A. J. Crawford Explains Scope Of Work And Details Of Classes

THAT the local Vocational training school building, when completed, would be second to none in the Dominion, equalling even the modern and up-to-date Riverdale School in Ottawa, and that no training school of this kind could stand alone, but must work hand in hand with the industries about it, were among statements made to the Saint John Vocational Training School Board by A. J. Crawford, director of technical education under the Federal Department of Labor, who had a round table talk with the members of the local board this morning.

Mr. Crawford stated emphatically that from his own personal observations while in Saint John there was no doubt but that the school would be a success, adding that he looked for it to reach a high standard.

World News In Short Metre

WHITE PLAINS, N. Y.—The village of Tarrytown was fined for contempt of court for the second time for disregarding a court order to settle damages for building a sewer on private property.

BROOKLYN, N. Y.—John Cooper is under arrest for alleged violation of the Volstead act in buying two drinks of liquor.

HORSHAM, Eng.—William Dunston, 84, his wife and 10 children, 52 grand-children and 19 great-grandchildren halted traffic when they formed in procession for the movies in celebration of the patriarch's birthday.

NEW YORK—"I am so used to fast time in an airplane that I didn't realize I was breaking the law at 34 miles an hour," Homer Berry told the court when he was fined for auto speeding.

GARY, Ind.—Victor Greiding, farmer, went to call on his neighbor, John Tokar, not seeing John about the house, Victor opened the granary door in the search for him. He was met with a charge of buckshot. John, after numerous thefts of grain, had fitted a burglar trap inside the granary, a shot-gun being rigged to shoot the opening of the door would fire the weapon.

MILLAN CHEERED IN MAINE HARBOR

Bowdoin and Peary Reach Moneghan Island After Arctic Journey.

The Weather

SYNOPSIS—The western high pressure has moved to the Mississippi valley and a severe storm has developed near the Atlantic coast. The weather is cloudy and unsettled in the west, fair and unseasonably cold in Ontario.

FORECASTS: MARITIME—West and north-west gales, becoming much cooler with light snowfalls.

NEW ENGLAND—Fair, with heavy to killing frosts. Temperature about freezing tonight. Sunday fair with slowly rising temperature; northwest gales on coast, diminishing by tonight.

Today's World Series Line-Up

PROBABLE line-ups for today's world series game are: WASHINGTON. Rice, centre field; S. Harris, second base; Goslin, left field; Judge, first base; J. Harris, right field; Bludge or Byers, third base; Peck, shortstop; Ruel, catcher; Ferguson, pitcher.

All Custom Tailoring

of quality must bear a price in proportion to the skill, time and cost attending the making. Clothes called high-priced are when justly estimated the cheapest; they are attended with much less profit to the tailor than those which everybody considers cheap.

You will find there is an unmistakable Quality about Custom-Made Clothes made for you in our Tailor Shop.

About time to select that Winter Overcoat? Gilmour's 68 King Street Tailoring, Clothing, Furnishings

No matter what it is in Furniture, little or big, be selfish in shopping. Furniture sold nowadays is so attractive and pride of ownership so tempting, you are apt to choose out of the first lot you see.

This is only human nature. The safe plan, therefore, is to go first to where you'll get a fair run for your money—where if you do buy straight off, you can say to yourself, "Oh, well, I see so much here, I don't need to bother going anywhere else."

As you see far more variety at J. Marcus Ltd., where things are in such happy taste, the prices so much lower and their guarantees so well established—perhaps it is better to be tempted here first of all.

FOSTER AND HAYES NAMED BY SAINT JOHN-ALBERT LIBERAL ELECTORS; 6 OTHERS DECLINE

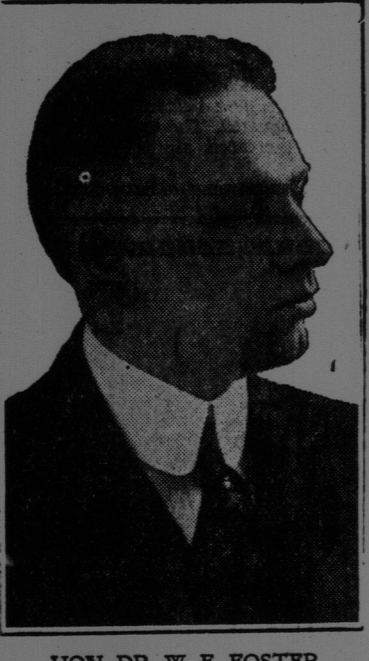

New Minister Chosen, Tells Aim to Work for Good of Province

MEIGHEN PROPOSAL IS "DOLE," HE CLAIMS

Maritime Case, Immigration, Courtenay Bay Plans Favored

HON. W. E. FOSTER, Secretary of State, and R. T. Hayes, former M. L. A. for Saint John, were unanimously chosen as the standard bearers for the Liberal party for the constituency of Saint-John and Albert at the Liberal convention held in the Magee Building in Charlotte street last evening. Several other names were brought up last evening, but the nominees declined to allow their names to go before the convention. The meeting was a representative one with a large attendance of delegates not only from Saint John city and county but also from Albert County. Dr. L. M. Curran was chairman.

Nominated

HON. DR. W. E. FOSTER.

R. T. HAYES.

The meeting was an enthusiastic one and Hon. Dr. Foster delivered a fighting speech in which he outlined the work the Government was doing at Courtenay Bay, the stand taken in favor of disposing of the Portland, Me., terminals, the way in which he claimed, the high tariff had ruined the Maritime Provinces and the need of markets for the produce of this section which, he said, was even more important at present than the need of immigrants here.

RESOLUTIONS ADOPTED. Speeches were also given by Dr. L. M. Curran, Dr. W. P. Broderick, Hon. Dr. Roberts, R. E. Armstrong, E. J. Kenneberry, secretary of the Liberal executive for the constituency, Col. Alexander McMillan, W. M. Ryan and Hon. Dr. Foster were present. Owing to the absence of R. T. Hayes from the city he did not address the delegates.

THOSE NOMINATED. Col. Alex. McMillan nominated Hon. W. E. Foster, seconded by W. A. Ross, R. E. Armstrong nominated Dr. Broderick, seconded by A. Neil McLean. Louis McDonald nominated Fred M. Thompson, Albert county, seconded by W. M. Campbell. F. M. Thompson nominated R. T. Hayes, seconded by John T. O'Brien. Daniel Higgey nominated Col. Alexander McMillan. George Gray nominated Hon. Dr. Roberts, seconded by Joseph Dryden. J. E. Figue nominated Dr. Curran, seconded by John McKinnon. Dr. J. E. Gossnell nominated Dr. Emery.

Baby's restless nights might be avoided. Scalded skin and other skin troubles are common causes of restlessness, and often could be avoided by careful bathing with Baby's Own Soap.

Eagle Brand is pure, uniform, digestible, nourishing. Send for Free Baby Books. THE BORDEN CO. LIMITED Montreal 8-17-24. Let the Maritime Provinces Flourish by Their Industries. BORDEN FACTORY-TURRO, N.S.

Resolutions

Moved by W. M. Ryan and seconded by Dr. S. B. Smith: Resolved, That the people of this constituency strongly appreciate the move that has been made and brought about largely through the efforts of the Secretary of State, Hon. W. E. Foster, to construct additional facilities at the port of Saint John on the east and west side of the harbor for that export and import business we deem to be so important for the future of this commercial centre. We also desire to express our great satisfaction at the selection of Hon. W. E. Foster, whom we have nominated as a Federal candidate tonight, to the honorable position of one of the cabinet of His Excellency Mackenzie King. His knowledge of the needs of the port as well as his thorough acquaintance with the necessities of the Maritime Provinces will enable him to so represent us in the councils of the country that we can look forward with greater confidence to his play at the hands of the central government.

Moved by Dr. W. P. Broderick and seconded by Hon. Dr. Roberts: Resolved, That the Liberals of Saint John-Albert in convention assembled take advantage of the opportunity to record their absolute confidence in the administration of the Government led by the Right Hon. Mackenzie King, to endorse the policies of his Government and to pledge their assistance as far as possible to enable him and the candidates selected to support him to bring about those reforms of administration and changes in the fiscal policy which will enable Canadian people to enjoy a greater era of prosperity and that improvement in Government always aimed at by the Liberal party.

ated for the general interest of the country the Government will have complete power and not be dependent on any group for support. Thus the onus of each act is placed strictly upon the Government and they could face the issue better.

REFERS TO EDITORIAL. Referring to a recent editorial in the Times-Star headed "Let Them Be Heard" in which it suggested that the people of the province should look beyond any doubt when nominating candidates where they stand on the question of justice to the Maritime Provinces. Taking up the matter of utilizing Canadian ports the speaker said that every man knew that this had always had his support. The matter of immigration was one which he heartily subscribed, he declared. However, he added, that he had found in the local legislature when expenditures for immigrants was discussed some former representative had always got up and declared that there was not enough markets at present for their products and that this was a matter to be remedied before the question of further immigrants was considered.

VALLEY RAILWAY STAND. Regarding the Valley Railway, Dr. Foster said that his stand on this regard was well known. He had urged both Liberal and Tory Governments to take over this road, thus relieving the people of the province of the burden. He declared if sent to Ottawa he would continue to urge and added that he could do this better from the inside as a cabinet minister than as an ordinary citizen.

DR. FOSTER SPEAKS. Hon. Dr. Foster was greeted with a tremendous ovation as he rose to speak. He said that he might have run in another constituency, but he had worked all his life in Saint John and he wanted to carry on his fight where he lived among his friends. He declared that he had always worked for the best interests of Saint John and the province. Referring to Dr. Broderick, he paid a tribute to the man who had carried the Liberal standard on two previous occasions. Referring to his colleagues generally, he said that they were working in harmony. With such a spirit manifest he did not doubt that the verdict would be favorable on election day.

NEEDS TO BE ELECTED. In accepting the cabinet position Hon. Dr. Foster said that he intended to work for the welfare of the people of the province and of Canada generally. To hold his position, he pointed out, it was necessary that he be elected so that it was of vital importance if the constituency wished to have a cabinet post here that they work in harmony. With such a spirit manifest he did not doubt that the verdict would be favorable on election day.

SEES LIBERALS WIN. In the last House, he continued, the Meighen forces in parliament numbered 51 and he did not think it possible that the Conservative Party could pick up 79 additional seats at the polls this time. He predicted that the Liberal Party would again be the strongest one in the next House, and Hon. Mr. King would continue as Premier, so it behooved this section to help give the party a clear majority so Canada could have stable government.

Mussolini Revives Mediaeval Office

ROME, Oct. 9.—Mussolini's cabinet took another important step yesterday in the Fascist section of Italy by deciding to revive and modernize a medieval form of government for small municipalities of 600 inhabitants by the appointment by the central government of podestats, thus eliminating the present system of government of mayors elected locally.

Mate Give Blood As Wife Loses Leg

TORONTO, Oct. 9.—While surgeons amputated Mrs. Norman Varley's leg, her husband was on the same operating table giving his blood to save her life. Varley has given two transfusions and it is expected that his wife will recover. She contracted septicaemia on giving birth to a baby boy which did not survive.

BIRTHDAY PARTY

Mr. and Mrs. H. M. Gibbon, 227 Pitt street, entertained a number of their youngest daughter's friends at an enjoyable birthday party yesterday. Eight little girls joined in wishing Miss Veida Maud Gibbon a very happy birthday and, after partaking of a wonderful repast, enjoyed games and music. Mrs. Gibbon was assisted in serving by her daughter, Miss Zevora Gibbon, and Miss Eleanor McLean.

BANK MANAGER HONORED

W. A. McLagan, manager of the Mill street Paradise row branch of the Bank of Nova Scotia, was guest of honor at the home of William Cook, in West Saint John on Wednesday evening, when he was presented a bridge lamp. The presentation was made by Mr. Stevenson on behalf of managers of the city branches. Mr. McLagan is to be married on Oct. 15 to Miss Johnston in Loggieville.

After Shaving—Minard's Liniment

DR. LAURIER TO STAND. MONTREAL, Oct. 9.—Dr. Ruben Charles Laurier, former member for L'Assomption and cousin of the late Sir Wilfrid Laurier, has announced that he will be a candidate in St. James division. He will run as a Liberal protectionist. Dr. Laurier will oppose Fernand Rinfret, Liberal.

Night. "I suppose you have been through all night." "Yes, but I went through at night and I did not see the darned place."—Tit-Bits.

The Evening Times-Star

The Evening Times-Star printed at 25-27 Canterbury street every evening (Sundays excepted) by New Brunswick Publishing Co., Ltd., J. D. McKenna, President.

SAINT JOHN, N. B., OCTOBER 10, 1925.

PORT PROSPECTS.

The welcome announcement is made by Mr. J. J. Scully, General Manager of the Eastern Lines of the Canadian Pacific Railway, that his company expects to handle more traffic through Saint John this winter than for many seasons past.

despises the arts of stage management, but to win and retain support in a democracy, modest publicity is really indispensable." Mr. Baldwin made a passing reference to the demands put forward in some quarters for his resignation, saying that there are a great many disgruntled people knocking about the country, but that the condition of other parties is quite as bad in this respect as that of the Unionist party.

Canada carries some strange issues to the Privy Council. Recently the Supreme Court of Canada decided that one Cecil R. Smith, of Windsor, was not subject to income tax because of profits made from bootlegging. The Department of Finance is going to ask the Privy Council to decide that income even from illicit sources may be taxed.

Russia having returned to vodka, the Manitoba Free Press explains lucidly that vodka is whiskey gone Bolshevik.

A young lady in Ontario has solved the problem of how to be happy though married. She has married Charles Happy. Now she'll always be happy.

If you don't think some old side-walk crusher is wide-awake, just watch him when a pretty flapper goes by.

HE SHOULD BE. A Saskatchewan editor is in hiding since he published the following tribute to a local society woman. "She has always had many friends."

Cows are going in for bobbing. One lay down with her tail across the track and a C. P. R. train came along and cut it off.

SCHOOL SCIENCE. The teacher was giving a class a lecture on "gravity," she said, "It is the law of gravity that keeps us on this earth."

(MRS) ROBERT R. COX. 125 Victoria street, Saint John, Oct. 10, 1925.

450-Gallon Shortcake. Prisoners at the federal prison in Leavenworth, Kan., were recently served a short cake that contained 450 gallons of strawberries. The berries were grown on the prison farm and it took a squad of prisoners three days to pick them.

Fortune in Deposit Box. Miss Ida M. King, of Saint Paul, Minn., when she died, left a deposit box that contained \$70,000 in currency, \$600 in gold and some jewelry valued at several thousands. She had refused persistently for years to entrust her fortune to banking institutions.

Spain's Woman Warrior Honored. Spain's most celebrated woman warrior of recent years is the Baroness de Alcahal, who was a commissioned officer with the Spanish army in Morocco, wore the uniform and was twice wounded. She has been decorated by the king and queen for her valor on the field as a nurse. She is also an artist.

Petroleum Known 4,000 Years. Although little or no use was made of it for centuries, petroleum was known to the ancients. Scientists have figured that it was known at least 4,000 years ago. It is only within the last century, however, that its use was developed, and many advances in mechanics and chemistry are laid directly or indirectly to petroleum.

Savant Never Drank Water. Camille Flammarion, the great French astronomer, who died recently, is reported to have said that he never had tasted water. He explained in an interview before his death that he regarded water as suitable for external uses only. He drank wine, and said his grandfather who did likewise lived to be close to 90 years of age.

Bears Seize Golf Ball. While playing golf at Jasper, Alberta, F. E. Jones had the thrilling experience of seeing a bear come ambling across the fairway just as he drove. The ball fell near the animal, which immediately gave chase like a playful pup. At the same time another grizzly came romping out of the nearby woods and between them they made shreds of the ball. The golf course is in the National park near Jasper and was recently opened by Earl Haig.

Water and Dampness Differ. Water and dampness have an entirely different effect upon woods and other materials. In Berns, Switzerland, there is a long wooden foot-bridge that was erected in the thirteenth century. The original timbers, standing in water, are not painted and never have been painted, but they are as sound as a nut. This is because the air of the Alps mountains that surrounds the bridge is dry, practically free from dampness. A bridge of like construction, standing in a warm, low, humid, damp climate, probably would not last for 25 years without paint.

A Severe Indictment. (Chatham News.) A New York clergyman, who attended the universal Christian conference in Sweden, has written an article in which he says that the saddest day of China was when the western civilization touched her. He declares that this same western civilization has carried "greed, lust, guns and all the other nonsense that characterizes our civilization" to a nation that "possessed the finest qualities any nation can compare with." The indictment is a severe one. The influence of western civilization has not been wholly for evil, but certainly it has not been an unmitigated blessing. And probably China had worse enough of it.

In Lighter Vein

Smile. A smile is quite a funny thing. It wrinkles up your face. And when it's gone you never find it's secret hiding place. But far more wonderful it is to see what smiles can do. You smile at one, he smiles at you. And so one smile makes two.

He smiles at someone since you smiled. And then that one smiles back. And that one smiles until, in truth, you fall in keeping track. Now, since a smile can do great good. By cheering hearts of care, Lets smile and smile and not forget. That smiles go everywhere.

An optimist, opines Tom Bell, is a man who is happy because he is miserable and a pessimist is one who is miserable when he's happy.

There never was an article placed on the market that someone else couldn't make it worse and sell it for less.

A MAN'S LIFE. School tablets. Aspirin tablets. Stone tablets.

"Gosh, I didn't realize that Jones was so tight before."

"The other day he told me that he had lost some money through investments and, come to find out, he'd tried a gum slot machine that didn't work."

The woman who doesn't begin to use makeup until she is 40 years old is making up for lost time.

The Indian head-hunters of Ecuador have a way of shrinking skulls to one-third of their natural size. Couldn't we detour English lecturers to South America?

THE GREAT SECRET POWER IS NEARER TO YOU THAN YOU THINK. This is the sum of the world's wisdom.

contradictions—between his word and his deed, his will and his work, his life and his principles?

In one of his plays, Ibsen, star of the north, puts these words into the mouth of one of his characters: "Men are like that, Ella. They both believe and doubt at the same time."

Ibsen opined that if you deprive the average man of his life-life you deprive him also of his happiness.

Man is on the dissecting table constantly, in Ibsen's works. These are some of the surgeon's notes: Examine the conscience of any

man you please, and you will find at least one dark spot which he must keep hidden.

Men are singular beings. They must always have something to amuse them.

Men yield to certain egotistical feelings simply for lack of desire to combat them.

Each lives to himself as well as to the world.

No man will sacrifice his honor, even for one he loves. Millions of women have done so!

FEAR, HOPE AND DISAPPOINTMENT. In these three words is written the life of man.

It seemed to Ibsen that the impulse which man brings to work is, a greater or lesser degree, born with him; yet, even if circumstances alone be his compelling force, the final result in all cases will be the same.

In the first case he follows his own inclination, and, therefore, always has sufficient reward for his labors; in the second, he works under compulsion, but this very compulsion is a boon, as through it he is enabled to ameliorate his status and acquire greater possibilities of well-being and enjoyment.

Teacher—Did you make that face at me? Jimmie—No, ma'am. You just happened to walk in front of it.—Answers.

SETTLERS FOR THE WEST. (Saskatoon Star.) It is generally taken for granted that most of the newcomers to Canada settle in the West. As a matter of fact, the West, during recent years, has not received even its proportionate share of immigration, particularly from Great Britain. Perhaps that is in a measure due to the fact that the Minister of Immigration and some of his chief helpers have been Easterners.

