Ottawa
PREFACE.

Dec. 1878

WE introduce the third edition of the Manitoba Directory to the notice, and we hope favorable consideration, of our Patrons.

The present volume is a great improvement upon that of former years. We may say, for instance, that it contains a full and accurate description of every Town, Parish and Township in the Province. We have also added a vast amount of information that will prove to be very useful to the mercantile community. Our readers will, we believe, be glad to find a complete Calendar, specially prepared by Mr. James Stewart for the Manitoba Directory.

The Publishers trust they are justified in asking an extension and continuance of the liberal patronage already bestowed upon their enterprise.

THE MANITOBA DIRECTORY PUBLISHING CO.

Winnipeg, July, 1878.

EXPLANATION.

In order to give to our readers more facilities to understand the general distribution of matter in our Directory, we think proper to offer the following explanations:

The book is sub-divided into four principal parts, viz:—

1o. The Advertisers' Classified Business Directory.

2o. The Names of Professional and Business men and other inhabitants of the Province.

3o. A Miscellaneous Directory.

4o. Commercial Information.

The Advertisers' Classified Business Directory comprises the names of all our Advertisers, under the heading of their respective business.

The Names of Professional and Business men and other inhabitants of the Province are given according to the division of the Province into Electoral Divisions.

In the Miscellaneous Directory will be found a variety of general information, arranged in the following order:—

The Queen and Royal Family, with the Home Government. The Governor-General, the Privy Council, the members of the Senate and of the House of Commons, with the Departmental officers. The Lieutenant Governors, the Executive Councils, the members of Legislatures, and Departmental officers for Local Legislatures in the other Provinces first, and then in the Province of MANITOBA. The Courts of Justice, the Bar, the Commissioners to take Affidavits, the Justices of the Peace, the Registrars, the Coroners, the Licensed Commissioners, the Constables, the Pound Keepers, the Road Overseers, &c., in the Province. The Clergy of all denominations, Educational Institutions, Hospitals and Asylums. National, Literary, Philanthropic, Temperance and other Societies—Agricultural and Building Societies—Associations, Clubs, Companies, Banks, &c., &c. The Tariff of Customs, the Post Office Regulations, and much useful and practical information for all classes of the community.

The fourth part contains a large number of Tables and other information most useful to all Business Men.

The whole is accompanied with different Indexes indicating the part of the book sought for.

THE MANITOBA DIRECTORY PUBLISHING CO.

Winnipeg, July, 1878.

N.B.—The names in CAPITALS are those of Advertisers, who will alone derive the advantage of appearing in the Classified Business Directory.

CANADIAN PACIFIC HOTEL,
JOHN HAVERTY,
PROPRIETOR.

Corner of Main St. and Broadway,
WINNIPEG, MANITOBA.

This House has recently been finished and fitted up in first-class style, and is

NOW OPEN TO THE PUBLIC.

Its situation is the finest in the city, being

CLOSE TO THE STEAMBOAT LANDING,
and within easy distance of the principal business houses.

Particular attention paid to commercial men and tourists, and

SATISFACTION GUARANTEED,

Both as to Price and Accommodation.

COPY

Of Official Report of Award to DOMINION ORGAN COMPANY,
Bowmanville, for Organs exhibited at the Centennial Exhi-
tion, Philadelphia, 1876.

INTERNATIONAL EXHIBITION. (No. 235.)

PHILADELPHIA, 1876.

The United States Centennial Commission has examined the report of the Judges, and accepted the following reasons, and decreed an award in conformity therewith.

PHILADELPHIA, December 5th, 1876.

REPORT ON AWARDS.

Product, Reed Organs. Name and address of Exhibitor, DOMINION ORGAN CO.,
Bowmanville, Canada.

The undersigned, having examined the product herein described, respectfully recommend the same to the United States Centennial Commission for award, for the following reasons, viz :

" Because they have produced in their instruments a pure and satisfying tone, by their method of voicing, and have a simple and efficient stop-action, with satisfying musical combinations, an elastic touch, and good general workmanship - "

H. K. OLIVER,
Signature of the Judge,

APPROVAL OF GROUP JUDGES.

J. SCHIEDMAYER.
E. LEVASSEUR.
ED. FAVRE PERRET.
GEO. F. BRISTOW.
P. F. KUPKA.

WILLIAM THOMSON.
JAMES C. WATSON.
JOSEPH HENRY.
J. E. HILGARD.
F. A. P. BARNARD.

A true copy of the record.

FRANCIS A. WALKER,
Chief of the Bureau of Awards.

Given by authority of the United States Centennial Commission.

A. T. GOSBORN, *Director-General.*
J. L. CAMPBELL, *Secretary.* J. E. HAWLEY, *President.*

VALLECO'S HERBAL SOLVENT. A GREAT DISCOVERY.

Sig. VALLECO, a peasant of Italy, who was for many years a sufferer from a chronic disorder inherited from his parents, discovered in a most singular manner a most wonderful remedy in an Italian plant, always considered harmless, but never used medically, until, by accident, he took a strong decoction of it that had been prepared by his little son for amusement.

It had such a wonderful effect on him that he was induced to make further trial, when, to his astonishment, his pains and aches left him, and he was fully restored to health. He administered it to others for various diseases with like success. In all the cases the cures were so rapid and successful as to astound the most skilled physicians, who had failed in their treatment, and hardly a disease could be named in which it had not proved efficacious.

Sig. VALLECO became the **LION OF MODENA**. Princes, Nobles and the learned of the kingdom flocked to see the "Peasant Doctor," and he became famed in the wonderful cures he effected with his secret remedy through Piedmont and Lombardy and even Venice and Parma. Of the virtues of this great remedy too much cannot be said. Its effects are truly miraculous. It promptly relieves and cures

THROAT AND LUNG DISEASES, HIP AND SPINAL DISORDERS,

Diseases of the Kidneys and Bladder,

Female Complaints of all kinds, Scrofula, Salt Rheum, Habitual Costiveness,

Rheumatic Affections, Syphilitic Eruptions,

And all Morbid Diseases of the Blood, Bilious Disorders, Dyspepsia,

Liver Complaint, Nervous Debility, Weakness, Fever and Ague, Inflamed Eyes,

Chronic Catarrh, Head Troubles and General Prostrations.

It tones up the Nervous system, Increases the Circulation, Regulates the Secretions, and Aids Digestion. And as a Tonic Restorative is unequalled This wonderful remedy is known as

Sig. Valleco's Herbal Solvent.

PRICE, \$1.25 PER BOTTLE.

Station D, New York.

AGENTS WANTED.

BRYAN'S ELECTRIC BELT.

(PATENTED.)

Medicines are no longer necessary to cure diseases. **BRYAN'S ELECTRIC BELTS** act by the heat and moisture of the body, and are worn without trouble or inconvenience. They are a positive cure for **NERVOUS DEBILITY, RHEUMATISM, NEURALGIA, PARALYSIS, IMPOTENCY** and **SEMINAL WEAKNESS**, and will cure sooner than any other treatment.

They encircle the body with a Magnetic and Electric influence that revives the waning forces, impart New Life and Strength to the nervous system, promote digestion and assimilation, and overcome Debility.

When disease enters the system, "the Electric condition is lowered," and when "Electricity is supplied artificially it is soon restored to its natural equilibrium." Bryan's Electric Belts give out just sufficient Electric force to overcome disease, and from which no possible injury can arise.

BEWARE OF FRAUDULENT IMITATIONS.

None are Genuine unless bearing our Trade-Mark and Signature of

J. BRYAN, M.D.

Some of the most eminent Physicians of New York City testify as to their value.

The Price of our Standard Belt, adapted to the most prevailing diseases, is

TEN DOLLARS.

Sent by Mail or Express on receipt of money.

E. Kimball says:

"I suffered from nervous debility and kidney disease. I procured one of your Belts, and by its use I am a well man this day."

Joseph Saunders says:

"My disease, nervous debility, and all its horrors, unfitted me for business, society, or domestic life. Your Belt has proved a sovereign balm and effected a perfect cure."

J. D. Morgan says:

"I was attacked with Paralysis in my left side and was unconscious for over two weeks. Bryan's Electric Belt completely cured me."

Send for Illustrated Pamphlet. Address,

H. M. MALOY,

No. 147 East Fifteenth Street, New York City.

PROVINCE OF MANITOBA.

MANITOBA, lying between the parallels of 49° and 50.2' of north latitude, and 96° and 99° of west longitude, occupies nearly the actual centre of the North American continent, and also lies midway between the Atlantic and Pacific Oceans.

The name *Manitoba*, taken from a large lake, a part of which lies in the Province, is a contraction made by the old French Canadian *voyageurs*, of the Cree word, *Manito-waban*, *Manito* signifies *supernatural divine spirit*, and *waban* means a *strait*. As the waters of a strait in that lake are agitated in an unusual way the Indians believed formerly there was therein something supernatural, a spirit that moved them, and so they called the lake *Manitowaban*.

The present area of the Province by system of survey, and exclusive of road allowances, is 9,008,640 acres, deducting Hudson Bay Company's twentieth ownership, and school section reserves, in all 707,680, leaving available area of 8,300,960 acres (including Half-breed reserves now nearly all allotted) within the present boundary, which is rapidly filling up, and new and increasing settlements now forming 80 and 100 miles westward of the present Province line.

Manitoba entered the Confederation, and was created a Province of the Dominion in July, 1870.

The population at the first census, taken in December following, was 11,965, divided as follows:—

French Half-breeds.....	5,694
English "	4,076
Whites.....	1,614
Indians (Christian).....	581

At the present time the population may be roughly estimated at forty thousand.

The form of Government is similar to that of the other Provinces of the Dominion, but the Legislative Council being abolished by Act of the Legislature, the Legislature consists only of a Legislative Assembly of twenty-four members, representing twenty-four constituencies.

The Executive consists of the Lieutenant-Governor, a Provincial Secretary, acting also as Attorney-General, a Provincial Treasurer, Minister of Public Works, and Minister of Agriculture, who is also President of the Council.

A liberal Homestead Law is in force in Manitoba, which exempts from seizure the debtor's ordinary furniture, tools and farm implements in use, also "one cow, two oxen, one horse, four sheep, two pigs, and the food for the same for thirty days," and "the land cultivated by the debtor, provided the extent of the same be not more than *one hundred and sixty acres*, in which case the surplus may be sold with privileges to first mortgages. The house, stables, barns, fences on the debtor's farm, are, by this act, declared free from seizure, by virtue of all writs of execution issued by any court of this Province." No limit is placed on the value of the farm or home thus secured to the family, whatever its value may become. It may be safely asserted that this law will greatly advance immigration to this Province, and prove a blessing to thousands of worthy and honest men, women and children for every *one* unworthy shielded by its provisions.

The Red River rises in Minnesota, in the United States, close to the sources of the Mississippi, and enters British Territory at the Boundary line of Manitoba, about 120 miles from its mouth, where it discharges into Lake Winnipeg.

The commercial importance of the position of Manitoba and its capital as the *gateway of the North-West* can hardly be over estimated, and, with the early prospect of direct communication with the Railway system of the continent, will rapidly increase in the development of the vast fertile country westward which is already commanding the attention of the world, and which must henceforth advance, until the Atlantic and Pacific are united through British Territory in a living chain of populous loyal Provinces.

This is but the outline, faintly limned upon the canvas, of the empire, into which is to be wrought the glory and the grace of all historic civilization.

This region 150 years ago was the seat of a lucrative traffic in furs, by the French, who continued there alone until 1767, when the first English traders visited it, and soon several rival companies were in operation.

These finally dwindled into the famous North-west Company, which in its turn was absorbed by the Hudson Bay Company. In 1811 this Company, holding their charter from Charles the Second, set up a claim of exclusive jurisdiction, and in 1812 they established a Fort on the Red River, and, having sold a tract of land to the Hon. Thomas Douglas, Earl of Selkirk, on both sides of the Assiniboine and of the Red Rivers, His Lordship planted there in the same year a colony known by the name of Selkirk Settlement, Red River Settlement, or, also Assiniboia.

In 1836 the Hudson Bay Company re-purchased from the heirs of Lord Sel-

kirk the same tract of land, and continued to exercise authority over that portion of Rupert's Land by the Governor and Council of Assiniboia, which, in course of time, especially after the settlers had declared independence of trade in 1849, formed a rather independent administration for the local affairs in the Colony, the limits of which extended but fifty miles around Fort Garry.

In February, 1868, the settlers, numbering between 400 and 500, living outside of the jurisdiction of Assiniboia, at the settlement of Portage la Prairie, organized a system of government for mutual protection, known as the "Council of Manitoba," *under the authority of Her Majesty's Imperial Government*, to exercise a limited jurisdiction, "the people of Manitoba voluntarily submitting themselves to Rules and Regulations which they may agree to observe for the *greater protection and improvement of the Territory.*"

It is those colonies of Assiniboia and Manitoba that now form the new Province named after the latter.

Since the establishment of the Dominion Customs, in 1870, the revenue accruing to the Government of Canada at the present time from duties collected at Winnipeg custom house, exceeds the entire subsidy paid to the Province.

The soil of Manitoba, which is mostly prairie, and covered with grass, is a deep alluvial deposit of unsurpassed richness. It produces bountiful crops of cereals, grasses, roots and vegetables. So rich and inexhaustible is the soil that wheat has been cropped off the same place for fifty years without manure, and without showing signs of exhaustion. It is especially a wheat-growing soil, and is believed to contain the most favorable conditions for the growth of this grain on the conti-

ment. Pumpkins, all sorts grow to of excellent quality. Potatoes (red and black) cherries, blueberries, raspberries (both bush and in abundance.

The same remarks apply to the wild fruits which grow wild in the country, which are particularly fine of all sorts. Corn in Manitoba and drives off a great loss of weight. The woods along the streams grow in great abundance the fine qualities of the timber that Province have.

The climate of the Province is of decided conditions of decided decided cold in winter, and the snow stays away and ploughing is about the same as in the older Provinces of the United States on the north and the North West and Wisconsin. The weather in August and September is sunny days of summer, all sorts of rapid maturing crops, warm and the nights begin about the 20th of August till November, when the weather is in. The winter months of December and March. Spring and summer months are July, August, and September. In winter the thermometer falls forty degrees below zero of cold in the dry atmosphere. The West does not produce sensations. The weather is colder than that in the North West, nor so cold as in the States where the frost

 crops of cereals,
 tables. So rich
 soil that wheat
 e same place for
 are, and without
 ion. It is espe-
 , and is believed
 rable conditions
 in on the conti-

ment. Pumpkins, potatoes and roots of
 all sorts grow to a very large size, and
 of excellent quality. Strawberries, cur-
 rants (red and black), raspberries, plums,
 cherries, blueberries, whortleberries, cran-
 berries (both bush and marsh) grow wild
 and in abundance. Flax is very luxuriant.
 The same remark may be made of hops,
 which grow wild. The wild grasses of
 the country, which are very nutritious,
 are particularly favorable for stock-rais-
 ing of all sorts. Cattle can be fattened in
 Manitoba and driven to St. Paul without
 loss of weight. There are large tracts of
 woods along the streams. The beet-root
 grows in great abundance, but the saccha-
 rine qualities of the sugar beet grown in
 that Province have not yet been tested.

The climate of the Province gives con-
 ditions of decided heat in summer and
 decided cold in winter. The snow goes
 away and ploughing begins in April,
 which is about the same time as in the
 older Provinces of Canada, the Northern
 United States on the Atlantic Seaboard,
 and the North Western States, Minnesota
 and Wisconsin. The crops are harvested
 in August and September. The long
 sunny days of summer bring vegetation of
 all sorts to rapid maturity. The days are
 warm and the nights cool. Autumn be-
 gins about the 20th September, and lasts
 till November, when the regular frost sets
 in. The winter proper comprises the
 months of December, January, February
 and March. Spring comes in April. The
 summer months are part of May, June,
 July, August, and part of September. In
 winter the thermometer sinks to thirty and
 forty degrees below zero; but this degree
 of cold in the dry atmosphere of the North
 West does not produce any unpleasant
 sensations. The weather is not felt to be
 colder than that in the Province of Que-
 bec, nor so cold as milder winters in cli-
 mates where the frost, or even a less degree

of cold than frost, is accompanied with
 dampness. In times of wind storms, how-
 ever, the cold is found to be specially
 searching. The testimony of settlers is
 universal as to the fact that the winter is,
 on the whole, both pleasant and healthy;
 and former residents of both Ontario and
 Quebec state that they like it quite as well
 as that of those provinces.

Snow does not fall on the prairies to an
 average greater depth than eighteen inches,
 and horses graze out of doors all winter.
 They scratch the snow off the prairie grass
 and grow fat upon it. Horned cattle
 graze out of doors part of the winter, but in
 some states of the weather they require to
 be brought in. Instances are, however,
 stated in which horned cattle have grazed
 out all winter.

Heat and humidity are the two chief
 elements of climate, and these two divisions
 of the North West, the prairie and wooded,
 have high summer temperatures and heavy
 summer rains. South of the parallel of
 Manitoba lie the regions of summer
 droughts and great heat—producing the
 immense deserts over the western territo-
 ries of the United States. The abun-
 dance of rain in British America, with
 summer temperatures sufficient to mature
 all the great staples of the temperate zones,
 makes it a good agricultural country.
 The absence of summer rains, with high
 temperatures, leaves vast areas of the
 interior of the United States barren wastes,
 especially those parts of the country west-
 ward from the 100th meridian or west of
 the Missouri. The following table will
 serve for comparison between the summer
 temperatures of the Red River and the
 countries south:

	June.	July.	August.	Summer Mean.
Red River.....	69.10	71.16	63.03	67.76
Chicago.....	62.7	70.08	68.05	67.03
Iowa.....	66.4	70.05	68.09	68.06
Wisconsin.....	61.7	68.06	65.07	65.03
New York.....	64.2	68.05	66.07	66.05
Toronto.....	64.2	67.95	65	66.98

It will thus be seen that the summer is warmer than that of Northern Illinois, Western Wisconsin, Northern New York or Toronto. In relation to agriculture the intensity of winter cold is not injurious, but on the contrary it has advantages, and its effect upon physical comfort is mitigated, as above stated, by a clear, dry winter atmosphere.

In addition to the above-mentioned enumeration of products it may be more particularly stated that wheat is the special crop of Manitoba. It is not only that the yield per acre is very large, but the hard and flinty nature of the grain grown makes it particularly valuable for the manufacture of flour. Flour made from it commands a higher price than that made from wheat grown in more eastern and southern parts of the United States and Canada. Special efforts have been made to effect reasonable arrangements to transport wheat from Winnipeg to the Eastern markets; and in the autumn of 1877 a rate of freight was made of 40 cents per 100 lbs. from Winnipeg to Duluth,—that is about 24 cents per bushel. From that point it can be taken to Toronto by boat and rail for about 10 cents; or floated to Montreal for 10 or 12 cents. This fact shows that the export of wheat from Manitoba is practicable; and, taken in connection with the facility of production, it will probably soon reach very large proportions. Since the spring of 1878, an enormous quantity of grain has been exported to European markets, with a remarkable success.

As bearing on the particular advantages of Manitoba for the cultivation of wheat, the following analysis of a specimen of the alluvial soil from the prairie of the Province of Manitoba is given. It is by professor V. Emmerling, Director of the Chemical Laboratory of the Agricultural

Association of the University of Kiel, Holstein, Germany:—

(Translation of Letter to Senator Emil Klotz.)

KIEL, 29th April, 1872.

“HON. SENATOR:

“The analysis of the Manitoba soil is now completed, and the result is in 100,000 parts:—

Potash.....	228.7
Sodium.....	33.8
Phosphoric Acid.....	69.4
Lime.....	682.6
Magnesia.....	16.1
Nitrogen.....	486.1

“Yours truly,

(Signed), “V. EMMERLING.”

(Extract from Letter of Senator Emil Klotz to Jacob E. Klotz, Agent for the Dominion Government.)

“KIEL, 4th May, 1872.

“After considerable delay, I succeeded in obtaining the analysis of the Manitoba soil from Professor Emmerling, Director of the Chemical Laboratory of the Agricultural Association of this place, and hope it may be of service to you. Annexed I give you our analysis of the most productive soil in Holstein, whereby you will see how exceedingly rich the productive qualities of the Manitoba soil are, and which fully explains the fact that the land in Manitoba is so very fertile, even without manure.

“The chief nutrients are, first, nitrogen, then potash and phosphoric acid which predominates there; but what is of particular importance is the lime contained in the soil, whereby the nitrogen is set free, and ready to be absorbed in vegetable organisms. The latter property is defective in many soils, and when it is found defective recourse must be had to artificial means by putting lime or marl (a clay which contains much lime) upon the same.

“According to Manitoba soil, there is a farmer who desires to have a country with a productive soil and a good investment, no country in the Dominion offers more attractions than this.

The facts above stated sufficiently account for the popular experience of the remarkable production of wheat in the Province of Manitoba.

Oats, barley, rye, potatoes, etc., are less restricted in their range, growing five degrees beyond wheat in the Mackenzie River Valley to the Arctic Circle. Barley is a favorite alternate crop for wheat in Manitoba, and yields very large returns—with a weight per bushel of from 50 to 55 pounds. Oats also thrive well.

It has not yet been demonstrated by experiment whether fruit trees, such as apples, will flourish on the open prairie. But it appears from experience in Minnesota that they will in connection with shelter and forest tree planting. There is, however, no doubt that the hardier kinds of apple will do well in Manitoba. This has been sufficiently established.

Although flax and hemp succeed well in Manitoba, the want of markets has prevented their culture, except to a limited extent. Bees do well here, as in similar northern climates, the clear skies and rich flora being favorable for them. They live better through the long, cold, dry

winters, and consume less honey than in the milder and more humid winters of more southern latitudes.

The grasses grow rich and luxuriant for twelve hundred miles north of the southern boundary of Manitoba.

The quality of the beef and mutton raised has been pronounced of superior excellence. Among the peculiar advantages of Manitoba, for stock raising and wool-growing, the most prominent are: 1st. The richness and luxuriance of the native grasses; the grass is mainly cut on the swamps and meadows, which chequer the prairies or fringe the streams and lakes. 2nd. The great extent of unoccupied land, affording for many years to come a wide range of free pasturage. 3rd. The remarkable dryness and healthfulness of the winter. Wool grows heavier, and mutton, beef and pork are sweeter and more juicy. It is nearly forty years since the introduction of sheep into Red River, and no case of any disease attacking them has ever been known or heard of. Well-fed ewes produce fleeces from 2 to 3½ pounds. Wethers produce fleeces from 6 to 8 pounds, the wool being of a good quality.

It has been stated that the climate of Manitoba is pleasant and healthy. It may be added, the dryness of the air, the character of the soil, which retains no stagnant pools to send forth poisonous exhalations, and the almost total absence of fog or mist, the brilliancy of its sunlight, the pleasing succession of its seasons, all conspire to make Manitoba a climate of unrivalled salubrity, and the future home of a healthy, prosperous people, strong in physical, intellectual and moral capabilities. Fevers and consumptions are almost unknown, and diseases of an epidemical character have been never known to prevail.

The average fall of snow is about six inches per month. The snow falls in

small quantities at different times, and is rarely blown into drifts so as to impede travelling.

That the North West of British America is destined to become the granary of the continent is clear beyond all doubt. Nature has done her share, and done it well and generously; man's labor and industry are alone required to turn these broad, rolling prairies to good account. A drawback at present is remoteness from the older parts of Canada, but this will not last much longer. The Pembina Branch, connecting with the American railways, is now being completed, and a line of railway, connecting Manitoba with Ontario, is in course of being built; this will be finished in a year or two.

The Dominion Homestead law is of the most liberal character; every actual settler is entitled to enter one-quarter section of 160 acres as a Homestead, for which he receives a patent on proof of three years residence and cultivation.

He may at the same time enter by pre-emption, any adjacent quarter section, the patent for which will issue to him on payment of \$1 per acre, when he has completed his homestead duties, and he may enter a quarter section for forest tree cultivation and obtain a Tree Patent for it at the expiration of six years, on proof of having planted eight acres of trees for four years subsequent to the year of entry, or 32 acres in all.

Even more liberal terms than the above can be made with the approval of the Minister of the Interior in case of immigrants who come in communities, or under the auspices of societies, etc., etc.

The ordinary Dominion Lands are open for sale at the rate of one dollar per acre, payable in cash, scrip or military bounty warrants.

BOUNDARIES OF MANITOBA.

The actual boundaries of the Province of Manitoba are as follows, viz:—

Commencing at the intersection of the international boundary, or forty-ninth parallel of north latitude, by the westerly boundary of township number one in the twelfth range west of the principal meridian in Manitoba, thence due north, following the westerly boundaries respectively of townships one and two, to the intersection thereof by the southerly limit of the road allowance on the first correction line; thence due west along the latter to the intersection thereof by the westerly limit of township three in the aforesaid twelfth range west; thence due north, following the westerly limits respectively of townships three, four, five, and six in the said twelfth range, to the southerly limit of the road allowance on the second correction line; thence westerly upon the latter to the intersection thereof by the westerly limit of township seven in the aforesaid twelfth range; thence due north upon the westerly limit respectively of townships seven, eight, nine and ten, to the southerly limit of the road allowance on the third correction line; thence due west along the latter to the intersection thereof by the westerly limit of township eleven in the said twelfth range west of the principal meridian; thence due north along the westerly limit respectively of townships eleven, twelve, thirteen and fourteen, to the southerly limit of the road allowance on the fourth correction line; thence westerly along the latter to the intersection thereof by the westerly limit of township fifteen in the said twelfth range west of the principal meridian; thence due north along the westerly limit respectively of townships fifteen, sixteen and seventeen in the said twelfth range west, to the southerly limit of the road allowance, the northerly boundary of the said township number seventeen; thence due east, following the said southerly limit of road allowance between townships seventeen and eighteen in the system of Dominion Lands surveys (the said lines crossing Lakes Manitoba and Winnipeg) to the easterly boundary of township seventeen in the tenth range east of the principal meridian; thence due south along the easterly boundary respectively of townships seventeen, sixteen and fifteen, to the southerly limit of the road allowance on the fourth correction line; thence due west along the latter to its intersection by the easterly limit of township fourteen in the aforesaid tenth range east; thence due south

MARK THESE FACTS.

THE TESTIMONY OF THE WHOLE WORLD.

HOLLOWAY'S PILLS.

A CARD TO THE PUBLIC.

For many years we have made two medicines suited to the ailments of a vast class of sufferers. Thousands of cures have been made by them, and, in fact, the word failure could not be coupled with them. But within the last two years counterfeits of our medicines have sprung up, dangerous in their close imitation of our Trade Mark. To secure the people we have placed upon each genuine box of Holloway's Ointment the fac simile of the signature of our agent, Mr. Jos. Haydock. To counterfeit is felony. We shall relentlessly pursue any one who imitates this with the utmost rigor of the law. We most earnestly beg that the great mass of the American people will aid us in our efforts to protect their health, and help us in our task of bringing these most unprincipled men to the bar of justice. Uniformly refuse to purchase Medicines purporting to be ours unless Mr. Jos. Haydock's signature is attached to each box of Pills or pot of Ointment, and the end will soon be reached.

The public's obedient servants, HOLLOWAY & CO.

* * Sold at the manufactory of Professor Holloway & Co., New York, and by all respectable druggists and dealers in medicine throughout the civilized world, in boxes at 25 cents, 62 cents and \$1 each.

There is considerable saving by taking the larger sizes.

N.B.—Directions for the guidance of patients in every disorder are affixed to each box.

Office, 112 Liberty Street, New York, United States.

DIVISION OF MANITOBA INTO COUNTRIES,

Under the Act of Parliament, 40 Vict., Cap. III,
For judicial, municipal, registration and other purposes.

1. The Province of Manitoba shall be, as heretofore, divided into five counties which shall be named as at present: Selkirk, Provencher, Lisgar, Marquette East, and Marquette West, and such counties shall be composed of sub-divisions of county as hereinafter enacted, and shall be and exist as such counties for judicial, registration, and other purposes.

II. The County of Selkirk shall consist of and comprise the following sub-divisions of county, to wit:

a. The sub-division of Selkirk, consisting of townships 10, 11 and 12, ranges 1, 2, 3, 4, 5, 6, and 7, east, whole or fractional, including the Parishes of Headingley, St. Charles, St. James, St. Boniface, St. John, Kildonan and St. Paul, the City of Winnipeg and the Roman Catholic Church property.

b. And the sub-division of Laverendrye, consisting of townships 7, 8, 9, 10 and 11, ranges 8,

9 and 10, east, and those portions of said townships in range 11, which may be within the Province.

