PLANS TO EVANGELIZE THE WHOLE CITY

Simultaneous Campaign New and Effective

Nearly all the City Churches Will Co-operate —List of Evangelists and Singers an Impressive One.

A great simultaneous evangelistic campaign is to be inaugurated in this city Feb. 7th and will continue until March 1st. This is the first evangelistic campaign of its kind that has ever been held in the Maritime Provinces.

Union evangelistic meetings have been held repeatedly in many of the towns and cities in the provinces at one centre, but this is the first time when all the churches in the city will conduct meetings on the simultaneous plan for three weeks with so many of the churches co-operating.

The city is divided into seven groups, each group having several churches united in this movement. The evangelistic meetings will be held in the churches, usually the largest in the group, but other special meetings will be held from time to time in the churches in the group, i. e., meetings for young people, meetings for women, meetings for school children. Each group will have a preacher evangelist and a musical director and a group of soloists.

Large chorus choirs are being organized by the committee on music, and these choirs will sing together several times before the opening of the campaign to practice singing from the Alexander song books. These song books are to be used throughout the entire series of meetings.

The committee has been fortunate in securing some of the strongest evangelists in the country and gospel singers of wide experience and ability. The following evangelists have been secured: Rev. Charles Spinks of Kingston, Ont.; Rev. Ora Samuel Gray of Amherst, Mass.; Rev. A. B. Winchester of Toronto, Ont.; Rev. Milton S. Rees of Rochester, N. Y.; Rev. W. A. Cameron of Toronto, Ont.; Rev. Lawrence D. Greenwood of Boston, Mass.; and Rev. Dr. Arthur J. Smith of New York city, and the following musical soloists: Rev. Charles Spinks, Charles F. Allen of Winona Lake, Indiana; Fred Butler of New York city; P. M. Lamb of Rochester, Mass.; and Rev. of Boston, Mass.; and Rev. of Toronto, Ont.; Everett J. Nutter of Boston, Mass.; and Rev. George Wood of Chatham, N. B. These men are of different denominations, some Methodists, Baptists, Congregationalists and Presbyterians.

The evangelists and gospel singers are assigned to the various groups by the executive committee. In addition to the regular evening meetings, which will begin Feb. 7th, meetings will be held every day except Saturdays and Sundays at the Nickel Theatre. All the evangelists and singers will be present at these noon meetings. The special feature of these meetings will be special music by the gospel singers. A brief address will be given by one of the evangelists.

Great interest is manifested in these meetings by the pastors and people, and all the pastors who are planning the campaign are working together untiringly for a great awakening of the city.

CHATHAM CARNIVAL WAS A BIG SUCCESS

Nearly Three Hundred Skaters in Costume —The List of Prize Winners.

CHATHAM, N. B., Jan. 22.—Over 700 people attended the first carnival of the season held in the skating rink last evening under the auspices of the Chatham skating rink. Nearly 300 were in costume and the carnival was the most successful ever held on the North Shore, crowds coming from all points up and down the river. The prize winners were judged to be as follows:— Best ladies' costume, Mrs. F. M. Tweed, Autumn. Best gentlemen's, Arthur McKennie, Turk. Best boys', Carl Heckbert, Standard Bearer. The most original, H. B. McDonald and Holly Lounsbury, giraffe. The judges were Mrs. E. C. MacLeod, Miss E. D. Lucey, Mr. F. P. Loggie and E. A. Loggie. The funeral of the late Walter P. Coughlan was held this morning from the Cathedral, and was very largely attended.

BETTER WAGES FOR LAKE ENGINEERS

DETROIT, Mich., Jan. 22.—It became known today that the Lake Carriers' Association, which has been in session here, decided to increase the salaries of marine engineers employed by the association.

President Wm. Livingston of the association says: "The advance was authorized to meet the increased cost of living. The engineers are the only men receiving the advance, because wages formerly were out of proportion. The engineers are of course skilled men and should earn proportionately more money."

40 ARE NOW SAID TO BE DEAD IN AWFUL TRAIN WRECK NEAR SUDBURY

Without an Instant's Warning Three Cars Fell into the River—Heroism of Conductor Reynolds, Who With His Hands Ripped Open the Side of a Submerged Car, Saved Eight Lives

SUDBURY, Ont., Jan. 22.—The worst wreck in the history of the C. P. R. occurred on their "Roy" branch at the bridge crossing the Spanish River at 1:10 o'clock yesterday afternoon. Spanish River is 28 miles from Sudbury, and is crossed by the C. P. R. with an iron bridge. Forty persons are thought to be dead and twenty more are injured.

The bridge was approached at a fair rate of speed, and the engine, with the baggage and express cars had gone on to the structure. The trucks jumped the track. The second class coach split in two as clean as though done with a knife, and the momentum of the train carried half of the second class coach, colonist car, first class car and diner down the bank into the river. The Pullman falling over on the side of the river, the conductor, Conductor Reynolds, who was on the half of the second class coach, colonist and first class coach, were drowned, and only the most heroic efforts saved eight of the diner. The number of dead cannot even yet be stated, though it is thought at least forty are dead. A special with divers arrived this morning from Ottawa and men are now at work on the wreck.

The impact and momentum with which the cars were hurled down the bank cut a hole in the ice covered river as clean as ice-cutters saw. The river is frozen to a thickness of twelve inches and there is no possible chance of escape. Even if they came through the windows they were trapped under the ice. This is the position of the second class coach, colonist and first class cars, from which only two are known to have escaped, while it is known that forty at least have perished.

Among the missing are John O'Boyle, of the O'Boyle Construction Company, Soo, Ont.; Robert Burroughes, district manager of the Bell Telephone Company, Soo, Ont.; Robert Sweeney, Ottawa.

The dead—D. A. Munday, Montreal; George McIlhenny, travelling auditor, Canadian Pacific Railway. Injured—Joe Doeluech, Erin River.

Michigan, shoulder injured; R. Russell, Hamilton, cut on head; L. M. W. D. Wilton, Montreal, commercial traveller; Mrs. Landall, Winnipeg; Harry Landall, Winnipeg; A. E. Irwin, Merrimack, Mich.; Alfonso Rouse, six years old, Soo, Ont.; R. S. Smith, Hamilton; P. J. O'Brien, Randall, Mich.; C. Houde, Soo, Ont.; N. Johnson, traveller, Belleville, Ont.; bruised; J. H. Wade, Sudbury, abdominal injuries; B. J. Pearce, commercial traveller, Toronto; Mr. and Mrs. Brown, London; O. S. Martin, commercial traveller, Waterloo; C. Moore, address unknown, seriously; C. Maber and Joe Maber, Montreal, bruised and cut; Mr. S. H. Rogers, Winnipeg, head cut; E. Mansfield, internally serious, Montreal.

In the dining car was witnessed one of the greatest struggles and most superhuman efforts that ever a man put forth. The first call for dinner had been made and Conductor Reynolds, of North Bay, was one of the diners, with W. Y. G. Brakeman, man of Sudbury, and David Brodie, police magistrate. In an instant all were submerged above their heads. Reynolds exhorted the passengers to suspend themselves on the hat rack, chandelier and other projections, and diving down in the ice-chilled water, broke through the windows and emerged on the outside of the car. Mounting the roof he reached in and pulled out little Alfonso Rouse, six years old, of Soo, and Police Magistrate Brodie, of Sudbury, a medium small man, through the ventilators. The rest were too big. No axe was available and with superhuman effort this brave man actually tore the section of the car to pieces and opened a space through which he rescued eight passengers single handed, with the exception of Brakeman, who was on the rear of the first class car with an unconscious man who managed to come to the surface. Cut and bruised in horrible fashion and almost a nervous wreck, Tommy Reynolds, the brace conductor, has eight wonderful rescues to his credit.

TORONTO COUPLE ARE WHITE SLAVE DEALERS

A Clergyman's Widow Gets \$1,500 from Street Ry.

Young Man Accidentally Shot—Winnipeg Tramp Sentenced to Three Years for Brutal Assault.

TORONTO, Jan. 22.—Mr. and Mrs. High, high street, Toronto, who are under arrest, charged with being white slave dealers. Thirteen year old Virginia Harrison claims they deceived her in Adelaide house for several days and that finally Fisher, with his wife's assistance, outraged her.

STRAFFORD, Jan. 22.—The body of Roy V. Shore, 21 years of age, was found in his father's barn with the top of his head blown off. The coroner's jury returned a verdict of accidental death.

TORONTO, Jan. 22.—Mrs. J. J. Rice, widow of the supernumerary Methodist minister who was killed by being struck by a street car on December 21st, 1908, yesterday got \$1,500 damages against the company from a jury on the ground that the motorman of the car did not exercise proper care.

WINNIPEG, Jan. 22.—John Leyshon, who gave himself up to the police a few days ago in Port William, hoping to get the winter in jail, was sentenced here yesterday to three years on the charge of burglary with violence in Winnipeg last summer. A woman whom he knocked down with a rolling pin has never recovered from the effects of the blow.

ROOT IS U. S. COUNSEL IN FISHERY DISPUTE

WASHINGTON, Jan. 22.—Senator Root of New York will be the leading counsel for the United States in the Newfoundland fishery arbitration case, which will come up for argument before the Hague court next June. Senator Root was selected for this post because the arbitration case was initiated while he was secretary of State and he is especially familiar with the facts. President Taft, it is understood, urged Senator Root to accept.

The Appeals Committee of the Common Council has been called to meet at the City Hall on Wednesday afternoon at three o'clock.

NEWFOUNDLAND IS TO TAX IRON ORE

Royalty of Five Cents Per Ton to be Imposed

Increasing to Ten Cents After Ten Years —Millions of Tons Sent Annually From Wabana to Cape Breton.

