GORMAN SEVENTH

St. John Skater Beaten in the Fifteenth Heat of the Event.

(By Canadian Press.)

Chamonix, Jan. 26.—Canada lost its first contest of the 1924 Olympic games today when Charles Gorman of St. John, N. B., was defeated after a thrilling exhibition of speed skating in the 500 metre race. The Canadian skater was beaten by Chas. Jewtraw, of Lake Placid, N. Y., in the fifteenth heat of the race. Jewtraw's time was 44 seconds flat.

This was the best of any heat skated and under the rules made him the winner of the event.

The 500 metre race is equivalent to 546 1/2 yards. Gorman put up a fine race and the heat between the Canadian and U. S. stars was the feature of the opening event. The Canadian skater came seventh in the list of winners, his time being 45 2-5 seconds.

Thirty Men Enticed.

Thirty-one men entered necessitating 15 heats. George Dewilde of France, having drawn a bye, raced alone. The weather was cloudy and the temperature a little below the freezing mark. The ice was in fair condition, but had a tendency to soften.

The rules provided that the skaters start from the same line on parallel tracks ten feet apart, the competitor holding the inside track at the start, switching on the inside on the back stretch, and vice versa. Time alone is taken into consideration in figuring the winners of the Olympic ice events, and the man finishing second in a fast heat is placed ahead of the winner of a slower heat, as there are no semi-finals.

Results of Race.

The results of the race, with the ten leading competitors in the order of their standing were: Chas. Jewtraw, U. S., 44 seconds. Oscar Olsen, Norway, 44 1-5. Thunberg, Finland, and Larsen, Norway, 44 2-5. Vallenius, Finland, 45 seconds. Blomquist, Sweden, 45 1-5. Charles Gorman, St. John, N. B., 45 2-5. Joe Moore, U. S., and Harold Strom, Norway, 45 3-5. Julius Skutnab, Finland, 46 2-5.

Sifton Criticizes Merchant Marine

Brandon, Man., Jan. 26.—Addressing the Canadian Club here last night, Sir Clifford Sifton criticized the management of the Canadian Merchant Marine which he declared belonged to a combine and did most to keep the rates up.

Prior to the lifting of the embargo against Canadian cattle, the shipping rate to England was \$15.50. When the embargo was taken off the rate was increased to \$25 but only after a great deal of trouble was reduced to \$20, he said.

PLAN EFFORT TO SETTLE DIFFERENCES

Imperial Conference Proposals May be Accepted to End Strike.

PICKETS ACTIVE

Leaders Anxious as Deserctions Increase From the Strikers' Ranks.

BY HARRY N. MOORE, (British United Press.)

London, Jan. 26.—Sensational developments in the railway strike are expected over the week-end in quarters that have inside knowledge of the latest developments. It is considered likely that between now and Monday the new Labor government, acting in close co-operation with the trades unions, will make its first real effort to settle the strike, the continuance of which is beginning to seriously alarm them.

The government will accept the Imperial Conference proposals reached at that conference and does not consider itself in any way bound by the pledges made at that time by its predecessors in office.

For some days the rumor has been circulated that Mr. MacDonald would withhold his hand from the guillotine at least temporarily in view of the definite desire of the Dominions, and especially of Australia and New Zealand, to see the preferential clauses agreed upon at the conference put into effect.

Mrs. Harold L. Christie left today for Moncton, where she will be the guest of her brother, Dr. R. G. Girvan, and Mrs. Girvan.

Mr. and Mrs. H. H. Estabrook are to leave tonight for New York, from which port they will sail on January 30 for the Mediterranean.

Miss Helen Simms has returned from Portland, Me., where she attended the funeral of her mother. She is the guest of her brother, Philip Simms, at her home.

Dr. Wallace moved that the action be set aside on the ground of failure of the plaintiff to file a statement of claim within the statutory time.

The judge gave his decision dismissing the motion, with costs to the defendant in any event.

Chambello case.

In the matter of the case of Sarah A. Watson against the Community Hall, Chambello, Judge McKewen gave a decision reversing the verdict of the magistrate.

The defendant was convicted of obstructing the highway, but the charge of obstructing the highway was dropped.

The summons had been served on the secretary of the Community Hall while it was in the United States, which was irregular.

The murderer is believed to have gained admittance by representing himself as an applicant for a room to rent.

Mrs. Crooks kept a rooming house. The police believe he is the same man who made an unsuccessful attempt about two weeks ago with a wrench upon a woman in a west end street.

Finger print experts secured some impressions at Mrs. Crooks' home. Detectives are convinced that robbery was not the motive of the attack.

The United States mills, the report says, produced 1,465,000 tons of newspaper in 1923, more than in 1922, and also more than any previous year, except 1920, when the total was 1,412,000 tons.

In Canada the output last year was 2,500,000 tons or 181,000 tons more than in 1922.

The Canadian output was marketed in the United States.

Canada's Textile Mills Curtailing.

Montreal, Jan. 25.—Cotton textile mills of Canada are experiencing a greater slackness in business than met with in the past few years.

Police and sweepers are convinced that robbery was not the motive of the attack.

The trade will not buy more than immediate requirements. From the beginning of the war until the middle of last year, the mills were operating well up to capacity.

Ship's Officers Hurt in Storm.

Halifax, Jan. 25.—After a 22 days passage which mountainous seas were encountered, the Anglo-American oil tanker Swanee, bound from Great Britain to New York, arrived in port today with bunkers empty, and in need of repairs.

On January 16, when about half way across the Swanee was washed by a tremendous sea which swept all in its path, smashing rails and decks, sweeping over the funnel and nearly banking the ship's fire.

Capt. Taylor who had a narrow escape from being swept overboard from the bridge, sustained a broken leg, while Engineer Clark has a dislocated shoulder and a broken arm.

Looses Life While Practising Throw.

Lawrence, Mass., Jan. 25.—Lieutenant Arthur D. Smith, of Company B, 182nd Infantry, Massachusetts national guard, was killed when he was accidentally struck by a 12-pound shell thrown by William Laughlin, a private in Company B.

Company B. Lieutenant Smith, who was 22 years old, was running around the track in the state armory drill shed, practicing for the American Legion track games to be held in February.

As he turned a raised corner the shot struck him in the pit of the stomach. He died on the way to a hospital.

What's It About

Relative Tells of Letters Received Some Two Years Ago.

Mystery still surrounds the question as to whether Cornelius Heffernan, who disappeared from St. John about five years ago, is still alive.

A relative who works in the city market said he had received a couple of letters from Heffernan in New York from Germany on a mysterious mission for his government.

Here is a close-up of Dr. Hermann, former German minister of finance. He was in attendance at the wedding of a mysterious mission for his government.

Heffernan, at the home of Mr. E. H. Vanier, C. S. C., Superior of the hospital at the time of the death, but was not seen since.

