Good Things Coming to Theatres of St. John

A RIGHT GOOD SHOW AT THE OPERA HOUSE

There is no question about it—there is a wonderful show at the Opera House this week, undoubtedly the best vaudeville programme of the season. July Johnny Jones is a revelation and performs some hair raising stunts so easily that one hardly realizes how difficult they must be.

MASTER PICTURE AND JOLLY COMEDY, GEM

The Gem has pleasure again in presenting the noted Clara Kimball Young today in a great picture success, "The Badge of Shame," a big story of the persecution of a beautiful and noble-spirited girl by the Russian secret police.

PERSONALS

Mrs. Joseph Henderson, of King street east, has returned from Fredericton, where she visited Mrs. Joseph Walker. Mrs. R. S. Machum and little daughter have returned to Fredericton after a visit to St. John.

F. G. SPENCER GETS GEM IN FREDERICTON

Fredericton, N. B., July 4.—The Gem Theatre in this city has been acquired by F. G. Spencer of St. John, the theatre will be closed for several weeks for alterations and improvements.

LOCAL NEWS

FERRY RETURNS. For the month of June the Carleton ferry carried 118,668 passengers, as compared with 127,768 in June, 1916, a decrease of 14,105.

A NICE OUTING

The altar boys of St. Peter's church held a picnic at Chapel Grove yesterday. They crossed to Somerville on the ferry, Maggie Miller and were driven from there to the church grounds.

BURIED TODAY

The funeral of Mrs. George J. Smith took place this afternoon from her late residence, 182 Princess street. Services were conducted by Rev. J. H. A. Anderson. Interment was made in Fernhill.

PLANS FOR NEW WAREHOUSE

The plans for the new warehouse to be erected as No. 4 berth, West St. John, to take the place of the structure which collapsed, have been almost completed by the city engineer.

THIRTY-THREE STATES ARE "BONE DRY" NOW

Twenty-three American states became dry at midnight on Saturday night, the effective hour of the Reed amendment, prohibiting shipment of liquor into any territory where its manufacture or sale is prohibited.

"Where have you taken up your abode lately, Jones?" asked a notorious bore of his acquaintance. "Oh," replied Jones, "I'm living up by the canal now, I should be delighted if you would drop in some evening."

FEWER VESSELS SUNK THAN IN SEVERAL WEEKS

London, July 4.—Field Marshal Von Hindenburg's prediction on his return from Austrian headquarters that Germany's enemies would be forced to make peace in the not too distant future if the Germans held their ground until the submarine had done its work well in the weekly figures of sinkings of vessels when they are issued tomorrow.

The total will be the smallest in several weeks.

The conclusion has been reached that it is impossible for the submarines to maintain an average of sinkings which will have an appreciable effect on the overseas communications of the allies.

Mr. and Mrs. George H. Prosser, Forest Hill, announce the engagement of their daughter, Lydia Idella, to Staff Sergeant Harry J. Patterson of St. John, marriage to take place early in July.

The banns of marriage between Miss Mary Ivory of Fredericton and Patrick Flanagan of Chatham were published at St. Dunstan's church on Sunday by Rev. Father Carney.

SUPPLIES FOR SWEDEN

Copenhagen, July 4.—A despatch from Malmo says that thirty steamers, thanks to England's generosity, are now on the way to Sweden with corn and raw materials. They are keeping within the German safety zone. Recently Germany offered to permit vessels to leave certain ports on July 1 provided they adhered to certain conditions.

From ten to twenty Danish steamers are anxious to utilize the German sea-conduct, but it is not known how many will be able to sail.

LLOYD GEORGE SETTLES THIS

Paris, July 4.—The Matin publishes an interview obtained by Hughes LeRoux with Premier Lloyd George, who contradicted emphatically a suggestion that Great Britain was only half pleased with the United States' entrance into the war.

The French writer said there were persons in this country who permitted themselves to be persuaded, no doubt by German propaganda, that England feared the idealism and passion for justice of America as it would be felt when the time came to discuss terms of peace.

The premier shrugged his shoulders, M. LeRoux writes, and said, "We not only desired the entrance of the United States into the war, but we solicited it. At the present moment we ask that America should send us fighters in the greatest number possible and as soon as it can be done. We wish to see our soldiers who have just landed in France, inspired with such a fine spirit, to mingle their blood with yours, and to share the triumph of the common cause. Is that clear?"

SHIPBUILDING

A conference between the mayor, the city commissioners and city solicitor and W. A. Ewing, K.C., solicitor for D. A. Saker, was held this morning in the mayor's office for the purpose of discussing Mr. Saker's application for partial tax exemption for a shipbuilding plant.

The discussion was along the same lines as that in the common council yesterday, the city's chief objection being with regard to the length of time for which exemption is asked but, at the close of the conference it was said that negotiations seemed to be progressing towards an agreement.

The purpose of glasses is not always to improve vision. In many cases that is not the object at all.

The cause of ill-health is often traced to eye-strain, although there may be no impairment of vision whatever.

In such instances people find it to their comfort to wear glasses to relieve the eye-strain.

THE BEST QUALITY AT A REASONABLE PRICE

Wear Glasses for Comfort Distress, such as tired eyes, headaches, itching, aching eyes, comes from eye-strain.

Sight may be good, even extra keen, and yet eye-strain is present, because muscular effort has much to do with sight.

Eye-strain is muscle-strain, the result of doing extra hard work constantly to overcome defects in refraction.

Properly fitted glasses relieve the strain and bring comfort. Consult us about your eyes.

Will Appoint New Commission

Council to Deal With Assessment;
No Support for Long Term Tax
Exemption for Shipyard

The abolition of charges for coal holes and other openings in the sidewalk was advocated by Commissioner McLellan at the common council meeting yesterday afternoon when Commissioner Fisher proposed a more moderate scale of rates. The proposition submitted by D. A. Saker to partially exempt a proposed shipbuilding plant on Strait Shore was discussed and the general expression was that the term of forty years was too long, although the council felt some concessions should be granted to encourage the industry.

The act passed the last session of the legislature referring to St. John assessment was read. It provided for the appointment of a commission of seven not later than three months after the passing of the act, July 22, for the purpose of drafting new assessment bills, the commission to have at least two representatives from the board of trade to be designated by the common council. Should the council fail to name the commission within the period stated then the lieutenant-governor-in-council will do so. The date for passing estimates was extended from Jan. 15 to Jan. 31. The act also provided the city with authority to grant discount on water rates up to ten per cent.

The regulation was presented, read, but no action was taken. It was intimated that the appointment of a commission would be taken up later. On the recommendation of the commissioner of water and sewerage Louis Corey was granted a contract for excavating and backfilling water pipe trenches in Prince William street, from Princess street to Reed's Point, in Drury Lane and North street, in Long wharf and in Fireproof alley, so-called, his tender being the lowest.

It was brought to the attention of the council that the term of office of Richard O'Brien and Mrs. James F. Robertson as commissioners of the Free Public Library has expired. The appointment of commissioners to take their place was deferred. Commissioners McLellan and Fisher were appointed revisors for the ensuing year. Commissioner Wigmore asked Commissioner Fisher if he had made any provision for hand concerts in the west side. The latter replied that the matter had just been brought to his attention and he was looking into it. He asked the council whether he should get an additional appropriation for these concerts, but he was advised that the one amount should suffice for all concerts. He is to submit a new programme which will provide for entertainment in the west side as well.

THREE DEGREES OF DIVORCE GRANTED

Fredleton, July 3.—Three degrees of divorce were ordered today by His Honor Judge Crockett in the New Brunswick court of divorce and matrimonial causes. They were in the cases of Mary Elizabeth Kirkpatrick vs. David F. Kirkpatrick, in which the plaintiff resides in St. John, that of Elizabeth Clark vs. Newman C. Clark, and that of Chesley Marc vs. Marion Marc, the plaintiff in which resides at Zealand, York county. In the case of Purdy vs. Purdy, a Montreal case, his honor dismissed the libel, taking the ground that the plaintiff had no domicile in New Brunswick and could not bring suit in the provincial court. The court will meet again in November, the sittings by recent legislation having been set for January, July and November instead of twice a year as formerly.

