CHRISTMAS AT S. M. HOSPITAL

The 'Merry Christmas Club' Provided Excellent Xmas Cheer.

The spirit that led to the building and equipment of The Soldiers' and Sailors' Memorial Hospital was well maintained at the Hospital on Christmas day. Through the wise foresight of the friends of the Hospital a 'Merry Christmas Club' was organized from among the young girls of the town, who furnished a booth at the Annual Fair held in the Skating Rink last autumn, when the sum of \$150 was raised for Christmas cheer.

With this fund at their disposal the Matron and Nurses with some outside assistance carried through a scheme of decorations which truly was most gratifying, not only to the patients and other inmates of the Hospital, but to all visitors who had the privilege of visiting that institution during the Christmas Season.

The Rotunda was decorated with streamers of greenings all around the hall diagonally from corner to corner. From the centre of the ceiling was suspended a beautifully wrought bell covered with bright colored tissue paper. The electric lights were all tastefully covered with red shades of tissue paper. Around the hall were placed a number of miniature Christmas trees in pots, all very tastefully decorated, and on the doors were beautiful wreaths of holly.

The dining room was similarly bedecked with green streamers, shaded lights, miniature Christmas trees and table streamers of red satin ribbons. The elevator was not overlooked. Here also were the streamers of green vines and holly wreaths. The corners on each floor were most beautifully decorated. Streamers of green vines were strung the full length, and all around each hall Christmas bells similar to those already described were suspended at intervals from the ceiling, and each door leading to patients room or elsewhere was framed with garlands of green vines. Here also were to be found the miniature Christmas trees reminding the spectators that this was a 'Season of Peace on Earth, Good Will Toward Men' which was ushered into this old world at the birth of our Saviour.

The two public wards were both tastefully and thoughtfully decorated with streamers of green vines, and Christmas trees covered with 'insel', silvered lights and tiny colored electric light bulbs. Each of the patients in the public wards received gifts. Indeed not only the patients in the public wards were remembered with useful and kindly gifts, but every employee of the Hospital were similarly treated. There were gifts for all.

The scheme of decorations were carried out in the Nurses' quarters in the Hospital with the additions of beautiful roses and carnations.

The Pupils Nurses enjoyed their Christmas trees at 5 p.m. after which Christmas Carols were sung. A special menu was prepared for the day. It looked good, and it was good. Cream of tomato soup, roast turkey, cranberry sauce, creamed potatoes, creamed celery, old English plum pudding with the appropriate sauce, and

SUDDEN DEATH OF J. H. GERRARD

Passed Away Suddenly Sunday Evening—Death Great Shock to All.

A gloom was cast over the entire community Christmas morning when it was learned that Mr. James Herbert Gerrard, one of Campbellton's most popular citizens had died suddenly at the Soldiers' Memorial Hospital the previous night about 10 o'clock.

Mr. Gerrard had been a patient for about two weeks. He had been operated upon for double hernia. The operation had been entirely successful, and he had made a perfect recovery, so much so that he was about to be removed to his home, but his physician advised that he remain until after Christmas.

Sunday he had many visitors and to all he appeared in his usual health. Mrs. Gerrard spent the evening with him and was just preparing to leave when about ten o'clock he took a weak turn and expired in a few moments. The cause of death is said to have been a clot of blood which paralyzed the nerves of the heart.

Decceased, who was fifty-four years of age, was a son of the late Mr. and Mrs. James Gerrard, one of the first families to reside here. At the time of his death he was a trustee of St. Andrew's Presbyterian Church and has been a faithful worker in that church for years. For a number of years he has been a faithful employee of Messrs. Baird & Peters, and in his several capacities he will be greatly missed.

He is survived by his wife, a daughter of Mr. and Mrs. Chas. Watson of this town and four children, Mary, Jean, Edith and James. He is also survived by one sister Mrs. Chas. W. Adams of this town and one brother, Peter A. of Toronto. The heartfelt sympathy of the entire community goes out to the bereaved.

The funeral took place Wednesday afternoon and was very largely attended. The service at the house and grave were conducted by Rev. Mr. Salter. At the house the choir of St. Andrew's Church took charge of the musical part of the service. The floral tributes were beautiful.

DIED HERE AS RESULT OF ACCIDENT

Abel Beckingham—Shannonvale, a Vet. War Is Dead.

Yuletide was tinged with sorrow for the many friends of Abel Beckingham of Shannonvale whose death occurred at the Soldiers' Memorial Hospital here on Friday morning last about 8.30 o'clock.

Death was the result of an accident which occurred while the deceased was engaged in sawing laths at the Redgrouse Lumber Co's mill just below Dalhousie Junction. After the accident the unfortunate man was rushed to the Soldiers' Memorial Hospital here, where medical attention was promptly rendered. Such was the nature of the injury, however, that recovery was impossible.

The deceased served all through the war with the 25th Battalion and won the Military Medal at the Battle of Vimy Ridge. He was twenty-two years of age and had been married only a few months prior to his death. Besides his bereaved wife and parents, who are Mr. and Mrs. Stewart, Beckingham, of Shannonvale, the deceased leaves to mourn his loss one sister Margaret and two brothers, John and Tom, all of Shannonvale.

CHRISTMAS AT THE HOTEL DIEU

Patients and Staff Alike Remembered At the Christmas Season.

Christmas at the hospitals was made as pleasant as possible for those who could not go to their homes on that glad day. At the Hotel Dieu Hospital the day was made a festive one, and the interest was kept up for the whole day. It was "open house" all day and many were present.

The hospital corridors and wards were beautifully decorated with Christmas decorations, while little Christmas trees, nicely decorated were placed about the different wards. The menu for breakfast, dinner and supper contained many delicious and a present with fruit and confectionery presented to each.

The nurses had their own Christmas tree, and their dining room and tables decked for the occasion left nothing to be desired in the way of tempting the appetite. A word of thanks would not be amiss here, to all the good friends of the Hotel Dieu, who by their thoughtful gifts helped to make this day a happy one, for we think we can safely say that no one was lonely in the hospital on Christmas Day.

THANKS.
The nursing staff of the Soldiers' Memorial Hospital wish to express their very appreciative thanks to the Merry Christmas Club and the many friends of the Hospital, who made this first Christmas in the hospital such a happy one, and to wish the club and all kind friends a very happy New Year.

LUMBERJACK DIES SUDDENLY

With Companions Left Camp and Went to St. Quentin—Died Sunday Morning.

A woodsman named Parent, aged about 22 years, who lived with his widowed mother at the Tobique, was found dead in a ditch some kind of liquor at St. Quentin. From information gathered it appears that Parent, with five companions left a lumber camp near St. Quentin for the town. They spent Saturday afternoon and night. They had a few drinks, and Sunday morning the unfortunate young man was found dead. The body was brought here Tuesday and sent to his home for burial.

BITS OF REFLECTION.

What does my boy know about farming?

If he doesn't understand the fundamentals of agriculture viz. soil fertility, plant development, principles of breeding, live stock, etc. How can I expect him to take an interest in the farm work and how long then will he continue the drudgery?

