"GERMAN VICTORIES IN EAST ONLY DEFEATS IN DISGUISE"—KITCHENER

Two More Canadians Win Decorations For Valiant Deeds

Conscription Debated in the Imperial House of Commons * Britain's War Expenditure Now Amounts to \$17,500,000 a Day * Billion and Quarter Dollars Were Voted as War Credit by Britain

GERMAN DRIVE IS NEARING END SAYS KITCHENER

Enemy's "Success" in East Will Prove to Be Disguised Defeats.

BRITISH STRENGTHENED

Eleven More Divisions Sent to France — Strong Hint at Conscription.

LONDON, Sept. 15.—Earl Kitchener, in a notable speech in the house of lords today, made the interesting disclosure that the German attacks with gas, liquid fire and asphyxiating shells, lacking as they now do, the element of surprise, have failed in their object and have lost much of their offensive value owing to the steps taken to counteract them. Lifting the veil of secrecy, he announced that eleven divisions (210,000 men) of the new army had reinforced Field Marshal French's force in France and others would follow quickly. He spoke optimistically of the situation on the various fronts, expressing the opinion that "the Germans have shot their bolt" in their offensive against Russia without achieving their object of destroying the Russian army.

As far as the Turks were concerned, Lord Kitchener said, there was an abundance of evidence of "the process of demoralization having set in." In Mesopotamia the resistance of the Turks had terminated.

Without referring directly to conscription, the war minister said provision to keep up the strength of the army in 1916 was causing anxious thought, owing to the falling off recently in the number of recruits offering themselves for service.

He promised an impartial enquiry as to the best means of keeping the armies up to their full strength.

Lord Kitchener made an apparent reference to the possibility of conscription. While the response of the country to the call for recruits was almost marvellous, he emphasized the need of a large and continuous supply of men and pointed out that the present system of enlistment, under the present system, "He hoped very soon for a 'practical solution.' The new census would show the number of men available. He added:

No Fault-Finding.

"Whatever decision may be arrived at in the full light of facts before it must undoubtedly be founded upon military requirements for the prosecution of the war and the protection of our shores and will be the result of an impartial enquiry as to how we can most worthily fulfil our obligations."

Although there has been a falling off in the number of recruits I do not draw from this fact any conclusion unfavorable to the patriotic spirit of the country. On the contrary, I think now, as I always have thought, that the manner in which all classes have responded to the call of patriotism is magnificent and I do not for one instant doubt that whatever sacrifice may prove necessary to bring this gigantic war to a successful conclusion will be willingly made.

(Continued on Page 3, Column 1).

RUSSIAN FORCES DRIVE AUSTRIANS TO DNIESTER

Teutons Forced Back on Wide Front Between Pripiet Marshes to South Western Galicia—Losing Five Thousand Men as Prisoners in Day's Fighting

Special Cable to The Toronto World.

LONDON, Sept. 15.—Continuing their offensive from the southern borders of the Pripiet marshes to the southern boundary of eastern Galicia, the Russians today report the gaining of a number of local successes and the forcing of the Austrians and Germans to retreat for a considerable distance to the south of the Dniester. Nearly 5,000 prisoners were captured by the Russian armies in one day's fighting.

In the extreme south the Russians dislodged the Austrians and Germans from the Stripa River at a point west of Trembovka, capturing the Bourkovevsky wood and Zioiniki village, following up these successes with a bayonet attack on the trenches and wire entanglements of the enemy, and crossing the Stripa River. The enemy was forced to retreat to the Dniester River. Southwest of Tavropol, the Russians also occupied the Veniavo village in a sharp attack and the ene-

Some Things Near the War

Our neighbors are allowing themselves to be tied up by the German foreign office into a further delay. Whenever President Wilson about gets to grips he is asked to wait for further explanations that Germany is now preparing. Germany's main stock-in-trade in the diplomatic game is the stall-off.

England is not seeking a loan so much as she is asking the United States to arrange matters so that England may buy what the States has to sell. It is up to the States, not up to Britain.

Moody's Magazine, the leading financial authority in the States, reminds its readers that many, many millions of the cash deposits in the United States banks belong to European depositors, some of them European nations or banks. The United States banks at this moment have at least 800 millions of dollars subject to call by cheque from Europe.

We do not pretend that the Americans have not great stores of money which they can lend to Europe; but they always owe Europe many millions of dollars at the same time.

The United States has now Mexico on its hands, and the pacification of that country will yet cost our neighbors many lives and much wealth. The experience gained in making munitions for Europe will be quite useful as regards Mexico later on.

What with the German attack on the liberties of civilization, of home German attacks on the American Republic, and Mexico's hostile attitude toward its northern neighbor, they have lots to think of. The national committee of experts to aid the navy in war preparedness is one of the most significant items of the day.

BRITISH DESTROYED MANY AEROPLANES

Eleven Brought Down in Twenty-One Air Fights.

THREE IN FOUR DAYS

Considerable Artillery Activity on Both Sides is Reported.

LONDON, Sept. 15, 1:17 p.m.—The press bureau issues a report from Field Marshal Sir John French, in which the British commander says: "Since my last communication, Sept. 9, there has been no change in the situation on our front. There has been considerable artillery activity on both sides, more particularly south-east of Arras and in the neighborhood of Ypres.

Three hostile aeroplanes were brought down within the past four days. Of these, two were hit by our anti-aircraft guns and fell inside the German lines. The third was shot down by our air-pilots and fell in our lines.

"On Sept. 9, our artillery, assisted by aeroplane direction, bombarded two German observation balloons located east of Ypres. One balloon burst while the second was deflated and removed.

"Mining activity has continued, but without important results on either side."

NEW YORK, Sept. 15.—America's

billion dollar loan to Great Britain and France seemed to be well on the way to actual accomplishment tonight, according to bankers familiar with the pledges secured by members of the Anglo-French financial commission during their five-day stay in the country.

Announcement at this time that the success of the loan was assured would be premature, but there was every indication, in their opinion, that the commission's work thus far had met with a degree of success that had fully equalled their expectations.

This rosy view reflected the thoughts of the men who have championed the commission's cause here and aided them by hard work. It did not coincide with the sentiments of the opposition.

The big loan nor of the so-called pro-German financiers here, who have not been invited to attend the commission's conferences or meet the commissioners.

Pledges for Considerable Sum.

So far as could be learned from bankers in touch with the commission, the situation tonight was about as follows:

Pledges have already been secured for a considerable fraction of a big loan.

Other pledges are in prospect.

The so-called pro-German banking houses of New York will be invited to participate in the loan if the commission can be persuaded that they are

Col. David Carnegie of Canadian Shell Committee to See D. A. Thomas.

By a Staff Reporter.

OTTAWA, Ont., Sept. 15.—Col. David Carnegie of the shell committee left this afternoon for New York to consult with D. A. Thomas, the representative of the British munitions department, regarding the placing of further orders in Canada. The anticipated new orders will be the result of Mr. Thomas' inspection of the Canadian shell factories and his favorable report to the imperial authorities.

PRETORIAN'S DAMAGES IN COLLISION SLIGHT

Allan Liner Expected to Reach Quebec Early This Morning.

QUEBEC, Sept. 15.—The Allan liner R. M. S. Pretorian, which was damaged slightly in a collision with the S. S. Kansas off the Saguenay River, passed Crane Island shortly before 10 o'clock tonight and is due in port early tomorrow.

The Pretorian carried 140 cabin and 34 third-class passengers, besides 55 bags and 90 baskets of Canadian mail and other mail for the United States.

FALL HATS THE VOGUE.

The appealing display of men's fall hats at Dineen's 140 Yonge street, will certainly prove that this old established firm carry the most stylish lines that are made. The consistently rainy weather will also convince folk that there is a crying need for raincoats. No better value can be found in town.

The Pretorian carried 140 cabin and 34 third-class passengers, besides 55 bags and 90 baskets of Canadian mail and other mail for the United States.

RUSSIANS REPULSED TURKS IN CAUCASUS

Clash Between Cavalry Resulted in Favor of Czar's Soldiers.

PETROGRAD, Sept. 15, via London, 9:05 p.m.—The following official communication concerning the operations in the Caucasus, was made public today:

"In the region of Melitzn a collision occurred between Russian and Turkish cavalry, and the latter was repulsed toward the west."

"In the Van district Russian cavalry is pursuing the Kurds."

BILLION DOLLAR LOAN'S SUCCESS ABOUT ASSURED

Progress Made by Anglo-French Commission in N. Y. Negotiations.

BIG AMOUNT PLEDGED

Germans Continue Opposition to Flotation Thruout United States.

NEW YORK, Sept. 15.—America's billion dollar loan to Great Britain and France seemed to be well on the way to actual accomplishment tonight, according to bankers familiar with the pledges secured by members of the Anglo-French financial commission during their five-day stay in the country.

Announcement at this time that the success of the loan was assured would be premature, but there was every indication, in their opinion, that the commission's work thus far had met with a degree of success that had fully equalled their expectations.

This rosy view reflected the thoughts of the men who have championed the commission's cause here and aided them by hard work. It did not coincide with the sentiments of the opposition.

The big loan nor of the so-called pro-German financiers here, who have not been invited to attend the commission's conferences or meet the commissioners.

Pledges for Considerable Sum.

HEAVY FIRING HEARD IN THE NORTH SEA

Reports From Holland Say Cannoning Was of Great Violence.

LONDON, Sept. 15.—A despatch to Reuters' Telegram Co. from Maasuis, Holland, says:

"Heavy firing can be heard in a westerly direction. It commenced at 9:30 o'clock this evening, and by 10 o'clock became so violent that windows both here and at the Hook of Holland were set rattling."

The Hook of Holland is on the North Sea to the west of Rotterdam.

ZEPP ATTACKS FEARED BY AMBASSADOR PAGE

He Has Taken Out Policy of Insurance on Residence.

Special Cable to The Toronto World.

LONDON, Sept. 15.—It was learned today that Ambassador Page had taken out a policy insuring his residence against damage by Zeppelins.

He is understood to have leased for a period of years his home, in which some valuable furnishings are owned by the ambassador. There is no Zeppelin insurance on the building occupied by German and Austrian embassies.

Zeppelin insurance is obtainable at a very low rate. The companies are reaping a harvest.

FIVE MILLIONS MORE FOR ALBERTA FARMERS

Wheat Crop Estimated to Be Worth Twenty Million Dollars.

EDMONTON, Alta., Sept. 15.—Alberta's wheat crop, which is now practically cut, is according to a statement of the deputy minister of agriculture, the largest and best in the history of the province, and is worth today nearly \$20,000,000. This compares with a value of slightly more than \$15,000,000 last year, the approximately 33-1-3 per cent. gain made being in spite of lower prices.

