RETAIL BUTCHERS DENY ABATTOIR COMBINE

Exception Taken to Statements of Toronto Aldermen, and Facts Quoted to Show That No Combine Exists Among Abattoirs in Toronto—Causes of High Cost of Meat.

The retail butchers of Ontario at their annual convention held in Toronto yesterday took a strong stand against action being undertaken by the provincial board of health and the different municipalities without first consulting them. It is held that as a result of this many changes in the law are made which are against the interests of both the public and the retailer. Exception was also taken to the attitude of some of the Toronto aldermen who, while absolutely ignorant as regards the butcher business, were making many positive statements regarding the benefits which a public abattoir would mean to the retailer and the public. These statements were not made with the endorsement of the retailers.

The point also was raised of the danger to the health of the people of the province by the number of pedlars who go around selling meat which has not been inspected and of which the purchaser knows nothing. They declare that these men should be put under license and their products under inspection the same as with the retailer. This matter is to be brought up at the next session of the Ontario Legislature.

No Meat Combine.

With regard to the high cost of meat, which a number of civic officials and others are blaming on an alleged combine of the abattoirs, the retailers take the stand that such a combine does not exist. An instance of this is that when called in consultation with the association over proposed changes in the law they refuse to act together, but each abattoir sends its representatives separately. The large profit derived from the butter and cheese business, causing farmers to keep their cows instead of sending them to the market, and also the large amount of meat destroyed by the health inspectors, are held to be two of the chief causes of the high cost of meat.

R. F. PACK GOES TO MINNEAPOLIS

Toronto Man is Made Manager of General Electric Company, Commencing Next Week.

MINNEAPOLIS, Minn., Sept. 4.—(Special.)—R. F. Pack of Toronto has been appointed general manager of the Minneapolis General Electric Company. He will report for duty early next week.

Mr. Pack has been for several years general manager of the Toronto Electric Light Company.

Just a week ago it was announced that Mr. Pack had resigned from his position with the Toronto Electric Light Co., after twenty-one years of continuous service. The prediction made at the time, to the effect that Mr. Pack would accept a similar position in the States, is confirmed by the dispatch from Minneapolis.

Mr. Pack is president of the Canadian Electrical Association, and on the directorate of several engineering organizations, both Canadian and international.

GRAVE DIGGER DIED.

Sidney Chapman Contracted Peculiar Disease While at Work.

Sidney Chapman, 157 McRobert avenue, 35 years of age, died in the General Hospital last night. Chapman, who is a married man, was a grave-digger. About a month ago, while digging a grave in a local cemetery, he contracted a disease which doctors at the hospital seemed unable to diagnose. His body was removed to the morgue last night, and an inquest will be held.

BISHOP OF ANTIGONISH CONSECRATED.

ANTIGONISH, N. S., Sept. 4.—(Can. Press.)—With all the pomp and ceremonial of the Catholic Church the Rt. Rev. James T. Morrison was today

Not Ripe for Imperial Parliament.

REAL, Sept. 4.—(Can. Press.)—The imperial representation in the House of Commons to Canada at the present time is not ripe for the imperial representation in the House of Commons. E. Smith, K.C., M.P., member of the House of Commons, who is in Montreal in connection with Sir Max Aitken, en route from Winnipeg to England.

While Mr. Smith favors imperial representation in the case of Canada, he does not look upon it in the same light with regard to the other colonies.

Canada, he believes, on account of its geographical situation is better able to take part in the troubles of England and assist in the solution of them than any of the other colonies.

"But," Mr. Smith added, "the scheme would be lopped-up unless all the colonies were represented, and it does not seem as if the time was yet at hand when the other colonies would benefit from such representation.

New Zealand and Australia could derive little benefit from such an arrangement at the present time."

DIED WATCHING BIRDMAN'S DIP

Thrills at Brockville Fair Proved Too Great a Strain for the Aged Farmer.

BROCKVILLE, Sept. 4.—(Special.)—A strange fatality occurred this afternoon near the close of the first day of the Brockville Fair. Hemstrough, one of the Curtiss aviators, had just made an ascension in a biplane, and, after a long detour, reappeared opposite the grand stand, making a graceful dip.