WHEN PROTECTION COMES. (Quebec Chronicle-Telegraph.) If Canada were to protect her industries as the United States protects theirs, Alberta and Saskatchewan would become two of the greatest manufacturing provinces in the Dominion. The coal mines are a great industry in themselves. The coal would also attract many heavy industries. The mines and industries would establish all other contributing occupations, and all of these could constitute a great market for mixed farming products.

IRRESPONSIBLE. (Kingston Standard.) Announcement is made from Winnipeg that Hugh John Macdonald, the

Freedom of City Was Once Useful Gift

A FEW weeks ago Mr. Baldwin, the Prime Minister, was made a "freeman" of Bewdley, and became a "burgess" of that place. For the presentation of the freedom of the city, whether to resident or stranger, makes the recipient an honorary burgess. But if strangers, these honorary burgesses can not vote for the municipality or be "on" the Town Council. Women as well as men can be made honorary burgesses, of course.

A burgess proper is a person of full age who has occupied a house or other building, and has resided for one year in the locality, and has paid poor and other rates, and consequently has been enrolled in the Burgess Roll.

In olden days it was an important and useful thing to be a freeman. The privilege was acquired by birth or apprenticeship, or by gift or purchase. The eldest son of a freeman was born a freeman. An apprentice obtained the privilege by serving a seven-year apprenticeship to a freeman. An act of Parliament, however, eventually abolished the right of purchase.

In the Middle Ages there were "free" cities as well as freemen, and many of these became so powerful that they could, and often did, defy the barons and other great feudal lords, protecting the common people against the local tyrants, and even sometimes resisting injustice on the part of the sovereign. Kings were glad to have such "free" cities as London and York on their side, for they could furnish both money and fighting men.

In Northern Europe several of these big "free" cities combined to protect their trading interests, and their union became so wide-spread and powerful with its own armies and fleets, that not only nobles, but kings and emperors were glad to be friendly, in order to receive support in their quarrels with nobles of foreign nations.

Even today the "free city" of Danzig, on the Baltic, is a self-governing republic, and its citizens are members of the League of Nations.

Nowadays, though, all cities are generally and practically free, possessing few privileges beyond those of any other city. To be made a "freeman" of a city is only a traditional honor—a compliment. Still, the retention of this custom is useful in that it recalls the fight for freedom throughout several centuries by our ancestors, who secured for us many of the rights and privileges we now enjoy.

Great improvements have been made,

but there remains to be invented a stove that will throw all its heat into the room, and lose none up the chimney.

Yet another invention that would bring a fortune to the man who could think it out is a method which, without adding to the cost of production, would so bind and stitch the ordinary magazine that it could be opened out flat like a book. A device, however excellent, would be without commercial value if it were too expensive to apply.

As you know, the lengths of railway metals do not meet. Space has to be allowed for expansion of the steel. The "clank-clank" of trains is due to the wheels bumping over these openings. The railway companies would scramble for an invention that would abolish the clanking or do away with the necessity of leaving the openings. It is obviously better to supply what is being asked for than to invent something for which a demand may have to be created.

Great improvements have been made,

but there remains to be invented a stove that will throw all its heat into the room, and lose none up the chimney.

Yet another invention that would bring a fortune to the man who could think it out is a method which, without adding to the cost of production, would so bind and stitch the ordinary magazine that it could be opened out flat like a book. A device, however excellent, would be without commercial value if it were too expensive to apply.

As you know, the lengths of railway metals do not meet. Space has to be allowed for expansion of the steel. The "clank-clank" of trains is due to the wheels bumping over these openings. The railway companies would scramble for an invention that would abolish the clanking or do away with the necessity of leaving the openings. It is obviously better to supply what is being asked for than to invent something for which a demand may have to be created.

Inventors Must Think In Entirely New Roles

ALTHOUGH there is another side to the picture, the surest way to wealth is to think out and patent some simple invention, such as the "screw" bottle stopper. If it is novel, and will save time, money, labor, or worry, the inventor will usually get his reward. The adequacy of the latter depends on whether he can exploit his own invention or has to sell it to others.

Excluding those who reinvent the already-invented, many misapply their faculties by treading a path, if it can be put that way, that is already well worn. The patent pipe is an example. Yet all the while certain inventions are being demanded.

A fortune awaits the man or woman—women are far more prolific in inventions than men—who can invent something from flooding, and thus writing too thickly, just before their ink supply is exhausted. The trouble is caused by the increased air pressure in the barrel.

Great improvements have been made,

but there remains to be invented a stove that will throw all its heat into the room, and lose none up the chimney.

ARCHIVES REVEAL
TALES OF INTEREST OF
SAINT JOHN CORNERS

Old Coffee House Was Meeting Place—The
Story of Chubb's—Benedict Arnold's Home
at King and Canterbury—At Germain and
King Boy Fatally Shot Citizen in 1818

TO SOME of the city residents there are street corners in Saint John which are known by names familiar in the pioneer days, but there are few, even of the older residents, who can recall the names bestowed upon specially notable corners in the Loyalist city. The late Ven. Archdeacon Dr. W. O. Raymond, who loved to delve into ancient traditions and to preserve historical data, has left some very interesting accounts of the old names of corners in Saint John.

In the files of the local office of the Dominion Archives copies of his manuscripts are carefully kept. One of these written about 1893 gives the following account of some of the city corners.

CHUBB'S CORNER

The name of Chubb's Corner is not one of great antiquity, in the relative sense in which anything may be regarded as old in a city which has been settled for only a trifling over a century. Henry Chubb bought the property (on the north east corner at Princess and Prince William streets) in 1839 and it began to bear his name after he put up a brick building which was then one of the most notable mercantile buildings in Saint John. So Chubb's Corner, widely as it is known, has a much more modern title than many of the corners which still bear the names they bore when the old men of the present day were boys. That is the older people know them by those names, even though the ancient designations convey no meaning to the ears of the younger generations.

Who, for instance, among the school-boys of today, thinks of the Bank of Montreal as being the Coffee House Corner or of the Western Union Telegraph office being on Parlow's Corner? Yet these were the names by which these localities were known. There are a few others in the same class, but names now-a-days do not go back far for their titles.

COFFEE HOUSE CORNER

Everybody who has made any study of local history knows that the Coffee House Corner took its name from the boarding house and coffee house kept by William Cody, though he was not the original proprietor. The house was built early in the history of the city by Charles McPherson and was kept by Mr. Cody from 1830 to 1824. It was the great gathering place of the citizens and the old papers abound with notices of meetings of one kind and another held there. It was the place where leading merchants and professional men met night after night to discuss the events of the time.

Here, too, petitions, subscription papers and other documents to which signatures were desired, were usually left, as being at a place where people were in the habit of calling. The house, city hall and market were close at hand on the square, and for some years the post office was near there, a little farther south in Prince William street.

SOME WHO MET THERE

Some notable projects in which the public were interested were inaugurated and discussed at this coffee house. In 1832, for instance, there was a meeting to consider the practicability and probable expense of building a canal from the Bay of Fundy to Baie Verte and this was a live topic for more than half a century afterwards. To show the class of men who used the coffee house for such gatherings at times, it may be mentioned that at the meeting in question Judge Chipman was in the chair, and that he and such well-known citizens as Hugh Johnston, Thomas Millidge, Thomas Heavilside, Charles Simonds and Laurence Donaldson were appointed a committee to raise funds to the extent of \$1,000 for the purpose of having a survey made.

When it is considered that the cost of such a canal in later years was estimated at \$7,000,000, the courage of the men of that day in purposing to go on with the work is worthy of admiration.

TORN DOWN IN 1853.

The old Coffee House building, a two-story wooden structure, had several narrow escapes from destruction by fires which swept Prince William street and Market square, but it remained and was used for stores until it was torn down to make way for the Imperial Building, which was erected by John Gillis in 1850 and was at that time a wonderful advance in the class of structures devoted to business. This building and the Commercial Palace of Doherty & McEwen, a short distance above, in King street, were the wonders of the time in the dry goods trade.

Before the time Mr. Cody occupied the old Coffee House it was used at intervals as a place of meeting for the Freemasons, from 1786 to 1813, when Charles McPherson was the owner. After Mr. Cody left in 1824 the Courier printing office was in the famous long room.

The Bragg building at the corner of King and Cross streets was also used for a time by the Masonic body after it was purchased by Mr. McPherson, who sold it later to George Bragg. Bragg converted the upper story into a ball room and public hall. According to Bunting's "Freemasonry in New Brunswick," the fire by which this building met its fate occurred on Feb. 6, 1866, after which the lot was leased to Lawton & Vassle.

The Imperial Building, long occupied by Magee Brothers, remained until the fire of 1877, after which the present structure, then known as the Downie building, was erected.

BARLOW'S CORNER.

Barlow's Corner, where the Western Union building stands, was so called as having been the place of business of Ezekiel Barlow & Sons, who kept a general store there as far back as 1814, in which year the fire by which this building met its fate occurred on Feb. 6, 1866, after which the lot was leased to Lawton & Vassle.

Weddings

Ryan-Gibbon.

The marriage of Miss Greta Grace Gibbon, daughter of Mr. and Mrs. James S. Gibbon of Douglas avenue, and Lloyd Chester Ryan of Saint John will be solemnized this afternoon at 4 o'clock at the Gibbon country home at Riverside, with Rev. Canon A. Daniel, rector of St. Paul's church, Rousesay, performing the ceremony in the presence of the immediate family.

The bride, who will be given in marriage by her father, will be gowned in a pink shot tulle, simply designed, and will carry pink and yellow roses. The bride and groom will be unattended.

Immediately following the ceremony, the bridal party will come to the city, where a reception will be held at the residence of the bride's parents. The bride will change her gown for a handsome Burgundy crepe dress, with hat to match, and the bride and groom will leave on the evening train for New York and other United States cities. They will remain in New York for a few days, and will be received, among which was the groom's gift of a beautiful diamond ring, set with sapphires and diamonds, which is the only ornament to be worn by the bride during the ceremony. The bride has a large circle of friends, who showered her with gifts and good wishes.

The out-of-town guests will be Royal Ryan and Miss Mary Ryan, brother and sister of the groom, and Miss Jessie Cummings, an intimate friend of the bride. The groom is the proprietor of the Gasoline Service Station, Princess street, and has many friends in Fredericton. His home was formerly in Fredericton.

Deaths

Mrs. J. A. Sinclair.

Born the year Queen Victoria was crowned, married in Germain street by Rev. William Donald in 1856, Mrs. Janet Alexandra Sinclair, widow of William Sinclair, passed away Sunday morning and peacefully at the home of her daughter, Mrs. Edith Hastie, Leinster street, early last evening. Mrs. Sinclair was about the house earlier in the day but was seized with weakness shortly after the supper hour. She talked with her children almost to the last moment. The deceased lady was one of Saint John's oldest and widely respected mothers. Indeed she was not only a grandmother, but a great-grandmother, being the mother of five little ones. The surviving children are: Mrs. F. W. Harrison, of Boston; Mrs. John McAuley, of Fredericton; Mrs. Clarence T. Lugin, of Boston; Mrs. Arthur E. Henderson, Mrs. Edith Hastie and Miss Alice Sinclair, of this city. The sons are Peter Sinclair, of J. & A. McMillan's employ, and Douglas, of Boston, who visited his mother a short time ago.

Mrs. Sinclair's maiden name was Douglas, daughter of John and Ann Douglas of Loch Lomond, descendants of that sturdy Scotch stock who settled in this city in the early days of the settlement. She was 89 years old and excepting a restricted activity of the past few years due to rheumatism, enjoyed the full measure of life. She was a lady of wide acquaintance and delighted in many lifelong friendships. During the past summer Mrs. Sinclair enjoyed reunions with her children from distant parts, as she had been doing for years past. She was a member of Knox church, in which she and her family worshipped throughout the household life.

John A. Lipsett.

Many friends of John A. Lipsett will regret to learn of his death which occurred yesterday, after an illness of three months. Mr. Lipsett was the proprietor of the Lipsett's Variety Store, Prince Edward street. He was a member of New Brunswick Lodge, No. 1, Knights of Pythias, and Court Saint John Order Canadian Foresters. He was a staunch member of St. Mary's church. He leaves his wife and two sons, John S. and Frank Hazen, at home.

The funeral will be held on Sunday afternoon from his residence, 100 Exmouth street. Service at 3.30 o'clock.

Mrs. S. S. Hall.

Many in the province will bear with regret of the death of Lloydminster, Sask., on Sept. 16, of Helen Glendinning, wife of Stephen Hall, formerly resided in Rousesay and Gagetown. The Lloydminster Times of Sept. 24th has a lengthy account of the funeral of Mrs. Hall, showing the general esteem in which she was held, the business houses of Lloydminster being closed while the funeral was in progress. Two cars, loaded with floral tributes from relatives, friends and organizations in various parts of the West followed in the funeral procession, which included over forty automobiles.

The service was conducted by Rev. A. Cross, L. Th., rector of St. John's church, Lloydminster, assisted by Rev. Archdeacon Noyes, M. A., and was most impressive, the church being crowded to standing capacity. Mrs. Hall's death took place on the 5th anniversary of her marriage, after only a brief illness. She is survived by her husband, who served overseas as officer in the 8th-Battalion, and is prominent in the Lloydminster G. V. V. A., and one little daughter, Helen Katherine, also her parents, Mr. and Mrs. Glendinning and one sister, Mrs. A. Rogan.

Mrs. Amy Milton.

HOPEWELL HILL, Oct. 9.—The death is reported at Albert Mines, Mrs. Amy Milton, a former resident of this locality. Mrs. Milton was formerly Miss Amy Martin. She was held in high respect by all who knew her. She leaves five sons, Clark, Joseph, King, Lorenzo and Betty Milton, and one daughter, Mrs. William M. Goveang. Two sons, Whitney and George, and a daughter, Mrs. Edward Cote, died some years ago.

Mrs. M. Moore.

SUSSEX, Oct. 9.—The death occurred in Boston on Oct. 6 of Mrs. Margaret Moore, a former resident of New Brunswick. She is survived by one son, George, and two daughters, Mrs. E. Martin and Mrs. Minnie Balch, all of whom are residents of the United States. Mrs. Moore was a member of the St. James, is a sister, and Charles R. Mit-

chell, Danvers, Mass., a former resident of Sussex, is a brother. Several grandchildren also survive. The body will be brought to Sussex for burial. It will arrive here on Friday and funeral will take place from the residence of George Dryden on Saturday afternoon at 2.30 o'clock, at which Rev. Canon Sheven will officiate. Interment will be made in Kirk Hill Cemetery. Mrs. Moore was very well known in Sussex and her many friends here will learn with the deepest regret.

Mrs. John Hunter.

Mrs. Isabella Hunter, a life long resident of Kings county, and one of the oldest residents of the province, died at the home of her daughter, Mrs. George Geldart, Main street, on Monday evening after a brief illness. This grand old lady first breathed the breath of life in Ireland in October, 1822, making her age at the time of her death 103 years.

Edward R. MacLeod.

MONCTON, Oct. 9.—Edward Roberts MacLeod, son of Murdoch MacLeod, of this city, died last night in Sydney Hospital after an illness which had lasted for three weeks. Mr. MacLeod, who was born here Nov. 9, 1899, had not resided in this city for some years, but will be remembered by a host of friends. On Oct. 1 his condition was such that blood transfusions were necessary and his brother, Harry MacLeod, of Moncton, submitted to the operation. The patient rallied for a week but last night another trans-

fusion was necessary and Mr. Keyes, superintendent of the Warren Blinnous Haying Company, by whom Mr. MacLeod was employed, gave 18 ounces of blood, but without effect. Mr. MacLeod passing away about 11 o'clock. His father, Murdoch MacLeod, was present at the time of his death and Mrs. T. H. Howard, a sister, was en route with Mr. Howard to Sydney. Another sister, Mrs. E. C. Chapman, of Lacombe, Alta., survives as well as a brother, Murdoch.

Mrs. Ella O'Hara.

FREDERICTON, Oct. 9.—Mrs. Ella O'Hara, wife of John O'Hara, of this city, died today at Victoria Hospital aged 46 years. Death followed an operation after a lengthy illness. Surviving are the husband, six sons and a daughter, all of Fredericton. Two brothers are Wesley and Benjamin Allen, of Fredericton, and four sisters are Mrs. Henry Davenport, Mrs. David Campbell and Mrs. William Gibson, of Fredericton, and Mrs. Joseph Bolter, of Devon.

FRANCE CUTS WAR BUDGET

PARIS, Oct. 10.—The finance committee of the Chamber of Deputies has pruned the war ministry's budget appropriation by another 30,000,000 francs.

Want a Cook? Use a want ad.

Baby Killed While Making Mud Pies

BOSTON, Oct. 10.—While making mud pies in the street in front of her home at 5 Marvin place, Cambridge, Evelyn B. Waumbolt, 16 months old, was run over and killed instantly by a wagon of the New England Bakery Company. Her 4-year-old sister playing by her side escaped injury. The child was youngest in a family of five children.

Elmer S. Pacious, of Medford Hill, side, driver of the wagon, was arrested on a manslaughter charge and later released under bonds of \$1,000.

\$30,000 Heartbalm Is Asked by Boston Girl

BOSTON, Oct. 10.—Helen F. Anderson of Boston seeks \$30,000 heart balm from John C. Morgan of Belmont in a suit for alleged breach of promise to marry her. She says he made the promise to marry her on Nov. 1, 1922, and in doing so fraudulently and deceitfully represented he was desirous of marrying her and legally competent to do so, whereas in fact she says he had a wife at that time.

GLORIA GOULD AWAY SECRETLY TO PARIS

Sublets New York Apartment—Husband Remains in Camp in Maine.

NEW YORK, Oct. 10.—The New York American says that Mrs. Gloria Gould Bishop has sub-let her New York apartment and sailed secretly for Europe while her husband, Henry A. Bishop, Jr., has gone to a camp in the Maine woods. Her friends say, according to the story, that she will establish a residence in Paris. She departs on the steamship Majestic last Saturday, the story says.

George Jay Gould, sister of Lord Detsos, and the inheritor of great wealth, has attracted much attention since her marriage, two years ago, at the age of 17, by her determination to carve out a career and earn money for herself. She has announced her belief that every wife should do the same. Last December she made her debut as a professional dancer. She has clung to her maiden name throughout her professional career.

Stores Open 8.30 a.m.; Close 6 p.m.; Saturday 10 p.m.

You'll Find Fine Value In M. R. A. Ltd. Furniture

What is value? First of all it must be something which you desire; secondly, it must be a thing of quality which is equal to its price. When the price does not exceed the worth of the object to you—then it is a value to you. M. R. A. stocks offer you the advantage of VALUE in every piece of furniture you buy. As an example:

- 5-PIECE BEDROOM SUITE OF GENUINE WALNUT**
Louis XVI Period design. Suite comprises Bow Foot Bed, Dresser, Dressing Table, Rocker and Bench. Construction and quality much above the ordinary. Price \$272.
- 2-Tone Bedroom Suites Of Genuine Walnut**
A beautiful suite in Queen Anne Period design. Suite consists of Bow Foot Bed, Chest of Drawers, Bed Side Table, Dresser and Rocker. Very high grade in every way. Price \$332.50
Note: Individual Pieces may be purchased if desired.
- Our Home Maker's Plan**
Allows the privilege of paying only one-quarter of the price at time of purchase and the balance in equal payments monthly over a period of six months. This applies to furniture amounting to \$100 or over. (Furniture store, Market Sq.)
- Well Dressed Men Wear M. R. A. Hats**
Men with a reputation for fine judgment in the matter of hats find M. R. A. stocks particularly pleasing. Here they may select the popular "Made-in-Saint-John" Hat; a Borsalino, a Brook, a Biltmore or any of the best reliable makes. This season many men are choosing the wider brims and there's a tendency in the direction of greys of various shades. Any hat chosen from our fall stocks brings with it the assurance of style-rightness. \$3.50 to \$8
- New Fall Caps**
Fashionable Donegal Tweeds and plain colors are showing in one-piece and eight-piece styles. Be sure and look these caps over before making any selections. You're bound to like them. Men's sizes \$1.25 to \$2 Boys' sizes \$1.10 to \$2
- Jaunty Turbans**
For Small Boys
Greys, blues and fancy mixtures \$1 to \$2 (Men's Shop, 2nd floor.)
- Let Us Show You Now**
British Made Footballs \$3.50 to \$7.25
Football Sweaters \$3 and \$4.25
Football Pants, \$2 and \$3.
Football Stockings in club colors.
Football Pads for knees and elbows.
Football Garters.
- Badminton Birds**
\$2.50 dozen (club price.) \$25 gross.
And all other equipment needed for popular Fall Sports. "Spalding Goods" sold in Saint John by R. R. A. Ltd. exclusively. (Sport Dept., ground floor.)
- Colored Linen Handkerchiefs**

The Only Reward a Father Receives for His Years of Labor is the Love and Gratitude of His Family, So Repay Him by Making Him a Hero in the Eyes of His Children.

