SYSTEM OF SURVEY.

- System of Survey. 3. Subject always to the provisions hereinafter made with respect to special cases,—
1. The Dominion lands shall be laid off in quadrilateral Townships, containing thirty-six sections of one mile square in each, (except in the case of those sections rendered irregular by the convergence or divergence of meridians as hereinafter mentioned) together with road allowances of one chain and fifty links in width, between all townships and sections.
- Area of townships. Townships to contain thirty-six square miles = 23,040 acres exclusive of road allowances.

2. The sections shall be bounded and numbered as shewn by the following diagram :

N.

31	32	33	34	35	36
30	29	28	27	26	25
19	20	21	22	23	24

6	5	4	3	2	1

S.

Sections, how bounded and numbered.

3 The township therefore will, subject to deficiency or surplus from converging or diverging meridians, as the case may be, measure on each side, from centre to centre of the road allowances bounding the same, four hundred and eighty-nine chains; Provided that the Governor in Council may hereafter, should the same be deemed expedient, reduce the width of the road allowances on township and section lines in that part of the territory lying north of the line between townships eighteen and nineteen, and east of the tenth range east of the principal meridian, and west of the fourteenth range west of the said meridian.

Townships to measure on each side 489 chains.

Proviso: as to reduction of width of road allowances, in certain places.

4. The lines bounding townships on the east and west sides shall in all cases be true meridians, and those on the north and south sides shall be chords intersecting circles of latitude passing through the angles of the townships.

Lines bounding townships.

5 The townships shall be numbered in regular order northerly from the international boundary or forty-ninth parallel of latitude, and shall lie in ranges numbered, in Manitoba, east and west from a certain meridian line run in the year 1869, styled the "Principal Meridian," drawn northerly from the said forty-ninth parallel at a point ten miles or thereabouts westerly from Pembina.

Townships shall be numbered, and shall lie in ranges.

"Principal Meridian."

6. In the territories east and west of Manitoba such other governing or guide meridians may be adopted and confirmed by the Governor in Council as may from time to time become expedient.

Other governing or guide meridians.

7. The townships shall be laid out the precise width of four hundred and eighty-nine chains, as aforesaid, on the base lines hereinafter mentioned, and the meridians between townships shall be drawn from such bases, north or south to the depth of two townships, that is to say, to the correction lines hereinafter mentioned.

Townships to be 489 chains wide on the base lines.

Base lines for townships.

8. The said forty-ninth parallel or international boundary shall be the first base line, or that for townships one and two. The second base line shall be between townships four and five, the third between townships eight and nine, the fourth between townships twelve and thirteen, the fifth between townships sixteen and seventeen, and so on northerly in regular succession.

Correction lines, what township lines to be.

9. The correction lines, or those upon which the "jog" resulting from want of parallelism of meridians shall be allowed, will be as follows, that is to say:—On the line between townships two and three, on that between six and seven, on that between ten and eleven, and so on. In other words, they will be those township lines running east and west which are equi-distant from the bases, at the depth of two townships.

Division of sections.

10. Each section shall be divided into quarter sections of one hundred and sixty acres, more or less, subject to the provisions hereinafter made.

Allowances for deficiency or surplus in the survey of townships.

11. In the survey of any and every township, the deficiency or surplus, as the case may be, resulting from convergence or divergence of meridians shall be allowed in the range of quarter sections adjoining the west boundary of the township, and the north and south error in closing on the correction lines from the north or south shall be allowed in the ranges of quarter sections adjoining, and north or south respectively of the said correction lines.

Dimensions and area of irregular quarter sections, how to be returned.

12. The dimensions and area of the irregular quarter sections resulting from the provision in the next preceding clause, whether the same be deficient or in excess, shall, in all cases, be returned by the surveyor at their actual measurements and contents.

Country to be laid out into blocks of four townships each in the first instance, and how.

13. Preliminary to the subdivision into townships and sections of any given portion of country proposed to be laid out for settlement, the same shall be laid out into blocks of four townships each, by projecting the base and correction lines, and east and west meridian boundaries of each block.

Corners.

1. On these lines, at the time of the survey, all township, section and quarter section corners shall be marked, which corners shall govern, respectively, in the subsequent subdivision of the block.

Posts and monuments.

2. Only a single row of posts or monuments to indicate the corners of townships, or sections (except as hereinafter provided) shall be placed on any survey line. These posts or monuments as an invariable rule (with the exception above referred to) shall be placed in the west limit of the road allowances, on north and south lines, and in the south

limit of road allowances, on east and west lines; and in all cases shall fix and govern the position of the boundary corner between the two adjoining townships, sections, or quarter sections on the opposite side of the road allowance:

3. Provided that in the case of the township, section and quarter section corners on correction lines, posts or monuments shall in all cases be planted and marked independently for the townships on either side; those for the townships north of the line, in the north limit of the road allowance; and those for the townships south, in the south limit.

