A DIVISION TAKEN BY MR. CAMERON'S CRIMINAL ACT. Second Readings—Proposed Amendment to the Postal Law—Americans in the Northwest—Petitions and Returns.

OTTAWA, Jan. 4.—The monotony of the proceedings was relieved to-day by the first division of the session, which occurred on the second reading of the act to further amend the law of evidence in criminal cases, introduced by Mr. Cameron of Huron. Mr. Cameron, thinking he had declared the motion lost, asked for the yeas and nays, causing much merriment. The speaker asked that the members be called in. The division on the amendment resulted in yeas 52, nays 100. Sir John Macdonald was the only minister who voted against the amendment.

A Cruel Murder and Summary Punishment. READING, Ohio, Feb. 4.—Peter Chiffo, a brakeman who recently married, was awakened by two men who asked him to come to the door. When the door opened one of the men put a pistol to his breast and fired. Chiffo fell into the arms of his wife, saying, "The Hickeys have killed me," and died. The Hickeys bear a bad name. Three of them were arrested from the house of the deceased in-law. Last night a mob surrounded the jail and took Richard Hickey and Reddy to a grove, where they were hung. Reddy was shot up by a sacrifice when he protested his innocence and begged so piteously that the crowd spared him for trial.

After an animated discussion in the city council last night that body put the final clinch on the much vexed question as to whom should decide whether groceries and liquor shall be sold under the same roof in the city of Toronto. The ratepayers are to decide forthwith.

The council chamber was crowded as it rarely is with leading citizens, who attended attentively to the discussion of their altercandamentary representatives. Mayor Bowell presided, and there were present Ald. Among the communications read was one from Wells, Gordon & Sampson, solicitors for the Ontario and Quebec railway, stating that unless the city or county at once undertook to provide for drainage and the water pipes at the proposed Yonge street subway the company would apply to the railway committee of the city council to be released from its construction. The communication said the road would shortly be opened. From Miss Milligan, in reference to the award made in the matter of the Brown estate. These letters, with a batch of others, were referred.

Myles, for an extension of his lease of water lots Nos. 39 and 40. From the Chinese in St. James' cathedral, praying for a block paving of Denison avenue, between Queen street and Bellevue avenue, as a local improvement. From Richard Dennis, for the removal of a horse car runway on the island from the baths to the light-house.

Petition of the church of England temperance society, containing 1773 names, praying for the separation of the liquor and grocery trade, was then presented by Rev. James F. Duff, and was supported by four others. On motion of Ald. Hastings it was decided to suspend business for the day and take up the question at once.

Address in favor of the petition were made by Branson, Egan, Mr. N. C. Hoyle, from the church of England temperance society; Rev. John Cameron, from the Toronto ministerial association; Rev. John D. Bruns, from the Toronto ministerial association; Rev. J. M. Milligan, from the society for the prevention of intemperance. Pointers in the House. The debate on the address ought to close to-night. Mr. Fraser was in the house during all yesterday's session. Mr. Mowat has been away a goodly time from the night sittings. Mr. Broder has greatly improved in his style and is becoming an effective speaker. Mr. Clancy is looked upon by the opposition as one of their best speakers.

It and with the sleigh bells. As they think over the snow And the rush of their music Consistent of grief and woe; And my heart goes back to the cedars In the Montreal long ago. I start with a cry of anguish, For that was long ago; And I see a glow that's newly made Under the falling snow. "Darling I love you," say, "Darling I love you!"