ST. JOHN'S, Nfld., Jan. 22.—It is understood that the members of the government here have had under consideration the proposal to impose an export duty on the iron ore exported from the colony. The Dominion Iron and Steel Company and the Nova Scotia Steel and Coal Company are owners and operators of very extensive ore properties at Wabana. Millions of tons of this ore have been mined and exported heretofore without yielding any revenue to this colony, as it was not considered desirable to impose any restrictions on the work of development. The industry is now so well advanced that having regard to the interests of the colony it is not thought that the imposition of a small royalty tax will be embarrassing while it will be of material benefit to the revenue. The amount of royalty contemplated by the government has not been ascertained, but in semi-official quarters it is understood to be the intention to start with five cents per ton, increasing to ten cents at the end of ten years. This will be a popular move throughout the colony.

ANTHRACITE COAL FOUND AT PORT ARTHUR

Workmen Excavating for Water Mains Came Across Two Veins of Good Quality Coal.

PORT ARTHUR, Jan. 22.—The excitement aroused by the discovery of a small vein of anthracite coal under the city by an excavation gang weeks ago was heightened yesterday, when a larger vein of better quality coal was discovered by a gang laying water mains. There are several tons in the pocket and the contractor is using the coal in his forges on the work. The coal has been tried in furnaces and gives good satisfaction.

R. D. ISAACS FACES A SERIOUS CHARGE

Was Arrested at Sherbrooke for Abduction

Released on Bail and Says He Can Easily Clear Himself—Case to be Heard Shortly.

SHERBROOKE, Q., Jan. 22.—R. D. Isaacs was arrested here Tuesday morning by High Constable Mac. Isaacs arrived in town on the morning train and went to the Magog House, where he was later arrested on a warrant issued by J. H. Russell of Dismal, with whose daughter he was alleged to have eloped. The warrant has been in the hands of the authorities here for some time, but no trace of him could be found. He is held under the charge of abduction. Isaacs appeared before Judge Mulvren and was allowed to go on furnishing bail to the amount of four thousand dollars. The accused says he can clear himself easily, and has retained C. D. White as counsel. The case will be brought up at an early date. (Continued on Page 11.)

UNIONISTS DOING BETTER THAN EVER

Seventeen Gains Out of Thirty Eight Seats

Yesterday Was the Best Day Yet for the Tariff Reform Party—Now Hold a Total of 212 Seats.

State of the Poll With yesterday's Returns complete the present standing of the parties is

Table with 2 columns: Party and Seats. Government Liberals, 179; Nationalists, 64; Laborites, 33. Opposition Unionists, 217. Party Gains Unionists, 100; Liberals, 12; Laborites, 1.

LONDON, Jan. 22.—The results of yesterday's balloting for members of parliament thus far available show that the Unionist tide flowed even stronger than on the two preceding days. Thirty-eight constituencies out of fifty-six gave the Unionists twenty-seven seats, the Liberals ten, Nationalists one. The Unionist gains were seventeen and the Liberal gains two. The state of the parties as known at 1:30 this afternoon was: Government coalition, Liberals, 159; Irish Nationalists, 59; Laborites, 32; opposition Unionists, 212.

Out of the 56 seats the results for which are being announced today, the Liberals in the last Parliament held 27 and the Unionists only 15. Accordingly the opinion that these English counts favor the Tories as shown by the turnover of seats, appears pronounced enough. Turnovers of from three thousand to four thousand votes from the Liberals to the Unionists are common. Henry Chaplin, who was regarded as the arch priest of tariff reform before Chamberlain took the field, was re-elected for the Wimbledon division of Surrey by over 5,200 majority. This is not so great as his previous majority but Chaplin's opponent in 1907 was a woman suffragist who was unable to poll a great part of the Liberal vote. The tariff reformers also made a substantial headway upon the heretofore solid Yorkshire seats have been placed to the credit of the Unionists today and two of these seats were held formerly by the Liberals.

ANDOVER, Jan. 22.—The Unionists place 23 seats to their credit out of the 56 contests of yesterday for members of parliament, the returns from which were received today. The Liberals take 29 seats, the Nationalists three and the Laborites 1. The Unionist gains are 79 and the Liberal 2. The latter are the only gains that the government had made during the past four days. With yesterday's returns complete the state of the parties is: Government coalition—Liberals, 159; Irish Nationalists, 59; Laborites, 32; opposition—Unionists, 217. Total gains—Unionists, 100; Liberals, 12; Laborites, 1.

DISPENSARY WILL BE FREE TO SUFFERING

Tuberculosis Association in Charge

Rooms Secured in Board of Health Office —Doctors in Attendance—Nurses Will Care for Worst Cases.

The executive of the Tuberculosis Association will meet at the Board of Health rooms in the Ritchie building at 4:30 p. m. Monday to complete arrangements for the establishment of a dispensary. The Board of Health has offered the use of its rooms to the society, and it is likely that the offer will be accepted. It is the intention to have the dispensary open one day each week.

The officials of the society desire that the public be informed that the dispensary is to be entirely free. The expense of its maintenance is to be met by the society, and medical attendance for the purposes of consultation is to be furnished voluntarily by city physicians who are members of the society. The medical men who are concerned in the establishment of the dispensary are not acting to advance their own ends and there is no money to be made out of the institution. The dispensary will be for the benefit of the public and not necessarily for that of the doctors. Public subscriptions are the means to be used to keep the work of the society.

At first medicines will not be distributed through the dispensary, but it is hoped that the society will soon be in a position to establish a medical branch. Upon its establishment the dispensary will be used as a place through which literature dealing with the treatment of tuberculosis may be distributed. Those who may go to the dispensary will be instructed by the physician in charge concerning methods of sanitation and hygiene. It is also likely that sputum cups will be distributed among patients in order that the sputum of those that are consumptive may be preserved and not allowed to be scattered and to become a source of danger to others. A nurse who will attend serious cases will have her headquarters at the dispensary.

At stated hours of the day the work on which the dispensary will be open a physician will be there in order that the patients may consult with him. The Tuberculosis Society is to call for volunteers from among the medical men of the city to attend to this duty.

ENORMOUS DAMAGE BY FLOODS IN FRANCE

Sixty Feet of Water in Paris Subway—Communications Cut Off—Bridges Swept Away.

PARIS, Jan. 22.—Railroad, telegraph and telephone communication is interrupted through eastern France by the floods. Many bridges have been swept away and canal traffic has been abandoned. The streets in scores of cities and villages are under water. Lille, Calons and Troyes suffered most. The waters of the Rhone and the Marne with their tributaries were reported at a standstill today. The situation in Paris, however, promises to be worse than yesterday as the Seine continues to rise rapidly. It is expected that the river will reach its maximum flood in several days. There is sixty-one feet of water in the new subway between Place Da La Concorde and Passages De L'Opera. A portion of the boulevard of St. Germain above the subway has caved in. Hundreds of factories have 100 ft. inundated.

JAPANESE DIET ASSEMBLED TODAY

Foreign Relations Friendly—Alliance With Britain is a Benefit.

TOKYO, Jan. 22.—Both houses of the Diet convened in regular sessions here today. Premier Katsura made the opening speech in the upper house at 10 o'clock this morning. He said the relations of Japan with all the treaty powers were increasingly intimate and that especially had the alliance with Great Britain strengthened the solidarity of the two nations. Regarding Manchuria the premier said: "We have endeavored to solve the various outstanding questions with China with due respect to sentiment and good neighborliness, and in a sincere spirit of mutual concession, China, appreciating our sincerity, has concluded an agreement by which everything has been finally settled. The imperial government, always the respecter of the principle of the open door and equal opportunity in Manchuria, had in view in its underlings the strict observance of these principles, and we believe the sincerity of our action is equally recognized by the powers."

Fred Kinsman, Joseph McArthur, Geo. Curran and George Livingston were reported for trespassing in the I. R. C. coach house and returning to go out when ordered by the police.

NEWS OF SPORT

DECISIVE VICTORY FOR THE AMHERST RAMBLERS

Defeat New Glasgow Team by a Score of 14 to 1.

AMHERST, N. S., Jan. 21.—In the Nova Scotia Hockey League series the Ramblers decisively defeated the New Glasgow team by a score of 14 to 1. As the New Glasgow team had weakened it was generally anticipated that they would give the Ramblers a hard battle, but they were outplayed from the start, and after the first five minutes had not even a look in at the game. The Ramblers scored almost at will. B. Sturdee, a veteran St. John player, acted as referee, and gave satisfaction to both teams. The game was entirely free from any undue roughness and no mishaps or accidents marred the game. The game started at 8:30, and at 4:45 the agony was over. The Ramblers have now to their credit the biggest score made in League play in four seasons. The line was as follows: New Glasgow—Goal, Oliver; Point, Cook; Cover, Paine; Murray, Galloway; Williams; Centre, Sullivan; Left Wing, Simpson; Right Wing, McLean. Ramblers—Goal, White; Point, Lafre; Cover, Paine; Murray, Galloway; Williams; Centre, Sullivan; Left Wing, Simpson; Right Wing, McLean. For the Ramblers Hughes scored three goals, Ed Curran three, Twaddle two, Murray six. Williams scored only goal for his team.

ACCOUNTANTS BREAK CITY LEAGUE RECORD

The Accountants managed to break the city league team total record last evening, but their opponents, the Tigers, did not allow them to do any more than split even, making the game the prettiest of the season from every standpoint. Accountants put together 1,385 pins, while the losers had only 1,381. The accountants were good on the total and won the record second string by a big margin, getting only one pin short of the total. The other two went to the Tigers. Moore was high roller with an average of 27.2. He made 210 pins on his second string, and was accompanied over the ordinary mark by Stanton, Sinclair, Lunney and A. Bailey. The score:

A GERMAN STRATEGY.

J. Campbell White, secretary of the laymen's mission movement, during the work for missions, had had some over-experiences, but one he had in a mining camp in Montana some years ago given him much amusement when he reverts to the story. There was a German immigrant in the camp, who had received a letter from home. He was illiterate, and no one in the camp understood enough German to read the letter to him. He was, of course, overjoyed to learn that Mr. White could read German. As the missionary began to read the letter from the hands of the illiterate he clasped his hands over Mr. White's ears. "What are you trying to do?" exclaimed Mr. White, after he had been able to free his ears from the fellow's palms. "Dot letter was from mine girl. I hold your ears so you don't hear what it was." was the reply.

