.

The vote at Ottawa of \$100,000 for the San Francisco sufferers was heartily approved and sympathy extended. The growing practice of gambling was strongly condemned.

Rev. J. G. Shearer and R. U. MacPherson were thanked for services in connection with the Lord's Day Act, and an expression of gratification was sent to the premier.

The jubilee fund committee recommended a further effort be made to meet all the promises made to churches, which entered the movement. It was decided to raise the 15 per cent. needed, which amounts to \$260. Pending the reorganization of the union the chairman-elect, Rev. W. T. Gunn, was asked to act as pastor at large to assist at ordinations, exercises at fraternal oversight and to act in conjunction with the societies in their work.

It was decided to report the progress of church union negotiations in Canada to the Union of England and Wales, and the colonial missionary society. Rev. J. T. Daley was re-appointed secretary-treasurer.

The statistical secretary of the temperance committee urged co-operation in the work and protested against the three-fifths majority local option. The report was adopted.

SALE OF LIQUOR IN CAMP.

Officers at London Hope to Put an End to Annual Trouble.

London, June 11.—(Special.)—Much indignation is felt in local military circles over the temperance people's accusations regarding alleged sale of liquor at the camp now in progress here.

A court of enquiry is to be held in the camp grounds to-morrow morning, when the question of selling liquor in camp will be fully discussed. It is thought that a settlement may be made between the officers and temperance people.

This question has caused much trouble at each annual camp, and the officers hope to have it settled for all future time.

The Worst of a Cold

It is how suddenly it comes. No time to hurry to the drug store, cough develops, the lungs are affected with pneumonia or tuberculosis and it's too late. Keep Catarrhone on hand—it kills colds instantly. Something magical about the way it cures Catarrh and Bronchitis. Catarrhone is the best remedy because it cures in nature's way; it soothes and restores permanently. Carry a Catarrhone inhaler in your pocket, use it occasionally and you'll never catch cold—that's worth remembering.

YORK COUNTY AND SUBURBS CHURCH BUILT IN ONE DAY

Thanksgiving Service Held in St. Andrew's Last Evening—A Remarkable Achievement.

St. Barnabas' Day dawned beautifully, and the members of St. Barnabas' Church, Chester, took advantage of this fact with a royal good will in honoring the patron saint by building a mission church on the corner of Pape-avenue and Bee-street. Seldom, if ever, is there a place found in the morning with no sod broken and in the evening a church, with a seating capacity of 150 with divine service held therein; but this is the case with St. Barnabas' mission church.

At 5:45 a.m. the members of the church assembled on the ground with aprons on and a full complement of carpenters' tools. At 5:55 a five-minute dedicatory service was held, and sharp at 6 a.m. operations began to erect a house of worship for the adherents of the Church of England, living on "the plains."

Everybody worked, with as much earnestness and enthusiasm as the their souls' salvation was at stake. Even ladies with holiday attire were driving nails. At noon the busy bees were entered to by the ladies of the congregation, and even hungry wayfarers were served with a substantial lunch. In the evening also tea was partaken of on the ground so that work could be proceeded with uninterrupted.

Those who gave a helping hand were: Thos. Shelvey, Geo. St. George Tynes, Wm. Smedley, Jas. Tindles, Stephen Watson, Rich. Habel, Louis J. Alteen, Wm. Cooper, Robert Armstrong, Fred G. Parker, Harry K. Vipond, George H. Maynard, Harry Wright, A. J. Langton, Robert Luxton, and Rev. Frank Vipond.

The ladies were Mesdames Vipond, Hazelton, Wats, Shelvey, Spencer, Luxton, B. Armstrong, Misses E. and G. Carradus, H. and E. Pearson, and Millie Playter.

The two stained glass windows were donated by J. A. Hazelton and the rest of the stained glass windows came from St. Clement's Church, Toronto. The rector also received a cheque of \$50 from Col. Swainy, a member of St. Alban's Cathedral, Toronto.

At 8 o'clock last night the church was so far finished that thanksgiving services could be held and addresses were delivered by Rev. Canon Farrincombe, St. Matthew's Church; Rev. W. L. Baynes-Reed, Norway; Rev. Frank Vipond, pastor of the parish; W. F. Summerhayes, secretary rural dean conference; Col. Sweny, on laymen's responsibilities; and Mr. Johnston, representing the Brotherhood of St. Andrews, and Rev. J. B. Fotheringham, assistant rector of Norway.