After receiving the letter from Rev. Andrew McLeod, of Montreal, a couple of months ago, in which the clergyman stated that a man had been admitted to the hospital unconscious and died on April 2, last year, without regaining consciousness.

The clergyman also stated that among his possessions was a small account book in which was the address of C. Heffernan, City Market, St. John.

Mrs. Heffernan said that she still had the letter, but could not locate it just then. She could not remember the name of the hospital. She thought that possibly the clergyman was not at the hospital at the time of the death, but was word had been sent out about five years ago when her husband had disappeared.

She said she had seen a man who she thought was Heffernan, but she was not sure. She said she had seen a man who she thought was Heffernan, but she was not sure.

STILL MYSTERY AS
TO C. HEFFERNAN

Relative Tells of Letters Received Some Two Years Ago.

Mystery still surrounds the question as to whether Cornelius Heffernan, who disappeared from St. John about five years ago, is still alive.

A relative who works in the city market said he had received a couple of letters from Heffernan in New York from Germany on a mysterious mission for his government.

Here is a close-up of Dr. Hermann, former German minister of finance. He was in attendance at the wedding of a mysterious mission for his government.

Heffernan, at the home of Mr. E. H. Vanier, C. S. C., Superior of the hospital at the time of the death, but was not seen since.

After receiving the letter from Rev. Andrew McLeod, of Montreal, a couple of months ago, in which the clergyman stated that a man had been admitted to the hospital unconscious and died on April 2, last year, without regaining consciousness.

The clergyman also stated that among his possessions was a small account book in which was the address of C. Heffernan, City Market, St. John.

Mrs. Heffernan said that she still had the letter, but could not locate it just then. She could not remember the name of the hospital. She thought that possibly the clergyman was not at the hospital at the time of the death, but was word had been sent out about five years ago when her husband had disappeared.

Professor of Budapest Makes Prophecies for This Year and Later.

(United Press.)

Berlin, Jan. 25.—The prophet who, a year ago, accurately predicted for 1923: The Ruhr occupation, Volcanoes in Italy, Earthquakes in Japan, Revolution in Spain will threaten the throne, and Alfonso will flee to England and a republic will be proclaimed, in the United States, either in 1928 or 1929, the Democrats will return to power.

In 1925 the United States interventionists will prevail to the benefit of Germany, Austria, Hungary, Italy and Greece.

Russia, in 1924, will ask for admission to the League of Nations, and the Bolsheviks will make treaties with Germany and England.

An unexpected change in the conditions of Russia will bring the bourgeois into control again.

The Franco-British entente will not be threatened but 1924 will see the relations between Germany and England knit more and more closely.

In 1924 Lloyd George will play a leading role again.

Within a few years a combined Czech-Italian and Italian-Russian-German bloc will defeat England and she will lose all her colonies.

Between 1942 and 1946 the United States will fight Japan and lose. Poland will remain at the head of the French government at least during 1924.

Between 1928 and 1932 Briand will regain the premiership.

In 1924 will come earthquakes, the death of two well-known French statesmen, the murder of two Russian Bolshevik leaders and the sudden death of a foreign minister who has harmed France greatly.

THE EVENING TIMES-STAR, ST. JOHN, N. B., SATURDAY, JANUARY 26, 1924

MORE THAN 100 WILL BE HERE FOR CONGRESS

Prominent Social Workers
From All Over Dominion
Come to St. John.

Leading men and women in all lines of social welfare endeavor from Canada and from the United States will be in the city to attend the Social Service Council convention which meets here on Monday, Tuesday, Wednesday and Thursday of next week. The exact number of delegates is not known as many are making their own arrangements with regard to entertainment while in the city. It is anticipated, however, that there will be between 100 and 150 delegates and speakers from outside of the city attending the Dominion convention.

The three Maritime Province Premiers will take part in the proceedings. It is about seven years since the last annual meeting of the council was held in St. John. Those who attended the sessions of that convention will remember the great interest which they aroused. It was first planned to have the evening sessions of that convention in the Knights of Columbus hall, but the attendance was so much greater than expected that it became necessary to remove to a larger church where an auditorium seating 1,500 was available.

Luncheon for Miss Lathrop.

This year it has been arranged to hold the morning and afternoon sessions in St. John's (Stone) church hall and to have the evening public meetings in St. Andrew's church auditorium.

The largest social function to be arranged in connection with the convention this year is the luncheon to be tendered Miss Julia Lathrop on Wednesday in the Pythian Castle. The luncheon has been arranged by the Daughters of the Empire.

Partial List of Delegates.

The list of delegates attending the convention will not be complete until the convention opens. A partial list of those who are to be guests of St. John residents and their hosts in the city is as follows:

- Rev. Ross Eston, P. E. I., George W. Parker, 27 Goodrich street.
- Rev. A. J. Prosser, Bridgetown, H. E. Hoyt, 25 Rockland road, New York.

Mother's Advice

NO mother ever taught her children a more valuable lesson than the necessity of keeping the bowels regular. Health, happiness and success are more dependent on this simple rule than most of us ever realize.

This mother advises the use of Dr. Chase's Kidney-Liver Pills because she has found this medicine to be absolutely dependable as a regulator of the liver, kidneys and bowels.

Physicians have estimated that nine-tenths of all human ills have their beginnings in the sluggish action of these eliminating organs and the consequent poisoning of the system.

Not only such ills as indigestion, constipation and biliousness but also appendicitis, Bright's disease, diabetes and high blood pressure arise from this cause.

Prevention is so much easier than relief after the disease has become settled that the value of mother's lesson is at once apparent.

In many homes the rule is one pill at the week-end as a regulator and preventative and more frequent doses when required.

The strong points for Dr. Chase's Kidney-Liver Pills are their dependability to produce the desired results and their direct and combined action on liver, kidneys and bowels.

It is worth remembering that colds and other contagious diseases are quickly checked by the use of Dr. Chase's Kidney-Liver Pills to rid the system of the accumulating poisons.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 35 pills instead of 25 as formerly.

May Be Abolished After 650 Years

London, Jan. 24.—Wickham Fair, which dates from 1268, when a charter was granted by Henry III, is in danger of abolition.

J. Carpenter Garner, lord of the manor, has applied to the Home Secretary for its discontinuance on the ground that cattle sales and business formerly transacted no longer take place, and that all which remains is merely by the villagers.

From its inception the fair has been held in the fine square of this pretty Hampshire village, and the lord of the manor says he thinks festivities held each May could be now transferred to another spot.

The parochial electors have decided to protest to the Home Secretary against the proposal.

Stalactite formations in the grottoes of Shenandoah, Virginia, are three times the size of any others in the world.

Why you have Rheumatism

RHEUMATISM is largely due to weakened and drained kidneys. When the kidneys fail to properly fulfil their duty of carrying away the poisonous impurities in the blood stream, uric acid accumulates, and rheumatism, lumbago, sciatica and other serious ailments follow.

