THE KNIGHTS GO TO CHURCH

The special service to the Knights of Pythias which was held in the United Baptist church on Sunday afternoon was so largely attended that extra seats in the aisles were necessary. On special invitation, Rev. S. W. Schurman of Hillsboro, a recent pastor of the church, and a brother Knight, came to Hartland especially for this service. He preached a strong sermon on Friendship, Charity and Benevolence. Very aptly he told the story of the faithful friendship of the Belgians, who, having no quarrel of their own, stood out so bravely to block the Germans in their onward rush toward Paris. The story of Damon and Pythias was told in a touching manner, and throughout Mr. Schurman held the closest attention of the audience.

Rev. N. Franchette, also a brother Knight, followed Mr. Schurman in a discourse addressed particularly to the Knights in which he pointed the way for the spiritual duty of Knights and all men.

The United Baptists have a choir of which many city churches might be proud. Twenty strong, the voices are superbly harmonized, while there are numerous excellent solo voices.

Following is the order in which the service was carried through:

Anthem: "I will praise Him"
Invocation
Hymn, 662
Scripture: 1 Cor. XIII
Anthem: "The Heavens Declare"
Prayer: Rev. N. Franchette.
Hymn, 767 (Ps. 41)
Sermon: Rev. S. W. Schurman.
Male Quartette: "Seek Ye the Lord"
Address: Rev. N. Franchette.
Hymn, 823
National Anthem

The Knights about 40 strong, in a procession headed by the Union Jack, marched from their Castle Hall to the church. They are a fine looking body of young men, and banded together, pledged on oath to the high principles of the brotherhood, they comprise one of the most helpful organizations in the village. The Knights of Pythias is a secret order in more ways than one, and that the left hand shall not know what the right hand doeth is one of the cardinal principles.

PITCH-FORK IMPALES FRANK W. NIXON

Frank Nixon of Lower Brighton met on Tuesday morning a distressing accident that may have more serious consequences, although his friends are hopeful that it will not. He was turning out his cattle when one of them ran into the barn again, heading for the horse stable. Mr. Nixon picked up a pitch-fork to drive it back when the animal struck the fork in such manner that the end of the handle struck him in the abdomen with so severe force that hernia resulted. He has since been confined to his bed under constant surgical attendance, Dr. MacIntosh being the practitioner. The hernia reduced and no other untoward symptom presenting, Mr. Nixon is likely to speedily recover. Yet danger of peritonitis has given much anxiety.

Brownville Junction holds the Downie trophy for first aid work for another year, their third in succession. In the recent competition three teams were entered with the result that Brownville came out ahead and Captain V. J. Kyle has been receiving congratulations on the success of his team. The scores, out of a possible 285, were as follows:—Brownville Junction, 227; Aroostook Junction, 214; McAdam Junction, 153.

CONSUMPTION TAKES HUNDREDS OF PEOPLE

Hundreds of people succumb to consumption every day.

Science proves that the germs only thrive when the system is weakened from colds or sickness, overwork, confining duties or when general weakness exists.

The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion after meals. The cod liver oil in Scott's Emulsion warms the body by enriching the blood; it peculiarly strengthens the lungs and throat, while it upholds the resistive forces of the body to avoid colds and prevent consumption.

If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food-medicine known. It is totally free from stupefying drugs. Avoid substitutes.

Vol. VI OCT. 22, 1914 No. 19

AN ELECTION?

The Standard is publishing an abundance of long editorials of bitterly partisan type and make itself ridiculous in proclaiming a political truce during the war. If every newspaper was as belligerent as The Standard the people of Canada would not in any sense be bound together in loyalty and sympathy for those whom the war so grievously distresses.

The Standard thinks an election right now might not be inopportune, but it says:

"There is an official announcement that there will be an election. The Standard does not know that any such will be made, but a few minutes consideration will convince most men that if Sir Robert should decide to ask the people of Canada for a mandate it will be because THE GRITS HAVE FORCED such a step on him."

