A Formal Showing of Winter
Modes
In Coats, Suits, Wraps and Fur Coats

We Are Serving
Not Selling

Our Ready-to-Wear Section, has formed itself into a reception committee for the very pleasant privilege of showing you what the New Winter Styles are.

We are not asking you to buy. We are simply making Wednesday and Thursday open days for Style Inspection for your benefit and pleasure

Madam Fashion has created lovely things for the new season; Wonders in line and color, rich materials and many fetching new "wrinkles" that adorn her latest Coats, Wraps and Suits. Every Woman is immensely interested in such fascinating matters, but you need a little time to look over new styles to decide which of the modes best become your own particular type. Realizing this we are making Wednesday and Thursday a sort of intimate, friendly reception days under the supervision of **Mr. Chas. H. Kendestin** an expert fashion demonstrator who will be eager to show you "what's what" in the fashion world for winter 1923-24. Perhaps you have already decided to buy your outfit at some other store, may be you expect to have it made by yourself or by a Dress-maker; don't let that keep you away, for we want you to come just the same.

These two days are days of Service not Selling. You are not expected to Buy now or at any other time, unless you want to do so.

\$33.00 In Cash Prizes

Royal Bank Buys N.B. Timber Berths

Fredericton, Oct. 11—In lively competition today the Royal Bank bid in two and a half square miles of timber berths on North Forks coast branch for \$35 per mile, and eight and a half miles on Otter Brook, Salmon River, for \$52 per mile. The applicant was S. D. McMillan and the upset price \$20. Both berths are in Kent County.
Fisher Companies Ltd., bid in two and a half miles south of Dungarvon River, Northumberland County for \$20.50. No competition took place for the other berths.

2 Dead In N. Y. Bank Hold-up

New York, Oct. 10—A messenger named Olycher, in the employ of Rothenberg's department store in West 14th street, bound for a bank with \$12,000 in a bag, was shot and killed by a thug at the rear entrance of the store this afternoon.
The messenger fired also, just as he was shot through the heart, and his bullet likewise proved fatal killing the thug who had attacked him.
Another member of a band of five grabbed the bag containing the money, jumped into an automobile standing at the curb and they made their escape.

Big Harvest Festival and Auction, Newcastle Rink, on Thursday October 18th. Games and amusements of every description. Everybody welcome.

SOUR GRAPES WITH CHATHAM WORLD

The following telegrams received by us from people who know what they are talking about, are further evidence that the Chatham World did not know what it was talking about, when it denounced the new creosoting industry that has decided to locate in Newcastle. In last week's issue we published a prompt denial of the President of the company while this week we have pleasure in publishing denials from other reliable sources... it seems to be a case of "Sour Grapes" with the Chatham World.

Toronto, Ont., Oct. 10, 1923.
To "Union Advocate"
Newcastle, N. B.

Have seen editorial in semi-weekly "World" Chatham, October 6th, regarding operations of plants of Canada Creosoting Co., a new one of which is about to be established in your city, wherein their opinion expressed that such plants are injurious to health as they pollute the air with fumes and that only the lowest type of foreign laborers are employed. With full knowledge of the conditions of the company's plant operated here for eleven years am able to say that such statements are entirely erroneous. No injurious effect from operation has existed to detriment of either employees or people of this town generally, all of whom look upon this industry as one of Trenton's most valuable manufacturing enterprises. Creosote is considered beneficial to health, a good class of workmen, mostly Canadians are employed at good wages. Some of whom have been with the plant since it started. Trenton would be glad to see the plant here; which is located within town limits, double in capacity. Any further information will be gladly furnished.

THOS. JARRETT,
"Editor" The Sun.

Sudbury, Ont., Oct. 12, 1923.
To the Editor of the Advocate
Newcastle, N. B.

We are sending you this to take exception of some erroneous statements in the Chatham Semi-Weekly under the heading "Newcastle's New Industry." Our experience at Sudbury is that the odor from the creosoting plant is at no time objectionable and very seldom noticeable. As to the labor employed, it is representative and the best in the district and is decidedly not a low class foreign element. For cleanliness the local plant is a model and Sudbury is for it.

SUDBURY BOARD OF TRADE

To "Editor" Union Advocate,
Newcastle, N.B.

We have just read an extract from the Chatham semi weekly "World" of October 6th, entitled "Newcastle's New Industry." This has been called to the attention of the local Board of Trade and they are indignant at the untruthful assertions in the above extract. After three years operations at local Creosoting Plant we have heard no complaints about odors or class of labor employed. Will say that there is no objectionable odor and no fumes and the labor employed classes with any industrial concern in the country.

SUDBURY STAR,
per H.B. Johnston.

Sudbury, Ont., Oct. 15, 1923
To "Editor of Union Advocate,"
Newcastle, N. B.

Re recent article in Chatham semi-weekly "World" entitled "Newcastle's New Industry" I, as Mayor of Sudbury, and Dr. Cooke, as Medical Officer of Health, wish to brand the statements in above article as misleading and false. One of the most travelled streets parallels our local creosoting plant for a mile and is fifty yards away from operating part of plant. In three years in passing plant we have never noticed obnoxious fumes and scarcely an odor. The class of labor employed is as good as any in district.
We cannot say too much for such an industry for the good and betterment of Canada.

R. H. ARTHUR,
Mayor of Sudbury,
W. J. COOKE,
Medical Officer of Health.

Tid-bits on the Tip of Everybodys Tongue

Vol. 1 No. 9 NEWCASTLE, N. B. OCT. 16, 1923 FREE

Sweet After Six Years!

A young couple got married on Oct. 9th 1917. As part of the festivities Moir's Cake was served and a piece saved as a souvenir. Today it is as delicious as ever, though a little drier. And the almond paste was still intact!

As a matter of fact cake often improves with ageing. That's

why many are already ordering their Christmas Cake from Moir's. You know Haskell Coffin—his drawings are featured on the front page of the leading monthlies. One graces a new Christmas box of Moir's Chocolates.

Johnnie: "It's no use Bill, we can't steal anything because the key doesn't fit the pantry door."
Charlie: "All right then, we'll wait till Mother comes home and ask a reward for being such good boys."

PREMIER SAYS REPORT IS FALSE

Quebec, Oct. 11.—The Quebec Telegraph today says that the much debated regulation xv11, which for years has been the subject of polemics between Quebec and Ontario will be repealed with in a year, according to Premier Veniot's declaration made last evening at the Reform Club, in connection with a conversation he stated he had had here with Premier Howard Ferguson, of Ontario.