"The Poor Man's Potato" has become the rich man's luxury.

Whether at three dollars a bushel, or twenty-five cents a bushel, potatoes are not a complete food. Two or three Shredded Wheat Biscuits with milk furnish more real, body-building nutriment than a meal of potatoes or meat, are much more easily digested and cost much less. Shredded Wheat is 100 per cent. whole wheat, nothing added and nothing taken away—gives mental vim and physical vigor for the hot days. Delicious for breakfast, or any meal, with sliced bananas, berries or other fruits, and milk. Made in Canada.

School Children Need Not Write on Saturdays.
St. Louis, Mo., July 4.—A controversy between Orthodox Jews of St. Louis, and the Board of Education practically reached settlement when members of the board assured Rabbi Abramowitz that children of his church will be excused from writing on Saturday during the seven-week term of summer school, if means to that end can be found without seriously interfering with the progress of the classes. A request that Orthodox Jews be allowed to absent themselves from classes entirely on each Saturday was refused by Acting Superintendent of Instruction Carl G. Rathman, who said: "They might as well not go at all."

NO DIVORCE CASE.

Mrs. Annie Laura Brown, who was stated to be suing her husband, Charles Murray Brown, for divorce, says she is not suing her husband, nor is he suing her, and that she intends to join him in Montreal immediately.

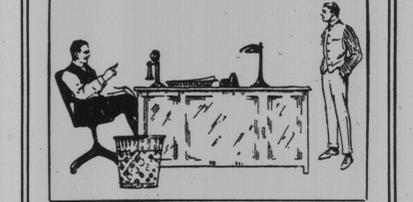

RASH ON BABY CAUSED PAIN

Itched Very Much. He Was Always Scratching. Cuticura Healed Him.
"My baby was suffering with scaling and crusting of the skin and scalp which caused a good deal of pain. The breaking out was in a red rash on his face which was sore and itched. I tried to cut it out but it would bleed. I used Cuticura Ointment and two boxes of Cuticura Soap and my child was always scratching till it would bleed. Cuticura Soap and Ointment prevent pimples or other eruptions. For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

"I am the proud possessor
of the names and goodwill
of 10,000 Canadian men"—

ACTUALLY thousands of Canadian men—in every part of Canada—order their shirts from me. Their measurements are on record at the Kitchener factory. I send them samples of the newest materials personally selected and imported from Great Britain. They make a selection, and their shirts are cut and tailored to their exact measurements.

You will find this a very satisfactory way to order shirts. You will find you never had shirts which gave you such a sense of being well and comfortably dressed as Tolton Shirts do. You will find you never possessed such handsome shirts—or shirts which gave you such unending wear. I am the proud possessor of the names and goodwill of over 10,000 Canadian men who have been ordering their shirts from me year after year—to their entire satisfaction. You will never know what shirt-economy or satisfaction is until you wear Tolton made—to-measure shirts. And my simple "measure-by-mail" plan brings them to you, comfortable and perfect fitting. Let me send you samples and prices of new materials I have just received from England.

This is the sample book from which thousands of well-dressed men—in all parts of Canada—select their shirts. Send for free copy.

MORNING NEWS OVER THE WIRES

Fred Baker, aged about twenty, was killed by an automobile near Shelburne, N. S., yesterday. The two-year-old son of Mr. and Mrs. Theophile Durton of Bathurst got hold of some pills in some way and ate a large number. He died in convulsions. The Tuesday meeting of the Rotary Red Cross Society was well attended.

ARE WE QUITTERS?

The facts presented by Mr. F. B. McCurdy in parliament yesterday put the issue fairly up to the Canadian people. Are the men at the front to be abandoned or supported? Is Canada to go on with the war, or to throw up the sponge? Are we quitters, or men?

It has long been known that not a single Canadian division in France is up to full strength. Nearly 8,000 infantrymen are needed every month to replace wastage. On May 14 there were less than 50,000 men who would be fit within six months to go to the front. In other words, in June last there were less than six months reinforcements available, and in Canada for months past the enlistment has been greater than the wastage. At this rate there would be no Canadian army in the field by next spring, and with heavy casualties it would disappear much sooner.

In the face of this situation, and of our solemn pledges to the men who have gone to the front, how much longer is the fiddling at Ottawa to go on? When are we to have a government and a policy worthy of this crisis—the gravest since Confederation?

It is time to have done with halfheartedness and precedent and politics. What this country needs at this hour is a leadership bold enough and wise enough to put the winning of the war first and leave every other question to be settled afterward, when Canada has been made safe for the Englishman, the Frenchman, the Laborite and every other, assertive element within its bounds. If any of them have not sufficient discernment to see that unless we win the war nothing else matters, the country must none the less assert itself and rally to the defence of democracy. This is truly a time for sane thinking; but it is no time for hesitation or for the tricks of the politician. Fifty years ago men who regarded each other almost with personal hatred united their forces to achieve confederation, because it was the only way. We need men of that calibre in Canada now. And we need them. Let them be encouraged to sink party differences and throw the whole weight of Canada into the war. Let us have conscription of everything to that end—and let us have it without a day of unnecessary delay. It may be well, in regard to conscription of men, to give one last opportunity for free enlistment; but let the period be short and the action thereafter prompt and effective. Either that, or let us brand ourselves as unworthy of the men who have died, and fit only for the company of cowards.

PRaise FOR F. B. CARVELL

Contrasting the speeches of Mr. F. B. Carvell, M. P., and Mr. Edwards, M. P., on the conscription bill, the Toronto Star says:—

"The right spirit is shown in the speech of Mr. Carvell. Firmly upholding conscription, his attitude toward Quebec is dignified, and the feeling aroused in his breast by the unfortunate difference of opinion and sentiment is one of sincere sorrow. While we share his regret, we still look forward to the future of Canada with hope if his spirit prevails, and not the spirit of angry politicians of the type of Edwards. Such politicians are destitute of all capacity for leadership. They have no statesmanlike breadth of vision, no sense of responsibility. The terrible example of Europe has no lesson for them. For the pleasure of indulging an angry mood or uttering some sharp and biting phrase they are willing to destroy the work which for fifty years of confederation patriotic Canadians have been striving to do."

THE U. S. AND GERMANY.

The official announcement that German submarines in force made two attacks upon the transports carrying American troops to France, and that in each case they were driven off by the convoys, probably with some loss, was not unexpected. German agencies in the United States evidently conveyed information in some way to the German naval authorities concerning the date of sailing of the transports and the route to be traversed. The attempt failed, and therefore the German chancellor is robbed of a greatly coveted ground for boasting when he addresses the Reichstag tomorrow. The incident will only cause the Americans to hurry forward larger armies, and take greater precautions for their safety en route. It may also make the United States a much less comfortable abode for persons not one such person in Chicago not

long ago. He was prominent in his profession and rather loud in his talk. One day it was reported that he had gone away. He will probably not return till after the war. There was also a pro-German editor of a German newspaper in Cleveland. His editorial duties will wait till after the war. Our neighbors do some things better than we in Canada. The state on their transports will stir them to still more vigorous action.

THE WAR SITUATION.

So far as his armies are concerned, Von Hindenburg has thrown up the sponge. He knows he cannot get a decision on any front. He is quoted as saying:—

"If we hold our ground against enemy attacks until the submarine war has done its work the war is won for us. Our enemies must continue their attacks, however hopeless they may be. They cannot wait for the arrival of the American armies."

This is a plain admission that Von Hindenburg has lost all hope of victory on land. He now pins his faith to the submarine. "If we hold our ground," he says. But they are not holding their ground. The Russians are taking ground again in the east, and in the west the British and French are gradually pressing their armies back. Moreover, the testimony of German prisoners is that they have lost hope of victory, and signs multiply that the morale of the army is breaking under the terrific strain. The whole situation has greatly improved since Russia struck again in Galicia and Greece decided to join the Allies.