ARE you teaching your children to love and admire their father? Do you ceaselessly point out to your children their good qualities?

Do you hold their father up as a hero before your children's eyes? Do you teach your children to love and admire their father? Do you hold their father up as a hero before your children's eyes? Do you teach your children to love and admire their father?

From the time the first baby is born the average man becomes literally the slave of his family. He sells himself into bondage so that his children may live soft that they may have advantages that he never had in his youth; that they may enjoy luxuries he never knew. He works overtime and grows prematurely old and bent, that his boys may go to college and belong to smart clubs and have automobiles, and that his daughters may attend fashionable schools, and dress like fashion plates, and go in the right circles.

It is father who stays at home and works through hot summers and cold winters, when the family goes to Europe or Palm Beach. It is father who wears the shabbiest clothes. It is father who has the worst room and the smallest closet space in the home. The percentage of money that father spends on himself and in gratifying his own personal tastes and desires is negligible. Virtually all the money he has earned by a lifetime of toil has been lavished on his family.

Whether this pays or not, whether all of this labor and anxiety and self-denial have been worthwhile or not, depends altogether on his children's attitude toward him. If they love him they are grateful to him; if they appreciate what he has done for them, it is the best investment that a man ever made, and it makes him richer than any millionaire. But if his children are indifferent and cynical, if they take all that he has done for them as no more than their due, and without even a "thank you"; if they see in him nothing but a shabby little man who hasn't been particularly successful as a money-maker, then all his life work goes for nothing. His sacrifices are without reward. He is bankrupt in heart.

NOW, the attitude of children toward their father is almost entirely determined by their mother, and whether they look upon him as a superior being to be adored and worshiped, or merely as a cash register that they can pinch whenever they want any money, depends altogether upon what she has taught them.

There are women who teach their children to hate and fear their father by making him an ogre to them. When the children are bad the little culprits are always threatened with what their father will do to them. The mother thus makes the father the hanging judge who inflicts punishment on the small sinners.

IN this way the mother fills the child's imagination with a picture of his father as of some dread creature who is always lying in wait to chastise him, and could never have any sympathy or understanding with him, and with whom he could never have any possible companionship. "I'll tell your father on you when he comes home," is the curse that millions of women lay between their children and their husbands, and that seals the children's hearts forever against the fathers who have given them their very life blood.

There are other women who teach their children to regard their fathers simply as money-making machines that exist solely for their own use and benefit. What the children want they must have at any cost to father, and mother undertakes to nag it out of him. The children see that mother has no consideration for father and they grow up to hate him.

SHE never tells them that they must not even ask for something they desire because business is bad and their father is harassed and worried about money. She never tells them that they must stay at home and let father have a little trip, because he is sick and nervous. She lets them bring the last penny out of him with no more feeling for him than if he were a sort of automatic device worked by her for supplying their desires and needs.

Other women teach their children to despise their fathers by always criticizing them and calling attention to their faults.

THEY are forever telling the children that their fathers are lacking in enterprise, that they are poor business men, that they are too easy and let people take advantage of them, that they are high-tempered and hard to get along with, that they have this and that weakness, until the child's mind is thoroughly poisoned with the idea that his father amounts to nothing and his opinions are not to be respected.

Very few women ever deliberately set themselves to teach their children to love and appreciate their fathers. Very few women ever try to make their children see their fathers as heroes, who, for their lives, are fighting the battle of life as bravely and gallantly as any knight of old. Very few women teach their children to show any gratitude to the fathers who have sacrificed so much for them.

WHY so many women fall in this important duty is partly through carelessness and a lack of thought, but mostly because of an unconscious mother jealousy. They want to be first with their children and monopolize their love.

But it is a cruel thing to the child, and to the father. It robs them both of so much joy in each other that they miss.

DOROTHY DIX.

Fashion Fancies

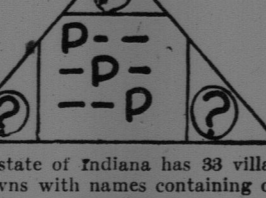

By Marie Belmont.

JERSEY is one of the most effective materials possible for the young girl's early fall frock. The model shown above is typical of the simple two-piece frock that is so much in vogue at the present. The color is navy, blue, and a decided note of gaiety is imparted by the bright red leather collar and cuffs, and the wide red leather belt.

The same model would be effective in dark green, with softer green leather for trimming.

A Puzzle a Day

The state of Indiana has 33 villages and towns with names containing only three letters. That length for a word is so popular in the English language that in some cases the same three letters make three different words. Here is an example of this sort, but only the letter "p" is given. This is the first letter in one word, the second in another and third in another.

Can you discover the other two letters?

Last puzzle answers:
The ticket broker lost two world series tickets and \$30 on the transaction. You will recall that he charged \$20 for his tickets and now he also has a counterfeit fifty-dollar bill.

Cross-Word Puzzle For the Wee Folk

By LITTLE JOE.

In warm, dry climates grapes are dried in the sun. They shrivel up and turn a very dark purple. When in this condition they are called by another name. That name is number one across.

DOWN.
2—Poisonous snake.
3—Paragraph.
4—Therefore.
5—To press.

A Thought

Pleasant words are as a honey-comb, sweet to the soul and health to the bones.—Prov. 16:24.

HE THAT would please all and himself too undertakes what he cannot do.—Dutch proverb.

FLAPPER FANNY says

PETTY means small, but a lot of big girls are petty.

HEALTHY NOTE

"Carguing with antiseptics," says a medical expert, "will kill the influenza bacillus." Perhaps, but how do you make one of those bacilli stand still while you make it gargle?

Women Folk Rule and Run Business of Pretty Little English Village of Lawford, Essex

By MILTON BRONNER.

LAWFORD, Essex, Oct. 10.—The petticoat flying in the breeze alongside the British Union Jack!

It hasn't happened yet in this pretty little Essex hamlet, but there would be a poetic fitness if the inhabitants took their courage in their hands and brought this about.

For Lawford is a unique place in Great Britain. In the United Kingdom there are 2,000,000 more women than men, but men still rule the roost, carry on the government, hold down most of the jobs and carry on the public business—except in Lawford. Here the men let the women do the work.

Every day from eight in the morning until six in the evening it's a woman's town. The men are gone all day, most of them working in big factories in towns near by. So they have neither time nor inclination to hold down the jobs that are left in Lawford. Facts, about the only men left in the place on week days are three:

The parson.
The coffin-maker.
The grave digger.

If you've got any business in the way of placing some poor person in the almshouse or paying your taxes or talking about hamlet improvements, you've got to see Miss Emily Spooner, tax collector and clerk to the parish council. She has been running the jobs since 1905, succeeding her father and grandfather. She was raised on the job. She can calculate taxes lightning fast.

If you've got a child who is of school age, then the person you have to see is Miss Kate Rowell, who is the school mistress and who in turn was preceded by a woman.

Outside of the school and the parish offices and the rectory there is only one other important place in Lawford. That's the postoffice. And here you see Mrs. Mary Reason, who has served on the job for ten years and was preceded by three post-mistresses.

And when Postmistress Payne calls in her staff of letter-carriers, does a trousered brigade answer the summons. It does not! Petticoats to the fore once more! For the post-women are Mrs. Mary Reason, who has served for 16 years and Miss Scott who has served for 23.

Your Birthday

October 11—You are methodical, painstaking and cautious, and seldom make a mistake. You are too fond of having your own way. You make your home very attractive, and gather around you a great number of true friends. Beware of the green-eyed monster in your love affairs.

Your birth-stone is the opal, which means hope. Your flower is the hop. Your lucky colors are yellow and white.

VERY TRUE.

Little Marion and her next-door neighbor Donald were engaged in an absorbing conversation.

"What are anarchists?" asked Little Marion.

Then Donald smiled with wisdom.

"They want everything anyone else has got, and they never wash themselves," he replied.

"Oh, yes!" cried little Marion, with enthusiasm. "I see—they are just little boys grown up!"

Mrs. Mary Reason (left) and Miss Jane Scott (right), Lawford's letter-carriers. Insert, Miss Emily Spooner, parish clerk and tax collector.

Adventures of the Twins

By OLIVE ROBERTS BARTON.

UNCLE RINGTAIL'S CAR.

After lunch Mister Coon took his two nephews, Corbie and Cobble, out for a ride in his new car.

He had bought a new racing car as yellow as a pumpkin and built in such a shape that it looked more like a boat than an automobile.

"But Mister Coon never intended to race and what was more, he didn't intend to have those youngsters racing either," he said. "The thing is—just drive slowly and enjoy the country and watch all the signs. If everybody would only watch the road signs there wouldn't be any trouble and there would be no more wrecks on the highway."

"Now watch me, boys," said the Uncle Ringtail as they all got into the car. "First of all I put my foot on this little knob on the floor and fix this big-amarrank on the wheel—so. Then I press the knob with my foot and that starts the engine. Then I fix the thing—amarrank or I mean the big-amarrank back to where it was. Then I'm all ready to start."

"Yes, Uncle," said Corbie and Cobble, watching with all their might.

"The next thing to do is to start the car. See this handle—how it wiggles? Well, I'm going to do something with it, but I can't move it where I want to until I press this big pedal in the floor down with my foot. Now I can put the handle where I want it." And Uncle Ringtail pulled it gently toward him.

"Yes, Uncle!" said Corbie and Cobble together.

"Now, when I take my foot off the pedal the car will move," said the coon gentleman. "As I don't want it to move too suddenly and jerk our heads off, I shall take my foot off slowly, like this."

"Yes, Uncle!" the little coons started to say. But they were so surprised when the long yellow car started to move, they grabbed each other and held on tight. "Ho-ee! We're moving," they cried.

"I have to move this handle three times," said Mister Ringtail Coon. "And each time I have to push the pedal down first. Watch me!"

So the little fellows watched, and by and by the car made no more noise, but rolled along as smoothly as a steam pie out for a airing.

"Isn't it fine?" grinned Corbie. "Just whopping!" agreed Cobble. "Please go a little faster, Uncle."

"What does the little speedometer say?" asked Mister Coon. "It says 15 miles," said Cobble. "Well, I might go a little bit faster," said Mister Coon cautiously. "But very

SCIENCE SEEKS TO CUT TOLL OF DUST EXPLOSIONS

By DAVID DIETZ.

A dust explosion laboratory is one of the newer ventures of the U. S. bureau of chemistry.

The importance of investigation in this field is pointed out by Dr. Hylton R. Brown of the bureau, who calls attention to the fact that 45 lives were lost, 28 people injured and \$3,000,000 worth of property destroyed in the United States, he says.

These are plants manufacturing dusty products, such as starch, sugar, spices, cocoa and plants where dust is produced during the manufacture of wooden ware, aluminum ware, cork and other products.

The hazard is also high in grain elevators. Dr. Brown says that investigations of the bureau show that all combustible dusts and some not generally regarded as combustible will explode, when mixed with the proper amount of air, as the result of a spark.

Such sparks may be caused in plants by the breaking of an electric light bulb or by an over-heated machine bearing.

Sparks of static electricity, such as sometimes take place in moving machinery or belts, may also cause such an explosion.

The dust explosion laboratory will work to provide practical means to prevent both the formation of dust clouds of an explosive nature and the occurrence of sparks which might set off such clouds in an explosion.

Harvard University may establish a school with an endowment of \$12,000,000. This endowment would provide \$150,000 yearly for the maintenance of 15 professorships. It would provide another \$150,000 for the upkeep of laboratories and \$24,000 a year for providing fellowships.

The committee estimates that such a school would have an enrollment of about 400 graduate students.

Gambling Nets Parisian 12,000,000 Francs Each Year

THE most written up military force in the whole world is the famous Foreign Legion which France uses in all desperate campaigns and particularly in Africa.

Romances have been woven about it, lies have been told about it, figures have been distorted, to contain only foreigners, desperate fellows all, and many of them having dark chapters in their lives which they wish to hide.

And, singularly enough, the bulk of the troops are supposed to be Germans, who for various reasons hate their own country and seek service under the flag of her bitterest foe.

As a matter of cold fact, the Foreign Legion is made up as follows: 50 per cent. Frenchmen, 14 per cent. Germans and 30 per cent. other nationalities.

In the main most of these men have had troubles of some kind or other. Some have been distinguished men in their day. Hence the French officers in charge of the legion never ask questions.

Nor does one legionary question another. A veil is drawn over their past.

All that is required of them is iron discipline in the barracks and valor in the field.

ANDRE CITROEN, famous French auto king, used to be known as the plunger par excellence at fashionable Deauville in France.

But this year he has been eclipsed by another Parisian, M. Kahn. They say he never loses, never has lost. Deauville with bated breath tell you he goes to the Casino to play as calmly as a business man goes to his office to conduct the day's work.

In fact, it is his work. And they whisper that the income from his business of bucking the Casino is 12,000,000 francs per annum.

A PARTY of newspaper men were gathered together in the Press Club of London. The American was telling the Britons what was news.

"If you tell Americans that a princess is lovely, that is only passably interesting. If you say she has very big feet and prove it by a picture—that's news."

"Oh, but we would never print that!" said one of the Fleet street men.

"Why would," said the American drily.

do you "quit" at 3 o'clock?

If you lack energy to complete the day's work, be warned of constipation. While poisonous matter is locked in your system you can't expect to feel fit.

Tillson's Natural Bran will bring permanent relief if taken regularly. It supplies the cleansing roughage which aids digestion, and induces regular personal habits.

Be sure it is Tillson's Natural Bran. Use it every day in muffins or bread, or serve with other cereals or fruit. Recipes in each carton.

Red Cross Reports Show Fine Progress and Splendid Work In All Branches of Society

First Regular Meeting Held on Eve of Campaign For Budget of \$6,200; Treasurer and Secretary Submit Reports

ON THE EVE of the province-wide campaign of the New Brunswick Red Cross Society for members and its budget of \$6,200 the first regular meeting of the society since May was held yesterday afternoon and reports presented showed splendid progress in the campaign activities and excellent work accomplished in all branches of the society's peace-time policy work in the province. The financial statement showed that \$2,917.39 had been expended in five months of which \$1,060 had been used for comforts for the soldiers in hospital.

C. B. Allan, vice-president, was in the chair in the absence of R. T. Hayes. Miss Ethel Hazen Jarvis, secretary, reported on the work since the last meeting in May, referring to the convention at the Admiral Beatty Hotel in September, and the preparations for launching of the campaign for members and \$8,200 in funds on Oct. 15.

During the summer the secretary lectured five times for home nursing classes and also for Middle Sackville and River-side branches and Norton Women's Institute. Mrs. L. F. Longley assisted with the lantern.

Letters of welcome were sent to families from overseas settled in 23 places in the province. In case of sickness in these families there was a fund provided by the British Red Cross and the Order of St. John to be administered by the Canadian Red Cross.

Many relief appeals. Miss Jarvis reported the annual report had been delivered in August, that 8,000 collecting boxes had been ordered and are to be placed in homes. Many relief appeals were received and reports were made on five cases for other organizations. The home nursing organizer, Miss S. A. Barrington, had been very busy. The organizer of branches and campaign, Mrs. Margaret Lawrence, visited Clifton and Woodstock and accomplished valuable publicity work for the campaign. The Junior supervisor, Miss Jessie Lawson, was

now visiting the Teachers' Institutes and preparing for the coming of the Dominion director, Miss Jean Browne. SAINT JOHN MEETING. Reference was made to the Saint John annual meeting. At that meeting, by Mrs. John McAvity, the resignation of the secretaryship and it was most regretfully received as Miss Walker had successfully shouldered the burden ever since the Boer War. In recognition of her most valuable services a certificate was received from head office and this was duly presented to her on the evening of the annual meeting. By Mrs. John McAvity, the war president of the Saint John branch, a splendid activity of the Harbord branch was contributing towards a nurse for a soldier's wife.

FINANCIAL STATEMENT. The financial statement of R. G. McInerney, treasurer, showed expenditures of \$2,917.39 in five months. Expenses included depot, \$983.98; hospital committee, \$1,060; publicity, \$307; campaign, \$80; three years' insurance on the Red Cross recreation hut of the Lancaster hospital, \$120; for sewing committee, \$80.88; annual report, \$80.38, and convention, \$126.85. Grants from head office had covered the expenses of the Junior Red Cross amounting to \$1,948.90, and of the home nursing class organization, amounting to \$318.55. H. C. Rankine had audited the books. At the meeting an appeal for workers for the Health Centre tag day was referred to the local Red Cross. The writer of a request for a grant to buy an auto-knitter was recommended to refer to the Women's Institutes. An appeal for assistance for a Kings county soldier's family was dealt with a grant of \$10 a month for three months being made from the Kings county trust fund, which the society administers. A soldier's widow in Doaktown asking for clothing for children was to be referred to the nearest local Red Cross branch.

CROSSES MARK TRAFFIC DEATHS

As a warning to autoists and pedestrians, Indianapolis is painting white crosses on its streets to mark the spots where people have been killed in auto accidents. Sergeant Harry Smith of the accident prevention bureau is shown explaining the cross to school children.

ROTHESAY LADY VICE - PRESIDENT

Officers Are Elected by Maritime Presbyterian W. M. S.

Resolution Passed Opposing Any Modification of the N. S. Temperance Act.

NEW GLASGOW, N. S., Oct. 9.—Mrs. L. S. Moore, of North Sydney, N. S., was re-elected president of the Women's Missionary Society of the Maritime Provinces at the closing sederunt of the annual meeting, held in the First Presbyterian church here today. Other officers elected were: Hon. presidents, Miss Annie M. Blackadar, Halifax; Mrs. Archibald Gunn, Westville, N. S.; Mrs. Euan McDonald, Hopewell, N. S.; vice-presidents, Mrs. J. A. Thompson, Rothesay; Mrs. W. McK. McInerney, North Sydney, N. S.; Mrs. Condon, Moncton; Mrs. D. A. McLean, Orangevale, N. S.; Mrs. J. W. Clarke, Tatamagouche, N. S.; Mrs. W. R. Campbell, Grand Falls, N. S.; Mrs. H. Foote, Halifax; Mrs. Cochrane, Mahone, N. S.; Mrs. P. A. MacGregor, New Glasgow; Mrs. George W. McLeod, Charlottetown, N. S.; Treasurer, Miss Jean McGregor, New Glasgow; recording secretary, Mrs. Ralph Dimock, Windsor, N. S.; corresponding secretary, Miss Annie Brims, New Glasgow; home missionary secretary, Mrs. Frank Baird, Pictou; foreign mission secretary, Mrs. A. D. Falconer, Halifax; Y. H. S. secretary, Mrs. Blair, Oxford, N. S.; Mission Band secretary, Mrs. Earl Kennedy, Kensington, P. E. I.; supplies secretary, Mrs. Annie Brims, Halifax; G. E. P. secretary, Mrs. W. Harper, Halifax; international correspondent, Miss Elizabeth Stewart-Halifax; editor, Mrs. William McNab, Halifax; secretary-treasurer, Mrs. M. A. MacGregor, Halifax; literary secretary, Mrs. Charles MacAloney, Fairview, N. S.; education committee, Mrs. W. McNab, Mrs. Charles MacAloney and Mrs. Harper, all of Halifax.