"I am convinced that Hon. Mr. Ferguson with whom I discussed the Ontario situation for French Canadians was sincere and as long as he was I am sure that within a year regulation xv11 will have been repealed. What he told me was very satisfactory. So the French Canadian children in Ontario will be able to learn French in schools as they do in old Quebec."

Referring to liquor legislation, Premier Veniot stated that he was in favor of adopting the system in force in Quebec.

"I believe we will soon have in N. B. the control of liquor by the state and that we will create a liquor commission as exists in Quebec province," he said.

Premier's Important Announcement.

A special dispatch to The Telegraph-Journal in reporting Premier Veniot's speech, said:

"Another important announcement made was that the province of N. B. was preparing to adopt liquor legislation similar to that in force in this province.

"I had, this evening, a chat with Mr. Ferguson and what he told me greatly pleased me, Veniot

said. If he is sincere, and I am convinced he is, within a year there will be no regulation xv11, in Ont. and the French-Canadian will be allowed to learn their language as they do in old Quebec.

Regarding the liquor question Mr. Veniot stated: "What we intend to do in N. B. is to adopt the policy in force in Quebec and permit and regulate the sale of liquor and create a liquor commission."

Premier Denies State

Premier Veniot in a telegram to The Telegraph-Journal last night in connection with his reported statement, at Quebec, carried by the Canadian Press and published yesterday, said: "The press despatch from Quebec quoting me as saying that in a speech before the Reform Club I favored Quebec liquor law for N. B., is absolutely false and without any foundation, whatever. The only reference made by me at that meeting to liquor law was to the 'wet condition' existing there.

"Prohibition in N. B. was not discussed by me in private or public. The statement in the despatch touching regulation seventeen of Ont. school law is equally false. I discussed informally with Premier Ferguson the question of teaching French in schools generally, but he never pronounced himself to me on the

MAGIC BAKING POWDER

Magic Baking Powder has been known and used all over Canada for more than 25 years. It has set and maintained the standard for goods of its class. Its use is increasing daily because of its strength, purity and universal satisfaction.

Pure food insures good health. Magic Baking Powder insures pure food.

GEOGRAPHY TAKES NEW IMPORTANCE

London, Oct. 6.—Geography has assumed a rapidly increasing importance in connection with commerce and science in recent years and now raphy in Manchester University. Geo. there is in honor school for geography ranks accordingly with other subjects in which one may specialize in the faculty of arts and possibly graduate with honors, and for those university students who do not wish courses of instruction in geography to specialize in the subject there are connections with the courses for the ordinary degree of B. A. For the needs of commerce students the university authorities have provided a special one-year course in geography.

Emphasis is placed by the prospectus of the new school in the commercial value of its courses in geography. It states that there is a steady recognition that in these days it is advisable to send out into foreign fields, either as traders, administrators or missionaries, only those who have the geographical knowledge of the region or whose training permits them readily to acquire it. Business houses with foreign connections, following the lead of the United States and Germany, are finding that it is essential that those who occupy posts of responsibility should, in addition to their technical knowledge, have a sound knowledge of the area with which they do business and to which periodically, it is desirable to send representatives.

regulation in question. I was very much impressed by his broadness of view touching the relations that should exist between English and French people in Canada and when I spoke at the Reform Club I felt it my duty to refer to his attitude in this respect.

"I said nothing that could be interpreted as referring to the Ontario school question, much less the repeal of regulation seventeen. I entirely refused to give interviews on any subject while in Montreal or Quebec city. (Sgd.) "P. J. VENIOT."

Thanksgiving Turkeys To Vanish In 30 Years

Chicago, Oct. 8.—Twenty years hence—thirty at most—there will be no turkey for Thanksgiving dinners, no white meat for guests no drumsticks and gizzards for little Willie and no neck and wings for mother nothing but a papier mache gobbler for a centerpiece.

This gloomy picture was drawn by delegates to the National Poultry, Butter and Egg Association, which opened to-day. It is pointed out that in the East and Midwest states, turkey production has fallen off 50 per cent since the war, and in Texas, the chief source of the Thanksgiving bird, the ranches are being cut up into small parcels.

The chief hope of the United States for the few remaining years of turkey meat, lies in New Zealand, Austria and the British Isles

BEWARE OF ACCIDENTS

Every season seems to have its distinct type of danger. Now that the hunting season is upon us we must expect to hear of shooting accidents. The most that can be hoped for will be that hunters will make a firm resolve to exercise every precaution against accidents. There will be tragedy enough at the best.

KEEP THEM WORKING

Kendall's Spavin Treatment is the old reliable, safe remedy for all cases of spavin, splints, curb, ringbone, hony growth and lameness from other causes. It keeps the horse working—no holding. What it has done for others, it will do for you. Keep a bottle of Kendall's Spavin Treatment handy as you use it equally when the need arises. A bottle only save a horse for you. It's worth while to be ready. Ask your dealer the next time you are in town. Your subscription will be sent to you. Hold everywhere. Get a free copy of "A Treatise on the Horse" at your druggist's, or write us. "Kendall's" for horse treatment also "Kendall's" for human use.

DR. B. J. KENDALL COMPANY, Eadsburg Falls, Vt., U.S.A.

Dr. F. G. Banting, discoverer of insulin, will within the next few weeks announce another discovery of even greater importance than the diabetes cure, Hon. Dr. Forbes Godfrey, minister of health for Ontario, announced at a dinner of medical men.

Hon. Dr. Godfrey said that he was not at liberty to say anything further on the matter. He had conferred confidentially with Dr. Banting.

"Dr Banting is a real genius," said the speaker. "He has now something better than insulin to offer the world. It is a marvelous thing, but I am not at liberty to make further mention of it. Dr. Banting has about completed work on his discovery and announcement will be made very soon."

MANY KILLED AND HURT AT CROSSINGS

Seventy-three persons were killed and 223 were injured in railroad crossing accidents in Canada last year. Of the total of 183 accidents, automobiles suffered in 109 cases, horses and rigs in 46, and pedestrians in 28. In the past five years 9,101 persons were killed on railroad crossings in the United States and 24,208 were injured. Fully ninety percent of these accidents were avoidable.

