MURDERED FOR 1 DOLLAR DETECTIVE MILLER GETS A MAN COMPANION LOCKED UP

Stiffen Swyryda in Brampton Jail Charged With Killing Young Man Whose Body Was Found Near Clarkson's—Strong Case Against Him.

Provincial Detective John Miller, in less than one week after taking up the mysterious murder of Alce Lutek, who was found half buried in David Faskin's bush, near Clarkson, has accomplished the arrest of the supposed murderer, and has accumulated a chain of evidence that leaves little ground of doubt as to his having gathered in the right man.

Stiffen Swyryda, 139 West Adelaide-street, is the suspect, and he was taken to the Penitentiary in Brampton, in custody of Detectives Miller and Greer and High Constable Brody yesterday afternoon.

The prisoner's christian name in English would be Stephen. He calls himself Stif.

The arrest was made precisely one month after the murdered man arrived in Canada. The prisoner will appear in court at Brampton this morning and will be remanded for a week.

Several articles were found in his possession that point conclusively to his guilt, while upon the front of his coat there were spots, which are being analyzed, that appear to be dried blood stains.

Who He Is.
Swyryda is a fierce looking customer, heavy set, large of build, with a pug-nacious square jaw, small beady eyes, a low forehead and a brow drawn down into a perpetual vicious frown. He is a polack, 37 years old, and his record since he came to the city early in March does not auger much in his favor. Up until his arrest he has had no visible means of support. Since he came to the city he has been doing scrubbing, while he has loafed about his rooming house.

It was by tracing the murdered youth's movements from the time he landed in Toronto, April 12, that Detective Miller ran across the accused. The victim spent his first two nights sleeping at or around the Union Station. On the 14th he was seen by Swyryda on the street and being master of four languages was able to tell his troubles to the stranger. Swyryda was anxious to get work and Swyryda told him to come with him and he'd get him a job.

They went to the Adelaide-street house, and the prisoner offered the young man the privilege of lying on the floor. Another roomer took pity on the youth because of his superior bearing and shared his bed with him for two nights.

Said He Could Employ Him.
On the evening of the 16th Swyryda told Lutek he had a job for him on a farm near Hamilton and that place that night.

Swyryda returned to the city the next afternoon, looking tired and haggard. He gave Mrs. Wastilina, his landlady, \$1 on account, saying that he had placed the young man on a farm and got \$1.75 from the man who hired him. Before starting out Lutek had sold his accordion to Mr. Wastilina for \$1.

The people at the house remember that the young man had a pair of white wollen trousers with brass buttons decorated with blue and red, and a jacket of a few feet of where the murder was committed.

Saw Him Washing Away Blood.
A freeman on the C.P.R. will testify at a trial that he saw a man answering to Swyryda's description washing blood from his hands near a culvert between Clarkson and Cooksville on the morning of the 17th. This was on the city run from Toronto to Hamilton.

In his recollections, Detective Miller came into possession of a package of candies that had been thrown into a ditch near the scene of the murder, amongst which were a lot of matches, boxes made in Austria. Yesterday a

TORONTO MAN CHOSEN PT. ARTHUR FIRE CHIEF

James Armstrong of Hose 16 Will Go West to Take Charge.

PORT ARTHUR, May 12.—(Special.)—At a meeting of the city council of Port Arthur the report of Ald. Dawson recommending the engagement of an experienced fire chief was adopted. James Armstrong, a member of the Toronto department, will be engaged at a salary of \$1200 per year. The Port Arthur department is a good one, but it was thought that a trained chief would be a great help, as such a man might save a year's salary at one fire.

Mr. Armstrong has, however, not been notified. He is attached to Hose 16. He is well-known to the Good Templars, having been grand chief for three years. He has a splendid reputation as a freeman and is sure to make good. He is 31 years of age.

G.T.R. YARDMAN KILLED BY COLLAPSE OF LUMBER

Had Just Said Good Night to Wife—Corner Stakes Broke and Load Fell.

As a result of the collapse of a car of lumber in the Grand Trunk yards, below Bathurst-street, Richard Cribbin, 28 years, a yardman, living at 60 Mitchell-avenue, died in Grace Hospital at 11:30 o'clock last night.

The accident occurred at 8:40 o'clock. Cribbin, who was placing a number of cars, was standing close beside one of these upon which a heavy pile of lumber was held in place by corner stakes. One of these gave way and the lumber slid down upon the man, crushing his skull.

He was removed to the hospital in the police ambulance. Only a few minutes before the crash Cribbin had said good-night to the young wife, who had gone down to the yards to see him. She was notified of the accident after his removal to the hospital, she hurried thither, but though she arrived before he died, her husband did not regain consciousness.

An inquest will be opened to-day.

LAURIER ACCEPTS MANITOBA CLAUSE

Dominion Premier Sees the Force of Opposition Argument and Concedes Point.

OTTAWA, May 12.—(Special.)—“On this point, for my part, after having conferred with the minister of justice and my other colleagues, we are ready to accept the suggestion made by my hon. friend, Dr. Roche, in his speech the other day,” said Sir Wilfrid Laurier, and he was loudly cheered by the opposition this afternoon when he made the announcement in a speech remarkable for its tone of conciliation.

This means that the main objection to the Aylesworth election bill has been swept away by the government. The election bill debate has not, however, ended with Sir Wilfrid Laurier's removal of two of the main objections. The conservatives are still full of fight, but until the party gets together it will be hard to say what their attitude as to the passage of the bill in the way of the prime minister proposes to amend it will be.

What the Conservatives contended was that the object of the bill was to place the voters lists in Manitoba and British Columbia and the unorganized districts of Ontario and Quebec in the hands of politicians of the R. E. A. type for manipulation.

Then Sir Wilfrid quoted the section of the Manitoba Act cited by Dr. Roche as follows: “In the event of territory comprised within or partly comprised within an electoral division being changed and included in another electoral division or other electoral divisions, whether newly created or not, a judge of one of the county courts divisions of the province, to be nominated and appointed by the Lieutenant-governor-in-council shall sub-divide the names appearing on the list of electors, as finally revised, according to the altered boundaries or limits and make a complete list of electors for the electoral divisions as aforesaid and appropriately divide the names of electors and ballot the territory between suitable polling sub-divisions and in the division of such judges, he just and equitable.”

“I must say,” added Sir Wilfrid, “that the opposition is opposed to the provision of this act of the Legislature of Manitoba seems to be fair. We are disposed to accept it. But we cannot accept the bill as it is, because of its provision for the alteration of this parliament, and I say to my hon. friend that, if this would be agreeable to friends and Tories alike, for my part, I am quite willing to take this means of giving satisfaction to friends and Tories alike.”

“Would Defeat the Bill.”
Sir Wilfrid went on to argue, however, that to pass Dr. Roche's resolution would defeat the object of the bill, which was to divide the territory between suitable polling sub-divisions and in the division of such judges, he just and equitable.

Mr. Borden replied that he had made this very suggestion at the opening of the discussion, pointing out that, as the difficulty was not confined to Manitoba, the provisions of the Manitoba Act just referred to by the prime minister should be made applicable to all Canada by a general law.