ALLIES SEND NEW NOTE TO BULGARIA

It Deals With Serbia's Attitude Toward Bulgaria's Macedonian Claims.

SOFIA, Bulgaria, via London, Sept. 15, 5 p.m.—The ministers of the quadruple entente presented to the Bulgarian Government this noon a supplementary note relative to Serbia's attitude toward the Macedonian claims of Bulgaria. The contents were kept strictly secret.

CZAR WILL RELEASE POLITICAL PRISONERS

Special Cable to The Toronto World.

ROME, Sept. 15.—It is stated that the emperor of Russia has ordered amnesty for all political prisoners in Russia. The number of persons affected is said to be about one hundred thousand.

COMMONS VOTE BIG CREDIT FOR WAGING OF WAR

Billion and Quarter Dollars' Credit Granted on Motion of Premier Asquith.

CONSCRIPTION DEBATED

John Dillon Denounces Compulsion—L. G. Chiasso Money Endorses It.

LONDON, Sept. 15, 9:15 p.m.—Premier Asquith, in the house of commons, and Earl Kitchener, secretary of state in the house of lords, gave an exhaustive survey today of the financial and military situations, both making candid statements of what has already been done and of preparations "for carrying the war to a successful conclusion."

Both houses were crowded with members and spectators, who followed with deepest interest Mr. Asquith's plain and business-like statement in asking for another vote of credit, which finally passed and which brings the total to £1,262,000,000 (\$3,310,000,000), and to Earl Kitchener's reading of a carefully prepared and optimistic speech on the military operations and needs.

The premier had to deal with huge figures to explain the financing of the war and warned his hearers that although the expenditure was now over £3,300,000 daily, there was a likelihood of its increasing owing to advances to the allies and dominions, which had reached £230,000,000 (\$595,000,000), and provisions for munitions.

Three Million Enlisted.

Since the war began nearly 3,000,000 men, he said, had enlisted in the army and navy. Besides, 800,000 persons were engaged in the manufacture of munitions. But both figures would have to be increased, and he appealed to the women to give their assistance, believing that they would make

TO PROTECT LONDON FROM AIR RAIDERS

Arthur J. Balfour Says Defences of Capital Being Improved.

STRAIN ON GUN SUPPLY

Development of Aerial Offensive Not Foreseen Before This War.

LONDON, Sept. 15.—The adequacy of the air squadron was the subject of some criticism in the house of commons today. Arthur J. Balfour, first lord of the admiralty, admitted that the provisions which had been considered sufficient at the beginning of the war had to be materially developed. He said, however, that the service was now being supplemented far more rapidly than was the danger it was organized to meet.

There had been a great strain, Mr. Balfour continued, on the supply of anti-aircraft guns. The development of aerial offensive had not been foreseen before this war, but the naval air service was now of great dimension.

"I cannot say," Mr. Balfour said, "that there will be a discontinuance of the attacks on London, but no one would suggest that such methods of terrorism are going in the slightest degree to shake the resolution of the British people."

Preparation Needed.

Mr. Balfour admitted frankly that he was very much surprised to discover, when appointed first lord of the admiralty, that he was responsible for the aerial service which had only a remote connection with naval work. If the government had set to work three or four years before the war, with the full knowledge of the requirements of aerial warfare, he said, the defences of London undoubtedly would have been much better organized, but he hoped that the organization was now in a fair way to become complete.

The charges already made had been very great and all were in the way of dealing adequately with the new and great responsibility. No better assurance could be given the house that the defences of London against air raids were receiving the most careful attention than the appointment of Sir Percy Scott to take charge of them.

Hoped to Lessen Danger.

In respect to the protection provided against Zeppelins London had been unfavorably contrasted with Paris. Such a comparison was most unfair. Paris was a fortified city, in fact a great fortress, whereas London was not a fortified city. None knew that better than the Germans, and under the rule of civilized warfare, London should be immune from the attacks to which she had been subjected. But the confidence hoped that the efforts of the admiralty would lead to a great diminution in the danger which might be anticipated from German airships.

LIBERALS TO FORCE JANUARY ELECTION

Ottawa's View is That Extension of Term Will Be Refused.

LAURIER MUST REST

Liberal Leader is Expected to Make Prolonged Stay at Arthabaskaville.

By a Staff Reporter.

OTTAWA, Ont., Sept. 15.—When Sir Wilfrid Laurier recovers sufficiently to be able to leave the hospital it is expected that he will go for a long rest to his old home at Arthabaskaville, although it has been said he has been advised to go south.

Before he leaves an effort will be made to discover what the attitude of the opposition is going to be regarding the proposed extension of the present parliamentary term until a stated period after the war is over.

It appears, however, that there is little doubt what the attitude of the opposition will be. A leading Liberal, summoned in late November and that the refusal of the opposition to entertain it the Liberals expect there will be a general election in January.

HESPERIAN WAS SUNK BY GERMAN TORPEDO

Absolute Nonsense for Germans to Say Ship Struck Mine, Say Officials.

Special Cable to The Toronto World.

LONDON, Sept. 15.—Indisputable evidence is in the hands of the Allan Line officials that the Hesperian, claimed by the German Government to have been sunk by a mine, was torpedoed. A high official of the line said today: "It is absolute nonsense for the Germans to say that the Hesperian was mined. Second Officer Richardson has in his possession a piece of torpedo 5 feet broad and 20 inches long by half an inch thick."

"Other members of the crew possess pieces of the torpedo, which were picked up on the deck of the liner after she was torpedoed. I believe that one of the crew saw the torpedo coming toward the steamer and reported the fact to the bridge, but the ship was struck before her course could be altered."

ALLIES SEND NEW NOTE TO BULGARIA

It Deals With Serbia's Attitude Toward Bulgaria's Macedonian Claims.

SOFIA, Bulgaria, via London, Sept. 15, 5 p.m.—The ministers of the quadruple entente presented to the Bulgarian Government this noon a supplementary note relative to Serbia's attitude toward the Macedonian claims of Bulgaria. The contents were kept strictly secret.

HIGH HONORS ARE BESTOWED ON TWO MORE CANADIANS

Capt. Niven of Princess Pats, Who Took Command When Superiors Were Disabled, is Awarded Military Cross—Corporal Pym Made Heroic Rescue.

Stubborn Resistance Made by Russians to Von Hindenburg.

MAKE TRY AT DVINSK

GERMANS REACH BRIDGEHEAD NEAR TOWN, AND PREPARE TO ATTACK.

LONDON, Sept. 15.—Field Marshal Von Hindenburg's drive towards the Dvinsk-Vilna railway is not progressing as fast as his previous enterprises of a similar kind have done, and except at one or two points about midway between these towns, where his cavalry have cut the railway, he is still being stubbornly opposed by the Russians, who are making vigorous counter-attacks. Von Hindenburg, however, has reached a point west of the bridgehead from the Town of Dvinsk and is prepared to attack that fortified area.

Along the rest of the line the German advance has slowed up, while in Galicia the Russians are still attacking, and according to unofficial reports from Bucharest and other points, the Austro-German armies are falling back across the Dniester River. Just north of the Galician border the Russians are also on the offensive and are making an attempt to recapture Dubno, which the Austrians took last week.

To Affect Rest of Front.

This offensive in the south, it is believed, will have an effect on the rest of the front, as the offensive must soon be sent there or the Teutonic allies will run the danger of being outflanked.

Despite this, the Austrians have sent reinforcements against Italy and have at some parts of the line assumed the offensive. The country is so rough and the Italians, since they declared war, have been so successful in capturing important positions for defence that an advance by the Austrians cannot for some time threaten the defenders. The operations are likely to take on a more interesting character.

The heavy guns continue their bombardment along the western front and in the Vosges another battle is in progress for possession of Hartmannsweilerkopf, which has changed hands so often during the past few months.

TO AFFECT REST OF FRONT

TO PAY FIVE PER CENT.

Attempt Will Be Made to Secure Flat for Whole Floation.

(Continued from Page 1).

sincere in their expressions of willingness to do so.

The billion dollar loan probably will be divided into two and possibly four separate series of equal amounts.

Five Per Cent. Interest.

Bonds upon which the loan will be granted will bear not less than five per cent. interest and will be payable in dollars free from British income tax requirements.

An attempt will be made to sell the bonds at par in case the interest rate should be five per cent.

Members of the commission fully believe that such bonds could be disposed of at par, but American bankers have their doubts on this score.

Germans Against Loans.

Opposition to the flotation of the loan is country-wide among Americans of German sympathies or parentage, but has strengthened other bankers in their determination to aid in floating the loan in the opinion of the commission's friends, and has not seriously impeded the task.

The bonds are to be payable in either five or ten years. Possibly one series will mature in five and the other in ten years. This has not been decided.

Many American bankers have pledged themselves to take part of the loan, it was said today.

WOMEN'S HOME GUARD GAINED MANY RECRUITS.

A recruiting drive for the Canadian Women's Home Guard was held at Dundas Heights last evening, a large number of applicants enlisting for the different detachments.

During the evening an excellent program of vocal and instrumental music was rendered by the following: Miss Irene Humber, author of the patriotic song "We're From Canada"; J. M. Dawson, cornet soloist; Mrs. Layton and others.

Drills will be held tomorrow evening and all members of the Women's Home Guard are expected to be present.

HAMILTON NEWS

HAMILTON REGIMENT REACHES FIRING LINE

Nineteenth in Command of Col. John J. McLaren, is in Trenches.

FRENZIED FINANCING

Reeve Bertram Declares County Councillors Spend Money Recklessly.

By a Staff Reporter.

HAMILTON, Thursday, Sept. 16.—Mrs. McLaren, wife of Lieut.-Col. John J. McLaren of this city, who is commanding the 19th Overseas Battalion of the third Canadian contingent, received a cable yesterday afternoon announcing that the battalion had reached France and would shortly see action in the trenches. The cable was sent from Boulogne.

Reeve Bertram yesterday lectured the county councillors in his financing and said that unless something was done the council would next month face an overdraft exceeding that of last year's by \$30,000.

"It seems to me that some of the councillors simply spend money without considering where it comes from. There is some reckless financing," said the Reeve. "That \$80,000 extra overdraft would take a mill and a half to pay off."

The remarks were made during the discussion of Councilor Dickenson's resolution for an extra expenditure of \$10,000 on the roads.

The motion was defeated. Warden Douglas, Councilor Dickenson and the road superintendent were appointed a committee to ascertain just how much money will have to be expended to fix up the roads, and were empowered to have the matter referred to the Reeve.

Reeve Bertram's motion to have the county contribute \$15 of the \$55, yearly fee for county pupils at the college, was passed. The county scholars have been raised by the Hamilton Board of Education because of the increased cost.

