## LOCAL HAPPENINGS

**June—exam. month.**  
For used cars see R. Morningstar, Watford, 144-61.  
New Voile Dresses at Swift's, open Friday.  
Don't miss Grace Church Garden Party on the 8th inst. A good time is anticipated.

A celebration of the Holy Communion will be held in Trinity Church Watford, next Sunday morning at 9.30 o'clock.  
Have you seen our Wall Paper samples, some very pretty patterns at low prices.—P. Dodds & Son.

The U. S. Federal Prohibition Commission has ruled that dandelions are not fruit and hence cannot be used legally in the manufacture of wine for family use.

The New Billie Burke Dresses every week at Swift's, \$5.00 to \$7.75.  
S. Trenouth, E. McKechercher and O. Shugz represented the Watford High School at the Interscholastic Sports at London on Saturday. Tremouth came in fourth in the Senior half mile race.

The weekly newspaper publishers of Canada will hold their annual convention at the Chateau Frontenac, Ottawa, on the 8th, 9th and 10th of this month. The C. W. N. A. now has in the neighborhood of 500 members.

Detectives were here on Monday hunting up witnesses in the Wyoming Bank robbery. It will be remembered that a rank, supposed to be the same man that robbed the bank, were here looking for auto chains on the day the crime was committed.

For warm weather—one or our 20th Century, 2 piece unlined suits, ready to put on.—A. Brown & Co.

A writer says "the morning concerts of the birds now are well worth waking an hour earlier to hear." It would suit us better if the birds would postpone the concert for a couple of hours each morning.

Prospects for all round good crops were never better in this district than they are this year. The grain is growing rapidly and in places full wheat is 30 to 40 inches high. The clover is also in excellent shape. There is promise of an excellent fruit crop, especially of early apples.

A meeting of the directors of the East Lambton Agricultural Society will be held in the Public Library on Saturday, June 10th, at 8 p.m., for the purpose of revising the prize lists and for any other business that shall come before the meeting. A full attendance is requested.

Holeproof Hosiery, the newest shades, black and white—Swift's. Quite a number of the local Oddfellows attended Divine Service with Egremont Lodge, No. 217, in St. Paul's Anglican Church, Kerwood, on Sunday afternoon, May 29th, where a hundred Oddfellows and Rebeccas listened to a splendid address by the Rev. H. R. Diehl.

The Sarnia Observer says: "T. B. Taylor of Watford and Fred Taylor of the Taylor Drug Co., London, have purchased the Nash subdivision consisting of 12 acres of land located south of Wellington street and east of East street. It is the intention of the new owners to erect a number of homes on the property this summer."

A meeting of the St. Clair District Press Association will be held in the Chamber of Commerce, Sarnia, this (Friday) afternoon, A. W. Marsh of Amherstburg; R. B. McGuire, Thamesville, and J. Durholm of Blenheim, have been invited to address the meeting. The advisability of uniting the Lambton and Kent Association will be considered.

The new belts, ties, shirts, hats, open for 1st July.—Swift's.

Blowing bubbles is again a popular game with children, says a druggist. The children have discovered that glycerine mixed with the soapy water produces a stancher bubble, and one that reflects more color. Consequently, the third ingredient is much in demand. The corn cob or briar pipe makes a better bubble than the clay pipe, according to the druggist.

Boys' fancy overalls 75c, youths \$1.00, young men's \$1.25, men's \$1.50, best value in Canada.—Swift's

Radio-Telephones will soon be as numerous as Ford cars. Almost every day you hear of someone who is considering putting one in. In this district Charlie Fitzgerald, Wilson Howden, Orville Shugz and Meredith Morgan have them. Chas. M. Fitzgerald has complete sets ready to install which he sells at reasonable prices. See his advertisement in this issue.

A detachment from London says—"A. R. Malton for the past two years associated with the advertising agency of McConnell and Ferguson Ltd., has been appointed business manager of the Toronto Globe, assuming his duties on June 23. Mr. Malton is a native of Watford, and received his education at the Watford public school and Petrolia Collegiate Institute, afterwards serving the Bank of Toronto for a period of 18 years."

Largest stock of men's and young men's underwear in the country. Combinations \$1.25 to \$2.00, single piece Penmans' 75c.—Swift's.

S. W. Edwards, second line south, has some fine fall wheat growing on his farm. On Monday he brought to the Guide-Advocate office several stalks, pulled up by the roots, which were fully 45 inches. The field on which it is growing is an old clover patch, and commercial fertilizer was used. Can anyone beat this growth?

## CHOP STUFF

The list of the fourth year medical exam. results of the Western University contains the name of A. A. James, son of Dr. and Mrs. James of Sarnia.

The death occurred at Edmonton Alberta, on Monday of Alex Stuart, K.C., for many years a well-known resident of Glenoe and afterwards of London.

The examination results of the law school made public at Toronto Friday show that Harold E. Fuller, son of Mr. and Mrs. J. T. Fuller, of Sarnia, passed his second year examinations.

Wesley Sharp, 14th con., Bosanquet, who had a rib broken as well as sustaining other injuries, when his team ran away last week, is progressing favorably. He had a lucky escape as the wheel of the manure spreader passed over his body.

The two year old son of Mr. and Mrs. Hugh Logan of Florence was badly bitten a few days ago by a dog belonging to Mr. Bobier. The wound is very sore, but the child will suffer no serious results. The canine was ordered shot.

William, the 7-year-old son of Frank Lamb, of Springfield, Ont., was instantly killed Thursday when a horse kicked the child in the back of the head, breaking his neck. An elder brother of the lad was hitching up a team of horses and the little fellow was helping, when one of the horses bit the other, causing it to kick.

## MARY PICKFORD IN "THROUGH THE BACK DOOR"

Lyceum, Wednesday, June 7th. See advertisement on page 8 for cut prices of admission.

## PLENTY OF LIGHT FOR YOUR GARDEN PARTY

You need Delco-Light for your garden party or lawn social. An abundance of good electric light undoubtedly brings you a far bigger crowd to swell the gate receipts and you have plenty of light for your entertainers and in the booths. Phone 28, Watford, at once to reserve date.

F. H. JUST, Dealer in Delco-Light Products. 32-44

## CONSERVATIVE CONVENTION

A convention in the interests of the Liberal-Conservative party of the East Lambton, as constituted for Provincial purposes, will be held in the Lyceum, Watford, on Wednesday June 14th at 2 o'clock p.m. to decide whether it is advisable to place a candidate in the field at the coming election, and if it is decided to do so, to choose a candidate, and for other business. Ladies are cordially invited to attend and special reservation will be made for them. Prominent speakers are expected to be present.

