R. L. MCCORMACK DIES INSTANTLY IN AUTO WRECK

Car Falls Over Embankment and is Overturned on Occupants.

TWO ESCAPE INJURY

Wife of Senator W. H. Sharpe Narrowly Escapes Fatal Injuries.

While turning down the townline leading to Uxbridge from the eighth concession, a mile and a half north of Uxbridge, at 11 o'clock yesterday morning, Robert L. McCormack, 236 Annette street, suddenly lost control of his automobile, which he was driving, ditching and turning it completely over, causing his own immediate death and the severe injury of Mrs. W. H. Sharpe, wife of Senator Sharpe, of Hamilton, Ont. The senator, who is a brother-in-law of Mr. McCormack, was also in the auto, but miraculously escaped injury beyond a shaking up. He was thrown out from the car just as he was about to leap out. Another to escape was Mr. McCormack's 11-year-old son, Sam. He crawled out from under the heavy machine without a bruise.

Road Was Bad

Where the accident occurred there is a very steep embankment as well as a narrow sandy road, which is thought to be responsible for the fatality. The heavy going caused the car to slip off the road, and in an effort to get back on it Mr. McCormack somehow lost control of the machine, which was a new high-powered car. This sent it headward about thirty or forty feet down the embankment, turning it completely over and pinning the occupants underneath.

As the senator was the only one not beneath the machine he, with the aid of a group of men who soon gathered around, extricated Mrs. Sharpe. Word was at once sent to W. H. Scott, 67 Indian street, who immediately came out to bring back the body of Mr. McCormack.

The party were on their way to visit Mrs. Harvey Green of Uxbridge, who is a sister of Senator Sharpe and a sister-in-law of Mr. McCormack.

Was Prominent Citizen

Robert McCormack was one of Toronto's leading business men, was born 64 years ago in the Village of Cashel, Markham Township. As a lad he moved with his parents to Uxbridge, where he entered his father's lumber business, and about 30 years ago moved to West Toronto. He was a pioneer in that part and took an active interest in its welfare, being a member of the Junction Council for many years.

His business interests were very extensive and included a directorship in the following companies: Crown Life Co., Merchants' Fire Insurance Co., Gould, Leslie Bill Post-Office, Conner-Lehigh Coal Co. He was also a member of the Ontario, McCormack, Irvin and Co., large coal and lumber dealers. He was a member of the board of the Albany Club, and a charter member of the Black Preceptory, McCormack L.O.L., and the Stanley Masonic Lodge. He also held the position of elder in the Victoria Presbyterian Church. His wife predeceased him three months ago.

Two Soldiers Killed

McCormack of the 5th Battalion and Gunner Robert of the 10th Battalion, both at the front, survive him as well as a third son, Sam, at home. He is also survived by five daughters: Mrs. W. H. Scott, 67 Indian street, and the Misses (Concluded on Page 4, Column 4.)

Seek Mineral Deposits

London, Sept. 23.—Dr. Christopher Addison, minister without portfolio in charge of reconstruction, speaking at Huddersfield last night, referred to the activity of the Germans, who, he said, were endeavoring to obtain supplies of materials for munitions and building from different parts of the world. The Germans, he intimated, have been making, and still are making, efforts to acquire control of great mineral deposits, even attempting to purchase them in England during the war.

GERMAN ATTEMPTS SHARPLY REPULSED

Canadians Effectively Deal With Enemy Raiders Against Outposts.

MUCH AIR ACTIVITY

Enemy Aviators Redouble Excursions to Assist Long-Range Shelling.

By Stewart Lyon.

Canadian Headquarters in France, via London, Sept. 23.—Occasional attempts to raid our outposts sharply repulsed, are the only evidence of any infantry activity on this front. The use of gas shells in considerable numbers is another device of the Germans which requires constant vigilance at night on the part of the men in our trenches.

There has been a marked renewal of the enemy aerial activity in the past few days. This seems to be associated with the increase in his long-range shelling on the back areas and the counter-battery work. In this department activity has been a patient student and imitator of our methods, but as yet not a very successful one. The battle plane activity has also increased, and during the clear sky are not infrequent. All thru the back area, in which the corps has its billets, the sound of machine gun, rifle, and bombs are heard in the hand.

REGISTER DEALERS IN FRUITS AND VEGETABLES

Food Controller to Require Statement of Purchases of Apples.

Ottawa, Sept. 23.—An order is in preparation requiring all wholesale dealers in fruit and vegetables throughout the Dominion to register with the food controller. There is also in preparation a further order which requires that a statement of all purchases of apples from the fruit-growing districts shall be filed with the food controller. The order covers contracts entered into for the 1917 crop.

BRITISH AERIAL FLEET AGAIN BOMBS BELGIUM

Naval Squadrons Attack Thourout, Courtemarck and Ostend.

London, Sept. 23.—British naval squadrons continue to make bombing raids on military establishments in Belgium. An official statement issued today by the admiralty says: "On Friday night our naval aircraft carried out bombing raids on the Thourout and Courtemarck railway stations. The Thourout station and lines were hit and a fire resulted. At Courtemarck the station and other buildings were on fire. Bombs were dropped on the docks at Ostend on Saturday. All our machines safely returned."

Belgians of Fourteen Employed at Munitions or Ships.

Havre, Sept. 23.—The German military authorities at Bruges, Belgium, are conscripting forcibly all the boys and men of that city between the ages of 14 and 60 to work in munition factories and shipyards. The rich and the poor, shopkeepers and workmen, all are being taken, only the school teachers, doctors and priests escaping. The Germans virtually conducted raids in the streets and in their homes, in the streets and in all public places. The provincial committee has been ordered by the Germans to release 75 per cent of its staff.

ENGLISH RIFLE REGIMENTS ADVANCE AT LANGEMARCK

Brilliant Pursuit of Germans After Defeat in Counter-Attack Produces Considerable Success.

London, Sept. 23.—British troops, after repulsing a German attack northeast of Langemarck, in Flanders, early today, attacked in turn and captured additional defences from the Germans, as well as a number of prisoners. The official report from British headquarters in France tonight adds that on the rest of the Ypres fighting area the British are consolidating their new positions. The text of the statement reads:

"At dawn today an attack delivered by German storming troops northeast of Langemarck was repulsed completely, the enemy leaving 25 prisoners in our hands. English rifle regiments then attacked in turn, and after sharp fighting captured a further portion of the German defence system in this neighborhood, with a number of prisoners. On the rest of the battlefield the organization of our newly-captured positions is proceeding."

Enemy Counter-Attacks Die Down on Menin Road—What British Have Captured They Solidly Hold—Intense Cannonading Continues.

By R. T. Small, Staff Correspondent of the Associated Press.

British Front in France and Belgium, Sept. 23.—That phase of the battle of Flanders which occurred last Thursday and which has been characterized as the battle of Menin Road, was today largely a matter of history. Hard local fighting was still in progress at a point west of Gheluvelt, known as Tower Hamlets, but despite the determined efforts of the Germans to regain the ground they lost here, they were unable to dislodge the British troops, who had battled their way forward so gallantly over the marshy, wooded ground west of that place.

The enemy still clung to a few defensible positions on an elevation near Tower Hamlets, but their possession in no way affected the general situation. Elsewhere along the front of the British offensive there has been no change in the situation. An intense artillery duel continued, but the enemy had abandoned, at least temporarily, those futile and costly counter-attacks which marked the first day's fighting.

The German military code in the past has taken little count of losses in men, if results could be achieved. In the present instance the German counter-attacks have not only been costly, but useless, for the British artillery has in a majority of cases torn the advancing columns to bits and driven the survivors back in hasty retreat. How great the German losses have been it is, of course, impossible to estimate, but it can be stated definitely that they were extremely severe. Prisoners say that their casualties during the last few days of the British advance were as follows:

After the negotiations between the Great Northwestern Telegraph Company and the G.N.W. operators were finally broken off at a meeting at the Prince George Hotel on Friday afternoon, at which the manager of the company refused to accept the award of the board of conciliation, which was made last Wednesday, the operators of the telegraph company after lengthy consideration decided to take a vote by wire as to whether they would walk out or not, the result being a unanimous decision to walk out this morning at 11 o'clock. There was not one dissenting vote from Campbellton, N.B., to Calgary, Alta.