How in the name of common, plain, horse sense are the Liberals going to force an election at this time? Outside of parliament the Liberals are absolutely powerless—and parliament is not in session. In parliament the Liberals openly tried to force an election on the naval question, as witnessed the historical six-days sitting. How can they, then force an election now, especially when pledged on honor to a party truce?

The truth of the matter is, The Standard believes the government intends going to the people and getting a snatch verdict on sympathy and in view of the fact that the Liberals are agreed to political inactivity for the time.

The Conservative Montreal Star deprecates the move for an election and says:

"The whole nation is today acting under a party truce, reached deliberately and with patriotic unanimity in order that Canadians might move as a unit against by far the most menacing danger which has ever threatened our country or our empire. A general election could not be called now without causing a fierce renewal of party strife—without dividing our people into two hostile camps—without leaving the Liberals under a bitter sense of betrayal, after having been led into the 'ambush' of patriotic co-operation. It would be like approaching a foe with a flag of truce and then opening fire on them."

WANTS THE REPORT

The St. John Globe, once the strongest supporter of Premier Fleming says:

"The report of the Royal Commission which investigated the Dugal charges has been presented to the Lieutenant Governor, and presumably was considered by his cabinet at last week's meeting. As Hon. George J. Clarke continues acting Premier, the inference seems plain that Hon. J. K. Elenmings has not been entirely exonerated of the charges made against him. What is the real situation?"

Commencing Nov. 1 I will charge 7 cents per quart for milk. W. P. McMullen.

SIR WILFRID LAURIER.

"Fellow countrymen, citizens of Montreal, I am not in your midst as a politician, but simply as a Canadian, and I need not say a Canadian of French race. I am here to claim my right to be called a French-Canadian, and I come to ask the French-Canadians to organize a body of men which will show to all the world that we remember what we owe to England and what we owe to France, the country of our ancestors. This right I have claimed in English-speaking provinces as I claim it tonight among men of my own race."

In these stirring words Sir Wilfrid's Laurier addressed on Thursday evening last a vast assemblage which the Montreal Mail says must have numbered near 20,000 persons. Of Sir Wilfrid's speech The Mail says:

"Sir Wilfrid Laurier's eloquent appeal to his fellow-countrymen of French extraction that they should take arms in the cause of justice, liberty and honor, and swell the ranks of the new French-Canadian regiment roused to a point that baffles description the patriotic enthusiasm of the thousands that filled to overflowing the great hall at Sohmer Park."

Baby's Own Tablets cure all the minor ills of little ones such as colic, colds, constipation and indigestion, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

This lunch room will be open in the morning in time for the early trains, and will be kept open till after arrival of all evening trains.

Recruiting Orders Sent Out

With the object of losing no time in the enlistment and equipment of Canada's further expeditionary forces, orders went out to-day for the immediate re-

cruiting in all of the divisional areas of the Canada militia. Each military division and each province is to furnish its quota but the detail of this is not yet announced. Divisional headquarters are to be at London, Toronto, Kingston, Montreal, Quebec, Halifax, Winnipeg, Calgary and in Victoria. While New Brunswick is not the headquarters of a division, recruiting will also be carried on there, probably at St. John.

In its practical analysis, the government's plan means that inside a year, perhaps in less time, 100,000 Canadians will be under arms and they will be sent across constantly, but gradually, as required by the war office. The installments, as stated, will number 10,000 each.

Fell Down Cellar

P. Graham, manager of the local bank, met an accident on Monday evening that might have cost him dearly. In the public corridor of the bank is a trap door leading to the basement. When Mr. Graham turned out the light it chanced that the trap was raised, unknown to him, and he found the hole in the floor a trap indeed, for he fell headlong to the basement floor. He sustained severe cuts and bruises from too great intimacy with the coal bin and was laid up several days, suffering a good deal.

Carleton County Potatoes.

