SAYS TARIFF NOT THE VITAL ISSUE

C. H. Cahan, K. C., Writes Montreal Gazette.

Declares Primary Need is a Good Understanding Between Quebec and Some Other Provinces—May Announce Election Date Today.

Montreal, Oct. 6.—C. H. Cahan, K. C., at one time active in Nova Scotia politics, has a long letter in the Gazette today, dissenting from the contention that the tariff is the vital issue in the pending elections, and suggesting that the primary need is a good understanding between Quebec and the other provinces.

"If it were not for the apparent enmity of the people of Quebec from the people of Ontario, it seems to me that Canada's political horizon would be fairly. It is not an estrangement of Quebec from the rest of Canada, but of the maritime provinces and those of the maritime provinces there has existed for more than a half century a community of sentiment, sympathy and understanding which, I trust, time may never efface."

Ottawa, Oct. 6.—(Canadian Press)—Hon. J. A. Stewart, minister of railways and canals, was unanimously nominated as the government candidate yesterday by the Liberal-Conservative of Lunenburg county. Senator G. D. Robertson, minister of labor, made a strong appeal for the support of Mr. Stewart.

HON. MR. KING HERE ON OCT. 15

Word was received in the city this morning that Hon. W. L. Mackenzie King, leader of the Liberal party, would arrive here Saturday afternoon, October 15, and would leave Monday morning for St. Stephen.

QUIT SERVICE OF THE GOVERNMENT

This is Being Preached in India—Blague Carries Off Hundreds in Jubbulpur.

Bombay, Oct. 6.—Forty eight non-cooperation leaders, including Mahatma Gandhi, Nationalist leader, and a U. S. citizen named Stokes, have issued a manifesto reaffirming that it is contrary to national dignity for an Indian to serve the British government, especially as a soldier, and urging every Indian soldier and civilian to sever connection with the government "which has brought about India's economic, moral and political degradation."

Gandhi writes to the Bombay Chronicle that it is persistently rumored his arrest is imminent. He appeals to the people in such an order to remain peaceful and refrain from strikes and mercy to show their regard for him by greater zeal to the cause of home rule, thereby hastening the advent of full independence.

Plague Stricken. London, Oct. 6.—Hundreds of persons have died of plague in the district of Jubbulpur, British India, says a despatch to the Daily Mail. The city is reported to be almost panic-stricken.

Jubbulpur is the capital of a district of the same name in Central India. It has a population of about 50,000, mostly Hindus.

MISSIONARIES ARE HELD UP

Word Received in Toronto from Methodist Party in China.

Toronto, Oct. 6.—The Methodist mission reports the receipt of a cable from Shanghai, over the signature of Rev. N. E. Bowles, who is in charge of their outgoing missionary party to China.

"Arrived here after pleasant voyage. All well. There is serious trouble at Ichang. No prospect of our being able to proceed to Szechwan in the near future. Inform friends address until further notice Shanghai."

Ichang is some 1,500 miles up the Yangtze and lying in that part of China has been more or less continuous for years. Probably the special outbreak at the present time would scarcely be regarded as sufficiently serious to form the subject of a special press despatch.

NOW EIGHT ARE ENTERED FOR RACE

Halifax, N. S., Oct. 6.—The fishing schooner J. Duffy of La Have has been entered for the Nova Scotia fishermen's races. This makes a total of eight to date. The Senora of Halifax is a probable entry, and several additional vessels from the Lunenburg and La Have fishing fleets may compete. The J. Duffy was built at Smeethville, N. S., in 1919, is 115 tons register, 115 feet waterline, 26.9 feet beam, and 10.6 feet depth.

Same Players Today Save In Pitcher's Box

Neph or Toney and Hoyt or Shawkey.

Both Managers Make Statement of Confidence Before Second Game of the World Series—Mutrie Gets \$25 a Week Pension—Report of Game Sent to Matty.

New York, Oct. 6.—With one victory gained by the methods their rivals were expected to use, the New York Americans go back to the fray with the city's National League champions today, fully confident they can again turn the tide their way. The Giants, however, did not appear at all discouraged by their initial defeat, and were prepared to enter Breth Stadium today with determination to even up the world's series by winning the second game. They pointed out that they came from behind in the league race and that the same grim fighting spirit would carry them through this time.