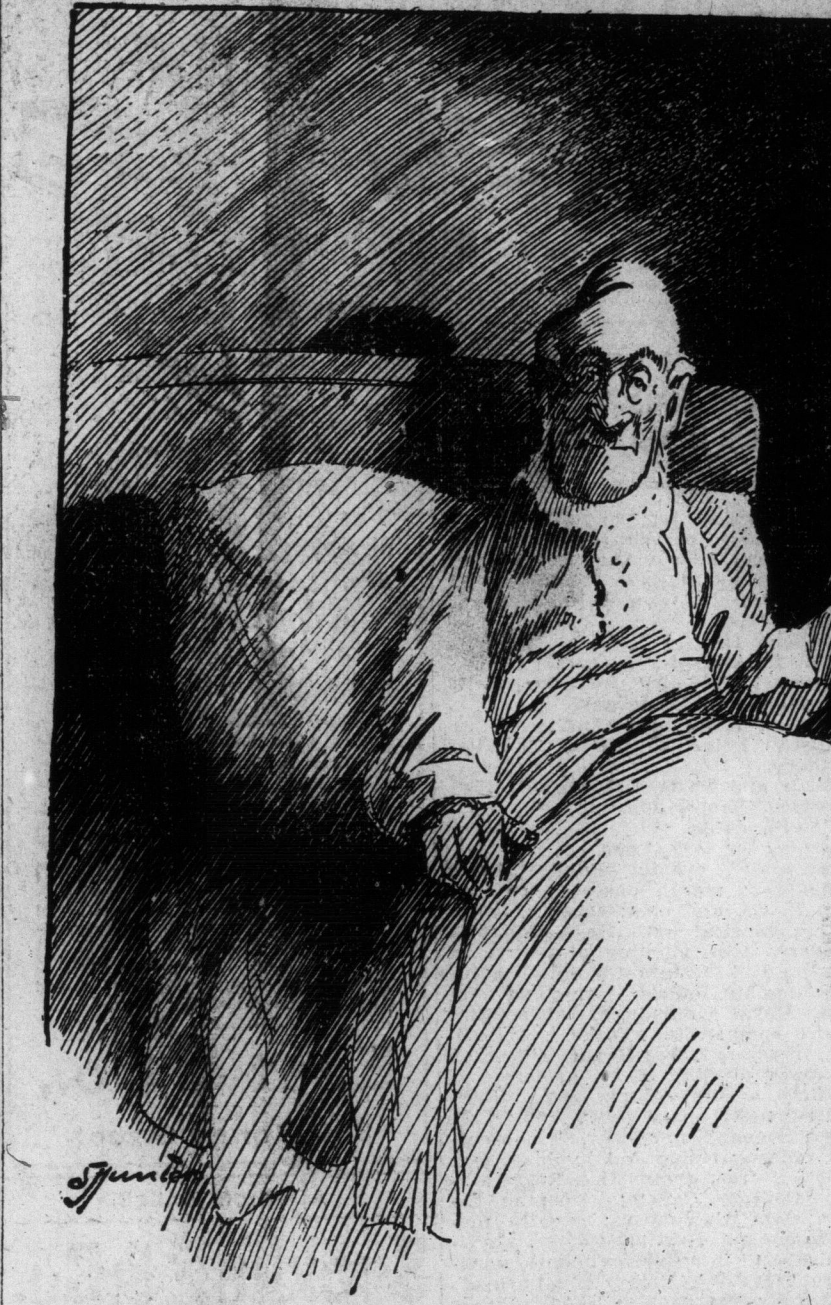

Sir Wilfrid thought there was no difficulty elsewhere than in Manitoba. However, he understood that as Manitoba all were now agreed as to the allocation of names in undivided constituencies by county judges. As for polling divisions, which were not divided by the federal boundaries, there was no need of interference.

Proceeding, Sir Wilfrid urged the objection to the Manitoba Act was that it placed the whole machinery of revision in the hands of the government-in-council. As he understood it, power was given the revising officer to extend the time for receiving names. He could refuse to extend the time for receiving names.

Sir Wilfrid declared that there had been no intention on Mr. Aylesworth's part, as charged, of trying to tamper with the franchise.

OLD MAN ONTARIO: He's beginning to crow, thinking he sees the dawn of day. But it's all moonshine.

WOULDN'T PAY G.T.R.'S CLAIM

Passenger Traffic Manager Davis Unable to Agree With Toronto World's Views.

MONTREAL, May 12.—(Special.)—W. E. Davis, passenger traffic manager of the Grand Trunk Railway System, gave an opinion of “the very energetic campaign,” to use his own words, that The Toronto World has been conducting re an improved suburban service for the City of Toronto.

The official said, however, at the start, that he always considered The World favorable to the railway interests, even if he could not agree with that paper's contentions on the matter at issue. Mr. Davis spoke as follows: “A transportation company always endeavors to create and secure traffic for its growth.

“The proper application of the term ‘suburban travel’ applies to that portion of the community which lives outside the commercial centres, either by choice or necessity, and when traveling between their suburban homes and their places of business in the city. There is not at the present time anything like a sufficient number included in this class to come even approximately near the cost of a suburban train service that would render such a suburban life either pleasant or desirable.

“Or, in other words, a suburban service must derive a revenue at least sufficient to cover its expenses; otherwise it is nothing more or less than a contribution from the shareholders. I may say in conclusion that if the circumstances were to warrant it, I would be most happy to provide a suburban service.”

COTTON STRIKE SPREADS

Employees of St. Anne's and Magog Mills Go Out.
MONTREAL, May 12.—(Special.)—Three hundred and fifty employees of the Stannes mill, Hochelaga, went on strike to-day, in sympathy with the mule spinners and the employees of the Merchants Cotton Mills. About the same time the employees of Magog Cotton Mills of the Dominion Textile Co. also went out on strike, as a protest against the proposed cut of ten per cent in their wages.

As soon as it became known that the Magog cotton operatives had decided to fight, Wilfrid Paquette, secretary-treasurer and business agent of the Canadian Federation of Textile Workers, left for Magog, where a big meeting will be held. He will then leave for Montmorency, where the employees are restless.

It is thought here by the strike leaders that a strike will be declared at Montmorency.

CUT OUT THE MIDDLE-MAN.

OTTAWA, May 12.—(Special.)—In the senate a resolution by Senator MacDonald of British Columbia, declaring that the purchase of supplies thru middlemen should be discontinued, and that all supplies over \$1000 in value should be advertised for, was passed.

The mover instanced the case of Engineer Mackenzie of the I. C.R., who had given a profit of \$500 to a middleman on a \$900 purchase. Secretary of State Scott declared the resolution accorded with the views of the government.

E. TORONTO DELEGATES MAY ASK ADJOURNMENT

Some Haven't Got Their Credentials Yet and a Deep Laid Plot is Feared.
When the East Toronto Conservative convention is called to order to-night a request may be made to have it adjourned until all the delegates, appointed by the First Ward Association have received their credentials.

It is declared that there has been a “game” operated by which it has been hoped to “freeze out” delegates known to be opposed to the nomination of ex-Controller Fred Richardson, now connected with Mackenzie and Mann enterprises.

There are 49 sub-divisions in the ward, each with a chairman and three duly appointed ward association delegates. The Central Conservative Association make out the credentials and should be responsible for their safe delivery. According to the story of several delegates who went to James Macdonald's committee rooms at 72 East Queen-street last night, their credentials haven't been received, although they said, Ald. Sanderson, who is president of the association, received them on Sunday. One man reported last night that some of the credentials were slipped under his door by the sub-division chairmen, who were thus given the duty of delivering them. As all the men are occupied during the day, this is made a difficult matter.

Hence the suspicion that there's been “foul play” inasmuch as the delegates sighted are the anti-Richardson element, while Mr. Sanderson has been very active in Mr. Richardson's behalf. Among the delegates at some of his organization meetings.

Of course it may all have been an accident, but that's what the delegates want to know. Among the delegates last night without credentials were John W. Gibson, 373 Broadview-avenue; W. H. Sherwin, 292 Booth-avenue; W. G. Andrews, 759 East Queen-street; George Plumb, 70 Jones-avenue; Thomas Collins, 86 Munro-street; John Cowan, 14 DeGrassi-street, and John Spencer, 52 Wyatt-avenue.

PICKED CORPS FOR QUEBEC

Militia Department Decide Not to Take All the Regiments.
OTTAWA, May 12.—The assembling of 25,000 troops at Quebec for the 30th anniversary of the battle of the Plains of Abraham will not eventuate.