The above facts and figures were provided by George A. Kell, Toronto safety engineer of the Canadian National Railways. In a paper read before the Canadian Railway Club he advocated elimination of reckless drivers of automobiles by withdrawal of drivers licenses.

PRINCE GETS NEW TWO DOLLAR BILL

A new two dollar Dominion note has just been placed in circulation by the Department of Finance. On the face or front of the bill is a new steel engraved portrait of His Royal Highness, the Prince of Wales and the date of issue is June 23rd, 1923, the last birthday of

the Prince. The Department has taken advantage of the presence in Ottawa of His Royal Highness to introduce this bill.

The new note is of striking design and is altogether one of the most artistic that has been issued by the

Catarrh - SCOTT'S EMULSION

NO GREAT CHANGE IN CHARACTER OF CANADIAN WINTER

Canadians need hope for no great change in the character of the Canadian winter.

It may be true, as Dr. C.D. Walcott, the eminent American geologist says, that the glaciers in the Arctic are retreating northward and the far north is growing slowly but gradually warmer.

"But that does not mean any great change in the nature of our winter," said Sir Frederick Stupart, director of the Toronto Meteorological bureau, in discussing the matter to-day.

"It is undoubtedly true that the glaciers are retreating," he went on. "They have been doing so for some years. But whether it is a long period movement or not, we are not prepared to say. Some of these movements last hundreds of years."

"But I am convinced that it will work no great change in the character of the Canadian winter," prophesies Sir Frederick. "It will not be felt here to any extent."

"Will it be reflected only in the far north?"
Yes, it may have an influence on the weather in the far northwest, but there will be little difference in this part of Canada."

The Fall Weather Hard On Little Ones

Canadian fall weather is extremely hard on little ones. One day is warm and bright, and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive.

The Tablets are sold by medicine dealers or by mail at 25 cts a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hon. L. P. Brodeur Retires From Supreme Court of Canada

Hon. Mr. Justice Louis Philippe Brodeur, took leave of the Supreme Court of Canada when at the opening of the October term he attended the delivery of judgments.

Chief Justice Sir Louis Davies expressed the regret of his colleagues and himself at the resignation of Mr. Justice Brodeur. "That regret" he said "is deepened by the fact that the learned gentleman's resignation is brought about by ill health and the advice of his physician, that the onerous duties attending his position in the court would seriously prejudice his condition if continued."

For the Best Titles to This Picture A. D. Farrah & Co. will Award Four Prizes \$15, \$10, \$5, \$3.

CONDITIONS:

(Please read these conditions carefully and conform to them exactly)

By "Best" is understood that title which most cleverly and briefly describes the picture above.

The contest is now open and open to everybody, and will close Saturday, November 10th, at ten o'clock in the evening.

Titles may be original, or may be a quotation from some well known author. They should not exceed twenty words each. Contestants may send more than one title but not more than four.

Name of paper or circular number in which you read this advertisement must be mentioned.

All titles should be addressed Advertising Manager A. D. Farrah & Co. Box 115 Newcastle.

Envelopes should contain nothing but the competing titles plainly written. Using one side of paper only, the date, name and address of the sender on opposite side.

Should we have duplicates of any of the winning titles priority of date of receipt will be given precedence.

Titles are judged by Messrs G. P. Burchill, Leonard O'Brien, R. P. Giberson, David Ritchie, and Eugene Connelly.

Final award will be announced as early as possible after the close of the Contest. The members of A. D. Farrah & Co. staff will not compete.

(Mail Your Title To-Day)

THE "WORLD'S" INNUENDOS
Notwithstanding the "World's" statement to the contrary that its reference to the new creosoting plant which proposes locating in Newcastle was the outcome of "prejudice, jealousy or what?" and that our contention was ridiculous, still there is more "truth than poetry" in the assertion, and even the truth sometimes hurts.

Reports from disinterested and reliable sources prove conclusively that there is nothing obnoxious or injurious to the community from creosote, which is more than can be said about reports, such as the "World" broadcasted in its issue of October 6th.

Creosote is a disinfectant and possibly when the plant operates in Newcastle, some of the dreaded fumes may be carried down river some day and permeate the "World" office, to the benefit of the community as a whole.
The "World" in its issue of the 13th inst. says that it is more than pleased that a new industry is to be established in the vicinity, even if not located in Chatham and hopes that Newcastle's expectations may be realized and that the information it had received was exaggerated. How nice and considerate! But in its next remark says: "we have not yet seen any argument adduced to show that such was the case." It can hardly be said from the above gibberish that the "wish is father to the thought."

The "World" also endeavors to leave the inference that its article published on October 6th was for the purpose of arousing the people of Newcastle to ascertain whether or not the creosoting plant would be obnoxious and injurious to the community. In answer to this the people of Newcastle would be pleased to know when the Chatham "World" became so interested in the welfare of the shire town.

In its issue of the 10th inst the "World" in discussing the "Creosote Episode" made several uncalculated sneers; for instance—from one Richard V. Look, who signs himself President of Canadian Creosoting Co. Ltd.—"is there any reason why the "World" should doubt that Mr. Look is the president of the company? Again—"while not particularly interested in this contemplated outfit"; why call the new industry an outfit? Probably the reason is—because it intended locating in Newcastle and not in Chatham. It then finishes the article by saying "if the parties who have given options are satisfied we have no kick coming." If such was the case why did they

raise the kick in the first place? In its article of the 10th inst entitled "The Newcastle Creosote Project" the World gives what it calls the source of its information concerning its first report of October 6th. This is nothing more or less than street corner gossip, and as such has no place in the columns of a newspaper. Perhaps, however, the "World" has learned its lesson, and in future will be more careful. It is to be hoped so.

The "World" further stated last Saturday that the "Advocate" did not have the letters which the "North Shore Leader" published last week, which denied conclusively the "World's" statements of the 6th inst. In reply we advise the "World" that they were not letters, but telegrams, which the "North Shore Leader" published; and further, that the "Advocate" in its issue of the 9th inst. published a telegram from the President of the Creosoting Company and also one from a disinterested party Mr. Paradis of Victoriaville, Que., and are this week publishing four more telegrams received by it since that issue, to which we would draw the "World's" attention for their intellectual advancement.

