According to the official figures supplied by the city clerk's office, the Bloor-street viaduct bylaw was de-

Shortly after 4 o'clock yesterday afterroon it was discovered that two mistakes had been made in the figures compiled unofficially by the city slerk's office staff on the night of the election. These indicated that this bylaw had carried by a big majority. The returns for the newspapers made by the Burroughs Adding Machine Co. also indicated that the viaduct had carried by 804 majority, with four polling stations to hear from, but when these figures were checked over ast night it was found that some of narked, and when the corrections

Welland Canal Campaign

BERLIN, Jan. 3.—An important meeting was held this afternoon in the city hall, presided over by D. B. Detweller. The Welland Canal project was under discussion and it was decided to invite representatives from Ontario towns to a general meeting in Berlin on the 11th inst. for further discussion on the project.

The same gentlemen were in attendance as were present at the meeting when hydro-power was launched here in 1902.

BAIRNS CANNOT COAST UNDER THE MOUNTAIN

-Fire Losses During . Past Year.

HAMILTON, Jan. 3,-(Special.)-The advent of winter and its accompanying snow has brought to light the somewhat startling fact that within the 12 the wayside, in the New Year's elecadequate place provided where any of Dr. Conboy, who is slated to sucthe city children can indulge in the ceed to the chairmanship at the in-

of those without parents, or whose parents are unfit, and there are five hospitals where children may be sent members of the board of education members of the board of educatio when their small bodies are sick. But desire to piace on record their high within the whole city there is not one place where they can practice the most delightful winter pastime known to delightful winter pastime known to man, during the year 1911, and of the land of t juvenile hearts, and where at the same uniform courtesy with which he has

perks board to take immediate action towards that object.

Year's Fire Losses.

Hamilton's fire loss for 1911 was \$87,073.03, according to the annual statistical report of Fire Chief Teneyck, which was made public to-day. Of this sum \$41,000 represents loss on buildings, while \$46,000 is the value of the contents destroyed or ruined by fire. Within the year there were a total of 137 actual fires. Three of these did damage to the extent of \$52,000, the balance of the loss being distributed among 134 blazes. No loss of life attended any of the fires, and no one was seriously injured in connection with any of them.

The facts and figures included in the chief's report do not relate to the big fire at the Asylum for the Insane in August, when eight of the inmates of that institution were burned to death

that institution were burned to death behind locked doors and barred windows. The asylum is outside the city limits, but the city fire department, nevertheless, attended the fire, and handled the fire after it had got beyond the control of the asylum fire briends.

A new understanding metween the city and county in regard to the percentage each party should pay to-wards the joint maintenance of the court house, and the administration of justice, has been reached, according to which the city will in future pay 75 per cent. and the county 25 per cent. The present division of the costs is 70 and 30 per cent. The city has agreed to pay the additional 5 per cent. reason of the fact that its revenue has been increased recently by the annexation of certain portions of the county, while the county's income from taxation has been reduced from the same cause. Germania Hotel, John and Main-

streets, first-class table and rooming

BERLIN'S FURNITURE SHOW.

BERLIN, Dec. 3.—(Special.)—Plans are about complete for the holding here on Jan. 9. 19. 11 and 12, of one of the greatest furniture exhibitions ever held in Canada. Twenty-five furniture manufacturers in Berlin and Waterloo will exhibit in their show rooms the latest creation on furniture and their display will be second to none. It will be the first annual exposition and the latest and most upto-date exhibits will be placed on view and the idea is to make of it such an exhibit that it will become an annual

A great deal depends on the success of this exhibit as permanent show rooms are contemplated along the line of the one now building in Winnipeg should this prove successful.

RABIES IN BRANTFORD ?

BRANTFORD, Jan. 3.—(Special.)—
The authorities here have become alarmed at the possible outbreak of rables. A dog was shot on Crownstreet to-day having every symptom of the disease, and to-night Constable For the last five years the respect gave the capine a chase down of Avimer have lived in constant of the disease, and to-night Constable Reed gave the canine a chase down Queen-street fining several shots. The dog had bitten a young man who rushed into the police station for assistance, and it escaped to the out-skirts of the city. Only recently several dogs were exterminated here as a result of the visit of the government inspector. Customs receipts for Brantford in 1941 have broken all records, reaching a total of \$526,433, an increase of \$70,000 over 1910.

Condition of U. S. Banks.

WASHINGTON, Jan. 3.—In a report ssued to-day Commtroller Murray lows that, compared with the cor 1910, the December report for the en-tire country showed the following

the amount required by law to be held.

Loans, \$208.465.440; cash, \$46.723.536; deposits, \$501.253,794. There were 7328 banks on Dec. 5 last, against 7301 in November, 1910, an increase of 27.

The aggregate resources and liabilities of the national banks on Dec. 5 were \$10,443.457.168. Their total reserve unted to \$1,404 400 973, an average of 21.5 per cent., and \$66,192,393 above

juvenile hearts, and where at the same time they can build up their brains and bodies in nature's best way.

No on seems to know how this state of affairs has come to exist in Hamilton. The only explanation seems to be that in the gradual transition from the town to the city stage the children have been overlooked in this particular respect, with the result that they have lost the facilities that exist as a matter of course in smaller communities, while the municipality has forgotten to provide any in their stead.

Mayor Lees has taken an active interest in the matter of securing suitable coasting places for the children of the city, and has recommended the parks board to take immediate action towards that object.

Year's Fire Losses,

Mann, during the year 1911, and of the uniform courtesy with which he has always deliced that in Mr. Levee they have had a chakman of large attainments and wide experience in business and public matters; they estimate fully the high qualities which he has always displayed, and recommend that the following be appointed a committee, viz., Messrs. WHO IS POLLY PRIM?

ever witnessed in St. Thomas' Church, took place there yesterday afternoon, when Jessie Adeline (Patti), daughter of Mr. and Mrs. Charles D. Warren, Toronto, became the wile of Mr. Cartoli Kennon Warmoth, son of the Hon. Henry C. Warmoth, and of Mrs. Warmoth of New Orleans. The church was decorated with wreathing of green and crimson and the chancel was a mass of Madonna Illies, the same flowers with poinsettias being arranged on the altar, and the guests' pews marked by huge bows of white tuile. The Rev. Ensor Sharpe performed the ceremony, and Mr. Tattersail played the wedding marches and the Barcarolie from Tales of Hoffmann during the signing of the marches and the Barcarolle from Tales of Hoffmann during the signing of the register. The lovely bride, who is one of the best-liked girls in Toronto both for her beauty and her sweet disposition never looked more exquisite than in her wedding gown. She was given away by her father, and the dress was a wonderful creation of soft white satin sliver tissue and real lace, studsatin, silver tissue and real lace, ded with pearls and ornamented myrtle and orange blossoms, a horse shoe of the same with a huge bow white tulle being at the hem of the court train of silver tissue, which was caught at the shoulders by diamond butterfies; the silk tulle veil was hemmed with pearls and arranged over th face with a small wreath of myrtle and orange blossoms and caught at the back with a real lace bow. Instead of a bouquet she carried an ivory prayer book with silver initials and a real lace handkerchief, the gift of Mrs. Douglas Warren. Her ornaments were ena and pearl bracelet watch, the gift of her mother, and the groom's gift, a rope of pearls. The best man, Sydney Band, and the ushers, Mr. Douglas Warren, Mr. Melville Gooderham and Dr. Alex.
Mackenzie, received silver engraved
cigaret boxes from the groom, and the
bride gave real lace handkerchiefs to
the maid of honor and bridesmaid, the flower girl receiving a gold bracelet set with a diamond and sapphire. The bridesmaid, Miss Evelyn Somerville, and maid of honor, Miss Adele Austin

ROOSEVELT A VITNER HIS BOOM 13 GROWING

H. K. Caskey Thinks So After an Extensive Trip-Regrets Defeat of Tubas.

"Roosevelt stock is rising higher every day in the States. He will probably be nominated by the Republican Convention instead of President Taft." That was the statement made yester-day afternoon to The World by Her-bert K. Caskey, who had just return-ed from a visit to his old home at

Youngstown, Ohio.

Mr. Caskey is a much-traveled man.

For the past two years, as general
secretary of the Canadian Council of
the Laymen's Missionary Movement. he has traversed and retraversed the Dominion from ocean to ocean. Previously in connection with Y.M.C.A. activities he attended conventions in all parts of the United States, and he has a characteristic gift of accurately and quickly sizing up a public situa-

La Follette Is Strong.

