

MINISTER OF FINANCE WITH THE PREMIER

Addressed Tremendous Crowd at Stratford on Issues of the Campaign

DEFENDS EXPENDITURES OF GOVERNMENT

Admits Taxes Are Heavy, But So Are Expenses, and Business Must Go On.

Stratford, Ont., Oct. 21.—(Canadian Press)—From a crowded platform in the Curling rink here, Premier McLaughlin tonight addressed one of the largest single gatherings to which he has spoken since opening his election campaign. The Premier came to this meeting from his native town of Stratford where he spoke to a gathering of about 1,800 people on the political issues of the day. This evening he was supported by Sir Henry Dreyfus, Minister of Finance, and Sir B. Murphy, formerly member for North York in the Federal House and now National Liberal and Conservative candidate in the constituency. Both of these gentlemen made speeches. Dr. Michael Steele, candidate in South York, and Senator Sharp, occupied seats on the platform, and Lieutenant Colonel John L. Young, president of the Stratford Liberal Conservative Association, acted as chairman of the meeting. Tomorrow, the Premier will speak in St. Thomas.

Sir Henry Dreyfus. Sir Henry Dreyfus said that the government had been charged with a criminal extravagance. Speaking for himself, he would do only what he thought was in the best interests of the country, and he would do it in a way that would not increase the tax burden on the people. He said that the government must go on, and that the charge of extravagance was only a loose accusation made for the purpose of stopping the work of the government. He said that the ministerial responsibility was not a thing that he would accept, and that the ministerial responsibility was a thing that he would not accept.

Canada Receives Benefits of The 1899 Treaty

Between U. S. and Gt. Britain Applying to Tenure and Disposition of Property.

Washington, Oct. 21.—Secretary Hughes and Ambassador Geddes signed today a special treaty extending to Canada provisions of the treaty of 1899 with Great Britain applying to the tenure and disposition of real and personal property by the nations of each country in the territory of the other.

Senior Bowling League Organized

Decided at Y.M.C.A. That Six Teams Form League—Three Games Per Week.

An organization meeting of the Y. M. C. A. Senior Bowling League was held at the Y. M. C. A. on the following officers were elected for the coming season: E. A. Smith, president, A. W. Estey, vice-president, Bruce Winchester, secretary. It was decided that the league should be formed of six teams and that games should be played three times a week, at 8 p.m. on Mondays, Wednesdays and Fridays.

U. S. GOVT MOVES TO COMPEL OBEDIENCE OF ROADS AND UNIONS TO DECREES OF RAILROAD BOARD

Board Has Ordered Workers Not to Strike Pending Further Conference on October 26.

CARRIERS AND UNIONS TO OBEY ORDER

Unions, However, Continue Their Plans for Carrying Out Strike October 30th.

Chicago, Oct. 21.—The United States Government today moved to prevent a railroad strike and to enforce obedience by both unions and roads of decrees of the United States Railroad Labor Board, the board formally announcing that it had assumed full jurisdiction in the rail crisis and ordering the workers not to strike pending a conference of union heads and rail chiefs, which it called for October 26.

A decision from this conference will not be announced until after October 30, the scheduled strike date, board members said, declaring that in this way a walk-out would be averted unless the unions defied the board's orders not to strike pending a ruling. The action was taken following a receipt from Washington of information that every interested branch of the government would back the board in its attempt to settle the rail difficulties, members declared.

Substantial Rail Order Assured The Sydney Mills

20,000 Tons Required by C. N. R.—Would Keep Mills Going Six Weeks.

Sydney, N. S., Oct. 21.—That a substantial rail order for the Sydney Mills of the Dominion Steel Corporation may be expected in a day or two is indicated by President Hanna of the Canadian National Railways in a telegram to Mayor Fitzgerald tonight. Mr. Hanna writes: "We have been negotiating with the steel company for rail and hope sincerely to be able to settle the matter with them in the next day or two."

Gov't Convention At Moncton Oct. 27

Moncton, Oct. 21.—At a meeting of the executive of the Liberal-Conservative party, Westernland county, at Stokville, this afternoon, it was decided to hold a convention at Moncton on Thursday, October 27, for the nomination of a candidate.

AFTERMATH OF THE CAVELL AFFAIR TO BE HEARD IN BELGIAN COURTS

Brussels, Oct. 21.—An action is about to come before the Belgian Court of Appeals in which the legal advisor to Grand Watilock will contend that counsel for Edith Cavell did not appeal to the American ambassador in time to try to save Miss Cavell from execution after the Germans had condemned her.

IRISH PEACE CONFERENCE NEAR BREAK

Negotiations Barely Escaped Being Definitely Broken off at Friday's Session.

MONDAY'S MEETING MAY BE THE LAST

De Valera's Message to Pope and Subject of Ulster Raised Roughly.

London, Oct. 21.—The negotiations between British officials and Sinn Féin leaders today barely escaped being definitely broken off and, for a time, it seemed possible that the Sinn Féin delegates would return to Dublin tonight. It was learned after today's adjournment was taken, the Sinn Féin delegates still were apprehensive this afternoon that the session scheduled for next Monday might be the last.

No progress at all was made at today's meeting, it was said, a combination of events bringing about what practically amounted to an impasse. The government delegates, according to Sinn Féin sources, took violent exception to Eamon De Valera's message to the Pope, and this, with other subjects, including that of Ulster, which were down for discussion, left the negotiations hanging by a mere string.

Alienation Suit Brings Peppery Declarations

Father-in-Law Sued for Butting Into Circles of Home Life—Reno Figures.

Burlington, Oct. 21.—Charging Lorenzo E. Woodhouse, president Merchants National Bank, had alienated the affections of Charles Douglas Woodhouse, his son and her husband, Mrs. Dorritt Vandusen Stevens Woodhouse, most beautiful girl in Burlington, has brought suit against the bank, president for \$1,000,000, a suit, the most sensational one of its kind ever filed in Vermont. The younger Woodhouse grew tired of her, according to the local beauty, and began to "go" with Mrs. Lillian Hendrick McCallan, young and beautiful divorcee of Washington, D. C.

CONCILIATION BOARD REFUSED SPRINGHILL MINERS

Sydney, N. S., Oct. 21.—Hon. G. D. Robertson, minister of labor, has refused a conciliation board to the miners of Springhill, according to J. B. McLaughlin, secretary of district 26, United Mine Workers of America.

ARBITRATION BOARD MAKES NO PROGRESS

C. N. R. Employees Will Not Agree to 12 1/2 Per Cent. Cut in Aggregate.

Ottawa, Oct. 21.—This afternoon the employees would not agree to a twelve and a half per cent. wage reduction in the aggregate, as an equal distribution of some of the cuts. Mr. Brady, of the Canadian National Railway, that his company would insist upon the entire saving represented by such reduction were features of the session of the board of arbitration.

ONE OF THE TRAGEDIES DUE TO THE PREVAILING UNEMPLOYMENT

Montreal, Oct. 21.—How a woman, suffering from anaemia, subsisted with her husband and five children for a week on one loaf of bread and a little oatmeal is related by a worker of the diet dispensary here who states that the case is but one of many tragedies in the city due to prevailing unemployment conditions. When a supply of food was brought her she burst into tears, crying: "I thought I would starve to death."

PARIS COMMUNISTS CONTINUE TO PLAN DEMONSTRATION FOR SUNDAY AGAINST U. S.

FRENCH PRESS URGES ANTI-ITALIAN BOYCOTT

Paris, Oct. 21.—Although the Foreign Office is minimizing the importance of reported Franco-phobe demonstrations in Italy by declaring that the really responsible classes in Italy are still friendly toward France, Paris newspapers are urging the boycotting of everything Italian as long as they follow the Italian course to insult French flags, French generals and the French national hymn. The Italian banks here are suggested as the first victims of the proposed boycott, and it is reported that they have already lost several important French accounts. The authorities are receiving scores of letters daily demanding the Italian consuls and lockers be ruled out of the field.

Personal Treasures Along The Volga Are Sold To Pawnbrokers

People in Famine Stricken Areas Await Relief.

Syzran, Samara Province, Oct. 21.—(On board vessel on the Volga River)—There are no hoarding songs on the Volga this year. The balalaika is not ringing from the few boats which are floating along this once mighty river whose shallow waters are affording a poor avenue of escape from the parched grain fields which mock the peasants to whom they formerly yielded abundant bread. Pawnbrokers have long since received the balalaikas in exchange for rubles necessary to buy food for the starving families.

MURDER CASES FOR SYDNEY COURT

Sydney, N. S., Oct. 21.—The docket confronting Mr. Justice Ritchie of the criminal terms of the Supreme Court which opens here Tuesday will include one charge of murder, two of attempted murder, and one of manslaughter.

SUNSHINE VERDICT

Moncton, N. S., Oct. 21.—That Alex. Koozekan, the Austrian found dead in a refrigerator car in the C. N. R. yard at Moncton on the 19th, instant came to his by his own hand, while temporarily insane, was the verdict rendered by the coroner's jury this afternoon.

FAMINE VICTIMS IN RUSSIA ARE PLACED AT TWO MILLIONS

Moscow, Oct. 21.—Despite all help coming from America, at least 25 per cent of the children within the famine region are doomed to death.

The people who probably will die during this winter of starvation have been estimated at one million and a half to two million. The percentage of the dying will be greater the further one goes into the country, while the children near the cities will be easier reached through the American Relief Commission.

LORD BEATTY RECEIVED BY NEW YORKERS

Given Hearty Welcome from Thousands Assembled on Historic Battery Way.

TRIUMPHAL TRIP UP BROADWAY

Thousands Lining the Great Canyon in Shouts of Welcome to First Sea Lord.

New York, Oct. 21.—His gold-braided cap cocked jauntily over his left ear, Admiral Earl Beatty landed at New York today to receive a hale and hearty welcome from thousands assembled on the historic Battery way. By his side was Rear-Admiral Hugh Rodman, of the United States Navy, who had served in the North Sea during the stirring days of the war with the gallant fighter commanding the grand fleet, Admiral Rodman, honorarily aide to the first sea lord, had journeyed down the harbor to meet his old comrade, and when the crowds saw the two sea dogs, cheer followed cheer.

