200 FROSH WELCOMED TO CAMPUS

UNIDENTIFIED Frosh happily shines Sophomores shoes as Initiation dance Friday gives Freshmen a chance to serve enlightened masters.

FRESHMEN BEGIN INITIATION WEEK

The annual proceedings of Initiation Week got under way Friday at 2 p.m. with a meeting in the gymnasium, where the Freshmen were acquainted with the various campus activities, introduced by the heads of those organizations.

In the evening the Sophomores staged their Initiation Dance which began at 7.30 p.m. The Frosh attired in burlap bags with corn syrup, axle grease, flour and mineral oil in their hair submitted to the wills of the Sophomores and danced to the music of Les Singles' Orchestra.

Saturday followed with a meeting in the gym at 2.30 p.m. where they received their gold and black beanies, and a Scavenger Hunt which began at 8 p.m. that evening. Monday night there is a Barn Dance in the gymnasium also beginning at 8 p.m., the calls being provided by Alf Johnson. Then on Tuesday for the Freshettes there is a Tea at Sherriff Hall from 4 to 6, and for the Freshmen a Smoker from 7 to 9 in the Common Room of the Men's Residence after which they will serenade the girls at the Hall.

For the remainder of the week the Frosh will attend an Open House at Sherriff Hall beginning at 8.30 p.m., and a Theatre Party at the Oxford on Thursday. The annual Freshie-Soph dance will wind up proceedings on Friday beginning at 8.30 and music is to be provided by Fred Covey's Orchestra. All upper classmen will be charged an admission of \$1.25. Chaperons for the evening are to be Dr. and Mrs. Kerr, Professor and Mrs. Bevan, and Professor and Mrs. Frost.

The members of the Initiation Committee are John Brown, chairman, Patty McLeod, Janet Petrie, Jans Wilson, Helen Scammell, Sheila Piercey, Dave Fraser, John Allan, Mike MacDonald, Chuck Johnson, and John Sinclair.

Students Urged To Use Second-Hand Book Store

In case some have failed to see the poster and notice, The Gazette has been asked to remind students who wish to buy or sell second-hand books may do so through the facilities of the Book Store operated by Roy Atwood.

No time should be lost however, either in bringing books in for sale or in seeking books since the best of the books will be sold at an early date.

GEORGE "BUZZ" KERR

President of Students' Council, 1952-53. Kerr's election promises an active year for the Council and indicates coming changes on the campus.

Lights Will Help Teams' Practice

Installation of two floodlights on Studley Campus now enables the Canadian Football, and English Rugby teams to get in a number of practise sessions several nights each week.

They may also be used by any other athletic groups which can organize their practices to take advantage of the lights. So far the Canadian football team have the ones who have been taking full advantage of the facilities it offers but with the organization of other teams it is expected that there will be considerable activity under the lights.

NOTICE

There will be an important meeting of the Class of '56 on Thursday, October 2 in the Chemistry Theatre at 12.00. This meeting is for the purpose of electing the class officers for those Freshmen who have completed their Junior Matriculation only.

Campus Lacks Publicity Director

One of the most important student organizations on the campus still lacks a leader for the 1952-53 term. It's a job for a person who has the knack of gaining co-operation from his staff and who plan and organize good advertising for the various social, athletic and dramatic functions around the campus. In addition the job pays \$100 per annum.

Applications for this post will be received by the student council and appointments made as soon as possible. The head of the Publicity Board, as the organization is called, must collect a staff who will be willing to compose posters to advertise any student activities of general interest. Staff members need not be professional artists. A willingness to wield a brush or crayon in such a manner that the result will be legible is all that's necessary, although a flair for the dramatic or extravagant would probably result in more attractive workmanship. Anyone interested in taking over this task should not lose any time in submitting their application to the Council at the earliest possible moment.

Positions Available On Gazette

There are still a number of openings available for students who wish to join the staff of the Dalhousie Gazette. News and features departments can use the services of new students and otherwise who are interested in becoming members of this active organization.

On the desk side there are openings for circulation manager, one sports editor, CUP editor, cartoonists. Experience may be an asset but it isn't required. A willingness to work and take criticism when it comes your way are all that's required. You will have a fair choice of the subjects you prefer to cover—sports, general news or any of the specialized departments which appear occasionally in this paper. But don't hesitate. Volunteer your talents as soon as possible so that the staff may complete its organization within the next week or so.

Glee Club Plans Busy Schedule

"French Without Tears", a gay comedy, will be the opening production of the Dalhousie Glee and Dramatic Society this fall, Ralph Garson, president of the society, said yesterday.

Scheduled for November, it will be followed by Shakespeare's "Merchant of Venice" in February, while "HMS Pinafore", the Gilbert and Sullivan classic, has been planned to complete the season in early March.