The four days' pay trouble, the box car transportation difficulty and the 50 per cent. of establishment complain have been settled with one sweep as far as the militia department is concerned, for the department will not assemble Canada's army on the old battlefield.

The rural corps will go to camp just the same as usual, and the Quebec battlefields commission will choose any regiments it desires to add military splendor to the festivities at the old capital.

LIBERAL WINS.

By-Election Caused by Morley's Retirement Carried by Government.
LONDON, May 12.—At the by-election to-day for the Montrose district of burghs, Robert Harcourt, the Liberal candidate, was returned with 3083, Jos Burgess, who stood in the Labor and Socialist interest, polled 1937 and A. Scott, Conservative, 1576.

The vacancy was caused by the elevation of Mr. John Morley to the peerage and the result shows that Scotland remains untouched by the political reaction so visible in England. At the general election Mr. Morley polled 4418 against his Conservative opponent's 1922. The Liberal and Labor vote is now 5029, while the Conservative has dropped to 1576.

MAKES QUEEN-STREET WIDER.

Now, they are putting down the brick wall on the north side of the R. Simpson Company's new store, that is, on the Queen-street side. And, what do you think? The R. Simpson Co. are giving up ten or twelve feet of their land for the full length of the addition, in order to make Queen-street wider. In fact, they will make a present to the citizens of Toronto for all time of nearly 25,000 square feet of space.

This will be a beginning of wider things for Queen-street, let us hope. Queen-street is destined to be a great thoroughfare. West of the R. Simpson Co. building the buildings are old and modern. With the completion of the R. Simpson Co.'s palatial store building operations on Queen-street will be given a powerful impetus and the line of the street will be in line with the new wall now being laid by the R. Simpson Co.

And why should not Queen-street be wider? Of this, we may have something to say later. In the meantime, watch the R. Simpson Co.'s store grow on the most modern lines of perfect construction.

TORONTO'S WIN BEST GAME IN YEARS

Phyle's Homer Saves the Game in 9th and Victory is Won in 12th—Score 7-6.

In past year the Eastern League playing season here has opened on a second day, the opening being devoted to usual ceremonies and the teams playing for darkness with the score a tie. History failed to repeat yesterday, although the exhibition went three innings beyond the allotted period and but for a slip of Joe Bean's the game might have terminated as in past years—a tie. Bean making a bad throw on Mitchell's infield hit in the twelfth, allowing Fricke to score the winning run, and two men were out at the time.

The fans always like a team who come from behind and win, when the result is in doubt till the last man is out. This proved the case yesterday when the Leafs came from the rear and tied the score in the fifth, and again in the ninth, after the Skeeters had forged ahead with a lead of two. Two men were retired, with a lonely Leaf resting on the initial bag, when good old Bill Phyle came to bat in time to see a number of the faint-hearted fans wending their way homeward, and for a time it looked very much as if Bill would follow suit, especially as three and two were called on. But Bill was trying hard, and after fouling one into the bay caught one to a liking, cracking the sphere into the right field bleachers for a complete circuit, sending in Wictal ahead of him with the runs that tied up the game again. And here the fans went back to their seats.

Each Team Use Two Pitchers.
Two pitchers were used by each team, McClain and Fricke being retained to the barn in the fourth and fifth innings, respectively. Up to the fourth no hit was registered. McKinley, three batted five, cracking bingles being registered for Mac for a count of three. In the fourth every man of Bean's outfit finished Mac, Mitchell replacing him in the fifth.

Phlammler, who was in agony in the fourth, grew bittens in the fifth, when all but one of the Leafs batted. Three runs resulting from five safeties. Moore was shoved into the gap, and with the exception of the ninth, both teams were unscorable, and but for Bean's balloon ascension there would have been nothing doing. The twirlers were in fine form, and seemed to be getting better as the game progressed.

President Powers Present.
The gates at Maple Leaf Park were thrown open early, and with three big acts—Fricke, Bluel and Mayflower—running without intermission from 1 o'clock, the stands, especially the reserved seat division, began to fill up rapidly, the crowd being handled with no delay at all. Favorable comments were heard on all sides about the nice looking diamond, and it is certainly the prettiest laid-out of any on the circuit. A band furnished music thruout. At a little after 3 o'clock the gates were closed, and the players and spectators were in the park for the game.

The rural corps will go to camp just the same as usual, and the Quebec battlefields commission will choose any regiments it desires to add military splendor to the festivities at the old capital.

Umpiring a Farce.
This a blunder of some one, none of President Powers' staff, who had appeared on the scene to handle the indicator, the official task falling to the lot of one man from each team—Kilroy for Toronto and Del Mason for Jersey City. They alternated every second inning, and for a while their work was good, as the game progressed things grew warmer and not a few raw decisions.

WHITNEY AT SIMCOE IS HEARD BY 3000

Meeting Was All in His Favor—Reference to Power Question.
SIMCOE, May 12.—(Special.)—Premier Whitney to-night, in the town hall, addressed an audience of some 3000, drawn from the ridings of North and South Norfolk.

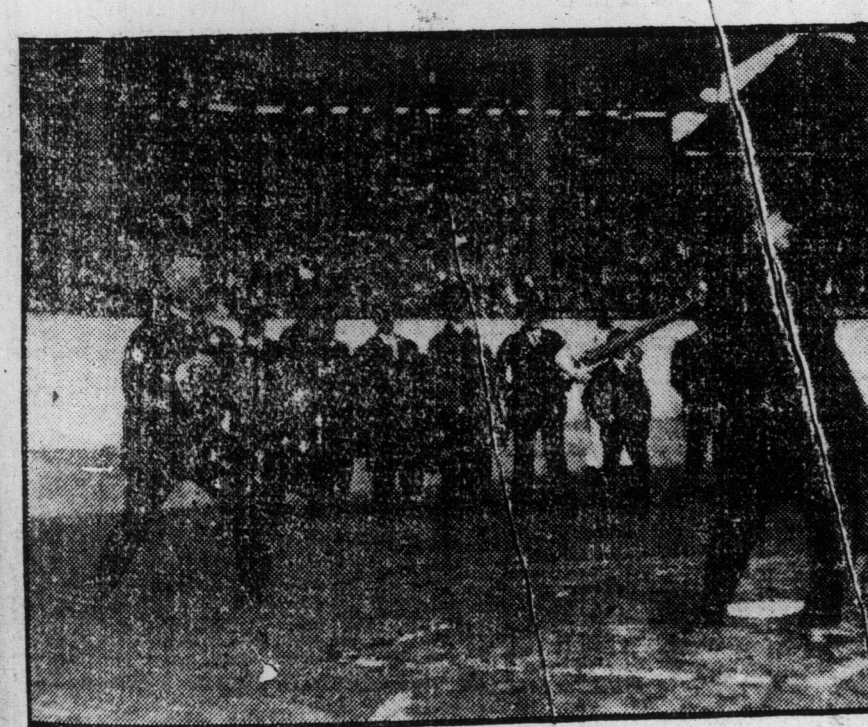

He repeated his Hamilton address and the meeting seemed to be thorough in his favor.

Referring to the power question he said: “The government has spent three years in furnishing Niagara power to the people at last. And we have succeeded, and the first contract has been signed at Turgoon. We see silly talk in some papers and hear some unknown man saying that we should have bought something. They mean the Electric Light Co., and they say we should have paid over \$20 million dollars for it.”

A. C. Pratt, candidate in South Norfolk, and Col. Tisdale, M.P., also spoke.

COL. HENDRIE URGES CHEAP POWER CONTRACT

Announces Himself as Fully in Sympathy With the Commission's Policy.