A message was delivered on the missionary education of the youth of the church by Bruce Hunt, a student missionary at North Sydney. A resolution was unanimously passed expressing absolute opposition to any modification of the Nova Scotia Temperance Act as suggested by the recently formed Moderation League.

Afternoon, the function being a delightful tea and shower at her home, Gernan street, to honor Miss Daisy Stephens, whose marriage is announced to take place on Wednesday, Oct. 14, those who assisted Mrs. Lingley in serving her guests were Miss Esther Welford and Miss Margaret Gilmer.

Mrs. Earle Nesbit, of St. Stephen, who was the guest this week of her sister-in-law, Mrs. George A. Lockhart, and Mr. Lockhart, Orange street, has returned home. Miss Helena Nesbit, sister of Mrs. Lockhart, was also guest of the latter and has returned home to St. Stephen.

H. A. Powell, K. C., has returned to the city from Ottawa, where he was registered at the Chateau Laurier.

Mr. and Mrs. A. E. Palmer, of Toronto, are guests of Mrs. Palmer's sister, Mrs. Norman S. Gregory, 266 Prince William street.

Mr. Percy Leonard and his mother, Mrs. C. Leonard, have closed their summer home at Westfield and have taken up residence at the La Tour Hotel for the winter months.

Messrs. W. J. Poole and Ronald McArthur have arranged to enjoy a hunting trip to Elgin, Albert county, leaving tomorrow for 10 days.

Miss Allison Daye is the guest of her sister, Mrs. Frank A. Glimmer, of St. Andrews, for a short visit.

Miss Annie L. Brock, of Rothesay, who has been summering at Kennedy's Hotel, St. Andrews, has returned home.

Mr. G. G. Crawford of this city is taking the place of Mr. G. W. Babbitt, manager of the Bank of Nova Scotia, in St. Andrews, while the latter is away on his vacation. Mrs. Babbitt was in the city last week and Miss Margaret Babbitt, their daughter, spent the week-end here with Miss Leslie Skinner.

Mrs. J. L. Driscoll and her daughter, Miss Edna Driscoll, of 25 Rodd street, are visiting Mrs. Driscoll's daughter, Mrs. R. J. Perry and Mr. Perry in Quebec. They went to be present at the marriage of Miss Mad Pery, daughter of Mr. and Mrs. Perry, to Mr. Gerard Thomas, accountant of the Waldorf-Astoria, New York, which was solemnized in that city this week. Mrs. Thomas has frequently visited here and has many friends who send good wishes for her future happiness.

Mrs. George W. Titus, who has been visiting her daughter, Mrs. C. A. Johnston, in Quincy, Mass., has returned home.

Miss Stella Murphy, of Sandy Point Road, has returned to Boston to resume her vocal studies, carrying good wishes from the friends who enjoy her singing.

Mrs. W. S. Carter, wife of Dr. Carter, chief superintendent of education for New Brunswick, was the hostess at a drawing-room tea and musical at her home in Fredericton on Wednesday afternoon, in honor of her guest, Mrs. George J. Trueman, of Sackville, who with Dr. and Mrs. Carter, while passing through the city. Mrs. Trueman, who was formerly a teacher of piano at Mt. Allison Conservatory of Music, and who has since studied abroad, charmed the company with her performance.

Mrs. A. Pierce Crockett, Mrs. Fletcher Peacock and Mrs. Carter gave much pleasure with their vocal solos, and Miss Margaret Lynds gave readings from Dr. W. H. Drummond and was obliged to respond to several encores. Mrs. C. C. Jones, wife of Chancellor Jones, of the University of New Brunswick, presided over the tea and was assisted in serving by Mrs. E. O. Turner and Mrs. Kathleen Hill. Dr. and Mrs. Trueman left on Thursday by motor and attended the Teachers' Institute in Northumberland county, meeting at Chatham.

Visitors at Lorneville Manse this week, who were entertained by Rev. and Mrs. Peter Jackson, were Rev. and Mrs. W. J. Bevis, formerly of Lorneville, now of East Saint John, and Mrs. Percy Preece, of Hampton Village and Mr. and Mrs. Ira Smith of Hampton Station, where Rev. and Mrs. Jackson were formerly stationed at St. Paul's Presbyterian church.

Rev. John J. Pinkerton, pastor of the Fairville United Church, who was in Halifax, N. S., for the Bell-Dein staff wedding, returned to the city yesterday and presided at a meeting in the church last night. Rev. Hugh Miller, of Silver Falls, took charge of the service. Mrs. Pinkerton's midweek service on Wednesday evenings.

Miss Katherine Skelton, daughter of Mr. and Mrs. A. C. Skelton, formerly of Saint John, now of Hamilton, Ont., is visiting in Montreal and is a guest at the Thémis Club.

Mr. and Mrs. W. H. Flewelling, of Clifton, were host and hostess at a card party this week in honor of Miss Edmund, of Massachusetts, who has been visiting at her home and will shortly return to her home for the winter.

Westfield. WESTFIELD, Oct. 9.—Mrs. G. Crawford and Miss Christie have closed their house at Woodman's Point. Miss Crawford has left for Montreal, where she will spend the winter. Mrs. Crawford is a guest at Ten Eyck Hall, Union street, for the present.

Mrs. F. J. G. Knowlton of Saint John spent Saturday with Mrs. H. J. Evans. Mrs. and Mrs. W. E. Golding, Mr. and Mrs. F. J. Likely, and Mr. and Mrs. G. L. Warwick and family have returned to their city homes.

Mr. and Mrs. Charles McDonald, who have spent the summer at Woodman's Point, have returned to town.

Social Notes of Interest

ENGAGEMENT NOTICES
ENGAGEMENT Announcements will in future be subject to a charge of 50 cents per insertion.

Hon. and Mrs. Leonard P. D. Tilley and family, who have been at their country residence, "Homewood" for the summer, came into the city yesterday and are at their city home, "Carleton House" for the season.

Mr. and Mrs. Sherwood Skinner and Mrs. Fred Caverhill Jones, who returned a motor trip to Boston, have enjoyed a most enjoyable stay in the city. Mr. Fred Sayre was one of the party.

The Riverside Golf and Country Club was the scene of a pleasant informal social event for the closing day on Thursday. After the game was concluded the members of the club, who attended in force, were served at the tea hour in the cosy rooms of the club house, with Mrs. Sherwood Skinner, president, and Mrs. Simeon A. Jones, presiding over the tea and coffee urns.

Mrs. William Vassie, Jr., entertained at a bridge of five tables yesterday afternoon at her home, 28 Mecklenburg street, when prizes were won by Mr. Arthur N. Carter, Mr. Arthur Rankine and Miss Alice Tilley.

Mrs. Gordon S. MacDonald, 175 King street east, was hostess at her home last evening for a small bridge, the party being given to honor Miss Annie Thomson Armstrong, R. N., daughter of Mr. and Mrs. T. E. G. Armstrong, and her fiance, Dr. Verne D. Davidson, of Fairville. The party was greatly enjoyed.

Mrs. Charles S. Hanington, of Union street, was hostess yesterday afternoon for her husband's sister, Mrs. Wardlaw Taylor, of Toronto. Mrs. Taylor is visiting her mother, Mrs. A. H. Hanington, and sister, Dr. Mabel Hanington, at their home, Elliott Row. A few of the most intimate friends of Mrs. Taylor, who was very popular here as Miss Edith Hanington, were invited by her sister-in-law yesterday to meet her and several family dinners and other informal parties have been held to admit of Mrs. Taylor meeting as many as possible of her former friends during her short stay here. She came on Tuesday of this week and will leave for home on Sunday.

Invitations have been issued by Mrs. E. L. Rising and Mrs. Harold W. Rising for a tea to be held at the residence of the latter, 25 Gooderich street, on Wednesday, Oct. 14, and on Thursday, Oct. 15, from 4 to 6 o'clock.

Mrs. L. V. Lingley was one of the hostesses who entertained yesterday.

CHINESE BOY CLEARED. VANCOUVER, Oct. 9.—On the ground that the Crown had not produced sufficient evidence warranting the trial of Wong Fong Sing on the charge of murdering Janet K. Smith in Vancouver on July 26, 1924, the grand jury in the Assize Court here returned a "no bill" and the Chinese house boy, who has been out on bail, will be formally released.

Mrs. Margaret Watson and Mr. and Mrs. E. L. Rising and Mr. and Mrs. W. B. Anderson were week-end guests of Mr. and Mrs. E. R. Machum.

Mrs. H. G. Gale and daughter Catherine are guests of the Misses Ballentine.

Mr. Fred Kirkpatrick and Mr. Sidney Macneil were week-end guests of Mr. and Mrs. Arthur Kirkpatrick.

The Misses Mitchell have closed their summer home at Ononette and returned to town.

Mr. and Mrs. F. Barbour and Mr. and Mrs. R. Skinner, who have spent the summer at Hillandale, have returned to town.

Women's Institute Lauded By I.O.D.E.

TORONTO, Oct. 9.—Meeting here with the national president, Miss R. M. Church, in the chair, the national executive committee of the Imperial Order, Daughters of the Empire, adopted a resolution offering its congratulations to the Women's Institutes of Canada through the report of Mrs. Wait, of Birle, Man., for their splendid efforts as exemplified by the display from the various provinces at the Canadian National Exhibition, 1925.

Westfield

WESTFIELD, Oct. 9.—Mrs. G. Crawford and Miss Christie have closed their house at Woodman's Point. Miss Crawford has left for Montreal, where she will spend the winter. Mrs. Crawford is a guest at Ten Eyck Hall, Union street, for the present.

COLOR IT NEW WITH "DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades of dye rich, permanent colors in lingerie, silks, ribbons, skirts, waxes, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind will tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

WARNS AGAINST PARTY POLITICS

Quebec Archbishop Sends Circular to Priest in Montreal Diocese

Admonishes Them That Their Duty as Citizens is to Poll Vote.

MONTREAL, Oct. 9.—Admonishing the Roman Catholic clergy neither by public nor private utterance nor by imprudent representation to compromise their dignity and their beneficent influence by mingling in partisan politics, yet recalling to them their duty as citizens to record their vote on election day, His Grace Archbishop Gauthier, Apostolic Administrator of the diocese of Montreal, has addressed a circular letter to all the priests of the diocese.

Monsignor Gauthier's letter deals with other matters affecting the Church, particularly with respect to the evil influence of a certain type of theatre.

HIS GRACE'S LETTER

The communication of His Grace on elections follows: "The Federal elections will take place shortly. On Sunday, October 25, you will not fail to read in your parish the advice inserted in the Ritual. It is unnecessary to recall to our priests that they should be strangers to party politics; and they are happy to know that by their vocation they are above such things. That does not mean that they are not citizens, and that they ought to detach themselves from public affairs not that, except on rare occasions, when a different line of conduct is imposed on them, that they should not, as citizens exercise their right to vote.

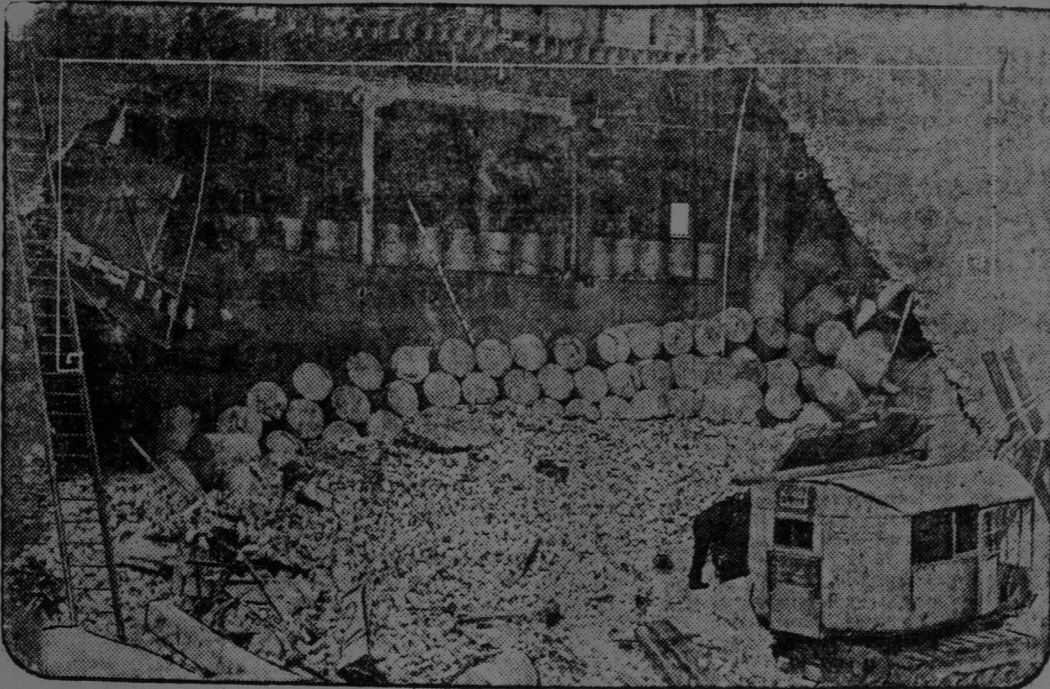

"It is simply to recall what every one understands: That neither by public or private utterance nor by imprudent representations should the priest compromise his dignity and his beneficent influence by political quarrels which are too often sterile. He reserves his action for the time when specifically Catholic interests are at stake and then he is protected and directed by the decisions of his hierarchy. "Similarly he performs his bounden duty in recalling with the church to the faithful the obligation that is incumbent on them of voting and of surrounding this important act with the life as citizens with all the respect, the detachment and the honesty that it merits.

"Occasionally you will hear forcible objections expressed by men who look well into political campaigns. There is the argument of that polemical genius, Joseph De Mistres: "A state, he said, ought to receive its power from a centre and not attempt to constitute its life by the concurrence of five thousand particular wills. To consult the people is not to bring these wills into agreement; it is only to count them, and addition is never an organism. You count 50,000 suffrages in one sense and 49,000 in another, and where do you arrive unless it be at the regulating of oppression of 49,000 citizens, who, in point of fact, may be the people. Moreover, the majority—the people, and the people is diversity, dispersion and caprice."

POPULAR VOTE CRITICIZED.

"And then some ask themselves, again: "What is there less free than the popular vote? What concerns from the true light, from the sincere expostions more than the pros that is designed to catch their favours? There is too often in the electioneering cabals, whether spoken or written, an absence of moral sense that is disquieting. When who in the ordinary walks of life and commerce are mild, well-doing, tender with respect to conscience, lose all measure in this regard. Deeds are unjustly

WALL DROPS OUT OF BUILDING

Three men were buried under this debris, caused by the collapse of a wall of a San Francisco building. All miraculously escaped with minor injuries. Excavators in an adjoining lot had weakened the support of the wall.

enlarged; the clearest intentions are obviously exploited. All the mediums—lies, slanders, calumnies, become good. Intemperance, perjury, purchase of votes, pressure of all sorts dishonor like a plague the regimes arising from popular consultation. What is perplexing is that we live under a democratic form of government, and to recall a well known thought that the right to vote, that in virtue as its basic principle. Precisely because all votes have the value, because the vote of the most ignorant is equal to that of the most enlightened, one can only correct these digressions by the exercise of the most scrupulous conscience with respect to individual responsibility.

"All that doubtless embraces only a part of the truth and it is possible that we submit, often with knowing account, to the influence of ancient errors. Is it not just, however, to think that there is some greatness in the right to vote, that in this ballot there is enclosed an important part of the destiny of the citizen? That is what pronounces very definitely on the good or the evil that may come to him.

"Indeed, the question for each citizen centers on his duty, based on this justice of which the term is the general good and which disposed the subject to render to society that which is due."

A LITTLE BOOKLET MOTHERS SHOULD HAVE

It Tells What a Mother Ought to Know for Baby's Sake. Above all things every mother wishes that her child, or children, whatever their age, may be bright, healthy, good natured, rosy and plump; clear-eyed, clear-skinned babies; good sleepers, bright wakers. Every mother's wish for her little one is that he may be well.

It is natural for little folks to be well. No wise mother thinks that her child at any age is in a natural state unless it is well and happy. No mother can expect, though, that her child will escape all the ills to which babyhood and childhood are subject, but she can do much to make baby's battles for health easily won.

A valuable little booklet entitled "Care of the Baby in Health and Sickness" has been prepared and as it is something every mother should have, a copy will be sent free to any mother on request who will mention this paper by The Dr. Williams' Medicine Co., Brockville, Ont.

LAD KILLED IN MACHINERY.

WINNIPEG, Oct. 9.—While operating an overhead crane at a local plant today, William Brown, 17, was dragged into the cogs of the machinery and crushed to death.

Freshen Up! Nicest Laxative, "Cascarets" 10c

Don't stay headachy, bilious, constipated, sick! Take one or two "Cascarets" any time to mildly stimulate your liver and start your bowels. Then you will feel fine, your head becomes clear, stomach sweet, tongue pink and skin rosy.

Nothing else cleans, sweetens, and refreshes the entire system like pleasant, harmless candy-like "Cascarets." They never grip, overact, or sicken. Directions for men, women, children on each box—drugstores.

TOWER'S WATERPROOFS

Norris To Join Ministry If Liberals Win

WINNIPEG, Oct. 9.—Premier King announced tonight that, if elected, Hon. T. C. Norris, former Premier of Manitoba, would be taken into his cabinet. He further intimated that four portfolios would go to western Canada.

ANOTHER ELECTION IN BRITAIN SHUNNED

Three is as Many Years Are Enough, Says M. P. on Visit to Canada. MONTREAL, Oct. 9.—There is no reason why Great Britain should have another election, in the opinion of C. M. Barclay Harvey, M. P. for Aberdeenshire, who is in Montreal today.

He pointed out that the country had had three elections in three years and remarked, "We cannot go on with it." What we want more than anything is stability. Britain has as many men employed now as in 1914, and the unemployment was not nearly so widespread as was generally believed on this side. The bulk of the unemployment is limited to about three or four trades. When Great Britain had passed over the next eight or nine months all would be well, he said. The speaker did not regard immigration as an immediate solution of the unemployment question.

658 COMPANIES GET CHARTERS IN YEAR

Gain Over Previous 12 Months Noted; Capitalization \$159,868,800

OTTAWA, Oct. 9.—The report of the companies' branch of the Secretary of State's Department for the fiscal year ending March 31 last shows that the number of companies incorporated in the fiscal year 1922-23 was 658 as compared with 604 in the previous year. During the year the charters of 184 companies which had expired, or were returned to the department, as compared with 146 in the previous year. Advice was also received by the department that 203 other companies were in bankruptcy or being liquidated, as compared with 332 in the previous year.

The total capitalization of new companies incorporated and having par value shares was \$159,868,800 as compared with \$148,986,953 in the former year and the capital stock of companies having both preferred shares and shares without nominal or par value consisted of \$70,551,000 preferred stock, as compared with \$29,659,850.

