

STRIKING ENDORSATION OF PROGRESSIVE PROGRAMME OF PROVINCIAL GOVERNMENT

Hon. J. D. Hazen Exposed Hypocrisy of Opposition at Mammoth Meeting at Opera House Last Evening.

Minister of Marine and Fisheries and Hon. Robt. Maxwell Describe Benefits that Have Accrued to Province Under Honest Administration—Enthusiastic Audience Augurs Victory for Government Candidates.

Splendid speeches dealing with the long array of achievements of the provincial government, and contrasting its record of progressive and honest administration with the continuing crop of scandals and revelations of corruption which marked the course of the old government, were made by Hon. J. D. Hazen, former premier, and Hon. Robert Maxwell, former president of the executive council before a large and representative audience in the Opera House last evening.

Mr. Maxwell then entered into a consideration of the charges that the present government was responsible for an extravagant increase in the public debt. He showed that expenditures for permanent bridges accounted for 69.27 per cent of the increase, that another \$200,000 was accounted for by the fact that the old government had guaranteed that amount in subsidies to the International railway and that another \$215,000 was accounted for by the fact that the present government had made provision for the suspense account of the old government.

Nothing was said by the opposition of the fact that the old government during its last years had accumulated a surplus amounting to \$385,741, but in spite of this they left the roads and bridges in a deplorable condition. Continuing the speaker pointed out that while the old government issued bonds for repairing bridges, this practice had never been reversed to the present administration.

When Mr. Maxwell arose he was greeted with loud applause and cries of "What's the matter with Maxwell? He's all right." In opening Mr. Maxwell said it was fitting that he, having represented the city for a considerable time in the legislature, should say some things in reference to the administration of provincial affairs, especially during the time when he was a member of the government.

Summary Conviction

The lengths to which a rabid supporter of the local Opposition will go in discrediting the work of the present government was well illustrated by a communication from Mr. J. Shanklin, of St. Martin, which appeared in the "Telegraph" yesterday. Mr. Shanklin by deliberate misstatement seeks to prove that when certain work was done last year at Ferry's bridge, in the parish to which he belongs, a payment of \$25 was made to a contractor.

Telegraph Made Characteristic Blunder in Report of Meeting. Government Candidates Creating Excellent Impression in Gloucester, While Opposition is Growing Uneasy.

Special to The Standard. Bathurst, June 7.—The statement of the Hon. C. H. LaBallois that the opposition ticket would be elected by a majority of 1900 majority, has caused a great deal of amusement in town, the most ardent oppositionists do not claim that the whole ticket will be elected, but says that two are sure of election. On the other hand the government party is confident that its whole ticket will win with a substantial majority.

LABOR WAR IN BOSTON

Elevated Railway Employees of Hub Want Recognition of Worth—Disorders Spread and Many Men Quit.

Boston, June 7.—The first city wide street railway strike in Boston in a quarter of a century broke at dawn today with some violence, when 3,000 employees of the Boston Elevated Railway Company quit work because of the failure of the company to recognize their newly formed union. The strike led to a general strike of the 6,000 employees of the road, including motor men, conductors, guards and brakemen, had joined their ranks.

All the meetings were largely attended and great enthusiasm was shown. The people of the Tobique as well as other parts of Victoria are taking a great interest in the campaign and are determined to vote in favor of Premier Fleming and the St. John Valley Railway.

Toronto, June 7.—Rev. The charge arose out of a circular issued by Mr. St. Clair to a number of Toronto clergymen, in which he requested that they circulate a performance at a local burlesque theatre.

Unmistakable Evidence of Sentiment of People Afforded by Moncton's Enthusiastic Reception of Premier. Dr. Price will Sweep Polls in Good Government Cause—Speakers Point to Empty and Misleading Manifesto of Opposition Leader and Compare Records of Old and New Administration.

Special to The Standard. Moncton, June 7.—Further evidence of a most striking character, that Westmorland County is sold for the candidates of the Fleming government was unmistakably afforded to night by the magnificent welcome which Moncton extended the Premier of the best government this province has ever known.

The Same Man. He had heard that Mr. Pugsley was taking a part in the election, and it was hoped that this fact would add to the power of the opposition. This was the same Mr. Pugsley who at the time the old government was turned out of office had in his possession something more than \$5,000 of the public funds. When the government was turned out of power, Mr. Pugsley found it was necessary to return this money, and he did this from Ottawa, during his letter two or three days before the date of the election, but the post mark on the envelope gave the whole snap away.

