the Parisian Are Described and Show Styles Are Still the Rage—Turkish Gowns Are Worn by Some.

WALKING ALMOST IMPOSSIBLE

Main suggestion of the designer. It is pleasant to see dresses which do show in the line and simplicity, and it is encouraging to find, as the season advances, that the smart women are showing them in preference to the afflicted, to the bunched up, over-trimmed, esprit trop which were thrust under our notice early in the year as being the only things to go to present wear.

MUSICAL PRODIGY A GIRL OF FOURTEEN

(Special Dispatch.)

LONDON, May 2.—As it is a well known fact that many musical prodigies have been discovered by accident, so there is every reason to believe that the West Ham Board of Guardians have found in a little orphan girl of fourteen under the protection of the Union one who may in the near future be rivaling Miss Clara Butt, or Miss Kirkby Linn on the opera stage or concert platform. "She is a marvel," said a member of the guardians, when asked about their discovery. "Several of the Board have heard her sing some popular ballads, and have been charmed by her voice. She possesses also a remarkable range—three octaves and a semi-tone."

A NOISELESS WORLD.

(Special Dispatch.)

LONDON, May 2.—"BBBER, which is being produced in increasing quantities to meet a popular demand, is being used for all purposes—notably for domestic use. Later it may be employed for street purposes in cases of illness. What is probably one of the first rubber floors in the country has been laid down at the offices of the Rubber Growers' Association, in Eastcheap—made from surplus rubber from that subscribed for and used by the big companies for Guy's Hospital flooring. A member of the association informed your correspondent that rubber will become much cheaper in the course of the next year or two, and that when the plantations are yielding what they should rubber will be used in the home and elsewhere to a great extent. "We are proposing, among other things," he said, "to manufacture a rubber covering, to be laid out in cases of illness, instead of laying down straw, as is done at present."

ENGLAND'S BREWERIES.

(Special Dispatch.)

LONDON, May 2.—A WHITE paper was issued recently which states that the number of brewers for the purposes of sale in the United Kingdom in the year ended September 30 last was 287. The materials used were as follows:—Malt, 52,287,67 bushels; unmalted corn, 91,068 bushels; rice, &c., 1,611,356 cwt.; sugar, &c., 3,279,814 cwt.; hops (including a small quantity of "preparations of hops"), 62,911,375 pounds, and hop substitutes, 18,885 pounds. The number of barrels of beer produced was 37,078,790 and the amount of beer duty charged £13,771,802. During the year 661,788 barrels of a declared value of £2,118,379 were exported, the principal customers being the British East India Company, Australia, £210,493; Belgium, £239,981, and the United States, £289,986. Germany took £246,957 worth of English beer.

GERMAN COURTS DENY TANGO IS SUGGESTIVE

(Special Dispatch.)

BERLIN, May 2.—THE State has just been condemned to pay costs in an amusing case. The authorities recently confiscated, whether exposed for sale, a postcard representing a couple dancing the tango. The man was depicted in evening dress and the woman as wearing an extremely low cut dance toilette. The Public Prosecutor maintained that the card was "immaginally indecent" and that it did not only do not conceal the figure of the woman, but, on the contrary, drew attention to it in a most daring manner. The defendant, he said, was also so deep that it could not possibly represent reality, and was calculated still further to add to the suggestiveness of the picture. Furthermore, the pose of the dancing couple was contrary to good morals. For the defence counsel said:—"If the Public Prosecutor demands a ball toilette which does not excite interest in the wearer, he asks for something impossible. He would then be called upon to interpose at her and a low-cut dress, where by official regulation the ball dress is 'de rigueur'." The idea of the Public Prosecutor that the pose of the dancers is suggestive is very far fetched. The prosecution lost its case, and the card in question, as a result of the advertisement it has obtained, is now in great demand.

FIRST TRIP OVER L.E. & N. WAS SUCCESS

Party of Directors Made An Inspection of the Line

Travelled on Flat Cars and Enjoyed the Scenery

The first passenger trip has been made over the Lake Erie & Northern line between Brantford and Galt and return.

It was not exactly a parlor car journey, and there were no dusky porters to whisk you off for the usual tip attack. Instead there was a construction engine and two flat cars lined with wooden side seats. The participants were directors of the road with guests and members of the fourth estate. They included Mr John Muir (President), Mrs. Muir, Mr and Mrs. W. J. Muir, and Mr and Mrs. Allan Muir.

Mr. Lloyd Harris (Sec. Treas.), Miss Blackmore, Mr. G. Upton, Boston, Mr. T. H. Whitehead. Mr. Harry Cocksbutt, Mr. John Sanderson, Mr. Kellert (chief engineer), and Mrs. Kellert, Mr. R. A. Thompson (Paris), and Mrs. Thompson.

Mr. Fisher, M.P., and Mrs. Fisher of Paris, Mr. W. S. Brewster, M.P.P., F. D. Reville, W. B. Preston. The road is not yet ballasted, but in spite of that, the running was much more smooth than was expected, although of course no high speed was attempted.

The construction was seen through-out to be of the very best. In every essential no expense has been spared and the outcome when everything has been completed, will be one of the best lines in this province.

The course is largely alongside the Grand River, and there is during the whole route a continuous panorama of that picturesque stream with its attendant valleys, beautiful rolling ground and hills in the distance. Trees also flourish on either side, but not too thickly to obscure the effects from the river front. At Paris the line passes along the heights this side of that place, and our prettily nestled neighbor, with its surrounding settings, presents a picture to gladden the heart of any admirer of landscapes, and who is not "You ought to call this the scenic road," remarked one of the party to the directors, and such a name would undoubtedly be most appropriate. As the Galt end of the suburbs were just entered as the completion work for joining with the C.P.R. is still in hand.

The start was made from the foot of Jubilee Terrace, and the return trip to that point from Galt took one hour and ten minutes. Excellent going that under the circumstances. Altogether the new railway outfit will not alone provide another valuable industrial impetus to both Brantford and Paris, but from the aesthetic standpoint also it runs through a district of exceedingly great charm.

PROMINENT IN MONTREAL MONTREAL, May 4.—The death took place Saturday of Charles Henry Stephens, K.C., a well known journalist and barrister. Mr. Stephens, who was born in Montreal 65 years ago, was at one time connected with the Montreal Witness, was editor of a Standard Digest, and author of a standard work on joint stock companies.

