

GOOD THINGS COMING  
TO THEATRES OF  
ST. JOHN

TOMORROW'S BUMPER MATINEE  
IN "DADDY LONG LEGS"  
Tonight's large and fashionable audience at the Imperial when the Daddy Long Legs engagement will be opened will doubtless prove a great impetus to tomorrow's sale of matinee seats. This should suggest to intending patrons the necessity of booking their chairs without delay. The prices are \$1 and 75c down stairs, 75c for the front two rows of the balcony and 50c for the whole remainder of the two balconies. There is a large sale for this performance already. For Wednesday night the bookings are almost as heavy as for tonight. Curtain 8:15 at night, matinee 2:30. The C. P. R. suburban will be held until 11:15 Wednesday night and Government Railway suburbanites are requested to give in their names immediately so that a sufficient number can be guaranteed to hold that train also. (Phone the names to the Imperial.)

BIG ONES AT GEM

Tonight at 7:15 and 8:45 at the Gem theatre the "Bride of Fear," the William Fox photoplay with Jewel Carmen as the star, will terminate its run. Remarkable for its settings, the story deals with a girl who finds a great love after being deceived into marriage with a man from the underworld. The programme also includes "The Eagle's Eye," Chapter 11, the burning of Hopewell, Virginia. Tomorrow another big special, "Womanhood."

REPORTED THAT GERMANY  
BOWS BEFORE SPAIN'S PROTEST

(G. M. Robinson & Sons, private wire Telegram.)  
New York, Aug. 26.—According to the New York World, Germany will hand over tonnage in Spanish ports to compensate Spain for losses caused by U-boats.  
Steel workers of Nova Scotia Steel Co. who went on strike have returned to work.  
Michigan primary election today, with Henry Ford running for Republican and democratic tickets for U. S. senator.

BIG CROWN LAND  
SALE DECLARED OFF

Fredericton, N. B., Aug. 27.—The big sale of crown lands timber limits advertised to take place on September 5 has been cancelled. Further information will be given later. About 400 square miles was to be offered, of which 106 square miles are on the training ground reserve near McNairy Junction, with an estimated stand of fifty-four million feet.

MERCHANTMAN SINKS  
U. S. PATROL BOAT;  
EIGHTEEN LIVES LOST

New York, Aug. 27.—Mistaken for a submarine, a United States patrol boat was sunk by an unknown merchant steamer fifteen miles off Fire Island at 8 a.m. today. Eighteen of the crew are reported lost. The patrol boat was a converted yacht of small tonnage.

THREE POINT ADVANCE  
IN C. P. R. IN WALL STREET

New York, Aug. 27.—Nominal changes prevailed at the opening today's market, leaders making only slight upward progress. Trading reflected further restraint as a result of credit restrictions. United States Steel eased a small fraction, but soon rallied. Shipping, oils, and such equipments as Baldwin Locomotive and Bethlehem Steel were decidedly firm, with distillers and Industrial Alcohol, but rails displayed some irregularity. Liberty bonds were variable, but French government 5-12's were again active at a fraction above par.  
Noon Report.  
The market developed a stronger tone with the progress of the session, but dealings were far below those of the previous forenoon. Specialties were favored by traders, although rails and popular industries more than held their ground, especially Canadian Pacific and United States Steel, the former showing a three point advance at noon. Marine Preferred, Utah Copper, Steel Foundries and the so-called distilling issues were among the other speculative issues to show gains of 1 to 1 1/2 points. French 5-12's made their highest quotation of the year at 100 1/4.

THE L. W. W. CASE

Chicago, Aug. 27.—Federal Judge Landis today heard arguments of counsel on a motion for a new trial and arrest or judgment in the case of 100 leaders of the I. W. W., recently found guilty of conspiracy in violating the espionage law.

ARMY PREVAILING  
BECAUSE OF NAVY

Do Not Forget the Tribute to the British Navy Next Thursday, Sept. 5—Fifteen Thousand Dollars Local Objective—All Citizens Expected to Do Their Duty

Probably few realize the number of men required to maintain and man the British navy and mercantile marine. There are at least one million five hundred thousand men, the vast majority of whom are of military age. An attempt to do so would be to let down the British fleet, and this would mean letting down the Allies.  
Hundreds locally are just beginning to realize what little actual thought and attention has been paid to the navy, practically exclusive attention being given to the army, the navy being taken for granted, as it were. But without the navy our armies in the west would now have been ignominiously defeated instead of victorious.  
Every citizen, young and old, rich and poor, will be asked to contribute to the Navy League on Thursday, September 5, and a huge sum will surely be raised for the sailors.

TEMPORARY  
SLOW-UP ON  
BRITISH FRONT

Natural to Expect in Such a  
Battle—Thousands of Machine  
Guns Captured

With the British Army in France, Aug. 27.—(By the Associated Press).—The British advance gives evidence of temporarily slowing up at various places along the front, but intervals of comparative slow movements must be expected during a battle such as this, for the British have now been engaged in hard and continuous open fighting without rest for a week.  
Many more prisoners and guns and another German battalion commander have been taken.  
The total number of machine guns taken from the Germans in the present drive must now run up in the thousands. Stacks of these weapons have been captured, but it is probable there will be no opportunity for counting them in the immediate future.  
British Headquarters, Aug. 27.—(Canadian Press despatch from Reuters' Limited).—Until Sunday night it was estimated that the enemy had been forced to leave between the Scarpe and the Aisne at least seven divisions since Aug. 8.  
Amsterdam, Aug. 27.—German war experts are hopefully at odds in trying to explain the present situation on the western front.