**WHAT IS GOING ON IN SPORTING CIRCLES THE WORLD OVER.**

**Axel Paulsen's Great Skating Performance—A Fox Hunt on the Bay—The Clay Pigeon Tournament.**  
 George Fullerton, it is said, will challenge the winner of the Murray-Henry mile to a mile race for \$1000 a side.  
 It has been decided to hold the coming trotting meeting at Hamilton on the ice instead of on Simon James' track.  
 Several persons have been arrested at Reading, Pa., for engaging in a sleighing race. The prosecutions are based on a law passed in 1798.  
 Axel Paulsen's recent skating performance has about destroyed any hope of record breaking at the Montreal carnival skating race next Friday.  
 A party of ten twelve Toronto sportsmen start for Barrie this morning to take part in the pigeon shooting tournament which commences there to-day.  
 Fred Collier, who is being talked up in England as the coming heavy weight champion, stands six feet one inch high and weighs 200 pounds in condition.  
 English jockeys in obedience to the recently adopted rule of the jockey club, for bidding them to race horses, are selling out their stables. Chas. Wood has sold his horses to Sir George Chestwynd.  
 George Hazard has covered T. C. Herbert's forfeit to make a match to run the latter twenty miles for \$100 a side, in or near New York on Feb. 11, the winner to take all the gate receipts.  
 At the disposal of W. Blenkiron's stud Jan. 14 the famous old horse Scotch Chief, aged 23, by Lord of the Isles, was sold for 200 guineas to go to France. He is the sire of Marie Stuart, Childerino and other colts.  
 Wm. Dacey, the man that Gilmore knocked out, disputes the claim of Jack Dempsey to the title of champion light weight of Brooklyn, and has posted \$25 to make a match with hard or soft gloves for \$200 a side.  
 Charles Archer, the ruled off trainer, is thinking of leaving England for Australia. Lord Ellesmere has already taken Wallenstein, Hampton, Prince, Frywick and twenty-three other horses from Archer's care. They will be located for the present at Stetchworth.  
 Capt. Austin, the American crack shot, gave an exhibition of his skill at Leicester, Eng., last Thursday. He shot a potato from the head of his daughter twice successively but the latter time he attempted it the ball plowed the girl's scalp and caused serious injury. Austin has been arrested.  
 Now that "The Prussian" is at home in Philadelphia Arthur Chambers will endeavor to satisfy some of the New York fire-eaters who have been itching for a match during his absence. Chambers says the Prussian will go to any of them who will put the money with bare hand, small or soft gloves.  
 The distance covered and the time made by Lee and Stevenson in their recent race at San Francisco are vouched for by the Chronicle of that city. Stevenson is still of opinion that he beat Lee, and ascribes his defeat to loss of time and distance by turning the stake from a direction contrary to that to which he was accustomed. His friends are raising stakes for another match.  
 Sir Charles Wentworth Dilke, M. P., president of the local government board, presiding at the annual meeting of the West Kensington tri-cyclic club, said "A great deal of nonsense had been talked about people who had done harm to themselves through physical exercises. He believed that England owed to the practice of physical exercises not only a great deal of its muscle and power, but much of its success, and under Providence much of its glory in the world."  
 A yarn from Pittsburg says that at Fred. McLaughlin's place there recently a hot-glove contest came off between Jack King, who weighed 190 pounds, and Wm. Gibbage, who balanced the scales at 200 pounds. The pugilists were to fight to a finish, for a gold medal, and had got as far as 104 rounds when Gibbage struck a foul blow. The referee did not allow it and the pugilists \$250 if they would declare the fight a draw, which they they gladly accepted.  
 McLaughlin's day pigeon tournament commenced last Friday at John Oulcott's place, Exlington, and continued on Saturday, is not yet finished, a number of ties remaining to be shot. The contest of the first, second and third prizes, however, has been settled by Mr. Jas. Douglas securing the first, Robert Harris the second, and Mr. Van Webster the third. Mr. Douglas shot by proxy, Mr. Townsend making the winning score for him. There were about thirty eye competitors. The remaining ties will be shot off at the same place next Saturday.  
 The Dwyer Brothers now deny they sold Miss Woodford to Mr. Pierre Lord for breeding purposes when her turf career was at an end. When the filly won the Hunter stakes at Jerome park Mr. Lordill expressed his admiration for her, and said he would give \$4000 for her when she finished racing, if then sound. Mr. M. J. Dwyer asked him if he would make it \$6000. Mr. L. said he would, and it was generally thought that the sale was made. It now seems that Mr. Phil. Dwyer, who was not present at the conversation, refused to sanction the action of his brother.  
 There was lots of fun on the bay yesterday afternoon. Mr. Briggs' lot loose wild fox and some eight or ten dogs gave chase. Mr. Jonathan Scott's famous hound Bounce, by Wildcat-Ringlet, was hunted through the field like a streak and followed by the same gentleman's Jack was speedily almost the only dog in the hunt. The fox headed for the bay until pressed by Bounce, when he doubled. The dog made a good turn and reynard had to repeat his tactics. Again they made a bit of a clear run and once more his wily nibs had to retrace his steps. Finally after seven or eight minutes' sport the fox headed for Han's veranda and sought refuge in a box. Mr. Cookburn turned him out of that, but the chase was too hot and the fox fellow running round to the back of the house was killed in the yard. Bounce as usual showed himself both a speedy and a game hound, coming out of the hunt with barely a scratch.