III. The County of Provencher shall consist of and comprise the following sub-divisions of county, to wit:

a. The sub-division of Provencher, consisting of townships 6, 7, 8 and 9, ranges 1, 2, 3 and 4, east, and townships 7, 8 and 9, ranges 5, 6 and 7, east, whole or fractional, and the Parishes of St. Vital, St. Norbert, and that part of the Parish of St. Agathe, north of the south line of lots 433 and 434 in said parish, also the Parish of Ste. Anne and Loretto.

b. The sub-division of Morris, consisting of townships 1, 2, 3, 4 and 5, ranges 1, 2, 3 and 4, east, whole or fractional, and townships 1, 2, 3, 4, 5 and 6, ranges 1 and 2, west, together with that part of the settlement belt between the International Boundary and the sub-division of Provencher, including also the Indian reserve near the mouth of the Roseau River.

c. And the sub-division of Arneau, consisting of townships 1, 2, 3, 4, 5 and 6, ranges 5, 6, 7, 8, 9 and 10, and those portions of said townships in range 11, which may be within the Province.

IV. The County of Lisgar shall consist of and comprise the following sub-divisions of county, to wit:

a. The sub-division of Lisgar, consisting of townships 13, 14, 15, 16 and 17, ranges 1, 2, 3, 4, 5, 6 and 7, east, whole or fractional, and the Parishes of St. Andrews, St. Clements and St. Peters, together with the Indian reserves of St. Peter and Brokenhead River.

b. And the sub-division of Plessis, consisting of townships 13, 14, 15, 16 and 17, ranges 8, 9, 10, and those portions of said townships in range 11, which may be within the Province.

V. The County of Marquette East shall consist of and comprise the following sub-divisions of county, to wit:

a. The sub-division of Marquette, consisting of townships 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, ranges 1, 2, 3 and 4, west, whole or fractional, and the Parishes of Baie St. Paul and St. François Xavier, together with the settlements of St. Laurent and Oak Point, and the fractional township 17, range 5, west.

b. And the sub-division of Dufferin, consisting of townships 1, 2, 3, 4, 5 and 6, ranges 3, 4, 5, 6, 7, 8, west.

VI. The County of Marquette West shall consist of and comprise the following sub-divisions of county, to wit:

MANITOBA DIRECTORY.

ELECTORAL DIVISION No. 1, OR WESTBOURNE,

MUNICIPAL COUNCIL OF WESTBOURNE,

ORGANISED IN 1878.

Thomas Cary, Reeve; Councillors: George McCrea; David McConnell; A. E. Smalley; Donald Ferguson; William McKelvey, and Thomas Collins; J. Mason, Clerk.

about six miles. Pine Creek, Squirrel Creek, Rat Creek, Big Grass River, etc., afford fine facilities for good water. Population about 700. Number of voters, 340.

Limits:—Electoral Division No. 1, or Westbourne, comprises Townships 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, Ranges 9, 10, 11, 12, west.

TOWNSHIP 8, RANGE IX, WEST,

Is well adapted for agricultural purposes, as the soil is excellent and the water good. The surface is level, and covered with hazel, briar and other scrub where not heavily timbered with poplar and oak. There are good hay lands along the River Aux Isles de Bois.

— Unsettled

TOWNSHIP 8, RANGE X, WEST.

The surface is rolling with deep ravines along the water courses. The soil is excellent, and there is plenty of good water. The timber (poplar) is scarce, and part of it has been killed by fire.

— Unsettled

TOWNSHIP 8, RANGE XI, WEST.

The River Assiniboine and Cypress River traverse the township. The former averaging about eight chains in width, and varying in depth from two to eight feet, the current in many places being very swift and in others gradual. The latter is about two chains wide, four feet deep, swift current affording some good mill sites. There is considerable quantity of oak, poplar, willows and scrub along the west side of the township which is stunted and valuable only for firewood. Along the Assiniboine it is of better quality, being larger. The soil is good excepting along the western side, where there are sand hills.

— Unsettled

TOWNSHIP 8, RANGE XII, WEST,

Is quite unfit for cultivation, with the exception of the valley of the Assiniboine, being com-

found on the sand hills.

TOWNSHIP 9, RANGE IX, WEST,

Is rolling land, timbered with small poplar, grey willow and thick underwood. The River Assiniboine traverses the centre of the township. The soil is of inferior quality, a sandy loam with clay subsoil.

— Unsettled

TOWNSHIP 9, RANGE X, WEST,

Consists of rolling land timbered with small grey willow and underwood, with numerous small muskegs and much windfall. The timber is small, and altogether the township presents few attractions to the settler either for agricultural or grazing purposes. The soil is a light sandy loam with clay subsoil. The River Assiniboine traverses the township.

— Unsettled

TOWNSHIP 9, RANGE XI, WEST.

The general features of this township are rolling sand hills with muskegs intervening, totally unfit for farming. The timber is unsuitable for manufacturing purposes.

— Unsettled

TOWNSHIP 9, RANGE XII, WEST,

Is unfit for agricultural purposes, being all sand hills and swamps intervening. The timber is useless for manufacturing purposes.

— Unsettled

TOWNSHIP 10, RANGE IX, WEST,

Is level, covered a few years ago with a fine growth of medium poplar, but now is a dense windfall grown up with all kinds of brush. The soil is a rich sandy loam.

— Unsettled

PART II.

MANITOBA DIRECTORY.

ELECTORAL DIVISION No. 1, OR WESTBOURNE,

is in the extreme north-west of the Province. It is traversed by White Mud River (Rivière Blanche,) a beautiful stream of pure water, but named White Mud by the old settlers from a kind of chalk or white clay, found in the vicinity of the lake, with which the natives were accustomed to plaster their houses. The river is well supplied with fish, and is navigable for lake steamers for about six miles. Pine Creek, Squirrel Creek, Rat Creek, Big Grass River, etc., afford fine facilities for good water. Population about 700. Number of voters, 340.

Limits:—Electoral Division No. 1, or Westbourne, comprises Townships 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, Ranges 9, 10, 11, 12, west.

TOWNSHIP 8, RANGE IX, WEST,

Is well adapted for agricultural purposes, as the soil is excellent and the water good. The surface is level, and covered with hazel, briar and other scrub where not heavily timbered with poplar and oak. There are good hay lands along the River Aux Iles de Bois.

— Unsettled

TOWNSHIP 8, RANGE X, WEST.

The surface is rolling with deep ravines along the water courses. The soil is excellent, and there is plenty of good water. The timber (poplar) is scarce, and part of it has been killed by fire.

— Unsettled

TOWNSHIP 8, RANGE XI, WEST.

The River Assiniboine and Cypress River traverse the township. The former averaging about eight chains in width, and varying in depth from two to eight feet, the current in many places being very swift and in others gradual. The latter is about two chains wide, four feet deep, swift current affording some good mill sites. There is considerable quantity of oak, poplar, willows and scrub along the west side of the township which is stunted and valuable only for firewood. Along the Assiniboine it is of better quality, being larger. The soil is good excepting along the western side, where there are sand hills.

— Unsettled

TOWNSHIP 8, RANGE XII, WEST,

Is quite unfit for cultivation, with the exception of the valley of the Assiniboine, being com-

posed of sand hills covered with poplar, spruce, elm and cottonwood. The timber in the valley is good, but the spruce which grows on the sand hills is worthless, being limbed down to the stump. The land in the valley of the Assiniboine is a very rich loam. There are some good mill sites on the Cypress River which flows through the south-east part of the township. There is no water to be found on the sand hills.

TOWNSHIP 9, RANGE IX, WEST,

Is rolling land, timbered with small poplar, grey willow and thick underwood. The River Assiniboine traverses the centre of the township. The soil is of inferior quality, a sandy loam with clay subsoil.

— Unsettled

TOWNSHIP 9, RANGE X, WEST,

Consists of rolling land timbered with small grey willow and underwood, with numerous small muskegs and much windfall. The timber is small, and altogether the township presents few attractions to the settler either for agricultural or grazing purposes. The soil is a light sandy loam with clay subsoil. The River Assiniboine traverses the township.

— Unsettled

TOWNSHIP 9, RANGE XI, WEST.

The general features of this township are rolling sand hills with muskegs intervening, totally unfit for farming. The timber is unsuitable for manufacturing purposes.

— Unsettled

TOWNSHIP 9, RANGE XII, WEST,

Is unfit for agricultural purposes, being all sand hills and swamps intervening. The timber is useless for manufacturing purposes.

— Unsettled

TOWNSHIP 10, RANGE IX, WEST,

Is level, covered a few years ago with a fine growth of medium poplar, but now is a dense windfall grown up with all kinds of brush. The soil is a rich sandy loam.

— Unsettled

TOWNSHIP 10, RANGE X, WEST.

The soil is sandy loam, with clay subsoil, which may be rated as third-class. The north-east portion is covered with small poplar and thick underwood of hazel and other bushes. The south-west portion is prairie, with a growth of brushwood.

TOWNSHIP 10, RANGE XI, WEST,

Composed of rolling sand hills with muskegs intervening. Unfit for cultivation. Timber worthless.

— Unsettled

TOWNSHIP 10, RANGE XII, WEST.

Unfit for cultivation, being all sandy hills and swamps intervening. Timber useless for manufacturing purposes.

— Unsettled

TOWNSHIP 11, RANGE IX, WEST.

The soil of this township being chiefly black clay loam, is well adapted for agricultural purposes. The surface is undulating, having a few small swamps, which, if drained, would produce good hay; it also contains several small streams. The remainder is covered with bush of small size, chiefly poplar and birch. A Half-breed reserve.

— Unsettled

TOWNSHIP 11, RANGE X, WEST,

Is on the whole well adapted for settlement. The land is only of second-class quality, but the facilities of wood and water counterbalance in a great measure this drawback. The main trail of the Saskatchewan runs through it. The surface is generally level with small ridges. In the south-west quarter the soil is especially abundant, and in some places of large growth. The water is good but hard, and is procurable in nearly every spot by sinking a moderate depth. There are no ledges of rock, but granite boulders may be seen here and there.

— Unsettled

TOWNSHIP 11, RANGE XI, WEST.

Consists for the most part of land unavailable for cultivation, being low and marshy. The south-east part is a vast swamp abounding with heavy poplar, elm, &c., some of which is two feet in diameter. A branch of White Mud River traverses this township. It is generally well timbered excepting in the north-eastern sections. The most desirable lands are in the vicinity of the Saskatchewan road which crosses the township.

— Unsettled

TOWNSHIP 11, RANGE XII, WEST.

An abundant supply of good water and suitable timber for building timber, as well as the quality of the soil in parts and its proximity to the great Saskatchewan trail, will all conduce

to the early settlement of the township. The best land is in the centre.

— Unsettled

TOWNSHIP 12, RANGE IX, WEST.

The greater part of this township is open, and a good deal prairie. In the southerly part of it there are a few poplar groves, but the timber is small in size, scarcely any of it being fit for building purposes. A good deal of it could be used for fencing. In the west there are many willows and thick bush. In this township there are a few good hay swamps. The soil, with the exception of that in a few sections, is very good, being chiefly black clay loam, and is well fitted for agriculture. Water can be easily obtained, except in the north-easterly part of the township, where it is necessary to dig for it. A Half-breed reserve.

— Unsettled

TOWNSHIP 12, RANGE X, WEST.

The land is only of second-class quality, but the facilities of wood counterbalance in a great measure this drawback. Situated south to Derry. The nearest post office is Wellington. Mail weekly.

Pogue James, farmer
Pogue Samuel, farmer
Pogue William, farmer

TOWNSHIP 12, RANGE XI, WEST,

Is composed principally of low table land abounding with marshes. That portion of the township to the east of White Mud Creek, which passes through it in a north-easterly direction, comprises for the most part the only desirable lands for cultivation. The northern half abounds with poplar and willow, the former at times in extensive groves and of considerable dimensions. Poplar clumps with scrub are found in the southern part of the township.

— Unsettled

TOWNSHIP 12, RANGE XII, WEST.

Almost the entire surface consists of low wet swamps, useless for settlement purposes until drained. There are, however, a few good quarter sections along the left bank of Pine River which flows across the township. The timber consists chiefly of poplar, and the lower parts are thickly grown over with willow and other scrub.

— Unsettled

WESTBOURNE.

TOWNSHIP 13, RANGE IX, WEST.

The White Mud River runs through the northern quarter of the township, and is bordered on its banks, at the south side, with oak chiefly, and on its northern side with oak and poplar forest, interspersed with willow. The soil of the north side of the White Mud River is of

a light loamy character with timber or brushwood about a half mile drainage can only be established on the country, when the ed a Mission and a branch office Mail semi-weekly.

ment of the township. The centre.

RANGE IX, WEST.

This township is open, and a large part of it is covered with poplar groves, but the timber is scarcely any of it being fit for anything. A good deal of it could be cleared. In the west there are some thick bushes. In this township there are some good hay swamps. The soil is of that in a few sections being chiefly black clay, well suited for agriculture. Water is abundant, except in the northern part of the township, where it is not. A Half-breed reserve.

RANGE X, WEST.

The soil is of second-class quality, but the timber counterbalance in a great drawback. Situated south of the first post office is Wellington.

RANGE XI, WEST.

The soil is generally of low table land, with some marshes. That portion of the township east of White Mud Creek, and the part of it in a north-easterly direction, is for the most part the best for cultivation. The soil is deep and fertile, with poplar and willow at times in extensive quantities of considerable dimensions. The timber scrub are found in the western part of the township.

RANGE XII, WEST.

The soil consists of low wet settlement purposes until recently, however, a few good sections on the left bank of Pine Creek cross the township. The soil is chiefly of poplar, and the timber is thickly grown over with poplar scrub.

BOURNE.

RANGE IX, WEST.

The township runs through the northern part of the township, and is bordered on the north side, with oak chiefly, and on the south side with oak and poplar with willow. The soil of the township is of the White Mud River is of

a light loamy character, most of it is covered with timber or brush. The south side, excepting about a half mile back, is wet, and without drainage can only be used in a very dry season. Was established on the early settlement of the country, when the Church of England founded a Mission and a School. Has a post office and a branch office of the Dominion Lands. Mail semi-weekly.

TOWNSHIP 13, RANGE XII, WEST.

The soil is generally very good, being of a sandy loamy character. The entire surface is covered with dense scrub, with poplar in

some parts. Good water can be obtained in abundance, both by digging and from small creeks. The south-west is low and swampy. Several belts of low lands stretch in different directions through the township. Is situated south-west to Gladstone or Palestine. The nearest post office is Wellington. Mail weekly.

Poole John, farmer
Poole William, farmer

TOTOGON.

TOWNSHIP 14, RANGE IX, WEST.

This township is well suited for agricultural purposes. The timber is chiefly small poplar, through which frequent fires have passed. It is in general valuable only for roofing houses and firewood; but towards the north there is some fit for lumber. This township is situated near Lake Manitoba, on the western side. A town plot was surveyed in it, and several lots sold, but not settled. Has a post office. Mail semi-weekly. Partly reserved for Half-breeds.

GLADSTONE (PALESTINE).

TOWNSHIP 14, RANGE XI, WEST.

Is well suited for settlement. The soil is excellent. Water is abundant and good. Timber is plentiful, and distributed in belts and groves all through the township. The White Mud River passes along the northern part of the township. A chain of small lakes, the water of which is good, stretch along the southern part. Is situated at the third crossing of White Mud River, north to Golden Stream and west to Woodside. Has a growing village, well supplied with saw and grist mills, stores, churches, hotels, shops, &c., &c. Well supplied also with timber, water, hay, &c. Will soon become one of the most important villages of the north-west portion of the Province. Has a post office, the name of which is Palestine. Mail semi-weekly.

 Glenn William, farmer

TOWNSHIP 15, RANGE XII, WEST,

Is generally well adapted for agricultural purposes, and in the south-west corner there is a considerable quantity of wood land.

— Unsettled

TOWNSHIP 16, RANGE IX, WEST.

The soil, although shallow, is of very good quality, especially on the lake shore, where there is some excellent hay land. Along the southern and part of the western outlines, first-class poplar is to be found in good quantity. The greater part of the rest of the township is covered with dead poplar, interwoven with willow brush, together with occasional bluffs of green poplar. In the west there are numerous very bad muskegs. Is the second township north to Totogon, which is the nearest post office. Mail semi-weekly.

Boyd Samuel, farmer
 Matthewson Alexander, farmer

TOWNSHIP 16, RANGE X, WEST.

The western part is broken by the Big Grass Marsh. The remainder is land of second-class quality. To the eastward it is better, but, however, not first-class for cultivation. There is some fine poplar timber. Reserved for the Dominion Steamship Company.

— Unsettled

TOWNSHIP 16, RANGE XI, WEST.

The northern part of this township is mostly prairie—the southern part alternate clumps of willow, poplars and patches of prairie. Soil good for agricultural purposes. About half of this township is a marsh, and, if drained, would produce an immense quantity of hay land. Is the second township north to Palestine, which is the nearest post office. Mail semi-weekly.

Anderson James, farmer
 Bruce Malcolm, farmer
 Cory Thomas, jun., farmer
 Croke Maurice, farmer
 Leslie John, farmer
 Pritchard Henry, farmer

TOWNSHIP 16, RANGE XII, WEST,

Is well adapted for agricultural purposes, and in the centre there is a very large belt of poplar timber. Is the second township north to Livingston. The nearest post office is Palestine. Mail semi-weekly.

Ament Joseph, farmer
 Ament Peter, farmer
 Cameron Peter, farmer
 Cartwright George, farmer
 Drost John, farmer
 House W. T., farmer
 Newcomb James, farmer

TOWNSHIP 17, RANGE IX, WEST.

The soil is of good quality and first-class poplar is to be found in good quantity. Is situated west to Lake Manitoba and south to the Indian reserve.

— Unsettled

TOWNSHIP 17, RANGE X, WEST.

Is reserved for the Dominion Steamship Company. Like the other townships in the vicinity, is composed of bluffs of green poplar and small patches of hay land and of poplar woods which were burnt over some few years ago. To the west is the Big Grass Marsh, along the edge of which is a large quantity of excellent hay land. The soil, though perhaps not superior arable land, would be well adapted for pasturage.

— Unsettled

TOWNSHIP 17, RANGE XI, WEST.

The eastern part is reserved for the Dominion Steamship Company. The easterly half lies in Big Grass Marsh. The southern part is beautiful prairie. The northerly is traversed by the Big Grass River, whose banks are lined with thick oak, elm and maple, &c., providing a considerable quantity of wood for fuel and other purposes, and making the township a desirable location for the intending settler.

— Unsettled

TOWNSHIP 17, RANGE XII, WEST.

Is well watered by a small river, and the soil is of the best quality. There is scarcely enough of wood, but a thrifty young growth, at present from six to ten feet in height, will, if protected from the ravages of fire, in a few years make ample provisions for fuel and farming purposes.

— Unsettled

ELECT

This division is situated and north to Palestine, and considered as one Province. A large tract taken up with Manitoba. The lake is generally about 700. Limits:—Electoral comprises all the Townships 12, 13, west, and north and Townships 13,

ELECTORAL DIVISION No. 2, OR BURNSIDE.

This division is situated south to Lake Manitoba and north to the Assiniboine River. It is considered as one of the best portions of the Province. A large quantity of land has been taken up with Military Bounty warrants and other scrip. The soil along the banks of the lake is generally unfit for cultivation. Population about 700. Number of voters, 361.
 Limits:—Electoral Division No. 2, or Burnside, comprises all the territory embraced in Townships 12, 13, 14, 15, Ranges 5, 6, 7, 8, west, and north of the Assiniboine River, and Townships 13, 14, Range 4, west.

MELBOURNE.

TOWNSHIP 12, RANGE V, WEST,

PORTAGE CREEK.

TOWNSHIP 13, RANGE VI, WEST.

This township is almost entirely an open prairie. The soil is most excellent; the surface gently undulates, and owing to the proximity of large blocks of heavy bush along the Assiniboine, it is a desirable location to settle on. Is situated north-west to High Bluff. A large settlement was started in this township in 1872, and has continued to progress since. The nearest post offices are High Bluff and Portage La Prairie. Mail semi-weekly.

TOWNSHIP 12, RANGE VII, WEST,

Is all excellent rolling prairie. The soil is a fine, rich black loam, with a slight mixture of sand. The sub soil is clay. This township, though well suited for farming, is without timber of any value, there being only a few clumps of poplar, willow and small oak. Is situated north to Portage la Prairie. Very extensively settled. Nearest post offices, Portage La Prairie and Burnside. Mail semi-weekly.

BURNSIDE.

TOWNSHIP 12, RANGE VIII, WEST.

Well adapted for farming. The land slopes gradually towards the south, and several sloughs intersect it, draining the surface water into "Rat Creek," which runs from the south-west to the north-east part of the township. Excepting in the south-west part, the soil is a rich loam, under which, at various depths, lies a hard blue clay. The eastern part of the township is bare of all bush, excepting the south on Rat Creek, where a few willows are to be found. The western portion is studded with groves of poplar and willow. Is situated north-west to Portage La Prairie. Some of the farms are the largest in the Province. Has a post office. Mail semi-weekly.

OSSAGE.

TOWNSHIP 13, RANGE VIII, WEST.

A very attractive township. The soil is excellent in places, being a clay loam. Along the south-west part of the township is a fine fence, fuel and building material. Lake affords an abundance of water, and the meadows are extensive and good. Balc St. Paul and the township was first resurveyed by the German Settlers but the Society failing to purchase the township was re-surveyed. Has a post office. Mail semi-weekly.

OSSOWO.

TOWNSHIP 13, RANGE IV, WEST.

A very attractive township for settlement. The soil is excellent in quality, being a rich clay loam. Along the ridge in the northern part of the township is plenty of timber for fencing, fuel and building purposes. Long Lake affords an abundant supply of good water, and the meadow lands in the vicinity are extensive and good. Situated north to Baie St Paul and Poplar Point. This township was first reserved for German settlers by the German Society of Montreal, P. Q., but the Society failing to send in settlers, the township was re-opened for settlement. Has a post office. Mail weekly.

TOWNSHIP 13, RANGE V, WEST.

The southern portion of this township is excellent farming land, but towards the north it becomes stony and gravelly. The timber along "Stony Ridge" is small poplar and oak, affording abundance of good fencing material. The stones are of the boulder character; these will prove useful for building purposes. The north-west quarter of the township is very good for agricultural purposes. This township was set apart as a Half-breed children reserve. The nearest post office is Ossowo. Mail weekly.

Taylor James, jun., farmer

TOWNSHIP 13, RANGE VI, WEST.

This may be justly considered a most desirable locality for settlement. Is situated east to Oak Land. The nearest post offices are Oak Land and High Bluff. Mail semi-weekly.

TOWNSHIP 13, RANGE VIII, WEST,

Is composed of prairie. There is only one grove of small oak woods. This lies between sections thirty-five and thirty-six. The land on the east of Rat Creek is dry rolling prairie of excellent quality, that on the west is low and marshy, with the exception of a small strip of dry prairie about ten chains wide, lying along the "White Mud Road." Is situated west to Oak Land which is the nearest post office. Mail weekly.

ELECTORAL DIVISION NO. 3, OR PORTAGE LA PRAIRIE.

This division is situated south to the Electoral Division of Burnside. The Assiniboine River runs through its northern part. A line of steamboat is running from Winnipeg to Portage la Prairie, stopping at all intermediate posts. The most remarkable settlement is Portage La Prairie. Population about 450. Number of voters, 148.

Limits.—Electoral Division No. 3, or Portage la Prairie, shall comprise the settlements on both sides of the Assiniboine River, lying within the settlement belt, to the west of the west line of George Adams' lot, or lot No. 24, on the north side of the river, and to the west of lot No. 23 on the south side of the river, and Townships 8, 9, 10, 11, Ranges 7, 8, west.

PORTAGE LA PRAIRIE.

The principal point in Western Manitoba, surrounded by a fine farming country. The village is growing fast, and will likely soon become a large town. Several stores, hotels, &c., are established. A stage line is running from here to Winnipeg, distance about 60 miles. Is the seat of the County Court and of the Registry Office for Marquette West. Has a post office. Mail semi-weekly.

TOWNSHIP 8, RANGE VII, WEST.

The soil throughout this township is a sandy clay, and, except in a portion of the south-west quarter, it is of second-class, and in some places it is scarcely that. In the north-west quarter the soil is sandy loam, partly first-class. In this quarter the best timber is to be found, being principally poplar, in some places mixed with oak, suitable for building timber and saw-logs, while over a good portion of the west half and in many portions of the eastern half there are extensive tracts of timber suitable for fuel and fencing. The surface of nearly the whole township is level.

— Unsettled

TOWNSHIP 8, RANGE VIII, WEST.

The easterly part is timbered with poplar of good size, suitable for rails and firewood, the westerly part is covered with a thick growth of willows, the greater part is wet. The soil is a black clay loam, which with proper draining will become very productive.

— Unsettled

TOWNSHIP 9, RANGE VII, WEST.

Is low and marshy; the soil being of a sandy and worthless nature and the timber small and fit only for fuel and fencing. This township is quite unfit for settlement.

— Unsettled

TOWNSHIP 9, RANGE VIII, WEST.

The River Assiniboine traverses this township; it is from three to four feet in depth. The soil is sandy and in places pure red sand, altogether unfit for cultivation. The timber along the margin of the river is good, consisting of fine oak, poplar, white birch and cotton wood.

— Unsettled

TOWNSHIP 10, RANGE VII, WEST,

Is low and marshy; the soil being of a sandy and worthless nature and the timber small and fit only for fuel and fencing. This township is quite unfit for settlement.

— Unsettled

TOWNSHIP 10, RANGE VIII, WEST.

The River Assiniboine traverses this township; it is from three to four feet in depth. The soil is sandy and in places pure red sand, altogether unfit for cultivation. The timber along the margin of the river is good, consisting of fine oak, poplar, white birch and cotton wood. The central portion of this township has been set apart for a proposed Indian reserve.

— Unsettled

TOWNSHIP 11, RANGE VII,

Is a very small fractional township containing about one section of dry land. The remainder is marshy, with reeds and rushes.

— Unsettled

TOWNSHIP 11, RANGE VIII, WEST.

The north-east and north-west portions are in general well adapted for farming. The soil is of a dark loamy nature, and well timbered with poplar and oak sufficiently large for building purposes. The north-east portion is open prairie occupied by settlers. The south-east and south-west portions are timbered with oak, poplar, white birch and cotton wood. The nearest post office is Portage la Prairie. Mail semi-weekly.

 Wishart James, farmer

TOWNSHIP 8, RANGE IV, WEST.

The surface of this township is generally level, or slightly rolling. The soil is sandy loam, which allows the surface water to disappear early in the spring. Nearly all the township is suitable for cultivation, and sufficient wood for fuel and fencing is everywhere convenient. This township was set apart to be allotted to Half-breed children.

— Unsettled

TOWNSHIP 8, RANGE V, WEST.

The timber in this township is chiefly poplar, willow and scattered oak. The greater part of this timber is fit for building, fencing, &c.; a considerable quantity has been destroyed by fire. Water is found in several places, but with the exception of that supplied by Elm Creek, it is generally very bad. The soil is light and sandy. There are some very good hay marshes. This township was set apart to be allotted to Half-breed children.

— Unsettled

TOWNSHIP 8, RANGE VI, WEST,

Is well adapted for settlement, being well watered, with abundance of timber and hay. The soil is light but fertile. The timber is chiefly poplar and oak, of sufficient size for building and fencing. The north half of this township was set apart to be allotted to Half-breed children.

— Unsettled

TOWNSHIP 9, RANGE IV, WEST.

This township consists partly of prairie land and partly of poplar bush. A large portion of the prairie land is of a low marshy character, covered with coarse, rank grass, and having in places scattering willows and small poplar and oak groves. The poplar timber (which is found at the south-west corner of the township) is very small, and has been much destroyed by fire. The high land consists of a black loam. Forming part of the land set apart to be allotted to Half-breed children.

— Unsettled

TOWNSHIP 9, RANGE V, WEST.

One-half of this township is suitable for farming purposes, that is all the prairie (marshes excepted), and that portion of the woodland, for a depth of about a mile, which borders on the prairie. The soil here varies from clay to sand, and is generally of a slightly inferior quality. The other parts of the township, comprising the whole of the westerly and south-westerly sections are of no value, having for the most part a very light sandy soil. Poplar timber covers about two-thirds of the township; of this, only that part which lies near the prairie is of any value, the remainder is very thick, scrubby poplar, mostly dead, and only about ten feet high. The land is slightly rolling, with a gradual descent towards the north and north-east.

ship is suitable for farming. The township (marshes) is a portion of the woodland, a mile, which borders on the north here varies from clay all of a slightly inferior quality. The western part of the township, and the western and northern parts are of no value, and are a very light sandy soil. The township covers about two-thirds of the township, only that part which is of any value, the soil is thick, scrubby poplar, and is about ten feet high. The township is rolling, with a gradual slope to the north and north-east.