As he did so, an aged spectator in the crowd, Thos. Cavanagh, was seized by a stroke, and fell backwards in a collapse. Several doctors rushed to his assistance, but in less than a minute the man was dead. He was 81 years of age, a wealthy retired farmer, living near Elgin, and came to Brockville against the wish of his aged wife to see the flying machines.

10 P.C. INCREASE TO TELEGRAPHERS

J. G. O'Donoghue, Men's Representative, Not Satis- fied With Award in the C.P.R. Dispute.

OTTAWA, Sept. 4.—(Special.)—The minister of labor has received the report of the board of conciliation and investigation in connection with the dispute between the C. P. R. Company and its employees in the station and telegraph service, being members of the Order of Railroad Telegraphers. The board consists of Peter McDonald, barrister, Woodstock, Ont., chairman; J. E. Duval, Montreal, and J. G. O'Donoghue, Toronto. The report received is signed by Mr. McDonald and Mr. Duval. A minority report, it is stated, will be submitted by Mr. O'Donoghue.

The most important feature of the report is the board's recommendation of an increase of 10 per cent. in rates of pay, "computed up on the aggregate sum produced by the present rates as the same is set forth in the C. P. R. Company's schedule dated July 1, 1910."

Such increase to be divided among train despatchers, agents and operators and linemen. It is understood that the increase recommended will amount to \$168,895.98 per annum, and it is understood by the minister of labor that the company will accept this recommendation and is prepared to put the same into effect immediately.

STRUCK BY MOTOR CAR.

L. H. Dickenson Not Expected to Recover From Injuries.

L. H. Dickenson of 194 Buchanan street, while riding a bicycle on Glen road yesterday evening about five o'clock, was struck by a motor car owned by John H. C. Schofield and driven by John Schofield, a brother. He sustained a fractured skull and other severe injuries. He was taken to St. Michael's Hospital in an unconscious condition and has remained in that condition since. He is not expected to recover.

TURKEY REFUSES DEMANDS OF ITALY

Latter Insists on Complete Sovereignty Over Tripoli and Cyrenaica, While Turkey, The Willing to Make Minor Concessions, Resolutely Op- poses to Accept Main Terms.

CHIASO, Switzerland, Sept. 4.—(Can. Press.)—Italy determined to maintain its hold on Tripoli and Cyrenaica. No great advance has yet been made in the unofficial negotiations for peace which are now going on in Switzerland between the Italian delegates and representatives of Turkish Government. The former, while expressing their readiness to make concessions in behalf of Italy in secondary matters, have declared it impossible to give in on several vital points. Italy demands absolute and complete sovereignty over Tripoli and Cyrenaica, without, however, exacting its recognition from Turkey. It demands the evacuation of the Turkish troops, and it is pointed out that the administration at Constantinople might find a way to meet these demands by proclaiming the independence of these territories, entrusting the Arabs to govern themselves.

It is proposed that Turkey shall immediately readmit Italians to the Ottoman empire under the same conditions as prevailed before the war.

Will Restore Italy to Turkey.

Italy will keep Stamboula as a naval station, while she will return to Turkey the other islands in the Aegean, on condition that their nationality shall be respected, and that their political and administrative organization shall be conducted on the line set forth in the proposal of Count Leopold von Berchtold, the Austro-Hungarian foreign minister. Finally, Italy will grant Turkey the same concessions as were granted by Austria when the latter country annexed Bosnia and Herzegovina.

The representatives of several of the islands, including Rhodes, altho they have not been received officially by the Italian delegates here, have communicated with the Italian premier, Marquis de San Giuliano, to whom they submitted a memorandum outlining the desires of the islands. In brief, they declare that if it is impossible to come under Italian sovereignty or to be annexed to Greece, autonomy must be granted similar in form to that granted Crete, otherwise they will oppose the re-establishment of the old order of things.

TWO SHOT AT A CHARIVARI

Youthful Wolfe Islanders Fired Off Gun to Help Festivities, and the Weapon Exploded.

KINGSTON, Sept. 4.—(Special.)—When a shotgun exploded at a charivari party at Wolfe Island today Francis Baker and William Kleil, two young men, were seriously injured. They are now in the Hotel Dieu, but will recover.

Miss Shea, daughter of Michael Shea, was married to James Barry, both being well known islanders, and by the way of a sendoff Baker and Kleil used the rifle. Doctors are busy with the X-ray locating the shot. One received 13 shots in the shoulder and the other 12 in the head.