It is all very well for the "World" to attempt to pass over a serious misrepresentation by merely stating that another's refutation is ridiculous but this does not alleviate its responsibility, nor does it vindicate the gross innuendó and injury accorded the new industry which contemplates coming to Newcastle, and by so doing enhance the general prosperity of the entire district of the Miramichi.

PAIN IN THE JOINTS

Is An Indication That the Blood is Thin And Watery.

The first sign of rheumatism is frequently a pain and swelling of one of the joints. If this is not treated through the blood, which is the seat of the disease, the poison spreads, affecting other joints and tissues—sometimes rheumatism attacks the heart and is fatal.

A remedy that has corrected many cases of rheumatism is Dr. Williams' Pink Pills. These enrich and purify the blood so that the poisonous rheumatic matter is driven out of the system as nature intended. Miss Gertie Denne, Washago, Ont., was attacked with rheumatism and found relief through Dr. Williams' Pink Pills. She says: "About a year ago I was attacked by rheumatism and for two weeks was confined to my bed. The trouble was so painful, affecting the joints of my limbs so that I could not stand alone. Mother had a box of Dr. Williams' Pink Pills in the house and thought they might help me. I had begun taking them, and when I had taken these pills got a further supply, with the result that the rheumatism vanished and I was a well girl. I may add that my mother and two of my sisters have also used the pills for various ailments with equal success and now we are never without them in the house."

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how your strength and health will improve.

You can get these pills from any dealer in medicine or by mail postpaid, at 50c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

Parties having new and second hand Furniture, Household Utensils, Stoves, and other articles which they wish to dispose of, will kindly notify Edward Dalton, phone 48 and they will be called for

Saved From Pneumonia By Vicks

Nova Scotia Lady Secures Relief Overnight

Mrs. Charles Dernier, of 2 Ext. Queen Street, Amherst, Nova Scotia, writes: "I have had pneumonia for the last two winters and was on the verge of having it again when I thought I would try Vicks VapoRub. Before retiring for the night I rubbed it thoroughly on my chest and back and went to sleep, although I hadn't slept for three nights. In the morning I got up feeling like a new woman."

Dr. Osler says pneumonia has taken the place of tuberculosis as "Captain of the Men of Death," to use a phrase coined by old John Bunyan. And influenza is not far behind. The germs of both these diseases are constantly with us. The only reliable protection against them is the resisting power which comes from good health. To avoid these dangerous diseases in winter, don't let yourself get run down and above all never neglect a cold. Break it up in its early stages with Vicks VapoRub, the external vaporizing treatment for colds.

At all drug stores, 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

Though Vicks is new in Canada, it has a remarkable sale in the States. Over 17 million jars used yearly.

PRINCE GETS MILLIONS FROM LEEDS ESTATE

Will Divide Fortune Between Husband and Sister.

New York, Oct. 4.—The income from the \$40,000,000 estate of Princess Anastasia of Greece is to be equally divided between her husband Prince Christopher and her sister, Margaret Stewart Green of Montclair, N. J., according to provisions of the will of the widow of Wm. B. Leeds, the plate magnate, which was filed for probate today.

Although no monetary provision was made in the document, which was executed in Paris and filed here for William B. Leeds, the Princess' son by her former marriage, he will receive the entire estate at the death of Mrs. Green, if she leaves no issue. The principal from which Prince Christopher will derive his income will revert to Mrs. Green at his death.

All of the Princess' furs, wearing apparel and a marquise diamond ring are also bequeathed to Mrs. Green, who, with a trust company, is appointed guardian of Wm. B. Leeds, during his minority. Young Leeds inherits all his mother's real estate in Newport, including her residence, known as Rough Point. Leeds was substantially provided for under the will of his late father.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. John D. Buckley announce the engagement of their daughter Gertrude to Mr. Cleo Demers, son of the late Joseph and Mrs. Demers, the wedding to take place the latter part of October.

In Memoriam

Upper Blackville, N. B.
In loving memory of Private Charlie B. Arbeau, who was killed in action, Oct. 10th, 1918, aged 22

Charlie, five years have passed,
My heart's still sore,
As time goes on,
I miss you more.

Friends are friends,
When they part, I've
lost my best friend,
When I lost you,
I lost my Mother.
Entered by his Mother,
1923

Last Symbol of Frontier Passes Into History
The old-time stagecoach used for years on the historic Carleton Trail in British Columbia, was recently replaced by a modern motor bus. These cars now make the 230-mile trip north from Vancouver to Kamloops in about a quarter of the time required by the horse-drawn coach, and the bus is a great convenience to the passengers.
It was when the passengers depended upon old Dicks.

Quality Plus

When you buy King Cole Tea you expect quality. But you also look for something more—for a certain taste that is pleasant to you, and that will be repeated in every cup you make. The quality is produced in Nature's Garden; but the taste is the outcome of expert blending which gives King Cole its characteristic rich flavor—the flavor you like. Is it not worth much to have your cup of tea always—as you like it?

"You'll Like the Flavor."

Relief for Famine Sufferers

Empress of Russia at Vancouver loading supplies for the earthquake-stricken thousands of Japan. With every available inch of her cargo space crammed with foodstuffs and a capacity stock of ships stores, sufficient to replenish the supplies of the Empress of Canada and the Empress of Australia, on relief duty off the Japanese coast, the Canadian Pacific S.S. Empress of Russia was the first relief ship to arrive. She carried consignments of flour, canned milk and canned salmon amounting to 350 tons, from the Canadian government. The British Columbia branch of the Canadian Red Cross sent twenty tons of canned milk and fifty tons of other canned food-stuffs, while the Vancouver Japanese Association contributed an initial shipment of fifty tons of flour for their famine-stricken countrymen. More than two hundred & twenty-five of the "Russia's" three thousand tons of cargo was of flour.

Canadian Rockies Lure Noted Artists

Noted artists; famous moving picture directors and expert scenic photographers, like thousands of tourists, have succumbed to the lure of the innumerable beauties of Banff and the Canadian Pacific Rockies. Artists in increasing numbers each year spend the summer on the trail in the mountains transferring these beauties to canvas. For seventeen years Carl Rungius, celebrated painter of wild animals in their native haunts, has been a regular visitor to Banff. Now he lives there most of the year and has built his own bungalow and studio. In 1921 Rungius won the \$1,000 Altman prize, but, being foreign born, was disqualified, whereupon the National Academy of Design bought the painting for \$1,000 and it now hangs in the Corcoran Art Gallery, Washington.