McGILL MEETS HARVARD AT HOCKEY TODAY

MONTREAL, Jan. 21.—McGill seniors left Friday night for Boston, going to Harvard. They will meet Harvard today either at Boston or at Cambridge, according to the arrangements that will be made on their arrival there. The seven who represented McGill seniors Thursday night will make the trip, while D. Mason and Wilson of the intermediate team will be taken along as spars. O. H. Scott will accompany the team as manager. Next Wednesday McGill will meet Queen's, the intercollegiate champions, winners of the Allan cup.

GINCINNATI CLUB'S ACTION IS OPEN FOR CRITICISM

The Cincinnati club's attitude in the case of Second Baseman Huggins appears to be open to criticism. Some time ago the club asked for waivers on the second basemen and Brooklyn alone put in a claim at the usual price, \$1500. Thus Huggins was withdrawn and Manager Dahlen asked Clark Griffith what he wanted for Huggins. Griffith promptly replied that he would take in exchange Burch, Hummel or Lennox. Dahlen could not make such a sacrifice, he said, and the deal was called off. Now the Cincinnati club announces that rather than let Huggins go for \$1500 he will be paid a salary to warm the Red bench all season. The Cincinnati club, incidentally, is owned by Garry Herrmann, chairman of the national commission. Perhaps he does not know the details of the Huggins case.

Music Lessons Free

A wonderful offer to every lover of music whether a beginner or an advanced player. You and your friends should know of this. Hundreds of our pupils write: "I wish I never had an idea of fighting Welsh." "Have learned more in one term in my home with your weekly lessons than in three terms with private teachers, and at a great deal less expense." "Everything is so thorough and complete." "The lessons are marvellous of simplicity, and my 11 year old boy has not had the least trouble to learn." One minister writes: "As each succeeding lesson comes I am more and more fully persuaded I made no mistake in becoming your pupil." Established 1888—have taught thousands of pupils from seven years of age to seventy.

NELSON CONSENTS TO MEET FRED WELSH

Battling Nelson, evidently cornered by Freddie Welsh, the English featherweight champion, who claims the world's title, announces that while he never had an idea of fighting Welsh in Great Britain he will make a match with the Englishman for Decoration Day. Nelson, who has been offered forty-five rounds, weigh 132 pounds at the ringside and that California must be the scene of the battle. Nelson means what he says. Welsh will have time enough to meet Paaky McFarland in London before coming over here to complete arrangements. It is a foregone conclusion that Nelson will demand at least \$10,000, win, lose or draw, but Welsh is so anxious to meet him that he may agree to make such a concession. Meanwhile, it is well to remember that Nelson has refused point blank to fight Welsh forty-five rounds in Wales for a 75 and 25 per cent. of a \$25,000 purse. It is regarded as a pretty good line on Nelson's opinion of the clever Briton.

ROBSON WON THREE RACES FROM ROE

Fred Robson and Lot Roe met Thursday at Toronto at Olympia Rink in a series of three matched races, all of which were won by the champion. The distances were 220 yards, 330 yards and one mile. The time for the first was 20-1/5, for the second 1:21, and for the mile 5:06. Robson leaves on Tuesday for Cleveland, Pittsburgh, Brooklyn, Saranac Lake, New York city and Montreal, where he will skate in the open events in the colors of the Toronto Icing Club. Harry Coyle won the mile open at Olympia Rink last night, but the second and third prizes were not awarded owing to several falls.

RATTLING GOOD GAME

The first and second teams of the High School played a rattling good game of hockey at the Queen's Rink. The result was a surprise as the first team of the school was unable to win from the other. The score was 2 to 1 in favor of the first team.

BAW LEG FOR SIX YEARS

Zam-Buk Works Complete Cure Have you a bad leg? Some ulcerated patch, some old wound, some abscess which refuses to heal? If so, why not try the merits of Zam-Buk, which is compounded specially to heal such sores. Mr. John Parkinson, of East Clifton (Que.), writes: "Six years ago I bruised my leg and caused an ulcer, which refused to heal, and made me very lame. I had medical attention, but got no good, and suffered to raise my leg. One day I saw Zam-Buk advertised, and decided to give it a trial. It began to do me good, and after using a few boxes the pain had entirely gone. Now the wound is quite healed." Zam-Buk is just as effective for eczema, scald sores, ringworm, chapped places, frost bites, cuts, bruises, blood poison, berbed warts, scratches, etc. It is also a cure for piles and all inflamed surfaces. All druggists and stores sell at 50c. box, or from Zam-Buk Co., Toronto, for price.

SOWLING

In the Inter-Society bowling league the St. Peter's team went down to defeat last evening at the hands of the C. M. B. A. The latter won a decisive victory, capturing all four points from their opponents. McLeod, who led the defeated team, averaged 84.2. The result was as follows: C. M. B. A. Total, Avg. M. Donald... 89 109 89 78-2-2-2 Fitzpatrick... 92 76 80 238-83-2 Dever... 76 85 81 242-82-2 McGee... 86 88 74 232-71-2 Cosgrove... 103 88 81 232-80-4 438 437 418 1292

MANY TEAMS WANT TO PLAY ALGONQUINS

February promises to be a busy month for the Algonquin ball team, as they have been asked for matches with two college teams during the first week, in addition to their city championship games with the Portlands. The game will be mostly played during the month. Acadia has written for a chance to play the Algonquins here on Friday, Feb. 7th, while the college team is en tour. On the 8th Acadia is booked to play U. N. B. at Fredericton and on their way here they will play games at Bridgewater, Truro and Moncton. The Baptist college will play in New Brunswick for the first time. Its five is said to be fastest ever developed at Riverview, and its appearance here is sure to attract much interest. U. N. B. has asked the Indians to go to Fredericton during the first week of the approaching month. The locals will be so busy during February with their home matches that their trips will probably be postponed until March. The St. Andrews and Moncton games are annual fixtures. The Moncton game has already been played, but a return is owed, and two games with St. Andrews are to come.

TYPHOID SCOURGE OF UNITED STATES

Harvard Medical Men Say America's Typhoid Death Toll is National Disgrace.

WASHINGTON, Jan. 21.—In urging the enlistment of a public health militia to prevent disease, Dr. M. J. Rosenau of Harvard Medical School at the annual meeting of the Association of Life Insurance Presidents today, declared that the amount of typhoid fever in the United States is a national disgrace. Dr. Rosenau recently left the government's health service to organize the department of preventive medicine and hygiene at Harvard. "There is more typhoid fever in this country than in any other civilized country," said Dr. Rosenau. "The annual toll is thirty-five thousand deaths and over three hundred and fifty thousand cases. This is national disgrace, and is due entirely to lack of education on the subject. We probably know more about typhoid and its methods of spread and the means for its control than we do of any other disease. Yet right here in our capital city there is an excessive amount of typhoid, and this and story finds repetitions in all our large cities. If the public were taught to fear typhoid as it does a case of cholera, there would soon be an end of it. "The public health militia that I have in mind calls for the enrollment of all good citizens. Preventive medicine is the watchword of the hour, and education is the only way to success only through education. Not only the medical profession, but the public at large should be enlightened. "When the plain people understand that many diseases are preventable, they will begin to ask, 'Why are they not prevented?' When they ask themselves this question, it means that they have enrolled themselves in an organization that will prevent suffering and save life."

TO KEEP NIAGARA CLEAN.

Steps Will be Taken to Stop Pollution of River. ALBANY, N. Y., Jan. 19.—Steps are to be taken by State Commissioner of Health E. H. Porter to stop the pollution of the Niagara River in the city of Niagara Falls, N. Y., where it is the most polluted of any river in the world. The attention of the state department is directed to the matter by Charles A. Hodgett, chief health officer of Ontario, who stated that, in his opinion, the pollution of the Niagara River is a similar chute in that city, had been caused by the provincial officials, and asking that, if possible, steps be taken to prevent the pollution of the river on the American side.

Gin Pills Guard Both Think of being crick-necked by illness at a lonely ranch—oh, all alone, in the great north woods! Many times, this has happened to me, and I have been glad to have the trail to new fields. Mr. James is one of those brave men who is making a name and a fortune for himself in the far West. Unfortunately, Mr. James overtaxed his strength and for a time it looked as if he would have to give up his claims and his work. "I have much pleasure in testifying to what Gin Pills have done for me. I divide the year about equally, working on the ranch and on various logging claims, being consequently entirely dependent on bodily fitness for a living. At times I have suffered like many others in this country from Backache and Weak Kidneys, sometimes to the extent of being laid off for weeks at a time. Having tried many remedies, I have pleasure in stating that your Gin Pills are the only remedy from which I have received any permanent benefit. I had been using Gin Pills only a short time when the pain in my lower back and legs had not returned since. I take care to always have Gin Pills with me, and when my condition does not require medicine. I have recommended Gin Pills to other men who are in similar conditions. J. EDWARD JAMES. Gin Pills have proved a friend in distress to thousands of those suffering from Kidney and Bladder Troubles, Lame Back and Rheumatism, and the Gonorrhea and Gleet, which usually accompany these diseases. "So great is our confidence in the merits of Gin Pills that we let you try them before buying the regular Gin Pills boxes at your dealer's. Write the National Drug & Chem. Co., Limited, Dept. R. S., Toronto, and you will receive a sample, absolutely free, by return mail."

GIRL, CHAMPION TYPIST, SHOWS HER SKILL

Spur for Students in Story of Miss Fritz, Who Holds World's Record—Has Marvelous Speed.