The Yankees and their followers believed they would win again by speed on the bases, relentless, aggressive power in the field and opportunity in hitting. Nothing of the kind of pitching that Carl Mays exhibited yesterday in blanketing the Giants to 0. It was speed that the Giants were reputed to have the advantage over the American League champions. Even Manager Huggins of the Yankees, admitted the Giants were faster, but his team showed the most speed yesterday.

The Giants not only look to see Frank Frisch, their star third baseman, repeat his yesterday's performance of hitting and good base running, but they plan to share in it themselves. Frisch was the outstanding star of the game in the first game, making four of the five hits. His average was perfect at the time.

The Giants today will be the "visiting team" while the Yankees will occupy the places of the home crew, held by the Giants yesterday. This changing process also involves a shifting of uniforms and dugouts. The Yankees, who wore their road suits yesterday, will have their home uniforms, the former Giants' men will don traveling uniforms.

The weather early today was clear and less chilly than that which greeted the early morning fans yesterday. Many started for the Polo Grounds early but the long waiting line was absent.

There is not likely to be any change in the batting order of the two clubs. Both managers seemed satisfied that the offensive power of the teams is well ranged.

Likely Line Up. The probable batting order for today's game follows: Giants—Burns, cf; Bancroft, ss; Frisch, 3b; Young, rf; Kelly, 1b; Muesel, lf; Rawlings, 2b; Snyder, c; Nehf or Toney, p.

Yankees—Miller, cf; Phipps, 3b; Ruth, lf; Muesel, rf; Fipp, 1b; Urdan, 2b; McNally, 2b; Schang, c; Hoyt or Shawkey, p.

Empires were assigned as follows: Mortality, at plate; Quigley, at first; Chilly, at second; Rider, at third.

New York, Oct. 6.—"We are an onerous man and we won't be stopped," says Manager Huggins, of the Yankees.

"We are going to win. I feel confident of that," says Manager McGraw, of the Giants.

These predictions of the rival managers before the second game of the world's series, were backed by the players on the respective teams. There is joy in the Yankees' camp, yet no gloom in the Giants' stronghold.

How Matty Gets the News. New York, Oct. 6.—A special wire from the Polo Grounds is carrying details of the big series to Christy Mathewson at his Saratoga Lake home. Unable to attend the contests, the former Giant pitcher who once twirled his team to three shutouts victories in one world series, is following the game through the eyes of a friend, a friend of the Giants' management.

New York, Oct. 6.—Jim Mutrie, who stated in founding the New York Giants many years ago, has been placed on the club salary list at \$25 a week for the rest of his life, according to Chas. A. Stoneham, president of the club. The club, with a present value estimated at \$1,500,000 was organized by Mutrie with ten uniforms, four bats and half dozen balls. Mutrie who christened the Giants and served as manager, has not prospered in recent years.

Lexington, Ky., Oct. 6.—Two races planned in efforts to beat world records are on today's Grand Circuit card. Peter Manning, who holds the world's trotting record of 1:58 1/2 with Uhan, will make an effort to lower it and Arion Guy, who holds the four world's year old trotting record of 2:01, will endeavor to lower that mark. These races are in addition to the regular card.

CHILD WELFARE.

Recommendations on Important Matter at Dominion Conference.

Winnipeg, Oct. 6.—(Canadian Press)—As a preventative of child delinquency and recommendations for amendments to existing measures and new legislation tending to better control and upbringing of children in the home were discussed at a session of the Dominion Conference on Child Welfare work yesterday.

JOE PAGE CALLS THE PLAY; BEATS EMPIRE TO IT

Has Post at First Game Directly Behind Home Plate—Helps Many Canadians to Get Seats.

New York, Oct. 6.—(Canadian Press)—Joe Page of Montreal, scout for the Chicago White Sox and known throughout the eastern provinces as an organizer of minor leagues and Canada's most enthusiastic fan, yesterday occupied a seat right in line behind the home plate, where he could check up Empire High.

Joe called the play when Frisch stole second in the fourth inning suffering from the effects of poison taken, the police say, with suicidal intent.