The newspapers recently have been giving some space to potatoes and other roots. W. R. Gillin of Woodstock has in his possession a potato that weighed two pounds. C. W. Connell of Grafton has raised a potato that weighed 2½ pounds and a 22 pound turnip. Ammie Burpee with a span of three-year-olds hauled 50 barrels of potatoes in one load from Jacksonville to Woodstock recently. Ernest Brooks of Jacksonville raised 1,200 barrels of potatoes from eight acres. With very little phosphate, J. W. Benn of Debec raised 1,900 barrels this season from 21 acres.—Ex.

SPECTACLES

If, as we sometimes do, meet such a complicated case of defective vision, that requires the treatment of an oculist rather than an optician, we do not hesitate to say so, and we do not make matters worse by putting off on to customers glasses that we know will not correct the difficulty. But most cases of defective vision can be remedied with proper fitting lenses and bows. In every case of this kind we give the broad guarantee of Perfect Satisfaction or money back. In fact we don't want your money until you are given as good vision as glasses can give you.

Another point: We are here every day in the week. You are welcome to come and consult us on the spectacle question at any time. If you break a lens or a bow we can replace the broken part quickly. Still another point: We not only guarantee perfect fit, but we sell goods guaranteed for quality. If we sell solid gold bows, we guarantee them so. We can furnish a variety of styles of bows, in different materials. Our goods are always more dependable than the come-and-go peddler.

POTATO TEAMS KILL MAN AND BOY

Wednesday was a day of trag-
edies in Presque Isle. Two fatal
accidents occurred in which the
lives of a man and a child were
crushed out by loaded potato
teams. Sudden death came to
another man as he slept on a sofa
in a farmhouse kitchen.

Henry Duncan, thirty-six years
old, a prominent and highly re-
spected farmer living on the Tom-
kins road, met death alone in his
potato field between five and 5.30
o'clock in the afternoon. Mr.
Duncan started into the field
with a two-horse wagon after a
load of potatoes. Late in the
afternoon the horses appeared in
the farm-house yard, drawing the
loaded team, but without Mr.
Duncan. Search was at once
instituted.

Mr. Duncan was found dead in
his field. He had evidently been
thrown from the loaded potato
team and it passed over his body.
His neck had been broken and
one of his arms was broken in
two places. It is believed death
must have been instantaneous.

About three o'clock in the
afternoon, Oramandel M. Hend-
erson, who lives at Spragueville,
was driving a loaded potato team
along the Chapman road. His
three-year-old son was seated be-
side him. Suddenly the wheels
struck a rough place and the
little boy was jolted from his seat
to the ground, the wheels passing
over him. He was terribly injured
and lived but an hour after being
taken home.

On Griffin Ridge, Wilford
Gagred, twenty-two years old,
was found dead on a sofa in the
kitchen of Robert Buchanan's
house, where he boarded. Both
he and Buchanan worked for
George Casey, a nearby farmer.
Buchanan awoke on Tuesday
night and heard sounds in the
kitchen where he found Gagred
asleep on the sofa.

"Why don't you go to bed?" he
asked.
"All right I will," Gagred an-
swered.

When Buchanan awoke on
Wednesday morning he found
Gagred dead. He had been sub-
ject to fits.

Thin, brittle, colorless and scraggy

There is nothing so destructive to
the hair as dandruff. It robs the hair

the face. This letter directs you to
the most satisfactory cure for sleep-

writes:—"I have just finished using
the sixth box of Dr. Chase's Nerve

commenced using it my nerves were
so bad that I could scarcely get any
sleep. I would lie in bed nearly all
night without sleep, and anyone who
has this trouble knows the misery of
sleepless nights. The Nerve Food
helped me from the start, and has
built up my nervous system wonder-
fully. I now enjoy good, sound sleep,

And the Answer Was:

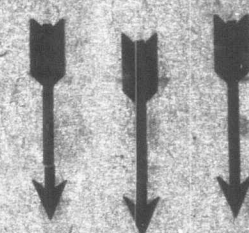

Is that you, Mr. Farmer?