"I was at Youngstown." he said yesterday, "when La Fo.lette held a great meeting. He is the leader of the pro-gressive anti-Taft wing of the Republican party, and from the utterances at that gathering it is quite evident that Mr. Roosevelt can have the Republican nomination, as the progressives are certain to control the National Republican Convention."

Favors Tubes. "What do you think of the vote on the tubes here?" the wide-awake missionary secretary was asked.

"I hoped that they would have car-ied," was the reply, "for I was in Philadelphia when they were adopted. They are a great success, and the private corporation was in luck when !: got a 50-year franchise there. It is gold mine for the company and a great convenience for the public of Philadelphia. The subway franchise revert to the city in time, but the proposition for Toronto to own them from the outset is a much better one for the public, and I believe they will be endorsed as soon as the ratepayers Queen-street. have had the facts fully and clearly

placed before them."

Rev. Dr. McKay, another Canadian Rev. Dr. McKay. another Canadian
Baptist, said to The World yesterday:

"I voted for the tubes. They will Prison from police court yesterday green geh" (Schumann), Nevin's have to come. Before looking into the morning, for shoplifting in the Eaton that we two were maying" and the record of the case through the facts of the case thoroly for myself, I sture.

their construction, but I soon saw that the time had already arrived for them to be started and I voted for them. They are certain to be adopted, and should carry the next time they are submitted to the Toronto ratepayers."

-Main Floor-Queen St.

TOO ... UUN THESH MEAT-

Packers Did Not Want to the Market,

CHICAGO. Jan. 8.-William D. Miles, general manager of the Armour Packing Company at Kansas City from 1894 to 1902, testified to-day in the trial of the ten Chi-age packers, charged with criminal violation of the Sherman anti-trust laws, that the old packers' poors were organized to prevent the glutting of the market with fresh meat and that there always was active competition between the members in all parts of the country.

Despite the fact that Miles had on

two occasions given testimony against the packers before federal grand juries, he proved an unwilling witness to-day, and little of value to the government's case was gleaned from his direct examination, which was not concluded when court adjourned.

warm reception.

"BLUEBIRD" IN MIGRATION Elaborate Preparations for Interpoli

tan Journey.

Henry MacMahon, business manager week, announced last night that special train service had been airanged to bring that organization from Montreal to Toronto for Monday's opening.

Train No. 11 on the T. & N. O.. due at Cuchrane at 7.35 a.m., ran into an open switch at the Union Station yesterday morning and was wrecked. The engine ran off the track and the baggage car caught fire and was compictely destroyed. The first and second class coaches were also considerably damaged.

The derailed train was from Boroupineted branch line, and Engineer Jestop stated that a man standing number of the switch farget prevented him from seeing the danger in time.

Because of the excellent regular schedules between the two cities, few theatrical companies have to use special service. In the case of "The Blue Bird," however, the special train is absolutely required, since it is impracticable to attach the six or seven "Blue Bird," coaches and heavily loaded baggage cars to the regular trains.

SHOE M. CHINERY CO, CASE G. A. Slater Testifies That Old Types Were Forced on Customers.

MONTREAL, Jan. 3.-Testimony was given before the commission investigating complaints against the business methods of the United Shoe Machinery Co. of Canada this afternoon by G. A. Slater, president of the G. A. Slater,

The witness stated that, in his opin ion, its methods were calculated to dian company compelled those using its machines to use old types long after new ones had been put out and that improved machinery was not introduced into Canada until the United States market had been supplied.

He also objected to the tying clause, under which users of the company's machinery were bound to lease machinery for a certain period, and only to use machinery of certain make in connection with it, considering this took away from the independence of the shoe manufacturer.

Legislature is, according to information gleaned at the city hall to-day, to witness a repetition of the fight which took place at Quebec last February between the civic authorities of Montreal Street Railway Company, adermen having this morning expression down to Quebec to make one more stand against the tratification of the tramways amalgamation as it now stands thru the street railway took away from the independence of the shoe manufacturer. hamper trade. He declared the Canathe shoe manufacturer.

BRYAN IS RELUCTANT.

TAMPA, Fla. Jan. 8.—"I cannot conceive any condition that would make it possible for me to consider the question of my becoming the candidate for the presidential nomination of the Democratic party in 1912."

This was the declaration of Colonel William J. Bryan on his arrival here to-day from Havana in company with Mrs. Bryan. They left to-night for Washington. Mr. Bryan declined to comment on the action of the Progressive Democrats of Ohio in pushing his name to the front as a candidate.

The first of the actions for damages against the Toronto Street Railway Company arising from the Christmas Eve accident at St. Lawrence and King-freets, was commenced in Osgcode Hall yesterday, when an action for damages against the railway was entered for Capt. A. E. C. Deacon, by his attorneys. Coatsworth, Richardson and Coatsworth.

Advice for Louis.

At the city hall yesterday afternoon the adjourned case against Louis Gurofsky, for effecting contracts on insurance on several policies without a license was again taken up. Gurofsky claimed a man must be an agent in rome shape or form before he can be-Quebec Legislature Tuesday,

NONTREAL FIGHTING, TOO

Aldermen Will Go to Legislature to Protest Against Private Bill Sanction of Corporation Merger.

MONTREAL, Jan. 3.-The Quebec Legislature is, according to infor

now stands thru the street railway company's action.

The aldermen have been informed that it is the company's expressed intention to present a private bill before the legislature in its coming session, which will ask for legislative sanction to the amalgamation of the Montreal Street Railway with the Terminal and Park and Island and the Public Service Corporation.

WANT CLUSTER LIGHTS.

As a result of the carrying of the bylaw to instal special styles of street lighting on the local improvement plan, many streets will ask for an improvement over the prevailing styles of hydro-electric lights and posts. The cluster lights are wanted by the following business streets: Queen, from Pape, in ward one, to Roncesvalles, in ward six: King-street, from Simcoe to Spadina: West Bloor, Yonge-street morth of Wood-street, Dundas-street. to Spadina: West Bloor, Yonge-street north of Wood-street, Dundas-street, in ward seven, and Arthur-street.

It is said that many of the better residential streets will apply to have all wires placed underground. It is expected, too, that some of the streets will put in ornamental lamp posts.

Another Erroneous Return, STRATFORD, Ont., Jan. 8.—The full returns and later computations show that the bylaw to loan the Paul Benn-witz Co., \$10,000 to assist in establishing a manufactury of plano accessor-ies, submitted to the ratepayers, on Monday last, was carried by a major-ity of 23 over the requisite three-fifths vote. This bylaw was triginally re-ported as having been defeated.

E. J. Dopp, vonvener for the eastern section of the educational branch of the Interassociation League, has called a meeting of the four clubs to-day at 4 o'clock sharp in the Boys' Club, Central Y.M.C.A.

· Curling Scots Beaten At Halifax

O.H.A. Scores · Hockey

To-night Toronto's curling champion. ship begins. There are eighty-nine teams entered all told, with twenty-five preliminary matches on for a starter. The first round on Friday night will reduce the number to thirty-two rinks. The survivors will take a well-earned rest on Saturday, and should be in fine feet on Saturday, and should be in fine feet for the second round on Monday, when they will play down to the sixteens. These curl down to the eights on Tuesday and on Wednesday night, providing the present cold spell houds out, you will know who are in the semi-finals.

out, you will know who are in the semi-finals.

A real stellar contest is billed for Friday night in the first round between Rev. R. N. Burns and H. H. Chishohu. The datter is the champion, and, of course, has class, while the sporting parson came to Toronto from Brampton parson came to Toronto from Brampton on many occasions, and finally with a considerable reputation. The match should be worth going to Parkdale to view.

Other matches worthy of anticipation are H. T. Wilson v. J. P. Rogers.
C. Bulley v. G. H. Muntz, R. Rennie v. J. J. Glouwer and T. Rennie v. J. J. Glouwer and J. Rennie v. J. J. Glouwer and J.

In the second test match Australia were all out for 293 runs; England, in the second innings, made 219 for two. Hobb, not out, made 126, and Gunn 43. The match was finished yesterday. England won by eight wickets.

GOSSIP OF THE FIGHTERS

Personal Club Bouts To-night in Agnes-Street—Heavyweights Busy.

The Personal A. C. have a good card for to-night in the Agnes-street Theatre. All the men are reported here and in good candition. The card is as follows:

Ayerst v. Adams, six rounds.
Picton v. Carr, six rounds.
The men weigh in at three o'clock this afternoon at the Personal Club's quarters, Room W., Yonge-street Arcade, where reserved seats and membership cards can be obtained. The show will start at 8.30, and the bouts will be staged in the above order.