POSTPONEMENT OF RISE IN MILK PRICES URGED

Producers and Dealers Asked to Stay Action Until Food Controller's Committee Report in November—Local Producers to Consider Course Today.

Ottawa, Sept. 23.—All milk producers and all wholesale and retail dealers in Canada, engaged in the supply of fresh milk for daily consumption, are earnestly requested by the food controller to make no advance upon the prices for milk obtainable in their district on September 24 until the committee appointed to deal with milk supply and prices have reported on what action, if any, should be taken. It is expected the committee will begin its work during the week of September 24 and should be in a position to report by November 1.

London, Sept. 23.—(Via Reuters' Ottawa Agency.)—Telegraphing today from British headquarters in France, Reuters' correspondent says: "The situation is unchanged upon the new front, created by Thursday's great victory. This most satisfactory news means that the Germans' costly efforts have been in vain. What we have held."

WILL CONSIDER SITUATION

E. H. Stonehouse, Weston, president of the Toronto Milk Producers' Association, told The World last night that he had summoned a meeting of the executive today to consider the request from Ottawa. His opinion was that the increased price should be permitted to go into effect pending the proposed investigation.

Dealing with the price paid for milk by the evaporating plants, Mr. Stonehouse said that, taking everything into consideration, it was practically equivalent to the new price fixed by the producers to be charged the dairies. "We are asking \$2.30 net only, per can, while buyers representing companies in the United States have been paying as high as \$2.47 1/2 net per can, in the neighborhood of Brockville, for milk to be taken across the border."

## Continuing the Special Features for Opening Week

### The Second Day Offers a Wealth of Selection in Handsome Floor Coverings

Original Designs as Well as Magnificent Reproductions of Rare Old Persians, Quaint Egyptian Motifs in Oriental Colorings, and Characteristic Modern Styles — These Are the Superb Patterns Seen in Many of the Wilton Rugs, Foremost in the Fall Showing. Prices \$42.50 to \$125.00. Also Axminster Squares, Specially Priced, \$26.50 to \$54.00.

**T**HE LURE OF THE ORIENT is in the lovely shadings and deep tones of these Wilton Rugs. Moreover, they are immensely practical, with their thick, heavy pile, woven in harmonious colors of blue, rose, olive and ivory.

The choice of your new floor coverings for the Fall and Winter months will assuredly be a simple matter when you see the display of charming rugs featured for the Opening. Among them are:

Fine English Wilton Rugs, just received from some of the famous English mills—one of the very few which are still permitted by the British Government to manufacture rugs because of their recognized standard grade. Rugs which will wear a lifetime. Rugs whose colorings and designs represent the highest efficiency of well-known artists, both in original designing and in splendid reproductions of old models. The delightful colorings include a rose ground Persian pine design with dark blue and cream border, blue medallion centre with rose border, or a rich Fereghan, dark blue ground with rose border. These rugs may be had in various sizes, a few of which are mentioned:

Size 6-9 x 9-0. Each .....	\$50.00	Size 9-0 x 10-6. Each .....	\$75.00
Size 9-0 x 12-0. Each .....	\$85.00		

Seamless Wilton Rugs, English make, of fine weave, showing splendid copies of the Kirmanshah in soft shades of rose, ivory, olive and blue; or the Anatolian in medallion style, reseda green ground with ivory, rose and cream; also small Persian styles in rich colors.

Size 5-5 x 7-11. Each .....	\$42.50	Size 6-6 x 9-10. Each .....	\$57.50
Size 9-0 x 10-6. Each .....	\$87.50	Size 9-0 x 12-0. Each .....	\$97.50
Size 10-6 x 13-6. Each .....	\$125.00		

Egyptian designs in fine qualities of English Wilton Rugs are attractively colored, and depict the wonderful drawings of the artists of olden times. Blue grounds, grey and drab, or dull black and grey with harmonizing colors in a rich detail; the colorings in one particular rug represent the Sands of the Desert. Excellent rugs for a living or dining-room.

Size 8-3 x 10-6. Each .....	\$65.00	Size 9-0 x 12-0. Each .....	\$75.00
-----------------------------	---------	-----------------------------	---------

A special attraction for Tuesday will be Seamless Axminster Squares marked at much less than to-day's values. They are the direct result of a big mill purchase. ### Continuing the Formal Opening in Modish Fall and Winter Millinery

With a Special Display on Tuesday of Smart Ready-to-wear Hats, Including New York and Paris Models. These Emphasize the Vogue for Velvet, Hatter's Plush, and Simple Trimmings. Prices \$5.00 to \$10.00.

**T**HE SECOND DAY of the Fall Opening is devoted particularly to the showing of modish Ready-to-wear Hats. Charming examples of the new mode, fashioned from velvet, panne velvet and hatter's plush, sometimes in solid colors, often with crowns or brims in contrasting shades. To mention a few of the noticeable features and styles:

In types the rolling sailor is promised wide patronage, although the wide-brimmed hats with a slight droop are very smart. The closer-fitting styles, tricorne and draped turbans are shown a great deal, tam crowns being accorded high favor for youthful wearers.

The trimming is simple, often a tailored bow sufficing as ornamentation. Pippings, pom-poms, fancy mounts, ostrich and glazed ribbon are noticed among the fashionable trimmings. One chic model in the display has a plain velvet brim, pressed at the edges to form points. Another has a soft crown, made entirely of chenille. Many of the new models have sharp turns at the side, and it was observed that the small hats have high trimmings, while the large hats favor flat effects.

A decided novelty are the military motor hats, fashioned from velvet and resembling the styles worn by Canadian, American and French soldiers, also those worn by members of the aviation and cycle corps.

The season's colors feature purple and taupe as leading shades, with Burgundy, wine, navy and black likewise popular. Among the delightful combinations are brown and taupe, brown and burnt orange, flame and black. Prices, \$5.00 to \$10.00.

### Specially Priced for Tuesday Are Ready-to-wear Hats at \$6.00

An array of smart hats fashioned from velvet and hatter's plush, in black, navy, taupe and brown. There are rolling and drooping brimmed sailors, soft turbans with draped crowns, close-fitting effects and matrons' styles. Many have colored facings or crowns. PULPITS DISCUSS SOLDIERS' WELFARE

Associated Kin Sunday Brings Special References in Many Churches.

A NEW SOCIAL ORDER

Preacher at St. Alban's Cathedral Calls for New Order of Democracy.

Yesterday was Associated Kin Sunday in many of the Toronto churches, when the aims and objects of the association were outlined by the various speakers.

At St. Alban's Cathedral, Rev. A. J. Ribourg, D.D., preached on St. Alban's Cathedral, morning on "The Nation's Debt to Its Heroes," explaining the purpose of the Associated Kin of the Canadian Expeditionary Forces and showing that the most efficient way for the generation to repay its debt of honor to its defenders was by preparing for the returned soldier and his dependents a social order in all ways superior to the social order he was accustomed to see before the war.

Dr. Ribourg said in part: "The distinctive note of every modern social effort must be not only a curative, but a preventive, and a constructive effort, to the end of the establishment of justice and the maintenance of democracy, regulation of hours and conditions of labor, the securing of a living wage, reduction of the cost of living, housing reform, care of the public health, government control of life, and the social readjustment and reconstruction of a depressed humanity.

A writer in the London Times said some time ago: "It is not one man's oratory that is the thing that moves thousands who hear and read, working off what all by the individual efforts of us thousands at home, working out our own salvation with as much vigor as we can in the millions in the fighting line."

Man, representing the operators, gave the operators a general increase of from 85 to 115 a month, which is the same as the Canadian Pacific Railway Company's telegraph rates, while the minority report, signed by F. H. Mackay, of Montreal, represented a 10 per cent increase, but only an increase in a few specific cases.

The union, T. W. Crothers has been notified of the men's intention to strike, but up to the present no word has come from him.

Company Not Heard From. An Ottawa despatch received last night said: Officials of the department of labor state that no word has yet been received from the Great North-western Telegraph Company as to its acceptance or rejection of conciliation made by the board of conciliation.