Greeted at the Battery by Lieut. Governor Wood, after a triumphal voyage up the harbor on the tug Vigilant, to which he had transferred at quarantine from the Aquitania, Admiral Beatty motored up Broadway to the plaza of thousands lining the great canyon. At City Hall he paused to hear Mayor Hylan welcome him to the city and then he continued his journey up town to the house of Marshal Field, his host, where he will spend Sunday here leaving for Washington on his way to attend the American Legion convention in Kansas City.

Hall To Oppose W. S. Fielding

Former Leader of Opposition in Nova Scotia to Contest Queens-Shelburne.

Shelburne, N. S., Oct. 21.—W. L. Hall, Conservative, former leader of the Opposition, 1916-1920, in the Nova Scotia House of Assembly, was chosen today by the National Liberal and Conservative Party of Queens-Shelburne to contest the riding in the Dominion election. Hon. W. S. Fielding represented Queens-Shelburne in the last Parliament and is contesting it in the Liberal interests.

Trafalgar Day Celebrated By The British

London, Oct. 21.—The 116th anniversary of the battle of Trafalgar and the death of Admiral Nelson, was celebrated today in British circles. In London the Nelson column in Trafalgar Square was artistically garlanded with laurels and evergreens. At Portsmouth, Nelson's famous old flagship, the Victory, was gallantly belaguered, the streamers including the Admiral's immortal signal, "England expects every man this day will do his duty."

LIBERAL DROPS OUT OF FIGHT

St. Thomas, Ont., Oct. 21.—Dr. Colin Sinclair, Liberal nominee, has dropped out of the fight in East Kent. This leaves the fight between S. S. McDermid, U. F. O., and J. L. Stussell, Government. The retirement of Dr. Sinclair had been predicted a few days ago.

Mike McTigue Won In Sixth Round

Montreal, Oct. 21.—Mike McTigue, of New York, middleweight champion of Canada, knocked out "Buck" Crouse, of Pittsburgh in the sixth round of their ten round bout here tonight. McTigue weighed 159 3/4 pounds and Crouse 164 pounds.

Knocked Out "Buck" Crouse—Roddy McDonald Trimmied Spike Sullivan.

Montreal, Oct. 21.—Mike McTigue, of New York, middleweight champion of Canada, knocked out "Buck" Crouse, of Pittsburgh in the sixth round of their ten round bout here tonight. McTigue weighed 159 3/4 pounds and Crouse 164 pounds.

RUTH AND THE JUDGE

Babe Ruth, the big biff of baseball, has locked horns with Judge Landis. The latter faces a delicate situation. He will discipline Ruth—that goes without saying. The man who plastered the \$20,000,000 fine on the Standard Oil won't back up for the single swing.

ANATOLIA LAND OF ABUNDANT FOOD, LOW PRICES

Lamb Sell at Sixty Cents Each, While Whole Cows Go at Nine Dollars.

With the Greek Army in the Field, Oct. 19.—(The Associated Press.)—Americans who find life expensive would seem unbearably so if they could come to Anatolia.

In the area through which the Greek army passed in its advance on Ankara, lamb sell for 50 cents each, chickens for 15 cents, whole cows for \$9, and pigs for half a cent.

The fertile fields of Anatolia rival those of the most productive American state. Wheat is the principal commodity of the thrifty Turkish and Kurd farmers. They raise sufficient quantities to feed a continent.

Millions of mothers keep "California Fig Syrup" handy. They know a tea spoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle.

MOTHER! Open Child's Bowels With "California Fig Syrup."

Even a sick child loves the "Fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels.

Millions of mothers keep "California Fig Syrup" handy. They know a tea spoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle.

Obituary

Mrs. Jane E. Dunn. On October 11th, at the residence of her son, George Herbert Piers, Kingston, Kings Co., N. B., the death took place of Mrs. Jane E. Dunn, after a lingering illness, borne with patience and Christian fortitude.

She was in the advanced age of 86 years, and was in the possession of her faculties to the end. The deceased was born in Fredericton, being the daughter of the late George and Mary Treadwell Barker. After the death of her parents, she came to Kingston to live with her aunt, Mrs. Richard Piers.

Moon Slightly Off Its Course

London, Oct. 21.—The moon is slightly off its proper path and twelve miles ahead of its schedule, the Astronomer Royal, A. C. Crommelin, of Greenwich observatory, announced today.

A study of this week's eclipse shows the moon to be out of line, probably due to some magnetic unknown force, he said.

If Stomach is Out of Order—"Diapiesin"

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief. This harmless antacid helps digest anything you eat and overcomes a sour, gassy or out-of-order stomach in five minutes.

How to Make Pine Cough Syrup at Home

This is our best pine cough remedy. Make and save you about \$1.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several powerful elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine is famous for this purpose. The cough syrup is a combination of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, mix 2 1/2 ounces of Pine in a 16-oz. bottle and fill up with home-made sugar syrup.

CASTORIA For Infants and Children In Use For Over 30 Years

Heavily Fined For Operating An Illicit Still

Inland Revenue Agent Laid Information Against Cole's Island Resident. St. John's, Oct. 20.—W. P. Dawes, of St. John's as officer under the Inland Revenue Act laid information against Abner Cole, of Cole's Island, for operating an illicit still.

The Vital Issue

What we have to decide in this—Are we going to continue the protective system of this country or are we not? That is the question and that is the whole question. And the great, big, necessary thing is that every voter in this country from the Yukon to Halifax knows that this is the question he or she is deciding when he or she votes in this great contest.

The vital issue in the coming election—in fact, the only issue—is the Tariff, and to every clear thinking Canadian it should be readily apparent that a Protective Fiscal Policy is absolutely essential to stability, progress and development.

Every important country in the world upholds Protection as an essential economic principle. Even Great Britain—so long the stronghold of Free Trade—has now adopted laws that constitute Protection of the most effective kind.

Free Trade would mean death to Canadian Industry. It would also result in the immediate closing down of Canadian plants of foreign firms, with consequent additional unemployment. There are today 650 American factories alone in Canada. Similar proposed ventures would be abandoned. New capital

MR. MEIGHEN'S CREED.

"More than any other country, Canada needs a protective system. She is a young country mostly undeveloped. She lies alongside a great big country tremendously developed. The United States has every advantage that Canada has and tremendous advantages besides. It surely follows, to the mind of every reasonable man, that to abandon the protective system in Canada would be simply to invite the absorption of Canadian industry in the far vaster industries of the United States. The principles of the protection of Canadian industry have been proclaimed by practically every statesman who has shouldered the responsibility of government in Canada. They are sound and they are right and the vast mass of the people of Canada know that they are sound and right."

—From Premier Meighen's Portage Speech.

TODAY'S RACE.

Although the citizens of St. John will be denied the pleasure of witnessing any of the races which commence today for the International Fishermen's Trophy, interest in them will be equally as keen here as it is at Halifax of which city the races are to take place. It would be strange indeed if the people who live their lives in these provinces down by the sea were not interested in sailing matches, but the interest in the present instance is increased by reason of the element of patriotism which enters into the contest, and the keen desire that must naturally arise from the fact that it is a case of Canada versus the United States, and the latter at present holds the trophy which is to be contested for.

There is something rather more sporting about a contest of the nature that is to be pulled off in the next week than is to be found in the ordinary yacht race. In the latter case the boats are usually specially designed for racing purposes, or at any rate which that end largely in view. The races that are to commence tomorrow are between two vessels built for business, not pleasure. They are just ordinary fishing schooners actually engaged in the work of deep sea fishing, and the crews are ordinary fishermen. There is naturally therefore keen rivalry between the representatives of the Nova Scotia fishing industry and their brother fishermen of Gloucester, (U. S.) to decide whose boat is the better sailor, and whose seamanship the most practical.

Expert opinion of the merits of the rival craft seems to be fairly evenly divided. Both are much admired and declared to be fine types of boats. They have both been "tug" through their races in competition with other boats of their class, and acquitted themselves well. Victory therefore may depend as much on the seamanship of the respective skippers as on the sailing qualities of the boats, though Father Neptune has also to be reckoned with. The weather may make all the difference to the character of the races, but while all Maritime Province people will desire to see victory fall to the lot of the Nova Scotia boat, yet they will be sports enough to be willing to see the best boat win.

CANADA'S REPRESENTATIVE.

Sir Robert Borden is to be Canada's representative at the Conference on Armaments at Washington—the Premier, Mr. Meighen, being unable to attend owing to pressure of other business. The choice of the ex-Premier will be heartily approved of throughout the greater portion of the Dominion. Sir Robert is a recognized authority on international and constitutional law, and a man who thoroughly understands the sentiment of his country, which he will represent with dignity and with authority. He is likely to play as important a role at Washington as at Paris, when he was recognized as one of the ablest delegates. Canada is honored by having as its representative such a great statesman.

The conference is largely due to the action taken by Mr. Hon. Arthur Meighen at the Imperial Conference in opening a renewal of the Anglo-Japanese alliance, out of his opposition and his insistence upon no treaty which did not receive the approval of the United States across the present conference. Canada is vitally interested in the Pacific problem and in favor of a reduction in armaments. After the war, Canada played in the treaty which would have been at least partly for her not to have representatives, seeing that delegates will be present from China, Spain and all the other nations.

LIFE ON THE MOON.

One of the least controverted facts of astronomy has been that there is no life on the moon. Whatever doubt there may have been as to conditions on other trans-terrestrial bodies none has ever been raised as to our lunar satellite. As it appears through a telescope, so scientists have told us that it was—a dead, inchoate mass of substance, its surface twisted and torn by the processes of the ages into a thousand fantastic shapes.

Now comes Prof. William Henry Pickering of Boston, an astronomer of standing, and asserts that without doubt there is life on the moon. Not that there may be or probably is, mind you, but that without doubt there is. Dr. Pickering bases his assertions as to moon life on a series of telescopic photographs of a crater on the moon's surface, known as Eratosthenes II, with a circumference of 37 miles. Hundreds of reproductions were made of different sections of this great moon crater. Scientific examination of the photographic plates proves with irrefutable certainty, Professor Pickering asserts, that vast fields of foliage spring up with almost unbelievable rapidity when day begins to dawn on the lunar planet, that these wide sweeps of flora come to full blossom and then as rapidly wane and disappear, vanishing completely in a maximum period of 11 and in some places a less number of days.