**NOTE AND COMMENT**

Society women in England are said to be having their small toes amputated in order to accommodate their feet to the latest fad—the narrow pointed-toe shoe.

A radio signal was recently flashed around the world in the fifteenth part of a second without relaying. The feat was accomplished by the Annapolis Naval Radio station.

A bill is before the House of Commons to give returned soldiers settled on farms in Ontario under the settlement act of 1919, the mineral rights of the land. The titles now are minus this stipulation. This bill should pass without debate.

Hon. Manning Doherty has in hand a scheme for a co-operative company capital a million, to handle dairy products principally. The United Farmers' Co-operative Company, of which Mr. Morrison is one of the chief executives, thus is likely to have a new and powerful rival.

Ministers of the Methodist Episcopal church in the South must continue to shun tobacco, the nineteenth quadrennial conference decided at Hot Springs, Ark., last week. An effort to lift the ban was voted down by an overwhelming majority.

The town of Orillia, experimenting with silent policemen, has tried three kinds. The first one, of hollow cement, was too easily smashed; the second one of solid cement smashed the autos; and now a trial is being given one that rocks on his heels; if knocked over, he at once rises again as erect as ever. A good cop should be accommodating like this one.

The Brandon Sun praises the habit of walking, which physicians say is the perfect type of exercise. Builders of good roads ought to encourage the practice by making paths for pedestrians on one side of the road. Dodging automobiles is at variance with the care-free feeling that is essential to the enjoyment of a walk. No great expense need be incurred; here and there a grade would have to be corrected, or a couple of planks thrown over a ditch.

The fruit crop of the Niagara district has suffered very little damage from the wind and rain storms which have visited this section of late, and the prospects for a bumper crop are very bright. Some slight damage was done to the cherries a few weeks ago by a sudden change in the temperature, but this damage, it is expected, will be overbalanced by a bountiful crop of peaches, pears and grapes and other varieties.

At the annual meeting of the shareholders of one of the tobacco companies, gratitude was expressed at

the net profits of \$249,933. It is a grand and glorious feeling to perform some action evoking gratitude in another, so the next time you pass out 15 cents for the measly little packet of the charge for the pipe you get nowadays, don't let your mind harp on the noble package you used to get for ten cents. Think instead of the warm glow you are stirring up in those stockholders.

A Guelph doctor has discovered a case of a man with his heart on the right side. Where is this vital organ located in your anatomy? Are you an optimist or a pessimist in reference to the questions that loom up for the public good?

Advices from various centres in Ontario indicate that there will be an enormous increase in the number of candidates to write on the departmental examinations this year. These examinations include the lower school, middle school (Normal entrance), junior matriculation, upper school and honor matriculation. No reason can be definitely assigned for this unexpected increase, which is necessitating an enlargement of the staff which attends to the holding and supervising of the June examinations. It was unofficially stated that the number of applications received to date was approximately twice that of last year.

The Dominion minister of Agriculture, Hon. Mr. Motherwell, has announced that in order to facilitate the report to the United States on which an embargo now exists on account of European corn borer, inspectors will be stationed at Windsor, Sarnia, Niagara Falls and Port Stanley in the Province of Ontario, who will be empowered to issue certificates. At present none of the following can be sent across the border from Ontario points unless accompanied by a certificate showing freedom from the pest: Celery, green beans in the pod, beets with tops, rhubarb, spinach, oat and rye straw, chrysanthemums, asters, cosmos, gladioli and dahlias.

Nine times out of ten the man who takes a long time to explain himself is in the wrong. The same applies to the fellow who gets angry and says things when people doubt his word or cast aspersions on his character. The man who jumps every time he is hit has not only a thin skin but a sore conscience. When you hear a man scolding the pretenses make up your mind that he has got a dose under his hide and is feeling uncomfortable. The fellow who is sure of his ground and confident of his position cannot be worked into a passion by what anyone may say of him or his affairs. These long-winded explanations and hot-headed defences are the sure sign of an unsteady foundation. If you are right you can always afford to sit still and let your neighbor have his say out. You can size up a liar as soon as he gets into the witness box. He wants to tell everything and leave nothing for anyone else to say. The "multitude of words" is the unfailing refuge of the scoundrel. The good man as well as the wise says little even under provocation. In the multitude of words there is not only lack of wisdom but abundance of guilt.

Wedding Announcements and Invitations of the finest quality at The Guide-Advocate.

The salary of a provincial minister is liable to assessment for Dominion income tax. The Supreme Court has handed down this decision.

Twenty-six branch banks were closed in Canada during the month of April and only two new ones opened—the Dominion and Provincial opened a branch.

Canada, it is expected, will receive in a short time a cheque for somewhere in the neighborhood of \$50,000,000 from the British Government on account of railway material supplied to Britain during the war.

Deposits of over a million dollars have been made in the Provincial Government Savings Bank since opening in March, which is being lent out to farmers after careful investigation of the security offered.

The utter inability of the Sinn Feiners to govern themselves has been fairly well demonstrated and the collapse of the Irish Treaty may be expected at an early date. The British Government will then have to reconquer Sinn Fein Ireland.

A match head does not think and when it becomes irritated it becomes excited and bursts into flame. Some men are like that. One would wonder what started them going, and it is impossible to estimate the damage that may be caused either by the man or the match.

There is a good deal of wild talk these days in respect to Canadian immigration. It has been suggested that ten million settlers be obtained within the next ten years. New settlers coming in should be hand-picked, nor should the city or townspeople be urged to work on farms as a farmer is not made in a day or two.

The members of the Ontario Legislature are to get another sessional bonus this year to help them over the demands made by the high cost of living. The amount will be the same as last year, namely \$600, making a total of \$2400 which each member will draw for his session's work. This amount should fully compensate them for any loss of business at home. But how about the civil servant Mr. Drury said the government "did not feel the present an opportunity time to increase salaries." Not very consistent, what!

Owen Sound Sun-Times:—No matter what conditions in life may be with you, above all things else live within your means. To do so will bring rewards in later years that will repay you for every privation and inconvenience you suffer. If your income is limited, your savings, of course, will necessarily be small, but the amount that you lay by at regular intervals in of secondary importance to the fact that you save something. No matter what your circumstances may be, live within your means.

Who has not been touched at some time or other by a worthless cheque? A St. Louis store displays a sign: "We have 33 worthless checks that we paid good money for; our collection is now complete." Another good sign hangs over the cashier's desk in a soda fountain: "We have entered into an agreement with the bank not to invade one another's business. The bank agrees not to sell soda water and we agree not to cash checks." Refuse to cash any cheque during banking hours. The banks are there to take the risk. If the banks are closed let the man with a cheque wait until they open.