The casts of the above performances have not yet been chosen, reports Mr. Garson. Also needed are musicians for the orchestra, soloists, stage crew, prop men and makeup men. Work in these positions in the Glee Club earns points toward a "D", added Mr. Garson. He urged all who had not signed up and wished to do so to contact Margaret Henderson, vice-president of the Society, or himself.

Included in the executive of the Glee Club are Gordon McMurtry, business manager, and John Sinclair, secretary.

In the decade between 1951 and 1951, Canada's advertising agencies more than tripled their volume of business from \$29,224,400 to \$108,413,585.

Full Program for New Students; Initiation Week Underway

Dances and other social functions (all combined with general heckling and hazing, of course,) comprised the welcome for some 200 frosh who travelled from near and far to the campus of Dalhousie during the past week, and other events are lined up for tonight and the remainder of initiation week. Altogether a varied program was arranged by the sophomores for the reception of the incoming students.

Building Changes On Studley Campus

The old Arts Building, and the ground floor of the Library have undergone a complete renovation since the college term closed last Spring.

The old Arts Building has been taken over by the Faculty of Law, for which it was originally built in 1922, but was pressed into service for the expanding Arts Faculty.

The basement of the building now contains research rooms, class rooms, a library stack, a common room, and a work room for binding.

On the main floor, the Women's Common Room has been made into three offices. Old room 4 is now the Dean's office and the secretary's office. Room 3 is converted into a class room with chairs and tables for seminars. Room 2 is now also an office.

The top floor which was formerly occupied by class rooms, has been completely torn out, and a Law library put in which takes up the whole top floor.

The whole building is completely redecorated with linoleum tile, fluorescent lights, new drapes, and the old oak finish has been rubbed down to a natural finish.

The main floor of the library has been changed also. The former Business Office has now been made into a government document reading room, and also contains the Morse Collection, making it more available to the students. The Senate and Faculty Room is now used for the Book Club, and cataloging, both of which were moved down from the third floor. The president's and secretary's office are now occupied by the

Although final figures are not yet available it is expected that the enrolment of new students this year will be somewhat higher than a year ago. About 250 new students in Arts and Science have registered to date. Registration in the faculties of law, medicine and dentistry was completed a week or more ago.

Information as to students in the various faculties has been of a somewhat general nature but it is known that four girls are studying first year dentistry, one student from India will be taking his Master's degree in law at Dalhousie this year, and there are several girls in first year medicine and first year law.

Ambassador Visits Dalhousie Campus

Last Wednesday the Dalhousie Campus was honored by a brief visit from the Honorable Stanley Woodward, American Ambassador to Canada.

Escorted through the Arts Building by Graham Allan and Dr. H. L. Scammell, he showed a great interest in the plan and construction of the building and especially in the historical origin of the University.

Dean Read conducted the Hon. Woodward through the newly renovated Law School, where he remarked on the usefulness of the Legislative Research section to interest young people in Governmental affairs.

Mr. Woodward, accompanied by his wife and an official diplomatic party, was making his first tour of the Maritimes since his appointment in May of 1950.

chief librarian's office, and the Library Book Order Dept. The whole floor is completely redecorated.

DAL TIGERS TACKLE STAD SATURDAY

The 1952-53 edition of the Dalhousie Tigers move on to Studley Field Saturday afternoon against the league-leading Stadacona football machine. The Tigers, defending the league title they won last year, have been working hard in preparation for the opening game.

Missing key linemen Don Goode, Pete Mingo, and Rusty MacLean and hard-running backs Don Harrison and Fraser Mooney, the Dal squad is concentrating heavily on newcomers Deke Jones, Dave Thomas, Nip Theakston and John Fitch from QEH, along with Don Lyons, a guard from Ottawa Tech and John MacKinnon, stalwart ex-

Wanderers lineman, Bob Goss from Mount A., a rangy end, has shown great promise in the kicking department.

Back from last year's champions are ends Gary Watson, Hec McInnes, Neil MacKinnon and Marcel Plourde. Much is expected of veteran linemen Spence Stewart, Ken MacLeod, Tom Kennedy and Bob Inglis, while Lou Sarka and Bud Gregory, who showed great improvement are battling for starting assignments. Scott Henderson, Dave Bryson and Reg Cluney, last year's most valuable player, have been running well and already show the hard driving signs of mid-season form.

Notice From The Campus Co-ordination Committee

The Campus Co-ordination Committee are advised of the following matters. (1) If your society plans to have a major function during 1952-53 please indicate what it is. (2) Please submit two possible dates for each function. (3) Please specify if it is desired to use the Dalhousie Gymnasium or if it will be held off the campus.

So that a complete schedule of the year's activities can be drawn up, and in order to avoid a conflict between major campus activities, please submit the above information to Roger F. Cyr, 331 Spring Garden Road, (Phone 2-2244), Acting Chairman of the Campus Co-ordination Committee.