If these thoughts entered more into the farmer's mind, what a beneficial effect it would have.

Here we have at Truro, N. S. for instance a free short course in Agriculture lasting only ten days from January 8th to Jan. 12th, reduced railway fares and cheap board, the whole thing merely a trifle of expense as compared with the good it would do. Now how many farmers will take advantage of it either go themselves or send some of their sons. What a grand Xmas present it would be and what a change it would make for the better, both for the home-farm and for the community at large.

Old routine methods are a thing of the past, and to-day it is necessary to know in order to compete with the other fellow. True it is some folks think they know it all but do they expect to be teachers to their own children? Why not let experienced agricultural experts give the boy some of their knowledge on the most important topics of farming.

Here's a good New Year's resolution. Mr. Farmer: I resolve no later than to-day to make arrangements with the Agricultural Department to send him.

LARGE SHIPMENTS OF LUMBER DURING SEASON

Many Vessels Loaded with Lumber Sailed from Restigouche Ports During 1922 Season of Navigation--Big Total Shipments.

During the season just recently closed, the port of Campbell enjoyed shipping activity which was seldom exceeded in busy pre-war days. During the season some fifty-two seagoing vessels were loaded here taking on cargoes of lumber in the aggregate and 100,000 bushels of wheat over the world. In all, an approximate total of 70,696,399 sft. of sawn spruce lumber was shipped from here this past summer while also over 41,772,000 laths were also loaded here for export to the United States shingles. While the majority of this lumber was sold stock previously sold it's removal from mill yards in such a wholesale manner came as a blessing to the lumber industry as well as a relief to the millers for whom it provided employment.

Great Yarmouth, Harbor with 1,726, 698 sft. long lumber; S. Canadian Trooper, 1959 tons, British, sailed for Birkenhead with 870,625 sft. long lumber loaded here after completing her cargo at Dalhousie; Pull-righting Ship, Medello, 3181 tons, British, sailed for London, 191,000 sft. long lumber; S. Canadian Explorer, 3521 tons, British, sailed for Manchester and Liverpool with 2,177,675 sft. long lumber; S. Canadian Otter, 1857 tons, British, sailed for Stockholm, 1,000,000 sft. long lumber; Trompenberg, 1230 tons, Norwegian, sailed for New York with 567,887 sft. long lumber and 620,000 laths; S. J. Henrik Lund, 2396 tons, Norwegian, sailed for Britain port with a cargo of 8,219, 324 sft. long lumber; S. Canadian Express, 3264 tons, British, sailed for

40,706 sft. long lumber; S. S. Toronto 814 tons, Norwegian, sailed for the same port with a cargo of 1,462,744 sft. long lumber; S. BANFF IN WINTER

Skiing at Banff

Taking a Ski Jump at Banff

NATURE has made Banff, Alberta, one of the finest summer and winter resorts in the world. Hereafter most of the visitors come in the summer. Within the last few years large numbers have been attracted in winter when sports carnivals

Did you ever ski down a mile-long ski-slope in a pass in the Rocky Mountains? Did you ever swim in a hot-sulphur swimming pool and gather snow from the sides to snow-ball your companions? Did you ever need a wooden sled?

mountain road and find it afraid?
Did you ever walk on skates? Did
you ever climb a mountain and slide
all the way down its side on your
snow-shoes?

All these things you can do in
winter at Banff—famous Canadian
mountain resort. \$5.54 West above
the town in the clear bright air of
your mountain!

Our winter is a winter of great
interest. It is a winter of great
sport and
town is also famous for hockey and
falso park to visit, and a glimpse of

horns of Banff is the swimming in the hot pools. Sulphur Mountain is the most famous of the hot springs giving off sulphur steam, and the great outflow of the hot water, giving sprouts of the side of the mountain, and even in some places, the water is so hot that it is good for nothing.

Ample opportunity is afforded for every sport of winter sport. Down the slopes of the mountains, the skiers home here among which those of the ladies are far from the least important.

Those who are walks with unique attractions around Banff. You may be coming down one of the beautifully graded roads, flanked by the mountains, and you may see a deer will walk out of the woods just ahead of you and stand

largely sought.

But the outstanding wonder of Banff is its mountains. Whatever winter sports you desire in you are always ringed by an amphitheatre of mountains. Range upon range, and snow-covered peak beyond peak, they tower above and stretch away into the distance. Against the snow on their sides the

*Merchants tell of Records of former
Years Smashed--All Say Business
Was Exceptionally Good*

The business of the Christmas season just ended has proved to be one of the best ever experienced in Campbellton. While, as a general rule it started late, yet at the close it made up for this so that at closing time Saturday night many stores had broken all previous records. Others had surpassed the \$200 1929 sales.

The good cold days of the first of the week hampered trade, but Thursday, Friday and Saturday were very busy. Fortunately the storm which raged in the southern part of the province Friday night and Saturday morning, blew away the clouds and tying up railway traffic did not reach the north shore, so that a very heavy trade was done Saturday. The day was fine and frost cold enough to make it bracing. From early morning until eleven o'clock the stores were crowded and did a rushing business.

All last week the big lumber companies were busy paying out money to their employees and jobbers, as by Saturday night one of the largest firms had paid out forty thousand dollars. This was like old times, as the merchants all felt the benefit of this cash. Other smaller companies and industries swelled this amount, so that there seemed to be plenty of cash for all.

Altogether Campbellton merchants enjoyed a very successful Christmas season.

A black and white illustration of a pack of 'MAN' brand tobacco. The pack is shown at an angle, with the top and front faces visible. The word 'MAN' is printed in large, bold, sans-serif capital letters on the front face. Below it, the word 'TOBACCO' is printed in smaller, bold, sans-serif capital letters. The pack has a textured, possibly woven or ribbed, appearance. The illustration is done in a simple, graphic style with bold lines and cross-hatching for shading.

WHAT'S YOUR HURRY?

The Owen Sound Sun Times thinks

that the automobile speed mania is

part of a general disease. And when

one considers the ceaseless whirl of

things both industrial and social,

there seems a great deal of truth in

the above stated opinion.

Every day in restaurants and cafe-

terias may be seen people who will

not even take time to eat. Some div-

ide the time between nourishment and

the newspaper. Obviously such prac-

tise is a mistake. It is a de-

lusion and in time becomes a bondage

for detrimental habits are invariably

hard to break.

It has been said that we are living

in a strenuous age and that this habit

of rushing arises out of necessity.

But does it? Many of our modern

inventions really give us more leisure.

In many places a man who has a

day's business in a distant city need

not lose an hour in the journey. He

sleaves on the train as he would at

home. But the swift motion of the

train somehow conveys to his mind a

suggestion of hurry and he cannot get

rid of it. The telephone and the

typewriter are likewise wonderful

savers of time but they seem only to

create a desire for more and more

hurry work. Modern machinery

has enormously increased powers of

production but nevertheless factory

hours are forever trying to speed up.

Because the machine works fast it

seems to follow that the human being

must follow suit.