Thomas Moore, a city employe, told the police that his bride took the poison last night, crying that she had "made a terrible mistake" in marrying him. He showed them a letter with the salutation, "My dear old pal and sweetheart," which, he said, she had in the bosom of her dress. It was addressed to a man in Elizabeth, N. J., and was signed "the bride's sorrow because she had married another and said she was "ending by kissing my life."

REVISION OF U. S. TAX BILL

Radical Changes in it Declared Likely

Increase Surtax on Large Incomes, Repeal "Nuisance" Taxes and Raise That on Corporations—Other Features.

Washington, Oct. 6.—Radical revision of the tax bill by agreement among senate Republicans was in prospect today in the House of Representatives.

These principal points of the compromise under negotiation with finance committee members, were said to represent the "consensus of opinion" of a group of fourteen Republican senators who conferred last night.

BIG LIQUOR RAID IS MADE IN HULL

Army of Inspectors and Police Visit 70 Alleged "Blind Pigs" and Seize a Lot of Drink.

Ottawa, Oct. 6.—Seventy-five operatives of the Quebec Liquor Commission under the command of A. Bourassa, aided by inland Revenue Collector T. J. Purcell, A. Moustette, a bailiff, and a squad of Hull city police, swooped down on those engaged in the "bootlegging industry" in Hull yesterday in the largest raid of its kind ever attempted here.

More than seventy alleged "blind pigs" were visited and liquor valued at more than \$10,000 was seized. The various outlets in the court house, as well as some of the cells, were piled ceiling high with cases, barrels and bags of bottles. Wholesale prosecutions will follow.

WANT LIQUOR ACT CHANGED IN MANITOBA

Winnipeg, Oct. 6.—At the annual meeting of the Manitoba Moderation League last night, it was said that 15,000 signatures to a petition for referendum to substitute control and sale of liquors for the present home dry act, had been obtained. Col. Wm. Grassie, the president, said that this was in excess of the requisite number, but the executive hoped to receive 50,000 signatures. Major G. W. Andrew, and Dr. R. M. Blake, members of the late parliament representing Winnipeg, both spoke against prohibition.

As Hiram Sees It

"Hiram," said the Times reporter to Hiram Hornbeam, "what is Miss Birdie McWhat doing this fall? I have not seen her name in the society column for a long time."

"Oh," said Hiram, "she's pickin' out the rooster's feathers she wants for her spring hat—makin' a smart square's suit out of 'em. Birdie ain't no lounge-lizard—I'll say that for her. She let her nice bird-house make last week in the squares around here."

"You see the birds come around where she is. You'd be surprised—yes, she would so. I guess I'll go and see Frisk an' tell him about them squares. He's don't fine, an' he orto get right on—By Hen!"

BRIDE OF A DAY POISON VICTIM

New York Police Say it is Attempt at Suicide—Sorry She Married.

New York, Oct. 6.—Mrs. Jennie Moore, a bride of a day, was in a hospital today suffering from the effects of poison taken, the police say, with suicidal intent.

Thomas Moore, a city employe, told the police that his bride took the poison last night, crying that she had "made a terrible mistake" in marrying him. He showed them a letter with the salutation, "My dear old pal and sweetheart," which, he said, she had in the bosom of her dress. It was addressed to a man in Elizabeth, N. J., and was signed "the bride's sorrow because she had married another and said she was "ending by kissing my life."

Crown Case Closed; Spellman on Stand

He Relates Circumstances of Shell Shock in War—O'Brien an Unwilling Witness—Detective Contradicts Evidence of Woman.

Sergt. Detective Power of the city police was called to the witness stand by the defence at the morning session of the case of the King vs. Thomas James Spellman, charged with murdering Marie Norris, and swore that Mrs. Marie Truscott told him, a few days after her telling him the story she told on the stand yesterday, that it was not in the Ryan yard she saw two men, pushing an object at her feet, but that it was across the Marsh Bridge. He said he warned the crown prosecutor about putting her on the stand. Edward O'Brien was also on the stand although he was giving evidence he said he did not wish to. The examination of Spellman was begun when the court adjourned at 2:30 o'clock this afternoon. The proceedings were enlivened by clashes between counsel of the defence and the crown.