Allan Craig Banner:—Take care of what you have and what you make, for no one else will do it for you. You may have the finest children, the best friends and the most capable help that can be got for money but it is only seldom that you can afford to leave them in absolute control of your interests. Most men need to watch themselves even when they make a little money for there are few who can stand prosperity. "Riches are not forever and doth the kind endure to every generation." This saying of the Wise Man of scripture should be hung in every office and store in the land to warn business men against being easy on themselves and careless with regard to others. It ought also to remind old skinflints and corner cutters that the game will be called on them sooner or later. There was an old fellow died the other day who had to be buried by his family, although twenty-five years ago he was worth over a quarter of a million. He became so grasping that he would not touch anything that hadn't the promise of twenty or twenty-five per cent. in it. The result was he was caught in a speculative venture and was cleaned out. He took to evil ways and had never lived with his family for years.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

**Some Floor Paint Facts Worth Knowing**

Do you know that two coats of the best floor paint are less than 1-100 of an inch thick?

You may think it ridiculous to expect such a thin paint film to stand up under all the wear and tear that a floor gets.

Still, that's exactly what Lowe Brothers Hard Drying Floor Paint does. It stands up because it's made of pigments and extra tough varnishes that have great wear-resistance.

If you've been disappointed with your painted floors, probably you haven't used a paint made especially for painting floors.

Lowe Brothers' dries hard and stays hard. It's long-lived, too. Come in and see the sample panels.

**FRICITION---**  
THE UNSEEN ENEMY OF MOTOR VEHICLE AND TRACTOR EFFICIENCY

One of the most important factors in the operation of motor vehicles and tractors is correct lubrication. "CERTIFIED" Lubricants are manufactured with scientific exactness (by one of the largest oil refiners in Canada) and eliminate wear by stopping friction; when used continuously creates in every motor in any make of car perfect and permanent lubrication.

Motorists whose policy is to save "maintenance-cost dollars" rather than "price per gallon pennies" consider "CERTIFIED" Oils and Greases by far the most economical motor vehicle and tractor lubricants obtainable. Upon request one of our Lubricant Service-Sales men will call and explain further the merits of "CERTIFIED" Oils and Greases—the better motor vehicle and tractor lubricants.

**WHEN you require a roof, the measurement will be in squares (100 square feet). A basis for analysis of the costs of Brantford Asphalt Slates is given below:**

- 1—INITIAL COSTS OF MATERIALS—Brantford Asphalt Slates are sometimes higher in initial cost for the material.
- 2—NAILS REQUIRED—Brantford Asphalt Slates require ONLY 664 nails to lay a square. Brantford Asphalt Slab Slates require ONLY 450 nails.
- 3—COST OF LAYING—Brantford Asphalt Slab Slates are four on one strip—require only one operation in handling, one operation in spacing—individual slates are 8 x 12 1/2 inches—Cut easily, fit easily, fit on angles and bend over round surfaces. You save 30 to 40 per cent. in laying.
- 4—NO PAINT OR STAIN REQUIRED—The surface of Brantford Asphalt Slates is in nature's permanent colors; green and red, undecolorable, always attractive—requiring no stain to produce artistic effects, no liquid costs to make them fire-resistant.
- 5—SAVING OF INSURANCE—Brantford Asphalt Slates are classed as non-combustible by fire insurance companies—a direct saving of from 10 to 20 per cent. on premiums is effected. In certain localities fire regulations demand asbestos paper under some roof materials, but Brantford Asphalt Slates are fire-resistant and are immune from special regulations.
- 6—COST OF REPAIRS—From the day they are laid Brantford Asphalt Slates show almost 100 per cent. of the original roof untouched. Brantford Asphalt Slates do not curl, split, crack or rot. Complete protection and permanent protection are built into Brantford Asphalt Slate Roofs.

Compare these roof costs with those of any other roofing material; it is your money you are spending and you want value for it—then buy

### THE STANLEY WILSON SUIT

The death of the late Justice Sutherland brings about a strange condition of affairs in regard to cases recently tried in the Supreme Court, Sarnia, and on which no judgment was handed down by the deceased judge. This means that three civil suits must be retried, making very additional costs necessary to the litigants through the reason of the judge's decision being reserved. Most important of these is the action of M. Stanley Wilson against the County of Lambton, in which the plaintiff claims \$10,000 damages for the death of his wife and two children in an auto accident in May, 1921. Seventeen witnesses were called for the plaintiff and 20 for the defendant, and another trial will involve considerable expense. The other two suits were Christina Ranger against Jacob Sproule, an action by the plaintiff for injunction restraining the defendant from continuing an obstruction of the highway on the west half of lot 20, concession 1, Enniskillen Township, also asking damages. The third was the action of Dell Spain against Alfred Alderton to secure performance of agreement.

### PIONEERING NEAR ARKONA

J. B. McLachlan, Toronto, writing in "Early Days in Williams" for the London Advertiser says:—"There were several gristing mills driven by water power on the Sauble within the boundary of the township One at Nairn (Miller McIntosh's) was among the first to be erected. There were two about one mile east of Arkona; one owned by a Mr. Henry Saul. They kept each other poor, contesting in the courts the right to the water power. Then lower down the river "Rules" ran another mill, near where the Sauble takes a turn to the north. There is a dam near the same place now, creating electric power for Arkona and vicinity. Further down the stream there was a woolen mill owned by a Mr. Austin, in a line with the 10th concession westward. I remember two of my brothers and myself taking our wool there one season to get carded, carrying the same a distance of about ten miles. One of Mr. Norman Lamont's daughters spun the same into yarn, and old James Watson, a neighbor, wove it into cloth, which finally found its way to cover the fast growing bodies of us youngsters. Let the boys of today look back at this picture and smile. A few years ago, being in Michigan, I met Mr. Austin, still hale and hearty and living in Sanilac County, in that state. Later still a Mr. McLean built a flour mill on Glasgow street, but for some reason was not a success. I fancy the current of the Sauble was too sluggish at that part to develop power enough for the purpose of a mill. However, these and others of the same kind have gone with the past, making way for other motive power."

### THE LATE MRS. R. BAILEY OF WARWICK

Margaret Lawson, relict of the late Robt. Bailey, died on Thursday, May 18th, at the residence of her daughter, Mrs. Robt. McKay, Wyoming. She had been poorly for some time but had only been bed-fast for about a week before her death. She was born in the town of Perth and came to Plympton when quite young where she resided until the time of her marriage to Robt. Bailey of Warwick, who predeceased her ten years ago. She is survived by one son and two daughters: George L. on the home-stead, Mrs. Robt. McKay of Wyoming and Mrs. Wm. Venning of Plympton. The funeral was held from the residence of her son on Saturday afternoon at Beechwood cemetery, services being conducted by the Rev. W. M. Shore of the Warwick Anglican Church of which church deceased was a life long member. The bearers were D. McLachlan, N. Herbert, D. McKay, A. Archer, C. Wall and R. Sparling.