The evening comes with opportu-

nities for leisure greater than those of

earlier days. But still the nervous

desire for some kind of strenuous life

dominates the idle person and the rush

for amusements is as wild as the rush

in business. Street cars, elevators

and alert and punctilious attendants

seem to keep the mind of the pleasure

seeker obsessed with the notion that

speed in everything is essential and

orthodox. If all this energy were

used in a systematic effort for the im-

provement of the individual and the

human race, the resulting achievement

would doubtless fulfill the golden

dreams of reformers. To harness this

energy that is being frittered away

would be, however, an enormous under-

taking.

The only way of escape from it is

one which is open to the individual.

It is essentially a question of will-

power for it lies in the determined

will to take time to live, and to live

life at its best. It calls for the ex-

clusion from one's mind and life every-

element which seeks admittance with-

out definite or helpful end in view. By

this means more time would be had

for the more important and worth-

while things of life and less squander-

ing on the trivialities and non-essen-

tials of our day. As a resolution for

more highly efficient and systematic

living the suggestion is a good one for

the New Year.

Of course this is wholesale exagger-

ation, but who is to blame? It is

notorious that a large export traffic

has been in progress. It is per-

mitted by the federal government, but

can be stopped at any time when the

people of New Brunswick through

their government desire it.

In this traffic in line with what the

people have voted for? And how

do the people relish such advertising

as they are getting across the border?

Numbers of horses were driven into

the United States. The Times One

man has written to The Times that

if the conditions are as described,

he is ashamed of his country. Well,

the conditions are bad enough to make

everybody ashamed. We are not do-

ing our neighbor a good turn, or re-

flecting credit on ourselves.

The Wolves of Canada

As far as I have observed there are four different species of wolf in the Northwest. The small prairie wolf or coyote; another of larger size, often met with among the prairie wolves not far from and a little way within the wooded country, probably bred from the large timber wolf and the coyote; a third, the large timber wolf, which remains entirely in the woods and barren grounds to the North; and lastly the coast wolf, the largest in size, met with only on the shores of the Hudson Bay and along the coast of the Arctic Circle.

When the buffalo were numerous the coyotes were in hundreds all over the prairie. They could not kill any animal larger than a rabbit, but they lived on the numerous buffalo killed and left by hunters. Mice and gophers were also a staple for them, though when they got hold of a previously wounded or blind animal they literally tore him to pieces while he could stand on his legs. Now, though still in considerable numbers, they are by no means as numerous as formerly. Alone, they are unable to kill a sheep, but will play havoc among domestic fowls; joined by one of the larger species, however, they will kill sheep and sometimes young calves.

The larger timber wolf will pull down almost any animal that exists in the country. They do not, as some imagine, spring at the neck, but always get their teeth fastened in the sinews of the hind leg and then throw themselves down. Before they are drawn any distance the sinews break, the animal is hamstringing and down he comes.

When more than one are after an animal, some will run ahead and on either side to bother the animal till one behind, generally an old hand, gets a grip. They are a cowardly lot, especially when starving, and if faced will run away. They are pretty numerous all over the Northwest Territories, more particularly where caribou are plentiful.

As a rule they do not travel in large packs, but in March, the rutting season, they collect together in large numbers.

Twice I got into these packs. On one occasion I had been to a Chipewyan camp, where I had traded a lot of furs, leather and provisions, and the dogs being too heavily laden to do the distance between the camp and Fort McMurray in one day, I had started away in the night alone, intending to make the fort by the following day. I had a long distance through thick woods to travel before reaching the river, and I presently observed a lot of fresh tracks which I took to be those of caribou till I scoured me that this was not a caribou country. On striking a light I saw a pack of wolves, who were running around me.

I did not relish the situation very much, for I had neither gun nor axe with me, nothing but my pocket-knife. With this I was not at all armed, and now then as I proceeded I lit my pipe. As I did so I fancied I saw some little about ahead and behind till I got to the bank of the river. Then I perceived seven wolves trotting on before me, among which I gave a yell and started running. When they saw me commencing the attack, they cut across the river as fast as they could go. The others dashed on, and I contented themselves with howling from the bank, and I saw no more of them. Numbers of horses were always being killed by these wolves on the Peace river and in the mountains when we kept wild horses, and I am afraid they will do a lot of damage to the settlers when deer become scarce and the wolves are starving. The situation is likely to become as bad as in Russia, as it was in France till the wolves are exterminated.

The Chipewyan Indians will kill a wolf but, owing to some superstition, will never skin one, and thus many a fine robe is lost.

Once at Fort Resolution a wolf was seen between the stable and the house. Mr. Swanton, the clerk in charge, went out with his gun, but the wolf was then entering the woods, where Mr. Swanton declined to follow him. Shortly afterwards a little steel about ten years old went down the bank for a kettle of water; the wolf followed her, but before he had the end of the child. Mr. Swanton's large train dogs caught sight of him and rushed upon him in time to save the girl's life. The wolf was literally torn to pieces.—From the Notes of an H. B. C. Factor.

Across the Continent.

The completion of the first railway which made it possible to go by rail from the Atlantic to the Pacific was celebrated May 10, 1889, when a gold spike was driven in commemoration of the joining of the Central Pacific and Union Pacific railroads at Promontory, Utah. The scene was commemorated by Bret Harte in a poem and preserved for the admiration of the future by a massive painting, which was reproduced in an engraving which had wide popularity. The similar last spike of the Northern Pacific was driven September 8, 1889, near the mouth of Gold creek in Montana. On the earlier road the first through car from the Pacific reached New York July 24, 1870. Canada's first trans-continental road opened a generation later.

Sporting News of the Week

CAMPBELLTON WINS

FROM MOUNT ALLISON

In a spirited clash with the Mount Allison hockey squad on Friday night the local team came off victorious, the score standing 6-5 in their favor. Although this was their first game of the season the regular local players showed up in good form. The team's weakness lay in the fact that three regulars were absent and substitutes had to be secured in hockeyists who had had no previous practise together. However the spares played some good hockey.

The Mount Allison boys played a fine game and kept the local players busy. At times the contest was very fast but not once did the speedy play show up in rough-house tactics and, consequently, few penalties were imposed.

The game was probably one of the latest in provincial sporting history for the final goal did not sound until within twenty-five minutes of midnight. Owing to the limited being delayed by snow farther south the visitors were late in arriving and the teams did not face off until ten minutes past ten.

The contest started with a rush and showed no let up until the first goal had been scored by the visitors just four minutes after the bell rang. Elated by this success the Sackville boys bombarded the Campbellton net with a rapid succession of careful shots and although McKenzie kept the local goal well guarded the net sagged twice from the weight of the puck within the next two minutes. The score now stood 3-0 in favor of the visitors and with this lead over them the local boys began to warm up in old time style. Skillful combination was now a feature of the play and two minutes later Thomas netted the rubber on a neat pass from Mowat at centre. The play continued fast with Campbellton heavily bombarding the visitor's net but Appleby in goal performed his task in an efficient manner and kept the score 3-1 to the end of the period.

In the second period the local hockeyists gave a better exhibition of fast hockey. McKenzie scored on a swift individual play while Champoux and Wilkins each shot successfully on passes from the wings. McKenzie in goal had now settled down to his form, nothing going by although he was hard pressed at times. The period ended with the locals leading by one.