If there is vegetation on the moon, there may be animal life, and if there is animal life there may be a human population and the "man in the moon" may not be such a grand good joke after all.

This discovery of Prof. Pickering's, if it is to be accepted as a discovery, is an important addition to the sum of human knowledge. But it is especially to be welcomed as it may save a whole lot of the time and energy that terrestrial students of the heavenly bodies have been devoting to try to establish communication with Mars.

Mars may or may not be inhabited, but if the moon is, it is plainly our job to get first into communication with the population of the latter before we try to connect up with the more remote body. Mars we believe is 3,600,000 miles from us, while the Moon's distance is but the matter of a paltry 249,000 miles.

Quite a different proposition concerning life on Mars has been advanced by the Lunar Society trying to span the more than three and a half million miles which separate us from the red planet. If we do manage to get word through to the Moon, there will then be no harm seeking to go further. But by all means we should try the lesser distance first.

WHAT OTHERS SAY

England's Plunge.
 Great Britain has been commonly regarded as a Free Trade country. But during the fiscal year that ended in March last the British Government collected in customs duties on imported goods no less than \$670,000,000. A valorem duties of 33.13 per cent. have been imposed since 1915 on a lengthy list of imported articles. But Britain has lately reverted to protection on a more definite and well-known British economist, describes in the New York Nation England's "plunge into protection" as he calls it.

The change in English policy affords food for thought to the Canadian people at this time, when they are being urged by the Free Trade school to abandon the very policy that England, after practicing Free Trade for three-quarters of a century, is adopting.

Mr. Hobson, though not a protectionist, admits that Free Trade principles throughout Great Britain have weakened, a condition due, he believes, to the after-effects of the war and to the fact that everywhere new and higher tariff barriers are being erected.

The safeguarding of industries Act, which has passed the two British Houses, admits that Free Trade principles are a uniform "one-third the value of the goods."

Such is the situation in England. The tendency towards the more adequate protection of home industries is strong in all countries, but the final proof of the need of protection is afforded by the country that has long been the classic reference of the Free Traders—Calgary Herald.

A BIT OF VERSE

AUTUMN.
 The autumn comes the countless dead leaves fall.
 A sombre mantle for the once green sod.
 There are no roses by the garden wall.
 That bounds the place where you and I have trod.
 Thus do the years go by on magic wings
 And every season some new wonder brings.
 To us, who ask so much yet little give.
 This is the pride of the Snow Queen's reign.
 We see her come again, austere in white;
 Along the sky the birds go South again;
 We gaze the portent of their hurried flight.
 The half-nude trees in serried ranks
 Obscured by veiling mists so gloom-like seem.
 The grass is dead along the river banks
 Where we no longer pass to lounge and dream.
 —W. Quintard Ketchum, Ottawa, Oct. 13, 1921.

Benny's Note Book

Pop played tennis this afternoon with Mr. Jones, and after supper he lit his pipe with a match saying, Well, I certainly played classy tennis today. Im proud of myself and I dont care who knows it.
 Who best? sed ma.
 There was quite a crowd standing around watching, and I guess you know if there hadnt of bin something to see they wouldnt of bin standing around, I guess you know your pretty good wen you got to the stage were you attract a crowd, sed pop.
 Maybe they were watching Mr. Jones, sed ma.
 They were watching me, I could see them following every stroke, some people seem to appreciate my good points even if you dont, sed pop.
 Did you best? sed ma.
 We had some mitey close games, its certyn grate exercise, and you awt to take it up, sed pop.
 Well im willing, goodness knows, all you haaf to do is teetch me, wen are you going to teetch me? sed ma.
 May time, any time at all, sed pop.
 Tomorrow? sed ma, and pop sed, Not tomorrow, thats too soon, im teetch you some time.
 You sed any time, sed ma, some time and any time are 2 different places.
 Its a grate game, theres no doubt about that, sed pop.
 Did you best Mr. Jones or did he best you? sed ma.
 I think ill take a bath, sed pop. Wich he got up and went out to do, properly proving Mr. Jones best.

THE LAUGH LINE

Almost Human.
 Little Bees—Mamma, do dogs get married?
 Mother—Certainly not, dear.
 Little Bees—Then what right has Prince to growl at Fannie when they're eating breakfast?
 Speaking of Furniture.
 June Bride—I would like to buy an easy chair for my husband.
 Salesman—Morris?
 Bride—No; Clarence.
 Unfair Advantage.
 Horse cabman (to driver of forty horse-power car, who has bumped into his horse)—Ah, yer blinkin' coward! Forty against one!
 The One Thing Needed.
 Mrs. Brown—Hear the vicar thinks your daughter has a real genius for roasting, Mrs. Smith.
 Mrs. Smith—Yes. All she wants, he says to me, is a course of electrocution just to finish 'er off like.
 A Little Difference.
 Tourist—My dear young lady, I don't like to remark, but I object to your bathing suit.
 Lady Bath—Oh! How you talk! They wouldn't allow me to bathe without it.
 Romanticism vs. Realism.
 She (with a sigh)—"I think this is the most beautiful month in the year. I wish it would last forever."
 He—"So do I. I have a note which falls due on the first."
 Knew His Place.
 Neverred—I hear you've signed up as skipper of the good ship Matrimony.
 Justwed—No, my wife's the skipper. I married a widow, I'm her second mate.
 A Handy Chap.
 Gargoy—I think your friend is a most desirable addition to your club membership.
 Sayboy—Yes, no doubt; there isn't a player in the club room who losses as much and as often as he.—New York Sun.

WHAT TO DO FOR STOMACH TROUBLE

Good Advice from One Who Had Suffered Much.
 Nine-tenths of all forms of indigestion or so-called stomach trouble are not due to the condition of the stomach at all, but are caused by other influences. The great contributing cause of indigestion is thin blood. Good blood and plenty of it is required by the stomach to take care of the food. If the blood is thin the stomach functions sluggish, food lies undigested, gas forms and causes pains in various parts of the body. Instead of getting nourishment from the blood the system gets poison.
 Relief from this condition can be obtained by the tonic treatment which Mr. D. Shaw, Mr. Stewart, P. E. I. tried and now warmly recommends to others. Mr. Shaw says: "I suffered from indigestion for over four years, and have tried many of the well-known remedies for such troubles, but never obtained more than temporary relief. The trouble was aggravated by constipation setting in owing to the stomach failing to do its work, and laxatives which gave relief to the bowels and left the stomach in worse condition. The result was my blood was growing more and more anemic. I did not sleep well at night and was growing despondent. I was in this wretched condition in owing to the stomach failing to do its work, and laxatives which gave relief to the bowels and left the stomach in worse condition. The result was my blood was growing more and more anemic. I did not sleep well at night and was growing despondent. I was in this wretched condition in owing to the stomach failing to do its work, and laxatives which gave relief to the bowels and left the stomach in worse condition. The result was my blood was growing more and more anemic. I did not sleep well at night and was growing despondent. Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such up-building treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mr. W. J. Pearce, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to hold a cloth tightly about my head so that I could get my work done. A friend advised me to use Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using this until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmansons, Bates & Co., Limited, Toronto.

RUTH AND THE JUDGE.

Babe Ruth, the big bluff of baseball, has locked horns with Judge Landis. The latter faces a delicate situation. He will discipline Ruth—that goes without saying. The man who played the \$28,000,000 fine on the Standard Oil won't back up for the slugger's swat-head.

Thomas Williams Died in The Woods

Aged Resident of Long Reach Missing Since Thursday—Searching Party Found the Body Yesterday.

News of a sad occurrence came to the city last evening when it was learned that Thomas Williams, of Long Reach, who had been missing from his home since Thursday afternoon had been found dead in the woods about two miles away. Mr. Williams, who was seventy-five years of age, went out on Thursday to chop some wood. He lived with his niece, Mrs. Frank Fullerton. As he did not return when it became dark, the family became alarmed and search parties were sent out. Yesterday his dead body was found where he had evidently wandered over two miles, being found bewildered and going in the wrong direction away from home instead of towards it.

When Mr. Williams started out he seemed in his usual good health, and it was a shock to find that he had succumbed to exhaustion. He was unmarried.

Obituary

Mrs. Margaret Purvis Hopkins. The death of Mrs. Margaret Purvis Hopkins, wife of John H. Hopkins, occurred at her home, 24 Elmwood street at 8:10 last evening, after a brief illness of pneumonia. She is survived by her husband and three sons, Arthur B. of Montreal; Harold S. and W. Ernest at home; also by one sister, Mrs. P. H. Miles of Birmingham, Mass., and two brothers, Fred Wain of Lynn, Mass., and Robert Wain of Bangor, Me.

Removing Ugly Hairs— Entirely New Method (Actually Removes the Roots)

The question is often asked whether a really permanent and effective hair-remover exists, and the answer has heretofore been very unsatisfactory. Fortunately, there's a new and remarkable process that really removes every hair entire, root and all! It is different from any other method. It does not use electricity, depilatories, the razor or any other method. If you'd like to try it, just get a stick of phenacetine from your druggist, follow the simple instructions—and with your own eyes see the hair roots come out! Roots are removed quickly, easily, leaving the skin perfectly smooth and hair-free.

Phenacetine is non-irritating, odorless, and so harmless you could eat it!

Teachers' Institute Carleton-Victoria

Woodstock, Oct. 21—The 43rd annual session of the Carleton-Victoria Teachers' Institute opened in the Fisher Memorial School on Thursday morning and closed this afternoon. There were 118 teachers present, 27 from Victoria and 91 from Carleton County. The institute will be held in Woodstock next year. At the last session the following officers were elected: President, D. W. Wallace. Vice-President, Miss Julia Neales. Secretary-Treasurer, Miss Bessie M. Fraser. Asst. Secretary, Miss Clara Carson. Additional members of executive, Miss Doris Hanson, Mr. G. L. Nicholson.