### B. W. FANSHER OF EAST LAMBTON ON LIBERAL BUDGET

Ottawa, May 30.—B. W. Fansher, Progressive member for East Lambton, broke into the limelight yesterday in the house of commons by launching an attack on the protective tariff in general, and on the special tax applied by the budget to the sugar beet industry.

After blaming the fiscal policy of the country for several years past for a large measure of the failure of Canada to progress rapidly, Mr. Fansher said: "In times past our tariff policy has not had that fair consideration at the hands of the electorate that it should have had, for always there has been injected into the issue other issues not relevant at all, and which were introduced to obscure the real issues before the people."

Even since 1911 the demand for a downward revision of the tariff was insistent, the speaker continued, and was admitted necessary by Sir Thomas White. The great war, he believes, was the one thing that prevented a general change.

Mr. Fansher expressed himself pleased with the statement in the budget that all inherent native industries of the country should be encouraged. But he believed that the tariff reductions which were made did not go very far in that direction. He feared also that the sales tax would neutralize the beneficial effect of the cut in the tariff on agricultural implements.

### THIN BLOODED PEOPLE

Need a Tonic to Enrich the Blood and Restore the Health.

Some people have a tendency to become thin-blooded, just as others have an inherited tendency to rheumatism, or to nervous disorders. The condition in which the blood becomes so thin that the whole body suffers, comes on so gradually that anyone with a natural disposition in that direction should watch the symptoms carefully. Bloodlessness, or anaemia, as the medical term is, can be corrected more easily in the earlier stages than later. It begins with a tired feeling that rest does not overcome, the complexion becomes pale, and breathlessness on slight exertion such as going up stairs, is noticed.

Dr. Williams' Pink Pills are a home remedy that has been most successful in the treatment of troubles due to thin blood. With pure air and good food these blood-enriching pills are the correct treatment when the symptoms described above are noticed. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. M. Chase, of Trenton, Ont., who says:—"I can highly recommend Dr. Williams' Pink Pills to all who suffer from anaemia and nervous exhaustion. For three years I was nearly always troubled with headaches, and until I began taking these pills no treatment seemed to do more than give me temporary relief. I had read of what Dr. Williams' Pink Pills were doing for others and finally decided to try them myself. I further decided to give them a fair trial and kept on taking them regularly for several months and I am glad to say have derived permanent relief. I feel that I can safely and honestly recommend this wonderful medicine."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### BIGGEST INTERIOR SET IN NEXT PICKFORD FILM

Mary Saved No Expense in Making Latest Production Most Stupendous of Its Kind

The biggest interior set in the world, built on the biggest motion picture stage in the world, will be one of many features of "Through the Back Door," Mary Pickford's next United Artists' release, to be shown at the Lyceum, Wednesday, June 7th.

This movie set shows five great rooms and a large hallway with stairs that reach to a landing on the second floor. All told, 4300 square feet of floor space are included in this set, exclusive of the area required for "shooting space."

Representing the entire lower floor of a Long Island mansion, this gigantic replica is said to be the most sumptuously appointed set ever built for pictures. The properties displayed upon it were valued at \$100,000. The set was designed by Stephen Goosson art director for Mary Pickford, and "dressed" by Thomas Little, head of the property department at the Brunton Studio.

In addition to the lower floor of the Long Island home featured in "Through the Back Door," there is also an up-stairs set including three large bed rooms and a hallway in which the stairs go down to the first floor. This structure covers 2000 feet of floor space and like the lower floor is elegantly furnished with genuine oriental rugs and real antiques. The value placed on the furnishings by Thomas Little was \$50,000.

Although the mansions of Southern California furnished most of the exteriors for this Pickford film, two very remarkable reproductions of Belgian farm buildings were put up—one of them on the stage, the other in a field near the studio. So realistic were these Belgian farm buildings that they were pointed out to tourists by "rubber-neck wagon" conductors as real structures that would be sold as residences after they had served their purpose in Miss Pickford's photoplay.

# Canada's most Popular Car The Chevrolet 490

PUBLIC favor changes when reasons for a change are obvious. Public opinion as to the most popular car of the future is changing.

Users of low-priced motor transportation are demanding completely equipped automobiles, modern in every respect, with nothing left to buy but the license plate. The new Superior Chevrolet is fully equipped, including modern 3 speed forward and reverse, sliding gear transmission, standard service and hand brakes, electric starter, demountable rims, water and oil pumps and speedometer. In addition to completeness, buyers insist on real economy in four important essentials. They demand low initial cost; low gasoline consumption; low repair costs; and long tire life. The new Chevrolet excels in these particulars. Twenty-five to thirty miles on a gallon of gasoline is not uncommon. It excels in oil economy as well. Repair costs are low, because every Chevrolet part is built to give long life under hard conditions.

You owe it to yourself to examine the new Chevrolet, the car which is establishing a new standard and has become Canada's most popular car.

Guide-Advocate FRIDAY, JUNE 2, 1922

The pipe smoker gets the advantage of the cigar or cigarette user in the Budget. The only smoker who escapes taxation is the non-smoker.

There were 449 School Fairs held in Ontario last year, covering 3,847 schools. Number of home plots, 114,216. 343,250 people attended.

It seems a queer thing that there are so many unemployed unmarried men in the cities and towns and farmers have to import laborers from the European continents.

"If only our troubles could be cleaned up as easily as the backyard," remarks one of our business men. And it is dollars to doughnuts he leaves the cleaning to his wife, or hires it done.

The Merchants' Retail Association has a bill before the Ontario Legislature that is designed to protect local business men by empowering village and township councils to impose a license on pedlars.

Sir Conan Doyle's theory that heaven is such a big place that even ill-mated husbands and wives will have no chance of meeting, should solve the problem for those who say they don't want to go to heaven if so-and-so is going there, too.

It has been discovered that under an old English law a wife cannot sue her husband for libel. Despite this reassuring judgment, however, most of us will continue to exercise a certain degree of caution in what we say about the dear things.

In 1919, Canadian farmers sold 20,000,000 pounds of wool for \$12,000,000. In 1921 the same farmers sold 21,250,000 pounds of wool for \$2,975,000. When costs of production are deducted there is some idea given of what has happened to buying power.

H. H. Elmer, General Manager of the Globe Malleable Iron and Steel Co., Syracuse, N.Y., has designed a three house-power engine which ran for eighteen hours on 1 1/4 pints of oil fuel. Mr. Elmer claims he can produce an automobile engine that would run 300 miles on one gallon of fuel, costing 5 1/2 cents.