DR. STACKHOUSE DECLINES

Will Not Become Superintendent of Western Home Missions.

Rev. Dr. Stackhouse of New York has declined the invitation of the Baptist Union of Canada to take the superintendency of western home missions. Dr. Stackhouse was general secretary of the Canadian Baptist laymen's movement for missions before going to New York to engage in the mission religion movement.

SEATS FOR NAZIMOVA.

The advance sale of seats for Mme. Nazimova's engagement in "The Marionettes," at the Princess, opens at the theatre box office this morning. This engagement will give local playgoers an opportunity of seeing this noted artist in a most pleasing comedy.

C.P.R. Officials Go West

MONTRÉAL, Sept. 4.—(Can. Press.)—The annual trip of Sir Thomas Shaughnessy, president of the Canadian Pacific Railway, over the road from Montreal to the coast started this evening at 8:45 o'clock. The trip is expected to be in Quebec by Friday. A congratulatory message from the Hon. Sir Thomas will be accompanied by Vice-president MacNicol to Fort William. Vice-president George Bury of Winnipeg will join the president there. R. B. Angus will go with Sir Thomas all the way to the coast. Sir Edmund Osler and W. D. Matthews of Toronto, both of whom are directors, will also be in the party.

STAMP NAME OF INNER METAL

Proposed Amendment to Gold and Silver Marking Act Will Be Presented to Parliament.

An amendment to the Gold and Silver Marking Act is to be brought before the Dominion Government at the coming session which, if passed, will force all manufacturers to stamp on jewelry and plateware the name of the inner metal used in the manufacture. This is to be introduced as a government measure and will be at the request of the combined associations of the silverware manufacturers, jewelry manufacturers and the wholesale and retail dealers. Under the present act plated goods may be sold as having a nickel or other proper foundation which really have brass or some like substance as an inner metal. There are a number of instances of this having occurred.

STILL HOPE FOR STEEL BOUNTIES

Extensions to Big Soo Plant Await Government Action, Says T. J. Drummond.

SAULT STE. MARIE, Sept. 4.—(Special.)—Following the meeting of the Lake Superior Corporation directors this afternoon, T. J. Drummond, said: "In regard to further extensions, I may say that we have had under consideration certain extensions of our iron and steel plant, but we have decided to postpone definite action in the meantime, pending possible consideration and action by the Dominion Government in regard to the iron and steel tariff."

"The existing tariff in iron and steel is so torn up by special dispensations, exemptions and rebates that the progress of the industry is retarded, and in many cases, made absolutely impossible.

Looking to Ottawa.

"If the iron and steel industry is to go forward, this tariff must be overhauled, especially in connection with pig iron, merchant mill products and structural steel. At present, practically one million tons of iron and steel are annually being brought into the country, and the bulk of this tonnage could and should be made in Canada.

"We placed our case before the government during the last session of parliament, and we are hoping that something may be done this session, but pending the outcome of what consideration our government is giving to our case, we can only mark time, and hope that such action will be taken as will warrant us in going ahead with the extensions we have in view."

SEWAGE IN PIPE CAUSED TYPHOID

Startling Revelations Made by Engineers—M.H.O. Shir- reff Slow to Warn Public.

OTTAWA, Sept. 4.—(Special.)—Faulty construction in the concrete work of the intake pipe, allowing sewage from a sewer pipe alongside to enter thereby, causing an epidemic of typhoid, was the substance of a report today to the judicial enquiry by engineers who examined the intake.

The most important evidence before Judge Gunn today was that of the medical health officer, Dr. Shirreff. Altho warned by the city bacteriologist at various periods from May to July that the water was showing signs of contamination, he did not issue public warnings against use of the water until July 9, depending on increased doses of hypochlorite to purify it. The fever outbreak began on July 10.

THREW KNIFE AT WIFE

Hermann Donatt Taken Into Custody on Charge of Assault.

Hermann Donatt, 98 Carlaw avenue, in a fit of passion, threw a heavy butcher knife at his wife yesterday morning, at their home. She ran from the house and sought refuge with a Mrs. Black, a neighbor. Detective Mirslo and Constable Mcgorrow from Pope avenue police station, were sent to get Donatt when a telephone call was sent to that station from someone nearby, who heard of the incident. He resisted arrest. His wife was attended by Dr. East.

