NO ABILITY TO ENFORCE OWN LAWS

POWER OF PROVINCES TO NULLIFY FEDERAL LAWS

LAURIER'S SURPRISING ADMISSION

W. F. Maclean (South York) Calls Attention to Beautiful Passivity of the Dominion Attorney-General in Respect to Violations of Laws Passed by Parliament and Asks Who Has Ever Been Punished for Disobedience to the Statutes.

YOU SHOULD GO TO FOY FIRST MINISTER SAYS

Ottawa, Jan. 10. (Special)—"Of what use is a government which has power to pass laws, but no ability to enforce them? Our federal government is apparently impotent. It may prescribe penalties and punishments, and it does so freely, but does it ever attempt to enforce them? Let us not pass new laws, but rather let us enforce the law already passed."

This was the keynote of a remarkable speech in the house to-night by Mr. W. F. Maclean (South York), which precipitated a running debate of great interest, and one that may lead to some much-needed reform. He brought to the attention of the house the fatal defect in our federal system, as interpreted and administered by the present government.

Mr. Aylesworth, in reply to questions, made the remarkable statement that he was not charged with the enforcement of the criminal code, nor with the enforcement of any statutes passed by the Dominion parliament. He was supported by the premier, who made the still more remarkable statement, that under the B.N.A. Act there was no power in the Dominion government to enter upon any act of parliament. In a word, it is up to any province to nullify any and all federal laws.

Dr. Stockton of St. John pointed out that under the constitution parliament had an undoubted right to create federal courts, and to appoint judges to the supreme and exchequer courts. R. L. Borden and Mr. Bourassa also supported the speaker's contention, but while Mr. Aylesworth finally admitted that parliament might provide machinery for executing the law and cast the duty of enforcement upon an attorney-general, Sir Wilfrid Laurier still insisted that each provincial attorney-general should decide for himself what laws to enforce without interference from the federal government.

When his attitude was made known, the violation of its charter by the G.T.R., respecting the service at a penny a mile, he said, in effect: "It is none of our business; take your complaint to Mr. Foy."

The debate arose in connection with a clause in the tariff resolution, providing that the governor-in-council may reduce the tariff upon any article of commerce as to which a consumption tax is found to exist between the manufacturers or dealers thereof, at the expense of the consumer. Mr. Maclean pointed out this feeble statute with the United States. There the federal legislation punishes with fine and imprisonment any person or corporation who conspires in restraint of trade to control the supply or price of anything imported into the United States, and the provisions of the Franchise Act at London? What had it done to enforce the provisions of the provision in the charter of the G.T.R. passed five years ago by the parliament of Canada? It has not the criminal code enforced against combinations.

Mr. Brodeur: How about the paper Mr. Maclean was anybody punished? The hon. gentleman, when minister of inland revenue, had the great American tobacco trust, after a fashion, but was anybody arrested? Were any penalties collected?

Enforced Clause Mr. Maclean proceeded to show by various citations that every statute of great public interest enacted by the United States congress contained a clause providing for its enforcement, and that the attorney-general and the various district attorneys throughout the country under his direction were "empowered and directed" by the statute itself to bring all proper proceedings and all at the public expense, to enforce it. Therefore, we find, in that country, that powerful men are indicted and punished, and great corporations are fined in enormous sums for violating the federal laws.

STILL FOR SIMPLE SPELLING.

New York, Jan. 10.—The fact that President Roosevelt has accepted membership in the simplified spelling board, whose list of simplified spelling he adopted last summer, was announced to-day. The board also called attention to the fact that the President continues to use the simplified spelling as an earnest of his advocacy of the principles of the reform.

BOARD OF TRADE CAUTIOUS REGARDING G.T.R. ENTRANCE

Railways Necessary to City's Welfare—Beach Residents Continue Strong in their Protests.

The city's attitude of defence against the threatened railway invasion from the east was decidedly strengthened by the public meeting held in the council chamber of the city hall last night. The attendance was large and representative and almost complete harmony was the rule, altho the remarks of President Peleg Howland of the board of trade and President A. R. Clarke of the Riverside Business Men's Association appeared to indicate a fear that the Ashbridge's Bay spur line project might suffer thru the exclusion of the Grand Trunk from the route it has asked for.

The Manufacturers' Association was not represented, but a resolution passed by the executive committee of the local branch yesterday shows a clear hostility to the railways' plans. It declares against the route being adopted unless no other is proved practicable, and that there is a common right of way with no level crossings.

The several resolutions of last night were carried with unanimity of feeling. One submitted by the Balm Beach Association, with J. J. Dixon as mover, and C. E. Watts as seconder, lays a triple injunction upon the city council: (1) To oppose the application of any railroad to enter thru the district now threatened; (2) to compel all railways entering the city to enter on a common right of way; (3) to oppose the application of any railroad to cross a street on the level.

There is a sinking fund for 40 years; also that the factory sites should be leased on reasonable terms, and not allowed to remain in the hands of railways and speculators.

What our attorney-general do to enforce laws passed by parliament? Certainly federal elections, railways and custom duties were peculiarly under government control. Had this government done to enforce the violations of the Franchise Act at London? What had it done to enforce the provisions of the provision in the charter of the G.T.R. passed five years ago by the parliament of Canada? It has not the criminal code enforced against combinations.

Mr. Brodeur: How about the paper Mr. Maclean was anybody punished? The hon. gentleman, when minister of inland revenue, had the great American tobacco trust, after a fashion, but was anybody arrested? Were any penalties collected?

DUMPING CLAUSE CHANGES BINDER TWINE IS EXEMPT

Another Amendment Makes it Explicit in its Application to Articles.

Fielding Amendments.—To dumping clause, making it explicit in its application to articles otherwise not dutiable. To exempt binder twine from the dumping duty.

Ottawa, Jan. 10. (Special)—The house went promptly into committee this afternoon and took up the tariff. Mr. Fielding presented an amendment to the dumping clause, so as to make it explicit in its application to articles not otherwise dutiable.

Mr. Fielding suggested that the government was going too far. "I was a moderate protectionist," he declared, "before this government was converted to protection. But I only favor a moderate tariff. If the government is going to swing from free trade to a high protective tariff I am not sure that I can follow them."

Mr. Bergeron agreed that it was protection, and that it gave the government a dangerous power. Already manufacturers were kept under fear of the government. During the last campaign several manufacturers were called to Ottawa to explain their attendance at a Conservative meeting.

KILLED BY FLYING ROCK.

Ottawa, Jan. 10.—While engaged in blasting in a mica mine at Kingsmere, Que., yesterday forenoon William Fleury, a miner, was struck in the head by a flying rock and died from the effects in a few hours. Fleury had put in the blast, ignited the fuse and was retreating.

BODY STREWN ALONG TRACK.

Fernie, B.C., Jan. 10.—(Special)—Wm. K. Thomas, aged 34, a brakeman on the Mine Road train here, was thrown under the cars at the high line switch leading to the stack bins at the coke ovens and instantly killed last night. The fragments of his body were strewn along the track from the lower end of the switch to the bins at the top.

CLEANLINESS IN DAIRYING.