Proviso as to correction lines.

14. The township subdivision surveys of the Dominion lands, according to the system above described, shall be carried out and shall be performed by contract at a certain rate per mile or per acre, fixed from time to time by the Governor in Council.

Surveys to be performed by contract.

15. Legal subdivisions as applicable to the survey, sale and granting of the Dominion lands, shall be as follows: and it shall be sufficient that such legal subdivisions be severally, as the case may require, designated and described by such names or numbers and areas for letters patent, that is to say:—

Legal subdivisions of townships.

- A half-section or 320 acres;
- A quarter-section or 160 acres;
- A half quarter-section or 80 acres;
- A quarter quarter-section or 40 acres.

2. To facilitate the descriptions for letters patent of less than a half-quarter section, the quarter-sections composing every section in accordance with the boundaries of the same as planted or placed in the original survey, shall be supposed to be divided into quarter quarter-sections, or forty acres, and such quarter quarter-sections shall be numbered as shewn in the following diagram:

3. The area of any legal subdivision as above set forth, in Letters Patent, shall be held to be more or less, and shall in each case be represented by the exact quantity as given to such subdivision in the original survey.

Areas to be more or less.

Proviso: as to the laying out and description of lands in certain localities.

16. Provided that nothing in this Act shall be construed to prevent the lands upon the Red and Assineboine Rivers surrendered by the Indians to the late Earl of Selkirk from being laid out in such manner as may be necessary in order to carry out section thirty-two of the Act thirty-third Victoria, chapter three, or to prevent fractional sections or lands bordering on any river, lake, or other water course or public road, from being divided; or such lands from being laid out in lots of any certain frontage and depth, in such manner as may appear desirable; or to prevent the subdivision of sections or other legal subdivisions into wood lots as hereinafter provided; or from describing the said lands upon the Red and Assineboine Rivers, or such subdivisions of fractional sections, or other lots, or wood lots, for patent, by numbers, according to a plan of record, or by metes and bounds, or by both, as may seem expedient.

DISPOSAL OF THE DOMINION LANDS.

LANDS RESERVED BY THE HUDSON'S BAY COMPANY.

Preamble.

17. Whereas by article five of the terms and conditions in the deed of surrender from the Hudson's Bay Company to the Crown, the said Company is entitled to one-twentieth of the lands surveyed into townships in a certain portion of the territory surrendered, described and designated as the "Fertile Belt":

Preamble

And whereas by the terms of the said deed, the right to claim the said one-twentieth is extended over the period of fifty years, and it is provided that the lands comprising the same shall be determined by lot; and whereas the said Company and the Government of the Dominion have mutually agreed that with a view to an equitable distribution throughout the territory described, of the said one-twentieth of the lands, and in order further to simplify the setting apart thereof, certain sections or parts of sections, alike in numbers and position in each township throughout the said territory, shall, as the townships are surveyed, be set apart and designated to meet and cover such one-twentieth;

Preamble.

And whereas it is found by computation that the said one-twentieth will be exactly met, by allotting in every fifth township two whole sections of six hundred and forty acres each, and in all other townships one section and three quarters of a section each, therefore—

Certain sections and parts of sections in certain townships to be known as Hudson's Bay Company lands.

In every fifth township of the said territory; that is to say: in those townships numbered five, ten, fifteen, twenty, twenty-five, thirty, thirty-five, forty, forty-five, fifty, and so on in regular succession northerly from the international boundary, the whole of sections numbers eight and twenty-six, and in each and every of the other townships the whole of section number eight and the south half and north-

west quarter of section twenty-six (except in the cases hereinafter provided for) shall be known and designated as the lands of the said Company.

18. Provided that the Company's one-twentieth of the lands in fractional townships shall be satisfied out of one, or other, or both, as the case may be, of the sections numbers eight and twenty-six as above, in such fractional townships, the allotment thereof to be effected by the Minister of the Interior and the said Company, or some person duly authorized by them respectively.

The Company's one-twentieth in fractional townships.

19. Provided further, that on the survey of a township being effected, should the sections so allotted, or any of them, or any portion of them, be found to have been *bona fide* settled on under the authority of any Order in Council, or of this Act, then if the Company forego their right to the sections settled upon as aforesaid, or any one or more of such sections, they shall have the right to select a quantity of land equal to that so settled on, and in lieu thereof, from any lands then unoccupied.

Company may select land in lieu of allotted land found to be settled upon under lawful authority.

20. Provided also, as regards the sections and parts of sections as mentioned in clause seventeen, that where the same may be situate in any township withdrawn from settlement and sale, and held as timber lands under the provisions hereinafter contained, the same shall form no part of the timber limit or limits included in such townships, but shall be held to be the property of the Company.