Your Opportunity

Most educators will agree that extra-curricula activity has a definite place in the education of a university student. Yet how many students take advantage of the various organizations on the campus? Most students have worthwhile interests in life outside of their studies and there are numerous organizations here which could provide many beneficial hours of relaxation and entertainment if the students would only overcome whatever it is that prevents them from participating in student-organized activity.

Since there are few, if any, complaints heard as to the variety of extra-curricula activity available it must be presumed that our organizations have the general approval of the majority. If such is not the case then some movement should be inaugurated to change this condition. Elsewhere in this edition will be found descriptions of the student organizations on the campus and the type of activity they engage in.

There are organized groups for those interested in public speaking, athletics of various kinds for both male and female students, dramatics, commercial artistry, newspaper work. There are religious organizations for Catholics and Protestants; groups interested in the movement of national and international student relations; for those interested in the armed forces there are opportunities to engage in the training in either of the three services; there are opportunities for the student interested in music and french culture. And in addition to these each of the faculties has its own society where students with like tastes can discuss topics in which they have a common interest.

Although this message is directed mostly toward those students attending Dalhousie University for the first time it could well be given a second thought by students in their second, third or even fourth years, particularly those who may have had reason to complain about some of the organizations in past years. It is never too late to suggest improvements but the important thing is to take concrete action in regard to the complaints.

Let's hear fewer complaints about the organizations and see more students taking advantage of the opportunities they offer.

Faculty Changes, Additions Announced

A native of Pyongyang, North Korea, and former Professor of Physiology at the Medical School of Ewha University in Pusan, Dr. Don Jun Kim arrived in Halifax recently to take a post as lecturer in the Department of Physiology. Dr. Kim, a former major in the Korean army, is a graduate of the Seoul Imperial University Medical College.

A native of Sydney Mines, who holds a B.A. and M.A. from Dalhousie, as well as a Ph.D. from the University of Edinburgh, Earl Frederick Guy comes to Dalhousie as lecturer in the department of English. He will conduct the classes usually taken by Professor C. L. Bennet, who is in New Zealand on a year's leave of absence. While at Dalhousie Dr. Guy was awarded the Joseph Howe prize, the Wing Club scholarship, the Archibald MacMechan scholarship and the I.O.D.E. post graduate overseas scholarship, as well as attaining his degree with high honours.

Dr. Nordau R. Goodman, who comes to Dalhousie as Associate Professor of Geology, is another former student. A member of the class of 1940, he received his B.Sc. with high honours in Geology. After serving with the Canadian Army from 1942-1945 Dr. Goodman acquired his Master's degree in 1946. Chosen as the Rhodes Scholar in that year, he later received a Ph.D. in mineralogy at Oxford. Prior to accepting his new position here, Dr. Goodman taught at Exeter College, Oxford.

Faculty of Law
 Lorne Otis Clarke, B.A., LL.B., has joined the full time staff as Assistant Professor of Law. He won the Canada Permanent Mortgage Prize upon graduating from Dalhousie and was also awarded the James DeMille Essay Prize for a paper on Jurisprudence.

The Rt. Hon. J. L. Ilsley, P.C., LL.D., Chief Justice of Nova Scotia. He was lecturing Part Time on taxation and is now a lecturer on Legal Ethics. He is succeeded in income taxation by Frank Covert, D.F.C., Q.C., B.A., LL.B., who graduated in Law in 1929. He is a member of the firm of Stewart, Smith, McKeen, Covert, Rogers, Sperry and Cowan.

W. R. Lederman, another Rhodes Scholar and Army veteran, who has been a member of the Law Faculty since 1949, has been appointed to the Sir James Dunn, Bart., Chair of Law as its first occupant. This Chair is a gift of the Algoma Steel Corporation.

A former student of Dalhousie, who received his LL.B. in 1936, Mr. Meagher has accepted the position of Professor of Nova Scotia professor of Law. Prior to this appointment, he had practised with the firm of Burchell, Smith, Jost, Meagher and Burchell.

Faculty of Medicine.
 Kenneth F. Gregory, B.Sc. (U. B. C.), M.Sc., Ph.D. (Wisconsin), has been appointed Assistant Professor of Bacteriology. A native of Calgary, Dr. Gregory was engaged

in Research work and teaching at the University of Wisconsin previous to his appointment at Dalhousie.

L. B. MacPherson, M.B.E., B.Sc. (Acadia), Ph.D. (Toronto), has been appointed Assistant Professor of Biochemistry. Dr. MacPherson is a native of Annapolis Royal. While engaged in graduate studies at Toronto he worked under the famous Sir Frederick Banting. He served with the Canadian Army in World War II, and spent six years overseas working in chemical warfare and technical intelligence. He was commanding officer of the No. 1 Canadian Chemical Warfare Lab. from 1940-45. For his distinguished war service record, he was created a Member Order of the British Empire.