PHILADELPHIA, Jan. 21.—Every student of stenography and typewriting inclined to be discouraged should be spurred on to renewed efforts by the story of Miss Rose L. Fritz, champion typist of the world, who yesterday in the office of the Underwood Typewriter Company, at 725 Chestnut street, gave a remarkable demonstration of the speed and accuracy she had developed in both these studies. Miss Fritz began, when 15 years old, Miss Fritz began the study of stenography and typewriting. In thirteen weeks she was writing without mistakes on her typewriter 150 words a minute in shorthand and sixty words a minute on the typewriter. In November of 1905, when she was only 16, Miss Fritz entered a typewriting contest, held in Madison Square Garden under the auspices of the National Business Shows, in which she won second place, competing with the best of the world. Her first brilliant success came in 1906, when at the Chicago Business Shows she led her nearest competitor by 1,300 words and won two championships—the American ladies' and the men's. In this last, with minor covered, she wrote 4,457 words in one hour. For the last three years Miss Fritz has held the international championship slip, her last record being 6,135 words in one hour, the net amount after five words had been deducted for each error. Yesterday Miss Fritz, at request, wrote from unfamiliar printed matter 12 words in one minute, took down in shorthand 187 words in one minute, and in a similar length of time transcribed 113 words.

TWO VARIETIES. Nothing to do but work. Nothing to eat but food. Nothing to wear but clothes. To keep one from going mad. Nothing to breathe but air. Quick as a flash 'tis gone. Nowhere to stand but on. Nowhere to comb but on. Nothing to stand but hair. Nowhere to sleep but in bed. Nothing to wear but tears. Nothing to bury but dead. Nothing to sing but songs. Ah, well, alas, alack! Nowhere to go but out. Nowhere to come but back. Nothing to see but sights. Nothing to avenge but thirst. Nothing to have but what we've earned. Thus through life we are cursed. Nothing to strike but a gait. Everything moves that goes. Nothing at all but common sense. Can ever withstand these woes. —Columbus News.

FLYING FISHES. A dazzling silvery splendor pervades the surface of the body of the best known species of the flying fish. The summit of its head, its neck and its sides are of azure blue. This blue becomes spotted upon the dorsal fin, the pectoral fin and the tail. This fish is the common prey of the sea birds and the more voracious fishes, such as the shark. His enemies abound in air and water. If it succeeds in escaping the Charibolis of the water the chances are in favor of its meeting its fate in the Scylla of the atmosphere. If it escapes the jaws of the shark it will probably fall to the share of the seagull.

THE HUMBLE LIBRARIEST. In the history of opera there are many curious anomalies, but perhaps the strangest is the one played by the Librariest. For the most part obscure and unimportant and generally unremembered, his ranks have nevertheless been recruited from the ablest and most brilliant men of letters. Among those who have undertaken the part are such unlikely names as Voltaire, Goethe, Wieland, Addison and Fielding, while others of considerable poetic talent, as for example, Metastasio, Ceanoglini, Hincicini, Bolto and Coppee, have tried their hand at libretto writing with assurance, giving to their best efforts, and yet the successful Librariests are few—the merest handful out of a harvest of three centuries.—Forum.

SUSTAINS FRACTURES OF ARM AND HIP
Mrs. Sarah Dickson of Johnson street met with an accident on the street last evening which may prove fatal owing to her advanced age. She is 70 years of age. While walking down Chapel street, where the incline is steep, Mrs. Dickson fell on the ice, and sustained fractures of both her arm and hip. She lay for some time unable to help herself, but was finally noticed by a passer by, who informed the people whom she was going to call upon. The old lady was carried to her house, and was later taken to the hospital, where her injuries are considered serious.

FIFTY NEW MEMBERS ADDED LAST EVENING
The Canadian Brotherhood of Railway Employees met last evening in annual session and the following officers were installed: President, Peter C. Sharkey; vice president, C. Nichols; treasurer, W. N. Collins; financial secretary, A. P. Wallace; recording secretary, Wm. Howard; past president, David Fisher; chaplain, John Connell; warden, Thos. McLean; messenger, Thos. Mehan; inner guard, Martin McCarthy; outer guard, Norman Montague. The installation ceremonies were performed by Grand Warden W. N. Collins.
Fifty new members were added to the membership list at last evening's meeting, which makes the total membership now in the vicinity of 3,000, of which 1,000 are I. C. R. employees. The brotherhood is looking forward to a prosperous year.

TESTS FOR EGGS
A good egg will sink in water; it will also adhere to the shell when boiled. A rough surface with particles of lime sticking thereto, is an evidence of freshness.
When eggs are boiled about three minutes, a good medium length of time, the shell will dry at once when faked from the water.
Distrust the egg with smooth, glassy shell.

ORPHEUM NEXT WEEK
It is with pleasure the Orpheum management announces an all star vaudeville programme for next week, featuring the bill in McAdams and his talking dog Spike. No doubt you have heard of Spike and will remember his name in a plain envelope. As you will see when you get this special notice, it is a great thing to see him. So I think you had better send your copy today. It is yours and you can use it as often as you like.

THE ONE THING NEEDED.
Without fire, no heat! Without well digested food, no strength! That is Nature's law and it serves everybody alike. Well digested food makes us strong, vigorous and healthy. Undigested food makes us weak and ill. Dyspepsia is always weak and ailing. What they need is the power to digest their food and that is just what Mother Seigel's Syrup does. It helps the stomach, liver and bowels to do their work properly. That is all, but it is enough.
Mr. Joseph Doucet, an employee in the mills at Petit Rocher, Gloucester County, New Brunswick, proves all this in a letter dated June 22nd, 1909, in which he says:—
"My illness came through an obstinate case of constipation, so severe that I was unable to do my daily work in the mills. Pains after eating, due to bad digestion and frequent headaches, afflicted me off and on for nearly ten years. My breath was offensive, my tongue badly coated and my skin very yellow. I lost weight, suffered intense pains in nearly every part of my body and often was very dizzy. For years I was trying to bear up under this strain. The rheumatism in my arms added to my miseries.
Every one of these symptoms which Mr. Doucet describes so well, comes with indigestion. His food was poisoning, instead of nourishing him. Now read what he did.
"I searched continually for medicines but found nothing that would do me any benefit at all until I began to use Mother Seigel's Syrup and Pills. The very first bottle brought me the relief I had been seeking, and the contents of three bottles restored me to good health.
Food was the fuel which Mr. Doucet needed in his laborious work, but it was of no use to him unless he could digest it and gain nourishment from it. That was exactly the point at which Mother Seigel's remedies helped him—and he was cured quickly and thoroughly.

FRANKLIN AS A SWIMMER.
In 1729 Benjamin Franklin was working as a printer at Warr's, near Lincoln Inn Fields, and taught two apprentices to swim at "twice going into the river." With them and some of their friends from the country he paid a visit by water to Chelsea, and "in our return," he recounted the request of the company, whose curiosity Wygate had excited, I stripped off my coat and swam in the river, and from near Chelsea to Blackfriars, performing on the way many feats of activity, both upon land and under the water, that surprised and pleased those to whom they were novelties."

TO PROSECUTE ANOTHER TRUST
The Result of High Price of Meats
People Throughout the United States Join in the Meat Fast Movement.
WASHINGTON, Jan. 21.—The "meat trust," so called, is to be prosecuted by the national government. The department of justice evidently believes its existence is a leading factor in maintaining the present high prices of fresh meats.
The contemplated action of the department follows an investigation which has been conducted by special agents for some months. Initial proceedings will be begun before the grand jury at Chicago, probably next week, and may contemplate both civil and criminal action.
The firms mentioned in connection with the matter include Swift & Co., Morris & Co. and Armour & Co., all of whom, it is said, are interested in the National Packing Company. The three firms named concerns are commonly represented by prominent business men and other citizens of Toronto. His experience in exhibition work is by no means small, and he should prove a capable and efficient manager. He acted on the board of management of the big Toronto fair and also managed the Winnipeg and Calgary Dominion exhibitions.
The Exhibition Association has received from the militia department the lease of some land necessary for exhibition purposes. The work of preparation for the big show will now be vigorously carried on. The manager will find plenty of work awaiting him on his arrival here.

TIME TO GET
Percy—Dearest, let me be the star of your life.

Peggy—Yes, but you had better travel on your orbit while you have time.
Death came suddenly to Mrs. Herbert Foster of 175 Metcalf street about four o'clock yesterday afternoon. Mrs. Foster was apparently in the best of health during the day and she passed away after an illness of only two hours' duration. She was up and about as usual yesterday morning, and about two o'clock in the afternoon, as she was going out for a few hours, she was suddenly seized with an attack of convulsions. Dr. James A. McIntosh and Dr. Geo. O. Baxter were hastily summoned, but all the medical assistance that could be given proved of no avail, and Mrs. Foster died in two hours after she had been seized with the first convulsions. The deceased was thirty years of age. She is survived by her husband, who is car shed foreman for the St. John Street Railway Company, and two daughters, Ethel and Nellie, and one son, Kenneth, all at home.

BENGORE HEAD SAFE IN PORT
Liberal Salvage Will Go to Captain and Crew of Bonaventure.
ST. JOHN'S, N.F., Jan. 21.—The salvage of the Head Line steamer Bengore Head and her crew of forty men was accomplished to-night by the sailing steamer Bonaventure. The Bengore Head's position has been a precarious one since she became disabled prior to Sunday last. She was picked up by the Algonquin on Monday on that day. After breaking three cables she was again left to her fate, while the Bonaventure was en route to the rescue. Bonaventure expended two cables in an unsuccessful attempt to tow her here today, after which the steamer was forced to run for St. John's, leaving the Bengore Head helpless. This evening the Bonaventure again sent a line aboard and towed the Head liner into port at 3:30 o'clock. The Bengore Head was found near Maryport, England, for St. John, N.B. To Captain Parsons and the crew of the Bonaventure will go the liberal salvage money for the rescue of the Bengore Head.

LIPTS TICKET HELD IN DEAD MAN'S HAND.
PHILADELPHIA, Jan. 21.—When Conductor Augustus Magee of the Norristown local, leaving the Reading Terminal at 1:22 o'clock yesterday afternoon, passed through his train he took a ticket from the outstretched hand of E. F. McIntosh, a former international president of the Typographical Union. After passing the seat he looked back. Then attracted by a peculiar stare in the passenger's eyes, he went closer and found that McIntosh was dead. When the train stopped at Huntington street a Samaritan hospital ambulance was sent for. Doctors at the hospital said McIntosh's death was due to heart failure. McIntosh was 56 years old and lived at 1041 West Huntington street. He worked as clerk in the office of Typographical Union, No. 2, and was on his way home when he died. He was a veteran of the Civil War and served as secretary of the Survivors' Association of the 104th Regiment, Pennsylvania Volunteers.