I. R. Dean Issues Statement Defending Evangelist Newell But Admits He Was in Asylum

Borden's Naval Policy Will Meet With Approval

CAPE RACE, Newfoundland, Sept. 4.—(Special to The World by Wireless.)—Right Hon. R. L. Borden and his party, aboard the Victorian, are in touch with Canada and messages of congratulation are pouring in by wireless. The party has had a delightful trip and is expected to be in Quebec by Friday. A congratulatory message from the Hon. Frank Cochrane was received by wireless and similar messages have been received from passing ships.

Mr. Borden had a splendid reception in Britain and appreciates it. There will be no declaration from him on the navy question until his colleagues have been consulted; but when it is made it will have an imperial ring and will meet with the approval of Canadians generally.

Another Thousand Left Last Night and Final Excursions Will Be Run Tomorrow

An additional thousand harvest hands for the west passed thru the Toronto Union Station last night. Of these, six hundred were carried by the C.P.R. and four hundred by the G.T.R. This was the first of the two extra harvest excursions to the west run by the railways at the request of the government, and included connections with every point throughout the province. The last excursion is to be run on Friday, when it is expected several thousand people from Ontario will leave for the Western Canada harvest fields.

HARVEST HANDS STILL GO WEST

Premier Borden and the Dominion Government will be asked by the Dominion Social and Moral Reform Board to strengthen the law against the white slave traffic, and to make a minor change in the Miller bill to render it more effective for the prevention of the sale of tipsters' "sure thing" cards at the time race meetings are in progress.

The committee met at the Confederation Life Building last night to go over the joint section's annual reports. Rev. Dr. Cameron is chairman and Rev. Dr. Shearer and Rev. Dr. Moore joint secretaries.

The annual report shows that the board has concentrated its efforts during the year to the development of moral reform preventive and rescue work for the churches rather than agitation for changes in the criminal code. The executive favor the continuation of this policy for another year, altho the various changes in the criminal law desired by the board will be presented to the minister of justice for his consideration.

INQUIRING INTO FARMER'S DEATH

Jas. Dale Probably Accidentally Killed, But Mystery Remains to Be Cleared.

ORANGEVILLE, Sept. 4.—(Special.)—While it is not believed by Coroner Hendry that James Dale, a well known Caledon farmer, found dead in the barn of the Alexandra Hotel, was the victim of foul play, considerable mystery surrounds the case.

Dale's body was discovered in the barn this morning, and a wound over the eye created suspicion that he had met with violence. An autopsy only partially carried out tonight, showed that the neck was broken, but Dr. Hendry told The World that the injuries were probably caused by a fall.

An inquest was opened and adjourned until Monday night next.

Dale was a prosperous farmer and had an extensive dairy. He lived about a mile from Orangeville.

CROP SAFE IN ANOTHER WEEK

Frost Within Next Few Days the Only Danger— Binders Work With Vim

WINNIPEG, Sept. 4.—(Special.)—With weather conditions more settled, for a while at least, harvesting is proceeding apace. Last night's local storm put a stop to proceedings in the field in the immediate vicinity, but all thru the west generally binders were working with additional vim today. Shortage of labor is still a menace to the crop, but the farmers have been visiting town when the weather put a stop to their work and securing laborers who never saw a harvest field.

The chances of the crop being garnered safely are practically assured, providing frost keeps off for a week or so.

GOES TO HAMILTON

Rev. J. J. Roes Resigns From Dovercourt Road Church.

Rev. J. J. Roes, pastor Dovercourt road Baptist Church, has resigned his pastorate to accept a call to James street Church, Hamilton. During his pastorate at Dovercourt road, the membership has risen to 700.

Big Attraction in Fur Show-Rooms.

Our fur rooms are a big attraction because every one realizes that it will not be long before the snow flies and that then the articles we are showing will be an absolute necessity. As style in the making of a fur garment does not cost anything, the exhibit must appeal to the wise buyer. You have the Dineen guarantee that every pelt used in the making of the garment has been selected by the company's own representatives in Europe and in the Canadian north. Call today at 140 Yonge street and ask for a catalogue and price list.

Says Mr. Newell Broke Down Under Tremendous Strain and That His Insanity Took the Form of Illusions About Him- self and His Own Accusations Were Made the Basis of the Charges Laid by Moody Church Committee.