Good water can be found in any of the marshes by digging from one to three feet. This township was set apart to be allotted to Half-breed children.

— Unsettled

TOWNSHIP 9, RANGE VI, WEST,

is not good either for lumbering or agricultural purposes. Included in the reserve for Half-breed children.

— Unsettled

TOWNSHIP 10, RANGE IV, WEST.

A large portion of this township consists of low bottom prairie with tall rich grass and low wet marshes. The high prairie is generally of a fair quality, and has, in places, scattering willows and small poplars. The township is traversed by a dry channel (near the north boundary) from three to four chains in width, having banks from six to eight feet high. The bed of this channel consists of black mud about eighteen inches deep, and is grown up with tall grass. Clean, fine sand underlies the mud, in which good clear water can be obtained. This dry channel is timbered on both banks with oak, poplar, and elm; the timber, however, has been destroyed in some places by fire. Is set apart as a reserve for Half-breed children.

TOWNSHIP 10, RANGE V, WEST.

With the exception of the hay marshes this township is composed of good agricultural land, especially in the northerly sections, where the soil is of a very superior quality. The hay marshes are too wet for cultivation, but they are valuable for hay, of which they produce a large quantity each year. The timber is chiefly poplar, of good quality and in quantities only sufficient for the use of settlers. The greater part of the township is almost level prairie. The soil is a black loamy clay, full of vegetable and mineral deposits. Running water is not plentiful within the township, but where it can be found it is of good quality. In the reserve of the Half-breed children. The nearest post office is Portage la Prairie. Mail semi-weekly.

Brandon George, farmer
Brandon John, sen., farmer

TOWNSHIP 10, RANGE VI, WEST,

is composed of ridges of light, sandy soil, alternating with low lands which are flooded in

the spring. The hills are covered with small poplar, light brush and scrubby oak. The low lands are well timbered with oak, black ash and basswood, and are well watered. Is set apart for Half-breed children.

— Unsettled

TOWNSHIP 11, RANGE IV, WEST.

This ranks as a second-rate township. The northern half is covered with poplar, willow and underbrush; on the third mile south there is a heavy belt of poplar and oak. South of this the country is more open, and on the Third Correction Line, a large wet marsh exists, covered with long thick reeds. Some good timber is still standing on the northern half; it is being rapidly destroyed year after year by fire. Forming part of the land reserved for Half-breed children.

— Unsettled

TOWNSHIP 11, RANGE V, WEST,

is well adapted for settlement, the soil throughout being of the best quality; also the timber supply along the banks of the two rivers which traverse the township. The water of these rivers is not of the best quality, but excellent water can be obtained by digging to the depth of six feet. Set apart for Half-breed children.

— Unsettled

TOWNSHIP 11, RANGE VI, WEST.

This is a fractional township bounded by the parishes of Portage la Prairie and High Bluff. It is well adapted for settlement, being exceedingly good soil, but the two westerly tiers of sections require draining. The timber is large poplar, oak and elm. It is watered by a large creek. The nearest post office is Portage la Prairie.

McDonald Alexander, farmer

TOWNSHIP 12, RANGE IV, WEST.

(*South-Half*)—This township is covered with thick poplar and underbrush, some heavy oak and elm occurring on the banks of the River Sale and Mill Creek. A few hay meadows of no great extent are interspersed. The timber, particularly on the northern portion of the township, has been much thinned for fencing, although a great deal is still standing which is fit for rails. The land in this half of the township is of second-rate quality. Is set apart for Half-breed children's reserve.

— Unsettled

TOWNSHIP 12, RANGE V, WEST.

This Fractional township is excellent for agricultural purposes. The south-eastern portion only is in this Electoral Division.

— Unsettled

ELECTORAL DIVISION No. 5, OR BAIE ST. PAUL.

This division is situated east to Poplar Point, and extends from the settlements on the Assiniboine River to those east to Lake Manitoba. The inhabitants of the settlements along the lake, besides farming, are principally employed in fishing and trading. The Portage steamboats call at Baie St. Paul. Population about 700. Number of voters, 324.

Limits:—Electoral Division No. 5, or Baie St. Paul, comprises all the settlements on both sides Lake Manitoba, and the settlements on both sides of the Assiniboine River, between the eastern boundary lines of Electoral Division No. 4, or High Bluff and Poplar Point, and the east line of lot No. 246, Baie St. Paul, on the north side of the river, and the east line of lot No. 1, Baie St. Paul, on the south side of the river, and Townships 15, 16, 17, Range 2, west, and Townships 15, 16, 17, Range 2, west, and Townships 15, 16, 17, Range 4, west.

BAIE ST. PAUL.

This parish was established in 1832 by rev. George A. Belcourt. A new Roman Catholic church, of very large proportions, was erected in 1875. Has several schools and the Registry office for the county of Marquette East. Has also a general store, a good hotel and a post office. Mail semi-weekly. Distance from Winnipeg about 30 miles.

TOWNSHIP 9, RANGE III, WEST.

This township consists of level open prairies with here and there a few small marshes and some patches of scattering willows and small poplars. The soil is generally black loam. Reserved for Half-breed children.

— Unsettled

TOWNSHIP 10, RANGE III, WEST.

This township consists partly of low rich bottom prairie, with heavy hay grass, and partly of dry level prairie. The township is traversed near the north boundary by a dry channel from three to four chains in width, having clay banks rising from six to eight feet above the bed. The bed (which consists of about eighteen inches of black mud) is grown up with tall grass. Clean, fine sand underlies the mud; good clear water being found in this sand at about a depth of three feet. This dry channel is timbered on both banks with oak and poplar, the latter timber, however, prevails. Reserved for Half-breed children.

— Unsettled

TOWNSHIP 11, RANGE III, WEST.

This township is better adapted for grazing than for agricultural purposes, water and shelter for stock being both convenient. The upper portion of it is traversed by the River Sale, and a creek running parallel with it. The land between these is covered with thick underbrush and some oak and elm, although the greater portion of the latter has been already cut. South of these streams the country is much intersected by wet sloughs and hay swamps with occasional poplar islands. A portion is already settled, but the rest is reserved for Half-breed children. The nearest post office is Baie St. Paul. Mail semi-weekly.

TOWNSHIP 13, RANGE III, WEST.

About three-fourths of this township is good arable prairie, well adapted for settlement. It is near the leading line of road along the north bank of the River Assiniboine, and close to it are the extensive meadows of Long Lake. Plenty of good fencing and building timber may be found along the ridges which cross the northern part of the township. North of these ridges the land becomes gravelly and stony, and is fit only for grazing purposes. It is situated north of Baie St. Paul, which is the nearest post office. Mail semi-weekly.

TOWNSHIP 14, RANGE III, WEST.

Is of inferior soil throughout, but more especially along the east and south limits, where there is a heavy gravel ridge like the beach of an ancient lake. For some distance north of this ridge the land is low and swampy, in addition to being gravelly and stony. There are plenty of good fencing poles throughout the township, and some good building timber along the east side.

— Unsettled

TOWNSHIP 15, RANGE III, WEST.

The land is chiefly rich loam, broken only by a few swamps. About one-tenth part is open prairie. The remainder is covered partly by good green timber and partly by young bushes of poplar and willows. The best timber (some of which may be used for erecting buildings) stands in the northern part of the township. The southern part is thickly wooded with small poplar.

— Unsettled

TOWNSHIP 15, RANGE IV, WEST.

Is bounded on the north-west by Lake St. Francis, an arm of Lake Manitoba. A large marsh lies in the westerly part of the township. The easterly part is generally level prairie with some excellent building timber

of poplar and oak. The Horse Plains and the traverse this township township except Section reserve. The nearest rent. Mail weekly.

CITY HALL AND MARKET, WINNIPEG.

ELECTORAL DIVISION No. 6, OR PEMBINA.

This Electoral Division is the largest of the Province. It comprises an area of seventy-seven townships, most of which are not yet settled, but the rest form several new settlements around the Pembina Mountain. The country is generally very fertile and well timbered. The only drawback to colonization is the want of communication with the central part of the Province; this will only be obviated when a railway shall have been built. Population 1000. Number of voters, 515.

Limits.—The Electoral Division No. 6, or Pembina, comprises Townships 1, 2, 3, 4, 5, 6, 7, Ranges 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, west.

TOWNSHIP 1, RANGE II, WEST,

Is more or less intersected by dry water courses, of which the head of the Marais River is the principal. The soil is first-class. This township forms part of the Mennonite reserve west to the Red River.

N.B. The Mennonites in this reserve have not yet decided to secure their lands by regular entries at the Dominion Lands office, and are constantly moving from one place to another. Under those circumstances they cannot be considered as permanent settlers, until they shall have complied with the requirements of the law, and, therefore, it was not thought advisable to give their names, as, in most cases, it might lead to mistakes.

TOWNSHIP 1, RANGE III, WEST,

Comprises rolling prairie with a luxuriant growth of grass, and is also well drained by water courses; but, during the dry season, water is found only by sinking. Forms part of the western Mennonite reserve.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 1, RANGE IV, WEST,

Assumes more of a low character. Well supplied with water in some places by small lakes or ponds and others by pools in dry water courses. The land is adapted for stock-raising. In the south western portion we come across the first timber along the western boundary. Forms part of the Mennonites' western reserve.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 1, RANGE V, WEST.

This township presents in many places beautiful locations for settlement, well supplied with water and fuel. Forms part of the Mennonites' western reserve. The nearest post office is Stodderville. Mail weekly.

Grant Charles, farmer
Houston Henry, farmer

N.B. For information see Township 1, Range II, west.

TOWNSHIP 1, RANGE VI, WEST,

Is altogether comprised of the Mountain range and for the most part intersected with deep ravines of from 100 to 250 feet in depth occasioned by the various small streams which take their rise from the low lands and marshes met with on the top of the mountains. It is along these streams and ravines that the greater part of the timber stands. It is composed of poplar with some elm in the central and southern portions and of oak in the northern section. The south-west portion is traversed by the Pembina River and valley. Forms part of the Mennonites' western reserve.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 1, RANGE VII, WEST,

Is watered in the northern portion by the Pembina River. The timber is principally poplar which is abundant. The land in some places is broken by hills and gullies. Part of the Mennonites' western reserve.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 1, RANGE VIII, WEST.

The Pembina River runs through the centre of this township. The width of the river here is about 60 feet. The timber covers a belt of about one mile on the river, and is composed of oak and poplar.

— Unsettled

TOWNSHIP 1, RANGE IX, WEST.

The Pembina River runs through the north-east quarter of this township. The south half and the north-west quarter are open prairie of a rich soil.

— Unsettled

TOWNSHIP 1, RANGE X, WEST.

— Unsurveyed

TOWNSHIP 1, RANGE XI, WEST.

— Unsurveyed

TOWNSHIP 1, RANGE XII, WEST.

— Unsurveyed

TOWNSHIP 2, RANGE II, WEST.

This township is prairie. Soil good. Surface water to be had in gullies. Forms part of the Mennonites' western reserve.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 2, RANGE III, WEST.

Level prairie. Soil, black loam. Reserved for Mennonites.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 2, R.

Composed of level prairie, sandy black loam, and black ash wood. Forms part of the Mennonites' western reserve. For information see N.B.

STODDER

TOWNSHIP 2, R.

This township is chiefly prairie. A belt of very fine oak runs through the township in which are large lots. The north-west portion has been ceded to the Mennonites, remaining a Mennonite reserve. Mail weekly.

TOWNSHIP 2, RANGE VIII, WEST.

The western side of this township is rough prairie, the eastern side contains oak timber and willow bush. Soil, second rate. Nearly one half of the township is covered with brush. There is no water except a small spring creek in south-east corner. The nearest post office is Alexandria. Mail weekly.

- Baxter Dudley, farmer

TOWNSHIP 2, RANGE IX, WEST.

The western side of this township is level prairie. Soil, black loam. Pembina River runs through the eastern side of the township, and averages one chain in width. The valley of the river on an average is one and a half miles wide. The alluvial deposits, common in such places, have been carried off by the floods in this section of the country, leaving in many places only a subsoil of clay mixed with shale. Good oak and poplar timber is found in places.

— Unsettled

TOWNSHIP 2, RANGE X, WEST.

This township is slightly undulating prairie. Soil, black loam; excellent farming land. There are several good hay swamps in this township, but, with the exception of the swamps, there is no water.

— Unsettled

TOWNSHIP 2, RANGE XI, WEST.

This township consists of rolling prairie; excellent land. Soil, black loam. Water none, except that on the surface.

— Unsettled

TOWNSHIP 2, RANGE XII, WEST.

This township consists of a rolling prairie, having good soil. Crystal River, a small stream of the purest water, which flows through a large gully, crosses the township in a south-easterly direction. There is some good timber in the northerly portion of the township, and also in some places in the gully.

— Unsettled

TOWNSHIP 3, RANGE II, WEST.

This township is all prairie. In the north-eastern and north-western portions it is low and flat, with a heavy clay soil, which forms excellent hay land. The west part of the township is high, with a rich clay loam, and is well watered. In the east part of the township there is a fine body of water, with good high land surrounding it. Forms part of the Mennonite reserve on the west side of Red River.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 3, RANGE III, WEST,

Is entirely open prairie, all which, with the exception of a small muskeg on the west side, is excellent, arable land, free from stones. A small creek of good water crosses the township and there are a few water-runs. Forms part of the Mennonite reserve on the west side of Red River.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 3, RANGE IV, WEST,

Is almost entirely open prairie well adapted for hay and grazing purposes. A belt of splendid heavy timber, consisting of elm, oak and poplar, lies in the north-western portion. Two creeks of excellent water traverse the wooded portion. Part of the Mennonite western reserve.

N.B. For information see Township 1, Range II, west.

TOWNSHIP 3, RANGE V, WEST.

A belt of timber passes through this township. With this exception it is all prairie land. The east half of this township is in the Mennonite reserve. The nearest post office is Stoddersville. Mail weekly.

TOWNSHIP 3, RANGE VII, WEST,

Consists partly of prairie, and partly of timbered
lands. The south-east portion is for the most
part prairie, the rest is covered with poplar
and bush, mixed in some places with oak.
Sections 34, 35 and 36 are intersected by a
spur of the Pembina Mountains. They are
unfit for settlement, as the surface is broken
by deep ravines, with banks 100 feet high.
At the bottoms of the ravines there are
creeks containing excellent water, all run-
ning in a south-easterly direction. The north-
westerly part of the township contains good
land, well timbered with poplar and oak, but
the prairie portion in the south-east of the
township is of inferior quality. There are
many marshes where wild hay and water can
be procured. The nearest post office is
Nelsonville. Mail weekly.

TOWNSHIP 3, RANGE VIII, WEST,

Consists partly of prairie and partly of timbered
land. The surface is undulating, and the
soil is what is usually denominated "drift."
There are some groves and ridges of oak, but
the prevailing timber is poplar. There is an
abundant supply of water at all seasons.

— Unsettled

TOWNSHIP 3, RANGE IX, WEST,

Is in part timbered and part prairie, the pre-
vailing timber being poplar and oak. The
surface in many places is broken. It is well
watered and easy of access at all seasons of

the year. There are a few boulders scattered
over the surface, but no fixed rock. About
one half is well suited for settlement. The
Pembina River flows through the south-west-
erly part of the township. The nearest post
office is Nelsonville. Mail weekly.

Hamilton William, farmer

TOWNSHIP 3, RANGE X, WEST,

Is almost entirely open prairie, the surface
undulating; and there are some muskegs.
The Pembina River flows through the north-
easterly part. These is some timber on its
banks, but the southern and western portions
of the townships are entirely destitute of tim-
ber. The International Boundary Survey
road passes about two miles to the south, and
affords easy access to the lands.

— Unsettled

TOWNSHIP 3, RANGE XI, WEST.

This township is well suited for settlement.
It is nearly all rolling prairie, and the soil is
in most places very fine. It grows in nearly
every section good grass and hay. In most
of the sloughs good water may be had by
digging. Settlers can be supplied with wood
from the two adjacent townships in the same
block.

— Unsettled

TOWNSHIP 3, RANGE XII, WEST,

Offers great advantages to the settler. It con-
sists partly of woodland and partly of prairie.
The soil is good, water is abundant and ex-
cellent, and timber plentiful and of good
quality. Hay and grass can also be obtained
in abundance. Pembina River and its tribu-
tary brook pass through this township.

— Unsettled

TOWNSHIP 4, RANGE II, WEST.

This township is wholly prairie. The northern
tier of sections is low and flat, the remainder
is rolling land with rich clay loam. There is
no running water in the township.

— Unsettled

TOWNSHIP 4, RANGE III, WEST,

Consists of open fertile prairie. The northern
part is level, the centre low, and the southern
portion good and undulating. In addition to
the few water-runs, which were found quite
dry, a small creek of good water winds its
course through the northern portion of the
township. These water-runs, though dry
during the summer season, are full of water
in the spring and autumn. Water can be
obtained by digging from three to four feet.

— Unsettled

TOWNSHIP 4, RANGE IV, WEST,

Is altogether open prairie, one of the finest
townships in the Province. The surface is
alternately level and undulating, and the soil

a rich loam with clay subsoil. There are a great number of water-runs, which are dry during the summer, but a good supply of water can be obtained by digging to the depth of three or four feet.

—Unsettled

FERRIS.

TOWNSHIP 4, RANGE V, WEST,

Is prairie. There is no timber, but timber for settlement purposes could be brought from the slopes of the Pembina Mountains, which traverse the western townships of the block in which this township is situated. The nearest post offices are Nelsonville and Miami. Mail weekly.

TOWNSHIP 4, RANGE VII, WEST,

Is heavily timbered with oak and poplar. There are also some elm, ash, maple and white birch. There is not one section of prairie land in the township, but there are some clearings made by recent fires. The Pembina Mountains intersect it almost diagonally, and the surface is so much broken by ravines as to render one-third of the area unfit for settlement. The rest of the township is well suited for farming. There are numerous creeks of good water running down the sides of these mountains. No fixed rocks are visible, but boulders may be met with occasionally. The nearest post office is Miami. Mail weekly.

TOWNSHIP 4, RANGE VIII, WEST.

This township is situated to the west of the Pembina Mountains. It has a good soil and is well suited for settlement. There is a sufficient supply of water, but that on the surface is neither pure nor good. The northern part of the township is heavily timbered with oak and poplar. Fire has destroyed a great deal of this timber. The south-west part is nearly all open prairie. There are a number of marshes, which afford a supply of hay, sufficient for the wants of the early settler. There appear to be no fixed rocks and but few boulders throughout the whole township.

— Unsettled

TOWNSHIP 4, RANGE IX, WEST,

Is composed partly of timber land and partly undulating prairie, covered in many places with willows and brush. The prevailing timber is oak and poplar, sufficiently large to supply building timber and fuel. There are several muskegs in the northerly portions which will afford a supply of hay. It is well watered by creeks flowing westerly to the Pembina River. A good road passing diagonally across the township, it is easy of access at all seasons of the year. The soil is a rich dark alluvial deposit. The nearest post office is Miami. Mail weekly.

TOWNSHIP 5, RANGE VII, WEST.

The soil and timber are generally of an inferior quality, and the surface is very much broken. It is traversed by several branches of Tobacco Creek, the water of which is of an excellent quality. Was reserved for the Manitoba Colonization Society. The nearest post office is Miami. Mail weekly.

- Cartier Pierre
- Houde Célestin
- Morin Thomas

TOWNSHIP 5, RANGE VIII, WEST.

The land is rolling and hilly, and for the most part thickly timbered; on the eastern side the timber is of excellent quality. Through the centre there is a belt, about one mile wide, lying north and south, covered with dense scrub, dry hazel and willow, with bluffs of poplar. The soil is good in the southern

portion, but to the north it is of inferior quality; it is, however, well supplied with water, which is very good and fresh.

— Unsettled.

TOWNSHIP 5, RANGE IX, WEST.

The surface is rolling. One quarter of the township is covered with poplar, balm of Gilead, and oak, and about one third of the remainder is sparsely covered with poplar, burned timber, windfalls, &c. The quality of the land is excellent. The soil, a very black loam, has an average depth of two feet. Good fresh water can be easily obtained in almost every part of the township by digging to the depth of four feet in low-ground. In the vicinity of the lakes never failing springs of cold fresh water are to be found. At least thirty of the thirty-six sections will make most excellent farms. The nearest post office is Miami. Mail weekly.

Fraser Daniel, farmer
Lafrenière F., farmer
Lapierre François Xavier, farmer
Lapierre H., farmer

TOWNSHIP 5, RANGE X, WEST.

With the exception of Sections 6, 7 and 18, the land in which is rough and broken, this township is excellent for farming purposes. A belt of poplar timber of good quality runs along the south, east and north boundaries of the township. The central and western portions are chiefly covered with dense oak and willow scrub. In the north-east corner there is a small brook of good fresh water with several fine cold springs in its banks, and in the south-west a deep ravine with a creek which has its head about four miles from the Pembina River. In Sections 2 and 29 there are two small lakes, the water in which is salt and stagnant. Water can be obtained at any place in the township at a depth of from eight to twenty feet. The nearest post office is Miami. Mail weekly.

Climes Arthur, farmer
Climes James, farmer

TOWNSHIP 5, RANGE XI, WEST.

The north and east parts of this township consist of poplar woods of good quality. The rest is a brushy prairie suitable for cultivation, excepting the valley of the Pembina River, the land in which is for the most part of a slaty formation. Swan Lake, an expansion of the Pembina River, lies in the southern part of the township. It is about six miles in length by one in breadth. Its banks are about fifty feet high, and are of slaty formation. The hill tops are in most cases sandy, and the level parts sandy loam. Several fresh water springs may be found in the interior of the township.

— Unsettled

TOWNSHIP, 5 RANGE XII, WEST.

This township is nearly all covered with brush generally growing among fallen timber. The soil in most parts is good, excepting on the hills where it is slaty. The lakes are in most cases shallow, some being little more than marshes, fast filling up and becoming solid. There is some poplar fit for building and fencing. The most of the swamps afford good hay. Cypress River runs through the north-east part of the township.

— Unsettled

TOWNSHIP 6, RANGE II, WEST,

Is a clear open prairie of very good quality, and well adapted for agricultural purposes. The soil is a black mould with a clay or loamy clay subsoil. There is no timber in the township, the nearest bush being some three miles to the westward.

— Unsettled

TOWNSHIP 6, RANGE III, WEST,

Is good level prairie with a soil of black loam and but two small islands of oak timber, one in Sections 16 and 21, and one in the north-east corner of Section 18. In a gully running along the line between Sections 20 and 21, and 17 and 16 are pools of good water which remain throughout the season. There is a good hay swamp extending across the south of the township, where a number of the settlers from Township 6, Range 4, west, get their winter supply. The nearest post office is Salterville. Mail weekly.

Taylor David, farmer

SALTERVILLE.

TOWNSHIP 6, RANGE IV, WEST.

Every lot in this township is fit for settlement. The soil is a very deep black mould overlying white clay. The Rivière aux Iles de Bois flows across the north-westerly part of the township; the banks are about twelve feet high, and the current about three miles per hour. A belt of good oak timber, intermixed with elm, poplar and basswood, averaging twelve inches diameter, extends along either bank of the river, having a width of from 10 to 20 chains. Another belt of oak timber of the same quality and width extends in a south-easterly direction from Section 2 to Section 12. All the Sections containing wood, as well as some of the adjacent prairie lots, have been taken up, and more or less improvements made thereon. Very fine crops of wheat, barley and oats were raised here during the past season. Has a post office. Mail weekly.

TOWNSHIP 6, RANGE VI, WEST.

The surface of this township is level, or slightly inclined towards the Rivière aux Iles de Bois. The soil in the eastern part is a dark loam, in the western it is of a sandy nature. The "Rivière aux Iles de Bois" passes through this township, flowing from west to east. A belt of timber, consisting of oak, elm and basswood, extends along the river on each side, varying from five to ten chains in width. There are also some poplars in the northern and western parts, but the growth is small. There is a large amount of willow brush in the western part.

— Unsettled

TOWNSHIP 6, RANGE VII, WEST.

About sixty per cent of this township is fit for agricultural purposes. The Pembina Mountains traverse the southern and western portions, and the Rivière aux Iles de Bois and its tributaries flow through the northerly part of the township, affording a supply of good water. The soil is, however, rather sandy. The timber, which is mostly poplar and oak, is not of heavy growth, except on the banks. The nearest post office is Campbellville. Mail weekly.

- Riddell Andrew, farmer
- Riddell James, farmer

TOWNSHIP 6, RANGE VIII, WEST.

The soil is of very inferior quality, and its surface so broken by ravines that it could not be cultivated. A branch of the Rivière aux Iles de Bois crosses the township, and there are several smaller streams, the water of all which is excellent and never failing. The timber consists of poplar, oak, elm, white birch, ash and basswood. On the south-east quarter of Section 14 I found a small quantity of fossil limestone.

— Unsettled

TOWNSHIP 6, RANGE IX, WEST.

The surface is rolling and hilly, and covered with small groves of poplar, willow and scrub. There are several small lakes and creeks in it. The soil is generally of second-class quality.

— Unsettled

TOWNSHIP 6, RANGE X, WEST.

The north-west portion of this township is quite hilly, too much so for cultivation, excepting very small portions adjacent to muskegs, which are very numerous. The remaining portion of the township is well adapted to farming. The land is rolling and the soil excellent. There is excellent water, and a fair quantity of wood. This is almost entirely poplar. There are a great number of hay flats growing an excellent quality of hay. Nearly every section has one or more of these.

— Unsettled

TOWNSHIP 6, RANGE XI, WEST,

Contains but little land fit for cultivation; hills, morasses, and alkaline lakes being its characteristic features. There is a small second growth of poplar and cherry growing in old windfalls.

— Unsettled

TOWNSHIP 6, RANGE XII, WEST.

The north-east portion of this township is for the most part rolling prairie. The remainder is covered with brush and fallen timber. The soil in the valleys is a fine black loam, slightly inclined to be sandy; on the hill tops it is either sandy or of a clay slate nature. Cypress River runs through the south-western part of this township. The water is of good quality.

— Unsettled

TOWNSHIP 7, RANGE II, WEST.

About two-thirds of this township is occupied by the great hay marsh, over which the waters of the Rivière aux Iles de Bois must pass in spring to reach and be discharged by the Rivière aux Gratiâs, which may be said to take its rise in this marsh. There are but few spots which are not solid prairie soil, and oxen have been driven with heavy loads in every direction over the marsh without difficulty. The soil is very rich, and produces a fine clean growth of grass from two to five feet in height at full growth. If a channel were cut for the water from where the Rivière aux Iles de Bois enters the marsh to the Rivière aux Gratiâs, these lands would become sufficiently dry for all purposes. In the south-west angle of this township, there is one block of about eight square miles of beautiful high rolling prairie with an excellent sandy loam soil.

— Unsettled

TOWNSHIP 7, RANGE III, WEST.

About two-thirds of this township is occupied by the great hay marsh lying between and dividing the Rivière aux Iles de Bois from the Rivière aux Gratiâs. It produces excellent hay about its margin, but the central parts, and particularly the west side of the township, are overgrown with black rushes. The remaining part of this township is excellent high prairie, especially that block extending the whole length of the southern boundary of about ten square miles. Except a few isolated clumps of willows, there is no timber in the township.

— Unsettled

TOWNSHIP 7, RANGE IV, WEST.

About twenty-six square miles of this township are beautiful undulating prairie with sandy loam soil. Wood is within a short distance of every part of the township. Along the eastern margin is the Great Marsh, covering about seven sections. The marsh is here very

wet and boggy, and overgrown with rushes. In summer cattle roam at liberty over the greater part of it, but it is not safe for loaded carts, especially near the mouth of the Rivière aux Iles de Bois. The nearest post office is Salterville. Mail weekly.

Anderson George, farmer

TOWNSHIP 7, RANGE V, WEST.

About twenty-six square miles of this township are beautiful undulating prairie, with sandy loam soil. Wood is within a short distance of every part of the township. Along the eastern margin is the Great Marsh, covering about seven sections. The marsh is here very wet and boggy, and overgrown with rushes. In summer cattle roam at liberty over the greater part of it, but it is not safe for loaded carts, especially near the mouth of the Rivière aux Iles de Bois. The nearest post office is Campbellville. Mail weekly.

TOWNSHIP 7, RANGE VI, WEST.

The soil in this township is generally too sandy for good agricultural land. The timber consists mainly of poplar, the best of which has, in most cases, been killed by fire. In places, however, some good oak and poplar wood are to be found.