Company's lands to form no part of timber limits.

2. Provided further, that one-twentieth of the revenue derived from timber limits which may be granted in unsurveyed territory within the fertile belt, as hereinafter provided, shall be annually, so long as the townships comprised in the same remain unsurveyed, paid and accounted for to the Company, such one-twentieth to cease or to be diminished in proportion as the townships comprised in such limits, or any of them, may be surveyed, in which event the Company shall receive their one-twentieth interest in the lands in such townships in sections eight and twenty-six as hereinbefore enacted: Provided, nevertheless, that on such sections being surveyed as aforesaid, should the same or either of them prove to have been denuded of timber by the lessee, to the extent of one-half or more, then, in such case the Company shall not be bound to accept such section or sections so denuded, and shall have the right to select a section or sections to an equal extent in lieu thereof from any unoccupied lands in such township.

The Company to be paid one-twentieth of the revenues from timber limits in unsurveyed territory within the fertile belt.

Proviso.

21 As townships are surveyed and the respective surveys thereof confirmed, or as townships or parts of townships are set apart and reserved from sale as timber lands, the Govern-

Title to lands to pass to Company without

Patent in certain cases, and under patents in other cases.

nor of said Company shall be duly notified thereof by the Surveyor-General, and thereupon this Act shall operate to pass the title in fee-simple in the sections or three-quarter parts of sections to which the Company will be entitled under clause seventeen, as aforesaid, and to vest the same in the said Company, without requiring a patent to issue for such lands; and as regards the lands set apart by lot, and those selected to satisfy the one-twentieth in townships other than the above, as provided in clauses eighteen and nineteen, returns thereof shall be made in due course by the Local Agent or Agents to the Dominion Lands Office, and Patents shall issue for the same accordingly.

EDUCATIONAL ENDOWMENT.

Sections 11 and 29 in every surveyed township set apart as an educational endowment.

22. And whereas it is expedient to make provision in aid of education in Manitoba and the North-West Territories, therefore sections eleven and twenty-nine in each and every surveyed township throughout the extent of the Dominion lands, shall be and are hereby set apart as an endowment for purposes of education.

Such sections not to be subject to right of purchase by private entry or pre-emption or homestead right.

1. The sections so dedicated shall be thereafter dealt with in such manner as may be prescribed by law, and the same are hereby withdrawn from the operation of the clauses in this Act relating to purchase by private entry, and to homestead rights, and it is hereby declared that no such right of purchase by private entry or homestead right shall be recognized in connection with the said sections or any part or parts thereof:

Proviso: If such sections are found settled on and improved.

2. Provided, that on a township being surveyed, should such sections, or either of them, or any part of either, be found to have been settled on and improved, then and in such case the occupant or occupants, conforming to the requirements of this Act shall be confirmed in such possession, and the Minister of the Interior shall select a quantity equal to that found to have been so settled on from the unclaimed lands in such township, and shall withdraw the land so selected from sale and settlement, and shall set apart and publish the same as school lands, by notice in the *Canada Gazette*.

MILITARY BOUNTY LAND CLAIMS.

Warrants to be granted for lands given for military services.

23. In all cases in which lands have heretofore been or shall hereafter be given by the Dominion for military services, warrants shall be granted in favor of the parties entitled to such land by the Minister of Militia and Defence, and such warrants shall be recorded in the Dominion Lands Office in books to be kept for the purpose, and shall be located as hereinafter provided, and patents for the lands so located shall be issued accordingly.

1. Such warrants may be located by the owners thereof, in any of the Dominion lands open for sale, or may be received in payment for a homestead claim for the same number of acres, or in payment in part or in full, as the case may be, for the purchase at public or private sale of Dominion lands, at the value shewn upon their face, estimating the number of acres in the warrant at the price mentioned therein: Provided always that no greater area than twenty per cent. of the land, exclusive of School and Hudson Bay Company lands, in any township shall be open for entry by military bounty warrants, issued after the passing of this Act.

Such warrants may be located in lands open for sale, or given in payment for lands. Only 20 per cent. of the land in any township, to be open for entry by warrants.

2. In accepting warrants as so much purchase money, any deficiency shall be payable in cash. But should any payment by warrant or by amount in warrants, be in excess, the Government will not return any such excess.

As to warrants accepted as purchase money.

3. In locating a warrant, should the same be for any aliquot part of a section, it must be located in a legal subdivision of corresponding extent; for instance, a warrant calling for one hundred and sixty acres must be located in a certain quarter section intact.

As to locating warrants.

24. Assignments of military bounty land warrants duly made and attested before any person entitled by law to take affidavits, shall be recognised as conveying the beneficial interest therein, but no assignment of the interest of the original owner (except in the case of Red River soldier's warrants as hereinafter mentioned) will be held as transferring such interest, unless the assignment be endorsed on the back of the warrant; and in subsequent assignments the warrant, unless the same has been lost (as hereinafter mentioned), must be attached to and form part of the claimant's or locatee's papers.