PIGS WITH WINE.
This sounds Sybaritic, but there is really no simple way to cook pigs and make them palatable. The scientific of wine is not so elaborate as it sounds. It requires very little, cover with a clean cooking cloth, and let stand overnight. Cook slowly in a double boiler. When the pigs are soft, take out of the liquid, allowing it to boil down. Then sweeten and pour over the fruit. This is strengthening, and cathartic in tendency.

MANAGER HERE FEBRUARY 1ST
H. J. P. Good Will Have Charge of Expo.
Hails From Toronto—Has Managed Dominion Fairs in the West and is Highly Recommended.
H. J. P. Good, whose appointment as manager of the Dominion fair to be held here this fall, was announced by President Skinner yesterday, will come to St. John and take up the duties of manager on February 1st. The association has been in communication with Mr. Good for some time in an endeavor to secure his services as manager for the big fair, but it was not until yesterday that Mr. Skinner received word from him that he had accepted the position offered him. Mr. Good comes to the city well recommended by prominent business men and other citizens of Toronto. His experience in exhibition work is by no means small, and he should prove a capable and efficient manager. He acted on the board of management of the big Toronto fair and also managed the Winnipeg and Calgary Dominion exhibitions.

Since last Valentine's Day when such a large sum of money was raised for the Free Kindergarten no appeal has been made to the public and only a very few of the regular subscribers have given their contributions. All the young ladies of the city will be asked to help this year so that a complete canvass of every district can be made the Saturday before Valentine's Day. The tags are new and pretty and the badges for the workers especially dainty. At three o'clock in Centenary school room next Tuesday all arrangements will be made for Feb. 12th.

Use it for Dish-washing
GO to your grocer, buy a package of Asepto—it will cost you five cents—take it home and dissolve a single teaspoonful in a pan of dishwater.
That's what you do—then see the result. Note how it cuts the grease—how it leaves your china and glassware bright and shining—how clean and wholesome it leaves your pots—your pans—your cooking utensils.
It does all that—and more. It destroys every trace of the germ life that exists wherever there is a suspension for these microscopic trouble breeders to feed upon—it sterilizes and renders every thing antiseptically—surprisingly, if you will—clean. That's why you should always wash glass, chinaware, cutlery—any article used for eating or drinking with Asepto. It makes contagion impossible.
Perhaps the very quickest way for you to realize how it cleanses is for you to note the way it sweats your dish-cloths.
Tell your grocer to send you a package of Asepto—all good grocers sell it at five cents.

CLOSING INCIDENT IN ROMANCE AND TRAGEDY OF BEAUTY

Sale of Jewels of a Woman Who Died for Love of a Millionaire

Hidden beneath the bald announcement of an auction sale in London, there have been few more tragic stories than that of the late Mrs. Ruiz, which was hardly likely to be discerned under a substituted name, in the advertisement of a sale which took place in Conduit street on Monday.

On that day she appeared drowsy, wretched, and ill, and after her companion had left her, having taken in a cup of tea, the bedroom bell suddenly rang. Miss Caney at once hastened to the room, to find her mistress looking ghastly and woefully distressed.

A doctor was called in, and on the bed clothes being turned back a small round blackened hole was found in the forehead, with a small revolver lay in the bed, and the dying woman's fingers were blackened with powder.

Mrs. Ruiz was described on the death certificate as of "independent means; wife of Ruiz, and residing at 19 Grosvenor street, Westminster."

Many of the jewels sold on Monday were wedding presents from her second husband, the total amount realized at the sale was £7,000, and the following were some of the sums raised:

A magnificent marquise shaped lustrous brilliant of 15 carats, £750. A pear shaped brilliant in a inch long and half an inch wide, £500. An octagonal emerald ring, surrounded by brilliants, £400. A diamond necklace, set in platinum, £250. A tortoise shell comb, set with large brilliants, £250. And many other gems and ornaments, which made £200 or more each.

Local Applications Avail Nothing

A Fair and Faultless Complexion is Gained Only by Purifying the Blood

A TRIAL PACKAGE OF STUART'S CALCIUM WAFERS SENT FREE

The best and only permanent colors of the face are those which Nature herself paints thereon, not on the surface of the skin, but down underneath the cuticle, and which can be supplied only by a strong current of pure, rich, red blood constantly flowing through the capillaries, or superficial blood vessels in such a way as to maintain a perfect condition of the skin, with the pores entirely unclogged by foreign or effete matter of any kind.

It is impossible to estimate the number of dollars yearly wasted through the vain and foolish attempts of people to rid their faces of pimples, blotches, blackheads, and other facial blemishes, by using salvas, ointments, lotions, cold creams, etc., to say nothing of the widespread use of facial massage, both manual and electrical, by which they attempt to coax the blood and sluggish flowing blood to the cheeks, in order to give them a rosy and healthy appearance; and although, by such methods, they may succeed in drawing the blood there temporarily, they cannot keep it there permanently, as only Nature can do that, and in half an hour or so later, the massaged cheeks are as pallid as before.

The "skin food" fallacy is another one of the many foolish fads of the day. The skin has no more power of absorption than a rubber coat, and is simply an "envelope" over the muscular system for the protection of the body, and is intended to keep things out, not to admit anything. The epidermis, or outer skin, is constantly peeling off. The epithelial cells drop away, carrying with them the things which have been applied to the skin.

The skin cannot be fed from the outside, and nothing of a nutritious, healing or fat-producing character can be introduced through it, so that the time and money spent on so-called "skin foods" are simply wasted, for such treatment is contrary to Nature, and the skin, like every other organ of the body, must receive its nutriment from the inside.

If your complexion is full of pimples, blackheads, "liver spots," or blotches, don't waste time on local treatment, but purify the blood thoroughly, and these blemishes will quickly depart.

STUART'S CALCIUM WAFERS are getting excellent results in curing all skin and blood diseases, and not only do they rid the blood of all impurities, but also build it up and strengthen and increase the blood current, making the cheeks rosy, removing palor and wrinkles, and causing the whole countenance to fairly beam with superior health.

Secure a box of these blood-purifying and complexion clearing wafers for 60c, and make your skin smooth, rosy and free from blemishes and wrinkles. Also forward your name and address to the P. A. Stuart Company, 175 Stuart Building, Marshall, Mich., for free sample package.

FUTURE OF TELEPHONE AND TELEGRAPH CO'S

Either Monopoly or Government Ownership

Postal Company, Bell Telephone and Western Union Form a Trio That Can't be Beaten.

NEW YORK, Jan. 21.—The Postal Telegraph Company will be the last competitor in telegraphy, and when that competition ceases there will be a choice only between monopoly and government ownership.

This is Clarence H. McKay's view of the telegraph situation in the United States, as expressed today before a committee of the state legislature, which is trying to determine the advisability of placing telegraph and telephone under state regulation. As president of the Postal Company, he was saying that keen competition between his company and the Western Union would continue and by reason of this competition, rates had been reduced from 50 to 40 per cent.

The Postal Company, he said, was the only company which ever succeeded in competing with the Western Union and if the Postal Company combined with the Bell Telephone Company and the Western Union, there would never be another competitive telegraph company, because it is practically impossible to obtain entrance into the very commercial centre, or to obtain rights of way on highways between great cities.

To the direct question "whether he favored telegraph companies being placed under the Public Service Commission," Mr. McKay answered: "We have no objection to being placed under the Public Service Commission, because it is practically impossible to obtain entrance into the very commercial centre, or to obtain rights of way on highways between great cities."

"How much salary do you receive?" counsel asked the Postal president. "I occupy a unique position in that respect. I draw no salary whatever from any of the companies."

IT'S THE TALK OF THE COUNTRY SIDE

How Dodd's Kidney Pills Cured Mrs. Samuel Thompson's Dropsy.

HERS WAS A TERRIBLE CASE AND THE DOCTORS WERE POWERLESS TO CHECK IT, BUT THE GREAT KIDNEY REMEDY CURED IT.

Holt, Ont., Jan. 21 (Special).—All the country side about here is talking of the wonderful cure of Mrs. Samuel Thompson of this place. She was taken sick with jaundice, and though the doctor was called in she grew steadily worse. Her stomach was so bad that she could not keep anything on it. Dropsy set in and she bloated to a terrible size. The doctor came three times to tap her, but her husband would not allow him to do it, saying that if she could not get better they might let her die in peace. Finally she dropped the doctor and tried other medicines, but they did her no good. Her leg burst and the water streamed from it. Then someone told her about Dodd's Kidney Pills and she asked her husband to get her a box.

After taking them a while she took a bad turn. Something would come up her throat and she would vomit. The water would just fly from her mouth. But from that time she commenced to get better, and today she is a well woman. Dodd's Kidney Pills cured her.

To Dodd's Kidney Pills cure Dropsy by putting the kidneys in condition to take the surplus water out of the blood. They always cure it.

TREASURER'S SALARY EXCITES DISCUSSION

York County Council Thinks Poll Tax Should be Higher—Concludes Four Days' Session.

FREDERICTON, N. B., Jan. 22.—York County Council concluded its annual session yesterday afternoon, when all remaining business was wound up. The grant to the Victoria Hospital was decreased from \$700 to \$500. All the old officers were re-elected. A motion was made that the secretary treasurer's salary should be made to include extras. This brought forth some lively speeches and it was finally decided that a committee should report at the next meeting to place an estimate before the council what such salary should be if such a course was adopted. An amount of \$100 was granted to the keeper of the jail for the expense of saving of wood during the year. The matter of lighting the jail by electricity was left to a committee to report upon at next meeting as to the cost of the service. The council adjourned at five o'clock, after a four days' session.

The council passed a resolution during its sitting yesterday that the poll tax placed by the highway act was not excessive and that the poll tax, many felt, should be increased.

FULL HOUSE GREETED COLONIALS LAST NIGHT

And Grew Enthusiastic Over Their Presentation of "The Lost Paradise"—Locals in the Cast.