Open Convalescent Home. Duncin, the handsome residence of Mrs. P. J. Greer, South James street, was officially opened as a home for invalided soldiers yesterday afternoon at four o'clock. The ceremony was conducted by Rev. Dr. Renison and Rev. Canon Owen, who asked the blessing.

Speeches were made by Mayor Walters, Adam Brown and Mrs. Greer. The mayor thanked Mrs. Greer for her splendid gift, and stated that it was the most convalescent home for wounded soldiers to be opened in Canada. The hospital is now completely fitted up for the caring of the soldiers, and it is expected that within a few days several patients will be sent there.

Gets Motorcycle. Ticket Holder No. 4241 won the motorcycle donated by the Ford Motor Co. to the War Cycle Corps to members of St. Elizabeth's Chapter, L.O.D.E., for the purpose of raising money for the war fund. Before the recruiting meeting at Gore Park last evening, Mayor Walters made the drawing and announced the lucky number. The holder of this number is recorded as being a resident with Mrs. R. B. Davis, 114 Duke street.

For Red Cross. A most successful garden party was held last evening at the Towers, corner of King and Queen streets, under the auspices of the ladies of St. Mark's, St. George's and All Saints' Anglican Church, for the purpose of raising funds for the Red Cross. The affair was opened by Mayor Walters and was largely successful.

Soldiers for Hamilton. Unless present plans fail, Hamilton will this winter be a military centre of considerable importance. It is stated that the Hamilton Machine Gun Battalion is to be quartered here after the military camp at Niagara falls is closed next month, and plans are under way for its reception at the old armories. That a brigade of artillery, including Hamilton Sportsmen's Battalion, is likely to be quartered at the Jockey Club, has also been intimated.

Effect has not yet been made. Word has come that at least one troop and possibly several of mounted rifles will be quartered here also.

The mounted men are to have their quarters on the mountain brow, at the head of the James street incline.

Englishman Gets Heavy Sentence. In police court yesterday Harry Isaacs, young Englishman, was sentenced to seven years in Kingston penitentiary for Magistrate Jelfs on a charge of attempted murder and robbery.

On the night of Dec. 25, 1913, Isaacs broke into Stanley Mills hardware store and after attempting to murder Frank Stevens, his brother-in-law, made away with \$130.

Audit Patriotic Funds. The controllers and city officials are becoming interested in the move to have a general audit of the funds being collected locally for the various war purposes. It is thought that unless this is done the people of Hamilton will cut down their donations.

WILL GIVE A PRIZE FOR THE BEST STORY

The Ontario Motor League has offered, thru the Ontario Safety League, cash prizes for the best composition upon "How Children May Help to Avoid Motor Accidents." The rules covering the contest, which is open to children in the public, separate and private schools of Toronto, Hamilton, Ottawa and London, are:

"The composition must not consist of more than 300 words, and must be written in English."

"It must be written upon ruled paper with a margin upon the left-hand side. Write in ink and only on one side of paper."

"The composition must be the sole work of the school child submitting it. Neatness, spelling and punctuation will be taken into consideration in awarding the prizes."

"The contest will close Oct. 3, 1915. The full name, age and street address of each child competing should be written at the end of the paper."

"There are two classes of prizes offered: (a) scholars of 12 years and under; (b) scholars of 13 and over."

"The prizes in each class are as follows: First, \$10; second, \$5; third, fourth, \$2; fifth, \$1; sixth, \$1; seventh, \$1; eighth, \$1."

"All communications to R. B. Morey, secretary-treasurer, Ontario Safety League, 34 Victoria street, Toronto."

(Continued from Page 1).

a gigantic stride towards the solution of one of the most pressing problems. Mr. Asquith candidly admitted that mistakes had been made, and added: "I do not say even now that we are doing all we might, or even all we ought to do."

He, however, protested against the attempts of a section of the press "to belittle and disparage our efforts."

After reviewing the operations in Flanders, the Dardanelles and Poland, Mr. Asquith declared that the country had vastly exceeded any standard dreamed of before the war. As the war went on, however, that standard would rise, and new sacrifices would be demanded in men, munitions and money.

A discussion on the question of conscription followed the premier's speech, and the house finally granted the vote asked for.

In the debate that took place on conscription, John Dillon, Nationalist, for East Mayo, vehemently denounced it. He said that Pitt had tried to do the Napoleonic wars with success, but it would be madness to try the experiment again, especially before the war was over.

Mr. Asquith, however, declared that the war was not a matter of men and munitions, but of the spirit of the nation. He declared that for far less than Lord Northcliffe had done Irishmen had been sent to jail; if it were not for Lord Northcliffe's title, power and connections, he would have been sent to jail long ago.

Leonard George Chisno, M.P., Liberal, maintained that under the voluntary system the country would never have enough men and munitions to win the war. There was great danger, he said, of underrating the war. He declared that the British had made substantial gains, but they had not succeeded in dislodging the Germans from the high ground. The British now held a front of more than 110 miles.

In the east, Mr. Asquith said, the Russian army remains unbroken. He said that the proportion of those who were in the front line was only in artillery, and that their objective was still far out of reach. He said that the proportion of those who were in the front line was only in artillery, and that their objective was still far out of reach.

He referred to the high total of casualties and said that the proportion of those who were in the front line was only in artillery, and that their objective was still far out of reach. BROADVIEW BOYS BEGIN FALL FAIR

Noel Marshall Will Press Button Tonight, Setting Machinery Going.

PLAN MANY FEATURES

Every Hour Full of Something That Interests Growing Lads.

With that characteristic which has made the Broadview Boys' fall fair a success in other years, the directors this year have done everything possible to make this year's event even more successful than any other. A big program has been arranged. It runs over three days commencing today.

From today until Saturday night there will be nothing worth talking about in the eastern section of the city outside of this fair. Every boy in the neighborhood is personally interested.

Col. Noel Marshall, vice-president of the Canadian National Exhibition, will set the machinery in motion. But before this ceremony takes place the youthful directors will follow the custom of the bigger fair and hold a directors' luncheon just to show they are in favor of them. This will take place at 6.15.

The three days are crammed full of features. An oratorical contest takes place tonight following the formal opening. Tomorrow there will be a swimming contest. Saturday afternoon and evening there will be big things, including a Boy Scout demonstration and contest, athletic meet, pony races and dog judging.

The proceedings will wind up with a musical competition, in which many boys from many sections will participate. This event alone is looked upon as being one of the best of its kind held anywhere in the country.

HOTEL TECK

Excellent a la carte service for lady and gentleman diners. Special mid-day luncheon, 11.30 to 2.30 at 50 cents. Romanelli's Orchestra 8 to 9 p.m. daily.

CANADIAN CASUALTIES

Midnight List

First Battalion.

Wounded—George A. Gibson, Ireland.

Fifth Battalion.

Died of wounds—John Morris Squire, Melbourn, Sask.

Seventh Battalion.

Wounded and missing—James D. Redford, Alberni, B.C.

Eighth Battalion.

Suffering from gas poisoning—Walter Veneer, Forest, Ont.

Fifteenth Battalion.

Wounded and missing—Lance-Corp. Geo. Warden, Scotland.

Sixteenth Battalion.

Wounded—James McLeay, 48 First avenue, Hamilton, Ont.

Lord Strathcona's Horse.

Killed—Ambrose M. Evans, England.

Second Field Artillery Brigade.

Severely wounded—Lieutenant Stanley Stickland, Scotland.

COL. MEIGHEN BUSY WITH NEW BATTALION

MONTREAL, Sept. 15.—Col. Frank S. Meighen has already begun organizing the new battalion here which was authorized by the militia department at Ottawa today, under the name of the 5th Battalion, Grenadier Guard of Canada, overseas.

Meighen's love of peace where he sought to avert the catastrophe of a world-wide conflict.

"It was the imperative call of duty which forced us to vindicate our national honor and enlist our whole strength in the war of freedom. I have no doubt either of the wisdom of our choice or of its ultimate triumph on the battlefield."

Despises Domestic Strife.

One thing Mr. Meighen opposed was "the sinister spirit of domestic strife." "We must all be ready to give and take. And take and give," he said, "and it must not be said that in the greatest moment of our history our army was shrunk of its strength by any failure on the part of either rules or ruled to concentrate upon the unexampled task of consoling counsels, divided energies, and unfeasible, indomitable will of the British people."

He referred to the high total of casualties and said that the proportion of those who were in the front line was only in artillery, and that their objective was still far out of reach. He said that the proportion of those who were in the front line was only in artillery, and that their objective was still far out of reach.

CRAWFORD PEACHES

Nature tries to teach us what is good for us. She sends plums and peaches at the same time. The one is sweet, the other acid. When we eat all the peaches we can, and the sweetness begins to cloy, how we relish some ripe juicy plums. These in turn create an appetite for more peaches. The lesson is obvious. We should eat all the fruit we want, alternating the sweet and acid. The more we eat, the better our health. The only limit is our capacity. Nature also produces in each climate the fruit that is best for the inhabitants of that particular zone. Native Canadian fruits are better for us than the exotic kinds. It is also a fact that the farther North a fruit will mature, the better the flavor and quality. That is why Canadian plums, peaches, apples and pears surpass the imported varieties. Every housewife should heed the Dominion Government. Fruit Advertising is running in this paper, and buy at once. We have long winters, so nature furnishes fruit that is peculiarly adapted for preserving. We can thus enjoy our health-giving fruits throughout the year. Nature never did betray the heart that loved her; and Nature bids Canadians to eat fruit abundantly.

York County and Suburbs

HAS PREPARED PLAN REGARDING EXPRESS

Improved Highways Shown in Extension of Service Scheme for Outlying Districts.

Secretary C. H. Ralph of the Earl-Count Business Men's Association has received the following communication from City Clerk W. A. Littlejohn:

"The board of council has received a further communication from the city solicitor in regard to the extension of express service in outlying districts."

"The whole question is the limit of the area within which the companies will deliver or collect parcels for transmission free of charge."

"The cost of making these deliveries is absorbed in the charge for transportation. The whole question is the limit of the area within which the companies will deliver or collect parcels for transmission free of charge."

"The cost of making these deliveries is absorbed in the charge for transportation. The whole question is the limit of the area within which the companies will deliver or collect parcels for transmission free of charge."

OUTLOOK BRIGHT,
SAYS KITCHENER

Germans Have Shot Their
Bolt in Campaign Against
Russia.

BRITISH LINES LONGER

Eleven Divisions Sent as Rein-
forcements to Sir John
French.

(Continued from Page 1).

dition will be cheerfully undertaken
by our people."

While the front held by the allies
in the west had been practically un-
changed in the last few months, the
positions had been much strengthened
and many heavy guns added.

He said the use of liquid fire and
asphyxiating shells by the Germans
had lost much of their value as they
lacked the element of surprise.