In accordance with the announcement in The World yesterday, the plea on behalf of W. R. Newell made by his former associate, I. R. Dean, is hereby published. The publication of the findings of the Moody Church committee of eighteen, holding the series of charges against Mr. Newell of misconduct, both admitted and established, created a sensation in Toronto's church circles yesterday. One prominent city clergyman said: "It was a fine piece of newspaper work." He regarded the publishing of the Moody Church committee's findings as in the public interest, so that those who hereafter in Canada stood sponsor for the revivalist must do so with their eyes open.

Mr. Dean, who called at The World office yesterday afternoon, asked that The World, in addition to publishing his defence of his former associate, should also announce that Mr. Newell would next Monday open a series of meetings at the First Methodist Church, Chicago, and return to Toronto to hold a revival service on Friday, Sept. 13, but Mr. Dean remarked that Association Hall might not be again available for Mr. Newell now that The World had made public the action of the Moody Church. If they could not get Association Hall for Friday, Sept. 13, they would hire the Massey Hall, and he believed it would be crowded.

Mr. Dean's Statement.

Mr. Dean's statement in Mr. Newell's defence is as follows:

Having been a co-laborer of Mr. Newell for three years and having been present at every meeting of the committee of Moody Church during his trial, I desire to make this statement. I cannot agree with their verdict for the following reasons:

There is absolutely no proof that Mr. Newell was ever guilty of adultery. The committee does not claim to have any proof except Mr. Newell's own self-accusations during the time when he was not mentally responsible. All the evidence on this point of Messrs. Camp, Temple and Torrey referred to events of that period.

My reason for believing that Mr. Newell was not responsible at that time is the statements of three expert physicians, who at different times examined Mr. Newell and pronounced upon his condition.

Mr. Newell after the most phenomenal series of Bible teachings in this country had a sudden collapse in 1908. He was first taken to Lake Geneva, Wis., and placed in the ward for the most violently insane patients, and would have been kept there if his wife had not signed the petition for the protection of the sanitarium.

Dr. Sterns' View.

Dr. Wm. G. Stearns, 32 State street, Chicago, had charge of the sanitarium at that time. In reply to my request from him for a statement, he wrote: "In response to your request for statement concerning the mental condition of Mr. William R. Newell when he was under my care in 1908, will state that Mr. Newell was suffering from melancholia with delusions of self-depreciation. I will further state that it is common for patients in this condition to accuse themselves of having committed grievous offenses without the slightest color of tangible evidence to bring forth or support such delusions. I am,

"Yours very truly,
"(Signed) Wm. G. Stearns"
March 22, 1910.

About this time he was examined and treated by Dr. Hugh T. Patrick, 34 Washington street, Chicago, who is regarded as one of the greatest authorities in the west. He has this to say of Mr. Newell's condition at that time:

"This is to certify that about 1908 I examined Rev. Wm. R. Newell; that he was suffering from profound melancholia with delusions of self-accusation and suicidal tendencies. I carefully investigated his ideas of personal crime and unworthiness, and it was

Continued on Page 10, Column 1.

"I do not mean that I was in the committee room during the whole of the trial, but I was there fully six times as long as any other witness, and besides giving my testimony heard a good deal of other testimony read from the stenographer's report. Moreover, I was familiar with practically all the evidence before the trial began.

WONDERFUL BUGS ARE DISPLAYED

Oriental Carpet Manufacturers, Limited, Has Grand Exhibit of Louis XV. Rugs in Manufacturers' Building.

Undoubtedly one of the most artistic displays at the Exhibition grounds is the three famous Turkish Savonnerie rugs, designed from the famous rugs at the time of Louis XV. Much attention has been turned on the exhibit of the Oriental Carpet Manufacturers, Limited, in whose booth in the manufacturers' building these specimens of old-time rug-making are housed.

The sum of human knowledge must be increased before anything can be added to the Ohio 1913 models. Absolute worthiness of construction, unsurpassed quality of material and accessibility of design are not new features of the Ohio, but to them have been added every refinement of comfort, convenience and luxury that mechanical ingenuity can devise or engineering skill produce.