Dr. Price then referred to the legislation which had been passed providing a pension for the school teachers of the province. This was advanced legislation which was directly in the interests of the school teachers who have given the best years of their life to the cause of education. The temperance legislation which the Fleming government had adopted, was in line with the desires of the temperance people. It required much work to pass this legislation in the face of the local interests in St. John.

The Poor Sea Worms. In conclusion Dr. Price said he wished to refer to some promises which had been made to the people of Moncton. The Transcript in glowing headlines in the year 1908 said that there would be a big crossing works in Moncton, but they had never yet smelted the fumes of creosote. In connection with this Mr. Hawke of the Transcript, went to Point Du Chene where he had been informed the sea worms were eating the wharves. The worms had since disappeared and had it been reported that some Transcript had fallen in the water during Mr. Hawke's visit he did not know whether the worms had been poisoned by the Transcript or not. (Laughter.)

DR. O. B. PRICE. "I am proud to be a candidate of the Fleming government, because I believe it has the best interests of the working class."

HON. J. K. FLEMMING. "Mr. Copp is nervous regarding our credit. There will be no trouble regarding the credit of the province if you keep Mr. Copp and his friends divorced from the treasury."

Premier Fleming was the next speaker and when he was called, the audience gave him a literal ovation. The premier was in the form and his address was most aggressive and forcible. In opening Premier Fleming developed the resources of the province.

11-INNING GAME YESTERDAY-- WOODSTOCK WERE WINNERS

About 700 people witnessed the best game of ball that has been played in the N. B. and Maine league series this season. When on the Marathon grounds yesterday afternoon, Woodstock defeated the Marathons by a score of 5 to 3. The game was full of fine play with some errors and the latter were at times responsible for runs. The Greeks, however, played a more steady game than has been seen here on previous occasions and they were in it hard from start to finish and it plainly seen that they are at last getting into shape.

FAST BALL EXPECTED FOR TODAY

The game on the Marathon grounds this afternoon promises to be one of the best, when Woodstock and Marathons will clash with their strongest lineups. The Greeks are out to regain their lost laurels and a feature of the game will be Joe Tarbell on the pitching mound for the Marathons, and Joe is expected to put the sign of the Cuckooquas on Woodstock batters' heads.

S.J.P.B. CLUB PROGRAMME FOR TODAY

The St. John Power Boat Club will have a series of races at Indiantown this afternoon. The chief event will be the race for the Mooney Cup. Great interest has been manifested in this race and it is expected that it will be keenly contested.

NOVA SCOTIA LEAGUE

Special to The Standard. Halifax, June 7.—The Standard's baseball team defeated Westville in a league game at Westville this afternoon by a score of 8 to 6. Rawley was removed from the box in the sixth inning after Westville had lunched some hits and tied the score. In the ninth inning the Standards scored two runs, one on errors in left field. The two teams play at Westville again tomorrow.

Tonight, at 8 o'clock, The Standard's Great \$6,000 Prize Contest Closes

Candidates Should Not Lose Any Time but Send in Subscriptions and Reserve Vote Coupons Early--No Votes Issued After the Closing Hour

TWENTY-SIX PRIZES TO BE AWARDED

Two Ford Automobiles, Eight \$400 Willis Planos, Eight Diamond Rings, Eight Gold Watches, and Ten per cent. Cash Commission Paid to Those Who Do Not Win Prizes if they Worked Until Finish of Contest.

The following named gentlemen will act as judges in The Standard's great \$6,000 prize contest: Charles F. Sanford, Roy L. Sippell, Eustace Barnes, Andrew W. Robb. These judges will be present at 8 o'clock p. m., Saturday, June 8, the closing date of the contest, and they will take charge of the ballot box at that hour. They will count and check the votes polled by the contestants and determine who are the winners of the twenty-six prizes. No prize connected with The Standard will have any part in the counting of votes or determining who are the winners.

At 8 o'clock Saturday night, June 8, 1912, The Standard's great \$6,000 prize contest closes. Not one ballot received at this office will count on the final count after that hour. All reserve votes must be in by that hour. If you have any friends who have sent in votes for you, get them to vote now. A few thousand votes may win the capital prize. Think it over. There are thousands of votes held in reserve in the homes of the Standard's friends. Get all these votes to day. The final count will be absolutely accurate and the decision as to winners will be made impartially and finally.