If you suffer from headaches, pains in the back, dizzy spells, or spots before the eyes, palpitations, suppressed or scalding urination, let Dr. Williams' Pink Pills for Pale People do your kidneys right. A few doses will bring relief. A few boxes will make you entirely well.

What Kind Of Blood Have You?

Thin, Pale and Watery—Keeping You Weak, Nervous and Run-down, or Rich, Red Healthy Blood With Plenty of Iron in it To Give You Strength, Energy, Power and Endurance?

IRON IS RED BLOOD FOOD

Says Physician
How NUXATED IRON Puts Roses into the Cheeks of Women and Helps Give Renewed Strength to Men.

If you tire easily, if you look pale, haggard and worn, if you feel generally weak, nervous and run-down it would probably astonish you to look at a drop of your own blood under a powerful microscope and compare it with a drop of pure, healthy blood—rich in iron. Actual blood tests show that a tremendous large number of people who are weak and ill lack iron in their blood and that they are ill for no other reason than lack of iron.

For want of iron you may practically be an old woman at from 30 to 40, weak, down-hearted and you may be suffering from such a highly nervous, irritable state that you are unable to do your work, and you may be white at 40 or so with good health and plenty of energy. You may be suffering from a feeling of restlessness and fall of hair as a result of your iron deficiency.

"Iron is red blood food," says Dr. J. S. Haines. "It is the life-giving element in the blood, never in liquid form. Always look for the word 'Nuxated' on every package and the letters 'N. I.' on every label. Sold by all druggists.

It is estimated to be approximately equivalent (in organic iron content) to eating half a pound of spinach, one quart of green vegetables or half a dozen apples.

It is not always the youngest woman that is most sought after—there is an indescribable allurements fascination in the eyes, cheeks, the lustrous hair and sparkling eyes of a woman whose blood is filled with iron. You may be afflicted with iron starvation of the blood and not know it, just as thousands of other women are.

CITY-MANAGER IS CLAIMED THE BEST

Large Audience Hears Research Institute Men on Local Administration.

While no form of civic government is a cure-all for municipal diseases, and forms of government must change as needs change, it is the view of Dr. Horace L. Brittain, head of the Citizens' Research Institute, Toronto, and R. Fraser Armstrong, of the staff of the Institute, that the city-manager plan is the best instrument yet devised to produce good city government.

This view was expressed at the Board of Trade last evening during a discussion in which the two speakers reviewed the various forms and made a great deal of light upon the whole subject. Many questions were asked, and were answered at length, and included the Mayor and several commissioners, gave undivided interest to the consideration of civic administration.

George E. Barbour, president, expressed pleasure at the large attendance, and said he was sure the audience would be well repaid. Dr. Brittain was well known, and a group of citizens heard quite often from him and his organization, the Citizens' Research Institute of Canada. He came with a knowledge of the problems of government in the municipal and other spheres, and had with him R. Fraser Armstrong by whom the discussion would be shared.

Dr. Brittain pointed out that the place to begin to reduce is at home, because municipal government touched us in more points than any other, and the costs were greater. He cited one town where the cost was \$80 per head of population. The general range was from \$12 to \$70 per head in the center of Canada, being greater at one moved west. There had been at least 30 years of unrest in regard to municipal government, especially in the United States.

In that country inefficiency developed but it took an act of God to start the change which began at Galveston. Hundreds of others followed it and adopted the commission plan. In Canada the City Council system was better than the old one in the United States because there were permanent heads of departments, but the cities here were cursed with the ward system.

Dr. Brittain said that he was contented there had been a great reaction against the city manager form, but this was not correct. There had been some, but he managed figures to show it had been slight, and declared it was in those cases chiefly due to the fact that the plan had been adopted by ordinance and not by charter. Some striking illustrations were given to show how the change had been brought about, because the citizens were caught napping. Moreover, many places quite small had adopted the plan, as in one town of 519 people a town manager got \$2,500 a year. He was not needed at all.

"As long," said Dr. Brittain, "as civic, social and economic changes occur, there will be changes in forms of government, and no one is a cure-all."

Too Much Overhead. R. Fraser Armstrong, in opening his address, quoted Howard Smith, who told the Canadian Manufacturers' Association in Montreal this week that the overhead in Canada was far too great and taxes too high, and that we had municipal, provincial and federal machinery enough for a population of 50,000,000. There was, unfortunately, said Mr. Armstrong, too much truth in this, and he quoted figures to show that concerns employing large numbers of men must provide for an enormous tax, to be added to the cost of material produced, and at the same time make competition more difficult.

Says English System Unsuitable. Referring to forms of municipal government, Mr. Armstrong said the English system would not serve so well here, because we had not the district class who made a hobby of public service.

The city manager plan was not a cure-all, but under proper conditions it gave results no other would give. It was democratic, because the citizens elected the council which appoints a manager to attend to details. It was really the most democratic because the responsibility was definitely placed. It had been suggested that in this plan

the government gets away from the people, and he had heard a good suggestion that there be a district citizens' committee, without authority, but attending council meetings, making suggestions, hearing the city manager's reports and so keeping the people in touch.

Mr. Armstrong expressed the view that St. John had been fortunate in its commissioners, but its commission form was not sufficient. The field from which to draw men was not nearly as large as under the manager plan, and the saving in salaries of commissioners would pay that of a most expert city manager.

The business man who would not consider a commission form for a moment would be willing to be an unpaid member of a City Council, having nothing to do with the administrative details of departments. The speaker referred to loss in overlapping of departments. Since 1913 no less than 593 cities had adopted the city manager plan. As to the statement that some cities had cut the salaries of managers, Mr. Armstrong said it was necessary to get the best skill at the outset, and a reduction might naturally occur later.

The speaker next explained the origin of the Citizens' Research Institute of Canada, and what it did for cities which needed, by whom a investigation or other assistance in solving their municipal problems. Out of it grew the Tax Conference, in which St. John was represented, and which was doing a most useful work.

Dr. Brittain said that if the people went to sleep and the old crowd got charge that would be the result. They could use the manager (if he were willing) for their purposes. The speaker explained that he and Mr. Armstrong were not here to advocate the city manager plan for St. John. They had been asked to discuss the question and had done so.

BRONCHITIS YIELDS TO VICKS

Dunedin Man Tells of Prompt Relief.

Mr. Lee Berrigan, Dunedin, Prince Edward Island, says: "During the winter months I was always troubled with bronchitis and tried many preparations to relieve the trouble. None were successful until I tried Vicks VapoRub. It gives relief in a very short time after application and I can honestly advise sufferers from bronchitis to use this salve."

By invitation of the manufacturers, fifty thousand families in Canada tried Vicks for cold troubles, the only condition being that they would report results. The above is just one of the many enthusiastic reports received.

Vicks VapoRub comes in salve form, and for chest colds, you just apply it over throat and chest and cover with a warm flannel cloth. The body heat releases vapors that are inhaled and night long into the throat and lungs—Menthol, Camphor, Thyme, Eucalyptus and Turpentine.