Headache Gone! Stomach Right! Liver And Bowels Regular

Cascarets make you feel better; they immediately cleanse and sweeten the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Cascarets tonight straightens you out by morning—a 10-cent box from any druggist keeps your stomach regulated, head clear and liver and bowels in fine condition for months. Children love Cascarets too.

Irish Concert Well Attended

Excellent Programme of Vocal and Instrumental Numbers Greatly Enjoyed.

The Irish concert given last night in St. Vincent's theatre was attended by a capacity house, who enjoyed every number on the programme. Following is the programme rendered. Opening Number—Irish Airs, City Cornet Band.

Song—"An Irish Girl's Dream," Miss Ethel Sharkey and Chorus.

Song—"Tumble Down Shack in Athlone," Master R. Gallagher.

Violin Solo—Selected, Maudsel O'Neill.

Song—"Kathleen Mavourneen," Miss Bernice Borden.

Song—"Peggy O'Neil," Miss Dorothy McDonald and Chorus.

Song—"O'ld Irish Mother of Mine," James Duff.

Irish Jig—C. H. McFadden.

Song—"She is Far From the Land," Miss Bernice Borden.

Song—"O'ld Moore," Miss Bernice Borden.

Selection—City Cornet Band.

Song—"An Irish Lullaby," Miss Margaret McCarthy and Chorus.

Song—"A Little Bit of Heaven," Miss Maud Downing.

Song—Selected, Michael Howard.

Song—"Liddle Buck of Mine," Mr. McNeil.

Song—"Ireland I Love You," Mrs. Alice Harris.

Song—Selected, Fred Joyce.

God Save Ireland!

National Anthem.

York-Sunbury Gov't Convention Scheduled Today

Bumper Nomination Gathering Assured—Liberals to Issue Call for Next Sat.

Special to The Standard.

Fredrickton, Oct. 21—Everything points to a bumper nominating convention here on Saturday morning at the call of John D. Palmer, president of the National Liberal and Conservative party in York-Sunbury. The excellent campaign run by the party organization in this constituency in May last when R. B. Hanson, K. C., was elected over E. W. Stairs, Progressive was an example of what the Government organization can do in these two counties. It is understood that a call for a Liberal Convention will go out tomorrow for the following Saturday probably. No candidate for the Liberals is in sight yet, and it will make little difference who he is.

Calls On Americans To Aid Irish Envoys

H. J. Boland Asks Support of Moral Influence.

Washington, Oct. 21—Hope that "final peace between Ireland and England" will result from the present negotiations was expressed today by H. J. Boland, who arrived in Washington today as the representative of the Republic of Ireland.

"Ireland is convinced," he said, "that the membership roll has now gone forward to head office. Names of new members are being received from McAdam, Jacquet River, Sussex, Marysville, Campobello, Andover, Perth, Kiburn, Bairdville, Munnac, Plaster Rock, Council and various other towns. We now well over the 10,000 mark for members in the province."

Treasurer's Report

In his report as treasurer C. B. Allan stated. Receipts including membership enrollment, \$26,914. Expenditures including nurses' salaries \$25,284.84. The total to date of membership enrollment amounts to \$7,664.90 total expenses of campaign \$5,360.23.

Among correspondence was a letter from Mrs. F. B. Williston of Bay Du Vin asking for assistance in organizing a branch, a letter from Miss McKeljohn Supervisor of Public Health Nurses, regretting she could not be present yesterday. Thanks from the Soldiers' Settlement Board for assistance given at the Chatham Exhibition, and an acknowledgment from the Imperial War Relief Committee of Canada's fine contribution to this fund of \$178,830. Half of this money has been used in child welfare work in Europe.

Letters from the Public Health nurses were read telling of their work. The Head Office sent a letter declining with thanks an invitation for the central Council to meet in New Brunswick.

In the matter of a constitution for the Provincial Society, Miss Jarvis and Mr. Hayes were asked to frame one which they submitted yesterday. This will be adopted.

Miss Jarvis received from the Head Office an invitation to attend the central Council meeting at Toronto November 14th, and she will accept this invitation. The executives of all Divisions are asked to attend this meeting.

Mrs. J. V. Anglin in her report of the Military Hospital Committee told of regular visits paid by members and of automobile drives given frequently. R. T. Hayes for the Victorian Order of Nurses reported that there are now four nurses training in Public Health nursing who will graduate in December.

Arrangements were made for the annual meeting to be held the second Friday in December. Mrs. Lawrence and Miss Jarvis were appointed a programme committee.

Electors, City and County of St. John:

Men and women favorable to the National Liberal and Conservative Party, will meet at the hour and place herein designated, for the purpose of Ward organization, and election of delegates to the Convention for the nomination of Party Candidates:—

SYDNEY, DUKE'S and QUEEN'S WARDS, Monday, October 24th, at 8 p. m., in the Seamen's Institute Building, 150 Prince William Street.

Chance Harbour, School House, Monday, October 24th, at 8 p. m.

Dipper Harbour, School House, Monday, October 24th, 8 p. m.

L. P. D. TILLEY,
General Chairman.

Fifty Dollars a Month

(Guaranteed to you by the Canada Life)

You know of men well up in years who are still "drugging along". They cannot stop if they would, but must go on to the end of their days working for a living. You can avoid that.

Why Not Pension Yourself?

Why not "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future?

Our New Pension Plan

guarantees that upon reaching a certain age in life, you will receive a monthly cheque for \$50.00, \$100, \$200, \$250—as you may now decide—and this monthly payment cannot cease as long as you live.

An Income for Life

Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and certain provision as this Monthly Pension Plan.

And This is Not All

Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. (Such a thing has happened soon after men have secured this new policy of the Canada Life.) Immediately, the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50.00, \$100, \$200, \$250, a month, as arranged, for the rest of your life.

These are many other benefits.

An average deposit of only a few dollars a month will return you \$50.00 a month later on.

Do Not Pass This By

Canada Life

J. M. QUEEN,
Manager,
Canada Life Bldg.,
60 Prince William St.
St. John.

Age 20—Happy on Fifty Dollars a month.

Age 30—Fifty Dollars a month is not enough.

Age 35—Thinks he can easily afford to "spend" Fifty Dollars a month.

Age 50—Things are not going as well as they were.

Age 60—He finds Fifty Dollars a month pension, added to what income is left, brings happiness.

Canada Life Assurance Company, St. John, N.B.

THE STANDARD'S SPORTING SECTION

Discussion On Building A Rink

Committee Appointed Last Night to Select Site and Obtain Approximate Cost.

The feasibility of securing a hockey rink in St. John this coming winter was clearly demonstrated at a meeting held in the G. W. V. A. last evening, at which A. I. Macdonald presided.

After a general discussion, it was moved by C. H. McLean, that the chairman be empowered to appoint a committee of three, for the purpose of selecting a site, and obtain an idea of the approximate cost of building a rink on the same.

Such committee to submit their estimates to a Finance Committee of three who will consider ways and means of raising the requisite amount.

The members of the committees selected are: His Worship the Mayor, Frank White, Bernard Mooney, Lyle S. MacGowan, A. I. Macdonald.

Those present at the meeting, who entered into the discussion, were His Worship the Mayor, Percy W. Thomson, Frank White, A. W. Covey, C. J. Melliday, C. H. McLean, Lyle MacGowan, George Hamm, Bernard Mooney, Mr. Cleary, W. H. McQuade, F. W. Coombs, and others.

Mr. MacGowan reported that since the last meeting he had interviewed Brigadier-General Macdonnell, as to the securing of the old drill hall for a rink, and was met with a very kind reception.

Owing to the conditions imposed by the Militia Department as to the removing and carrying of a large quantity of stores now in the drill hall, it was decided that the building would not suit the meeting's requirements.

The old exhibition building might be secured, Mr. MacGowan said, but the cost would hardly justify the expenditure.

Percy Thomson said he would be glad to give the meeting his hearty support. He thought a rink could be built at a much lower cost in St. John than in other sections because the light snowfall would not call for so heavy a structure.

Mr. W. H. Covey said he had worked on a committee before who objected to a rink for the city, but the trouble then was, that their plans were too ambitious. He quoted the cost of rinks built at Bathurst, Halifax, Moncton, Amherst and St. John, Halifax's cost \$40,000, Sussex \$11,000.

He thought St. John could build one at a cost of from \$12,000 to \$20,000. Because of the location of the Shamrock grounds at the junction of the West Side, Fairville, Jandantown, and city car lines, he favored this as the site of the rink.

C. J. Melliday suggested the appointing of a committee which should include an expert builder, and the securing of information regarding the building of such a rink as that at Sussex, such committee to report back to the meeting at an early date.

W. H. McQuade, Jr., favored the idea, and thought \$12,000 could be raised in the city with little difficulty. Frank White, said the committee he was on, had been promised subscriptions amounting to \$15,000, when the cost of the arena then favored was placed at \$75,000.

F. W. Coombs, said that if a rink could be built in Sussex at the figures quoted, the cost in St. John should not exceed it by more than twenty per cent. He thought the Shamrock grounds a fine site.

Rothsley Won From Fredericton

Score Was Thirteen to Five in Football Match Played at Rothsley Yesterday.

A fast and exciting game took place between the Fredericton High School football team and Rothsley Collegiate on the gridiron at Rothsley yesterday afternoon, Rothsley winning by a score of thirteen to five.

In the first half Curry of Fredericton, scored and converted, making the first tally for the game. Rothsley tied the score on a touch down by Colter, whose try was also converted.

No further scoring was done in the first half which ended with the two teams tied with five points each.

The second half started off with considerable pep, Denis of the Blues and White, scoring after some quick and clever work, but Rothsley failed to convert. Snow also of R. C. S. secured the ball a short while later and took the ball over the line again after some sensational playing.

No further scoring was done in the second half by either team and the game ended with Rothsley's score thirteen to Fredericton's five.

Today the High School teams, of Fredericton and St. John will meet on the college field at Rothsley. The winner of this game will decide with Rothsley as to who is to be the champion of the league this year.

Lack of suitable grounds in the city has forced the St. John team to depend on the kindness of Rothsley Collegiate for a playing field.