That the game of baseball has grown to an enormous extent was shown in the eighth annual report of Chairman August Hermann of the commission. The business done out of the office of the commission during the last year was greater than that of the previous year when it was shown that the work had increased over 300 per cent.
The chairman also reported that in few cases, indeed, did the commission of the Seniors were also out.

will be taken care of before the season opens.

To-morrow the National Commission will take up the revision of the national agreement and it is a foregone conclusion; that besides many minor concessions, which will be granted, a special classification known as Class AA, which will include the Pacific Coast League, the American Association and the International League, will be created.

Many other minor cases will come up before the commission to-morrow, but it is expected that the annual meeting will adjourn before to-morrow night.

That the game of baseball has grown to an enormous extent was shown in the Practice hours this evening at Ravina.

Practice hours this evening at Ravina

Ottawa Pull Out a

Victory From Quebec

The opening game at the new Ravina Rink on Saturday night between Stratford and Parkdale should draw a crowdled house. Parkdale have their crack team of last year almost intact and they should be stronger n team play this year. Stratford have also all last year's team with the pick of their crack juniors to strengthen up with. This game should make a fitting opening for the new West Toronto Rink, which is one of the largest and finest in the O.H.A. Carl Morris fights Al Morris at the Olympic Club here in the near future. The winner is promised a match with Bombardler Wells, also in Toronto.

Capital City Team Lacked Condition and Were Pretty Lucky to

OTTAWA, Jan. 3.—(Special.)—Ottawa managed to squeeze out a victory over the Quebec team in the opening game

Parkdale are having all their players wear tube skates to increase their speed on the large ice surface of the Ravina Rink this year. here, the score standing at 5 to 4 when the final whistle blew. A big crowd of over 5000 witnessed the struggle and before the game the opinion was that the ancient capital didn't have a chance, and at the first of the game

over 5000 witnessed the struggle, and think June 23—and I'll fight Flynn, some time before that, either in New York or Nevada."

Champion Jack Johnson at Chicago yesterday thus outlined the puglistic situation of the future, so far as the heavyweight championship is concerned.

"There has been so much stuff published, it is hard to tell where I'm at continued Johnson. "And I want to straighten the in tup. Every manager of a fighter who, by the widest stretch of the imagination, might be called a heavyweight could be some seeking publicity for his man by a lot of talk about a match with Johnson.

"Johnson has two matchese coming—the two II named, and no more. When there are more, I will announce them."

The champion said the McVey articles would be signed in legal form to-morrow, and that the Flynn contracts would be signed in legal form to-morrow, and that the Flynn contracts would be signed in legal form to-morrow, and that the Flynn contracts would be signed in legal form to-morrow, and but for some weird shooting would have got at least a couple of goals.

It was Percy Lesseur's busy night, and but for some weird shooting would have got at least a couple of goals.

Easy Win for Midland.

EATONS A WINNER Scheduled To-day ALSO THE ARGONAUTS

Argonauts 7, Maple Leafs 4,
Argonauts won their first Intermediate
O.H.A. game of the season from the
West Toronto Maple Leafs by 7 to 4 at
the Ravina Rink. The game was fast
and clean and closely contested all the
way. Argos lined up as follows:
Goal, Addison; point, Lou Reesor; cover, Smith; rover, Carter; centre, Cameron; right wing, Adams; left wing, Gordon. on Friday night, starting at 8.15.

On Saturday night at the Excelsior Bink. T.A.A.C. and Eatons play a Senior O.H.A. game, starting at 8.15. Plan opens Friday morning at 189 Yonge-street.

T.A.A.C. will have a bus at the corner of Keele and Dundas-streets at 4.45 this afternoon to take the players to Ravins Rink, where the teams will practise at 5 o'clock. The bus will also be at the same corner at 7.40 to look after the junior players.

Listowel Lands the Opener.

LISTOWELL, Jan. 3.—The first Northern League hockey match played here this season took place to night between Harriston and Listowell, and Created in a win for Listowell by a score of 3 to 3. The half-time score was 7 to 3. Considering that both teams were playing their first match, the game was an excellent exhibition of hockey. The line-up:

Listowell (8)—Goal, Stinkham; point Ross; cover, Buert; rover, Forler; centre, Wilson; right wings. Schinbein: left wing. Gibson.

Harriston (3)—Goal, Munde; point, Whitmore; cover, Black; rover, Pie; centre, C. Ward; right wing, D. Ward;

Van Horn Goes to Calgary. PEMBROKE, Jan. 3.—George Vanhorn, well-known hockey player, who figured on the champion 14th Regiment team of Kingston for years, left for Calgary.

Hermis Goes to France.

NEW YORK, Jan. 3.—Edmond Blanc, one of the foremest breeders and turfmen of France, has purchased the Amcrican sire Hermis, from Henry M. Zeigler. The terms of the sale have not been made public, but the son of Hermance and Raty-of-the-West was bought to succeed Flying Fox, at the head of the big French stud, and it is known that a large sum was paid, probably nearly as much as the \$196,000 which Blanc gave for Flying Fox.

Miller Signs Boston Contract.

BOSTON, Jan. 3.—At a meeting of the Boston National League Club to-day, James Connolly was elected vice-president. Connolly is one of the oldest stock-holders and has been a director of the club for many years.

A manager for the team will be named before Friday of this week, it was stated. That the man to take the place of Fred Tenney will be John Kling is the belief of local ball followers.

During the coming week the papers whereby James E. Gaffney will become the legal owner of the team will be passed.

Dr. Miller, the right-fle'der, whose bat-ting last season proved one of the sensa-tions of the National League, signed his contract for next season with the local team to-day.

Lourdes' Line-up. The Lourdes team against Argos on Friday night will be as follows: Claremont, Lobraice, McGannon, Holden, Henderson, Vaughn, Hodgins, Andrews,

Canoe Club Easy Winners,
Toronto Canoe Club made a good start in the junior series by giving Brampton a 20-to-4 wallopins. The game was played in Weston, and the paddlers put up a fast article. Three new men are wearing Canoe Club sweaters this season. Dopp of last year's Simcoes is ho'ding down the left wing-position; Murray, last year with Rosedales, is at right wing, and Clarke of Collingwood is in goal. Markham Wins From Cannington.

Markham Wins From Cannington.
CANNINGTON, Jan. 3.—The hockey match between Markham and Cannington resulted in a score of 12 to 7 in favor of Markham. Line-up:
Markham (12)—Goal, Summerfeldt: point, Glenn; cover, Day; left wing, Sanderson; right wing, Robb,
Cannington (7)—Goal, G. H. Halward; point, Payna; cover, Beecroft: left wing, Hodgen; right wing, Fred Halward.

Central Juniors Win From West End At Basketball

Central and West End Juniors played the first game in Group No. 1 of the Ontario Baskettoall Association Jumior Senies last might on Central floor before a good crowd who thereoly enjoyed the game. Both teams suffered from stage fright at the outset and West Emd had much the better of the play but could not locate the basket, missing six shots in a row. West Emd secured the first point on a foul shot. Urquhart secured the first basket for Central. Johnson soon after came thru for another. Urquhart found the ring for another just before the bell wang for halftime, West End not having secured a basket, the they had countless opportunities. After the rest both teams shooting improved, the Central still had the mast success. Urquhart dropping the finst for Central and Johnston kept up the good work by securing two in succession on some excellent ball handling. How then grew desperate and took a chance on a long shot which found the nettting for the West Enders' first basket. Urquhart scored the next on a long pass from the defence. Chubb missed a foul shot and West End secured the ball and worked it down for a basket which was shot by Monlarity. Aldred missed another foul and Morizerity secured the ball on the rebound and dropped another for the Tait's Pets' credit. Johnson again scored on soone good ball handling. Bickle secured the next on a defence signal which mystified the West End score 28 for Chubb's Cherubs to the West Enders 11 points. Centrals three teaoms, senior, intermediate and junior have all won their first game.

The teams lined up:

West Enders 11 points. Centrals three teaoms, senior, intermediate and junior have all won their first game.

FACTS FOR MOTORISTS

ADVANTAGE No. 1

In the first place, the carcass of the Dunlop Traction Tread is moulded in one piece; in other words, the Anti-Skid effect is not stuck on the tire, but built into it. Not only does this mean a tire ensuring maximum safety, but it also means a tire capable of showing maximum resistance to wear and tear.