The Russians have pressed their attack so successfully that the Austro-German forces are in retreat, and the way to Lemberg is opening up again to the armies of the new democracy. The effect of victory has been electrical along the whole Russian front, and already there are reports of renewed activity at various points where no action has been noted for some time.

There has been another German air raid over a part of England, and more non-combatants have been killed. This will create more sympathizers with the views of Mr. Hall Caine, who calls for reprisals, on the ground that the only thing to do with a tiger is to adopt his own methods.

LABOR AND CONSCRIPTION

The president of the Trades and Labor Congress of Canada says we should have all-round conscription in Canada, even if a general strike were necessary to bring it about. A much better way would be to form a government with labor well represented, which would proceed in a business-like way to eliminate the profiteer and mobilize the whole country for war. President Waters is on unassailable ground when he contends that if human life is to be conscripted, there is absolutely no ground for exempting the dollar, or anything else that can be made to contribute to the winning of the war. The men at Ottawa today have the remedy in their own hands if they are courageous and wise enough to give the country their leadership. The present government has failed through blundering and indecision, and an utter lack of breadth of view; but all is not lost, and it is the duty of Canada to adopt a course which will ensure the formation of an administration such as will command the respect and support of the majority of the people. Labor is not opposed to conscription, of the right sort. It has too many representatives in France asking for the aid that was promised before they left the shores of Canada. It is justly opposed to the mere conscription of men. There must be conscription of men.

T. M. D. writes in the Montreal Financial Times:—

"Sir George Foster has promised to give us a taste of Daylight Saving this year. That was about four weeks ago and the proposed saving has not yet been effected. It was never thus with government departments. Sometimes they sit and think, and sometimes they just sit. Can't we have a little more action, a little more vim, a little more dynamism? We could even forgive a government department if it introduced a little more of that American quality—Pop. But call it anything you like, so long as it is action."

It would certainly be an odd reaction if while the democratic wave is rising in the rest of the world the Chinese were to submit again to the rule of an Emperor of the old dynasty.

A Minister Who Conjured

Canon Parfitt, of Baghdad, speaking in London, said that what impressed native rulers in the east was the scrupulous honesty of the English officials. The Sultan of Turkey on one occasion was watching a conjurer. The British ambassador, who was present, remarked that it was "wonderful." "No," said the sultan, "not so wonderful as that I once had a minister of marine who swallowed a battleship—at least he had the money for it, and I've never seen the money or the ship since."

FAREWELL TO PASTOR

A large number of the Zion Methodist congregation assembled at the parsonage last evening to bid farewell to Rev. Thos. and Mrs. Hicks, on the eve of their departure for St. Andrews, to which church Rev. Mr. Hicks was appointed. The evening was spent enjoyably. The reverend gentleman and his wife were made recipients of valuable presents, including a cut-glass dish and a sum of money in gold. The gifts were accompanied by many words of appreciation for the services rendered during the pastorate. Mr. and Mrs. Hicks will carry with them the good wishes of a large circle of friends in their new field of labor.

TWO YEARS FOR TAYLOR

Robert George Taylor who was committed for trial on the charge of breaking and entering the store of Albert Vincent, and stealing therefrom a number of small articles; and also on the charge of breaking and entering the store of Leo Gallagher, with attempt to steal, was before His Honor Judge Armstrong under the speedy trial act. The plea was before His Honor Judge Armstrong on the charge of breaking and entering the store of Albert Vincent, and stealing therefrom a number of small articles; and also on the charge of breaking and entering the store of Leo Gallagher, with attempt to steal. As Taylor has been arrested on previous occasions on different charges, his honor sentenced him to two years in the penitentiary with hard labor.

In the case of Gallant vs. Gallant, William M. Ryan appearing on behalf of E. R. McDonald, solicitor for the defendant, made an application to have the venue changed from the county court of St. John to the Westmorland county court. Roy Davidson, appearing on behalf of Messrs. Inches & Hazen, solicitor for the plaintiff, opposed the application. His Honor Judge Armstrong granted the application and ordered that the venue be changed.

The civil non-jury case of John O'Regan vs. William J. Dean was commenced before His Honor Judge Armstrong in county court chambers yesterday. The plaintiff, John Burchell, and Francis McCarthy, gave evidence for the plaintiff and the defendant gave evidence in his own behalf. The dispute arose as to the delivery of a quantity of hay. The case was adjourned for two weeks for further evidence. L. A. London appeared for the plaintiff and J. Starr Tait for the defence.

Hardinge Heard in Own Defence

London, July 8.—There was an unusual scene in the house of lords this afternoon when Lord Hardinge, the former viceroy of India, appeared to defend and explain his share in the management of the expedition, he said:—

"The viceroy is theoretically responsible for everything that happens in India and outside India where Indian interests are affected. But he has to trust to his lieutenants and advisers for execution and guidance. I have no desire to shirk any responsibility that is my due, but it is not easy to know what further steps might be taken. The chief thing that I could have taken without exposing myself to the charge of excessive interference in military affairs, was going badly. The official reports said duty to ascertain the truth. It may be difficult for people in England to realize the inherent difficulties in personal arrangements on a river 8,000 miles away in the midst of his other Indian duties. I have no other country bigger than Europe and with more than 300,000,000 inhabitants."

MAN HELD IN HAMILTON IS NOT DE WILLOUGHBY

Is Possibly One Kellier Went in England—A Possible Explanation

Hamilton, Ont., July 8.—The police have made the surprising announcement that a man arrested here, and who was supposed to be "Captain" Percy Seymour De Willoughby for whom the English authorities are seeking is not really De Willoughby but probably Charles D. Kellier another old countryman wanted for fraud. Chief Whately said the police had evidence to show that a man arrested here, and who was supposed to be "Captain" Percy Seymour De Willoughby for whom the English authorities are seeking is not really De Willoughby but probably Charles D. Kellier another old countryman wanted for fraud. PRESS VIEWS ON CONSCRIPTION

From the Brantford Expositor (Lib.)

It is not surprising that the objection to conscription were so strong that he could not join hands with Sir Robert Borden, who should Messrs. Graham and Farde, and other Liberals who share their views, have refused to take a step against which they could have no conscientious scruples? Even today what stands in the way of forming a coalition government for the effective enforcement of conscription and of other win-the-war measures? If it is not parliament, what is it? The people have a right to ask and to be satisfactorily answered.

From the Forest Free Press (Lib.)

No matter what mistakes have been made, no matter who has made them, the duty of the hour is to send immediate help to our men on the battlefields. But a step towards the organization of the country's resources for the winning of the war. If as much time is to be consumed in taking the other steps the whole summer will have gone before the matter has been accomplished. What the country is anxious for now is not speeches but actions. Let parliament get down to business; let it do what it intends to do, and the country will be glad to take the speech-making for granted.

From the Hamilton Herald (Ind.)

Such speeches as the one made yesterday by Mr. Edwards, of Frontenac, racial prejudice and division, contribute nothing of value to the discussion and do nothing but mischief.

The time for talk has passed. It is time to get down to business. A vote would be changed. Every member has decided how he will vote, and further talk would be mere waste of time.

From the Woodstock Sentinel-Review (Lib.)

It is taken for granted that the conscription bill now before the house will be passed. Very well, then, the matter of delinquency in respect to the carrying on of business in the city was brought before the board. It was pointed out that several vendors consumed in the way of business in the city were brought before the board. It was pointed out that several vendors consumed in the way of business in the city were brought before the board.

MORE HOUSES CLOSED.

At the monthly meeting of the board of health held yesterday afternoon an order was passed closing two more houses until the landlords had brought the premises up to the standard set by the board. One of the buildings is situated in West St. John and the other in Lower Cove. The chairman, Timothy Collins, presided, the others present being Senator Daniel, John Kelly, George Blake and Secretary T. M. Burns. The matter of delinquency in respect to the carrying on of business in the city was brought before the board. It was pointed out that several vendors consumed in the way of business in the city were brought before the board.

CARS LEFT TRACK

Passengers on the Hampton and St. Martins railway, yesterday morning, had an experience which they are not likely to forget, when the cars on which they were travelling left the track, bumped over the ties and, after swaying perilously from side to side, finally came to a stop against the embankment.