FIFTEEN WOMEN TEACHERS  
TO EVERY MAN IN THE  
MARITIME PROVINCE SCHOOLS

Moncton, Aug. 27.—With hundreds of teachers from all parts of the maritime provinces attending the maritime education convention was opened this morning in Aberdeen school here. Dr. Macdonald of Halifax was elected chairman. There was an address of welcome by Dr. W. S. Carter. Doctor Mackay spoke next, giving statistics regarding teachers and pupils. There are fifteen women to every man teaching today in the maritime provinces. Superintendent Shaw of Charlottetown also spoke briefly. Doctor Bridges of St. John spoke on the office in the discharge depot in King street and soldiers may be received at any time. Doctor Mackay will leave tomorrow morning for Fredericton and will return again this day week.

FOR INVALIDED SOLDIERS.

Dr. Charles Mackay, medical director of "K" unit for the Invalid Soldiers' Commission, arrived in the city last evening. He is here to receive returned soldiers who are suffering from disabilities. He said today that the Invalid Soldiers' Commission will look after all soldiers whether discharged or not, providing their ailments are the direct cause of disabilities recovered overseas. A man while receiving treatment will be paid a certain salary and if married his wife will receive separation allowance. Dr. Mackay says that at the present time he has 100 patients in the province and that the list is growing daily. The commission has an office in the discharge depot in King street and soldiers may be received at any time. Doctor Mackay will leave tomorrow morning for Fredericton and will return again this day week.

There is a delicacy about mentioning piles. And yet so many suffer needlessly who could be readily relieved and cured if they only knew about Dr. Chase's Ointment. Men tell one another about this remarkably successful treatment. But many women pine away their health and vitality, dreading a surgical operation and not knowing how easily they can be cured at home by Dr. Chase's Ointment.

CHANGE OF WATER  
CAUSED  
DIARRHOEA

People moving from one place to another are very much subject to diarrhoea on account of the change of water, change of climate, change of diet, etc., and what at first appears to be but a slight looseness of the bowels should never be neglected or some serious bowel complaint will be sure to follow.  
The safest and quietest cure for diarrhoea, dysentery, colic, cholera infantum, cholera morbus, pains in the stomach, seasickness and all looseness of the bowels is Dr. Fowler's Extract of Wild Strawberry.  
Mr. T. T. Allard, Parry Sound, Ont., writes: "In the fall of 1914 I was working on the new 'Chicklet Gum' factory, on Carlaw Ave., in Toronto, when I had a violent attack of diarrhoea, owing, I think, to the change of water. One of the foremen advised me to get a bottle of Dr. Fowler's Extract of Wild Strawberry, which I did, with the result that I hadn't taken it all before I was completely cured and returned to my duties."  
Dr. Fowler's Extract of Wild Strawberry has been an annual remedy for the past 72 years, and is sold by medicine dealers everywhere at 50c a bottle. Don't let anyone palm off a substitute on you. When you pay your money for the genuine, you've a right to get it. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

LABOR AND THE N. B. CROPS

Fredericton, Aug. 27.—Information received by the department of agriculture is that the farmers of New Brunswick will be able to take care of the excellent grain crop without importation of labor, but the potato crop probably will call for extra help. At both Woodstock and Chatham there have been inquiries for labor and labor is offering at several of the bureaus. Labor also can be secured from Nova Scotia, men who formerly went to the Canadian west in the autumn being available.  
The executive of the N. B. Fruit Growers' Association met here last night and considered the matter of efficient marketing of the early apple crop of New Brunswick. Duchess and Alexander are the varieties which it is desired to market soon. It is estimated that about 1,000 barrels will be sent from Fredericton and St. John. The chief market will be the Montreal. Arrangements were made for a supply of barrels and for expert packers. Those at the meeting were S. B. Hatheway, W. B. Gillman and George Danby. Apples are a great crop. J. W. Clark, of Marguerville will be a heavy shipper. Careful spraying of orchards has produced good results this year. Next season the uniform apple barrel will be in use.

MAKING IT EASY  
FOR YOUR EYES  
Defective eyes have to work  
harder to see.  
Usually vision isn't as good as  
it would be if properly fitted

Eye-strain exists, and unless it  
is removed permanent injury  
to sight will follow. Glasses  
help the overworked eyes. They  
bring normal vision and protect  
sight.  
There are very few perfect eyes.  
Often strain is present

BEETLE STING  
CAUSED  
POISONING

Mrs. E. J. Tapping of 402 Cathedral Ave., Winalup, had a bad experience—the result of a beetle sting. She says:  
"I suffered intense pain from the sting, and some relief I used did not give me any relief at all. Lumps began to form and realizing blood-poisoning was setting in I got medical advice. The treatment I received, however, did me no good, and I suffered such pain that I was becoming quite worn out when I heard of Zam-Buk and commenced using it. Even the first application eased the pain. I kept on using Zam-Buk until the swelling had disappeared, the pain was ended and the sore place quite healed up."  
Zam-Buk applied at the beginning will prevent blood-poisoning and should be kept on hand for cuts, burns, scalds, bites, sunburn, blisters and sores of all kinds. All dealers 50c box.