ADVANTAGE No. 2

In the second place, the Anti-Skid surface of Traction Tread is made twice as deep as the common run of so-called Anti-Skids. When the pavement is greasy or the roads are muddy, the value of this greater depth is readily apparent. The car responds to the most delicate touch of steering gear or brakes. The grip on the road is always secure, always certain.

ADVANTAGE No. 3

In the third place, users of Dunlop Traction Treads never experience the consciousness of tire contact with road as is so common with the so-called Anti-Skid — the tire that is merely decorated with corrugations after the carcass proper is built.

ADVANTAGE No. 4

In the fourth place, with Dunlop Traction Tread—as with no other tire in the world—the Anti-Skidding surface is the biggest part of the tire. That means the Anti-Skidding surface will give indefinitely long service. Vet when the Anti-Skidding surface will give indefinitely long service. Yet when that extra big corrugated tread is worn down the motorist has as good a plain cover to still ride on as is to be found anywhere. Dunlop Traction Tread simply means more for the money—and the better kind of rubber, too.

ADVANTAGE No. 5

In the fifth place, while we do not ourselves say "throw away your chains," Dunlop Traction Tread goes ahead and says it for us. We have received many letters in which motorists claim chains are no longer necessary since the advent of Dunlop Traction Tread. Take the ordinary so-called Anti-Skids and on rainy days they are either not

Big Indiana Company, Which Specializes in Traction Engines, Puts Thru Deal of Wide Importance.

The M. Rumely Co. of La Porte, Ind., a terday acquired control of the Amrican Abell Engine Thresher Co. of a city, the consideration involved any about \$2,000,000,

being about \$2,000,000.

The M. Rumely Co. is one of the ploneer agricultural implement manufacturing companies in the States, and they have recently gone extensively into the production of engines for plowing purposes. They control the Sector patents for traction engines of the internal combustion type, which uses kerosene or low grade heavy oils as fuel. This company employs about 150 men. In order to round out their line and give their salesmen work the

deal was put thru by the legal firm of Rowen, Jones & Somerville of this city. The Officers.

The former officers of the American Abell were as follows: F. S. Keniston, pres dent; S. O. Bush of Battle Creek, trea urer; T. A. Drummond of Toronto,

J. J. Rumely will be the new pres dent of the American Abell Co., with S S. Stratton and V. C. Bush as direc-

The paid-up capital of the Rumely Co., in the States, including the two recently acquired factories, will be about \$25,000,000. James A. Patton, the wheat king, is interested in the Rumely tractor, and believes it will take ten per cent. per bushel off the cost of religing wheat raising wheat.
The Rumely people have come to

an Early Grave

He has tapeworms in his possession from men, women and children who have been living in misery. Now they are happy. He said: I have just received a mometer to-day, and one yesterday. The joy pictured on the countenances of those relieved plainly shows a heavenly state of satisfaction within, and brings joy to the proprietor of such a valuable life-saving remedy, which is so sure to effect a cure and so harmless and agreeable to take. Many have been treated for different diseases and complaints, when one of these monsters was eating them alive, and were saved by this most valuable and were saved by this most valuable. and were saved by this most valuable remedy. Don't you think you had better send for further information? If you are suffering, call at 167 Dundes Street, Toronto, or send addressed, stamped envelope for further information. TAPEWORM.

Tapeworm is bred from a parasite. This parasite is a creature male and female in one. It is a pear shape, having two, four and six suckers. It lays the eggs, which are only connected together with slime. They develop and form a body, which is the worm. Each joint is an individual, having a sucked or mouth. The worm grows to be much longer than the bowels where it is docated, and sometimes a whole colony of them are found, enough to fill a quart of solid worm, and when put in a bucket of water would apparently fill it. It is the hardest task in the world to destroy this parasite without doing injury to the individual who may be so unfortunate as to have it, as the parasite clings to the bowels, freeing itself from the body of the worm, and remains there to breed another. It is an internal demon and causes its wiotim to suffer all the symptoms of disease imaginable. The eleverest physicians are led to believe the patient is suffering from some other disease, as nearly every person has different symptoms. Some have been treated for cancer of the bowels, consumption of the bowels, appendicitis and other complaints, when one or more of these internal demons were eating their lives away.

Prof. Mulveney has made the discov-

of these internal demons were eating their lives away.

Prof. Mulveney has made the discovery to free the victim of this monster without injury to the system, destroying the paralite as well as expelling the worm with one dose of medicine without any previous starvation. Visit his office, where he has in his passession the most wondenful collection of these death-dealing monsters in the world, which have been expelled from hundreds of people by his famous remedy, some bottles containing colonies of womms, and anyone seeding them cannot magine how a person could possibly live with them in his bowels. It is surprising the number of people that have them. Thousands have them and are not aware of the fact. The letters and testimonials the professor has in his possession are enough to convince us of this alarming fact. Some of the most prominent symptoms are: ravenhis possession are enough to convinct us of this alarming fact. Some of the most prominent symptoms are: ravenus appetite, dizzy spells, headaches cramps in the bowels, a feeling of comething moving in the bowels, also a feeling as though something was ornwilling up the throat. The only certainty of having one in the system is where the symptometric or joints are seen, which come away almost any time. They are flat and from % of an inch to I duch long which have often been mistaken for pin worms by these who do not know the difference. There are many other feelings of distress, which would take too long to enumerate. Strange to say, some people of strong constitutions have very little distress.

Prof. Mulveney's world-famous Tapeworm Extenninator is safe, sure and harmless. No starvation, no danger, is not disagreeable to take. One downearly always effects a oure. Further information free. Send stamped envelope or call at 167 Dundas St. Prof. R.

as fuel. This company employs about 1800 men. In order to round out their line and give their salesmen work the whole year round, which they did not have when the firm handled the tractions alone, the Rumely Co. absorbed the Alliance factory at Battle Creek, M.ch., employing 6.0 men, and the Gaar-Scott factory at Richmond, Ind., en.p. oying about 500 men. Both general implement manufacturing firms. These two companies were bought up by the Rumely people about six weeks ago.

In absorbing the Advance company the Rumely people automatically received a half interest in the American Abell Co. of Toronto, which has been owned y the Advance company. Negotiations were at once begun for the other half interest in the American Abell Co., owned by F. E. Keniston of Minnesota, the then president. The deal was put thru by the legal firm of Rowen, Jones & Somerville of this city.

Gordon for plaintiff. Motion by plaintiff for an order for amendment of the postmortem, stated in the witness.

Lafex v. Lafex—D. I. Grant for defendan. J. MacGregor for plaintiff. Motion by defendant for an order

Judgment: The home of the action is certainly Parry Sound. The defendant swears to 8 or 10 witnesses, while the plaintiff only commits himself to in the cause.

plaintiffs. T. N. Phelan for defendant.

Motion by plaintiff to set aside praccipe order for security for costs.

Judgment: Plaintiffs, incorporated under the laws of the State of New York, have been carrying on a large cutting off their queues to show their

They expect to practically double the output of the American Abell plant, and will employ about 6.00 men, an increase of about 350 over the present staff. They will also introduce into Canada a grain grader, which should see a marked improvement of the quality of seed wheat, as it separates the grains not by size, but by specific grant to the contract of the grains not by size, but by specific

Tractions for Plowing.

Mr. Edward Rumely stated yester day that the tractor plowing business would have a greater and more surprising growth than was the case in the automobile trade. More power is required every year to turn the soil throut the world than for any other purpose, and the traction engine is far better suited to this work than old-fashioned horsepower.

At an experiment on one of the American agricultural colleges recently.

At an experiment on one of the American agricultural colleges recently, three engines drew 50 plows, turning over an acre in every four minutes. At present the American Abell Co. will continue to manufacture separators and wind stackers, etc. The Rumely tractors will still be manufactured in the States and sold by means of the American Abell selling system, which is very complete in western Canada. The extra men will be taken on in the American Abell Co. immediately.

The office and selling staff of the local company will remain unchanged.

Keen Business Man.

Mr. Edward Rumely, the young man To a demand by defendant's solicitors of Nov. 22 for a statement of the assets of plaintiff in Ontario no reply was sent, and on Dec. II defendants took out the order in question.

The defendants are entitled to have security in this state of facts, which are not in any way in doubt.

Time for giving the security will be extended to four weeks from this date. Motion to vacate dismissed with costs to defendants in cause.