Yes, this is Nixon's in Hartland. So glad you called me
up. Yes, a large part of my new goods are here, and
more arriving every day. No, the War will not have any
effect on MY prices, because I bought before the trouble
started; but in order to take advantage of my foresight
you will have to "get a move on," for the best bargains
are being snapped up almost as fast as they are opened
up. We have a good stock of Nixon's Special Tea on
hand, and will have yours ready for you. Glad you like
it—haven't heard of anyone who doesn't.
Bring along your eggs and butter, and if they are as good
as you claim I want them—the best is none too good for
my customers. Thanks. See you when you come in.

GRAND FALLS PATRIOTIC FUND

The committee appointed at the public meeting last week, in charge of the Patriotic Fund, are showing that they are the right men in the right place. Though working only four days, and covering a small part of the town and outlying districts, they have already in hand \$238 in cash, and 400 barrels of potatoes have been given by farmers, to be sold for the fund. This is only a beginning and it is expected that the fund will grow rapidly.

On Monday, Thanksgiving Day, a turkey supper was given by the members of the Tennis Club. Supper was served in the sample room of the Curless Hotel. Upwards of 100 people attended, and all voted it a very pleasant and well-managed affair. In the evening, a dance was given in McLaren's Hall and at midnight, lunch was served by the members of the Women's Institute.

The regular meeting of the Women's Institute was held on Wednesday evening, at the home of the president, Mrs. W. S. McCluskey. It had become known that the Institute was to take up the work of providing comforts for the soldiers at the front, and there was a large attendance, eleven new names being added to the list of members. It was decided by vote that each member bring a pair of socks to the next meeting. Also, a committee of four was appointed to solicit socks from women in the town and country, who are not members. The money received for lunches on Monday night, \$20, was ordered paid in as the women's first contribution to the Patriotic Fund. Mrs. C. A. Estey kindly offered the use of her parlors for the meetings of the Institute during the winter months.

At a meeting of the town council on Tuesday evening, the sum of \$100 was voted to the Patriotic Fund.

Ramsay-Bennison

Arthur D. Ramsay, and Miss Edna B. Bennison were united in marriage on Monday evening, Oct. 12, at their new home 89 Third St., Lowell, Mass. The ceremony was performed by Rev. A. A. Rideout of Dorchester in the presence of the immediate families.

The bride was prettily gowned in crepe de chene and carried a shower bouquet of lilies of the valley and bride roses. Miss Alice E. Ramsay, a sister of the bridegroom, as maid of honor, was dressed in pink messaline and carried pink roses. Howard Cove was best man. Miss Agnes Connor of Roxbury played the wedding march. The house was decorated with autumn leaves and yellow chrysanthemums. Miss Isabel Ramsay, Mrs. Wm. Durkee and Mrs. Harold Bennison of Roxbury served a delightful luncheon. Mr. and Mrs. Ramsay left for a trip to New York and Washington.

Mrs. Ramsay is well known in Hartland, being the daughter of Mrs. M. A. and the late Rev. S. W. Bennison. Among the guests were some well known Hartland people: Mr. and Mrs. Wm. Durkee, Mr. and Mrs. Stephen Durkee, Lowell, Mr. and Mrs. C. S. Bennison of Woburn and Mr. and Mrs. D. R. Bennison of Roxbury.

The financial difficulties experienced, owing to the condition of the money market due to the war, by Mr. C. Humphrey Taylor, the well known merchant of Hartland, have been arranged, the mortgages satisfied and proceedings stopped, at a meeting between Mr. Taylor and Mr. Archie B. Harmon, in Woodstock, on Friday afternoon, and the business conducted by Mr. Taylor will be carried on with the same vigor as before. This will be good news to all, as Mr. Taylor has many friends in this county, who will be glad to know that his business is now in first class shape.—Press

Sad Accident at Edmundston

Most sorrowful news was brought to Mr. and Mrs. T. M. Richards yesterday afternoon when they heard that their youngest child, Allen, 12 years of age, had met with a serious accident a very short distance from home. The young boy was riding on horseback during the latter part of the afternoon, and between five and six, he was proceeding along Victoria street, when in front of Vital Albert's shop his horse got excited; the young boy was thrown off and fell on the wheel of a wagon. Immediately Timothy Boudreau, who happened to be near the scene ran to the rescue of the child. Young Richards was brought home senseless and the doctors found a fracture of the skull.