When court resumed this morning, Judge Barry after hearing further argument relative to O'Brien testifying said he had no doubt as to the competency of O'Brien to give evidence.

He was still regarded as an accomplice and the rule was that if his evidence be taken, the jury must be instructed not to accept his evidence without material corroboration. He ruled that O'Brien was a competent witness and might be sworn.

O'Brien was then called to the stand. "You honor, do I have to give evidence?" was O'Brien's question.

"Are you not a voluntary witness?" asked Judge Barry.

O'Brien said he was subpoenaed. Dr. Wallace said he was a compeller as well as a competent witness.

Mr. Mullin objected saying that O'Brien was being intimidated into giving evidence.

Judge Barry reminded Mr. Mullin that he was not the crown prosecutor.

Mr. Mullin asked permission to interrogate O'Brien as to whether or not he was giving evidence of his own free will.

Judge Barry declined to allow this until the witness was sworn. The question was then put and O'Brien said, "If I am not compelled, I do not wish to."

Dr. Wallace said he was a compeller as well as a competent witness. Judge Barry ruled that O'Brien was a competent witness and might be sworn.

O'Brien testified. He then recounted the happenings of the fatal night. His story was identical to that of his own trial.

Mr. Mullin, he said, did not run towards the bank corner and run back to the alleyway and then run up the stairs and then he went in the Ryan yard, a few feet beyond the rays of the light. He did not go in the whole way.

A lively tiff here took place between Mr. Mullin and Dr. Wallace. Dr. Wallace said he was a compeller as well as a competent witness.

NEWMAN CLARK TO PROV. HOSPITAL

Order Signed by Lieut. Governor Last Night.

Action Follows Jury Finding in Phoebe Bell Case—The St. Martins Shooting—The Partridge Season Extended to Nov. 1.

(Special to Times.) Fredericton, N. B., Oct. 6.—An order for the commitment of Newman Clarke to the Provincial Hospital as an insane person was signed by Lieut. Governor Pugsley last night and will be forwarded to the clerk of the court at Andover for action. The next step will be to send Clarke to the Provincial Hospital. This is the outcome of the finding of the jury at Andover last week. He was about to undergo his second trial for the killing of Miss Phoebe Bell at Grand Falls.

In regard to the shooting near St. Martins some days ago in which a young man was killed by hunters in mistake for game, Hon. J. P. Byrne, attorney-general, has communicated with the father of the deceased and asked for a full statement of the circumstances.

A delegation of sportsmen from Fredericton and vicinity waited upon Hon. C. W. Robinson, minister of lands and mines, this morning and made representations that the open season of twenty days for partridge was too short particularly for residents of towns and cities who might have to travel some distance to reach a game season.

They asked that the season be extended to November 1. The season is originally announced as from October 1 to October 30.

Hon. Mr. Robertson decided to accede to the request and the season is extended to the end of the present month. The limit imposed upon the bag, six birds a day and twenty for the season, remains.

BELL 'PHONE CASE

Ottawa, Oct. 6.—(Canadian Press)—When the railway board met yesterday, Hon. F. B. Carroll, chief commissioner, adjourned the hearing of the application of the Bell Telephone Co. for increased tolls until Oct. 15, so that the board might give further attention to the points in issue.

The principal objection raised yesterday to a continuance was the fact that two appeals against the judgment of the railway commission issued last April, increasing the tolls, had been addressed to the privy council and were now pending. It is possible that in the event of the board deciding to continue the case, the municipalities interested will test the points in the supreme court.

By a judgment of the board, effective in July, 1919, the Bell Telephone long distance rates were increased and revised, and a general flat increase of ten per cent was granted on exchange. By the judgment of last April a further general flat increase of 12 per cent was allowed on exchange rates and also certain increases in long distance tolls and service charges.

A MULTITUOUS RECEPTION FOR ROAD ENGINEER

The entire auto-motive force of the city public works department, gaily decorated with flags, bunting and ribbons, dragging their respective cars, abandoned kitchen utensils and other "backyard bric-a-brac"—as the commissioner of the department is wont to call each material—caused people in the North End yesterday to wonder why the "celebration" was being held.