The final section of the local boys took the offensive with renewed speed and elated two scores in rapid succession, making the score 6-3 in their favor. The Sackville boys suddenly mustered. But with the odds thus against them their reserve force and retaliation by driving the rubber home twice reducing the lead to one score. From then on the contest zig-zagged more or less with occasional lulls. There were exciting moments fraught with promise for both teams but on each occasion nothing resulted and the game ended with the score 6-5 in favor of the local squad.

In the victory of last Friday there

is reason for local hockey enthusiasts to feel greatly elated.

In defeating Mount Allison our local players staged a sporting event which should not be underestimated. John Glenzie, who played on the visitor's left wing is alleged to have been one of the fastest players in inter-collegiate hockey last season, while Copp and Smith are both clever defense men and speedy skaters as well. Fairly speaking the result of last week's game gives promise of good things this winter in hockey. According to the signs this will be Campbellton's big season in Canada's national winter game.

Following is the line-up:—

Mount Allison
Goal—McKenzie
Defense—Appleby
D'Arcy
E. Copp
J. Glenzie
L. Wing
R. Wing
A. Smith
Centre—Mowat

Referee—Dr. A. H. Gaudet.

MARYSVILLE WILL HAVE HOCKEY TEAM

The Marysville Hockey Club has been definitely revived after having failed to be represented at the annual and schedule meeting of the New Brunswick and Prince Edward Island League and will have a team in the league during the season which is about to open.

Officers have been elected as follows:—

Manager—Clarence Wade.
Captain—Irvine Wade.
Secretary—Horace Pettigrove.

MOUNT A. AGAIN.

On Wednesday, January 3rd inst.

the Mount Allison boys will again cross sticks with the local squad. The Sackville team is now out on tour. It has a name to uphold so the coming match gives promise of being one of the best exhibitions of hockey here this season.

FRED McLEAN NOT TO PLAY HOCKEY

Reports that Fred McLean, Fredericton's policeman-athlete, will play with the new St. John semi-professional hockey team this season are unlikely to prove true.

While he has had many offers from the various "independent" hockey clubs in Cape Breton and elsewhere in Nova Scotia, and St. John has also been angling for his services, McLean has little idea of leaving his permanent position on the Fredericton police department and will remain here. His hockey activities will consist of acting as referee of some games and probably performing the duties of coach of the U. N. B. team, as last year, while he will also be coach of either the Maryville or the Fredericton team in the N. B. and P. E. I. League.

If Fredericton had an "independent" team McLean would certainly get back into active playing again and, as a matter of fact, he has been training for some time and is in good shape right now, better condition than when he was last playing.

MOUNT A. BEATEN AGAIN.

Sherbrook, Que., Dec. 26—Sherbrooke Independents defeated Mount Allison University, of Sackville, N. B., by a score of 2-0 in an exhibition game here this afternoon. The Mount A. line-up was the same as in the game here on Friday night last.

At the close of another Christmas Season we extend thanks to our friends and patrons for the great measure of success we have enjoyed and wish all a Happy and Prosperous New Year.

The Cause of Heart Trouble

Faulty digestion causes the generation of gases in the stomach which induce and press on the heart and interfere with its regular action, causing faintness and pain. 15 to 30 drops of **Dr. King's Kidney Pills** after meals sets digestion right, which allows the heart to beat full and regular. 50c. and \$1.00 bottles at druggists.

OF INTEREST TO WOMEN

WATCH YOUR JEWELS

Valuable jewelry should be examined every few months and articles that need attention should be sent at once to the jeweler. This may save you a great deal of anxiety and expense.

ORANGES.

The white lining will come off clean with the skin if the oranges are allowed to remain in boiling water for five minutes before peeling. Then they can be sliced and put back in the refrigerator to cool.

SAFETY FIRST.

The man who is paid by the month should teach his wife to run her accounts in the budget system. Otherwise he is very apt to have to find some extra money to make up the gap during the last week before pay day.

PRACTICAL POINTERS.

Residue will remove stains on marble. Soap and blinding are apt to cause rust spots. Use a teaspoonful of salt to each quart of soup. Cornmeal is excellent as a skin cleanser and whiteners. Nothing exposes a cracked housewife as does tarnished table silver. Don't turn on any electrical appliance when your hands are wet.

MAKE YOUR OWN FIRE-SCREEN

A fire-screen that costs less than one-fifth of the cost of one bought ready made may be manufactured at home with little trouble. A yard of heavy screening thirty inches wide, eleven feet of wire and some thread wire are all that is required for a small fire screen. Bend the wire, rounding it evenly at the corners with a pair of pliers and pointing it at the bottom by winding the lapped ends with a piece of thread wire. Fasten the screen to the wire frame with thread wire by overcasting it; then bend back several inches on each end for wings. Finish the screen with a coat of green paint. One or two middle supports of the heavy wire may be put on the back of the screen if desired.

SOME VALUABLE INFORMATION

Salad oil added to putty prevents it from hardening or cracking. Turn a new paint-brush bristles up, open, pour in a spoonful of good varnish and keep in that position until dry. You will find that the bristles will never shed in painting. When punching a new hole in a sewing-machine belt, heat a hot-plate very hot and it will penetrate the belt like magic. To remove a stamp from an envelope, cut a piece of blotter the size of the stamp, soak it in cold water and put it on the stamp. Remove the blotter. In a few minutes and the stamp will come off.

MAKING OVER A DRESS

First of all, for the one-piece dress of wool or crepe, satin or velvet there is the long body from which you can drop the lower part to the new length, says the Delineator. At the same time it eliminates the worn upper part of the dress and gives you practically a new frock. With wool or velvet you can use a body of satin, crepe or georgette; with crepe, a body of georgette or of crepe in a contrasting color; with satin you can use Georgette. One-piece dresses of either wool or silk can also be lengthened (if you can match the material) by trimming them with rows of braid or ribbon and placing under the trimmings.

If you want a new style as well as a new skirt length, you can take a straight one-piece dress and insert circular sections at the side, which gives you the smart swirl skirt long at the sides. If your material is silk crepe or satin and you can not match it, you can combine satin with crepe silk or crepe silk with satin. This is done frequently in new dresses when they are made of reversible material.

SAVE CAKE

The best baths for the cure of heart disease consist of a sea water charged with carbon dioxide. The family time of an ice cake before it is all gone, then using only half of a cake at one time will result in a saving. Frost half of a fresh cake and put the other half, without icing, carefully away in waxed paper in an air-tight box. When the first half of the cake has been eaten, get out the second half and ice it with a different kind of icing. The family will be as enthusiastic about it as though it were a new cake. The little additional time required for this twice-frosted cake is more than compensated for in the economy resulting.

CHRISTIANITY AND PEACE

The Halifax Morning Chronicle is publishing a valuable and timely series of articles on "The Church and World Peace," by Professor J. M. Shaw, D. D., of the Presbyterian College, Halifax. In the first of these on "The Present Situation," which appeared in the issue of December 2, Dr. Shaw sees evidences that "amid

WINTER TRIPS TO CALIFORNIA

Service of Canadian National Railways Offer Fine Opportunities for Journey.