The teams lined up yesterday as follows: Fredericton Full Back Hickson, Half Backs Wilson, Dennis Curry, Quarterbacks Dunphy, McCafferty, Forwards Dalwick, Armstrong, Duggett, Gibbon, McLenahan, Colter, Striving, Price, Filton, King, McFarland, Schofield, McLennan, Thornton, Woods, Johnson, Mills, Brownell, Sparrow, Fredericton Briss, Oldham and Walker.

Canadian Tennis Championships

Montreal, Oct. 21.—Winners in the finals of the Canadian indoor tennis championship today were W. Crocker, A. F. Casels and E. H. Laframboise, all of Montreal. The only outsider remaining in the singles competition this morning was R. L. Rennie of Toronto, and he was defeated in straight sets by Mr. Crocker.

Local Bowling Games Yesterday

WELLINGTON LEAGUE. Last night in the Wellington League at the G. W. V. A. alleys Parity Ice Cream and Nashuaak Pulp broke even. The scores follow:

Purity Ice Cream. Carleton . . . 91 74 77 243 89 3 3 G. Stern . . . 67 81 88 234 78 2 3 H. Stern . . . 82 73 72 225 75 1 3 Haras . . . 93 93 89 244 81 1 3 McLoewas . . . 82 81 72 235 79 3 3 288 461 398 1187

Nashuaak Pulp and Paper. Keir . . . 89 81 80 2 0 83 2 3 Doherty . . . 92 89 68 241 89 1 3 Homes . . . 73 82 79 234 75 1 3 P. Crafts . . . 72 73 89 234 78 1 3 Kilpatrick . . . 81 74 80 235 78 1 3 419 280 257 1195

Tonight the St. George's and Blue Goose teams will roll. It is announced that owing to one of the teams dropping out, there is an opening for another team to fill the vacancy in the league.

COMMERCIAL LEAGUE. The Ford Motor Works and the Imperial Optical Company, in the Commercial League rolled on Black's Alley's last evening both getting two points.

Fort Motor. Latham . . . 82 101 84 272 82 1 3 Hoyt . . . 74 89 69 232 87 1 3 Woolman . . . 86 93 86 265 85 1 3 Goldart . . . 104 84 89 268 89 1 3 Reid . . . 75 96 99 269 86 2 3 421 441 410 1787

Imperial Optical Company. Cunningham . . . 68 109 81 272 82 2 3 McDonald . . . 74 82 79 235 78 1 3 Mackwell . . . 100 94 81 285 95 2 3 Garnett . . . 82 75 74 233 77 1 3 Stanton . . . 72 95 73 243 81 1 3 417 458 298 1722

James Holden McCready and T. E. Shamus teams will roll tonight.

Athletic Season At The Armories

Committee Has Planned Excellent Programme for Winter Season.

A meeting of those in charge of the Garrison sports to be held November 7th and other athletic activities during the winter season, was held last evening and reports show that everything is going along splendidly.

The officers are as follows: General Macdonnell, Hon. President. Lt. Col. A. H. H. Powell, Hon. vice president. Major C. J. Morgan, president.

Major T. Pugh, 1st vice president. Staff Sgt. Watson, 2nd vice president. Sgt. H. C. Sweet, secretary.

It is the intention to make the programme on Nov. 7th, rank with the best indoor meet ever held in the city and Lieut. Governor Wm. Pugsley has been invited to be in attendance.

The entries close on Monday October 21 and it is expected that list will be large as quite a number have already been received, not only in the city but from other parts of the province. A military band will be present and provide music during the evening.

A bowling league has started in the Armories and good instructors will be teaching boxing and wrestling. The recruiting lists for the different units is open and affords any young man in the city an opportunity not only to become a member but entitles him to enjoy the different lines of athletics during the long winter months.

It was decided at the meeting last night that the different events for Nov. 7 are open to members of any amateur organization, in the city or province and entries can be made with Major Morgan or at military headquarters.

Used Airplane For Publicity

U. N. B. Student Drops Dodgers Over Fredericton for Football Game.

Special to The Standard. Fredericton, Oct. 21.—The undergrads of the University of N. B. called off a new one in the publicity line this afternoon when one of their number, Leonard G. Slipp, of Woodstock, circled over the city in an airplane distributing dodgers for the quarter back. The dodgers are to be played here Saturday afternoon.

The University team will line up weaker than it might otherwise, as several of its new ones in the publicity line have been in the city for three regular players on the shelf. They are Harrison, of the forwards; Trimble, captain and half back, and Cain, quarter back.

There is a possibility that the team will not be as strong as it should be. Haines will go on at half back and Willett at quarter back. There is a possibility that the team will not be as strong as it should be.

Word has been received from J. W. Allen of Halifax official referee of the Halifax City Rugby League, that he will referee all the matches in both the eastern and western sections of the intercollegiate league except the matches played November 9 and 10.

Private business will prevent him officiating on those dates. It means that Mr. Allen will officiate in both matches in which U. N. B. will play.

Field Day At St. Dunstan's

Charlottetown, P. E. I., Oct. 20.—The annual field day of St. Dunstan's University which was held on the large campus overlooking the college on Tuesday was a complete success.

Some of the records made by the students in several events were far ahead of those made in previous years. John F. Campbell of New York, one of the fastest long distance runners ever seen around these parts came within two seconds of breaking the wartime record for the mile run, and with a half a second of breaking the record for the half mile. His time for the mile was 4 min. 23 1/2 sec. and for the half mile, 2 min. 6 1/2 sec.

Perrien O'Brien, a former student of the University of St. Joseph's College, Memramcook, N. B., and who holds from Rogersville, N. E., captured the prize for the best all round senior athlete. On Tuesday evening in St. Dunstan's Auditorium the prizes donated by several Charlottetown merchants were distributed to the winning athletes.

A short musical programme was carried out and addresses were by the Rev. Father Rector and Rev. J. C. McDonald.

HIGH SCHOOL TEAMS. This morning at ten o'clock of the T. M. C. A. after the St. John's High School bowling team will try conclusions with the Fredericton High, whose members are here with the football squad. The St. John boys invite their school chums to be present at the game.

Looks Like A Good Breeze Today

Skipper of Bluenose and Elsie Look for Good Sailing Weather.

Halifax, N. S., Oct. 21.—"Looks like a good breeze tomorrow," said Captain Marty Welch, veteran skipper of the Gloucester schooner Elsie, defender of the North Atlantic fishermen's trophy, as he stood on the after deck of his vessel, when she docked from a salt-stretching spin today.

"From the north, I think," opined Elsie's skipper.

Bluenose the Canadian challenger, had also been out the harbor testing gear in the piping westerly breeze and the two vessels had been at one time almost within hailing distance of one another.

Aboard the Bluenose Captain Angus Walters today was far from pessimistic as to the result of tomorrow's race. "Bluenose should be able to do something," he said. "Certainty I'm not timid about her." Like Marty, Angus expects a good breeze of wind tomorrow.

Skipper and crew tonight were all set for the contest, and the various committees meeting frequently throughout the day had arranged the final details.

The question of maximum number of crew for each schooner was discussed and it was decided that the number should be from twenty-five to thirty at the option of the skipper.

Appointment of the sailing committee was then proceeded with. Those selected to officiate are: Ralph C. Gowdy and Howard Gannett of the Corinthian Yacht Club, Boston; Captain Victor Johnson, Major J. M. Slayter of the Royal Nova Scotia Yacht Squadron, Halifax; and F. W. (Casey) Baldwin, of the Baddeck Yacht Club, Cape Breton.

Russel Smith of Gloucester, representing the owners of Elsie, will be the official observer on Bluenose. It was decided today. He will replace Captain John Matheson, the original appointee, who will sail as a member of Elsie's crew. Captain Matheson was made on Esperanto during the races last year.

Basketball Will Boom This Season

Thirteen Teams Represented at General Meeting—Officers Elected and By-Laws Adopted.

From present indications basketball is due for a big boom in St. John this winter, and there will probably be four leagues—one for young ladies and three for the members of the Y. M. C. A.

Last night a general meeting was held at the Y. M. C. A. at which representatives of thirteen teams were present. Officers for the year were elected, a constitution and by-laws to govern the league were adopted and a decision to form two leagues, senior and intermediate reached.

The officers elected were: Frank White, honorary president; Roy Willet, president; H. Nixon, vice-president; Walter Golding, secretary-treasurer.

After some discussion it was decided to form a senior league of four teams and an intermediate league of eight teams. It was also announced that a league for Tuxis Boys, games to be played on the church floors, would be formed soon, and also a league for young ladies.

The following teams were represented at the meeting: Y. M. C. A. seniors; Tuxis, Alex's, intermediates and business boys; Y. M. C. A. intermediates, two teams, St. George's Athletic Club; St. David's, German Street Baptist, St. John's High school.

A meeting will be held next Friday evening at which the schedule for the winter will be made up and the date of opening set.

MANY RIDERS ENTERED. Halifax, N. S., Oct. 21.—One hundred and twenty-two riders are entered for tomorrow's Halifax Herald forty-five mile bicycle race from Windsor to Halifax.

Corner friends, read, I wrote. You see books are good for our mind. Some books are like butter, meat and potatoes. Some are like quacking or pecking. We must not get too much like like goose candy, but if we do, our mind gets a good when you stuff it with them. You have a pain if you eat too cream or too many pickles. There are lots of books that may not think are good and are read by the best people. Alice in Wonderland. Through the Looking Glass. Aesop's fables. Some books are like gold, some are like silver, some are like iron, some are like steel, some are like copper, some are like brass, some are like tin, some are like lead, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, some are like cobalt, some are like selenium, some are like tellurium, some are like iodine, some are like bromine, some are like fluorine, some are like chlorine, some are like sulfur, some are like phosphorus, some are like carbon, some are like silicon, some are like germanium, some are like arsenic, some are like antimony, some are like bismuth, some are like lead, some are like tin, some are like copper, some are like zinc, some are like nickel, A Regular Saturday Page for the Kiddies

Weekly Chat

Dear Chime:— Did you ever hear the big out-of-door called the "The Book of Nature"?

How many of you remember what I wrote you last week about words? Today I am going to talk for a bit about a lot of words put together in books or volumes.

There are lots of books which you may not think are good, yet they are read by the best people in the land.