As nearly as could be ascertained, the wreck was due to the spreading of the rails. The locomotive and tender had passed safely over the weak spot, but a senger car all left the rails. The lumber car was overturned and its load scattered but the other cars remained upright on their tracks.

After stock had been taken and it was found that no one was hurt, the passengers were loaded on the tender of the locomotive and in that way continued their journey to Hampton. The accident occurred near Robinson's siding, ten miles from Hampton about 11.30 a.m. Owing to the holiday on the previous day there were more passengers than usual, the total being about fifty.

CHARTERED ACCOUNTANTS.

At the annual meeting of the New Brunswick Institute of Chartered Accountants held in St. John on June 21, the following officers were elected: Paul F. Blanchet, president; R. A. MacIntyre, vice-president; W. A. Loudon, secretary-treasurer. Three persons were admitted to full membership, viz.: Adam P. MacIntyre, C. A., J. P. Atherton, C. A., and Arthur E. Cox, C. A.

ISLAND FAMILY RECORD

Charlottetown Guardian: When Master William Robert Jenkins, aged ten years, son of Mr. and Mrs. Robert Jenkins, was baptised in the Baptist church at Hazelbrook recently, it constituted a record probably never equalled on the continent, making the eighteenth child of Mr. Jenkins to be immersed into the membership of that church and congregation. Mr. Jenkins' family consists of nine children by his first marriage, and nine by the present union. There are twelve boys and six girls, all the children living.

DAYLIGHT SAVING

(Bangor Commercial.)

Although the United States senate has decided to wait until next year before instituting daylight saving as a national measure, a number of communities will inaugurate the new system on their own initiative. Among these is Springfield, Mass., where the clocks were set ahead an hour on July 1. Other places in western Massachusetts are following the example of Springfield. The Springfield Republican says that very little local opposition to the change was manifested.

There are now twelve countries in which the clocks have been set one hour by an improvement in the system. These are Great Britain, France, Germany, Austria, Italy, Holland, Denmark, Norway, Sweden, Portugal and Ireland.

As a step in national economy it has proved a great saving in lighting and heating. The special committee appointed by the parliament of Great Britain to study the results of the system reported that an average reduction of 30 per cent. for lighting purposes was given by the power companies; thirty-one private companies estimated a reduction of 23 per cent., and sixty-four municipal plants reported a reduction of 18.3 per cent.; the percentage in individual cases ranged from one to fifty-five. The general average saving in consumption of gas in Great Britain was nine per cent. Edinburgh reported a saving of eight per cent. or \$200,000. Nottingham placed its saving at ten per cent. to 15 per cent. and Belfast at 6.25 per cent.

It has been stated in the official publication of the railway men in England that the alteration of the clock has been followed by an improvement in the working of long distance night goods trains. It has been found that the extra hour of daylight has enabled the trains to be made up and loaded in less time.

In France an inquiry into the effect of daylight saving on the consumption of gas, revealed the fact that an economy was being effected in the consumption of 15,000 tons of coal a month, or more than 200,000 for the entire year. The savings for electricity, placed at 100,000, thus give a total saving of \$6,000,000 for gas and electricity.

MRS. J. W. FLEWELLING OF ST. JOHN IS PRESIDENT

Economy, N. S., July 2.—The Congressional Women's Board of Officers opened its sessions on Friday, the devotional service being conducted by Rev. Thos. Hall. Reports were received from the officers and societies in connection with the board. The treasurer reported all amounts pledged for mission work had been paid and a balance on hand. A large amount of work for Red Cross purposes was reported. It is interesting to note that the society in Margaree (N. S.), with about twelve members, had made 180 pairs of socks, having gathered, picked and carded the wool themselves, afterwards doing the knitting.

The election of officers resulted as follows: President, Mrs. J. W. Flewelling, St. John; 1st vice-president, Mrs. C. H. Beattie, Economy; 2nd vice-president, Mrs. J. H. Sulston, Margaree; secretary, Mrs. F. C. Purwell, Brooklyn; treasurer, Mrs. Mugh Dunlop, Liverpool.

NOT ACTED UPON.

At the monthly meeting of the Longshoremen's Union held last evening J. E. Figue, Fred Daley and Hason Downing were appointed delegates to attend the international convention of Longshoremen which will be held at Toledo (Ohio) on July 9. An interesting feature of the meeting was the presentation of the reports of the delegates who had attended other labor gatherings. The delegates who had been present at Boston for the convention held there from June 6 to June 10 told of what had been done, as did the delegates who attended the meeting of the Trades and Labor Council of Canada which was held at Ottawa early in the last month. With respect to this latter convention the delegates told of the stand taken by the meeting against conscription. The report of the delegates was not acted upon last evening but will be taken up at a later meeting.

RECENT DEATHS

Dr. Wm. M. Caudwell.

The death of Dr. William M. Caudwell occurred in the city yesterday afternoon after a severe illness in his 72nd year. The doctor has been practising in Newcastle Bridge, Queens county, and came to the city some time ago for medical attendance. He was born in Kings county, and was the son of Mr. and Mrs. David Caudwell, who had only come out from England. About twelve years ago he practised medicine at Lancaster Heights and later at Newcastle Bridge. He leaves a son and a daughter to mourn. The daughter is Mrs. George Kating, of Turro (N.S.), and the son is Paul Caudwell, of Toronto. His wife has been dead some years.

Mrs. G. Herbert Green.

Friends in the city will be greatly shocked to learn of the death of Mrs. G. Herbert Green, of this city, which occurred yesterday in the Woodstock hospital. Mrs. Green was a comparatively young woman and her death brings intense grief to the family circle, in which she was greatly beloved. She is survived by her husband and two little daughters, Lellie and Margaret; one sister, Mrs. Charles H. Rowe, of the North End, and four brothers—Christopher J., of Rockland Road; Henry, of Moncton; Fred, of New Glasgow; and Robert, of Armstrong, of the board of trade. The body will be brought to the city today; and will be buried in the cemetery at 2:30 o'clock from her late residence, 200 Wentworth street.

Donald S. McKay.

Dalhousie, July 2.—The death of Donald S. McKay, a highly respected citizen of Dalhousie Junction, occurred recently in his seventy-eighth year. Two of his sons are now serving king and country. They are Captain Norman McKay of the 182nd Battalion and John McKay, who is serving in the 18th Battalion. Two daughters also survive, Mrs. J. Frank Daughney, of Dalhousie Junction, and Miss Flora, of Campbellton. The late Mr. McKay was a retired I. C. R. official.

Mrs. John S. McFadden.

Andover, July 2.—Mrs. John S. McFadden, wife of Rev. John S. McFadden, passed away on Saturday morning after a brief illness of pneumonia. Mrs. McFadden, formerly Miss Colpitts, of Forest Glen, Westmorland county, was thirty-four years of age. She is survived by her husband and four young children, besides her father, three brothers and two sisters. The funeral service, conducted by Rev. Charles Flemming, was held this afternoon in the Baptist church, after which the remains were taken to Forest Glen for burial.

Mrs. Andrew Hay died at her residence, Moorfield, on Thursday, aged sixty-eight years. She leaves her husband and the following family: Mrs. James McLean, St. John; Katie, at home, and Adam, of Chatham.

Mrs. Herriet Colpitts died suddenly at her home in Forest Glen, Salsbury, on Sunday, July 1. She is the wife of Herriet Colpitts of the Colpitts Millinery Company. George W. Gaynor, Jr., of the post office staff of this city is a half-brother, while Rev. J. Colpitts, associate editor of the Maritime Baptist, is a brother-in-law.

RECENT WEDDINGS

Tippett-Driscoll.

At 2 o'clock Monday morning, St. Rose's church, Fairville, was the scene of a wedding of interest, when in the presence of immediate relatives Miss Mary Mercedes, daughter of Mr. and Mrs. Cornelius J. Driscoll, 29 Church avenue, Fairville, became the bride of Charles Tippett, Rev. Charles Colpitts, rector of the church, officiated. After the ceremony the wedding party drove to the home of the bride's parents, where breakfast was served, following which the happy couple left on the Boston train for Boston and New York. The bride was the recipient of many useful and ornamental presents of furniture, silverware and cut glass. The groom is a returned soldier of the first contingent, and is now on the customs staff.