Additional reinforcements, amount-
ing to 11 divisions (about 210,000 men),
had been sent to Sir John French, who
had been enabled to extend his lines
and take over from the French ap-
proximately 17 miles of additional
front.

"The units appear to be thoroughly well
offered and commanded. The equip-
ment is in good order and efficient.
Several units of artillery have been
tested behind the firing line in the
trenches, and I hear very good re-
ports of them. Their shooting has been
extremely good, and they are quite fit
to take their place in the line."

"These new divisions have now had
the opportunity of acquiring by ex-
perience in actual warfare that portion
of the necessary training of soldiers
which it was impossible to give them
in this country, and which, once ac-
quired, will enable them effectively to
take their place in the line with the
rest of the British army."

After a warm tribute to the effi-
cacy and morale of the French army,
Lord Kitchener eulogized the fighting
qualities of the Russians, which, with
fine generalship, had made possible
the retirement of the whole line over
some 100 to 200 miles without allow-
ing the enemy to break through at any
point.

Russian Army Intact.

"Thus we see the Russian army re-
maining today intact as a fighting
force. It doubtless has suffered se-
verely, but the German forces also
had to pay a heavy toll, and who will
venture to say, until the present grips
of the war, which armies suffered
more?"

"It must not be forgotten that Rus-
sia, with her vast territory, always
has been able ultimately to envelop
and annihilate large invading armies.
In this she certainly is no less cap-
able today than she was a century ago.

As regards the net result, all that
the Germans can place to their credit
is an enormous success in that they
have captured certain fortresses. But
our recent experience shows that the
vast fortifications, and practice by
the only one that can effectively re-
sist the new machinery of war, are
those which can be quickly dug in the
soil. Such trenches today form bet-
ter defences than the most carefully
fortified places of which the engineers
until lately so proud. The Ger-
mans appear almost to have shot
their bolt. Their advance into Rus-
sia, which at one time was carried out
at an average daily rate of approx-
imately five miles, has now diminished
to less than one mile a day, and we
see the forces which they boasting-
ly described as defeated and broken
troops, flying before them, still dog-
gedly and pluckily fighting along the
whole line, and in some places, in-
deed, turning on the hated invaders
and inflicting heavy losses.

"The Russian army, far from falling
out of the fighting lists, as Germany
fondly hoped, is still a powerful and
undiminished unit, and the determi-
nation and confidence of the troops, for-
tified by the increasing supply of mu-
nitions, have risen in a way that is
to the strain imposed upon them. In this
momentous hour of stress, his imper-
ial majesty, the czar, has taken ex-
traordinary command of his armies in
the field. The enthusiasm created by his
step will serve to concentrate all the
energies of his officers and men on
driving back the invaders and pre-
venting them from reaching any vital
portion of the empire."

"To sum up, we may fairly say that
while the Germans have prevailed by
sheer weight of guns and at immense
cost to themselves in forcing back the
Russian front, nothing but barren ter-
ritory and evacuated fortresses have
been gained. Thus their strategy has
clearly failed, and the victories they
claim may only prove, as military his-
tory has so often demonstrated, to be
defects in disguise."

Italy's Fine Showing.

Dwelling on Italy's part in the war,
Earl Kitchener said:

"The achievements of the Italian
army have been truly remarkable,
and the manner in which heavy pieces
were hauled into almost inaccessible
positions on lofty mountain peaks and
in spite of great difficulties evokes
universal admiration. The Italian
army now occupies strategic positions of
first rate importance. The gallant
conduct of the infantry of the line in
action has impressed upon their ene-
mies the great military value of the
Italian army, while the bold feats of
Alpine troops and Bersaglieri when
scaling rugged mountain sides, were
marvelous samples of successful en-
terprise."

Turks Demoralized.

After briefly reviewing recent opera-
tions in Gallipoli peninsula, he added:
"It is not easy to appreciate at their
full value the enormous difficulties
which have attended the operations in
the Dardanelles or the fine temper
with which our troops have met them."

"There is now abundant evidence of
a process of demoralization having set
in among the German-led, or rather,
German-driven, Turks, due no doubt
to their extremely heavy losses and to
the progressive failure of their re-
sources. It is only fair to acknowledge
that, judged from a purely military
view, the methods of war pursued by
the Turks are vastly superior to those
which have disgraced their German
masters."

"Of the fighting in Mesopotamia, Earl
Kitchener said reconnoissances had
shown that the Euphrates was clear
of Turks for a distance of fifty miles.
"Since this victory," he added, "there
has been no further fighting on the
Euphrates, Tigris or Karun Rivers.
Climatic conditions in this theatre of
war have rendered the operations ex-
tremely arduous."

AUTUMN OPENING

MURRAY STORE
17-31 KING EAST

KAY STORE
36-38 KING WEST

Superb Suits at Reasonable Prices
An Outstanding Feature of Our Opening

It's a case of mutual satisfaction. Those of our customers who have been in the habit of spending anything from \$50.00 to \$75.00 on their Autumn suits—but who don't feel inclined to spend any such amount this year—are perfectly charmed, so they tell us, to find in our opening display of New York models, stunning-looking suits, quite in accordance with their ideas, yet moderately priced at from \$32.50 to \$47.50.

For our part, we're abundantly pleased that we have been able to meet our customers' wishes. Frankly, we realize ourselves that, in every respect, the suits which we are showing this season, while fully equal in point of materials, cut and tailoring to those of last year, are yet offered at prices which represent a saving of from \$15.00 to \$20.00; and we are delighted that we can feature such opportunities for economy. We give brief descriptions of a few suits at \$32.50 and \$47.50. There are scores of other models at in-between prices.

Two Suits at \$32.50

Navy Gabardine Suit, a particularly smart model, with beautifully tailored coat, trimmed with coun-
less self-covered buttons. The skirt is charmingly
fashioned with pleats at either side.

African Brown Poplin Suit, a stunning model with
belled coat, the back showing a box pleat below the
belt, the collar and cuffs of velvet. The skirt has
set-in pockets and pleats at each side.

Two Suits at \$47.50

Soldat Blue Broadcloth Suit, a very beautiful model
with coat made in military effect, buttoned up to
the chin, the collar and cuffs of lovely fur. The
skirt is a plain flare model, beautifully cut.

Prunelle Broadcloth Suit, a superb model in the
season's most popular shade, trimmed with buttons
to match, the coat buttoning up to the chin, and
finished with a collar of very fine beaver. The
skirt is smartly flared.

Women's Smart Walking Boots, Values to \$6.50, at \$3.95

It's not often that we can feature such an attractive offer as this. The smart new Fall Walking Boots to be placed on sale to-morrow at \$3.95 have just been passed into stock, and represent the very latest ideas in styles and shapes for the coming season. Here are details:

WOMEN'S NEW FALL WALKING BOOTS, patent leather and gunmetal calf, most of them with black cloth
tops. A few very attractive styles with colored tops; welt soles, Cuban and Spanish Louis heels. All sizes.
Regularly \$5.00 to \$6.50 a pair. On sale Friday at, per pair \$3.95

Good English Cotton Sheets
Regularly \$2.50 a Pair, Friday, \$1.90

BASEBALL

Buffalo Leads International

BISONS NOW LEAD BARROW CIRCUIT

Trounce the Champions
Twice and Have Two Point
Lead—Rain Here.

The heavy rain yesterday stopped the Leafs and Richmond from playing. A double-header will wind up the Dunfries farewell visit today.

At Buffalo—Buffalo took the league leadership from Providence yesterday by defeating the champion Grays in both games of a double-header. Buffalo, however, is only two points ahead, and a victory by the Grays today would put them back in first place again. The first game was a bitterly contested struggle, running 12 innings. The Grays found Beese early in the game and started off with a good lead, but Buffalo tied the score in the eighth and put over the winning run in the 11th.

Beese had one bad inning—the fourth—in the second game, when he allowed the Grays to hit well distributed, shutting out the visitors. Scores: R.H.E. Providence...21000100000—4 12 0 Buffalo...0000000000—0 7 2

Second game—R.H.E. Providence...0000000000—0 7 2 Buffalo...0000000000—0 7 2 Batteries—Beese and Casey; Tyson and Onslow.

At Montreal—Montreal won from Harriburg 5 to 3, by batting Schacht out opportunely and making the most of Harriburg's misplays. Scores: R.H.E. Harriburg...010100001—2 8 3 Montreal...030000000—3 8 0 Batteries—Schacht and Heckinger; Cadore and Madden.

At Rochester—Rochester and Jersey City broke even in a double-header, the home club taking the first game 9 to 4 and the Skeeters winning the second 11 to 8. Both contests were pure slugfests, the winning team in both games securing early leads, which their opponents were unable to overcome.

First game—R.H.E. Jersey City...112000000—4 12 0 Rochester...250002000—5 13 2 Batteries—Craigher and Tressaguet; Palmero and Williams. Second game—R.H.E. Jersey City...61021000—11 15 0 Rochester...00012000—6 13 2 Batteries—Ring, Buck and Schwert; Forest, Bauer and Williams.

FEDERAL LEAGUE SCORES.

At Pittsburgh—Pittsburgh was shut out by Baltimore, the score being 2 to 0. Johnson was effective, while Rorger was hit for a single and a double in the first inning. With a pass and a man safe on a fielder's choice, gave the visitors their runs. Score: R.H.E. Baltimore...300000000—3 4 2 Pittsburgh...000000000—0 0 0 Batteries—Johnson and Russell; Rorger, Berger and O'Connor.

At St. Louis—Brooklyn started right by getting two runs in the first inning, but then the remaining innings Watson held them scoreless, and St. Louis won 3 to 1. Score: R.H.E. Brooklyn...200000000—3 4 2 St. Louis...010101000—1 0 0 Batteries—Bluejacket, Witte, Upham and Land; Watson and Chapman.

SOCCER NOTES.

Berkley Street met Bell Telephone Company on Saturday at Queen Alexander School grounds. Brooklyn averaged kick-off at 2.30. Players met on the grounds not later than 2.15. The following have been chosen to represent Berkley Street: Kinney, Stubbins, Barclay, H. Perkins, Fox, Carwith, No. A. Perkins, Wilmsmire, McCauley, Payne and Arnold; reserves: Brown, Statum and Secker. Any player who cannot play is requested to inform the secretary not later than Friday night.

Owing to the number of players having enlisted and in other ways given their services to their country the above association find it is utterly impossible to raise a team and regret having to cancel the balance of their engagements. The few players that are left please note that they are at perfect liberty to join any other team they like. We beg to thank the T. and D. council also every team in the league for the many courtesies extended to us, and trust to be on hand next year stronger than ever.

