## CONVENTIONS AT ANNAPOLIS ROYAL

N. S. Municipalities Meeting And a  
Sportsmen's Gathering.—Com-  
munity Service.—Narrow  
Escape of Capt. King.—  
Other Notes.

Annapolis Royal.—The Community  
Service for August held on Sunday  
evening in Fort Anne Park, was one  
to be long remembered. The sunset  
hour of an ideal summer's day, the  
music, and the eloquence of the  
preacher, all tended to inspire and  
unite the large assemblage gathered  
on the ramparts of the old fort. Rev.  
T. C. Mellor was chairman of the  
meeting, which opened with the Doc-  
trine and Invocation by Rev. A. Gib-  
son. The Scripture reading was taken  
by Rev. M. H. MacIntosh, the  
prayer offered by Rev. R. B. Thomas,  
and the Benediction pronounced by  
Rev. B. C. Borden. Dr. Clarence Mc-  
Kinnon, Principal of Pine Hill Col-  
lege, Halifax, preached a forceful and  
appealing sermon from a most ap-  
propriate text—"Things New and  
Old." (Matthew 13:52.) The Annapolis  
Royal Concert Band led the music,  
and the assistance thus rendered was  
much appreciated.

The engagement of Miss Nettie  
Caswell, of Granville Ferry to Mr.  
Roland H. Bond of St. John, N. B.,  
has been announced by her mother,  
Mrs. Austin S. Caswell. Miss Caswell  
was for some time stenographer  
with Mr. W. A. Livingstone, and has  
the good wishes of many friends in  
town.

Capt. W. J. King had a narrow es-  
cape from drowning on Wednesday  
afternoon, when in superintending  
some reeling on the Kings' wharf,  
he fell through an opening into the  
river below. Capt. S. Mills and Mr.  
D. Parker of Granville Ferry were  
working there, and with great diffi-  
culty got him into the boat. Apparently  
he had struck his head, as he was  
unconscious and lying on his face.  
Dr. Byers was summoned, and ap-  
plied methods of resuscitation, after  
which he was conveyed to his home,  
where he is now resting comfortably.

The town has been full of visitors  
this week—over eighty registered at  
the Town Hall the first day of the  
twentieth Annual Convention of the  
Union of Nova Scotia Municipalities.  
The delegates were cordially welcom-  
ed by Mayor Hawkesworth, the meet-  
ings well attended and many inter-  
esting and instructive papers read.  
Annapolis Royal was honored by  
having one of its citizens, Mr. F. C.  
Whitman chosen as President of the  
Union, and Town Clerk Harris ap-  
pointed a member of the executive.

The Convention was favored with  
splendid weather throughout its  
three days session, and on Wednes-  
day evening the visitors were enter-  
tained at King's Theatre by moving  
pictures, under the personal super-  
vision of J. D. O'Connor, chairman of  
the Nova Scotia Board of Censors.  
On Thursday the museum at Fort  
Anne was inspected, followed by a  
motor drive to Bear River, where a  
bountiful supper was served in the  
I. O. O. F. Hall by members of the  
Robekak Lodge. After their return  
the Annapolis Royal Concert Band  
rendered a pleasing programme of  
select music from the band stand in  
Fort Anne Park. The convention  
closed on Friday, and will meet  
next year in Halifax.

Another interesting convention was  
held on Monday, when nearly forty  
sportsmen met in the Town Hall to  
discuss the location of the proposed  
game sanctuary. After examining  
the maps exhibited, the district most  
favored was the one near Boundary  
Rock, and a resolution was drawn up,  
defining the boundaries, and a com-  
mittee comprising Dr. C. H. Allen of  
Yarmouth, Mr. E. R. Clark of Anna-  
polis Royal and Dr. D. Hemmeon of  
Wolfville, was appointed to promote  
the matter.

News of the marriage of Mr.  
Brower Merriam, youngest son of  
Capt. and Mrs. Walter R. Merriam of  
Granville Ferry, was heard with  
interest by his many friends in town.  
His bride was Miss Bertha Allan of  
Kalamazoo, Mich., where the wedding  
took place on July 25th. Among the  
guests at the dinner, which followed  
the ceremony, were two former An-  
napolis boys, Messrs Byron Pickels  
and Clarence Shaffer, now of Det-  
roit, Mich., Mr. and Mrs. Merriam  
will reside in Detroit, where the  
room is research director, with the  
J. L. Hudson, Co.

To the general regret of the com-  
munity Rev. M. H. MacIntosh has re-  
signed his position as pastor of St.  
George's United Church, and will  
move to Bedford in a few weeks. Mr.  
and Mrs. MacIntosh, with their five  
sons and little daughter, have made  
many friends here who will wish  
them every success and happiness in  
their new home.

Mrs. John Harris left on Saturday  
for Halifax, with her daughter, Miss  
Maxine Harris, who has been com-  
pelled to undergo a very serious sur-  
gical operation.

Mrs. John Ritchie of Kentville, with  
the Misses Mary Rathburn and Helen  
Copeland, is a guest at the home of  
her brother, Mr. D. Copeland.

Mrs. George Corbit and daughter  
Vivian, are visiting her daughter,  
Mrs. Leonard McNutt at Nutby, Col.  
Co.

Mrs. Joshua Banks and son Len-  
ley are visiting her daughter, Mrs.  
MacPhee, at Sydney, C. B.

Mr. and Mrs. Dennison Beardsley  
and daughter Adele, of Bridgeport,  
Conn., are visiting Mr. Beardsley's  
parents, Mr. and Mrs. Charles Beards-  
ley and sister, Mrs. Harold Anderson  
and Mr. Anderson.

Miss Lina Whitman, of Williams-  
ton, has been a guest of Mrs. Lavenia  
Templeman, this week.

S. S. picnic went to Hampton on  
Tuesday. A good time is reported.  
Mrs. Teasdale and daughter, Miss  
Elsie, who spent the winter in Wash-  
ington, arrived home this week.

We are sorry to report Mrs. Re-  
becca Banks confined to her bed at  
time of writing.

Miss Vera Patterson of Aylesford,  
was a week end guest of Mrs. David  
Sabean.

Miss Nellie Lewis left on Thurs-  
day for Wollaston, Mass.

Recent guests at the Bay View  
House: Mr. William Shaw, Clifton-  
dale, Mass., V. B. Eaton, Don Dickie,  
Canning, R. Bishop, Mr. and Mrs. W.  
E. Reed, Mrs. Abner Williams,  
Bridgetown, E. Morgan, Bear River,  
Miss Elizabeth Holt, Paterson, N. J.,  
Mr. Norman Farnsworth of Lynn,  
Mass., and Mr. Joseph Marshall of  
Hampton, visited Rev. D. W. Dixon  
and Mrs. Dixon on Monday 17th.

## CELEBRATION LABOR DAY

Steps Are Being Periocted to Give  
a Splendid Day of Sports and  
General Amusement in  
Bridgetown on Monday  
Sept. 7th.

A well attended meeting was held  
on Monday night in the Board of  
Trade rooms, to discuss the matter  
of having a fitting local celebration  
of Labor Day.

A strong committee was appointed  
and plans are being perfected for a  
good day.

We cannot as yet give all details  
and we do not wish to give any which  
are not fully settled. It has been  
definitely decided to have a parade,  
a baseball match and of course the  
Bazaar in the Rink. A minstrel show  
is also being arranged for as well as  
another big feature which will ap-  
pear very generally.

Labor Day this year comes on  
September 7th, and in next issue  
there will be opportunity to get all  
details. Keep the date open for a  
real good day and evening in Bridge-  
town.

## LAWRENCE TOWN

## FIRST FIELD TRIP ORGANIZED BY N.S.A.C.

Interesting Account of a Study Made  
in Orchardng Methods in Trip  
From Annapolis to  
Blomidon.

A short account of the First Field  
Trip organized by the N. S. A. C.  
might prove of interest to Orchard-  
ists in the Valley.

The party some 35 strong assem-  
bled at the Entomological Laboratory  
Annapolis Royal on August 17th at  
2 p.m. under the direction of Doctor  
Brittain, Mr. Keisall and other officers  
of the Entomological Department.

Tents were issued, loaded on the  
cars and the party started out, a  
most imposing procession, on their  
tour through the various orchards of  
the Valley.