Nicholas Nemethy, M.D., has been appointed Assistant Professor of Microanatomy. He studied at the University of Durechan in Hungary, where he took his degree. Dr. Nemethy is an accomplished linguist, and is the author of nearly a dozen Research Publications.

A registered nurse, who received her Science degree at Dalhousie, Miss Jean Church, is our new assistant director of the School of Nursing. A native of New Glasgow, she was graduated from the Royal Victoria Hospital School of Nursing and took a post graduate course at McGill. Miss Church succeeds Mrs. M. E. Pennington, who is serving as adviser to the Turkish government with the World Health Organization.

Student Christian Movement

The Student Christian Movement is a campus organization that carries on a program of study and discussion, worship and recreation. It is composed of students from all denominations, united by their desire to study the Christian faith. Students who are not sure of their beliefs are especially invited to take part in its program.

STUDY: Bible Study groups are basic in the S.C.M. program. Emphasis is placed on the study of the teaching of Jesus. This has been the most rewarding and significant activity for those students who have taken part in past years.

DISCUSSION: Do you believe in God? If you do, what difference does this belief make in your life? In discussion groups, students with senior resource leaders attempt to thrash out the problems of faith and modern living.

WORSHIP: Each Thursday noon, beginning October 9, there will be a university Chapel service in the Arts Building Chapel (on the first floor, to the right of the main entrance). There will be a special speaker at each meeting, drawn

from the faculty, city clergy, and special visitors. President Kerr will be the speaker at the opening service.

RECREATION: There will be announcements concerning coffee hours, sometimes Sunday afternoons, sometimes evenings, through the week.

These are social meetings for talk and discussion, and always coffee. Occasionally interesting guests will be called in to speak to these meetings.

FALL CAMP: Over the Thanksgiving weekend, the S.C.M. will hold a Fall Camp. Plans are not complete as yet, but it will be held at a place within easy reach of Halifax. The cost will be not more than five dollars. There will be a good program of discussion and recreation.

OFFICE: The S.C.M. office is in Room 6 in the Men's Residence, and if you are interested in these groups, call in at the office. Watch for signs announcing the meetings. All students are invited to attend.

Mademoiselle Contest Announced

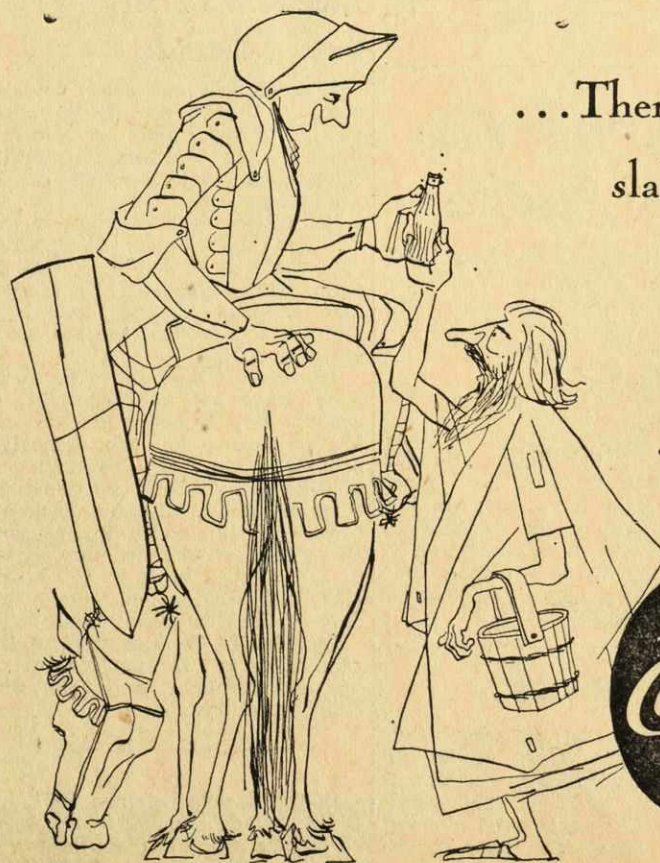

The Editors of the monthly fashion magazine, Mademoiselle, have announced a contest of interest to all co-eds.

If you are an undergraduate in an accredited college, you are eligible. You must be available for work in New York the whole month of June, 1953. Your job will be putting out Mademoiselle's August 1953 college issue—meeting successful people and learning how a magazine works. Transportation to and from will be paid for, and you'll receive a salary.

All you have to do is write a 1,500-word criticism of Mlle's August 1952 College issue. First give a general discussion of the issue.