Ottawa, Jan. 10.—At the Eastern Dairymen's convention to-day G. A. Putnam, superintendent of dairying, urged the importance of efforts which would induce the producer to exercise the greatest possible care in dairying. An authority had declared that the infant raised upon the average milk delivered in the city stood only one chance out of fifteen for life, compared with the infant raised in the natural way.

ARCHBISHOP DEAD.

San Francisco, Cal., Jan. 10.—Archbishop Montgomery died this afternoon. The archbishop was operated on for appendicitis recently. He rallied after the operation, and was believed to be recovering, but a relapse occurred.

JAPAN'S IMMENSE OUTLAY PROVIDES FOR DEFENCE

Budget Gives \$55,000,000 for Army and \$40,000,000 for Navy—Country Prospering.

Tokio, Jan. 10.—Certain details of the budget for 1907-8 were learned to-day. A total of \$95,000,000 is provided for army expenditure. This includes the formation of four new divisions. The navy is allotted \$40,000,000, including \$5,500,000, which is to be devoted to increasing the efficiency of the service. New undertakings in the development of communications are to be met by an internal loan of \$15,000,000.

NEW FAST LINE IS CONFIRMED

Lord Strathcona Interested in Company Which Will Establish Three and a Half Days' Service.

SHIPS TO SPEED 25 KNOTS

Rapid Trains Over Ireland and Ferry Line to England—Big Men in the Project.

Montreal, Jan. 10.—(Special)—That a syndicate has been formed in London with Lord Strathcona interested to establish a 2 1/2 days' service between Halifax and Blackoad Bay, Ireland, is confirmed.

The Great Britain, Ireland and Canada Express route is the official title of a project which proposes:

No. 1. The establishment of a service between Halifax, Nova Scotia and Blackoad Bay, on the west coast of Ireland of a line of first-class steamships capable of crossing the Atlantic in 2 1/2 days at an average speed of 25 knots per hour.

No. 2. The establishment of ferries between the east coast of Ireland and the west coast of Scotland and England by means of steamships so constructed as to be capable of conveying passengers and goods trains entire from port to port without disturbing passengers or unloading trucks.

The promoters claim, in fact, that passengers and mails can be landed in Halifax and sent on to Chicago by the time the best New York steamers from Blackoad Bay to the east coast is about 223 miles. Allowing 25 miles for the ferry and 414 miles to London, the whole trip would be completed in 144 hours, or 6 days, 24 hours, 24 minutes, and 24 seconds.

It is said the enterprise had the support of Messrs. Chaplin, Milne and Grenfell, the Linton-Clarke Co., Messrs. Vickers, Son & Maxim, Messrs. Swan and Hinton, who are building one of the two new 3 1/2 knot Cunard steamers, and other wealthy capitalists. It is estimated that the budget receipts and expenditures for the next fiscal year will balance at \$905,600,000. The financial prospects of the country are regarded as very bright.

COLDER.

Observatory, Toronto, Jan. 10, 1907.—(8 p.m.)—Much colder weather has prevailed to-day in Quebec and the Maritime Provinces, while elsewhere in Canada the weather has been comparatively moderate.

TO PUT TAX ON INCOME COMMISSION SUGGESTS

Up to \$500 Exempt and Graded Beyond—Bill for New York Legislature.

Amsterdam, N.Y., Jan. 10.—The special tax commission appointed by Governor Higgins last year, and of which former Senator Warner Miller is president, will meet in New York Saturday to complete its report, which is to be presented to the legislature Jan. 15. The commission has recommended changes in relation to the tax on banks, railroads and corporations, as well as a general revision of the income tax. A majority of the members of the commission favor an income tax, and while several members of this character of opinion arising among the commissioners as to how the tax should be collected, as to administrative features. The commission has now prepared another bill, which will be presented on Saturday, for the levying of a tax on all incomes above \$500 annually. An income up to \$500 a year is to be exempt from taxation, but all annual incomes up to the first \$1,000 above the amount of exemption it is proposed to levy a tax at the rate of 2 per cent. On all incomes above \$1,000 up to and including \$20,000, the rate is 3 per cent.; over \$20,000 up to and including \$100,000, the rate is 4 per cent.; all over \$100,000, up to and including \$200,000, is to be taxed 5 per cent., and all over \$200,000 is to be subject to a tax of 6 per cent. With the enactment of the proposed income tax law the personal property tax will be abolished. The new measures provide for one thing, the income going to the state, and the other thirds to the locality in which the tax is collected. The proposed bill also provides that every person domiciled in New York State, or having a residence therein equal to a period of three months during a year, or who shall become a householder or have an office for such a period within the state shall be taxable.

SECOND WOMAN TO DIE

Mrs. Mary Duffy Found Dead in an East King St. House. Mrs. Mary Duffy, a middle-aged woman, was found dead in bed yesterday morning at her home in the rear of 225 1/2 East King-street. The husband of the woman asserts that his wife in apparent good health the previous night. She had not been drinking, he said, and also told the police that she had been suffering from asthma, but did not take medicine for it, with the exception of a small dose of liquor occasionally. This death recalls another that took place last Thursday night at the same place, when Annie McDermott was found dead after imbibing too freely. Coroner Cotton has charge of the case, but no inquest has yet been decided on.

DIED SUDDENLY

James McVittie, employed in Parks & McVittie's insurance office, died suddenly yesterday afternoon in an Adelaide-street hotel. About 5.30 he went to bed and asked permission to use the telephone. Afterwards he went to another room. The proprietor found him sitting on the floor with his back against the wall, dead. His collar was unbuttoned, evidently for the purpose of assisting his breathing. He had been a sufferer from gonorrhoea. Deceased was 48 years of age, and lived at 179 Albany-avenue. The body was taken to Matthews' undertaking rooms.

HAMILTON HAPPENINGS

LADY TEACHERS WIN RAISE GENERAL BOOST IN WAGES

Cataract Power Company Granted Change of Venue—New Amusement Park.

Hamilton, Jan. 10.—(Special.)—The lady teachers in the public schools got on the right side of the trustees this evening and had their salaries boosted. The minimum has been \$300 a year, and the maximum \$650. It took a teacher 17 years to reach the maximum. Under the new system the minimum will be \$350 with yearly increases of \$25 for two years, and then yearly increases of \$50 until \$750 is reached. They can now attain the maximum in ten years. The minimum salary of kindergarten directresses was increased to \$350, and the maximum to \$550. Assistants will start at \$250 and may reach \$350. Lyman Lee and W. C. Morton were proposed to represent the board on the public library board, but the matter was laid over until the next meeting, as some of the members thought a trustee or an ex-trustee should be appointed. Trustee Booker gave notice that he would move to have the teachers paid according to merit and he said an age limit would be proposed. Trustee Woodell wanted to know if equities should not be made to find out if the government intended to make the kindergarten obligatory instead of optional. The board has a little over \$134,000 to spend this year and wound up with a surplus of \$2320. The surplus will be used to purchase a clock for the Collegiate Institute tower.

Amusement Park.

The Ingersoll Amusement Company of Pittsburg has secured 20 acres on the beach opposite Dunes and will spend \$250,000 on a summer park. Efforts will be made to have it ready by the coming season. Other public works costing over \$100,000 will be built by year.

