## The Firemen Decide to Hold Out Till 6 Tonight

### Efforts Being Made to Bring About a Settlement of the Dispute With the Firemen; Men to Take Their Positions

Fire and Light Committee is Meeting This Afternoon, With Ald. Rose to Take Charge—Applications For the Positions Received By the Committee.

The firemen did not carry out their intention to quit at noon today. They have been staved off until 6 o'clock tonight. The Fire and Light Committee will hold a conference with the firemen this afternoon at 2 o'clock.

Chairman Rose of the Fire and Light Committee and Ald. Dakers of the committee went to the hall at noon today prepared to meet the place with new men if the firemen carried out their intention. They were told by the firemen that they would be ready to hold out until 6 o'clock. They were met by the Fire and Light Committee at 2 o'clock.

### Chamber of Commerce Has New Quarters; Will Take Interest in Sports

The Board of Directors of the St. Catharines Chamber of Commerce met at a special luncheon meeting at the Welland Hotel at 12 noon yesterday and got through with a number of important items of work.

The special committee on Headquarters made a further report of its investigations into available quarters for the Chamber and the Board finally decided that the new home of the Chamber of Commerce shall be in the south wing of the Welland Hotel.

Mr. H. Malcolmson is having the necessary alterations made immediately which will provide adequate and spacious headquarters with plenty of room to expand as the organization grows. It is planned, when the alterations are completed to have in addition to the offices, a meeting room and reading room for the convenience of the members, and visitors.

The Chamber is taking steps to obtain an act of incorporation from the Dominion Government and Mr. E. H. Lancaster was appointed as a delegate to attend a conference with the Secretary of the Department of the Interior.

Recommendations from Forum meetings, held recently were taken up by the Board, and the Committee on Town Planning was authorized to set up a committee on Town Planning to thoroughly investigate the needs of St. Catharines in this important work with the view of recommending the appointment of a Town Planning Commission.

A sports committee was also authorized to be formed to go into details of improving facilities for, and encouraging various forms of Sport. The committee was also appointed to represent the Chamber of Commerce

agreed to await what action may be taken at that meeting. There are some prospects of a settlement. A former mayor this morning spent some time with the firemen urging them to at least hold a conference with the committee before they took any drastic action.

Ad. Rose said this afternoon that his committee last night did nothing but receive applications of men to fill the firemen's places. "We have about ten men we can depend on," he said. There are volunteers as well, so if the firemen go out tonight at 6 o'clock the city will not be left entirely helpless. The Chief and assistant chief will be on the job too.

### Protest of Trades and Labor Council Receiving Consideration at Ottawa

Following is a copy of the telegram from the Minister of Labor to Peter Grant, President of the Trades and Labor Council:

Ottawa, April 7  
"Your telegram to Minister of Labor received. Matter receiving immediate attention."

Gerald H. Brown, Acting Deputy Minister of Labor, this was in reply to the following resolution passed by the Trades and Labor Council:

That this special meeting of St. Catharines Trades and Labor Council after hearing the representatives of St. Catharines Fire-fighters Association, and being assured by said representatives "That Ald. Graves did explicitly promise members of the Association that their increase would not be less than 25 per cent," does heartily endorse their action. Furthermore, believing that the members of the above association have no alternative but to resign, and also that the above mentioned breach of faith has brought about a serious crisis in the city's affairs, we advise the members of the Trades and Labor Council to acquaint the Federal Minister of Labor with the seriousness of the situation and ask that he should make an investigation, in order that justice may be meted out."

### Sir Adam Beck at Ottawa With Reference to Taking Over Road; Situation Same

Sir Adam Beck yesterday at Ottawa had a conference with Hon. Dr. Reid, Minister of Railways and Canals. It was stated that the question of the taking over of the N. S. & T. Ry. by the Hydro was not discussed but it is known that it is the errand of Sir Adam to the capital.

At any rate the situation with regard to the taking over of the N. S. & T. Ry., is unchanged and there will have to be a lot of negotiation before any such transfer could be made.

Sixty bags of potatoes were dumped on the street in Montreal, too far rotted to be of use even for hogs. A. McDonald of Toronto, traveller for a London cigar firm, died suddenly on a C.P.R. train near Lindsay.