Then select the field that interests you most to criticize in detail. On a separate page list your name, class year, college and home addresses, major and minor, extra-curricular activities and summer jobs.

All entries must be typewritten and postmarked no later than November 30, 1952. Send entries to College Board Editor, Mademoiselle 75 Madison Avenue, New York 22, New York.

 Including Federal Sales and Excise Taxes

Seein's Believin'

This is a critical column. You the reader will be the subject and object of the criticism contained herein, both as individuals and en masse. Any criticism penned will necessarily be either constructive or destructive, depending on the spirit in which it's received by the recipient.

Why so, this column? It has been brought to the attention of the staff of your Gazette that certain events and conditions exist on the campus which should be brought to light. By this is meant that grunts and grumbles of disapproval voiced by unorganized groups in impersonal locales too often go unheard. The same idea applies to the grunts of approval. Perhaps because of our Parliamentary methods of meeting and organizing and our unfamiliarity with such proceedings, the mass is usually ham-strung by the few. In order for the leaders of the campus to do what's right by those that they lead, the mass MUST be heard.

Via the medium of this column then, unhampered by an atmosphere of "meeting", will these afterthoughts and observations appear. As the year progresses, a certain phase of campus activity will be bisected each week and its innards exposed. No smell, all's well; some smell, do tell! A representative will be present at all campus functions possible, and to supplement this, any pertinent observations on exclusive functions are welcomed. Any comment, NO smut, will be considered, and if libellous, re-phrased. Should the submitter wish his or her name published, this must be stated, otherwise the Gazette will claim credit for any material adopted.

Sounds and is simple. Remember that the surest way to cut apathy and build spirit is to create interest. Many of you are interested or at least concerned, singly, but most of you are apathetic as a group. Use this means, then, to voice your opinion at least; failing this, be honest enough to inform The Gazette as to whether you agree or disagree with its observations. It's in your interest, if not solicited at least aroused, that this column was created.

ATTENTION FROSH! Your Campus Activities

Students' Council

Headed by George "Buzz" Kerr, a third year law student, the Student's Council consists of 18 members elected from the various faculties and organizations on the campus. All student organizations are centered around this group, as nothing takes place without their sanction.

The body is elected early in March of each academic year and they, the members begin their new

duties when the Fall term commences.

Each year the Council collects a fee of \$13.00 from each student. This money is used to finance different organizations on the Campus, such as the Glee Club, the Athletic Clubs and The Gazette.

The Council Card which is given to each student when he pays this fee admits him to all college functions that take place on the campus.

Pharos

The Year Book, officially known as Pharos, makes its annual appearance on the campus towards the end of March. Included in its pages is a resume of the year's activities. Largely pictorial, it also contains group pictures, portraits and biographies of the graduating class, and reports of the various campus organizations.

It is compulsory only for the Graduating Class to buy a copy of Pharos, other students may sign for one if they wish. A tender for the year book has been issued and all those interested are asked to send their applications to the Student Council Office by Oct.

I. S. S.

The International Student Service is found on many University Campi across Canada. Its main purpose is to foster International Student Solidarity, to promote an interest in International Affairs and to provide material assistance to students suffering severe hardships in all parts of the world. A campaign for funds is held each year for this purpose. Lectures, discussions and national meetings are held to study International Problems. An International Seminar is held in Europe each summer. This year, the delegates to the Seminar from Dalhousie were Sally Roper and Nancy Creighton, whose return speeches should prove very interesting. The new President of I.S.S. is Barbara Davison, and Professor J. A. Doull acts as Faculty Supervisor.

Delta Gamma

Delta Gamma supervises all the Women's Activities on the Campus and is the general organization to which all women students automatically belong. Delta Gamma sponsors all inter-faculty Debating and intercollegiate debating for which the trials are held early in the year. Each year it also enters a play in the Connelly Shield Competition. This year Delta Gamma will continue its Big Sister program which was inaugurated last Fall under the sponsorship of the Student's Council.

Delta Gamma also looks after the various social functions such as an open house at Sherriff Hall, and Co-Ed week, which features the Sadie Hawkins Dance. This year the President of Delta Gamma is Gretchen Hewatt.

D. A. A. C.

Men's sport activities at the University are supervised by the Dalhousie Amateur Athletic Club, of which every male student is automatically a member. The managing committee of the D.A.A.C. appoints managers and coaches in the various leagues. Mr. Keith King is the Physical Director.

D.A.A.C. has teams in all the Senior city leagues. Students interested in playing a major sport should contact the team manager. There are also inter-faculty leagues organized in all major sports, thus giving the less skilled players an opportunity to participate.