The contest will close at The Standard office. Get all your votes in as soon as possible after reading this. All votes and subscriptions must be in by 8 p. m., Saturday, June 8. Do not think that all the votes to be had are already obtained. Of the many families in the territory of the contest there are still a few who are not taking The Standard. They will get all getting it as soon as they see that all their friends and neighbors are taking it and they begin to realize that it is the only real newspaper in this vicinity. Get all these votes today. The votes will help you. Those having promises to be redeemed will do well to get busy at once and not put off doing the necessary work until the last few hours.

THE RULES.
About Getting the Votes In. Every facility will be afforded the contestants and their friends for getting their votes into The Standard office. Experience teaches us that when the close of the polls approaches. In spite of the warnings that have been given, it is certain that some of the candidates will put off getting in their subscriptions and votes until the last possible moment. Everything is ready for the close of this fastest circulation campaign. St. John has ever seen. Contestants who fail to win a prize will be paid ten (10) per cent. cash commission on the gross amount of subscription money which they turned into the contest department during the campaign if they have been active workers to the end of the contest.

The rules governing the closing of the contest are printed below. Read them carefully: Contestants cannot be too careful about sending in their ballots—the yellow vote certificates—so that they will reach the contest department before 8 p. m., Saturday, June 8, 1912, and as a matter of precaution every one of them should read and weigh each line of what is printed here. The Standard would dislike to see any candidate lose a single vote because of the excitement which is sure to occur during the last few hours of the contest, or because of some misunderstanding on the part of any contestant. It is impossible for you to exercise too much caution in arriving at a full understanding of the

rules and conditions governing the closing of the contest. First—All votes and remittances, no matter at what time mailed, must be received at the office of the contest department, The Standard building, St. John, N. B., before 8 p. m., Saturday, June 8th, or they will be worthless and will not be counted. Second—All remittances and votes mailed after noon, Friday, June 7th, should bear a special delivery stamp. Third—All remittances should be addressed to the contest manager, The Standard, and not to individuals. This is to prevent confusion. Fourth—No personal cheques will be accepted on the closing day, unless certified. Postoffice or express money orders, drafts or certified cheques or currency will be accepted in payment of subscriptions. Please note this carefully and do not present personal cheques in payment of subscriptions on Saturday, June 8th, the closing day of the contest. Look over the above conditions carefully. Do not jump at the conclusion that you understand any particular one until you are absolutely sure of its full meaning. If the precaution of careful reading is taken there should be no vain regrets concerning votes rejected because they did not conform to the rules of the contest. If in doubt concerning any point, ask questions until everything is clear. It is extremely dangerous to remain in ignorance of any of the rules which govern the closing of the contest. The votes will be counted as usual at 5 o'clock, Friday afternoon and the result printed in The Standard, Saturday, June 8th. After this count, the ballot box will not be open again until the final count is commenced at 8 p. m., Saturday, June 8th. Get your reserves in the ballot box early Friday or Saturday, so you will not miss any of them. Do not lose any of them, for there will be no carry-over of your getting duplicates at this late period of the contest. Do not trust to slow mails. A delay of a few hours may lose a prize for you. Mail them in time to reach this office early Saturday, June 8th or you are apt to lose out. Go in today, tomorrow and the next day to win or forever hold your peace. The race is now up to you and your friends.

Do not ask to have vote ballots issued on subscriptions without the name of the candidate for whom they are to be voted written thereon. The request cannot be complied with. All votes must bear the name of the candidate for whom they are to be voted before they leave this office. Scratched, torn or altered vote certificates will be promptly discarded. Oftentimes a few votes will win or lose a prize, and it is small satisfaction for one to know what they have lost by putting off their final effort until the last hour. Go out at once and do your best to bring your wavering friends who promised you a subscription, into line. If you put it off until the last hour they may be out of town or changed their minds—just do it now.

The battle of the ballots will be more furious as the end approaches, and every candidate is preparing for the struggle which must take place between now and 8 p. m., Saturday, June 8. Indications point to a strenuous finish and many subscribers will be added to The Standard list before the close. Claims and counterclaims of the contestants and their friends indicate that the outcome is everywhere in doubt and the interest will be at white heat.

But it will all be over in a few hours, even though it has been a warm race, the good feeling will be so prevalent that the losers will be helping the winners celebrate. Everybody will be happy and those who have worked the hardest will be the happiest of all.