### HYDRO FARMS BEING RUN AT CONSIDERABLE LOSS ON THE CHIPPAWA-QUEENSTON POWER CANAL AREA

Reporting voluminously as auditor of the Provincial Hydro-Electric Commission, G. T. Clarkson repeats much information conveyed in his recent special report to the Government, including a reference to expenditure of \$54,811 for purchase of radial right-of-way between Port Credit and Toronto without statutory authority, but with assurances as to validation from Premier earst.

The statement shows the assets of the commission from Oct. 31 last were \$51,081,982, of which \$19,931,961 is represented by the nine distribution and development systems. Liabilities include advances by the province of \$25,517,816; cash advances to the Chippawa power development works of \$11,975,000. To cover the purchase of the capital stock of the Ontario Power Company the commission assumed a debenture liability of \$7,994,000. Against the Essex and Thorold systems, which are treated as assets of \$473,262, there are debentures of \$326,000 standing as a liability. Among other liabilities is one to the municipalities of \$586,249 balance of sums paid by them in excess of the cost of power supplied. The commission also holds \$624,216 as reserves for sinking fund and \$11,952,736 as reserve for renewals.

### BAN ON FREIGHT INTO BUFFALO

RAILWAY YARDS TIED UP BY ILLEGAL STRIKE OF EMPLOYEES  
BUFFALO, N. Y., April 8.—An embargo on all freight entering or leaving or passing through Buffalo was announced late tonight after a conference of officials of the seven railroads whose yards were tied up today by a strike of switchmen. Milk shipments into the city will be continued, and passenger service will be maintained as far as possible, it was said after the meeting.

Strike leaders tonight claimed that 24,000 men had joined the walk-out, which was denounced as illegal by Frank J. Sheehan, Vice-President of the Switchmen's Union of North America. Railroad officials said that their figures showed that about 1,500 men were out. They admitted however, that the situation is serious.

### Soldiers in Large Numbers Were Found With Names On Various Pay Sheets

That there was extensive padding of the payrolls of the 19th Regiment was clearly brought out this morning at the military enquiry. Duplications galore were found, and were item by item put down in the records of the court.

This is new evidence which was not even hinted at, at the former sitting of the enquiry early in the year. At 1.30 today an adjournment was taken until tomorrow morning at 9.30.

When the military court reconvened today at the armory Capt. S. A. Dyke was called and asked why pay had been claimed for him on two separate pay sheets, in other words why he had drawn pay for 47 days in August 1914. He recognized the 20 days claim signature on the staff pay roll as his own. The pay sheet, he believed was prepared for men who were to go back to civil life owing to a reduction in the canal force. He said he never drew the pay for 27 days to the best of his knowledge, but shown the pay sheets for No. 2 Company for August the admitted the signature opposite 27 days was his own. There was however, possibility of men being impersonated.

Gen. Cruickshank pointed out that both rolls were signed and certified by the same officer on the same day. Dyke said he had never received the money on the staff pay roll and believing that after the reorganization, the old list had been destroyed, he signed the second pay list and drew only that pay. He never knew any other pay had been claimed for him.

Capt. C. S. Patterson when recalled could not account for the duplication. The staff payroll was in Sergt. Turnbull's hand writing but he did not know who prepared Section 2 roll. The figures on both rolls appeared to be Sergt. Turnbull's. Both lists were official and had been used as vouchers for expenditures. Shown a list for September 1914, signed by Capt. Geo. R. Bradley, and also a pay list for August 1914, signed by Capt. G. H. Bradley, he said the signatures were not the same. It looked like forgery by someone he admitted.

### Auditor Calls Attention to Cost of Running the Farms and Also Draws Attention to Other Items of Expense; Ontario Power Company Assets.

St. Lawrence, \$2338, on the Wasdell and \$3,936 on the Severn or a total of \$168,068. This excess was reduced by \$75,000 which is allowed for general purposes. On the construction of the third pipeline of the Ontario Power Company work on the Chippawa development radials, surveys, etc., and extensions to the Essex system expenditures of over two million dollars in excess of appropriations were made. The Commission, however, had a balance of slightly over three million dollars voted for Niagara and other systems which was not used, though drawn, and its total expenditures were only \$108,850 over total appropriations. The auditor should be a general allowance should be voted by the Legislature to meet contingencies for work not anticipated or looked for, such expenditures to be subject to the approval of the Government.