WALLACE BUILDING

GRANVILLE AT BLOWERS HALIFAX

Fac. Societies

The various faculties each have their own society. There is the Law Society, the Med. Society, the Engineering Society, the Pharmacy Society, the Arts & Science Society, and the Dental Society. These Societies hold regular meetings and sponsor various dances and other campus activities through the year. Each of these societies elect a representative to the Students' Council.

Sodales

Sodales is the organization for all men's debating activities. An inter-faculty debating league is conducted annually with the Bennet Shield going to the winning team. Sodales also holds membership in the Maritime Intercollegiate Debating League and sponsors teams in debating with other Universities.

Students who wish to develop or improve their ability in public speaking are urged to take part in the activities of Sodales.

Religious Org.

There are four student religious organizations connected with Dalhousie. They are the Canterbury Club, the Newman Club, the S.C.M., of Students' Christian Movements, and the Inter-Varsity Christian Fellowship Movement. The Canterbury Club is for all Anglican students on the campus and meets regularly in the Cathedral Barracks of All Saints Cathedral. The Newman Club is for all Roman Catholic students at Dalhousie and the Nova Scotia Technical College.

Gazette

The Dalhousie Gazette is the oldest American College publication and this year will celebrate its 85th year of publication.

Two editions are published weekly and are available to all students on Tuesdays and Fridays. All matters of interest in News Features and Sports are published in the paper.

An Editor-in-Chief is appointed by the Students' Council, who in turn appoints news, features and sports editors. The Gazette is published by and for the students of Dalhousie University, and to function with maximum efficiency it must have students who are willing and interested in the work of bringing a complete edition to the Press. Position on the staff are open to all energetic students, and particularly to those looking forward to a career in newspaper work. No previous experience is necessary.

The National Federation of Canadian University Students was founded to promote a greater degree of co-operation between all Canadian Universities.

Publicity

The Publicity Committee is the hard-working and energetic group who keep the Public abreast of the various social and sport activities around Dal. They paint the various posters and notices that appear around the campus and keep us well informed on all forthcoming activities of the different societies. The Publicity Office is located in the Men's Residence. No President has been chosen as yet for this society.

D. G. D. S.

The D.G.D.S. is officially known as the Dalhousie Glee and Dramatic Society, unofficially as the Glee Club. The fame of the productions of this organization have spread far beyond the walls of the college proper, and each year its three productions are open to the public for several performances. The Glee Club is always willing to receive new blood and all aspiring Frosh will be speedily welcomed to its ranks.

Ralph Carson is the president of D.G.D.S. for this year.

Rink Committee

The Rink Committee, familiarly known as the Rink Rats, was formed three years ago, when it was decided that the students should assist in raising money in aid of the Dalhousie Memorial Rink. They are an enthusiastic and energetic group and their activities are varied. They sponsor anything and everything.

Personnel Services

This agency is officially known as the Students' Employment Agency and is administered under the supervision of the Students' Council. Its purpose is to find both part-time and permanent employment for the students. The agency has been growing steadily in scope and efficiency, and, during the past few summers, employment was provided for hundreds of students.

Girls' Sports Roundup

The D.G.A.C. sets forth a varied and interesting program of sports for the girls during the college year.

At the beginning of the fall season ground hockey is the main sport. The girls start practices almost immediately in order to be ready to play against their competition in the Nova Scotia Intercollegiate Championships. This championship was won by the Dal girls last year.

Dalhousie usually sends a tennis team to compete in the Intelcollegiate Tennis Tournament. A tournament is played amongst the Dal girls and as a result of this four girls are chosen to play on the Dal team; one for singles, two for ladies' doubles and one for mixed doubles.

Basketball practices for the girls get under way early in November. Two teams are made up; an "A" team and a "B" team. These teams are entered in the Halifax City Basketball League. The Varsity team is entered in the Provincial Intercollegiate Basketball League which Dal won last year.

Badminton is played on D.G.A.C. nights and can also be played Monday and Wednesday nights in the gym. A team is chosen in January as a result of the Dalhousie Badminton Tournament. Four girls are chosen, along with four boys, and these are sent to the Intercollegiate Badminton Tournament.

Ice hockey, another very popular sport with the girls, has come to have quite an important position in the Dal girls' sports, with the coming of the new rink. Practises are held three times a week. In February a round robin tournament is held with Acadia and Mount A. During the season games are also played with teams from the Maritime Tel. and Tel.

Swimming practises are held throughout the college year with a view to entering a team in the M.I.A.U. Swimming Meet. The Dalhousie Girls had a most successful year last year under the capable coaching of "Tryp" Trypanier of Stadacona.