HAMILTON Grocer Is Killed By an Electric Light Wire

Attempted to Switch on the Light and Was Found With Bulb in His Hand.

HAMILTON, May 4.—Leonard T. Stewart, grocer, at the corner of Gage Avenue and King street, met with a fatal accident Saturday evening while he was handling the bulb attached to a portable insulated electric light wire in the cellar of his place of business.

The store contained a large number of customers at the time, and Mr. Stewart had gone to the cellar for a quantity of coal oil. He switched the electric light on, and with the empty coal oil can in one hand proceeded to the place where he kept the oil. His little daughter, who was standing at the top of the stairs, noticed her father reach up and take the electric light bulb in his right hand. Almost immediately there was a flash of fire, and the unfortunate man, still hold-

ing to the can and the bulb, fell backward against the stairway. The little girl called to her uncle, Robert Stewart, of 101 Erie avenue, who was in the store. The latter ran to the scene, and found the unfortunate man's clothing on fire. He knocked the burning wire from Stewart's hand and the body fell forward at his feet. Just as the live wire was taken from the hand of the victim the street lights went out, and remained out for the balance of the evening, while the lights in the store and in many residences in the neighborhood gave evidence that something had affected the lighting system.

A number of doctors were called, but all efforts to resuscitate the unfortunate man were fruitless. Examination of the body showed that the palm of the right hand had been burned almost to a crisp, while there were also various burns on the body.

Dr. Hopkins, who was called, decided that an inquest was necessary and empaneled a jury, who, after viewing the body, adjourned until Wednesday evening.

Suffragettes Are Breaking Up

(By Special Wire to The Courier)

NEW YORK, May 4.—A cable from London to the New York American says:

Although nothing officially has been said, it is learned that the militant suffragettes' deputation to King George is practically abandoned, owing to the lack of members of the Women's Social and Political Union who are willing to join.

Despite published statements to the contrary, a great falling off is taking place in both the financial and the active support given to the militant union, and several of the women at present released on license have undertaken to refrain from militancy upon the remission of their sentences. This also is not being made public by the W.S.P.U.

FAMILIES ARE SEPARATED BY HOME RULE

But in Case of Young Carson and Redmond They Are Firm Friends

(By Special Wire to The Courier)

MONTREAL, May 4.—A London cable to the Daily Mail says the dispute over Ulster in regard to Home Rule, has produced many family quarrels and much division of opinion between men and women formerly good friends, but the situation is not without its humors, because they are combinations of friendship produced by the Irish policy of the government which are every bit as strange as some of the enmity which it has engendered.

The course is largely alongside the Grand River, and there is during the whole route a continuous panorama of that picturesque stream with its attendant valleys, beautiful rolling ground and hills in the distance. Trees also flourish on either side, but not too thickly to obscure the effects from the river front. GOES TO MATTEAWAN

Michael Mahoney Who Tried to Shoot Mayor Mitchell of New York

(By Special Wire to The Courier)

NEW YORK, May 4.—Michael C. Mahoney who on April 17 shot at Mayor Mitchell, and wounded Corporation Counsel Frank L. Polk, was today sentenced to Matteawan asylum for the criminal insane. A commission investigating Mahoney's mental condition, reported to Judge Mulqueen that the man was insane at the time he fired the shot. He will be taken to the asylum later to-day.

NEW YORK, May 4.—A cable to the New York Times from London says: Willy Ferrero, the 7 year old symphony conductor, whose mother has been congratulated by the Czar for having a son of "unequaled genius," gave a private exhibition of his powers in London this week and is now the talk of the town.

Experts like Dr. Nikisch and London Ronald, who have closely observed him, declare that his performance is the eighth wonder of the world. "I am unable to account for it," said Mr. Ronald; "it is amazing, mysterious gift he possesses."

Young Ferrero was taken to Marlborough House to see Queen Alexandra. When her Majesty entered the room where the boy was waiting with his father and mother, Willy gallantly kissed the queen's hand. She responded with a salute on his forehead.

Queen Alexandra asked how he liked conducting, and Willy replied that he liked playing with toys just as well.

BROKE THE RECORD

MONTREAL, May 4.—The Canadian Pacific Steamer Empress of Asia, which arrived at Vancouver yesterday, lowered the record for the Yokohama-Victoria trip by two hours making the trip in 9 days 3 hours.

The previous record was held by the sister ship, the Empress of Russia.

His Trial Starts Wednesday

BECKER'S TRIAL WEDNESDAY

SEVENTY WITNESSES CALLED

New Evidence Secured in Case—Former New York Police Captain Will Again be Tried on the Charge of Murder in First Degree.

(By Special Wire to The Courier)

NEW YORK, May 4.—For the second trial of Charles Becker, former police lieutenant, on a charge of having instigated the murder of Herman Rosenthal, which will begin on Wednesday, District Attorney Charles S. Whitman will call seventy witnesses. Many new faces, it is said, will be seen in the witness chair and several witnesses prominent in the first trial will not appear.

As at the first trial the state's case will be around the story of Jack Rose which will be corroborated by "Bridgie" Webber and Harry Vallon. The other member of the quartette made famous in the previous trial is Sam Schepps, but the ruling of the court of appeals in granting Becker a new trial discredited his testimony and made it valueless at the coming trial. The sensational feature of the first Becker trial too will be missing. The death in the electric chair at Sing Sing prison on Easter Monday of the four gunmen convicted of the actual murder of Rosenthal removed them from the scene and prevented a repetition of the drama enacted when they were led into the court room to be identified by witnesses as the murderers.

For the defence Martin T. Manton persists in a policy of silence as to his plans. It is said, however, that Becker is anxious to take the stand in his own behalf and Manton may permit him to do so.

It is expected that several days will be occupied in securing a jury. The trial will probably occupy three weeks or a month.

THIS BOY IS MUSIC WONDER

He Appeared Before Queen Alexandra and Gave an Exhibition.

DUKE OF ARGYLL DEAD AT COWES

Served as Governor-General of Canada From 1878 to 1883.