Belmore Browne, artist, explorer and conqueror of Mt. McKinley, 29,500 feet, lives in his own bungalow-studio in Banff the year round, except when exhibiting in New York. He and Rungius both study the mountain goats, sheep, deer and bear in their wilderness homes and paint them and their majestic scenic backgrounds.

Richard W. Kimbel, landscape painter, has spent two summers in Banff and is painting at Lake O'Hara, west of Lake Louise, and last year W. Langdon Kihn lived a month on the Stoney Indian reservation making pastel portraits of the big chiefs, little papooses, squaws and guides. Leonard M. Davis, who paints wonderful landscapes in Alaska and the Canadian Rockies with a palette knife, has joined the Banff art colony and expects to make his winter home in near-by Calgary.

The lure of Canada's Switzerland drew John Singer Sergeant, R. A., to beautiful Lake O'Hara; in the heart of the Great Divide, and with his easel planted in the white and pink heather of an Alpine meadow 6,600 feet above sea level the world renowned painter devoted ten days to painting this exquisite blue-green lake and the towering mountains in which it is cupped. Charles W. Simpson, R. C. A., of Montreal; Oliver Dennett Grover, of Chicago; Philip R. Goodwin; Edward Potthast and Albert Groll of New York and many other painters of note have found inspiration in this scenic wonderland. As for those humbler artists; the tourists with cameras; they are to be seen snapping everywhere in the bungalow camps, by the lakeside and along the trails making beautiful pictures which inspire these artists to visit Banff and its environs.

Artists at Banff (left to right) W. Langdon Kihn, R. A. Kimbel, Belmore Browne, Carl Rungius.

PERSONALS

Cecil O'Donnell returned from Saskatchewan last week.

Bert McCormack returned home Saturday from the Western wheat fields.

Mr. O.N. Brown of Sydney, N.S. is enjoying a well earned vacation at his home here.

Earl Russell, with the Bank of Nova Scotia, has been transferred to Albany, P.E.I.

Mr. and Mrs. W.F. Smallwood left Thursday for California, where they will spend the winter.

Messrs. Joseph and Leo Mitchell John O'Brien and George Boudreau were motor visitors to Fredericton on Sunday.

Mr. F.V. Dalton enjoyed a trip up the Little South West Miramichi River last week hunting big game.

Miss Marjory Lindon has returned from a pleasant vacation spent with her aunt, Mrs. Wm. Moulding in Concord, N.H.

Messrs. Harvey Young, Alvin Dalton and Wm. Landry returned on Saturday from the West, where they assisted in gathering in the wheat crops.

Mrs. Wm. Richards left Friday for Montreal to see her husband, Mr. Richards, who is seriously ill in the Royal Victoria Hospital.

Mr. Peter Preston returned to San Francisco last week after spending the summer with his father Mr. Isaac Preston.

Mr. P.A. Forsythe of Whitteville has recently returned from New Carlisle, P.Q. where he was engaged in superintending the building of the new school.

Mrs. Harry Taylor returned home after spending the past week in Moncton. She was accompanied by her son Hudson, who spent the past three weeks in Moncton.

Mr. M. McGivney and daughter Miss Gertrude motored from McGivney Jct. and spent Sunday with Mr. and Mrs. H.B. Cassidy.

Miss Evelyn M. Coughlan of the C.N.E. Audit Office, Montreal, returned on the Ocean Limited, Wednesday, after spending her vacation at her home in Derby Jct.

Mrs. H.H. Pallen of North Sydney, is visiting friends in town. Mrs. Pallen will leave shortly for Toronto, where she will visit her daughter and later will go to California to visit her son, Herbert.

Rev. W. J. Bate during his recent visit to Fredericton took service in Christ parish Church of which his son Rev. A. F. Bate is Rector. He also baptized his grandson, George Warburton; son of Rev. A. F. Bate. It is not very often that such interesting family relations are combined in the rite of Baptism.

Rev. A.W. Teed of Westmorland parish, visited his old parish of Richmond, spending a week there, during his stay baptizing no less than eighteen. Members of the Church of England here had the privilege of services held in our local St. Andrew's Church only a few weeks ago by Mr. Teed, who also baptized a grandson on the occasion, child of Mr. W.H. Teed, our County Secretary-Treasurer.

NEW LAMP BURN'S 94 AIR
Beats Electric or Gas
A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94 p.c. air and 6 p.c. common kerosene (coal oil).
The inventor, J. M. Johnston, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

The Fawcett Empress Quebec

WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Thompson's Recovery by Use of Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Lydia E. Pinkham's Vegetable Compound has done me good in every way. I was very weak and run-down and had certain troubles that women of my age are likely to have. I did not like to go to the doctor so I took the Vegetable Compound and am still taking it right along. I recommend it to my friends and to any one I know who is not feeling well."
Mrs. Thompson, 303 Lizzie St., Winnipeg, Man.

When women who are between the ages of forty-five and fifty-five are beset with such annoying symptoms as nervousness, irritability, melancholia and heat flashes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women."

110,000,000 MARKS FOR LOAF OF BREAD IN GERMANY

The people of Berlin awoke this morning to find the dollar "at two billion marks" and tonight went to bed with the knowledge that the mark fell to 5,500,000,000 in unofficial quotations late in the day, with little hope that the morrow will bring improvement.

Prices were as wild as the mark quotations and shoppers who had to have food and other necessary supplies rushed madly from market to market in an effort to get some.

There was a great variation in the price scales in various parts of the city, and utter confusion.

Although dealers, generally quote prices on larger articles in gold pennings, they vary greatly in their quotations and use such a sliding scale in converting the gold price into paper so that the public is frantic.

From hour to hour prices vary with rumors of the marks further fall and housewives are dazed by the staggering sums asked for foodstuffs. Railway rates increased 50 per cent today and will again go up 60 per cent Saturday which will not be an increase comparable to the decline of the paper mark in relation to the pound and the dollar. Beef of the cheapest quality was quoted this morning at 150,000,000 marks for a pound of 12 ounces, but none was available in the market at any such price. The people especially the old persons, are wholly incapable of comprehending the size of the bills.

A 24 ounce loaf of bread sold today for 80,000,000 marks, but the price tomorrow will be 11,000,000. Butter was 600,000,000 marks today for a 12 ounce pound, but scarce. Potatoes brought 7,500,000 marks per pound, and grapes 100,000,000 marks per pound.

SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-lives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-lives" as a medicine for women is found in the letters written by them to "Fruit-a-lives". For instance:
"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and constant headache. A doctor advised an operation. I started taking "Fruit-a-lives" and this fruit medicine completely relieved me of all my misery."

Mrs. M. J. GORSE,
Vancouver, B.C.
50c. a box, 6 for \$2.50, trial size 25c.
At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

The Stamp Tax Nuisance

Ottawa Journal.—The stamp tax has been annoying to everybody since it was imposed as a war measure eight years ago; but there is no defence for making it any more annoying than is necessary. Up to a few days ago, postage stamps were acceptable as a substitute for the special war revenue stamp, and that fact avoided a great deal of inconvenience to those who issued cheques or passed other documents liable to the tax. Postage stamps were easily procurable and served a double purpose. No matter whether a stamp of that sort was used or one of the special type, the revenue therefrom flowed immediately into the Dominion treasury and the end in view was attained. Since October 1, however, the law requires the use of the special revenue stamps on all cheques and receipts. They are procurable at the banks.

This change merely aggravates a nuisance that was already trying and accentuates the rather sorry position to which we are reduced in the matter of direct taxation. It seems as senseless as it was unnecessary. It may more clearly separate ordinary postal revenue from special war revenue; but that is a trivial thing as compared with the annoyance it will be to all the people.

Immigrants For U.S. Are Held up

Halifax, Oct. 10.—Emigrants for the United States, if they are in excess of the monthly quota of that country, are not allowed to land here and wait to be admitted under the next month's quota, according to instructions sent from the immigration department at Ottawa to the local immigration authorities.

An immigration official stated tonight that the ruling was made on representation of the United States Government. Steamship companies have previously landed passengers here after the quota for their nationality had been exhausted, to await the coming into effect of the next month's quota.

Local steamship agencies have protested against the ruling.

CREDIT TO GERMANY HAS BEEN ARRANGED

The Berlin correspondent of the Exchange Telegraph quotes the Tageblatt as saying that the plan of the United States banking consortium for a credit to Germany "has been evolved satisfactorily."

The credit, adds the newspaper does not concern reparations and will function through a gold notebank which will probably be the Reichsbank.

Fondles Locks Of D. Lloyd George

Toronto, Oct. 10.—One of the human interest incidents of Lloyd George's visit was his meeting with an aged cousin, Mrs. Margaret Cunningham, at the Christie Street Hospital. She was awaiting his arrival there and despite her 88 years she was quite active and keen in greeting her distinguished kinsman.

The British statesman shook her warmly by the hand. The old lady flicked his long gray hair with her fingers as she said: "Your hair was not white when I saw you last." He replied: "I am very glad to meet any of my relatives" and smiled as his cousin told him that she remembered him as a boy and she kept a picture of him in her room.

Father Gives Facts In Daughter's Case

"After the way Tanlac has helped my daughter. I feel that I should tell everybody what a fine medicine it is," is the appreciative statement made recently by J. Dorais, well known contractor, 210 Boulevard Monkland, Villa St. Laurient, Quebec.

"My daughter, Bertha, was in a run-down condition for a year or more, and nervous indigestion affected her so seriously she had to stay home from school at times. She became very thin and frail and was so nervous she could hardly write. She could seldom sleep

and got so she did not even care for diversion.

"She has gained seventeen pounds by taking Tanlac, and is the picture of health. She eats splendidly, sleeps like an infant; her nerves are steady, she is strong and alert, and enjoys her school work and outdoor life and exercise like other healthy girls. Tanlac is worth its weight in gold."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Take Tanlac Vegetable Pills.

Easy Come, Easy Go

Financial Post: The decision of Mr. Fielding in connection with his latest Dominion bond issue, to take all the money being offered, is, in the opinion of the Financial Post, a mistake for several reasons.

First. It is an accepted weakness of public business that funds easily obtained are readily spent. Mr. Fielding is taking beyond his acknowledged requirements. The result will be that the almost rapacious demands of the constituencies for governmental expenditures will be encouraged. There will be as well a tendency to ease up in the efforts for economy and efficiency in departmental administration. The relief for which taxpayers are earnestly looking will not be found while Ottawa has plenty of money to spend.

Second. Mr. Fielding is taking more than Canada needs while other justified borrowing is deferred. Even though the federal offering has been taken up in original subscriptions without

a strenuous drive for funds, it will be some time before the bonds are placed in the hands of the eventual holders and in the mean time they will have a direct bearing on the investment market.

Third Long term public borrowing of this character has the effect of moving just so much money from use for current business and industrial enterprises. The heavy burden of taxation on business makes present parks must be preserved, and new areas set aside for preservation as parks areas that have special qualifications to become National Parks.

The establishment of a Canadian National Parks Association is a well directed step, and it is to be hoped that the association will receive the patriotic support that it merits everywhere in Canada.

BOOST TO FRUIT PRESERVING INDUSTRY OF CANADA

A distinct boost to the fruit preserving industry in Canada, the sugar refining and fruit growing industries, and probably a great deal of encouragement to the Canadian tobacco growing industry, are anticipated by Montreal men, in close touch with the industries indicated as a result of the proposed concessions in the preferential tariff offered by the British government at the Imperial conference.

In summary it is believed that the preference on preserved fruits, if put through, would not only directly benefit the fruit canning industry in Canada, but would also so greatly benefit the sugar refining business, as a considerable proportion of the contents of a tin of preserved fruit is sugar. It might tend ultimately to cheapen the cost of preserved fruits by increasing the production and therefore reducing the proportion of overhead.

HAS PURCHASED THREE MORE PAPERS

Onward March of Lord Beaverbrook in Journalism.

London, Oct 5—With reference to the rumors afloat in Fleet street for days past to the effect that the Lord Rothermere interests had acquired the whole of Sir Edward's Hulton's newspaper interests in London and Manchester comprising five dailies, three Sunday papers, and half a dozen other weekly papers and other periodicals, the total about forty publications for a sum variously estimated at £3,500,000 to £5,000,000.

It is now stated that Lord Beaverbrook first acquired the option on the whole string and afterwards sold to Lord Rothermere, the section of the business. This would mean that Lord Beaverbrook, who is already proprietor of the Daily Express and the Sunday Express, reserves for himself out of the Hulton list, the Evening Standard, one of the best of the London evening papers, the Daily Sketch and the Sunday Herald.