Those who desire to escape the rigors of a Canadian winter are now planning a trip to British Columbia, or to Southern California. It is a long journey, but distance is overcome in large measure by the splendid train service of the Canadian National Railways, and the traveller enjoys the comforts afforded by the finest through trains on the Continent.

Discuss this tour with any passenger agent of the Canadian National and learn the advantages of making this trip through Canada by the Canadian National Railways. It will teach you to know your own country better, and it affords views of the finest mountain scenery in America. Think of visiting in the winter months and spending the period where the grass is green, where the flowers are blooming, where summer pastimes are being indulged in, and where nature welcomes you with the sunniest of smiles.

From the Maritime Provinces there is the finest rail connection by the Ocean Limited or Maritime Express, with the famous "Continental Limited" leaving Montreal at 9:00 p.m. daily for Winnipeg, Saskatoon, Edmonton and Vancouver. Particulars of this fine rail service will be furnished by any passenger or ticket agent of the Canadian National Railways.—Dec. 19-2-2.

DALHOUSIE GIRL IN GLEE CLUB

Student Nurses at Worcester Hospital Have Organized a Glee Club.

Worcester City Hospital has the distinction of being the only hospital in the country, as far as known, with a glee club. The club is composed of 35 members, representing the student body of the hospital, from probationers to graduate nurses.

It was organized Nov. 6 by Mrs. Richard J. Torrey, social director at the Memorial Home for nurses, and J. Edward Bouvier, musical director at the Holy Cross college, was engaged as director. The response among the nurses was immediate. All who were not on duty when the club had its first rehearsal attended, even those who couldn't carry a tone in a basket.

At the try-out Mr. Bouvier discovered exceptionally good material, and was delighted when he found eight male nurses would supply the much desired background of tenor and bass. The greatest difficulty is to get the members together for the rehearsals Wednesday night between 9 and 10 o'clock. So interested are the students in the progress of the club that even at that late hour, after a long day of class work and hospital duty, those who are able to go to rehearsals are on hand, but as duty comes first in a hospital, as many must needs stay away until some time when their hours off and their rehearsal coincide.

"We were afraid that under those circumstances Mr. Bouvier would give it up as impossible, but he is as enthusiastic as the rest of us," Mrs. Torrey explains. "One time all the soprano and soprano may be absent on duty, and another time it may be the alto; but Mr. Bouvier is determined to make it go, and I believe he will. I am sure that no recreation is better enjoyed by the students themselves than these rehearsals."

The glee club has already had six rehearsals and appeared before the public for the first time Friday evening at the graduation of the January and April classes of the City Hospital Training School in the out-patient department. Three selections were given, "The Blue Danube," a chorus from "Faust," and "Loving You."

"I was surprised when I tried out the chorus," said Mr. Bouvier, "to find that most of the members had not only good voices, but some actually beautiful material. This was the case with some young women who never had vocal training. It will not be long before the club may hold their own among glee clubs of longer standing. The chorus is working under a handicap, but the earnest interest and attention to instruction make up for what is lacking in hours of rehearsals."

The aim of the glee club is to furnish entertainment at social gatherings at the nurses home, at graduations of the training school, and also to give its services when called upon by other hospitals or charitable organizations. It is rehearsing now for a concert at the State hospital after Christmas.

Miss Mae Shaw of Dalhousie, N. B., who entered Worcester City Hospital in Sept. is a member of this "Glee Club." All her friends in Dalhousie, N. B., are glad to learn that Miss Shaw likes nursing so well.

Miss Alice Campbell also of Dalhousie is entering Worcester City Hospital January 9th. She will be greatly missed in the community as she is a girl who is very pleasing to all.

Prevent fires.
(Montreal Gazette)

The habit is almost incurable in the human soul of never to lock the stable door until the horse has been stolen. This exceedingly depressing and unfortunate Terrebonne outbreak again teaches the lesson to all who care, to learn to "prevent fire" by taking precautions. Prevention is at all times better than cure.

REGAINS HEALTH AFTER 6 YEARS

Halifax Man Tells How Dreo Helped Him.

The widespread enthusiasm now being shown here for Dreo could not arise from anything but the marvelous success this great root and herb remedy has attained by its powers to overcome sickness and distress. Many people right here in our midst tell us openly for the benefit of others how Dreo relieved them and how it took health and comfort. A typical statement is as follows:

Mr. James H. Langille.
"Six years ago I was very sick and could not work for a long time," says Mr. James H. Langille, 46 North Bland Street, Halifax. "During all that period I had been weak and run down. Things I ate would sour in my stomach, causing belching, bloating and raising a burning bile. At times I could hardly bend over for the pains in my kidneys. I suffered from rheumatism in my arms and shoulders. From time to time I had bilious attacks, my appetite was poor and often I lay awake half the night before going to sleep."

"I started taking Dreo a little while ago and now I sleep fine and eat most anything. Before taking Dreo I tried almost everything and had begun to think my case was hopeless. Dreo seems specially made for me for my case, for after taking the first bottle, I have felt a big change. I am much stronger and have a lot more life. I don't expect Dreo to cure me in a short time, so I intend to take the full treatment. So far it has done wonders and I am highly pleased with it."

Dreo is being specially introduced in Campbellton by Wran's Drug Store, and is sold by good drug stores everywhere.

Mount Allison boys will again stick with the home squad. The Seville team is now out on tour. It is a name to uphold as the evening match gives promise of being one of the best exhibitions of hockey here this season.

FRED McLEAN NOT

TO PLAY HOCKEY

Reports that Fred McLean, Fredericton's policeman-athlete, will play with the new St. John semi-professional hockey team this season are unlikely to prove true.

While he has had many offers from the various "independent" hockey clubs in Cape Breton and elsewhere in Nova Scotia, and St. John has also been angling for his services, McLean has little idea of leaving his permanent position on the Fredericton police department and will remain here. His hockey activities will consist of acting as referee of some games and probably performing the duties of coach of the U. N. B. team, as last year, while he will also be coach of either the Marysville or the Fredericton team in the N. B. and P. E. I. League.

If Fredericton had an "independent" team McLean would certainly get back into active playing again and, as a matter of fact, he has been training for some time and is in good shape right now, better condition than when he was last playing.

MOUNT A. BEATEN AGAIN.
Sherbrooke, Que., Dec. 26.—Sherbrooke Independents defeated Mount Allison University, of Sackville, N. B., by a score of 2-0 in an exhibition game here this afternoon. The Mount A. line-up was the same as in the game here on Friday night last.

SUBSCRIBED GENEROUSLY.
The citizens' Christmas contribution to the Salvation Army for Christmas Cheer and winter relief for the poor was quite generous. In the two pots at the Post Office and at Ellsworth's corner the sum of \$53.93 was contributed, while in the boxes in the various stores about \$25 was contributed. In addition to the above Capt. Wells received two cheques from citizens one for \$25 and the other for \$10.