At the Morley avenue Methodist Church Capt. W. C. C. Innes, hon. secretary of the Toronto branch, said it was up to us to keep our country clean for the sake of those who had fought with them on their return, and demand that the rights they ask should be given them and to demand justice and right for ourselves.

Under the auspices of the Khaki Circle Club, an enjoyable corn and winter roast was held on Saturday evening on the vacant land north of St. Clair avenue, Earlscourt.

HELD WOMAN'S HAND MUCH AGAINST HER WILL

Offender Was Mail Box, and It Had to Be Pried Loose.

To stand at the corner of Yonge and Adelaide streets for over half an hour with her hand caught in a mail box was the trying experience that a woman, whose name the police did not ascertain, underwent Sunday night. The woman was posting a letter in the box, which is one of the few of the old type in the downtown section of the city, and the stone of a large turquoise ring which she was wearing caught on the side of the box. She evidently put her hand too far into the box, and despite the efforts of the police and a number of people who had gathered around, it was 10:30 before the woman was released from being a prisoner of the letter box. The police sent to the general postoffice to have someone sent over with a key to open the box, so that the police could reach into it and take the ring off the woman's finger. For some unknown reason, however, the postoffice authorities did not send a man, and Police Officer Turner stopped a passing motor car and borrowed two motor wrenches. With these he pried the mail cover off the box, and successfully released the woman's finger.

HELD MEMORIAL SERVICE FOR LATE HARRY RYRIE

Prominent Citizens Join in Honoring Memory of Y.M.C.A. Supporter

A memorial service to the late Harry Ryrie, secretary-treasurer of Ryrie Bros., jewelers of this city, was held in the main auditorium of the Central Young Men's Christian Association, Toronto, on Sunday afternoon, many prominent citizens taking part in the ceremonies.

The speakers were A. T. Reid, W. A. Kemp, G. A. Warburton and S. J. Moore, who paid many tributes to the memory of the late Mr. Ryrie. Always known for his generous and whole-hearted support of the Y.M.C.A., he was usually one of the first to take up any new plan for the benefit of the Y.M.C.A. men of Toronto, with whom he was a general favorite.

Elderly Man's Heroic Action Saves Life of Small Boy

Thru the heroic action of Samuel Saunders, 62 years of age, 13 Brooklyn avenue, six-year-old John Henderson was saved from being drowned in the Don River Sunday afternoon. Young Henderson was playing on the banks of the river with a number of other boys near Eastern avenue when he slipped and fell in. Saunders, who was walking along the bank, and at 3:30 walking along the bank, saw the boy and immediately jumped into the water, and when he got to Henderson, the latter was clinging to a log. The boy was able to go to his home at 37 Lewis street after being attended by a doctor.

ITALIAN PROGRESS ON JULIAN FRONT

Violent Concentrations of Fire With Attacks Fail Austrians Again.

ANOTHER GOOD GAIN

Allies Advance in Selo-Rocogliano Region to Better Positions.

Rome, Sept. 23.—Gen. Cadorna's forces made progress last night at several points on the Julian battlefield. In the Bainsizza plateau the Austrians, after a violent artillery preparation, repeatedly attacked the Italian positions in the region of Kall and west of Volnik, but were repulsed. The text of the statement follows: "In the Marmolada region on the night of Sept. 21-22, by exploding a mine which we had prepared after long tunneling work, our parties were enabled to penetrate two advanced positions of the enemy and to establish themselves."

"In the Bainsizza plateau violent concentrations of fire and repeated attacks carried out by the enemy against our positions in the Kall region and west of Volnik, but were repulsed."

"In the neighborhood of Rocogliano and Selo we advanced our line of observation, thus rectifying it in our favor."

"On the Carso yesterday the opposing artillery was more active than usual."

"The official communication from headquarters yesterday reads: 'Along the entire front there were brisk artillery duels, more intense in the upper Cordevole Valley. In the region of Bainsizza plateau and the Selo region in the Carso, in a patrol action northeast of Gorizia some prisoners were taken.'

"Three of our airships last night attacked enemy encampments in the Chiapovano Valley, the station and huts at Grahovo and railway works northeast of Prosecco. The operation rendered very difficult by a sudden adverse change in the meteorological conditions and by the enemy's most intense and well directed fire, was brilliantly executed and the objectives were bombarded with four tons of high explosive bombs."

AVIATOR SERIOUSLY HURT IN LEASIDE ACCIDENT

U. S. Cadet Miller of Leaside Aviation Camp, had both his arms broken and sustained a severe scalp wound Saturday morning when struck by the propeller of an aeroplane. The aviator, standing near the front of the machine conversing with a friend when another aviator, preparing to ascend, started his engine. The propeller blades struck Miller with terrific force and hurled him to the ground. He was removed to the Base Hospital, East Gerrard street.

DR. GEO. H. CLEMENS DIES OF HEART FAILURE

Well-known Member of Medical Profession Is Found Dead in His Bedroom.

Stricken suddenly with heart failure on his return from visiting a patient early yesterday morning, Dr. Geo. H. Clemens, 1332 West King street, was found dead in his room by his housekeeper. Dr. Clemens had been subject to weak spells on account of his heart. He was bowing on Saturday afternoon at Parkdale Bowling Club. During Saturday night he was called to a case. Early yesterday morning his housekeeper heard his telephone ringing. She knocked on his door, but received no answer and entered the room. Dr. Clemens was lying dead on the bed. He evidently had returned from his visit, removed his coat, and dropped dead.

Dr. Clemens was 51 years old, and was born in Waterloo County. He attended the Chalmers High School and graduated from the University of Toronto in 1880. He practised medicine in Berlin and Port Perry and came to Toronto in 1924. He is survived by one son Louis. The funeral will be held at Port Perry on Tuesday.

FARMERS FORCED TO KEEP PRODUCE

Promoters of the Scheme Are Pleased With Results That Are Obtained.

The efforts of the Farmers' Co-operative Society, together with the moral support of the York Highways Commission, to bring the city man and the farmer in closer touch, excluding the middlemen, in the Village of Unionville on Saturday, was a huge success, judged from the standpoint of numbers, but whether the results from a financial standpoint were altogether satisfactory is problematical. A week ago it was the farmers' inings, which would not take second place with any other association of its kind in the Dominion.

"We who have given from the very flower of our produce will organize to stand shoulder to shoulder in order to be in a position to get a square deal for the men who are fighting."

"A good deal is said by people in Toronto about our association over-lapping," said Dr. Gordon Wright, president of the Associated Kin. "This is not so," said the speaker. "The primary object is to make a Dominion-wide organization of Christian good-will and blood interest, and for that we, the blood relatives, are in duty bound to stand behind our men in the fight."

"The associated kin going to link up with the Great War Veterans' Association," asked Geo. R. Ellis. "We have no idea of opposition to the Great War Veterans' Association," said Dr. Wright.

"J. Thacker said: 'As the associated kin does not back up the G.W.V.A., the associated kin will not lose any longer as the men who fought are going to run the country in the near future.' The speaker pointed out that there is no such thing as a free lunch, and that the men of Earlscourt, Wychood and district had enlisted in such large numbers the Canadians would have cause to be ashamed of themselves. 'We cannot all be great war veterans, but we can back up the associated kin,' said Mr. Thacker.

YORK COUNTY AND SUBURBS EARLSCOURT HEARS HIGHWAY MARKET OF ASSOCIATED KIN OPENED SATURDAY. Objects of Organization Are Reviewed at Well-Attended Meeting. Innovation at Clarkson Will Prove Boon to Food Consumers. MEDIUMS ELIMINATED Fruit and Vegetables Obtained Direct From the Farmers.

Considering the hurried organization and the slight advertising campaign, the initial highway market and fruit-growers' exchange, conducted Saturday at Clarkson, opposite the Carman Church on the Toronto-Hamilton highway, was declared by the promoters an unqualified success and an indication that the next one would be a still greater success.

There was also an abundance of fruit, which was eagerly bought on account of the scarcity of five, six, and seven-cent baskets of Duchesse, Astracha, Wealthies and Snow apples sold for 75 cents while baskets of the Chabrand of pears were bought for 75 cents. Plums also sold well, the variety going at 90 cents a bushel, and the Burbank at 80 cents.