No State.

The Conservatives will not hold a caucus to settle the chairmanships in the council, but will take their chances in the caucus.

Miss Marjorie Jones, daughter of C. J. Jones, 230 South Bay-street, and William H. Blackstock, Toronto, were united in matrimony today.

At the police court this morning, the Norman Burns was committed for trial on the charge of interfering with the police and Andrew Goetz was fined \$2 for allowing him in his bar after hours.

The 20th Century Club held a successful concert this evening, Mayor E. Stewart presiding.

Rev. Thos. MacLachlan, B.A., was inducted as pastor of St. James' Presbyterian Church.

A reception was tendered to Rev. W. J. Sedgewick and his bride at the Central Church this evening.

The Victoria College Glee and Harmony Club, assisted by Mrs. Scott Raff and other well-known Toronto artists, will give a concert in the first Methodist Church to-night.

Louis Gill, 158 East Cannon-street, was painfully burned on his right arm and side this afternoon at the Inter-city Hotel by a hot radiator. He was taken to the city hospital.

Mike Chasoch, who brought an action against Hogan and McDonald, contractors, Port Colborne, for \$10,000 damages for injury, was given a verdict for \$1200 to-day at the assizes.

An action begun by Thomas Frayley against the Hamilton Steamboat Company was adjourned this morning to give the parties a chance to effect a settlement, but they did not get to trial, and the action will be continued in the morning.

John's Factors.

Pool competition, open to all, no entrance fee, first prize, \$15; second, \$10; third, \$5; corner King and Park.

Canada Council No. 612, Royal Arrangement.

The installation of officers and presentations took place in the council chamber, Temple building, last night. The following officers were installed by D.D.G.R. L. G. Ryder, assisted by Grand Guide Oake: Regent, Ormond Watt; vice-regent, M. J. McCarthy; orator, W. A. Valey; past regent, G. Mitchell; Thomas secretary, J. E. Collins; treasurer, F. T. W. Hodgson; collector, J. Brandon; chaplain, Alex Harper; guide, Norman Smith; warden, C. J. Glasgow; secretary, A. J. Hartman; trustees, H. M. Stevenson, C. F. Vanhorn and R. Prosser; Grand Regent, W. H. Baker; president, on behalf of the council to the retiring regent, G. Mitchell; Thomas, a handsome past regent's levee.

The "Mac" Were Out.

Last night there was a gathering of "Mac" men at the office of the Macphersons, MacDonalds, MacCorquodales and MacVors were represented.

A SMART LITTLE DRESS FOR A GIRL.

No. 4107.—What a pleasure it is to fashion designs for the young girl, and especially so when the garment is of attractive design. The simple grace of youth seems intended for displaying dainty things, and every girl must have one or two pretty frocks. The one shown is a new design, which might serve for "Sunday best," or school wear, according to its development. For mobair, serge, or a fancy worsted, it would prove a becoming school frock, with its tucker of a contrasting color and the revers and cuffs trimmed with a narrow braid. As a dressy frock, cashmere or silk might be used with a lace or tuckled silk tucker. The waist and skirt are both box pleated and joined by a narrow waistband. The sleeve caps are pretty, but may be omitted if desired. For the medium size, 4 1/2 yards of 44-inch material are needed.

No. 4107.—Sizes, 6 to 14 years.

PATTERN DEPARTMENT TORONTO WORLD.
Send the above pattern to

Name.....
No.....Street.....
Town.....Province.....
Measurement—Waist.....Bust.....
Age (if child's or miss' pattern).....

NOTE—Please enclose above illustration and mention size of pattern wanted. If the pattern is bust measure only mark 22, 24, 26, etc. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "feet." The price of each pattern is 10 cents. Do not send stamps.

ADDRESS THE WORLD PATTERN DEPT., 83 YONGE ST., TORONTO.

The Prude.
It was a man who meandered lazily over to the woman's desk where she was industriously "plying" her pencil and said, with an apparent effort: "What do you think of a woman who thought she had a broken rib and wouldn't go to see the doctor about it because her waist buttons up the off in order to be examined and she didn't know how she would get it done again?"

The woman said: "Why didn't she consult the doctor about her mental condition, instead of her broken ribs? That would be much more to the point, I should think."

The man smiled appreciatively, and then he continued: "Honest to goodness, that's a true story. I thought why she wouldn't have asked the doctor to button up her blouse, and suggested that he probably had a similar operation to perform about twenty times a day, you should have seen her look at me. Gee, but I hate this mock modesty business."

The woman stopped her work to look at him. Then she said slowly: "I thought all you men liked the clinging-vine type, who yell when they see a mouse and pull down their skirts with a blush when they discover that they're displaying an inch of stocking."

"Heavens, no!" said the man. "This isn't the 18th century. Of course, a man appreciates genuine, simon-pure modesty, but the variety that's afraid to see a doctor about its broken ribs gives us all the willies."

"Moreover, you can bank on it that that type of woman is the kind that smokes cigarettes behind closed doors, and goes on a toot on the sly."

"Never, trust a prude! Is a maxi-

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." While you are about it, ask him another question, "What do you think of Ayer's Pills for constipation?" We are willing to trust him. Are you? We have no secrets! We publish the formulas of all our preparations. Lowell, Mass.

Having trouble with the salt? Gets damp and hardens? Then you are not using WINDSOR TABLE SALT. It never cakes.

BIG SAVING IN FREIGHT THRU LAKE NAVIGATION

Shippers \$890,000,000 Better off in Twenty Years Thru Competition of Lake Carriers.

Detroit, Jan. 10.—In a paper read by Mr. Hodgman, president of the Michigan Engineering Society, Mr. Hodgman said that the sum of \$890,000,000 has been saved shippers during the past twenty years as a result of the difference in rates between railroad and lake shipment. Last year alone the saving was nearly \$30,000,000.

Since 1823 the United States has spent about \$80,000,000 on improvements of the great lakes, and with that investment she has enabled her citizens to save nearly \$90,000,000.

Canada has in the same time expended \$70,000,000 on her waterways, and mostly in the St. Lawrence district. With a 26-foot channel at mean low water from Duluth to Buffalo it might be possible to make lake freight rates as low as those charged to transatlantic lines.

The annual report of President William Livingstone of the Lake Carriers' Association was read to-day at the convention of the organization at the report discussed at length aids to navigation along the waterways of the Great Lakes, the establishment of a government patrol at the Lime Kiln Crossing.

In pointing out the necessity for a second canal from Duluth to Buffalo, Mr. Livingstone declared that 25,000 boats passed the crossing during the season of 1906.

WOULDN'T OBEY BISHOP.

B.M.E. Clergyman Refused to Move to Another Church.
Windsor, Jan. 10.—Recently the Rev. O. R. McGowan, pastor of the B. M. E. Church here, had trouble with his choir, and had one of the members fined in police court for disturbing his services. His opponents in the congregation appealed to Bishop Washington and the latter ordered McGowan to remove to Brantford. The latter refused to leave Windsor, claiming that the bishop cannot take such action until a hearing is had before the ministers of the district. The bishop has withdrawn the order and will bring the matter up at the next conference.