The Daily Sketch is a morning paper and the Herald is a Sunday picture paper.

Healing

by the Zam-Buk method is far in advance of anything else yet obtainable. Try Zam-Buk on any simple cut or cold-sore and you will be astonished at its swift, effective healing.

Soothing

action of herbal Zam-Buk is second only to its powerful antiseptic and germicidal influence.

When you apply Zam-Buk there is never the danger of poison or disease being locked in the wound or sore as with fatty salves and ointments. On the contrary, Zam-Buk prevents your sore or injury from taking "bad ways," it kills off poisonous germs and grows fine healthy new skin. Thus Zam-Buk provides you with a handy ever-ready healer and powerful natural

Antiseptic

Zam-Buk is unequalled as the soothing, swift and safe remedy for Cuts, Burns, Scalds, Chaps, Gullblains, Cold Sores, Eczema, Ringworm, Piles, Ulcers, Poisoned Wounds, etc.

Here and There

A grant of \$25,700 to the Salvation Army to aid Canadian emigration work in Great Britain has been authorized by a Canadian Order in Council.

According to information received by the Canadian Pacific Railway at Winnipeg, sixty-three bushels of wheat to the acre has been harvested on the farm of T. M. Ballantyne, three miles north of Lacombe, Alberta. The wheat graded No. 1 and weighed 64 pounds to the bushel.

Weighing 3,170 pounds, a steer, said to be the largest ever received in Winnipeg, arrived at the union stockyards from Wainwright, Alberta. It was sold for \$250, the highest selling price of any steer in Winnipeg since the war.

The Canadian Pacific S.S. "Brunton," which arrived in Liverpool on September 5th, put up what is considered to be a record in the speedy discharge of cargo when she sailed the following day, Sept. 6th, at 7 p.m., having discharged over 2,000 tons of cargo.

It is announced that the Canadian Pacific Railway will increase the size of its irrigation headgates at Kimball, in southern Alberta, by 50 per cent in anticipation of an increase in area of 40,000 acres in the Lethbridge district. Water will be turned into the ditches of the Lethbridge Northern project, it is expected, some time this fall.

Buffalo steak will be abundant in Canada this fall. A herd of 2,000 surplus Buffalo wandering on the range in the National Park at Wainwright will be slaughtered by an Order-in-Council, and the meat and skins sold. For several years the Government has paid special attention to the preservation of the buffalo and the work has been so successful that the National Parks are now overstocked.

At a dinner given in his honor by the Vancouver Board of Trade, E. W. Beatty, President of the Canadian Pacific Railway, announced that the Company proposed immediately to add two large modern steamers to its coast fleet in order to take care of its increasing tourist traffic over the Company's Pacific Coastal lines. He also announced the early completion of a new pier at Vancouver at a cost of several millions.

There have been large increases in the number of pure bred animals in Canada during the decade between the last two censuses. The increase in the number of pure bred horses between 1911 and 1921 was 44 per cent; of cattle, 139 per cent; of sheep, 75 per cent, and of swine, nearly 44 per cent. The number of pure bred horses in the Dominion in 1921 was 47,782; cattle, 296,656; sheep, 93,643, and of swine, 81,143.

A conservative estimate of the amount of money spent in Quebec by tourists reaches \$2,358,750. From the beginning of May until the first of September, 15,000 motor tourists had called for information at the offices of the Quebec Auto Club. Taking an average of four people to each car, this meant that at least 60,000 people had come to the city by automobiles. Of this number there were approximately 3,000 camping parties, or 12,000 people.

At the Chateau Frontenac, Quebec, recently, Colonel J. S. Dennis, Chief Commissioner of Colonization of the Canadian Pacific Railway, outlined in a detailed speech existing conditions in Canada and prospects for the future. He emphatically stated that there was no cause for discouragement, but, on the contrary, every prospect of a renewal of rapid development, including an increase in our population and the development of our latent natural resources in such a way as to insure, in the comparatively near future, that we should be out of the woods, and progressing rapidly to a large population and favorable business and financial conditions.

For lightness, for whiteness, for appetizing flavor and wholesome nourishment in your home-made bread use

North West Flour
THE BREAD FLOUR

"North West" has all the ideal bread-making qualities of the best Western hard spring wheat.

For delicious cakes, light as a feather, or crisp pastry that "melts in your mouth", get

Sensation Flour
FOR CAKES AND PASTRY

"Sensation" has the more delicate, pastry-making qualities of Ontario soft winter wheat. It reduces the cost for ingredients, particularly shortening.

Local and General News

WILL HOLD HEARINGS
The Royal Commission on pulp Wood will hold hearings in Newcastle on October 22nd and 23rd.

MANY SPORTSMEN
With the opening of the moose hunting season in New Brunswick many non-resident sportsmen are arriving here en route to the woods.

SEWING CIRCLE GOSSIP
There was some discussion at the circle this week as to the length of time it takes to brew a good cup of tea. Some members said four minutes, others said six, but one speaker, a bride, said that she would tell the world she wasn't interested as to whether it took four or six. She then announced that at her house they drank nothing but LUXOR ORIENTAL COFFEE and would not look at any other beverage.

LITTLE UNEMPLOYMENT IN THIS PROVINCE
The Fraser Company which annually employs about 1400 men at their camps at Plaster Rock says that there is little unemployment in this province or in Prince Edward Island. At the present time only about 600 have been obtained and 800 more are wanted. The Company is experiencing some difficulty in obtaining them although the wages range from \$45 to \$50 per month and found.

AUCTION
A big Auction of Vegetables, Clothing, Household Utensils, Farming Implements, Automobiles, etc., will be held in the Newcastle Rink, Oct 18. Everyone is requested to attend. An interesting day is in store for all. Lunches will be served from noon until midnight. Games and amusements of all kinds with special entertainment in the evening. The Newcastle Band will be in attendance and a tug-of-war between Newcastle and Nelson will be held for a substantial prize. Admission, Children 10 cents Adults, 25 cents.

MARITIME SELECTED WEEKLIES
The Maritime Selected Weekly Newspapers Association will hold their annual meeting in Moncton on Tuesday, October 23rd. This association is composed of all the leading weekly newspapers in the Maritime Provinces and has an office in Toronto, with Mr. L. S. Gowe of that city in charge as Manager. Through this office the important Maritime Weekly Newspapers are kept in direct touch with all the big National Advertisers and Advertising Agencies. Each year the business is increasing enormously and the future prospects are exceedingly bright. The two local newspapers, The North Shore Leader and The Union Advocate are members of the Association.