Robertson play Corinthians on Saturday on the Don Flats. No. 1 pitch. Robertson's team will be picked from the following: Williams, Dymnack, Davidson, Lowe, Young, Lowe, Phillips, Slade, Hughes, Dobson, Letch, Phillips, Slade, Hughes, Reserves: Dunnell, McDermott. Robertson players and supporters please note that the photographs recently taken will be on sale during the match.

TIGERS GAIN ONE GAME ON RED SOX

Defeat Yankees While Faber Held Boston to One Hit—American Scores

At New York (American)—Detroit gained a full game on Boston, the league leaders, yesterday, when they won again from New York, 4 to 2, while Chicago was defeating Boston, Detroit made a clean sweep of the series of four games, and vanquished New York on the fourth day. Score: R.H.E. Detroit...003001000—4 7 0 New York...000010000—1 7 0

Batteries—Boland, Coveleskie and Stange; Caldwell and Nunamaker. At Boston—Faber's shooting dimmed the eyes of Red Sox batsmen yesterday, Boston securing only one off his delivery, and Chicago won, 3 to 1. Pitching with much of his former skill, Gregg struck out Chicago batters, some of them at critical moments. Score: R.H.E. Chicago...000101100—3 8 0 Boston...000010000—1 7 0 Batteries—Faber and Schalk; Gregg and Cady.

At Washington—Brenton held Washington to four hits yesterday and shut out the Cleveland found Harper and Galla for six safeties, including two doubles, which, with several passes and brilliant baserunning by Evans and Roth, netted the visitors five runs. Score: R.H.E. Cleveland...000030100—5 6 2 Washington...000000000—0 0 0

Batteries—Brenton and Dean; Harper, Galla and Williams. The Boston B.B. team of the Toronto Senior League on Saturday, 18th, at 4 o'clock, at Vermont Park. All players requested to be on hand. Umpire, Frank Halinan.

PLAYGROUNDS QUOTING.

Earlecourt's senior quiting team won the City Playgrounds championship last night by defeating O'Neill at McCormick, 21-0. The Earlecourt team have played well all season and deserve their win. Teams: Earlecourt—Carter and McConnell, Kirkman and Brown. O'Neill—O'Brien and Griswold; McGinn and W. O'Brien.

TO ORGANIZE BOWLING CLUB.

Residents of the Oakwood and Northcliffe districts are invited to attend the meeting which will be held Friday night at 8 o'clock in the Oakwood Collegiate Institute at the corner of Oakwood and St. Clair avenue. The purpose of the meeting is to organize a bowling club, to elect officers and arrange for grounds for next season.

RIVERDALE YOUNG BIRDS FLY.

The East Riverdale Recreation Centre Pigeon Club flew their young bird race from Berlin, a distance (air line) of 62 miles. The results are as follows:

Yds. Per Min.
A. Parks...879.30
Skeats Bros...879.30
L. Anthony...862.09
J. Wilkes...840.02
G. Break...820.09
F. Post...780.62
H. Clark...700.04
J. Kell...700.00
H. Woods...690.00

BUSY WIND UP.

Jack Dunn and his Richmond club will play their farewell series this afternoon against their farewell series this afternoon in a double-header, the first game of which will begin at 2 o'clock. The locals have six games in three days, the balance of the week, as Providence, whom Buffalo ousted out of first place yesterday, come here tomorrow to play the Leafs double-headers on Friday and Saturday. With the Grays fighting for the pennant this series some acrobatic ball should be witnessed. Tomorrow will be ladies' day.

PACING

New World's Mark 1.56³

Smith and Byron
Stage Battle
Boston Third Baseman Tackles
Bill Byron—Braves and
Phillies Beaten.

At Chicago (National)—A fist fight between Umpire Byron and "Red" Smith, third baseman of the Boston Braves, marked the final game of the year between Chicago and Boston yesterday. Chicago won the contest, 1 to 0. At the conclusion of the game Smith rushed up to Umpire Byron, and the referee walked to meet him. Both exchanged words and attempted to strike one another, when Umpire Orth and other ball players stepped between the men. Smith had been "riding" Byron through the game because of his decision on balls and strikes. Incidentally the game was won by Frank Schulte, who drove a line drive over the screen in right-field for the only run of the game. Score: R.H.E. Boston...000000000—0 0 0 Chicago...000000100—1 5 2 Batteries—Tyler and Gibson; Gandy, Douglass and Bresnahan.

At Pittsburgh—Pittsburgh shut out Philadelphia, 1 to 0. Kandlehner kept the hits scattered and won his game in the eighth inning, when he singled after Gibson had singled and gone to second on Cravath's error. Score: R.H.E. Philadelphia...000000000—0 0 0 Pittsburgh...000000001—1 4 0 Batteries—Tyler and Burns; Kandlehner and Gibson.

At St. Louis—St. Louis won from Harriburg 5 to 3, by batting Schacht out opportunely and making the most of Harriburg's misplays. Scores: R.H.E. Harriburg...010100001—2 8 3 Montreal...030000000—3 8 0 Batteries—Schacht and Heckinger; Cadore and Madden.

At Rochester—Rochester and Jersey City broke even in a double-header, the home club taking the first game 9 to 4 and the Skeeters winning the second 11 to 8. Both contests were pure slugfests, the winning team in both games securing early leads, which their opponents were unable to overcome.

First game—R.H.E. Jersey City...112000000—4 12 0 Rochester...250002000—5 13 2 Batteries—Craigher and Tressaguet; Palmero and Williams. Second game—R.H.E. Jersey City...61021000—11 15 0 Rochester...00012000—6 13 2 Batteries—Ring, Buck and Schwert; Forest, Bauer and Williams.

At St. Louis—Brooklyn started right by getting two runs in the first inning, but then the remaining innings Watson held them scoreless, and St. Louis won 3 to 1. Score: R.H.E. Brooklyn...200000000—3 4 2 St. Louis...010101000—1 0 0 Batteries—Bluejacket, Witte, Upham and Land; Watson and Chapman.

At Pittsburgh—Pittsburgh was shut out by Baltimore, the score being 2 to 0. Johnson was effective, while Rorger was hit for a single and a double in the first inning. With a pass and a man safe on a fielder's choice, gave the visitors their runs. Score: R.H.E. Baltimore...300000000—3 4 2 Pittsburgh...000000000—0 0 0 Batteries—Johnson and Russell; Rorger, Berger and O'Connor.

At St. Louis—Brooklyn started right by getting two runs in the first inning, but then the remaining innings Watson held them scoreless, and St. Louis won 3 to 1. Score: R.H.E. Brooklyn...200000000—3 4 2 St. Louis...010101000—1 0 0 Batteries—Bluejacket, Witte, Upham and Land; Watson and Chapman.

The Toronto World

FOUNDED 1850.
A morning newspaper published every day in the year by The World News Company, of Toronto, Limited, 40 West Richmond Street, Toronto.
Telephone Calls: Main 530-2—Private Exchange connecting all departments.
Branch Office—15 Main Street East, Hamilton.
Telephone 1946.

THURSDAY MORNING, SEPT. 16.

Have Some Regard for Reason

Why should the Humber be selected for special injustice in the matter of liquor licenses? The Globe says one hotel has been put out of business by fire and that notwithstanding the owners of the other hotel have rebuilt it and put their money in it, more or less with the approval of the West York Commissioners, all this is to be ignored and that the place is to go suddenly dry. The people are not to be consulted in the regular way. The reason given is that the Humber can be made a fine summer resort, a park, ultimately a great residential district. That may be; but in the meantime what about the wishes of the people who live in that locality, and the traveling public? Some kind of hotel accommodation ought to be provided; when the park comes and with it the temperance hotels that we are told about, then let the licenses all be withdrawn.

The World is in favor of more limitations on the sale of whiskey in hotels and replacing some of the regular licenses by special ones for beer and light wines. Here is a chance out at the Humber for such an experiment. The Ontario Government cannot abandon its whole responsibility in the matter and allow the provincial commission to be dragged into a policy that the voters did not endorse at the late election. The Globe struts to thunder when the Ross-Stratton combination made the liquor law a farce. Now it is being enforced, and because it is being enforced that is no reason why the law should be made a farce. Nor do we think that the new commission has that object in view. But they must have regard to the facts, for the people immediately concerned, and for some kind of fair play.

Why not try the beer licenses in places, and for a reason? And one such license at the Humber seems to us a reasonable solution of a difficult situation.

Be a Peacemaker, Rather

It is trivial enough to have the greatest of wars on our hands; do we want a bell of local strife and dissension as well?

These are the days for consideration, for bearing one with the other, of striving to keep things going in business, in public affairs. Take the city hall. Why can't the mayor and aldermen settle the fire chief situation by putting all the wire pullers aside and picking out some young man unknown to intrigue, and make him chief? There is such a man in sight if Mayor Church took a free hand into himself.

Take the street railway situation up Yonge street. Why more litigation, more newspaper wrangling, untold inconvenience to the public directly concerned? Instead of fighting the Metropolitan and the Toronto Railway, and keeping the public paying two fares, why not approach the railways and see what they'll take for their rights? The Metropolitan will sell within the city limits, they may even be willing to take an alternative route. If the mayor and council are afraid to act, why not ask three men, Sir William Meredith and Sir William Mulock, two possible illustrations, to be a go-between and try and get a single fare service for all Yonge street and a reasonable entrance for the Metropolitan?

But we have nothing but dissension, and what looks very much like cursing and hatred. No attempt, to settle things. Then, as to federal politics. Why was it necessary for The Globe to fume and fulminate as it did yesterday about the political corruptionists at Ottawa when it was at the same time pleading that its political friends be not sent to a general election? Why not stop all this rancor and try and get together? It's getting all the people together that will help us over the war; not abuse, checking and counter-checking. Let us all try to work together in public issues and do our best to help the country along. We haven't any present use for strife-makers. Be a peace-maker and a smoother-out!

Col. Langton Again

There can be no doubt about the confidence of the board of control in their candidate for the fire commissioner. It is unfortunate that his appointment should be regarded as only possible by a fluke, the absence of some of the aldermen, and the resignation of another. A minority candidate will not have the authority or the influence with his men that a straight appointment by the city council would ensure. At the same time, this will not affect the position of a man who is capable of exerting the necessary qualities of leadership and discipline.

The aldermen have been so long about making up their minds, and the controllers have been so importunate about their favorite candidate, that the citizens will not be disposed to raise objection to the settlement of the question at the present time when so many pressing matters are coming before businessmen in every field.

ANGLICAN CHURCH TAKES FIRM STAND

Will Prevent Violation of Lord's Day and Encourage Temperance.

PRIMATE'S ADDRESS

Church in Canada Will Seek Revision of Book of Common Prayer.

In addressing the senate and house of commons of the Church of England in Canada at Trinity College yesterday afternoon, his Grace Archbishop Matheson of Rupert's Land, primate of Canada, said the church must take a firm stand on all public questions. The church must show an organized effort to prevent the degradation of the Lord's Day, and in the matter of temperance the church must not only pass resolutions, but it must pass them on to its people, his grace said.