In THREE TO FIVE DAYS, Without Hypodermic Injections of Disagreeable Features, the Gatlin Treatment Cures the Liquor Habit, Restores the Nervous System and Repairs Damage Liquor Has Done

If THE NEWSPAPERS of the country would for ONLY ONE month report the actual number of deaths directly traceable to liquor drinking, and give FULL PARTICULARS in each case, and at the end of that month should the "WET OR DRY" proposition be submitted to a vote of the whole people, NEVER AGAIN would there be a drop of liquor lawfully sold in Canada.

Every liquor dealer excuses himself for being a SLAVE—for being the victim of A DEBASING POISON—by declaring that he is but a MODERATE DRINKER—that he was never drunk in his life.

Moderate drinking, steady drinking, periodic drinking—its all the same and has the same END. Alcohol is a cumulative poison. You can poison yourself with it just as effectively SLOWLY AS QUICKLY.

Come to the GATLIN INSTITUTE TODAY—it will be the best move that you EVER MADE in your life. In THREE TO FIVE DAYS the Gatlin treatment will remove every trace of alcoholic poison from the system. At the end of the THIRD or FIFTH day you will go home with no craving or desire for any kind of alcoholic liquor. Your nerves will be steady and strong—your appetite better than in years—the vital organs of your body working properly without the stimulus of alcohol.

Come to the GATLIN INSTITUTE TODAY and have your system cleared of the WHISKEY POISON—you will find that your OWN STEAM is much better MOTIVE POWER than alcohol.

If you cannot come to the Institute for three to five days send for the Gatlin Home Treatment.

After you have taken the Gatlin treatment and are ready to leave the Institute, if you are not FULLY CURED, and SATISFIED that you are, ask for the fee paid for treatment and it will be immediately returned to you. That is embodied in a legally executed contract.

There are over SIXTY-SEVEN GATLIN INSTITUTES being successfully operated throughout the United States and Canada.

THE TERRORS OF INDIGESTION

Disappear When the Blood is Made, Rich, Red and Pure

The mistaken idea that laxatives or drastic purgatives provide a short cut to the cure of indigestion is largely responsible for the prevalence of dyspepsia and other stomach disorders. Indigestion calls for more than make-shift. Your stomach needs tone, it cannot absorb nourishment from the food you eat. To give new strength to your stomach so that it may perform the work of digestion without pain or distress, you must enrich the blood. This is the tonic method for strengthening weak stomachs. In cases of this kind Dr. Williams' Pink Pills for Pale People are the best medicine known. Every dose makes new, rich blood, which not only strengthens the stomach but builds up every part of the body as well. Here is an illustration of what this medicine can do: Mrs. L. N. Brown, Downville, N. B., says: "For three years I was a sufferer from chronic indigestion. I was hungry all the time, yet could take very little food, and what I did take was followed by great distress and nausea. My sleep at night was broken, and I often had profuse night sweats. The suffocating feeling which often followed eating would cause my heart to palpitate violently. At times my hands and face would become the color of clay and I would be completely prostrated. I was under the care of a good doctor who finally told me the trouble was incurable and that the most I could hope for was temporary relief. I was in these straits when a friend advised me to try Dr. Williams' Pink Pills. I did so, and used the pills steadily for two months when I was again a well woman, and have since had no return of the trouble."

You can get these Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

HIS HEALTH IN A TERRIBLE STATE

"Fruit-a-lives" Healed His Kidneys and Cured Him

HAGERSVILLE, Ont., Aug. 26th. 1913.

"About two years ago, I found my health in a very bad state. My Kidneys were not doing their work and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-lives' advertised, I decided to try them. Their effect, I found more than satisfactory."