Had they, however, seen the limousine which led the procession they would wonder why the "celebration" was being held. The vehicle was George N. Hatfield, road engineer of the city, with his bride of a few hours and gave them a real public works reception and sent them on their way with a shower of good wishes, blatant noise and all the trimmings.

JEWISH SERVICES

Rosh Hashanah marks the beginning of the Jewish New Year and is called the Day of Judgment, when the Lord judges with kindness the ways of all the people, during the past year. For these occasions the Congregation Shaari-Zedek have secured a well known cantor, L. Barcovitz, of New York city, to conduct the services, assisted by Rev. J. Levine of this city, in the Carleton street synagogue. The cantor in his services on Rosh Hashanah had overhauled the people with his wonderful tenor voice. He is one of the famous singers of New York, and is engaged to sing this season for phonograph records. He is at present the home of Mr. and Mrs. F. O. Garson, Douglas avenue.

SAYS QUEBEC IS NOT BEHIND. Winnipeg, Oct. 6.—Hon. Philippe A. Choquette, judge of the sessions of the peace in the province of Quebec, says that the people of his province do not like to be told that they are behind in welfare legislation, and backward in their done as the people of the west, who have provided such welfare measures as the mothers' allowance. Judge Choquette, who is attending the Dominion conference on child welfare, declared that for 100 years the people of Quebec have been adopting, without course to legislation, methods of care, in his opinion, more naturally more adequately brought relief to mothers and families bereft of bread winners or impoverished through other causes.

A "TACTICAL MISTAKE"

Premier Meighen's "voluntary wheat pool" thrown out to catch the farmer vote in the west has already got him into trouble.

CALLS IT STUPIDITY.

Here is a sentence from the New York Times that is worth pondering over in connection with Premier Meighen's high tariff talk.

HIGH TARIFF AND TRADE

Hon. Mr. Stevens, our new minister of trade and commerce, is thus taken to hand by the Winnipeg Free Press:

THE RAILWAY QUESTION

Hon. W. L. Mackenzie King has declared himself in favor of having the management of the old Intercolonial railway vested in an office in the Maritime Provinces.

"A GOVERNMENT OF BIG BUSINESS"

Hon. T. A. Crerar Opens His Campaign.

Progressive Leader Challenges Meighen to Disclose Source of Campaign Funds—Denies Class Legislation Charge.

Brandon, Man. Oct. 6.—(Canadian Press Staff Correspondent)—Before a couple of crowded meetings last night Hon. T. A. Crerar, leader of the National Progressive party opened his campaign.

Wormly he rejected any suggestion that the National Progressive stood for class legislation. He admitted that in its conception, among themselves members of all classes.

"I detect class legislation. I detect class movements," Mr. Crerar exclaimed and he was loudly applauded.

"We have had too much of it in the last forty years. One of the headnotes of the Progressive movement is to get away from class legislation."

Mr. Crerar saw behind the new Meighen administration the shadow of big business. "It is a government controlled by big business. I challenge the government to expose the source from which its campaign funds are coming in the present election."

As to the government's offer of a voluntary wheat pool, Mr. Crerar stigmatized it as a "political" device which held that railway financial difficulties could be met only by the adoption of such a policy as would encourage immigration and increase population.

If uncertainty about the tariff was responsible for unemployment, "as argued by the prime minister," why had the government not dissolved parliament a year ago? He attacked Mr. Meighen's contention that protection had brought prosperity to Canada.

Miss Mary E. Marshall, R. N., secretary for nursing service National Tuberculosis Association, came to St. John by request of the St. John society for prevention of tuberculosis to make a survey of the tuberculosis institutions, dispensary and local association.

Miss Marshall spoke to the student nurses of the General Hospital, where they are studying the change in the conception of tuberculosis from that held in the days before the discovery of the tubercle bacillus by Koch and present day knowledge, pointing out the difference between tuberculosis infection and tuberculosis disease.

Foremost authorities now agree that three quarters of all the children in the schools had their first infection before they were fifteen years old. This childhood infection had a direct relation to the fact that the greater number of deaths from tuberculosis occurred between the ages of fifteen and thirty.