The amount of capital invested in rural lines of the system was \$475,085, and the year's operations showed a net loss of \$310. In the report on the accounts of the Ontario Power Company and of its subsidiary, the Ontario Transmission Company, Limited, the assets of the company are shown as \$25,113,388.63 of which \$61,676.07 was for equipment purchased last year. The expenditure on the third pipeline to the works of the company has been \$3,510,441.02. The original estimated cost was under two million. The Park Commissioners have agreed to let the pipe remain beyond 1923, but the report recommends that the company be authorized to repay the costs of the third pipeline and equipment on a sinking fund basis over an extended period of years, instead of increasing the cost of power to municipalities.

### Evening Industrial Classes At Collegiate Close After A Very Successful Year

All the evening Industrial Classes which have been held during the winter in the Collegiate Institute and in the basement of the Public Library are now closed, with the exception of the class for engineers which will meet a few times yet on Wednesday evenings. The reason for continuing this class is that a number of the men have applied for stationary engineer's certificates and the result of their application is not yet known and those who fail to obtain what they want will have an examination as soon as the Department can arrange for the holding of the same. During the season 176 women registered of whom 78 attended three quarters of the lessons and are therefore entitled to a refund of the \$1.00 deposit. The men who registered numbered 160, of these 43 attended the required number of lessons and will receive their deposit from the Advisory Industrial Committee. Those in the list of lucky ones are:—Mesdames Bennett, Brett, Bulger, E. Baker, F. ### HARRISON GETS FROM GOVERNOR MONTH'S REPRIEVE

ALBANY, April 8.—Richard Harrison, condemned to die in the electric chair at Sing Sing prison today was granted a reprieve by Governor Smith today until May 10. The stay was granted on the representation of Harrison's attorney, Joseph R. Truesdale, that an investigation might disclose new evidence.

Harrison was convicted in the supreme court by Justice Weeks of murdering a Canadian soldier named Griffith, at the Knickerbocker Waiter's Club, Sixth Ave., New York, in September 1918.

**EDITORIAL NOTES**

It is to be regretted if before six o'clock tonight some avenue is not found through which the City Council and the firemen can walk together on the wage question. A crisis is not to be welcomed and any efforts made to avert it are surely to be commended. As experience has shown, the more personalities are kept out and the common ground of ability or inability to raise funds is maintained the more likelihood there is of amicable settlement.

The policy of future Councils should be to regulate the municipal liabilities and expenditures that the condition will not arise, as it has arisen this year, through no fault of the present Council, that the borrowing power and the ability of the corporation to raise money for wages and other purposes shall not be forfeited.

The controversy waging between the "drys" as to how far movements shall be pressed leads to the conclusion that even well intentioned persons can carry restrictive policies too far.

**Growth Shows Desire To Extend Army Work**

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome the task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Ever in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$48,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

of every branch of the organization inasmuch as every act of service means the welfare of somebody, the same rate of growth has been reproduction which the Salvation Army occupies today indicates tremendous increase service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

NEW YORK, April 7.—Billie Burke actress, and her husband, Florenz Ziegfeld, jr., were in Justice McCook's part of the supreme court today to defend a suit for \$15,000 damages brought against Miss Burke by John A. Hall, who alleges that on June 1, 1917, he was injured by her automobile. The case was put over until tomorrow. Mr. Ziegfeld said his wife sold the automobile in question six months before the accident.

**NO ATTEMPT TO KILL DAYLIGHT LAW THIS WEEK**

ALANY, N. Y., April 8.—Indications tonight that no attempt would be made by advocates of the daylight saving law repeal bills to press either of the two measures for passage in the Assembly this week.

It was expected that such an effort would be made today, but Assemblyman Charles H. Betts, Republican of Wayne, introducer of one of the repeal bills, announced that because of the number of members absent this week he thought it best to wait until next week before making a third effort to pass a repeal measure.

Barslou, they said was caught trying to pass one of the bills, which were counterfeit federal reserve bank notes, in a restaurant. Theoret was found later in a hotel. Captain John S. Tucker of the secret service said that the pair surrendered 450 bills and told him where the rest could be found. They already had passed ten bills, they said. Plans were made for raiding the headquarters of the counterfeiters in Montreal as a result of information given by the men.

**PROTECTING HUMAN LIVES**

The Ontario Safety League continues to place a large amount of literature in the hands of motorists, school children, industrial workers, and others throughout the Province. In the first three months of 1920 the League has distributed an enormous amount of safety material, including 35,000 industrial safety bulletins; 32,400 school safety bulletins; 8,500 special bulletins; 8,500 traffic bulletins;

2,700 electric railway bulletins; 150,000 motorists' safety book-marks; 10,200 health bulletins; 6,500 news letters; 9,000 safety calendars; 12,000 leaflets to the "new man"; 125,000 gummed seals; 3,000 safety cards and posters.