Speaking to a reporter for World, Sydney Preston, secretary of the Earlscourt branch of the market will be run on a petitive basis, each farmer fixing own prices so that the consumer will not be the victim of monopoly.

**TRAINING SHIP  
 NOW DEDICATED**

National Sailors' League Takes  
 Over Vessel for  
 Boys' Work.

**TO MAKE SAILORS**  
 New Organization to Endeavor  
 to Instill Love of the  
 Sea.

A ceremony that was unique in the history of Toronto was witnessed Saturday afternoon when Canada's first training ship for boys was duly commissioned with all ceremony in the presence of a large and enthusiastic gathering opposite the club house of the R.C.Y.C. at Centre Island.

The special boat to carry from the city those who were to take part was not sufficient, and two others were requisitioned into service before all who wished to see the inaugural ceremonies were accommodated. The passengers were landed at the wharf of the Royal Canadian Yacht Club, where the vessel that was to be the scene of the first part of the function, was moored. The band of the Governor-General's Body Guard was in attendance and the wharf and the lawn in front of the club house and along the water-front were lined with thousands of interested spectators when Rev. J. Russell Maclean, president of the National Sailors' League, took the initiative as master of ceremonies.

Membership Already Large.

One hundred boys from nine to sixteen years of age in sailor uniform lined up at the side of the vessel which is to be the training school, and with rifles in hand stood in attention while the inauguration prayer was said by the rev. chairman. In a few introductory words Lady Willson was invited to perform the office of inaugurating the movement of which the ship is the sign. Complying, she cut the cord by which the Union Jack hung along the side of the boat, and at the moment the cord was released the British emblem was drawn so the masthead, accompanied by a double line of small flags, the brightly colored emblems were flung to the breeze the band played the national anthem, a salute of guns was given, the boats blew the national salute, the sailor lads who manned the vessel cheered, and the "Commodore Jarvis" was started on a new line of service.

At the moment the cord was released the British emblem was drawn so the masthead, accompanied by a double line of small flags, the brightly colored emblems were flung to the breeze the band played the national anthem, a salute of guns was given, the boats blew the national salute, the sailor lads who manned the vessel cheered, and the "Commodore Jarvis" was started on a new line of service.

Later from the steps of the yacht club addresses were given by Rev. R. McLean explaining the objects of the movement. It aimed to give boys a knowledge and opportunity that would make them take to the water. He said that \$10,000 would be required to properly equip the ship and the 200 boys who are now in membership, and he asked for support from every possible quarter. Mr. McLean thanked the Canada Steamship Company for the gift of the vessel. Announcement was also made of a grant of \$1,000 from Sir Edmund Osler, \$500 from Commodore Jarvis, and the gift of a launch from E. B. Collett.

Commodore Jarvis, who followed, spoke on the importance of sailors to the empire. The carrying nations are they who dominate the world. The league just started, he referred to, he said, that if it is successful in getting 1000 boys a full-rigged ship will be given for their training. Like the previous speaker, he referred to the yacht club which from small beginnings in 1862 had developed into the largest in the world, that of New York, and he urged that the movement be carried on.

On behalf of the government Hon. W. D. McPherson expressed regret at the unavoidable absence of the premier of Ontario, Sir William Hearst. On behalf of the city and in the absence of the mayor Ald. Ryding wished success to the movement, and hoped for financial assistance from the city, and that the government would double the pay of soldiers and sailors.

**GLYN OSLER'S OFFICE,  
 PARLIAMENT BUILDINGS**  
 Registrar Will Commence Duties  
 When Proclamation Issues.

If arrangements can be made with the Ontario Government, parliament buildings is likely to be the headquarters of Provincial Registrar Glyn Osler. No word has yet been received from Ottawa as to when registrar will commence his duties, but it is probable that he will start immediately the proclamation calling for a first class to the colors has been issued.

Col. H. A. C. Machin, M.L.A., for hours, and a member of the military service council, was in consultation yesterday with Registrar Glyn Osler regarding the preliminary arrangements for tribunals in the Keeweenaw district.

It is understood that the government will shortly issue buttons to men leaving the barracks under the Military Service Act. They will be issued to men who have reported for duty and who are awaiting the call to the colors to man the work, and men engaged in essential employment, to men exempted for domestic reasons, and to men totally rejected as physically unfit for service.

**SONGS AROUND A CAMP FIRE.**

The old negro melodies have always a peculiar appeal—"Carry Me Back to Old Virginia," "Darling Nellie Gray," etc. These songs are reproduced on Victor record 1315, and you can imagine you see the singers gathered around the camp fire in the evening. Sold now by Ye Olde Firm of Heinzelman & Co., Ltd., Heinzelman Hall, 193, 195, 197 Yonge street.

**SPECTACULAR PICTURE  
 AT THE STRAND THEATRE**

"The Public Be Damned," Said to  
 Be Very Timely Production,  
 is Showing Today.

For today and for the whole of this week there will be presented at the Strand Theatre the great spectacular photoplay, "The Public Be Damned." Manager Robson is to be congratulated on having secured this feature, which has created an unparalleled and unprecedented furore in every city of the United States in which it has been shown, and which is fairly certain to achieve something sensational in Toronto. As Toronto was all known to our cost what is the burden of the high cost of living—and in particular of the high cost of food. "The Public Be Damned" deals with the problems not only of food conservation, but of food distribution and of price control. It has an irresistible appeal to all who are suffering from the soaring of prices has meant to the people who are suffering the well-nigh intolerable strain of the war. It is a very serious study of profiteering.

The public expect that the food controller will bring prices down with a jump. And if the methods of the food profiteers are in any degree wise, "The Public Be Damned" portrays them as being, it is well-nigh time that he did so. Of course it may be said that the conditions with which "The Public Be Damned" deals are conditions in the United States. And no doubt that is so. But at the same time it is obvious to anyone who keeps half an eye on the ever-upward trend of prices of every kind of food that conditions more or less equally bad obtain in this country. Now Mr. Hoover, the food controller of the United States, estimates that in the last five months over two hundred and fifty million dollars have been extracted from the normal profits of manufacturers and distributors. Our population is roughly something like that of the United States. So that if the same thing has been going on here on anything like the same scale there must have been extracted from the Canadian consumer, within a like period, something like twenty million dollars in excess of the normal profits of the manufacturers and distributors. This is to say, an extraction in excess of such normal profit to the tune of about four million two hundred thousand dollars a month, or one million and forty thousand dollars a week.

These figures are substantial ones. They are full of interest, too, to all who realize that the illicit extraction has come largely—in fact, mainly—from the pockets of the less well-to-do in the community. On all sides we hear of the big concerns increasing their reserves and paying bigger dividends; while the poor, struggling wretchedly even on that which is reckoned a sufficient salary, can scarcely manage to live. It is because "The Public Be Damned" shows with such compelling force the cause and the crime of this state of things that it makes a universal and irresistible appeal such as will elicit an emphatic response from Torontonians this week.

**TWO THOUSAND DRAFTEES  
 ARE EXAMINED IN WEEK**

With 182 up for examination and 41 attended Saturday morning, the first week of medical examination under the new Military Service Act closed with a total of 2,093 men examined, out of which approximately 929 were classified in category A, fit for general service in the trenches, or wherever the military authorities deem it best to place them. Those of class B, yesterday numbered 89, class B 32, and class C 30. Thirty-one were rejected. The attested men, 80 of whom were from the United Kingdom, were assigned to the following units: 1st C.O.R., 20; Y. and S. Forestry Co., 6; 2nd C.A.S.C., 1; 2nd C.A.M.C., 1; 2nd Field Co. Canadian Engineers, 4; Forestry Dept. for December 10, and party conventions are delayed in anticipation of a union cabinet being formed.

**Pains Over  
 Left Kidney**

Warned This Captain That  
 the Kidneys Were Responsible for  
 His Pains and Aches—Freed  
 of Pain and Suffering by  
 a Well-Known Medicine.

Hersford, Que., Sept. 22.—Captain Peabody is well known all through this section, and his cure by use of Dr. Chase's Kidney-Liver Pills has aroused great interest in this great medicine.

The captain had been suffering for a long time, and could never get any relief from a long list of leading medical men. He had begun using Dr. Chase's Kidney-Liver Pills.