The following orchards were visit-  
ed:—  
Alfred Messenger, Tupperville,  
A. Fitzrandolph, Bridgetown,  
A. M. O. Gold, Lawrence town,  
W. S. Spurr, Melrose Square,  
T. H. Morse, Somerset,  
John Buchanan, C. Bentley, Stan-  
ley Banks, P. M. Chute & Son, Keith  
MacMahon, Berwick.

Mr. Leslie, Geo. McLean, Roy Clark,  
Joe Kinsman, Woodville.

Lady Borden's and other experi-  
mental orchards at Woodside,  
Geo. Chase, Blomidon.

Dr. Fullerton's and other experi-  
mental orchards, Port Williams.  
Frank Gertride's, Goswick.

F. H. Johnson, Wolfville; and the  
experiments of the Experimental  
Farm at Kentville.

It will be realized from a perusal  
of the above list that Orchardists in every  
part of the Valley were visited, en-  
abling the party to study Orchard  
practices under varying conditions  
of soil and district.

What made the trip even more  
interesting was the fact that the ad-  
verse conditions ruling this year  
with regard to Scab and Spot were  
probably as bad as any the Valley  
has ever experienced and it was a  
matter of great interest to study how  
the various Orchardists had met these  
conditions and produced a clean  
crop.

Practically each orchard visited  
had been treated differently, differ-  
ent strengths of materials, different  
materials had been used. Some had  
been sprayed, some dusted, some both  
sprayed and dusted, some also had  
not been sprayed nor dusted—  
they are not included in the above  
list—but their condition was deplor-  
able, some were in sod much cultiva-  
tion and some in clean cultivation.

The range of conditions were both  
varied and instructive and it will  
I am sure, be fully realized what a  
great opportunity was afforded to the  
party to study orchard practices.

The impression also formed in my  
mind that the dusted orchards, es-  
pecially those in sod much, made a  
better showing, at least this year,  
than the sprayed orchards. Possibly  
both spraying and dusting may be  
in the long run prove the most effec-  
tious way of treating our orchards.  
Time alone will prove.

Whilst it would be invidious to  
single out any one Orchard for  
special mention amongst the many  
excellent orchards visited yet, I  
think it was agreed among the party  
that Mr. C. Bentley's orchard was  
hard to beat.

The experience gained enabled one  
to take an intelligent interest in the  
Spraying and Dusting experiments  
at the Experimental Farm which re-  
produced on a smaller scale the  
various practices in practical use,  
and which, by the careful records  
kept, will be of very great assistance  
in enabling Orchardists to form a  
clear opinion as to the results to be  
obtained by following these systems.

Camp was pitched each night in a  
different place, each seemed more  
pleasing than the last.

Interesting talks round the big  
camp fire on the day's work and  
orchardng generally were given by  
Dr. Brittain and prominent Orchard-  
ists in the districts we were visit-  
ing. Songs and stories supplied the  
lighter side while the camp orches-  
tra, supplied by the members them-  
selves, started each evening and one  
was lulled to sleep by the sobs and  
laments of many amateur pipers!

The tour was organized more es-  
pecially for members of the N.S.A.C.  
but all Orchardists were welcome  
and many of the older men took ad-  
vantage of this unsurpassed oppor-  
tunity of studying the problems of  
orchardng under such interesting

## BRIGHTEN UP THE TOWN

The move which the Town Council has made to stimulate interest in a paint up campaign as outlined in the Committee's letter in last week's issue deserves every commendation and support and constitutes an appeal to the civic pride of citizens generally, but most particularly to those who have properties on the main business streets. The arrangement of special prices on paints for a limited time is also a good move. We have occasionally made more or less pointed reference to painting up and understand that the question is sometimes asked, "Why are not the Monitor premises painted up when reference is made by the paper to the desirability of beautifying properties. This does not come within the province of the publisher of the paper but is entirely a matter for the owners of the building." The Monitor Publishing Company. We do not doubt that this body of gentlemen will do their part in the campaign for civic improvements, nor will we gainsay the fact that they have their opportunities. There is no use in mindless words for something must be done in regard to permanent streets and in regard to many of the business properties to get Bridgetown away from the reputation of being in its business section one of the dingiest towns in the Valley. In our opinion, well repaired, well kept and clean business streets are the first requisite. When this is seriously taken in hand owners of properties will feel more inclined to brighten up and will have no reasonable excuse for declining to do so. Until this is done the effect of other appeals will be minimized to a greater extent than should be the case. Both improvements are real investments and will react most materially for the good and advancement of the town.

## MARITIME UNION

Changes of political complexion of governments in the Maritime Provinces has brought with it again suggestions of Maritime union. These have come quite largely, it must be admitted, from papers and from citizens of the other provinces, and these suggestions are often more or less resented by the people and press in the provinces by the sea. There does not, however, appear any good or valid reasons why these suggestions should not be taken in a thoroughly kindly and appreciative spirit. The grounds urged for such union are the most natural ones which could be suggested by any outside people and should commend themselves to the people of the Maritimes themselves.

It is of course not difficult to see why objections should be raised by politicians and by any and all who would lose positions by such a union becoming an accomplished fact, but to the average citizen there must be, if he thinks at all, something very disconcerting to see three sets of governments presiding within their spheres over the destinies of a million people when one government could attend to the matter equally as well and at much less expense to the people.

Some writers dwell on the question of sentiment, as if that were an important consideration. It would of course be a most important matter

as affecting Canada becoming a part of the United States and cutting away from British connection but in the case of our three eastern provinces it would appear rather far fetched to introduce sentiment as a determining reason against Maritime Union. The people to be affected are similar in habits, character and aspirations and the three provinces united as one would prove vastly more effective than now in advocating and securing what are termed Maritime rights. Their united force would carry far more weight in the councils of the nation, and the present situation which carries too much government for population affected would be eliminated.

### MEDITERRANEAN HEGEMONY

Corriere Della Sera (Milan): The problems of the Northern zone of Morocco and Tangier are important, not as African, but as Mediterranean problems. Therefore, an exclusively Mediterranean country like Italy is entitled to be present where and when the problems are discussed and settled.

**ROBBING PETER TO PAY PAUL**  
London Referee: While on the one hand we cannot, especially in view of our enormous annual payments to America, do without the reparations which Germany owes to us, we are to a large extent paying them out of our own pocket so long as they arrive here in the form of goods, which deprive our own people of work.

**MICAWBER SAID IT.**  
London Sunday Express: Nations that refuse to make both ends meet sooner or later become miserably bankrupt. It is the same with individuals. There are poor men who live the happy life by balancing their budget every week. There are rich men who are miserable because they always overspend their income. These are platiitudes, but they are pitiless platiitudes. They cannot be defied or evaded.

**ITALY AND MOROCCO.**  
Popolo d'Italia (Milan): We are glad that in England our rights and interests in Tangier begin to be recognized. Italy is to-day a nation of forty million inhabitants. Within twenty years our population will be one of fifty million and even more. The friendship of a strong and industrious people in the middle of the Mediterranean may be useful to England. Therefore we trust that the wrong which was done us in our exclusion from the Tangier Convention will be repaired.

**THE CITY'S WISTFUL HUNGER**  
Boston Transcript: Man is a city lover because he is a city dweller, but give him a sniff of what is not greasy and manufactured, let him see what the earth does for him when given half a chance and you will come to the conclusion, if you have your chance of country holidays, that you would like to share them with those whose grass is pavement, whose trees are electric light poles and whose flowers bloom only in unapproachable windows of expense.

Land hunger has been written about a thousand times—it is country hunger that makes wistful faces.

## MILK-FED MERCHANTS.

Springfield Republican: Why should the Federal Government pay money to collect information as to the market for pumps and breakfast foods in Natal and Argentina and dump it free on the desk of the American business man in each morning's mail? The business man should be able to prosper without the special aid of the Federal Government in finding markets for him.

## HUSTLING HUMBUGS.

Manchester Guardian: Speed has become one of the most prized things in life, whether it be concerned with a trip round the world or the construction of a musical comedy. In fact, so widespread is this admiration and so profitable are the rewards to its recipients that thousands of humbugs are engaged on both sides of the Atlantic in seeking to hide their innate laziness and uselessness by rushing at their tasks in the manner of wasps.