Assignment of military bounty land warrants.

25. In all cases where an officer or soldier entitled to military bounty land dies before the issue of the warrant, or between the issue of the warrant and the location thereof, the warrant or the patent, or both, as the case may be, shall issue in favor of the legal representatives of such deceased officer or soldier, according to the law of the Province or Territory where the lands in question lie, who shall be ascertained in such manner and by such Court, Commissioners or other Tribunal, as the Legislature of such Province shall prescribe by any Act passed for that purpose, and shall be certified to the Governór under such Act,—or if the lands be in any territory in which there is then no Legislature, then in such manner and by such Commissioners as the Governor in Council may from time to time direct,—and any Order in Council in that behalf may vest in any Commissioners under it, power to summon witnesses and examine them on oath, and to compel the production of documents, and

Warrant or patent to issue in favor of legal representatives of deceased officer or soldier.

generally may vest in them all such powers and impose upon all other persons all such obligations, as the Governor in Council may deem necessary in order to ascertain and certify to the Governor the person or persons to whom the patent ought to issue,—and on any such certificate under this clause the patent shall issue in accordance therewith;

Cases arising under the provisions of this section may be referred to the Court established by 36 Vic., cap. 6.

2. Provided that in the absence of any Court, Commissioners, or other Tribunal established by the Legislature of the Province or Territory within which the lands in question lie, to determine the legal representatives of such deceased officer or soldier, the Minister of the Interior may refer any case arising under the provisions of this section to the Court authorised to be established under the Act passed in the thirty-sixth year of Her Majesty's reign, chapter six, intituled: "*An Act respecting claims to Lands in Manitoba for which no Patents have issued,*" and the provisions thereof shall be and are hereby declared to be in this respect applicable to cases arising under this section.

New warrant may issue in lieu of warrant lost or destroyed.

26. Whenever any warrant for military bounty land issued in pursuance of this Act, is lost or destroyed, whether the same may or may not have been sold and assigned by the original owner, the Minister of Militia and Defence (such loss or destruction having been proved to his satisfaction), may, and he is hereby required to cause a new warrant of like tenor to be issued in lieu thereof, in favor of the person to whom the warrant belonged at the time of its loss or destruction, if he be still living, or of his legal representatives as aforesaid, if he be no longer living, which new warrant may be assigned, located, and patented, and shall be of like value in every respect with the original warrant, and in any and all such cases of re-issue, the original warrant, in whosoever hands it may be, shall be null and void.

Free grant of land by Order in Council of 25th April, 1871, confirmed.

27. And whereas by order of the Governor in Council, dated the 25th April, 1871, it is declared that:—

The officers and soldiers of the 1st or Ontario and the 2nd or Quebec Battalion of Rifles, then stationed in Manitoba, whether in the service or dépôt companies, and not having been dismissed therefrom, should be entitled to a free grant of land without actual residence, of one quarter section,—such grant is hereby confirmed, and the Minister of Militia and Defence is hereby authorized and required to issue the necessary warrants therefor accordingly.

Assignments of interest in such free grants recognized.

28. And whereas effect could not be given to the above mentioned Order in Council, until the lands in Manitoba had been surveyed, and in the meantime many of the said men so entitled as above have assigned their interest in such free grants,—such assignments duly made and attested, and having the certificate of discharge in the case of non-commis-

sioned officers or private soldiers attached thereto, and filed in the Dominion Lands Office before the issue of the warrant, shall be held to transfer in each case the interest of the man so entitled in the warrant when issued, which latter, in every such case, shall be attached, after registry, to the assignment on file, and held for delivery to the party entitled thereto, or for location.

ORDINARY PURCHASE AND SALE OF LANDS.

29. Unappropriated Dominion lands, the surveys of which may have been duly made and confirmed, shall, except as otherwise hereinafter provided, be open for purchase at the rate of one dollar per acre; but no such purchase of more than a section, or six hundred and forty acres, shall be made by the same person; provided that whenever so ordered by the Minister of the Interior, such unoccupied lands as may be deemed by him expedient from time to time may be withdrawn from ordinary sale or settlement and offered at public sale (of which sale due and sufficient notice shall be given) at the upset price of one dollar per acre, and sold to the highest bidder.

Surveyed Dominion lands open for purchase at \$1 per acre.
Proviso.

PAYMENTS FOR LANDS.

30. Payments for lands, purchased in the ordinary manner, shall be made in cash, except in the case of payment by scrip or in military bounty warrants as hereinbefore provided.

Payments for lands to be in cash, as a rule.

TOWN PLOTS, &c.