Captain A. Peabody, Hersford, Que., writes: "For years I suffered from indigestion, rheumatism and neuralgia. Lightninglike pains would shoot all through my body, and I also had severe pains over my left kidney and through the hips. I doctored for years and tried all kinds of remedies, but the only result was money spent without relief. At last I read in Dr. Chase's Almanac of his Kidney-Liver Pills and decided to try them. One box made such a change that I sent for five more. Before I had finished them the pains in my kidneys and hips had disappeared, and I was clear of those sharp, shooting pains through the body. I still take these Pills occasionally to keep my bowels regular, and would not be without them as I have them to thank for my cure.

"I can also speak highly of Dr. Chase's Catarrh Powder and Linseed and Turpentine. This former cured me of catarrh in the head, which caused frequent headaches. I am completely cured of this now, and breathe freely, even when a boy. The use of turpentine proved of great benefit, for a bad cough which bothered me continually for three winters I took one bottle of the Linseed and Turpentine, and have not been bothered with a cough since."

Dr. Chase's Kidney-Liver Pills, one will cure 25 times a box, all dealers. Ed. Edmondson Rates & Co., Limited, Toronto. Don't be talked into accepting anything said to be just as good. Imitations and substitutes only disappoint.

**SEE THE EXHIBITS  
 OF FARM PRODUCTS**

Those Interested in Back to  
 the Land Movement  
 Will Profit.

Lately there has been a great deal of talk about "back to the land," and today there is materializing, as our young people are really taking to agricultural pursuits. Too many of them have the idea that the west is the only available place, but our own north country—the great big Ontario, known to so few—should not be overlooked.

Anyone interested in making a new start on a farm should not fail to see the wonderful exhibits at 172 West Front street, the home of the colonization and immigration department of the Ontario Government. This exhibit of grains, grasses, seeds, fruits and vegetables was arranged under the direction of Hon. G. Howard Ferguson, minister of lands, forests and mines. It was shown at the Canadian National Exhibition at Toronto, and at the Ottawa Exhibition. During this time over eight thousand people registered as interested in the country.

The districts of Kenora, Thunder Bay, Algoma, Huron, and Timming are represented in the exhibit. Samples of all grains, both in the sheaves as they came from the field and in bottles as they came from the threshing machine, are seen. Clover in bloom and seed speaks for the fertility of the soil. One great stalk of corn in the pod, the result of one seed sown, was very interesting. Tall timothy and rich alfalfa show the kinds of hay that can be produced. Samples of the fruit of the country show succulent raspberries, currants and huge blueberries. Radishes, corn and other vegetables testify eloquently to the possibilities of a good dinner in the northland.

These exhibits are permanent now in Toronto, and a very cordial invitation is extended to you to drop in at the office across from the Union Station and see them for yourself.

The bureau has plenty of literature for free distribution, and any information you may desire will be gladly given you.

**Do You Know the "Drezwellsley" Frocks?  
 We Have Them in Misses' and Women's Sizes**

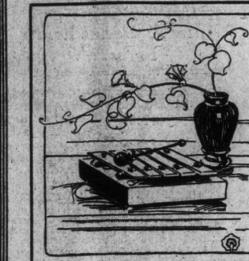

"Drezwellsley" Frocks are among the smartest garments that come from New York. In Toronto, the privilege of carrying them belongs exclusively to us—and the new Fall models are charming to a degree. Just now these clever designers are making a speciality of the delightful serge dresses that are now the rage for street wear with furs. Just how successful they have been in meeting the insistent demand for such frocks you may judge when you see these new models. And, we must mention in passing, that we have "Drezwellsleys" in sizes for misses as well as for women. You must come in and see them—in the meantime, we've selected a few for description.

- Navy Serge Dresses, in misses' size, the sleeves navy satin, cut on the new straight lines, the girle embroidered in graduated circles of blue and gold, the little satin ties having one circle on each tip. The price... \$25.00
- Navy Serge Dress, in misses' size, a particularly tasteful model, the only trimming being the lovely embroidery in navy silk and beads which beautifies the girle. Price... \$25.00
- Navy Serge Dress in misses' size, cut square in the neck, a high stock and jabot of the white net giving much chic. A band of cherry velvet is applied on the belt, the band and belt being braided in black and white. Price... \$35.00
- Navy Serge Dress, sizes 36, 38 and 40. The skirt cut in barrel effect, the bodice on very straight lines, a row of closely set buttons running from each shoulder to waistline, intensifying this effect. A white beaded gaine silk collar gives pretty finish. Price... \$27.50
- Burgundy Serge Dress, size 36 only, both bodice and skirt finely pleated, giving almost a straight line from shoulder to ankle, the belt embroidered in black silk and beads, the collar of soft white satin. Price... \$27.50
- Navy Serge Dress, sizes 36, 38 and 40, the collar and cuffs of purple satin, the belt embroidered in purple and gold. A high stock and jabot of white net add immensely to the charm of this model. Price... \$32.00

**DISCUSS METHODS TO  
 REHABILITATE WOUNDED**

Commission Will Be in Toronto  
 Next Week for This  
 Purpose.

Headquarters of the military hospitals commission is in receipt of a communication from T. Norman Dean, statistician of the workmen's compensation board for Ontario, stating that Dr. Royal Meakem, commissioner of labor statistics for the United States treasury department, and one or two others commissioned by the United States treasury department, will be in Toronto next week for the purpose of studying methods of rehabilitating disabled soldiers. They have asked Mr. Dean to act as guide.

Pte. G. Wetherington, A.M.C., has been discharged from the base hospital after a long illness.

Prof. H. E. T. Haultain, vocational officer for the province, is away from the city for a few days on business, while Commissioner R. A. Armstrong of the military hospitals commission is here today on business connected with his department.

Someone unknown has donated to the Newmarket Military Hospital a set of indoor quoits, a complete croquet set, and a full baseball equipment.

**Eyes Inflamed?**

If your eyes are inflamed, weak, tired or overworked; if they ache; if picture shows make them feel dry and strained, get a bottle of Bon-Opto eye tablets from your druggist, dissolve one in a fourth of a glass of water and use as an eye bath from four to five times a day. Bon-Opto inflammation, invigorates, tonics, soothes the eyes.

**LABOR MEN PREPARE TO  
 CONTEST CONSTITUENCIES**

Greater Toronto Labor Party Will  
 Announce Candidates  
 Soon.

The Greater Toronto Labor party is preparing to put candidates in the field for the coming federal election. Probably not more than three candidates will be named, and it has not yet been decided what constituencies they are to contest. It is understood, however, that a conference of the leaders will be held almost immediately to select the candidates and allocate them to their respective ridings. Already it is pretty well known that the candidates will be elected from the following gentlemen: James Richards, president of the organization; Walter Brown, James Ballyntyne, Dave Carey, James Watt, J. T. Gunn and John Vick. Vice-President Walter Brown was seen by a reporter for The World at the Labor Temple until late in the afternoon. He said that prevailing conditions made it imperative that the Labor party should place candidates in the field. Personally he had been invited to wait and see what candidates were nominated by the two old parties, but as it now seems that the convention on the Labor Temple will take place in October the Labor people felt that in justice to themselves they should begin an active campaign, and this could only be effectively carried on by nominating candidates. Mr. Brown was an interested spectator at the lively meeting of the Riverdale Liberal-Conservative Association Friday night. He said that the meeting showed what the people were thinking about, and intimated that the Greater Toronto Labor party might contest the riding of East York. An announcement may be made thru the press the first of next week.

MONDAY MORNING, SEPT. 24

The Folly of Germany's Falsehood

The English system of extending war against peaceful populations must be done away with. Our main peace aim must be the open market.

This is the statement of The Frankfurter Zeitung, one of the authoritative German papers. Similar quotations could be multiplied from the German press.

The Germans appear to have been brought up with the idea that it was their naval and military power which saved them.

Before the war the freedom of the world's markets to Germany was the leading feature of commerce.

The replies to the Pope's memorandum, the overtures made thru various diplomatic channels, the desires of the German people are now all for the conditions which the German people so freely enjoyed thruout the world before the war.

Every market open to any nation was open to Germany. Germany could trade freely in British ports and did her largest business with free trade Britain.