## WASTE OF TIME

Yorkshire Weekly Post: The Committee on British Industry and Trade, which Mr. Ramsay MacDonald appointed soon after taking office, has now issued its first report. . . . The time need be for all parties in industry to sit down together and devise ways and means of bringing down the price of British products or of marketing them more skillfully. It is not necessary to digest a vast mass of statistics or to master economic theories to do this. The labors of Committees of Inquiry are valuable in many ways, and we do not question the worth of the work which has been done. But a committee which takes twelve months to produce its first report is not likely to save a dying industry which needs quick sales and repeated orders.

## ADVERTISING PAYS BIG DIVIDENDS

**Retail Grocer Relates His Experiences—And Strongly Recommends Regular, Consistent Newspaper Advertising.**  
Dubuque, Iowa.—In an address before the National Association of Retail Grocers in convention here last week, Fred P. Mann of Devils Lake, N. D., electrified his audience when he explained his methods in building up his grocery store at Devils Lake in the past 22 years. . . . Mr. Mann's entire secret, he declared emphatically, laid in advertising. You have to let the people know what you have to sell, he asserted time and time again in his address. Mr. Mann at one time was a director of the U. S. Chamber of Commerce and for ten years was president of the Retail Merchants' Association of the State of North Dakota.

"Better business methods," said Mr. Mann in opening, "is what I am chiefly interested in. I advise grocers everywhere to advertise, keep at it and change your ads from time to time. Clean windows and window displays are not enough. You must advertise in the daily papers. People expect to see your ads, they wait for them and in Devils Lake, if I omit my usual weekly ad, people ring up and wonder what is wrong. . . . This convention here now is for the purpose of raising the standards of retail merchandising. The chain store and the peddler are not the grocer's main enemies. It is his own worst enemy when he tries to keep shop successfully by letting the business come to him. It won't come. Manufacturers and jobbers here now are advising the retail grocer of this fact. . . . I started business in an old rundown store in Devils Lake in 1892. I bought my first \$1,000 worth of groceries on time. I borrowed \$125 from my father to get the goods out of the car. I painted up and I arranged an artistic window display. Then I expected business to come in. It didn't. But a newspaperman came in and encouraged me to write an ad. I did. I advertised tomatoes and sardines—commodities any grocer is selling. But through the ad, I sold my stock out. I kept on advertising. I knew one young man who increased his volume in two years from \$25,000 to \$80,000. I have a copy of his first ad—he thought he couldn't write ads. The first year I was in business through advertising I sold \$25,000 worth of goods and I always made my discounts. . . . There are many avenues of solicitation that in order to compete with each retailer must advertise, make himself known to the community and surrounding territory. Advertising pays big dividends. . . . Mr. Mann went on to show a number of ads he had used and was still using in Devils Lake, a town of 5,200 population. He is interested and is promoting the phone for food campaign, his ads are new and original, and best of all, they are getting continuous results. He is even going to broadcast an address on phone for food when he returns to Devils Lake.

### Toronto Mother Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I have found Lydia E. Pinkham's Vegetable Compound a splendid medicine to take before and after confinement. A small book was put in my door one day advertising Lydia E. Pinkham's medicines, and as I did not feel at all well at the time I went and got a bottle of Vegetable Compound right away. I soon began to notice a difference in my general health. I was full of aches and pains at the time and thought I had every complaint going, but I can truthfully say your medicine certainly did me good. I can and will speak highly of it, and I know it will do other women good who are sick and ailing if they will only give it a fair trial. Lydia E. Pinkham's Liver Pills are splendid for constipation. You are welcome to use my letter if you think it will help any one."—Mrs. HARRY WESTWOOD, 643 Quebec Street, Toronto, Ontario.

The expectant mother is wise if she considers carefully this statement of Mrs. Westwood. It is but one of a great many, all telling the same story—beneficial results. Lydia E. Pinkham's Vegetable Compound is especially adapted for use during this period. The experience of other women who have found this medicine a blessing is proof of its great merit. Why not try it now yourself?

## NOVA SCOTIA APPLE CROP ESTIMATED AT 1,018,561 BARRELS

### Report Issued by Fruit Branch of Department of Agriculture

Ottawa.—Canada's commercial apple crop for the year is now estimated at 2,594,852 barrels or approximately 95 per cent of 1924. A report issued by the fruit branch of the Agricultural Department governing the situation throughout the Dominion as at August 1st, gives the following estimated figures for commercial apple production in the various Provinces of Canada: . . . Nova Scotia, 1,018,561 barrels, Quebec, 44,000 barrels, British Columbia, 1,981,350 boxes. The estimates for each Province, with the exception of Ontario, show a decrease from the 1924 yield. The change in crop conditions from indications for an increased yield to a forecast showing a decrease, is caused it is explained, by heavy crop experienced in Nova Scotia and New Brunswick and a further slight reduction reported from Quebec and British Columbia. The total commercial apple crop for British Columbia is now estimated at 85 per cent or 1,981,350 boxes compared with the 1924 yield of 2,231,000 boxes. The Nova Scotia crop is estimated at 1,018,561 barrels which is but 89 per cent of the 1924 crop.

## SPRAYING BRINGS BETTER APPLES

It is stated that the present season will demonstrate as perhaps never was done before the efficiency of spraying and other orchard work as a factor in insuring a crop of good apples. This is the testimony of leading orchardists and applemen, who believe that another season will witness a great increase in work along this line.

"That the valley as a whole will produce an abundant supply of fruit this season is now pretty well assured, as is also the fact that the quality in some instances will be inferior, in the case of orchards which have not received proper attention. On the other hand many of the larger orchards which have been properly looked after will, it is said, show excellent yield of superior fruit. . . . That the growing of apples profitably is not a matter of chance has been pretty well established and the man who persistently and scientifically feeds and protects his orchard is pretty sure of an adequate return. A neglected orchard is a menace to the industry. It costs money to grow apples properly during these times when so many pests have to be dealt with, but in the end the result as a general thing leaves no doubt as to the wisdom and profit of the outlay (Register.)

"It is a strange thing," he says, "how comparatively little heed the medical profession in general still gives to diseases of the ear in relation to the general health. . . . Quite often I come across patients who have been told that there is nothing to worry about while the ear is still running, and others who have been assured that their children will grow out of deafness from which they are suffering. . . . Such opinions are due to the want of interest in diseases of the ear which hitherto has characterized the inhabitants of this country, where

## CANADA MUST BRING TAXES DOWN TO LEVEL OF OUR NEIGHBOR

(Financial Post, Toronto)

The forecast of lower taxation in the United States, made by various American political leaders, received official endorsement this week when President Coolidge informed the United States Government departments that a surplus revenue had been accumulated through the economies that had been enforced and that taxes would be reduced. . . . Already the difference in the scale of taxation in Canada and the United States is so great as to be a definite factor in influencing unfavorably the flow of capital, and when the further reductions are put in force, there seems no doubt that Canada will compare very unfavorably with the United States as regards the burden of taxation. . . . There are thousands of individuals in Canada earning in the neighborhood of \$10,000 a year. A man with \$100,000 in income tax in Canada pays over \$900 in income tax. In the United States he only pays slightly over \$200 and under the new schedule to be arranged under the forecast of President Coolidge, his payment will be much smaller. A man with \$100,000 income pays over \$2,000 in Canada, while in the United States it is something like \$10,000 less. The difference is likely to be greatly enlarged. It only takes a moment's thought to convince anyone that the extra \$10,000 is a mighty good argument for any individual moving from Canada to the United States, particularly American states that have very low inheritance taxes. One state with attractive residential possibilities, Florida, has no death duties whatever and is a Utopia for wealthy investors.

One of Canada's great needs is capital to develop her natural resources. In making it attractive for capital to be invested in Canada we must be scrupulous to insure that capital suffers no adverse discriminations in coming into Canada. When taxes on capital and the earning of capital are so much more heavy in Canada than in a country that runs alongside of this for over 2,000 miles, then it is time to start following the example of the United States in governmental economy. What is needed is not only common sense saving here and there and the closing up of little leaks in departments, a wholesale slashing of appropriations, the elimination of dozens of things we have come to regard as necessities and the nailing down of a solid oak lid on the special expenditure and public grants barrel. Super economy is needed in Canada and no worth-while cut in taxes is possible without it. And no real prosperity and business expansion is possible without lower taxes.