No information regarding the results of the contest will be given until after the closing of the contest, Saturday, June 8, 1912. The Standard office will be open until 10 p. m., Saturday, June 8, 1912. The contest will be closed at 8 p. m., Saturday, June 8, 1912.

erves polled—to be credited after the close of the ballot box will be given anyone, so do not hesitate to bring or send in your reserves as early as possible. Do not forget that votes in this contest are not transferable and that every vote issued must have the name of the contestant written thereon. Any votes coming in showing alterations or erasures, unless the same are made by the contest manager, will be cancelled at once. The contest closes Saturday, June 8, at 8 p. m. sharp. Votes allowed on all subscriptions

Who Got the Tip?
How did that New York dinner party desert, and the manager himself brought the crackers and coffee. It was awfully exciting.—New York World.
"Fine! I never was so much wailed on in my life. A body brought the soup, the light clerk handled the same, one of the chambermaids served the roast, the elevator man fetched the salad, the bootblack juggled the dessert, and the manager himself brought the crackers and coffee. It was awfully exciting.—New York World."

Miss Helen Taft at the Races

Snapshot of the President's Daughter, Miss Helen Taft, Talking with a Friend in the Paddock at the Race Meeting at Benning's Track.

The poet's words: "In the spring-time a young man's fancy lightly turns to thoughts of love," have never been more strongly exemplified than during the past few bright sunny days. Since dawn on Monday, wedding bells have pealed forth incessantly. The wedding at St. Luke's church, Woodstock, on Monday morning, of Miss Gertrude Raymond, eldest daughter of Mr. and Mrs. W. P. Jones, to Mr. Carleton Wetmore, of the engineering staff of the C. P. R. and son of Mr. and Mrs. George L. Wetmore, of this city, was solemnized by Rev. A. S. Hoel and was a very pretty scene. The bride, who looked charming in a bridal gown of white satin and duchesse lace, with veil and orange blossoms and carried a shower bouquet of white roses and lilies of the valley, Miss Alice Boyer, as maid of honor, wore a very handsome violet silk with tulle of chiffon, with large black picture hat and carried a bouquet of white carnations. The groom was supported by Mr. Charles J. Jones as best man. The ushers were Mr. Arthur Fisher, Mr. George Tibbles, Mr. Burpee Hay and Mr. Stuart Bailey. After the ceremony a reception was held at the home of the bride's parents. Many valuable gifts were received. Many St. John admirers will be glad to hear of the flattering criticism in the Knoxville, Tenn. Journal and Tribune of Miss Lucy Tonge, whose home is in this city. Miss Lucy Tonge is the embodiment of grace, beauty and charm, and will hypnotize all of her auditors into loving her within a few minutes after she appears before the footlights. Clad in the most bewitching of costumes, she sings several songs as only a pretty song bird can. Her voice through which she has reached her pinnacle of fame chiefly, is soft, but full and voluminous and has that soothing effect upon the auditor which great singers' voices so often produce. For sweet simplicity, charm and natural beauty, one need look no further than to the Grand Theatre stage, for Miss Tonge embraces all of these divers attractions.

Larder Lake, Ont., March 26, 1911.

"I am writing to tell you the good GIN PILLS did me. I had been ailing for some time with my kidneys and I was constantly passing water which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful and no rest at night. I began to feel worn out. I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum out to get them (about 60 miles)—and I am pleased to inform you that the pain had left me altogether. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again. Thanking you for the pills which I always intend to keep by me. Yours respectfully,
SID CASTLEMAN.

MISSIONARY SOCIETY ELECTS OFFICERS

Mrs. J. D. Chipman, President of W. M. S. for Year—Closing Sessions Held Yesterday—Weather Excellent.

Woodstock, June 6.—During the week, the weather has been fine and exceptionally warm.

The closing sessions of the W. M. S. were characterized by the same interest as manifested from the beginning of the convention.

The morning of Thursday was occupied with the election of officers for the ensuing year, and presentation of memorials and resolutions.

The election of officers resulted as follows:
Hon. President—Mrs. J. D. Chipman.
President—Mrs. W. B. Coulthard.
First Vice-President—Miss H. E. Stewart.
Second Vice-President—Mrs. S. Howard.
Recording Secretary—Mrs. Geo. F. Dawson.
Corresponding Secretary—Mrs. C. F. Sanford.
Treasurer—Mrs. F. Williams.
Secretary Mission Bands—Mrs. Enman.
Supt. Christian Stewardship—Mrs. Turner.