Over half a million prescriptions for intoxicating liquors were issued in Ontario last year, according to an answer to a question tabled yesterday by the Attorney-General. The exact total was 532,661. The number of gallons sold on prescription was \$3,131,410.57.

With the death of the Rev. James Roy, M. A., LL. D., which occurred at Montreal Thursday, at the age of 87 years and 6 months, there came to a close a career which was marked by both brilliance and diversity. Since Dr. Roy ministered at different periods of his life in the Methodist, Congregational and Anglican churches, while for some time he was also principal of Cobourg College. He was a strong advocate of the union of all Protestant churches.

Telephone wires being down between London and Port Burwell, Dr. John MacGregor of London on Wednesday night received a radio message to attend a patient who had become suddenly ill at the Port. The message was broadcasted at the Port Burwell wireless stations, and local amateurs picked it up and relayed it to Dr. MacGregor, who at once left for Port Burwell by motor. The patient is said to be the first man by radio to a London doctor.

EXPLAIN IT IF YOU CAN

Tie a string about a yard long to a common door key, and take the string in the right hand, holding it so the key would clear the floor four or five inches. If you can hold the string steady enough the key will begin to swing back and forth in a straight line. Let another person take your left hand in his, and the motion of the key will change from the pendulum-like swing to a circular swing. If a third person will place his hand on the shoulder of the second person, the key will stop. Try it and then explain it if you can.

WARWICK COUNCIL

Warwick, May 22, 1922. The Council met today as per adjournment. Members all present. The minutes of the last meeting were read and confirmed. The council went into a Court of Revision on the Assessment Roll with the Reeve in the chair. FOREST

Mr. and Mrs. James Creasey of Watford, are the guests of Mr. and Mrs. George Core.

Lois and Helen Jamieson of Court-right are here for a month with their grandparents, Mr. and Mrs. James Jamieson, Main St.

Mr. Thos. Milner unfortunately lost his cow on Tuesday morning. The animal was tied to a tree and in some manner it threw itself and the rope strangled it to death.

The death of Sarah, wife of James Daniels, occurred at the family residence, King street, after a short illness with pneumonia. Deceased was in her 72nd year, was born in Durham county and has made her home in Forest since girlhood. About 39 years ago she was united in marriage to Jacob Overholt, who pre-deceased her a year ago last August. One son, Isaac of New York City, survives. Last summer she married James Daniels who survives, also two brothers, George Karr of Saskatchewan and William Karr of Franklin, Ont.

Mr. Paul Kingston, town, met with an accident last Wednesday evening, which resulted in the fracture of his collar bone. He was at Brandon Bros. farm, 4th con., Warwick, and was carrying a lantern and following Mr. Brandon, who was putting a horse in the barn. The lantern caused a shadow of the horse to appear on the barn which frightened the animal it rearing up, Mr. Kingston stumbled and rolled down an embankment which was nearby causing the above injury.

PETROLEA

Mr. Sterling Tobias, who recently was a patient in a London hospital, has arrived home. Although still suffering from the effects of having carbolic acid rubbed on his back in mistake for alcohol, he hopes to be able to resume his position in London shortly.

Mr. Cyril Collins, who has been a student at the Toronto College of Dental Surgeons, has successfully passed his final examinations and is now a duly qualified dentist. Cyril's many Petrolea friends will be pleased to hear of his success and extend congratulations.

On Monday evening, May 22, a very quiet marriage was solemnized at the home of Mr. and Mrs. W. S. Lawrence, Lorne Ave., when Dorothy their eldest daughter, became the bride of James F. Clarke. In deference to the urgent wish of the groom's mother, who is very critically ill, the marriage took place on this date, instead of on June 14th as was previously arranged. The happy couple have the best wishes of a large circle of friends for their future happiness and prosperity.

Mrs. Richard Romp, a resident of Petrolea for thirty-three years died of heart failure on Sunday in her 69th year. Deceased's maiden name was Prudence Battice. She was born in Nasauga on August 9, 1853, and prior to coming to Petrolea, lived in Goderich. She was twice married, her marriage to Mr. Romp taking place on August 22, 1893, and is survived by her husband and the following family: Mrs. Hopwood, Petrolea; Mrs. Geo. Penfound, London; Mrs. Batchler, Detroit; Albert E. Allenby, of Wallaceburg; and James and John Allenby, Buffalo. Mr. John Battice, Petrolea, is a brother and Mrs. D. Wolsey, Marthaville, Mrs. G. Haley, Sarnia, and Mrs. J. Anderson, Petrolea, are sisters. The funeral took place from the home of her daughter, Mrs. Hopwood, yesterday afternoon to Hillsdale cemetery. The pallbearers were her three sons, James, John and Albert Allenby and three grandsons, Geo. W., and R. Hopwood.

SHE "TOOTED" IN

Gertrude Astor, playing an important part in "Through the Back Door," Mary Pickford's new photo feature on exhibition at the Lyceum, June 7th, claims to be the only actress who ever tooted her way into pictures. She came to Los Angeles several years ago as a member of the "Boston Band" most famous ladies' band in the world, and was engaged to play the trombone in some scenes for a Selig feature. This started her on a career in the speechless drama. She has worked for Universal as a serial queen and also as a comedy queen, appearing with Noah Beery in funnies for the Big U. Metro has featured her in dramatic work, as have Goldwyn, Hampton, Julian Eltinge and others.

Wilbur Prouse of Tillsonburg, had a miraculous escape from instant death when a large tractor upset backwards, pinning him between the engine and the disc narrows.

A big deal for Marsh onion land was completed Monday when Rodell Smith and Everett Lynn purchased Dolph Roach's 125-acre farm for \$25,000. Fifty-five acres are planted with onions this year and the balance of the farm with other crops.

**WANSTEAD**

Mr. and Mrs. Jas. Johnson of Sarnia were Wanstead visitors on the 24th of May.  
A large crowd of farmers went over to Kerch on the 24th May and enjoyed a splendid time.  
A social evening will be given by the Young People's Club on Tuesday evening, June 7. A debate is being prepared.  
The Wanstead Basketball team played their opening game of the season at Mandaumin on May 23rd and won by a large margin; the score being 17-5.  
The Wanstead Basketball team played two games this week and proved victorious in both clashes. The sixth line Comets of Plympton were the first to meet defeat on May 24th, the score being 9-2. On Friday evening the 12th line Enniskillen team were given an awful mauling to the tune of 12-4.