31. The Minister of the Interior shall have power, from time to time, to set apart and withdraw from purchase and from the homestead clauses of this Act any tract or tracts of land which it may be considered by him expedient to lay out into town or village plots, and to cause the same to be surveyed and laid out, and the lots so laid out to be sold, either by private sale and for such price as he may see fit, or at public auction.

Minister of Interior may reserve tracts of land for town or village plots.

32. The Governor in Council may also set apart and appropriate such Dominion lands as he may deem expedient for the sites of market places, gaols, court houses, places of public worship, burying grounds, schools, benevolent institutions, squares and for other like public purposes, and at any time before the issue of letters patent therefor, may alter or revoke such appropriation as he deems expedient, and he may make free grants for the purposes aforesaid of the lands so appropriated, the trusts and uses to which they are to be subject being expressed in the letters patent.

Governor in Council may set apart lands for other public purposes.

HOMESTEAD RIGHTS, OR FREE GRANT LANDS.

Steps to be taken to secure a homestead right, and provisions respecting the same.

Persons entering for a homestead entitled to preemption, at \$1 per acre, of any adjoining quarter section unclaimed.

Such pre-emption right to cease on forfeiture of homestead.

Proviso.

(Form A, Appendix. See page 42 hereof.)

1. The entry of a person as aforesaid for a homestead right shall entitle him to receive at the same time therewith an entry for any adjoining quarter-section then unclaimed, and such entry shall entitle such person to take and hold possession of and cultivate such quarter-section in addition to his homestead, but not to cut wood thereon for sale or barter, and, at the expiration of the period of three years, or upon the sooner obtaining a patent for the homestead under the fifteenth sub-section of this section, shall entitle him to a pre-emption of the said adjoining quarter-section at the Government price of one dollar per acre; but the right to claim such pre-emption shall cease and be forfeited, together with all improvements on the land, upon any forfeiture of the homestead right under this Act;

Provided always, that the right to a pre-emption entry as above given shall not belong to any settler brought in under the provisions of sections fourteen and fifteen of the Act 37th Victoria, Cap. 19. (See page 46.)

2. When two or more persons have settled on and seek to obtain a title to the same land, the homestead right shall be in him who made the first settlement.

3. Provided that, in cases where both parties may have made valuable improvements, the Minister of the Interior may order a division of such land, in legal subdivisions, in such manner as may preserve to the said parties, as far as practicable, their several improvements, and further, may direct that what the land of each of such parties, as so divided, may be deficient of a quarter-section, shall be severally made up to them in legal subdivisions from unoccupied quarter-sections adjoining.

TIMBER IN TOWNSHIPS SURVEYED FOR SETTLEMENT.

Timber form-
ing islands or
belts in town-
ships thrown
open for
settlement, to
be disposed of

46. And whereas it is expedient that the timber forming islands or belts in townships thrown open for settlement, should be so disposed of as to benefit the greatest possible number of settlers and to prevent petty monopoly, it is therefore enacted as follows:

1. The Minister of the Interior may direct that, in the sub-division of townships which may consist partly of prairie and partly of timber land, such of the sections or subdivisions of sections containing islands, belts, or other tracts of timber, shall be subdivided into such number of wood lots of not less than ten, and not more than twenty acres in each lot, as will afford, so far as the extent of wood land in the township may permit, one such wood lot to each quarter-section prairie farm in such township :

so as to benefit the greatest possible number of settlers, and prevent petty monopoly, and how.

2. Provided that neither the sections and parts of sections in each township vested in the Hudson's Bay Company by this Act, nor those sections set apart herein for schools, shall be subject in any way to the operation of the next preceding sub-clause :

3. The division of such wood lots shall be by squared posts, numbered from one upwards, marked with a marking iron, and planted in the section lines bounding the timber tract so laid out ; and each wood lot shall front on a section road allowance :

4. Provided, that in case an island or belt of timber be found in the survey of any township to lie in a quarter-section or several quarter-sections, but in such manner that no single quarter-section shall have more of such timber than twenty-five acres, such timber shall be taken to be appurtenant to such quarter-section or quarter-sections, and shall not be further divided into wood lots :

5. The Local Agent, as settlers shall apply for homestead rights in the township, and in the same order as such applications shall be made, shall, if so requested, apportion to each quarter-section so applied for, one of the adjacent wood lots, and such wood lot shall be paid for by the applicant at the rate of one dollar per acre, and shall be entered on the Local Agent's books and be returned by him as in connection with the homestead so entered ; and on such homestead claimant fulfilling all the requirements of this Act in that behalf, but not otherwise, a patent shall issue to him for such wood lot :

Apportionment of wood lots.

6. Provided that any homestead claimant, who, previous to the issue of the patent shall sell any of the timber on his claim, or on the wood lot appertaining to his claim, to saw-mill proprietors or to any other than settlers for their own private use, shall be guilty of a trespass, and may be prosecuted therefor before a Justice of the Peace, and upon conviction thereof, shall be subject to a fine or imprisonment, or both ; and further, such person shall forfeit his claim absolutely.