Diners at Cafes Must Check Dogs

NEW YORK, Oct. 9.—The rapidly increasing dog population of New York has forced restaurant owners here to make drastic regulations governing men and women who eat out with their pets. From now on the Society of Restaurants has decided that no dogs will be allowed in the public dining rooms of its members. Patrons who insist on taking their pets to dinner with them will have to check them at "checking kennels," just as mothers leave their children in department stores.

Conviction Is Reversed By Court

FREDERICTON, Oct. 9.—Mr. Justice Crockett, of the Court of King's Bench, this morning quashed the conviction on a charge of violation of the Inland Revenue Act in the case of the King vs. Fraser Saunders ex parte James Spencer, on the ground that it did not appear that the information had been laid by an officer of the Inland Revenue Department, as required by law. The accused was charged with violation of the act through having a still and mash in his possession. J. J. P. Winslow, K. C., supported the appeal and P. J. Hughes, K. C., appeared for the Crown.

41 BANKRUPTCIES NOTED. OTTAWA, Oct. 9.—Public notice of 41 bankruptcies appears in this week's issue of the Canada Gazette.

INSTALLATION IS DELAYED FEW DAYS

Imperial Theatre is Placing Pipe Organ Unit—Innovation Here.

The new Wurlitzer pipe organ unit-orchestra being installed in Imperial Theatre will not be ready for possibly a week owing to the necessity of erecting a second chamber, or vault. The original specifications were not ample enough to contain the whole instrument and it has been found necessary to separate some of the distinctive units and place them on the opposite side of the theatre. It was originally intended to install the organ over the main box on the left hand side of the proscenium arch. It now turns out that it will be a twin-organ, speaking from both sides of the arch, which the builders say will be an even more effective distribution of tone.

Robert Wurmbold from the New York factories of the Wurlitzer corporation is superintending the installation and Contractor George M. Lawson is doing the structural work. Frederick W. McKibben of New York, formerly of Dallas, Texas, the Imperial's Wurlitzer organist, has arrived in town and is co-operating in the installation work as all Wurlitzer organists are also trained in the mechanics of the instrument as well. The unit-orchestra is capable of an instrumentation of 60 pipes besides its cathedral organ effect. It will be used separately and with the Imperial Orchestra under Director A. E. Jones. Several Keith officials are expected to be present when the organ is played upon for the first time. It is an innovation here.

NEW INVENTION SAVES MILLIONS

A Lamp that Burns 94% Air. A new oil lamp that gives an amazingly brilliant, soft, white light, even brighter than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, O. K. Johnson, 246 Craig street, W. Montreal, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

TO BEGIN TUESDAY

Law School Resumes—Sid J. D. Hazen and Premier Baxter to Speak.

The Law School of the University of New Brunswick in Saint John will open for the new year's work on Tuesday evening, when there will be a formal opening ceremony in the Equity Court rooms in the Pugsley building in Canterbury street. Sir Douglas Hazen, dean of the faculty, and Hon. Dr. J. B. M. Baxter, Premier of New Brunswick, will address the students. The program will commence at 8 o'clock and a general invitation is extended for the public and the members of the legal profession interested in the law school to be present. A. B. Gilbert, secretary, said last night that there were to be no changes in the faculty this year. Those already registered to take the course are nine students in the third year, three students in the second year and four students in the first year. The complete registration figures will not be known until the school opens.

Serum Cures High Blood Pressure

BUFFALO, N. Y., Oct. 9.—A cure has been discovered for high blood pressure, according to Dr. William J. MacDonald, St. Catharines, Ont., who is attending the convention of physicians of central and western New York here. Much work has been done by specialists since Dr. MacDonald first used the serum, a liver extract, last November. The research is being conducted in the Toronto General Hospital. Much remains to be learned before the new medicine can be placed on the market, the physician said.

HENDERSON WILL SPEAK. MONTREAL, Oct. 9.—Right Hon. Arthur Henderson, M.P., Home Secretary in the first Labor government of Great Britain, will address a meeting here on Sunday night. Mr. Henderson's subject will be "The Problem of European Security."

COAL TENDERS ASIDE FOR WEEK

Hospital Commissioners Await Result of Tests Being Made

Details of Months in Institution Given—Memorial to Mr. and Mrs. Amdur.

Coal tenders were received at yesterday's meeting of the Board of Hospital Commissioners, but in view of some tests which are being conducted and may influence the awarding of the contract, the tenders were left unopened until a special meeting to be called next Friday. The report of the coal committee with reference to the proposed installation of an additional boiler was referred back to the committee with the request that expert advice be sought to bring in further information. The matter of the purchase of an electric mixer required by the dietitian's department was referred to a special committee, Mrs. J. V. McLellan, Dr. W. F. Roberts and Alexander McMillan.

M. E. Agar, president, was in the chair. Other commissioners present were Mrs. J. V. McLellan, Alexander McMillan, J. L. O'Brien, Dr. W. F. Roberts, W. E. Emerson, J. King Kelly, and the superintendent, R. H. Gale.

DISCUSS VISITORS. Mr. Kelley reported on preparing cards for the admission of visitors. He advocated having a doorkeeper appointed. Mr. Kelley and Mr. Gale were appointed to report. Mr. Agar said finances did not look very good for additional expense. He thought a separate room should be provided for the telephone operator. When limiting the time for visiting public patients to one hour instead of two was discussed, Mr. Agar said the troubling part of the visitation ought to be discouraged. A previous ruling that visitors, except the feeble, be not allowed to use the elevator was cancelled. At present the visiting hours are 2 p.m. to 4 p.m., and 7 p.m. to 9 p.m., on three days a week. It was decided to let these hours stand.

The superintendent's report for the month recorded 318 patients in the hospital during the month, with a daily average of 128.6 and 117 at the end of the month; 70 operations in the operating room, and 129 in the out-patient department where 717 treatments were given. F. S. Walker, contractor had installed new 6 and 8 inch low pressure heating main piping, and Mr. Agar asked the board to place a sale price on the old 3 and 4 inch main, now stored. Receipts totaled \$12,311.40, including the following sums: City, \$7,330.64; pay patients, \$3,160.94; X-ray, \$1,285.60; saliors, two months, \$240; cheques cashed in September, totalled \$13,859.08. The cash balance was \$218.91, and unpaid September accounts amounted to \$8,243.52.

Miss Helen Howe, social service nurse, reported making 56 visits, referring 7 cases to the Women's Hospital Aid, having the aid provide cabs for three patients, procuring clothes for four patients and work for one case and investigating 33 tonsils and adenoid cases, 14 of which paid together \$82 in fees to the hospital.

Miss Margaret Murdoch, R.N., superintendent of nurses, reported 83 graduates and 66 pupil nurses. Three months' leave of absence was recommended for a student nurse on account of illness. This was approved. Miss Hilda Harris graduate of the school had been appointed second nurse on the third floor. She won the alumnae prize. Miss Margaret Stewart, dietitian, reported 23,635 meals served at a slightly less per capita cost than in September, 1924, and 382 quarts of pickles and preserves made. She suggested that sterilizing be done elsewhere than in the scullery on the third floor. It was decided this sterilizing should be done in the second floor utility room.

Other routine department reports were received. It had been reported some time ago that before her death Mrs. Rose Amdur had desired to make some gift to the hospital as a memorial to her husband, the late Bernard Louis Amdur. Mrs. Amdur had not made that provision at the time of her death and it was reported at yesterday's meeting that her daughters had decided to carry out their mother's wish and to make a gift to the hospital as a memorial to both their father and their mother.

Miss McLellan and Mr. Kelley were appointed a committee to take up this matter with Isadore Amdur and the Misses Amdur.

WOMAN GOLF CHAMPION.

WESTWARD HO, England, Oct. 9.—Miss D. R. Fowler, of North Hants, won the British women's golf championship today, defeating Miss Joy Winn in the 96-hole final by nine up and seven to play.

U. S. DRYS SAY CANADA SENDS OVER FLOODS OF WET PROPAGANDA

Accuse European Liquor Dealers of Financing Drive and Blame Quebec System of Control

NEW YORK, Oct. 9.—Charging that floods of propaganda intended to conceal the failure of legitimized beer and the Government sale system and that European liquor dealers are "subsidizing the wet fight in America," the Anti-Saloon League of America today issued a statement attacking the "poison gas" propaganda against prohibition which it asserts is spreading through the United States by new channels. "From Canada come floods of propaganda," the statement said.

"While the wet group here extols the Canadian system as ideal the wets in Ontario declare the 44 beer is unsatisfactory and the liquor commission of Quebec fills the newspapers with display advertising, setting forth the advantage of the Quebec system in the hope of stilling popular dissatisfaction at home and selling their system to the United States.

EUROPEANS ORGANIZE

"European dealers are organizing to check the rapid spread of prohibition sentiment in their own lands," the statement continued. "We have assurance that these men, notably the wine

That cold meat will taste better with H.P. Sauce.

A STORY WITHOUT WORDS

Caillaux Jibe Given Baldwin On Debt Pact

PLYMOUTH, England, Oct. 9.—M. Caillaux, the French Finance Minister, asked by interviewers who boarded the steamer France, when it called at Plymouth tonight, if he was disappointed with the result of his debt mission to the United States, said: "I am never disappointed. We can't all sign agreements like Mr. Baldwin."

Men Blacklisted For Refusing Work

WINNIPEG, Oct. 9.—A blacklist containing the names of men who have refused work offered by the Manitoba Government employment office is now in possession of the Social Welfare Commission. Men whose names are written there will be refused relief if they apply for it during the winter months.

WOMAN TAKEN IN MONCTON ON MURDER CHARGE

Quebec Warrant Charges Mrs. Abraham Gallop Poisoned Husband

STRYCHNINE FOUND IN MAN'S STOMACH

Prisoner is Taken to Roberville, Where She Will be Placed on Trial

MONCTON, N. B., Oct. 9.—Charged with the murder of her husband at Almyerville, Que., in August last, Mrs. Abraham Gallop, about 40 years of age, was arrested here this afternoon by Sergeant Harris of the local police force at the instance of Provincial Detectives Alfred Poussin and C. H. Michaud of Quebec, the warrant being issued by the Attorney-General's Department of Quebec.

DIED LAST AUGUST

Abraham Gallop died at Almyerville, Quebec, on Aug. 6 last and the remains, accompanied by the widow, were taken to Springfield, York Co., N. B., for burial.

Later at the instance of the Attorney-General of Quebec the body of Gallop was exhumed and an autopsy, it is alleged, revealed strychnine in the stomach.

ONCE AT MUSQUASH

Abraham Gallop, the deceased, was formerly foreman of the Canadian National Railway roundhouse at Napaogon, and later employed at the Musquash hydro plant. At the time of his death he was in the employ of the Quebec Development Company.

His widow, who is to face a charge of murdering her husband by poisoning, before her marriage, was Miss Emily Sprague, of Charlotte, Me.

Motherwell Intimates Inter-provincial Meeting to Arrange Plan.

MELVILLE, Sask., Oct. 9.—Hon. W. R. Motherwell, Minister of Agriculture, intimated last night that a conference of provincial governments and of the municipalities was to be called to devise a more active program for the eradication of tuberculosis. The conference would be in furtherance of the plan by the Department of Agriculture, in the establishment of tuberculosis free areas for cattle.

Signs Will Flash Names of Criminals

BERLIN, Oct. 9.—Getting one's name featured in electric signs will be much simpler in Berlin than on Broadway, following a new departure in criminal detection announced by police officials. In their campaign to enlist citizens in the search for offenders against society, the Berlin police have erected large electric signs at five central places in Berlin. When a criminal is wanted, his name and description will be flashed on the sign.

EXTENDING THE FAIR

It has been decided to continue the Orphans' fair into next week closing on Wednesday P. M. with a big wind up and sale of left-over goods.

The committee feel very grateful to the city merchants, the bands, and also to the general public of all classes, who have been very generous in their contributions and support, but despite all this effort at present bids fair to fall far short of realizing the amount required for this work. This is partially due to the financial depression now existing and also the failure or neglect of some others who could assist in bearing their share of the load at this time. It is for this reason that the workers connected with the fair have been asked to make a further sacrifice of their time in order to allow the above another opportunity of getting into the game and bearing their share of the responsibility. It will also give the postmen a better chance.

The committee will appreciate any further voluntary contributions of either cash or goods. The Pythian Sisters will require further supplies of home cooking, etc., for Wednesday P. M. Will you help? Those having tickets out for sale are urged to push them hard for a few days more and then make returns promptly so as to aid in the drawing. In conclusion if you are a Protestant be a sport, join the movement and help us from now on to put it over big. Remember its for the Orphans. A failure on our part now will be a reflection that will cast its shadow on us all, for many eyes are upon us.

"CUT OFF" WITH DOLLAR

VANCOUVER, B. C., Oct. 9.—Two women recently left wills disposing of fairly large estates, over \$27,000 and over \$18,000 respectively, in which the sum of \$1 "and no more" was left to the husband in each case.

MOP CAUSES BLAZE

WINNIPEG, Oct. 9.—Spontaneous combustion of an oily cedar mop stored in a cupboard is believed to have been the cause of an outbreak of fire in the bungalow of Robert Sloan, Garfield street, one day recently. The family was absent at the time.

Moncton Student Passes Examination

HALIFAX, Oct. 9.—The results of the Nova Scotia Pharmaceutical Society's final examinations held here on Sept. 24-25 last, were announced today. Among those passing all the requirements were: W. L. Dawson, Moncton;

George Cole, Guy C. MacKley, Edward Manson, Sydney; Joseph N. Whalen, Sydney Mines, N.S.; J. R. Murray, New Glasgow, N.S.; E. H. McDonald, Trenton, N.S.; H. B. Bruce, Stellarton, N.S.

Rothesay Social Notes

ROTHESAY, Oct. 9.—Owing to the widespread regret felt at the death of Mr. William S. Allison, which took place at the family residence, "Kingshurst," Rothesay, on Sunday afternoon, a social entertainment was set aside this week.

The monthly meeting of the "Duke of Rothesay" Chapter of the Imperial Order of the Daughters of the Empire, held on the first Wednesday afternoon of each month, was postponed until further announcement. Mrs. W. S. Allison is the vice-president of the Rothesay Chapter.

Mr. and Mrs. John H. Chipman, of Toronto, who have been guests of Mr. and Mrs. Royden Thomson, left on Monday morning for home, traveling by automobile. They received much social entertaining during their visit.

Mrs. James Donville and her daughters, Mrs. W. Z. Earle and Miss Fannie Donville, are now settled in their new residence.

Miss Helen Allison, daughter of Mr. Walter C. Allison, arrived home on Monday from McGill University, Montreal, to attend the funeral of her uncle, Mr. William S. Allison.

At the home of Mrs. Royden Thomson, on Monday afternoon, the members of "Ladies" chapter of the I. O. E. held their first monthly meeting of the season, which was well attended and most interesting.

The tea hostesses were Mrs. Thomson, Mrs. Heber Vroom, Mrs. Malcolm Mackay, Jr., and Mrs. John Belyea.

Mrs. Percy Thomson arrived home on Monday from Boston.

Visitors from the city on Monday afternoon were Mrs. James F. Robertson and Mrs. W. C. Rathwell, who came by automobile and visited a few friends.

Mrs. Julian Cornell and family are very soon to remove from Rothesay and join Mr. Cornell at Vancouver, B. C., where he has been for some time located and where they expect to make their home, is a matter of sincere regret to their many friends here. They expect to leave at the end of this month or first of next. Mrs. Cornell expects to proceed then to visit friends in Upper Canadian cities, and will join them on their journey and proceed with them to their new home.

On Sunday last Mr. Harold O. Crookshank of the Bank of Montreal (at Montreal) arrived at the summer cottage of his mother and brother, Mrs. A. O. Crookshank and Mr. Allan R. Crookshank, at Renforth. He had come to enjoy a holiday. On Tuesday the brothers left by motor for Halifax, where Mr. A. R. Crookshank will attend the Engineers' meeting and will expect to be away about ten days, returning by Yarmouth and other towns and crossing the bay from Digby, coming to their city home in Saint John.

Mrs. R. C. McIntyre, of Saint John, spent the last week in Rothesay at the home of Mrs. Julian Cornell.

Mr. and Mrs. Colin Mackay returned home on Tuesday, having enjoyed a motor trip to Quebec, Montreal, Portland, etc.

Mrs. J. D. P. Lewin and daughter Elizabeth left last Saturday on a two weeks' visit to Boston.

Mr. and Mrs. J. Lupton McAvity and family, who spent the summer here, moved back to Hazen street, Saint John, on Monday.

Miss Laura Robinson, of Saint John, is visiting Mrs. A. W. MacMackin here this week.

Lieut. Colonel Beverly R. Armstrong and Mrs. Armstrong, who enjoyed a motor trip to Fredericton, Woodstock and Grand Falls, have returned home.

Mr. Walter Harrison is leaving on Saturday on a shooting trip to Chipman and Hartford, accompanied by Mr. John M. Robinson, Mr. Carson Flood (of Montreal) and others.

Miss Fannie Donville is receiving a welcome home after an absence of a few months in New York and Montreal.

Mr. and Mrs. Hugh McLean and family are occupying the Rothesay residence of Mr. and Mrs. W. M. Angus, to spend the winter here.

Miss Mattie Henderson has gone to Devon, York county, to enjoy a two weeks' holiday at the home of Rev. Norman and Mrs. Fairweather and family. Mrs. Fairweather is Miss Henderson's sister.

Mrs. Isaac Dobbins, recently returned from Vancouver, left on Tuesday for Winnipeg to keep house for her daughter, Mrs. Grantham, who with her husband is leaving on a holiday trip. Mr. Dobbins is still here.

Invitations for the marriage of their daughter, Miss Annie Thomson Armstrong, and Dr. Victor David Davidson, have been received from Mr. and Mrs. T. E. Grindon Armstrong, of Saint John, by relatives and friends here. The wedding is to take place on Tuesday, 30th of October.

Mrs. Harold Brock was guest of Mrs. and Miss Beard, at Hampton over the last week end.

Miss Sally Miles expects to leave

on Saturday on a visit to friends in Boston.

Over the last week end Mrs. James H. McAvity, of Saint John, was guest at the home of her daughter, Mrs. H. W. Schofield and Mrs. Schofield, Rothesay.

Friends of Miss Margaret MacLaren, of Saint John, are interested to hear that she has returned to McGill University as a student for an M. A. degree and also as a member of the staff in the English department. Miss MacLaren graduated from Netherwood in 1921 and from Royal Victoria College in 1925. Her many Rothesay friends are interested to hear of her success in educational work.

Border Towns

ST. STEPHEN, Oct. 9.—Afternoon tea has been very popular this week. On Monday afternoon Mrs. W. T. Todd entertained a party of ladies to St. Andrews where tea was enjoyed at "Elm Corner," the home of Misses Campbell and Mowatt. The guests were Misses Victoria and Beatrice Vroom, Miss Annie Porter and Miss Mary Abbott. Mrs. Robert Porter of Salinas City, California, was the guest of honor.

On Tuesday afternoon Mrs. Evans Hill was hostess at a pleasant afternoon tea given for the pleasure of Miss Maizie Fleming, of Saint John, who was a school mate at Netherwood school. Mrs. Hill's Miss Fleming is visiting in Calais. Her friends Dr. and Mrs. Samuel Weiker.

Misses Victoria and Beatrice Vroom entertained very pleasantly at the tea hour at their home on Friday evening in honor of Mrs. Robert Porter, of Salinas City, California, who is Miss Annie Porter's guest.

Mrs. Douglas Dyer on Monday afternoon entertained Miss Fleming and other lady friends with a motor ride and tea served at her home at 6 o'clock.

Miss Marion Murray gave a small bridge at her home on Tuesday evening which was unusually pleasant.

The Rotarians are to enjoy a reception on Thursday evening at Government House, through the courtesy of the Lieut.-Governor and Mrs. Todd.