Miss Marshall said the teaching of the true knowledge of tuberculosis and how to prevent it, should be a part of the curriculum of every general training school.

At present Miss Marshall is engaged with Dr. Patterson in a survey of the state of New Jersey, where they are outlining a programme for the tuberculosis work of the state during the next few years.

Quincy, Mass., Oct. 6.—Margaret Gilman, six-year-old daughter of Mr. and Mrs. George H. Gilman of 33 Orchard street, Belmont, was rescued from drowning at the foot of the Quincy Yacht Club by Elmer B. Harper of Squantum. The little girl, in company with a twin sister, was playing on the deck of the yacht Alouina on which they and their father had been the guests of Dr. C. W. Garey during the day.

Harper, lying in his bunk on a yacht in which he had just pulled into Houghs Neck, heard the child to the front and shouted for help, which was soon coming from many different directions. The little girl was exhausted by her experience, and would undoubtedly have been drowned if Mr. Harper had not heard the splash.

Mr. Gilman said he thought the child must have been trying to step from the yacht to the float, when she missed her footing and slipped into the water. He paid a compliment to Mr. Harper's quick work despite his physical handicap.

KING ANSWERS
PREMIER'S CLAIMS

Charges Statements in Manifesto Not Wholly True—Farmer Candidate in Royal—Jones Rejected.

Before six thousand people at Amherst last evening, Hon. W. L. Mackenzie King, Liberal leader made an able reply to the premier's manifesto. He declared that the prime minister was guilty of statements which were not wholly according to facts. The record of Mr. Meighen, he said, was one of rejection when reconstruction was needed. In his manifesto the premier sought to give his government the credit for the conduct of the war. The government of 1917, Mr. King said, was a coalition to win the war and he asked if the present administration was the same coalition.

Logan Renominated.
Hance J. Logan of Amherst, was yesterday nominated for the constituency of Cumberland at a Liberal convention in Amherst.

The United Farmers of Royal (Kings and Queens) yesterday chose G. Harold Perkins of Norton, as their candidate in the federal contest.

An attempt was made by A. Branscombe of Chipman, to introduce the name of George B. Jones, M. P. of Apohaqui, for the consideration of the convention. A letter from Mr. Jones was read containing the latter's repudiation of the National Progressive platform, and his pre-election pledge to support and promote all legislation in the interests of maritime farmers. After some discussion Mr. Jones was judged ineligible to stand on the Farmers' platform and his name was not submitted in nomination.

Four men were nominated for the candidature, namely: G. H. Perkins of Norton; G. S. Kinneer, of Sussex; Charles Hughes, of Cambridge, and H. H. Magee, of Quispamsis. Mr. Perkins was nominated on the second ballot, polling 101 votes to Mr. Kinneer's 71. The other two candidates retired after the first ballot.

Sir Robert Borden announced yesterday that he would not be a candidate in the coming election.

Meighen at Halifax.
Premier Meighen, Hon. F. B. McCurdy, Hon. Andre Patenaude and Hon. J. B. M. Baxter were speakers at a Conservative meeting in Halifax last night. Mr. Meighen was interrupted on several occasions during his speech. Replying to a charge by Hon. Mackenzie King, the

Telephone Company, which is being sharply questioned by R. A. Reid, appearing for the attorney-general of Ontario, brought from Hon. Mr. Carvell a statement at Ottawa, yesterday, that he never held any stock in the Bell Telephone Company, nor did any member of his family. About a year ago the question came up and he felt he had better retire and resigned his directorship in the N. B. Telephone Company. "I have no connection with the company nor do I own any stock in it," he said.

MR. FIELDING AND THE TARIFF

Hon. W. S. Fielding, minister of finance in the Laurier government, has written the following: "The Editor, Montreal Daily Star: Sir—Under the caption 'Fielding Forecasts,' you quote a passage from my Toronto speech, in which I hold Mr. Meighen and his associates responsible for the present difficulty of the western cattle raisers, who are shut out of the United States market by the Fordney Tariff Act. The reciprocity agreement of 1911, I pointed out, provided for free exchange of cattle, and the agreement was defeated by the Conservative party. Commenting on my statement, you say I forget that the agreement was not a binding one, not a treaty, and that either party was free to terminate it. I do not forget that part of the agreement, which, far from being an objection, was one of the best features of it. If a binding treaty had been made you and others of the Conservative party would have raised a cry that we had bound Canada hand and foot. Indeed, even without any binding agreement, that cry was raised, and I believe that if the Star's files be examined many an article

NEW EVIDENCE IN SPELLMAN CASE

Mrs. Marie Truscott Says She Saw O'Brien and Spellman on Night of Murder—Defence Objects to O'Brien Testifying.