— Unsettled

TOWNSHIP 7, RANGE VII, WEST.

The soil is of second quality, being sandy, but improves somewhat in the southerly tier of sections, especially along the north branch of the Rivière aux Iles de Bois, a stream about three feet deep and thirty feet wide, which flows in a south-easterly direction across Sections 6, 5 and 4. There are many marshes and several patches of prairie. The timber is poplar with willows and brush. The poplar is generally so small as to be fit only for fencing and fuel.

— Unsettled

TOWNSHIP 7, RANGE VIII, WEST,

Is nearly equally divided by north branch of the Rivière aux Iles de Bois, which is from

two to three feet deep and flows in a general south-easterly direction. The northerly portion is a very sandy loam of the slope of Pembina hills. The greater part is poplar, with some oak, and the mountain.

— Unsettled

TOWNSHIP 7, RANGE IX,

Is heavily wooded with poplar and elm, and is well watered. The rise in springs is rugged and hilly, but the water is good.

— Unsettled

TOWNSHIP 7, RANGE X,

Although hilly is well watered. The Rivière aux Iles de Bois flows through the northern half. Its water is good for grazing. The timber is mostly poplar, with some oak and small oak.

— Unsettled

POST OFFICE

overgrown with rushes. It is not safe for loaded teams at the mouth of the Rivière. The nearest post office is 12 miles.

— Unsettled
RANGE V, WEST.

Several miles of this township are prairie, with sandy soil. A short distance from the mouth of the Rivière is the Great Marsh, covering 1000 acres. The marsh is here and overgrown with cattle roam at liberty on it, but it is not safe to graze near the mouth of the Rivière. The nearest post office is 12 miles. Mail weekly.

RANGE VI, WEST.

This township is generally too sandy for agriculture. The timber consists of poplar, ash, birch, and maple, the best of which has been destroyed by fire. In places where the soil is better, poplar and maple wood are abundant.

RANGE VII, WEST.

This township, being sandy, is generally too sandy for agriculture. The southerly tier of the township is the north branch of the Rivière aux Îles de Bois, a stream 100 feet wide and thirty feet deep, flowing in a westerly direction across the township. There are many marshes and prairie. The timber consists of poplar and brush. The soil is too sandy to be fit only for grazing.

RANGE VIII, WEST.

This township, by north branch of the Rivière aux Îles de Bois, which is from

two to three feet deep and about twenty-five feet wide, and flows with a good current in a general south-easterly direction. The soil of the northerly portion is sandy, that of the southerly sandy loam of second quality, and on the slope of Pembina Mountain, rough and hilly. The greater part is well wooded with poplar, with some oak, birch and basswood on the mountain.

— Unsettled

TOWNSHIP 7, RANGE IX, WEST,

This township is heavily wooded with poplar, oak, ash, birch and elm, and is well watered by brooks, taking their rise in springs. The surface is very rugged and hilly, but the soil excellent.

— Unsettled

TOWNSHIP 7, RANGE X, WEST,

Although hilly is well adapted for settlement. The Rivière aux Îles de Bois flows through the northern half. Its valley is well adapted for grazing. The water in the lakes is of a good quality. The timber is chiefly hazel and small oak.

— Unsettled

TOWNSHIP 7, RANGE XI, WEST,

This township is broken by several ravines and hills from fifty to seventy-five feet in height. It is not well watered. The soil for the most part is good, particularly in the valleys; on the tops of the hills it is somewhat gravelly. There is a large quantity of burnt poplar standing and fallen, likewise green poplar in islands, but scarcely large enough for fencing, with stunted oak and hazel and other brush.

— Unsettled

TOWNSHIP 7, RANGE XII, WEST.

The land is generally undulating, and the soil good, with the exception of the northern tier of sections where the sand hills begin. It is not well wooded. There are only some small clumps of good poplar, and few oak and elm, and on the sand hills a growth of stunted spruce. The Cypress River runs through the township. Its water is excellent. There are some limestone boulders in the southern part, but no fixed rock. There are some good hay meadows.

— Unsettled

POST OFFICE AND DOMINION GOVERNMENT SAVINGS' BANK.

ELECTORAL DIVISION No. 7, OR ST. FRANCOIS XAVIER WEST.

This Division is situated principally on the Assiniboine River east to Baie St. Paul. It comprises the western part of the Parish of St. François Xavier. The soil is rich and there is an abundance of timber and hay lands. The Portage steamboats call here. Population about 400. Number of voters, 114.

Limits:—Electoral Division No. 7, or St. François-Xavier West, comprises the settlements on both sides of the Assiniboine River lying within the settlement belt, between the west line of the Roman Catholic Church property, or lot No. 181, St. François Xavier, on the north side of the river, the east line of Olivier Larocque's or lot No. 49, St. François Xavier, on the south side of the river, and the east line of Electoral Division No. 6, or Baie St. Paul, and Townships 10, 11, 12, Range 2, west.

ST. FRANCOIS XAVIER.

This parish is partly situated in the Electoral Division of St. François Xavier West and partly in St. François Xavier East. Was established in 1824, by Rev. M. François Boucher. The Rev. Sisters of Charity founded a Public School in 1850, which has continued since. Is the seat of the County Court for Marquette East. This place is also commonly called "Prairie du Cheval Blanc," (White Horse Plain). Has a Roman Catholic Church, several good schools, stores, hotels, and two post offices, named respectively, the western, Pigeon Lake, and the eastern, St. François Xavier. Mail semi-weekly. Distance from Winnipeg, 25 miles.

TOWNSHIP 10, RANGE II, WEST.

The soil is excellent, being an alluvial deposit, overlaying a subsoil of clay, valuable for growing either grass or grain. A branch of the River Sale flows through one corner of the township, watering twelve quarter sections. The water is good. There is oak and poplar along the river, but not in sufficient quantities to supply the whole township. Is part of the Half-breed reserve for children.

— Unsettled

TOWNSHIP 11, RANGE II, WEST.

The soil in this township is well adapted for agriculture, it being for the most part clay loam. The land gently slopes to the north and north-east. There are a few poplar groves, but these are not of any extent, and the timber is very small. There are also a few hay swamps yielding good grass. On Sections 19 and part of 20 there is a large gravel ridge, which will be of great value for road making, as there are no other gravel ridges near it. The ridge is deep, and the gravel is of good quality. There are no streams; but water can be easily found by digging. Is a fractional township, part of the river belt of the Assiniboine is covering the north-east portion of the township. Reserved for Half-breed children.

— Unsettled

TOWNSHIP 12, RANGE II, WEST.

The soil in this township is dark clay loam, very rich, and well-adapted for agriculture. The surface is very uniform, gently sloping to the south and south-east. A few hay swamps are to be found, but of no great size. There is an entire absence of timber, and no running water. Is situated north to the Assiniboine River. Part of the reserve for Half-breed children.

— Unsettled

ELECTORAL DIVISION No. 8, OR ST. FRANCOIS XAVIER EAST.

Situated on the Assiniboine River, west to Headingley. It comprises the eastern part of the Parish of St. François Xavier. The soil is good, and the district is well supplied with timber and hay lands. The Portage steam-boats call here. Population about 350. Number of voters, 95.

Limits.—Electoral Division No. 8, or St. François Xavier East comprises the settlements on both sides of the Assiniboine River, lying within the settlement belt, between the west line of John Taylor's, or lot No. 225, St. François Xavier, on the north side of the river, the east line of James Hackland's, or lot No. 6, St. François Xavier, on the south side of the river, and east of Electoral Division No. 7, or St. François Xavier West, and Townships 10, 11, 12, Range 1, West.

ST. FRANCOIS XAVIER.

This part of the Parish forms another Division. For details, see preceding division. Has a post office. Mail semi-weekly.

TOWNSHIP 10, RANGE I, WEST.

The land is a little undulating. It is made up of dry land, fit for immediate cultivation, and moist hay land. The whole may be easily drained. The soil is very rich, being an alluvial deposit, overlying a porous clay or marl. There is no waste land in this township. Water can easily be obtained in many places, by digging a few feet. There is no timber. Is fractional the north east, three-fourths being covered by the river belt of the Assiniboine River. Reserved for Half-breed children.

— Unsettled

TOWNSHIP 11, RANGE I, WEST.

This township is all open level prairie, with the land gently sloping to the south and south-east. The soil is dark clay loam, very deep and rich, and well adapted to farming purposes. No stones are to be seen, and no tim-

ber grows on the part surveyed. The township is very dry, there being scarcely any wet land, and very little hay land. There are no running streams of water, but there is no difficulty in getting water by digging. The water is good, and free from any brackish taste. Is situated north to the Assiniboine, and only fractional, being covered by the river belt of the Assiniboine River. Reserved for Half-breed children.

— Unsettled

TOWNSHIP 12, RANGE I, WEST.

This township is nearly all open prairie, gently sloping to the south. There is no timber in it, except a few small poplar groves, on Sections 23, 24, 25 and 36, but the timber is very small. There are a few hay swamps. The one on and near the northerly limit of the township is large and good. There are no running streams of water, but water can be had by digging, at no great depth. The soil is very rich, being dark clay loam, and is well adapted for agricultural purposes. North to the Assiniboine River. A reserve of Half-breed children.

— Unsettled

HISTORY

OF THE

Administration of the Earl of Dufferin

IN CANADA.

THE undersigned purposes publishing a work, under the above title, now in course of preparation by WILLIAM LEGGO, Esq., Barrister, of Ottawa.

It will be a full account of the public life in Canada of His EXCELLENCY during the past six years—and will contain, *in extenso*, his great Speeches.

It will be published immediately after His EXCELLENCY'S departure from Canada, in September next.

The book will be a demy 8vo. volume, containing about 700 pages, and will be printed on fine paper, and bound in English cloth, gilt,—Price \$3.00—payable on delivery.

First-class STEEL PORTRAITS of their Excellencies, executed by the British American Bank Note Co., under the immediate superintendence of Mr. G. B. Burland, will embellish the work; and the cover will be ornamented with the COATS OF ARMS of the EARL OF DUFFERIN and of the COUNTESS OF DUFFERIN.

JOHN LOVELL,

Managing Director L. P. & P. Co.

MONTREAL, 25th June, 1878.

ELECTORAL DIVISION No. 9, OR HEADINGLEY.

This Electoral Division is situated east of St. François Xavier, and comprises the Parish of Headingley and five townships south to the Assiniboine River. The soil is very good, and the farms are generally well cultivated. The Portage steamboats call at Headingley. Population about 400. Number of voters, 121.

Limits:—Electoral Division No. 9, or Headingley, comprises all the settlements on both sides of the Assiniboine River, lying within the settlement belt, between the east line of Widow Gowler's, or lot No. 67, Headingley, on the north side of the river, the east line of W. B. Hall's, or lot No. 1, Headingley, on the south side of the river, or St. François Xavier East, and Township 8, and the east line of Electoral Division No. 8, or St. François Xavier East, and Townships 8, 9, 10, 11, 12, Range 1, east, and Townships 8 and 9, Ranges 1 and 2, west, and Township 8, Range 3, west.

HEADINGLEY.

Situated on the Assiniboine River. The Church of England and the Presbyterian Church have churches here. Has several good schools. The soil is very rich, and the inhabitants are generally well established. Has a post office. Mail semi-weekly.

RIVIERE SALLE.

TOWNSHIP 8, RANGES 1, EAST AND WEST.

Range 1, East.—The soil consists of the best clay loam, and is very fertile, beautifully undulating. The only timber grows on the banks of the Rivière Salle. It is very limited in quantity. The surface is dry, but water can be easily obtained by digging a moderate depth.

Range 1, West.—Twenty sections of this township are sufficiently dry for cultivation, and the balance good hay land. The Rivière Salle runs

through Section north-east and stream has run summer. Its Part of the Third Township settled. The Mail semi-weekly

TOWNSHIP 8, RANGE II, WEST.

The surface of this township is generally very level, and a large portion is dry during the summer months. In the spring the greater part of the township is covered with water. Large tracts of the surface have a hard and cracked appearance when dry. About nine square miles are included in the hay marsh. The rest, with few exceptions, is dry prairie. There is a stream in this township.

— Unsettled

TOWNSHIP 8, RANGE III, WEST.

Only a small portion of this township is covered by the great hay marsh. Of the remaining thirty-two sections about twenty-nine are high, slightly undulating prairie, and the remainder excellent hay land. There can be no better land than the dry portion of this township, and the hay land, with the exception of some places in the great hay marsh, is good solid prairie soil. There is neither wood nor water in this township. In the Half-breed reserve.

— Unsettled

TOWNSHIP 9, RANGE I, EAST,

Is all prairie, with the exception of a few small bluffs of poplar and willow. The land is high and of good quality. During the time of survey the whole township was devastated by fire, which destroyed nearly all the wood growing upon it. There is no running water in the township; the nearest water is that of Rivière Salle and Red River. Is in the Half-breed reserve.

— Unsettled

TOWNSHIP 9, RANGE I, WEST,

Is suitable for grazing purposes. That portion contiguous to Rivière Salle is wooded and watered and well adapted to crop raising. A part of the Half-breed reserve. The nearest post office is Headingley. Mail semi-weekly.

- Boddy John, farmer
- Brown James, farmer
- Burns Robert, farmer
- Burns Walter, farmer
- Gagnon David, farmer
- Murray Alexander, farmer
- McIntyre Samuel, farmer
- Robinson William, farmer
- Tirell William, farmer
- Wrixon John, farmer
- Wrixon William, farmer

TOWNSHIP 9, RANGE II, WEST.

The soil of this township is very good, consisting of a considerable depth of rich mould, underlaid by a strong clay subsoil. The land is generally dry. The only marshes of any consequence are in the southern part of the township, and they are surrounded by good hay land. The chief timber is oak, elm and poplar. It is of poor quality, being short and scrubby. The greater part of the woods is on the Rivière Salle, running through the northerly part of the township in a south-easterly direction. The water in the stream is fresh and good. Is part of the Half-breed reserve. The nearest post office is Headingley. Mail semi-weekly.

- Boucher Isidore, farmer
- Boucher Joseph, farmer
- Code Abraham, farmer
- L'Espérance André, farmer

TOWNSHIP 10, RANGE I, EAST,

Is excellent dry rolling prairie, with the exception of about one-fourth of it, which is lay land. This portion of it is low rich bottom land, and produces a rank growth of hay. The dry land is excellent soil, having a rich black loam with subsoil of clay. This township is lightly timbered with clumps of poplar and willow. The largest portion of this township is covered by the river belt of the Assiniboine River, the balance is in the Half-breed children's reserve.

— Unsettled

TOWNSHIP 11, RANGE I, EAST,

Is a level prairie with a few willow bushes. The Sturgeon Creek running through it from west to east, and about the middle from north to south, gives to this township a great advantage. The soil is in general of first-class, and very well adapted for agricultural purposes. Is north to the Assiniboine River. The southern portion is covered by the River belt of the Assiniboine River and the northern portion is in the Half-breed reserve, Section 36 being also in the Railway reserve.

— Unsettled

TOWNSHIP 12, RANGE I, EAST,

Is a rolling prairie with a good many depressions thereon, forming meadows, part of which have been cut. Some of these meadows are

covered with a most luxuriant growth of grass, reaching upwards of five feet. In places where these meadows had been cut the second crop was found to be eighteen inches high. Two crops of hay may be procured in one season with ease. A prominent ridge runs from the north-west to the south-east containing lime, marl and gravel. There is no running stream or natural spring of water in this township, but wells have been dug by the hay-makers, of which one contained some water in a depth of eight feet, at dry season, leading to the conclusion that a supply of water will never fail when properly looked for. At the places where the wells

have been dug the section of the ground was two to four feet of black mould, and under it blue or yellow clay. On the higher prairie the surface soil has a depth of from six inches to one foot, with clay under it, except in those places where the gravel predominates. There is not much wood in this township, the whole may be estimated at about three hundred and fifty to four hundred acres, consisting of young poplar and scrubby oak. Is in the Half-breed reserve, the north-eastern half being also in the Railway reserve.

— Unsettled

THE MANITOBA DIRECTORY,

FOR 1879-80.

THE Publishers in thanking the Public for the liberal patronage given to the Manitoba Directory, during the past three years, beg most respectfully to inform their numerous friends that the fourth edition—1879-80—will be enlarged and completed by the addition of very valuable information.

ELECTORAL DIVISION No. 10, OR ST. CHARLES.

This division extends from the Electoral Division of Headingley to the Red River, following the south bank of the Assiniboine River from the parish of St. Charles, excepting that portion of the parish of St. James which is on that side of the same river. It comprises the parishes of St. Charles and St. Boniface West. The land is very rich, and the farmers are generally wealthy. The steamboats to the Portage call at St. Charles. Population about 600. Number of voters 211.

Limits: — Electoral Division No. 10, or St. Charles, comprises all the settlements on the north side of the Assiniboine River lying within the settlement belt, between the Sturgeon Creek and the east line of Electoral Division No. 9, or Headingley, and the settlements on the south side of the Assiniboine River, between its junction with the Red River and the east line of Electoral Division No. 9, or Headingley, and extending up the west bank of the Red River as far as the south line of Robert Patterson's or lot No. 1, St Boniface, and Township 10, Range 2, east.

ST. CHARLES.

Founded in 1854 by Rev. L. Leflèche, now Bishop of Three Rivers, P.Q. Has a Roman Catholic Church, several schools, stores and a post office. Mail semi-weekly. Distance from Winnipeg, 9 miles.

TOWNSHIP 10, RANGE II, EAST.

About three-fourths of this township is bush-land. The poplar timber is generally small; but will be valuable for fencing and firewood, although none of it will be suitable for building purposes. The soil, where timbered, inclines to sand and white clay, but the greater portion of it is first-class land. The remaining portion of the township is good hay land, and produces an excellent growth of hay. The northern portion is in the river belt of the Assiniboine River. The rest forms part of the Half-breed reserve.

ELECTORAL DIVISION No. 11, OR ST. JAMES,

Is one of the smallest constituencies of the Province. It is situated west to Winnipeg, on the Assiniboine River. The soil is very rich and well cultivated. The proximity of the city of Winnipeg makes this place one of the most desirable in the Province. The Portage steamboats call here. Population about 300. Number of voters, 120.

Limits:—Electoral Division No. 11, or St James, comprises all the settlements on the north side of the Assiniboine River lying within the settlement belt, between the Sturgeon Creek and the City of Winnipeg, and Townships 11, 12, Range 2, east.

ST. JAMES.

The finest locality in the Province, possessing several first-class residences. Was established by the late rev. W. H. Taylor. The Parsonage was built in 1857 and the Church in the following year. Mr. Taylor held the Incumbency till 1867, when he retired to England, to be succeeded in 1868 by the present Incumbent. A brewery and stores are found here. Distance from Winnipeg about 4 miles. Has a post office. Mail semi-weekly.

TOWNSHIP 11, RANGE II, EAST,

Is wholly deficient in timber, there being only a few swamp willow and some dying poplar in Section 27, but till lately that tract was quite a luxuriant poplar bluff. The supply of water is plentiful. Sturgeon Creek waters the south-west corner, and there is a small pond or large spring of most excellent water between Sections 20 and 21. There is also a spring in the ravine in Section 22. The entire township will make valuable agricultural land. A rocky or stoney ridge traverses this township from north to south. Stone is quarried in the 34th Section and brought to

Winnipeg for building—it is a soft greyish limestone. Is in the Half-breed and Railway reserves. The nearest post office is St. James. Mail semi-weekly.

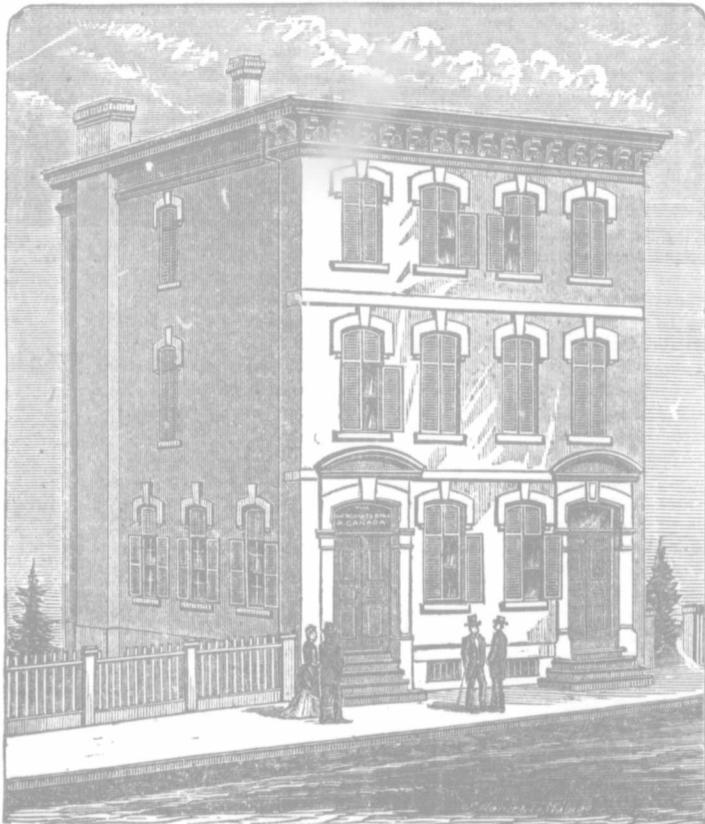

Hallett John, farmer
Mann John, farmer
Nemons William, farmer
Wells William, farmer

TOWNSHIP 12, RANGE II, EAST,

Is for the most part an open prairie, there being but three or four groves of poplar, a few oak,

and some swamp willow found on it; and it is quite likely that the fires which passed over it in the early part of October, 1871, have killed the greater portion of the trees, so that the future inhabitants of the township will have to obtain their supplies of firewood and fencing from other lands. With the exception of some small areas of salty land, where a very scanty herbage grows, the entire township may be classed as superior agricultural land. Is in the Half-breed and Railway reserves.

Of Official Report of Award to DOMINION ORGAN COMPANY,
Bowmanville, for Organs exhibited at the Centennial Exhi-
tion, Philadelphia, 1876.

INTERNATIONAL EXHIBITION. (No. 235.)

PHILADELPHIA, 1876.

The United States Centennial Commission has examined the report of the Judges, and accepted the following reasons, and decreed an award in conformity therewith.

PHILADELPHIA, December 5th, 1876.

REPORT ON AWARDS.

Product, Reed Organs. Name and address of Exhibitor, DOMINION ORGAN CO.,
Bowmanville, Canada.

The undersigned, having examined the product herein described, respectfully recommend the same to the United States Centennial Commission for award, for the following reasons, viz:

"Because they have produced in their instruments a pure and satisfying tone, by their method of voicing, and have a simple and efficient stop-action, with satisfying musical combinations, an elastic touch, and good general workmanship."

ELECTORAL DIVISION No. 12, OR WINNIPEG.

CITY OF WINNIPEG.

WINNIPEG, the capital and commercial centre of Manitoba, was formerly known as Fort Garry, and is situated at the junction of the Assiniboine with the Red River. It contains a population of about 8,000. Was incorporated as a City in November, 1873, and is divided into four wards, respectively known as the North, South, East, and West wards. The boundaries of the City are as follows: "Commencing where the northerly limit of lot 224 in the Parish of St. John, according to the Hudson Bay Company's Register, strikes the water's

edge of the Red River; thence north-westerly along the said limit of said lot to where the same intersects the eastern limit of the main highway, from Winnipeg to the lower parishes; thence along the said highway southerly across the said lot 224; thence north-westerly along the southerly limit of the said lot to the rear thereof; thence southerly along the rear of the lots in the settlement belt to the westerly angle of 249, originally bought from the Hudson Bay Company by William Drever; thence south-easterly along the southerly limit of the said lot 249 to where the same would be intersected by the extension of the easterly limit of the street laid out by the said Hudson Bay Company between lot Pensioners' 54 and lot 1,212, fronting on the Assiniboine River; thence southerly along the east limit of the said street to the water's edge on the said Assiniboine River; thence along the latter, easterly to the Red River; and thence down the westerly edge of the same with the stream to the place of beginning."

The City is well laid out with wide streets, Main street being the principal, on which are already many magnificent buildings. This fine street will in a short time be nearly equal to King street of Toronto, or St. James street of Montreal. The import entries at the Custom House are rapidly increasing every year. The value of lots within the City limits ranges from \$50 to \$3,000.

The City Government is divided into the following departments: finance, board of works, markets, licenses and police, fire, water and lights, fire inspector, board of health, cemetery committee. His Worship the Mayor is ex-officio member of all the committees. The fire department, which is very efficient, consists of two fine Silsby steamers, four hose-reels, 2,000 feet of the best 3-ply rubber hose, a hook and ladder truck complete. The brigade consists of 45 men. The two engineers are constantly on duty as well as the horses. Seven large tanks are scattered about its business streets, beside their never-failing river supplies. These tanks are kept constantly filled, and are never allowed to get low or empty.

Among the educational establishments in the City are the Central and the North Ward Public schools, the former attended by pupils of an intermediate grade; the latter is for primary pupils; the Manitoba College, under the auspices of the Presbyterian Church; the Roman Catholic Public School in the West Ward, and St. Mary's Academy in the East Ward.

The Press is represented in Winnipeg by the "Free Press" (Daily, Evening), published by Messrs. Kenny & Luxton, and the "Manitoba Free Press" (Weekly), published by the same, the "Standard" (Weekly), published by the Standard Printing and Publishing Company.

The market of the City of Winnipeg is a model of convenience. It contains 10 butchers' stalls and 6 hucksters' stalls. The butchers' stalls are fitted up with all the modern improvements and in the best of style, well lighted and ventilated.

The City is well supplied with Hotels, kept in first-class style. In conclusion, we refer our readers to our ADVERTISERS' BUSINESS CLASSIFIED DIRECTORY, for the principal Professional and Business men of the City and the whole Province.

City Property

The actual population of the City is about 8,000 inhabitants.

The growth of the City of Winnipeg has been increasing wonderfully during the past nine (9) years, during which the population has been calculated to be as follows:—

in 1870:—	600 inhabitants.
in 1871:—	800 “
in 1872:—	1500 “
in 1873:—	3000 “
in 1874:—	4000 “
in 1875:—	5000 “
in 1876:—	6,000 “
in 1877:—	7000 “
in 1878:—	8000 “

The total amounts of assessment since the incorporation of the City are as follows:—

In 1874:—	\$2,676,018 00
“ 1875:—	2,635,805 00
“ 1876:—	3,031,685 00
“ 1877:—	3,097,824 00
“ 1878:—	3,216,980 00

ASSESSMENT BY WARD FOR 1878.

West Ward:—	\$762,065 00
North Ward:—	516,020 00
East Ward:—	740,750 00
South Ward:—	1,198,145 00

Total, \$3,216,980 00

ELECTORAL DIVISION No. 13, OR KILDONAN.

This division comprises the parishes of Kildonan and St. Johns. It is situated north to the city of Winnipeg and the parish of St. Boniface East. The parishes of Kildonan and St. Johns were organized into a municipality in 1876. Population about 500. Number of voters, 152.

Limits:—Electoral Division No. 13, or Kildonan, comprises all the settlements on both sides of the Red River lying within the settlement belt, between the north line of the City of Winnipeg and the north line of James Murray's, or lot No. 38, Kildonan, on the west side of the river, the north line of Alexander Logan's, or lot No. 64, St. Boniface, and the north line of John Henderson's, or lot No. 39, Kildonan, on the east side of the river, and Township 11, Range 3, east.

KILDONAN.

One of the oldest parishes in the Province. The first settlers came from Scotland under the direction of Lord Selkirk. Has churches, stores, &c., literary and other societies. Has also a post office. Mail semi-weekly.

Municipal Council of Kildonan and St. Johns.

Organized in 1876.

Councillors:—Alexander Polson, John Matheson, Thomas Henderson and James Munro; George Munro, clerk.

ST. JOHNS

Is situated on the north limits of the city of Winnipeg and of the Parish of St. Boniface. In 1820 the Rev. J. West came out from England as chaplain to the Hudson Bay Co. One of his first works was the erection of a rude school house at St. Johns, where he commenced to educate a few children. This building served also for a church. Mr. West only remained in the country for three years. He was succeeded in 1823, by the Rev. P. Jones, as chaplain of the Company. The Rev. Archdeacon Cochrane came in 1825, and commenced his long ministerial service of 40 years in the country, in the chapel erected by Rev. Mr. West. After a time the wood building was replaced by a stone building, which was known as the Upper Church, and in 1862, this in turn was replaced by the present St. John's cathedral. St. Johns also possesses a very extensive college, known as

St. John's College, particulars of which will be found in the Miscellaneous Directory. A large tract of land has been purchased for the erection of a new institution, known as the St. John's College Ladies School. The nearest post office is Winnipeg.