HAMILTON, May 12.—(Special).—The World's enquiries as to what Hon. J. H. Hendrie was doing to further the cause of cheap power in Hamilton bore excellent fruit to-night, when the colonel, who returned from Quebec only yesterday, came out in no uncertain way in favor of Hamilton signing a contract with the hydro-electric commission, in an address he delivered before an enthusiastic meeting of his supporters in Ward 3. He said he could not see why there should be any opposition in Hamilton to signing a contract with the commission, and that too big a project to be affected by the action of Hamilton either staying in or dropping out of it, but if Hamilton did not go into the scheme it would lose the many benefits that the other places which had decided to take Niagara power would enjoy. He had nothing to say against the Cataract people, who were clear headed business men, but they were looking after their own interests, and he did not see why Hamilton should not look after its interests by getting competition in power. He wished the electors of West Hamilton to know that he was strongly in sympathy with the cheap power movement, and was not intended to hurt the Cataract and would not, Aid. Hugh C. Sweeney also spoke in favor of the project, and the Cataract monopoly. John G. Gauld, Aid. Farrar, and John A. Langrill also spoke. C. H. Feebles presided.

THERE'S NO MOVEMENT FOR A NEW PROVINCE

So Says Premier Laurier, Denying a Rumor That His Name was Associated With.

OTTAWA, May 12.—(Special).—In the house this afternoon the premier was interpellated upon the question of the separation of the northern part of Ontario from the older province. Was it true, he was asked, that he had said that if the movement were supported by 75 per cent. of the people of New Ontario, the will of the majority would be carried into effect? Also, had any representations been made to the government on the subject? Sir Wilfrid Laurier replied that he was not aware that there was any "vigorous campaign" in the northland for separation. He had seen some letters in the press, but had never expressed any opinion on the question. Dr. Sproule referred to the statement that Canada would be represented by Sir Charles Fitzpatrick in the Hague tribunal on the question of the Newfoundland fisheries. The prime minister was unable to give the house any official information at this time. He thought that the appointment of Sir Charles Fitzpatrick would be satisfactory to all if such an appointment were made. He was in communication with colonial and foreign offices and would have all the papers brought down.

CRUEL BACKACHES

The Trouble Usually Due to Poor Blood—Dr. Williams' Pink Pills the Cure.

There is a common notion that backache is a sign of kidney disease, but this is absolutely wrong. Not one backache in a thousand has anything to do with the kidneys. Hundreds of people die of kidney disease who never had a backache—and hundreds who suffer continually from backache have nothing wrong with their kidneys. By far the most common cause of backache is muscular rheumatism. Nearly all the rest of the backaches are due to weakness and poor, watery blood, or, in the case of growing girls and women, to those secret ailments that make the lives of so many of that sex miserable. Don't let a backache frighten you into the belief that you have kidney trouble. What is really needed to cure the average backache is a tonic, blood-building medicine, and Dr. Williams' Pink Pills are the greatest blood-making medicine medical science has yet discovered. Every dose actually makes new, rich red blood, thus curing such common ailments as anaemia, headache, dizziness, heart palpitation, indigestion, neuralgia, rheumatism and the ailments of girlhood and womanhood. Mrs. W. Gee, Strathcona, Alta., says: "I was a great sufferer from anaemia. I was completely run down and was tortured with headaches and backaches and dizzy spells. I doctored for a long time, but was no better than when I began. Then I began to take Dr. Williams' Pink Pills, and they completely restored my health." Get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. Sold by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50, from the Dr. Williams Medicine Co., Brockville, Ont.

CONSTABLES RETURN

Men Hurt in Owen Sound Riot Defend Their Cause.

Wearily, wounded and sore, a dozen of the special constables who were mixed up in the riot in Owen Sound on Monday, arrived here yesterday. Among them were Herbert Somerville, John Power, Fred Wright, William Bray and S. H. Lawrence, who were charged with the riot. The constables claimed that they only had four revolvers among 50 of them. Lawrence, who was first charged with the riot, kept a disorderly house, and Richard Fries, a frequenter, was severely lectured by the magistrate, who told him that from a gentleman a year ago, he had descended to be a miserable specimen thru his acquaintance with the riotous element. Mr. Almas, who stole small sums of money from William Lees, was sent down for two months. George Crawford was fined \$5 for being drunk and disorderly, and held on a charge of interfering with the police in the same connection. Won't Change the Location. William Southern and the hospital government have decided to change the location of the home for incurable consumptives, which is being erected on the city hospital grounds. The commissioners will meet Wednesday noon to make arrangements to have a police census taken. Bobbie Kistner and John have agreed to wait to sail with the rest of the Canadian Olympic team. Jockey Johnnie Martin is training a King's Plate candidate, Good Luckness, owned by W. C. Campbell, Burlington, and has applied for a license to ride. Sensational stories as to the horse's trials are being circulated. Billy Sherring's appointment to the customs department has been made permanent, and he will be given three months' leave of absence with pay, in order to act as trainer for the Canadian Olympic team. William Berry has been expelled from the Independent Labor party because he seconded the nomination of Hon. J. S. Hendrie. Hotel-Cecl. Hamilton's most homelike hotel. FOR THE DEAF

A New Invention Which Intensifies Sound so That the Deaf and Partially Deaf Can Hear Perfectly. Ear drums, trumpets, speaking tubes, horns and such old-fashioned devices are no longer needed. This is a new and scientific hearing device is a small Pocket Telephone called the "Electrophone." Able specialists, who have treated hundreds of men and women who are using it, and who promptly discarded the old devices, recommend it to all who are deaf or who distinctly speak word or sound. It is a simple, scientific, and reliable conversation, without strain or embarrassment. It is so simple that the muffled fits into an ordinary vest pocket or can be concealed in a lady's waist, and yet is scientifically graded to meet any peculiarity of hearing. This invention is as wonderful and successful as wireless telegraphy, and was one of the most interesting exhibits at the recent Chicago Electrical Show in January. Poor hearing and poor eyesight are both common ailments, and as the Electrophone is less conspicuous than eye-glasses and it aids so valuable and necessary to those with poor hearing, it is coming into use very rapidly, and thousands are now worn. They are soon to be commonly used as eye-glasses. Even now they are a common sight at churches, theaters, and on the street, and the only common sight, if they are noticed at all, is "What relief it is not to have to talk so loudly." Electrophone wearers have the advantage of users of eye-glasses in the fact that the use of the Electrophone gives the vital parts of the ears a CONSTANT VIBRATORY EXERCISE, and thus the NATURAL HEARING IS IN almost all cases GRADUALLY RESTORED, so that in time the use of the Electrophone is not necessary. Those interested should call at our OFFICE FOR A FREE TRIAL OF THE ELECTROPHONE, or if that is impossible, write for our illustrated booklet and list of satisfied users of the Electrophone, who will answer enquiries. Daughters of Empire Toronto World's Beauty Patterns No more successful meeting has been held by the Imperial Order of the Daughters of the Empire in Canada than the annual meeting held in the banquet room of the King Edward Hotel yesterday. Over 250 delegates were present, and many coming from outside places. Mrs. Nordmer presided over the morning and afternoon sessions. Miss Mortimer Clark attended the afternoon meeting. The secretary's report presented by Miss Collett showed that during the last year 760 new members were added to the order, bringing the total membership up to 8200. Thirteen new chapters were formed, making a total of 114 chapters. Addresses were given by Miss Katharine Hale on art and literature; Mrs. P. D. Crerar of Hamilton on hospital work, and Hon. A. B. Morine, representing the Navy League on the British navy. The officers elected were: President, Mrs. Nordmer; vice-presidents, Mrs. Albert Gooderham, Mrs. E. D. Crerar and Mrs. Mackenzie Alexander; hon. secretary, Mrs. W. K. George; hon. treasurer, Mrs. Bruce; hon. organization secretary, Miss Constance R. Boulton; standard bearer, Mrs. James Scott. During the morning a resolution was passed expressing the sympathy of the order for Mrs. and Miss Melvin Jones, injured in a runaway on Monday. After the afternoon session the delegates partook of tea on the lounge floor.