OAK HALL'S EXCEPTIONAL OFFER TO THE MEN OF ST. JOHN  
Oak Hall has been exceptionally fortunate in procuring several dozen men's soft felt hats of recognized quality at practically what it cost the manufacturer to make them. These were procured simply because the maker needed all his available space to handle war orders. The regular value of these hats is \$4.50. Oak Hall put them on sale yesterday at \$2.95 and the way in which they were snapped up certainly proves that the men of St. John recognize a real value-giving opportunity when it is offered to them. This sale will continue today, and all day Wednesday, and a visit to Oak Hall first to view the excellent window display, then a trip into the hat department will most assuredly repay anyone.

ALEX. TURNER, WHO GAVE HIS  
LIFE IN WAR, WAS SON-IN-LAW  
OF DR. HANNAH OF ST. JOHN

(Fredericton Mail.)  
Many Fredericton friends will learn with deep regret of the death in action of Alexander Turner, a former resident of this city, who was for some time on the staff of the local agency of the Bank of New Brunswick. Mr. Turner was an experienced banker and was one of a party of young men whom the bank authorities induced to come here from Scotland some years ago.  
While here he took an active interest in St. Paul's church. He served as treasurer of the church and was also a member of the defence committee on an active part in the young people's societies.  
After the merger with the Bank of Nova Scotia, he was appointed agent of the Bank of Nova Scotia at Chipman. In the second year of the war he resigned his position and enlisted for overseas service.  
While training in England he became very expert in the use of bombs and was detailed in that country to act as an instructor. It was only recently that he was sent to the front.  
The late Mr. Turner was a young man who possessed many excellent qualities which endeared him to all who made his acquaintance. He is survived by his wife, who was formerly Miss Hannah, a daughter of Dr. Hannah of St. John.

FRESH DIVISIONS ARE SENT  
TO LINE AGAINST BRITISH

(Continued from page 1)  
Elements of nearly thirty German divisions, many of which have been badly bit and crippled, are striving to hold off the British. There are signs of even greater confusion behind the German lines. Companies of various regiments have been thrown in almost any place. The strength of a large number of these companies has been whittled down until they hardly contain twenty-five men, according to prisoners.  
General Ludendorff perhaps has some plans to make a stand to the rear of the present line, and is saving what men he can for that purpose. It would not be surprising if the enemy intended to put up a stiff defence somewhere on a line running generally north and south through Peronne.  
Hard Fighting Around Bapaume.  
There was hard fighting today around Bapaume. Favreuil, just north of Bapaume, has been taken and the streets run red with the blood of Germans killed there. The enemy was prepared to launch a counter-attack there but as his troops moved toward the town from the east they were caught under the fire of the British artillery. The British then stopped into the town and captured what remained of the enemy's force—110 men and five officers. From Favreuil the British pushed east and south, farther encircling Bapaume. British shells have been raining down on Bapaume for many hours.  
The new section of the battlefield just south of the Scarpe offers great possibilities. The attacking forces there are driving eastward in the Arras-Cambrai road and are now beyond Monchy-Le-Preux and Wancourt. These villages are on the Hindenburg line.  
The rain during the night did not interfere with the British advance, for the operations now are on hard ground. The rain put the Germans at a disadvantage, particularly those in crater holes, with machine guns, as many of the holes were turned to puddles.  
As soon as the rain ceased scores of British planes took the air and continued their systematic attacks upon the enemy troops.

## OTTO TITUS IS KILLED IN ACTION

### Others From New Brunswick In The Casualty Lists

The sad news came to Mrs. George W. Titus, of 123 Chesley street, on Sunday that her son, Otto Titus, was officially reported killed in action on August 12. He was thirty-five years of age and went over with the 28th Battalion and recently was transferred to another regiment with which he proceeded to France. He leaves three sisters, Mrs. Richard McGuire, Chesley street, Gladys, at home, and Mrs. Johnston, in the States. Four brothers also survive, Ab, in France recently listed as wounded; George, of Halifax; LeRoy and Ora at home. Mr. Titus, his father, was in Halifax and is expected to arrive in the city today. Much sympathy will be extended to the bereaved ones.

Alderman J. Y. Mesereau of Chatham, was advised yesterday that his son, Lieutenant Charles J. Mesereau, reported missing last week, was now officially reported killed in action. He was twenty-six years old and was serving with the N. B. Battalion.

In Frederick word of the death of Private Arden Hallett of Millville, formerly employed in the Bank of Nova Scotia, in Frederick, has been received. Private Hallett crossed with the first contingent.

Thomas O'Dell of Pokiok road, was advised yesterday that his son, Lieutenant Arthur Wesley O'Dell, infantry, was officially reported missing since August 18. He is twenty-nine years old.

Mrs. Mary Hogan, Sand Cove road, has been notified that Gunner Nathaniel McIntyre was seriously ill at Beech Hill Hospital, England. He was a former resident of this city.

Private Judson Mitchell, son of Mr. and Mrs. Thaddeus Mitchell, of Campbell, recently gave up his life in France. s.l.g.e.f.s.l.h.i.m.a.u.r.'ad.w.y.q.

Mrs. Theresa Frame, of Arlington Heights, Mass., has been notified that her son, Peron R. Frame, has been seriously wounded. Private Frame was a native of St. John.

Mr. and Mrs. George Underhill, of Blackville, have been notified that their son, Private Theophilus Underhill, has been killed in action. He was twenty-one years old.

Mr. and Mrs. M. R. Benn, of Douglas-town, were advised on Saturday that their son, Lieutenant F. W. Benn, of the N. B. Battalion, has been missing since August 12.