In speaking of the revision of the Book of Common Prayer, his grace said it is the duty of the church to consider the revision of the Book of Common Prayer, and in the matter of temperance the church must not only pass resolutions, but it must pass them on to its people, his grace said.

Exhibition Finances

Editor World: In Monday's Evening Telegram I was surprised to read that the Exhibition authorities were able to hand over to the city council the sum of \$30,000 as a profit on last year's business, and this year they expect to double that amount. Mr. Editor, what are the facts? If you will take the trouble to check the report for 1914, you will find the following amounts obtained by direct taxation thru the draft estimates, and passed over to the directors of the Exhibition board:

On capital account	\$38,756.00
For new buildings	\$5,935.00
For park maintenance	\$5,813.06
Interest on debt	71,845.86
Total	\$252,249.86
For same amount	\$252,249.86
For the amount assessed to the taxpayers	223,143.15
For interest on debt	\$71,845.86
For maintenance account	14,211.00
For maintenance Exhibition Park	\$7,000.00
Estimated revenue	\$123,058.00
Deficit	\$88,058.00

To call the amount received from the Exhibition management revenue as a profit is misleading and should not be classed as such. A concern that can obtain \$252,249.86 and donate \$64,106 for its accommodation is fortunate. We are all proud of our Exhibition and grounds, and we will cheerfully bear the burden of taxation, if assured of good and efficient management, but juggling with the city's accounts must cease before the taxpayers will be satisfied. There are a number of other properties of the city, claimed by the city, which are being revenue-producing. The taxpayer is the one who is to produce the revenue claimed, and if you will grant me space in future I will send you statement of same taken from the draft estimates for the year 1915, which will be a revelation to many of your readers, as taxpayers.

NORWEGIAN SCHOONER SUNK

LONDON, Sept. 15.—The destruction of another neutral vessel by a German submarine is reported by Reuters' correspondent at Copenhagen. According to his despatch, the motor schooner Norge of Christiania was blown up near the Naes, off the Norwegian coast in the North Sea. The crew was saved.

WHY IT TASTES BAD.

Warm water, east winds, undertow, chlorine and one or two adverse conditions added have given a taste to the city water to which some are objecting. However, the medical officer of health says there has not been too much chlorine put in and there is nothing to fear.

JUDGE WILL DECIDE RUNNING BOARD CASE

Toronto Railway Arraigned in Sessions—Sentences Are Imposed.

Represented by D. L. McCarthy, K.C., the Toronto Railway Company elected to be tried by a judge without a jury when charged with criminal negligence in connection with running boards on the open cars, before Judge Winchester in the sessions yesterday. October 20 was set as the date of the trial, although Judge Winchester doubted whether the court had jurisdiction over the Ontario Railway Board. The defence of the company is that the care ordered by the Railway Board are being used. Several years ago the board was ordered to place running boards on the cars, but the board had no jurisdiction over decisions of the Ontario Railway Board. Judge Winchester sentenced 18-year-old Thomas Lavery to one year in the Ontario Reformatory yesterday for pocket-picking, although the boy's mother made a plea for clemency on the grounds that he had not got into bad company. Stanley Ford, an Australian, was given two years in Kingston penitentiary for three charges of burglary. Money and jewelry were secured from 322 George street and 169 Mutual street.

WILLS PROBATED

An estate valued at \$15,357 was left by Aubrey White, late deputy minister of lands, forests and mines, and past grand master of the Grand Lodge A. and A.M., according to the will filed for probate yesterday in the surrogate court. The bulk of the estate is left to the widow, Mrs. Mary White, and is to be equally divided among the five children on the death of Mrs. White.

Administration of the estate of John Francis Morrish, a retired merchant who died suddenly at Hawkestone on July 6, has been applied for by his widow and daughter. The estate is valued at \$65,593, and is made up of property in Toronto and Hawkestone, mortgages amounting to \$39,405 and the remainder in cash. The widow will receive one-third of the property and the residue will pass to the daughter, Mrs. Jane Rawlinson, widow of Samuel Rawlinson, a laborer who died in Toronto on March 29, receives one-third of the estate, amounting to \$1267, according to the will, which was filed for probate in the surrogate court yesterday. The remainder will be divided among the four children.

PRAISE FOR THE NEW TRANS-CONTINENTAL.

A prominent commission merchant of New York City, writing to an official of the Grand Trunk Railway System, says: "I have just reached New York after having taken a trip back from San Francisco on the Grand Trunk Pacific, and want you to know that we had a very delightful trip and that the scenery along your route far surpassed the scenery on any trans-continental railway in the United States or the Dominion of Canada. The service was extremely good. The Fort Garry at Winnipeg I found delightful; in fact I was quite astonished to find a hotel in that part of the country."

LAST TRIP TO 1000 ISLANDS.

Special Low Rate of \$7.50 Return. Saturday afternoon, Sept. 18, the R. and O. steamers make the last trip of the season, and are offering a very attractive rate to all who wish to seize this last opportunity of spending the week-end among the 1000 Islands. Tickets at \$7.50 return include dinner on both ways and are good until 3 p.m. Saturday, Sept. 18, returning arrive Toronto 7 a.m., Monday, Sept. 20. Full information and tickets, 46 Yonge street, or Yonge Street Wharf.

COL. LANGTON FACES ALDERMEN AGAIN

City Council Will Consider Him Fourth Time for Fire Commissioner.

ROW OVER FINANCES

Ald. Wickett's Critical Estimate is Labeled Unfair by Aldermen.

Col. J. P. Langton's name will go on to the city council as nominee for the position of fire commissioner for the fourth time, the board of control having decided to send it on once more. Controller O'Neill made the nomination and Controller Thompson voted with him. Controller Foster voted against and Mayor Church and Controller Spence refused to vote, but it is generally understood that these two will vote for Langton when the matter comes up in council. Ald. J. P. Langton's name will go on to the city council as nominee for the position of fire commissioner for the fourth time, the board of control having decided to send it on once more. Controller O'Neill made the nomination and Controller Thompson voted with him. Controller Foster voted against and Mayor Church and Controller Spence refused to vote, but it is generally understood that these two will vote for Langton when the matter comes up in council.

Langton Nominated. Controller Spence became somewhat angry because the board had been asked to suggest that they get a head for the fire department right away. Controller O'Neill immediately mentioned the name of Col. Langton. Controller Spence declared that Chief Davis of Vancouver, who was voted down by 4 to 1, and Controller Foster's nominee, Duncan McLean, was defeated by 3 to 2.

Controller O'Neill then formally nominated Col. Langton and Mayor Church, who again declared himself in favor of promotion, said that he would vote for the board's nominee when the matter came up in council, as did Controller Spence. The salary was fixed at \$4000. With the changed attitude of some of the members of the board, it now looks as if the Col. Langton would be appointed, although with the Hodgson-Meredith investigation showing that some of the members may have changed their views.

Financial Criticism. Ald. Morley's statement regarding the financial condition of the city does not meet with approval at the city hall, and the statement that the city has overdrawn its account is being taken as a challenge. The city's share of local improvement debentures is included in the borrowing power and that if it is expended, the city still has \$3,600,000 in its favor, but that otherwise the limit is nearly reached.

The treasury department is being cautious and is including the locals in the borrowing powers. Mayor Church criticized Ald. Wickett for issuing his letter at a time when the city was trying to dispose of debentures, believing that it would hurt the city's financial position. The alderman should provide a solution instead of merely criticizing, drawing attention to the fact that efforts were being made to lessen the expenditures.

A Treason Charge.

As a question of privilege Ald. Ball intended to bring the latest pamphlet of Ald. Wickett to the notice of the city council next Monday. "Yes," said Ald. Ball to The World yesterday, "I think I disgraced myself on the part of any member of the council to try and destroy the city's credit, and more so at this particular time, when the finance committee is trying to dispose of \$4,000,000 city bonds. I have not had time to go into Ald. Wickett's figures." Ald. Ball concluded, "but intend to do so before Monday. In any event I notice from the newspaper excerpts of the pamphlet that the alderman has based many of them on pure surmise as to future expenditures. In common language, I think."

WALTER F. OTT SENT TO PRISON FOR FIVE YEARS

Defaulting Employee of Columbia Gramophone Company Pleads Guilty.

On three charges of forgery and theft amounting to \$46,000, Walter F. Ott was sentenced to five years in Kingston penitentiary by Judge Denton in the criminal sessions yesterday. The money was secured from the Columbia Gramophone Company, with whom Ott was employed as a clerk. Fleeing from Toronto after four months ago.

MORE PICTURES FOR GRANGE.

A number of paintings and etchings which were on view at the Fair have been purchased for \$3000 by the directors of the Canadian National Exhibition and will be added to the art collection at the Grange.

Home-seekers' Special Train Leaves

For the accommodation of home-seekers and general tourist traffic to Western Canada, through train carrying tourist sleepers and colonist cars leaves Toronto 10:45 p.m. each Tuesday until further notice, running through to Winnipeg. Attention is directed to the remarkably low round trip fares in connection with home-seekers' excursions to Western Canada via the Canadian Pacific Railway. Tickets are on sale each Tuesday until October within two months from date of sale. Apply to any C.P.R. agent for full particulars, or write M. G. Murphy, district passenger agent, Toronto, 464

The Match of Today

is the perfected product of over 60 years' experience in the match-making business.

EDDY'S

"SILENT PARLOR" MATCH, if correctly held and struck on any rough surface, is warranted to give a steady, clear light.

The E. B. Eddy Company, Limited HULL CANADA

This Certificate

For Making Money From the Soil

together with \$1.50, presented at The World, 40 West Richmond street, Toronto, or 15 East Main street, Hamilton, entitles bearer to a copy of the new book, "MAKING MONEY FROM THE SOIL." By mail add parcel postage—7 cents first zone, 15 cents Ontario, 20 cents in Canada.

COAL COAL

NOTICE. No advance in our prices until October 1st. Present prices—Egg, Stove, and Nut, \$7.00; Pea, \$6.00. Take in all you can this month. Our coal comes from the same district where all the hard coal comes from. Remember, we are the only retail company who operate their own mines, hence our low prices. THE CONNELL ANTHRACITE MINING CO. HEAD OFFICE, QUEEN AND SPADINA 7246

Ald. Wickett is guilty of treason to the citizens of Toronto.