Do You Recognize the Picture?

A Practical Outfit for the Busy Woman. No. 5851.

The busy housekeeper will not fail to recognize in the accompanying illustration, a most attractive and practical outfit, consisting of apron, cap and sleeves. It will afford protection to the daintiest gown, and will leave the hair neat and tidy, even after a busy morning's work. The front is cut in princess style, and fits close to the figure, and a pretty shaped bib extends over the shoulders in a manner very becoming. Figured percale was used for the making, but gingham, linen and holland are suggested. The medium size will require 4-5 yards of 36-inch material for the apron, with 1-5 yards extra for the cap and sleeves. Ladies' Apron, Sleeves, Protector and Cap, No. 5851. Sizes for small, medium and large. A pattern of the above illustration will be mailed to any address on receipt of ten cents in silver.

How Syracuse Woman Took Her Wrinkles Out in Three Nights

After Massage and Beauty Specialists Had Failed. "Made Me Look 20 Years Younger" Says Cincinnati Lady Who Tried It—Now Past 40, But My Complexion is Smoother and Better Than in Girlhood. Writes of Wonderful Success for Removing Wrinkles. The Discoverer Offers to Give Particulars Free of Charge to All Who Write Her Within Next Ten Days—Exact Treatment and Knowledge of Your Most Intimate Friend.

Ever since woman's beauty held sway over man and brought her power, influence and wealth, she has sought ways to stay the processes of old age and banish deep lines and furrows from the brow. Chemists, beauty doctors and skin specialists have for centuries vainly tried to fathom the sealed secrets of nature and find a way to keep the face and youth in a woman's face and form. Harriet Meta was no exception to the general rule of women. Trouble and worry led her to the use of skin cream and ointments. She saw the beauty of her youth giving way to the heavy imprints of coming age. Her first resort was to facial massage, cold cream and steaming pots; then next to beauty specialists; but all in vain. The wrinkles seemed, if anything, to grow deeper and deeper. Massage even appeared to stretch the skin; more wrinkles came. She had spent all the money she could afford to spend, and was ready to give up in despair when one day a friend made a happy suggestion. This gave her the idea. She set to work on the thing herself and after several months' hard labor and almost endless experimenting she succeeded in producing a wrinkle remover entirely different from anything she had seen or heard of. She tried it on herself, and lo and behold! It effected a wonderful transformation in a single night. She tried it a second night and her wrinkles were practically gone. The next night three treatments in all—and her wrinkles had entirely disappeared and her skin was soft, clear, rosy and smooth. Many others also have used this remarkable process with wonderful results. Moran Elmer of New York City writes: "Your treatment removed my wrinkles in one night." Mrs. Turnham of Great Wash. says: "My wrinkles are all gone; words cannot express how grateful I feel to you for what your treatment has done for me." Mrs. M. Brooke Howes, Texas, writes: "Your treatment is the first I ever tried that really had the desired effect in banishing face lines. I am 38 years old and yet many say I do not look more than 45." Miss Gladys Desmond, the actress, of Pitts-

Given a Clock. Police Constable Patrick Kilty, well known as long distance runner among the athletes of the force, was last night presented with a clock by his colleagues of No. 5 division on the occasion of his marriage. Inspector Black made the presentation. Wednesday. The list of cases set for hearing on Wednesday: In re order of the board dated Feb. 23, 1905, granting leave to the G.T.R. to expropriate lands in Toronto for a Union Station; the board will consider the question as to whether the railway tracks at present laid along the waterfront of the City of Toronto should be maintained at the present level or raised so as to permit of the streets connecting with the lake front being carried under the railway. It will give further particulars to all those who write me within the next ten days. I must exact a promise of secrecy from everyone for my protection against those who give information—you can use my treatment on yourself in your own family, but you must not tell what it is to outsiders. I guarantee my treatment will in no way injure your skin. On the contrary, it will give it a soft, velvety feeling, and greatly improve your complexion, as well as banish unsightly lines and wrinkles. It takes only a few minutes to use it. Phyllys, 12 Innings --- Attendance 6192

NOTE AND COMMENT

The baseball season was opened auspiciously yesterday before probably the largest crowd that ever attended a first game in Toronto. The fans were amply repaid by a contest that opened like a pitchers' battle, first lapsed to hitless innings, then stretched miraculously to extra innings, and closed in a pandemonium of excitement, just as the great thing of the day.

What do you think of the team? Was a general question after the game. It was not Wally Woods' first time on the island grounds before a large crowd. He figured in their Eastern League the year of their war. He played first base and is said to have hit the ball harder yesterday, than he did not on so often.

Christy Matheson stands out prominently as the leading pitcher of the season in the big leagues. New York's star has won six straight games, of which two were shutouts. He has struck out thirty-two batters—more than five per game. Matheson has allowed but two home runs, has pitched one and one-half games and one four-hit contest.

Montreal's ten errors against Providence on Saturday constitutes a team record for the season in the Eastern League. The fighting game surely beats me. These of us who saw the Jeanette-Langford bout the night of the big New York black was a top-notch, and by the same token those of us who witnessed the Barry-Langford scrap at the Army A. A. sized up Barry as the top tough on a ham tree. Yet this same Jim Barry hands out a la Jackie for Jeanette, and thru his manager, Ted Murphy, talks of forcing Tommy Burns into a match. It's enough to make us sit down and do some hard thinking—Boston Journal.

Punny, isn't it, that Tom Longboat is obliged to rest on account of a carbuncle, and still is too busy to sit down. Thru the courtesy of Mr. D. Forsyth, honorary secretary of the O.A.P.L., a copy of the Ontario Football Annual, 1906 was received today. The book is edited by the honorary secretary, and is a credit to the association. It contains cuts of all the present and past officers of the association, together with cuts of the champion teams. The paper is first-class and the style of the book this year is neater than heretofore. It is a very useful book for every soccer player to have.

Belmont Park, the race track rival of McCauley Park, in that it is said to be the finest in America, opens today with the classic Metropolitan as the feature. This is the first of the big spring handicaps. It is worth a small fortune this season, for the winner will enrich his owner about \$10,000. In the aggregate, the race will be worth \$15,000, of which sum \$2000 will go to the second horse and \$1000 to the third. There were fifty-five nominations. Of this number seventeen horses were declared out of the race, with thirty-eight eligible to start. Of these the field will be made up of fifteen contestants.

Tasse Going to England. OTTAWA, May 12.—Mr. Emmanuel Tasse, ex-president of the Capital Lacrosse Club, leaves Ottawa Thursday for a prolonged visit to England and the continent. Mr. Tasse was recently appointed a member of the Canadian Olympic Committee, and while he previously contemplated only a personal holiday in his trip across the Atlantic, the committee is very pleased to find that a gentleman of Mr. Tasse's standing will be available to represent it in England and do the honors in a social way. Mr. Tasse will meet the Canadian track team on their arrival.

Bill Phyll's Drive for a Homer Saves the Day for Torontos

Leads in their half, Gettman leaping off with a single, but Wotel, after vainly trying to sacrifice, struck at the opportunity. Meres tied to Rockenfeld, while Bill Phyll was not given an at-bat, getting his base on balls. Cockman was called on a bad strike.

Only four Skeeters faced McGinley in the opening innings, and when Jake Gettman, the first batter for Toronto, came to bat in Toronto's ninth inning, the visitors were not backward in giving him a royal welcome, and it went right down the line, the fans not failing to welcome any of the champions, but Meres and Prick were the only two reciprocated with a hit in the first three innings, and the nothing doing sign was hung out.