Lindsay v. Le Seuer.—L. F. Hellmuth, K.C., for plaintiff. G. F. Shepley, K.C., for defendant. Motion by plaintiff for an order that defendant make further production and answer questions previously refused

Judgment: Everything that is relevant to the allegations by plaintiff in his claim and tends to prove their truth must be disclosed by defendant as well by production of documents as by answering questions. The production will also show whether any of the material has been garbled, so as to show the defendant's animus.

As the plaintiff asks a return of all extracts or copies they should all (if required) be deposited in court and

As the plaintiff asks a return of all extracts or copies they should all (if required) be deposited in court and should certainly be produced on the further examination of the defendant, which should be at his own expense. Costs of motion to plaintiff in the cause in any event.

Trial.

Before Middleton, J.

Mann v. Fitzgerald.—E. D. Armour, K.C., and A. D. Armour for plaintiff.
R. J. McLaughlin, K.C., and J. A.
Peel (Lindsay) for defendant. This is an action of ejectment in which plaintiff seeks to recover a parcel of land known as Deihl's point, a peninsula extending into Cameron Lake, physically connected with lot 26, con. 10, Fenelon, but lying in front of lot 25.

Judgment: There is an allowance for road between lots 25 and 26, and this, if extended across the bay behind the peninsula, will cross it at a narrow frontage. The plaintiff contends that the water line must be followed quite regardless of directions, and thus the whole peninsula is included. I think the more natural thing to do is to follow the water's edge to where the road allowance extended across the bay intersects the shore of Cameron Lake at the western s'de of the peninsula and then turn easterly.

Davidson v. Toronto and York Radial Ry. Co.—Lown (Aylesworth & Co.) for defendants. Motion by defendants on consent for an order for the medical examination of plaintiff. Order made. Costs in the cause.

STEAMSHIP ARRIVALS,

Canada.

The Canadian end of the negotiations now in progress is in charge of the minister of trade and commerce. Hon George E. Foster. The object toward which the negotiations are now working is the establishment of a mutual trade preference. As long ago as 1895 Canada gave the West Indies a preference of 25 per cent and got nothing in return.

In return.

The royal commission, headed by Lord Balfour of Burleigh, which was appointed by the British Government to investigate West Indian trade conditions, reported in 1910 that the islands might be willing to extend a 20 per cent. preference to Canadian products and accept a lower Canadian preference in return, provided the present Canadian system of letting in each year a little foreign sugar at lower rates were discounted.

discounted.

Difficulties With Sugar.

The Island of Berbados, some time ago, passed an act giving preferential treatment to certain Canadian products, but the list was not large enough for Canada, especially as the Dominion was required to grant a still more extended preference in return.

It is understood that the principal difficulty to be encountered in the negotiations is the somewhat complicated condition of the sugar trade, and the unwillingness of the Island of Jamaica, the most important fruit-experting island of the group, to jeopard'ze its commercial relations with the United States.

WERE D.A.O.'S TOO LAX?

Much Dissatis action Prevails Over Handling of Returns-No Recount, Says Spence.

There are rumors around the city, especially in Ward Six, that the municipal election on Monday should have been conducted more carefully; that there should have been more of a check on the returning officers and, in general, that more overseeing should have The result may be, it is thought in

some quarters, that not only a recount, but a new election will take place. This is hardly likely, yet the errors which have been made in compiling the returns, together with the suspicions of some people in Ward Six, may give rise to an investigation in reference to the voting in that section of the city.

"There was absolutely no check on the returning officer at one polling booth," said a candidate for aidermanic honors to The World. "The officer took out the ballots one by one and read names off, while the others dotted the figures down. No one knows whether he read out the right names or whether mistakes were made. The ballots were then tied up in a bundle and the returning officer's readings taken for granted. To me that does not seem to be as open and above board as it should be."

Loose for Years.

The candidate went on to say that he would gladly assist in doing anything towards putting matters on a basis where mistakes would be impossible, and added that he was sure that all municipal elections during the past faw years have been run in a rather This is hardly likely, yet the errors

sible, and added that he was sure that all municipal elections during the past few years have been run in a rather loose manner.

There is a rumor current that a candidate approached a church and promised to donate a large sum of money if he received the support of its members. Another report is that the liquor dealers were interested in the defeat of the temperance candidates to the extent of \$14,000. This they flatly de-

More Rumors, It is said that a candidate went to the secretary of an association and promised to "look after him" if he would allow the membership books to

would allow the membership books to be lo' ked over.

Positions to almost anybody are said to have been promised.

A candidate is said to have stepped down for a financial consideration.

There was a marked looseness in the returns for the board of control furnished to the press by the D.R.O. in a polling booth in Earlscourt School as commared with the figures received at the city hall.

F. S. Spence said to The World last right that he would not ask for a recount. He said that he was beaten in a square fight and that that would end the matter.

George McMurrich believes that an independent party should be engaged to make a recount.

THUGS IN VANCOUVER

After Tenderfoot Englishmen's Cash And Clothes.

Vancouver, B.C., Jan. 2.—Four men working together holding up in mocent citizens is the latest in Vancouver thugdom.

A young Englishman, James Malcolm who was walking home on Melville-street just after midnight, was the victim. He met two men who stopped him.

One, pointing a gun, said: "Give us your valuables quick." Just at that moment the young man noticed two other men on the opposite side of the street walking. Ducking away from a gossible shot from the hold-up men, Malcolm ran across the street, shouting for aid from the new skrivels and they received him with open arms with another revolver. They pressed that stational all objects and the new two men walked away, apparently assured that their two comrades would do the job well. The young man was relieved of \$18 in cash and a heavy overcoat hefore heinz told to wells. The young man was relieved of \$18 in cash and a heavy overcoat hefore heinz told to wells. The young man was relieved of \$18 in cash and a heavy overcoat hefore heinz told to wells. The young man was relieved of \$18 in cash and a heavy overcoat hefore heinz told to wells hence could be called in the proposed to the sum of the proposed him the proposed him the proposed him the proposed him to restore order.

There were over 300 persons present; cand the untrost confusion regard during the early part of the carry part of the carry part of the carry part of the carry part of the city morgue last night. Vale was a shoemaker of Weston, was the verdict of the coroner's jury at the inquest into his death from natural causes, was the verdict of the coroner's jury, conducted by Coroner M. D. McKichan at the city morgue late the proposed him or quelt the riot was the progress, several arms could not get away. The first two men walked away, apparently assured that their two comrades would do the job well. The young man was relieved of \$18 in cash and a heavy overcoat before being told to walk homeward.

Y.M.C.A, ROBBERY.

WOODSTOCK, Jan. &--Thru the agency of marked coins the Young Men's Christian Association officials last night succeeded in breaking up a gung of juveniles who had been operating in the thieving line in the locker rooms of the building for months. Duritime many of the members loft small amounts from their pockets, and the man had \$5 taken from his trousers. One lad was caught last night with the marked coins on him and another was detected doing sentry duty. The police are now considering what corrective measures to apply.

Horse Jumped Thru Window.

ST. CATHARINES, Jan. &-(Special.)—A large plate glass window of J. D. Tait & Co. was completely smashed this afternoon in a runaway accident, when a horse owned by Mr. Niver of Homer ran away and dashed. Y.M.C.A. ROBBERY.

st. CATHARINES, Jan. 3.—(Special.)—A large plate glass window of J. D. Tait & Co. was completely smashed this afternoon in a runaway accident, when a horse owned by Mr. Niven of Homer ran away and dashed thru the window. The animal left the wagen at the telegraph pole, but continued on its way and traveled. continued on its way and traveled completely thru the window. The window Will Meet on 25th in New Parliament Buildings, was filled with comforters and other drygoods, and the animal quietly remained in the midst of the window dressings until led out. The animal was badly cut about the back and legs.

Y.M.C.A. Campaign in England

LONDON, Jan. 8.—(C.A.P.)— Charles Sumner Ward, cham-pion money-raiser of the world for philanthropic and especially Y. M. C. A. objects, commences next Monday a 12-days' campaign in England for raising £100,000 to free absolutely the new headquarters of the London Y.M.C.A. of debt. The lord mayor has generously promised to extend civic hospitality to Ward and will join him at Mansion House each day at luncheon and report amounts collected.