Bonus is Refused. A bonus of three months' salary to Miss Eunice Dyke, who is leaving the service of the department of health to take a course in social science, was yesterday refused by the board of health, despite the fact that Dr. Hastings recommended it. Ald. Yeomans, who opposed giving the bonus, was willing to allow it to go on to council but the doctor did not think this course advisable. That an assessment commission of three members to fix the city assessments be appointed, will be the motion of Ald. Warren at the next meeting of council. He would do away with the present system and the court of revision, and would have the commissioners devote their whole time to the work of equalizing the assessments. A similar system is in operation in Buffalo, and is said to be satisfactory. Owing to the stoppage of the proceedings against the city in connection with the Morley avenue sewage disposal plant, Works Commissioner Harris and Dr. C. J. Hastings, M. O. H., have been asked to prepare a report on the repairing of the plant and the abating of the odors. When the report is ready tenders for the work will be asked for. The treasury board yesterday decided not to accept the offers made for the \$4,000,000 worth of local improvements debentures that it is desired to dispose of at this time. Mayor Church, Controller Spence and City Treasurer Patterson left for New York last evening, where they will consult with several financial concerns with a view to making a sale of the debentures in question.

A Labor Shortage.

Ferry Sound has asked the civic employment bureau to supply one hundred carpenters and some laborers. Yesterday the bureau, which is temporarily in charge of Samuel Arnold, could not supply all the men wanted. Last month the collectors gathered in \$100,284 on account of tax arrears. At the first of the month the total arrears amounted to \$1,455,286. An address will be presented to Premier Borden by the city when he comes here on Sept. 27.

A request was sent to the police commissioners by the board of control yesterday asking that they look favorably on a tag day for the Citizens' Recruiting League. At the last meeting of the commissioners the request was refused.

During the month of August the city's death rate was 10.1 per thousand as compared with 10.8 in August, 1914. There were 429 deaths as compared with 462 a year ago.

Tenders for the proposed barn at the Industrial Farm were opened yesterday. The lowest tender was \$24,500, and the city architect's figure was \$33,000. They were sent to the property commissioner for consideration.

Contagious diseases caused the death of thirteen people in August as compared with twelve in the same month last year.

Out of 5562 quarts of milk tested for impurity by the medical health department last month 204 cans were condemned.

A list of all policemen enlisting for active service has been asked for by the board of control, which body will instruct the city treasurer to pay them the difference between their war pay and what they were receiving as policemen.

An appeal against the decision of the Ontario Railway Board giving the Toronto Street Railway the right to extend its tracks on north Yonge street has been decided on by the board of control.

THE BEST BEER IS

O'Keefe's
and it is brewed in Toronto

For over half a century the O'Keefe Brewery Company has brewed Canada's Best Beers, in the most modernly equipped brewery in Canada. With the best Canadian malt, hops and filtered water—no other ingredient enters into O'Keefe's Brew.

CHIC NECKWEAR

IS ULTRA-HIGH

Very Modish Designs in Lace or Organdie Are Close-Fitting.

Again a very determined attempt is being made to oust the low neck in favor of the ultra high collar for winter wear. So far considerable success has met the enterprising designers, who feature some very smart effects in lace and organdie neckwear.

The advent of very high collars on separate coats, street costumes of every description and the handsome redingote necessitates a corresponding line, on separate waists and bodices. There are no compromises this season—it is either the tall, close-fitting, collar-swallowing collar, or in a very few cases no collar at all.

Fur is featured on some of the smartest models. Even when the outer wrap has a high neck line, topped with a band of long-haired fox or a skin of sable, the collar is tucked under the chin, the smart chignon waist often exploits a quaint pleated ruche fastened on a very narrow binding of fur to match that which trims the rest of the costume.

In less extreme models stock effects are very popular, black moire ribbons being ingeniously combined with fine white organdie or figured net. Jabots are already usurping a large amount of favor—side and front pleated models adorned with pretty self-covered buttons or diminutive silk tassels.

Some very newly-designed neckwear models display a double tassel, a broad "Quaker" type of collar with a "p" shaped front closing over a dainty inner guimpe, while others, tucked vestee and high close collar with pointed turn back reverse. Small jet or embroidered linen buttons are used for ornamentation and also to fasten the vestee in front.

NEWMARKET BOY WAS KILLED IN FIGHTING

News of Death of Pte. Carl Grainger Conveyed to Relatives Yesterday.

A cablegram received by Samuel Grainger of Newmarket last night conveyed the information that his son, Pte. Carl Grainger, attached to the artillery in France, had met his death while in action.

Young Grainger had been in active service for more than six months and had taken part in a number of severe engagements. He was 22 years of age and was one of the first to enlist when the call came. By order of Mayor Clegg the flags on all the public buildings in Newmarket were placed at half-mast.

DOWN FOR THREE MONTHS.

Judge Winchester in the sessions yesterday afternoon sentenced Angelo Calzona to three months' hard labor on a charge of slandering Michael Graubelo across the face with a razor.

IRISH ROSE BUSHES

We offer for sale a limited quantity of Rose Bushes from the celebrated Moore Park Gardens, for delivery in October. These will be a rare chance for the public to obtain high-class stock, grown by Mr. John T. Moore, known throughout Canada as "The Rose King."

Price lists and full particulars on application to R. B. RICE & SONS, 65 Victoria Street, Toronto.

THE WEATHER

MEMORANDUM OFFICE, Toronto, Sept. 16, 1915.

Sept. 16, 1915 (p.m.)—The weather has been very warm today in Ontario and Quebec, and in the western provinces, and is likely to rise in the afternoon, where the weather for two days has been cool and showery.

Minimum and maximum temperatures: Prince Rupert, 50-60; Victoria, 50-60; Vancouver, 50-60; Kamloops, 50-60; Calgary, 50-60; Edmonton, 50-60; Battleford, 50-60; Prince Albert, 50-60; Moose Jaw, 50-60; Regina, 50-60; Qu'Appelle, 50-60; Winnipeg, 50-60; Fort Arthur, 50-60; Port Arthur, 50-60; London, 50-60; Toronto, 50-60; Kingston, 50-60; Ottawa, 50-60; Montreal, 50-60; Quebec, 50-60; Halifax, 50-60.

Lower Lakes and Georgian Bay—Easterly winds; cooler and partly fair, but with unsettled, with local showers. Upper St. Lawrence and Ottawa valleys—moderate winds; cooler, with local showers. Lower St. Lawrence and Gulf and North Shore—westerly winds; unsettled with local showers.

Maritime—Southwest and west winds; fair and warm. Lake Superior—Southeasterly winds; cool and becoming showery again. Western Provinces—A few local showers, but mostly fair and a little warmer.

TO MAKE TEST TRIP

IN NEW HYDROPLANE

Lieut. Upgoff, Representing Russian Government, to Try Out Machine With Pilot Macauley

Lieut. Upgoff, who is representing the Russian Government, will make a test flight today in the hydroplane built for the Russian Government by the Curtiss Motor & Aviation Works.

Mr. Upgoff arrived in Toronto last night with J. Scott of the Curtiss factory, Buffalo. Pilot Macauley will make the test flight today with the "K" and will make a trip to Hamilton and back with Mr. Upgoff if the weather is favorable. The American type of flying machine will be tested out next week.

Use Gibbons' Toothache Gum—Sold by all druggists. Price 10 cents. 246

CASE WAS POSTPONED.

Postponement until the November assizes has been granted the Toronto Street Railway Co. of the suit brought by J. H. Gooch, insurance broker, 120 Crescent road, for \$1000 damages to his motor car for being run down by a street car at Church and Queen streets one night in March. The postponement was granted because the conductor who was on the car is in England as a munition worker.

ARRANGE FALL CAMPAIGN.

A general conference of corps representatives of the Toronto Military Training Association will be held on Monday, Sept. 20, at the city hall meeting room, for the purpose of arranging a fall campaign for recruiting and other general business. Two representatives from each corps are requested to attend.

Notes of Women's World

The Lord Nelson Chapter, I.O.E., will meet this afternoon at 2:30 o'clock at the home of Mrs. George H. Goodenham, 204 St. George street.

A meeting of the Veterans of '66 Chapter, I.O.E., will be held today at 8 p.m., in the Royal Canadian Institute, College street.

The Thornhill branch of the Women's Institute will meet at the home of Mrs. David James, this afternoon at 2:30 o'clock. The program will be given by the Newmarket branch.

The rally and garden fete of the Girl Guides, to be held Saturday afternoon, Sept. 19, at Casa Loma, the residence of Lady Pellatt, chief commissioner of the organization in Canada, will be under the patronage of Miss Agnes Baden-Powell, the president and founder of the order, also His Honor the Lieutenant-Governor and Lady Stirling, Sir Robert and Lady Borden, Hon. W. H. Hearst and Mrs. Hearst, Hon. David James and Mrs. James, Surgeon-General C. S. Sterling Ryerson and members of the Dominion and Toronto Council of Girl Guides.

At the meeting held at Ormscliffe, the home of Mrs. Ormscliffe, on Lake Shore road, plans were discussed for the coming visit of the Canadian author, Mrs. Nellie McClung.

McCung will give an address at Massey Hall on Oct. 13, the subject being "The War That Never Ceases." Two new patriotic songs, one having been composed by a Toronto woman and the other by a blind resident of Montreal, will be included on the program.

The entire proceeds of the field kitchen, and it is hoped that the women of Toronto will do all in their power to make the trip a successful one. Further particulars will be published later.

The women's patriotic committee of Port Carling have shipped to Red Cross headquarters the result of the summer's work, consisting of the following: 88,498 various articles and 21 hospital shirts. A large shipment of work done by the guests of the Royal Muskoka was made in August.

The residents of Stony Lake formed an association for Red Cross work during the summer. Seven all-day sewing meetings were held in the pavilion at Stony Lake, when two dozen suits of pyjamas, thirteen dozen surgical shirts, 629 bandages and 2000 blue tailor-made vests, hats to match, with crown of sand-color; she also wore a corsage and Red Cross Society member rose. The bride and groom left on a trip to the Saguenay, and on their return will live at 478 East Summerhill avenue.

Mr. N. F. Goodenham is in Winnipeg. Mrs. Darcy MacMahon has returned to Ottawa from St. Andrews by the Sea.

Thru the courtesy of the Lakeside Bowling Club, a 4 for 10 for the benefit of the St. Anne's Chapter of the Red Cross Society will be held at Lakeside Bowling Club, 20 Church street, near Dovercourt road, on Saturday, commencing at 7 p.m. A tournament will be held during the evening and addresses given by Mr. Claude Macdonell, M.P., Hon. Thos. Crawford, M.L.A., etc.

Meetings. A working meeting of the Parkdale Chapter, I.O.E., will be held this afternoon at 1 o'clock in St. Mark's Church school house, Cowan avenue.

Weber and Daisy Harcourt, in "Dinkies' Honey-moon."

FEATURE AT STAR. A special feature of Henry P. Dixon's (inc.) "Big Revue of 1915," which will be the next offering at the Star Theatre, is one of romance and adventure. It records its facts with the rapidity of lightning, and yet never departs from the fundamentals of the true drama. Love and conflict are its basic theme.