It was the same story with the visitors till the fourth, when the whole band of Joe Bean's herd batted. Bean opened the ceremonies with a sacrifice, while Prick being retired at first. DeGroff walloped the sphere to centre, but the wind carried over second, before he was run down Mike had reached second, scoring on Brown's putting over second, his first this year. Welden-saul was put in to bat for McGinley and lined one right out at Gleason.

Leafs Tie Score. The Skeeters came right back in the fifth with a counter, thus retaking the lead of three, Mitchell now being on the firing line for the locals. With Bean put in for the way, DeGroff singled and putted second, crossing the plate on Hanford's single over second, while Meres rapped a liner to centre, but Gettman's throw beat Hanford's single over second, and Prick retired at first. DeGroff singled and putted second, thus cutting off any more run getting.

Leafs got to Franmler in their half of the fifth, scoring three and tying up the score. Gettman led off with a single, but Schafly's light was extinguished at first. Meres singled to centre, scoring while he was at it, while Prick, crossing the plate on Phyll's drive to right, which at Diamond Park was a record, scored. Phyll's drive drove the crowd wild, and the crowd followed suit with a single. Phyll scoring on Prick's drive down the line, the crowd followed suit with a single. Phyll scoring on Prick's drive down the line, the crowd followed suit with a single.

Phyll's Homer Counts. Gettman, the first man up for the Leafs, kicked to Mason on calling two strikes on him, and before he was ready Moore sent over another, Jake following Gleason. Schafly cut a base on balls, and Wotel ran for him. Meres fled to DeGroff, making two out. No use relating the story over again, but suffice to say Bill Phyll straightened out the lead for a homer, sending in the tieing run. Cockman got a life on Bean's fumble, but was out stealing.

In the tenth DeGroff smashed out the ball to the bow of the bleachers, the ball bounding back in, and on a perfect throw by Wotel, DeGroff was napped at third. This caused a strenuous struggle between the Skeeters, but they were firm. Hanford and Merritt were retired as they batted. Kelley was squeezed in base on balls in the tenth, reaching second, but Mitchell fouled to Vandergriff, who was mow catching. Woods batted his finger split by a foul tip over Prick's bat, he being the first batter in the tenth.

In the eleventh Rockenfeld and Gleason proved easy victims, but Vandergriff was issued a charity only to be forced by Moore. Tickets looked promising for the

Aorigines Win Out. In a closely contested game on the Canadian Bowling Club drives last evening between the Aorigines and the Rocks, who were tied for second place in the E. C. League, the Aorigines won out by the narrow margin of three pins in three games, total pinnage counting. The scores:

Win by Guessing Closely World's Baseball Contests

Mrs. Bulley Only 12 Out on Official Paid Attendance—Joe Edwards Gets the First and Second Runners.

No. 1 and 3 of The World's triple baseball contest were decided yesterday. Both looked easy, but the season tickets go to the winners, not that they guessed correctly, but because of their closeness. The official paid attendance was 6192, just 12 under the correct figure, and one better than Mrs. Fallan of Manning- ings of Galley-avenue had only 18 too many at the game, according to her estimate. Following are the best guesses:

Table with 2 columns: Name, Guess. Lists various names and their predicted attendance figures.

6023—Miss M. Walker, 76 Dundas. 6348—Miss Hazel Drury, 128 Simpson-ave. Mrs. Bulley was impressed of her good fortune by telephone last night. It was her only guess. A coupon being received at this office April 8.

Joe Edwards captures the most interesting contest—No. 4—of guessing how the Toronto's first three runs would score, and then he did not get accurate. Joe had the runners 1-2. Not another of the thousands of competitors had the men so well placed. Kelley was an outlier in the race and few mentioned the manager at all, the following being the exceptions:

Table with 2 columns: Name, Guess. Lists various names and their predicted scores for the first three runs.

6123—L. McDonald, 216 Delaware. 6123—M. Johnston, 226 Spadina. 6123—Mrs. Hill, 228 Dundas-st. 6123—Miss Eto, Howitt, 281 E. Gerrard. 6176—Mrs. A. Hallett, 207 University. 6178—Mrs. Fallan, 281 Manning. 6180—Mrs. Charles Bulley, 13 Withrow-ave. 6210—Mrs. A. P. Inglis, 207 Galley-ave.

Wonder how Patrick Powers liked his umpire! Will somebody please put a kink in the Baltimore team. Yes, Jersey City are here again. Better have the two umpires oppose each other today on the firing line.

Clement and Schafly were the only two who failed to get a hit. Grinshaw did good work on the coaching line, but will do better work when he breaks into the game. We miss Moore, How do you like the right field bleachers, Bill Phyll? Look pretty good, eh? If the ball club don't soon put a netting on the top of the grandstand, their surplus cash will be eaten up in leaks going into the hay. About two dozen went that way yesterday.

The press box will be a warm spot in the summer time, and a sprinkling cart will be needed to keep-down the just in front. If you have any friends you want tortured, send them into the press box. Baltimore may get Lozier, last year with Buffalo, from Cincinnati.

The wind was very bad yesterday on Jersey City last year, was the backstop for the Skeeters yesterday. Wally is about the best utility man in the league.

GOVERNMENT OR OPPOSITION?

Really the assurance of the chief organ of the provincial opposition is beyond description. To judge from its method of conducting political controversy it must regard the electors of Ontario as possessed of uncommonly short memories.

Premier Whitney admittedly received the support of many Liberals who had become weary and disgusted with the excesses of the machine. The demand for electoral purity had much to do with his unprecedented success.

At a meeting of the senate of McMaster University, held yesterday morning, it was decided to confer the following honorary degrees at To-Night's Convocation Ceremonies.

LIBERAL GOVERNMENTS AND LIBERAL PRINCIPLES.

In the concluding chapter of his recent volume on the position of the Canadian tariff during the last sixty years Mr. Edward Porritt, who has traveled much in the Dominion and has been for a number of years an assiduous observer of its political conditions, asks how it is that Liberal governments have been twice returned to power since the free trade betrayal of 1897.

"A political party once entrenched in power at Ottawa," says Mr. Porritt, "has many means of keeping itself in power, such as have long ceased to be available for a government at Westminster."

Dominion Government, "but," he says, "it has never had any terrors for civil servants whose election activities were in the interest of government candidates."

Another gross outrage on genuine Liberal and Reform principles—one too for which the present Dominion regime has been pre-eminently conspicuous—is the promise to constituencies of public works should the government candidate be elected.

These strictures are true and deserved. It is undoubted. There have been repeated examples of members of the Liberal Dominion Government professing what they represent to be Liberal and Reform principles who have held out the construction of public works as an inducement for the return of a supporter of the government.

RURAL CORPS SHOULD GO.

According to a report from Ottawa, the city regiments have carried their point and will attend the Quebec celebration at an expense which means the deprivation of that privilege from the rural corps.

While it may be reasonably urged that the city corps are entitled to more liberal treatment than is accorded the rural corps, a consideration of that kind can never warrant a discrimination amounting to gross injustice.

However anxious its political opponents may be to see the Dominion Government sign and seal its own death warrant they do not wish the Quebec celebration to be marred by the exclusion from it of the rural corps.

The Doctor Whose Patients Hang On

By HERBERT KAUFMAN.

Out in China all things are not topsy turvy. Physicians are paid for keeping people well and when their patients fall ill their weekly salary check is stopped.

An advertising medium must be judged in the same way. The fact that it has age to its credit is not so important as the age of its advertising patronage and the loyalty of its readers.

The combination of stability and progress is the strongest virtue that a newspaper can possess. Only the fit survive—reputation is a difficult thing to get and a harder thing to hold—it takes merit to earn it and character to maintain it.

Just as a manufacturer is always eager to install his choicest stocks in a store which has earned the respect of the community, just so a retailer should be anxious to insert his name in a newspaper which has earned the respect of its readers.

The following have completed the requirements for the degree B.D.: J. T. Morris, history of doctrine; J. T. Morris, history of doctrine; J. T. Morris, history of doctrine.