(By Special Wire to The Courier)

COWES, Isle of Wight, May 4.—The Duke of Argyll, son-in-law of the late Queen Victoria, and former Governor-General of Canada, died last night at East Cowes, aged 69. He was taken ill a week ago with double pneumonia and his condition rapidly grew alarming.

Getting Ready For Election Next Month

There was a largely-attended and enthusiastic gathering of the members of the executive of the local Conservative Association in the Borden rooms on Saturday night. Mr. W. M. Charlton (president) occupied the chair, and those in attendance included Mr. W. F. Cocksbutt, M.P., and Mr. W. S. Brewster, M.P.P. The enthusiasm was most marked. Prospects of an early Provincial election were discussed, and although nothing of a definite nature has yet been announced, it was felt that the indications for a contest in June or, at any rate, in the Fall, were so marked as to make it desirable to put everything in shipshape for action. Reports showed the parent Association and the Borden Club to be in excellent fighting shape, and all that remains is to still further tune up the organization, already one of the best in Canada.

On motion it was decided to hold a nominating convention in the Borden Club Hall on Thursday night, May 21st, at 8 o'clock. An official notice elsewhere, tells of the manner in which to select delegates.

The name of Mr. T. S. Wade was mentioned as returning officer. He has handled this intricate and responsible task in previous contests, and always with splendid success.

GRAND VALLEY CASE IS ADJOURNED AGAIN

(By Special Wire to The Courier)

TORONTO, May 4.—It looked like old times to-day in the Second Appellate Division. City Solicitor Henderson of Brantford was there, so were J. A. Patterson, K.C., and J. Grayson Smith. The Grand Valley was the cause, but there was no controversy. The motion was the ancient one—to vary the minutes of the Appellate Court's judgment. Another enlargement was asked. "Are settlement negotiations proceeding satisfactorily?" asked Sir William Mulock. "Yes, my Lord." It was understood that the matter should be mentioned again in June. There was no war, nor were there even rumors of war, and the hearing didn't last more than a very few minutes.

A HEAVY BUDGET BROUGHT IN

Lloyd George Introduces His Sixth One in the British House

(By Special Wire to The Courier)

LONDON, May 4.—David Lloyd-George, chancellor of the exchequer, introduced his sixth budget in the House of Commons to-day with the announcement that he had to meet an estimated deficit in 1914-1915 aggregating \$26,650,000.

This deficit alone, the chancellor said, made new taxation inevitable, but in addition thereto the Government had come to the conclusion that in order to save some municipalities from bankruptcy there must be a re-adjustment in the relations of imperial and local taxation. These would entail large additional expenditures by the exchequer.

Mr. Lloyd-George proposed to set up a national system of valuation, under which "sale values" would be separated from improvement values, and under which relief would be afforded in proportion to the amount he expended to this end.

These proposed grants of relief to local taxation for purposes of public health, education, road construction, etc., would entail an additional expenditure by the exchequer of \$21,000,000. Inasmuch as he must have a margin of \$1,000,000 he would have to raise a total of about \$49,000,000. To meet this he proposed a revision of the graduated income tax. The existing tax on earned incomes up to \$5,000 a year, would remain unchanged; on incomes between \$5,000 and \$7,500 the tax would be 10 1-2d (approximately 21 cents) on the pound sterling (approximately \$3) on incomes between \$7,500 and \$10,000.

WILD WOMAN BUTCHERS A WORK OF ART

Another Outrage Committed in Royal Academy Gallery Today

(By Special Wire to The Courier)

LONDON May 4.—The portrait of Henry James, the novelist, by John Singer Sargent, the American artist, hanging in one of the galleries of the Royal Academy was virtually ruined this afternoon by a suffragette.

The woman who committed the outrage gave her name as Mrs. Wood. She belongs to the group of militants called "the wild women." Armed with a butcher's cleaver, Mrs. Wood approached the painting in a casual manner. Opportunity offering she suddenly dashed forward, produced the cleaver from under her cloak and was successful in slashing it a number of times before bystanders seized and stopped her.

Mrs. Wood was accompanied by a man who attempted to impede those persons who restrained her. Spectators of the incident turned on him and gave him a good beating with their fists. When the police appeared on the scene Mrs. Wood was handed over to them.

The Academy was opened to the public to-day. The picture damaged by Mrs. Wood was considered one of Sargent's masterpieces, and it was one of the most prominent canvases at the exhibition. It is badly gashed in three places, one of the marts of the cleaver being through the face.

Gambling On False Report

In Case of Siberia Ship—World Control Over Wireless

(By Special Wire to The Courier)

MONTREAL, May 4.—A cable to The Gazette from London says:

The necessity of further international control over wireless telegraphy has been emphasized, according to views of London underwriters, by the story of the Steamer Siberia. Various instances, beginning with the famous message of Titanic in tow are cited of shipowners and underwriters having been misled by mysterious signals. Some, on investigation, have been found to be due to genuine mistakes, but the case of the Siberia is considered here as falling in a different category. It has been asked whether any gambling took place in far eastern quarter on the false reports circulated.

A London ship insurance expert said Saturday: "There is no question of anybody in London receiving special information. The telegrams which came were common to everybody. Underwriters who had the Siberia on their books reinsured at any price to cover their apparent risks. How is it clear that anybody in Japan could have sent out false news for his own purpose? No orders? No orders went to Lloyds from Japan about the insurance of the ship."

BITTER MESSAGES

WASHINGTON, May 4.—Constitutionalists and Huertista leaders at Manzanillo, Mexico, have been exchanging very bitter messages according to a report to the navy department to-day from Rear Admiral Howard, who has read several of the letters. Admiral Howard said all was quiet at Manzanillo. He made no mention of the reported blowing up of the Mexican liner Luella.

ORANGEMEN AT TRINITY CHURCH

Splendid Address Was Delivered by Rev. G. W. Latimer.

Last evening about 75 members of the Orange Lodges of this city participated from the Temple Building to Trinity Church where the rector, Rev. G. W. Latimer, county chaplain preached a sermon full of interest to the brethren. The new Orange band furnished the music for the parade and made a good impression. Familiar hymns and an exceedingly bright service were fully appreciated by the visitors to the church. The sermon was addressed to Orangemen, but contained much information for those who had not before known the principles of the Association. After extending a welcome to the visitors, the speaker addressed the congregation from the text 1 Peter 2-17, and delighted the brethren with a vindication and application of the principles on which the order is founded. The relationship of members and the call to social service occupied the preacher's attention, and their part in the work was ably pointed out. An appeal to members to extend the Association in numbers and influence was presented in a stirring address. Profession, practice, principles followed, and the obligation obeyed would ensure strength to the Association. The address closed with a reference to the power of example and the relationship of the Association to Canada's future.