SMART—JAMES.
The Wesley Parsonage was the scene of a quiet wedding on December 26th when the Rev. F. E. Boothroyd, united in marriage Miss Gladys Beryl James of St. John and Frederick Nelson Smart of Little Cascapedia.

The newly wedded couple have the best wishes of their many friends. They will make their home at Little Cascapedia.

YOUNG GIRL FOUND FATALLY SHOT

Mystery Surrounds Death of
Eight-Year-Old Brooklyn
Girl.

New York, Dec. 27.—Teresa McCarthy, an eight year old Brooklyn girl was found dead in the bathroom of her home with a bullet over her heart when her mother returned after being away most of the day.

The mother had left the key to the house with the child and when she found the entrance door locked on the inside summoned policemen to force an entry.

No weapon was found in the house. Standing beside the child's body was Curley, her white poodle, a "good watch dog" as the mother described him and the little girl's constant companion.

Teresa wore only a thin nightgown and high black shoes. Powder marks showed clearly on the nightgown above the crimson stain over her heart the police said. The flesh on the little girl's breast also was discolored and burned from the flash of a bullet fired at close range.

YOUNGER HOCKEYISTS.
Speaking to one of the younger hockey enthusiasts we have gleaned the information that the Bankers have enough hockey that the Bankers have season to form up two squads. At present they are negotiating for a suitable night on which to have a weekly practice at the rink. No doubt other devotees of hockey will be glad to learn this as so many have been hanging off until somebody started something. Waiting is no longer necessary nor commendable. The host of town boys who have not already arranged to play with the bankers, should get together and organize a few more teams. There is ample hockey material here among the older teen age boys and the only way to develop it is to get into the game. If some older retired hockeyists would volunteer to take some of these youngsters in hand a fine town league could be organized. As yet it is up to those who want to participate in this great winter sport to stir things up and get the ball rolling.

To Be Demonstrated.
"Now that you two are one," began the vicar.
"Which one?" asked the demure bride.
"Ah," said the vicar, who was a married man. "You must find that out for yourselves."

NEW OFFICERS ELECTED.
The Regular Annual Election of officers of Division No. 3, C. B. of R.E. was held last Thursday the 21st inst. The following officers were installed for the ensuing year:

President—John M. Cool.
Vice-Pres.—James McDonald.
Recording Secy.—W. F. McMillan.
Financial Secretary—E. Wallace Henry.

Treasurer—H. W. Paletier.
Chaplain—E. M. Power.
Warden—J. Arthur LeBlanc.
Inside Guard—H. Savidant.
Outside Guard—C. McKenzie.
Chairman of Committee—D. K. Graham.

The retiring officers were given a banquet of cider and doughnuts thus testifying to the appreciation their faithful services had won.

DRY RHYME IN LONDON

POKES FUN AT YANKEES

London, Dec. 28.—In the main dining room of Simpson's, the famous restaurant in the Strand, there is a painting of the quasi-historical incident of the dish of four-and-twenty blackbirds being set before the king.

Not long ago a couple of English frequenters of the restaurant arrived at a state of mind wherein the production of the following rhyme was achieved:

Four-and-twenty Yankees,
Feeling mighty dry,
Took a train to Canada
And bought a case of rye.

When the case was opened
The Yankees began to sing:
"To Jakes with the President,
"God save the King!"

The parody is going the rounds of London's clubs and hotels to the accompaniment of much laughter—and feeble grins from Americans.

PORT DANIEL CENTRE.

A Xmas entertainment was held on Friday, Dec. 22nd, at the Lodge here, organized by the Rev. and Mrs. Jones.

The programme was very good and entirely by the children of the Anglican Sunday School. Quite an audience was present and enjoyed listening to the different pieces. After which Santa Claus appeared and distributed presents off a well laden Xmas tree.

The steamer "Centra," Captain Missin put in here for shelter about a week ago. She was under orders to proceed to Campbellton to finish her cargo, but the ice at the head of the bay prevented this.

She laid here for two days awaiting orders from her owners which were to proceed to Sydney. Our harbor was free from ice even at this late date and is still in the same condition.

Our local teachers left here on Saturday, Dec. 23rd, for their respective homes on Xmas holidays. We wish them an enjoyable holiday, hoping they will return later, feeling in good condition for their duties after their Xmas rest.

On Tuesday afternoon on the crossing west of Matapedia station, Larry Lagacy a resident of Legacy Settlement had a narrow escape when his horse was killed by the 231.

The Misses Mary and Helena Galen who were attending concert in Carleton, have returned home.

Miss B. Paige, teacher at Matapedia, has returned to her home in Sherbrooke.

Miss Agnes Nellis, teacher at Matapedia, has returned to her home in Maria.

Miss Isobel Cooling of Flat Lands, spent Saturday in Matapedia.

Mr. Chester Ferguson of Desiderie spent Saturday in Matapedia.

Miss Mary Haley who was teaching in Milnikin, is the guest of her parents, Mr. and Mrs. Adam Haley.

Mrs. Henry Lyons of Vellox, spent Saturday in Matapedia.

Miss Lilian Murray of Campbellton, is spending her vacation at Millstream, the guest of her sister, Mrs. James Adams.

Weather is not propitious for the opening of the rink here. Snow every second day, but now the appearance is very much like rain, which will be doubly welcomed to all, as the wells and the water supply generally is in very low condition.

Mr. and Mrs. Edgar Nadeau and family propose moving to their new home in St. Godfroi in January weather permitting. They have purchased the residence and mills of R. P. Travers late of that place. We regret to be losing good popular neighbors while glad to know they will be situated in a much better position as regards Mr. Nadeau's work, schools, etc.

We are glad to note among our Xmas visitors our genial friend Mr. Thomas W. Enright, who is here visiting his home folks for a few days. It is safe to say that everybody is pleased to see him among us once more.

Miss Jessie Lawrence is expected home from Winnipeg, she will arrive during the incoming week to visit her parents, Mr. and Mrs. Edgar Lawrence of this place.

Mr. James Gillis and sister Winnie are home for the holidays. Mr. Gillis is a medical student at McGill and Miss Gillis is a teacher-in-training at Macdonald College.

Mrs. MacNeill and daughter of New York, are visiting in Port Daniel the guests of her sister, Mrs. Edgar Nadeau.

Heavy mails are being brought in daily owing to the Christmas rush. Sometimes mixing up of mail bags and delivering east to west and west to centre and vice versa causing extra handling of the mail without speaking of the delay caused by such errors.

Mr. J. A. McPherson left today for Matapedia on a business trip.

MATAPEDIA.

Miss Irene M. Lynd and her sister Florence, accompanied by her brother Lawrence, passed through here on Saturday enroute to their home in New Richmond where they will spend the holidays.

Weather is not propitious for the opening of the rink here. Snow every second day, but now the appearance is very much like rain, which will be doubly welcomed to all, as the wells and the water supply generally is in very low condition.

Mr. and Mrs. Edgar Nadeau and family propose moving to their new home in St. Godfroi in January weather permitting. They have purchased the residence and mills of R. P. Travers late of that place. We regret to be losing good popular neighbors while glad to know they will be situated in a much better position as regards Mr. Nadeau's work, schools, etc.