The League will hold an annual meeting in Toronto, beginning Tuesday, April 13th at the King Edward Hotel.

**PERSIA BALKS AT SECRET TREATY**

PARIS, April 8.—Britain is having trouble over the secret treaty with Persia. It is learned from Tehran that four Persian Ministers, including the Minister of War, refused to sign orders for the execution of plans for the Anglo-Persian Military Commission on the ground that it had not been approved by the Tehran Parliament or by the League of Nations. Under the terms of the treaty Britain undertakes the reorganization of the Persian Army.

It is also reported from Tehran that the suicide of one of the Persian officers connected with the Anglo-Persian Military Commission has caused a sensation.

**BEAR BANNERS BEFORE STATE DEPARTMENT—ARRESTED—FOUR OUT ON BAIL**

WASHINGTON, April 8.—Bearing banners inscribed with quotations said to be taken from a recent speech by Secretary Colby, the Irish pickets today transferred their activities from the British embassy to the state department.

During the busiest hour of the afternoon the pickets presented to the gae of homeward bound war workers banners bearing the quoted inscriptions **LEGENDE OF THE BANNERS**

"There is not even a scintilla of legality in England's claim to rule Ireland."  
 "The death of your martyrs has called into existence millions of Irish by principle."

"I cannot stand by mute and powerless while these votive offerings are laid upon the altar of patriotism"  
 The banner bearers said the statements attributed to Secretary Colby were taken from his address at Carnegie Hall, New York, May 14, 1916.

**WITHDRAW AFTER HOUR**  
 At the end of an hour the pickets withdrew to their headquarters. A squad of police appeared on the scene as soon as the banners were erected but no effort was made to interfere with the picketing.

Resumption of the patrol in front of the British embassy has been definitely postponed until after the trial next Monday of the four pickets now under arrest. Arraigned before United States Commissioner Richardson the quartette was released on \$1,000 bail, pleading not guilty to a violation of section 4062, revised statutes, in having "feloniously" enacted bodily and by violence the person of his excellency, the counsellor of the embassy and charge d'affaires of Great Britain, the on: Ronald C. Lindsay."

**ONE PRISONER INDISPOSED**

One of the four prisoners was pronounced "indisposed" after her release from detention.

"Just an attack of woman's nerves" her colleagues said.  
 None of the women offered any complaint against the food and lodging afforded them at the house of detention. Plenty of Irish potatoes, they said, were offered them besides Hungarian goulash and New England family dinners.

**BABY CARRIAGES BLOCK TRAFFIC AT COURT HOUSE**

NEW YORK, April 8.—Baby carriages today blocked traffic in front of Brooklyn courthouse, so great was the throng of evicted tenants needing relief under laws designed to curb profiteering in rent. Whole families went to court the babies being left outside. When the parents emerged, having obtained time to hunt other apartments their joy was increased by the fun of sorting out their children, many of whom had exchanged carriages. Most of the landlords agreed to postpone eviction till July.

**God First**

THEY have been called a "people of one idea"—God first.

WHATEVER happens, their work goes on, serving God and their fellowmen.

EMPIRES may rise and fall, the world may seem to be enveloped in blood and strife, but they still see God's sunshine and love, still do the nearest work of mercy. Still praise God for the saving of souls.

JUDGE if you will from what you know of their work, whether the world has not cause to rejoice with them in their adherence to this one idea—"Seek first the Kingdom of God."

**Put Questions To Mr. Rollo**

MEMBERS ASK HIM TO EXPLAIN HIS STATEMENTS AT LONDON CONVENTION

TORONTO, April 7.—Echoes of the London Labor Conference sounded in the Legislature yesterday, by a resolution passed after Hon. Walter Rollo had answered a series of questions from members of the opposite side of the House. The Minister of Labor was more at home in his replies than he was when worried about the Big Union some days ago.

The Premier gave his Government an alibi on the reported London remarks of his Labor Minister by stating that the Minister was "speaking as a private citizen, without knowledge, approval or consent of the Government."

R. L. Brackin (West Kent) brought the matter to the attention of the House by reading a report which stated that Mr. Rollo said that Labor group was the only group the House heartily in favor of Mothers' Pensions Bill.