FARMER BADLY HURT.

STRATHROY, May 12.—(Special.)—Thomas Dodge, a prominent farmer of Iderton, was thrown from his rig at Pincocks mill, after which he was kicked in the face and about the head by one of the horses. His face bone was fractured and he received an ugly gash in the back of the head and several flesh wounds.

Thin Red Line.

In the act of 1904, I was thought that this difficulty has been brought about by imposing on the returning officers the duty of distributing the names. This duty was shirked by some of them, and they called upon Leech, the Liberal organizer in the province, to undertake the work.

with the secrecy of the ballot; adding in conclusion: 'I have to say, upon that point, and upon every other point of the bill, we are prepared to receive suggestions, to amend the bill if necessary so as to give effect to the policy contained in it, which is the secrecy of the ballot, without stifling the voice of the people.'

He is the right hon. gentleman, Mr. Laurier, 'mapped out or has he in many any modus operandi, copied into the bill, making it together under judicial authority?'

'I think so,' replied the prime minister. 'I think we will be prepared to do so at the proper time when we are in committee.'

An Appeal to Fairness. Mr. Wilfrid Laurier said at the outset that as Mr. Borden had applied to him 'in the name of fairness, of natural justice and broad equity' against the bill as it stood, he would not refuse to consider an appeal to fairness.

Conservatives did not go to the country on electoral lists prepared by their opponents; Liberals did not care to go to the country on lists prepared by their opponents.

On the government side there was a strong disinclination to abide by the lists prepared by the Manitoba Government. Sir Wilfrid declared that the statement that a similar act was prepared in 1903 and not presented to parliament was entirely wrong, but Sir Wilfrid admitted that at that time the supporters of the government from Manitoba were very anxious to have a bill brought in and this year the prime minister had yielded.

A Brockville special says: A long string of candidates nominated for the provincial legislature at the Liberal convention resigned in favor of ex-Major W. S. Neuell, who reviewed the political issues and made a strong defence of the administration of the Whitney government.

West Hastings Conservatives yesterday nominated another candidate for the legislature owing to the resignation of M. E. Morrison of Trenton, who had been nominated, but resigned in order to take the office of Sheriff of Hastings County. Three names went before the convention, namely, J. W. Johnson of Belleville, J. S. Dench of Trenton and S. F. Vandervoort of Sidney. On the second ballot Johnson was nominated, and the nomination was made unanimous. There was a very large attendance and unanimity prevailed. Speeches were made by E. Guss Porter, M.P., for West Hastings, and Sir Mackenzie Bowell.

A Fleisherton special says: The temperance people of Centre Grey met to nominate a candidate to run in this riding, I. B. Lucas, the ex-member and the Conservative nominee in the coming contest, was invited to give his temperance views and account for his vote in the house in favor of the three-fifths clause. After a great deal of discussion it was decided not to nominate anyone to run in the riding; only two voting in favor of making a nomination.

The Port Arthur Liberal convention adjourned until Thursday without selecting a candidate. At the Conservative convention in Spencerville yesterday G. Howard Ferguson was renominated for the riding of Grenville, defeating John Carson, who appeared as a temperance candidate. The choice of the convention was made unanimous, and the nomination was made unanimous, and the nomination was made unanimous.

New York Securities Under the Influence of Profit Taking—Toronto Exchange Dull.

World Office, Tuesday Evening, May 12. Dominion Coal made a strong advance at the Toronto Exchange to-day and only reacted fractionally when offerings were presented. The market on the whole was narrow and without any possibility of daily speculation. A fairly broad market was evidenced by the transactions to-day, but in the eyes of traders many of the deals were received as deals made purely for effect.

Wall Street Pointers. London settlement began to-day and quotations are now for new account. Rumors plentiful about Chesapeake & Ohio, but none of them authoritative or convincing.

Special session of New York State legislature opens. Receiver's report on Third Avenue most unfavorable, indicating large part of proceeds of last bond issue was never put into the road.

Average loss of net earnings by railroads in March smallest since October, in view of more economical operations. Birmingham reports foundry trade very dull and liable to continue so for some time.

American Beet Sugar Co. reports for year ended March 31, surplus \$633,312; increase \$48,530. Aggressive bullish activity in the stock market is temporarily transferred to the low and medium priced stocks while realizing goes on in the high priced issues, which should now be bought.

TRADERS TOO CRITICAL TO TRADE. World Office, Tuesday Evening, May 12. Despite the appearance of strength in some local securities, critical traders are not disposed to enter the market, on the grounds that the trading at present is much too narrow to take care of speculative transactions.

HERBERT H. BALL. We REQUEST your Letter Orders, as we have every facility for doing well business of this character, carrying, as we do, a VERY LARGE, WELL ASSORTED, UP-TO-DATE STOCK, as well as an efficient staff whose best knowledge and judgment are at your service.

Three consignments of BROWN FANCY WORSTED SUITINGS will reach us during the week. We will select a few suits for you or mail you samples, but the former is the surer way of securing the best patterns.

Spader & Perkins to J. G. Beatty: As long as operations looking to an advance can be successfully made by larger speculation in the market, the market will doubtless reflect optimism regarding the future, a feeling which has entirely overshadowed the actual existing conditions in commercial and manufacturing circles.

Ennis & Stoppard wired to J. L. Mitchell: The market opened active and heavy, especially the railroad list, with very heavy selling for foreign accounts.

J. R. Heinz & Co. wired R. B. Holden: The market opened active and heavy, especially the railroad list, with very heavy selling for foreign accounts.

Society's Week

THE Military Tournament will make a heavy call on society's attention this week. New clothes, new hats will be demanded. In the latter particular we claim that our store must be of unusual interest to everyone.

Silk Hats for men by the greatest of English makers—Henry Heath, who is better by appointment to His Majesty the King. We are sole Canadian agents of the Heath \$5.00 Silk Hat and for the Dunlop Silk at \$6.00.

Ladies' Millinery

Our department devoted to Ladies' Millinery is as exclusive as that for men's hats. Only the very latest designs offered for sale at moderate prices. No two designs alike and every one made from specially imported models by our own milliners.

Call upon us before you decide upon a new hat for the Tournament or Races.

LENGTHY INTERVAL NOW IN MARINE ENQUIRY

Judge Cassels Hasn't the Assistance Promised—Col. Anderson Still Bitter.

OTTAWA, May 12.—When the enquiry before Judge Cassels into marine department affairs adjourned this afternoon, it was probably the last that will be heard of this investigation for some months.

Judge Cassels said that tho he had been promised assistance in his duties as exchequer court judge in order to facilitate the investigation, such assistance had not appeared to be forthcoming. He had to leave for Maritime Provinces to-morrow and expected to be away six weeks. Following this there would be probably other cases pending and on September 1st he would have to leave for Manitoba and British Columbia.

Questions bearing on the patronage list were directed at Col. W. P. Anderson this morning. W. W. Stumblis was in charge of the patronage list. A complete set of these lists will be submitted later from 1891 downwards. Mr. Watson then took up again the relations between Col. Anderson and Mr. Fraser, the witness repeating the fact that he had no confidence in Fraser. He would prefer to say that he had no confidence in his experience. Asked if he had any suspicion as to others, he replied that what he had were only suspicions which he could not prove. Pressed for particulars, he said that the feeling all ran back to Mr. Fraser. He apparently had the final say in the department. He apparently would get his own way, and have his own plans as to lights and buoys carried out. Naturally that gave him the impression that Mr. Fraser had undue influence. To place that personally was difficult or impossible.

"Does that apply to the deputy minister?" Mr. Fraser inquired.

"Merely in this way, Col. Anderson replied, "that the deputy and Mr. Fraser seemed to work cordially together."

Some "Lack of Conscience."