Sanson-Smith.

Fredericton, July 2.—News has just been received of the marriage of Captain Ernest W. Sanson, O. C. the 16th M. G. Co. (Canadian) on active service in France, to Miss Helen Carson, of Curzon Lodge, Folkestone, Kent, England, cousin of Lord Curzon. Captain Sanson sailed with the first contingent as extra lieutenant, was kept in Shorncliffe two years as machine gun instructor, and was finally allowed to go to France on active service, and was promoted to O. C. of the 16th M. G. Co. He brought his company through the Vimy Ridge fight with only one man slightly wounded, his company being mentioned in despatches for the good work it had done. Captain Sanson is the eldest of three brothers who are serving their country in France. He is a grandson of ex-Sheriff Home and a nephew of Mrs. Harry Gregory, of this city.

GIFTS IN KIND

London, June 18, 1917.

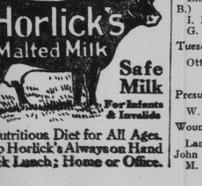

To the Editor of the Times:—

Sir—Now that the purchasing power of every pound is so much less than formerly, people who would like to respond to the call of organizations doing valiant service to alleviate the present distress, often find they cannot send money. But they might emulate the action of a recent contributor to the British and Foreign Sailors' Society who sent a gift of cutlery which a diminished family had made superfluous, and which realized a welcome addition to the funds for special relief.

Future of Church in Fort Kent, Me.

At the quarterly meeting of the Presbytery of St. John held yesterday morning and afternoon in the school room of St. Andrew's church with Rev. M. H. Baird acting as secretary, the question of the transfer of Fort Kent (Me.) from the presbytery of St. John to that of Newburyport (Mass.) was discussed at length. Nothing will be done in the matter until further conference is had with the Newburyport presbytery.

A vote of sincere sympathy to Rev. J. S. Sutherland, Fredericton, on account of the serious illness from which he has been suffering for some time, also an appreciation of the loyal support given him by his congregation of St. Paul's church during his illness, was unanimously passed.

It was moved by Rev. James Ross, seconded by Rev. F. Baird, that the presbytery sanction a separate mission station to be formed north of Chipman and that a committee be formed to look over the ground. Agreed to. It was explained that the pastor at Chipman found that it was impracticable to attend several small districts lying at long distances from Chipman.

It was decided to allow the congrega-

BRITISH CRITICIZE TOP HATS

London, June 18.—(Correspondence of the Associated Press.)—Men's morning coats and tall silk hats are the latest articles of wear to be criticized as wasteful. Those who are crying for a censor for these articles say that the long tails should be cut off the coats and the hat should be cut down to two inches in the crown.

The family doctor who goes about with his stethoscope in the crown, it is argued, is the only man who really makes adequate use to his top hat.

SHIPPING PROPERTY FOR SALE!

The Best Adapted Property in the Vicinity of St. John
is the peninsula at Millville, on which the old Jewett mill stood, and where Mr. Dunlap built wooden ships in the days gone by. This peninsula contains 6-9-10 acres with nine dwelling houses, where the workmen lived. A large shed on the property, 60x100, suitable for laying down the patterns. The site on which the mill stood, which could be utilized to erect an up-to-date equipment in connection with building wooden ships today, and which would supply the power for three or four different yards situated on this peninsula.

The peninsula has on its right a cove 900 feet wide, the privilege of which goes with the property. On its left another cove 700 or 800 feet wide, with an entrance 160 feet wide. It is connected with the mainland by a bridge, therefore the entrance to the whole property can be guarded by one man, as the balance is surrounded by water.
I am in a position to sell this property and an offering it at a price that cannot be duplicated anywhere in this vicinity. I am in a position to supply the purchaser with all birch timber, footlocks, knees and all necessary spruce timber in connection with building wooden ships. In the winter time lumber can be hauled from all sections of the river, including St. John River and its tributaries. During navigation schooners can be floated to the property. If it is necessary to import larger timber that cannot be obtained in this country, there is a rise and fall of tide.
No doubt the property is isolated for four months of the year, but the building of ships could be so arranged to launch spring and fall. The property is within two miles of St. John city.
There are many other advantages this property has, but I will not go further into detail. The plan of the property is on exhibition in my window, 93 Prince William street.

THE GROCERY MARKET.

Canadian Grocer last week said: Various lines of produce and provisions were in an active market during the week. Both butter and eggs are reaching the distributing centers in large quantities and prices show an easier tendency. Heavy production in these commodities is now taking place at country points. Live hogs were scarce and packers put up their prices in order to induce the farmers to bring them out. Poultry in various kinds reached the market in fairly good supply, but the demand is light and quotations were accordingly down.

Flour held in steady position, due to a corresponding situation in the wheat market. There is a light demand for the commodity as yet. Sugar declined fifteen cents a hundred and is in light demand, the coming of the fruit preserving season is expected to have a stimulating effect on demand. Much depends on the quality of strawberries marketed. Reports are conflicting as to the probable production of berries. As yet they have not been reaching the market in large quantities. Advances were recorded in salad dressing, ice cream salt, soap chips, jams, maple syrup, black pepper. Old potatoes are nearly cleaned out and new Southern potatoes are now taking their place, prices having declined in the latter during the week. Lettuce and radishes are slow sellers owing to the lack of variety. Canadian cabbage and beets are now reaching the market. Georgian peaches put in an appearance being the first of the season. Business is still quiet in grocery lines, particularly in the city trade.

THE HARDWARE MARKET.

This week has been one of the most important in many months so far as price changes are concerned. Practically all have been in an upward direction. This is due to the fact that the market has been in a state of uncertainty for some time past. The price of iron and steel has advanced, and this has had a stimulating effect on the market. The price of lumber has also advanced, and this has had a stimulating effect on the market. The price of coal has also advanced, and this has had a stimulating effect on the market.

British Tommy Finest Fighter on Earth, Says Canadian Captain--Australian Sack of 'Anzac'

London, July 4--H. A. Gwynne, editor of the Morning Post, who has been on a tour of the front, writes: "Coming along the dusty French roads in a motor car, I was delighted to give a Canadian officer a lift. He had been very kind to me on old orders, and was now a captain. He was of the right mettle, full of courage and determination to take the Boche back to his lair. I complimented him on the gallantry which he and his countrymen had shown during the war."

"Sir," he said to me, much to my surprise, "why will you always treat us as children? We have done well, I don't deny it, but everybody has done well. Your Tommy is the finest fighter on God's earth. Isn't he going to get any of the credit? I'm sick to death of praise that is plastered all over us. We have done our duty to the best of our ability, but we don't deserve one word more of praise than your fine fighting men."

"This sentiment, on inquiry, I found to be common to all the colonial forces. One distinguished Australian officer said he had come to hate the word Anzac. We came into the war of our own accord to beat the Germans," he said. "We don't want to be treated as though we should give up the fight unless we were mentioned every day. We are good, stout fighters, as the Boche knows well, but we take off our hats to the gallant old regiments of the mother country."

SAYS ENGLAND WILL MAKE BREAD PRICES REASONABLE London, July 4--In a speech at Dundee, Premier Lloyd George said that if necessary the government would resort to the exchequer in order that the price of bread should be within the compass of the bulk of the people.

The bar is literally the barred-off part of a law court in which the lawyers may plead, or in which the accused sits or stands, but the word has been transferred to legal proceedings or the legal profession generally.

Russians Have Taken Nearly 20,000 Prisoners

London, July 3--The Austro-German forces are evacuating Brestany, fifty miles southeast of Lemberg, the capital of Galicia, says a Reuters' despatch from Petrograd. The Russian armies have invested Brestany from the northeast, southeast and southwest. Units of four Russian armies, the despatch adds, are co-operating in the Galician advance, covering a front of about twenty miles. These units, with the approval of the commander-in-chief are resolving to do or die in the supreme test of Russia's man-power.