Vicks is also absorbed through and stimulates the skin, aiding the process to relieve congestion. Usually colds go on one night and creep in commonly relieved in 15 minutes.

At all drug stores 50c a jar. For a free test size package write Vicks Chemical Co., 844 St. Paul St., W. Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

tem and the log-rolling to which it gave rise.

The commission form was an attempt to give a business government, but its weakness was that the policy making was also the administrative body. Also log-rolling between commissioners was possible. However, hundreds of cities still retained that form.

The City Manager Plan. The flood that wiped out Dayton, Ohio, resulted in the adoption of the city-manager plan, although small places already had it in operation. This plan was more logical. It divided the policy-making and policy carrying out bodies. The Council formulated the policy, but put upon one man the responsibility for carrying it out. This plan had many advantages. There were only five men for the people to watch, and the latter in turn were able to concentrate on the carrying out of their policy by the manager. They had only one man to watch. As time went on weaknesses developed, but they were not necessary. But no form of government could do everything. The form of citizenship was more important than the form of government. The success of the manager form depended upon the intelligence, persistency and honesty of the community. If the people could manage a good head, then they had it in the system. If they could not, they must take the next best, and cut down the number of advisers and departments.

Deaths. George W. Jones. George W. Jones, of Evandale, died at his home yesterday afternoon after a short illness. CONTINENTAL LIFE MAKES NEW RECORD

1923 the Biggest Year in the History of the Company.

The annual meeting of the Continental Life Insurance Company disclosed some remarkable figures for 1923. Although the previous year has been a good one, breaking all former records, the figures for 1923 showed a marked increase in business. Here are a few items: Insurance issued and received, \$8,208,106, an increase of \$274,971; total income, \$938,699.24, increase of \$88,109.07; surplus earned, \$16,087.26, increase of \$32,037.89; dividends paid or allotted to policy holders, \$60,967.75, increase of \$18,854.96; reserves, \$5,277,248, increase of \$229,909; assets, \$3,969,283.45, increase of \$813,136.81; surplus including paid-up capital stock (\$200,000), \$468,284.53, increase of \$81,739.88.

The increase is regarded as the more remarkable in view of the general business conditions in Canada during 1923. The directors of the company expressed their appreciation of the excellent work of the staff.

HERE'S WOMAN WHO SAW WELLINGTON

Mrs. Mary Lowther Recalls Death of Napoleon—Crimean War "Recent."

(By Dominion News Service.) Newmarket, England, Jan. 25.—Pittsburg has spoken to London across 3,500 miles of land and water. London has sent Pittsburg's voice to South Africa at the moment of speaking. It is a quiet Suffolk rectory, a little old woman spoke to me across a century of years, writes a correspondent. "One day," she continued, "I remember, my pet canary died. That was in—dear me, how the time flies!—that was in 1820."

Mrs. Mary Lowther is 106 years old, and will be 107 in May. The canary when she was three years old is her earliest memory. She does not remember the other great event of 1820—the coronation of King George IV. "One day," she continued, "I heard somebody say, 'Boney's dead.' I knew that meant Napoleon, the boggy of thousands of children, was gone. Napoleon died in 1821."

"I did not see George III," she said, "but I had seen the monarch since George IV.—William IV., Queen Victoria, Edward VII., and George V. I remember, of course, distinctly, and I can remember most of the notorious murder and crime trials."

"I have always loved home and lived a quiet life even though the first forty years were spent in London. They were the days of stage-coach days, and I remember many a journey by the stage from London to Cambridge."

Talented Girl Has Relatives Here

Miss Doris Lenore MacLean, daughter of Mr. and Mrs. Wendell MacLean, of Calgary, and a great-granddaughter of John Livingstone, a former editor of the St. John Daily Telegraph, has been awarded the silver medal in the annual examinations of the Royal College of Music and the Royal Academy of Music of London.

As she is only about 14 years of age her success as a pianist is, indeed, remarkable. Many in St. John will recall her sister, who was the guest of Mrs. W. Edmond Raymond last summer, and will join in extending congratulations to so brilliant a young musician.

OFFICE BUILDINGS ARE LITTLE CITIES. Have Police and Fire Department—Net Average Earnings Above 8 p. c.

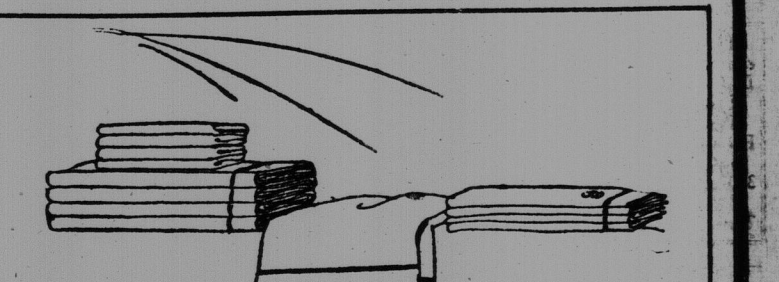

Chicago, Jan. 24.—The average office building in the United States has a population of 1,004 and is a little more than 11 stories high, according to a survey made by the accounting and exchange committee of the National Association of Building Owners and Managers.

Office buildings in themselves were shown to be little cities with fire departments, police forces, transportation systems, cleaning departments, lighting systems, sewer water departments and other facilities similar to those of modern cities.

The average taxable valuation is \$9.94 a square foot of floor space, which means a valuation on the building averaging more than \$1,000,000. The average net return to the owner is a little under \$85,000 a year.

Social Notes Of Interest

The reception given by Mrs. J. P. Estey and Mrs. D. P. Mahoney at the latter's residence, 289 Princess street, was a brilliant event, when Mrs. Estey and her daughter were at home to about 125 of their friends on Thursday afternoon. Mrs. Estey received in a handsome sequin gown of black Canton crepe, while Mrs. Mahoney wore a chic robe of embossed applique blue velvet over chiffon on a foundation of satin of the same exquisite shade.

Calla lilies were arranged artistically in the reception room and living room. Mrs. Murray Sinclair and Miss Barbara Dobson ushered the guests to the dining room, where Mrs. Herbert Phillips, in a pretty gown of Princess Mary blue and a picture hat, and Mrs. James H. Doody, in black Canton crepe with smart black hat, presided over the tea. Mrs. William Steen replenished and Mrs. W. J. Mahoney, Miss Alice Lockhart, Mrs. Bruce Weston and Miss Katherine Bates served. Columbia records and pink carnations made a beautiful centre for the tea table, similar flowers being arranged on the inlaid side tables.