The Colonial Stock Company gave a meritorious production of "The Lost Paradise" to a large audience at the Opera House last evening. Frequent bursts of applause and curtain calls showed the appreciation of the large numbers in attendance. The play is one of the best in the company's repertoire. Burton Mallory handled the difficult character of Ruben Warren in an excellent manner. Paul W. Hillis was perfectly at home in the role of Andrew Knowlton. Arthur McCloskey of this city, made his first appearance in the cast as William Hyatt. He has been seen on the local stage on previous occasions and his playing of a difficult role last evening was highly commended. It is hoped that he will further assist the Colonials. J. W. Hartman, Carl Blyth and Cortland Hopkins were all good in their respective roles. As Margaret Knowlton, Miss Warren gained in favor with the audience. She was well at home in this role. Miss Helen Reynolds gave a capable performance of Nell, the factory girl.

Comely was not lacking in the production. Frank Oliver and Miss Myra Crowe had the house in laughter at their actions and made an excellent impression. Frey Charters as Billy Hopkins and Miss Mollie Revel as "Cinders" gave an excellent interpretation of the funny side of factory life. The play was beautifully staged. Elaborate scenery was used in the second act, when the large iron works were shown in motion. The settings for the first and last acts were carefully executed. Applause was general, when the factory scene was shown in the second act.

The company will repeat "The Lost Paradise" this evening and the play merits a large attendance. This afternoon "The Power of Truth," a bright four act drama will be presented.

JUDGE DEFENDS THE JURY SYSTEM

Hon. Mr. Riddell on "Courts and the People"

Jurors Under Oath Better Qualified to Judge Than Outsiders—System Not Perfect.

OTTAWA, Jan. 21.—"The courts and the people" was the title of an address delivered by Mr. Justice Riddell before the Eastern Ontario Live Stock Association here.

In his opening remarks Mr. Justice Riddell said that the press of Toronto had the habit occasionally of good-naturedly fibbing him as the "Canadian farmer" and that he was glad he had been brought up as a farmer boy.

"They are the mainstay of the nation—and while the heart and brain of the farmer remain sound there is no fear for the future of the land."

Continuing, he referred to the manner in which the farmers were ever looking for information on matters of public moment, and it was along this line that he had no doubt been asked to speak on the subject of "The Courts and the People."

In dealing with the matter, he would only attempt to give the plain facts without abridgment, and certainly in no spirit of levity.

"The civilization of the people," he said, "depends largely upon the existence of strong and independent courts, and when for any reason the courts become weak or in disrespect, anarchy is not far distant."

After distinguishing between civil and criminal law, he went on to say that it was the boast and pride of the English-speaking people that they were governed by law and not by whim or caprice, and that this law was administered by courts independent and impartial.

Mr. Justice Riddell was rather surprised, considering the very great part that law plays in our society, that the elementary principles of the administration of justice are not made an important part of the curriculum at least of our advanced schools.

The speaker pointed out that the courts have no power in themselves. All they had was derived from the legislature. Judges were public servants, performing duties which were imposed upon them by the legislature.

Our law, he pointed out, was based largely on the "English common law," which was the basis and substructure of our jurisprudence. The English common law was simply the custom of the ancient people of England, which custom they enforced as rules of conduct.

Mr. Justice Riddell next turned his attention to the duties of judges, and dwelt on the complexity which sometimes existed. If a simplification of the laws could be made no one would welcome it more heartily than the judges.

Dealing with the case of the jury, he said that the duty of the jury was to make up their own minds as to what the facts were, and that view must prevail.

"No matter what care is exercised in the selection of jurors, it will occasionally happen that some men are not of sufficient strength of mind to perform satisfactorily what our law demands of them."

THE JUDGES' DUTY. Mr. Justice Riddell said the opinion had been expressed that it might not be a bad thing if Canada had a written constitution, which would place certain restrictions on the powers of the legislature, but, as it was, they had the power to legislate away anything

Bricklayers' Convention—St. John's Saw the Comet—Thread Trust Closes

Down—The Cost of Living

NEW ORLEANS, La., Jan. 21.—A special from Jackson, Miss., says that Sheriff Hubbard of Simpson county, Miss., and a citizen named Magee were shot and killed by a negro whom they were attempting to arrest near Magee today.

NEW YORK, Jan. 21.—Government aid, kerosene and quinine will be applied by Marshal Henkel and his deputies to 46,000 spoiled sardines shipped here from Lubec, Me., since the day's session of the convention held in Ford Hall.

BOSTON, Jan. 21.—William J. Bowen of New York was re-elected for a third term as president of the Bricklayers' and Masons' International Union of the United States and Canada at its 21st annual convention held in Ford Hall.

ST. JOHN'S, N. F., Jan. 21.—A comet supposed to be the one recently announced through the Harvard observatory, was seen here at 10 o'clock last night in the western horizon. It had

that looked in the nature of an injustice, such as combines or other questions where the rights of the individual are encroached upon. It was, he repeated, the duty of the judge to obey the legislature. Dealing with some flagrant miscarriages of law, the speaker said, in passing: "I have been recently engaged in the law courts more than 25 years, counsel and judge, and I give it as my deliberate opinion that a jury of twelve men in most cases as good a tribunal for determining fact as any other which has ever been devised, and in many cases the best."

Reverting to certain cases, he spoke of the man who was charged with murdering his wife by beating. He was tried and convicted. A new trial was ordered, and, as the man had been drinking, the idea seemed to have gone abroad that the law was laid down that drunkenness was an excuse for crime. This was beside the facts. If the man was so drunk that he did not know what he was doing, it would be an extenuating circumstance. The jury at the second trial took this view of the matter and found the man guilty of manslaughter. Some jurists might have thought differently, so might some judges, but the jury had to pass on the evidence upon their oaths, and if they made a mistake it could not be helped. The law, however, had not been altered or modified. Revenge was also made to the Turner case, and he held that nobody who did not hear all the evidence could say whether the jury were justified or not. If sentiment had played a part, it was a matter between the jurors and their God.

"We are all, perhaps, too apt to look upon the prisoner in the dock as a quarry, a game animal, and his prosecution as being in the nature of a sport," he said, "and to consider that it is no great matter to anyone but the accused of what he is convicted, or whether he is convicted or not—instead of looking at a trial as a stern and exacting duty by the people in an offence against themselves, in which it would be as great a failure of justice and as harmful to the people that a guilty man should escape, as that an innocent man should be convicted. And the future of this land, so far as safety to life is concerned, lies in the hands not of the police alone, but largely in the hands of jurors—if parties do their duty that is secure, it not we retrograde into the ranks of inferior people."

PAWTUCKET, R. I., Jan. 21.—Because of a strike of the officers and back boys at mills Nos. 4 and 5 of J. & P. Coats, Limited, otherwise known as the cotton thread combine, last Wednesday, the corporation posted notices at all six of its factories announcing that they will be shut down Monday for an indefinite period.

PHILADELPHIA, Jan. 21.—"That the constantly growing standard of living among Americans is partly responsible for the present high cost of living and that in social co-operation lies the remedy is the opinion of Professor Simon Nelson Paton of the Wharton School of Finance and Economics of the University of Pennsylvania.

"There is no doubt that the combinations controlling food and other commodities make the prices high. They are but taking advantage of natural conditions and reaping the profit that could be disseminated among the consumers if they could bring themselves to act as a unit. Prosperity has wrought great changes in the mode of living in America and abroad and these changes, their combinations to handle products in large quantities has not resulted in evil entirely to the people, although some classes have been less benefited than others."

PREMIER BRIAND ON THE SCHOOL QUESTION

Blames the Church for Reopening the Issue—France Will Fight to a Finish.

PARIS, Jan. 21.—Premier Briand intervened in the debate on the school question in the Chamber of Deputies last night and was roundly applauded. In his speech he blamed the Church for reopening the agitation in France when the question was in a fair way of settlement. Rejecting the counsels of moderation by many bishops and members of the clergy and a great majority of the Catholics, the premier said the church had launched a war upon the public schools of France by deliberately inciting the pupils to revolt and caused their parents to remove their children from the schools. Nevertheless, M. Briand continued, France was confident she was in the right and would continue calm and patient under the assault. He did not propose a state monopoly in teaching which would only be another incitement to strife but the public school teachers who had been sweepingly condemned by pastoral letters would be protected and upheld. The premier lauded the public schools as free and broad in preparing children for real life, leaving to their homes the question of religious teaching as against the church schools, where, he said, the dogma overshadowed all.

CONDEMNED TO DEATH BUT CANNOT BE FOUND

Jan Poursen, Accused of Murder, Believed to be Somewhere in the United States.

ST. PETERSBURG, Jan. 21.—A court-martial at Riga has condemned to death Jan Poursen, who was accused of murdering a Dr. Katterfeld in Kurland and exacting equity by the people in an offence against themselves, in which it would be as great a failure of justice and as harmful to the people that a guilty man should escape, as that an innocent man should be convicted. And the future of this land, so far as safety to life is concerned, lies in the hands not of the police alone, but largely in the hands of jurors—if parties do their duty that is secure, it not we retrograde into the ranks of inferior people."

FIGHTING TALK IN PUBLIC ACCOUNTS

Dr. Reid Says Witnesses Perjured Themselves

"Coward," Said Carroll, "Name the Man" He Demands—No Answer.

OTTAWA, Jan. 21.—Just as the public accounts committee was about to adjourn today after hearing further evidence in the Richibucto wharf case, Dr. Reid, of Granville, precipitated a row by declaring that in connection with this case, as had happened on previous occasions, some of the witnesses had committed perjury.

"I believe," he said, "that some of the men whom we have heard have deliberately perjured themselves and I intend to put a stop to it. Perjury should be punished by prosecution by the Attorney General of the province or by some one else. I intend to report to the house that they have committed perjury and demand that the house shall take action."

"I believe," he said, "that some of the men whom we have heard have deliberately perjured themselves and I intend to put a stop to it. Perjury should be punished by prosecution by the Attorney General of the province or by some one else. I intend to report to the house that they have committed perjury and demand that the house shall take action."