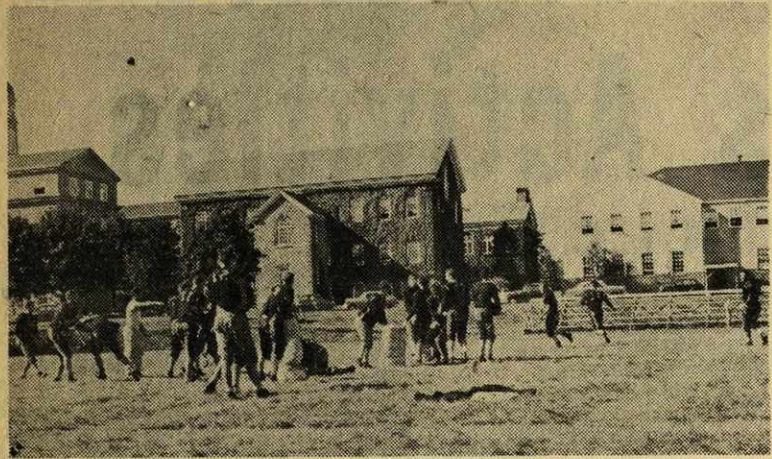

Under Miss Florence Rowley the Dalhousie Girls Athletic Club had a most successful year last year and it looks forward to the same this year under this excellent coach.

What Has THE COTC to Offer You?

1. In time of need to qualify for a commission in the Canadian Army — either as Active or Reserve.
2. Two or three summers of four months training each at full pay (\$170.00 per month) plus board, lodging, clothing and transportation.
3. A training that will fit with your education, whether general, technical or professional and as well develop a healthy body, an alert mind and leadership qualities.
4. The chance to meet students from twenty-four other universities from Newfoundland to British Columbia.
- * * *
5. Applications are particularly invited from first and second year Engineers, first and second years Arts, Science and Commerce — first year Law, Medicine, Dentistry and Pharmacy.
6. There is a quota, so please apply early.

Come and talk it over with the Resident Staff Officer—Major G. T. Kirk, B.A.Sc.
at the COTC Office in the Dal Gym, or phone 3-6954.

ATHLETICS POLICY ALTERED

SCENES LIKE THIS will be a familiar sight at Studley field throughout the remainder of the Canadian Football season. So far Dal has not engaged any other teams but they will show their stuff this Saturday when they take on the league-leading Stadacona team, undefeated in three games.

Canadian Football Schedule

- Sept. 12—Shearwater vs Stadacona at Dartmouth
- Sept. 20—Shearwater at Dartmouth
- Sept. 27—Dartmouth vs Stadacona at Dalhousie

Special Short Courses In Off-Season Sports Will Be Started October 6

A change of emphasis in this year's program is planned by the University's Department of Physical Education. This is something of importance to every student. About sixty per cent of the classes offered will be devoted to "carry-over" sports, i.e. to games which you can enjoy after you graduate, rather than team games.

The object is to give instruction which will enable students to derive more benefit and enjoyment from interfaculty sports and carry-over activities.

Special short term course, all four weeks in duration, will be available in such games as badminton, tennis and handball, etc., and the times for these courses will be arranged to suit the needs of the majority.

If you are interested in any it is important that you register at the Physical Education Office in the Gymnasium by 12 noon, Friday, October 3. This is necessary to enable the directors to prepare

their schedules. A notice will be posted on October 4, showing when the courses will be offered.

A list of proposed courses appears in the following announcement from the Physical Education Department. And if the demand for a sport or activity not already listed is sufficiently great, the physical education directors will consider offering that course.

This year the Department of Physical Education offers what may well be your last chance to benefit from free profession instruction in these activities. It is a golden opportunity.

Here is the official announcement:

This year the Physical Education Department is offering as a service to all University students a series of short term instructional sports courses in an attempt to interest a few more individuals in carry-over sports and recreational activities. The following is a list of the courses that are to be offered throughout the year.

Course No.	Course Title	Min. Number Per Course	Hours	Credit
PE 3	Tennis I	4		12
PE 5	Touch Football	24		12
PE 7	Badminton I	4		12
PE 8	Badminton II	4		12
PE 9	Gymnastics I	6		8
PE 10	Gymnastics	6		8
PE 12	Folk and Square Dancing	8		12
PE 13	Figure Skating I	6		8
PE 14	Handball I	4		8
PE 15	Handball II	4		8
PE 16	Basketball I	10		12
PE 17	Volleyball I	12		12

Policies Covering Courses

Four courses or a total of 32-48 credit hours will satisfy the University requirement for Physical Education.

Those participating in Intercollegiate athletics, varsity or junior varsity, will receive credit for one 10-12 hour course at the discretion of the coach.

Those students participating in 60% of the scheduled interfac contests in a specific sport, will be given 10-12 hours credit. The

faculty manager is to be responsible. To receive credit in any course the registered student must attend 80% of the scheduled class meetings. (60% attendance with excused absences).

Uniforms will be as prescribed by the class instructor.

Marks will be given in accordance to University policy.