GRAND VALLEY NOTICE

City Not Likely to Get Possession of Road Until July First

Mr. E. R. Stockdale, general manager of the Trust & Guarantee Company, Toronto, has written the Grand Valley bondholders in the city as follows: For the reason that it is not considered likely that the arrangements for the proposed sale to the City of Brantford will be completed before the first of June, we have been requested by the chairman of the bondholders committee to advise you that immediately upon the opening of the adjourned meeting of bondholders to be held at this office on Wednesday, May 13, at 12 o'clock noon, a motion will be made to adjourn the said meeting until Wednesday, the 17th day of June, 1914, to be held then at the hour of 12 o'clock noon. It will thus be seen from Mr. Stockdale's notice, that there is little likelihood of the city getting possession of the road until July 1, or may be later.

RUINED A PICTURE. LONDON, May 4.—A militant suffragette made her way into the galleries of the Royal Academy this afternoon and ruined a picture.

She approached the building casually and, opportunity offering, brought out a hatchet she had concealed in her clothing and slashed it several times.

CLEAN UP DAYS.

Brantford is noted for its picturesque appearance, neat gardens and homes and trim boulevards, but at this time of the year there is always more or less of an accumulation after the winter period.

Wednesday, May 6: Cellar and garret day. Thursday, May 7: Yard day. Friday, May 8: Paint up day and children's day.

A combined effort in these essentials will not only make for appearance, but also prove an important factor with reference to the public health.

AN OBJECT LESSON.

Recent occurrences upon this continent have given an object lesson of the value to the Dominion of the British navy. The New York Sun during a recent editorial with reference to the Mexican trouble made the remark regarding the Dominion, "Incidentally let us thank God for the neighbors to the north of us."

Germany has an estimated army strength consisting of first and second line forces only of 2,250,000. France one of 1,250,000, Russia, 1,500,000 and so on. Britain's cordial understanding at the present time with France and Germany is solely because of her preponderating lines of Dreadnoughts and other war ships which they also guarantee the safety of the shore lines and trade routes of the Overseas Dominions.

THE CANADIAN NORTHERN DEAL.

The Ottawa Journal (Ind. Con.) thus forcibly prints the main features of the recent railway deal: "The Dominion Government offers to help the Canadian Northern Railway in return for a gift of forty million dollars of stock. The help is in the form of a loan of credit. The government says to the owners of the Canadian Northern Railway Company in effect, 'Go and borrow \$45,000,000 to complete your transcontinental system. Canada guarantees that the loan will be repaid, principal and interest. In return for this guarantee you shall give us outright a two-fifths ownership of the property.'"

In addition the government stipulates that all the money to be borrowed by the company under this guarantee must be spent, not in paying old debt, but in new stock to complete the system.

Also, that Sir William Mackenzie and Sir Donald Mann must pay off out of their own means all their existing debt in connection with the Canadian Northern Railway and its branches.

Finally, that the existing stock of the Canadian Northern and its branches and interests, amounting nominally to one hundred and forty-five million dollars, shall be reorganized so

as to be brought down to a total of only one hundred millions. This will be the amount of which the government will take forty millions. In other words, the government is to be handed the equivalent of two-fifths of the whole property.

In view of what has usually taken place in Canada in the past in connection with government aid to railways, this bargain in the Canadian Northern case almost takes one's breath away. Without possibly the expenditure of one dollar, the Dominion Government is to acquire a two-fifths proprietary interest in a Transcontinental Railway system. Imagine the national luck of owning now, for instance, forty per cent. of the Canadian Pacific Railway without having paid a cent for it!

The Dominion will not have to pay a cent unless the Canadian Northern system, though completed by \$45,000,000 of additional capital and in addition by the discharge of its present debts, shall nevertheless do so badly as to fail to pay its way. Such a failure in a country of Canada's resources and rapid development, is extremely unlikely.

PASSED AWAY.

The death of the Duke of Argyll—better known to Canadians as the Marquis of Lorne—removes a man of prominence, not alone for the reason that he married a daughter of Queen Victoria, but also because of his own abilities which were quite considerable. He came of distinguished ancestry and the founder of the fortunes of the House was one Archibald Campbell, an eminent political character as far back as the seventeenth century.

During the military and other troubles of that period he was very prominent holding out against Cromwell's troops for nearly a year in Inverary. He was finally taken prisoner but refused to submit to the Protector. However, he pledged himself to live peaceably which he strictly kept.

NOTES AND COMMENTS.

As for Ontario, the next big clean-up will be that which the Conservatives will administer to the Liberals in the approaching Provincial fight.

They have started tearing up an old asphalt walk on the market square. If the City Hall should be torn down as the next job there wouldn't be any flowers or any regrets.

The Conservatives in both the Brants are ready for the next Ontario fight. They were never in better shape for a fray, as our friends the enemy will discover when the smoke of battle has disappeared.

REFUGEES ARE STILL ARRIVING AT VERA CRUZ

Divergent Stories About Huerta - Reported That He Will Not Resign.

By Special Wire to the Courier. VERA CRUZ, May 4.—American refugees continue to arrive from the capital, and they bring divergent stories of the situation there. Arrangements are being made to-day to send a naval vessel to Puerto Mexico to meet a large number of refugees due there Tuesday morning.

Latest arrivals from Mexico City confirm the previous reports of a growing undercurrent feeling against the Huerta regime and tell of a rumor of a rupture between Huerta and General Blanquet, minister of war. It was the latter with the crack Twenty-ninth Regiment that took the military coup which resulted in the downfall of President Francisco I. Madero.

Some of the returning Americans, who claim to have information from those close to Huerta, declare he is reiterating to confidants that he will never resign, but talks of the possibilities of a coup against him. Several of the American business men saw the foreign diplomatic representatives counselled not to leave the capital, that there was no necessity to do so as there was practically no danger, and the whole situation would be clarified soon.