POWDER PLANT EXPLODES.

Ten Buildings Destroyed and 25 Farm Houses Damaged.
Hollidaysburg, Pa., Jan. 10.—The plant and buildings of the Standard Powder Company of Pittsburg, at Hollidaysburg, Pa., were destroyed by an explosion, caused by a fire. No lives were lost. The damage will exceed \$100,000.

Two houses, a mile distant, were wrecked. The explosion was heard twenty-five miles away.

After a hard fight of several hours, the fire was brought under control. Ten buildings were destroyed at the powder plant and about thirty-five farm houses damaged. Five thousand kegs of powder went up in the explosion.

TORONTO SLATER SHOE STORE

Remarkable Increase in Business Under the Cummings Management.
When the Charles C. Cummings Company took over the Slater Shoe Store at 117 Yonge-street, they were pleased with the volume of trade being done. But during the last three months of the year 1906 the sale of Slater shoes increased so rapidly that Mr. Cummings believes that a business of \$100,000 will easily be done this year. It is just twenty years since the first exclusive Slater shoe store was opened in Toronto. The idea of a shoe store devoted to the sale of shoes for men, women and children made in one factory, and price, marked by the maker, did not then appeal to the shoe trade, and the Slater shoe had resolved to push its system forward.

The like success of the Toronto Slater Shoe Store is reported by almost every Slater shoe store in Canada. While the trade for 1906 was considered splendid when the figures reached a quarter of a million increase over 1905, the fiscal year of the company beginning on Nov. 1, already shows an increase of \$200,000 in two months.

CHEATS DEMON RUM BY DEATH

In Jail at Own Request, Hangs Himself When Sentence Expires.
New York, Jan. 10.—A prisoner in the Kings County penitentiary known as Clinton Baxter, who had been locked up at his own request, hanged himself to-day.

He asked a judge several months ago to send him to prison to keep him away from liquor, and Tuesday his sentence expired to-day.

OBITUARY.

John Fryer.
The burial of James Fryer will take place to-day in St. James' Cemetery, Mr. Fryer, who was 77 years of age, was one of the oldest members of the Commercial Travelers' Association, having been associated with that body for thirty-three years. He was also prominent in the Yorkshire Society and the Chosen Friends. He seemed in good health up till Friday, when he complained of a cold, which developed into pneumonia, and he died at his home, 28 Fairley-avenue, on Tuesday. For the past couple of years he was connected with the engineering department at the city hall. He is survived by a widow, two sons and one daughter: James A. Fryer, with the William Wryndham Company; Walter T. Fryer, with Jess Appiegrath, and Miss Gertrude.

Historic House Damaged by Fire.

Buffalo, Jan. 10.—The Milburn residence, 136 Delaware-avenue, where President McKinley died, was partly destroyed by fire this morning. The inmates were obliged to flee in their night robes. The fire is believed to have broken out in a cupboard under one corner of the room in which the president died.

U.S. General Dies at St. Kitts.
Washington, Jan. 10.—Information has been received here of the death at St. Catharines, Ont., last night, of Gen. R. F. Patterson, formerly congressional agent at Calcutta.

THE ILLUSTRATIONS OF PROGRESS

Manufacturers Life

make it plain why this Company is so satisfactory to its policyholders. Large business, low expenses and careful investments are bound to give exceptionally good results.

During 1906 (its 20th year) the Company paid to policyholders in cash... \$455,757.72
And set aside to meet future payments to policyholders... 1,095,336.48

Making a total paid to or set aside for policyholders of... \$1,551,094.20

At the same time the surplus on policyholders' account was increased by \$175,343.77, making a total surplus (including \$300,000 paid-up capital) of \$1,078,102.41.

Despite the very conservative investment made of the assets as shown in detail in this paper two days ago, the interest rate for the year on mean ledger assets amounted to 5.08%, irrespective of profits from sale of securities, which would increase the rate to 5.35%.

The income from interest, rents and profits from sale of securities, amounting to \$346,233.13, more than met the death claims of the year.

The following details of increases in every branch of the business tell their own story of success.

Item	Amount on Dec. 31, 1906	Increase over 1905
Insurance in force	\$47,380,656.00	\$5,110,388.80
Applications received	9,633,600.00	1,087,245.00
Net premium income	1,847,286.00	201,990.48
Interest and other income	346,233.13	48,999.15
Total income	2,193,519.13	248,709.63
Assets	\$473,371.52	1,262,689.96

In spite of these large increases the ratio of expenses to net premium income is less than that of 1905 by over 1% of the premium income, despite the fact that the past expense rate of the Company has been acknowledged to be exceptionally low.

The ratio of expenses to total income shows a similar decrease.

- A study of the above facts must lead to the following conclusions—
- (1) The policies of the Manufacturers Life must be satisfactory to those who want insurance.
 - (2) The management of the Company must be of that conservative yet progressive character which gives policyholders satisfactory results.
 - (3) It is one of the best Companies in which you can secure protection for your family and your own old age.

HEAD OFFICE: TORONTO, CANADA.

COST \$15,000 TO HOLD SEAT AND TWO YEARS' FIGHTING

W. A. Preston Confirmed in His Election With a Majority of 15.
Port Arthur, Jan. 10.—(Special).—W. A. Preston has been declared elected for the district of Thunder Bay and Rainy River, by Justices Teetzel and Anglin. The majority is 15.

The fight has been on in the courts for two years, and expenses have totaled up close to \$15,000.

There has been a recount, three trials and four appeals to the Supreme Court. Each of Mr. Preston's majority of votes will have cost from \$300 to \$3000.

The justices will make their report to the Speaker of the house and Mr. Preston will take his seat as representative at the next session.

WIFE'S SAD DUTY KILLS HER

Bringing Husband's Body Across Continent for Burial, Succumbs.
Chicago, Jan. 10.—Mrs. Edwin H. Smith of Denver died in the Union station yesterday, just after being removed from a train, in the baggage car of which was her husband's body. The painful duty of bringing the body half way across the continent that it might be buried in Baltimore, their home city, was too much for her strength.

There was a case of pneumonia, prominent socially and wealthy. He was stricken with consumption and went to Denver with his wife. He built up an extensive practice in Denver before he succumbed to the disease.

Poison in Turkey.
Kingstville, Jan. 10.—County Crown Attorney Rodd and Provincial Detective Mahony are investigating a case of wholesale poisoning of the members of a Christmas party at the home of a prominent resident of this town. It is supposed that the poison was in the turkey. There were no fatalities.

LIVED A FAST LIFE.

Minneapolis Boy of 11 Dies With All the Appearance of Man of 60.
Minneapolis, Jan. 10.—James Anderson, who died here yesterday, aged 11 years and two months, was, in the opinion of physicians, at least 60 years old, so far as the condition of his vital organs was concerned. When 6 years old his hair began to turn grey, his eyesight began to fail, and he walked with the deliberate care of a person who is advanced in years.

As a child he was exceptionally bright, but his mental faculties were gradually falling for the last two years, so he was little better than a person in his dotage the last few months.