Mrs. Vere Burton, of Toronto, was the guest of her mother, Mrs. William Burton last week.

Mrs. H. M. Moore, of Quincy, Mass., is the guest of her son and daughter, Mr. and Mrs. Sidney Moore in Calais.

Mr. and Mrs. William Keeney and Mrs. Frederick Greenlaw are visiting Boston.

Miss Alice Todd, has returned from a pleasant visit in Fredericton with her aunts, Mrs. Inch and Miss Ida Todd.

ACID STOMACH!!

GAS, INDIGESTION

Chew a few Pleasant Tablets

—Stomach Feels Fine!

Pape's DIAPESIN FOR INDIGESTION

Instant stomach relief! Harmless! The moment "Pape's Diapesin" reaches the stomach all distress from acid stomach or indigestion ceases. Immediate relief from flatulence, gases, heartburn, indigestion, fullness or stomach pressure. Correct your digestion for a few cents. Millions keep it handy. Drug gists recommend it.

TO EXPECTANT MOTHERS

Letter From Mrs. Ayars Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

"Spring Valley, Sask.—'I took the Vegetable Compound before my last confinement, when I got to feeling so badly that I could not sleep nights my breast ached so, and even written to you could hardly do my work during the day. I never had such an easy confinement and this is my sixth baby. I read about Lydia E. Pinkham's Vegetable Compound in the 'Farmer's Telegram' and wrote you for one of your books. We have no druggie in our town, but I saw your medicine in T. Eaton's catalogue. I am a farmer's wife, so have all kinds of work to do inside and outside the house. My baby is a nice healthy girl, who weighed nine pounds at birth. I am feeling fine after putting in a large garden since baby came. (She is as good as she can be). Yours is the best medicine for women, and I have told about it and even written to my friends about it.'—Mrs. ANNIE E. AYARS, Spring Valley, Sask.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system so that it may work in every respect as nature intends. All druggists sell this dependable medicine. Give it a trial.

TRANSPORTATION

The Conservative party, he said, recognized that the west and extreme east bore undue shares of the burden of transportation cost. When the basis of rates were fixed by the proper tribunal, the requirement of equalization might necessitate contributions by the whole Dominion to the reduction of the unfair burdens borne by the west and the Maritimes.

But Canada would never be in a position to solve the railway problem unless industry was stimulated and railway traffic increased. Tariff reform, he said, was the only way to solve the problem.

MEIGHEN RIDICULES PETERSEN CONTRACT

Declares it Was "Grotesque Farce, Laughed Out of Parliament."

Canadian Press.

CALGARY, Oct. 10.—Addressing a large meeting here last night, Rt. Hon. Arthur Meighen, leader of the Opposition, laid down his policies particularly urging that the equalization of freight rates must be effected by the Board of Railway Commissioners, also that the problem must be treated as a national one. No reduction should be made for one part of the country which had been already refused to another.

The Petersen ship subsidy contract came into Mr. Meighen's speech for the first time in weeks. "It was a grotesque farce" and had been "laughed out of parliament." But it was the only panacea that the government had been able to offer for Canada's transportation burdens. The western extremity of Canada was in the same position as the extreme east. Both carried an undue share of the transportation burden and were entitled to assistance from the whole Dominion.

BEAUTY

Gleamy, Thick, Wavy Hair in a Moment

Girls! Try this! When combing and brushing your hair, just moisten your hair brush with a little "Dandarine" and brush it through your hair. The effect is startling! You can dress your hair immediately and it will appear twice as thick and heavy, an abundance of gleamy, wavy hair, sparkling with life, incomparably soft, fresh, youthful.

Besides beautifying the hair, a 35-cent bottle of refreshing, fragrant "Dandarine" from any drug or toilet counter will do wonders, particularly if the hair is dry, thin, brittle, faded or streaked with gray from constant curling and waving which burns the color, lustre and very life from any woman's hair.

"Dandarine" acts on the hair like fresh showers of rain and sunshine act on vegetation. It goes right to the roots, invigorates, nourishes and strengthens them, stopping falling hair and helping the hair to grow thick, healthy and youthful.

Danny—the Newsboy

HE'S a cheerful little fellow with clear-cut features and tangled yellow hair. His blue eyes are innocent as a babe's and he has a disarming, merry smile. You would think "butter wouldn't melt in his mouth". But hear him in the heat of argument with his friends and business competitors!

When you stopped to buy an afternoon paper, did you ever wonder where Danny came from, and why he, and such boys as he, are selling newspapers for a living instead of going to school?

Danny's father was a man in a good position. They lived in a comfortable house in a nice part of the town. The mother played her part in the social life around her. The family lived up to the family income. He died. The insurance amounted to \$2,000.

That's practically the whole story. It's a common enough case.

Have you got a boy like Danny was? How much insurance do you carry? Two thousand dollars—that was all that Danny's father had. It lasted about one year.

Let us tell you about Mutual Monthly Income Insurance. It is a system that insures your family against foolish investments, against ill-judged expenditures and extravagances, against loss or robbery. It guarantees to your children an income for 20 years and to your wife an income as long as she lives.

"The Mutual Book" tells all about Monthly Income and the other Mutual Policies. It shows why Mutual insurance costs less. The entire net profits are divided among the profit-participating shareholders. We'll gladly send you a copy. Write for it today.

Queen Square United Church

REV. HARRY C. RICE, Pastor.

WILL CELEBRATE THEIR 134th ANNIVERSARY

THREE SERVICES WITH AN OUTSTANDING MUSICAL PROGRAM AT EACH

11.00 A. M., 7.00 AND 8.35 P. M.

The Pastor will preach at first and second service. The subject for morning: "OUR INDEBTEDNESS TO CHRIST," and in the evening: "THE TRANSFORMING GOSPEL."

AN IMPORTANT FEATURE of all the services will be the singing by the YARMOUTH MALE CHOIR of 18 VOICES (under Prof Roy Williams) which at great expense has again been procured to replace it. It is expected, their triumph of last year. In all the choir contains 45 voices, with Mrs. BLAIR McLEAN presiding at the organ.

TO ACCOMMODATE those who cannot attend the regular services and in compliance with numerous requests, the Male Choir will, at the conclusion of the evening service, be heard in a third sacred song program, and Mrs. L. M. Lingley and Mr. Clyde Parsons will render solos.

SILVER COLLECTION AT ALL SERVICES

Sunday School Rally at 2.30. Congregational Reunion Tuesday, 8.00

Weekly Text

"Come now, let us reason together, saith the Lord. Though your sins be as scarlet, they shall be as white as snow."—Isaiah 1, 18.

Massachusetts Doctor Shoots Large Bear, Which Finally Escapes In Woods

Seven Cow Moose and Bull Seen in One Herd, While Smaller Groups Are Said to Be Common — Hay Damaged

HOPEWELL HILL, Oct. 9.—Reports of the unprecedented success of the hunters in the Albert county woods continue to come in and ocular evidence is given in the large number of moose carcasses arriving in the villages every day. Never in recent records at least have so many moose been got so early after the opening of the season.

Quick work was done a day or two ago by a visitor from Rockport, who went in the woods one night and came out with two good-sized animals.

Dr. Noyes, of Massachusetts, and party secured two good-sized animals Wednesday. The doctor is having the head mounted in New Brunswick for shipment home. His party had an experience not looked for one day when they suddenly, on approaching an open space, came to close quarters with a very large bear. One of the party fired twice, the second shot knocking the big animal over. It was supposed he was done for, but to their surprise, after thrashing around and knocking a nearby stump to splinters, he managed to get off into the woods. It is thought possibly the shot might prove fatal. Except for a brown color about the head he was jet black and was a fine specimen of his kind.

MANY MOOSE.

Some picturesque sights are witnessed by the hunting parties in their journeys that would be well worthy of reproduction on the pages of the sporting periodicals. One party the other day came upon a herd of seven female moose and a bull quietly browsing in a sheltered spot, and another party discovered a family group of four cows and a male, the animals later the scene is so far spent that making it difficult, especially with the marsh water-soaked.

ORPHAN FAIR AGAIN IS WELL ATTENDED

Some 1,100 People There Last Evening—Children Entertained This Afternoon.

The crowd at the New Brunswick Orphanage Fair last night was estimated at about 1,100 and all of the attractions had generous patronage. The door prize of a load of coal was unclaimed and was won by ticket 293. One of the prizes was claimed door prize of a load of wood was claimed last night by Mrs. Barker, of South Bay. There are now four unclaimed prizes and after four days elapse the unclaimed prizes go back as the property of the fair. Since the silver tea set was still unclaimed last night it was thought that the holder of the winning ticket had carelessly thrown it away. Prizes won last night were as follows: Ten pins, Murray Clark; excelsior, Will Ham Close; bagatelle, C. McConnell; air gun, A. Duffy; Pythian Sisters guss cake weighing eight pounds five ounces won by Mrs. E. B. Brittain who guessed eight pounds four ounces. The prize winners of the dahlia show, Charles W. Wright and Dr. J. H. Barton, have given a very large donation of flowers of their prize varieties and Dr. Barton's dahlias are to be on sale today.

BANDS VOLUNTEER.
The City Cornet Band gave an excellent concert program last night and tonight the Pipe Band will be in attendance, the Pythian Sisters will hold a sale of white and brown bread and the door prize will be a carving set. The 32nd Fusiliers Band has volunteered its services for Monday night and the Carleton Cornet Band for Tuesday night, both being third appearances for the fair.

Everything is arranged for the visit of the orphans this afternoon when there will be "open houses." The children from the Manawagonish road will be brought in a special street car. It is much regretted that the Catholic orphans have been prevented by illness in the home from accepting the invitation to attend the fair.

BECOMES ARCHITECT.
NEW YORK, Oct. 9.—Miss Margery Hill, daughter of Librarian and Mrs. E. L. Hill, has joined the architectural firm of which Miss K. C. Buder is the wife. For some months during the year Miss Hill was with the firm of MacDonald & Magoon, architects, of Edmonton.

Genuine BAYER ASPIRIN

SAY "BAYER" when you buy — INSIST!

Unless you see the "Bayer Cross" on tablets, you are not getting the genuine Bayer product proved safe by millions and prescribed by physicians over 25 years for

Colds Headache Neuritis Lumbago
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic acid of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

TRAVEL 8 MONTHS TO TAKE PEEP AT SUN

Washington Observers to go to Sumatra to View January Eclipse.

WASHINGTON, Oct. 9.—A eight months' trip half way around the world for two minutes of actual work will be the experience of a party from the Naval Observatory that has left to observe the total eclipse of the sun in January, 1926, at Sumatra, in the Dutch East Indies.

British, German and French parties also will be at Sumatra, as well as a party from Swarthmore College. The Italians will have an observation party in Eastern Africa.

The American naval group will endeavor to observe phenomena in connection with the upward curve of the sun's corona as well. Motion pictures and color plates of the eclipse will be made. Special attention will be given to the sun's gas, which scientists say extend as far as two million miles from the sun's rim when the moon blots out its face.

The party will travel on the naval minesweeper Bittern from Manila to Sumatra. It expects to reach its destination soon, and the interim between the eclipse occurs, on January 14—visible only from Africa to the Indian Ocean will be spent in erecting housing and telescope.

Lieutenant Henry C. Keller, a naval doctor, has been detailed to the expedition at the request of the Smithsonian Institution, to collect specimens of birds, mammals and insects. The others in the party are Captain Frank B. Littell, professor of mathematics; George H. Peters, associate astronomer; G. M. Reynolds, junior astronomer, and Dr. John A. Anderson, of Mount Wilson Observatory, Pasadena, Cal., physicist.

CONTEST ASSURED IN YORK-SUNBURY

Hon. D.W. Messereau Mentioned as Likely Choice of Liberals.

FREDERICTON, Oct. 9.—Although the formal call for a Liberal nominating convention for York-Sunbury has not yet been issued, Wednesday, Oct. 14, it is said to be the day.

Rumor has been busy for some time connecting the name of prominent Liberal with the nomination. Among the names mentioned have been those of J. J. F. Winslow, K. C., Hon. D. W. Messereau, former Minister of Agriculture of the province, and R. B. Smith, ex-M. P. The anticipation is that Hon. Mr. Messereau will be selected.

"There will be a contest, that is sure," said a prominent member of the Liberal executive today. "The Liberals of York-Sunbury are determined that they will put opposition to the Conservative nominee."

BOTH CANDIDATES START ON TOURS

CHATHAM, N. B., Oct. 9.—The political campaign in this county is now away to a good start. Both parties have commenced their tours and the campaign promises to be a lively one. It is said that James Colman, the Conservative candidate, will contest the county as an independent candidate and in this event the outcome of the election on Oct. 29 will attract much interest.

The first meeting in the Liberal interests was held at Black River Tuesday night, when the electorates were addressed by the candidate W. F. Cassidy, J. K. Loggie and W. F. Cassidy.

Wednesday the electors at Cameron's heard addresses on the issues of the campaign from the candidate, W. F. Cassidy and others.

The Conservative candidate, James Colman, is continuing his campaign in the upriver districts.

Much interest is being displayed by the women of the county. Committees have been organized, elected officers and opened separate committee rooms for the convenience of the women voters.

CONDEMNNS MEIGHEN FREIGHT RATE PLAN

JACKSONVILLE, N. B., Oct. 9.—The hall here was crowded last Monday when T. W. Caldwell, who is selecting federal honors, addressed the electors. He criticized the suggestions of Hon. Arthur Meighen that freight rates should be adjusted by payments from the public treasury. Such a thing, he said, would be unconstitutional and Parliament would not pass it.

Continuing, he said that high tariffs would not give employment to the Canadian people, but would enable some men to become wealthy. He dealt with the debt of the Dominion and said that Mr. Meighen's suggestion for economy had come six years too late. When in power Mr. Meighen would have had an opportunity to do something. However, he appeared to practice economy only when in opposition, Mr. Caldwell said.

Gordon Sharp also spoke and told of what Mr. Caldwell had done while a member of the Federal House.

Bangor Man Is Shot By Masked Bandit

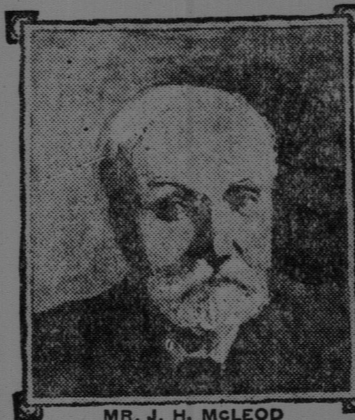

BANGOR, Me., Oct. 9.—Harry Clay, 45, manager of a filling station on State street, in the residential section, was shot and it is believed fatally wounded by a masked bandit who entered the place about 10 o'clock tonight and ordered him to hold up his hands.

Clay pulled his gun and fired and the bandit returned the fire, one shot striking Clay in the wrist and the other penetrating his abdomen. Clay was able to call the hospital ambulance and notify his wife. The bandit ran off in the darkness not attempting to get any money. Clay's condition is considered very grave.

CALL FOR MISSIONARIES.
TORONTO, Oct. 9.—In response to a cable sent from the Toronto office of the China Inland Mission, making inquiry as to the advisability of sending out a party of 17 lady missionaries to China on Oct. 15, a message was received from Shanghai which read: "Send party; conditions improving."

A FREEMASON'S SUFFERING

"FRUIT-A-TIVES" WORLD'S BEST REMEDY FOR CONSTIPATION

"I was troubled very badly with Rheumatism and Constipation and tried a great many remedies without relief, until a friend of mine recommended 'Fruit-a-tives'. I took several boxes and was very soon completely relieved and am very grateful to 'Fruit-a-tives'. I think that 'Fruit-a-tives' is the best remedy in the world, and have recommended it to a great number of friends who have benefited by it."—J. H. McLeod, Nova Scotia Freemason's Home, Windsor, Nova Scotia.

Constipation is the great curse of old age. Yet day by day, more and more elderly people are enjoying vigorous health through 'Fruit-a-tives'. This natural medicine—made from intensified fruit juices—ensures the complete natural digestion of food for people of all ages. At your dealers, 25c and 50c.

N. S. BOY, 10, SENT UP ON MURDER CHARGE

Guysboro Lad to Stand Trial For Shooting Playmate With Gun.

GUYSBORO, N. S., Oct. 9.—Philip Clyde, aged 10, appeared before Stipendiary Desbarres here today charged with causing the death of his playmate Earl Skinner, also aged 10, by shooting him with a shotgun at the Clyde home, near here, last Saturday afternoon. After a brief hearing the lad was committed to stand trial.

Evidence given at the coroner's inquest into the cause of the Skinner boy's death was to the effect that Earl Skinner, his brother, Wilfrid, and Philip Clyde were engaged in play at the Clyde home when Philip got hold of a shotgun and fired at Earl Skinner, blowing the back of his head off and killing him almost instantly.

DEMAND "PHILLIPS" MILK OF MAGNESIA

Accept only genuine "Phillips," the original Milk of Magnesia prescribed by physicians for 50 years as an antacid and laxative corrective. Each bottle contains full directions—any drug store.

BOthered With LARGE PIMPLES

Burned and Made Face Sore. Cuticura Healed.

"For four years I was bothered with hard, large, red pimples in blotches on my face and neck. The pimples came to a head and festered and looked terribly, and at times burned and made my face very sore. My face looked so badly that I used to feel embarrassed when I went in public."

After using Cuticura Soap and Ointment and they helped me, and after using three or four boxes of Cuticura Soap and a few boxes of Cuticura Ointment I was completely healed in three months." (Signed) Miss Vera Sweny, 1 Gibson Ave., Toronto, Ont.

Use Cuticura Soap, Ointment and Talcum for daily toilet purposes. Sample Book Free by Mail. Address: Canadian People, 340 Broadway, Montreal, Que. Send 10c in stamps for 25c Cuticura Soap and 25c Cuticura Ointment. Shaving Stick 25c.

Wolves and Coyotes Ravage Settlers

SAULT STE MARIE, Ont. Oct. 9.—Wolves and coyotes are again ravaging the Bar River settlers this fall and no less than 10 sheep have been killed by wolves in the last 10 days.

As a result of the depredations of wolves this fall many of the farmers around Bar River have either sold or anticipate selling their remaining sheep.

ODD FELLOW POWER TOLD.
WINNEPEG, Oct. 9.—Had Oregon been so permeated with Odd Fellowship in 1914 as were Canada and the United States, the Great War would have been impossible. In these words, Herbert A. Thompson, of Detroit, Mich., grand sire of the International Order of Odd Fellows, summed up the principles of his order at a public meeting here last night.

Receipts For Licenses For Motor Vehicles Are More Than \$500,000 in N. B.

FREDERICTON, N.B., Oct. 9.—Motor vehicle license fees receipts at the provincial Department of Public Works have already passed the half million dollar mark and the fiscal year will not close until the end of October.

Last year's receipts from auto fees reached \$452,469.32, which was a new record. Ex-Premier Veniot's estimate was \$550,000 for the present year and was presented to the Legislature. Five years ago receipts were less than \$200,000, while ten years ago—in 1915—the total receipts were \$23,416 and in 1910 the amount was less than \$1,000—\$763 to be exact. The numbers of cars licensed in N. B. this year is over \$20,000 and the registrations show many new cars sold this year. Last year there were 18,310 cars and 1,445 trucks licensed.

LOCAL PACKER ACQUIRES FAMOUS DOWN PROCESS

G. B. Taylor Purchases Curing Recipe From Fred Dunn

For many years it has been an acknowledged fact that no bacon has the same delicious flavor as that cured by Fred Dunn, of the Dunn Packing Co., Musquash and Fairville. Many concerns have been anxious to obtain Mr. Dunn's recipe, a process of dry sugar curing that produces a bacon of unrivalled sweetness and delicacy, eagerly sought after by lovers of really good bacon.