Among the many guests were Mrs. Murray MacLaren, Mrs. C. F. Sanford, Mrs. John Sealy, Mrs. Philip Mac, Mrs. W. G. Smith, Mrs. W. Grant Smith, Mrs. Frank Skinner, Mrs. J. R. Ferguson, Mrs. W. H. Barker, Mrs. Philip Crannan, Mrs. H. A. Woodwin, Miss Nora Doody, Miss Jean Vanbunick, of Fredericton, Mrs. H. S. Brennan, Mrs. F. A. Insworth, Mrs. Lewis V. Lingley, Mrs. Nell MacLaughlan, Mrs. Rosethy McLaughlin, Mrs. A. W. Estey, Mrs. Alan McIntyre, Mrs. Mayes Case, Mrs. Robert Sims, Mrs. Angus Macdonald, Mrs. Fred Kilburn, Mrs. J. R. R. Knowles, Mrs. D. Wellington Snider, Mrs. James Strathern Marrie, Mrs. S. Flagg, Mrs. E. A. Consett, Mrs. John C. Earle, Mrs. Harry Simmons, Mrs. Louise Hetherington, Mrs. Stanley Poynter, Mrs. J. W. McAvity, Mrs. Simon Jones, Mrs. Percy R. J. Fairweather and Mrs. A. K. Harvie. Mrs. Charles M. Bostwick presided at the tea hour. Mrs. Herbert W. and Mrs. Harrison, the guest of honor, were the prize winners.

Mrs. and Mrs. Lewis V. Lingley were host and hostess at a Mah Jong party at their home, Germain street, on Thursday evening, when a delightful time was spent. Pink and white tulips were used for decoration, making the room very attractive. The present were: Mr. and Mrs. C. R. Mesereau, Mr. and Mrs. R. Max McCarty, Mr. Alfred Stephenson, Miss Daisy Stephenson, Miss Margaret Gilmour, Miss Beryl Blanche, Mr. and Mrs. MacArthur Morgan, Miss Frances Smith, Miss Louise Lingley, Miss Alice Lingley and Mr. Kenneth MacLaughlan. No prizes were played for.

Mrs. N. J. Cabellu entertained at seven tables of bridge last evening at her residence, West St. John. Spring flowers made a pretty decoration. The guests were Mr. and Mrs. W. E. Earle, Mr. and Mrs. George H. Moore, Mr. and Mrs. H. R. Logie, Mr. and Mrs. Herbert Phillips, Mr. and Mrs. Ronald Miller, Mr. and Mrs. H. Upham, Mr. and Mrs. Walter L. Doherty, Mr. and Mrs. J. G. Ryan, Mr. and Mrs. W. J. Wetmore, Mr. and Mrs. Herbert W. Wetmore, Mr. and Mrs. H. Barton, Mr. and Mrs. J. D. McCusker, Mr. and Mrs. W. L. Ball, Miss L. Dunn and Mrs. Louise Hetherington.

Mrs. John McMillan has been entertaining as house guest, Miss E. B. Wilmot, of Fredericton, who will later visit her brother, Mr. Henry Wilmot, at present residing here.

Mrs. Frank Tilton, of West St. John, left this week for Hillsboro, Albert county, where she will spend a week visiting her brother, Mr. G. E. Dawes and Mrs. Dawes.

Mrs. Stanley Smith was hostess at a cozy bridge tea yesterday afternoon in honor of Mrs. E. G. Moxon, of Truro, who is visiting Mrs. George Scarborough.

PATENTS PUBLISH BRIGHT PAPER

Issue The Beacon in Combating Tuberculosis—First is Received.

The first edition of "The Beacon," edited and published by the patients of St. John County Hospital and the Jordan Memorial Sanitarium at River Glade, was received today by the Times-Star. It is full of interesting articles dealing with prevention of tuberculosis, and respecting clergymen, legislators, teachers of schools, and other men and women who wield influence, to collaborate efforts to teach the gospel of prevention and cure of tuberculosis. That is the reason for the publication of The Beacon and its mission.

Cash donations, to help the paper, from P. G. Spencer, F. W. Daniel, and Jones & Schofield are acknowledged. This first issue is being sent free to all school teachers, doctors and clergymen in the province. In addition to letters from prominent doctors on the prevention of tuberculosis, The Beacon contains, as well as many other articles of interest.

The Beacon was first thought of by patients in the St. John County Hospital. It is published monthly, and the staff consists of: Editor, G. Cormier, Jordan Sanitarium; assistant editor, Frank McGarrigle, St. John County Hospital; business manager, E. J. Casey, Jordan Sanitarium; assistant business manager, A. Clinch, Jordan Sanitarium; treasurer, E. J. Casey, Jordan Sanitarium.

WOMEN IN NEW LINES OF ENDEAVOR

London, Jan. 25.—How women are entering more and more into professions which might be regarded as the special preserve of men is shown by the trades section of the Post Office London Directory for 1924 which has just been published.

It can be found four women cow-keepers, two women farmers, a number of women dentists, and a woman undertaker.

Among notable activities recorded this year are insulin manufacture, wireless broadcasting stations, automatic coil winder making, mud treatment, bicycle-insulating machinery, etc.

London has a turtle importer and an "orchid and cactus" maker. Orchid and cactus are both dyes made from lichens.

No fewer than 350,000 changes have been made in this year's directory. They have been caused principally by changes in business and residential addresses, and in professional and trade descriptions.

SISTER MARY'S KITCHEN

(Unless otherwise specified, these recipes are planned for four persons.)

SOUP BALLS.

Old-world housekeepers have many recipes and ways of doing things that we who strive for efficiency and economy might well copy.

The dumplings or "quenelles" the French or English put in their soups have great food value and are so different from our own soft soup garnishings.

These little "meat balls" would be ideal in the luncheon soup, making little more than a salad of some sort necessary to complete the meal.

Liver Balls.
One-half pound liver, 2 eggs, 1 cup dried bread crumbs, 1 tablespoon flour, 1/2 teaspoon salt, 1/2 teaspoon nutmeg, 1-8 teaspoon pepper, few gratings lemon rind.

One cup lean ham, 1/2 cup stale (not dried) bread crumbs, 1 tablespoon minced parsley, 2-8 cup milk, 1 egg (white), 1-8 teaspoon pepper, 1-8 teaspoon ground cloves, few gratings lemon rind.

Cook bread and milk until smooth and paste like. Beat white of egg until stiff and dry and fold into cooked mixture. Put meat through finest grating knife of food chopper. Drain and put through fine knife of food chopper. Add bread crumbs, flour, salt, pepper and nutmeg. Mix well and add eggs well beaten. If not

moist enough to hold together add a little milk. Drop from teaspoon into boiling stock. Boil 20 minutes and serve in plates of soup.

The stock should be well seasoned and strained through cheesecloth. Cool and remove fat. Reheat and when boiling drop in liver balls.

Two eggs, 2 tablespoons water, 1/2 teaspoon salt, flour. One cup raw chopped pork, 1/2 cup raw chopped beef, 1 teaspoon spoon salt, 1/2 teaspoon pepper, 1 tablespoon minced parsley, 1 cup dried bread crumbs, 2 more eggs, milk, pepper and parsley. Add eggs well beaten and enough milk to make quite moist. Mix thoroughly. Beat one or two eggs slightly with water. Add salt and flour to make a stiff dough.