SUBMARINE SAFETY BELLS.
Will be Adopted by the U.S. Navy Department.
Washington, Jan. 10.—Experiments conducted by the lighthouse board in the United States, British admiralty and the Danish government, have satisfied the navy department of the value of the system of submarine signaling by means of bells to indicate the approach of a ship in thick weather or nightfall, to the shore, and steps are being taken to equip most of the vessels of the navy with proper devices for transmitting and receiving the bell signals under water.

It is believed that this will reduce largely the chances of stranding and collision.

NO SALARY INCREASES.
Washington, Jan. 10.—As reported to the senate to-day, the legislative, executive and judicial appropriation bill does not contain a provision for an increase of the salaries of the vice-president, the speaker and members of the cabinet.

The house increased the salaries of each of these officials to \$12,000 a year.

"Black Hand" Baras Victim.
New York, Jan. 10.—The body of a man, burned beyond recognition, with kerosene, was found in a patch of woods at Guttenberg, N. J. There is little doubt the man was murdered and that he was an Italian.

It is supposed he was the victim of the so-called "Black Hand."

Cruciated in Boarding House.
Dubois, Pa., Jan. 10.—Mrs. Mary Gillette, aged 76 years, and Peter Rizzo, aged 4 years, were burned to death early to-day, when an Italian boarding-house was destroyed.

BOOKSELLERS TO PROTEST.

Deputation Will Wait on Government to Test Book Matters.
Ontario booksellers will meet here Jan. 15, and after a session at the Queen's Hotel at 9.30 a. m., will wait on the minister of education at 11.30 to protest against any possible government action following the report of the text book commission which would take the trade out of the booksellers' hands. They will claim that the loss of revenue would cripple larger book stores and ruin smaller ones. That by striking such a blow at book stores the government will deprive certain centres of necessary conveniences. That it would have a deterrent effect upon private enterprise in the province in general. That it would involve the government in a difficult and unprofitable enterprise.

MILBURN'S HEART AND NERVE PILLS
For Weak People Having Heart or Nerve Troubles.

SYMPTOMS
Palpitation of the Heart, Irregular or Skipped Beats, Dizzy Spells, Smothering Feeling, Shortness of Breath, Bluish Color of the Lips, Pain in the Region of the Heart, Thin Watery Blood, Cold Hands and Feet, Nervousness, Sleeplessness, etc.

If you have any of these symptoms MILBURN'S HEART AND NERVE PILLS will bring the whole system into healthy action, and give power, force and vigor to every organ of the body thereby strengthening the weak heart and unstraining nerves.

Mrs. Harriet Daybell, Welland, Ont., writes: "I wrote to let you know what good Milburn's Heart and Nerve Pills have done for me."

For over three years I suffered with pains under my left breast and my nerves were completely unstrung. I purchased two boxes of your pills and before I had the first box finished I felt much better and now I am cured."

Price 50 cents per box or three boxes for \$1.25 at all dealers or will be mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

SEVENTH RACE—Rafter Royal, Florio, Royal Breeze.

City Park Program.
New Orleans, Jan. 10.—First race, 5 furlongs—Ray Bennett, 108 (L. Williams), 5 to 1; Calla, 105 (McBride), 7 to 1; Time 1:13.45. Second race, 3/4 furlongs—Earl Rogers, 112 (L. Williams), 2 to 1; Bell Beed, 104 (L. Williams), 5 to 1; Time 1:12.35. Third race, 1 mile—Sir Carter, 109 (Sand), 9 to 5; Saurin, 104 (McBride), 5 to 1; Time 1:47.45.

Chess.
New York, Jan. 10.—Following a conference held between Dr. Emanuel Lasker, chess champion, and Frank J. Marshall, the American expert, it is announced that the first game of the match for the championship of the world will be played Jan. 28. The match will be played in two parts, each of two weeks, with a week's rest between the two parts.

The Big Man's Opportunity.
At the big sale of clothing that the Plastic Form Clothing Co. is having at 93 Yonge street, are inaugurating this morning a number of extra large overcoats from 44 to 52, and will all go at \$2.95. This is a splendid opportunity for the big men to get a fine coat at a fraction of its real value.

ST. VALENTINE A WINNER
TOOK SPRINT AT CITY PARK

Capucine Won the Baby Race—Mountain Road Two Winners—Oakland and Ascot Results.

ARTHUR MOORE BREAKS HIS ANKLE
SIMCOES AND PARKDALE WINNERS

Junior O. H. A. Games at Mutual St.—Guelph Lynx Defeat Stratford—Canadian Soo Shut Out at Houghton—Results and Games To-Day.

Ottawa, Jan. 10.—(Special)—A serious accident to the Ottawa hockey team occurred tonight just as the close of a hot practice. In a collision with a Victoria player Arthur Moore, the star cover point, fell and broke his ankle, which puts him out of play for the season.

Simcoes 15, I. A. A. 10.
A hundred or more turned out last night at Mutual-street rink to witness the postponed Junior O. H. A. game. The first team started at 8:30 and the last was finished at midnight.
The first game resulted in a win for the Stratford team over Bert Short's Island Aquatics. The score at the half stood 1-4 in favor of Stratford. The Islanders came out strong in the last period and when the gong sounded it read: Stratford 15, I. A. A. 10.
The following are the hockey games scheduled tonight:
O.H.A. Senior—Kingston at Peterboro.
Intermediate—St. Catharines at Welland.
Junior—Simcoe at Tillsonburg.
Senior—Toronto at Stratford.
Junior—Toronto at Stratford.
Senior—Toronto at Stratford.
Junior—Toronto at Stratford.

Parkdale 4, Marlborough 1.
The second game between Parkdale and Marlborough was played last night at Mutual-street rink. The Marlboroughs were the heavy men, but Parkdale was faster skaters. As in the previous game, Parkdale was the victor, the score being the pony man was kept busy.
Parkdale were leading at the half 2-1 and at the end of the game 4-1. The Marlboroughs had been playing a great game and were forced to retire in the last period, receiving a 4-1 defeat.
The following are the hockey games scheduled tonight:
O.H.A. Senior—Kingston at Peterboro.
Intermediate—St. Catharines at Welland.
Junior—Simcoe at Tillsonburg.
Senior—Toronto at Stratford.
Junior—Toronto at Stratford.
Senior—Toronto at Stratford.
Junior—Toronto at Stratford.

Houghton 7, Canadian Soo 0.
Calumet, Mich., Jan. 10.—Soo team defeated Houghton last night at Mutual-street rink. The Soo team was the victor, the score being 7-0.
The following are the hockey games scheduled tonight:
O.H.A. Senior—Kingston at Peterboro.
Intermediate—St. Catharines at Welland.

It is the only medicine that has been pointed in this at present. Sole agent, SCHEFFEL'S DRUG STORE, ELM STREET, CORNER TOWN SQUARE, TORONTO.
RUBBER GOODS FOR SALE.
R. M. McIntyre will officiate in the Metropolitan League game at Broadview at the King Edward Rink, between Can. Kodak and Minster-Myles, from 9 to 10.

BLOOD POISON
Have You...
The Victor Old Boys of the senior hockey team were defeated at Broadview last night by Sherburne by 1 to 0. Both teams lacked combination, as it was their first time on ice. The Victor's were handicapped by the absence of their crack goal-keeper, Henderson, who took ill at the last moment and was unable to play.