Dr. Reid—"Well I believe there has been perjury committed and there are others who believe the same thing. I do not intend to let the matter drop."

Mr. Carvell—"I think it is a very reasonable proposition for this reason, you see, he makes there an offer for the property of \$5,000, and I take it for granted that they want this property as a business proposition, and I think that is true, because, if Mr. Murray stated what is true, they requested him twice to withdraw the offer but he had given the government and stated that they would give him more than that for it."

"The fact was alleged that Dr. Pugsley did not see Messrs. Loggie when he visited Dalhousie. It is where, it has been reported that the minister and the engineer and Messrs. Loggie were after consultation in the public office, by telegram for dredging at Pictou."

In answer to a question as to whether he had ever seen the Richibucto wharf of Public Works said he had, he knew a good deal about the value

P. E. ISLAND SPORTS

CHARLOTTETOWN, P. E. I., Jan. 22.—The Crystal of Summerside, defeated the Abegweit, by 7 to 6 in a fast and exciting hockey game last night in the second game of the Island League series. At one time the score was 5 to 5 and it took twenty minutes extra playing to decide the issue.

Among the competitors for the Maritime skating championship were, at St. John's, Thompson, Amherst, and possibly Banchie, of Amherst; Sterns, Flood, Crosby and Reddin, of Charlottetown.

BUENOS AIRES, Jan. 21.—Rumors prevail here regarding the situation brought about by the 20 to 25 leagues. The newspapers publish reports of uprisings in several of the provinces of Uruguay in accordance with revolutionary plans, which are said to be on a vast scale. The censorship in the republic continues rigorously. It is impossible to get details of the outbreak. It is understood, however, that the inhabitants of Uruguayan are greatly alarmed over the situation and that President Villoria has announced his determination to inflict exemplary punishment on all persons guilty of complicity in the insurrectionary movement.

James D. Irving of Buctouche, a coal and lumber merchant, said that he knew sawdust wharf, at Richibucto, and he had owned it he would not have accepted \$5,000 for it. J. B. Foster of Dorchester, who says the sawdust wharf built, declared that if he owned it and were doing business in Richibucto he would not take \$10,000 for it.

Hon. Mr. Pugsley said he wanted to go on the stand and be examined by the Minister of Public Works stated that in view of the statement that had been made by Mr. Pugsley that Messrs. A. and B. Loggie had expressed their willingness to offer \$5,000 for the sawdust wharf, he had asked that Messrs. A. and B. Loggie be subpoenaed to give evidence. A physician had testified that Mr. Loggie was unable to attend, and yesterday the department received a letter from A. and B. Loggie offering to purchase the wharf for \$5,000 and enclosing a marked check on the Bank of Montreal for the amount. The offer was to remain open for thirty days. Mr. Pugsley said the offer was purely voluntary, there having been no communication with the Messrs. Loggie in regard to the subject. As Minister of Public Works he proposed to make a counter proposition to Messrs. Loggie to retain the property to enable the extension of the railway and to receive the remainder to Messrs. Loggie at the rate of \$5,000. If that proposition was refused he did not propose to dispose of the wharf.

The Ballade of Fido

Some have a Persian cat, Watchful the long days through. Others have a spaniel fat Or a parrot of vivid hue; Ours is a pet more true, Faithful, tried to the core, Adhesive as gum or glue, Fido, the Wolf at the Door.

There on the outer mat, Watchful the long days through, Dare him with this or that. Still he commends the view. For exercise his his due, To follow to shop or store, With warning growl or howl, Fido, the Wolf at the Door.

True to his habit, Watchful the long days through, Dare him with this or that. Still he commends the view. For exercise his his due, To follow to shop or store, With warning growl or howl, Fido, the Wolf at the Door.

Callers, this word for you, Step lightly, your hosts implore, Lest you trample on old Fido, Fido, the Wolf at the Door.

The Rev. A. B. Cohen will be the speaker at the Thorne Lodge Gazebo. Temperance meeting to-morrow afternoon at four o'clock in the Haymarket square. There will be special music.

FOUND FIRE STATIONS IN PERFECT ORDER

Lancaster Housas in Better Repair Than Expected—Extra Men for Fire Dept. Recommended.

The Safety Board will hold a special meeting on Monday afternoon at four o'clock to hear the reports of several sub-committees.

Owing to complaints received at the permanent men they have found everything in perfect order and the men profess to be very well satisfied with the condition of the stations and their own quarters.

The city's houses at Lancaster were inspected by inspectors of the fire department and were found to be in much better order than had been expected.

A third committee will report on the suggestion to appoint two extra men to the permanent fire force with a view to making it possible for all the men in the Yukon during which he became known from one end of Canada to the other, settled down last year in Sydney, C. B., as pastor of St. Andrew's Church.

Since he took charge the attendance and membership have steadily increased until the church edifice has been completely outgrown. At the regular services it has been necessary to place extra chairs wherever room could be found and even so all who wished to attend could not be accommodated.

These conditions led to the inauguration of a campaign for a fund for the erection of a new church building. Enough has already been subscribed to make the new church an assured fact and work will be started in the spring.

A lot opposite the present church has been secured and a handsome church will soon be in the course of erection. When it is completed the present church will be used for the Sunday school services, concerts, etc.

The congregation is the largest in Sydney and an interesting feature of the church work is that services in Gaelic are held every Sunday for the older members of the congregation. Dr. Clarence McKinnon, now principal of Dalhousie College, was pastor of the church a few years ago and settlement was associated Rev. Mr. Forbes, brother of Hon. J. G. Forbes, of this city.

The last pastor was Rev. J. J. Anderson, now field secretary of the Young People's Missionary Movement. Dr. Pringle now has as his assistant, Rev. McQueen, a brilliant young clergyman, who is a recent graduate of Dalhousie University and Pine Hill College.

R. D. ISAACS FACES A SERIOUS CHARGE

The charge is that Isaacs and Miss Riehalet left Diarral suddenly and went to New York, where they claimed they were married. Shortly after they returned, and the girl, who is apparently now at home, the girl's father immediately had papers drawn up for Isaacs' arrest and L. E. Pantheon, K. C. of this city was given charge of the matter and the authorities were instructed to arrest Isaacs on his return. The matter is being kept quiet and it is difficult to get the facts. The case is being heard behind closed doors this morning, adjournment being made at noon until two o'clock.

The girl in the case is a member of one of Diarral's best families.

OLD BLACKHALL PLACE AT LAKEWOOD BURNED

The dwellings and barns of E. F. Simonds of Lakewood were totally destroyed by fire this morning. Residents fought the flames with buckets of water, but could not stop the progress of the fire. A portion of the furniture was saved.

The blaze was discovered shortly after 10 o'clock and had gained considerable headway. The dwelling and barns were soon in flames. The farm hands were successful in saving all the live stock but one pig, which was roasted. The property was formerly owned by the late Robert Blackhall. The dwelling was of two stories. The property was insured with the Royal Insurance Co. for \$1,500.

EAUCLAIRE, Wis., Jan. 22.—Captain Victor Wolf, who carried the famous eagle "Old Abe" throughout the Civil War as the mascot of the Wisconsin Eagle Company, is dead here at the age of 88 years. The eagle is now a relic in the National Museum at Washington.

THE MEAT BOYCOTT STEADILY SPREADING

Women Join Movement Against High Prices

Chicago Labor Party Will Conduct an Enquiry Into Reasons for the High Cost of Living.

NEW YORK, Jan. 22.—The boycott for cheaper meat waxed hotter in New York today. Pledges to abstain from meat eating for thirty days or more were extensively circulated and signed, and the indications were that the movement, although slower in getting a foothold here than in many cities, will reach impressive proportions in metropolitan territory.

Formal action by many organized bodies is expected to follow the general trend aiding families to cut down their meat consumption, a movement said already to have reduced sales at the retail shops 50 per cent.

Women are taking the leading part in the local agitation. Today arrangements were being made for a great mass meeting of women in Union Square at noon on Tuesday next to protest against the high prices of food-stuffs and sign a mass abstention pledge. The National Progressive Women's Suffrage Union is arranging for the demonstration, which is expected to be one of the most impressive in the city's history.

CHICAGO, Jan. 22.—Organized labor of Chicago has joined actively in the war on high prices of meat and other commodities. The Chicago Federation of Labor several weeks ago decided to take up the cudgels against high prices of meat, and the appointment of a committee was authorized for the purpose of making the investigation. The secretaries of all affiliated unions will make investigations among the members touching the cost of living, two, five and ten years ago, as compared with the present cost of commodities.

The purchasing power of a dollar today as compared with two, five and ten years ago will be used as a basis. Not only meat but all articles of food will be included in the inquiry.

C. M. BOSTWICK BUYS THE THOMSON RESIDENCE

Paid \$10,000 for it—Does Not Know Whether or No: He Will Occupy the House.

About one hundred and fifty citizens were attracted to C. M. Bostwick's house today to attend the auction sale of the property. Mr. Bostwick said this afternoon that he had not decided as yet whether he would occupy the house or not.

Auctioneer Lantulum drew attention to the value of the property and the fact that its price would rise with the boom of St. John. A bid of \$8,000 was first made. Bids of \$9,000 and \$9,500 followed and the auctioneer gradually got the figure to \$10,000. Mr. Bostwick paid the \$10,000 deposit to Mr. Lantulum.

The Thomson property was built by the late Governor Boyd. It was purchased by P. S. MacNutt for \$14,500. J. H. Thomson later became the owner, securing the property for \$11,500. The residence is one of the finest in the province.

Auctioneer Potts offered a two-story dwelling with barn on the Marsh road. The property was withdrawn at \$700.

INMATE OF POORHOUSE COMMITTED SUICIDE

New Market Authorities Censured for Sending Lunatic to Toronto Jail.

Three deaths were recorded at the Board of Health offices during the past week. Causes of death were as follows: Inflammation, tuberculosis, cerebral paralysis, aged 71 years.

The names of the deceased were as follows: Harley W. Thomas, 11 Frederick street, aged 3 years, 4 months. James H. McAvity, 165 Lestrange street, aged 71 years. Blanche McHarg, 181 Water street, W. E. aged one hour.