**PLYMPTON HOLDS FIELD SPORTS VICTORIA DAY**

Farmers of District Organize For Purpose of Co-operative Shipping of Cattle  
The sports day which was held at the Kerch school on May 24, was a decided success in every way. The weather was ideal and the farmers turned out in large numbers as it is the great U. F. O. day of the season. Wanstead defeated the 6th line by a large margin in the baseball match. The 12th line girls proved their abilities by defeating S.S. 4 1/2 Plympton. Wm. Campbell won the high jump and Ross Garnham the 100 yd. race. Mr. Forbes the president deserves the credit for the way everything was carried out.  
J. McPhedran who returned from Merlin, Mich., had his house raised last week and has a gang of workmen repairing it. It is expected that Mrs. McPhedran will be here soon. Many farmers will welcome them back as they have been lifelong and highly respected residents of Plympton.  
The farmers are getting an agreement signed by the producers of all live stock, which will bind them to ship through the club. The idea is to get the shipping on a more business like basis. Each farmer is supposed to notify the secretary of the stock he has ready and in that way will only ship full cars and reduce the cost. They expect also if this scheme works to have much larger shipments and therefore command a better market.  
At the convention of the Presbyterian Young People's Union, Ontario and Quebec, which was held at the Adelaide street church, London, on May 23 and 24, Plympton was represented by the Rev. Mr. Stone, Anderson Milton and Verne Park. The Calvary church sent Russell and Irene Anderson, Burt Minto and Mrs. Bryerton and Mrs. Alexander.  
W. G. Lawson is getting the material on the ground for a new residence. It is expected it will be one of the finest in the township. Mr. Lawson built a large barn two years ago and now with the addition of a fine house on such a beautiful building spot, the place will be ideal.

Mr. and Mrs. James Grieve and Mr. and Mrs. Wm. Grieve motored to St. Mary's on Saturday and spent the weekend with friends there.  
The scheduled league game between Wanstead and Kerch basketball teams was played on Monday evening at Wanstead. At the end of the first half the score was 8-3 in Wanstead's favor. The last half was fast and furious and when time was called the score stood 13-11 in favor of Wanstead. Referee—Walter Strangway of Mandaumin. The lineup was as follows: Wanstead—forwards, Mary McPhedran, Maggie Lampan, centres, Florence Williams, Edith Hayward, Cassie Simpson; defense, Mrs. D. Miller, Maggie Simpson, Kerch—forwards, Eva MacDougall, Catherine MacDougall, centres, Mabel Dewar, Clara Greive, Elba Wakefield; defense, Gladys MacDougall, Lorein Dell.  
The Kerch U. F. O. Field Day held on May 24th, was a very successful affair. A large crowd was present and enjoyed the races and games. The basketball game between the 6th line, Enniskillen and Second Line, Plympton, resulted in a victory for the former, score 21-5. Wanstead baseball team won from the Sixth line Comets with a score of 9 to 2. The hundred yard dash was won by Howard Wakefield; married ladies' race by Mrs. L. King; married men's race by D. Miller; girls' walking race by Gladys MacDougall; hurdle race by Bill Campbell. The novelty races created considerable merriment, especially the needle race where the young men returned with black eyes. Needle race, Gladys MacDougall and Cecil Stonehouse; necktie race by Elba Wakefield and Archie MacDougall; coat race by Gladys MacDougall and Kenneth McCormick.

### COXEY'S ARMY

By H. MICHELL

A recent announcement in the Toronto press that an excitable individual was calling for recruits to accompany him on a march to Ottawa in order to present a protest to the Dominion Government against the discontinuance of relief to veterans, recalls the story of the famous "General" Coxe and his army, who marched on Washington.

Twenty-eight years ago, almost to the very day, saw this wonderful crusade. The early nineties were times of severe depression, unemployment and falling prices, and saw the rise and fall of Free Silverism, Populism, Bimetallism and all the other economic heresies that vexed the world a generation ago. Among the other movements of that disturbed time was that of the "Commonwealers," a disorganized and diffused sort of communism, that suddenly became rampant and as suddenly died away.

Jacob S. Coxe was a horse-dealer in Ohio, and so, the story is, had a horse to sell which he valued at \$1,000. But when the animal was put up for auction it fetched, to Coxe's chagrin and wrath, only \$145. Coxe felt aggrieved, even more, he felt that somehow, in a way he did not quite understand, he had been cheated. What was wanted was some remedy for falling prices, and obviously the simplest was an issue by government of a great amount of paper money. He determined to lead a crusade, to demand that half a billion of paper money should be issued in putting the unemployed to work in building roads. He also tackled onto this another demand for the total suppression of "using," by which term he designated the charging of interest on borrowed money.

On March 24, 1894, Coxe raised the banner of "The Army of the Commonwealth of Christ" at Massillon, Ohio, and the march on Washington commenced, with a hundred men in the army, and 43 press reporters to chronicle the crusade for the benefit of an interested and amused world. Coxe led the vanguard, while another larger force under one Kelly marched behind. As the march progressed recruits came in, and in a short time their numbers were swelled to quite respectable proportions. They were a motley crew, a few honest men who really believed in the crusade; a number of visionaries and religious fanatics who thought that in some undefined way the march was to usher in the Millennium; and a rabble of hoboese and hangers-on, who joined in the hope of plunder or pickings on the way.

For a short time things went fairly well. The marchers were received not unkindly on the way, perhaps out of real pity for their tattered and forlorn condition, perhaps out of fear of depredations, and on the whole it must be said they behaved remarkably well. But nature was

against them and the spring rains damped their ardor. Desertions were numerous and it was a bedraggled remnant of about 300 men that Coxe led into Washington six weeks later. And here the adventure ended, for marching his men to the capital, Coxe began to harangue them for the last effort that would carry them triumphant to their goal. But the general made a fatal mistake, he stepped on the sacred grass on the lawn in front of the capital and was promptly arrested by the vigilant custodians and cast into prison for this awful offence. With Coxe in prison the crusade was over; the army melted away and the world laughed at the farce.

And now we are promised another Coxe's army, to march this time on Ottawa. There is always such incidents a pathetic side, a touch of tragedy in the farce. Men, often quite honest men, become troubled and are bewildered and think that if something very striking and bold is done their troubles will be cured. But these are much in the minority, and round them gather all sorts and conditions, who are neither honest, nor particularly troubled about anything except the problem of getting a living easily. These are the mischief makers, and because the visionaries attract such to their cause, society has always, although oftentimes reluctantly, been compelled to suppress and even deal harshly with the visionaries which, on reflection, will be seen to be a pity but quite inevitable.

How strangely does history repeat itself. Every time that the world comes upon an era of depression and falling prices it is confronted with all the old heresies come to life again. Coxe was only another Wat Tyler who led a rabble to London, and got knocked on the head for his pains. If times are bad and prices are falling all will be set right by putting the printing press to work and making lots of new money.