Knead in as much flour as possible and roll very thin on a floured molding board. Cover with a towel and let stand half an hour. Cut in squares. Put a small spoonful of the meat mixture in the centre of each square. Bring the corners together, lapping the edges. Dampen slightly to make stick and drop into boiling stock. Boil rapidly for half an hour. Serve in plates of soup.

Ham Balls.
One cup lean ham, 1/2 cup stale (not dried) bread crumbs, 1 tablespoon minced parsley, 2-8 cup milk, 1 egg (white), 1-8 teaspoon pepper, 1-8 teaspoon ground cloves, few gratings lemon rind.

Cook bread and milk until smooth and paste like. Beat white of egg until stiff and dry and fold into cooked mixture. Put meat through finest grating knife of food chopper. Drain and put through fine knife of food chopper. Add bread crumbs, flour, salt, pepper and nutmeg. Mix well and add eggs well beaten. If not

moist enough to hold together add a little milk. Drop from teaspoon into boiling stock. Boil 20 minutes and serve in plates of soup.

IDEAS FOR SPORT.

Short coats of flannel in white or gay colors are shown for sport wear, and vests of this material are revealed beneath the smart tailcoats of dark serge.

He and his partner, Fred Gill, met H. Burpee and H. Kenney in the afternoon in a ten-string match and lost by a margin of 31 pins. It was in the last string of this contest that Harrington scattered the pins for a record-breaking total.

BONNEL GAINS FRENCH TITLE WHEN CARPENTIER DEFAULTS

Paris, Jan. 25.—The French Boxing Federation has officially declared Andre Bonnel, light heavyweight champion of France, to be the holder of the title, because of the refusal of Georges Carpentier to meet him in a contest to decide the French championship. The official communiqué of the federation says Carpentier declined to meet Bonnel "owing to previously signed contracts necessitating Carpentier's presence in the United States in February and March to engage in bouts."

AMHERST WINS FROM MONCTON

Amherst, N. S., Jan. 26.—More than 700 fans got their money's worth here last evening when the Amherst Ramblers defeated Moncton Independents, 4 to 2, in a fixture of the league. It was the most exciting hockey seen here this year. Moncton got away to an easy start, scoring two goals in the first period, both by Blair and Carroll, but the Ramblers came back strong in the second and Cook made a tally on a long rush and Bessert created the score by a pretty shot from a face-off. For the rest of the period it was hockey of the strenuous type.

CAMPBELLTON WINS CURLING TOURNEY

Finishes Bonselpiel With 187 —Bathurst Takes Second Place. Chatham, Jan. 25.—Campbellton won the North Shore bonselpiel, play in which was closed today. Campbellton's score was 187 in the contest. The Bathurst players, the runners-up, was 177. The first of the trophies was won by Bathurst and this year's bonselpiel was the fourth contest for the second trophy. Bathurst won in 1921 and in 1923, and Campbellton has won in 1922 and now in 1924. To retain the trophy it is necessary to win it three times.

HYDRO SUPPORTERS DEFEAT DRY DOCK'S

The Young People's Society of the Portland Methodist church had an interesting debate at its meeting last night when the subject was: Resolved, that hydro is of more commercial value to the City of St. John than the Drydock. The arguments presented by the supporters of hydro were well thought out and well given. The judges gave the decision to the hydro supporters by the evening's vote. St. John's local early in a sensational end to end rush in the second period, and was one of the fastest skaters on the ice. He showed a tendency to rely more on solo work than on combination, but this may be accounted for by the fact that he has had very little opportunity, if any, to get acquainted with the rest of the team and their style of play. The line-up of the two teams and summary follows:

LEGISLATURE IS SEEKING A HOME

Manila, Jan. 25.—The insular legislature is house hunting. An imposing office has been started for its use but the legislative house, pending the sale of the building bonds to finance further construction, remains an uninhabitable pile of gray concrete and rusty iron. In the meantime the legislature has been renting a spacious building which belongs to the City of Manila. The Ayuntamiento, and the City of Manila hereafter has collected an annual fee of one million pesos from the insular government. But last year the legislature voted to give the city only \$25,000 as rent for the building.

VICTORIA DEFEATS VANCOUVER

Victoria, B. C., Jan. 25.—After ending the third period with a 1 to 1 draw, Victoria stepped out last night and defeated Vancouver 2 to 1.

BUYS PUGSLEY PROPERTIES

George T. Kane, proprietor of the Central Pharmacy, has purchased the two properties, 17 and 19 Chipman Hill, offered for sale recently by Hon. William Pugsley. The transfer has not been completed as yet, but Mr. Kane said yesterday that he expected to enter into possession in the course of a few days.

KENTUCKY CLUB WILL PUT UP \$50,000 FOR EPINAUD RACE

Cincinnati, Ohio, Jan. 25.—Colonel Matt J. Winn, general manager of the Kentucky Jockey Club, has announced that the Jockey Club would offer \$50,000 as a capital prize and a gold cup, valued at approximately \$8,000, to the winner of the race between the French colt Epinaud and the start of the New York Yankees at the New Orleans training camp a week in advance of the regular season. The manager of the world's champions intends to devote that week and much of the time after the regulars start their work to the observation of all his young players.

SUSSEX TAKES FAST GAME FROM LOCALS

In a hockey game replete with thrills which kept the fans on their toes from start to finish, in which fast skating, brilliant stick handling and pretty combination were seen, Sussex defeated the St. John city team by a score of 6 to 1 at the Arena last evening. P. J. Hallisey, the fast Truro hockey player recently transferred from the Bank of Commerce branch at Halifax to St. John, made his initial bow in St. John hockey circles last evening. It was at once apparent that he will prove one of the best "finds" of the season. In last night's game he displayed the prettiest stick-handling and the most effective scoring St. John's locally in a sensational end to end rush in the second period, and was one of the fastest skaters on the ice. He showed a tendency to rely more on solo work than on combination, but this may be accounted for by the fact that he has had very little opportunity, if any, to get acquainted with the rest of the team and their style of play. YOUNG PLAYERS TO REPORT EARLY

Manager Huggins of the Yankees Will Look Over Recruits. (By Henry L. Farrell.) New York, Jan. 26.—(United Press)—Miller Huggins has ordered all the recruits gathered by the ivory-banded staff of the New York Yankees at the New Orleans training camp a week in advance of the regular season. The manager of the world's champions intends to devote that week and much of the time after the regulars start their work to the observation of all his young players.

By "BUD" FISHER

As long as good young players are developed in the minor leagues there will be a market for them, regardless of the draft. If a major league club needs an outfielder and it locates a good prospect in the minors it is a cinch that its manager will not wait for the draft, but will step out and buy him.