Prussia picked a quarrel with France, as it now proves, for the sole purpose of plundering the coal and iron of Alsace and Lorraine.

city and of loss within is being made in the United States, involving a New York judge, several publications and a number of well-known writers.

We know now that President Wilson had an appalling amount of information about Bernstorff and his activities long before the president was handed his passport.

No doubt a good many prominent men in the United States are trembling in their boots, and among those members of congress.

The wife of a soldier at the front gets \$20 a month separation allowance. This amount was fixed by order-in-council in August, 1914, and at that time seemed sufficient.

Increase the Separation Allowance

The wife of a soldier at the front gets \$20 a month separation allowance. This amount was fixed by order-in-council in August, 1914, and at that time seemed sufficient.

But in the meantime what is to become of the wife and family of a soldier still at the front? The Patriotic Fund will diminish rather than increase hereafter, and many think it should be done away with altogether.

The World has no hesitation in calling upon the government to take this action. We believe it should be taken immediately, and not postponed until we are in the midst of an election campaign.

The Two Emperors' Replies

With the Austrian Emperor's reply to the Pope's appeal for peace a new stage is marked in the progress of the war. The reply represents the first open admission of defeat which the Teutonic alliance has made.

In all this the German Kaiser associates himself in his shorter but even subtler note, wherein he "cherishes a lively desire that for the benefit of the entire world the Pope's appeal may meet with success."

**CANADA'S INFANTRY STRENGTH WANING**

Net Loss Nearly Forty-seven Hundred Men in Two Weeks.

**RECRUITING SMALL**

More Satisfactory Showing is Made By Other Branches of the Service.

Ottawa, Sept. 23.—The decline in infantry strength continues. Results of the recent heavy fighting and of the recruiting pending during the week of Sept. 15, in infantry alone, the statement shows, there was during this period a net loss of 490 men. The total infantry wastage was 5265, comprising the following: Discharged in Canada, 261; discharged in England, 23; casualties overseas, 4245; returned to Canada for discharge, 714—total, 5268.

During the same period infantry recruitment numbered 58, leaving the net infantry loss as stated.

Taking all branches of the service into consideration the figures are rather better. The total net loss to the Canadian Expeditionary Force was 4928, recruits numbering 1867. The recruits enlisted as follows:

Can. Eng. Tis.	391	180	13	584
Artillery	11	74	11	74
Engineering	314	111	330	
Miscellaneous	189	438	2	679
<b>Totals</b>	<b>596</b>	<b>1065</b>	<b>15</b>	<b>1667</b>

It will be noted that C.E.F. infantry units secured more recruits in the United States than in Canada. Total wastage in the C.E.F. during the period indicated amounted to 6595, namely:

Discharged in Canada: Infantry 261, other arms 259—total 520.

Casualties overseas: Infantry 4265, other arms 664—total 4929.

Returned to Canada for discharge: Infantry 714, other arms 359—total 1073.

Discharged in England: Infantry 23, other arms 45—total 73. Total wastage, 6595.

It is estimated that 45 per cent. of the total casualties will within a period of six months be fit for general service.

"Caucasian front: There was no event of importance.

"Aviation: On Thursday two enemy machines were brought down in the enemy's lines. Yesterday a German aeroplane was shot down by one of our aviators, fell in our lines."

The Russian official statement issued Saturday says:

"On the southern front: Yesterday there were only fusillades, the most lively being in the region of Sventitsy, southwest of Postovoy, southwest of Postovoy.

"Rumanian front: Thursday evening the enemy, after artillery preparation, three times attacked Rumanian positions in the region north of Munchell. All attacks broke down. An enemy attempt to attack Rumanian positions north of Grozochi yesterday morning also broke down. There is nothing to announce from there. There is nothing to report."

Berlin, Sept. 23, via London.—The text of the German official statement from follows:

"Eastern theatre, fronts of Prince Leopold: On the western bank of the Dvina divisions fighting under the command of Lieut.-General Count Von Schmettow succeeded by a well prepared and powerfully executed attack in breaking thru the Russian positions northwest of Jacobstadt. The excellent work of our artillery and mine throwers made a way for the infantry, which was well supported by aviators under the leadership of Prince Friedrich Sigismund of Prussia in spite of the unfavorable weather conditions prevailing."

"By an impetuous thrust the enemy was forced back against the river. Under the pressure of our troops he yielded the bridgehead territory 40 kilometres wide and about 10 kilometres deep on the western bank of the Dvina, and fled in haste to the eastern bank. Jacobstadt is out of his hands. Up to the present over 100 Russians have been made prisoner and over 5000 are announced as booty."

**CANADIANS ENGAGE IN TRENCH WARFARE**

Picked Marksmen Compete at Meeting of Dominion Rifle Corps.

**BOMBING CONTESTS**

Machine Gun Competitions Show Extremely Rapid Shooting for Attack.

By Stewart Lyon.

Canadian Headquarters in France.—(Via London, Sept. 23.)—The enemy air men who come over for a peep behind our lines must be thinking that they have broken out. They cannot have anything, but they must see many bombing engagements in progress. The mimic war in connection with the heavy is far more severe tests of skill than were required at any pre-war rifle meet, and also much more varied. In one of the practice matches, a crew of one non-com and four men stand by their gun, with gas masks at the ready, ready for instant use, to repel an attack, preceded by the use of gas shells. At the word of command they must put on the gas, take up their guns and fire 45 rounds at a target, which is a 100 yds. target, and there are others equally exacting, which must be gone into on the turn.

There are also sniping and snap-shooting, in which a target is exposed for five or six seconds. There are rifle grenade competitions, in which the target for the men is a 100 yds. target, and the men are amazingly keen. There are small arms and individual individual matches. The competitors are not moved by the fact that they are in a trench, and there are others equally exacting, which must be gone into on the turn.

bombardment prior to the attack were very heavy, especially on the night of September 18.

No Food for Troops.

During the night the ration parties were so badly smashed that they were unable to reach the front line troops with food.

The battle of Menin Road has furnished further evidence of that deterioration in the fighting qualities which has been going on in the German ranks. The fact that the Germans are in a demoralized state, and that they are not as good as they were, is significant.

During the past few days they have fought with great determination, and skillfully, but they are not as good as they were, is significant.

While playing with a box of matches in the attic of her home at 718 Spadina avenue Sunday afternoon, Doris Wilson, aged 3 1/2 years, set fire to a couch and was badly burned. Her clothing was ignited by the flames from the burning couch, and when the child was taken to the hospital for Sick Children she was found to be badly burned about the face, shoulders and hands. Her condition was reported at the hospital last night to be favorable.

**SING "AULD LANG SYNE"**

Many Decisions of Vital Importance to Labor Made By Congress.

Ottawa, Sept. 23.—"It is now my duty to declare that the 33rd annual convention of the trades and labor congress for the Dominion of Canada is adjourned."

With these words, and a blow of his gavel, President James C. Watters, ordered the adjournment of the most momentous occasions in the history of Canadian organized labor. And with these words, incidentally President Watters brought to a close a session which ran continuously from two o'clock Saturday afternoon until past seven in the evening.

The final adjournment was remarkably free from any unusual demonstration. In fact, apart from the singing of "Auld Lang Syne," the congress brought the convention to a close exactly as any ordinary daily session would be closed. This was probably due largely to the fact that a great many of the delegates took the opportunity to take the afternoon and evening trains back to their homes, and thus only a very few remained.

Bayonet Presented.

The final day was devoted entirely to the cleaning up of the remaining resolutions, hearing the reports of various committees and other business. The most impressive and pleasurable feature of the day was the presentation of tokens by the congress to Fraternal Delegate John Winstone of Britain, Fraternal Delegate Emanuel Kowalewski of the United States, and also Henri of the United States. William Lodge, M.P., of Ottawa, Daniel McCann of Ottawa and Secretary-Treasurer F. M. Draper, presented a blood-stained bayonet, a Canadian bayonet direct from Vimy Ridge, to President Watters. Fraternal Delegate John Winstone was particularly impressive.

Important Decisions.

Many matters of importance have been dealt with by the trades and labor congress of Canada during the convention, and many resolutions proposed by various local unions have been adopted. The outstanding features of this convention, however, apart from all other matters pertaining to the progress of the labor movement in Canada are:

(1) The adoption of the trades and labor congress upon the question of absorption.