"Merely in this way, Col. Anderson replied, "that the deputy and Mr. Fraser seemed to work cordially together."

MAJOR HAS WITNESSES'

Will Call 13 Men, Chiefly of Transcontinental Staff.

OTTAWA, May 12.—The special committee, composed of Messrs. Geoffrion, Macdonald, Carvell, Barker and Lennox, appointed to investigate the charges made by Major Hodgins with reference to the classification of material on the Transcontinental, met again to-day and was adjourned to to-morrow.

In discussing the conduct of the enquiry Mr. Carvell thought the proper course was to have the witnesses sworn. Frank Hodgins stated that the charges lodged were identical with those contained in Major Hodgins' letter and interview. "Nothing," he declared, "had been added, and nothing subtracted." It is understood that Major Hodgins will call 13 witnesses, chiefly connected with the Transcontinental staff.

KILLED UNDER ROLLER.

GORRIE, May 12.—At the farm of George Johnson, near Belmont, a young Englishman by the name of Hynes, only out from the old country a couple of months, was driving a hand roller and the team became unmanageable and Hynes was thrown under the roller and fatally crushed.

Wants Superannuation.

BELLELEVILLE, May 12.—Rev. Richard Duke, pastor of the Methodist Church on the Newburg circuit, and president of the Bay of Quinte Conference, asked to be superannuated for a year owing to ill-health.

Col. Anderson thought that had the commissioners consulted the responsible officers a great many things which they condemn could have been explained. Reflections on his own branch, he said, were based on misconceptions.

Questions were asked as to contracts with the Canadian Tug Signal Company. This company has John H. Northey for president and F. S. [unclear] for vice-president.

TAKEN AT PISTOL POINT FOR A CRUEL OFFENCE

Cornell Graduate Arrested at Seattle for Alleged Breach of Promise.

SEATTLE, Wn., May 12.—R. W. Fullerton, Cornell graduate and son of S. H. Fullerton of St. Louis, president of the Chicago Lumber and Coal Co., was taken at the point of a pistol by two New York detectives from his office Saturday, placed in an automobile and taken aboard the steamer Watson just before sailing for San Francisco.

The arrest was made on a requisition by Governor Hughes of New York.

John W. Collins, coast manager of the Chicago Lumber and Coal Co., received a short, hurried scribbled note from Fullerton Saturday night as follows:

"Am arrested and on my way to New York. Prerogative of habeas corpus denied me. Wire father full particulars. Too much ammunition in my face."

The young man is charged with a crime against Gladys Hobart of New York City and with breach of promise.

Requisition papers were obtained by Rowland Fitzsimmons as an agent of District Attorney Jerome on Friday at Olympia.

OBITUARY

Amicus Lodge No. 20, Knights of Pythias, at their regular convention last night, adjourned without transacting any business on account of the death of Bro. W. A. Murrell, who was the founder of the lodge. He had only been sick about a week, and his death came as a great shock to the members. His funeral takes place this afternoon at 2.30 from his late residence, 58 Elm Grove to Mount Pleasant Cemetery.

At Fergus—John Templin, carriage builder.

At Maxwell—Wm. Spencer, aged 77, suddenly.

The death occurred yesterday morning suddenly of John M. Gill, 332 East King-street, at the age of 53. Mr. Gill was a son of the late Martin Gill, principal of the old Falaise school, and deceased was secretary of the recent-fallen Palace School Old Boys' Association. He had been bookkeeper for Smith Bros., carriage builders. Two sons and two daughters survive. The funeral will take place to-morrow at 2.30.

The death is announced of the Right Hon. James Alexander Campbell, brother of the late Sir Henry Campbell-Bannerman. He was born in Glasgow in 1825. He represented in parliament successively the Universities of Glasgow and Aberdeen in the Conservative interest from 1880 to 1906.

James Watt, former secretary of The Globe, died yesterday, aged 74. He was at one time engaged in railway work.

At Winnipeg—W. O. McRobbie, ex-chief of fire department and formerly of the Montreal department, aged 70.

William Marshall, formerly commercial traveler for A. Somner & Co., of Montreal, died suddenly at his residence, 45 First-avenue. Deceased was born in Kingston 37 years ago. He had been connected with several firms in the capacity of commercial traveler and is well and favorably known by all commercial men in Canada, as well as the leading merchants from coast to coast, and was a member of the Commercial Travelers' Association, and highly thought of also by Kingston Old Boys. He was the third son of James Marshall of this city and is survived by a wife and three children.

Abounding Faith in the Future

At a time when many people are fearful about trade conditions, and the scarcity of money, we plead guilty to an attitude of abounding cheerfulness which overarches and underlies the entire policy of the business. We insist, and in no uncertain way, that the country has barely touched the outer-edge of its development and that the mere circumstances of "tight money" in no sense interferes with the growing needs of a rapidly increasing population. Eliminating the risk and uncertainty that always attends unwise speculation, the country is sound to the core and on a vastly better footing than at any time in the past. The country is growing at a rate that ought to encourage the most conservative, and in measuring up to it ourselves we're careful to build on broad-gauge lines and be ready for all the business there is.

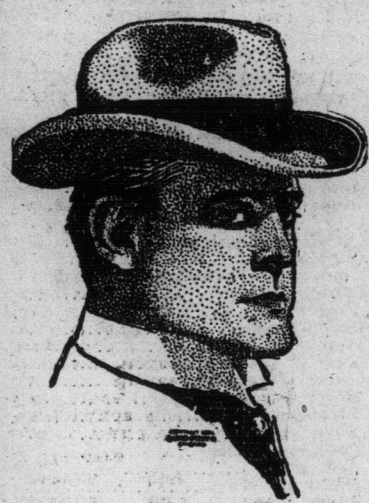

A Sale of Men's Hats

We Offer \$2.50 Hats for \$1.69 To-Morrow

The men's hat department has arranged for a big sale to-morrow. We are going to clear out the felt hats. Hard hats—soft hats—they must go. We calculated on a more forward spring than this. We can't wait on the weather, however. You may have a felt hat at cost or less if you get it to-morrow.

600 Men's Stiff and Soft Hats, all the very latest spring shapes, and extra fine quality, and made by the most famous English and American makers. Regular \$2.50 hats. Thursday, your choice for \$1.69

Half-Price Furniture To-Morrow

Don't miss Thursday's housefurnishing program in our furniture department. Over 150 pieces of furniture have been taken out our regular stock and ruthlessly reduced in prices for their quick removal. Nothing particularly the matter except a few scratches and our incessant call for more room. Beautiful new goods are arriving and we must make a place for them. Savings of 1-3 to 1-2.

Double Trouble.

Fate had the big mitt out for George and John Kelly of 42 Tate-street last night. They were arrested in a house on East Front-street, charged with trespass and arrived at the Wilton avenue station to find themselves confronting with warrants charging them with theft of \$11 and a watch from Robert Anderson of 19 Carlaw-avenue on the night previous. They are held on both charges.

Must Go Thru.

Justice Britton ordered, in the notorious case of the prisoner, that William A. Phillips go on with the deal of trading a \$6000 farm for two houses in Toronto Junction. Phillips claimed that the houses were over-valued and wanted to back down.

Findlay Verdict To-Day.

The jurors in the Findlay-McDonald case will report this morning at 9.30. It was after six when Prosecutor Blackstock finished his address and the jurors desired to have Justice Anglin's charge in the morning. The prisoner had registered there as "D. B. Van Norman" and wife" on Nov. 12, 1907. He represented himself as a diamond merchant.

Arthur C. Jennings, a florist from whom the prisoner had bought \$50 worth of flowers in 1907, swore that Findlay had given the name of Van Norman.

James C. Rush, clerk of the Rossin House, testified that the prisoner had registered there as "D. B. Van Norman and wife" on Nov. 12, 1907. He represented himself as a diamond merchant.