The United States adopted a policy of cutting appropriations and then making expenditures meet the lower appropriations. What happened? Brig-Gen. Lord, Director of the Bureau of the Budget, told a meeting of government employees this week. General Lord pointed out that beginning with 1922, the first year of budget control, he had been fighting to keep down the annual cost of Government to \$3,000,000,000 exclusive of debt reductions and postal expenses. The campaign of retrenchment has reduced costs from \$5,115,927,659.50 in 1921, the last year free from the budget control, to \$3,048,477,556.24 in 1924, the third budget year—a decrease of more than \$2,000,000,000.

## EATING TOO MUCH QUICKLY.

Men of the present day eat too fast and too much, according to Sir Thomas Horder, the famous physician in an article on diseases of adult life in a special number of the "Practitioner."

"The haste with which the modern man eats is as significant a fault as the large quantity of food which he consumes," Sir Thomas writes. "He is an avid as well as a gross feeder." . . . Sir Humphrey Rolleston, physician in ordinary to the King, in the same issue, remarks those who regard old age as a disease. . . . "Strictly speaking," he says, "the length of days does not carry with it any special diseases. To expect to find in thyroid extract a panacea against normal old age is to court disappointment."

A rebuke to the medical profession is delivered by Dr. George C. Cathcart, consulting surgeon to the Throat Hospital, Golden Square, in an article on "The ear, from infancy to old age."

"It is a strange thing," he says, "how comparatively little heed the medical profession in general still gives to diseases of the ear in relation to the general health. . . . Quite often I come across patients who have been told that there is nothing to worry about while the ear is still running, and others who have been assured that their children will grow out of deafness from which they are suffering. . . . Such opinions are due to the want of interest in diseases of the ear which hitherto has characterized the inhabitants of this country, where

ther they be the general public, local authorities, or frequently even members of the medical profession, and is perhaps accounted for by the fact that deafness, however severe, does not lead to death."

Miss Clara Boone of the Dominion Immigration staff, St. John, N. B., has returned to her home in Hartland, N. B., after spending a few days with her friend, Miss Barbara Willett, Granville.

A number of young people from Granville enjoyed a camping trip to Evangeline Beach over the week-end. A good time was reported by all. Mrs. Arthur Fash chaperoned the party.

"A local barber got into a peck of trouble the other day," says the Barber Shop Oracle. "He was kind of absent-minded when a strange dapper in trousers got into the chair, and says he, 'Shave, sir'—Shelburne Economist."

What is that that goes over the sea, under the sea and never touches the sea?  
Apropos of what has gone before and to complicate further the puzzle, another question is suggested, "Is it possible to ford the ocean in a Ford?"

BEATING THE LAW.

The great game in the United States today is "beating the law." A case in point is that of Russell Scott, convicted murderer. Scott's case was fought out in the lower courts, and in the appeal courts, without the results desired by his friends, self-appointed and otherwise. A fake telegram from Detroit managed to get him past the day originally set for the execution; then the bright idea occurred of having him put on trial to see if he had become insane since his conviction. It was a trump card, and it won. Now the law-evaders can rejoice, and with them rejoicing are the law-breakers. Respect for law and order, at a low ebb in many parts of the United States, has been given another blow. A few more like it, and the country will be completely in the hands of the criminals.

CLEMENTSFORT

Rev. and Mrs. Durkes and children have returned home after several weeks vacation. Mrs. Caroline Dakin of Pupperville, is the guest of her brother, Mr. Eber Potter. The annual Sunday School picnic of the Baptist Church, was held on Thursday, August 13th at Mr. Reg. Long's, Deep Brook. The Sunday Schools of Princeville, Virginia, Foxcroft and Victory were well represented, and all united in making the day a happy one for the children. After lunch, bathing, races and contests of various kinds were enjoyed, followed by a peanut and candy scramble. Mr. and Mrs. Charles Berry of Boston, Mass., are guests at Mr. A. C. Chute's. Mrs. Murray Harris with her children of Bear River, have been visiting her parents, Mr. and Mrs. Eber Potter.

TOURIST CAMPING SITE AT WOLFVILLE

Pavilion Has Been Erected, Facilities Installed and Grounds Improved. Wolfville--The tourist camping ground site, of two acres, purchased about ten years ago by the town and lately turned over to its present use, is under vast improvements. The men of this town recently erected a pavilion, the work being completed through their own efforts. The pavilion takes the form of a room for cooking utensils and containing a sink, around which is a wide verandah containing benches and table for rainy day use. Electric lighting, running water from the town reservoir, and tables beneath the large trees for picnic suppers on fine days, help make this an ideal spot for a tourist camp site. Much work is yet to be done however to fill up the creek to the north so that the glorious view of the Basin and Blomidon may be marred by nothing unsightly. But the citizens of Wolfville are glad that their latest work in erecting the pavilion has added to the comfort and convenience of the tourist parties which arrive here almost every day.

Headquarters in Halifax! You get more pleasure & profit out of your visit if you stay at The Carleton. Restfully placed away from the noise of street cars, yet only 50 steps from the heart of the business district and in the centre of all points of interest and importance. The most modern, the most fireproof hotel in the City. Ninety new and tastefully decorated rooms, with and without bath, singly and en suite. Distinguished for its cuisine, for its well ordered service for its friendly atmosphere. Write for reservations. The Carleton Hotel, Headquarters in Halifax.

S.M.P. ENAMELED TEA KETTLE, Note the flattened top of this fine kettle. No waste space above the water level. A very fast boiler, decidedly neat in appearance. Hinged lid at side of kettle for speedy filling under tap or by dipper; being hinged it cannot fall off or get lost. Handle, extra large rigid, shaped to fit the hand and always cool; being rigid you have perfect control at all times. Well made, generous sized properly curved spout. Tip of spout well above water level to prevent overflowing or spilling. This kettle is made in S.M.P. Patent and S.M.P. Diamond Enamelled Ware, also in nickel plated copper ware. The name Savoy and our trade mark on each genuine kettle.

HOW MUCH DOES U. S. OWE? are we going to pay that debt? I do not hesitate, in spite of Congressman Hamilton, to say that I have a right to criticize the attitude of our country in this matter of debts. Let us remember that whatever we do in connection with them, there is another debt America owes Europe which she has not paid. She owes Europe a debt of co-operation. For such co-operation as she has given has been too miserly given, with a sort of fear, I am afraid, that we might be running risks.

### CLEMENTSPORT

"THE QUEEN OF THE BASIN"

On Monday 17th inst. Mrs. Wm. Buckley, who is visiting her father, Mr. Morse, received word that her husband had lost a leg in a railway accident. Mr. Morse drove her to Yarmouth to catch the Boston boat. Word later received states Mr. Buckley is doing as well as can be expected.

Miss "Sally" MacDonald motored to Halifax with the Crowell's on Monday, and returned with them on Wednesday.

Miss Clara Fraser, who has been visiting friends in Colluden, returned on Monday.

Mr. Walter Elliott arrived home on Monday 17th inst., after an operation for appendicitis in the hospital at Perth Amboy, where he was laid up for several weeks. He is warmly welcomed by his many friends, who hope he may soon recover his wonted health and strength.

Rev. A. W. L. Smith, Mr. L. V. Shaw, and Mr. O. Balcom, attended the meeting of the Sportsmen in the Town Hall at Annapolis Royal on Monday afternoon, 17th inst., called for the purpose of setting apart a sanctuary for the game.

On Monday evening, Mr. and Mrs. Warren D. Chase and Capt. and Mrs. Rawling, were the genial hosts and hostesses at what they called "A community Clam Bake" and judging from the numbers present, some 200, it was certainly appreciated. The scene was a pretty one beside the calm waters of the Basin. The crowds of people watered against the green hills, side of Burrills Cove. As darkness fell the glow of the log fire and the lanterns aloft above the long tables made the numbers seem greater and the distances extended. Mr. W. G. Smith was toast master. The toast included one to the King and another to Canada. The Rector, Mr. Chase, Dr. Armstrong and others spoke. Each one stressed the beauty and charm of the Queen of the Basin. Appreciation was expressed to the hosts and to the hostesses for their kindness in providing the pleasant evening. The Bridgetown band discoursed music during the evening, and was just the touch needed to make the thing complete. It is to be hoped we may have more of such pleasant gatherings. Clam bakes and picnics are going on almost daily on the shores of the Basin, but this is the largest since a long time.