Timber on homestead wood lots for private use of settlers only.

(39 Vic. Cap. 19.)

18. Whereas, by the provisions of section ten of the Act 37th Vic., Cap. 19, sub-section five of section forty-six of the *Dominion Lands Act*, which provided for the apportion-

Authorizing the issue of patents for free wood lots

entered under subsection 5 of sec. 46 of Act of 1872.

ment of wood lots as free grants in connection with and in addition to homestead grants in certain cases, was repealed without reference to rights which might have been acquired under the same; and whereas it is expedient to protect such rights, it is hereby enacted, that any person to whom a wood lot was apportioned in connection with a homestead under the provisions of the said sub-section five of section forty-six of the Act last mentioned, having duly fulfilled the conditions of such homestead grant required by the said Act, shall receive a patent for such wood lot as a free grant, as provided in the said sub-section, the Act 37 Vic., cap. 19, to the contrary notwithstanding.

And whenever the ground rent on any limit, or any royalty on any timber is not paid within three months after it becomes due under the lease or regulations in that behalf, the Crown Timber Agent may, with the sanction of the Minister of the Interior, seize so much of the timber cut on such limits, and in the possession of the lessee or on his premises, whether sold or unsold, as will in his opinion be sufficient to secure the payment of such rent and royalty on the timber seized, and all interest and expenses of seizure and sale, and may detain the same as security for the payment thereof; and if such payment be not made within three months after such seizure, the Crown Timber Agent may, with such sanction as aforesaid, sell such timber by

55. And in case the payment of the Crown dues on any timber has been evaded by any lessee or other party, by the removal of such timber or products out of Canada, or otherwise, the amount of dues so evaded, and any expenses incurred by such officer or the Government in enforcing payment of the said dues under this Act, may be added to the dues remaining to be collected on any other timber cut on Dominion lands by the same lessee or by his authority, and be levied and collected, or secured on such timber, together with such last mentioned dues, in the manner provided by clause fifty-three; or the amount due to the Crown, of which payment has been evaded, may be recovered by action at law, in the name of the Minister of the Interior, or his resident agent, in any Court having jurisdiction in civil cases to the amount.

GENERAL PROVISIONS.

In the absence of satisfactory explanations, timber may be seized as cut without authority, or for dues.

61. Whenever any Crown Timber Agent, or other officer or agent of the Minister of the Interior, is in doubt as to whether any timber has, or has not, been cut without authority, or is, or is not, liable to Crown dues on the whole or any part thereof, he may enquire of the person or persons in possession or in charge of such timber as to when and where the same was cut: and if no satisfactory explanation, on oath or otherwise, as he may require, be given to him, he may seize and detain such timber until proof be made to the satisfaction of the Minister of the Interior, or of such Crown Timber Agent or officer, that such timber has not been cut without authority, and is not liable, in all or in part, to Crown dues of any kind: and if such proof be not made within thirty days after such seizure, such timber may be dealt with as timber cut without authority, or on which the Crown dues have not been paid according to the circumstances of the case, and the dues thereon may be recovered as provided in the fifty-fifth clause.

No sale or grant of any Dominion lands shall give or convey any right or title to any slide, dam, pier, or boom, or other work, for the purpose of facilitating the descent of timber or saw-logs, previously constructed on such land, or on any stream passing through or along such land, unless it be expressly mentioned in the letters patent or other documents establishing such sale or grant, that such slide, dam, pier, or boom or other work, is intended to be thereby sold or granted:

1. The free use of slides, dams, piers, booms or other works on streams, to facilitate the descent of lumber and saw-logs, and the right of access thereto for the purpose of using the same and keeping them in repair, shall not in any way be interrupted or obstructed, by, or in virtue of, any sale or grant of Dominion lands made subsequent to the construction of such works.

Free use of slides not affected.

Patent may be signed by a Deputy Governor.

66. Whenever a patent has been issued to or in the name of a wrong party, or contains any clerical error, misnomer or wrong or defective description of the land thereby intended to be granted, or there is in such patent an omission of the conditions of the grant, the Minister of the Interior may (there being no adverse claim) direct the defective patent to be cancelled and a correct one to be issued in its stead, which corrected patent shall relate back to the date of the one so cancelled, and have the same effect as if issued at the date of such cancelled patent.

Patent issued in error may be cancelled.