 "When I accidentally let my fork fall to the floor while at dinner, what is it a sign of?—Stupidity, Awkwardness, Sore Head, and Fearfulness."  
 —We do not sound a needless alarm when we tell you that the taint of scrofula in your blood, indigestion or constipation, is there, and Ayer's Sarsaparilla alone will effectually eradicate it.  
 It is an ill wind that blows nobody good. The breeze which fills your eyes clean, and makes the open barrels of sugar in front of the grocery store weigh more.  
 What It Has Done. —Mrs. George Simpson, Toronto, says: "I have suffered severely with corns, and was unable to get any relief from treatment of any kind until I was recommended to try Holloway's Corn Cure. After applying it for a few days the corns were healed, the corns, root and branch—no pain whatever, and no inconvenience in using it. I can heartily recommend it to all suffering from corns."  
 After a physician had tried in vain to diagnose two teeth which a Pottsville woman had insisted had lodged in her throat, she found the teeth in a drawer, where she had put them. She had felt her handkerchief over them that she happened to be a physician's close by.  
 Narrow Chance of Escape. —A person exposed to the sudden changes of our northern climate has little chance of escaping from colds, sore throats, influenza, frost bites, and other troubles incident to change of temperature, to say nothing of accidents and emergencies. The best external and internal remedy is Holloway's Yellow Oil. 246  
 A girl on exhibition at Chicago has ten fingers on each hand. If she ever gets married and allows them to toy with the hair of her husband in the usual marital way, his hair is liable to grow bald in a twinkling.  
 An Important Enquiry. —Are you threatened with consumption? If so, the cause may be in the blood. Impure blood and secretions are else sent to clear related. Burdock Blood Purifiers cure all forms of scrofula by cleansing the blood and regulating the secretions. 246  
 A Vermont woman was severely injured the other day by the bursting of a doughnut. We don't wonder that the city people who spend their vacations in the country come home all torn to pieces with dyspepsia.  
 A burglar has told the Boston Herald that all of things he most fears is a woman's voice. Even burglars have feelings in common with the rest of mankind.  
 Help Required. —Dyspepsia does not get well without assistance. It requires careful diet and thorough treatment. Burdock Blood Purifiers have effected the most remarkable cures on record of chronic dyspepsia. 246  
 "Have you any canyves for slippers?" asked a Chicago belle. The clerk looked at her feet and sadly replied: "I am very sorry, miss, but Burman's man was sent only a few moments ago and took the last one we had left."  
 Sure Signs. —Distress before or after eating, loss of appetite, belching of wind, heart-burn, irregular action of the bowels, and nervous irritability, are sure signs of dyspepsia. The sure cure is Burdock Blood Purifiers. Procure and read the testimonials. 246  
 Edison says that within four years electricity will have entirely displaced steam power as the motive power. Will Mr. Edison please go a bit further and explain how the servant girl is to herself up trying to light the fire with the electric light?  
 Give Holloway's Corn Cure a trial. It removed two corns from one pair of feet without any pain. 246