Course registration must be completed in the office of the Director of Physical Education before the scheduled classes begin. sible for keeping this record.

Dal Delegates Attend ISS Study Program In Europe

Nancy Creighton and Sally Roper were Dalhousie's delegates to the European Study Program sponsored this summer by the I.S.S.

Bound for Yugoslavia, the group which included Nancy sailed from Montreal on June 19. A letter from Stanley Frolach, leader of the group contained the following excerpts:

"In Zagreb (July 4-8 besides seeing the city the group visited the Ethnographic Museum, three churches, and was received by the Deputy Mayor of Zagreb, the president of Yugoslavia Academy of Science and the Central Committee of the Peoples' Youth of Yugoslavia for the Republic of Croatia. In all cases we were permitted to ask questions relating to their particular field of activity.

In Belgrade . . . we visited a new heavy machine tool factory . . . we were not too impressed with the working conditions, the organization of the factories, and the efficiency . . . We also met the State Economic Planners who gave us an insight into the economy of Yugoslavia, what has been done and what is being aimed at. Though Anton Lah (W.U.S.) for Yugoslavia is away we met the rest of the Executive of Yugoslavia Central Committee of their student organization. We discussed various questions pertaining to all phases of student life, education, W.U.S., I.U.S., etc. It seems that they are desirous of visiting — perhaps studying — in other countries but for lack of foreign currency cannot do so. The only way to get them into other countries is by a scheme of student exchange."

Sally Roper was in the group which, under the direction of Ralph Mosher, I.S.S. National Secretary for Canada arrived in the Netherlands in the middle of July. The group was guest of the Dutch W.U.S. Committee for the first two days in the Netherlands prior to registering for the University of Leiden Summer Session which was run from July 19 to August 6. The group then attended the Conference on Technical Assistance jointly sponsored by W.U.S. and UNESCO from August 6-15.

Ralph Mosher commented on the conference: "I am personally both satisfied and pleased at the composition, calibre and cooperation of the Canadian W.U.S. representation at Leiden. The summer course would appear both well-organized and effectively balanced; the national groups represented (circa 23) reflect ability and purpose . . . Group expenses since arrival at Rotterdam have been entirely negligible (God bless the Dutch Committee and their gratis accommodation and entertainment!)

These seminars and study programs are sponsored by I.S.S. (W.U.S.) in an effort to promote international understanding which will form a basis for mutual aid.

Dal students will have an opportunity shortly to learn more of this summer's program from this year's delegates.

COACH KEITH KING

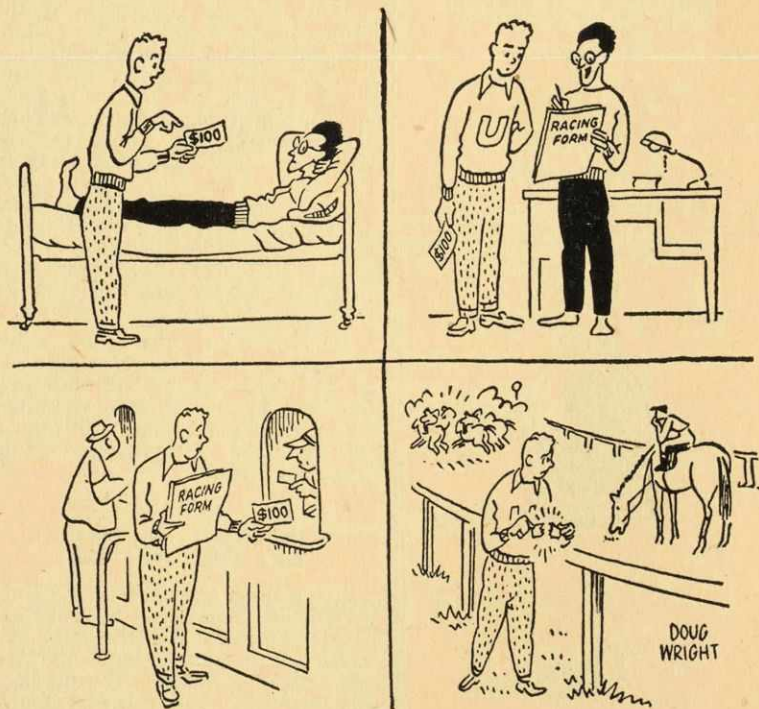

who has been putting the football team through their paces in preparation for the Tiger's opening game at Studley this coming Saturday.

NOTICE

Will secretaries of all student organizations be prepared to submit their budgets for 1952-53 at the first budget meeting of the Student Council, which will be held on Oct. 15.

The United States contains only 6½ per cent of the world's population of cars, yet 76 per cent of all the passenger cars in the world are owned there. In Ontario, 65 out of every 100 families now own a motor car.