SIGNS AND PORTENTS
To those who believe in signs and portents, the sum of this year's figures, 1923-15—may afford some ground for the belief that events of importance, both at home and abroad are pending. The last time the total of the year's figures amounted to fifteen was eight years ago, and none of us are likely to forget 1914. The year 1905 also saw happenings of world-wide interest, including payment by Russia to England of an indemnity for the "North Sea Incident." In 1806 both Pitt and Fox died; 1815 saw Waterloo; in 1824 Byron died; and in 1851 the Great Exhibition was held. What, we wonder, will be the outstanding feature of 1923?

You first realize what SCOTT'S EMULSION is by the strength it brings.

TO GO UP IN SMOKE
The W.C.T.U. of Ontario have opened a campaign against tobacco. The movement is likely to go up in smoke.

CHANGE OF PROGRAM
"Spooks" which was advertised by the H. Wilmot Young Co. for Tuesday night has been changed to Wednesday night. Don't forget to see this play. It's a corker.

Mrs. Good Housekeeping was asked why it was she always served such good tea. Her answer was as follows:—"I always use MORSE'S SELECTED ORANGE PEKOE and I never make it so strong that I have to thin it out with hot water after it is poured in the cup. The best cup of tea is the cup that you get just as it comes from the pot."

SUCCESSFUL IN WEST
Miss Adeline Curtis daughter of Mr. Patrick Curtis formerly of Sunny Corner, now of West Bathurst is the guest of her sister, Mrs. David Whitney, Curventon and Mrs. Frank A. Menzies, Whitneyville. Miss Curtis has met with great success in the west and is now an aesthetist at the Johnston Wicket, California.

PRACTICALLY ASSURED
Mr. J. A. Creaghan, who has been acting solicitor for the Canada Creosoting Co., received a telegram on Friday, instructing him to close all options on properties taken by them for their new proposed plant at Newcastle. This action of the company would indicate that Newcastle has been definitely decided on as the site of location for the industry.

BEAN SUPPER
Get your supper on Hallow E'en night at St. James Hall. If you do you are assured a most delightful one, and you will enjoy it. By so doing, you will be spared a lot of work in preparing your own and you will have more time at your disposal for the usual pastimes of Hallow E'en. Remember the date and let nothing interfere with your attendance.

LABELS WILL TELL WHEN YOUR SUBSCRIPTION IS DUE
A large number of subscriptions to the Advocate are now due. That we may be saved the trouble and expense of mailing a notice of arrears, we wish to direct your attention to the label on your paper this week. It shows the month and year to which your subscription is paid. If you are one of those in arrears, you will confer a favor by attending to the matter within the coming few days.

BOYS NOT AFRAID TO WORK
The members of Harkins Academy, Football team are anxious to procure suitable uniforms to permit them to play football in a correct manner. These young men are not asking for donations to enable them to do so, but are willing to work for them. They have decided on a method, which no doubt should meet with the approval of the citizens. These boys are prepared, after school hours and on Saturdays, to perform work in the nature of piling, splitting and sawing wood, cleaning up yards or any other work of a similar nature, for those having such work to do. At this time of year there is always more or less of this kind of work needing attention, before winter sets in, and if any person, who wishes to have such work done, would advise Kenneth Brown, or any teacher of the Harkins Academy staff, the work will be promptly and satisfactorily attended to by the boys of the football team. Encourage boys of this type who are not afraid of work.

U. S. HUNTERS GET 100 CARIBOU

Wrangell, Alaska, Oct. 10—A caribou, killed by D. W. Bell of Williamsport, Penna., member of a party from the eastern part of the United States that has just arrived here after a big game hunt into the Cassiar country, across the Canadian boundary from Wrangell, was yesterday announced by experts as the largest specimen ever seen. The party brought in more than one hundred caribou stayed by its members. Many of these caribou were of a large size. R. N. Barnes of Boston, killed a moose whose antlers had a spread of 61½ inches. State Senator Robinson of Mohawk, N.Y., slew three grizzly bears, one of which was ten feet, two inches long and weighed more than 800 lbs. The large caribou obtained by Mr. Bell had antlers with a spread of 55½ inches and a length of 65½ in. It was of the ordinary species.

ENGLAND TO DISTRIBUTE MAIL BY AIR

To ascertain what time can be saved in the distribution of American and other mail for northern England and northern Ireland an airplane service from Plymouth to Manchester and Belfast is soon to be started by the British Air Ministry in cooperation with the De Havilland Aircraft Company, according to a report just received from American Consul R.C. Brusser. Upon notice by wireless from incoming American mail steamers approaching Plymouth motor trucks will be placed in readiness to transport mail from the steamers to the aerodrome, which probably will be located on Chelson Meadows—the largest accessible tract of level ground in the neighborhood and close to the harbor—air service dispatched by plane to London, Manchester and Belfast for distribution in Great Britain and northern Ireland. The post office will be responsible for the handling of mail at Plymouth and other towns in the territory of distribution. The return journey from Belfast will be made via Manchester and Birmingham with the intention of linking up with the outgoing mail steamers at Southampton. However, planes will proceed no further than Birmingham for the present, as Southampton has no aerodrome suitable for the purpose. Although the service is primarily an air mail service, it is reported that arrangements also will be made to carry passengers.

The Wonderful Heroine

Word has just been received of a most wonderful picture which is being given as a premium to all who subscribe to the Family Herald and Weekly Star of Montreal. This beautiful painting, entitled, "The Wonderful Heroine," in the most delicate colors, is in keeping with the subject. In size the picture is 18 x 24 inches, on rich heavy paper. When one considers that two dollars secures the Family Herald and Weekly Star for a whole year (52 issues of 72 pages each) including this beautiful and inspiring picture, one wonders how it is done. It is really a marvel. Each subscriber, new or renewal, will receive the picture provided he acts quickly. The amazing life story of the "Wonderful Heroine" has been printed in booklet form and our readers may obtain a copy free by sending a postal card for it addressed to the Family Herald and Weekly Star, Montreal. No charge of any kind is made for this wonderful story.

Every day of your life you can have a good loaf of Bread if you bake with