The Dunn Dry Sugar Cured Bacon finds a market in Montreal, Toronto, Boston, New York and other large centers, once tasted, it is considered a household favorite. G. B. Taylor, a well known local packer, has been fortunate in obtaining this secret recipe, and also has acquired the services of Mr. Dunn, the inventor of the process, who is supervising the curing of all Mr. Taylor's hams and bacon.

The Dunn Sugar Cured Bacon is undoubtedly in a class by itself. A trial will convince you of this fact. It can be obtained at all good meat dealers and grocers. It is necessary to specify this bacon by name in order to avoid substitutes.

Says Canadians Can't Feed Babies

Dr. Robertson Charges Lack of Knowledge Before Winnipeg Gathering

WINNEPEG, Oct. 9.—"To my mind one of Canada's menaces today is the fact that her women do not know how to feed their babies and it is to show the absolute importance of bringing up the babies in the country under the most hygienic methods so as to ensure a efficient physical development that the Red Cross is concentrating largely on the problem in its peace time program," announced Dr. James Wilfrid Robertson, C. M. G., Ottawa chairman of the Dominion executive of the Canadian Red Cross organization, who was the first speaker at a dinner given by the local branch of the society.

Dies After Fall Into Hold of Steamer

CHATHAM, N. B., Oct. 9.—Karl F. Olsen, second mate of the Norwegian steamer Fredonia, died last night. He was aboard the steamer following injuries received last Saturday. He was buried here today.

Olsen while superintending the loading of laths in the vessel was knocked into the hold and sustained a fractured skull as well as internal injuries. He was completely unconscious at the time of his injury until his death. The body was interred in Riverside cemetery, the services being conducted by the Rev. J. H. A. Anderson.

Organizer Suing For \$25,000 Balm

QUEBEC, Oct. 9.—C. J. Lockwell, local Conservative organizer, whose trial on a charge of having received a stolen car is at present going on here, is entering a damage action in the sum of \$25,000 in the Superior Court against P. F. Harrison of Chorges, Conn., who preferred the charges against the plaintiff.

A tonic that gives strength, that re-vitalizes weak nerves, that increases the appetite and aids digestion, will put color in the cheeks and lips and give vigor to the step. That means new joy in living, increased usefulness and longer life.

Whenever you find a person who has taken Dr. Williams' Pink Pills faithfully you find an enthusiastic friend of the tonic that has made life mean more in many ways. These blood-making pills have been used by three generations of Canadians and can be found those who owe health and happiness to this famous household remedy.

Weak and Run Down.

"I wish with my heart I could persuade every person who is run down in health to give Dr. Williams' Pink Pills a trial." Thus writes Mrs. Louie Mitchell, Oak Point, Man., who further says: "About a year ago I was a weak woman, suffering from a run-down system and impoverished blood. A little exertion would cause my legs to tremble and my heart to throb violently. I could not sweep a room or walk fifty feet without being exhausted. Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well and strong as ever. I can walk and run without stopping every few seconds gasping for breath as previously. Dr. Williams' Pink Pills will be my stand-by in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to anyone needing a tonic."

C.N.R. Testing Coal in Cape Breton Pits

GLACE BAY, N. S., Oct. 9.—F. B. Smith, a coal inspector for the Canadian National Railway, has been in Glace Bay and the Colliery district for a week or more making an inspection of the coal mined at the different pits. Mr. Smith has taken samples of coal from every corporation colliery in Cape Breton for the purpose of making a comparison and to determine the quality of the grade for use in the firebox of the Canadian National Railway locomotives.

Wolves and Coyotes Ravage Settlers

SAULT STE MARIE, Ont. Oct. 9.—Wolves and coyotes are again ravaging the Bar River settlers this fall and no less than 10 sheep have been killed by wolves in the last 10 days.

As a result of the depredations of wolves this fall many of the farmers around Bar River have either sold or anticipate selling their remaining sheep.

ODD FELLOW POWER TOLD.
WINNEPEG, Oct. 9.—Had Oregon been so permeated with Odd Fellowship in 1914 as were Canada and the United States, the Great War would have been impossible. In these words, Herbert A. Thompson, of Detroit, Mich., grand sire of the International Order of Odd Fellows, summed up the principles of his order at a public meeting here last night.

A Sure Relief For Womens Disorders

Orange Lily is a certain relief for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief; the blood vessels and nerves are toned and strengthened, and the circulation is rendered normal. As this treatment is based on strictly scientific principles and acts on the actual location of the disease, it cannot help but do good in all forms of female troubles, including delayed and painful menstruation, leucorrhoea, falling of the womb, ovarian troubles, growths, etc. Price 25c per box, which is sufficient for 1 month's treatment. A Free Trial Treatment enough for 10 days, worth 75c, will be sent free to any woman's name. Include 1 stamp and address Mrs. Lydia W. Ladd, Dept. of Windsor, Ont.

For All the Family

From Early Childhood to Old Age, Father John's Medicine Builds Health and Strength

Almost the greatest value possessed by Father John's Medicine is its power to re-build the strength of the delicate child, the vitality of the growing boy and girl, the vigor of those of 45 and 50, and to keep up the failing strength of the aged. Children are never in repose. From the time they slip into slumber at night, minds and muscles are ever active. They tear down faster than they can build up. Then comes the time when they grow pale and weak—when they lose their appetites and take cold easily. Usually it is lack of proper nourishment. Father John's Medicine is needed. This prescription has always contained cod liver oil, which science proves to be the richest of all known substances in certain life-giving food elements.

Then, there is the adolescent age—when boys and girls advance to manhood and womanhood. It is a critical period, for there is an added strain on their strength and vitality. If there are any signs of paleness and thinness and excessive tiredness, there is a very vital need for Father John's Medicine.

Those around 45 and 50 begin to realize that it is becoming harder to throw off a cold—that they are more susceptible to severe weather. Their vitality is lower—their power of resistance is weakening. The pure food elements in Father John's Medicine enrich the blood and help to form new tissue.

As old age creeps on, Father John's Medicine lends its aid to build up the body energy. As a rule, those of three-score years and more are not getting the proper amount of nourishment from their food. This weakened condition allows them to be attacked by distressing colds and racking bronchial attacks. Father John's Medicine supplies the vital food elements and the nourishment they need to strengthen the body, enrich the blood and resist the ravages of old age.

AUDIT FARM BOOKS

Ottawa Officials Surveying Results of New System at Experimental Stations.

F. S. James, audit-accountant from the office of the Inspector-General, and W. O. Fraser, accountant of the Department of Agriculture, Ottawa, arrived here last night on their way to Kentville, N. S., to inspect the accounts of the Dominion Experimental Farms there.

The system of having an outside audit of the affairs of the experimental farms is a comparatively new one. Last year, through the efforts of the Inspector-General, proper account books and forms for modern bookkeeping were placed in the Dominion farm offices throughout the Dominion. Mr. James and Mr. Fraser are now on a tour of the farms in Eastern Canada, surveying the results of the system and the way it is being used.

They had already examined the accounts at Fredericton and found everything satisfactory. Mr. James said last night. He added that the experimental farm there was considered a very fine one and that the staff, headed by C. F. Bailey, was doing very credit for the way in which the work was being carried

Appointments Made To C.P.R. Positions

MONTREAL, Oct. 9.—Announcement is made through the office of the Dominion Canadian Pacific Railway W. J. Cherry is appointed freight claims auditor vice J. R. Steele, retired under pension rules. W. L. Moran is appointed assistant freight claims auditor.

More Economical.
"You keep a dog, don't you?"
"No; if we hear a noise in the night we bark ourselves."

JOIN THE THRONG OF RED BLOODED MEN AND WOMEN

Get More Pleasure Out of Life and Be of More Use in the World by Toning Up Your System With this Well-Know Household Remedy

There are people who lack the red blood to give color to their lips, cheeks and hands and brighten their eyes. These people tire easily and cannot compete in school, office or shop with the more energetic. Their blood being thin they are nervous and do not sleep well. Arising in the morning unrefreshed they are unable to do their duty and miss much of the pleasure of living.

To become active and energetic, like most red-blooded Canadians, these people need a blood-building tonic.

A tonic that gives strength, that re-vitalizes weak nerves, that increases the appetite and aids digestion, will put color in the cheeks and lips and give vigor to the step. That means new joy in living, increased usefulness and longer life.

Whenever you find a person who has taken Dr. Williams' Pink Pills faithfully you find an enthusiastic friend of the tonic that has made life mean more in many ways. These blood-making pills have been used by three generations of Canadians and can be found those who owe health and happiness to this famous household remedy.

Weak and Run Down.

"I wish with my heart I could persuade every person who is run down in health to give Dr. Williams' Pink Pills a trial." Thus writes Mrs. Louie Mitchell, Oak Point, Man., who further says: "About a year ago I was a weak woman, suffering from a run-down system and impoverished blood. A little exertion would cause my legs to tremble and my heart to throb violently. I could not sweep a room or walk fifty feet without being exhausted. Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well and strong as ever. I can walk and run without stopping every few seconds gasping for breath as previously. Dr. Williams' Pink Pills will be my stand-by in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to anyone needing a tonic."

anyone needing a tonic."

There are many troubles due to weak, watery blood easily overcome by a fair use of Dr. Williams' Pink Pills. The sole mission of this medicine is to enrich and purify the blood and when that is done all the varied symptoms of anaemia disappear, and good health returns.

Help For Nervous People.

Are you pale and weak, tired most of the time, out of breath on slight exertion?

Are you nervous, is your sleep disturbed so that rest does not refresh you?

Is your appetite poor, your digestion weak and do you have pains after eating?

If you have any of these symptoms you need the help of such a reliable tonic as Dr. Williams' Pink Pills. Read what Mr. W. W. Francis, of Calgary, Alta., says of this tonic.

"After returning from overseas," writes Mr. Francis, "my whole system was in a badly run-down condition. I became nervous, irritable, pale and lost weight. Of course I was given treatment and recommended many tonics, some of which I took, but with no apparent result. My sister, who is in England, wrote and urged me to give Dr. Williams' Pink Pills a trial, and I can scarcely say how glad I am that I took her advice. My friends were surprised when I announced that I was cured. I am sure that it was due entirely to Dr. Williams' Pink Pills and I now further say:—'About a year ago I was a weak woman, suffering from a run-down system and impoverished blood. A little exertion would cause my legs to tremble and my heart to throb violently. I could not sweep a room or walk fifty feet without being exhausted. Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well and strong as ever. I can walk and run without stopping every few seconds gasping for breath as previously. Dr. Williams' Pink Pills will be my stand-by in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to anyone needing a tonic.'"

Relief From Indigestion.

When the stomach is feeble and food lies in it undigested the poisonous gases distend the walls of the stomach and cause serious interference with the other organs, especially with the action of the heart and lungs. These poisonous gases have other ill effects. They are absorbed by the blood and so weaken and corrupt it as to cause aches in remote parts of the body and the formation of unhealthy tissue all over. Experience shows that by such means, post-paid, on receipt of price, these troubles vanish just as soon as 60 cents per box.

Keep Your System Toned Up.

Keep your system toned up with Dr. Williams' Pink Pills and foods that once distressed you will be harmless, exposure will bring no fears of rheumatism and neuralgia and even germ diseases need hardly be dreaded. Dr. Williams' Pink Pills assist digestion, correct the habit, the palatability of the food, slake the thirst, the pallor of the face and lips that are the results of thin, impure blood.

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now.

Send For These Health Books.

Two useful books, "Building Up the Blood," and "What to Eat and How to Eat," will be sent free by Dr. Williams' Medicine Co., Brockville, Ont., if you mention this paper.

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail, post-paid, on receipt of price, these troubles vanish just as soon as 60 cents per box.

BOY SCOUTS AND CUBS SWING IN LINE FOR WORK

Reports From Troops Show Good Start Has Been Made

LADS ENTHUSED AS MEETINGS RESUMED

New Troop and Pack Are Organized—Details of Various Activities.

There is in the local Boy Scout office an attractive silver cup emblematic of the Scout football championship of Saint John. It was donated to Scoutmaster O. J. Lawson by the late W. Brindle in 1924 with the understanding that it should be used only for football competitions.

At a meeting on October 8 almost every scout enrolled was present. Six new members, Rev. J. Unsworth was appointed troop chaplain, which position he had held in Stone Troop.

At a meeting on October 8 almost every scout enrolled was present. Six new members, Rev. J. Unsworth was appointed troop chaplain, which position he had held in Stone Troop.

At a meeting on October 8 almost every scout enrolled was present. Six new members, Rev. J. Unsworth was appointed troop chaplain, which position he had held in Stone Troop.

This week's meeting was carried on in regular Gillwell style. The programme consisted of instruction periods, games, and a general brushing up of the individual records.

On Wednesday evening the troop divided into two groups, Tenderfoot and Second Class Scouts. A. S. M. Wiley took the Tenderfoot group, while S. M. Lawson looked after the Second Class. Three passed their Tenderfoot tests. Weather permitting, a hike was planned for today.

Troops 12 and 13 have been amalgamated to form Young Judaea Troop, No. 13, which will consist of four patrols of six each, with Ed Boyaner scoutmaster, Morris Eilman, assistant scoutmaster, and Joe Guss, troop leader.

COLLEGE SENIOR COMMITS SUICIDE

Girl, 21, Found Hanging by Scarf From Hook in Clothes Press.

POUGHKEEPSIE, N. Y., Oct. 10.—Temporary insanity is believed by Dr. Henry Noble McCracken, president of Vassar college, to have been responsible for the suicide of one of the ablest and most esteemed students.

The body of Miss Anna Frances Bailey, 21, a senior, was found hanging by a scarf from a hook in the clothes press of her room. Coroner Card said she had been dead several hours.

Dr. McCracken said Miss Bailey's creative work in poetry showed ability of no common order. Her academic standing was above the average of her class and only a short time before the tragedy, he said, she had received special commendation in two of her principal subjects.

"Miss Bailey had been subject to fits of depression," said Dr. McCracken, "but these never seemed serious. No adequate reason has been suggested for her act, but it is believed that temporary insanity was responsible."

UNIFICATION OF METHODISTS SEEN

Official Vote to Date on North-South Fusion Favors Plan.

CHICAGO, Oct. 10.—The official vote of the Methodist Episcopal Church, South, up to the present date is in favor of a plan of unification, which is necessary for unification of the two churches.

The official returns for 85 conferences received by Dr. B. J. Wade, secretary of the general conference, give a total conference vote in favor of unification of 5297, and against 504, in favor and 112 against. There are 49 conferences to be heard from.

GIVEN NICE SHOWER Miss Irene L. Stymest, whose marriage will take place next week, was recipient of a shower of silver, cut glass and linen last evening at the home of her parents, Mr. and Mrs. William Stymest, Manawagonish road.

On Tuesday the attendance was very good. Acting Assistant Cubmaster Douglas MacLennan was in charge. Our inter six competition got away to a good start. There is keen competition between the Sixes, especially at inspection. The A. C. M. gave a good talk on Cub Loyalty.

At the first meeting for this season last Wednesday 24 Cubs were present. Cubmaster C. E. Upham and Assistant Cubmaster Ronald Pattison were in charge.

At a meeting on October 8 almost every scout enrolled was present. Six new members, Rev. J. Unsworth was appointed troop chaplain, which position he had held in Stone Troop.

MEDICINE HAT, Alta.—W. C. McDaniel, United Farmers of Alberta. EAST HAMILTON—John Newlands, Liberal. WEST HAMILTON—George Gow, Liberal.

POOL ROOM CASE IS IN POLICE COURT

Arises From Disturbance in Prince Edward Street Place Thursday Night.

A disturbance in a pool room in Prince Edward street on Thursday evening resulted in Robert Cook being arrested this morning on a warrant charging him with assaulting George Moses, manager of the pool room.

The evidence of both the complainant and accused was taken in the police court this morning and the matter was postponed until Monday morning at 10.30 o'clock.

Mr. Moses said that on Thursday night about 11.30 o'clock the accused and another man who was known as "Slim" entered the pool room. The defendant's companion, he said, took off his coat, seized a cue and started to swing it around. When the witness was endeavoring to stop him the defendant took part in the dispute, and called the witness several vile names.

After the defendant was ejected the man called "Slim" also went out and they both rushed the door several times in an endeavor to get back, he testified. He said that they then noticed the police patrol coming down the street and departed. He added that the accused had destroyed property in the pool room before he also said that the accused had been drinking.

The defendant went on the stand and denied all the charges made against him by Mr. Moses except that he was under the influence of liquor. He said the complainant grabbed him and tore his clothes in firing him out.

Magistrate Henderson then postponed the case for Mr. Moses to secure additional witnesses.

MEETING POSTPONED. A meeting of King Edward Lodge of the "Prestige Boys" arranged for next Monday evening will not be held until the following Monday, Oct. 19, as the members are engaged in the work at the Protestant orphans' fair.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

Child, Swept Through Long Raceway, Lives

WINSTED, Conn., Oct. 10.—After being carried a distance of 500 feet by water in a narrow raceway leading to the Chapin Stevens Company's plant in Pinesaw, three-year-old Howard Chaine, son of Howard Chaine, was rescued in an unconscious condition by John Ascot. The lad was revived and his complete recovery is expected. The boy was playing with other children near the canal when he fell off the bank into the swiftly flowing water.

Magistrate Henderson then postponed the case for Mr. Moses to secure additional witnesses.

BOSTON BANKS QUIT CARRYING MONEY

Two Say Move Made to "Stop Risking Lives of Their Employees."

BOSTON, Oct. 10.—The first National Bank of Boston and the Old Colony Trust Company joined in announcement that on October 31 they would discontinue their private automobile services for the transportation of money.

Hereafter they will use the armored car service of an express company to transfer their cash and securities. The reason given was "to stop risking the lives of our employees" and "to encourage in Boston a central agency for the transporting of pay rolls, cash and securities, equipped for the purpose and available to everyone."

Recently there have been numerous robberies of pay rolls being conveyed from banks to industrial points in Greater Boston.

FLORAL TRIBUTES. Floral tributes received at the funeral of Harold A. Meiner included: Pillow, family and home; sprays, son, John, and wife; son, James, and wife; grandchildren, Margaret and Morton; Mrs. Dora Britain and family; Mrs. Kady Spinney and family; broken circle, brother, Charlie, and family; wreaths, daughter, Violet, and husband, and staff of the Saint John Milling Company; bouquet, grandchildren, Barton and Rowena.

A BOON TO WOMEN WHO SUFFER

My simple home treatments for the various ailments from which so many women suffer, have brought untold blessings to hundreds of Canadian women.

If you are troubled with headaches, backaches, pains in the side, bladder weakness, constipation, internal catarrhal conditions, if you have a bloated feeling with hot flushes, nervousness, desire to cry, palpitation, listlessness, write to me for my ten days' Free Trial Treatment for your individual case. Remember it costs you nothing! Don't suffer any longer—Write to-day.

Time Payments on General Motors cars. WE take pleasure in announcing important reductions in time payment charges on General Motors cars—notwithstanding the fact that General Motors charges have always been extremely low. The important thing to the purchaser is the total cost of a car. The time payment charge is a part of such total cost when the car is bought on time. These reductions therefore mean, in such instances, a substantially lowered total cost. It is the policy of General Motors to pass on to the car purchaser economies wherever effected—in financing as well as in engineering, manufacturing or merchandising operations. The purchase of a car out of income is a universally accepted practice. Six years ago General Motors organized the General Motors Acceptance Corporation (GMAC) to make credit available at the lowest possible cost to purchasers of General Motors cars. The standard time price of any General Motors car is the cash delivered price, plus only new GMAC charge. FANS SHIVER AS TEAMS PREPARE FOR THIRD GAME OF SERIES

PRES. COOLIDGE TO MAKE FIRST THROW TODAY

Today's and Next Two Games to be Played at Capital

WASHINGTON, Oct. 10.—Clear skies and a stiff, cold, wind greeted those who peered out early today to reckon the weather conditions for the third game of the world series. A temperature of 87 was registered at seven o'clock, but it had risen two degrees an hour later.