A German non-commissioned officer captured during the present operations said that the cheerful bearing and high morale of the men of the British army reminded him of the attitude of the German troops of 1914.

This change in sentiment among the enemy soldiers has not been brought about by a lack of food or of material. The rations of the Germans lack variety, it is true, but are undoubtedly sufficient to keep the men in good physical condition.

The scarcity of artillery ammunition has been emphasized in enemy documents recently captured, but for important actions there seems to be as yet no lack. The decrease in the activity of the enemy artillery is chiefly of the sort known as "harassing fire," in which shells are directed on roads, trenches, villages and other positions where human targets are supposed to be gathered.

In repelling attacks and in preparing the way for counter-attacks the German artillery is still formidable. Other weapons most used by the enemy are machine guns and bombs. Prisoners, captured immediately after they had concluded a course of instruction, said that bayonet exercises are no longer taught in the training of men for the enemy line. Recruits are instead trained in the use of the various sorts of bombs.

Up till the beginning of the April offensive there was still general confidence among prisoners that Germany would win this war. This was the basis of that recent respect which forbids that a soldier lay down his arms so long as he has even a slim fighting chance. Now it is an unvarying testimony that a recognition of coming defeat has taken much of the ginger out of the rank and file of the enemy, and has even caused the arrogant Prussian officer to carry his haughty head less haughtily.

Prisoners taken during the past few days no longer care to conceal their satisfaction at being captured. None of them is greatly interested in conditions for peace. They concede that Germany must in the end accept whatever terms are imposed by the Allies.

Subs Attack U. S. Transports

Washington, July 3--Efforts of German submarines to foil the transportation of the first division of the American army to France have met with complete failure.

American destroyers, convoying the transports, proved equal to the occasion and drove off the underwater boats with the destruction of at least one of them, and probably more. All the first American division have been landed safely in France without the loss of life and without even damage to any ship.

Twice the transports were attacked by the U-boats and twice they were driven off, although Secretary of the Navy Daniels says it was evident that the Germans had knowledge of the coming of the vessels beforehand.

The first attack was made in force at night by a squadron of submarines, but the gunnery of the American sailors drove the attackers off.

Another contingent was attacked a few days later and the American destroyers, while holding the submarines away from their intended prey, sunk at least one U-boat.

For and Against The Referendum

J. H. Sinclair Makes Suggestion for Another Trial of Voluntary System

Ottawa, July 3--Parliament, today, entered upon its third week of debate upon the second reading of the conscription bill. Despite the long discussion which has already taken place new aspects of the great issue before the country were presented by the eight speakers who addressed the house today.

Mr. Sinclair, of Guysboro, in a well-reasoned, thoughtful speech at the afternoon sitting, supported the wisdom of trusting the people to decide the issue by granting the referendum, pointed to the administrative bungling and partisanship which had be-derviled the voluntary recruiting system and urged the appeal to conciliation and strong leadership rather than the resort to force in solving the problem of getting more men for the front and of avoiding national discord and racial strife.

He made two or three concrete suggestions looking to a further trial of the voluntary system. He believed that the millionaires and the war profiteers should be compelled to sacrifice their big incomes and the money thus obtained be devoted to increasing the pay of the men who fought. He urged national prohibition, appealed for the curbing of all patronage and political favoritism in war administration, and he declared the prompt suppression of every newspaper which fomented racial prejudice or talked against recruiting.

Mr. Knowles, of Moose Jaw, in supporting the referendum amendment, did so mainly on the ground that no other way could the menace of serious internal strife which would undoubtedly be precipitated, under present conditions, by the enforcement of conscription, be avoided. Mr. Knowles believed that Sir Wilfrid Laurier had adopted the only possible course open to him if Quebec was not to be delivered over entirely to the leadership of Bourassa and the only of confederation preserved.

The Moose Jaw member urged Sir Robert Borden to withdraw the bill and then make a further attempt to secure a coalition with Sir Wilfrid. Then, said Mr. Knowles, if Sir Wilfrid still declined the Liberal members would find a leader who would enter into a union with the Conservatives.

Mr. Pascaud, of Megantic, in an impressive and beautifully worked brief speech, supported the referendum amendment. He urged the government to unite with Liberalism in the province of Quebec in seeking to stamp out the poison of Nationalism and, through a vigorous and honest educational campaign bring the people of Quebec, and later in full co-operation with the rest of Canada, united all as brother Canadians.

The government side the need for immediate and drastic steps to secure infantry reinforcements was emphasized by Mr. McCurdy and Colonel John Currie. Mr. McCurdy's speech was a notable contribution to the government's case and he drew out his argument with impressive facts and figures. The wastage of infantry at the front, he said, is 100 per cent per cent monthly. In England the infantry reserves, actual and prospective, were on May 14, only 46,000. Reinforcements were needed to the number of 7,800 monthly. Since the beginning of the year the infantry recruits in Canada had not even kept pace with the wastage in Canada from one cause or another. Conscription was therefore inevitable if, at the end of the present year, the Canadian lines at the front were not to be left to be filled by British or American troops.

"If the act were to go into force at once," declared Mr. McCurdy, "we can barely secure before the end of the year the necessary infantry reinforcements."

Mr. McCurdy's speech was a notable contribution to the government's case and he drew out his argument with impressive facts and figures. The wastage of infantry at the front, he said, is 100 per cent per cent monthly. In England the infantry reserves, actual and prospective, were on May 14, only 46,000. Reinforcements were needed to the number of 7,800 monthly. Since the beginning of the year the infantry recruits in Canada had not even kept pace with the wastage in Canada from one cause or another. Conscription was therefore inevitable if, at the end of the present year, the Canadian lines at the front were not to be left to be filled by British or American troops.

"If the act were to go into force at once," declared Mr. McCurdy, "we can barely secure before the end of the year the necessary infantry reinforcements."

Mr. Pascaud, of Megantic, in an impressive and beautifully worked brief speech, supported the referendum amendment. He urged the government to unite with Liberalism in the province of Quebec in seeking to stamp out the poison of Nationalism and, through a vigorous and honest educational campaign bring the people of Quebec, and later in full co-operation with the rest of Canada, united all as brother Canadians.

was within a few miles of Timbuktu that the Tuaregs who were then masters of the city, had killed Colonel Borden and most of his men.

Then Joffre turned back. He was again a victor. He had his forces within the city almost before his presence was known, and he trounced the Tuaregs so effectively that in a few hours he was master of Timbuktu, to the great joy of its inhabitants. He so firmly established French supremacy over that town and the whole of Northern French West Africa that the vast region has never again been in jeopardy. The hero of Timbuktu suddenly became one of the marked men of France; and the steady advancement that came to him culminated, early in the present war, in his supreme command of the French forces, and later in the position, recorded for him, of Marshal of France.

DETAILS OF BALL GAMES BETWEEN ST. JOHN AND AMHERST

Locals Won Afternoon Game But Lost Evening Contest; Games Featured By Heavy Hitting

(Amherst Daily News.) Amherst and St. John split even on the two games played on the Academy grounds yesterday. In the afternoon St. John faced a long up-hill climb, but ultimately forged ahead and wound up as victors after an exciting climax—ten to nine. With the shades of dusk fastly falling (poetic license) the locals took the measure of the Foggy City players by a ten to seven tune. Even at that the game was in doubt for Lenihan had cracked out a homer, with three men perched on the sacks, and the rest of the players were just hitting their proper stride.

The St. John men made a heavy wallop with the local fans. They proved themselves to be thoroughly good sports, conversant with the ways and manners of baseball yet never over-slipping those limitations. Rattray pitched for the Picks in the afternoon and truly he had the visitors guessing. Only six hits were made off his delivery and two of those were scratches. It was hard luck for him, but he is certainly abounded from losing part of it. Ray Hansen showed up well for the Wintports. Unfortunately when sliding at an early stage of the game he ripped open an old wound in his leg and retired from the mound in favor of O'Connell, a port side.