We are glad to note among our Xmas visitors our genial friend Mr. Thomas W. Enright, who is here visiting his home folks for a few days. It is safe to say that everybody is pleased to see him among us once more.

Miss Jessie Lawrence is expected home from Winnipeg, she will arrive during the incoming week to visit her parents, Mr. and Mrs. Edgar Lawrence of this place.

Mr. James Gillis and sister Winnie are home for the holidays. Mr. Gillis is a medical student at McGill and Miss Gillis is a teacher-in-training at Macdonald College.

Mrs. MacNeill and daughter of New York, are visiting in Port Daniel the guests of her sister, Mrs. Edgar Nadeau.

Heavy mails are being brought in daily owing to the Christmas rush. Sometimes mixing up of mail bags and delivering east to west and west to centre and vice versa causing extra handling of the mail without speaking of the delay caused by such errors.

Mr. J. A. McPherson left today for Matapedia on a business trip.

Abe Beckingham, of Shanownale, who was fatally injured on Tuesday in a fall from Dalhousie Jet, died in the Soldiers' Memorial Hosp., Campbellton, on Friday. The funeral, which was conducted by the Rev. E. J. Shaw, took place on Sunday afternoon and the interment was made in Dalhousie cemetery. Deep sympathy is extended to the two-month-old bride. Deceased was a returned soldier.

R. J. M. Coleman is spending the Xmas vacation with his parents at the Bodney.

Wednesday, 20th inst., was the coldest day of the winter, so far. The thermometer registered 14 degrees below at 9 a. m., and never rose higher than 19 degrees below at any time.

We extend to all our friends and patrons the seasons Greetings and wish all a Happy and Prosperous New Year.

I. W. STEVENS
CAMPBELLTON, N. B.

We thank our friends and patrons for a very successful Christmas Season and wish them all a Happy and Prosperous New Year.

D. Goldenberg & Co.

S. L. T. Clifford sang very sweetly a solo entitled, "Biblelium." The weather all day was pleasant. In the afternoon the rink was well patronized by skaters and curlers.

Grade X

Winipeg.—The principal officers of the Canadian Pacific Railway at Winnipeg entertained Major Wm. Kirkpatrick at dinner at the Royal Alexandra Hotel prior to his departure for Montreal where he assumes the duties of the new office to which he has been promoted as general foreign freight agent in charge of ocean service.

Lethbridge.—The requirements of the Canadian Pacific Railway for men for construction work on the Fernston line, has helped out the labor situation in the city very materially. About 60 men have been placed on this job through the local government bureau, but in spite of this 194 names appear on the list.

Lethbridge is doing better than most of the western cities," said Supt. Thomas Longworth. "We are having a few men right along, the C. P. R. helping us out greatly."

Lethbridge.—The Lethbridge Herald says: "Miss Doris Carter, November 8, to meet her little cousin who had travelled from Vancouver, in charge of the conductor of the C. P. R." It speaks well for the efficiency of the railway authorities, that a little girl of 11 years of age could travel so far alone in the kindness of the Travellers' Aid, who took the child in charge at Calgary and Lethbridge.

Fort William.—That Fort William is rapidly getting into her pre-war stride again was shown by statistics given out to-day by Building Inspector McNamara. Before the year closes, the building permits for the 12 months will have reached \$1,500,000.

Up to November 22 the total value of building permits issued for this year is \$986,486, to which will be added in a few days a permit for the building of another unit to the Canadian Pacific Railway coal dock on Island No. 2, which will run into hundreds of thousands of dollars.

St. John.—Eighteen members of the C. P. R. Investigation Department were on duty at Sand Point during the winter season have arrived in the city. Others are expected, and with the cessation of port activities at Montreal and the shipment of all remaining freight from warehouses the full detective force will be transferred to this city.

The same corps of investigation port police transferred as the changing conditions warrant.

Meese Jav.—Approximately five thousand bags of second-class mail are being handled in Meese Jav at the Canadian Pacific Railway depot every day by government transfer agents. The greater part comes from eastern points and the United States.

The volume of the mail began to increase about two months ago, corresponding with the commencement of threshing operations, and it has steadily grown in proportion to the present time and it is not expected that the increasing tendency will cease until after the turn of the year. In addition to the mail actually handled here by the transfer men, baggage cars crammed full of second-class matter are daily passing through the city for points further west.

Montreal.—A new week-end cable letter service is announced by the Commercial Cable Company, connecting with the Canadian Pacific Telegraphs. The announcement will be of great interest to those who have frequent use for cables to Great Britain, as it sets forth a considerably lower rate for messages over the Commercial Company's cables.

The rates are effective immediately to Bradford, Bristol, Dundee, Edinburgh, Glasgow, Manchester, and Newcastle-on-Tyne.

From Ontario and Eastern Provinces the new rate is \$1.20 for a minimum of 20 words, and 6c for each additional word.

From Manitoba: \$2.20 for the first 20 words, and 10c for each additional word.

From Saskatchewan and Western Provinces: \$2.20 for the first 20 words, and 11c for each additional word.

To other points in the British Isles the rate will be from Ontario and Eastern Provinces, \$1.60 for the first 20 words, and 8c for each additional word.

From Manitoba: \$2.40 for the first 20 words, and 12c for each additional word.

From Saskatchewan and Western Provinces: \$2.40 for the first 20 words, and 12c for each additional word.

Winifred McLean, 93.4; Anna McLean, 92.9.
All in Grades VIII and IX, except Ila Skene and Percy Hamilton took Latin which is a bonus.

The public examination took place at 10.30 in the principal's room and consisted of a short review of terms work.

1. History lesson on Great War to Grade VIII by principal, while other grades had rest work in history and geography.

2. Physical drill for five minutes, after which two songs: "O Canada" and "The Christmas Welcome" were sung by the pupils.

3. Recitations by class leaders. A number of parents were present who offered kind and helpful criticisms and suggestions.

RIVER CHARLO.

The public examination of the River Charlo School was held Friday, Dec. 22nd from 10 a.m. to 12 a.m.

Mr. J. G. Turner had a brief review of the term's work in his department.

An unusually large number of interested visitors were present and expressed great appreciation of Mr. Turner's services, and pleasure in the progress of school during the term as evidenced both from the class exercises and the wonderfully high average made by practically every pupil in his school.

Misses Francis MacPherson and Gladys Beaton are home from Prov. Normal School for the holidays.

Miss Isabel McTaggart, accountant with F. I. Morrison & Co., Fredericton, spent the holiday at her home here.

Mr. and Mrs. Percy Branch and children and Miss Maude Jamieson of Bathurst were with Mr. and Mrs. Wm. Jamieson for the holiday.

Miss Beulah Hamilton was home from New Richmond, P. Q., for a few days around Christmas.

Mr. J. G. Turner spent Friday evening with friends in Campbellton, taking the Maritime train for his home in Fredericton, for the holidays.

Mr. and Mrs. Murray Robertson were guests of Mr. J. S. MacPherson on Christmas.

Mr. and Mrs. J. Reid MacMillan and children were in Charlo for Christmas.

Mr. Ian Hamilton entertained a number of friends at a dance on Monday night.