The names of thirteen New Brunswick men appear in the might casualty list.

Wounded—J. J. Doucet, Bathurst; G. Murphy, St. John; R. W. Road, Upper Rockport; A. Hill, Chatham; M. D. Wilk, St. John; Campbellton. Died of wounds—P. M. Allen, Carleton; R. Demerchani, Bath; C. H. Betts, Donktown; W. J. Morrison, St. John; J. E. McIvor, Cain's Mountain. Killed in action—W. D. Brewer, Fredericton. Ill and wounded—C. Hamm, Fredericton.

Ottawa, Aug. 26—In a casualty list issued today appear 1,222 names of Canadian soldiers. Of this number 118 were killed in action, 65 died of wounds, 1 died while prisoner, 29 ill, and 1,008 wounded.

## Lieut. Hevenor Coming Home

Camp Sussex, Aug. 26—Lieutenant G. H. S. Hevenor who proceeded overseas with a draft from the depot battalion on July 1 is being returned to Canada. Official word to this effect was received from the adjutant-general through military channels here. On Lieutenant Hevenor's arrival in England he submitted an application to resign his commission in the C. E. F. and to be enlisted as a private soldier in order to serve in France. His application was accepted but on medical examination he was found to be physically unfit. Consequently he is being returned to Canada and no further action was taken on his application. The military authorities overseas have made it known to all concerned that it is not through any fault of Mr. Hevenor that he is unable to serve in France.

Lieutenant Hevenor's friends in the depot battalion are proud of the fact that he was willing to sacrifice his commission to serve in the firing line.

Thirty-eight men of the depot battalion volunteered today to serve in the Siberian C. E. F.

## RECENT DEATHS

Mrs. Mary M. Roberts.

The death of Mrs. Mary M. Roberts, widow of Robert Roberts, occurred at an early hour this morning at her residence, 38 Holly street. She leaves two sons, Arthur L. and Leonard T., and two daughters, Margaret M. and Alberta T., also four step-children. ## LOCAL NEWS

Mrs. T. William Barnes, Hampton, has received a cable announcing the safe arrival of her son, Major C. Ronald Barnes, M. C., in England.

It was learned last evening that arrangements are under way for dredging work at Courtenay Bay. M. J. Poupore of Sydney, N. S., and W. H. Poupore of Ottawa, arrived in the city last evening. They represent large dredging interests.

Two German prisoners, who were working at Bronson, about forty miles from Moncton on the Transcontinental Railway, have escaped.

Premier Foster and Hon. J. F. Tweeddale, will attend a meeting of provincial premiers in Halifax today, to discuss in detail the question of the settlement of returned soldiers.

## ACIDS IN STOMACH CAUSE INDIGESTION

Cure Gas, Sourness and Pain  
How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

STILL SURGING FORWARD.

When so cautious a writer as Mr. Frank H. Simonds gives currency to the Paris prediction that the whole Hindenburg line will be in Allied hands by the first of October we may regard the whole situation on the western front with much satisfaction. It is quite true that the German armies which are evading pitched battles and are retiring before the Allies must still be reckoned with; but the fact that they acknowledge defeat and are unable to hold the line along a very extended front means that they are no longer the armies which formerly fought successfully on the same identical ground.

There is another very encouraging feature of the situation. It is that Marshal Foch is now in a position to strike many blows instead of one. Mr. Simonds anticipates blows by the British, Americans and French at points other than those chosen for recent successful drives, and adds that if these should win any considerable success it would mean the retirement of the Germans to the Franco-Belgian frontier.

Today's early reports show that the British made steady progress all day yesterday, wiping out machine gun nests, overcoming the enemy rear guards, gathering in more prisoners, and inflicting damage by shelling roads behind the German lines, over which the beaten Germans are hurriedly retiring. One cable says:

"The extension of the British line north of the Scarpe has brought the attackers to within striking distance of a good part of the Hindenburg line, back of which is open country with the terrain and roads in excellent condition for the movement of tanks and horses."

Today's cables quote extracts from letters taken from German prisoners or found on German dead which show clearly that despair is seizing upon the enemy soldiers, whatever may be the feeling of the high command. One letter significantly says: "Our losses greatly exceed all the drafts—Germany is sure to lose very soon." Of course this is only the utterance of one man, with a limited knowledge, but there are many such letters and they show clearly that the morale of the army has been lowered disastrously by the heavy reverses of recent weeks. In contrast with this is the enthusiasm and splendid fighting spirit of the men in every branch of the Allied service. Evidence of this is found in the brief stories of what is or that unit accomplished in the face of serious danger in the forward movement of the last few days. It is found also in the story of the bombing of Mannheim, a particularly daring exploit carried out in the teeth of superior numbers, regardless of the odds or the peril.

The demoralized state of the enemy fronting the British is shown by today's reports, which tell of remnants of companies of various regiments being thrown in here and there in a desperate effort to stay the British advance. It is of course assumed that Ludendorff is seeking to rally his strength for a more determined stand, but the Allied advance continues and he is suffering constant losses and must constantly meet fresh thrusts that cannot but disarrange his plans and make his task increasingly hard. With the British today practically astride of the Hindenburg line at one point, and a well-equipped and confident enemy surging steadily forward along the whole battlefield, the problem Ludendorff must solve is more difficult than any that has yet taxed his powers, and it is only a question of how long he can stand off utter defeat.

Today's reports tell of further brilliant success by the French around Roy, and the British are in Bapaume.