We will not venture to indulge in any criticisms whatever, aside from mentioning the fact that the two games gave the Amherstians some valuable pointers. The evening session was good. Doyle doing the heavy lifting for the locals, while Blair Carter mounted the slab for the Picks. Carter had speed and lots of it. Only five hits were registered. Doyle hardly proved effective against the locals as he had a stiff wing. Lenihan and Howard were the sensationalists of the game—Lenihan coming through with an H. R. wallop. While Howard grabbed a hot liner in deep centre after a long run.

Bout in Halifax Postponed

Halifax Echo—A big disappointment to the grown-up fans was the postponement of the Zulu Kid-Roddie McDonald contest at the Arena on Monday, but the man from the metropolis was unable to come owing, according to his manager's wire, to his charge suffering from the heat, which was well up towards the ninety mark during the last of the week in New York.

McDonald will stay in the city and train down to meet the Kid on that date. Roddie is looking well, and figures that he will have a little edge of the going when the meeting time arrives.

Canadian Wins Race and Title

Arthur Spencer Clinches Two Mile Match and National Championship

Newark, N.J., July 1.—Arthur Spencer clinched the bicycling championship of America by winning the two mile national championship race here this afternoon from Alfred Goulet before 12,000 fans. Every one of whom got up and gave the youthful Canadian a tremendous ovation after he had sprinted over the tape a winner in one of the most exciting finishes ever witnessed in a championship race.

Spencer defeated Goulet, but not without a tough battle. He went at Goulet a lap and a quarter from home, forcing the blond Australian all the way. At that first turn on the lap Goulet switched him, but Spencer finally drew up on even terms with him, and they raced neck and neck for a half lap, while the stand bleachers fairly shook with excitement. When Spencer finally drew away from Goulet's side, the crowd went up, and when he won the crowd went wild. In the heat to decide third and fourth place Kramer defeated Willie Spencer, but not without a hard ride.

Arthur won his heat easily, and then defeated Francisco Vert in the semi-final, his brother Willie in the grand semi-final and Goulet in the final. Goulet defeated Madden and Kramer in reaching the final.

DUNN SELLING PLAYERS TO HELP PAY EXPENSES

Baltimore, July 2.—Baltimore closed a most successful stay-at-home yesterday by breaking even with Montreal, making the record thirteen wins against the hit which he made to enable Boston to win the eighth game in the world series with the New York Nationals in 1912. Henriksen was sold to the Toledo Club of the American Association.

Buy According to Food Values!

When you have nothing else to do with your money, it may be alright to spend it on extravagant food and out-of-season delicacies. But now—in this critical year of the war—there are more important uses for it!

Save it by purchasing economically—and to do this, study food values. You will be surprised to know how extravagant some supposedly cheap foods are, and how some that seem high are really more economical. These true values are brought out clearly in a new National Service pamphlet, "How to Live in War Time," which we will gladly send you on request.

Under present conditions careless buying is worse than wasteful. It encourages still higher prices, and makes conditions harder yet for the less fortunate who are already feeling the pinch.

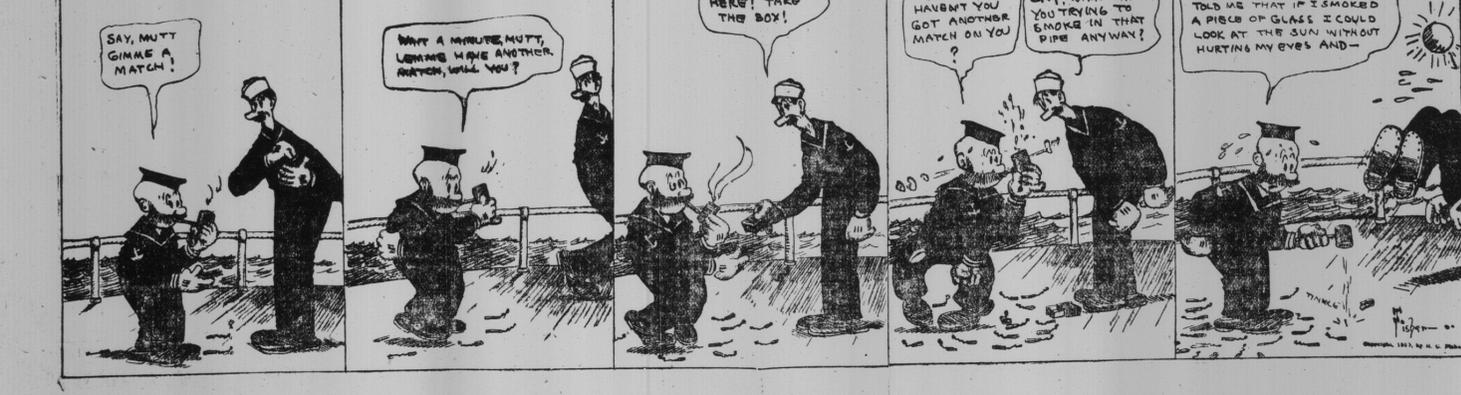

Buy carefully for their sake—for your own sake—and for your country! Canada needs every dollar you can save and invest in Canadian War Savings Certificates. Buy these certificates at any Bank or Money Order Post Office, at \$21.50, \$43 or \$86. In three years you will get back \$25, \$50 or \$100, respectively—which means over 5% interest. Or you can get your money back at any time you need it.

A. J. Jeffries, a recruit for the ministry licensed by the West End church, Halifax, has accepted a call to Rawdon.

Rev. G. D. Hudson of Lower Aylesford, has been called to the pastorate of the Aylesford church. His resignation at Lower Aylesford was received with much regret.

Rev. W. H. Jenkins, recently of Ohio has been removed to Kempsville in the same county. Rev. E. Crowell, D.D., has been called to Northampton since the resignation of Pastor Jenkins.

Rev. Arthur S. Burrows has closed his pastorate at the Emmanuel Baptist church of Cambridge, Mass., after nearly five years of service there. At a farewell reception the year made recipient of a purse of \$100.

L. G. Fischer, who has been teaching for two or three years, will begin work soon as a preacher. It is expected that he will begin his pastoral work at St. Margaret's Bay Second.

Among the graduates of the New-Newton Theological Institute this year are several who received their college training at Acadia. Of these, G. A. S. Howe became pastor of the Berean Temple, Dorchester, Mass.; C. L. French settled at North Billerica; Ross C. Eaton goes to Mansfield; Carlton Easton will minister to the South Christian church of Haverhill.

Rev. A. E. Wheeler has accepted a call to Summerside. His work at Halifax will close in August.

We have just received word of the death of Mrs. J. S. McFadden of Andover, who passed away Saturday morning after a short illness of pneumonia. Thus a life of great promise and usefulness has been cut short.

The West End church of Halifax, under the reverend leadership of its pastor, Rev. G. F. Bolster, begins to find its house of worship entirely inadequate to the needs of the growing congregation. Plans have been made for an enlargement and remodeling of the building, but on account of the present excessive cost of lumber and labor, the work of building will not be undertaken until next year.

Miss Edith Kathleen Rutledge, daughter of Rev. J. W. Rutledge, formerly of these provinces, was graduated on June 21 from the Girls' Latin School of Boston, being awarded the "Ellen C. Griswold" scholarship on the ground of scholarship and character.

Following an address by Rev. Arthur C. Archibald, of the First church, Lowell, delivered at the Northern Baptist convention, at Cleveland, on "Lay Evangelism and the Coming of the Kingdom," the audience of nearly 1,000 ministers present, by a standing vote requested the Home Mission Society to ask Mr. Archibald to relinquish his pastorate and spend the next few years in speaking before the state conventions and ministers' conferences in promoting lay evangelism.

His church at Lowell being unwilling to release him, he has decided to devote the months of October to this purpose.

ON MILITARY HOSPITAL STAFF Dr. F. T. Dunlop of this city has been attached to the staff of the military hospital in St. James street. He has been given the honorary rank of captain.

C. P. R. MEETING H. C. Groat, general superintendent of the C. P. R., New Brunswick Division, accompanied by Christopher Kyle, master mechanic, will leave this evening for Toronto where a meeting of C. P. R. officials will take place on Friday.