(2) The adoption of a report advocating increased pay for the soldiers of Canada, increased separation allowance for the dependents of these soldiers.

(3) The adoption of the principle of counter-acted by the increased pay for the dependents of these soldiers.

tough task set for them. To say that these splendid fellows are thirsting to be at the Hun's again is no breach of the truth.

"It is the literal truth, as expressed in terms of unmistakable sincerity by an enemy prisoner who asked: 'What can the Germans hope to do as man against such troops?'"

"The almost ghastly pallor of the German prisoners appears to indicate that short rations are doing their work in the German army. The demeanor of practically all officers prisoner strikingly shows the changed spirit of the army."

Counter-attacks Futile.

Telegraphing last night the correspondent stated: "The Germans are doing just what was expected of them and for which we were fully prepared, namely, counter-attacking in great force. The first began at 6:30 last night, against a wide front held by the British and Australian troops. The night being fine for aerial co-operation, our artillery did great work. The attackers were fresh troops brought up from reserves."

"The attackers, despite the intense artillery fire and heavy losses, pressed on with great determination, actually penetrating on a front of 300 yards, where desperate hand-to-hand fighting ensued. Our supports, however, took up the struggle, and the enemy wavered, they being entailed from a number of pill boxes and crested shell holes which we had recently taken."

"Two very heavy counter-attacks followed farther south, which were

## KITCHENER, ONT., HAD BIGGEST CROWD

### Toronto Champions' Western Ontario Barnstorming Trip Most Successful

The Toronto Leafs, champions of the International League, made a most successful trip last week, playing five western Ontario cities in ideal weather. The games were pure exhibitions against players most of whom traveled from place to place with the Leafs, and served to show the provincial how Larry Lajoie and his men fared and hit the ball. The attendance exceeded expectations, as 11,600 was divided among the merry barnstormers. London on Saturday looked like turning out the biggest crowd, but not so, as Kitchener beat the Leafs by a big margin. The attendance figures are as follows:

Kitchener (Thursday).....	1666
London (Saturday).....	1132
Guelph (Thursday).....	1024
Stratford (Wednesday).....	990
St. Thomas (Friday).....	968

The welcome was equally demonstrative each city, while the fans treated Larry and his boys like a three-king circus, with the manager always the centre.

## CHAMPION HOOSIERS REACH TORONTO TODAY

The Indianapolis team, champions of the American Association, will arrive at 1 p.m. today for their three games on Tuesday, Wednesday and Thursday, with Toronto, champions of the International League. The Leafs will practice this morning and the Hoosiers this afternoon at the island.

First-baseman Leary, who broke his leg last week, will be out of it, and the A. A. champions have been granted the right to play First-Baseman Kirtle of Louisville. In return the Leafs will use a shortstop, likely McDonald of Buffalo, in place of Murray, who has gone home to Washington. This will send Schultz back to right field and Captain Blackburn back to third base.

The Indianapolis batting order will be: Dolan, r.f.; Kirtle, 1b.; Derrick, a.s.; Yerkes, 2b.; Kirke, 1b.; Schang, c.; Falkenberg, Dawson, Dale, Fillinger, Northrop and Kanteheimer, p.; Wickland and Lottshaw, utility.

The games will start daily at three o'clock.

President Barrow of the International League will be in attendance at the games in Toronto.

## Larry Lajoie Batted Toronto Into Pennant

By Al Munro Elias.  
Manager Larry Lajoie practically batted Toronto into a pennant.

That batting landed the pennant for Toronto is shown in the team batting average, for last year Toronto finished fifth and batted .261, which mark the team bettered this season by an even 20 percentage points.

That last year's champions, Buffalo, could finish no better than sixth this season was due to its batting average, for the team lost 29 percentage points since last season.

Baltimore's poor effort with the bat caused that team, which finished third last year, to finish next to last this, for they slumped 15 points in club batting since last season.

The following pitchers won 20 or more games: Thompson of Toronto won 23, Greg of Providence and Thorman of St. Louis each won 24, Hearn of Toronto, and Lohman of Rochester, each had 23 wins; Hill of Baltimore 21, and Smolwood of Newark and Gerhart of Montreal each won 20 games.

Larry Lajoie, manager of Toronto, is the champion batsman, with an average of .381.

Hill pitched and won a double-header for Greg of Providence in the championship pitcher, having won 24 games and lost 7, for an average of .774.

Baltimore leads in club batting with an average of .282.

Only two players qualified into the double century hit class, Lajoie of Toronto, with 221 hits, and Barber of Baltimore, with 215.

The following players scored a century of runs: Acosta of Baltimore leads with 229, with his team mate Barber, a run second with 113; Jacobson of Toronto came third with 106; Whitman of the champions is next with 104; then Truesdale of Toronto with 103, and Kopp of Buffalo with 101.

The three leading base stealers are Kopp of Buffalo, who comes first with 55 steals, second comes Young of Rochester with 40, and Brainerd of Providence, with 33, comes third.

The following players took part in all games played by their teams: Fuller of Newark, in 157 games; Jacobson of Toronto, 155, and Morav of Montreal in 150 games.

Hill pitched and won a double-header for Richmond.

McGiffigan stole four bases in one game.

Lajoie and Jacobson each got four hits in a game.

Young was stopped by Jaynes after hitting safely in 11 straight games, during which he got 17 hits in 42 tries.

The following players were on hitting streaks at the close of the season: Whitman hit safely in 16 games, for an average of .390; Jacobson for 14 games in 41 at-bats in the same series; Barber hit for 405 in his last nine games.

## YOUNG TORONTOANS LEAD ST. CATHARINES BY ONE

St. Catharines, Sept. 22.—Young Toronto defeated St. Catharines in the first of the home-and-home games today for the senior O. A. L. A. championship by a 3-2. The home team led the first quarter 1 to 0. At half-time they still led, 2 to 1. It was a tie at three-quarter time, 2 to 2. Young Toronto secured two goals in the final period and the best the Athletics could do was one, near the finish. The game was very rough and Reserve Allan Kinder, of Preston, inflicted many penalties. The return game will be played next Saturday in Toronto.

Young Toronto (4)—Thornton, goal; Hancock, point; Hayes, cover; Kirby, first defence; Bullen, second defence; Parkinson, third defence; Siggeson, centre; Holmes, Scott, Cowan, Smith, home.

St. Catharines (3)—Cunningham, goal; May, point; Purdy, cover; Immal, first defence; Herr, second defence; Overshot, third defence; Richard, centre; Miller, People, Kerr, Flynn, Switzer, home.

## NEW YORK GIANTS MUST WIN ONE MORE

Pirates Split Up the Saturday Double-header—American Scores.

At Pittsburg (National), on Saturday, Ponder, a recruit pitcher, stopped the march of New York towards a clear claim to the National League championship, by holding the league leaders to two hits and shutting them out, 1 to 0, in the second game of a double-header. New York won the first game, 2 to 1. As a result of the Saturday defeat, New York must win one more game before being sure of the championship, should Philadelphia win all of its remaining games. In the eleven innings of the first game, Boeckel threw wild on Thorpe's grounder, and on Zimmermann's sacrifice, and scored on Zimmermann's third safe hit. The only run on a pass to Caton, a single by Mollwitz and Bigbee's sacrifice fly.

At Cincinnati—Cincinnati defeated Brooklyn, 4 to 2. In the first game, nothing with Marquard's pitching until the sixth inning, when, after Schneider had struck out Grob and Kopf singled, and Rousch hit to the centre-field fence for a home run, Cincinnati made a run in the eighth off Cheney, who relieved Marquard in that inning.

At Chicago—Philadelphia won both games of a double-header from Chicago. Brooklyn, 4 to 2. In the first game, Rixey allowed the locals only three scattered hits, while the visitors hit Hendrix opportunely. In the second game, the locals were able to bunch hits off DeGher in only one inning, while Philadelphia bunched hits off Walker.

At St. Louis—Lee Meadows and Arthur Nehf put on a fourteen-inning 0-to-0 tie, when darkness interfered. Meadows pitched and fielded features. Meadows fanned ten and did not give a made pass, fanned ten and fanned eight, but the southpaw was ahead of his rival in base hits, seven to four.