The teachers of the Sunday School had an entertainment and Christmas tree for the children in the church on Christmas evening. Much credit is due Mrs. A. M. Henderson and Miss Beulah Henderson for teaching the children in this entertainment.

TIDE HEAD.

The I. N. R. Express on Saturday night was three hours late.

Many friends of our teacher Miss Ida McKenzie will regret to hear that her home in Campbellton is guaranteed on account of illness.

Mr. J. A. Firth of Flatlands returned from St. John where he underwent a serious operation at the Lancaster Hospital.

Mrs. Benjamin Englehardt is a patient at the Soldiers' Memorial Hospital.

Miss Velma Fitzgerald is spending her holidays in Sellarville.

A Christmas tree and program was held in the hall on Friday evening and was very much enjoyed.

DEESIDE.

Movats's mill under the management of Mr. C. Y. E. Mosher has been closed for the winter.

Mrs. Roland McNaughton was a visitor in town on Wednesday.

Mr. C. E. Mosher was a visitor to town recently.

Mr. Chester Ferguson who has been attending college, is home for the Xmas holidays.

Miss Burton, teacher at Deeside, is spending the holidays at her home in Black Cape.

Mr. Cameron McNaughton spent Saturday in town.

Mr. Malcolm Coull, who has been working in Deeside, is spending the holidays in Black Cape.

A social and dance was held at the home of Mr. John R. Mann on Saturday evening.

To Our Customers

Another year has nearly run its course. It's joys and sorrows, it's achievements and failures are a thing of the past and we are entering the undiscovered future of the New Year.

We thank you, and to you all, our customers, our friends, we wish you a Happy and Prosperous New Year.

A CANADIAN HONORED.

Newly-Appointed Dean of the University of Illinois.

Miss Ruby E. C. Mason, a graduate of University College, Toronto, has had the honor of being chosen Dean of Women of the University of Illinois.

She obtained her preliminary education from Stratford Collegiate Institute, and Perth County Model School before entering the University of Toronto in 1921. Four years later she took her B.A. degree, and, in 1925, her M.A. She also graduated from the Ontario School of Pedagogy. The following years are replete with unrelenting effort and crowned with splendid achievement. She had both the ambition and the ability to carry on two lines of work at the same time. While teaching in the East High School of Aurora, Ill., she completed two years' work at the Chicago College of Law. Miss Mason then became principal of the High School at Wallingford, Ohio, where she remained ten years. Subsequently, she became principal of Stanley Hall, Minneapolis, for one year, after which she went to Europe for study and research work. In collaboration with her brother, Mr. J. A. C. Mason, a graduate of University College of Toronto, she spent a year in London and Oxford in research work on the commercial treaties of 1783.

On her return to America she was given appointments of ever increasing responsibility. She was first appointed professor of English and Dean of the College at Ward Belmont, Nashville, Tennessee. In 1914 she took up the duties of Dean of Women and Lecturer in English at Indiana University. Four years later she became Dean of Women at the University of Illinois, whose total enrollment last year was 9,493, of which 2,338 were women.

A Modern Cleric.

Dr. Lynn Harold Hough, who attended the general conference of the Methodist Church, Canada, in Toronto late in September as fraternal delegate from the Methodist Episcopal Church, is a very modern Methodist minister. In the first place, he left a college presidency to become a pastor. Secondly, as the preachers would say, he leaves his pastoral work to others and does the preaching himself. Dr. Hough is a member of a literate brotherhood, and is more of a literate than of an orator.

A member of the Authors' Club, London, England, he has the entrée to the most elite literary circles of the world. In the first place, he left a college presidency to become a pastor. Secondly, as the preachers would say, he leaves his pastoral work to others and does the preaching himself. Dr. Hough is a member of a literate brotherhood, and is more of a literate than of an orator.

Dr. Hough is superintendent of the circuit in the Methodist diocese of Ontario. He is the heart of downtown Detroit. He has as executive, a former University of Toronto man, W. Bert Atkins, to look after administration, and another assistant to look after the pastoral visiting. That is as modern as the arrangement which gives Dr. Trevor Davies two associate ministers at the Metropolitan Church, Toronto.

There are few preachers who leave a college presidency to go back to the pastorate. And there are still fewer Methodist preachers who remain bachelors for long. Dr. Hough left the gown and never went to the altar, except as officiating clergyman.

Dr. Hough, who always asks people to remember the word "home" when pronouncing his name, has few hobbies and fewer outdoor sports. Books are his first love. He writes often, usually to help his brother ministers. He speaks with distinction. And his reminiscences of chats with great authors make him an interesting talker. His latest published article is an appreciation of Raymond, editor of the London Times literary supplement. A strange American this Detroit pastor.

Canadian Winners.

The awards won by Canadian exhibitors in the apple section of the Imperial Fruit Show, held in the Crystal Palace, London, England, called to the front the Canadian exhibitors. Ontario leads with 111 firsts, nine seconds, one third and two specials. British Columbia won four firsts, five thirds and three specials, and Quebec one second and one third prize.

Nova Scotia and Quebec were successful in the British Empire section, the former winning first prize on 20 boxes of a dessert variety and Quebec winning second in the former section.

It was in the curvaceous section that Ontario was especially successful, winning 11 firsts, nine seconds and one third prize on box exhibits of named standard sorts. British Columbia won two firsts in this section on six box lots of Cox orange pippin and Spitzenberg, the seconds going to Nova Scotia and Quebec respectively.

In the special prize for provincial classes Nova Scotia won first on Gravenstein, Ontario first on Kings, and British Columbia first on Cox orange.

A special award, designated the Northland prize, was won by F. A. Parker, Berwick, Nova Scotia.

A Strange Journey.

Two veterans of the Canadian Forestry Corps, Corp. Lawrence McDuff and Sergt. Horace Negus, are trundling barrels across the continent from the Atlantic to the Pacific. The men have taken 81 days to reach Toronto from Amherst, Nova Scotia. They must complete the whole journey in six months. Negus went to France as a member of the 14th group of men. They are proving their conviction that it was possible to hike from coast to coast in six months, and work at the same time.

Head, paid a flying visit here on Saturday.

Mr. and Mrs. Osborne Sherrard and little son Boyd, were the guests of friends in town last week.

**FIREMEN HAD EARLY
MORNING CALL**

Alarm Rang At 5.40 for Blaze on Duncan Street—Good Water Pressure.

At about 5.40 this morning the sonorous call of the fire whistle brought the fire department out into the frosty dawn to fight a blaze which had just broken out in the residence of Jacob Trites on Duncan Street. It was only a matter of minutes until the chemical was turned on the blaze thus hindering the progress until two streams of water were brought into play. The water pressure was good and it's well directed spray took immediate effect.

The fire started in the attic, apparently from the wiring, and although the blaze burned its way through the ceiling and roof the flames were confined to the attic itself so that the only damage to other parts of the house was caused by water. About twenty minutes after the arrival of the firemen all danger was averted. The "all out" whistle blew about 7.15. The damaged dwelling is insured for \$1500, while the furniture carried a \$1000 covering.