FLOUR DROPS AGAIN Another reduction in flour prices became effective this morning. Manitoba flour dropped fifty cents a barrel, making the wholesale price \$13.40, and a reduction of eighty cents in Ontario brought the price to \$12.85.

THEY DID WELL Three young misses—Gloria Logie, Mariel Curran and Isabel Gardner—recently held a sale of waffles and lemonade and gave a concert on Dr. A. E. Logie's grounds, Princess street, to raise money for the soldiers overseas. The sum of \$4.45 resulted from their patriotic efforts.

A GOOD RECORD On last Friday Catherine B. Fleming, daughter of Mr. and Mrs. James Fleming, East Riverside station, completed her first year at the Rothery Consolidated school without having missed one day or having been tardy once during the year. The little tot will not be six years old until early in September.

BACK TO HALIFAX Detective Kennedy reached the city last evening from Halifax and will leave again tonight for the sister city, taking with him George Hargreaves who was arrested here on Saturday for alleged theft of \$1,200. The prisoner will be tried in Halifax. Detective Kennedy was busy throughout the day attending to some other routine business.

MILITARY PERSONALS Lieutenant J. F. McKenzie, commanding officer of No. 2 draft of the 19th battery, with headquarters at Newcastle is in the city today on military business. Lieut. Frank Scully, M.D., of West St. John, a member of a Montreal medical unit, arrived home today on a short visit.

MRS. LEE D. JONES The death of Mrs. Lee D. Jones of Bald Hill, Kings county, occurred at her home on July 1. She was thirty-two years old and leaves her husband, two sisters, Mrs. Frank Earle of Belleisle and Mrs. M. R. Pitt of St. John, and two brothers, William and Thomas, both of Belleisle. The funeral took place on Monday, July 4.

MEETINGS ENDED The meetings of the Anglican Synod committee were brought to a close this afternoon. This morning at 10 o'clock the social committee met; at 12 o'clock the standing committee and at 8 o'clock the executive committee was in session. The clergymen who have been in the city attending these meetings will leave this evening for their various homes throughout the province.

HAD A BOTTLE That the carrying of any kind of a bottle in St. John in prohibition days is a dangerous practice was exemplified last evening when Acting-Detective Biddlecombe arrested a man at the entrance to the Murray & Gregory mill. The prisoner was staggering a little, and with the finding of a "bottle" in his possession, the officer put the man under arrest. He refused to tell who he got it from. Close examination of the bottle revealed the fact that it belonged to "preserve bottles" and the police and inspector are now buying themselves in an attempt to find out just what kind of preserves were in the bottle.

THEIR 15TH ANNIVERSARY The fifteenth anniversary of their wedding was the occasion of a pleasant gathering of their friends at the summer home of Mr. and Mrs. Ernest E. Thomas at Drury Cove last evening. A party of about fifty of their friends, chiefly from the choir and Sunday school of the Esplanade street Methodist church, took them by surprise and, after congratulations and best wishes for the future had been tendered, Gordon Stevens presented to Mr. and Mrs. Thomas, on behalf of the gathering, a beautiful silver set, the bride and groom being pleasantly spent with games and music.

PENOBSCQUIS OUTCLASSED BEAVERS On Monday afternoon the clash came between the St. John Beavers and the Penobscquis Alerts on the Penobscquis baseball grounds, before some 200 people. The Beavers were in the lead up till the fourth inning when the Alerts took the lead, but the Beavers won the eighth inning, when a heavy shower of rain forced the umpire to call the game in favor of Penobscquis with a score of ten to four, which was sufficient to win the game. The Beavers appreciated the way in which they were treated. The batteries were—Penobscquis, Robinson and McLeod; for St. John, Appleby, Hibbert and Second.

SHORT-FRASER A very pretty wedding took place at 867 City road this morning, when Miss Geneva A. Fraser became the bride of Robert W. Short. The bride, who was given away by her mother, wore white embroidered voile. The ceremony was performed by Rev. R. T. McKim. After the wedding a dainty breakfast was served, and Mr. and Mrs. Short left for their home in Sumnerville, N. B. The bride's traveling suit was of brown with hat to match. The presents were many and valuable. The bride was remembered both by the firm and employees of Waterbury & Rising Ltd., and the groom also was remembered by the staff of Macaulay Bros. & Co.

HIT BY AUTOMOBILE A small girl named VanBuskirk narrowly escaped being killed or maimed for life last evening. A hand-organ was being played in Main street, opposite Elm, and she started to cross the street to join other children clustered about the operator. She ran in front of an automobile which was coming down Main street, and was struck and thrown quite forcibly to the pavement. She was carried into the office of Dr. J. T. Dalton. No bones were broken. People who witnessed the accident said they thought she was killed, for when she was struck she was thrown some ten or twelve feet in front of the automobile and appeared to be quite badly hurt. Aside from being stunned and shaken up it is not thought she sustained any serious injury. After being treated by Dr. Dalton she was able to walk to her home.

THE 26TH IN DAY OF SPORTS

New Brunswick Battalion Out of Fighting For Month

Had Been Five Months in the Trenches—Programme of Sporting Events in Which Officers and Men Took Part

That after all, it is not fight without intermission, was the fact emphasized in an interesting fashion yesterday, when a Lancaster boy with the famous 26th New Brunswick Battalion, sent word home that they were resting for a month after five months in the trenches, and enclosing a copy of a programme of sports carried out by the battalion on June 31.

The programme was nicely printed and the cover explained: BATTALION SPORTS TO BE HELD SOMEWHERE IN FRANCE 26th NEW BRUNSWICK BATTALION LIEUT COL. A. E. G. MCKENZIE, D.S.O.

JUNE 11, 1917. GOD SAVE THE KING Inside, the committee responsible for the day is named as follows: Captain G. G. Anglin, M.C., Lieut. Campbell, Coster, Sharpe (M.C.), Harrison, Hallett and Gregory, with Privates Hinceley, Bennett, Cook, Henshaw and Brown.

The following is the programme which is described in few letters as having proved most successful in every way. The mile race provoked peals of laughter from every onlooker.

PROGRAMME Individual baseball (officers). Baseball. Football. Boxing. 100 yard dash (officers). 200 yards race, open. 1 mile relay, 4 men. 400 yards relay, 4 officers. 800 yards race, open. High jump, open. Running broad jump, open. Tug-of-war, open.

HUMOROUS EVENTS Band race, 75 yards (playing instruments). Blindfold race (follow bell). Boat race. Bule race (bareback). Horseback race. Obstacle race.

Prizes were awarded for each of the events by the commanding officer, Lieut. Colonel McKenzie. For the first three a fifteen, ten and five franc piece being the award of merit while the winners in the tug-of-war received ten francs each.

The battalion pipe band played a choice programme which also was printed on the back of the leaflet and the 9th Brigade band was promised as an added attraction for the festivities.

It must be very comforting to folks at home to know that the many experienced men who the boys have to go have not changed them from loving the pursuits of the days of peace, but so soon as they have opportunity, find their way to the sports of home, this war business being essential, as they have amply evidenced, but after all the natural instincts of the khaki lads are not those of the war mad, but when their fighting hours are over they come back to the natural things, such as the games they played when boys at home.

The decision of president Wilson that grain may be used for beer but not for whisky will be received with marked apathy in St. John. Prohibition has dampened this city's interest in the output of the distilleries.

If all our young men were as anxious to fight as the members of parliament are to talk we might not have any occasion for the prolonged conscription debate.

By the time the board of health closes a few more horses the authorities may be finding it necessary to erect tents in the public squares to shelter the surplus population.

The old chaps who like to tell how things were done when they were young can command real money for the information now-a-days—if they happen to be retired shipbuilders.

Clarendon street still continues to bob up in the common council discussions.

Reports of the St. Louis race riots sound like the German invasion of a Belgian city.

Everyone seems to be in favor of the conscription of wealth—except those who have it.

Invalid port and beef, iron and wine have landed men in the police court recently, and now a prisoner is charged with having a "preserve bottle" in his possession. What kind of preserves?