Condition of the baseball market during the off-season has been shown by the failure of the Giants to buy, beg or steal some new pitchers. The Giants have plenty of money to spend and they are desperate for pitchers, but they have not been able to find any pitcher who is any better than an even gamble.

POLA, RELEASED FROM GILDED CAGE, REVELS IN LONG-SOUGHT APACHE ROLE

Discards Bird of Paradise Plumage for More Sombre Tones.

(By Jack Jungmeyer.)

Hollywood, Jan. 26.—Her three exhibited American-made pictures sufficiently arrested the prodigious progress of Pola Negri so that we may view her as the richly endowed but fallible actress rather than the witching creature who was in a fair way of reaching impeccable screen heights.

A Descendant of Latin and Celtic Ancestors, Miss Odeon Possesses Attributes of Both

Miss Odeon

With a happy blending of the romantic bloods of Italy and Ireland flowing in her veins, Miss Virginia Odeon, ignomine with the F. James Carroll Players, displays in a marked degree the impulsive vivacity of the former, the sparkling humor of the latter and a most ideal mixture of the personal beauty of both races; but her powers of sympathetic expression—yes, even her attractive personal charm, are something more than stage attributes to be put on and removed like grease-paint. She carries them with her always and friends of this youthfulness which is coupled that rare though desirable characteristic—entire lack of ego.

Direct and leading qualities, however, disclosed the fact that she, like her companion in "Suite Sixteen" at the La Four-Miss Myra Marshall, claims the adjoining State of Maine as her birth-place. It was in the City of Portland, just 22 years ago, that she first smiled upon the light of day and received the name of Virginia.

At the age of seven she moved with her parents to Bangor, which she still calls home. Here she passed through the elementary grades in day school and followed that with graduation from the Bangor High School and was ready for to share in the doings of this busy world.

Her Remarkable Eyes

The first thing that strikes a stranger who meets Miss Odeon is a pair of luminous, expressive dark blue eyes, which cannot but attract attention. And that is not all—through them shines a sparkling vitality, innate friendliness, an unselfish, chivalrous spirit, a heart-whole sympathy in the fortunes of those around her. In her work she is conscientious and painstaking; off duty, she displays a lack of condescension and patronage which are too often the bane of shallow beauty.

Miss Odeon is a great lover of the out-of-doors and the tennis court, the golf links or any other realm of athletic activity are all well known haunts when the time permits and opportunity offers. Even now, in spite of nine performances, five rehearsals and several hours of study a week, the route between the West Side ferry landing across the bridge at the Reversing Falls back to the city, is not totally unacquainted with her; and she and her friend, Miss Marsh, can do the circuit in close to record-breaking time.

Like St. John

Miss Odeon told The Times writer that she liked St. John and its people and appreciated the reception which she has received at their hands. She hoped that she would remain long and if she had to go that she would have an opportunity of returning.

Max Marcin, who has been more prominent as producer than as playwright in recent seasons, is the author of "The Wonderful Visit"—the story of a celestial stranger on these shores. HOOSIER RETURNS TO FOREGROUND

Shows He is a True Main Streeter in His New Novel.

(By James W. Dean)

New York, Jan. 26.—The Indiana Hoosier has been restored to the foreground of the American picture in "The Midlander," Booth Tarkington's new novel. So long as Tarkington is able to hold a pen the Indiana Hoosier will have an influential ambassador in the literary courts of the world. Tarkington sprang from hoosier soil and the dust of it is still upon him.

"Tarkington's chief concern is to fame rests upon his penetrating insight into the adolescent mind, but the subject into which he probes still deeper and which he understands more thoroughly is the small-town mind and temperament.

'A ROYAL DIVORCE'

From Famous Play That Toured England For 30 Years

"Men, the only nation left to conquer is England!"

Napoleon vs. Wellington

The Battle That Saved All of Europe.

ITALY, RUSSIA, PRUSSIA, SPAIN, AUSTRIA, SWEDEN, all bent to the will of Napoleon, the mighty Man of Destiny, and now on the Eve of Waterloo, he said to Josephine: "Dearest, ONLY THE LITTLE ENGLISHMAN, WELLINGTON, stands between us and happiness. My star of fortune cannot fail me, and when I crush the English Bulldog at Waterloo we shall have all Europe, at our feet."

Fascinating, spell-binding, marvellous—"A Royal Divorce" tells the story of Napoleon Bonaparte, based on the famous play that toured England for thirty years. From the opening scene of the Little Corporal as a fearless unknown youth in a military school at Brienne to the final dramatic moment in the Battle of Waterloo, it casts a spell over the minds of all beholders.

It portrays all the greatest war spectacles in that period of the world's history: the battle of Waterloo, the burning of Moscow, the retreat from Moscow, Napoleon's return from Elba, and fascinating scenes in the brilliant imperial courts of Europe, staged at an expense of a million dollars for this cinema compared with all previous big pictures pale into insignificance.

Rome, Moscow, Madrid, Berlin, Vienna and London, all the capitals of Europe called aloud for the blood of the Little Corporal—and then came the greatest conflict of all the centuries, the

CHIEF JUSTICE CUTS OUT COSTS

Disallows Entire Bill in the Lampert Case and Makes Comment.

In Bankruptcy Court this morning Chief Justice H. A. McKewen gave his decision in the matter of an appeal from costs in connection with the case of the Canadian Credit Men's Trust Association vs. Morris Lampert, disallowing the entire bill of costs, and allowing no costs on the appeal.

Judge's Decision.
The Chief Justice held that, if he was called upon to deal with the review of the registrar, that review would stand; but that the fact that the solicitors had agreed between themselves to stifle criminal prosecution by endeavoring to secure more money from an estate which, on the face of it, the estate could not pay, the court would not be a party to enforcing such arrangements and the solicitors must see that those things are carried out between themselves.

TELLS OF PLAN FOR ACADIA WORK
Rev. Dr. Patterson, Guest at Luncheon Here, Speaks of Buildings.

A very enjoyable function was a luncheon given yesterday at the Union Club by T. H. Estabrooks in honor of Dr. F. W. Patterson, president of Acadia College. About twenty-five prominent Baptists of the city sat down as the guests of Mr. Estabrooks to meet Dr. Patterson and hear from him some facts regarding Acadia and the plans for the future.

WIND MADE IT A SNAPPY DAY
Forty-five Mile-an-Hour Blow for a Time This Morning.

Early pedestrians this morning were obliged to face a piercing north-wester which was hurrying through the city streets at 45 miles an hour. The wind shifted towards the west and by noon had died to 36 miles. The lowest temperature registered was 14 above. This mark was reached during the night, and continued unchanged until noon. The high wind made it seem much colder than the thermometer indicated. Yesterday's fall of snow amounted to 1.8 inches, the snow turning to sleet and then to rain, 42 precipitation being registered.