ELECTORAL DIVISION No. 14, OR ST. PAULS,

Is situated on the Red River north, to the Electoral Division of Kildonan. It comprises the parish of St. Pauls and three townships on the west side of Red River, and two townships on the east side. The farms are generally well cultivated, and the soil is rich. Population about 300. Number of voters, 130.

Limits:—Electoral Division No. 14, or St. Pauls, comprises the settlements on both sides of the Red River lying within the settlement belt, between John Tait's, Water Mill Creek, on west side of the river, and the north line of Widow Irvine's, or lot No. 60, St. Pauls, on the east side of the river, and the north line of Electoral Division No. 13, or Kildonan, and Townships 12, 13, 14, Range 3, east, and Township 12, Ranges 4 and 5, east.

ST. PAULS,

As well as Kildonan, was first established by settlers from Scotland and natives, in the early days of the colony. This parish is well supplied with stores, &c. Steamboats from Winnipeg to Selkirk call here. Has a post office called Middle Church. Mail semi-weekly.

TOWNSHIP 12, RANGE V, EAST.

The soil is of first-class quality excepting in the centre of the township, where it is inferior. The timber consists of large poplar, from twelve to eighteen inches in diameter, and spruce and tamarac in the swamps of similar dimensions. Is in the Half-breed and Railway reserves. The nearest post office is St. Pauls. Mail semi-weekly.

Brown James, farmer
Bunn Alfred Charles, farmer
Fullerton James, farmer
Miller George, farmer
Sutherland Roderick, farmer

TOWNSHIP 13, RANGE III, EAST.

(North-east part.)—This portion of the township is almost surrounded by bogs, but the land is sufficiently high and dry for agricultural purposes. The soil is dark and rather

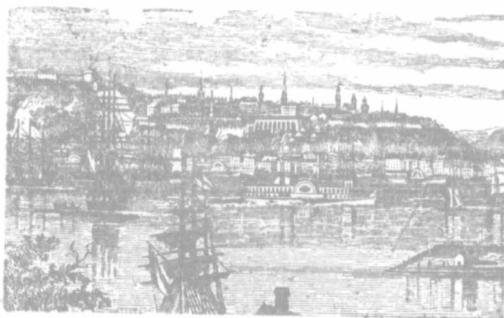

a stiff clay. The belt of meadow land running about three-fourths of the distance round it, and parts of Sections twenty-five and twenty-six, produce large quantities of hay. The western part is heavily timbered with oak and poplar, but a considerable portion of it has been lately damaged by fire. The southern part is thickly covered with the same kind of timber, though of much later growth,—the central willow bush interspersed with bluffs of poplar. Is in the Half-breed and Railway reserves. The nearest post office is St. Andrews. Mail semi-weekly.

Johnstone Charles, farmer
Mowat Thomas, farmer
McDonald Adam, farmer

TOWNSHIP 14, RANGE III, EAST.

The part surveyed is on the west side of the township, and is nearly all fine rolling prairie. The soil is a good rich loam mixed with clay. In the Half-breed and Railway reserves. The nearest post office is Lower Fort Garry. Mail semi-weekly.

Butts Edward, farmer

THE CITY OF QUEBEC.

ELECTORAL DIVISION No. 15, OR ST. ANDREWS SOUTH.

The Parish of St. Andrews is divided into two Electoral Divisions, respectively called St. Andrews South and St. Andrews North. It is situated on the Red River north to St. Pauls. The soil is good. Population about 490. Number of voters, 151.

Limits:—Electoral Division No. 15, or St. Andrews South, comprises all the settlements on both sides of the Red River lying within the settlement belt, between the north line of John Morwick's, or lot No. 74, St. Andrews, on the west side of the river, and north line of Donald Johnston's, or lot No. 201, St. Andrews, on the east side of the river, and the north line of Electoral Division No. 14, or St. Pauls, lying within the settlement belt.

ST. ANDREWS SOUTH.

Is the southern portion of the parish of St. Andrews. It is well provided with stores, mills, hotels, &c. Is the seat of the Registry office for the county of Lisgar. Has two post offices, respectively known as Park's Creek at the south, and St. Andrews at the north limits. Mail semi-weekly.

ELECTORAL DIVISION No. 16, OR ST. ANDREWS NORTH,

Is formed by the southern part of the Parish of St. Andrews and the northern part of the Parish of St. Clements. It is situated on the Red River north to Electoral Division No. 15. The soil is good. Population about 500. Number of voters, 175.

Limits.—Electoral Division No. 16, or St. Andrews North, comprises all the settlements on both sides of the Red River lying within the settlement belt, between the north line of George Calder's lot, or lot No. 10 St. Clements, on the west side of the river, the north line of Thomas Bunn's lot, or lot No. 104 St. Clements, on the east side of the river, and the north line of Electoral Division No. 15, or St. Andrews South, and fractional township 13, Ranges 4, 5, 6, east. St. Andrews North is the northern part of the Parish of St. Andrews. Lower Fort Garry is built here. Is the seat of the County Court for Lisgar. Has two post offices, one on the south limit, called St. Andrews, and the other on the north, known as Lower Fort Garry. Mail semi-weekly.

TOWNSHIP 13, RANGE IV, EAST,

It is well adapted for cultivation. Though there are numerous swamps they are neither deep nor large in extent. The prevailing timber is poplar, and is not of any great size, excepting along the banks of "Cook's Creek." A large part of the township is covered with scrub. The creek is supplied by springs along its course, and is consequently never dry in summer nor much frozen in winter. The water is pure and good. Large quantities of hay are cut from the swamp land each year. Is a fractional township. Part of the Half-breed and Railway reserves. The nearest post office is Lower Fort Garry. Mail semi-weekly.

- Massey Robert, laborer
- McPherson A., farmer

STADACONA.

TOWNSHIP 13, RANGES V & VI, EAST.

Range V is well adapted for cultivation. Though there are numerous swamps they are neither deep nor large in extent. The prevailing timber is poplar, and is not of any great size, excepting along the banks of "Cook's Creek." A large part of the township is covered with scrub. The creek is supplied by springs along its course, and is consequently, never dry in summer nor much frozen in winter. The water is pure and good. Large quantities of hay are cut from the swamp land each year.

Range VI is not well adapted to farming, excepting Sections numbered 19 and 30. The swamps are large, numerous, and impassable, except in midsummer or during the winter season. The remaining portions of the township are heavily wooded with poplar and a few scattered oak and spruce. The soil, however, along the banks of the "Devil's Creek" is good, as is shewn by the heavy growth of underbrush amongst the poplars. Fires have, at some former time, run over the principal part of the township, leaving extensive and heavy windfalls. Both are fractional townships and are part of the Half-breed and Railway reserves. Range VI is unsettled. The nearest post office is Lower Fort Garry. Mail semi-weekly.

- Harper Philip, farmer
- Kirkness William, farmer

ELECTORAL DIVISION No. 17, OR ST. CLEMENTS.

This Electoral Division is situated south to Lake Winnipeg in the north-eastern portion of the Province. It comprises two Indian reserves, and the Railway reserve covers its largest part. The Icelandic reserve is situated north to the western section of the Division, along the banks of Lake Winnipeg, which is remarkable for its great variety and abundance of excellent fish. The country here is generally covered with marshes and swamps, and the soil is mostly of inferior quality for agricultural purposes. There is an abundance of timber. Population about 600. Number of voters, 222.

Limits.—Electoral Division No. 17, or St. Clements, comprises all the settlements on both sides of the Red River lying within the settlement belt, in the Parish of St. Peter's, and that part of the Parish of St. Clements north of the north line of Electoral Division No. 16, or St. Andrews North, and Townships 14, 15, 16, 17, Ranges 4, 6, 7, 8, 9, 10, east.

ST. CLEMENTS NORTH,

One of the parishes in the river belt, is, as all the other parishes on lower part of Red River, one of the first settlements of the Province. A part of this Parish is included in the Electoral Division No. 16, or St. Andrews North. The name of the post office is Selkirk. Mail semi-weekly.

CLANDEBOYE,**TOWNSHIP 14, RANGE IV, EAST,**

Is generally level and dry, with the excep-
 tion of parts of Sections 2, 3, 10 and 11, and
 a large morass extending from the centre of
 Section 6 to the centre of Section 17, which
 make excellent hay lands. The soil is very
 suitable for farming purposes, especially that
 portion which is covered with short oak and
 hazel, being a dark friable loam. Is a frac-
 tional township, situated in the Half-breed
 and Railway reserves. Has a post office.
 Mail weekly.

TOWNSHIP 14, RANGE VI, EAST.

This township is traversed by numerous roads,
 which are used for lumbering purposes. The
 best of the timber has been cut off, though
 there is still considerable quantities fit for
 building and fencing purposes. Were a chan-
 nel cut through the swamps to the "Devil's
 Creek" it would, by draining them, make
 good farming land, the soil being dark loam
 and very deep. Is a fractional township in
 the Half-breed and Railway reserves.

— Unsettled

TOWNSHIP 14, RANGE VII, EAST.

The westerly part is covered with small pitch
 pine and burnt woods. The soil is sand and
 gravel, and unfit for any agricultural purpose.
 The remainder of the township is burnt woods,
 with a second growth of spruce and poplar.

The soil is good, with some good hay marshes and swamps. The west half of this township is in the Half-breed reserve and the whole in the Railway reserve.

— Unsettled

TOWNSHIP 14, RANGE VIII, EAST.

The land is chiefly of an inferior quality, excepting on the banks of the Broken Head River, where it is rich and loamy. The remainder of the township is composed of principally spruce swamps and hay land, with a large extent of heavy poplar. Is in the Railway reserve.

— Unsettled

TOWNSHIP 14, RANGE IX, EAST.

— Unsurveyed

TOWNSHIP 14, RANGE X, EAST.

— Unsurveyed

TOWNSHIP 15, RANGE IV, EAST,

Contains a soil of very good quality, and is timbered with large poplar, oak and willow. It is well watered by the Nipon Sipi or Netley Creek. A fractional township, situated north to Olandeboye, which is, with Pequis, the nearest post office. Mail weekly.

Campbell Joseph, farmer
Muckle Alexander, farmer
Muckle Robert J. T., P.M., farmer
McLeod John, farmer
Smith James, farmer

TOWNSHIP 15, RANGE VI, EAST.

This is one of the most favorable townships in this section of the country for the purpose of settlement, the land throughout is rolling, and covered for the most part with poplar, spruce and tamarac of the best quality. There are also good oak and ash. It is dotted with numerous small, good hay marshes. The soil is a good black loam with a substratum of white clay. A fractional township in the Railway reserve.

— Unsettled

TOWNSHIP 15, RANGE VII, EAST.

The soil is generally of inferior quality, being sandy or swampy, with burnt woods, except on the Broken Head River, which flows through the north-easterly part of the township, where the land is of an excellent quality, thickly wooded with fine oak, pine, poplar and ash. The north-western portion is in an Indian reserve and the whole of the township is in the Railway reserve.

— Unsettled

TOWNSHIP 15, RANGE VIII, EAST,

Is one large muskeg with small tamaracs and willows, except a narrow strip along the

Broken Head River, from two to five chains in depth, where the soil is good, and contains some good-sized spruce, elm and poplar. Is in the Railway reserve.

— Unsettled

TOWNSHIP 15, RANGE IX, EAST.

— Unsurveyed

TOWNSHIP 15, RANGE X, EAST.

— Unsurveyed

TOWNSHIP 16, RANGE IV, EAST,

With the exception of the eastern tier of sections, is nearly all wooded with poplar of a large size and best quality. There are a few hay marshes interspersed. The soil is of very good quality. There are no rivers or creeks in it. Second township north to Clandeboye. A fractional township, situated south-west to Lake Winnipeg. Is in the Railway reserve. The nearest post office is Pequis. Mail weekly.

WINNIPEG, July 1st, 1878.

ELECTORAL DIVISION No. 18, OR ROCKWOOD.

The Electoral Division of Rockwood, comprised of twenty-four townships, is the most extensively-peopled rural division in the Province. The population is made up almost entirely of people from Ontario who have immigrated since the creation of the Province. It possesses varied and valuable resources, being made up of rich prairie and heavily-timbered land, and contains inexhaustible quarries of gray limestone, very valuable for building purposes. The route of the Canada Pacific Railway lies across this Division. The settlements are thrifty, though the Railway line reserve has been and is a considerable drawback to their growth. Population about 1250. Number of voters, 641.

Limits.—Electoral Division No. 18, or Rockwood, comprises Townships 13, 14, 15, 16, 17, Ranges 1, 2, east; Townships 13, 14, Ranges 1, 2, west; Townships 15, 16, 17, Range 1, west; and those parts of Townships 16, 17, Range 2, west, to the east of Shoal lake.

GRASSMERE,

TOWNSHIP 13, RANGE I, EAST.

Three-fourths of this township comes under the head of "First Class." The soil is a rich loam, in some places mixed with gravel. The remaining one-fourth rates second or third class, being covered by boulders and marshes, some of which are very extensive. No valuable timber is to be found, the chief being poplar with a few scattered scrubby oak. Wild fruit, such as plums, cherries, strawberries and raspberries, and hazel nuts, are very plentiful. Is situated west to Rockwood. This township is in the Railway reserve. Has a first-class grist mill, a general store and a post office, named Stonewall. Mail weekly.

ROCKWOOD,

TOWNSHIP 13, RANGE II, EAST.

The south-easterly portion—about two-thirds of the township—is chiefly open prairie of the very best description. The soil is composed of black vegetable mould, from eight to twelve inches deep, with a subsoil of clay and gravelly loam, and cannot be surpassed for richness. The north-west part is principally barren, the soil a gravelly loam, and somewhat stony in places. It is thickly covered with bluffs of poplar and clumps of large willows and alders. This township is in the Railway reserve, it is situated twelve miles north to the City of Winnipeg. The new penitentiary has been erected on Stony Mountain, situated in this township. The township is well settled and nicely cultivated. Has a post office. Mail weekly.

Municipal Council of Rockwood,

Organized in 1877.

BRANT,

TOWNSHIP 14, RANGE I, EAST.

This township is partially covered with poplar bluffs. The north sections have the largest quantity. The fire having run over the greater part of them, young poplar is growing rapidly among the burnt timber. The western portion of the township is stony and gravelly, with scattering stunted oaks. There is some excellent hay land in the south-eastern part. The soil is generally a fine clay loam; and water may be obtained at a moderate depth from the surface. Narrow ridges of stone and gravel are to be found throughout the township. Taken altogether this township is well adapted for agricultural purposes. The eastern 24 sections are in the Half-breed reserve, and the whole of this township is in the Railway reserve. It is west to Victoria and north to Grassmere. Stonewall is the nearest post office. Mail semi-weekly.

Anderson William, farmer
 Hannal Frederick, farmer
 Harper Peter, farmer
 McCreight John, farmer

VICTORIA,

TOWNSHIP 14, RANGE II, EAST.

Is for the most part level prairie. An extensive marsh lies in the easterly part of the township, through which flows Jack Fish Creek. On the south-west there is a good deal of poplar, a large portion of which is fit for building purposes. There are some small islands of poplar on some of the prairie land. The soil is generally loam mixed with clay. The twelve eastern and western sections are in the Half-breed reserve, and the whole is in the Railway reserve. Is situated north to Rockwood. Has a post office. Mail weekly.

RIDGEWAY,

TOWNSHIP 15, RANGE I, EAST.

The surface of this township is principally wooded. The best timber extends in a strip about a mile wide, from the north boundary of Section thirty-five into Section eleven. The remainder is more broken and principally dense thicket of poplar saplings, with very bad and frequently occurring windfalls. The southern and eastern tiers of sections are excellent land, but the remainder is alternate marshes and ridges. Is in the Railway reserve. It is situated west to Greenwood, which is the nearest post office. Mail weekly.

GREENWOOD.

TOWNSHIP 15, RANGE II, EAST.

The surface is generally undulating, except in the extreme east, where the land is low and flat, with a large marsh and bog in the south-east corner, on the edge of which there is a large extent of hay land. This township is well wooded. The timber is principally poplar of large growth, good for building purposes. The soil is chiefly a rich loam mixed with clay. It is well supplied with water from living springs and small streams, and water can be obtained by digging from twelve to fifteen feet in any part of the township. Is situated north to Victoria, and is in the Railway reserve. Has a post office. Mail weekly.

TOWNSHIP 17, RANGE I, EAST.

A large portion is well wooded, principally with poplar, and the soil is of an excellent quality for settlement. There is a small lake four miles long, in the centre of the township, and a few small ponds in the southerly part. Is in the Railway reserve.

— Unsettled

TOWNSHIP 17, RANGE II, EAST.

A large portion is well wooded, principally poplar. The soil is of excellent quality. Is in the Railway reserve.

— Unsettled

TOWNSHIP 13, RANGE I, WEST.

The south and west parts of this township are prairie. The north is well wooded with poplar. Fire has run through the principal portion of the bush. The land is generally of good quality where the groves of wood occur. It is slightly stony. The prairie is full of hay marshes, but in places dry ridges are to be found. On Section 1 a ridge of limestone exists about half a mile in circumference; here a limekiln has been built, which burns a large quantity of first-class lime. Is in the Half-breed and the Railway reserves.

— Unsettled

MEADOW LEA,

TOWNSHIP 13, RANGE II, WEST.

This is a prairie township; the soil is good, and dotted with hay marshes. There are a few groves of poplar on Sections 21, 20 and 19. Section 31 is half covered with wood. The seven north-eastern sections are in the Railway reserve. Is situated north to Baie St. Paul, second township west to Grassmere. The nearest post office is Woodlands. Mail weekly.

ARGYLE,**TOWNSHIP 14, RANGE I, WEST,**

Consists of groves of poplar, and glades of prairie. The prairie and bush are about equally divided. A large portion of the latter has been killed by fire. The soil is dry and of average quality; a gravel ridge extends along the northern tier of sections, the soil in which is light and sandy. At the foot of the ridge the soil is stony. From about one mile south of the ridge to the Base Line the soil is of good quality. Good water can be obtained by digging wells. The south half is in the Half-breed reserve and the whole township is in the Railway reserve. Is situated west to Woodlands, which is the nearest post office. Mail weekly.

WOODLANDS,**TOWNSHIP 14, RANGE II, WEST.**

This township is well fitted for settlement. The land is of the best quality, and along the western portion of the township is covered with large poplars suitable for building purposes. A fine ridge crosses the two northern tiers of sections, elevated about twenty feet above the surrounding country to the south, and sloping gradually to the north. Anywhere along the ridge a good supply of water can be obtained a few feet from the surface. Is in the Railway reserve and north to Meadow Lea. Has a post office. Mail weekly.

TOWNSHIP 15, RANGE I, WEST.

About two-thirds of this township are good land for settlement. Scattered groves of small poplar woods occur fit for fencing and fuel, but none of sufficient size to be of value for building. In the vicinity of Shoal Lake a few stony ridges are to be met with. The lake mentioned is of slightly brackish water, but not known to be unwholesome. Is situated south-east to Shoal Lake in the Railway reserve.

— Unsettled

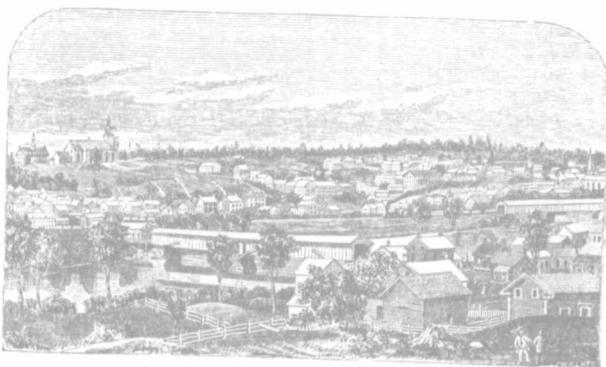

TOWNSHIP 16, RANGE I, WEST.

The greater part of this township is suited for settlement. The northern portions are more or less thickly wooded with poplar. The smallness of the trees met with restricts their use, for the present, to fencing and fuel. Stony patches or ridges occur in a few places. Is situated east to Shoal Lake, and forms part of the Railway reserve.

TOWNSHIP 17, RANGE I, WEST.

Is suitable for settlement, having, with the exception of a few stony ridges, a good soil for cultivation, and is well supplied with wood for fencing and fuel. The surface is undulating; in some of the low grounds hay marshes occur. In the Railway reserve.

— Unsettled

SHERBROOKE, PROVINCE OF QUEBEC.

ELECTORAL DIVISION No. 19, OR SPRINGFIELD.

The Electoral Division of Springfield comprises the municipality of the United Townships of Springfield and Sunnyside, which was erected in 1873. W. R. Dick, M.P.P., being the first reeve. This municipality was the first erected in the Province. The Division also comprises several townships situated north-east and south-east to Springfield and Sunnyside. It is situated east to the parishes of St. Boniface, St. Johns and Kildonan. It is mostly all prairie, but there is a large area of timber lands on the eastern limits of the Division. Population about 700. Number of voters, 326.

Limits:—Electoral Division No. 19, or Springfield, comprises Townships 10, 11, 12, Ranges 6, 7, east; Townships 10, 11, Range 5, east, and Township 11, Range 4, east.

SPRINGFIELD,**TOWNSHIP 11, RANGE IV, EAST.**

The land is of the best quality with few exceptions, and there is a quantity of timber. The first settlements in this township were made in 1872 and the land was soon all taken up. Forms part of the Railway reserve. Has a post office. Mail semi-weekly.

Municipal Council of Springfield and Sunnyside.

SUNNYSIDE,

TOWNSHIP 11, RANGE V, EAST.

This is a first-class township for farming purposes, furnishing fine pasture lands with soil of the richest quality. About one-sixth of the area of the township is taken up by marshy meadow land, very valuable for its hay. This marshy land has a considerable fall and outlet to the north-east and north-west, the water emptying into "Cook's Creek." Though springs are numerous there are no creeks or running water in the township. Strawberries, raspberries, cherries, plums and currants, are the principal wild fruits. Is part of the Railway reserve. It is situated west to Springfield, which is the nearest post office. Mail semi-weekly.

TOWNSHIP 11, RANGE VI, EAST.

The soil is a rich clay loam on the westerly two-thirds; the easterly third has a gravelly loam on the top of the ridges, in some places stony, and a rich loam at their foot. Over one-sixth of the area is taken up by marshy meadow, most of which would be unfit for cultivation; it is valuable for the hay it produces. The largest portion of this marshy land lies on the western side, and appears to be a good deal higher than the bottom of "Cook's Creek," into which it drains; most of it could be drained at very little cost. Several sections are all poplar. Water can be found by digging at no great depth. It is situated west to Sunnyside, and is in the Half-breed and Railway reserves. The nearest post office is Cook's Creek. Mail weekly.

Edie David, farmer
 Murdock George, farmer
 Nichols George, farmer
 Ross Malcolm, farmer

COOK'S CREEK,

TOWNSHIP 12, RANGE VI, EAST.

Rolling land traversed by numerous ridges and marshes, mostly bearing north-west and south-east. Some of these marshes are very extensive and miry, though very valuable for their hay. Nearly half of the township is covered by poplar bush. There are several small creeks in the township, one of which is called "Cook's Creek." This being a spring creek furnishes water during the whole year. This township is in the Half-breed and Railway reserves. Has a post office. Mail weekly.

ELECTORAL DIVISION No. 20, OR ST. BONIFACE

This Electoral Division comprises the town and the parish of St. Boniface, the parish of Notre Dame de Lorette and the settlement of Prairie Grove. The River Seine runs through the division and flows into the Red River. The completion of the Pembina branch of the Canadian Pacific Railway will add materially to the importance of this portion of the country. The soil is good and hay is abundant. Population about 1000. Number of voters, 286.

Limits:—Electoral Division No. 20, or St. Boniface, comprises the settlements on the east side of the Red River lying within the settlement belt, between the south line of Electoral Division No. 13, or Kildonan, and the south line of Ambroise Lepine's, or lot No. 119, St. Boniface, including the settlements on the German Creek, and fractional townships 10, Ranges 3 and 4, east, east of Red River, and Township 9, Ranges 4 and 5, east.

ST. BONIFACE,

Which is now the Metropolitan See of the R. C. Ecclesiastical Province of St. Boniface, was founded, in 1818, by Rev. J. N. Provencher, who was sent from Quebec with Rev. S. J. N. Dumoulin, at the request of Lord Selkirk, to establish a mission at Red River. The first chapel was built the year after their arrival. Rev. J. N. Provencher built the first stone house in the country. It was a small one, intended for his residence, and as an experiment to know whether he could succeed afterwards, with the material and hands in the country, to build a stone church. In fact the success of the experiment induced him to erect a large stone cathedral, in 1833, which was destroyed by fire on the 14th December, 1860. The actual cathedral was erected, in 1862, by His Grace the Most Rev. Alexandre Taché, Archbishop of St. Boniface. St. Boniface is nicely situated, on the east side of the Red River, opposite the Assiniboine and facing Winnipeg, which affords, from St. Boniface, a pleasant view of the rivers and of the city. The most remarkable edifices of the locality, all in a row, parallel to the river, present a pleasing scene. The first is the new Hospital under the care of the Sisters of Charity; the second is the Convent where the Sisters support orphans and aged or infirm women; the third is the Young Ladies Academy, which is also under the direction of the Sisters of Charity; the fourth is the Cathedral, built of cut stone and having a splendid organ which has been purchased by friends of His Grace Archbishop Taché, from the Province of Quebec, and presented to him on the 24th June, 1875; the fifth is the Archbishop's Palace, also built of stone and having in front walks planted with trees; the sixth is the College where boys receive a good commercial and classical education. Besides the above-mentioned buildings there is a number of good dwellings, of which the residence of the Hon. Joseph Royal is the largest and the most elegant. St. Boniface is the proposed

terminus of the Pembina branch of the Canadian Pacific Railway, which is to connect with the Trunk line near the point where the Main line crosses Red River. With these railway connections, the water facilities and the central position of the place, this locality will always be one of the most important places in the Province. The town is well laid out with large and straight avenues and streets, and is growing with such rapidity as to become shortly a large and flourishing city. It possesses already a large saw mill, three stores, well supplied, and several hotels, shops, general agencies, &c. *Le Mitis*, the organ of the French population, is printed here, and it has a very good job printing office. The town connects with Winnipeg, by means of a steam ferry, crossing Red River every five minutes. Mail daily.

Is extensively received by the French-speaking population, and has a large circulation, both in this Province and abroad. It will be found a good medium for ADVERTISEMENTS.

J. C. S. ROYAL,

Manager.

St Boniface, Manitoba.

NOTRE DAME DE LORETTE,

Is situated on Rivière Seine, between the Parishes of St. Boniface and Ste. Anne des Chènes. The first settlements were made in 1800, and in 1873 a mission was founded by Rev. J. D. Filion. Has a Catholic church. Two school districts are established, one at each end of the Parish. The name of the post office is Loretto. Mail weekly.

PRAIRIE GROVE,**TOWNSHIP 9, RANGE IV, EAST.**

A large portion of this township consists of deep marsh, quite unfit for cultivation. The remainder is flat, the land nowhere of really good quality; on the whole the north-eastern part is the best. Towards the south and east the land is flat, with black soil and generally clumps of willow and poplar. Large quantities of coarse hay are cut on these lands. The south-western part is pretty good land. This settlement was made in 1872. The rest of the township now in the Half-breed reserves. It has a post office. Mail weekly.

TOWNSHIP 10, RANGE IV, EAST.

The soil is generally good, although to the south and west there is a quantity of marsh. There are no streams, and no timber of a big value, except for firewood. There is a good deal of hay land. At the time of survey, the great fire, which had recently passed over the whole district, had destroyed all grasses, and left the open country a blackened waste; it was therefore difficult to judge of the quality of the land. The east half of this township forms part of the Roman Catholic church property and the rest is in the Half-breed reserve.

— Unsettled

TOWNSHIP 9, RANGE V, EAST.

The surface of this township is generally level prairie, interspersed with islands of poplar, with a fair quantity of low rich bottom land, good for hay, which, with a small amount of drainage, could be made first-class farming land. The Rivière La Seine runs through the south part of the township from east to west,

THE CITY OF MONTREAL.

ELECTORAL DIVISION No. 21, OR ST. VITAL.

This Electoral Division, comprising the parish of St. Vital and a part of the parish of St. Norbert is situated on the Red River, south to the parish of St. Boniface. The land as all along the River Belt is very good and well timbered. Population about 600. Number of voters, 186.