Mrs. A. M. McIntech and Miss Beth McIntech, of Springhill, left for home Tuesday, 18th inst., after a visit of two weeks to Mr. and Mrs. Sable McIntech.

Mrs. Sable McIntech left for Boston, on Monday, 17th inst.

On Tuesday, 18th inst., Mrs. Sable McIntech and her sister, Miss Pauline Jackson, went to Clarence.

Thursday afternoon a very pleasant "Bride" was given by Mrs. and Miss Reigh.

On Thursday evening a Concert was given in the basement of the Methodist Church. Mr. Henry Hicks acted as chairman and the following took part:

Prof. H. Dean, Halifax.  
Miss E. Crowell, Halifax.  
Miss Payne, Halifax.  
Mrs. Griffin, U. S. A.  
Mrs. F. M. Deserle, Annapolis Royal.  
Mr. Richard Hardwick, Annapolis Royal.  
Mrs. H. G. Porter, Clementsport.

The whole programme was thoroughly enjoyed by the large audience present. The proceeds amounted to \$90.00.

On Thursday evening after the concert, there was an enjoyable dance in Ely Hall, Mrs. Saville Johnson being responsible for its existence and thus for giving those present a splendid time. The Cunningham orchestra provided the music.

On Tuesday, Messrs. L. V. Shaw, John Whitman, F. Remington and Rev. A. W. L. Smith, left for a two days trip up Lake Mulgrave. They returned Thursday, reporting a splendid trip, and some trout.

Mrs. Arthur Jones, formerly of Weymouth, now of Fellows, Cal., and sons, Leonard and Frank, spent the week end guests of Mr. and Mrs. H. L. Vroom.

Mr. W. W. Hanson, and son Wil-

### ANNAPOLIS PASTOR GOES TO BEDFORD

Annapolis Royal—News of the transfer of Rev. M. H. MacIntosh to Bedford, N. S., came as a surprise to many.

Mr. and Mrs. MacIntosh came here three years ago, and with their five sons and little daughter, have made many friends in town. As the change takes place very shortly, a meeting of the trustees of St. George's United Church was held Tuesday night to consider the appointment of another pastor.

#### WEDDING

Everett--Phinney

At the home of Councillor and Mrs. A.  
E. Phinney, Upper Granville, on  
Friday evening, August 21st, their  
eldest daughter, Leta Luella, became  
the bride of Charles Hadden Everett,  
of Bridgetown. The ceremony was  
performed by Rev. A. D. MacKinnon  
beneath a beautiful arch of golden  
glow and white ribbon. The bride,  
carrying a large bouquet of sweet  
peas with maiden hair fern and look-  
ing very pretty in an ensemble suit  
of rust and navy gabardine with vel-  
vet hat to match, was given in mar-  
riage by her father. The wedding  
march was played by Miss Florence  
Irvine, of Upper Granville. Both  
bride and groom were unattended.

Following the ceremony and re-  
ception at which many relatives and  
a few friends were present, Mr. and  
Mrs. Everett left by motor for a short  
wedding trip. On their return they  
will take up residence in their re-  
cently purchased home in Bridge-  
town, where Mr. Everett, a son of  
the late Capt. Everett and Mrs. Ev-  
erett, is a highly valued employee of  
the Colonial Motor Co. Both he  
and Mrs. Everett are very popular  
with their associates.

The gifts included cheques, silver,  
china and many pretty and useful  
articles presented at a shower on  
Thursday evening.

Among the guests were Mr. and  
Mrs. Fred Munro and little Miss Cath-  
erine, of Dartmouth; and Mr. Wil-  
Ham Curry, of Halifax.

### SUPPLEMENTING SHORT PASTURES

(Experimental Farms Note.)

When pastures become dry and unpalatable during mid-summer they should be supplemented with grain and either green feed or summer silage. Otherwise the milk cows will drop so badly in milk yield that they cannot be brought back to profitable production when stable feeding starts in the fall.

Grain feeding is advisable with milking cows. Cows yielding twenty pounds of milk or over, should receive one pound of grain for every six to eight of milk which they produce. Pasture grass contains a higher percentage of protein than mature hay, and for this reason the summer grain ration need not contain so high a percentage of rich protein feed, such as oil cake and cotton seed meal, as the ration fed in winter. It is more economical to depend largely on green feed or summer silage than grain as a sole supplement to scant pastures. Cost of cutting and hauling green feed each day makes it more expensive than silage, but owing to the danger of spoiling, summer silage is seldom practical unless a farmer has at least fifteen cows.

Last year at the Experimental Station, Fredericton, owing to the dry weather during June and the first two weeks of July, pastures were poor. Oats and pea green feed was fed to the heavy producers from July 20th, and to the entire herd from the first of August. They were changed to oats and pea silage on September first. There was no appreciable difference in the milk when the cows were changed from green feed to silage. The mixture used was Banner oats, 2 bushels, and Canadian Beauty peas, 1 bushel, sown at the rate of three to three and one-half bushels per acre. The cows were fed from 25 to 40 pounds of roughage. This feed, together with a small grain allowance, maintained the milk flow and kept the cows in good flesh.

Cattle are allowed to fall in flesh and milk yield in mid-summer. It will take much more feed to carry them through the winter. Therefore, every effort should be made to maintain the flesh and milk flow during the period of short pastures. If green oats are available they will give fair results, although not so good as oats and peas. In grain feeding the farmer should bear in mind that while he may not get immediate returns, the improved condition of the cows will reflect itself in greater production during the winter as well as during the ensuing lactation period.

John MacKenzie,  
Experimental Station,  
Fredericton, N. B.

### Here and There

During July thousands of osteopaths and members of allied professions gathered in Toronto from all parts of the United States and Canada to attend the International Convention of Osteopaths. Several of the visitors toured the country in the interests of osteopathy.

Final figures showing the total live lobster catch on the Nova Scotia coast, for the season ending June 1st, show a total of 8,585,900 lbs. valued at \$1,264,141, an increase over the 1924 season of 3,687,400 lbs. in quantity and approximately half a million dollars in value.

### APPRECIATION OF THE WEEKLY NEWSPAPER

"I would rather have six weekly newspapers than all the dailies in Canada to champion the interests of a cause," was a statement made to the members of the Canadian Weekly Newspaper Association by Mayor Ralph H. Webb, of Winnipeg, at the 5th annual convention of the organization at the Royal Alexander Hotel, held in Winnipeg recently. The Winnipeg Free Press in a leading editorial on the occasion of the newspapers convention said: "The editors of the weekly newspapers represent the country better than almost any other possible body of men could do, because each is so closely in touch with all phases of the life of his own community. That the greater part of the country is outside the larger cities may not have occurred to some people who live in them and imagine that they largely constitute the country, while the towns and rural parts are of secondary consideration. The last few years have demonstrated rather forcefully that the cities do not stand up very well when anything happens to those other parts. The annual gatherings of the weekly newspapers should be a national significance. They should be a factor in spreading mutual understanding between different sections of the country and in bringing about more effective national unity."

### Having concluded his visit to the Pacific Coast, His Excellency Lord Byng, Governor-General of Canada, has returned East. Before leaving the West His Excellency stayed off for a few days at Banff to meet Earl Haig, and the two famous soldiers spent some time together talking over old times.

### Considerable interest has been aroused in London, England, over the arrival there of 8,000 peony blooms for exhibition in the Canadian Pacific pavilion at Wembley. The peonies were grown by W. Orton Roy of Montreal, and have been sent to England to dispel the belief that Canada's climate is excessively cold.

### A delegation of prominent newspaper proprietors and journalists from Great Britain passed through Canada recently on their way to attend the Third Imperial Press Conference to be held at Melbourne, Australia, during September. Besides the delegates from the British Isles, representatives of Canada and the other Dominions have been invited and will attend the conference.

### Two automobile accidents occurred in Montreal over the week-end at railway crossings, in both of which it was proven that the car struck the train. In the first accident the car ran into the first car behind the engine and in the second struck the side of the engine itself. Public attention has been directed to these accidents as illustrative of the results of negligent driving.