In conclusion may we earnestly commend to our Canadian Coxe one piece of advice? Whatever he does when he arrives at Ottawa let him beware of stepping on the lawn in front of the Parliament Buildings when one of the vigilant Ottawa police is watching. If he does, his cause is lost. The motto for all Coxe's is "Keep off the grass."

General McDonald's army of unemployed veterans is now on the march to Ottawa and last Sunday had got as far as Newcastle.

Many of the soldiers are suffering from sore feet, and fully a third of them have taken advantage of the kindness of motorists to reduce their road work. Cars traveling light have given a large number of the incapacitated ones a lift.

The men report that the public are manifesting a generous spirit towards them, and so far they have been able to eat regularly.

### SARCONA FATAL TO YOUNG MEDICAL STUDENT

There passed away to his great reward no Tuesday, May 23rd, John Duncan McLean, aged twenty-five, third year student at the Western Medical school. He died at his home in Caradoc Township following an illness of about three months with Sarcoma. He was the only son of the late John and Martha McLean and for some time resided in Enniskillen Township. Later he made his home in Caradoc Township with his uncles Charles and Archibald McLean. He was a member of Beaver Masonic lodge No. 83, and of White Lily lodge, Knights of Pythias. Deceased leaves to mourn his loss his only sister, Annie.

The funeral was held Friday afternoon from the family residence, ninth concession of Caradoc. The service at the home was conducted by the Rev. John Moore of Strathroy and Rev. Robertson, Kilmartin, formerly of North Caradoc Presbyterian church, which Mr. McLean attended. The large attendance and the many beautiful floral tributes testified to the esteem in which the young man was held. He was loved by all who knew him and he bore his illness with great patience, and his early taking away has cast a gloom over the whole community.

Allan McCabe and A. Lamont, medical students, and J. Crawford, A. McNeill, A. Simon and N. McGugan, Masonic brethren were pallbearers while Dr. J. W. Crane, L. A. McGregor, Fred Hurst, Victor Traynor, T. Welford, W. Herd, M. Fletcher, Jamesborn and H. Fyfe, medical students, carried the floral tributes. The service at the grave was conducted by the Masonic Order. Worshipful Master R. Trueman being in charge. Interment in Strathroy cemetery.

### SARNIA PRESBYTERIAL W.M.S.

The eighth annual meeting of the Women's Missionary Society of Sarnia Presbyterian was held May 10th and 11th at Parkhill and was well attended.

The President, Mrs. Forster of Burns Church, presided. After the opening devotional exercises she reviewed the work of the year in a general way, featuring the organization of a new Auxiliary at Corunna and the sending of two new missionaries for service. Miss MacDowall of Burns church to Honan China, and Miss Maitland of St. Paul's, Sarnia, to Northern Ontario.

The Treasurer reported \$6149 from auxiliaries and \$1139 from Mission Bands, a total of \$7288, a gain over 1920. The Secretaries all gave encouraging reports. The Mission Band Banner was presented to Camlachie, accompanied by some pretty exercises by the Parkhill Mission Band.

Mrs. Paige and Mrs. Rae, members of the General Board, each gave an instructive lecture on their particular department. The evening session was presided over by the Rev. Mr. Shepherd of Parkhill. An address followed by Rev. Gillies Radie of Honan, China, formerly of Sarnia, which was very edifying, he pleaded for more workers.

The choir rendered some pleasing selections.

The following officers were elected President—Mrs. (Rev.) Geo. Atken, Springbank.

- 1st vice pres.—Mrs. (Rev.) J. C. Forster, Burns church.
- 2nd vice pres.—Mrs. Robert Stirrett, Sarnia.
- 3rd vice pres.—Mrs. Irvine, Sarnia.
- 4th vice pres.—Mrs. Dawson, Parkhill.
- 5th vice pres.—Mrs. (Rev.) Shannon, Corunna.
- Rec. Sec.—Miss L. Ross, Warwick.
- Cor. Sec.—Mrs. (Rev.) Shepherd, Parkhill.
- Treasurer—Miss N. Geddes, Strathroy.
- Supply Sec.—Mrs. A. Wheeler, Sarnia.
- Strangers' Sec.—Mrs. Geo. Fields, Strathroy.
- Home Helpers—Mrs. (Rev.) J. Monds, Petrolia.
- Press Sec.—Mrs. Hugh Simpson, Petrolia.
- Library Sec.—Mrs. McCrae, Sarnia.
- Messenger Sec.—Mrs. Stewart, Nairn.
- Mission Band Sec.—Mrs. (Rev.) Cameron, Forest.
- Y. W. Sec.—Mrs. Ironsides, Thedford.

**CATARRAL DEAFNESS** is greatly relieved by constitutional treatment. HALL'S CATARRAL MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRAL MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. ### Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. CASH PRIZES OFFERED FOR FORESTRY ESSAYS

The Canadian Forestry Association has announced a prize essay competition for the school children of Canada whereby rewards of \$25, \$15 and \$10 will be given in each of the nine provinces to those writing the most intelligent essays dealing with some phase of forestry or tree planting based upon local conditions.

The object of the competition is to stimulate study and enquiry as to the forest resources of Canada and their protection against the devastation of fire; the planting of trees on urban streets; the establishing and improving of farm woodlots, and the development of tree planting on the bare prairies.

Full particulars of the competition will be sent to every school teacher in the Dominion and replies should be in the hands of the Canadian Forestry Association, Ottawa, not later than November 1st.

The school boy or girl living in the village, town or city, far removed from the forest, is asked to tell of the importance of shade trees along the streets and in the parks, the service they render in human betterment and what species have been found to thrive best in the particular community.

Children living in a community close to the forest or where wood-using industries such as lumber or pulp and paper mills are located, are asked to describe the value of the forest as a source of employment and the great importance of preventing forest fires.

The child living on a farm is asked to tell about the use of wood in the running of a Canadian farm with answers to a series of questions regarding the woodlots or bushlots in the district, whether they are better or poorer than twenty years ago and how a thriving woodlot on a farm may be developed.

For the child living on the prairie the task is given of describing any shelter belts of trees about local farms and their beneficial effect in stopping the drifting of the soil, saving the crops from being blown out by gales. In these prairie essays also some attention will be given to the value of trees in beautifying home surroundings.

All competitors are discouraged from copying pieces out of books and the answers will be made in each province by the Canadian Forestry Association according to the general intelligence of the answers and the diligence shown in investigating local conditions.

IS THERE A BABY IN YOUR HOME?