Limits:—Electoral Division No. 21, or St. Vital, comprises all the settlements on the Red River lying within the settlement belt, between the south line of Robert Patterson's, or lot No. 1, St. Boniface, and the bridge over the River Salle, on the west side of the River, the south line of Ambroise Lepine's, or lot No. 119, St. Boniface, and the south line of lot No. 163, St. Norbert, on the east side of the river, and Township 9, Ranges 2 and 3, east.

ST. VITAL.

A mission forming part of the R. C. Canonical Parish of St. Boniface; a chapel, and a school under the direction of the Sisters of Charity were established here in 1860. Has a post office. Mail weekly.

ST. NORBERT NORTH.

This parish was established in 1856 by rev. Father J. M. Lestang, O.M.I. There are two R. C. churches, one boarding-school for young ladies, under the direction of the rev. Sisters of Charity, and several common schools. The village is very nicely situated at the mouth of Rivière Salle, on the west side of the Red River, and it contains two general stores, one large steam grist and saw mill, and several shops. It is the seat for the County Court and the Registry office for the County of Provencher. The village and the northern part of the parish are in the Electoral Division of St. Vital. The southern part is in the Electoral Division of St. Norbert. There is a post office. Mail daily.

TOWNSHIP 9, RANGE II, EAST,

Is low, wet prairie land; about one-half of it is
 covered with small poplar and willow. Sec-
 tions 31, 32, 33, in the north end, and 1, 2, 3,
 4, in the south end, as well as the extreme
 western tier of quarter sections, are dry
 prairie of good quality, and fit for cultivation.
 Large quantities of hay are cut yearly upon
 this township. Is a fractional township and
 forms part of the Half-breed reserve.

— Unsettled

TOWNSHIP 9, RANGE III, EAST,

Is in the River belt except the south-eastern
 fraction which is in the Half-breed reserve.

— Unsettled

ELECTORAL DIVISION NO 22, OR ST. NORBERT,

Situated on Red River, north to the village of the same name. Population about 550. Number of voters, 169.

Limits:—Electoral Division No. 22, or St. Norbert, comprises the settlements on both sides of the Red River lying within the settlement belt, between the south line of Electoral Division No. 21, or St. Vital, and the north lines of lots 639 and 640, Ste. Agathe, and Township 8, Ranges, 2, 3, 4, and 5, east.

ST. NORBERT SOUTH.

The southern part of the Parish of that name. For particulars see preceding Electoral Division. Has a post office. Mail daily.

TOWNSHIP 8, RANGE II, EAST.

The soil of this township is excellent for both sowing and grazing purposes, but it is defective in two very essential things—wood and water. What little wood there is is small, and the water in the river is impregnated with salt. Rivière Salle runs through this township. Forms part of the Half-breed reserve.

— Unsettled

TOWNSHIPS 8, RANGE III, EAST,

Is suitable for farming. Timber scarce. A fractional township, mostly all in the River Belt.

— Unsettled

ISLE DE CHENE,

TOWNSHIP 8, RANGE IV, EAST.

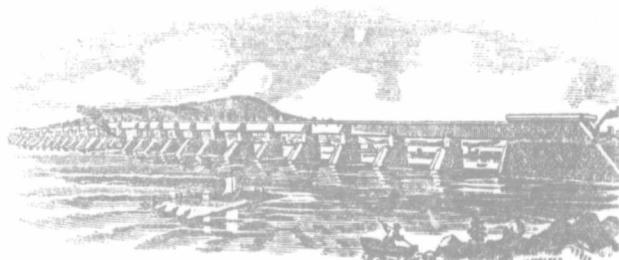

Excellent land, well adapted for farming. Is part of the Half-breed reserve. The nearest post office is St. Norbert. Mail daily.

Ledoux Joseph, farmer
 Phaneuf François, farmer
 St Pierre Raphael, farmer

TOWNSHIP 8, RANGE V, EAST.

The northern part of this township, extending from the north boundary nearly to the road which leads from Winnipeg to St. Anne is either bog or level wet land, broken occasionally by low dry willow or poplar ridges. In the south-west corner there is also a quantity of low flooded land, which renders some four or five sections unfit for farming. From the west boundary of the township at its intersection with the Winnipeg and St. Anne road, there is a belt of good clay loam prairie land, running along the north side of the above-mentioned road to the east boundary, and running along the south of the road about one third of the distance across the township, at which point it widens out and extends to the south boundary of the township. Is in the Half-breed reserve.

— Unsettled

VICTORIA BRIDGE, MONTREAL.

ELECTORAL DIVISION No 23, OR STE. AGATHE.

This Electoral Division is the largest in the Province after Rockwood. It comprises an area of over forty townships, besides the several parishes and settlements along the Red River. The land along the river is generally well timbered, and the soil is good. The Division is traversed by Rivière aux Marais, Rivière aux Roseaux and Rivière aux Gratias, which flow into the Red River. A line of steamboats is established between Emerson and Winnipeg, stopping at all intermediate posts. The towns of Emerson and Morris are progressing rapidly, and will become important centres of traffic for the surrounding districts. Population about 3,000. Number of voters, 560.

Limits:—Electoral Division No. 23, or Ste. Agathe, comprises all the settlements on both sides of the Red River, between the south line of Electoral Division No. 23, or St. Norbert, and the south boundary of the Province; and Townships 1, 2, 3, 4, 5, 6, 7, Range, 1, west, and Townships 1, 2, 3, 4, 5, 6, 7, Ranges 1, 2, 3, 4, 5, east and Townships 1, 2, 3, 4, 5, 6, Ranges 6, 7, 8, east.

STE. AGATHE.

This parish was founded in 1872 by rev. J. B. Proulx, R. C. A church and a schoolhouse have been erected since that date. Has a post office. Mail daily.

DUFFERIN,

TOWNSHIP 1, Range II, East.

The general character is a beautiful rolling

prairie, sheltered from the north-west winds by Rivière aux Marais timber belt, and from the east winds by the Red River belt. It is wooded only on the borders of the Rivière aux Marais. The timber consists principally of oak and basswood, with scrub. The oak and basswood are of sufficient growth to be suitable for building, but there is only enough for the use of the sections in which it grows. Water is found in the bed of the Rivière aux Marais, and there is a small lake in sections eleven and fourteen. Good water may, however, be readily obtained by sinking a moderate depth. Dufferin comprises the fraction of Township 1, Range II, east, and the settlements on the river belt, except the outport of West Lynne. The Boundary Commission had a station here, which is now occupied by the Immigration Department. The buildings are used for the reception of immigrants. The nearest post office is West Lynne. Mail daily.

EMERSON.

The town of Emerson, situated on the east side of Red River, is a very promising place. The streets are well laid out, and the lots of a good size. Several churches, stores, hotels, shops, &c., are already established, and the place has become the commercial centre of the surrounding country. The Pembina Branch of the Canadian Pacific Railway will have its terminus here. The Dominion Lands department has a branch office here. Has no post office yet, the nearest being West Lynne, on the west side of Red River. Mail daily.

TOWNSHIP 1, RANGE I, WEST,

Comprises very rich soil, well drained by water courses, and commands a beautiful view of the belt of timber along the Pembina River to the south, as also of that along the Red River to the east. The only timber that this township contains stands in section 31, and will soon be appropriated for building purposes. Generally the township is rolling prairie, adapted for immediate cultivation, there being little or no low land. Is part of the Mennonites' western reserve. For information see Township 1, Range II, west.

TOWNSHIP 2, RANGE I, WEST.

This township is level prairie; soil, black loam, and is all fit for settlement. Part of the Mennonites' western reserve. For information see Township 1, Range II, west.

TOWNSHIP 3, RANGE I, WEST.

This township is open, level prairie, with a stiff, heavy clay soil. In the south-west portion of the township the soil is a light clay loam, and the land is higher, and has a gentle slope to the south. The lake, on the south-west part, is a fine body of water abounding in wild fowl. Forms part of the Mennonites' western reserve. For information see Township 1, Range II, west.

TOWNSHIP 4, RANGE I, WEST,

Is all prairie. The north half being high and dry with clay loam. The south half is somewhat lower and wet in the spring. There are no streams or lakes in the township, and the surface water which accumulates in the

spring is completely evaporated by July. Is situated south-west to Morris. The nearest post office is Scratching River. Mail daily.

Wheeler James, farmer

TOWNSHIP 5, RANGE I, WEST,

Is clear open prairie, with a fine clay loam soil. It is well fitted for agricultural purposes. Towards the south it is very level and free from bush, but towards the north it is somewhat rough and rolling. There is no timber of any description in the whole township.

— Unsettled

TOWNSHIP 6, RANGE I, WEST,

Is well suited for settlement. The soil is in most places a clay loam. In the vicinity of the Rivière aux Gratiass, the banks of which are some eighteen or twenty feet high, it is a stiff, heavy clay. This township is entirely destitute of timber. It is partly settled by Mennonites, but is not reserved. The nearest post office is Scratching River.

Enns Jacob, farmer

Froise Franey, farmer

Harmes Gerhard, farmer

Leowen Isaac, farmer

Leowen Peter, farmer

TOWNSHIP 7, RANGE I, WEST.

This township is watered and drained by the east branch of the Rivière aux Gratiass, which takes its rise partly in this township and partly in the adjacent one on the west. A large proportion of the land is high No. 1 prairie. On the west of the Rivière aux Gratiass the township skirts and takes in a part of the Great Hay Marsh, which divides the Rivière aux Iles de Bois from the Rivière aux Gratiass. This township is entirely destitute of timber. The north half of this township is in the Half-breed reserve.

— Unsettled

TOWNSHIP 1, RANGE I, EAST.

The soil consists of the best clay loam, and is very fertile, beautifully undulating. The only timber grows on the banks of the Rivière aux Marais. It is very limited in quantity. The surface is dry, but water can be easily obtained by digging a moderate depth. Forms part of the Mennonites' western reserve. For information see Township 1, Range II, west. The nearest post office is West Lynne. Mail daily.

Houston Isaac H., farmer

Houston W. R., farmer

Irvine Thomas, farmer

Jenkins George, farmer

McCaul Daniel, farmer

TOWNSHIP 1, RANGE II, EAST.

— See *Dufferin*

HUDSON,

TOWNSHIP 1, RANGE III, EAST.

The surface is dry, level prairie. The Michel or Joe River flows through the south-westerly part, on the banks of which there is some good hay land. The soil is a sandy loam of

the best description. The only timber consists of a few small islands of poplar in the south-westerly portion. It is situated east to Emerson. The Pembina branch of the C.P. Railway runs through this township. The nearest post office is West Lynne. Mail daily.

*Clark Jackson, farmer

Hunter John, farmer

Parker J. B., farmer

Smith Andrew, sen., farmer

Smith Andrew, jun., farmer

Smith Charles, farmer

Vickers Archibald, farmer

Vickers Leslie Robert, farmer

BELCHER,

TOWNSHIP 1, RANGE IV, EAST.

The western and principal portion is level prairie with a soil of rich sandy loam, dotted with small hay meadows. Proceeding eastward, a rise in the prairie occurs of about thirty-five feet, and to the east of this ridge the land is generally of an inferior quality, sandy and gravelly, with scattered boulders and occasional groves of poplar and willow. The eastern section is drained by a coulee, which runs in a north-westerly direction and debouches into the Rivière aux Roseaux.

— Unsettled

TOWNSHIP 1, RANGE V, EAST,

Is well wooded with small timber. A good deal of the best timber has been destroyed by fire. The soil of the southern portion is of very inferior quality and very swampy, that of the northern half is generally a rich sandy loam. Good water can be obtained in any part of the township by digging a few feet.

— Unsettled

TOWNSHIP 1, RANGE VI, EAST,

Is unfit for farming purposes, being very low and wet and covered in the greater part with long willows. There is some fair poplar scattered through it.

— Unsettled

TOWNSHIP 1, RANGE VII, EAST,

Is useless (without thorough draining) for agricultural purposes, three-fourths being covered with either water, floating bog, or swamp willows. The few dry spots are stony and strewn with large boulders, and are the only parts on which the timber (poplar) grows to any size. This township could be easily drained into the Rivière aux Roseaux, which flows through it.

— Unsettled

TOWNSHIP 1, RANGE VIII, EAST.

— Unsurveyed

LETELLIER,

TOWNSHIP 2, RANGE I, EAST,

Has a very good soil, and is well adapted for farming purposes. There is no running water in the township, but many parts of the north-western sections are low and marshy during the spring months. No timber is available nearer than the Red River,

which is five or six miles distant from the centre of the township. This township is situated west to Rivière aux Marais, near Red River, and has been settled by Canadians coming from the United States under the direction of the Manitoba Colonization Society. A parish has been founded in the settlement by rev. J. D. Filion, the name of which is St. Joseph. A church will likely be erected during the course of the present summer. Has no post office, but one has been applied for. The nearest offices are St. Jean Baptiste and West Lynne. Mail daily.

FRANKLIN,

TOWNSHIP 2, RANGE III, EAST,

Is generally low and drained by the Rivière aux Roseaux, a fine stream having an average width of one chain, and a depth varying from eighteen inches to four feet, frequently even ten feet. That portion of the township to the north of said river has a very rich soil, heavily covered with undergrowth of willow, poplar, oak, &c. The sections adjoining the river are in general very desirable locations for intending settlers, being well timbered with oak, poplar, elm, basswood, &c. The greater portion of the township to the south of the river is low, with a luxuriant growth of grass well adapted for stock-raising. No timber except on those sections along the river. The nearest post office is Roseau Crossing. Mail semi-weekly.

PARRY,**TOWNSHIP 2, RANGE IV, EAST.**

The soil in the east half of this township is light but well adapted for the growth of light grains. Granite stones are numerous. In the west half the soil is good clay and good clay loam. The water supply is confined principally to the north-east quarter of the township, and consists of two or three streams, which retain water the greater part of the season. In the west half there is no timber of any kind. The east half has many large groves of a new growth of poplars and willows. The nearest post office is Roseau Crossing. Mail semi-weekly.

Verey Thomas, farmer

TOWNSHIP 2, RANGE V, EAST,

Is of first-class character, as it consists of rolling prairie. Numerous poplar bluffs with considerable good meadow land in the eastern portion. There are boulders throughout the township. The Rivière aux Roseaux flows through the north-east part. The nearest post office is Roseau Crossing. Mail semi-weekly.

Black Alexander
Smith G. H., farmer

TOWNSHIP 2, RANGE VI, EAST,

Is mostly high land, chiefly prairie, interspersed with fine groves of poplar timber. The soil is a dark loam, but is somewhat lighter on the ridges. The Rivière aux Roseaux, a fine stream of good clear water, fringed with a narrow belt of elm, oak and poplar timber of good size, flows through the township. The whole of it is adapted for farming. Rich soil upon the prairie, and a sufficient supply of timber for fuel and farming purposes.

— Unsettled

TOWNSHIP 2, RANGE VII, EAST.

The greater portion is covered with swamps, in which long marsh willows, reeds, sedge grass and rushes predominate. The only sections at all fit for settlement are the western tier, which are wooded with poplar. The south branch of Rat River flows through the middle of the township.

— Unsettled

TOWNSHIP 2, RANGE VIII, EAST.

— Unsurveyed

TOWNSHIP 3, RANGE I, EAST.

The soil all over this township is first-class; it is of the very best kind for the production of all kinds of grain. In this township there is

no timber fit for building or other purposes; a plentiful supply of good water can readily be found. Is part of the reserve made for the Manitoba Colonization Society. Several new locations have been made but not settled yet. The nearest post office is St. Jean Baptiste. Mail daily.

Woodland Samuel, farmer
Woolner Daniel, farmer

ALMONTE,**TOWNSHIP 3, RANGE II, EAST.**

The soil is a fine clay loam. A considerable part of the centre of the township is open prairie. The east and south parts are covered with scrub, willow brush and poplar. The Rivière aux Roseaux traverses the south part of the township. Situated north to the Indian reserve. The nearest post office is Roseau Crossing. Mail semi-weekly.

Taylor Robert, farmer
Timlick Daniel, sen., farmer

MELLWOOD,**TOWNSHIP 3, RANGE III, EAST,**

Is of excellent quality for agricultural purposes. It is quite dry, and gradually slopes towards the Rivière aux Roseaux. The soil is black loam, and the subsoil blue clay. Large-sized oak, elm and ash fringes the banks of the Rivière aux Roseaux, the water of which is fresh and clear. The general surface of the township is level prairie. The east and north-east portions are open. The remainder is densely covered with small poplars and willows from five to seven feet in height. The Pembina branch of the C. P. Railway runs through this township. The nearest post office is Roseau Crossing. Mail semi-weekly.

Casson Isaac, farmer
Gunn John, farmer
Murray Alexander, farmer
Pearson H. R., farmer
Washington Alonzo G., farmer

TOWNSHIP 3, RANGE IV, EAST,

Is of the very best quality for agricultural purposes, having a deep black loam soil, with a blue clay subsoil. In general, and especially along Mosquito Creek, the timber is of the larger class of poplar and balm of Gilead. Along the Rivière aux Roseaux there is a fringe of large-sized oak, elm, ash, basswood, maple, balm of Gilead and poplar. This township is well watered, having Mosquito Creek in the north-east, and the Rivière aux Roseaux crossing it in the south. Is a Half-breed reserve. The nearest post office is Roseau Crossing. Mail semi-weekly.

Bagshaw Nathan, farmer

TOWNSHIP 3, RANGE V, EAST,

Contains a great deal of willow and poplar brush. The timber is principally poplar and bluffs of tamarac and spruce, which afford good building timber. The west branch of Rat Creek runs across the north-east corner of the township, supplying clear and good water. The Rivière aux Roseaux crosses the south-west corner. On its banks there is a good supply of oak and poplar fit for building purposes. The land in the southern part is high and dry, and well adapted for agricultural purposes. There are large openings in the woods, producing very good grass for hay and pasturage. The nearest post office is Roseau Crossing. Mail semi-weekly.

McKercher John, farmer

TOWNSHIP 3, RANGE VI, EAST,

Is generally low and level. The southern part is wet, with heavy clay soil, producing grass fit for pasturage, and the northern fairly wooded with tamarac and spruce, and there are large openings in the woods affording fine hay and pasturage. The soil is chiefly a coarse stony gravel. The west branch of Rat Creek flows across the centre of the township, supplying good clear water. The bed of the stream is gravelly and its banks are skirted by willow brush.

— Unsettled

TOWNSHIP 3, RANGE VII, EAST.

The soil is unfit for agricultural purposes, being of an inferior quality with many bogs and swamps. The timber on the dry land is poplar and willows, of little value except for fuel. In some parts there are boulders of various sizes.

— Unsettled

TOWNSHIP 3, RANGE VIII, EAST.

— Unsurveyed

TOWNSHIP 4, RANGE I, EAST.

The soil throughout this township is of the very best quality, and can favorably compare with the finest in the Province. There is, however, no timber which can be utilized. Good water can be found in several places. The nearest post office is Scratching River. Mail daily.

Timlick Daniel, jun., farmer

TOWNSHIP 4, RANGE II, EAST.

There is a fine ravine running through the eastern part, on the banks of which are clumps of oak, with a few poplar. The west side is chiefly prairie; the south side is covered with poplar, poplar brush and willow. The soil is a heavy clay loam. The township is interspersed with hay land. Is a Half-breed reserve.

— Unsettled

TOWNSHIP 4, RANGE III, EAST,

May be considered first-class agricultural land. The soil is black loam on a blue clay subsoil. The south-west sections are covered with a thick growth of scrub, poplar and oak. The Wetweather Creek in the south-west part of the township contained in several places on the 2nd July, good, clear, fresh water. Good water can be obtained in nearly any part by digging. The Pembina branch of the C. P.

Railway runs through the eastern portion of this township. The nearest post office is Scratching River. Mail daily.

Taylor George, farmer

TOWNSHIP 4, RANGE IV, EAST.

The west part of this township is excellent farming land, good deep soil; a few scattered clumps of poplar. The centre section is only fit for hay, being low and flat, and in wet seasons is covered with water from six to fifteen inches, being the overflow of Mosquito Creek and Rat River. Mosquito Creek, coming in on the south, averages on the prairie about sixty links in width, about four feet deep, and of the purest water. Is in the Half-breed reserve.

— Unsettled

TOWNSHIP 4, RANGE V, EAST,

Is generally well timbered, and contains very inferior soil. The timber consists generally of poplar and willow. The soil is chiefly sandy, gravelly and stony. Considerable portions are covered with drift, consisting of large granite, limestone and other boulders. The west branch of Rat Creek flows through the south-western portion of the township, and the east branch through the north-east corner thereof. Is a Half-breed reserve.

— Unsettled

TOWNSHIP 4, RANGE VI, EAST.

The first and second tiers of sections are well wooded with tamarac, poplar and spruce. The soil is chiefly a light clay loam, except in the south-west, where it is stony and gravelly, and chiefly covered with young dead poplar and willow. The east branch of Rat Creek runs diagonally across the township. On both sides of this stream there are some fine bottom lands, parts of which are well wooded with poplar. Forms part of the Mennonites' eastern reserve. The nearest post office is Scratching River. Mail daily.

Doerksen Solomon, farmer

TOWNSHIP 4, RANGE VII, EAST.

The soil is poor, thin and sandy, with frequent marshes; unfit for farming, but there is much good poplar, tamarac and Norway pine in this township.

— Unsettled

TOWNSHIP 4, RANGE VIII, EAST.

— Unsurveyed

TOWNSHIP 5, RANGE I, EAST,

Is high dry land with a very rich soil. It is open prairie, with the exception of one poplar grove, in Section No. 33, three-fourths of a mile long by one-fourth broad, and a few small patches of willows. The Rivière aux Gratiis runs in a south-eastern direction through the township. Situated on the west side of Red River. Rivière aux Gratiis runs through this township. Settled by Mennonites. Nearest post office is Scratching River.

TOWNSHIP 5, RANGE II, EAST.

The soil of this township is very rich, and covered with thickets of poplars and willows, with beautiful tracts of open prairie between. There is sufficient wood in this section for all immediate purposes, including building timber, which is abundant along the east side of the Red River. There is only one small stream, and this was dry in the month of July, except in holes here and there; but water was easily obtained by digging in the bed of the stream. Is a fractional township, the settlement belt of Red River covers the centre. The eastern portion is in the Half-breed reserve. The nearest post office is Scratchington River.

Killey John, farmer

TOWNSHIP 5, RANGE III, EAST,

Is not well adapted for agricultural purposes. Low marshy ground, stripped of all kinds of timber, cover one-half thereof. The Rivière aux Marais runs through the western Sections numbered 7, 18, 19, 30 and 31, which, with the adjacent Sections 20, 17, 32, 29 and 8, may be said to be of a very good soil. Oak, elm and poplar timber are to be found along the river. Is in the Half-breed reserve.

—Unsettled

ST. PIERRE,

RIVIÈRE AU RAT.

TOWNSHIPS 5 & 6, RANGE IV EAST.

Township 5 is generally well adapted for agricultural purposes. The surface of this township, though level in parts, is considerably broken. The west branch of Rat River crosses the township from the south to the north, and its east branch runs through Sections numbered 24, 25, 36, 35 and 34. Water is excellent in both streams. Some rafts of timber have already been made on the west branch,

and taken down in the spring season. Oak, elm, ash and poplar are to be found along the banks of both streams, extending on either side from five to twenty chains. The timber is of good quality for building timber.

Township 6.—This township is well adapted for agricultural purposes, the ground undulating gently, excepting in the vicinity of Rat River, where several ravines with small elevations are to be met with. The main river towards the south of this township receives the waters of two streams, the larger of which is called the western branch, and the smaller the eastern branch. On the banks of both these streams belts of timber are to be found, consisting of oak, ash, elm and poplar. A large settlement on Rivière au Rat. A mission was established here in 1873 by rev. J. N. Ritchot, R. C., of St. Norbert. Has applied for a post office. The nearest post offices are Ste. Agathe and St. Norbert. Mails daily.

TOWNSHIP 6, RANGE VI, EAST,

Is nearly all bush. At one time it has been very heavily timbered with large poplar, but the only large timber which has escaped the fire consists of groves of tamarac fit for building purposes. The chief part of the bush is small poplar and willow underbrush. The land is of poor quality, with rolling surface, the sections bordering on the base line being low and swampy. The extreme western tier of sections is covered with large boulders and quite unfit for settlement. The soil is light and generally mixed with sand and gravel. Is part of Mennonites' eastern reserve. Mail generally received through the Immigration Office at Winnipeg.

TOWNSHIP 6, RANGE VII, EAST.

The soil and timber are light.

— Unsettled

TOWNSHIP 6, RANGE VIII, EAST,

Is nearly all covered with a second growth of small pine, tamarac and poplar. In the north-east part there are some groves of spruce and tamarac fit for lumber. The soil is mostly light, dry and sandy, with a few swamps. The Rivière La Seine, which flows through the township, is large enough to carry down timber if it was cleared from brush.

— Unsettled

TOWNSHIP 7, RANGE I, EAST,

Is a beautiful plain, with a rich and productive soil, but totally devoid of timber and running water.

— Unsettled

TOWNSHIP 7, RANGE II, EAST,

Has a considerable part of its surface wet and marshy. The greatest part is, however, dry, and fit for agricultural purposes. It contains no timber of any kind. The largest portion of this township has been purchased with scrip.

TOWNSHIP 7, RANGE III, EAST,

Is well suited for agricultural purposes. It is wooded in the south and along the bank of Rat River. Is a fractional township, and forms part of the Half-breed reserve.

— Unsettled

TOWNSHIP 7, RANGE IV, EAST.

A large part of this township is covered by marshes, interspersed with high ridges of prairie. Timber is very scarce throughout the whole township. Notwithstanding these disadvantages, about one-half of the township is good farming land. Forms part of the Mennonites' eastern reserve. Mail generally received through Immigration Office at Winnipeg.

TOWNSHIP 7, RANGE V, EAST,

Is chiefly level prairie, with a heavy clay soil, undulating slightly on the western side, through Sections 17, 19, 20 and 30. There is a considerable tract of wet land which produces, where not too much flooded, an abundance of tall rank grass. There is but little wood in the township, and that is of inferior growth, and much damaged by fire; it is composed chiefly of poplar and willow, with some tamarac on Sections Nos. 6 and 8. Is part of the Mennonites' eastern reserve. The nearest post office is Ste. Anne. Mail weekly.

NEW CITY HALL, MONTREAL.

ELECTORAL DIVISION No. 24, OR STE. ANNE.

This Division is situated on River Seine, on the central eastern limits of the Province. It comprises the Parish of Ste. Anne des Chènes and the flourishing settlements of Clear Spring and Caledonia. The soil is very good and timber abundant. A portion of the Mennonites' reserve is included in this Division. Population about 1000. Number of voters, 207.

Limits:—Electoral Division No. 24, or Ste. Anne, comprises the settlements on the Seine River known as Oak Point Settlement, and Townships 7, 8, 9, Ranges 6, 7, east.

STE. ANNE DES CHENES.

Also known as Pointe de Chêne, is situated on River Seine. Was founded in 1862 by rev. J. J. M. Defloch, O.M.I. A large bridge crosses the River Seine. The village contains a Roman Catholic church, two common schools, a store and two grist mills. The country around is very fertile, and produces large crops. Hay is in great quantity. Mail once a week.

**CLEAR SPRING,
 TOWNSHIP 7, RANGE VI, EAST.**

The two northern tiers of this township are chiefly level prairie. The southern part is

undulating and intersected by gullies or ravines which effectually drain it of all surface water. The beds of these gullies when drained off in summer produce heavy crops of hay of superior quality. The soil is a deep clay loam, easily worked, and well adapted for agricultural purposes. The timber is chiefly young poplar of vigorous growth, though, as is frequently the case, it has been much injured by fire. On parts of Sections 4, 8, 11 and 14 there are some tamarac of good size. The north-east portion of this township was settled first in 1872. The rest of the township is in the Mennonites' eastern reserve. The nearest post office is Ste. Anne. Mail weekly.

DE LORNIER,

TOWNSHIP 7, RANGE VII, EAST.

All the eastern part is covered by a very bad marsh (two miles in width), called "The Devil's Swamp." The soil of the rest of the township is of second-class quality, excepting two miles of the westerly part which is superior. The Rivière La Seine traverses the township from north to south, furnishing abundance of good, pure water, and is generally wooded on both sides, and in some places building timber is met with. The nearest post office is Ste. Anne. Mail weekly.

TOWNSHIP 8, RANGE VI, EAST.

The portion subdivided is a level prairie with a deep strong clay soil. The only woods are a few small bluffs of poplar and willow. The northern part of the township is composed of marsh and burnt swamp of no value. The Rivière La Seine, which comes in at the north, will average about one hundred links wide, and from eight to ten feet deep, without any perceptible current. It becomes lost in a great marsh. Is a fractional township, being partly taken by the parish of Ste. Anne des Chènes on Rivière La Seine. It is in the Half-breed reserve.