FIRST DAY AT PORT PERRY.
McBride's King Bryson Wins 2 to 0, After Dropping Two Heats.
Port Perry, Jan. 10.—The first day's race of the 37th annual ice meeting of the Port Perry Trotting Association was held here today. The race was in splendid condition and there was a good attendance. Strongly presented better time being made than in any previous year.
The following are the results of the races:
1. 2:40 race—Peter Miller, 2 2/1; J. J. McNeill, 3 3/4; J. J. McNeill, 4 5/8; J. J. McNeill, 2:30; J. J. McNeill, 2:30; J. J. McNeill, 2:30.

Queen's Juniors Beat K. C. L.
Kingston, Jan. 10.—The Kingston Junior hockey team defeated the K. C. L. team last night at Mutual-street rink. The Kingston team was the victor, the score being 4-3.
The following are the hockey games scheduled tonight:
O.H.A. Senior—Kingston at Peterboro.
Intermediate—St. Catharines at Welland.

PERCY JENNINGS IN GREAT FORM

City League President Rolls 639—Dominions and Royals Win Three—Central, Printers' and O. O. R. Results.

In the City Temple League last night the Royals won three from the Printers' and the Dominions took the series from the St. Charles' team. Jennings made 838 and the Royals turned in a total of 2788. The scores:

Table with columns for team names (Royal Canadians, Good, Lee, etc.) and scores.

BOARD OF TRADE CAUTIOUS

to urge a postponement. The present was an opportune time to take up the whole question of the entrance of railways from all points of the compass, and the harbor and viaduct questions. The city and the railways might be brought together to make an amicable settlement.

President Thompson of the Trades and Labor Council thought that the interests of the greatest number of citizens should weigh in the matter, and that the entrance of the railways should be with the least danger possible.

A. B. Clarke, president of the Riverside Business Men's Association, said that the people of that portion of the city felt that they should have more railway facilities, while also stating that the residents of the beaches should be taken into account.

J. J. Dixon, president of the Balmy Beach Association, declared that Balmy Beach was not a mere summer resort, but that there was a population of 18,000 east of the Woodbine, with 3000 houses, of which 90 per cent belonged to the occupants, and only 2 per cent of the houses were used alone as summer residences. In many cases these homes represented the savings of a lifetime, and it had been shown that the property loss would be a million dollars. The population was rapidly growing, and with the converting of Ashbridge's Bay into a site for factories, it would reach 100,000 in 12 years.

R. E. Watts of York Township backed him up and said that the average passenger train only lost three-quarters of the fare. The district subject Union and East Toronto because of the grade. The railways propose to broil us on the gridiron, but we don't propose to be broiled without a struggle," announced W. L. Edmunds of the Kew Beach Association. The district subject to invasion was the only stretch of lakefront land adjacent to the city not "spoiled" by the railways.

Reeve Henry of York Township said he was interested in the preservation of the only remaining art gallery of the city, the one owned by R. Y. Ellis, for the Civic Art Guild, protested against the city losing any of its attractive waterfront lands. W. H. Shaw of the board of education opposed the idea of a splendid residential area, and one that should be a recreation spot, being destroyed. W. P. Howland, on behalf of the "Eighteen" Club of Architects, conveyed assurance of the support of that organization.

For the Railway. Alexander Gibb, ex-reeve of East Toronto, admitted that he wanted the railways to come in because they would benefit his property on the shores of the lake. He declared that fellow-property owners there and views alike.

He referred to the dissenting property owners as hypocrites who had gone out of the city's bounds to escape paying taxes. The minister of railways, in reply, said that he was in support of the spur line resolution, and J. H. Mitchell of Scarborough Township voiced objections to the threatened despoiling of Scarborough Heights.

Barlow Cumberland declared that the history of the Esplanade had been "one series of grants and concessions." A Word of Warning. J. H. Duthie spoke as a practical railway man of twenty years' experience in the Grand Trunk's service. The road had years ago rejected the plan it now urged, because the land east of the Don was then not built up and valuable. The minister of railways would grant the route if it were proven that it would be for the benefit of the whole province, and the onus of proof rested upon the railway. There was more to fear from citizens lining up against legislation in their own interests than from any other source, and citizens should not be misled into defending the route.

Control Stockton termed the plans an outrage. The struggle would be protracted, and he advised the forming of a committee to handle the matter. The meeting closed with the passing of the resolutions and the advice by the mayor that each representative body appoint its delegate to go to Ottawa next Wednesday.

A New Route. The Canadian Northern has apparently begun to "back and fill" as regards its plans for an entrance into the city from the east. This much is known, that surveys are going over fresh ground and a modification of the original scheme appears likely. The plans are now said to be for a route farther to the north and traversing a less populous area, the Queen-street will be crossed at the same point. Small's Point is to be crossed on a line of the ravine, which runs into

SENTIMENTAL RULES NEW YORK

Ontario's more practical. The announcement of the resignation of Prof. F. H. Torrington from the position of organist and choir-master of the Metropolitan Methodist Church, followed by that of Mrs. H. M. Blight, for 12 years organist and choir leader of the Bloor-street Presbyterian Church, and who was one of Dr. Torrington's first organ pupils in Toronto, caused a stir in musical circles yesterday.

NO ABILITY TO ENFORCE

Continued From Page 1. United States, there were provided only the courts whose judges were appointed by the national government. The executive officers of these courts were provincial officers. It was up to each provincial attorney-general to enforce the law. The Dominion government could not interfere, nor could it justly be held responsible for the failure to enforce the law.

Go to Foy. Replying to Mr. Maclean, the first minister said that it was the duty of the attorney-general in Ontario and Quebec to enforce the law. G. T. R. "You should go to Mr. Foy," he added.

Mr. Maclean: Very well, I will notify Mr. Foy to-morrow that your government, with a railway minister, a railway commission and an attorney-general, is so feeble that it is unable to go to him, a provincial officer, to enforce the mandates of parliament against a Dominion corporation.

Dr. Stockton (St. John, N.B.) expressed surprise at the remarkable confusion of the hon. member for Ontario. The B.N.A. Act had been framed so as to put all danger from states rights, it had been framed so as to give a strong central government. How absurd, then, to say that no federal courts could be created. We had the supreme and exchequer courts and the provincial courts all purely federal. Any lawyer could enforce the law. It was not power to enforce the law that was the question, but the ability to do so.

Mr. Maclean (South York) said it appeared that the attorney-general was willing to enforce the law, but he would not give us appropriate legislation? Mr. Maclean: I am not a lawyer, but I am a politician. I would recommend to him the police of the city of Toronto. He would recommend to him the police of the city of Toronto. He would recommend to him the police of the city of Toronto.

In the United States the Burton bill of 1896 prevented the diversion of water on the American side from the Niagara river to Duluth, thereby incidentally destroying riparian rights of 200 years' standing, and it also forbids the introduction of electricity from the Canadian side of the Niagara River, without special permission from the secretary of war.

Ontario public opinion has found expression in the Beck policy giving to its government the right to expropriate any or all power houses, and even if desired, the electric current itself, and appointing a commission to regulate and control the distribution of power throughout the province.