THE NEW STATUS.

In a recent speech in an Ontario town Hon. N. W. Rowell gave a very interesting explanation of the duties of the Imperial War Cabinet. Prior to its formation the British War Cabinet had full control of Imperial matters as well as of the domestic problems of the United Kingdom, but this, at least for the period of the war, has been changed. Mr. Rowell says:

"When this war broke out, Canada enjoyed complete control over her own domestic affairs, but in all questions of foreign policy, in the supreme issues of peace and war, issues affecting the lives and welfare of her people, Canada had no voice. These matters, so vitally affecting Canada's future, were in the hands of the government of Great Britain as trustee for the whole Empire. Every thoughtful student recognized that this condition could not indefinitely continue. All must be agreed that Canada's position and her part in this war entitled her to a voice in determining the issues of peace and war and in settling her own destiny. The difficult problem which faced the statesmen of the Empire was how to reconcile autonomy with unity. This problem has been solved, for the present at least, by the institution of the Imperial War Cabinet, and Canada now has a voice in determining the issues of peace and war, not as a favor, but as a right. Never has the flexibility and adaptability of

the British constitution been more strikingly illustrated than in this momentous development. Cabinet government itself was a development of the British constitution, and, as we all know, was not authorized or created by any statute or parliamentary enactment. The Imperial War Cabinet is a new development, to meet the needs of our British Commonwealth. It is unlike any other cabinet which has ever existed, and our ideas and theories as applied to other cabinets do not and cannot apply to this. We will misunderstand the significance and work of this cabinet if we try to apply to this new creation conventional theories of a cabinet responsible to a particular parliament. As Sir Robert Borden has well pointed out, it is a cabinet of governments, and its decisions can only be implemented by the independent and voluntary action of the governments concerned. The British Empire or Commonwealth is no longer a great power with world-wide colonial possessions, or even a great central power surrounded by self-governing dominions. It is vastly greater than either—it is a coalition of free, self-governing nations, all of equal status, all owing allegiance to a common sovereign and bound together by common ideals and purposes; and the Imperial War Cabinet is a development to meet the needs of this Commonwealth.

The decisions just announced in reference to the constitution and work of the Imperial War Cabinet mark the beginning of a new epoch in our Empire's history; they mark the full recognition of the national status of the Dominions and the closer co-operation of the Dominions and the mother country in all matters relating to the prosecution of this war and terms of peace, through common consultation made possible by the Imperial War Cabinet. May we not confidently hope that in the Imperial War Cabinet we have the nucleus of an organization which, with the Crown, will be the bond of union between the different portions of the Empire in the future."

Confining Mr. Rowell proceeded to illustrate as follows the change that has been brought about by the formation of the Imperial War Cabinet. He said:

"It will help us to appreciate the importance and magnitude of the change if we recall that the British War Cabinet in the past has dealt not only with the domestic problems of the United Kingdom, but also with the problems of the whole Empire. Now these Empire problems will be dealt with, not by the British War Cabinet, but by the Imperial War Cabinet, composed of the prime ministers and representatives of all the governments of the Dominions and India and of the United Kingdom. The Imperial War Cabinet will not deal with any matters that have heretofore been dealt with by the governments of the Dominions, but only with those matters affecting the Dominions and the whole Empire which have hitherto been dealt with by the British government alone. So long as the present machinery continues, decisions relating to foreign policy will be carried out by the foreign secretary as in the past. The difference is not in the machinery for carrying out the decisions, but in the body which considers these matters and makes the decisions. The Imperial War Cabinet will continue regular sittings throughout the year, at which the Dominions are entitled to be represented by resident or visiting ministers. They will be kept fully informed as to all matters relating to the conduct of the war or negotiations for peace; and this Imperial War Cabinet, not the British War Cabinet, will deal with all war matters affecting the Dominions and the Empire as a whole. The prime ministers of Canada and the other Dominions will communicate on all the other cabinet matters directly with the prime minister of Great Britain as equals with an equal and not through the colonial office as heretofore."

The chief interest of the public in matters relating to prohibition is that the law may be rigidly enforced and the boot-legal and other violators put entirely out of business. Measures taken to that end will be judged by results. That there is too much poison of some sort available is evident from the police court records.

Toronto Star: A Canadian home fleet of swift vessels of the Bristol type would now, for a second time in the war, be worth millions to us off the Atlantic coast. As it is we must now borrow the protection such vessels can give us from Britain, Australia, or the United States.

CLOSING OF PLAYGROUNDS

The Aberdeen, Alexandra and Centennial supervised playgrounds held their closing exercises yesterday afternoon. Much praise is due to the supervisors for the excellent work which they have done during the two months that the grounds have been open. The visitors at the closings were much interested in the sale of work. Following the programmes which were carried out in each of the three schools a sale of basketry, raffia work and knitting, all of which had been done by the children, was conducted.

The Aberdeen playgrounds were in charge of Miss Ethel Hawker, assisted by Miss Blanche Kierstead. The Centennial grounds have been in charge of Miss Elsie Trentowsky, assisted by Miss L. Berwick. The Alexandra grounds were in charge of Miss Marjorie McKim, assisted by Miss K. Gallivan.

COMPLETE PROHIBITION

IN STATES AFTER JULY 1 SEEMS PROBABLE

Washington, Aug. 27—Nation-wide "bone dry" prohibition effective on July 1, 1919, and continuing at least during the war, loomed up yesterday as a strong probability through compromised negotiations on congress.