On behalf of the bishop, the bishop's hearty sympathy, Archdeacon Sweeney, Canon Dixon and Rev. J. Pitt-Lewis, D.D., regretted that duties pertaining to the church prevented their presence, and wished the rector and his co-workers goodspeed. S. H. Blake, K.C., chairman of the church extension committee, his deep regret that indisposition prevented his presence on an occasion which has his deepest sympathy. He had asked the rector to assure the congregation that the church extension committee were going to help them.

The rector, Mr. Johnston, largely attributed the success of building this church to the energy of the members of the chapter of the Brotherhood of St. Andrews, and believed that if laymen are made responsible for certain duties they would do it with a will.

The church will be called "St. Andrews" in honor of the Brotherhood of St. Andrew.

The church at the service was crowded and the collection amounted to \$37.

Toronto Junction.

Toronto Junction, June 11.—The Niagara Power Co. are stringing wires across the Weston-road. The chief of the fire department was on hand looking after the interests of the town. The Stark Electric Light Co. are complaining that the wires are too low and will interfere with the street lighting.

F. Lawton has sold 250 acres, all his property, on Davenport-road, to J. Milne of Toronto for \$3000.

The management committee of the public school board met to-night, Chairman McKim in the chair. The following was recommended to the board: That Mrs. A. E. Hamshaw of Weston be appointed to the occasional staff; that a schedule governing principals' salaries be as follows: the minimum \$900, with an annual increase of \$100 per year until the maximum of \$1300 per year be reached. The application of Miss Torrance as teacher of physical culture was placed on file.

The board of works met in the town hall. Chairman Haines presiding. The Consumers' Coal Co. asked permission to erect a hanging sign over The Tribune office. Referred to council. Tender for 20,000 feet of lumber was given to A. H. Clewmer at \$22.50 per thousand. It was recommended that tenders be called for the collection and removal of ashes, garbage, etc.

The Collegiate Institute Board adopted:

North Toronto.

Real estate is on the move yet in this town. County Constable W. Tomlinson sold a lot with 100 feet fronting on Colborne-avenue for \$500.

Preparatory to the laying of the new concrete sidewalks, the west side of Yonge-street, from Eglinton-avenue to Kensington-avenue is being torn up. The contractors will start work at once.

A lot of old plank sidewalks are being torn up at present, and will be replaced by new concrete sidewalks, when they were laid, were paid for by the local improvement plan by properties owners. These sidewalks, when they should be their property and not the town's, inasmuch as they have to pay the cost of the old ones. But the corporation laborers had them away to the corporation yard.

An emergency meeting of York Lodge A. F. & M. was held on Saturday evening. Two candidates were initiated into the order and several members were raised to higher degrees.

Miss Rachel Carmichael of Revelstoke, B.C., is visiting her sister, Mrs. H. Darling, West Eglinton-avenue.

Simultaneously with the laying of the new concrete sidewalk on Yonge-street, west side, Wm. F. Doherty has removed the old wooden fence from his fine residential property, and will replace it with a more modern one.

J. M. Robertson, Clinton-avenue, Deer Park returned home again from a trip to the Northwest.

J. J. Davis has purchased 100 feet on Balliol-street. Mr. Davis does not intend building on the property until next year.

The Cannon Granite Company has purchased the northeast-corner of Pleasant-avenue and Yonge-street, Deer Park. This firm intends putting a large factory, which will employ about forty-five hands.

Toronto Junction.

Dog poisoning has commenced on a more serious scale. Several dogs have been found dead during the past week. So long as owners allow their canines to run at large and steal their living, and be a nuisance to their neighbors, they must stand up with the revenge meted out.

There are far too many cows being herded along the roadsides here. Gowanus-avenue was graded and well ditched last week and made into a good thoroughfare, but between recent heavy rains that have washed the earth back into the ditches and cattle having tramped it in, the expense and work have been in vain. Cow herding should be stopped at once, as it is a nuisance to the residents here, and by having these pests cut down at once before they seek the land for another season.

Gwillimbury.

The will of the late Jas. Cleary of Sutton, deceased, of \$3380 as follows: To her husband, \$1300; to daughter, Mrs. Tomlinson, \$1900; and daughter, Mrs. Dues, \$200.

William Linstead, farmer of North Gwillimbury, left 1948. He left no will, so that the son, widow, and six daughters share the estate.

County Magistrate's Court.

J. J. Mains automobilized up Yonge-street in York County in excess of the speed limit, and was yesterday fined \$25 and costs by Magistrate E. L. Geo.

H. Gooderham is to face a similar charge.

Dollery of Fairbank will have to collect thru the division court for any damages that his buggy sustained thru being run into by Wellington Fifty of a street car.