67. In all cases in which grants or letters patent have been issued for the same land, inconsistent with each other, through error, and in all cases of sales or appropriations of the same land inconsistent with each other, the Minister of the Interior may order a new grant equivalent in value to the land of which any grantee or purchaser is thereby deprived, at the time the same was granted; or may, in cases

68. Whenever by reason of false survey, or error in the books or plans in the Dominion Lands Office, any grant, sale or appropriation of land is found to be deficient, the Minister of the Interior may order a free grant equal in value to the ascertained deficiency at the time such land was granted or sold ; or in case any parcel of land contains less than the quantity of land mentioned in the patent therefor, the Minister of the Interior may order the purchase-money of so much land as is deficient, with interest thereon from the time of the application therefor, to be paid back to the purchaser ; or if the land has passed from the original purchaser, then the purchase-money which the claimant (provided he was ignorant of the deficiency at the time of his purchase) has paid for so much of the land as is deficient, with interest thereon, from the time of the application therefor, to be paid to him in land or in money, as he, the said Minister of the Interior, may direct ; or, in case of a free grant, he may order a grant of other land, equal in value to the land so intended as a free grant, at the time such grant was made ; but no such claim shall be entertained unless application has been made within five years from the date of the patent, nor unless the deficiency is equal to one-tenth of the whole quantity described as being contained in the particular lot or parcel of land granted.

Proviso.

Patents issued through fraud, or in error or improvidence may be decreed to be void.

69. In all cases wherein patents for lands have issued through fraud, or in error, or improvidence, any court having competent jurisdiction in cases respecting real property in the Province or place where such lands are situate, may, upon action, bill or plaint respecting such lands, and upon hearing of the parties interested, or upon default of the said parties after such notice of proceeding as the said Court shall order, decree such patent to be void ; and upon the registry of such decree in the Office of the Registrar-General of the Dominion, such patent shall be void to all intents.

Method of proceeding to be adopted by Dominion Land Surveyor employed to lay out a given half-section or quarter-section.

TO DRAW DIVISION LINES IN FRACTIONAL SECTIONS.

92. The dividing lines or limits between legal subdivisions or wood lots in fractional sections shall be drawn from the original corners (or the points representing such corners, as defined on the ground in accordance with the provisions of this Act,) in the section line intended as the

Townships, &c., to comprise all the space included within their boundaries.

94. Every township, section or other legal subdivision, town, village, block, gore, common, lot or parcel of land, shall consist of the whole width included between the several mounds, posts, monuments or boundaries respectively so erected, marked, placed or planted as aforesaid, at the several angles thereof, and no more or less, any quantity or measure expressed in the original grant or patent thereof notwithstanding.

As to aliquot parts of townships, &c.

95. Every patent, grant or instrument purporting to be for any aliquot part of any section, or other legal subdivision, block, gore, common, lot or parcel of land, shall be construed to be a grant of such aliquot part of the quantity the same may contain on the ground, whether such quantity be more or less than that expressed in such patent, grant or instrument.

14. If any person or persons undertake to settle any of the public lands of the Dominion free of expense to the Government, in the proportion of one family to each alternate quarter section, or not less than sixty-four families in any one township, under the Homestead provisions of the Act hereby amended, the Governor in Council may withdraw any such township from public sale and general settlement; and may, if he thinks proper, having reference to the settlement so effected and to the expense incurred by such person or persons in procuring the same, order the sale of any other and additional lands in such township to such person or persons at a reduced price, and may make all necessary conditions and agreements for carrying the same into effect.

Such parties may obtain a lien on homestead for sums advanced to settlers.

15. The expenses, or any part thereof, incurred by any person or persons, for the passage money or subsistence in bringing out an immigrant, or for aid in erecting buildings on the homestead or in providing farm implements or seed for such immigrant, may, if so agreed upon by the parties, be made a charge on the homestead of such immigrant, and in case of such immigrant attempting to evade such liability by obtaining a homestead entry outside of the land withdrawn under the provisions of the next preceding section, then, and in such case, the expense incurred on behalf of such immigrant, as above, shall become a charge on the homestead so entered, which, with interest thereon, must be satisfied before a patent shall issue for the land: provided, as follows:

Proviso.

(a.) That the sum or sums charged for the passage money and subsistence of such immigrant shall not be in excess of the actual cost of the same as proved to the satisfaction of the Minister of the Interior:

Proviso.

Proviso.

(c.) That, in no case, shall the charge for principal moneys advanced against such homestead exceed in amount the sum of two hundred dollars;

Proviso.

(d.) That no greater rate of interest than six per cent. per annum shall be charged on the debt so incurred by such immigrant.

ASSIGNMENTS.

16. The Surveyor General shall keep a book for registering, at the option of parties interested, the particulars of any assignment made, as well by the original nominee, purchaser, or locatee or lessee of Dominion Lands, or his heir or legal representative, as by any subsequent assignee, and upon such assignment being produced with the affidavit of due execution thereof, and of the time and place of such execution, and the names, residences, and occupations of the witnesses, the said Surveyor General shall cause the material particulars of every such assignment to be registered in such book of registry, and shall cause to be endorsed on every such assignment a certificate of such registration, and every such assignment so registered shall be valid against any one previously executed, and subsequently registered or unregistered, but all assignments to be registered must be unconditional, and all the conditions of sale, grant or location, must have been complied with, or if dispensed with, then so dispensed with by the Minister of the Interior, before such registration is made.