Is there a baby or young children in your home? If there is you should not be without a box of Baby's Own Tablets.

Childhood ailments come quickly and means should always be had to promptly fight them.

Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; banish constipation and indigestion; break up colds and simple fevers—in fact they relieve all the minor ills of little ones.

Concerning them Mrs. M. J. Cadotte, Makamik, Que., writes: "Baby's Own Tablets are the best remedy in the world for little ones. My baby suffered terribly from indigestion and vomiting, but the Tablets soon set her right and now she is in perfect health."

The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CHILD'S LETTER TO GOD

Little Girl Saves Man's Life and is Adopted by Him

London, May 28.—A remarkable instance of a child's precocity resulting in the frustration of a murder and robbery, is given in a letter from a correspondent at Przemyśl, Poland, published in the Daily News.

The means which the child, an 8-year-old girl, took to prevent the commission of the crime was a letter to the Almighty. It was found in a pill-box in a small town in Southern Poland and attracted considerable attention on account of the strangeness of the address.

On the envelope written in crude, childish characters, was the address: "To The Honorable Mr. God in Heaven."

The letter was opened by the postmaster. In the envelope was found a small piece of paper torn from an exercise book, and written on it the following message:

"Dear Mr. God: Keep death from the Rogala family and see that the danger which I know about does not take them."

The postmaster handed the letter to the police, who at once began to search for the writer. A police agent found that the envelope in which the letter was enclosed had been bought at a certain shop by a little girl eight or nine years of age, who had particularly asked for a nice envelope, and said she was writing to a very high person.

The little letter writer was found by the police, to whom she told her story. She said that one night she was in bed and could not sleep. In the same room was her father, a farm laborer, or the Rogala family, talking with another man. The child was horrified to overhear the two men plan to rob and murder the farmer, Rogala, when he had received money for horses he was about to sell. The date was fixed by them for the commission of the crime.

The girl, mortally afraid of her

UNABLE TO WALK FOR A YEAR

Paralysis Entirely Relieved by "Fruit-a-lives"

The Wonderful Fruit Medicine

Paralysis is a break-down of the Nervous System and affects the victim in various ways. Sometimes, nervousness makes itself known by hysteria, insomnia, constant headaches, or it may be so bad that one is partially or completely helpless in some part of the body, just as Mrs. Heacock was.

SAUL'S STE MARIE, Ont.

"When I was twenty-eight years of age, my doctor advised me to have an operation, which I did and it proved very serious, leaving me weak and unable to walk for a year. Seeing your 'Fruit-a-lives' advertised in the papers, I decided to try them. I continued to use them regularly, and today I am able to go about my home duties and care for my family".

MRS. J. W. HEACOCK.

Any form of Nervousness is often caused by, and is always aggravated by, Constipation, which poisons the blood, irritates the kidneys and inflames the nerves. "Fruit-a-lives" stimulates the action of liver and bowels, kidneys and skin—tones and sweetens the stomach—keeps the blood pure, and builds up the entire nervous system.

In a word, "Fruit-a-lives" has proved that it is the most scientific and effective remedy in the world for Nervousness or a disordered condition of the nervous system.

father, could think of no other way to prevent it than by writing to a Higher Power.

On the night fixed for the murder the police surrounded the house of the farmer, and the two would-be murderers were arrested. The little girl was adopted as his own daughter by the man whose life she had saved.

BASEBALL  
WATFORD HAS A BASEBALL TEAM

Locals Hold Forest to a 1-1 Tie for Entire Game Then Clinch the Game in Last Round of the Ninth

Holding true to their promises that the Watford baseball fans would witness some games of real ball this summer at Waterworks Park, just's boys stepped into Forest here on Monday evening and entertained the Forest fans just as royally as we promised they would last week. Bob Kahn for the locals, and Les Waddell for the visitors played the leading roles on the mound for the entire game, and for three innings no one scored on either side. Then Watford managed to squeeze one through when "Bill" Roche placed one over the mark trees and got three bases and then home. Forest followed soon after in the fourth, and for the rest of the game, few men reached second and no one scored. Forest took the first of the ninth and closed promptly. Watford's first three men filled the bases and brought in the winning tally. Kahn on the mound, "Nig" Roche at the plate and "Bill" Roche on first proved the type of material Watford is placing in the League this year, and they will undoubtedly have some argument to plant before the opposing teams before the end of the schedule.

The next game in Watford is next Monday evening, when Oil Springs meets the locals. As the Oily nine are ball players and lost to Petrolia, by only one tally, another good game is assured. Come out, come out, Watford has a ball team this year! Game at 5.30. Admission 25c.

Watford at Bridgen Wednesday Plays Ten Innings with 5-5 Tie

Watford laid their first game in Bridgen Wednesday evening when the ten innings failed to break the tie of 5-5 and the game was called on account of darkness. However, tying is not losing so the locals will see Watford's star in the ascendant, and prospects are still bright for a real game here Monday with Oil Springs.

The formal resignation of Neil McDougall, B.A., of Petrolia, as public school inspector for East Lambton, effective September 1, has been received by John Huey, Lambton county clerk here. Mr. McDougall gave notice of his proposed resignation some time ago to take the post of general school inspector under the department of education. Seven applications for the inspectorate have already been received by the clerk and it is expected that an appointment will be made at the June session of the county council.

Mrs. J. G. Brown, of Wyoming, Ontario, announces the engagement of her only daughter Elizabeth Wanelles, to Edwin Boyd Westland, of Utica, N. Y., youngest son of the late Mr. and Mrs. Alfred Westland, the wedding to take place about the middle of June.

A recent issue of the Kingsville Reporter announces that the Rev. Mr. Horton, of that place, and formerly Rector of Trinity Church, Watford, will shortly remove to Alma, Michigan, where he has accepted the appointment to the Episcopal church.

Chatham City Council has unanimously decided to memorialize the Ontario Legislature, requesting the repeal of the Adolescent School Attendance Act. The ground is taken that if fully or even partially enforced the act will impose upon the taxpayers of the municipalities of Ontario, both rural and urban, excessive burdens for new school construction and maintenance at a time when financial burdens generally are heavy and especially the necessity of meeting the obligations incurred by the war.

On every side there are expressions of regret that Sarnia is soon to lose Rev. Canon Davis and Mrs. Davis, who shortly leave for the Pacific coast to take up their residence, after 40 years residence in Sarnia. Canon Davis and Mrs. Davis have received striking expressions of affection at various times in the past few days, and at a service attended by about 50 members of Port Huron Commandery, No. 7, the canon was presented with a life membership in St. Simon of Cyrene Preceptory, of which he has been a member for a number of years. An address was also presented to him from the congregation of Grace Episcopal Church, Port Huron.