But altho the two neighboring countries appear to be so opposite in their designs concerning the Falls, it was not impossible that the views of both were very much alike from a general standpoint. The law preventing diversion of Niagara water and introduction of Canadian electricity from there only stood good for three years, and the international waterways commission after a most thorough and exhaustive study of the question, have favored the utilizing of this great force of nature, consistent with the preservation of the natural beauty of the Falls, and the future development of Niagara power, now in prospect, shows no change in the attitude of the commission.

Dr. W. W. Walsh (Con. Que.) protested against the importation of cheap-horses and wool, and the value of the tariff increased from \$50 to \$100. A running debate sprang up on the general question as to how the farms viewed the tariff, and especially farm products.

The opposition members, including W. F. Maclean (South York), Henderson (Halton), Bennett (East Simcoe), Kemp (East Toronto), Cockburn (Brampton), Smith (Westw. York), and others, declared that they would not support the tariff unless it was accompanied by a tariff on agricultural products.

TWO PROMINENT MUSICIANS

Resignations Announced of Mrs. H. M. Blight and Prof. F. H. Torrington.

The announcement of the resignation of Prof. F. H. Torrington from the position of organist and choir-master of the Metropolitan Methodist Church, followed by that of Mrs. H. M. Blight, for 12 years organist and choir leader of the Bloor-street Presbyterian Church, and who was one of Dr. Torrington's first organ pupils in Toronto, caused a stir in musical circles yesterday.

Mrs. Blight's resignation takes effect Feb. 1, but Prof. Torrington will remain in his position until the middle of July.

As a musical artist of rare and exceptional ability, Mrs. Blight is probably best known as an accomplished accompanist, having played for many of the great concert singers of the day.

As a child, Mrs. Blight was the organist of St. George's Church in St. Catharines. Coming to Toronto, she officiated for a time at St. Peter's Church, and later took the leadership of the Elm-street Methodist choir. Twelve years ago she was given the present position.

The church musical committee has been delighted with the high standard of excellence that has been demanded of a city church choir was attained, under the able leadership of Mrs. Blight, the first lady to take up organ work in the city.

It is understood that Mrs. Blight stated that she had felt the need of rest from the arduous duties. The demand on her time as an accompanist was so great that she was unable to attend to her other duties.

"Would you accept the position of organist should the committee divide the duties?" was inquired. "No, I think not," said Mrs. Blight. "I have no objection to my resignation on the condition that it would be accepted."

The church musical committee has appointed S. T. Bastedo and A. F. Webster to look into the matter. A report will be made at the annual meeting of the congregation next Wednesday.

Mr. Bastedo stated that several applications had been received, but that no definite arrangements had been arranged as yet. He stated that the resignation of Mrs. Blight was a great loss to the church.

Mr. Webster stated that he was a violinist of some reputation, and had been playing for 13 years in the choir of St. James' Episcopal Church, and deputy choir-master in the absence of A. S. Vogt. He resigned the leadership at Bloor-street.

After 48 years. Several reasons are advanced for the resignation of Prof. Torrington from the Toronto College of Music, of which he is the head. Involving arduous duties during the year, he was unable to visit the coast conducting examinations, which take him away from his church and choir work.

For 33 years Dr. Torrington has maintained a choir of 81 voices in the Metropolitan Church, probably the most efficient choir of Toronto. The eminent musician was born in Dudley, England, in 1837. At seven years of age he was a violinist of some reputation, and later spent four years at the Conservatory of St. Etienne and St. Mary's churches, Kildermister, officiating as organist and also trained the boys' choir. Dr. Torrington came to Montreal in 1868 as organist of St. James' Methodist Church. He was also organist of the Jesuits' church at evening service and professor of violin at the Jesuits' college, besides conducting several orchestras and vocal societies. In 1873 he was offered the position of the Metropolitan choir and the conducting of Toronto Harmonic Society, which he accepted. In 1888 he founded the Toronto College of Music, now affiliated with Toronto University.

The musical appropriation of the Toronto College of Music, of which he is the head, is \$2000, of which Dr. Torrington receives \$1000 per annum. As a retiring allowance, it is said, he will receive \$500 per annum for five years, altho no arrangements have yet been made.

A. W. Austin, chairman of the musical committee, stated that the appointment of a successor would not take place for some time. "One has been thought of," he said, "but it is not yet decided. It is the intention of the committee to get the best man."

A rumor that A. S. Vogt, conductor of the Mendelssohn Choir, would succeed Dr. Torrington was emphatically denied by Mr. Vogt. "I have no intention of leaving my present work to resume church work," he said.

It is supposed they will go to the other side for a capable director. The Metropolitan has the best organ in Canada.

DUMPING CLAUSE CHANGES. Continued From Page 1. Gerald White, who recently was chosen by North Renfrew to succeed his father, spoke briefly and received the unanimous applause. He urged that the manufacturers of cream separators be encouraged by permitting machinery and raw material used in their business to be imported free of duty.

Mr. Fielding promised to consider the matter, and intimated that he might bring down an amendment. Another amendment proposed by Mr. Fielding was to exempt binder twine from the dumping duty. There is reciprocity just now between Canada and the United States. The Canadian manufacturer feared that the dumping of United States custom officers as to keep out the twine from Canada.

W. F. Maclean (South York) pointed out that if the farmer got cheaper twine it was not to help him out, but to accommodate some manufacturer. The dumping clause was amended by Mr. Fielding, virtually put it in the power of the government to levy a duty upon any article brought into Canada.

Mr. Clements (West Kent) favored a duty on twine. Had twine been cheap or since it was on the free list? He was asked if he had come up against the contrary. The price had come up. Undoubtedly there was an international agreement or trust. The Canadian manufacturers were limited to two kinds of the home market, and the price was fixed by the American committee.

Mr. Hall (Liberal—Peterboro) denied that there was any combination. Binder twine had increased in price because of the increased cost of the raw material. This had been especially true since the Spanish-American war. He opposed the dumping clause as applied to twine. It would jeopardize the Canadian manufacturers in the American market. As to the price it was usually fixed by the International Harvester Company, but there was no binding agreement. The margin of profit was very small.

Several petitions were presented today by Ontario members, including six by the minister of customs, protesting against the duties on steel and iron. Little Spat. There was a little spat between Mr. Fielding and Mr. Borden this afternoon, growing out of a suggestion by the latter that the house should be furnished with information as to the duties prescribed by the American tariff. For some reason Mr. Fielding was distinguished to comply, and took exception to the suggestion.

Mr. Foster, stating what the house required and what the house demanded. "Do not run away with the idea that you are the house, or that you have any authority to speak for the house," he said with some asperity. There was quite a rambling debate, and in answer to Mr. Bergeron the minister threatened to present a copy of the American tariff to every member of the house. Mr. Lancaster: I think it should be done. Mr. Patterson: The American tariff is much higher. W. F. Maclean: And a very good example. Mr. Fielding: Why not bring down the German tariff? No, not protection; if R. L. Borden: Why not? You put on the German surtax. Mr. Patterson: That was protection, was to obtain fair treatment for Canada. Mr. Henderson: Did you get fair treatment? Mr. Patterson: No, and we still have the surtax.