For boys, all the Henly books are fine for they tell true stories of India or England or our own land.

Girls' books are harder to find. No one ever wrote better stories than the writers of "Little Women."

With heaps of love, Your friend, UNCLE DICK.

Though it is quite true that God feeds the birds, God does not feed idle birds.

Let us hope that patient, painstaking bird called that mouthful very much, and that he did not have to work quite so hard for the other mouthful that made up his dinner.

HOW TO BECOME A MEMBER OF THE CHILDREN'S CORNER

Any boy or girl under sixteen years of age may join by sending in his or her name, address, birthday and age.

Answers to Letters

Don. W.—I had a camp too, but you didn't have a cotter. It was nice of you to write to me and I'm glad you remember about the birthday.

Nellie W.—Much obliged for your kind words about the Children's Corner, Uncle Dick "Aims to please" as the saying is and it is fine to know that the boys and girls like the Corner.

Edith W.—We have not had any snow yet Edith here, winter must be coming earlier with you.

Beth N.—What a lovely house you will have and what a fortunate girl to have so many pets and a brother too.

Longfellow, known as the Children's Poet, because so many of his poems are about children or are simple enough for them to understand.

Here is another amusing incident that the poet told:—"As I was standing at my door one morning a lady came up and asked, 'Is this the house where Longfellow was born?'"

MOVING PICTURE FUNNIES.

THE LETTER BOX. Correspondents Wanted.

Edith B. Wright, Kilburn, N. B. (fifteen) would like a correspondent through the Children's Corner and Marjorie Beth Northrop, Hillsboro, Kings Co., N. B., would also like correspondents.

Edith B. Wright, Kilburn, N. B. (fifteen) would like a correspondent through the Children's Corner and Marjorie Beth Northrop, Hillsboro, Kings Co., N. B., would also like correspondents.

CHILDREN'S CORNER

The Maid of Eclusier. Between Tigress and Crocodiles

A STORY FOR GIRLS. (Continued from last Saturday.)

Every French girl loves and reveres the memory of Joan of Arc, the brave old maiden who saved her country.

One of these girls was Marcelle Semmer, who lived in the little village of Eclusier, which stands on the canalized river Somme, about eight miles from Peronne.

At nine o'clock on the evening of August 21, 1914, the Germans in overwhelming numbers fell upon the French, who were holding the line of the Somme and Meuse to the east and south-east of Charleroi.

It was easy to lose one's way in the marshes of the Somme, and the soldiers frequently went astray.

Once more, however, she was saved. French guns began to play upon the village, and one of the shells blew a great hole in the wall of the church.

You may be sure that the French army was grateful to the girl who had served her country so devotedly, and had faced death so frequently and so nobly.

Phil turned and fled. As he rushed into the jungle someone dashed past him. An instant after, the heavy "Bang!" of a rifle rang out.

Unless the claws of the man-eater were produced the Government would never pay the bounty promised to the slayer, and Phil at once set to work to secure the trophies.

Jack had been very much interested in some toys his baby brother had received for his birthday and had lots of fun watching the little play with them.

Motto: Kindly Deeds Make Happy Lives

Smile Kiddies, Smile

Youth—"I'd like to see that new dog of yours preventing the theft of a watch."

"Tigral, hey ye a light?" "Ay," replied Tigral, "I've got a light, but it's out."

"It's wonderful what a lot of determination our Jockies has. When he always does it."

"My goodness! what was that?" Young Morris, who had set out an hour before sunset to meet Abdul, was startled by the noise which came from the jungle.

"It is a tiger," muttered Phil. He turned his back upon the village, from which he was evidently out of, and began to run.

"The full roar of the man-eating tigress rang out so suddenly, with such a fearful burst of sound, that the boy uttered a responsive yell.

Phil placed his hands together. In another second he would have made his dive; but he drew back quickly, and with a cry of despair.

The tigress spread out her paws and uttered an awful cry as she fell into the water and disappeared beneath the surface.

Phil ran to the other's assistance. The crocodiles, disappointed of their prey, were endeavoring to reach the shore, and Phil at once set to work to secure the trophies.

Phil uttered a cry of dismay; a couple of crocodiles made a rush; and the boys were compelled to escape hurriedly.

"I killed it," said Abdul, proudly. "I put a bullet in his forehead. All the day have I been stalking that beast. It fed from me, but I overtook it at last and killed it, as you see."

Puzzles

1. Take away the first letter of a kind of fruit and leave a first temperature. Take away the first letter of the remaining word and leave a word meaning to devour.

Answers: 1. Wheat; 2. Heat. 2. Those who live in glass houses should not throw stones.

NATURE'S CHILDREN. When flowers are little— What do you suppose? They eat simply nothing but dirt.

THE EARLY BIRD. Nurse says I a man early bird. Because I cannot stay in bed.

TARTARS LOVE HORSES. The Tartars have a way of living with their animals which is truly astonishing; they talk to them, and when they wish to encourage them to some extra exertion they whistle to them as if they were birds.

Give me those claws." "You stalk a man-eater," retorted Phil. "Let me tell you that it has been stalking me. The claws are mine."

"What has that to do with me? I shot the man-eater!" retorted Phil. "Oh, you did, did you? Then where is the gun?"

"It seems to me," said Phil ruefully, "that I shall have to hand these claws over to the pater, since we have lost his rifle. He'll buy another with its bounty money. Perhaps if there is anything left—"

Never Parted. "I understand your wife came from a fine old family."

THE STANDARD'S FINANCIAL SECTION

Further Strength Exhibited On Wheat Market

There Was Light Offering of Cash Wheat — Reduced Hedging Sales in Pit.

Winnipeg, Man., Oct. 21.—The local wheat market exhibited further strength today, all future months making fairly substantial gains. A feature of the market was the greatly reduced hedging sales in the pit and the extremely light offerings of cash wheat. The tendency now seems to be for the farmer to hold his wheat for higher prices. After a slight reaction from the high of the day, October closed 3 3/4 better, November 3 5/8 up; December 3 1/8 up and May 2 1/2 better.

In sympathy with wheat the future coarse grains were stronger today, the October option for oats closing 3 3/8 better, October barley advanced 2 cents, flax 1 1/4 and rye 1 1/2 with the other three months showing large gains.

There was a good demand for cash wheat, but limited offerings resulted in but a slight volume of trade being worked. Premiums were unchanged to 1/4 better. There was little change in the cash coarse grains division.

Wheat Close—October, 11 1/2 bid; November 11 1/4 bid; December 10 1/2 bid; May 11 3/4 asked.

Barley—October 5 1/2 bid; November 5 1/8 bid; December 5 1/4 bid; May 5 1/2 asked.

Oats—No. 2 c.w. 4 1/2; No. 1 northern 1 1/4; No. 2 northern 1 1/4; No. 3 1 1/4; No. 4 1 1/4; No. 5 1 1/4; No. 6 1 1/4; No. 7 1 1/4; No. 8 1 1/4; No. 9 1 1/4; No. 10 1 1/4; No. 11 1 1/4; No. 12 1 1/4; No. 13 1 1/4; No. 14 1 1/4; No. 15 1 1/4; No. 16 1 1/4; No. 17 1 1/4; No. 18 1 1/4; No. 19 1 1/4; No. 20 1 1/4; No. 21 1 1/4; No. 22 1 1/4; No. 23 1 1/4; No. 24 1 1/4; No. 25 1 1/4; No. 26 1 1/4; No. 27 1 1/4; No. 28 1 1/4; No. 29 1 1/4; No. 30 1 1/4; No. 31 1 1/4; No. 32 1 1/4; No. 33 1 1/4; No. 34 1 1/4; No. 35 1 1/4; No. 36 1 1/4; No. 37 1 1/4; No. 38 1 1/4; No. 39 1 1/4; No. 40 1 1/4; No. 41 1 1/4; No. 42 1 1/4; No. 43 1 1/4; No. 44 1 1/4; No. 45 1 1/4; No. 46 1 1/4; No. 47 1 1/4; No. 48 1 1/4; No. 49 1 1/4; No. 50 1 1/4; No. 51 1 1/4; No. 52 1 1/4; No. 53 1 1/4; No. 54 1 1/4; No. 55 1 1/4; No. 56 1 1/4; No. 57 1 1/4; No. 58 1 1/4; No. 59 1 1/4; No. 60 1 1/4; No. 61 1 1/4; No. 62 1 1/4; No. 63 1 1/4; No. 64 1 1/4; No. 65 1 1/4; No. 66 1 1/4; No. 67 1 1/4; No. 68 1 1/4; No. 69 1 1/4; No. 70 1 1/4; No. 71 1 1/4; No. 72 1 1/4; No. 73 1 1/4; No. 74 1 1/4; No. 75 1 1/4; No. 76 1 1/4; No. 77 1 1/4; No. 78 1 1/4; No. 79 1 1/4; No. 80 1 1/4; No. 81 1 1/4; No. 82 1 1/4; No. 83 1 1/4; No. 84 1 1/4; No. 85 1 1/4; No. 86 1 1/4; No. 87 1 1/4; No. 88 1 1/4; No. 89 1 1/4; No. 90 1 1/4; No. 91 1 1/4; No. 92 1 1/4; No. 93 1 1/4; No. 94 1 1/4; No. 95 1 1/4; No. 96 1 1/4; No. 97 1 1/4; No. 98 1 1/4; No. 99 1 1/4; No. 100 1 1/4.

Bull Market Featured Trade On Montreal

Advances Recorded in Thirty Stocks — Papers Attracted Most Attention.

Montreal, Oct. 21.—The market on the local stock exchange today was distinctly bullish in tone with advances from fractions to four points recorded in thirty stocks.

The papers attracted most attention, Brompton leading the market and most of the issues made good gains. Brompton closed with a two point gain. Laurentide advanced net 3 1/2 points at 77 1/2. Spanish common sold up 4 points to 62 closing at the top, the preferred gained 3 1/2 to 67. Athibi gained 1/2 to 33 1/2 and Riordan advanced 2 1/2 on news of the re-opening of the Kipawa plant.

Stocks to show a tendency to recede, included Canada Steamship which declined 1/4 to 63 1/2 and the common was down 1 1/2 to 13 1/2. Dominion Glass declined 1/4 to 63 and Asbestos and Ontario Steel lost a point each.