**Put Questions To Mr. Rollo**

MEMBERS ASK HIM TO EXPLAIN HIS STATEMENTS AT LONDON CONVENTION

TORONTO, April 7.—Echoes of the London Labor Conference sounded in the Legislature yesterday, but died down after Hon. Walter Rollo had answered a series of questions from members of the opposite side of the House. The Minister of Labor was more at home in his replies than was when worried about the One Union some days ago.

The Premier gave his Government its sibi on the reported London remarks of his Labor Minister by stating that the Minister was "speaking as a private citizen, without the knowledge, approval or consent of the Government."

R. L. Brackin (West Kent) brought the matter to the attention of the House by reading a report which stated that Mr. Rollo said that the Labor group was the only group in the House heartily in favor of the Mothers' Pensions Bill.

**Book's Cotton Root Compound**

Premier Drury explained that personally he was heartily in favor of the bill and thought the Farmer members were.

Hon. G. Howard Ferguson wanted to know if the bill was discussed clause by clause, as it had not yet been discussed in the House. The Premier didn't know, and Mr. Rollo said that it was not. He saw nothing to warrant any suggestion that it was. Mr. Dewar pressed still further into the matter, and wanted to know if there was a draft of the bill at the convention or one of the Minimum Wage Bill. He was informed that there was no draft. Mr. Rollo explained that a few weeks ago a draft of the bill had been published in all the papers, and that it was from that published report that the convention got its information.

P. Heenan (Kenora) caused laughter when he denied that he had made the remark credited to him that the "Labor group was the brains of the Government." He didn't even think so, he declared.

TORONTO, April 7.—C. A. S. Porter, Hamilton man whose action in giving the attorney-general information upon which the department based its investigation of the alleged grocers' combine resulted in his dismissal by the Canadian General Electric, is likely to be given a place in the provincial service.

Hon. Mr. Raney stated this morning, in replying to a neditorial suggestion in the Toronto Globe, that Mr. Porter and Mr. Jolly, who had suqered for their public spirit, should be taken care of, that applications had been received from both gentlemen for positions in the service and were being "sympathetically considered."

Com. Higgins came to America to discuss matters pertaining to Salvation Army affairs in Canada and the United States, with Commander Eva Booth, head of the Salvation Army in the United States and with the Canadian officials. He was for many years Chief Secretary of the United States and recently succeeded Com. Howard as Chief of Staff and Second in Command. Many matters having any important bearing upon the future policy of the Salvation Army, and its reconstruction work are to be taken up at this meeting, and it is expected that on his return Com. Richards will have something to say in regard to the questions af-

**DRINK HOT WATER BEFORE BREAKFAST**

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull headache; or if your meals sour and ferment, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleaning, sweetening and purifying the entire alimentary canal.

Those subject to headaches, back-aches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath.

Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

**Mountain Grown Orange Pekoes are Best**

Orange Pekoe Teas are plucked from every tea bush.

So there are poor Orange Pekoes and those of fine quality. Low price and high price.

The best Orange Pekoes are plucked from tea bushes grown from selected seed in the carefully cultivated soil of mountain side gardens, and gathered at a certain time of the year when the flavor is most fully developed in the leaves.

Naturally these command the highest price.

They are worth it, as you will agree when you taste their exquisite flavor in our Red Rose Orange Pekoe Tea—the new and higher priced tea for those who are willing to pay a little extra price for a tea of extra quality.

There are numerous packages of Orange Pekoe teas on the market. See that the one you buy has the name—Red Rose Orange Pekoe Tea—on our waxed board carton.

Mountain grown Orange Pekoes from the best plantations. A tea of extra quality at a little extra price.

## SEE END OF PAPER CONTROL IN CANADA

### SUPREME COURT OVERRULES COMMERCE BOARD ACTION

OTTAWA, April 7.—A decision which was regarded as meaning the end of government control of newsprint in Canada was rendered by the supreme court today when it overruled the action of the board of commerce in ordering Price Brothers & Co. to ship about 15 per cent of its product to specified Canadian consumers, instead of the United States, where the higher prices could be obtained. The court holds that newsprint is not a necessary of life in the sense that it is essential to physical life of the individual.

The order was issued on February 6 last. The company has been shipping all of its product to the United States for \$90 a ton, and after the ruling was made sent part of it to Canadian consumers at \$80 a ton. A sum representing its loss by the ruling was deposited in the bank pending the decision of the supreme court.