There is speculation in official circles regarding the disposition of the customs revenues of this port, said to aggregate over a million dollars in gold a month. The Federal officers who fled inland, took important papers from the custom house files, and are trying to clear up the situation in order to ascertain the exact distribution that has been formerly made of the revenue. Mexican custom receipts are pledged in part as security for the old national loan and the remainder was pledged by Huerta for the recent French loan.

For the present all customs receipts will be impounded to await instructions from Washington. Several cargoes have been unloaded during the last few days and more ships are expected to arrive from this port from the United States and Europe, so that the accumulated receipts will soon reach a considerable amount.

CARRANZA'S REASON.

WASHINGTON, May 4.—Despite the refusal of Carranza, constitutionalist chief, to declare an armistice with the Huerta government, the South American envoys to-day resumed their sessions, still hopeful that the events of the next three or four days would broaden the horizon of their negotiations to include the entire Mexican problem. Carranza declining the suggestion of a truce, asserted a suspension of hostilities "would only accrue to the benefit of Huerta in the civil war now going on in Mexico between the usurper Huerta and the constitutionalist army under my command."

EATING TOO MUCH.

I have the measles and the crump, the shingles and the mumps, my teeth have long been in the soup, I have bled from my gums; oh, I have bunions on my jaws, I have to use a crutch, and Doc, he says it's all because I'm eating too blamed much. I have the foot and mouth disease, of which the sawbone talks, and I've a pair of housemaid's knees, and likewise chickenpox. All naive ailments I have got, and ailments French and Dutch, and Doc, he says (he makes me hot) I'm eating too darned much. And that's the way that Science goes, in these dad-busted days; there is no pity for your woes, for howl you raise. When you are bent beneath disease, the doctor prods our frame, and springs again the same old wheeze: "My friend, you are to blame! You eat too much, you sleep too long, you don't take exercise; you never can be well and strong till you reform," he cries. Why can't he dope away our ills, since we have got the price? Why can't he cure us with his pills, and cut out good advice.

Wednesday: Cellar and Garret day. Get the refuse all piled together and get rid of it.  
Thursday: Yard day.  
Friday: Paint up and Children's day.

## The Brighten Up Creed

To Brighten Up myself—to be optimistic, cheerful and good natured.  
To Brighten Up my home and spread the Brighten Up spirit among my neighbors.  
To Brighten Up my business and take pleasure as well as profit from it.  
To Brighten Up my town and promote its social, industrial and commercial progress.  
To promote the love of Nature, sunshine and fresh air.  
To adopt Brighten Up as my slogan.

To those desirous of improving the appearance of their place, increasing its value and also adding to the beauty of the city in general there will be a plenty to do.  
Get ready to-day. Get the materials you need and lay out your own programme for cleaning up. It will pay.

**Many Improvements Made.**  
Much improvement has been made to the Grand Trunk property on West street. An iron fence has been put around the grounds cutting off pedestrians who were in the habit of taking a short cut across the grounds. The grass has been cut and raked up and the grounds now present a splendid appearance.

**A Runaway.**  
The horse belonging to Mr. George Smith, who runs the East Ward Baggage Transfer, became frightened at the scraping of a tin scraper in the hands of the city's employees, and dashed down Colborne street this morning, colliding with Mr. Lyon's automobile which was standing in front of his store. Mr. Smith was in Davis' harness shop getting a piece of harness repaired, when the horse made the break. When the rig hit the auto the shafts collapsed and the horse ran down Colborne street, but was captured at Queen street by a couple of men. Little damage was done to the auto but the shafts were badly smashed.

## WANTS MOTOR CAR

Chief Lewis Will Ask City Council to Make Provision for Him

Chief D. J. Lewis of the Fire Department, will at the next meeting of the City Council, ask for an automobile for his own use at the Central Fire Hall. For a long time the chief has seen the necessity of an automobile in which to make his rounds of the city, testing alarm boxes, inspecting buildings, but on account of the other more stringent needs of the department he has left over the matter of an auto until now. The chief pointed out to The Courier this morning the great need of a faster conveyance than a horse and rig. Many times he has been at the outskirts of the city when the bell has been sounded for a fire in another direction, and the horse has not been capable of taking him to the scene of the fire in fast enough time.

Whether or not he will get an auto, the chief does not know, but he is prepared to put a strong case before the Council and he is confident the members will see the matter in the same light as he does.

FOOTBALLERS HAD A GREAT DAY ON SATURDAY LAST

Results Were Not Unexpected and There Was Lots of Scoring—Details of the Games Played.

The Scores. Scots United 4; Wanderers 0. Cockshtts's United 3; Sons of England 1. Holmedale Tigers 5; P. S. A. 0. Dufferin Rifles 2; Paris 1. Scots United proved too strong for the weakened forces of the Wanderers at Agricultural Park on Saturday. It was perhaps their stamina that gave them the victory, but even at that and with a score of four goals to their credit, they were not a great deal the superior set. Playing in the first half with eight men at the start and ten men until the interval, the old Dragons did well, and held their opponents to one goal. After 15 minutes play, during which time the Scots applied great pressure, Richardson on the right wing got possession and taking deliberate aim beat Mears, who deputised in goal, with a low rising shot. It was a great effort: Aided by the slight slope, and having the advantage of the zephyr which played, the Scots assumed the aggressive, and were for the most time busily employed about the middle of the Wanderer's territory. Try as they could, they could not add to their lead. Lynn, with a fair opening sent just over the bar, and Williams, taking a free kick, had a chance but his aim was wide. Spasmodic bursts by the soldiers showed streaks of brilliance, but the forwards lacked the necessary forcefulness to get past the staunch defence of Cook and Taylor. With the Scots still on the war path the interval came and the Wanderers were one down. With eleven men lining up after the period and the advantage on their side, it looked as though the soldiers would have the better of matters, but with Weir having a damaged eye and two men crippled, they could not press home any points, and when the Scots after twenty minutes play, opened the second half, scoring through the medium of Morrison, and adding two more by Williams and Lynn, their discomfort was complete. Nevertheless, they played gamely, to the end, but could not get a single astonishing goal. The Scots left wing was probably the busiest on the field and