Upon the advisory committee, in addition to the mayor, are Earl Grey, the Bishop of Lon-don and Sir J. Kennaway.

plete unanimity of sentiment. SASKATCHEWAN LEGISLATURE

REGINA, Sask., Jan. 3 .- Members of the legislative assembly of Saskatchewan have been summoned to meet at Regina on Thursday, Jan. 25 next, for the opening of the fourth session of the second legislature of the province. It is expected that the house will meet for the first time in the handsome legislative chamber of the new parliament buildings, the last two sessions of the house having been held in one of the large committee rooms.

As all the interior work of the new building is not yet complete, notably in the main entrance, it is not the intention to ave any unduly elaborate open. ing ceremonies. In fact, the function will be much the same as in former

Two Chinamen Arrested. Lem Jet, 190 1-2 York-street, and Lem Yeum You, 192 1-2 York-street, two Celestials, were arrested yester-day by Detective Young, upon a warrant charging them with aggravated assault upon Wong Tai, another Chinaman. The dispute is said to have arisen over a disagreement in the Chinese Masonic Lodge.

The Annual Meeting will be held on the 23rd of January, 1912.

By order of the Board. STUART STRATHY, General Manager.

NORTH TORONTO.

NORTH TORONTO, Jan. 3 .- (Spe. cial.)-On Monday, Jan. 8, the first offictal and statutory meeting of the town gouncil will be held, largely for organisation purposes and the fixing of the dates of committee meetings.
While no official forecast of the out-

standing features likely to be intro-

While no official forecast of the outstanding features likely to be introduced has yet been outsined by the council-sleet, there is no doubt that with the strong mandate from the people on the water question, immediate action will be taken along this line. Council have now a free hand to go ahead and practically carry thru all the initial work, as the application to the opivate bills committee of the legislature, if this is found to be necessary, the collection of the fullest data, and, in short, present to the ratepayers the bylaw for the amount stated. As to the length of time required for this, much, of course, is contingent on the amount of opposition, if any, which may develop from outside municipalities. One thing is certain, the town will present an unbroken front, in so far as local interests are concerned.

At the public meeting of last Saturday night, Mr. Bruce threw out the challenge that the cown would be met at every turn by well-organized opposition, but from other sources it is learned that scores of farmers in the southern and western part of Markham and York would not stand in the way of North Toronto, and would, moreover, wherever possible, gladly avail themselves of the use of the overflow from the northern springs. It is likewise known that the men in the north who affect to be indured do not expect to permanently block the project, and this has been so stated by those close in touch with the situation.

It is impossible to over-estimate the tremenlous importance of prompt action on the part of the town council and the character of the men who will this year sit around the council board leaves no roony for doubt but that they will bring to bear their best business and executive ability to push forward the necessary preliminaries.

Engineer James to-day, discussing the progress is being made on the Installation of the system, and from present indications the three divisions will be finished in the order pamed, as follows: No. 1, running from Vetoria-avenue south, by June 1; the Bedford Park d duced has yet been outlined by the

WEST TORONTO.

Big Budget of News From the West-

WEST TORONTO, Jan. 3.—(Special.)

Rose of Kent Lodge, No. 21. Daughters of England, held their annual intallation of officers to-night in the heppard Block, Dundas-street and heppard Block, Dundas-street and heppard Block, Pettan, the improposed retirement from mercantile proposed A splendid opportunity occurs in the proposed retirement from mercantile life of John F. Davison of this village, and whose advertisement appears on this page. Mr. Davison has conducted the general store and postoffice here, for many years with marked ability, and has by his probity and unfailing courtesy won the respect of everybody. The opportunity to secure a splendid opening is one that does not often occur.

The roads are again becoming passable after what is generally admitted to be one of the worst seasons in a long time.

Sheppard Block, Dundas-street and Pacific-avenue. Mrs. Pettan, the Immediate past president, was the installing officer. The following are the officers elected for the year 1912: President Mrs. Alderson; past president Mrs. Pettan; vice-president, Mrs. Handley; secretary, Mrs. Wm. Havris; treasurer, Mrs. Mould; chaptain, Mrs. Tassel; Ist guide, Mrs. Moss; 2nd guide, Mrs. Ashdown; 3rd gaide, Mrs. Locott; 4th guide, Mrs. Lowndes; inside guardan, Mrs. Joily; outside guardian, Mrs. Bain. After the installation a social evening was enjoyed by the many members present.

The firemen of this ward have had a busy time of the during the past 24 hours, having hiad calls to no less than three fires during that thre. Last might an alarm from Gilmour-avenue and Dundas-street brought detachments from the three stations to the house of Moses Cohen, 118 Maria-street, It appears the water pipes had drozen and in the efforts to thaw them the house caught fire. Nearly \$500 damage to the house and flumiture was done before it could be extinguished, all of which was covered by insurance. About il o'clock a still alarm was received from the home of F. W. Hunt at 308 Western-avenue. A defective flue had set fire to the interior of the fireplace and did about \$50 damage.

About 6.30 this morning a refrigerator car filled with 150 cases and 50 kegs of beer was standing on the siding at the head of Paoific-avenue. To prevent freezing a coal-oil stove was placed in the feebox and lighted: By some means, possibly shunting, this became upset and a blaze soon started which did about \$200 damage before it was extinguished.

The Royal Black Knaghts of Ireland hald thely revenue meating the present in the side of the control of the standard to be a still a standard to be a still a standard to the still a standard to be a st long time.

The village has about regained its normal equilibrium after the festivities incidental to the Christmas and New Year seasons.

tinguished.

The Royall Black Knights of Ireland held their regular meeting to-night in St. James' Hall.

Rev. Mr. Despard of St. Anne's Particle of the street of the str

Rev. Mr. Despard of St. Anne's Parish gave a very interesting address to the members of St. John's Boys' Club at their rooms to-night. About 60 boys were present.
Contrary to expectation the new Annette Street School is not ready for occupation after the vacation and the old building is therefore still in use. There still remains a lot of inside work to be done in the new building but an effort will be made to move into it after the Easter vacation.

Taster vacation.

The junior classes of the Sunday school of St. Pau's Church, Runnymede, held their Christmas entertainment in the church basement to-night. The many kiddles present had a very merry

UNIONVILLE. Entertainment Was One of the Best Ever Held Here.

Ex-Mayor Thomas Urquhart of Toronto has bought the "Brookbank Farm," on Yonge-street, south of Aurora, and will, it is said, in the spring remove here with his family. The farm is admirably adapted for mixed farming, well situated, and will make an ideal summer home. UNIONVILLE, Jan. 3.—(Special.)—
The entertainment and Christmas cantata given in the Methodist Church last night, under the auspices of the Subbath school, was in every respect a gratifying success. The numbers were all rendered in excellent form, and evoked the heartiest appreciation from all present. This is the second presentation of this entertainment, and nake an ideal summer home. NEWMARKET.

GOOD BUSINESS CHANCE.

WHEN GOING TO MONTREAL

A short course in live stock judging will be held at Newmarket Jan. 4 and 5. On Thursday, Jan. 4, form 9.30 to 12 noon, a contest in sheep judging will be held, led by Col. E. McEwan of Byron, and from 1.30 to 4.30 p.m., judging of dairy cattle, led by C. M. Macrae of the department of agriculture, Ottawa. On Friday, Jan. 5, from 9.30 to 12 noon, judging of the light horse, led by C. M. Macrae, and from 1.30 to 4.30 p.m., heavy horses, by C. M. Macrae. The contest will be held in the market building, which will be comfortably heated and seated. Every farmer who attends will have an opportunity of learning something by doing so. Remember that the Grand Trunk Railway System is the only doubletrack route, and four trains leave Toronto daily: 7.15 a.m., 9 a.m., 8.30 p.m. and 10.30 p.m. The day ride via the 9 a.m. train, with Lake Ontario or the St. Lawrence River in sight most of the way, is delightful, and Montreal is reached at 6 p.m. This train carries parlor-library car and dining car. The 8.30 and 10.30 p.m.—the business man's train—carry electric-lighted Pullman sieepers, the latter having four or more daily. Secure tickets and make reservations at City Ticket Office, northwest corner King and Yongestreets. Phone Main 4209.

HINDU CALLS ON PREMIER.

mproved Outlook in Europe Turns Wheat Market Down

THURSDAY MORNING

pprehension Over Argentine Out ook Relieved by Favorable Conditions Abroad Grain Prices Dec.ine All Round.

wn. oats unchanged to 1-4c off and

Sentiment Was Bearish.