— Unsettled

TOWNSHIP 8, RANGE VII, WEST.

The westerly part comprises part of the flourishing settlement of "Oak Point." The remainder of the township is wooded with poplar, spruce and willow. The northerly part contains building timber, elsewhere the timber is

fit for firewood only. The Dawson Road crosses this township. The soil is generally sandy. The south-easterly part is all marsh. Is a fractional township, being partly taken by the parish of Ste. Anne on Rivière La Seine. It is in the Half-breed reserve.

— Unsettled

TOWNSHIP 9, RANGE VI, EAST,

Is chiefly level prairie, with a large portion of hay land on the south part. On the south side of the Rivière Le Seine there is a large marsh, totally unfit for cultivation, a part of which could not be surveyed. The Rivière La Seine runs through the south-west corner of the township, the water in which is fresh and good. The soil is generally a rich deep clay loam. Forms part of the Half-breed reserve.

— Unsettled

CALEDONIA,

TOWNSHIP 9, RANGE VII, EAST.

The soil and timber in the easterly part are of inferior quality. The westerly part is well adapted for settlement, and the timber and water are of good quality. The English River flows across the south-westerly part of the township. The north-eastern portion is in the Railway reserve. The township is situated north-east to the Parish of Ste. Anne des Chènes, which is the nearest post office.

IS IT NOT QUEER

That people will continue to pay exorbitant printers' bills in these HARD TIMES when they can just as well prepare their own Circulars, Price Lists, Letter Heads and all kinds of business forms, drawings, etc., for a fraction of the amount daily paid out!

THOMAS A. EDISON, the inventor of the PHONOGRAPH, which is now attracting the attention of the Scientists throughout the civilized world, conceived the idea of producing from a single writing, ANY NUMBER OF DUPLICATE COPIES, and the ingenious apparatus, called "THE ELECTRIC PEN," was the result.

This instrument was universally adopted in all countries, and several thousands have already been sold in the United States, Canada, England, France, Germany and elsewhere, as all business men saw the advantage of producing Circulars and Advertisements in THEIR OWN HANDWRITING, knowing that they would then be read where a PRINTED document would be thrown aside.

See cut and advertisement on page 52, and send for description and samples of work to

MISCELLANEOUS DIRECTORY.

THE QUEEN AND ROYAL FAMILY.

Her Majesty ALEXANDRINA VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, &c., Queen, Defender of the Faith, Empress of India (in India, Sri Sri Rani Victoria, Kaisar-i-Hind). Her Majesty was born at Kensington Palace, 24th May, 1819; succeeded to the throne 20th June, 1837, on the death of her uncle, King William IV.; was crowned 28th June, 1838; and married 10th February, 1840, to His late Royal Highness Francis Albert Augustus Charles Emmanuel, PRINCE CONSORT, DUKE OF SAXONY, PRINCE OF COBOURG and GOTHA, who was born 26th August, 1819; died 14th December, 1861. Her Majesty is the only child of His late Royal Highness, Edward Duke of Kent, fourth son of King George III. The children of Her Majesty are:—

1. Her Royal Highness VICTORIA Adelaide Mary Louisa, PRINCESS ROYAL, of England and Prussia, born 21st November, 1840; married 25th January, 1858, to his Imperial Highness Frederick William, Crown Prince, of Germany, (only son of the Emperor of Germany) and has had issue His Royal Highness Prince Frederick William Victor Albert, born 27th January, 1859; Her Royal Highness Princess Victoria Elizabeth Augusta Charlotte, born 24th July, 1860; His Royal Highness Prince Albert Wilhelm Heinrich, born 14th August, 1862; His Royal Highness Prince Francis Frederick Sigismund, born 15th September, 1864, died 18th June, 1866; Her Royal Highness Princess Fredericka Wilhelmina Amelia Victoria, born 12th April, 1866; His Royal Highness Prince Joachim Frederick Ernest Waldemar, born 10th February, 1868; Her Royal Highness Princess Sophia Dorothea Ulrike Alice, born 14th June, 1870; His Royal Highness Prince John, &c., born April, 1871, died on Good Friday, 1871; and Her Royal Highness Princess Margaret Beatrice Feodora, born 22nd April, 1872.

2. His Royal Highness ALBERT EDWARD, PRINCE OF WALES, DUKE OF SAXONY, CORNWALL AND ROTHSAY, EARL OF DUBLIN, K.G., K.T., K.P., G.C.S.I., K.T.S., G.C.B., P.C., general, colonel of the 10th Hussars, and colonel-in-chief of the Rifle Brigade, born 9th of November, 1841; married 10th March, 1863, to the Princess Alexandra Caroline Mary Charlotte Louisa Julia, (born 1st December, 1844), eldest daughter of the King of Denmark, and has issue His Royal Highness Prince Albert Victor Christian Edward, born 8th January, 1864; His Royal Highness Prince George Frederick Ernest Albert, born 3rd June, 1865; Her Royal Highness Princess Louise Victoria Alexandra Dagmar, born 20th February, 1867; Her Royal Highness Princess Victoria Alexandra Olga Mary, born 6th July, 1868; Her Royal Highness Princess Maud Charlotte Mary Victoria, born 26th November, 1869, and His Royal Highness Prince Alexander John C. Albert, born 6th April, 1871, died 7th April, 1871.

3. Her Royal Highness ALICE Maud Mary, born 25th April, 1843; married 1st July, 1862, to His Royal Highness Prince Frederick William Louis Grand Duke of Hesse Darmstadt, K.G., (born 12th September, 1837) and has issue Her Royal Highness Princess Victoria Alberta Elizabeth Matilda Mary, born 5th April, 1863; Her Royal Highness Princess Elizabeth Alexandrina Louise Alice, born 1st November, 1864; Her Royal Highness Princess Irene Marie Louise Anna, born 11th July, 1866; His Royal Highness Prince Ernest Louis Charles Albert William, born 25th November, 1868; His Royal Highness Prince Frederick William, born 7th October, 1870; died 29th June, 1873; Her Royal Highness Princess Victoria A. H. L. B., born 6th June, 1872, and Her Royal Highness Princess Mary Victoria, born 24th May, 1874.

4. His Royal Highness ALFRED Ernest Albert, Duke of Edinburgh, Earl of Kent, and Earl of Ulster, K.G., K.T., P.C., born 6th August, 1844; captain Royal Navy, 23rd February, 1866; married 23rd January, 1874, to the Grand Duchess Marie Alexandrowna, daughter of the Emperor of Russia, and has issue His Royal Highness Prince Alfred Alexander William Ernest Albert, born 15th October, 1874; Her Royal Highness Princess Marie Alexandra Victoria, born 29th October, 1875, and Her Royal Highness Victoria Melita, born 25th November, 1876.

5. Her Royal Highness HELENA Augusta Victoria, born 25th May, 1846; married 5th July, 1866, to major-general His Royal Highness Prince Frederick Christian Charles Augustus of Schleswig-Holstein-Sonderburg-Angustenburg, K.G., and has issue His Royal Highness Prince Christian Victor Albert Ludwig Ernest Anton, born 14th April, 1867; His Royal Highness Prince Albert John J. C. F. A. G., born 26th February, 1869; Her Royal Highness Princess Victoria Louise, born 3rd May, 1870; Her Royal Highness Princess Franziska, born 14th August, 1872, and His Royal Highness Prince Harold, born 12th May, 1876; died 19th May, 1876.

6. Her Royal Highness LOUISE Caroline Alberta, born 18th March, 1848; married March 21st, 1871, to John, Marquis of Lorne, K.T., M.P., eldest son of the Duke of Argyll. No issue.

7. His Royal Highness ARTHUR William Patrick Albert, Duke of Connaught and Strathearn, and Earl of Sussex, K.G., born 1st May, 1850; Lieutenant Royal Artillery, 30th October, 1868; Lieutenant Rifle Brigade, 1869; Lieut. Colonel Rifle Brigade, 27th September, 1876.

8. His Royal Highness LEOPOLD George Duncan Albert, born 7th April, 1853.

9. Her Royal Highness BEATRICE Mary Victoria Feodora, born 14th April, 1857.

ROYAL PRINCES AND PRINCESSES.

His Royal Highness GEORGE Frederick Alexander Charles Ernest Augustus, DUKE OF CUMBERLAND (EX-KING OF HANOVER), K.G., G.C.H., cousin to Her Majesty; born 27th May, 1819; married 18th February, 1843, Princess Mary, of

Saxe Altenberg and has issue, Ernest Augustus, born 21st September, 1845; Frederica, born 9th January, 1848; and Mary, born 8th December, 1849.

Her Royal Highness **AUGUSTA** Wilhelmina Louisa, **DUCHESS OF CAMBRIDGE**, daughter of the Landgrave of Hesse-Cassel and aunt to Her Majesty, born 25th July, 1797; married 7th May, 1818, the Duke of Cambridge (who died 8th July, 1850) and has issue:—

1. His Royal Highness **GEORGE** William Frederick Charles, **DUKE OF CAMBRIDGE**, Field-Marshal, Commanding-in-Chief, K.G., K.P., G.C.B., G.C.H., G.M.M.G., G.O.L.H., P.C., D.C.L., cousin to Her Majesty, born March 26th, 1819. Privately married to Miss Farebrother, by whom he has issue several sons and daughters.

2. Her Royal Highness **AUGUSTA** Caroline Charlotte Elizabeth Mary Sophia Louisa, daughter of the late Duke of Cambridge, and cousin to Her Majesty, born 19th July, 1822; married 28th June, 1843, Frederick, Reigning Grand Duke of Mecklenburg Strelitz, G.C.B., and has issue Adolphus Frederick, born 22nd July, 1848.

3. Her Royal Highness **MARY** Adelaide Wilhelmina Elizabeth, daughter of the late Duke of Cambridge, and cousin to Her Majesty, born 27th November, 1833; married 12th June, 1856, H. R. H. Francis Paul Charles Louis Alexander, Duke of Teck, G.C.B., born 27th August, 1837, and has issue H.R.H. Mary Victoria, born 26th May, 1867; H.R.H. Adolphus, born 13th August, 1868; H.R.H. Francis, born 9th January, 1870, and H.R.H. Alexander, born 14th April, 1874.

HER MAJESTY'S NEAR RELATIVES.

Half Sister.—Daughter of her late mother, the Duchess of Kent by her first husband, Emich Charles, the reigning Prince of Leiningen, Anne Feodorowna Augusta Charlotte Wilhelmina, born 7th December, 1807, married 18th February, 1828, Ernest Christian, Prince of Hohenlohe Langenberg, who died 12th April, 1860, and by him had issue:—

1. Charles Louis William Leopold, born 25th October, 1829. In the Wurtemberg army.

2. Herman Ernest Francis Bernard, Prince of Hohenlohe Langenberg, born 31st August, 1832, Lieut. General in the Prussian service, married, and has issue.

3. Victor Ferdinand Francis Eugène Gustave Adolphus Constantine Frederic Count Gleichen, born 11th November, 1833, Rear-Admiral (retired) in the Royal Navy, Governor of Windsor Castle, married 26th January, 1861, Laura Willamina, youngest daughter of Admiral Sir George Seymour, and sister of the Marquis of Hereford, and has issue.

4. Adelaide Victoire, born 20th July, 1835, married 11th September, 1856, Prince Frederick of Schleswig-Holstein-Sonderburg-Augustenburg, and has issue.

5. Feodore Victoire, born 7th July, 1839, married 23rd October, 1858, Prince George of Saxe Meiningen, and has issue.

Nephews, by half brother, son of the late Duchess of Kent.—1. His Serene Highness Ernest Leopold, reigning Prince of Leiningen, Rear Admiral in the Royal Navy, born 9th November, 1830, married 11th September, 1858, Princess Maria Amelia of Baden, and has issue

a daughter, born 24th July, 1863, and a son, born 1865.

2. Edward Frederic, born 5th January, 1833, Captain Royal Imperial Guard of Austria.

HER MAJESTY'S HOUSEHOLD.

LORD STEWARD'S DEPARTMENT.—Board of Green Cloth, Buckingham Palace.

Lord Steward, Earl Beauchamp.

Treasurer of the Household, Right Hon. Lord Henry Thynne, M.P.

DEPARTMENT OF AGRICULTURE.

Hon. James McKay, minister of agriculture.

Messengers.—Felix Trudel, chief messenger for all departments.

Edward Sharpe, sen., caretaker of Government buildings.

COURTS OF JUSTICE.

SUPREME COURT OF CANADA.

The Supreme Court of Canada is required by the Act constituting it, 38th Vict., chap. 11, to hold annually, at the City of Ottawa, two sessions, the one beginning on the third Monday in January, and the other on the first Monday in June. It is composed of the following judges, namely:

Chief Justice.—Hon. W. B. Richards, Ontario
Puisné Judges.—Hon. W. J. Ritchie, New Brunswick.

" Hon. S. H. Strong, Ontario.
" Hon. J. T. Taschereau, Quebec.
" Hon. T. Fournier, Quebec.
" Hon. W. A. Henry, Nova Scotia.

Registrar.—Robert Cassels, jun.

The Supreme Court holds and exercises an appellate, civil and criminal jurisdiction within and throughout the Dominion from all the lower courts. It is also a Court of Exchequer, and has original jurisdiction in such cases. Appellants from other courts can appeal to the Imperial Privy Council without going before the Supreme Court; but, if they appeal to the latter, they forfeit the right of appeal to England, as the decisions of the Supreme Court are in all cases final.

PROVINCIAL COURTS.

BENCH.

Hon. Edmund Burke Wood, chief justice; Hon. James Charles McKeagney, puisné judge; Hon. Louis Bétournay, puisné judge.

COURT OF OYER AND TERMINER AND GENERAL JAIL DELIVERY AND OF ASSIZE NISI PRISIS.

This court sits twice a year, except when otherwise ordered by the Lieutenant Governor in Council, viz.:—On the 3rd Tuesday in October and on the 1st Tuesday in March.

THE COURT OF QUEEN'S BENCH.

This court sits in bench four terms every year, viz.:—Hilary Term, from the 1st Monday in February to the 2nd Saturday following; Easter Term, from the 1st Monday in June to the second Saturday following; Trinity Term, from the last Monday in August to the 2nd Saturday following, and Michaelmas Term, from the 1st Monday in November to the second Saturday following.

CHURCH OF ENGLAND.

PROVINCE OF RUPERT'S LAND.

In 1820 the Rev. J. West came out from England as chaplain to the Hudson Bay Co. One of his first works was the erection of a rude school house at St. Johns, where he commenced to educate a few children. This building served also for a church. Mr. West only remained in the country for three years. He was succeeded in 1823 by the Rev. P. Jones, as chaplain of the Company. The Ven. Archdeacon Cochrane came in 1825, and commenced his long ministerial service of 40 years in the country, in the chapel erected by Rev. Mr. West. After a time the wood building was replaced by a stone building, which was known as the Upper Church, and, in 1862, this in turn was replaced by the present St. John's Cathedral.

Primate: His Grace the Lord Archbishop of Canterbury.

Metropolitan: The Right Rev. Bishop of Rupert's Land.

Prolocutor of Lower House: The Ven. Archdeacon Cowley.

Secretary of Lower House: Rev. Canon Grisdale, B.D.

DIocese of RUPERT'S LAND.

The Right Rev. Robert Machray, D.D., LL.D., Bishop of Rupert's Land.

PRESBYTERIAN CHURCH.

Presbyterianism was first planted on the banks of Red River in the years 1813-15, when a considerable number of families, members of the Church of Scotland, were brought out from Sutherlandshire under the auspices of the late Earl of Selkirk. A young Minister had been appointed to follow them, but, as there seemed for some years little prospect of the settlement taking root, he did not come, and finally accepted an appointment elsewhere. After this the poor little colony appears to have been forgotten, and it was not till 1851 that the Presbyterian Church of Canada sent out the Rev. John Black to minister to them, and the first congregation was organized in the December of that year. In the meantime the settlers had gladly availed themselves of the services of the Church of England. Mr. Black was joined in 1862 by the late Mr. Nisbet, and subsequently by others. The Presbytery was formed in 1870, Prince Albert Mission, in 1866 Okanase Mission in 1873, and the Manitoban College opened at Kildonan in 1871, and transferred to Winnipeg in 1873.

METHODIST EPISCOPAL CHURCH.

At the General Conference of the Methodist Episcopal Church in Canada, which was held

in the month of August, 1874, it was resolved to elect a Missionary Secretary to search out new mission fields, and to arrange for their cultivation. The Rev. James Gardiner was elected to this office. A meeting of the Methodist Episcopal Mission Board was held in June, 1875, when it was decided to open missionary operations in the North-West, and the Missionary Secretary was requested to visit that Territory for the purpose of surveying the field, and, if he deemed it expedient to do so, to locate a mission station in some parts of the Province of Manitoba. Mr. Gardiner spent parts of the months of July and August in Winnipeg. On his return he met the Bishop on the 8th day of September, and reported that the Church should undertake mission work in Manitoba. Upon the Missionary Secretary's recommendation, the Rev. Daniel Pomeroy was appointed to this field. Mr. Pomeroy entered promptly upon the work. He arrived at Emerson on the 26th day of September. Having organized a mission, comprising the town of Emerson and the surrounding settlements, and built a house for the minister, Mr. Pomeroy visited Winnipeg on the 11th day of November, and succeeded in establishing another mission, and in making arrangements for the building of a church in the city. On the 3rd day of December a mission was organized at Morris, and on the 13th of the same month another mission was organized at the Pembina Mountains. In the spring of 1876 Revs. James A. Campbell and Andrew W. Edwards were appointed to assist Mr. Pomeroy. Mr. Campbell was stationed at Winnipeg, under his superintendence. A Church edifice has been erected, and a charter has been obtained for a college. Mr. Edwards was in charge of Emerson, and also succeeded in building a church there. Mr. Pomeroy resides at Morris, Scratching River, and has labored during the past year, on the Morris and Pembina Mountain missions. The Methodist Episcopal Church has, at present, in this Province, three Missionaries, four Local Preachers, over one hundred members, four hundred adherents, four missions, two churches, two parsonages, several church sites, situated in important places in the Province, and four Sunday schools.

The Rev. Daniel Pomeroy, M.A., Rivière aux Gratiis.

ST. BONIFACE COLLEGE.

A school established in 1818, and incorporated as a college in 1871.

Rev. J. N. Provencher, who was afterwards elected first Bishop of St. Boniface, opened the first regular school in the country in 1818, in his own residence. Having hardly room enough for himself in his small house, he, nevertheless, gathered Half-breed children, and taught them reading and writing. Some of his scholars were even taught classics, and with such success that Rev. S. J. N. Dumoulin, in a letter dated March 10th, 1824, and lately republished, could state, "that several children were already advanced in Humanities."

The present buildings have been erected by His Grace the Most Reverend Alexander Taché, D.D., Archbishop of St. Boniface.

Corporation du College de St. Boniface.—His Grace the Most Reverend Alexander A. Taché, D.D., O.M.I., Archbishop of St. Boniface; Rev. Théophile Lavoie, O.M.I.; Rev. George Duast, Rev. J. B. Baudin, O.M.I., and Rev. J. McCarthy, O.M.I.

Professors:—The Rev. J. T. Lavoie, O.M.I., Rector; The Rev. A. A. Forget des Patis, the Rev. J. B. Ferron, O.M.I., Mr. Frank Hughes, Mr. F. Biron, Mr. Louis Gagnon and Mr. P. Haverty.

ST. JOHN'S COLLEGE.

ST. JOHNS.

School established in 1820, and incorporated as a college in 1871.

A school was established at St. Johns by the Rev. John West, when he came to the country in 1820. This was continued and extended by the Rev. Mr. James. At last the Rev. J. McCallum, M.A., became the head of it. It now consisted both of a higher school for boys and of young ladies. Mr. McCallum died just as the first Bishop of Rupert's Land arrived in the Province. He carried on the boys' school under the name of St. John's College for about 7 years, and for some years he also had a

ladies' school. On the arrival of the present Bishop of Rupert's Land he endeavored to revive the college. He found left behind by his predecessor a small but well-chosen library and some buildings. The college classes were resumed on Nov. 1st, 1866, the Bishop of Saskatchewan being the warden. St. John's College has since then been gradually extended. It is now incorporated, and closely connected with another incorporated body, the Dean and Canons of St. John's Cathedral. Certain endowments have been obtained, and statutes given, which can only be changed now by the joint action of the Diocesan Synod of Rupert's Land and the Bishop.

The College has received the assent of the Synod of Rupert's Land for taking advantage of the provision of the Act of Parliament founding the University of Manitoba. Arrangements have been made for granting the degrees of B.D. and D.D.

The following are the present Council and Officers of the College:—

Chancellor and Warden.—The Right Reverend R. Machray, D.D., LL.D., chancellor of the University of Manitoba, fellow of Sidney College, Cambridge, Bishop of Rupert's Land and Metropolitan of Rupert's Land.

The Council.—The Right Rev. J. McLean, D.D., D.C.L., Bishop of Saskatchewan; the Right Rev. J. Horden, D.D., Bishop of Moosonee; the Right Rev. W. C. Bompas, D.D., Bishop of Athabasca; the Ven. A. Cowley, B.D., Archdeacon of Cumberland; the Hon. the Chief Justice of Manitoba; C. Inkster, high sheriff of the Province; the Rev. Canon Grisdale, B.D.; the Rev. Canon O'Meara, M.A.; the Rev. W. C. Pinkham; the Rev. O. Fortin, B.A.; the Hon. J. Norquay, M.P.P. and Minister of public works; the Rev. R. Young, B.A.; the Rev. S. P. Matheson.

The Theological Faculty for the Degrees of B.D. and D.D.—The Theological Professors: the Venerable Archdeacon Cowley, B.D., Examiner in Homiletics and Pastoral Theology; the Rev. W. C. Pinkham, Examiner in Ecclesiastical History and Liturgiology; the Rev. R. Young, B.A., Examiner in Systematic Theology and Evidences; the Rev. O. Fortin, B.A., examiner in Exegetical Theology and Greek; the Rev. S. P. Matheson, Examiner in Hebrew and Latin.

The College Board.—The Warden, Professor Grisdale, Professor O'Meara, Precentor Beck, Rev. S. P. Matheson, R. Bourne, Esq.

The College.—Professor of Systematic Theology, the Rev. Canon Grisdale; Professor of Ecclesiastical History, the Bishop of Rupert's Land; Professor of Exegetical Theology, the Rev. Canon O'Meara; Lecturer in Music, Rev. Walter Beck, Precentor of St. John's Cathedral and Diocesan Inspector of choirs.

Lectures in Classics, Mathematics, English, Moral Philosophy and French, as may be required, for the course of Study and Degrees of the University, will at present be given by the Professors and by Masters of the College School.

St. John's College for students in Theology and Arts opens on Monday, Aug. 12th, for residence. Lectures begin on Aug. 13th. There will be lectures for students in Arts for the previous examination and for Classical and Mathematical honors. These lectures will be open to all Matriculated students of the Univer-

sity and students who have passed the preliminary examination of the University. Any other student wishing to attend the lectures must satisfy the college that he is able to profit from them and do the required exercises.

The terms, course of study, and subject of Examination for Degrees, may be learned from the Most Reverend the Warden, or the Reverend the Dean, Canon O'Meara.

THE COLLEGE SCHOOL.

Head Master—The Bishop of Rupert's Land.

Masters.

The Rev. Canon Grisdale, B.D.
The Rev. Canon O'Meara, M.A., and Gold Medalist of the University of Toronto, (late Head Master of Brantford Grammar School).

The Rev. W. Beck.
The Rev. V. O. Fortin, B.A., (Temporarily).
R. Bourne, Esq., M.A., Licentiate of the Art of Engineering, Trinity College, Dublin, and Dominion Land Surveyor.

Rev. S. P. Matheson.

Tutors.

R. Bourne, Esq., M.A., Rev. S. P. Matheson.

Assistant Masters.

R. Machray, Esq., J. C. Flett, Esq., A. G. Pinkham, Esq.

Superintendents of the Meteorological Observatory.

Bishop of Rupert's Land.
R. Bourne, Esq., M.A., A.I.L.
First Assistant Observer—R. Machray, Esq.
Assistant Observers, A. G. Pinkham, Esq., The C. M. S. Scholars.

Bursar—The Bishop of Rupert's Land.
Dean—The Rev. Canon O'Meara.
Senior Steward—The Rev. W. Beck.
Junior Steward—R. Machray, Esq.

There are two Terms in the year for the College School, each consisting of twenty weeks. The Midsummer Term begins on the 15th of January, the Christmas Term on the 1st of August.

The following students have been matriculated this term in St. John's Theological College.

George McKay, James Flett, Robert Machray, Alfred Pinkham and W. A. Burman.

There are over 70 boys in St. John's College school.

There are Scholarships in the College school, on the foundations of Archdeacon Cochran and the Rev. John McCallum, having been raised by friends in their memory. There is a small Scholarship called after the Prince of Wales, from a sum raised at the time of his recovery from illness; and a prize founded by Mrs. Charles, given at present with the Prince of Wales scholarship. There is also a Scholarship in memory of the late Mr. Bunn.

The Right Reverend the Bishop of Rupert's Land has founded a prize for Mathematics.

His Excellency the Governor-General gives a Silver Medal for the best in the school in Greek, Latin and English Grammar; and also, a Bronze

Medal for Ancient and Modern History. The College gives a number of valuable book prizes at the midsummer examination. The Church Missionary Society has several exhibitors in the College.

The Scholarships are adjudged entirely by merit in the College examinations and work.

The following are the present scholars.—
Cochran Scholars: L. J. Clarke, A. J. Flett, Tim. Tait, James McKay and R. R. F. Bannatyne.

McCallum Scholars:—J. W. Matheson and J. A. Machray.

Prince of Wales and Charles Prizes:—W. Kennedy.

Bunn Scholar:—W. Morris.

THE COLLEGE SCHOOL CHARGES PER TERM ARE:

Fee for Tuition in English, Classics, Mathematics, including Surveying and Mathematical Drawing, French, and Vocal Music.....	\$15 00
Instrumental Music.....	5 00
School Library.....	0 50
Boarding for Boys under 16.....	80 00
Boarding for Boys over 16.....	90 00
Dinner for Day Scholars, if practicable	32 00
Cathedral.....	0 50

Every Boarder has to provide bedding, six towels, clothes-bag, and India-rubber overshoes.

Every article of clothing should be marked in full with the owner's name.

Laundry and seamstress work is afforded, when required, at cost price.

Notice of the withdrawal of a Boarder should be given at least two months before the end of the Term, as the next boy on the list for admission may be in the Interior.

Any sums due to the College may be paid to the account of St. John's College, Merchants' Bank, Winnipeg; or to the Junior Steward, R. Machray, Esq.

It was ordered at a College meeting, June 19th, 1877, that, before the admission of a Boarder, \$80 be lodged with the Bursar, to remain in his hands till the Boarder is withdrawn, and that the Bills for Board and College charges be sent out immediately after the close of the Term, and be paid before the opening of the following term.

Application for admission has to be made to the Warden of the College—The Bishop of Rupert's Land.

No boy can in future be admitted as a pupil to the College School unless he can pass an Examination in the Second Reader, or as a Boarder, under the age of 8 years; and no boy over the age of 15 can be admitted as a Boarder in the College School, except on the nomination of the Church Missionary Society to one of its Scholarships, or in other special circumstances to be approved by the Warden.

Council.—Alex. McIntyre, W. W. McMillan, David Young, A. McNea, Edwin Doidge, D. McEwan, Andrew Strang, Andrew Gillies, S. J. Van Rensselaer and C. U. Lindsay.

THE NEW TARGETS.

The following table of the dimensions of the new targets adopted by the National Rifle Association will be of interest to Manitoba marksmen:—

THIRD CLASS TARGET, OR 200 YARDS.

	1877.	1876.
Bull's Eye.....	Circle 6 in.	Bull's Eye. 8 in. circle.
Inner.....	" 12 "	Centre.....16 " "
Magpie.....	" 23 "	Inner.....28 " "
Outer.....	Square 4 ft.	Outer.....40 " "

SECOND CLASS TARGET, OR 500 AND 600 YARDS.

Bull's Eye.....	Circle 24 in.	Bull's Eye. 22 in. circle.
Inner.....	" 36 "	Centre.....38 " "
Magpie.....	" 48 "	Inner.....54 " "
Outer.....	Square 6 ft.	Outer.....70 " "

The first class target is unchanged, except in the names of the divisions: in all cases the values remain as before—5, 4, 3, 2. The rule of "any" position at all ranges is also unchanged.

DOMINION LANDS SURVEYOR ASSOCIATION.