IN EVERYBODY'S MOUTH

HUNTER CIGAR

FIRST PICTURES OF THE LARGER LAKE GOLD REGION WILL BE PUBLISHED IN Next Sunday's World

OTHER ILLUSTRATED FEATURES ARE: Silver Mining in Bucke. It is demonstrated beyond doubt that the silver area is not confined to Coleman Township. Rich finds have been made in the adjoining Township of Bucke. Picture of a characteristic formation.

Fire at Belleville. The destruction by fire on Jan. 4 of the fine Hotel Quinte at Belleville is a distinct loss to that city and the traveling public. Two pictures, showing the hotel before and after the fire.

Interesting Portraits. The Late Baroness Burdett-Coutts. Fred. Dane, new member of the T. & N. O. Railway Commission. T. J. Stewart, new mayor of the Ambitious City. J. McPherson Ross, new mayor of East Toronto. Mrs. Frawley, a St. David-street centenarian, who voted on Jan. 1. Miss Phoebe Davis, a theatrical favorite. New home of the National Club. The I.O.O.F. Trumpet Band, which is re-organizing as a brass band.

The Glass of Fashion

Beautifully Illustrated Fashion Letter describing the newest styles in dress for the midwinter season.

Coasting on Beech-Avenue

Five fractured limbs, a mutilated face and innumerable minor bruises is the record for Beech-avenue this winter, but it's a glorious bill for the purpose. A capital illustration.

RAILWAYS ARE PUBLIC HIGHWAYS

By far the most marked and remarkable of the political movements in the United States is that tending toward complete governmental control of the railroads...

In order that these iron roads could be built at all they had to be built as public highways...

Passing from that to the abuses connected with the operation of the railroads as known to exist...

Public and Private Ownership of Franchises

Were it not so indubitably the case it would certainly be all but inconceivable that in a democratic country...

THE RAILWAYS AND THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA

The house of commons is now in session at Ottawa, and the people of Canada will have another opportunity of judging whether or not our representatives have the interests of the country at heart...

It is with wonder and amazement the people of Canada behold the marvelous alacrity displayed by the members of the house of commons in taking up and discussing matters, which are away off in the distance and which are not of immediate importance to Canada...

Mr. R. L. Borden, leader of the opposition, comes forward with a proposition calling for legislation which will have the effect of preventing strikes and promoting the settlement of labor troubles...

We would respectfully suggest for the consideration of Sir Wilfrid Laurier, leader of the government, and of Mr. E. L. Borden, leader of the opposition, the propriety of dealing at this time with the questions which are occupying the minds and attention of the people...

Some specific complaints have been brought forcibly to the attention of the people in connection with the transportation service provided by the existing railways...

SECOND—THE PROSECUTION FOR LEGISLATION ENFORCING RECIPROCAL DEMURRAGE

THIRD—AN EQUALIZATION OF THE RATES THROUGHOUT THE COUNTRY

FOURTH—THE SUGGESTED EXTENSION OF THE INTERCOLONIAL RAILWAY WESTWARD

These are all questions which are of vital interest to the people of Canada and merit immediate consideration...

There then is the question of the intercolonial railway representation in the Canadian Freight Agents' Association...

There then is the two-cent-per-mile passenger rate bill now before the house of commons, which is being closely watched by the public...

CHIEF—TRANSPORTATION, AND A REMOVAL OF THE EXISTING ANTI-LOCAL AND DISCRIMINATIONS IN RAILWAY RATES IS THE MOST IMPORTANT QUESTION BEFORE THE PEOPLE OF CANADA TO-DAY, AND THE GOVERNMENT CANNOT USE THEIR TIME TO BETTER ADVANTAGE THAN BY DEALING EFFECTIVELY WITH THESE MATTERS.

AFFAIRS IN THE CONGO. Board of Foreign Missions Aids King and President to Act.

Philadelphia, Pa., Jan. 10.—Before adjourning to-day to meet in New York next January, the conference of foreign mission boards of the United States and Canada adopted a committee report recommending that the condition of affairs in the Congo be called to the attention of the president of the United States, congress and the King of Belgium.

HEAVY RAINS IN CALIFORNIA BRING DEATH TO SEVERAL. Los Angeles, Cal., Jan. 10.—In precipitation, the storm that has drenched Southern California during the past four days is the heaviest in 18 years.

Four lives are known to have been lost from the storm.

At Santa Barbara a country bridge over the Santa Ynez River went down, carrying 20 persons into the river. Two were drowned.

A Week-End at Niagara Falls. A pleasanter place than Niagara Falls, Ont., in which to spend a winter week-end would be hard to find.

Easy reached after a short journey over the Canadian Pacific Railway's scenic line, via Welland. One is lodged at Victoria's Park Station, convenient for the hotels that are making the Canadian shore of the Falls as well patronized as the American, and the neighborhood has winter charms in many respects, outlying its summer beauty. Fast trains leave Toronto convenient hours daily, via C.P.R.

Senators by Direct Vote. Charleston, W. Va., Jan. 10.—The message of Governor Dawson, read to the legislature to-day, recommends the election of United States senators by direct vote of the people and protective insurance legislation.

Chief of Gendarmes at Lodz, Poland, Assassinated.

St. Petersburg, Jan. 10.—The murderer of Lieut.-Gen. Payloff, who was killed yesterday, was tried by court-martial to-day and sentenced to death.

He will be hanged to-night.

Vice-Admiral Doubassoff, ex-governor-general of Moscow, and at present a member of the Council of the Empire, has received notification that another attempt upon his life will be made.

CHIEF SHOT DOWN.

Lodz, Russian Poland, Jan. 10.—Col. Fatko Andrieff, chief of the gendarmes of the Lodz district, was shot and killed this morning on Poldniowa-street.

A passing infantry patrol fired a volley at the assassin, but only wounded several innocent onlookers.

The assassin escaped. Poldniowa-street was closed by troops and the police began making a strict search of all the houses fronting upon it.

Penna's Capital Increase.

New York, Jan. 10.—Stockholders of the Pennsylvania Railroad Co. will be asked by the management of that company to authorize the issue of probably \$100,000,000 additional capital stock and \$100,000,000 in bonds.

The question will come before the stockholders at their annual meeting on March 12. It was stated that the company is not planning any large improvements beyond those already announced.

In the Afternoon Court.

In the absence of E. E. A. DuVernet, K.C., who was out of the city, and who is representing the Master Bakers, charged with violation of the by-law respecting the weight of bread, Magistrate Kingsford yesterday presided the case until Tuesday.

Henry Petrie, for driver over the sidewalk on Elizabeth-street, and breaking five planks, was assessed \$1 without costs.

Goldfield Strike Settled.

Goldfield, Nev., Jan. 10.—The miners' strike is considered settled. At midnight, when the count was taken, the votes, but it was stated that the majority of votes favored accepting the mine operators' proposal of \$5 per day for miners and skilled help, with \$4.50 for laborers.

Simpson-avenue Methodist Church is being pushed rapidly forward, the building being endorsed and the first brick of plaster on, but will not be opened before Feb. 1.