An agreement for passage of legislation to stop sales of all intoxicating beverages on that date, leaders of both wet and dry factions in the senate said, seemed to be in sight.

### "BELL'S FOOTWEAR"

The firm of J. & T. Bell, Ltd., of Montreal, have been manufacturing Fine Footwear for Men and Women for over a century, which in itself is a reputation enjoyed by few, if any, other Shoe manufacturers in Canada. We have had control of their sale in the City of St. John for nearly thirty years, and this year find their line even better than before and invite your inspection of their Shoes for Fall wear.

One of their special lines, "Dr. A. Read's Cushion Sole Boots for Men and Women," for which they control the manufacture in Canada. This Shoe is called "The Easiest Shoe on Earth," and we recommend it to people with tender feet.

### LIEUT. BLAIR THAW KILLED IN FRANCE

With the American Army in France, Aug. 22—(Associated Press)—Lieut. Blair Thaw of Pittsburgh, a member of the American aviation service, was killed on Sunday evening when his airplane fell, as a result of engine trouble.

Lieutenant Thaw, who was a brother of Major William Thaw and a son of Benjamin Thaw of Pittsburgh and New York, was traveling in a pursuit group near the front toward Paris. The engine trouble developed at an altitude of 2,000 feet, and the machine when it fell struck a number of telephone wires and crashed, upside down.

Thaw was instantly killed and his

companion aviator was badly injured. Although less well known than his brother, Lieutenant Thaw had just been promoted to command a flying squadron and was on his way to take over the squadron when he fell to his death.

TEACH THEM YOUNG.

(Illustrated by courtesy of National War Garden Commission, Washington)

It is one of the duties of war to make the kiddies useful little citizens and the most enthusiastic little canner in the world is the youngster who is being initiated into the art. What she learns at ten she will know thoroughly ten years later. So enlist the kiddies and show them how!

Teach them first of all to make jam and jelly. For currant jelly boil four pounds of currant juice without the sugar for ten minutes, or until the quantity is reduced. Heat the sugar in the oven and add when very hot to the liquid, so that the temperature will not be greatly reduced. When all is dissolved, bring to a boil again and continue from three to five minutes. Test, and when done, remove and put away in unsealed jars. When cool seal with melted paraffin.

### Food Board Flashes For Feminine Folk

In Canada we scarcely realize how largely barley and rye figure among the contents of the world's bread basket. In Russia, in South Eastern Europe, and in parts of Asia barley and rye are the raw material of the bread of the masses. Take these crops together and they will fill more than two million freight cars, enough to girdle the earth at the equator.

In Japan barley is the food of the poor and social distinction is drawn between the rice and barley-eating natives. It is interesting to note that the famous goose pie of the Meric England of long ago was made from barley.

And to bring the story up to date, barley is one of the substitutes that bakers and housekeepers are asked by the Canada Food Board to use in bread-making.

### Burned to Death.

While cooking dinner at her home in Bridgeport, N. S., yesterday morning, Mrs. Sarah Stone was burned to death. Her son, who was at work in the hay fields, noticed smoke coming from the kitchen window and arrived in time to extinguish the fire, but too late to save his mother's life. The cause of the accident is unknown.

### Body of Babe Found.

Last evening the body of a newly born babe was found wrapped in paper in a clump of trees off a Moncton street. The police are searching for the mother and others concerned.

### ARRIVAL OF ST. JOHN LUMBER WORKERS AT PRINCE RUPERT

Prince Rupert papers published the following:  
"Something more than 100 men arrived on the train last evening, seventy from St. John, New Brunswick, and about thirty-five from Quebec. Many of them are expert woodsmen who are going over to fell the big spruce trees on

the islands. All of them are expert in some lines and their arrival will help a great deal in filling the demand for more men in the production of spruce.  
"Many of the new arrivals are married men who will bring their wives and families here after they get established, if the conditions are such as to justify their remaining. Most of them are going over to the Queen Charlottes today on the Prince Albert."  
Another says:—"One hundred and twenty more lumber jacks from way down east arrived in town last night. They are bound for the logging camps of the Queen Charlotte islands. This makes the third party from the eastern provinces to pass through here during the course of the last month. The boys,

who will sail for the islands tonight, look to be a good class of fellows. Quite a few are returned soldiers, some wearing their gilt stripes indicating that the wearer has felt the weight of the mailed fist. Seventy of them are from St. John, N. B., and nearby points. There is also a sprinkling of French-Canadians. They traveled in two tourist cars and all had an interesting journey across the continent. They left St. John the night of August 7."

NEW BRITISH DRIVE MEETS GREAT SUCCESS Canadians Play Important Part In It COMBLES UNDER HOT FIRE Our Troops Bag More Than 1,000 Prisoners and Gain Ground—Letters on Germans Death Despair and Admit War is Lost With the British Army in France, Aug. 26—(By the Associated Press)—4 p. m.—With the battle front widened by a surprise attack in the north, so that it now extends all the way to the River Scarpe, the British again have made steady progress eastward all day long. The enemy's resistance has taken on more and more the aspect of rear guard actions, though stubbornly fought. There are rumors that a counter-attack has been developed by the enemy in an effort to gain the time which he badly needs as his main base, especially in the centre of the battle zone, which are required for moving material to the rear, have been broken or are under fire from the British big guns, which have been shoved up so that they range far behind the enemy's line. In many localities the retreating Germans have left strong posts of machine guns supported by single field guns in an effort to delay the advance of the British. These field guns have had no effect. Cappy, a little town just south of the Somme, was lined with machine guns when the Australians, in the middle of the night and during a driving rain storm, attacked it. A lone field gun from the rear of the town threatened to do some damage until a daring group crept upon it from the rear and hurled themselves on the gunners, killing them. Then, with the assistance of tanks, Cappy was cleared of the live machine gunners and the Australians pressed on. About the same time Susanne, almost across the river from Cappy, fell in somewhat the same manner. Combles Under Hot Fire. To the north British patrols are now operating with more freedom. Combles, an important position south of Bapaume, has been gradually encroached upon, and the town, through which pass many roads which the Germans must use, is under a hot fire. Combles also is a logical point for the concentration of troops, and undoubtedly heavy damage has been inflicted upon men and material there.