### Early in July a party of one hundred French-Canadians associated with the University of Montreal departed from Windsor station on a three-weeks educational tour of the country under the auspices of the University. Mayor Duquette of Montreal, Monsignor A. V. J. Pietto, director of the University and Professor E. Montpetit one of his associates accompanied the party. They were seen off at the station by E. W. Beatty, K.C., chairman and president of the Canadian Pacific Railway and other officials.

### A similar excursion to the alps left Toronto, July 20th, for the benefit of English speaking school-teachers. This tour, also lasting three weeks and covering all principal points of the Dominion was conducted by Dean Sinclair Laird of MacDonald College under the auspices of the Teachers' Federation of Canada.

### Leonard; Miss Irma Leonard; Mr. and Mrs. P. Whitman; Mr. and Mrs. V. Beals and Mr. Ralph Connell; Mr. and Mrs. J. F. Bent of Middleton were recent guests of Mr. and Mrs. S. Bayers.

### THE ONE SURE WAY TO GOOD HEALTH

Is Keeping the Blood Pure by Using Dr. Williams' Pink Pills.

Impure, weak blood is the cause of most of the troubles that afflict people. This is the cause of the wretched feeling of languor and faintness, pains in the back and side, headaches and breathlessness, that afflict women and make their daily life a torture. To get good health and strength the blood must be enriched. What Dr. Williams' Pink Pills do in cases of this kind is told by Mrs. Augusta Emery, Woodford Station, Alta., who says:—"Living on the prairie, and knowing that there are thousands of women like myself miles away from a doctor, I want to tell them what Dr. Williams' Pink Pills have done for me. After my first baby was born I seemed to have little energy. I felt weary and run-down and unable to do even the ordinary household duties. I felt I needed a tonic and as I had long seen Dr. Williams' Pink Pills advertised I decided to try them. I got a supply and carefully followed the directions and before very long the result was wonderful. Day by day I regained my former strength and energy. The pills seemed to give me a keen appetite and I gained in weight and soon was able not only to do my work about the house but to help with many chores on the farm. For this reason I would advise women, particularly those on the prairie or the farm, to keep a supply of these pills always on hand. One trial will convince you of their worth. I have recommended them to many of my friends and never have they failed to produce good results."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### GRANVILLE CENTRE

Miss Florence Langmuir is visiting relatives in Mass.

Mrs. Bert Edwards and little daughter, Miss May, are the guests of her mother, Mrs. Annie Hudson.

Mr. Henry Longmuir of Boston was the guest last week of his son, Capt. Reed Longmuir.

Mrs. Robert Cassidy and little Charlotte, came from Boston last week, and will spend several weeks with her father, Mr. J. R. Withers and other relatives.

Miss Reta Cochran, B. A., of Sunny Brae, N. B., spent a few days last week with her friend Miss Edith Goodwin.

Miss Estella Eaton, teacher of music at Fuller Institute, Grande Ligne, who has been visiting the churches in N. B. in the interest of the work, spent a few days at the home of her brother, Mr. V. A. Eaton.

Mrs. R. C. Gilliat went to St. John last week, returning on Monday, accompanied by Mr. Gilliat who has been taking military training at Ottawa.

Miss Hattie Goodwin spent the week end in Annapolis, the guest of Rev. A. and Mrs. Gilson.

Mrs. Silas Duffield and son Brainerd of Marshfield, Mass., are visiting Mrs. Duffield's mother, Mrs. John Wade.

Mrs. John Rowe of Granville Ferry, is the guest of Mrs. W. Eaton.

Miss Kathleen Baltzer of Aylesford, is the guest of her cousin, Miss Leah Baltzer.

Mrs. Kenneth Allen of Yarmouth, with her three children are spending several weeks with her sister, Mrs. V. A. Eaton.

Miss Muriel Bohaker of Karsdale, is the guest of her cousin, Miss Robina Calnek.

The Woman's Missionary Society held their August meeting and tea, August 6th., at the home of Mrs. E. S. Palmer. After the usual devotional exercises, a certificate of life membership in the U. B. W. M. U. was presented to the secretary, Mrs. E. R. Wade. The speaker for the afternoon was Miss Estelle Eaton, Mission teacher at Grande Ligne, Quebec. All present were greatly interested, as she told of the work at the school, and the great need for further effort in this department of our Home Mission work. Nineteen members and five visitors were present. The treasurer's report showed ninety-four dollars and ninety-five cents raised during the year for Mission purposes.

The S. S. picnic of the United Baptist Churches of Annapolis and Granville Centre, was held Wednesday afternoon, August 12th., on the grounds of Mr. Clarence Eaton. About one hundred and twenty were in attendance. Sports and games of all kinds were provided and prizes awarded the winners. A very enjoyable day was spent by all, everyone feeling very grateful to Mr. and Mrs. Eaton for their hospitality.

The tragic death of Mr. Rupert D. Milbury came as a great shock to his many friends here, who sympathize deeply with the family so suddenly bereaved.

### CANADA'S CAMPING SONG

A white tent pitched by a grassy lake,  
Well under a shady tree,  
Or by rippling rills from the grand old hills,  
Is the summer home for me.  
I fear no blaze or the noontide rays,  
For the woodland glades are mine.  
The fragrant air and that perfume rare  
The odor of forest pine.  
A cooling gage at the break of day,  
A paddle, a row, or sail,  
With always a fish for a mid-day dish,  
And plenty of Adam's ale,  
With rod or gun, or in hammock swung,  
We glide through the pleasant days,  
When darkness falls on our canvas walls,  
We kindle the camp fire's blaze.

From out of the gloom sails the silvery moon,  
O'er forests dark and still,  
Now far, now near, 't and sad and clear,  
The plaint of the whip-poor-will,  
With song and laugh and with kindling chaff,

### THE ONE SURE WAY TO GOOD HEALTH

Is Keeping the Blood Pure by Using Dr. Williams' Pink Pills.

Impure, weak blood is the cause of most of the troubles that afflict people. This is the cause of the wretched feeling of languor and faintness, pains in the back and side, headaches and breathlessness, that afflict women and make their daily life a torture. To get good health and strength the blood must be enriched. What Dr. Williams' Pink Pills do in cases of this kind is told by Mrs. Augusta Emery, Woodford Station, Alta., who says:—"Living on the prairie, and knowing that there are thousands of women like myself miles away from a doctor, I want to tell them what Dr. Williams' Pink Pills have done for me. After my first baby was born I seemed to have little energy. I felt weary and run-down and unable to do even the ordinary household duties. I felt I needed a tonic and as I had long seen Dr. Williams' Pink Pills advertised I decided to try them. I got a supply and carefully followed the directions and before very long the result was wonderful. Day by day I regained my former strength and energy. The pills seemed to give me a keen appetite and I gained in weight and soon was able not only to do my work about the house but to help with many chores on the farm. For this reason I would advise women, particularly those on the prairie or the farm, to keep a supply of these pills always on hand. One trial will convince you of their worth. I have recommended them to many of my friends and never have they failed to produce good results."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### CANADA'S CAMPING SONG

A white tent pitched by a grassy lake,  
Well under a shady tree,  
Or by rippling rills from the grand old hills,  
Is the summer home for me.  
I fear no blaze or the noontide rays,  
For the woodland glades are mine.  
The fragrant air and that perfume rare  
The odor of forest pine.  
A cooling gage at the break of day,  
A paddle, a row, or sail,  
With always a fish for a mid-day dish,  
And plenty of Adam's ale,  
With rod or gun, or in hammock swung,  
We glide through the pleasant days,  
When darkness falls on our canvas walls,  
We kindle the camp fire's blaze.

From out of the gloom sails the silvery moon,  
O'er forests dark and still,  
Now far, now near, 't and sad and clear,  
The plaint of the whip-poor-will,  
With song and laugh and with kindling chaff,  
We startle the birds, . . . .  
The wild woods, the wild woods,  
The wild woods give me;

MURINE NIGHT & MORNING KEEP YOUR EYES CLEAR AND HEALTHY

OUR FLAPPER

What Shall We Do With Her?

By A. N. Plumptre, in MacLean's Magazine.

[Mrs. Plumptre is the wife of Rev. Canon Plumptre, and is President of the Ontario Division of the Red Cross Society.]

There is much criticism abroad regarding the young girls and youths of to-day; they are said to be undisciplined, reckless, extravagant and frivolous, falling far below the standard set by the preceding generation.

There is to-day a general tendency toward the loosening of restraints, and a noticeable inclination toward unconventionality which in itself need not be regarded as alarming.