At the afternoon session in the case of the King vs. Thomas James Spellman in the Supreme Court before Mr. Justice Barry, Mrs. Marie Truscott, 88 Marsh road, was placed on the stand by the prosecution, and swore she saw two men pushing an object, which was lying on the ground, with their feet in the alleyway on the night Norris was murdered. She identified Spellman as being one of the men. Being a Frenchwoman, Adrian Y. Richard was sworn in as her interpreter, although when counsel sometimes put questions, she broke out in fairly good English with her answer, without waiting for her interpreter. She said she was going to Mrs. Fleming's in Erin street, on the night of Sept. 8, and when opposite the alleyway near the Ryan building, she saw two men in the alleyway pushing an object with their feet. Her child, who was with her, began crying, and she hurried along. Mrs. Fleming was not at home, and while returning, she met the same two men, coming towards her. As they passed, she heard Spellman say, "I gave it to him." The little one said, "Any way, we'll go down to the tannery and have a drink." Cross-examination consumed more than an hour, but her story remained unchanged. She admitted sitting in court all Tuesday afternoon, during the O'Brien trial. She was not in court on Monday. She identified Sgt. Detective Power as one of the detectives to whom she told this story on the Saturday after the murder. The "little" one she said she was sure was O'Brien, she admitted being before the magistrate on three occasions. Preceding Mrs. Truscott, J. L. Steves testified to finding the body of the murdered man in the alleyway.

Harry Norris, son of the murdered man, told of the condition in which he found his father. Judson Totten and Roy Shannon corroborated Steves' evidence regarding the finding of Norris. J. Harry Driscoll, Bernard L. Boves, Bayard Vanwart repeated their evidence at previous hearings. Dr. R. Pendrigh and Dr. H. L. Abramson, sworn, told of a medical examination of the body of the body of Norris, respectively. To Mr. Mullin, Dr. Pendrigh said there were no bruises on the body except the head. At the evening session, Dr. Mabel Patterson and Detective J. H. Saunders stated that the body of the body of Norris, as given at the O'Brien trial. The defence raised objection to the crown naming an autopsy of the body of Norris, held proceedings up. Judge Barry said he would decide the question this morning.

IS INNOCENT, SAYS TUFTS

Deposed District Attorney in Boston Makes a Statement.

Boston, Oct. 6.—Nathan A. Tufts, who was removed from office of district attorney of Middlesex county last week by unanimous decision of the Massachusetts supreme court, last night issued his first statement, declaring himself an innocent and misjudged man. He asserted that the court, which removed him after trial on charges of misfeasance in office, preferred by Attorney General Allen, did not find him "guilty of dishonesty upon any allegation. He declared that when the "present hysteria" was over he would be vindicated. Endicott F. Stetson of Newton was named today by Governor Cox to fill out Mr. Tufts' unexpired time in the district attorney's office.

THE LANCASTER POLICE PROBE

Another session was held in the county secretary's office of the investigation into charges that the Lancaster police were lax in their duties on the night of Aug. 24, when C. H. Belyea was injured and stones were alleged to have been thrown at a street car. Councillor Golding presided, and Councillor Campbell was present. B. L. Groves, clerk of the peace, was present in an advisory capacity, and H. H. McLean, Jr., represented the power company. Police Constable Tower told in detail of his movements on the night in question. He said that he tried to stop the car before it hit the automotor. He said that while he was in the car he heard a stone strike the car. He could not find who threw it. He told several people to move on. There was a slight clash between Councillor Campbell and Mr. McLean over the question of Constable Tower's past. Adjournment was then made. Another meeting will be held to go over the evidence.