LOEW'S YONGE ST. THEATRE. The clever comedy dramatic star, Robert E. O'Connor, and a capable company, in "The Stick Up Man," will be the feature attraction at Loew's Yonge Street Theatre the coming week. The American Comedy Four will be an added attraction. Nevins and Gordon, Holdsworths, Peelson and Goldie; the Four La Belle Comiques, and the first-run photo-plays.

MELBA'S RED CROSS CONCERT. Next Monday morning seats will be on sale at the Massey Hall box office for Mme. Melba's grand Red Cross concert, under the patronage of Her Royal Highness the Duke and Duchess of Cornwall, which commences at 8 p.m. There is no one who has so strong a hold on the admiration and affection of music lovers as Mme. Melba.

EVERY TYPE AT GAYETY. Every type of beautiful girl is represented in the chorus, which is one of the features of Rose Sydney's London Belles, which comes to the Gayety Theatre next week, with Johnnie

Only War Specialties and Low-Priced Railways Showed Activity.

EXCHANGE STEADY

German Situation and Rumors of Interference With Loans Bad for Dealing.

NEW YORK, Sept. 15.—Eliminating the war specialties and several of the low priced railways like Erie and Rock Island, today's market was dull to the verge of absolute stagnation. Even United States Steel failed to hold its own leadership, falling behind Algonquin, Crucible Steel and a few other industrials of far less prominence.

Erie and Rock Island pursued contrary courses, the former showing increased strength on reported further accumulation of the preferred shares, while the latter became heavy on news that the federal court had ordered that suits for restitution be instituted against some of the former and present members of the board. Minneapolis and St. Louis issues declined sharply later, the common declining to 4 1/2, the preferred 6 to 2 1/2 and the refunding 4 to 4 1/2. Their fall was associated with the serious illness of the company's president.

Investment railways moved narrowly, fluctuations rarely exceeding minor fractions until the final hour, when Reading fell to 149 1/2, the uncertain situation of the day, and other standard stocks denoted recurrent pressure.

Shares of the Long Island Railway, a Pennsylvania subsidiary, were prominent for their strength, advancing 6 to 40.

New War Share Records.
New high records for the war shares were once more in order, even though their further advance was without favorable effect elsewhere. Bethlehem Steel rose a point to 270, Crucible Steel 112 to 96 5/8 and United States Steel 84 to 83 3/4. The uncertain trend of these shares was again indicated by some net losses at the close. Total sales of stocks amounted to \$22,400.

International credits and the status of affairs with Germany entered into the calculations of the trading element, and doubtless were responsible for the dullness and superficial character of the day's operations. Rumors to the effect that Washington might enter an objection to the proposed Anglo-French loan caused renewed discussion of this problem.

Transactions were dull but steady, with fewer offerings of continental bills. In fact, exchange markets may be said to be marking time pending the definite outcome of current negotiations.

Bonds featureless. Total sales, \$2,446,000.

**TRANSACTIONS LESSENERD
WITH STEADY PRICES**

Only Three Listed Stocks on Toronto Market Make any Show of Activity.

A lessened volume of business came into the Toronto stock market yesterday, but values generally were steady for the trading. Of the listed stocks only three could be designated as showing any activity, namely, Crow's Nest, General Electric and Nova Scotia Steel. The best that could be said of these is that they were firm, the exception that Mr. J. S. Lovell, of the firm of Blake, Lash, Anglin & Cassels, was appointed to succeed Sir William Van der Pijl.

The proceedings were of a purely formal nature. A few questions were asked by shareholders present, and explained in a satisfactory manner by the chair. At the close of the session a shareholder moved a vote of thanks to the board of directors, and the eminently satisfactory manner in which the company's affairs had been handled throughout the year of such trying conditions. The motion was seconded in due course, and when put to a general vote was enthusiastically sanctioned by all present.

UNCERTAINTY AS TO LOAN.
J. G. Beatty had the following at the close: From our knowledge of circumstances affecting the big loan contemplated for the allied war effort, it is a good deal of uncertainty for two or three weeks, with perhaps little done in the time. Meanwhile opposition will spring up and it will look at times as if it may fail. This will cause irregularity in stocks, and we must be prepared for sharp dips of say three or four points. Buy only on drives and take two or three points profits.

SILVER PRICES.
In London yesterday bar silver held steady higher at 239-16 per ounce. The New York price was 48 1/2.

WHEAT SELLS OFF ON HEDGING SALES

Lower Quotations From Liverpool Assisted to Break Down Prices.

MANITOBA EXPORTS

Four Hundred Thousand Bushels From Canadian West Disposed Of.

CHICAGO, Sept. 15.—Heavy hedging sales in the Northwest and lower quotations from Liverpool caused a break today in prices here. The market, although steady at the close, was 3-4 to 1-2 net lower, with Sept. at \$1.00 1-2 and Dec. at 94 1-8.

Corn finished 1-8c off to a shade up, Oats 1-8c to 1-4c down and provisions varying from 2 1-2c decline to a like upturn.

Reports of much increased pressure from the spring crop movement, especially at the Minneapolis terminal, formed the chief handicap against the wheat. The effect of lower cables had precedence in the matter of time and was accompanied by advices that British traders seemed to have adopted a waiting attitude and were apparently relying on greatly enlarged receipts soon, both in the United States and Canada. Announcement was also made that the official estimate of the Canadian yield was nearly twice as large as last year's total.

Only a slight recovery from the bottom prices of the day took place in wheat. The highest price of the session was obtained shortly after the opening, and were due to unwelcome rains. Export business amounting to 400,000 bushels, principally Manitoba, did not appear to be of sufficient volume to give any noticeable encouragement to the bulls.

Light frosts in the northern part of the corn belt deterred speculators from selling corn freely. The weakness of the market throughout the session as a weight on prices.

The oats market was dominated almost wholly by the changes in the value of corn. A fair shipping demand tended somewhat to have steadying effect.

Deciding by packers largely overcame decided advance in provisions. Investment buying, active cash enquiry and the fact that hog prices were at a new high level for the year were reasons for the temporary upturn.

MINING MARKET
Interest in Cobalt Shares Has a Revival—Jupiter Heavily Sold for Purpose.

Nipissing figured as the big event in local mining circles yesterday, the stock making a further rise of 50c a share. The movement which carried the stock to \$7 a month ago was unaccompanied by any specific news and the present rally is equally deficient in this regard. It was hinted yesterday that the Nipissing Company had bought other mining properties, but this was not accepted as authentic in connection with the strength of the Cobalt stock. It is to be again noted that silver advanced 1-4 of a cent to 48 1/2 per ounce. Cobalt shares formed the principal part of yesterday's business, with a few transactions in the Lake Erie, Lake Superior and Lake Huron. Large offerings of the stock were made for special reasons. It was thought, but the market absorbed the sales in a most satisfactory way.

**QUEBEC RAILWAY HAD
BIG MONTREAL SALE**

Two Thousand Shares of Common Stock Changed Hands—Market Closing Strong.

MONTREAL, Sept. 15.—An active market for Quebec Railway common was the only feature of local dealings in stocks today. About 2,000 shares were taken at 9 3/4 to 12 1/2, final transactions being at the last of the day or 3-5 points up from Tuesday.

The close was strong at 12 1/2 bid. Activity and strength in the company's common shares were accompanied by an advance in the bid quotation for the bonds from 50 to 50 1/2 without any transactions being reported. The buying was based on the president's intimation that a deal for the sale of the Quebec and Saguenay line was nearing a conclusion.

The balance of the trade was featureless. The war order stocks, after showing a moderate degree of firmness in the morning, closed weaker, but the net changes were largely fractional. Iron was 1-2 lower, steel 1-2 lower. The market showed a net loss of 1-2, with closing bid 108 against 107 1/2 Tuesday. The steel of Canada preferred, on the other hand, showed a gain of 2 at 85.

Ore common was absorbed at 13 1/2, or unchanged from last bid, and at the close the bid was one point lower.

LONDON STOCK EXCHANGE.
LONDON, Sept. 15.—Money continued comparatively quiet, and the market for bonds bought treasury bills with more freedom. Discount rates were quiet. American exchange was not affected by reports that a credit had been arranged in New York. It is believed that much negotiation will be necessary before the loan is accomplished. Cable transfers after an easy opening, became steady at 4 1/2.

The stock market was quiet and foreign bonds and other gilt-edged securities were steadily supported, and mining shares closed strong. American securities were inactive. Prices varied but little during the day, and the closing was steady.

Good Goods for Everyone on Sale Today at Simpson's

Store Opens 8.30 a.m.
Store Closes 5.30 p.m.
Open all day Saturday

Here's a Great Suit Clearance for Men---\$7.90

Just 150 Fall Weight Suits, some of them worth \$5.00 more than this Thursday price, will be ready for 8.30 a.m. customers. 150 in the lot, assorted patterns, in English and Canadian tweeds, and a few fancy worsteds, being broken lines and odd sizes from our regular stock. Many of these were our best selling patterns, in gray and brown plaids and neat stripes, well tailored and perfect fitting; sizes 36 to 44. Regular \$10.00, \$12.50, \$13.50. On sale Thursday at 7.90

MEN'S FALL WEIGHT OVERCOATS, COVERTS FOR SMARTNESS.

There's a certain air about an overcoat made of a covert cloth that's very smart. It adds immensely to the well-groomed air of the man who wears one, and, besides, they are very serviceable. We have them made up in slip-on style from a Canadian-made covert cloth, in sizes 34 to 42, at 12.50

Also London-Tailored Coats, of fine English covert cloths, at 18.50

See These Suits for Boys!

This department has an enviable reputation for giving supreme value. The suits mentioned here are good examples of this.

BOYS' BLUE SERGE LONG-TROUSER SUITS, \$10.00.

50 Smartly Tailored Suits that we had designed specially for young fellows; a snappy, English model, single-breasted style, with natural shoulders, soft roll lapel, two-button cut and slightly waist-fitting; single-breasted vest and long cuff bottom trousers; the serge is a medium twill weave in a rich shade of navy blue; sizes 32 to 36. Thursday 10.00

Boys' Knife-Plated Yoke Norfolk Suits, an exceptionally good style, nicely tailored from a fine navy blue serge; single-breasted model, with full-cut bloomers, fine twill body linings; sizes 25 to 30, Thursday, 5.50; sizes 31 to 34 6.00

Boys' Fine Blue Serge Russian Suits—One of the new models, in Russian styles, for this season's wear; very neatly tailored from English serges, in navy blue shades, single-breasted style, with fancy sailor collar that is trimmed with three rows of silk braid; elastic bloomer pants; sizes 2½ to 8 years. Thursday 5.00