It would be futile to say that any human product can be perfect. The search for knowledge has not been abandoned, and there are still ideals for which to strive. Scientific research may, and probably will, evolve new and better forms. But we can say that in the light of present Knowledge nothing better than the Ohio has been produced, nor in fact anything quite so good.

Ohio ideals, however, have progressed beyond themere making and selling of the best automobiles in Canada. Pardonable pride in Ohio achievement has inspired us

Independent Order of Foresters at the Exhibition. The Independent Order of Foresters' tent still continues to be the mecca of Society Row. On the roll book you will find many hundreds of members who have come from long distances to make their annual visit to the grounds...

At Brown's.

At Brown's restaurant, at the west entrance of the process building, is to be had one of the best meals at the fair grounds.

A Good Square Meal.

A good square meal is what you get at Bird's dining hall, opposite the west end of the grand stand, for the small sum of 35 cents.

ST. CATHARINES, Sept. 4.—(Special.)—John H. Leffer, third year medical student at Columbia University, who had been spending the summer at the Y. M. C. A. camp at Port Dal-

house, was instantly killed at a late hour last night while attempting to board a street car at the corner of Thomas street.

An investigation will be opened before Coroner Jory on Friday.

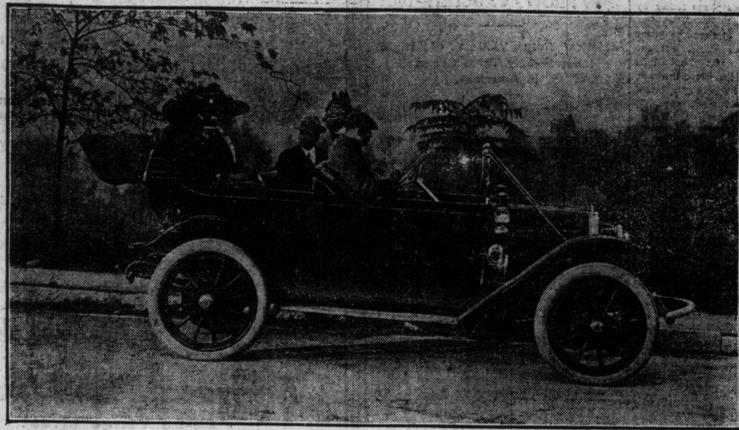

He was a son of P. M. Leffer, New York City, and a nephew of Ald. W. B. Burgoyne, and formerly resided in the city.

happy?" "He fell into a piece of property." "I should think that would make him look happy." "Would you? Well, this didn't happen to be his property, and he fell into it from his bicycle and twisted his back."—Judge.

Ohio 1913

"Life's final object is, as far as we can make out now, to seek expression in forms of ever-increasing perfection."

Edwin Bjorlman.

Saratoga, Four-Door Touring Car, Model No. 19, with Standard Equipment. Price \$2,875.

The sum of human knowledge must be increased before anything can be added to the Ohio 1913 models. Absolute worthiness of construction, unsurpassed quality of material and accessibility of design are not new features of the Ohio, but to them have been added every refinement of comfort, convenience and luxury that mechanical ingenuity can devise or engineering skill produce.

It would be futile to say that any human product can be perfect. The search for knowledge has not been abandoned, and there are still ideals for which to strive. Scientific research may, and probably will, evolve new and better forms. But we can say that in the light of present Knowledge nothing better than the Ohio has been produced, nor in fact anything quite so good.

Ohio ideals, however, have progressed beyond themere making and selling of the best automobiles in Canada. Pardonable pride in Ohio achievement has inspired us

THE OHIO REVOLUTION.
 The progressive spirit newly awakened, but spreading rapidly over the United States, recorded perhaps its greatest triumph at Tuesday's election in Ohio. The people of that state by an overwhelming majority have incorporated into their constitution many of the great reforms and principles with which the Progressive movement and the new Progressive party are identified. The legislature will now have power to deal with the social and economic issues of the hour. It may establish the minimum wage, compensation for injured workmen, the eight-hour day, and kindred measures designed to lighten the lot of those who toil. The initiative and referendum now become incorporated into the organic law of the state, applying not only to the passing of statutes, but also to the enacting of amendments to the constitution.