There was every prospect of a game today, though the temperature promised discomfort for the fans. The line of bleachers waiting for the opening of the gates was shorter than usual. These faithful devotees of the game shivered and shook as a cold wind swept them.

The postponement caused by yesterday's rain has brought prospect of a realignment of the pitching forces of Washington and Pittsburgh, now deadlocked at one game each, as they squared away for the third contest.

Alex. Ferguson, of the Senators, (Ray Kremer, of the Pirates, and President Calvin Coolidge are the day's selections for pitching duty. The president throws the first ball and Ferguson and Kremer have hopes of throwing the rest. The rain of yesterday which fell in sheets just before postponement was decided upon, was of aid to Manager Stanley Harris of the Senators in other matters than that of pitching, for it was expected that Oscar Bluege, third base fielding marvel of the present world champs, would return to the fray today. Bluege was hit by a fast ball from the hand of Vic Aldridge on Thursday and went to the ground to be helped off the field. Physicians have decided that his improvement has been sufficient to permit his participation in today's battle. Should Bluege fall to stand up under the strain, after the suffering he has gone through for two days, young "Buddy" Myers, New Orleans flash, who relieved Oscar Thursday, will take up the post at third.

NO WORD OF SOUTHPAWS.

Both managers are confident of success in the coming games. McKechnie said that he would start Kremer, as previously planned, but made no mention of the choice for tomorrow. Harris stated that he would rely on Ferguson, former Eastern League boxman, who has seen service with the Red Sox and Yankees. But neither had anything to say about left-handers—and each has a good one in Reuther and Yde. The turn of the porters may come, yet

Inter-Association Bowlers Are To Open Schedule On Monday Night

Along The Sport Trail

YESTERDAY'S postponement of the world series conflict should work considerably to the advantage of the Senators as it will probably give them Bluege's services today and enable them to use Walter Johnson in Sunday's game. Had the teams played yesterday and the Pirates won, Harris would have been faced with the choice of using either "Dutch" Reuther or Johnson and the veteran might not have gone so well with only a two day's rest. Even had the Pirates lost, Harris would have been faced with the same situation and knowing the Pirates' liking for southpaw pitching he might well have hesitated before sending the ex-Beoklyn star to the mound. But Old Man Rain has given him a welcome respite and it now is going to be a nip-and-tuck struggle with the breaks probably deciding the issue. That must have been one thrilling game to watch on Thursday with "Kiki" Cuyler's smash coming at the dramatic moment. This is a hard-fought series, bearing out the predictions of the sport writers.

TOMMY GORMAN, mentor for the New York hockey club, declares there is a glut on the hockey market. No one will be surprised in view of the wholesale raids that have been made during the last few months in the amateur ranks. There is some doubt yet about Hamilton being represented on the International circuit but if the Ambitious City promoters do decide to place a team on the ice, it means quite a number of other stars will receive tempting offers. Hockey should boom greatly in the big centres this winter as it is a fascinating game and has caught on tremendously in Boston, now a regular hotbed for Canadian stars who are picking up some loose change either playing or coaching. The situation down here still is a bit uncertain but Saint John can look to have a good team on the ice this winter.

TWO important bowling leagues start operations on Monday night, the Inter-Association and the Commercial. The Commercial has been going strong this week while the City League is having a meeting shortly.

A FINE of \$1 for every mislay is going to be imposed on players on the Brooklyn team next year, according to Manager Wilbert Robinson recently. "My idea is not to punish the players but to make them remember every time they do something wrong," he explained. "Next season the Robins are going to take advantage of every play or else they will be broke by the end of the year." Starting next spring, this goes into effect. If a pitcher fails to cover first on a hit; if a runner fails to advance at the proper time; if a fielder fails to throw at the wrong time; or any one of the thousand little ways a slip can be made, the player committing the diamond crime must dip down and fork over \$1. A player making five errors a day is going to find it a costly system. We'll see how it works.

LEAGUE ADDS 2 NEW TEAMS THIS SEASON

Trojans and Elks Are Newcomers On The Schedule

EVERYTHING now is in readiness for the grand opening of the Inter-Association Bowling League on Monday night next on the Imperial Alleys, when the honorary president of the league, Hon. R. W. Wignam, officially declares the 1925-26 season on. He will toss the first ball and the "wood-chopping" will commence in earnest. Those two old rivals, G. W. V. A., champions last year, and the Civics, runners-up last year, will face each other. The probable line-ups for both teams for the game will be as follows:

G. W. V. A.—H. B. Roberts, J. Sweeney, F. Ashe, C. Martin, G. Garnett.

Civics—M. Latham, B. Stevens, R. Simpson, W. Earle, F. Thurston.

TEAMS AND CAPTAINS.

Other alleys to be used by the league will be the Victoria alleys and the G. W. V. A. alleys. Two new teams are in the league this year, the Elks and the Trojans. A. C. giving it a total membership of 10. The following are the teams and captains: No. 1, G. W. V. A., H. Roberts; No. 2, Civics, H. Needham; No. 3, Knights of Columbus, Thomas Congrove; No. 4, Knights of Pythias, B. L. Sheppard; No. 5, Y. M. H. A., Eli Boyaner; No. 6, I. O. G. T., F. Owens; No. 7, Garrison, F. A. Duffey; No. 8, St. Mary's Band, R. G. Stewart; No. 9, Elks, F. J. Killen; No. 10, Trojans, Walter R. Goding.

SAINT JOHN HIGH MEETS ROTHESAY

Schoolboys Rivals Clash This Afternoon on The Allison Grounds.

The Saint John High School football team will play their first game in the Inter-scholastic league here this afternoon on the Allison grounds, when they will line up against the Rothesay Collegiate School team, which made such a great showing at Fredericton last Saturday.

Rothesay has a great defensive team which is composed of some good tacklers and a forward line which is always on the ball. The members of the back division are all fair kickers and handle the ball well.

The High School attack will be led by a forward line capable of tackling a heavy job, a half line of three seasoned and aggressive players, and a smooth working three-quarter line. Although serious work was done by several of the regulars out of the line-up for today, Captain Petrie feels confident that his team will be able to keep the Blue and White on the defensive for the greater part of the game.

The Rothesay boys are determined to make up for their misfortune at Fredericton, where they were defeated 3 to 0 in a downpour of rain, and under the direction of Captain Clarke, who is one of the best tacklers that the league has ever produced, they make a strong bid in this afternoon's battle.

The local supporters are going to be out in force and will assemble in the school yard before 2 o'clock. There they will parade to the grounds headed by a "band" under the direction of Fred Ryan and John Legate. The game will commence at 3 o'clock sharp, and A. W. Thorne will handle the whistle.

The High School will line up as follows:

Fullback, Lipsett; three-quarters, Daley, Armstrong, Brown, Regan; halves, Linton, Smith, Peters; forwards, Breen, Jarvis, Keith, MacAndrews, Barbour, Novey, Petrie (Capt.); spares, Kennedy, Lee, Davidson, Arrowsmith, Lingley and Cowan.

MANAGERIAL WORLD SERIES STANDING

WET GROUNDS FOR GAME AT CAPITAL

Grounds conditions similar to those prevailing last Saturday when they met the University of New Brunswick fifteen here faced the Trojans for their scheduled game this afternoon at Fredericton against the collegians and another mud-battle seemed certain. The local team was to go at full strength and should put up a great battle. In the City-Intermediate league today, two games are curried, the Nationals meet the Canucks at 2:45 o'clock and the Martellos and Wanderers follow them. These games will be played on the west side grounds.

FREDERICTON, Oct. 9.—The rugby football team of the University of

McTigue Is Signed To Meet Longhran

NEW YORK, Oct. 9.—Mike McTigue, former light-heavyweight champion of the world, was signed today by Tex Rickard to box Tommy Longhran of Philadelphia in the semi-final of the Paul Berlenbach-Jack Delaney light-heavyweight championship bout at the new Madison Square Garden, December 11.

Local Bowling

Match Game.

Last night on the Imperial Alleys the St. Mary's Band and the Christie Wood Working teams rolled a match game and broken even with two points

St. Mary's Band	Total Avg.
Barton	92 67 79 238 79-1-3
Stewart	72 72 85 229 76-1-3
Hayter	83 79 91 253 84-1-3
Dow	96 92 81 269 89-2-3
Ellison	108 85 110 303 101
451 395 436 1292	

Commercial League.

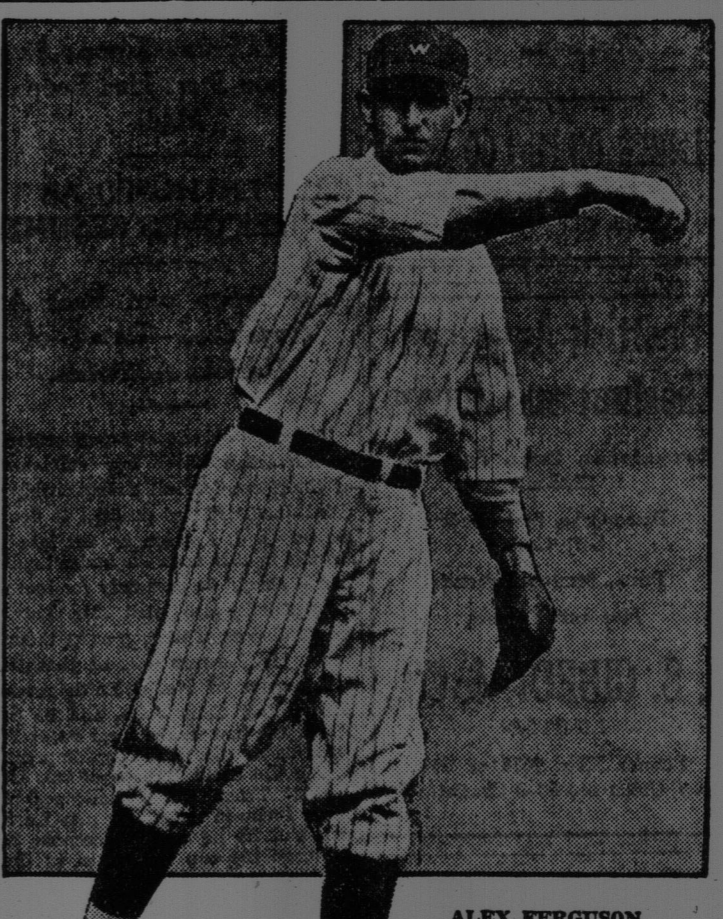

Last night on Black's Alleys in the Commercial League the New Brunswick Power Co. team took all four points from the C. P. R. The individual scores follow:

N. B. Power Co.	Total Avg.
Hoyt	85 81 91 257 85-2-3
Newton	87 76 90 253 84-1-3
Roxborough	78 83 82 243 81-1-3
Whittaker	89 104 81 274 91-2-3
Brentnall	81 91 97 269 89-2-3
420 435 451 1306	

CHICAGO GAME OFF

CHICAGO, Oct. 9.—Rain and snow today prevented the third game between the White Sox and the Cubs in the city series. Hostilities will be resumed tomorrow at the National League park, weather permitting.

He Pitches Today

ALEX FERGUSON

This is Alex Ferguson, obtained by "Bucky" Harris from the Red Sox this year. He is a cool one under fire and has fared well since joining the Senators.

"Newport Johnny" Is Victor Over Lambert

HALIFAX, Oct. 10.—Johnny Newport, R. L. scored a referee's decision over Lou Lambert, Portland featherweight of Maine, in a fast ten rounder here last night, getting Ted Power's award after the judges had disagreed. Brown carried the fighting in all ten rounds but met an obstinate opponent in Lambert, who stood toe-to-toe with him all the way, standing up under terrific punches. Many times Lambert opened up with an attack which threatened to carry Brown off his feet but failed to stop the plunging Newport boy. Opening the eighth round with a sensational rally, Lambert dropped Brown but the Newport boy hounded back without taking a count, and earned the edge in the session. Brown weighed 132 3/4 and Lambert 131 1/4.

BOSTON, Oct. 9.—The bout between King Solomon and Jim Malone scheduled for tonight at Braves Field, was postponed until tomorrow night because of rain.

SCHOOL SPORT IN PROVINCE IS WELL ORGANIZED

W. E. Stirling Grouped Various Sections For Play-Offs

ORGANIZATION work among the leading schools of the province along athletic activities has reached a stage now where only two more sections remain to be properly grouped, according to W. E. Stirling, New Brunswick vice-president of the M. P. B. of the A. A. U. of C., under whose jurisdiction scholastic activities now have been placed. In this work of grouping these schools, Mr. Stirling acknowledges gratefully the assistance given him by Rev. William A. Ross, holder of the Maritime half-mile record, H. O. Schyer, Bathurst, and J. Morris, Chatham. The broad effect of such organization work is that it considerably simplifies matters along this line for the schools themselves and also paves the way for any championship series. In rugby football, the winner of the Rothesay - Fredericton - Saint John High group has usually considered themselves provincial inter-scholastic champions, but through the grouping that has just been completed, every section will be given a fair trial to win its spurs. This will apply to hockey and basketball and other sport activities.

According to Mr. Stirling the groups are:

First group: Saint John High, Fredericton High, Provincial Normal School, St. Vincent's High and Rothesay Collegiate School.

Second group: Moncton High, Sackville, Dorchester and Mount Allison Academy.

Third group: Campbellton, Bathurst and Chatham High, Harkins' Academy and St. Thomas' College, Chatham.

Fourth group: Rothesay College No. 2, Hampton Consolidated, Sussex, Rothesay Consolidated, Kingston Consolidated. This group Mr. Stirling says is in the nature of a junior group.

There remain to organize into groups Woodstock, Edmundston and Grand Falls, in one; and St. Andrews, St. Stephen, Milltown and McAdam, in the other. As soon as Mr. Stirling can get in touch with the proper authorities, these sections also will be included.

PARTRIDGE IN NEW ENGLAND SCARCE

Scientists to Make Report to Massachusetts Fish and Game Association.

BOSTON, Oct. 10.—Sportsmen of New England may soon have shot their last partridge. Fearing that partridges may be exterminated by a mysterious disease, the Massachusetts Fish and Game Protective Association will hold a meeting at 2 Joy street, Oct. 14. At that time a committee of scientists appointed to study the problem will report their investigations, and Dr. Alfred O. Groves of Bowdoin College, will lecture on the partridge, or ruffed grouse, as it is sometimes called.

Secretary Arthur L. Clark warns that the same fate that befell the heath hen may be in store for ruffed grouse. Sportsmen throughout New England report an alarming scarcity of birds.

Little is known about the disease that has ravaged the grouse of this and other States, except that it is intestinal in nature and very likely contagious. Although grouse appeared to be fairly numerous last spring, sportsmen and nature-lovers everywhere are reporting an amazing decline in numbers, particularly in certain sections of this State, New York and New Hampshire.

BOSTON WOMAN GETS \$425,000 BEQUEST

Mrs. Lucy Thorndyke Receives Big Sum Under Will of Her Mother.

NEW YORK, Oct. 10.—Mrs. Lucy G. Thorndyke, of Boston, will receive approximately \$425,000 under the terms of the will of her mother, the late Mrs. Paul Burnes Burnes, who died at Westbury, L. I., on Sept. 8. The will, filed for probate at Mineola, L. I., disposed of an estate of \$1,200,000.

Bequests to Daughters.

Mrs. Thorndyke's two daughters, Helen and Winifred, were given bequests of \$1,000 each. The remainder of the estate, save for minor bequests, was divided among Mrs. Burnes's children and grandchildren, all of whom reside in New York.

Mrs. Burnes moved to Westbury from Maine several years ago.

Minard's Liniment for Colds.

Child Sets Bed Afire And Dies From Burns

NEW BEDFORD, Mass., Oct. 10.—Setting her bed afire while playing with matches, Edith Duarte, aged four, received fatal burns. Mrs. Duarte, hearing her child scream, rushed into the bedroom and found the bed a mass of flames. Bundling the little girl in a blanket, the mother ran into the street with her, and a neighbor helped her beat out the flames. Mrs. Duarte sustained burns on one arm and hand.

PREMIER TELLS OF RECORD DURING WAR

Answers Heckler at Winnipeg Meeting—Outlines Work on Labor Questions.

WINNIPEG, Oct. 10.—While addressing a meeting of electors here last night, Premier King was outlining the invitations he had extended to Progressives to join his administration when a heckler interrupted: "To buy their votes."

"There are men in every audience," Mr. King struck back, amid applause, "who are ready to impute low motives, who cannot rise to high levels of thought. They are like my friend over yonder (here Mr. King indicated another interrupter) who wants to know what my record was in the war."

HIS WAR RECORD.

"I shall be proud to compare my record with his. I shall be proud to compare it with any man. Every man finds himself face to face with obligations at all times in the history of his country. When the great war came, I, like the men, had my obligations to consider."

"In the States," he shouted a heckler. "There was an outburst of protest against this interruption."

DUTY AT HOME.

Mr. King proceeded: "I had to consider my duty to a father who was blind, to a brother with tuberculosis who had two children dependent upon him, to a sister with her heart failing, to a mother with no one else to care for her. I said to myself: 'I can leave all these obligations and I can go to London and take a position in some office over yonder.' I was 40 years of age. They would not let me at that age go into the trenches. I said: 'I leave all this or I can do my duty as I see it as a son, as a brother, as one on whom great responsibilities rest.'"

Mr. King outlined his work on labor questions, adding that when war broke out he felt he could best devote his special knowledge of labor legislation in furthering production of war material.

RUN DOWN HERE FROM BOSTON ON WEEK-END TRIP

Try-out is Given to Single Fare Railroad Excursion.

OUTCOME OF CHAT ON FISHING OUTING

Hundred and Fifty-Eight Make Journey—Some on Surprise Visit.

The first of what may turn out to be a series of single-fare excursions from Boston and vicinity to Saint John arrived in town on the Boston express at noon today.

HOW IT BEGAN. General Traffic Manager Walter O. Wright, of the Boston and Maine, when attending the outing conference of American and Canadian railway officials on the St. Croix fishing wharves early last summer, was impressed with the idea suggested of experimenting with excursions to Saint John as well as to Montreal.

Talking to some of the excursionists a Times-Star reporter learned the down-east trip at a cheap fare was hailed with much satisfaction by maritime provincial people living in Boston and vicinity.

ST. ANDREW'S ADDS 26 TO MEMBERSHIP

Colors, are black, dark brown, harvest, atmosphere, champagne, Windsor tan, cinnamon, zinc.

Girls' Silk and Wool Hose 39c. pair—Girls' Sport Rib Hose, made of fine Cashmere and Silk weaves. Colors, brown and white and heather mixtures. Sizes 6 to 8 1/2, 89c. pr. Ladies' Lisle Hose 39c. Pair—Black or Cordovan, sizes 9, 9 1/2, 10, first quality, 89c. pr. BARGAIN BASEMENT

The Leading Investment

The most sought for of all investments, after Government and Municipal Bonds, are Water Power Bonds. For size and safety of income, nothing measures with them.

Five vital factors guarantee their profits—no other industrial Bond can show all five, which are explained in a Booklet free for the asking.

The demand for such Bonds keeps increasing, new issues are fewer, prices of present issues advance steadily as interest rates fall and therefore Power Bonds of the future will bear lower interest advantages. Which makes our present list all the more interesting.