THOUSANDS of people who read "Tarzan of the Apes" are eagerly waiting for the appearance of our new serial story about the ape-man, entitled THE RETURN OF TARZAN (By EDGAR RICE BURROUGHS) It is as good as "Tarzan of the Apes." Don't miss the opening chapters. STORY STARTS TO-MORROW IN THE DAILY COURIER

Vipond and Williams played well and if Lynn had been quicker in accepting their passes the score might have been increased. Considering the experimental nature of the Wanderers and also the fact that the team was not fully represented, the Wanderers made a very creditable showing, especially during the first half of the encounter. Were they a little more alert on the ball when chances present themselves they would make a more effective aggregation. The line-up was as follows: Scots—Magill, Cook, Taylor, Harrington, Morrow (capt.), Fergie, Vipond, Williams, Lynn, Richardson and Morrison. Wanderers—Mears, Hayes, Matta, Howson, Little, Atkinson, Weir, Bonner, Mockford and Charleck. Referee Smith officiated amicably to both parties. Cockshtts vs. S.O.E. Cockshtts: (Magpies): Cowie, goal; Henderson and Stubbs, backs; Maich, Clarke, Robertson, half backs; Plant (capt.), G. Richardson, Bray, R. Richardson, Hutcheson, forwards. S.O.E.: Goal, Short; backs, W. Johnson, Smith; half backs, Mathias, Hart, Mitchell; forwards, Johnston, Westlake, Grover, O'Dowd, Budd, Referee, Mair. The "Magpies" and the "Bulldogs" met on Saturday at Tutela Park and splendid combination play equalled by sturdy defensive tactics gave a spirited exhibition of both teams mettle. The results merited by their combination, gave Cockshtts the first match of the season 3-0-1. Magpies winning the toss started with O'Dowd late out and a foul against Sons, which well carried drove towards their defence and then came upfield in a long-shot which set Cockshtts on the defence. Henderson and Stubbs however, made a fine hard to pass and Maich, Robertson and Clarke soon had the ball over centre. Much good play by Richardson and Bray drove for a goal Richardson shot and a goal kick was given. Johnston (Sons) being at fault, and was reprimanded for foul play. Feeling got running high. Bulldogs were on the defensive. Cockshtts charging and making the Sons play ragged by their good forward work. Budd made some gallant efforts to get the ball through. Cockshtts' defence but weak combination play saw O'Dowd and he wasted much energy, their opponents outclassing them every way. Half time: Sons 1, Cockshtts 0. Changed goals. After the kick off Plant passed to Richardson. Bray getting the ball later and some spirited work resulted. A foul against Sons with Johnston (S.O.E.) back and Richardson in collision, occurred and was given to Cockshtts and missed. The play was never far from centre, and frequently good rushes, headed by Budd, made the Red Rose bunch look like a other goal. The Magpies had the

best of it and back over centre it went. Bray with rush tactics dodging Mathias, passed to Richardson, who fouled by Johnson, got a goal kick and scored. Johnston being suspended during penalty. On the kick off Sons made a rally and pressed splendidly. Grover in lead, O'Dowd and Budd in the wings and kept Magpies on the defensive for about seven or eight minutes. Then some cute foot work by Robertson eased the defence, passed to Clarke and shot forward and the flying forwards Richardson and Plant kept going through the Sons ragged defence and finally in a tussle of Richardson and Johnston cleverly finished in a goal from corner, G. Richardson scoring. In the kick off with ten minutes to go, Sons were weakening and saw a desperate rush seriously brought Henderson and Stubbs into the final few minutes. Cockshtts got away and the English defence was better at this period than throughout the whole game. A wild rush was countered and Cockshtts held well in midfield. Some hard play, not wholly in association was exchanged. The players were acting with more than zeal for a sporting win, and while a bye kick for S.O.E. was on the touch line, the whistle blew and the game finished. Tigers Won. The P.S.A. team met the Holmedale Tigers on Saturday and the latter team being victors by 5 goals to 0. The game was very one sided. The Tigers kicked off and during the first half of the game some three or four of the P.S.A. men were injured. At half time the score was 2-0 in favor of Holmedale. Directly after the interval J. Willmott and W. Sweeney of the P.S.A. were injured so badly that they were unable to play. George Gibson, the Brotherhood goal-keeper, was also injured rather badly. The popular opinion of the spectators was that two of the goals of the Tigers were offside, but the referee did not see. The P.S.A. played nine men against eleven and the Holmedale scored 5 goals against 11. The scorers were: E. Solman 2, J. Archer 1, W. Lord 1, A. Corburn 1. The Duffs to Practice. The Duffs Football club will hold a practice on Tuesday night at Agricultural Park at 6.45 p.m.

Comment On Football Games Surveying the results of the games in the Brantford and Paris League on Saturday, the conclusion is come to that the matches resulted as might have been anticipated. There was really no battles between giants and no case where the final score was a matter of great doubt. It was a case of the stronger clubs being up against the weaker and the inevitable result was the downfall of the lesser units. Duffs in Great Form. Perhaps the best performance of the day was that of the Duffs, who, visiting at the French capital, gave the Parisians a 2-1 pill. The gay Frenchmen had not looked for any points being taken away from their own enclosure, and the Riflemen are showing some class to pull off such a feat. Backed up by much enthusiasm, the home team seemed to have underestimated the calibre of their opponents. Being their first season in the league it will doubtless be a valuable experience for them. P.S.A. did not keep up their early promise of defeating the Wanderers when they failed before the forces of the Holmedale Tigers. It is known that the O. I. B. men have a fast team, but a five goal margin was not altogether anticipated. P. S. A. must need strengthening or they have a weakness somewhere. Scots put one over the luckless Wanderers at the Agricultural Park, where they got four goals without response from their opponents, who had to play without the regulation number during the first half. Besides, the old Dragons are still experimenting with their ambitious youths, and are not as yet up to par. Cockshtts came out on top on Saturday against the Sons of England. This was only to be expected,

reviewing the respective strength of the teams. Be that as it may, the Sons got the first goal and this put the redoubtable on their mettle with the result that their opponents were vanquished. More might have been added to the score but Cockshtts are not a team to pile on the agony, although they had some reason to in this match, their opponents having a player censured three times. Cockshtts team is resting easily on its oars, or players, and are in the experimental stage so far as the definite make-up of their team is concerned.

being made off Steiger, who worked the first five innings, and two of Hammond who went the rest of the way. London scored in the fourth through an error, and Mullin hit over third. In the ninth bases on balls, Cameron's bump and Mullin's boot gave the locals a trying counter. The winning run in the 12th was the result of McCallum's hit, Hammond's bad throw to second and Linneborn's boot of Gibson's drive. Whitcraft and Stringer were the infield stars, while Gibson of the Detroit Tigers, caught a fine game, for the S. & S.

terborq owing to his not being fast enough for Class B ball. Curly Blount having a first class catcher already signed. The fans will be pleased to see Chappy in this city when the semi-pros. play here.