Gains were made of one point each by Canadian Car preferred; Dominion Bridge and Lyall. National Breweries was up 3/4 points to 56 1/2 on fairly active trading and Dominion Glass preferred gained 2 1/2 to 58 on sales of only 40 shares.

Bond and bank trading was inclined to be quiet.

Total sales, listed 6,925; bonds 598, 400.

Transportation Stocks Suffered Declines Friday

Partly Retrieved Before Session Closed—Oils Forged Ahead.

New York, Oct. 21.—Rejection by the railway unions of the plans proposed by the railroad labor board to avert a strike effected declines of 1 to 2 points among transportations in the first half of today's stock market session.

These losses were partly retrieved later, when Mexican Petroleum became the leader of a drive against the shorts and announcement came from Chicago that the railroads would not permit a rate cut to be made in the hope it would avert the strike.

Managers of 26 railroads decided to begin a canvass of the employees to let their strike views.

Riordan Co. Ltd. makes proposals to creditors for extension of time to enable the opening of Kipawa Mill and operation of plant.

Medan Petroleum registered an extreme advance of almost eight points and all but a fraction of this was held the finish. General A. H. H. and Heston also showing substantial gains. Sales amounted to 475,000 shares.

Call loans opened at 4 1/2 per cent, but the demand for funds over the week-end was large enough to force the rate to five per cent, shortly after mid-day, without alteration, however, to the quotations. New England and Western banks were in the market for merchants paper.

Sterling forfeited part of yesterday's advance and exchange on France, Italy, Belgium and Germany eased, but Holland, Norway, Sweden and Spain improved and the Shanghai, 95 to 100, in response to London's higher price for silver.

Buying of liberty and victory issues all at moderate to substantial gains, featured the lighter trading in bonds. Domestic rails reflected the heaviness of stocks, but foreign issues were devoid of special features. Total sales par value aggregated \$14,400,000.

GOSSIP AROUND THE MARKETS

Federal Reserve Bank rates include from 6 1/2 to 7 1/2. Highest since early Autumn.

N. Y. Federal Reserve Bank rates run from 7 1/2 to 8 1/2.

President Harding confers with Chairman McLeod of the Inter-state Commerce Commission and acting Attorney-General on the railroad situation. It was announced he was anxious a rate cut to be made in the hope it would avert the strike.

Managers of 26 railroads decided to begin a canvass of the employees to let their strike views.

Wood Shipped Under Name of Another Seaman

Will Now Spend Few Weeks in Montreal Jail, Then Go Back to England.

Montreal, Oct. 21.—Edward Wood, who shipped from England for Montreal, had the papers in his pocket to prove he was John Campbell, seaman. Campbell signed up for the round trip, stowage for him, was agreeable, Wood says. But the second mate, who was a relative of Campbell's, would not recognize him and besides that the skipper had had a tilt with Campbell over some little seafaring matter and couldn't remember his face. Wood will spend some days in jail here and will then return to England because Campbell signed up for round trip. His home is in Canada and he has a brother in Toronto.

CITY OF ST. JOHN DEBENTURES

Sealed tenders will be received by H. B. Wardrop, Common Clerk, addressed to him, until noon of Friday, the 28th day of October last, for the purchase of the following debentures, viz:—

\$646,000.00 dated 1st November 1921, due 1st November, 1924, bearing 6 per cent. interest payable half yearly.

Interest and principal payable in St. John, Montreal or Toronto, at holder's option.

Denominations \$500 and \$1000.

The City does not bind itself to accept the highest or any tender.

Dated St. John, N. B., October 17th, 1921.

H. A. SCHOFIELD, Mayor.

"In looking out of doors, do you notice how bright is the green of the grass and the leaves?" asked an elderly man of a youngster, whose home he was visiting.

"Yes, sir."

"Why does it appear so much brighter at this time?" he next asked, looking down upon the lad with a smile.

"Because the servant has cleaned the windows, and you see out better," the youngster replied.

Order Issued Reducing B. C. Freight Rates

This Applies on Class Freight as Distinguished from Commodity Freight.

Ottawa, Oct. 21.—A judgment reducing the freight rates in British Columbia has not been handed down by the Board of Railway Commissioners, as stated in a despatch from Vancouver, but an order has been issued re-interpreting the freight rates schedules established in 1914.

This order reduces by approximately five to eight per cent, the charges on class freight as distinguished from commodity freight in British Columbia alone. This action has been taken, chief commissioner F. B. Carwell, stated this morning, because the board reached the opinion that an error had been made in the compilation of certain illustrative rate tables contained in the 1914 judgment. These tables were used by the railway companies as a basis for their tariff schedules. The order applies to local business between the coast and the prairies. The statement contained in the Vancouver despatch, that the order would involve a saving of at least \$2,000,000 annually to the shippers of British Columbia was held to be a greatly exaggerated estimate.

Prices of Raw Sugar Remained Without Change

New York Oct. 21.—There was no change in raw sugar prices early today. Duty-free sugars were quoted at \$4.00 for centrifugal and Cuba at \$4.11. Business was light and the only sale reported was 4,900 bags of Venezuela at 2.30 cts. equal to 4.40 for centrifugal.

Raw sugar futures were firmer and trading was more active with prices at midday six to ten points net higher on covering and buying by trade and commission houses.

No changes were noted in refined with fine granulated listed at 5.20 to 5.30.

Refined futures were without transactions.

Wheat Market

Oats, Canadian Western, No. 2 53 1/2; No. 3 51 1/2.

Wheat Prices Took Decided Upward Swing

Chicago, Oct. 21.—Wheat prices took a decided upward swing today influenced more or less by belief in various quarters that the President and his cabinet would find a solution for the threatened general railroad strike. The market closed strong at 3 1/2 to 4 1/2 cents higher.

Corn gained 1 1/2 to 2 1/2 and oats 1 1/2 and 2 1/2 to 3 1/2 cents. In provisions the outcome varied from the same as yesterday's finish to 35 cents higher.

Wheat—Dec. 1.08; May 1.12 1/4.

Corn—Dec. 46 7/8; May 52 1/8.

Oats—Dec. 33 1/4; May 37 3/4.

Pork—Jan. 15; lard, Jan. 8.22; March, 9.15; rib, Jan. 7.65; May, 8.02.

SPRING MARKETS LOOK SATISFACTORY

Winnipeg, Man., Oct. 21.—(By Canadian Press)—Good demand for seasonable lines of merchandise and fairly satisfactory placings for the spring marks the business atmosphere in the east and so far as the west is concerned little change is noticeable since the early part of the month, states the weekly trade report of the Canadian Credit Men's Trust Association.

Waiter Strike A Visitors To

Third Week, With Seen, and Violence

Berlin, Oct. 21.—Berlin started the third week of strike without peace in with a great majority of visitors here without a plan. The fact of violence has now become a fact, and many strikes and even more violent have been followed by strikers badly.

THE WEATHER

Toronto, Oct. 21.—The depression which was over Quebec last night has now reached the Gulf of St. Lawrence and the other depression which was situated in Alberta is central near Lake Superior. Rain has fallen over Manitoba and in Eastern Quebec; otherwise the weather over the Dominion has been generally fair.

AROUND THE CITY

COW KILLED BY TRAIN.
A valuable cow owned by James Evans of Maritown was struck and killed by an eastbound express train yesterday morning.

WILL HOLD SMOKER.
What is anticipated to be one of the largest to be held in the city is being arranged by the Knights of Pythias to be held in their hall on the 28th of this month.

TAKEN OVER BRICK YARD.
It was announced yesterday that the Stephen Construction Co. had taken over the Lee brickyard at East St. John and intends to go into the manufacturing of brick at once.

TO RESUME OPERATIONS.
The Canada Nail and Wire Works, which has been closed down for about four months, is getting ready to resume operations on full time. The plant employs about thirty men when working to capacity.

ENQUIRY WEDNESDAY.
Commissioner Thornton announced yesterday that the enquiry into the charges made against the police in the O'Brien-Spellman trials of withholding evidence would be begun next Wednesday evening at City Hall.

HAS FINE BOAT.
The new sail yacht built for A. M. Rowan is now at the R. K. Y. C. anchorage and will come in for much favorable comment on her splendid appearance. She is fifty feet in length and handsomely appointed.

THE UNEMPLOYED.
A west side business man in commenting on the unemployment situation yesterday stated that he had been unable to get men to handle work which was cut by a machine for less than \$4 per day. In order to do business he had been compelled to engage boys to do the work.

SHOWING RESULTS.
Inspector "Sandy" Crawford and the other members of the local staff are making life miserable for the men engaged in the illegal sale of liquor. Up to date this month they have been responsible for the collection of \$1,900 in fines and have confiscated about \$200 worth of booze.

LANCASTER FERRY DISABLED.
The ferry steamer E. Rom was forced to go off the route yesterday morning by the failure of one of her outside condensers. Repairs will be made as quickly as possible. While she is off, the service is being maintained with row boats.

SEEKS INFORMATION.
H. B. Wardrop has received from the Harvard Alumni Directory a request for information about Edmund Knowles Hewitt and Fredland Kennedy, two former members of that body, and he would appreciate any information which could be given him about either of them.

FIRE FIGHTING EQUIPMENT.
Commissioner Thornton is planning an addition to the fire fighting equipment, which should make the department even more efficient than at present. He plans the purchase of a new city service truck for the North End and the removal of the present ladder truck and chemical wagon to the West Side. The service truck is a combination ladder wagon and chemical service.

ELECTION REGISTRARS.
County Court Judge J. R. Armstrong is reviewing the voters' lists for the coming election. The following are the registrars in the various wards: Kings, Albert, Hunt, 17 Union street; Wellington, Chas. A. Emery, 40 Coburg street; Prince, A. W. Cowey, 28 Sydney street; Queens, S. W. Palmer, Palmer Building, Dukes, Chas. M. Langley, 80 Macleod street; Sydney, Lawrence E. Lincoln, 143 Saint James street; Guys, Chas. A. Emerson, 77 Union street; West, Brooks, Francis H. Gardner, 131 Lancaster avenue; Lorne, S. W. McLauchlan, Lansdowne, 27 St. John's street; Dufferin, John Willet, 295 Rockland road; Victoria, W. S. Cheever, 364 Stanley street; Stanley, Francis Kerr, 195 Millidge avenue.