Wm. Cornell was fined \$2 and costs for allowing his horses to browse on Woodbine-avenue.

Deer Park.

During the past two Sundays reopening services were held at the Deer Park Presbyterian Church. The collections amounted to \$1000, and besides the moneys pledged the congregation will be able to pay every bill presented for payment. This being the case, the congregation naturally felt elated, and, as a consequence, gave a lawn social and entertainment last night, at which the Germans were welcome guests among the Scots and the Methodist "bishop" put on the same level with the Presbyterian clergy. The congregation came in all forces, and everybody spent a good time. The supper was served on the lawn of the church, and after everybody satisfied the inner man an adjournment was made to the church, where speeches were made and the audience entertained. Those who contributed musically were Mrs. Hodgson, Miss Alice Murray, Miss MacLachlan and Miss F. Doherty. The speakers were Rev. J. C. Tibb of the Eglinton Presbyterian Church, who was glad that the parent of his congregation is now in the such headway. W. P. Thompson, teacher of the Deer Park Public School, a member of the church for the past seventeen years, gave a review of the church from its beginning, twenty-six years ago, when the congregation was organized with eleven gentlemen of whom three are still living, but only two members of the congregation, viz. Ben Sinclair and Mr. Stevens. In January, 1881, the opening services were held after acquiring the property and building a mission church. The services, at that time, were held by the students of Knox College. When Rev. D. C. Hossack took charge some three years ago the membership numbered 100, but now there are 280 members.

Rev. Mr. Pickett was introduced as "the bishop of the Deer Park Presbyterian Church," but he disclaimed the title and made a neat little Methodist speech.

Rev. Mr. Gaggie of the Parkdale Presbyterian Church spoke in complimentary terms of the work done by the congregation of Deer Park, and eulogized Mr. Hossack, his predecessor at Parkdale, for what he had done while pastor of his congregation, when he laid the foundation for an \$18,000 Sunday school room, seven years ago.

Rev. E. Fossas, M.A., LL.D., gave a short review of the enlarging of the church, and expressed his satisfaction at knowing that all accounts can be paid at they are due. The Sunday school grew, since he took charge of the church, from 35 to over 300 pupils.

J. S. Robertson acted as chairman.

East Toronto.

East Toronto, June 11.—To-night's meeting of the town council was given over largely to a bill of resolution of annexation. John Lowden headed a W.G. deputation from ward one, intent on securing the desired object, and presented two largely signed petitions for the submission of the measure to vote at an early date. Mayor Richardson declined to allow the matter to be discussed in the council, and was resolved to appoint a committee to interview the mayor and board of control to see upon what terms union with the city can be arranged. The committee will consist of Mayor Richardson and Councillors Baker, Berry and Johnston. The relative assessed value of the several wards is as follows: Ward one—Real property, \$831,990; business, \$3050; income, \$45,030; total, \$839,020. Ward two—Real property, \$532,200; business, \$24,720; income, \$37,500; total, \$594,420. Ward three—Real property, \$394,435; business, \$25,000; income, \$13,000.

It is expected that among the list of speakers will be R. L. Borden, M.P.; Premier Whitney; the Rev. Mr. Hossack and other members from York County, and the City of Toronto. R. R. Ganey is also expected.

York County Council.

Warden Johnston presided at the opening of the June session of the York County Council in the old courthouse yesterday. The members present were Messrs. Hoag, Lundy, Hartman, Powell, Pingle, Quantz, Kirby, Michell, Turner, Evans, Gardhouse, Ley and Baird. The absentees were Councillors Fugler, Woodcock and Rogers.

At the January session, Public School Inspector A. B. Davison of North York, in view of the fact that his dismissal was imminent, requested that a petition was presented, signed by more than 1200 residents of North York, urging the reopening of the matter and asking that the charges be investigated. On Thursday afternoon, at 2 o'clock, Mr. Davison will be heard.

The report of the inspector for North York shows a total of eighty-six schools with 304 teachers, of whom three hundred and thirty are in the first-class certificates, fifty second-class and forty-six third-class certificates. In 1905 the salaries of the teachers totaled \$31,000, and in 1906 \$38,000. The highest salary paid to a public school teacher in North York last year was \$900. The male teachers numbered thirty-one, and the female sixty-eight. The total number of pupils last year was 4922, of whom 2677 were boys and 2245 girls. In all, forty-four schools were provided with libraries numbering 2330 volumes, valued at \$767. The number of pupils writing on the entrance examination was 287, of whom 188 were successful.

Councillor Woodcock introduced a notice of motion asking for the remission of a fine of \$10 imposed upon a youth named Thos. McMains.