A wise amendment, among those adopted on Tuesday, enfranchises the municipalities of the state. It is known as the home rule for cities amendment, and enables a municipal corporation to be sovereign within its own sphere. In Ohio, hereafter, as we understand it, a city will manage its own affairs, subject only to the limitation that it shall not contravene the public policy of the state. For example, a municipality could not license tipping houses, should the state decide to entirely prohibit the liquor traffic. And speaking of the liquor traffic, one amendment adopted yesterday may interest Mr. N. W. Rowell, and the opposition party in Ontario. This amendment restores to the state the power of licensing the saloon. By the constitution of 1851 it was provided that "no license for the sale of intoxicating liquors shall ever be granted in the State of Ohio."

It was Mr. Rowell's idea—and one better—and now, after sixty years the people of the state, temperate and intemperate alike, are going back to the liquor license as it prevailed in Ohio prior to 1851, and as it prevails today in the Province of Ontario. The female suffrage amendment was defeated, the only one of the forty-two submitted to the people which did not carry. There was a lively campaign carried on, almost entirely by the ladies themselves, for and against "votes for women." The press dispatches say that the liquor interests opposed the suffrage amendment, and we should not be surprised if this were true. Female suffrage, in a state like Ohio, would no doubt result in prohibition.

To those familiar with the conditions in the Buckeye state ten years ago, the results of Tuesday's voting may well seem incredible. Less than ten years ago the City of Cincinnati was under the despotism of an uneducated, half-drunk, ex-saloonkeeper, and plug-ugly, with whom the President of the United States was glad to make terms, in order to keep his son-in-law in congress and keep the state in line for the Republican party. Over the rural districts the late Mark Hanna, with Standard Oil money and other advantages, so ruled the Republican organization that he and Cox of Cincinnati practically appointed all state officials, including supreme judges, and dictated legislation. Now and then, the Democrats carried the state, but a bi-partisan understanding between Cox and John R. McLean of The Cincinnati Enquirer and hundred spirits up-starts, preserved everything of value for the interests. Even the members of the legislature could secure only the most petty nickings in the way of graft. Possibly no state in the Union in the matter of politics, was more inert, unprogressive and unresponsive to any popular sentiment.

The Roosevelt victory over Taft at the presidential primaries, and the adoption of a new constitution, show that the people of Ohio are thoroughly aroused and that the rule of the "bosses" is overthrown.
RUNNING PEGASUS BY STEAM.
 The big railway companies of this country, having taken over the express business, the telegraph business, the steamship business and the hotel business, are now becoming patrons of literature. A famous English novelist not long ago published a story which must have confirmed the impression prevalent in some quarters that there is nothing in Canada outside of the Canadian Pacific Railway. A rival company promptly imported a rival novelist and the public is now looking forward to a romance concerning itself entirely with the Canadian Northern.

Meanwhile the Grand Trunk captured the author of "Sweet Marie," and has made him an adjunct of the general offices at Montreal.
 Poetry, however, comes high, and apparently all three transcontinental companies have combined in an effort to secure our great Canadian poet, Mr. E. W. Thomson. Mr. Thomson writes verse—he also writes prose of poetic quality. Just now his lyre is attuned to the inspiring subject of higher freight rates for western Canada. It is not a subject in itself calculated to send Pegasus soaring skyward, but this is the age of steam.
 An article by Mr. Thomson, which lately appeared in The Boston Transcript, is being widely circulated by the railway companies. It descants about "ribbons of steel" and contains other touches of poetic fancy, but the real end in view is to prove that the Canadian people should endeavor after higher instead of lower freight rates. Thus we are told that the trainmen on Canadian railways eat more food and wear heavier clothes than the trainmen upon American railways because of the colder climate of Canada. But do Canadian trainmen get higher wages than trainmen in the United States? Do the companies furnish them with oopskin coats and big, square meals free of cost? If not, it is hard to see why the Canadian public should be called upon to pay higher freight rates on their account. Theoretically we might be inclined to believe, with Mr. Thomson, that the cost of operation is greater in western Canada and the density of traffic less than in eastern Canada, were it not for the fact that the officials of all three railway companies have already admitted that the reverse is true.
 Mr. Thomson certainly "dropped into poetry" when he told his Boston readers that

"Canada is fortunate in having three separate, distinct and keenly competing railway systems. Competition between them will ensure the best of service, not only in rates but in facilities. Canada deserves such competition."
 If this be true why should we, further along, be told that the Canadian Pacific cannot reduce its rates, as it could well afford to do, without driving the Canadian Northern and the Grand Trunk Pacific into bankruptcy. Surely this cannot be very keen competition.
 We will all agree with Mr. Thomson that the "public should not make a 'houn' dog' of the railways." May we venture to suggest that the railways should not make a "houn' dog' of the public." If any victim has been "kicked around" in this country for the last thirty years it has not been the railway companies.