Dr. Coady of St. Paul's, Toronto, recently said that hostesses would combine, even for one season, to adopt a certain standard of simplicity in living, especially as regards the young people, and would make it fashionable to be moderate in their expenditures on dress, food and entertainment.

But indeed for many years previous to the War "hospitality" has been lost sight of in "entertaining." The old idea of assembling one's friends and getting to know each other better in following some congenial pursuit, such as music or conversation in which all were interested, had given place to parties with paid entertainers and a crowd of people thrown together without any particular regard to sympathy or tastes.

Particularly do young people nowadays feel injured if the entertainments given in their homes do not equal those of their acquaintances. For instance, a young girl invited to her first grown-up dance had planned to follow it with one in her own home.

We all remember in Booth Tarkington's clever book "Seventeen," how keenly critical William was with regard to the appointments of the young people now.

The dress of the modern girl has been severely criticized, but I consider her sports costume admirable and very charming, even to the short skirt that displays the slim young legs.

On the other hand some very extreme modes have appeared both for day and evening wear, which seem to have been designed to excite attention by either the scantiness of the material used, or the transparency of its texture.

Say "Bayer" - Insist!

Unless you see the "Bayer Cross" on tablets you are not getting the genuine Bayer product.

Safe - Accept only a Bayer package

which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100 - Drugists.

The fundamental weakness at the bottom of much of the extravagance of our young people is the lack of a sound moral education.

Union is strength, whether in politics, labor or the social sphere, and by co-operation, simplicity might be made the height of fashion.

As women are now claiming equality and independence, our girls should be fair enough to pay their share of such expenses as taxis and theatres.

Another girl only fifteen years old, was staying with an aunt and expected a boy friend a few years older to take her to a party.

The girls who expect young men, who are perhaps students at college or juniors in banking houses, to provide taxis, expensive seats at theatres, flowers, candies and little suppers to wind up an evening's entertainment, very often involve these boys in temptations and hardships for which the pleasure derived from a few evenings' amusement affords no compensations.

Canada needs more than anything Canadian homes and a home-born increase in population.

The dress of the modern girl has been severely criticized, but I consider her sports costume admirable and very charming, even to the short skirt that displays the slim young legs.

Appo-Krisps : The Fruit Cereal

Preliminary Announcement

THE PRODUCT

"APPO-KRISPS" is the registered trade name of a ready-to-serve "Fruit Cereal" recently patented in Canada and the United States.

The exclusive feature of "APPO-KRISPS" is the blending of Apples and Wheat in the form of flakes. "Fresh Apples - Golden Wheat - Grilled together - Ready to Eat" - a combination of qualities not obtainable in any other prepared food on the market.

SIGNIFICANCE

The whole trend of public buying for more than a generation has been definitely in the direction of prepared, ready-to-eat foods.

The increasing sales of such cereals have been, in spite of a certain insipidity, of a definite monotony when eaten regularly, and of a deficiency in dietic elements as well as flavor.

"APPO-KRISPS" alone overcomes these handicaps, takes advantage of the opening, and offers fruit and cereal combined in a most enticing form - makes it possible to "Eat an apple a day in a new way!"

AN INVESTMENT OPPORTUNITY

Prominent business men of the Annapolis Valley, Nova Scotia, and of Montreal, whose names are closely linked with the success of leading factors in the cereal field, have associated themselves with the formation of Appo-Krisp Limited, the Company which is to place this new Fruit Cereal on the market.

The stock of APPO KRISP LIMITED is now offered to the investing public.

Capitalization 2,000 shares 8% Cumulative Preferred Stock 3,000 shares Common Stock Par Value \$100.00 per share Offered in Units of 1 Share 8% Cumulative Preferred Stock 1 Share Common Stock Price \$110.00 per Unit

This is your opportunity to share in the profits of an enterprise which has an invention fully protected and a product which will merit public confidence.

There were seventeen teams competing. "C" Co Annapolis regiment entering this contest for the first time since the war did very well indeed in coming so close to topping the score and next year will make a strong attempt to carry off the honors.

## POPULAR BRIDGETOWN GIRL SHOWERED

Miss Mary Anthony, who is soon to be one of the principals in an important event, was tendered a shower by her friends on Thursday evening, at the home of Miss Mary Miller.

The room was decorated most beautifully for the occasion. Too much praise cannot be given the artistic work done by Mrs. Wyle Stronach and Miss Mary Miller. The color scheme was pink and white. Pink and white crepe paper extended from the hanging lamp to the four corners of the table, where it was pinned to a white linen cover with sprays of sweet peas and fern. A centre bouquet of pink and white sweet peas adorned the table. Each gift was also made more attractive by trimming with sweet peas.

The gifts were very nice and included linen, fancy work, china and cheques.

There followed a pleasant evening of entertainment. Mr. Brinton Hall delighted those present with his piano music. Miss Fain gave two splendid readings, and Miss Ethel Harding sang.

Dainty refreshments were served and soon followed the close of a delightful evening.

FOURTH GAME. A. Byrne, Hits 3, Points 21; Hiltz, Hits 1, Points 2. Smith, Hits 6, Points 21; Negus, Hits 3, Points 16.

Lahey, Hits 7, Points 21; McLean, Points 12. Lynch, Hits 3, Points 21; Pettipas, Hits 6, Points 18.

Kennedy, Hits 6, Points 21; Egan, Hits 8, Points 20. Bishop, Hits 7, Points 20; Hiltz, Hits 5, Points 22.

Burchell, Hits 10, Points 21; Beattie, Hits 6, Points 19. W. Byrne, Hits 5, Points 21; Myers, Hits 2, Points 13.

The most noteworthy performance was that of 16 hits in one game made by H. Billey. This is a record very seldom equaled in any match. McLean for Bridgetown made 11 hits in one game. This too was a noteworthy performance. Burchell made ten hits in the last game and these three players were the only ones making double figures on hits. The local club is looking forward to a return match here at an early date with the Dartmouth players. The local players felt very well pleased at the showing made for they were up against some top notch players.

H. W. Egan was opposed by Dr. Millett, the champion of the Dartmouth Club, and all the other visitors had work good and plenty cut out for them to maintain their respectable showing.

In each line giving scores, details, Dartmouth players are mentioned first.

On Wednesday last, one more was added to a long list of successful Sunday school picnics in connection with St. James' Church.

The children gathered at 1 o'clock and were soon on their way to The Pines, West Paradise, whither they had been kindly invited by Mr. and Mrs. C. S. Bothamley. The day was almost ideal for such an occasion. Overcast in the morning, it cleared by the afternoon with a temperature around a happy medium. This gave just what was desirable for games and races. For the latter, a goodly number of prizes had been donated by kind friends, and these added zest to the various competitions.

Supper was served at 5.30. To this approximately one hundred children sat down, followed by about forty adults.

At 7 o'clock a first contingent started for home. This was followed by others, the last car reaching Bridgetown about 8.30.

On Friday the children attended St. Mary's, Belleisle, together with their way to Granville Centre, having accepted the kind invitation of Major and Mrs. Evans, to spend the afternoon with them.

Again very desirable weather was experienced. Games occupied the afternoon, everyone entering heartily into them.

Supper time arriving, a meal was served in truly traditional Belleisle style. It left nothing to be desired beyond an encore next year, it not before.

For the success attending both these expeditions, credit is due to a host of willing workers and friends, and the various committees, on behalf of the children, desire to thank one and all who helped in any way.

Home cooking of all kinds. Lunches at all hours. Picnic parties supplied on order. Baked Beans and Brown Bread on Sale Wednesdays and Saturdays. Ice Cream served every day.

## Local Happenings

Paradise.—The residence and adjoining buildings belonging to Caleb Gillis, were completely destroyed by fire on Wednesday night. The fire, which was of unknown origin, broke out suddenly at midnight and before help could be summoned was beyond control. Only the furniture and clothing below stairs was saved.

At McKenzies Creamery, Middleton, the largest checks for the month of July went to W. A. Curry, Wilmet, \$154.95; F. H. Bath, Bridgetown, \$142.20; A. L. Lee, Auburn, \$127.50, and H. L. Forsythe, Middleton, \$107.88.