The delegate elected from this branch to the board of management is Mrs. E. C. Hickson, of St. John with Mrs. H. E. Thomas and Mrs. Lucas alternates. The board meets in Toronto to Sept. 24th, in the Central church.

Miss H. E. Stewart was elected to represent this branch at the annual Methodist conference to be held in Fredericton, during the coming week.

At the closing session, in the afternoon, Mrs. Ross, of Toronto, addressed the convention, her subject being "Students of Our Work in Frank, B. C." and among the Austrians. Mrs. Ross personally visited these mission stations last year, so her address was listened to with marked attention and interest, as she described the missionary work that is being carried on among these foreign races in our Canadian west.

Greetings were received from the Nova Scotia branch to which a suitable reply was sent.

A hearty vote of thanks was passed by the convention to the quarterly board of the church, to the choir and organist, to the C. P. R. and I. C. R. and P. E. I. railway authorities for the courtesy extended, to the press, and especially to the friends in Woodstock, who have so hospitably entertained the convention by opening their homes to the many delegates in attendance, and to the pastor of the church.

Mrs. W. B. Coulthard and Mrs. Ross, of Toronto, sail for England and the continent next week, and the hearty good wishes of the convention follow them in their journey.

OPPOSITION WILL NOT HAVE TICKET

Northumberland Liberals Satisfied with Fleming Government—No Wish to Return to Old, Corrupt Era.

Newcastle, June 7.—With nomination day almost at hand, the opposition forces in Northumberland are having much to contend with in their efforts to make some pretence at opposing the government candidates in the county. So far they have failed to be convinced by their leader, Mr. Copp, that it will be of any material advantage for them to offer themselves as bearers of the opposition standard in Northumberland. They realize that the people of the county are cognizant of the fact that the past four years have been fraught with useful achievement by Premier Fleming and his government, and that it will prove a difficult task to try to prove to the people that there is anything to be gained either by their county or by the province in giving Mr. Copp's colleagues another chance to try their hand at directing the affairs of the province.

So far Mr. Copp has been unable to scare up anyone around here sufficiently foolhardy as to risk time and labor in expounding a hopeless cause, doubly hopeless as far as Northumberland is concerned. Despite his hurried trips through the county there is no sign as yet of any possible ticket to oppose Messrs. Morrissey, Betts, MacLachlan and Allan, and from all parts of the county it is understood that his efforts to frame a ticket have been so far unavailing. There is every reason to predict that nomination day will find the government candidates unopposed. Hon. Mr. Pugsley paid a hurried visit to Newcastle on Wednesday but the object of his mission has not been made known.

The government candidates are meeting with round receptions in different parts of the county, and the sentiment of the people seems to be entirely favorable to the return of the present administration. The people of Northumberland realize that the past four years have been marked by progress, and they are not desirous of making a change. One of the greatest difficulties which supporters of the opposition party have to contend with is that they are not desirous of nothing to offer the people in return for their votes, and the electors of Northumberland are not desirous of making a change in favor of Mr. Copp et al.

Another of the things counting against the opposition, is that the present administration have kept their pledges to the lumbermen, and as this industry is certain to receive a large part of the consideration of the government, it is returned to power, most of the lumbermen have promised their support to the candidates for Premier on election day.

The meetings which have been held by the government candidates have been largely attended. On Thursday evening an enthusiastic audience heard able addresses by Hon. John Morley and John Betts, at Renous Bridge.

Both the speakers were well received and in their discussion of the campaign, they had a very sympathetic audience.

Hon. Mr. Morrissey disposed effectively the criticisms aimed at him in the matter of carrying out the work of the department over which he has control. The manner in which he received answers well for Renous Bridge making it a straight ticket.

People from all over the county bring in decidedly encouraging reports of the success of the government candidates. Messrs. Allan and MacLachlan in their tour of the northern section of the county, have had excellent meetings.

The opposition forces are, to all intents and purposes, going to let the government candidates go unopposed. There is talk of one or two "last hope" being pressed into emergency service to make some kind of a show, but even the staunchest opposition men in Newcastle cannot say upon whom their choice will fall. There is but little real organization among the party in Northumberland, and so far they have been groping in the dark, and cannot as yet, see very bright prospects.

