The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de l'état de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

**RESOLUTIONS ADOPTED BY CONVENTION OF
BRITISH COLUMBIA LIBERALS, HELD AT
VANCOUVER, B.C., 1st, 2nd, 3rd
OCTOBER, 1907.**

1.—That portions of the unoccupied Crown coal lands of the various coal fields of the Province be reserved by statute, thereby enabling state owned and operated coal mines to be established in the future if required in the public interest.

2.—That the action of the Liberals in the Local Legislature in the stand they have taken in favor of a thorough enquiry into the question of irrigation be endorsed with the view of adopting such legislation as may be necessary to secure the application of all available water to agricultural lands so as to secure the greatest possible benefit.

3.—That the federal (Liberal) government has already made an inquiry through a select committee of the House of Commons into the question of private operation of telegraphs and telephones and are in possession of important information which would indicate the wisdom of the government owning and operating such public utilities, therefore this convention of the Liberal Party of British Columbia declares in favor of the public ownership and operation of those chartered under Dominion laws; and that until the public acquisition thereof the commercial telegraph systems of Canada should be brought under the jurisdiction of the Railway Commission.

4.—Whereas the passage by the Federal Parliament of an Act known as the "Lemieux Labor Act" has proved to be very beneficial in settling labor disputes throughout Canada, this convention endorses the principle contained in the Act and favor its extension as experience shows to be necessary.

5.—That the Legislature pass, and if disallowed, then by special session or sessions re-pass the "Natai Act" for the exclusion of undesired immigrants unless and until the highest Court in the realm declares such an Act beyond the jurisdiction of the Provincial Legislature, or until the Dominion has passed effective exclusive measures.

137791

6.—That as the opinion of British Columbia generally is against the immigration of Orientals, and as the Liberal Party of the Dominion has successfully excluded the Chinese, the Party should adopt an immediate policy which will accomplish the same object against all Orientals, and that in the opinion of this convention the Natal Act which has been effective in restricting Oriental immigration in other British countries should be passed as a federal enactment, and any existing treaty act which prevents the passage of the "Natal Act" shall be abrogated at the earliest possible date.

7.—That taxation of personal property by the Provincial Government within organized municipalities should be relegated to the municipalities.

8.—Agricultural Crown Lands to be disposed of to settlers, not to speculators. Surveys of such lands along railways and along such streams where settlement will quickly follow to be begun at once, and maps and full description of the surveyed lands be distributed.

9.—Whereas large areas of lands in the Province of British Columbia now owned by railway and other corporations and liable to taxation for years past, still remain untaxed through the refusal of the present Provincial Government to assess and tax same, whereby very large sums have been and are being lost to the Province, **RESOLVED** that all legal steps should be taken to make such corporations pay their just proportion of taxes to the Provincial Treasury.

10.—To provide one set of free text books in the public schools for each pupil and to print such text books wherever possible at the Government Printing Office in Victoria.

11.—That the Liberal Party in British Columbia is in favor of government inspection of all industries for sanitary purposes and the protection of the health and security of employees.

12.—**RESOLVED**, That the necessary encouragement and assistance be given by the Dominion Government to any well considered scheme for the connection of the railway system of Vancouver Island with one or more transcontinental lines of railways.

13.—That this convention is strongly in favor of both the Dominion and Provincial Governments using every reasonable effort to promote the settlement of our Province by a desirable class of white settlers.

14.—Whereas certain legislation has been enacted by the Local Legislature of British Columbia for the purpose of securing to a large number of settlers in the E. & N. Railway belt their underground as well as their surface rights, and whereas the highest Court of the Realm has decided that such legislation is constitutional, and whereas a number of settlers have secured their rights by virtue of such legislation, and whereas a number of settlers are unable to obtain their rights on account of not having made application therefor within the time limit fixed by the Statute, and whereas such failure to apply within the time fixed in no way detracts from the merits of their claim; therefore, RESOLVED that the provisions of the Statute should be extended so as to embrace the claims of those who would have been entitled had they made application within the time fixed by the Statute.

15.—That the Dominion Government be asked to operate the dredge, "King Edward," to its fullest capacity so as not only to improve the navigation of the Fraser River, but to prevent as far as possible the overflow of the low lands along the banks of the river.

16.—To establish a more business-like administration of the natural resources of the Province, thus enabling taxation on industry to be greatly reduced.

17.—To set aside forthwith a percentage of the public domain in aid of public and technical schools and higher education.

18.—That in the opinion of this convention the question of assistance to deserving poor is a question which should be dealt with by the Dominion Government, and we would urge the necessity for a Royal Commission next session to look into and report on the question of old age pension.

19.—This convention endorses the stand taken in the Legislature by the Liberal Opposition on the question of "Better Terms." It recognizes that as far back as 1887, when a Conservative Government was in power at Ottawa the question of Better Terms for the Provinces was

relegated by that Government to a conference of Provincial premiers. And whereas the conference of last year denied British Columbia that full measure of Better Terms to which we think we are entitled to, we deprecate the attempt now being made by the Premier of the Province to make a partizan question of Better Terms in face of the stand taken by the Liberal Opposition.

20.—That in view of the fact that a Canadian Commission is to be appointed by the Federal Government to visit Japan and investigate the question of Asiatic immigration, RESOLVED that in the opinion of this convention this commission should consist of at least one member from British Columbia.

21.—Whereas the Hon. Richard McBride has publicly declared that he did not advise the Lieutenant-Governor to withhold assent to the Act of last session purporting to prohibit Oriental immigration, and in making such declaration in effect disavows ministerial responsibility;

And whereas Mr. McBride is still the chief adviser of the Lieutenant-Governor,

BE IT RESOLVED, That this convention condemns as utterly subversive of responsible government this flagrant violation of the first principle of the Constitution, which requires that the Chief Adviser of the Crown must assume responsibility for every executive act of the Lieutenant-Governor.

The Premier of British Columbia cannot shield himself behind the Lieutenant-Governor and must assume full responsibility for the act of the representative of the Crown, or resign office, in which event the Lieutenant-Governor would be compelled to secure a first minister who would accept responsibility.

22.—That the thanks of this convention are due in the first place to Mr. J. A. Macdonald, M.P.P., and secondly to the members of the Organization Committee for the great care and labor bestowed upon the drafting of the several articles of the various constitutions.

23.—That this convention of the Liberals of British Columbia place on record their unqualified confidence in their great leader, Sir Wilfrid Laurier, Premier of Canada, and J. A. Macdonald, M.P.P., leader of the Provincial Liberal Opposition.