SAINTS STRONGER THAN IN 1913 ST. THOMAS, May 4.—The St. Thomas Canadian League team will return from the training camp at Charlotte, Mich., on Monday night. Manager Craven has reduced the number of his men to fifteen. In Wilkinson, Howick, Clements, Baker, Hughie and Reilly, Craven believes he has the classiest pitching staff in the league. Nevitt and Inker will do the catching. Lamb, Hadley, Fergie and Traill constitute the infield, and Kopp, Kustus and Craven the outfield. The team is said by those who have seen it to be much improved over last year's. The season will open with Ottawa here on Wednesday.

# RED SOX WON ANOTHER GAME, THE HITTING WAS VERY LIGHT

### Local Fans Had a Chance to Size Up Fast Com- bination Secured by Rube Deneau— Features of the Game.

They won their second game and  
decided Saturday afternoon  
as they introduced the Niagara  
Stars and Stripes, a semi-pro  
aggregation to the kelsonic bucket  
to the tune of 7 to 0. It was some  
game. The Stars and Stripes pitcher  
had a great tendency to be wild and  
presented the game to the  
Red Sox in the third inning when six  
runs were scored without the seem-  
ing of a hit being made. Four  
walks together with two sacrifice hits  
and two juicy errors netted the home  
team six runs and enough to tie up  
the game.

Our old friend Jack Fryer, well-  
known in the Canadian League as the  
ace-buster held down second base  
for the visitors and performed his  
duties creditably. The Niagara team  
have a bunch of ball players but are  
sadly in need of practice. Brickweiser  
(not Budweiser) has the goods  
for a first class pitcher, but was as  
wild as a hawk.

Manager Deneau started Carroll,  
the southpaw from Springfield, Ohio,  
in the box, and for five innings he  
had the visitors eating out of his  
hand. Only two scratch hits were  
made off his delivery the first one  
being a very lucky pop fly which  
Knowles hit on the handle of his  
bat. In his five innings he struck out  
four men and did not let one walk.

LeCroix, the new pitcher, was be-  
hind the plate for Carroll and per-  
formed very creditably. He is as  
quick as lightning on his feet and has  
a great whip to the bases.  
Taylor relieved Carroll in the sixth  
and held the visitors helpless for his  
three innings. He also struck out a  
man in two innings. Matty Lamont  
took up the catching burned and  
caught a good game.

Beltz replaced Wagner at second  
in the fifth and put up a star game.  
The game  
The Niagara team was twenty-five  
minutes late and Umpire Fraser did  
not call the game until 3:45 p.m.  
Knowles the first man up got one on  
the handle of his bat for a hit over  
first base. Klinger sacrificed him to  
second. Deneau unassisted, but the  
next two men went out, Honeck to  
Deneau. No runs, 1 hit, no errors.

Burns walked and stole second,  
Rickart and Deneau both struck out  
but Gabby Ivers came along with the  
needed hit, scoring Burns. Gabby  
went down with the first ball pitched  
and Johnson threw to centre field,  
but Klinger by a good peg caught  
Ivers in third. 1 run, 1 hit, terror.

2nd inning—Lou struck out, Schaller  
went out to Deneau unassisted,  
and Britz struck out. No runs, hits  
or errors.

3rd. inning—Johnson out, Carroll  
to Deneau. Brickweiser struck out.  
Knowles hit a long fly to right, but  
Gabby Ivers dropped it and struck  
out. No runs, no hits, no errors.

Carroll walked and was sacrificed  
along by Burns, Brickweiser to Sch-  
aller. Rickart walked on the pitch-  
er's wild throw to first of his ground-  
er, filling the bases. Ivers' walked,  
forcing in Carroll and Sandusky  
walked, forcing in Rickart. Honeck  
struck out at the third baseman,  
who fumbled the ball, going to the  
outfield and Deneau, and Ivers scored.  
Sandusky going to third and Honeck  
to second. Wagner and Sandusky  
worked the squeeze play and Honeck  
beat the throw home, netting two runs  
more. LeCroix popped to Lou. Six  
runs, 0 hits, 2 errors.

4th. inning—Fryer, opened up with  
a clean hit over second base. Kelly hit  
into a double play. Rickart to Wagner.  
to Deneau. Lou fouled out to Rickart.  
No runs, 1 hit, 0 errors.

Carroll went out to Schaller unassisted  
and Burns hit through short  
and stole second, going to third on  
Rickart's out to Kely to Schaller. Deneau  
struck out. No runs, one hit, no  
errors.

5th. inning: Schaller out. Rickart  
to Deneau, Britz out to Beltz to  
Deneau, Johnson flew out to Sand-  
usky. No runs, no hits, no errors.

Kelly's error and went to second on  
a wild pitch. Beltz went out, pitcher

6th. Innings: Brickweiser struck  
out; Knowles and Klinger went out  
to Rickart to Deneau. No runs, hits or  
errors.

Burns, Kelley was out Taylor to Deneau  
and Lou flew out to Ivers. No  
runs, hits or errors.

Deneau hit to left and went to second  
on Ivers hit to right. Sandusky  
flew out to Knowles. Honeck was  
hit in the back and Deneau and Ivers  
moved up a peg. Beltz hoisted a foul  
back of third base which Kelley cap-  
tured and Lamond failed to give time  
needed hit going out Kelley to Schaller.  
No runs, two hits, no errors.