DEATHS THIS MORNING
Fifteen deaths were reported for the week ending today at the Board of Health office from the following causes: Cerebral hemorrhage, 2; tubercular meningitis, 2; asthma, diptheria, myocarditis, heart failure, angina pectoris, arterio sclerosis, cardiac decomposition, carcinoma of prostate, pulmonary tuberculosis, carcinoma of uterus, epithelioma of mouth, 1 each.

GETTING ALONG WELL
A very successful rehearsal of the Dokey minstrel was held last night and everything points to one of the best shows. The proceeds will go to the Protestant Orphan's Home.

BOYS IN LEAD
The boys were in the lead this week in the number of births reported to the deputy registrar of statistics, there being 17 of the former to 12 of the latter, a total of 29. Three marriages were reported for the week.

HYDRO REPORT.
The latest reading of the meters showed that hydro current was being consumed at the rate of 3,000,000 k. w. h. a year. It was stated at the office of the Civil Power Commission this morning. Up to date it was said 2,345 meters had been installed.

ANOTHER ORPHAN CARED FOR
Monday night at St. Paul's, St. John, the N. B. Protestant Orphan's Home this forenoon the little attendant on duty, Miss F. G. G. was in a numbered condition, doubtless due to the ravages of last night's storm. The matron had the bird taken indoors, where the children tenderly cared for it.

STORM POSTPONED MEETING.
The next meeting of the New Brunswick Historical Society will be held on Friday next. The regular meeting which was to have been held last night was postponed because of the storm which prevented a quorum being in attendance. Friday's meeting will be held in the Natural History Society's rooms.

MRS. WINTHROP S. ALLISON DEAD.
Mrs. Winthrop S. Allison died of pneumonia on Friday after a short illness at her home in Truro. Miss Frances S. Allison of Bothwell and two other daughters, Mrs. S. L. McMullin of Truro and Mrs. Arthur Reynolds of Bridgetown are in Truro for the funeral, which will be held on Sunday. Mrs. Allison was a sister-in-law of Joseph Allison of Bothwell.

CHURCH MEETINGS MONDAY
At the last session of the Provincial Legislature the Anglican congregations in the diocese obtained permission to hold their annual business meetings on the fourth Monday in January or on Easter Monday. Previously they were required to hold their meetings on Easter Monday with no alternative date. The congregations in this district which have taken advantage of the privilege secured in the recent legislation and will hold their annual meetings on Monday next are: St. Paul's, St. George's, St. James, St. Luke's, Mission church and St. John's (Stone).

NOVELTY SHOWER
About 35 friends of Miss Sylvia Hickey gathered at the home of Mrs. S. W. Roston, 40 Canon St., on Thursday evening and tendered her a novelty shower, in honor of her approaching marriage. The gifts, which were presented in a carriage, prettily trimmed in white with hearts and cupid's. The evening was pleasantly spent in music, games, dancing and several vocal solos by Miss Willa Dunham were enjoyed. Dainty refreshments were served and the party broke up about midnight, wishing the bride to be all future happiness. Much of the success of the evening was due to the efforts of Miss Rose Bogie and Mrs. W. G. Shippes.

DISPUTE OVER RESPONSIBILITY
The report made to the Civil Power Commission, said this morning in connection with the breaking of a pole across the street yesterday afternoon that it was the trolley wire which burned out the service wire of the pole. The report made to the Commission by Robert Hartland, who saw the accident, was that the trolley wire broke just ahead of a car and the pole carried the loose end of wire with it and threw it across the service wire of Urland's, burning it through and then both fell to the ground. This, he says, was seen by himself and by a clerk in Urland's store. Wilson said that the statement that one of their service wires could burn a trolley wire was absurd, the trolley wire being so much heavier.

BURIED TODAY.
The funeral of Miss Margaret O'Hara was held this morning from her parents' residence, 46 Douglas avenue to St. Peter's church for High Mass of Requiem celebrated by her brother, Rev. Charles O'Hara; another brother, Rev. Joseph O'Hara, was deacon; Rev. Fr. McBrierty, sub-deacon. In the Sanctuary were Rev. Fr. Hillier, Fr. McDonnell of St. Peter's Parish and Rev. R. McCarthy and Rev. R. McDonald of the Cathedral Parish. Numerous spiritual and floral offerings were received among them a large wreath of roses from Quebec. Relatives acted as pall bearers and interment was in the new Catholic cemetery.

AUTO MEN TO HAVE LUNCHEON
Will be Addressed by Premiers of New Brunswick and Nova Scotia.

The February meeting of the New Brunswick Automobile Association will take the form of a "get-together luncheon" to be held in the Pythian Castle on Friday, February 1, at 6:15 p.m. It is expected to have short addresses on "Good Roads" by the Premiers of New Brunswick and Nova Scotia and others, and a talk on the Dominion good roads convention to be held at St. Andrews in June. The secretary's annual report will be presented. T. P. Regan is president and J. C. Berrie, secretary-treasurer.

AGREEMENTS MADE WITH PORT MEN

J. M. Woodman Reports a Pact With Checkers and Freight Handlers.

J. M. Woodman, general manager of the New Brunswick district of the C. P. R., returned this morning from Montreal where he had been in conference on the matter of wages at this port to the checkers, freight handlers and elevator employees. He said a satisfactory agreement had been reached with the checkers and freight handlers, the latter having been already signed and that with the checkers, agreement would be signed today. No figures are announced. With regard to the elevator employees, who have asked for a board of conciliation, he said that it was hoped some agreement would be arrived at in the next few days without having a board appointed.

CENTRAL BAPTISTS HAVE HAPPY TIME
Reunion and Supper Enjoyed—Church Census to be Taken.

The church members and congregation of Central Baptist held a reunion and supper and suite last evening under the direction of Rev. James Dunlop, the pastor, and his deacons assisted by the board of trustees and a most efficient committee of women workers headed by Mrs. William Smith. Though the weather was of the worst quality, a remarkably large attendance marked the informal gathering. A table supper was served, beginning at 6:30. This was followed by an impromptu program of addresses, solos, choral numbers and novelties.

IN THE MARKET.
There were still a few turkeys knocking around the city market this morning waiting for purchasers at 90 cents a pound. Chickens were in fairly good supply at 38 to 40 cents, while fresh eggs were selling rapidly at 60 cents a dozen and good storage eggs were 10 cents less. Vegetable prices were as follows: Lettuce, native, 10 cents; imported, 25 to 30 cents; rhubarb, 20 cents; tomatoes, 40 cents; cauliflower, 40 to 50 cents; cucumbers, 35 cents each; celery, 25 to 35 cents a head; squash, 8 cents a lb.; mushrooms, \$1.25 a lb. Other prices were about the same as last week.

As Hiram Sees It
"Hiram," said The Times reporter to Mr. Hiram Hornbush, "a Millicent friend of mine has written to say that some strange Indians have been around his part of Kings county begging. He says they are too lazy to work, and ought not to be encouraged."

"Well," said Hiram, "when Injun didn't hear to go, we learn to be lazy. Lots of palefaces settin' 'em the example.