A. H. Vaughan, president; Lystoe Reid, vice-president; Geo. McPhillips, sen., treasurer; F. A. Martin, secretary.

DUFFERIN PARK ASSOCIATION.

Founded in 1878.

FAILURES IN CANADA FOR THE PAST YEAR.

Messrs. Dun, Wiman & Co., of the Mercantile Agency, in issuing their record of failures in the Dominion of Canada during the past year give the number of failures amongst the traders of Canada for the past five years with their liabilities, as follows:—

	No. of failures.	Liabilities.
1873	294	\$12,334,192
1874	966	7,666,765
1875	1,968	28,843,967
1876	1,728	25,517,991
1877	1,890	25,510,147

For a third consecutive year the liabilities of

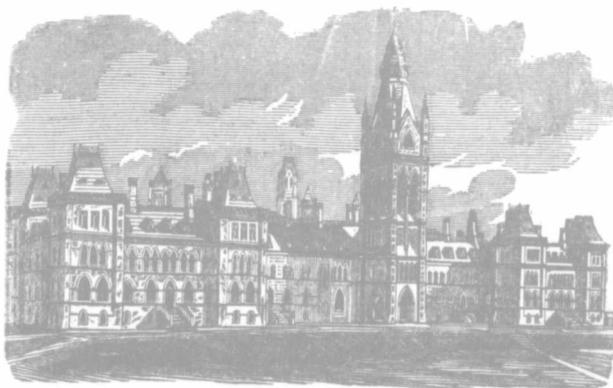

our insolvents exceed twenty-five millions of dollars.

The average liabilities per failure and the proportion of failures to number engaged in business are as follows:—

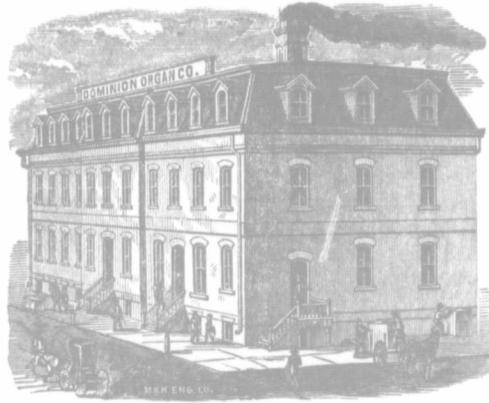

PROVINCES.	No. of Traders.	Proportion of failures.		Average liability per failure.
		1877	1876	
Ontario.....	26,924	1 in 28	31	\$11,750 00
Quebec.....	19,874	1 in 31	33	17,291 00
Nova Scotia..	5,149	1 in 44	41	10,227 00
N. Bruns k....	3,471	1 in 25	44	9,961 00
P. E. Island..	707	1 in 31	31	10,477 00
Manitoba.....	359	1 in 68	10,966 00

The yield and effect of the late harvest are said to have been over-estimated in a great many quarters. That importations have been made, and retail stocks bought, which have not been needed, and are now a dead weight upon holders.

Banking accommodation granted to importers is said to be still too liberal, in many cases affording a fictitious capital that is a fruitful source of trouble.

Of Official Report of Award to DOMINION ORGAN COMPANY,
Bowmanville, for Organs exhibited at the Centennial Exhi-
tion, Philadelphia, 1876.

INTERNATIONAL EXHIBITION.

(No. 235.)

PHILADELPHIA, 1876.

The United States Centennial Commission has examined the report of the Judges, and accepted the following reasons, and decreed an award in conformity therewith.

PHILADELPHIA, December 5th, 1876.

REPORT ON AWARDS.

Product, Reed Organs. Name and address of Exhibitor, DOMINION ORGAN CO.,
Bowmanville, Canada.

The undersigned, having examined the product herein described, respectfully recommend the same to the United States Centennial Commission for award, for the following reasons, viz :

"Because they have produced in their instruments a pure and satisfying tone, by their method of voicing, and have a simple and efficient stop-action, with satisfying musical combinations, an elastic touch, and good general workmanship."

H. K. OLIVER,

Signature of the Judge.

PART IV.

COMMERCIAL INFORMATION.

WEIGHTS AND MEASURES.

TROY WEIGHT.

By this weight gold, silver, platina and precious stones (except diamonds) are valued:

20 mites... 1 grain 20 penny weights, 1 oz
20 grains... 1 pywght. 12 ounces..... 1 lb

Pure gold is 24 carats fine.

The expression carats is also applied to a weight of $3\frac{1}{2}$ grains Troy, used in weighing diamonds. It is divided into four parts, called grains. Three and a half grains Troy are thus equal to four grains diamond weight. One pound Troy is to one pound Avoirdupois, as 144 is to 175; or 5,760 grains make one pound Troy and 7,000 grains make one pound Avoirdupois.

APOTHECARIES' WEIGHT.

The pound and ounce of this weight are the same as the pound and ounce Troy, but differently divided.

20 grains... 1 scruple 8 drachms. 1 oz. Troy
3 scruples. 1 drachm 12 ounces.... 1 lb. Troy

Apothecaries and Physicians mix their medicines by this weight, but they buy and sell by Avoirdupois.

AVOIRDUPOIS WEIGHT.

By this weight all goods are sold, except those named under Troy weight, such as groceries, vegetables, etc.

27 $\frac{11}{32}$ grains... 1 drachm 25 pounds 1 qr.
16 drachms 1 ounce 4 quarters..... 1 cwt.
16 ounces... 1 pound 20 cwt..... 1 ton

APOTHECARIES' FLUID MEASURE.

60 minims..... 1 fluid drachm
8 fluid drachms..... 1 ounce Troy
16 ounces Troy..... 1 pint
8 pints..... 1 gal

LIQUID OR WINE MEASURE.

5 ounces (Avoirdupois) of water make 1 gill
4 gills make..... 1 pint pt.
2 pints 1 quart qt.
4 quarts 1 gallon gal.
31 $\frac{1}{2}$ gallons 1 barrel bbl.
40 gallons..... 1 tierce tce.
63 gallons..... 1 hogshead hhd.
2 barrels..... 1 hogshead hhd.
2 hogsheads..... 1 pipe or butt
2 pipes..... 1 ton

DRY MEASURE.

4 gills..... 1 pint 2 gallons..... 1 peck
2 pints..... 1 quart 4 pecks or 8 gals 1 bush.
4 quarts 1 gallon 36 bushels..... 1 chal.
5 quarters..... 1 wey or load.

BRITISH IMPERIAL (NEW) STANDARD MEASURE, COMPARED WITH WINCHESTER AND WINE MEASURES.

It may be useful for business men to know the difference between the Imperial measure for liquids and dry articles and the American Winchester and wine measures, which latter was formerly used in England. By the Imperial standard, adopted in England in 1826:

1 gill is..... 8.665 solid inches.
4 gills..... 1 pint
2 pints..... 1 quart
4 quarts 1 gallon or 277,274 solid ins.
2 gallons..... 1 peck
4 pecks..... 1 bush. or 2,218,191 solid ins.
4 bushels 1 coomb
2 coombs (8 bushels), 1 quarter

The quarter of wheat is equal to the quarter of a ton of 2,240 lbs., or 560 lbs.; 70 lbs. in weight are an English bushel of wheat, while 60 lbs. of wheat make our bushel; so that the Canadian and the United States wheat bushel is just six-sevenths of the English or Imperial, and a quarter of wheat in England is equal to $9\frac{1}{2}$ bushels in Canada and the United States, though in capacity to only $8\frac{1}{2}$ bushels.

The United States grain gallon measures 268.8 solid inches; the wine gallon 231 inches; the Imperial measures 277 $\frac{1}{4}$ inches; this is now the authorized measure in Canada. 36 of the American wine gallons are very nearly equal to 30 Imperial gallons.

The obsolete English ale and beer gallon measure 282 cubic inches.

The Imperial Standard gallon is a measure that will hold 10 lbs. Avoirdupois of pure distilled water, weighed in air at 62° Fahrenheit, the barometer being at 30".

This is the unit standard in Britain, of capacity, for liquids, ale, beer, wine, spirits, and dry articles not measured by heaped measure. The American Winchester gallon weighs 9 lbs 10 oz. and 1 $\frac{1}{2}$ drachms of pure water.

One Winchester quarter=0.96945 of an Imperial quarter;

33 Winchester quarters=31.99175 Imperial;
98 Winchester=95.00581 Imperial; 100 Winchester=96.94470 Imperial.

TO REDUCE PRICE OF WHEAT IN STERLING PER IMPERIAL QUARTER TO DOLLARS AND CENTS.

Reduce the shillings per quarter into dollars and cents at 24.3 cents per shilling, and divide by $9\frac{1}{2}$, the number of American bushels in an Imperial quarter.

Example.—Required the price of wheat per American bushel in Liverpool, when it fetches 58s. 6d. per Imperial quarter. 58s. 6d. equals \$14.15, which, divided by $9\frac{1}{2}$, give \$1.51 $\frac{1}{2}$, the price per bushel.

of parts at the moveable block, minus the one-fourth, or 13.3, gives 40.1 tons as the weight required.

To find what size rope you need, when roven as a tackle, to lift a certain weight:

Divide the weight to be raised by the number of parts at the moveable block to obtain the strain on a single part. To this add one-third for the increased strain brought by friction and reeve the rope of corresponding strength.

One-sixth of forty tons is six and two-thirds tons, which, with one-third added, is nine tons, nearly, for which you should reeve a two-inch and a quarter inch rope.

LAND MEASURING.

Find the number of rods by multiplying the length by the width, remove the point two places to the left; divide by eight and multiply the quotient by five; or remove the point two places, take $\frac{1}{8}$ of the result, and we have the number of acres; Thus 3280 rods, the point removed two places, $32.80 \div 8 = 4.1$, $4.1 \times 5 = 20.5$ acres.

What is the number of acres in 2440 rods? Remove the point two places we have 24.40; $\frac{1}{8} \times 24.40$ is 15 $\frac{1}{2}$, the number of acres.

This method is of universal application, and may be stated in the following words: remove the decimal point two places to the left, and $\frac{1}{8}$ of the quotient are the number of acres.

We remove the point two places to reduce the number to units of a hundred; and since there are $\frac{1}{8}$ of a hundred rods in one acre, five times $\frac{1}{8}$ of the number of hundred rods must equal the number of acres; or simply the point removed two places, and the quotient divided by $\frac{1}{8}$ equals the number of acres.

What are the number of acres in a field 160 rods wide and 480 rods long? Remove the point two places on 160, and take $\frac{1}{8}$ of the quotient, we find one acre multiplied by 480, the length, we get 480 acres. Answer.

What is the number of acres in a field of triangular shape? The base of the triangle is 800 rods, and the altitude 300; since the area is the base multiplied by half the altitude.

Half the altitude is 150; remove the point two places on 800, and we have 8, and $\frac{1}{8} \times 8 = 5$, and $5 \times 150 = 750$, the number of acres in the field.

TABLE OF GOLD AND SILVER COIN, with their value, as determined by Mint Assays.

The valuation of gold is a direct calculation from weight and fineness at the legal rate of 25.8 grains, 900 fine, being equal to \$1.00, or \$20 672 (nearly) per ounce of fine gold.

For silver there is no fixed valuation as compared with gold. The value of silver coins is computed at the rate of 120 cents per ounce, 900 fine, payable in subsidiary silver coin, that having been the mint price when the assays were made.

These tables generally give the one principal coin of each country, from which the other

* The doubloon (doblon or more properly onza, though not really an ounce Spanish) is now generally discontinued. These figures answer as well for the doubloon of Peru, Chili, Bolivia, etc., and, therefore, this item stands for all Popayan pieces.

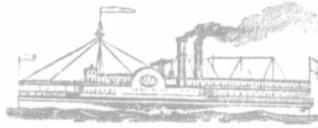

† The sovereigns coined at Melbourne and Sidney, in Australia, and distinguished only by the mint marks M and S, are the same as those of the London mint. Sovereigns generally are up to the legal fineness 916½ (or 22 carats).

‡ The last coinage of mohurs was in 1862.

AN ALMANAC FOR THIRTY YEARS, SHOWING THE DAY OF WEEK AND MONTH IN ANY YEAR FROM 1876 TO 1906.

Example.—To ascertain the day of the week corresponding to December 25, 1876, look in the Table of Years for 1876 opposite which will be found the letters B A; then look in the Table of Months, opposite December, for the same letters (B A), and underneath the column containing it will be found the Calendar for 1876, which shows December 25 to be Monday. When the Calendar for the month is found, any other day of the week or month can easily be ascertained.

A note is made payable at six months from June 4th, 1876; on what month and day of the month will it fall due? Ans: Friday, December 7, grace included. It will be observed that there are two letters opposite the leap years. The first letter is used for January and February, the second for the other months.

FREIGHTS.

Quantity of goods composing a ton in the United States.

That the articles, the bulk of which shall compose a ton, to equal a ton of heavy materials, shall be in weight as follows:

- 1,568 lbs of coffee in casks, 1,830 lbs in bags;
- 1,120 lbs of cocoa in casks, 1,307 lbs in bags.
- 952 lbs. pimento in casks, 1,110 lbs. in bags.
- Eight barrels of flour, 196 lbs each.

Six barrels of beef, pork, tallow, pickled fish, pitch, tar, and turpentine.

Twenty hundred pounds of pig and bar iron, potash, sugar, logwood, fustic, Nicaragua wood and all heavy dye-woods, rice, honey, copper-ore, and all other heavy goods.

Sixteen hundred pounds of coffee, cocoa, and dry codfish in bulk, and twelve hundred pounds of dried codfish in casks of any size.

Six hundred pounds of ship bread in casks, seven hundred in bags, and eight hundred in bulk.

0	0	0	0	0	0	0	10	20	30	40	50	60

Two hundred gallons (wine measure) reckoning the full contents of the casks, oil, wine, brandy, or any kind of liquors.

Twenty-two bushels of grain, pease or beans, in casks.

Thirty-six bushels of grain in bulk.

Thirty-six bushels of European salt.

Thirty-one bushels of West India salt.

Twenty-nine bushels of sea coal.

Forty feet (cubic measure) of mahogany, square timber, oak plank, pine and other boards; beavers, furs, peltry, beeswax, cotton, wool, and bale goods of all kinds.

One hoghead of tobacco, and ten hundred pounds of dry hides.

Eight hundred pounds of China raw silk, ten hundred pounds of net bohea, and eight hundred green tea.

STAMPS REQUIRED BY LAW TO BE PLACED ON NOTES, DRAFTS, ETC.

Upon every promissory note, bill of exchange or draft, of the value of \$25, drawn or accepted in Canada, must be placed a stamp (called a bill stamp) of the value of 1 cent. If such instrument exceed \$75, but do not exceed \$50, a stamp of 2 cents; if the instrument exceed \$50, but do not exceed \$100, a stamp of 3 cents, and for every additional \$100, or fraction of \$100, a further stamp of 3 cents. If a bill of exchange or draft be executed in duplicate, each part requires a 2 cent stamp for each \$100 or fraction of \$100. If a draft or bill be executed in more than two parts, each part must be stamped with a 1 cent stamp for every \$100 or fraction of \$100 of its value. If a promissory note, bill of exchange, or draft, be for less than \$25, a stamp is not required. Any maker, drawer, acceptor, or first indorser, who fails to affix the necessary stamp or stamps at the time of his making, drawing, accepting or en-

dorsing, any promissory note, bill of exchange, or draft, or who affixes stamps of an insufficient value, must, in the first case, affix stamps of double the value, and in the second case he must affix double the value of the amount by which the stamps affixed fall short of the proper value; and any person who comes into possession of any such instrument unstamped, or insufficiently stamped, must affix double the value of the stamps originally required, or double the value of the deficiency, as the case may be.

The stamps, after being affixed, must be cancelled by the maker or drawer of the instrument writing his initials or signature, or the date at which the stamps were affixed to the instrument, upon the face of such stamp. When the bill or draft has been drawn out of Canada the cancellation must be made by the acceptor or first indorser in Canada. If the stamps be cancelled by writing the date upon them it will be supposed that the stamps were affixed to the instrument on the date. And if the stamp be not cancelled, or if, being cancelled by writing upon it a date, the date do not agree with the date of the instrument, the stamp will be of no avail.

If any person writes or stamps a false date upon any stamp, he will be liable to a penalty of \$100 for each offence, and any person who knowingly affixes a stamp to a promissory note, bill of exchange, or draft, which has been previously used, will be liable to a penalty of \$500. Any person in Canada who knowingly makes, draws, accepts, indorses, or becomes a party to any promissory note, bill of exchange, or draft before the duty has been paid, or without affixing stamps of the correct duty immediately thereafter, incurs a penalty of \$100, and such promissory note, bill of exchange, or draft will be void.

CONTENTS OF FIELDS AND LOTS.

This table is given for the convenience of farmers and others who desire to lay off small lots of land for sale, or to ascertain the amount of land in fields:

52½ feet square, or 2,722½ feet square = 1/10 of an acre.	
73½ " " = 5,445 " " = 1/5 " "

Table showing the number of Rails, Stakes and Posts required for 10 rods of post and rail fence.

Length of rail feet.	Length of Panel feet.	No. of Panels.	No. of Posts.	Number of rails.	
				6 rails high.	7 rails high.
10	8	20½	21	124	145
12	10	16½	17	99	116
14	12	13½	14	83	96
16½	14½	11½	12	68	79

In arranging the above table 12 inches lap have been allowed.

The greater the lap the stronger and more durable the fence. To ascertain the number of rails, etc., for any desired length of fence, multiply the numbers given in the above table by the length in feet, and point off one figure from the left, and you have the desired result.

MEASUREMENT OF HAY.

Only an approximation of its weight can be learned by measurement.

As nearly as can be ascertained, 25 cubic yards of average meadow hay in windrows make a ton; 20 cubic yards of hay loaded on a waggon or loosely mowed in a barn; if well settled in a mow or stack 15 cubic yards will make a ton.

When hay is baled or closely packed for shipping 10 cubic yards will weigh a ton.

To find the number of tons in square stacks multiply the length in yards, by the width in yards, and that by half the altitude in yards and divide the product by 15.

To find the number of tons in circular stacks multiply the square of the circumference in yards by 4 times the altitude in yards and divide by 100; the quotient will be the number of cubic yards in the stack; then divide by 15 for the number of tons.

A truss of hay, new, is 60 lbs.; old, 56 lbs.; straw, 40 lbs.

A load of hay is 36 trusses.

A bale of hay is 300 lbs.

RULES FOR DETERMINING THE WEIGHT OF LIVE CATTLE.

For cattle of a girth of from 5 to 7 feet, allow 23 lbs. to the superficial foot. If the girth be from 7 to 9 feet, allow 31 lbs. to the superficial foot.

For small cattle or calves, with a girth of from 3 to 5 feet, 16 lbs. to the superficial foot should be allowed.

For pigs, sheep, and all cattle measuring less than 3 feet girth, allow 11 lbs. to the superficial foot.

Measure in inches the girth round the breast, just behind the shoulder blade, and the length of the back from the tail to the fore part of the shoulder blade. Multiply the girth by the length and divide by 144 for the superficial feet, and then multiply the superficial feet by

the number of lbs. allowed for cattle of different girths and the product will be the number of lbs. of beef, veal, or pork in the four quarters of the animal. To find the number of stone divide the number of lbs. by 14.

When the animal is but half-fattened, a deduction of 1 lb. in 20 should be made; and if very fat, 1 lb. should be added for every 20 lbs. of the weight.

CASK GAUGING.

Gauging is the art of measuring the capacity of casks and vessels of any form. In commerce most of the gauging is done by the diagonal rod, which gives only approximate results, but sufficiently accurate for ordinary purposes.

Ullage is the difference between the actual contents of a vessel and its capacity, or that part which is empty.

To Measure Small Cylindrical Vessels.

Multiply the square of the diameter, in inches, by 34, and that by the height in inches, and point off four figures, the result will be the capacity, in wine gallons and decimals of a gallon. For beer gallons multiply by 28 instead of 34.

To Measure a Cask by Three Dimensions.

1st. Add the bung and head diameters in inches and divide by 2 for the mean diameter.

2nd. Multiply the square of the mean diameter by the length of the cask in inches.

3rd. Multiply the last product by .0034 for wine gallons, .0028 for beer gallons. If the cask is not full, stand it on end and multiply by the height of the liquid, instead of the length of the cask, for actual contents.

When the cask is much bilged or rounded from the bung to the head, a more accurate way is to gauge by four dimensions, as follows:

To Measure a Cask by Four Dimensions.

1st. Add the bung and head diameter in inches, and the diameter in inches between bung and head.

2nd. Divide this sum by 3 for the mean diameter.

3rd. Multiply the square of the mean diameter by the length of the cask in inches.

4th. Multiply the last product by .0034 for wine gallons, .0028 for beer gallons.

1. The ale gallon contains 282 cubic inches.
2. The wine gallon contains 231 cubic inches.
3. The bushel contains 2150.4 cubic inches.
4. A cubic foot of pure water weighs 1000 ounces or 62½ pounds Avoirdupois.

AVERAGING PAYMENTS.

Table for banking and Equation, showing the number of days from any date in one month to the same date in any other month. Example: How many days from the 2nd of February to the 2nd of August. Look for February at the left hand, and August at the top, in the angle is 181.

Bark, Nuts, Vegetables, Wood and Drugs used chiefly in dyeing.....	Free
Barley.....	Free
Barilla, or Kelp.....	Free
Beans and Peas.....	Free
Beer in bottles..... 7 cts per gal. 10 per cent. <i>ad val.</i> packages.....	17½
Beer in wood..... 5 cts per gal. 10 per cent. <i>ad val.</i> packages.....	17½
Belting (duck) and Hose (duck).....	Free
Berries, used chiefly in dyeing.....	Free
Bitters, containing spirits..... \$1.50 per gal; pkgs.	17½
Blacking.....	17½
Blacking, for Military.....	Free
Bleaching Powders.....	Free
Blocks and Patent Bushes, for ships' use.....	5
Botany, specimens of.....	Free
Books, being reprint of British Copyright works.....	12½
Books—Blank Account and Copy Books, and Books to be written or drawn upon.....	17½
Books (printed), Periodicals and Pamphlets, not being Foreign Reprints of British Copyright works, nor Blank Account Books, nor Copy Books, nor books to be written in or drawn upon, nor Reprints of Books printed in Canada, nor printed Sheet Music. <i>ad val.</i>	5
Bookbinders' Tools, Implements, Mill Boards and Cloth.....	Free
Boots and shoes (leather).....	17½
Boot Felt.....	10
Book, Map, and News Printing Paper.....	17½
Bone, manufactured.....	17½
Bonnets, Hats, and Caps.....	17½
Bibles, Testaments, and Devotional Books.....	5
Binnacle Lamps, Ships'.....	5
Biscuit and Bread from Great Britain and B. N. A. Provinces.....	Free
Boiler Plate, Iron.....	5
Bolting Cloths.....	Free
Borax.....	Free
Bracelets, Braids, &c., made of hair.....	17½
Bran.....	10
Bran, from B. N. A. Provinces.....	Free
Brandy..... \$1 per gal; pkgs.	17½
Brass and Copper, manufactured.....	17½
Brass, in bars, rods, sheets, scraps, and strips.....	Free

Gypsum, or Plaster of Paris, neither ground nor calcined.....	Free	Ivory Veneer.....	Free
Gypsum, ground, when imported expressly as <i>Manure</i>	Free	Japanned Tin, Planished Tin, and Britannia Metal Ware.....	17½
Heavy or Carbolic Oil, used in the manufacture of wood block pavement, &c.....	Free	Jewellery and Watches.....	17½
Hardware, viz:—Cutlery, polished, all sorts; Japanned, Planished Tin and Britannia Metal Ware; Spades, Shovels, Axes, Hoes, Rakes, Forks and Edged Tools; Scythes and Snaths; Spikes, Nails, Tacks, Brads and Sprigs; Stoves, and all other Iron Castings. Other Hardware—Horn, Pearl, and Ivory, manufactured.....	17½	Junk and Oakum.....	Free
Harness and Saddlery, of leather manufacture.....	17½	Kelp.....	Free
Hair or Mohair, manufactured.....	17½	Kryolite.....	Free
Hair—Human, Angola, Goat, Thibet, Horse, Hog, or Mohair, unmanufactured.....	Free	Knees and Iron Riders.....	5
Hair, Curled, used in the manufacture of sofas, mattresses, &c.....	Free	Lard and Tallow..... 1 ct p lb; pkgs.	17½
Hat Plush, for batters.....	10	Lard from B. N. A. Provinces.....	Free
Hats, Caps, and Bonnets.....	17½	Lead, Pig.....	Free
Hay.....	10	Lead, in sheet.....	Free
Hay from B. N. A. Provinces.....	Free	Lead, white dry.....	Free
Hemp, undressed.....	Free	Leather, viz.: Sheep, Calf, Goat and Chamois Skins, dressed, varnished or enamelled.....	17½
Hides, Horns and Pelts.....	Free	Leather, or Imitation of Leather, manufactured.....	17½
Hosiery.....	17½	Leather, Sole and Upper.....	10
Horse Hair, unmanufactured.....	Free	Leather, Manufactured, viz:—Boots and Shoes, Harness and Saddlery.....	17½
Hops..... 5 cts p lb; pkgs.	17½	Lemons and Oranges.....	10
Hops, from B. N. A. Provinces.....	Free	Lemons and Oranges, and Citrons, imported in brine for the purpose of being candied; also the rinds of these fruits, imported in brine for the same purpose.....	Free
Hoop Skirt Manufacture—the following articles for Crinoline: Thread for covering Crinoline Wire, Clasps, tin and brass—Slides, Spangles, and Slotted Tapes, and Flat or Round Wire, uncovered.....	Free	Locomotive Engine Frames, Cranks, Crank Axles, Locomotive Axles, Piston Rods, Guide or Slide Bars, Crank Pins, connecting Rods, Hoop Iron or Steel for Tires, Wheels, bent and welded.....	10
Indian Corn, and Grain of all kinds.....	Free	Locomotive and Railway Passenger, Baggage and Freight Cars, running upon roads crossing the frontier, so long as Canadian Locomotives and Cars are admitted free, under similar circumstances in the United States.....	Free
Indian Meal.....	Free	Logwood, Extract of.....	Free
Indian Rubber (See Caoutchouc).....	Free	Linen.....	17½

COPY

Of Official Report of Award to DOMINION ORGAN COMPANY,
 Bowmanville, for Organs exhibited at the Centennial Exhi-
 tion, Philadelphia, 1876.

INTERNATIONAL EXHIBITION. (No. 235.)
 PHILADELPHIA, 1876.

The United States Centennial Commission has examined the report of the Judges, and accepted the following reasons, and decreed an award in conformity therewith.

PHILADELPHIA, December 5th, 1876.

REPORT ON AWARDS.

Product, Reed Organs. Name and address of Exhibitor, DOMINION ORGAN CO.,
 Bowmanville, Canada.

The undersigned, having examined the product herein described, respectfully recommend the same to the United States Centennial Commission for award, for the following reasons, viz :

"Because they have produced in their instruments a pure and satisfying tone, by their method of voicing, and have a simple and efficient stop-action, with satisfying musical combinations, an elastic touch, and good general workmanship."

H. K. OLIVER.
 Signature of the Judge.

APPROVAL OF GROUP JUDGES.

HOTEL du CANADA,

RUE ST. GABRIEL,

MONTREAL, P. Q.

Le Propriétaire a le plaisir d'informer sa nombreuse clientèle du Manitoba que l'Hôtel du Canada vient d'être entièrement restauré; les améliorations qui y ont été introduites en font la maison par excellence pour les voyageurs qui recherchent le confort d'un hôtel de première classe.

Fier du patronage que les voyageurs du Manitoba lui ont jusqu'à présent accordé, le Propriétaire espère que son hôtel continuera d'être le rendez-vous de la population du Nord-Ouest et tous ses efforts les plus grands tendront à mériter la continuation d'une préférence si flatteuse.

Des voitures seront aux débarcadères des vapeurs et des chemins de fer.

A. BELIVEAU, Propriétaire.

CANADA HOTEL,

ST. GABRIEL STREET.

MONTREAL, P. Q.

The Proprietor, in returning thanks to his numerous friends from Manitoba for the patronage they have hitherto bestowed upon him, begs to inform them that the Canada Hotel has been thoroughly renovated. The improvements and additions lately introduced have made the house fully equal to the best appointed hotels on this continent.

Satisfied that nothing conducive to the comfort of his guests will be wanted on his part, the Proprietor hopes that his house shall continue to be the *resort* of the travelling public from the North West, whose patronage and favors he so gratefully appreciates. Omnibus at Railroad Depots and Steamboat Landings.

A. BELIVEAU, Proprietor.