named reflecting the second largest
monthly total of value of building in
August and the good reports as to Sep-
tember operations, while the latter indi-
cates a growing demand for fuel for both
industrial and domestic purposes. The
petroleum industry likewise shows more
strength in prices accompanying advices
that consumption has increased and im-
ports have decreased while stocks gained
only a trifle in August, as against heavy
monthly increases in every preceding
month this year. The word in that as
in other industries previously reporting
also is that the "correctness has been turned."
Reports from the late crops, except cot-
ton, continue to improve, and corn,
owing to the absence of frost throughout
September, has been saved free from
damage, except from moulding, to an ex-
tent hitherto almost unknown.
Summed up, it may be said that the
domestic trade outlook has improved,
and very greatly, it is true, but still
enough to hearten the business and in-
dustrial community, while latest returns
to export trade indicate that a good
revival of foreign buying, in quantity, is
not in value, is visible.

The Championship
 Pittsburgh, Pa., Oct. 6.—Champion John
 Leyton, with an unfinished run of ten
 yesterday defeated Charles Otis of Long-
 Beach, Cal., in the first game of a
 series to decide the championship of
 the world by a score of 3 to 0. Out-
 standing features of the game were the
 hitting of Fritch, the star third-baseman
 of the Giants, who had three singles and
 a triple in four times up; the sensation-
 al fielding of Peckinpaugh, the Yankees
 shortstop, and the pitching of both Mays
 and Douglas. "Babe" Ruth failed to
 come across with any of his famous
 home run clouts and was eliminated
 twice by the strike-out route by Dou-
 glas' fast breaking spitter. McNally,
 the third baseman of the Yankees, brought
 the fans to their feet in the fifth inning
 by doubling, and after being sacrificed
 to third standing home. While it is esti-
 mated that upwards of 35,000 attended
 the opening game there were 8,000 vacant

 Five vessels are known to be entered
 for the race. They are Canada, Blue-
 nose, Alcala, Independence, and the W.
 C. Smith. Another entry is expected to
 be made today and it is quite possible
 that two additional vessels may be in-
 terested.

The Canada, now being made ready
 for the races at La Have, is expected to
 leave there on Friday for Halifax. The
 absence of the Delawana from the start-
 ing line will be a keen disappointment to
 many schooner race enthusiasts. She
 left Halifax on Saturday for Liverpool
 with some cargo, after discharging a
 cargo of dried fish here, and she was
 reported from Lunenburg last night to
 have been laid up.

The Independence, called by Captain
 Albert Himmelman, brother of Cap-
 tain Thomas Himmelman of the Dela-
 wana, will be at the wheel again in the
 coming races. She was the largest of
 the nine vessels in the fishermen's race
 last year, measuring 147.27 net tons. Her
 dimensions are: length 130.5 feet; beam,
 27.4 feet; depth, 10.6 feet. She was
 built in 1920 and Zwickler and Company
 are her managing owners. Like the Al-
 cala she is of the knockabout type, and
 finished ninth last year, but she got
 away to a bad start, and never caught
 up with the leaders.

The entry of the Alcala and the In-
 dependence adds greater interest to the
 event. Both vessels were in last year's
 race and are dangerous contestants. The
 Alcala finished third, less than four min-
 utes behind the Gilbert B. Walters,
 which was second, and several times it
 looked as if she would beat out the
 other boat. She measures 112.38 tons net
 and was built in 1918. Her dimensions
 are: length 125.6 feet; beam, 27 feet;
 depth, 10.6 feet. She is owned by the
 Lunenburg Outfitting Company and will
 be sailed by Captain Ronald Knickle,
 who was at the helm last year. He is
 thirty-three years of age and an ex-
 perience skipper.

The general synod of the Anglican
 church opened its sessions at Hamilton
 yesterday morning. Dignitaries of the
 church from every part of Canada and
 from other countries were present. Holy
 Communion was celebrated in Christ
 Church Cathedral by the Rev. Charles
 H. Brent, Bishop of New York. The
 afternoon session was featured by the
 address of Archbishop Matheson of Rup-
 ert's Land. He said that the principal
 inquirers engaging the attention of the
 church now were church union and the
 forward movement.