## IS STILL POSSIBLE FOR PHILS. TO CATCH GIANTS

At Chicago (National)—Philadelphia on Sunday made five straight from Chicago, by winning both games of a double-header. The first game was a 2-1 victory, which prevented the New York club from clinching the pennant. Had the visitors lost one game, the race would have been over.

In the initial game Alexander was in the local's side. In the second game the visitors led three of Chicago's pitchers hard, and this assault, coupled with home finding, made it easy for the Phils. to win. The second game was a 2-1 victory, which prevented the New York club from clinching the pennant. Had the visitors lost one game, the race would have been over.

Society---Mrs. Edmund Phillips

His Honor the Lieutenant-Governor and Lady Hendrie will return to Government House today. The marriage took place at noon on Saturday very quietly in the drawing-room of the royal suite at the King Edward of France, daughter of Mr. Henry E. Bedford, president of the Standard Oil Company, New Jersey.

The drawing-room was most artistically arranged with palms and roses and an orchestra played the wedding music. The Rev. Byron Stauff, New York, officiating. The pretty bride, who was brought in and given away by her step-mother, a beautiful gown of ivory satin embroidered with pearls and a tulle veil crowned with orange blossoms and carried a shower of white petals and orchids.

The guests adjourned to the banquet hall, where two courses were served on a table, which was arranged with white roses, surrounded with baskets of white sweet peas, the silver candlesticks shaded with green. The bride's cake was at the side and was brought to her cut, and after the wedding it was sent to the soldiers' convalescent home in College street, the magnificent flowers going to the Sick Children's Hospital.

Mr. and Mrs. Chapman left by train for the wedding in the afternoon. On their return they will live in the Queen's Court Apartments. Jarvis traveled in a smart navy blue tailor-made with hat to match. On Friday night Mr. Alfred and Mrs. Chapman gave a dinner of 20 couples of the bride and groom's families. The guests at the King Edward were included Mr. and Mrs. A. G. Bedford, Jr., Mrs. Carlotta, Mr. Horace Carlisle, Mr. and Mrs. A. C. Bedford, Mr. and Mrs. H. E. Bedford, Miss Frances Bedford, Miss Hattie Richard, Miss M. Echert, Mr. and Mrs. Chapman, Miss Chapin and Mr. Teagle, Toronto.

Mr. and Mrs. G. P. Magann spent the week-end at their country house. Mr. Donovan, Lieutenant R.C.D., is visiting Mrs. Mc'Brien, Fort Perry. About three thousand people availed themselves of the invitation of the president and executive of the Naval League to meet the R.C.Y.C. and see the inauguration ceremony on the training ship "Commodore Jarvis." The journey was made in the Centre island boats.

The ordinary passenger wondering what was the matter, as the boats were crowded to the edge, not even standing room going across the bay. Lady Willison received the guests, Mr. Aemilius Jarvis assisting. Tea was served in the club house.

Mrs. Morgan Dean is the guest of Mr. and Mrs. N. B. Johnston in Barrie. Miss Rene Thompson is visiting Mrs. Porter Ward, Syracuse, New York.

Col. Gunn (Montreal) 5th Reserve Battalion, Stormcliffe, has returned to the front. The president and executive committee of the Canadian Business Women's Club have issued invitations to meet Miss Florence King, president of the Women's Association of Commerce of the United States of America, at the Toronto Conservatory for Music, College street, at 8.15 p.m., on Friday, the 28th inst. Chairman—Mr. S. B. Parsons. A dinner will be given in honor of Mrs. King on Thursday at the board of trade club rooms, at 1.15 o'clock.

Mr. and Mrs. Sidney V. Kendall, have returned from a three weeks' trip to Winnipeg, Chicago, Pittsburg and Hagerstown. Mr. and Mrs. Wilmot Strathy, who have been in Winnipeg for some years, are coming to Toronto to live.

Lady Whyte, Winnipeg, is the guest of Mrs. Edward Meek, Jamieson avenue. Mrs. Geo. C. Thompson, Euclid avenue is spending a few weeks with Mrs. S. Mahaffy in Bracebridge, Muskoka.

Mr. and Mrs. J. W. Beatty are expected home from Loon Lake today. Sir John Aird returned from Ottawa on Saturday morning. ROBBED WHILE ASLEEP.

Kingston, Sept. 23.—Azarine Marseau, a prominent boarding house keeper, was robbed of \$240 while he was asleep in his home, and one of his boarders was robbed of a gold watch. Marseau a few months ago dropped \$120 on the street. D. P. Branigan, proprietor of the Grand Opera House, found the watch and returned it to the owner.

SENTENCED TO JAIL.

Special to The Toronto World. Kitchener, Ont., Sept. 23.—Robert King, aged 35, was sentenced to six months in jail for robbing a man of \$100 in the county court on one year at the Burwash Reformatory. King was arrested on the morning of the robbery. The prisoner wanted to marry the girl, and when faced with the fact that he had a wife living, whom he had deserted, declared that his wife had gone to the United States. King was found to be untrue by the crown attorney upon inquiry sent to the offices of the United Lines.

REGIMENTAL ORDER FAVORED OVERSEAS

Reorganization of Canadians on Territorial Basis Is Approved at Front. CONGENIAL GROUPING Men of Same District Fight Better in One Unit.

London, Sept. 23.—Of the changes which have taken place in connection with the Canadian forces overseas, probably none has been more significant than the reorganization of the army on a territorial basis.

The system now in operation insures that men are grouped together in regiments according to localities from which they come. That is to say that now, when a man joins in Canada from western Ontario, he goes to one of the battalions of the Western Ontario Regiment.

Policy of Leaders. It has always been the policy of the leaders of the Canadian army to group men with men from their own province or locality, but this has never been practical until the present reorganization was introduced.

The regimental system as now introduced assumes the compilation of these sectional records and preserves for the glory of the noble deeds of their sons. Conscription assures the maintenance of a sufficient reserve to keep this system working, and provides that the men in the field will be supported by comrades from their home district.

DECEMBER TENTH DAY OF ELECTION

Belief at Ottawa Is That Day Has Virtually Been Settled. SIX WEEKS' CAMPAIGN Party Conventions Delayed in Anticipation of Cabinet Reconstruction.

By a Staff Reporter. Ottawa, Sept. 22.—It is now pretty well settled that the vice-regal proclamation dissolving parliament will issue within a few days, and that the general election will take place on the day, December 10.

There was a large attendance at the markets Saturday, the wagon section of the St. Lawrence again being crowded, and a large number of wagons having to line up on the streets outside.

WHOLESALE FRUIT AND VEGETABLES

There was a constant arrival and departure of fruit on the wholesale market Saturday, one line no sooner being disposed than another took its place, and this kept up from early morning to late evening, with prices seeing materially on most offerings.

Peaches predominated, and they were plentiful, the only wonder being that the bottom did not drop out of the market completely. 11-quart lemons were sold at 50c, principally at 50c and six-quart flats at 30c to 40c, principally at 30c to 40c.

TEMPORARY CHECK TO CORN PRICES

Peace Rumors Again Flutter About the Chicago Market. Chicago, Sept. 23.—Only a temporary setback in the corn market resulted yesterday from peace news and fine weather. Such bullish factors were later offset by a week-end evening-up of trade and by a revival of misgivings about the eighth-hour danger from front.

The corn market was unsettled at \$1.17 1/2, December, and \$1.15, May, 3/4 off to 1/2 up, as compared with yesterday's final. Chicago's close was unsettled at \$1.17 1/2, December, and \$1.15, May, 3/4 off to 1/2 up, as compared with yesterday's final.

Rolling of corn took place at the onset, but after the first hour the downward swing of prices gave place to a gradual but nearly complete reaction. Differences of opinion as to the market's movement were of some value in determining the action of values. The reaction of fears regarding the war was the last part of next week.

The 2 1/2 cent nominal immediate delivery had lost their premium over future options had a depressing effect on the market. The trade anticipated a move toward a higher price for the immediate delivery receipts from now on.

Liberal regulations for food administration's subordinates here could obtain a scarcity of logs. Government buying steadily upped. Government buying was said to be in evidence.