The highest tests for the month were Rufus R. W. Connor, Digby 52 per cent, and Freeman Schofield, Canning, 52 per cent. 56636 pounds of butter were manufactured and enough butter fat went into ice cream to make an additional 5000 pounds of butter.

The store of W. V. Spurr at Torbrook Mines was destroyed by fire early Tuesday morning. The fire when noticed first, at about 1.30 a. m., had gained such headway that it was impossible to save the store or contents. Then neighbors turned out in large numbers and devoted their attentions to saving the nearby buildings.—Outlook

At the Rebekek Assembly of the Maritime Provinces, Mrs. J. W. Peters of this town was appointed delegate to the Association of Rebekek Assembly which meets in Portland, Oregon, in September.

The tern schooner, Peaceland discharged a cargo of hard coal for J. H. Longmire and Sons and sailed on Sunday.

Dr. A. N. Marshall left on Monday for Philadelphia where he will spend his vacation of two weeks, and occupy the pulpit of the Calvary Baptist Church. Mrs. Marshall is visiting her father, Mr. A. Young, Bridgetown.—Acadian.

Mrs. Burton, of this town has in her possession a genuine copy of the picture showing the Lady Godiva leaving her ancestral home for the famous historic ride through Coventry.

Officers and members of Crescent Lodge, I. O. O. F. are requested to attend next Thursday to practice fraternal degree and hear Brother Lantz report from Grand Lodge.

A parish meeting will be held in St. James Church schoolroom on Friday evening at 8 o'clock for which a full attendance is asked as important matters are to be discussed. Mr. G. E. Lowe has purchased Mrs. H. E. Piggott's fine property on Church St.

Bridgetown Band last week received a cheque for \$25.00 from Mr. Warren D. Chase, who is summering at Clementsport. The cheque was sent as a mark of appreciation for the very nice programme of music rendered the previous evening at the clam bake given by Mr. and Mrs. Warren D. Chase and Capt. and Mrs. Herbert Rawding at Burrells Beach Clementsport. In the local last week we regret that the names of Capt. and Mrs. Rawding were inadvertently omitted. Mr. Avarit Beeler we understand was responsible for the appearance of the band and the surprise element introduced was highly appreciated by the donors of the party as well as by all who attended.

MR. ISALAH RAMEY QUITE SERIOUSLY INJURED

Mr. Isalah Ramey was painfully injured on Saturday night when he was struck and knocked down by a car driven by Mr. Ralph Balcom, of Paradise. Mr. Ramey fell very heavily to the street and lost consciousness, not regaining it till Sunday morning. No blame whatever attaches to Mr. Balcom and so far as he was concerned the accident was quite unavoidable. Mr. Ramey started to cross Queen St. near the Bank of Nova Scotia when a car whose driver and number is unknown came up the street at what bystanders term a rapid pace. Mr. Ramey in trying to avoid this auto stepped directly in front of the other. Being well up in years the fall proved a severe shock to his system and he is still confined to bed.

A MONKEY WRENCH THROWN INTO THE MACHINERY

No this is misleading it was an eel about three feet long and this was how it happened. At this time of the year the numerous eels which infest the town reservoir become anxious because of long deferred vacations and start out to seek the world. The subject of this sketch was unluckily enough to poke his nose into the pipe which connects the main with our water motor. He did not reckon with the bends and different sizes of the pipe and was trapped so tight that it took the town water department some valuable time to get at him and thus allow our machinery to revolve again. This explains the absence of much matter which we would like to have inserted this week. We were unwilling to delay publication a day, eels or no eels, so there you are.

Anticipating the opening of the schools, and the early return of students to college, Mr. MacKinnon, the pastor of the United Church, will preach a sermon to suit the occasion. Cordial welcome to everybody!

## MR. M. V. POTTER HAS LEG BROKEN IN CARRIAGE ACCIDENT

Mr. M. V. Potter met with a painful accident resulting in a broken leg on Sunday afternoon while driving down the Hampton road with his wife and family in a carriage. The horse kicked and headed off the road breaking part of the harness. Mr. Potter was thrown out and bruised considerably but Mr. Potter was caught by the carriage and had his leg broken. By an unfortunate combination of circumstances none of the local doctors were at home and Dr. Messenger, of Middleton was called in to attend to Mr. Potter's injuries and he was afterwards taken to the Hospital.

## UNITED CHURCH NOTES

The music at the United Church service on Sunday evening last was excellent, and greatly appreciated by everybody. A violin solo by Mr. Ross Bishop was rendered in characteristically beautiful form. An accompaniment with a solo part sweetly sung by Mrs. Graves, given by a full choir was a splendid success. Mr. Burrows of Boston, sang "One Sweety Solena Thought" by Ambrose, in a most touching and effective manner. Mr. Burrows, is a possessor of a very sweet and mellow tenor voice. It will be good news to all who had the pleasure of hearing him on Sunday evening, to learn that he has kindly consented to sing again on Sunday evening next. He will sing "Face to Face" by Herbert Johnson.

Anticipating the opening of the schools, and the early return of students to college, Mr. MacKinnon, the pastor of the United Church, will preach a sermon to suit the occasion. Cordial welcome to everybody!

## NEWSY NOTES FROM ANNAPOLIS

Mrs. T. B. Price "At Home"—Pretty Wedding at Sandy Cove.—Annapolis Girls Teaching in County Schools.—Personal and Social Items.

Annapolis Royal.—Mrs. T. B. Price was "At Home" for the first time since coming to Annapolis, on Tuesday afternoon, at her apartments on St. George St. The rooms were artistically decorated with cut flowers, and the hostess was assisted in receiving by Mrs. E. R. Reid of Grandville Ferry. Mrs. J. H. Edwards and Mrs. P. W. Pickels "poured", and Mrs. L. Robertson, Mrs. D. Owen and Miss Madelyn Merriam "served", while Miss Jean Robertson attended the door.

A pretty wedding took place on Wednesday, August 19th, at the home of Mrs. W. S. Collins, Sandy Cove, N. S., when her daughter, Miss Lillian Harris, became the wife of Mr. Harry C. Gormley of this town. The ceremony was performed by Rev. G. T. Bryant, in the presence of a large number of invited guests. The bride was attired in a navy blue ensemble suit, with hat to match, and carried a bouquet of carnations and sweet peas. She was attended by her step-sister, Miss Doris Collins, who was gowned in green, and carried a bouquet of sweet peas and snap-dragon; and Mr. Percy B. Harris of Malden, Mass., acted as best man. After a short trip to some of the principal places in Nova Scotia, Mr. and Mrs. Gormley will reside in Annapolis Royal, having purchased the house of Mr. M. C. McCormick, on Bohaker St.

The schools in the outside sections opened on Monday, and Miss Evelyn King left for Prineedale, while Miss Kathleen DeVan is principal at Lequille. The Primary Department is under the charge of Mrs. Starat, who has moved with her family from Springfield, and is occupying the "Beeler" house, near St. Alban's Church.

The death occurred on Wednesday after a lingering illness, of Frances Murray, infant daughter of James and Marian (Harris) Horstall. The funeral services were conducted by Rev. A. W. L. Smith of Clementsport, with interment at St. Alban's Cemetery.

Mr. and Mrs. G. W. Bellevue expect to move, the second week in September, to the house of Mr. Lewis M. How, on Victoria Street.

Mr. and Mrs. How are moving to Round Hill, where they have taken the George Sanders farm.

Mr. and Mrs. R. Wood, with their little son and daughter, who have been the guests of Mrs. Wood's parents, Rev. T. C. and Mrs. Muller, have returned to their home in Jamaica Plain, Mass.

Miss Ruth Goucher, a graduate of Parkner Hospital, Jamaica Plain, Mass., is the guest of her parents, Mr. and Mrs. Fred Goucher.

Miss Louise Harris has returned home from Paradise, N. S., where she had been the guest of her sister, Mrs. John Jackson.

Miss Winifred Braine, B. A., who will teach the seventh and eighth grades at Middleton this term returned on Tuesday from a visit to St. John's, Nfld.

Mr. Moore C. McCormick has purchased the house of Mr. Alfred Hoyt at Lequille, and will move there shortly with his family.

Miss May DeVan of Newton Centre, Mass., is the guest of her cousin, Miss K. DeVan.

Mrs. Milledge Buckler returned this week to her home on St. George's St., accompanied by her daughter, Mrs. Robert J. Rankine, who with her