EDDIE COLLINS REPUTED TO BE RICHEST PLAYER Eddie Collins is reputed to be the wealthiest ball player in the profession. He began his major league career with the Athletics in 1908 and remained with them through the season of 1914. It is estimated that Collins drew nearly \$48,000 in salary from the Athletics and his share of the world's series in 1910, 1911, 1913 and 1914 netted a total of almost \$20,000. He was sold to the White Sox after the 1914 campaign for \$50,000, and Comiskey, after handing over a \$10,000 bonus, signed him to a five-year contract at a salary of \$15,000. Collins shared in the world's series last fall to the extent of \$4,500 while he also made considerable money writing for newspapers and magazines. USE THE WANT AD. WAY

#### LOCAL NEWS

**IS IN ENGLAND.**  
Mr. and Mrs. E. N. Harrington, Main street, received a cablegram this morning from their son, Sapper Cecil Harrington, announcing his safe arrival in England.

**TO VISIT IN SCOTLAND.**  
Mrs. Andrew Bryce of 87 Somerset street, has received a cablegram from her brother, Corporal Frederick J. Murray, announcing his safe arrival in England. He also received leave to visit relatives in Scotland.

**ANOTHER "WAR" BOAT**  
The standard wooden vessel "War Fundy," launched on last Saturday at Courtenay Bay, has a sister ship soon ready for the king's service, at Montreal, and which was christened "War Fundy." It was built by the Atlas Construction Company of Montreal and is designed for ocean service, same as the craft built here by Grant & Horne. Evidently the prefixed word "war" to these war-programme vessels will characterize them as a fleet.

**BURIED TODAY.**  
The funeral of John B. Nelson took place this morning from his late residence, 227 Thorne avenue, to the Cathedral, where high mass of requiem was celebrated by Rev. Robert Fraser, assisted by Rev. Fr. Walker. The Rev. W. L. Moore was master of ceremonies. Interment was made in the new Catholic cemetery. The employes of Foley's pottery, Loch Lomond road, attended. There were many floral offerings.

**VISITING HUSBANDS**  
Mrs. Charles Lynch of Boston is visiting the Misses Lynch and Frank Lynch Paradise row. She is the wife of the youngest member of the late David Lynch's family, who was formerly Miss Burchill of Fredericton, N. B. This is her first visit to St. John since her marriage. Her husband is in training with the United States forces in South Carolina and will soon proceed overseas. Mrs. Lynch is being warmly welcomed among her new relatives and connections, and also among her husband's wide circle of friends, to say nothing of her own, from whom she has been absent in Boston for several years while practicing as a professional nurse.

**LINK WITH HISTORIC PAST**  
The death of Mrs. Mary Monge in Philadelphia a few days ago and announced in today's press removes one of the few remaining personal links with St. John's historic past. Mrs. Monge was a daughter of the late Barilla Anley, who conducted a tannery on the site of Imperial Square, King square, more than eighty years ago. After the tannery was discontinued and torn down, the Lanergan Lyceum theatre was built upon the lot and fell a prey to the fire of 1877. Then there were stone-cutting yards and a livery stable. Now the Imperial Square, the conspicuous location. At the time the theatre was being erected, more than five years ago, the excavators came across several of the old Anley tannery "tan-beds" which were liquid still in them. In fact, a sheepskin was fished from the bottom of one of the vats all ready for the finishers. It was sent to the Peters modern tannery and completed into leather and now graces the office of the Imperial manager as an historic souvenir.

**GROWTH OF SCHOOL ATTENDANCE IN ST. JOHN**  
Speaking of the increase in school attendance from year to year, Dr. H. S. Bridges, local superintendent, tells us that in twenty years the number of regular pupils has grown from the vicinity of 6000 to more than 9,000. In other words, three or four large modern buildings have been erected to take care of the overflow.

And even yet school accommodations are inadequate. This is particularly true of the west side, where the residential boom has overtaxed the capacities of the school buildings. In the main part of the city, Victoria school is overcrowded and many of its pupils are being farmed out to more commodious buildings outside the residence zone of the school, which the children should attend with convenience.

School attendance showing so steady an increase in St. John is a fair criterion of the progress of the community in population. It must be reckoned that every year sees a large withdrawal of children from the schools—graduations, taking up work, deaths and domestic conditions—and yet in the face of this inevitable decrease the increase has averaged perhaps 300 boys and girls a year.