Surveyor-General to keep a register of assignments.

of scrip for
land rights
confirmed.

of common and of cutting hay held and enjoyed by the settlers in the Province of Manitoba may be commuted by grants of land from the Crown ; and whereas the method of commuting the said rights by an issue of scrip redeemable only in land is most convenient and expedient ; and whereas it is also expedient to affirm the principle that rights to Dominion land may be satisfied by an issue of scrip ; therefore, the Orders of the Governor in Council, dated respectively the sixth day of September, 1873, and the seventeenth day of April, 1874, providing for the issue of scrip in commutation of the rights of common and of cutting hay in Manitoba, are hereby confirmed.

Further
authority to

TARIFF OF FEES.

Fees for doc-
uments fur-
nished from
Surveyor-
General's
office.

21. The Governor in Council may establish a tariff of fees to be charged for all copies of maps, township plans and field notes ; also for registering assignments ; and all fees received under such tariff shall be accounted for by the Surveyor General, and shall form part of the Revenue from Dominion Lands.

CHAP. 19.

FOREST TREE CULTURE.

Who may obtain claim for treeplanting.
How much land.

21. Application for such entry shall be made in Form F. in the schedule hereto, and the person so applying shall make an affidavit before the local agent according to Form G. in the schedule hereto, and shall pay at the time of applying an office fee of ten dollars for which he or she shall receive a receipt and also a certificate of entry, and shall thereupon be entitled to enter into possession of the land.

Manner of obtaining claim for treeplanting.

22. No patent shall issue for the land so entered until the expiration of six years from the date of entering into possession thereof; and any assignment of such land shall be null and void, unless permission to make the same shall have been previously obtained from the Minister of the Interior.

No patent to issue until six years from date of entry.

23. At the expiration of six years the person who obtained the entry, or, if not living, his or her legal representative or assigns shall receive a patent for the land so entered, on proof to the satisfaction of the Local Agent, as follows:—

Conditions, before obtaining a patent.

1. That eight acres of the land entered had been broken and prepared for tree planting within one year after entry, an equal quantity during the second year, and sixteen additional acres within the third year after such date;—

2. That eight acres of the land entered had been planted with forest trees during the second year, an equal quantity during the third year, and sixteen additional acres within four years from the date of entry, the trees so planted not being less than twelve feet apart each way;—

provided that in cases where the land entered is less in extent than one quarter-section or one hundred and sixty acres, then the respective areas required to be broken and planted under this and the two next preceding sub-sections shall be proportionately less in extent.

Claim liable to forfeiture, on failure in conditions.

24. If at any time within the period of six years as above, the claimant fails to do the breaking up or planting or either as required by this Act or any part thereof, or fails to cultivate, protect, and keep in good condition such timber, then and upon such event the land entered shall be liable to forfeiture, in the discretion of the Minister of the Interior, and may be dealt with in the same manner as homesteads which may have been cancelled for non-compliance with the law as set forth in sub-section sixteen *a*, inserted in section thirty-three of the "*Dominion Lands Act*," respecting homesteads, by the Act of 1874.

Proviso.

The entry of a quarter-section for preemption in connection with homestead may be substituted, in whole or in part, for one for tree-planting.

25. Provided that no person who may have obtained pre-emption entry of a quarter-section of land in addition to his homestead entry under the provisions of sub-section one, of section thirty-three of the said "*Dominion Lands Act*," as amended by the Act of 1874, and by this Act, shall have the right to enter a third-quarter section as a tree-planting claim, but such person, if resident upon his homestead, may have the option of changing the pre-emption entry of the quarter-section or of a less quantity of such quarter section, for one under the foregoing provisions, and on fulfilling the preliminary conditions as to affidavit and fee, may receive a certificate for such quarter-section, or for such quantity thereof as may have been embraced in the application, and thereupon the land included in such change of entry shall become subject in all respects to the provisions of this Act relating to tree-planting.

Holder of entry of claim for tree-planting may eject trespassers.

26. Any person who may have been entered for a tree-planting claim under the foregoing provisions, and whose right may not have been forfeited for non-compliance, with the conditions thereof, shall have the same rights of possession, and to eject trespassers from the land entered by him as are given to persons on homesteads under sub-section seventeen *a*, of section thirty-three of the "*Dominion Lands Act*," and the title to land entered for a tree-planting claim shall remain in the Government until the issue of a patent therefor, and such land shall not be liable to be taken in execution before the issue of the patent.