## COST CANADA \$270,000 FOR THE L. OF N. EXPENSES

OTTAWA, April 7.—According to estimates which have been received here it will cost Canada \$270,000 a year to enjoy membership in the League of Nations. The total cost of that organization is estimated at \$4,500,000 of which 900 000 is chargeable to Canada.

### FRENCH FINANCE COMMITTEE FAVORS TA ON BACHELORS

PARIS, April 7.—The finance committee of the chamber of deputies has approved the budget proposal for a tax upon the income of bachelors of 10 per cent over the normal rate. The question of at what age the tax should be imposed has not been decided, but Frederic Francois-Marsal, minister of finance, expressed his personal opinion that 30 years was the proper age.

people seemed anxious to be helpful, acting as guides to the French officers and troops. By 10 o'clock the walls of the city were placarded everywhere with General De Goutte's proclamations, explaining that France's advance was the result of the infringement of the treaty in the Ruhr district by the German Government and the Reichswehr.

## Goodall Estate Still Unsettled

### Justice Lennox Reserves Decision In Claim of Wife for Half of Her Husband's Inheritance

The decision in the case of Louisa Goodall has just been handed down by Justice Lennox, in connection with the recent cases in county high court at the spring assizes.

She was seeking to recover from the solicitors of her deceased husband certain moneys which had been willed to his relatives, other than herself. It appears from the evidence that the late Mr. Goodall had been friendly with the plaintiff for nineteen years, and had frequently asked her to marry, but that she had always refused on the ground that his income was not sufficient to maintain such a home as she wished for. Eventually, however, he inherited the sum of \$20,000 from his mother. He then proposed again to the plaintiff and she consented on the ground, that he should make over to her the sum of \$10,000, half of the money he had inherited. To this, she alleges, he agreed, and on the strength of the agreement she loaned him \$1,000 to furnish a home for both of them. They were married last September. Three weeks later, Mr. Goodall was taken sick and died.

In his will he left but a small amount to the widow, leaving the bulk of his estate to his sisters. In connection with the decision, Mrs. Goodall is entitled to the \$1,000 which she loaned to Goodall, but Justice Lennox has reserved decision in connection with the \$10,000 agreement, until he can test all of the various precedents advanced in the plaintiffs favor.

## COURTS ASSISTING 1,000 N.Y. TENANTS UNDER NEW LAWS

NEW YORK, April 7.—Nearly 11,000 evicted tenants were assisted by courts in this city, yesterday under new laws against rent profiteering. In most cases either the landlords agreed to delay evictions until the tenants could find other apartments or the magistrates summarily granted stays of eviction varying from one to six months.

Many courts would handle nothing but rent cases. Streets in front of some courts were blocked and police reserves were called to handle the crowds, for whole families went to court, baby carriages and all.

Justice Morris of the Westchester court told a landlord that \$10 a month was too much to pay per room for basement quarters and informed the tenant he could remain until the lease expired in October and pay only \$6.

## Not a Corn or Callus on Feet

Apply few drops, then lift them off without pain.

A noted Cincinnati authority discovered a new ether compound and called it frezone and it now can be had in little bottles for a few cents from any drug store.

You simply apply a few drops of frezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it off with fingers.

No pain, not a bit of soreness, either when applying frezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses, just shrivel up and lift off so easy. It is wonderful! It works like a charm. Try it!

Women should keep frezone on their dressers and never let a corn ache twice.

The United States Olympic hockey team sailed for Belgium yesterday.

## SAGE TEA DANDY TO DARKEN HAIR

### It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark handsome hair and your youthful appearance within a few days.

## CITIES TO PAY MORE FOR ROADS

### Member for Welland County Will Introduce Bill

Robert Cooper, M. P. P. of Welland, will introduce in the Legislature this week two important amendments to the Highway Act.

One of these seeks to increase the rate paid by cities for county roads. Hitherto this has been fixed at 1 1/2 mill on the dollar. The amendment will increase it to one mill. The farmer members of the government will no doubt approve of the amendment, but that the Labor members will do so is open to conjecture.

The other amendments provide for the building of connecting links of county roads through towns and villages, on the same terms as in townships. Hitherto the towns and villages, have built their own roadways and contributed prorate with the Townships in building County roads in the townships.