PROHIBITION INSPECTORS MADE A VERY LARGE SEIZURE

Found About Ten Thousand Dollars' Worth of Booze in a Freight Car on Pettingill Wharf—Liquor Was Mixed in With Lot of Old Bags Billed for Boston.

Forty-five cases of Haig & Haig, five star special and 220 gallons of Bourbon whiskey all with a total value of \$10,000 on account of prices was the find of Chief Inspector Hawthorne's sleuths in a midnight raid. These sleuths have a peculiar way of nosing out things and the nosing was particularly good last night. Movements of a suspicious nature attracted the attention of one of the officers. He summoned his valiant assistant, and they picked up a scent that led them to Pettingill's wharf. Here on the rails was found a common ordinary everyday sort of a looking freight car. Nothing suspicious about that, investigation revealed, however, that a seal had been broken from one of the doors and that door was open a few inches. Through the opening a quantity of rags had dropped from the car to the wharf. The door was further opened and, for curiosity's sake an inspection of the car was made. The car was found to be loaded with an assortment of old bags. They were harmless looking in themselves. A closer scrutiny of one end of the car revealed something of more value than rags or bags. Here were discovered the Haig & Haig, each case in an old bag and the eight 40 gallon dimes of Bourbon had a bag drawn over the top of each. An inspection of the cases showed they had been tampered with, the markings having been erased so that their identity was lost. The whole lot was taken from the car and removed to the rooms of the inspectors' on Prince William street. The car was billed to go out today to Boston as a consignment of "rags." The rags will probably go, but the cases of rags will not have the same value and will not be so eagerly awaited in Boston as it otherwise would have been had not "sandy's" forces interfered. The officers will examine the bill of lading today and thereby learn the consignors and the consignees. This is the biggest seizure, from point of value, made in St. John and great credit is due Inspector Hawthorne for the work done. The officers have every reason to believe, from evidence about the broken seal, etc. that some persons, knowing that liquor was in the car had broken into it and carried away some of the liquor before the Inspector arrived. Inspector Stevens of the C. P. R. was called to the scene and will attend to that feature of the case.

The Enforcement Of Prohibition

Chief Inspector Says If Decision of Fredericton Magistrate Holds Enforcement Will Be Hard.

"If the decision of Magistrate Limerick of Fredericton holds as good law, the enforcement of Prohibition in New Brunswick is going to be a hard job," said Chief Inspector Hawthorne to a Standard reporter last night. Men were before the Magistrate recently, charged with illegal possession of liquors. They were caught a few miles above Fredericton, on the Woodstock road, transferring a quantity of liquor from one automobile to another. At their hearing they claimed the liquors were for parties in Houston, Me., and they were simply carriers. Magistrate Limerick holds the liquors were in transit and the respondent could not be punished for an infraction of the Prohibition law. Chief Hawthorne contended it will now be practically impossible to seize liquors that are found in an automobile on the highway, as it will be a very easy defence for the operator of the car to claim the contraband was for people on the other side of the boundary line.

ERECT FOG BELL.
The Marine Department is going to erect a fog bell on the end of Pier No. 14, West St. John. It will be put in to commission shortly.

OLD COUNTRY CLUB.
The social and dance given by the members of the Old Country Club last night in Orange Hall, Germain street, was attended by a large number who thoroughly enjoyed the evening. It is the intention of the Club to have a number of these social evenings during the winter months.

WILL ATTEND CONVENTION.
Hon. J. B. M. Baxter, Minister of Customs and Excise, will leave this morning at 7:30 o'clock for Fredericton, where he will attend the convention to be held today for the purpose of nominating a candidate in the interests of the Government for York-Summary constituency.

70TH ANNIVERSARY.
The Seventieth Anniversary services of St. James Church will be held tomorrow evening with the rector, the Rev. H. A. Cody, in the pulpit. The sermon will be a story of St. James Church from 1851 until the present day, and the changes that have taken place in the church since his consecration.

PLEASANT PRESENTATIONS.
A very pleasant event took place last evening in the parlor of the Charlotte Street Baptist Church, when the Young Ladies' Bible Class gave a supper in honor of two of their members, one of whom was lately married, and the other is to shortly join the wedded. The guests of honor were Mrs. Flood and Miss Aileen Parks. Miss Jessie Hart, president of the class, was in the chair and presented to the guests gifts from the class. After the supper a social hour was spent in games and music.

IN CHANCERY COURT.
In Chancery Court, yesterday morning, in the case of Fenton vs. Kelleher, argument was finished. Evidence was given by F. Kelleher, A. Albert, J. Redden, F. Craft, G. E. Logan and A. Barry concerning the matter of the title of the defendant to the property involved. The court considers B. S. Smith represented the plaintiffs, and J. F. H. Toed, the defence.

MR. J. P. BOYD, Vancouver, is visiting her native city after an absence of twenty-one years. She is the guest of her brother, R. A. Seeley, assistant superintendent, C. G. M., Dufferin Row, West Side.

Hon. F. P. Thompson, Mr. and Mrs. A. J. Thompson and daughter, Jess, left Fredericton on Thursday on an extended trip to the Pacific coast. Chatham World: His Lordship Bishop Chalmers, accompanied by assistant superintendent, C. G. M., Tuesday, where he will receive expert medical advice.

Moncton Feels Policy of Premier Safe One

Prominent Lumber Dealer of Railroad City Says People Impressed by Meighen's Speech.

R. W. Lockhart, a prominent lumberman of Moncton, was in the city yesterday and was a speaking caller at the Standard Office. Lockhart says there is now a more active demand for the products of the mills than there has been for some time. Dealers are receiving many queries for both long and short lumber all of which indicate a shortage of supply in the larger distributing centres. The only discouraging thing about the market, says Mr. Lockhart, is the fact there has been no increase in prices and there appears to be no immediate prospect of an advance. The season cut, he says, will be considerably better than last year. According to Mr. Lockhart the business men of the Railroad City are still talking of Premier Meighen's speech on the occasion of his visit to that city. His reference to the railroad problems of Canada, and his out and frank statement on a railway unit for the Province struck a responsive chord with the people. The people, he said, feel his solution of the problem is a proper one and his policy safe to follow.

Ten Traffic Cases In Court

Police Magistrate Struck Fines Amounting to \$108 Mostly for Speeding.

The fact that the traffic laws of the city were made to be obeyed, and not violated, is being impressed upon the minds of an increasing number of motorists every day. Ten cases were dealt with yesterday, and two more were held up because the defendants failed to appear. The magistrate struck fines amounting to \$108. Most of the offenses were for exceeding the speed limit. Two cases were postponed. In addition to the motorists, John Butler was before the court charged with recklessly driving a horse, and was fined \$8. He pleaded not guilty, and asked for a copy of the evidence, as he intended to appeal.

Afternoon Bridge Greatly Enjoyed

All Arrangements at G.W.V. A Rooms Well Carried Through.

The afternoon bridge given by the Valcartier Chapter I.O.O.F. at the G.W.V. A Rooms yesterday was pronounced a great success by all attending. All arrangements for play were carried out in a most satisfactory manner. The refreshments were served by members of the Chapter. Guests were received by the Regent, Mrs. Frederick R. Taylor, and Miss Taylor. At the tea table were Mrs. William Pugsley, Mrs. Walter E. Foster and Mrs. F. R. Taylor. Decorations on the table were a beautiful effect, a Jack O' Lantern centre, with orange and black surroundings. Committees in charge were as follows: Bridge—Miss Jean Anderson and Miss Audrey McLeod. Tickets—Miss Barbara Jack. Tea—Mrs. Kenneth Campbell and Mrs. Campbell. Advertising—Mrs. George Miller. Those fortunate enough to be awarded prizes were: first prize, Mrs. Ralph Robertson; second prize, Mrs. George Fleming; third prize, Mrs. Sherwood Skinner.

The Provincial Taxation Branch

As Result of Conference Larger and More Satisfactory Quarters in Post Office Building Secured.

R. G. Graham, chief inspector of taxation, of the Federal Department of Finance, Major N. P. McLeod, inspector of taxation at St. John; T. W. Fuller, assistant chief architect of the Department of Public Works; F. L. Gadsbury, general superintendent of the Post Office for Eastern Canada, and H. W. Woods, district superintendent of Postal Services, held a lengthy consultation yesterday in regard to the matter of securing more commodious headquarters for the Provincial Taxation Branch. The result of the conference was that the Taxation branch will secure larger and more satisfactory quarters in the Post Office building, and it is probable that the change of premises will be effected within the next two or three weeks. No definite date, however, has yet been decided upon. It is stated that the officials of the Taxation branch in the Dominion Savings Bank building were wholly inadequate and unsuitable for the amount of work which now devolves on that department. This change will result in greater efficiency and enable the department to function more properly and increase the amount of taxes collected throughout the province.

ARBO REMANDED.
Chester Arbo, who it is alleged was the man who broke into the car at Fredericton Junction, and stole eight hundred dollars' worth of property, was brought before Magistrate Smith at Fredericton Junction yesterday, charged, and remanded.

MR. J. H. TURNER, Ottawa, sister-in-law of Rev. Dr. David Hutchinson, arrived by the Montreal train yesterday afternoon.
Montreal Star: Mrs. John de Boyne, St. John, N. B., arrived in town this week, and will spend the winter at 115 Church street.

Have You Seen the New Designs in
PYREX
Transparent Glass
Oven Ware?
To meet the steady demand for greater variety in the shapes of Pyrex Glass Oven Dishes, the makers of Pyrex have completed a line of entirely new designs, all of which are

REPLACING OLD RAILS.
The C. P. R. announced yesterday morning that plans for the replacing of the old rails on the Shore Line with heavier steel next spring, had been completed and about sixty-five miles of standard road would be laid placing the whole road from St. John to St. Stephen in good shape. Work has been commenced on the erection of a new station at Hillsdale to replace that destroyed by fire last summer.

CLIFTON HOUSE, all meals 60c.