In the last half of the day sentiment veered decidedly to the bear side. Attempts at profit-taking pulled down he market somewhat, and then came tatements that Europe, exclusive of Russia, had raised 128,000,000 more wheat than in 1910. During the rest of the session, weakness formed the pulle with the close within 1-8c of the bottom level reached. Between the pening and the finish May fluctuated rom 39 3-8c to 100 1-4c and in the end was 99 1-2c, a net loss of 3-8c.

Slowness of eastern demand as well as the enlarging receipts pulled down orn. May ranged from 63 1-4c to 3-4c, closing steady 1-8c to 1-4c net ower at 63 1-4c to 63 3-8c. Cash grades were depressed.

were depressed.
Oats eased off on account of selling by cash houses. Upper and lower evels reached for May proved to be 4 1-8c and 43 3-8c, with the close at 3 3-4c, a decline of 1-8c from last

night.

Despite the big stocks of packing products and notwithstanding the neavy run of hogs, selling orders were exceedingly small in the provision pit. As a result latest figures on the blackboard showed no radical change from 4 hours before.

Snow cables: Various rumors of crop Prof. Dr. Ehrlich's 606 Cures Blood Poison—Syphilis

Every man or woman suffering from blood poison, no matter of how long standing, ought to know that this feartyl disease—syphilis—can now be postively and permanently cured with the sid of the wonderful discovery made by the world-famous Professor of Medicine. Privy Councilier Dr. P. Ehrlich, Vienna. Sufferer, the effect of blood poison creeps on like a thief in the night. As many a sufferer who has had symptoms was suddenly awakened a few years afterward to find himself stricken with the horrible after effects, such as Locomotor Ataxia. Heart Failure, Blindness, Lost Memory, cic. etc., can you take this terrible chance? No one who has ever had blood poison should get married before taking "606." for although the symptoms may have disappeared, they will surely reappear in later years, or your offspring will be affected. Tris of thousands of cases cured in Europe, and America. The treatment recommended by the greatest medical authorities in the world. Articles concerning "606" appeared in the leading medical journals all over the world. They will be forwarded on request.

The success of this most marvelous remedy depends almost wholly upon the manner in which it is administered Don't allow yourself to be experimented upon, but call and consult me.

CHICAGO GOSSIP

Cash Wheat Shows Firmer Tone Argentine Cables Report Damage.

Wheat.—There was not the buying force under wheat at any time during the day naturally expected following the good bull from Argentine. Cash wheat at Minneapolis was quoted from %c to le over May price, the strongest relative cash prices in May months. St. Louis reported a round lot of wheat sold to mills. Kansas City messages claim that stocks there in a few days will be under last year. Market weakened last hour under seiling, led by a local operator, who has been consistently bearish on wheat of late, and rather liberal seller by a group of commission houses, followed by the local trade.

Receipts of live stock at the City Market were 83 carloads—1464 cattle, 760 hogs.

There was an active market, with prices strong and firm for good cattle, but easier for the common and medium of late, and rather liberal seller by a group of commission houses, followed by the local trade.

TRIP TO BERMUDA.

The Quebec Steamship Company, who have for years maintained a regular service from New York to Bermuda service from New York to Bermuda with the fine large steamer Bermuda ian, have this year issued a very handsome booklet on Bermuda, giving detailed information of this very popular resort. The steamship Bermudian, the principal steamship of the company's Bermudian Line, is a fine, large passenger steamer, in point of equipment and luxury equal to anything afloat. It is of 5536 tons with twin screws and has accommodations for 300 saloon passengers. The steamer is fitted with bilge keel to prevent rolling, and also with wireless telegraph. The Bermuda travel this year promises to be as great as ever, judging from the number of bookings and enquiries which are being made at the office of the Quebec S.S. Co. Rates and all information may be secured at A. F. Wehster and Co., N.E. corner King and Yonge-streets.

Rea and Hollinger Lead Market Downward-Bear Raid on Ni

Bear Campaign Against Rea Carries Whole List in Its Wake

Porcupine Stocks Under Pressure and Prices Prove Readily Vulnerable-Nipissing the Centre of Raid.

World Office, Wednesday Evening, Jan. 3. A bear raid on Rea during the afternoon board of the mining exchanges to-day brought the price of that Issue down 40 points in short order, and in cidentally carried the whole Porcupine

Ilst down with it.

The market in the early trading showed a responsible undertone, and in special instances the demand seemed con entrated. Scattered advances were ma.e, but these were wholly wiped out once the downward trend was fairly

once the downward trend was fairly under way. At the close prices in the majority of cases indicated losses from the preceding day's levels.

Rea has undergone a considerable advance of late, and the fact that the slock was put in a vulnerable condition on that account was taken to advantage by the bear interest to-day. In the early dealings the price climbed an alditio al five points to \$2.49, but slumped quickly when actual selling put in an appearance, and touched \$2 be or: the movement culminated. At be ore the movement culminated. At

the close bids were put in at \$2.43, with offerings held a few points higher.

Decline Reflected Thru List.

The determined onslaught on the leader found a reflection thruout almost the whole list, and after an early display of strength prices slowly dragge! lower. Hollinger was an especial weak spot, sharing with Rea in the fluidation and slumping to \$13.93, a loss of 27 points for the day.

In the cheaper issues much the same action was dipayed. Dome Extens on lot five p ints at 58; Crown Chartered was off to 50; and Vipond, after moving up to 60, rearted to 59. The strong sor were Standard and American Goldfield, both of which scored sharp and an esign during the morning, but fall-

ad an es dur ng the morning, but falle to h ld their improvement when the general selling movement developed.

Nip ssing Hits the Bumps.

The fea ure of the Cobalts was the strong in Nipissing, which sold off 70 p. i to \$5.78, and in New York and Boston got down even lower than that if ure. The selling came largely from the two American centres, little stock coming out here. The movement was set down in Toronto as due to the oper-ations of bear interests, who raided the mar et with mpuni ty.

The market on the whole displayed none of the vivacity which characterized the dealings yesterday and proved read ly vulnerable to the operations of the whose penchant it is to drive down prices whenever possible. The short interest was undoubtedly increase ed by the selling, and on this account the technical position may be said thave been bettered to that extent.

INSIDERS POOL INTEREST

Montreal Activities in Standard Gol Mines-Chequered Career.

It was reported on the street las Standard Gold Mines, Limited, which holds two claims in Deloro Township Porcupine, just south of the Tisdale line, had made a pool arrangement, and that the recent activity in these shares represented the operations of the pool to clean up all the loose stock

in the market.
The Standard Gold Mines was incol porated less than a year ago, and its stock has had a somewhat chequered career. It sold eardy last spring as high as 35 1-2, but when values petered out as depth was attained the price took a permendicular drop to around took a perpendicular drop, to around cents. The company continued its development work, despite the discour aging results they were obtaining, and a couple of months ago announced that the indications were showing a decid ed improvement.

It is reported that the company is good financial condition, and that th pool interests will take care of the stock in the market from this time The size of the pool is not mentioned but it is stated that several large hold ings have been tied up for the balance of the year in the idea that the com will be given a better fightin

GOULD FINANCING

Treasury Stock Disposed of to Synd cate-Development Under Way.

The directors of the Gould Consolidated Mines, Ltd., over the signature of the president, have issued the fol-lowing statement:

Lake leases is being pushed at the Dome hundred-foot level, where, if the ex- Green-M. Miscellaneous pected shipping values are located on Mex. N. Pow. 20% 20% 20% 20% the vein explored, additional drifting will be done to open up at least three other known veins within a shart radius of the shaft. Assays taken at the

PRESTON LOT REVERTS TO ITS FORMER CWNERS

Preston East Dome Directors Let Nach Bay Mining Company Com-Deloro Claim Go by Da ault of Payment.

Dome Mines, Limited, has reverted to for the company's property on Eagle its former owners by default of pay- Lake, in the Lake of the Woods dis-

to the hands of the Logan Silver Mines, charge of the work. Ltd., a private corporation which secured the claim from its original stakthe same to the Preston Last Dome dumps at the Grace mine, which is

formed late in 1910.
Under the terms of the agreement by which the Preston East Dome Mines, Ltd., took over the property, the latter company was to purchase the claim for tending over a period ending Jan. 1, 1914. It was the third of these payments, amounting to \$2,000, and due Jan. 1, 1911, that was not met, and thereby allowed the property to revert to its former owners.