### The Telephone Situation

## What We Get For the Money!

On January 1st this year our total investment in telephone property—buildings, equipment, tools and supplies, plus what it has cost in actual cash to put this working equipment into service—was \$51,458,306. On the same date we had in operation 337,476 telephone instruments.

This means an investment of \$152 for each telephone instrument in service.

What has been provided for this investment of \$152 per telephone?

Here are some of the things:

An exchange telephone system in thousands of cities, towns and villages in Ontario and Quebec with substantial fire-proof buildings the last word in sanitation and convenience; 96,750 miles of Long Distance wire on 9,500 miles of poles; 587,000 miles of wire in underground cables; many hundreds of miles of wire providing party service to rural communities besides exchange and pole line facilities to give exchange connection to 720 local telephone organizations serving over 103,000 subscribers, mostly farmers.

It takes some 11,600 telephone workers to operate the system and their wages in 1919 totaled \$9,400,000.

This goodly band of faithful workers, with those dependent on them, are a substantial element in the community. They are intimately concerned in its welfare—concerned most of all that the telephone service shall be adequate to its needs. They appreciate, just like the rest of humanity, the kindly co-operation of the public.

## The Bell Telephone Company OF CANADA

### FRENCH STEP IN QUIETLY AND TAKE FRANKFORT

FRANKFORT, April 7.—At dawn yesterday the French tri-color flew over the town halls of Frankfort and Darmstadt. During the day the French troops occupied the towns of Homburg, Hanau, and Deisburg.

This operation was one of the most quietly conducted and most wonderful ever carried out by one army in another country. The march from the outposts of the Bridgehead into Frankfort is not long but it occupied some time as cavalry screens were at the same time being sent north, south and east of the city. It was still dark when the outskirts of the city were reached and the houses were all shuttered and the people asleep. The rolling of the tanks may have awakened the mob but they gave no sign. Undisturbed and imperceptible the Marroccans marched down the

long Mainzerlandstrasse in full fighting kit, with helmets and rifles ready for action. Once inside the city the column began to break up some men being told off to occupy the Town Hall, others the postoffice, others the station and barracks.

As quietly as they had entered troops carried out these operations, and Frankfort woke up to find itself in French hands.

It was not long however, until the news of what was afoot spread, and by 8 o'clock the streets were crowded with inhabitants. For the most part they were very indifferent. There were neither screams nor cheers. Just as the Rhineland people did when the march forward took place after the armistice, they crowded around tanks and field kitchens, examining everything and commenting. The children liked it all and marched in front of the companies of soldiers everywhere shouting.

Among the working people there is an element which seems considerably relieved rather than otherwise, for they hope that the move of the French will check any danger of a massacre of the Ruhr Reds in the Ruhr Basin.

No Hostility Shown!

There was no hostile demonstration of any kind whatever and the

### ADmits KILLING MRS. DE LORME AFTER QUARREL

ROCHESTER, N. Y., April 8.—Tony Mangiavillano confessed to detectives today that he strangled Mrs. Frances De Lorme in a quarrel in an automobile last Sunday night, hid the body all the next day and on Monday evening took the body in an automobile to the outskirts of the city where it was found yesterday morning.

A charge of murder in the first degree was placed against Mangiavillano immediately after his confession to Detective Captain Whalen at police headquarters. Sarafino D'Accorsia, who earlier today had confessed that he drove the car in which the fatal quarrel took place, is held as a material witness. William De Lorme husband of the victim, who also was held by the police, was released today.

### QUESTION WILL GROW OLD WAITING PREMIER'S RETURN

OTTAWA, April 8.—Sir George Foster in the House today intimated to J. A. Campbell, Nelson, that if a question he had asked awaited the return of the Prime Minister it would become a very old question.

Mr. Campbell desired to know whether the Prime Minister, prior to the election of 1911, had made a pledge that if his party was successful in the election he would have transferred to the Provinces of Alberta, Saskatchewan and Manitoba their natural resources. Sir George Foster, Acting Premier, replied that he was not aware whether such a pledge had been made or not. Mr. Campbell then suggested that the question might stand until the return of the Prime Minister. "It will be very old then," commented Sir George.

### Settlement Not Likely in the Firemen's Case

The City Council this afternoon met to try and bring about some Light Committee reported verbally that there was no chance of settlement.

Ald. Murphy a member of the committee, brought in a minority report signed by himself and the Mayor who as an ex-officer member of the committee, recommending that a bonus of \$50, \$75 and \$100 be paid the firemen for first second and third year men.