**A DORCAS IN THE COMMUNITY**  
The death of Mrs. Mary Roberts, widow of Robert R. Roberts, contractor, at her home, Cedar street, Indian town, removes a conspicuous figure in the career of the Douglas Avenue Christian church. From the inception of that church—more than twenty years ago—Mrs. Roberts had been a faithful adherent and indefatigable worker. As president of the Ladies' Aid Society from the organization until failing health interfered, Mrs. Roberts provided over a body of workers that proved the good right arm of the whole church equipment. The Aid Society, by constant needlework in the church rooms and in the homes of its members, proved an earning factor of unusual resource and energy. Of late the activities of the ladies' branch have been under the guidance of Mrs. Mabce; but a large floral broken circle placed upon Mrs. Roberts' coffin today bearing the words "Our President," indicates that the ladies still considered her their guiding spirit.

**MOVIE PEOPLE IN SESSION HERE**  
To explain the aims and objects of the Maritime Film Exchange Managers' Association a meeting of which exhibitors were invited was held yesterday afternoon at the Canadian Universal Exchange, Union street.

G. A. Margette, president and local exhibitor, were present as well as some from outside the city. Matters of interest in the business were discussed. It was said that the censorship system as in force here was responsible for a great deal of the high rental which must be charged for film and if some such system as that used in Nova Scotia could be instituted it would materially help the exhibitors as well as the exchanges.

It was suggested that a committee from the Exchange Managers' Association and the Maritime Province Exhibitors' Motion Picture League should meet and discuss the questions with the government.

#### FIVE CRIMINAL CASES FOR GRAND JURY TO CONSIDER

August Session of County Court—Hayes, Drew and Kelly, in Wool Case, Discharged

The August sitting of the County Court was opened this morning with His Honor Judge Armstrong presiding. Five criminal cases were given to the grand jury. His Honor remarked that with prohibition enforced this was a rather large number, particularly in view of the fact that there are eight courts held each year, four supreme and four county. The following is the list of cases:

King vs. Walter Pike, Stanley Edwards—breaking and entering.  
King vs. Edward Burke—theft.  
King vs. William Peters—murder.  
King vs. Hyman Taxe and Hanley O'Brien—theft.  
King vs. Marcus Whittman—theft.  
Following is the civil docket:

**Non-Jury.**  
Doherty vs. McDonald—Tait & Smith for plaintiff; W. M. Ryan, defendant.  
Leahy vs. Grant & Horne—J. A. Barry, Teed & Teed.

**Jury.**  
McBeth vs. Magee—A. M. Skinner for plaintiff; G. H. V. Belyea for defendant.  
N. E. United Typewriter Co. vs. Harsh—R. P. Raymond for plaintiff, John Creighton for defendant.

The following are the grand jurors:—Frederick W. Daniel (foreman), J. A. Vanward, D. Daniel Coles, Pevie A. Smith, John A. Davidson, John H. Carter, William T. Hatfield, John T. Durbin, Edward A. Farren, Arthur S. Godose, Frank A. Hollis, Wilfred G. McKenzie, Reginald G. Schofield, David McLellan, Mathew T. Morris, Frank Watson and Charles A. Donald.

An application was made by Kenneth A. Wilson to have taken up on appeal a case in which Frank Coleman was convicted by Magistrate Adams of interfering with a police officer in the discharge of his duty and fined \$10. J. King Kelly appeared in opposition to the application and contended that the appellant had failed to file a bond as required by law. His Honor allowed Mr. Wilson further time to argue the matter.

**MENTALLY DERANGED; COMMITTED SUICIDE**  
At his home near the Cedars last evening, Arthur A. Ganong, who has been under treatment at the Provincial Hospital a portion of the last year, for mental trouble, committed suicide with a razor. Such an act on his part was entirely unexpected, although his mental condition was not fully restored to the normal.

He is survived by his wife and one daughter; his parents, Mr. and Mrs. James Ganong; and two brothers, Augustus and Walter, all of whom live along the river. The late Mr. Ganong did some farming and formerly was a steward on river steamers. Many friends will sympathize with the bereaved relatives.

**WANT UNIVERSITY MEN FOR TANK BATTALION**  
A wire was received at military headquarters this morning instructing this military district to get in touch with the universities in New Brunswick with the object of getting recruits for the Canadian tank battalion. While the battalion is recruited to full strength yet it is the idea of the militia department to keep the unit up to full strength and the recruits secured now will be used as reinforcements. They will cross over in drafts of from twenty-five to fifty men at a time. This unit since its authorization has proven very attractive to the younger men of the country and there is no question that the militia department's request will be met with a general response.

**SOME AUTO MATTERS IN COURT**  
Automobile engines heretofore are to be deprived of the privilege of smoking when they so desire and the driver of the car which violates this law is liable to a penalty. This morning Fred H. Taylor, J. Fraser Gregory, H. Price and Victor Crosby were before the magistrate and asked to give an explanation for their cars having smoked heavily at the head of King street. The reports were made by Traffic Policeman Cooper. The defendants had different excuses. One said that his car was not in the city on the date mentioned, another that the number of the car reported was not that of his car, and those whose numbers were correct said they could not give an answer to why their cars acted so rudely.

Included in the cars reported was the Ford car of the public works department. Commissioner Fisher was in court and backed his car to a fine. He cross-questioned the policeman and wanted to know why the policeman did not stop his driver and tell him of the car's bad habit.

Mr. Gregory gave a very satisfactory reason as to why his cars would smoke at the head of King street. He said that when a car was held up for traffic the engine was kept running very slowly and therefore was not vaporizing the gas as rapidly as it was being fed to the engine. The result was that when the car was started there was a heavier explosion than usual. All the explanations offered were accepted by the magistrate.