Their action was mild and the result all that could be expected.

My Kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old-time vitality. Today, I am enjoying the best health I have ever had."

A PROTEST

Mr. Editor: At the Glassville exhibition a few days ago I, in common with many other farmers of the Parish of Aberdeen, was an exhibitor. Among other stock that I entered was a two-year-old driving colt on which I was fortunate enough to obtain the first prize.

I was much surprised, however, to find that George W. Whitehouse had been telling throughout the neighborhood that I or my son had entered a two year old colt for a yearling and thereby obtained the first prize. It is needless to remark that the statement made broadcast as it is, naturally tends to injure my reputation, as is not merely a charge of dishonorable conduct but really accusing me of getting the prize money by false pretences.

I therefore desire to take this opportunity of contradicting these statements, and as I want my denial to have the same circulation as Mr. Whitehouse's statements, I desire to place the matter before your readers through the columns of your paper. I do not simply have to make a bare denial as I have in my possession my entry card stating that the colt was entered as a two-year-old, and the books of Mr. Armand, the Secretary of the Society, also show that the entry was made in the same way. It would therefore seem to me, Mr. Editor, that it is up to Mr. Whitehouse either to prove his statements or apologize for making a willfully false statement. Thanking you in advance for your valuable space, I remain, Arthur K. Avery.

Young-Peterson Nuptials

The home of Mrs. Rupert Long and Mrs. Charles Dow was the scene of a very pretty wedding, Wednesday morning, Oct. 14, when Helena Belle Peterson, daughter of J. S. Peterson of Tracy's Mills, was united in marriage to Rev. Charles Saunders Young of Plaster Rock.

COAL

We are not going into the coal business, but we have discovered a coal that is the equal of Scotch Hard at \$2.50 per ton less price f. o. b. Hartland in 20 ton lots. We want 6 tons. Who wants the remaining 14?

This coal is absolutely free from clinkers and all the residue can be easily shaken through the grate. It will hold fire 24 hours and yet burn as freely as dry cedar. Let it burn freely and it gives intense heat. Shut off the draft and it smoulders all day. Makes a quick, hot, lasting fire for ranges. In all respects, it is cheaper and better than wood or anthracite and is equalled only by the best Scotch Hard. This coal is

Acadia Coal!

and the price is only \$7.50 per ton, customer to take delivery at car. Call, or 'phone us at once.

Experience in coal burning is not necessary when you use Acadia Coal.

Some Potato Yield.

Albert Kelley of Caribou finished digging his 1914 potato crop Thursday, having a yield of 3660 barrels from 24 acres, or an average of 152 1-2 barrels per acre. Mr. Kelly had ten acres planted to tubers of Carman variety, from which he harvested 1802 barrels, or a fraction better than 180 barrels per acre—and the best of it is that it was all good, clean stock, there not being any rot or scab on the whole ten acres. The Carmans were planted on land on which potatoes were raised last year. Mr. Kelly used

1500 pounds of fertilizer per acre, and feels quite well satisfied with his crop—Ex

I, Fred. H. Stevens, have a fire extinguisher that I want to sell for cash this week as the money is needed. It is brand new, has never been unpacked. Frank Fairweather says that it will immediately quench a fire built of kindling wood and gasoline, and he guarantees it to do so. It is very handy and one like it may be seen in any C. F. R. passenger coach or station house. It will put out any interior fire that is not so far advanced that a man cannot stay a few minutes in the room. It will be sold for 10 per cent less than it cost.

Dear Sir:

For a number of years I have been troubled with lame back and have tried a number of remedies and got no relief from any of them, nor from any doctor, until I found your 'Magical Healer and Pain Reliever.' It has nearly cured me and I think that it will make a sure cure of lame back or lumbago.

Norris L. Shaw

Note: Mr. Shaw has bought 106 rolls of Magical Healer and supplies his friends at Snohomish, Wash., and is sending us testimonials from people he has cured. One roll makes five plasters and costs 35 cents postage prepaid.