The Preston East Dome directors de-

olded to let the third payment on the property go by default only after a careful consideration of the matter. They had spent considerable money in developing the lot, and were non to have the fruits of this expenditure count for naught. On the other hand it was hard to see how the one claim could command the valuation agreed upon in 1910, when properties all over the Porcupine camp had depreciated in value on account of the slump which Percupine securities have undergone in

Percupine securities have undergone in the market.

The Preston East Dome Mines, Ltd., still retains the three East Lome claims, 120 acres in all, situated immediately to the south and east of the Dome Mines, Ltd., and it was in the idea that this holding would prove the more valuable to their shareholders that the directors allowed the other property to pass out of their hands.

Year are: G. A. Hill, first vice-president; D. G. Lorsch, second vice-pr

property to pass out of their hands.

During the post year the company
has concentrated its development work to a great extent on the Preston claim. in the endeavor to proving up that been elected a director of the Gould property in the shortest possible time Consolidated Mines. DUMORS ON NIPISSING ABSOLUTELY FALSE

President of Opera ing Company Gives Empha.ic Denial to Derogatory Statements.

Bearing out the vague rumors regarding Nipissing, which have been floating around the street of late, a determined bear raid on the stock was under way in the stock exchanges yesterday, and the rapid slump in the p.ice of the shares proved conclusively that holders have become apprehensive on account of the reports which

sive on account of the reports which have been circulated.

Mr. David Fas..en, the president of the operating concern, the Nip.ss.ing Min'ng Co., Limited, was seen by The World last night, and in the course of an interview denied in emphatic terms the derogatory rumors which have been current during the last few days. He stated that the explanation for the break in the price of the stock was to be found in the fact that a coterie of United States brokers had taken advantage of the vulnerable position of the security, which conditions they had created by giving publicity to the reports of a pending reduction in the dividend rate, and had raided the market with a view to forcing out stock held by apprehensive holders.

"You can give an absolute denial to the rep rt that the directors discussed a reduction in the dividend rate on Nipissin;" said the president. "Such action has never been mentioned, and as far as I know has not been even contemplated by any member of the directorate. At the last meeting, when the usual di-bursement was declared, not one word concerning any such action was spoken."

The rumor that the company contemplated the purchase of the Peterson Labe holding, which lies adjacent to the Nipissing property, was likewise characterized as totally unfounded. "The idea is too ridiculous for me to discuss" said Mr. Fasken, "and is a fal ebood pure and simple. We are not in the market for any Porcupine claims either. That is another rumor which I have heard, and which you may add to the rest of the conglomeration of rubbish which somebody for some reason or other has been passing

Mr. Fasken added that recent de-ve'opments at the Nipissing mine were highly satisfactory, and that the pro-perty was in as good shape as ever.

ANNOUNCEMENT

The firm of James F. Gallagher & Co., Engineers and Brokers, have opened an office in Manning Arcade, 24 King

We wish to give the public a cordial invitation to call or us, and to get acquainted with us and our methods of doing business. We are preparing to make a public offering of an investment in an enterprise that will undoubtedly control the markets of the world in a line in which all of the present many facturers are making enormous profits. We are going to mak a superior article to any ever produced, and at a third less cos

The United States statistics prove that the manufacturen in the States make a clear profit of 200 per cent. above the present cost of their product. In the past six years the busines has increased 600 per cent., or at the rate of 100 per cent, an ally, yet there is practically no competition, as the demand greater than the supply, caused mainly by the fact that there are only a few men in the world scientific enough to many facture this particular product. Our expert is conceded to b an authority in his line.

We have a proposition that will pay larger profits that mining, without any of its risks, and we say this without an reflection on mining as a business, as we have made consider able money in legitimate mining.

Before making a public offering in this valuable enterpris we are going to organize a Syndicate, or Pool, to raise mon to make a flotation and support the market, so as to carry enterprise through to a successful issue in a short time. S of the leading Chambers of Commerce in the best manufactur cities in the United States have offered us free factory sites an factory which will take care of about one-sixth of the mone needed to conduct this business, if we see fit to accept the

Come and see us and we will be pleased to explain th proposition in detail, and give you facts that are easily prove We will also furnish you with the name and address of man leading scientific and financial men in the States, who wi gladly tell you our expert is the greatest authority in the wor in his line, and that he is absolutely reliable. The Syndicate members or Pool will be given an inside price, and any questions you see fit to ask will be cheerfully answered. We will prove to you that we have one of the cleanest and most pro able manufacturing enterprises ever brought to your no Remember, any manufacturer who can control the markets the world in almost any line has the monopoly that will make enormous profits.
Respectfully yours,

"JAMES F. GALLAGHER & CO." Suite 9, Manning Arcade, 24 King Street V

Charles Head & Co. to J. E. Osborne:

higher market was reported from ondon this morning, but the greatest dyance there did not exceed 3-4 of a 10 @

trend to prices clearly showed.

The only strong spot in the list was Richelieu, which came in for some Richelieu, which came in for some activity on the afternoon board, and scored a sharp advance at 125 3-8, again of well on to two points for the day. The movement was engineered from Montreal as usual, the eastern city having long since adopted R. & O as one of its pets. Despatches told of a strenuous demand for the stock there, due to widely circulated rumor regarding some promising development for the near future.

An Easier Trend.

The usual leaders in the trading here

The usual leaders in the trading here were under pressure all day, and a the close showed declines from las night. Sao Paulo suffered from profit taking and dropped nearly a point a 189 1-4. There were no dealings in the Issue during the afternoon, and a the close the best bid put in was 180 with no offerings in evidence. Re-lost 1-8 at 114, but was inactive thru-

Other issues to show losses for the session were Locomotive, which dropped as a result of the dissention are ong the insiders, both the common and preferred secreing off under seat and preferred sagging off under scattered selling; Mackay, Packers, Rogers and Twin City, all of which lost to slight extent. Declines were limited to small fractions in the majority of instances.

instances.

The market thruout was in an eas. dation. The recent improvement has inspired a good deal of profit-taking but this is not likely to be long continued, and it is felt that once the realizing tendency has been disposed of, a better trend to prices will be evolved.

Steel Rail Orders. NEW YORK, Jan. 3.—Pennsylvania (Railread expected to place orders this week for about 150,000 tons of steel

tails. New York Central lines will order about 160,000 tons. Advance in Steel Prices. OHICAGO. Jan. 3.-Steel mills in Chicago district have increased mini ces on hars, plates and struc-

rdyance there did not exceed 3-4 of a point, and that for Amalgamated Copper. The opening prices here were brom 1-4 to 1-2 up from last night's voring, and a further rally carried Steel to 69 7-8, a new top. A sensational jump in Lehigh Valley to 184 1-4, ex-dividend, made a new record price for that stock on this movement. The oppers were also strong. After the aret hour the market receded and Lehigh dropped 2 1-8 points, while the rest of the list suffered in less degree, but the transactions were not heavy, only about 2000 shares being marketed. The market is still in the traders' hands: public participation is small and the short interest is said to have theen enlarged. We should prefer to buy stocks on all breaks for turns. tura's of \$1 per ton to the end of first European Bourses. BERLIN. Jan. 3.—Profit-taking continued on the bourse to-day, and brices were rather weaker.

PARIS Jan. 3.—Prices were firm on

JARVIS IS PRESIDENT

the bourse to-day.

COTTON CLOSES LOWER

Early High Prices Wiped Out by Liquidating Movement. Erickson Perkins & Co. (J. G. Beaty)

Erickson Perkins & Co. (J. G. Beaty) wired:

New high levels were established at the opening to-day in response to continued buying by leading spot interests. Offerings, however, more than supplied the demand and the market turned reactionary. With support withdrawn more attention was paid to the possibilities of a prolonged discussion of the labor situation abroad, and the estimates of 500,000 bales ginning for the period ending Jan.

1. Reports from the south indicated freer offerings of actual. Selling for southern account was on a larger scale in the local market. Looks like a good trading market within moderate bounds. Would take profits on all hard spots.

For the First Bargain Day of the New Year at The Simpson Store The Bargain Hour--above all others--is 8 o'clock in

the morning. There are many bargains that consist of smaller lots clearing at rush prices; also there

are big quantity bargains calculated for all day setting. The surest way is to be here early and we promise that you shall not be disappointed.

Women Love to Shop **Among Such Wearables**

Experience with the best class of trade has taught us how to select the garments and stuffs that lend tone to a woman's belongings.

Careful buying and a policy of quick sales on narrow margins have made possible the large savings shown for Friday Bargain Day.

These goods must be cleared before stock-taking, even though they are most saleable in every way. See them tomorrow early.