## Carroll Is Released Changes on the Team

The only release handed out by  
Chief Deneau to date was to Carroll,  
the southpaw, who pitched against  
the Falls team Saturday. He goes to  
Stratford and will pitch against Lon-  
don to-day. Vincent Molyneux will  
likely go back to his home at the  
Falls, and report has it that Chubby  
Coose may go to St. Thomas to  
play first base, although this was not  
confirmed at baseball headquarters  
this morning. If Coose does not re-  
main in Brantford he will likely be  
found on some other Canadian  
League club.

## Sport Comment

Fans who got their glimpse of the  
1914 Red Sox on Saturday were sat-  
isfied. That is, it was demonstrated  
beyond the possibility of a doubt that  
the team this year is far above the  
calibre of last year's outfit. While  
such judgment may be true, it does  
not say that there were not fans who  
were critical at Saturday's game.  
There were fans over there who  
wanted for all their hearts desire to  
declare that this year's bunch would  
win the pennant, but these fans have  
fooled themselves before and they  
did not want to kid themselves into  
such belief again this year. There-  
fore they began to pick out the weak  
spots, and the flaws in the wigwam  
outfit. First of all they declared that  
the team was a weak hitting combi-  
nation. Apparently too many of the  
Sox struck out, with an amateur  
pitcher in front of them. Deneau  
whiffed himself to the discomfort of  
everybody, and there were murmurs  
that the Chief was going back. Right  
here it may be worth while to get  
Deneau's explanation of the appar-  
ently weak hitting parade. Fourth of  
Saturday, Deneau said after the game  
that the Niagara Falls pitcher did  
not have any kind of control, and the  
Sox were hitting at bad balls. The  
team could have scored every inning  
said Deneau, if the Sox went to the  
plate determined to wait the pitcher  
out. That is, secure a base on balls.  
In one round the Sox scored six runs  
by this very procedure, and it must  
be said that thereafter the fans want-  
ed some clouting. Well, they did not  
get it for the reason mentioned by  
the Chief that they were not playing  
straight baseball, as they will have  
to play when the big circus start  
next Thursday. Deneau's explanation  
looks reasonable to the fans, who  
followed proceedings closely. More-  
over the Chief of the tribe offered to  
wager a new hat that the Sox would  
out-hit Hamilton in the first four  
games played.

Addressed the Children. On Tuesday the Storey-hour will deal with "King Robert of Cicily," a poem by Longfellow. This subject was to have been dealt with by Miss Middlemiss last Thursday, when the Rev. Woodside gave an excellent talk to the children taken from the old rhyme "Sing a song of sixpence, a pocket full of rye." He explained how the ancients had taught their children the theme of life and given them lessons by means of these sim- ple rhymes, which were easily im- pressed upon them and applied to life. His address was one of the best that has ever been given in the public library and was listened to by a very large number of boys and girls. The subject for Thursday will be taken by Miss Middlemiss and she will deal with "Robin Hood" by Howard Pyle.

TO FIGHT DUEL

Caillaux and His Opponent Have Real Argument to Settle

[By Special Wire to The Courier] PARIS, May 4.—It would now ap- pear that in spite of the decision of the arbitrators to the contrary, Joseph Caillaux, former minister of finance and Fernand D'Aillieres are to fight a duel. M. D'Aillieres was M. Caillaux's opponent in the recent election to the chamber of deputies. Referring to the killing last March of Gaston Calmette, editor of The Figaro, by M. Caillaux's wife, he posted bills in the constituency saying elec- tors would refuse to become "accomplices in crime." M. Caillaux consequently challenged him to a duel. The seconds of M. D'Aillieres to-day de- cided that the dispute was not ended with the decision of the arbitrators, that the incident was closed and they announced that the affair is to be settled by a duel with pistols, each man to fire two shots.

The seconds met this afternoon and went about the selection of a meeting place.

Hon. Wm. Gibson Passes Away

[By Special Wire to The Courier] HAMILTON, Ont., May 4.—Hon. William Gibson, contractor and capitalist, died at his home in Beams- ville shortly before noon to-day. Be- sides being president of the Bank of Hamilton and Hamilton Jockey Club Senator Gibson was interested in a large number of financial institutions both in Canada and the United States, was widely known as a railway con- tractor and Free Mason of an exalted rank. Born at Peterhead, Scotland, in 1849, he graduated from the academy there and when 21 years of age came to Hamilton, going later to Beamsville, where his uncle conducted a stone quarry. Six years later, when his uncle died, he took charge of the business.

SILENT PICKETING

Crepe Sleeved Men and Women Parade Before Rockefeller's Offices

[By Special Wire to the Courier] NEW YORK, May 4.—Silent pick- eting by crepe-sleeved men and wo- men, who hold John D. Rockefeller and John D. Rockefeller, Jr., responsible for conditions in the Colorado mine war, was continued to-day in front of the Standard Oil building here and outside the gates of the Rockefeller estate at Pocantico Hills. The younger Rockefeller, it was said would not come to his office to-day. His seclusion was due to a cold, and not to demonstrations, so said his secretaries.

MUST NOT BREAK THE SCHOOL LAW

(Continued from Page 1) material should be complete by May 12th.

Mr. Young, for the department of education declared that the case might assume such shape that he would not be ready to go on at the end of two weeks.

"It is said," declared Mr. Young, "to be an attack on the validity of the whole regulations in question." The material ought to be matured in two weeks, concluded Mr. Justice Kelly.

"We are anxious to expediate the matter," declared Mr. Agnew for the board.

"I should think they ought to be," commented the judge. "The injunc- tion must stand in the meantime. You will warn your people."

OTTAWA, Ont., May 4.—Until a- gument is heard on the Ottawa Sepa- rate school injunction at Toronto, none of the teachers will receive any salary. The board is enjoined from paying the salaries of any unqualified teachers and Chairman Genest to-day took the ground that he did not know who came under that classification and in the meantime would refuse to sign any salary cheques.

It was learned to-day also that the French majority of trustees would in the event of the board being compell- ed to live up to regulation 17 make every school in the city a bilingual in- stitution, replacing all the Irish teach- ers who do not speak French. At- tent negotiations are under way with an order of Irish priests to come to Ottawa and take charge of the boys' schools under a year's permit from the department, giving them time to write on the qualifying examina- tions.

The French majority will promulgate an important ruling to be expounded by Cardinal Bejin after his return from the Papal Consistory, by which Irish rat- payers who are transferring their sup- port to the Public schools will be de- nied the sacraments of the church.