The small death rate is considered a record for St. John. The average number of deaths for a week is about fifteen, and on one occasion five were registered. Secretary Burns cannot recall a week that there were but three deaths.

The inspectors of the Board of Health have not placed a card of any description on a St. John house during the past ten days. This is a sign that contagious disease is abating here.

Register Jones reports five births during the past week. Three of the number were males. There were four marriages.

Joseph Gibbs, who was sentenced to the reformatory by Magistrate Masson, of Fairville, today committed to that institution by Mayor Bullock.

There has been some delay in getting the papers in the required form and the meantime the boy has been lodged in jail. The sheriff has been protesting against keeping him there and in consequence the arrangements were hurried to completion this morning and the boy starts for his new residence this afternoon.

Rev. W. R. Robinson will speak in the Every Day Club on Sunday evening at 8:30 o'clock.

MONCTON AND BUCTOUCHE RAILWAY REORGANIZED

Will Extend to Richibucto and Carry on a Service to West Cape, P. E. I.

MONCTON, Jan. 22.—A new company is being formed to control the Moncton and Buctouche Railway and the name has been changed to the Buctouche Transportation Company. This company has already applied for a Dominion charter to extend the road to Richibucto and to carry on a service between the mainland and Prince Edward Island, the points being Richibucto and West Cape. It being contended that this is the only piece of water more open during the year round than any other part.

Odd effects are gained in chiton gowns by mounting them over a contrasting shade.

THE BENGORE HEAD HAD A RATHER ROUGH TIME

Not an Ounce of Coal Left on Sunday Last—Woodwork of the Steamer Was Used as Fuel.

ST. JOHNS, Nfld., Jan. 22.—The experience of Captain Ferguson and the forty men completing the crew of the steamer Bengore Head, which was towed into port last night, made a thrilling day for the Bengore Head men.

The steamer was picked up at sea by the Allan line steamer Pomorian last Sunday there was not a pound of coal left in her bunkers. In her determination to reach port, Captain Ferguson had him dig out all of the vessel's woodwork for fuel. When the Pomorian fell in with the Bengore Head the latter craft had been helpless for two days and was drifting dangerously near the Virgin Rocks, off the Newfoundland coast, at the mercy of the wind and waves.

The last Saturday all of the steamer's boats were washed away by the seas which constantly swept the steamer. The Bengore Head was towed into port last night and a 25 days' trip across the Atlantic from Liverpool, England, she is bound for Sydney, N. S.

TUNISIAN GOT AWAY EARLY THIS FORENOON

Hon. Chas. Devlin One of the Passengers—Other Shipboard Movements

Allan liner Tunisian, in command of Capt. Fairful, sailed for Liverpool via Halifax at 9:30 this morning, in addition to a large general freight the Tunisian carried 8,000 bushels of grain. She took away thirty saloons, forty-five second cabin and 130 steerage passengers.

The Maritime people about the Tunisian were Miss Mary Allan, Mrs. Dobbie, D. J. Brown, St. John; Miss Bischoff, Miss Dodsvel, Mrs. W. L. Payson and child, Halifax; W. O. Creighton, West River, N. S.

Hon. Charles Devlin, a member of the Quebec government, was among the saloon passengers aboard the Tunisian.

Allan liner Hesperian, under charter to the Canadian Pacific Railway, will reach Halifax this evening.

The Donaldson liner Lakonia, said this evening for Glasgow. The steamer will carry a large general cargo. There are ten horses on board.

Inneshoven Head arrived in port this morning.

ICE WEAKENED, BUT TEAMS STILL CROSS

In spite of the weakened condition of the ice teams were still crossing at Moncton today. Great care had to be taken, however, to avert dangerous spots, as the ice is treacherous, especially on the western side.

Reports from further up the river are to the effect that the ice has not felt the effects of the thaw to a very great extent and teams are still crossing regularly. It is feared, however, that the continued mild weather and the rain that has been promised will have the effect of making the ice unsafe for some distance up. So far not much ice has come down to Indiantown, but at other day will probably start it running to some extent.

Anthony; piano solo, Miss Ellie Smith; cornet solo, H. C. Creighton; vocal solo, Geo. Griffith. After the programme had been concluded a social evening was spent pleasantly with refreshments being served.

The annual business meeting of the Ladies' Progressive Bible class of the Victoria street United Baptist church was held last Monday evening. The different reports read were very satisfactory, showing an enrollment of 19 in the class with an average attendance of 27. There have been 1,148 sick and social visits made during the year and over 100 visits made to the General Public Hospital. The following officers were elected for the ensuing year: Mrs. Scott, president; Mrs. Vallis, vice-president; Mrs. Watts, recording secretary; Mrs. Sprague, asst. sec.; Mrs. Erb, treasurer. The pastor, Rev. Mr. Noble, addressed the class on their work, and Mr. Downey, teacher of the class, also spoke before the meeting closed.

MRS. CURREY GETS ALIMONY; PAYS HER OWN LAWYERS

Seventy Five Dollars a Month for Living Expenses Will be Granted—No Costs Allowed.

Argument on the application for alimony and suit money in the case of Mrs. Elizabeth Curry vs. Lemuel A. Curry was concluded in chambers before Mr. Justice McKewen this morning. After hearing the argument of Mr. M. G. Teed, K. C., for the plaintiff, and Mr. C. N. Skinner, K. C., for the defendant, the court ordered the alimony to be continued until the appeal was ended and dismissed the application for suit money. The amount of alimony is seventy-five dollars per month. This means that Mrs. Curry gets her living expenses but has to pay her counsel out of her own pocket.

DOUGLAS MCGARTHUR MAY RUN FOR MAYOR

Douglas McArthur announced today that he was in the field for the mayoralty. He intends to hold public meetings and discuss civic topics. Mr. McArthur is the first to oppose Ald. Prink for the chief magistrate's chair.

Talking with The Star, Mr. McArthur said that he would shortly arrange to hold a public meeting of the electorate. He intended to take up the leading questions in civic affairs. Mr. McArthur says that he will explain his position in respect to the lighting of the city.

The new candidate has served at the council board on previous occasions. On his retirement about four years ago he was an alderman for Dufferin Ward. Prior to that he served four years as alderman at large.

BURGLARS ENTER PRINCE WILLIAM STREET STORE

D. K. McLaren's Premises Broken Into at Early This Morning—Work Rewarded by D. J. a Dollar in Cash.

The office and warehouses of D. K. McLaren, limited, on Prince William street were entered by a crook early this morning and besides damaging a roll top desk about five dollars in cash was stolen. This morning when the office boy tried to open the office he found the Prince William street door barricaded with two cases and a broom. He telephoned the circumstances to Andrew Inglis, the manager, and then the burglary was discovered. It was found that a hole two inches in circumference was bored in the back door which reached from a yard off Church street. Through the hole it was easy to raise the bar of the door and allow an entrance. The placing of the cases and broom against the door was probably done to prevent a surprise. The crook opened all the drawers in the desks and finding Mr. Hamlin's cash drawer locked an axe was brought into use, and the top of the desk was broken open and about five dollars was stolen from the cash box.

The thief left a knife and a pair of steel pliers behind him. Mr. Hamlin communicated with police headquarters and Detective Killen is working on the case.

Mr. Hamlin says he was in the office about eleven o'clock last night and everything was all right then.

On Sunday evening, January second, the home of Mrs. Margaret Stevens, on Waterloo street, was entered. In this case about a two or three-inch hole was bored in the front door and the lock turned from the inside. Mrs. Stevens and others were at church at the time and the house was ransacked and a number of articles stolen.

WAS THE DAUGHTER OF A LOYALIST

Death of Mrs. Mary D. Clark, of West St. John Robs City of One of the Oldest Residents.

St. John loses one of the few surviving first generation descendants of the Loyalist settlers of the city in the late John E. Clark, who was a daughter of the late Capt. Wm. Craig of Carleton. In spite of her advanced age she is survived by one brother, Geo. Craig of Millidgeville, and one sister, Mrs. McCaffrey of West St. John. She also leaves four sons, George A., E. Clay, Thomas W., Whitney S., all of West St. John; and daughter, Mrs. John H. Cogswell of Truro, Mrs. Elliott McCallum, Mrs. McEwen and Mrs. John Harnett of West St. John.

The deceased, who was about ninety years of age, was the widow of the late John E. Clark and was a daughter of the late Capt. Wm. Craig of Carleton. In spite of her advanced age she is survived by one brother, Geo. Craig of Millidgeville, and one sister, Mrs. McCaffrey of West St. John. She also leaves four sons, George A., E. Clay, Thomas W., Whitney S., all of West St. John; and daughter, Mrs. John H. Cogswell of Truro, Mrs. Elliott McCallum, Mrs. McEwen and Mrs. John Harnett of West St. John.

The deceased was a life-long resident of St. John and was highly respected and esteemed by a large circle of friends. She was a faithful member of Loyall street Baptist church, having been a member for 53 years.

The funeral will be held at her son's residence, 13 Prince street, West St. John, on Monday afternoon at 2:30. The service at the house will commence at two o'clock.

MR. SUMNER'S SOLUTION OF TELEPHONE TROUBLES

Signs That Company be Taken Over by Provincial Gov't—No Hopeful of Success of Scheme However.

A suggestion that the business of the New Brunswick Telephone Company be taken over by the provincial government came from Fred Sumner yesterday, one of the largest stockholders, who was in the city to attend Thursday evening's meeting of the company.

"With the present rates," said Mr. Sumner, "it is impossible to maintain the company as a business proposition. I did not put my money into it to draw a meagre six per cent, but it will not even pay that. The service given is the best I have ever seen in any part of the country. It is too good now to afford a paying proposition, and if the public is sticking now, the only way to retain the system is through its purchase by the government. I, for one, would be glad to dispose of my holdings."

Mr. Sumner was at the same time rather pessimistic as to the success of the government as a telephone concern. The public would find, he said, that a good service could not be maintained by a government at any cost, and to run it without a large annual deficit would be the only way that municipal ownership was never a success.