The Council is still in session as The Journal goes to press.

#### THE WEATHER

TORONTO, April 8.—The barometer is highest in the western provinces and lowest over the Gulf of St. Lawrence and Newfoundland. The weather continues unseasonably cold throughout the Dominion and light snow falls have occurred in many places from Ontario to Nova Scotia.  
FORECASTS—Fresh westerly and northwesterly winds, mostly fair and cold today and on Friday. Local snow flurries.

### THE SEA MUSSEL INDUSTRY

A novel industry which promises rapid expansion, and great popularity is no less than the development of a substitute for the excellent but somewhat costly oyster. This is the sea mussel, found in vast quantities along the low tide mark of the Atlantic coast, chiefly in New Brunswick. The Dominion Government, with the co-operation of scientists, has conducted experiments to this end in Western University laboratories and it is now claimed that mussels can be produced commercially and sold profitably at 15 cents per quart, as compared with the \$1.00 per quart around which oyster prices hover.

The mussel is by no means a new article of diet to the people of Canada, and besides being used extensively in coast towns has found its way to the tables of inland cities in Central Canada. Its delicacy of flavor and high food value have been much advertised since the establishment of government investigation, and experiment, and deserve to be much better known. There is yet much to be done in the line of research to ascertain conditions under which production would be most rapid and profitable, and to this end the Council of Industrial and Scientific Research is devoting its efforts.

A survey of the mussel beds of the St. Croix River, which constitutes the boundary between New Brunswick and Maine, has occupied the attention of a scientist of the council for three years now, and it is expected that this summer will see the satisfactory conclusion of the research. It is believed that the beds of mussels are practically unlimited, and the work occupying those engaged is merely the best conditions of development. It has also been determined that mussels become sweeter and more palatable the farther north they are found, and in this regard Canada has a distinct advantage over the mussel beds to the south of the Dominion. Those of the Hudson's Bay make particularly excellent eating.

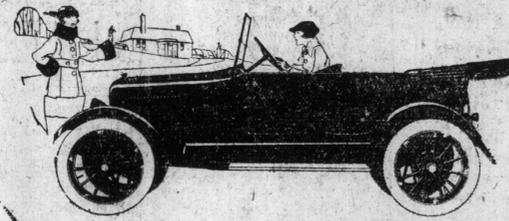

The sea mussel cannot be produced in fresh waters so that there is no possibility of developing an industry in the Great Lakes. It is believed that there are possibilities, however, for the development of fresh-water clams there and the Dominion Government at the instigation of the Ontario Fishermen's Association is conducting a series of experiments which will probably result in interesting developments.

### PAYS A NICE COMPLIMENT TO GREAT BRITAIN

PARIS, April 7.—Particulars of the distribution of enemy warships among the allies have just been published here. France's share which is 19 per cent of the total tonnage of all the captured enemy ships, with the exception of enemy submarines, represents 92,000 tons, half of which is in German ships and the remainder in Austrian vessels.

Paul Bignon, Under-Secretary of State for the Mercantile Marine, declares that Great Britain in abandoning her claim to the 200,000 tons of shipping which the French Government urgently requested for France, "showed great consideration."

Labor organizations in Berlin have made another anti-militaristic demand on the Government.

### ARNOLD—McCULLOCH NUPtIAL

On April first the wedding was solemnized at St. James Cathedral, Toronto, which is of interest in St. Catharines, when Miss Gertrude McCulloch, niece of the late Dr. Jessop M. P.P., became the bride of Claude Gravelly Arnold, eldest son of Mrs. Charles Arnold, St. Catharines. The bride was attended by her sister Miss Cora McCulloch of Peterborough, and Major E. W. Casler acted as best man. As the wedding was a very quiet one, only a few old friends of the family were present. Mr. and Mrs. Arnold will reside in Detroit.

### SIR ARTHUR CONAN DOYLE DEFINES SPIRITUALISM

LONDON.—In a debate defending spiritualism Sir Arthur Conan Doyle divided mediums into "jetblack and snow white."  
"The jet black are those human hyenas who have gone about preying on a sacred thing and devising paraphernalia to deceive the living about the dead—the most horrible crime a man could commit. There is also a belt of grey mediums who when the power deserts them are immoral enough to fill up the gap by fraud.  
"But our hands are clean. We have done all we could to suppress that horrible traffic."