Make the Blood Rich and You Gain in Weight

Blood is Thin in the Spring and Fails to Nourish the System—Headaches, Sleeplessness, Indigestion Disappear When Blood is Enriched.

Loss of flesh and weight is, after all, the most positive proof that the body is not properly nourished. That the blood is thin and watery is also indicated by the symptoms of nervous exhaustion, such as headaches, sleeplessness, irritability and lack of vim and energy.

Spring is the most trying time of the whole year to persons subject to thin, watery blood or anaemia. The artificial life of winter, breathing impure air and eating unnatural, highly-seasoned food, leaves the blood thin, watery and vitiated in the spring.

If you know Dr. Chase's Nerve Food you do not need to struggle along for weeks or months in languor and weakness. This food contains in condensed and easily assimilated form the elements which go to form new, rich blood. The nerves are nourished back to vigor, the action of the heart is strengthened, digestion improves and new, firm flesh and tissue is added to the body.

Try Dr. Chase's Nerve Food this spring and you will be delighted with the benefits obtained. By noting your increase in weight each week you can prove that the body is being rounded out to good proportions.

Lady on Scales: "Why, Grace, I only weigh 110, and I'm losing every day."
Grace: "I was getting thin, too, until I began using Dr. Chase's Nerve Food. I have a good appetite now, and I have gained."

Enriched Blood, Improved Color

Miss Cynthia Hutchinson, Hanceville, B.C., writes:—"I feel it my duty to tell what a great friend Dr. Chase's Nerve Food has been to me. I would have written sooner, but wanted to be sure I was thoroughly cured. Before using this medicine my nervous system was so completely run down that my friends as well as myself thought I could never get better. All medicines failed to help me.

A trial of Dr. Chase's Nerve Food benefited me, and I used altogether seven boxes. At the end of a month people scarcely knew me. I had improved so much. The blood was enriched, color improved, new flesh added and I got strong and well. Several of my friends have profited by my experience and received great benefit from this treatment."

Dr. Chase's Nerve Food

The use of Dr. Chase's Nerve Food brings about that condition of the blood which is the very foundation of good health, and which enables the system to throw off disease.

Nearly everybody requires just such help in the spring as can be best supplied by Dr. Chase's Nerve Food. Because it is more blood, purer blood, richer blood, that is necessary to the maintenance of good health and vigor during this time of year. 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edmans, Bates & Co., Limited, Toronto. Do not let anyone talk you into accepting a substitute. The genuine bears the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

Jack Frost's Master McClary's "Sunshine" Furnace

Jack Frost had the time of his life last winter. He warred against all elements and froze them stiff. Lakes and rivers he turned into solids; he also put a razor-like edge on the wind. He even bit into steel rails making them as brittle as burned glass. Outside, Jack reigned supreme, but his chilly majesty was licked to a frazzle inside by "The Understudy of the Sun"—McClary's "Sunshine" Furnace.

Think of the past winter when the mercury swung timidly below the freezing point—not for a day or a week, but for months at a time. How you shivered, and how you talked about the appetite of that poor old furnace in the cellar. It simply ate up coal and then fell down when it came to heating the house evenly and comfortably.

McClary's "Sunshine" Furnace makes the most of very little fuel, and distributes a much greater percentage of heat throughout house than the ordinary furnace.

Ashes cannot bank up between the active fire and the walls of the fire-pot in the "Sunshine" Furnace. It is an absolute guarantee of balmy June weather in the home, when Jack Frost's icy garments are jingling in the Arctic cold without. That's why the "Sunshine" is called "The Ice King's Master."

The "Sunshine" Furnace is an excellent investment—it will last a life-time with ordinary care—and return you a handsome interest on the investment every year by the actual saving it effects.

Now, we want you to do us a favor—we want you to call on the McClary agent and ask him to prove every claim we make for the "Sunshine" Furnace—ask him to prove every claim true.

Ask him to show you—the fuel-saving features of the "Sunshine"—The mechanical reasons which make balmy healthy June weather possible in the home when Jack Frost is in his element without—Why the "Sunshine" saves money which other furnaces burn up, and—Why the largest makers of furnaces in the British Empire so amply and so fearlessly guarantee the "Sunshine"—The Understudy of the Sun.

Your decision will please us and pay you. If you don't know the McClary agent, write us at our nearest address.