RENTERS' MONEY VOTE.
 There has nothing yet been done in the city council of a practical nature to deal with the question of giving votes to renters who pay large sums of taxes, but who have no say in the spending of the money. In England, where the taxes are levied on the tenant and the tenant has to pay his taxes directly to the landlord, as the case is in Toronto, the people take a much keener interest in civic affairs, and it is not too much to say that as a rule the standard of civic government is higher than it is in Canada. In Toronto a man may pay \$2000 a year in taxes and yet not have a word to say about the disposition of the city income. He pays his taxes to the landlord, who has included the amount in the rent. A man who owns a few hundred dollars' worth of land and pays \$2 a year in taxes has as much to say as any other property owner. There is no reason why the other man should not have a vote.
 The objection raised by the official mind is that it has never been the custom before. This meddling attitude of the official mind must of course be met as in other instances and gradually overcome. But the process is as difficult as taking the curl out of a pig's tail. It always reverts when you think you have it straight.
 Some object that houses are often vacant. In that case there are no tenants and no votes. The difficulties of this description are no greater than in the case of ordinary voting. It would be very easy to establish the tax-paying value of each tenant, and the usual conditions of residence and citizenship would govern his registration. But he should not be deprived of all control over his taxes merely because he rents a house.

STILL AFTER THE SCALP.
 Four of the North Toronto councillors are trying to make the town a joke and a byword among sister municipalities. On July 8 last, on the largest vote ever polled in the town, unconditional annexation was carried by a substantial majority. The result was exceedingly painful to the interests and the large property owners, and they immediately set to work attempting to block the amalgamation of the town and city. Messrs. Baker, Reid, Hawk and Lawrence, the councillors who imposed the unconditional vote, failed in putting what they thought an insurmountable difficulty in the way of annexation. Having been balked in their efforts to retard the town's progress in this way, they are now trying, are using every available means, to thwart the desire of their constituents. Retrogrades of this calibre are unfortunately met with in other communities. Advancement is hindered, and unless they are swept aside, North Toronto will repeat, as experience has repeatedly followed elsewhere. But in the meantime the town's annexation must not be kept back. That the town be made an equal partner with the city in every particular is what the city has offered, and this is all the town should ask. It devolves on Mayor Brown, as executive head of North Toronto, to see that the will of the people is not subverted by a recalcitrant council. As we view it, he has a clean-cut course ahead of him, and in taking the final steps to complete the annexation of the town he undoubtedly has a majority of the rate-payers at his back.

THE CADETS' HAZING.
 The hazing of the English cadets at the cadet camp in Exhibition Park was an unfortunate incident from one standpoint. It is to be feared that this occurrence as published in the papers and retold in the old country, will tend to give a certain amount of support to the already too prevalent but quite erroneous idea that Englishmen are not wanted in Canada. It should be understood, however, that it was only a small section of the English contingent that was hazed. Before their arrival, other cadets from England, Ireland and Scotland had been living in perfect peace and friendship with their Canadian comrades, and it was only the advent of a small number of English boys from the big public schools who were said to be very snobbish and who expected something better than the accommodation given the rest of the cadets, that started the trouble.
 The boys who took part in the hazing came from all sections of the camp and included just as many Englishmen as Canadians. If the report is true that the Eton and Harrow boys referred to the other cadets as "pigs," and ordered them to carry their bags, then no one can blame their camp mates from giving them a lesson in manners.

BLIND NEW YORK PAPERS.
 The New York papers still continue to blind themselves to the strength and significance of the Roosevelt boom. When Roosevelt was first mentioned as a presidential candidate, these journals scoffed at the idea, and, in spite of the colonel's series of victories in the state primaries, continued to say that he cut absolutely no figure as a presidential possibility. That they were absolutely wrong has been conclusively proved.
 Their comments on the result in Vermont show that they still maintain the same attitude. Instead of admitting that the election was a big win for the Progressives, the New York Times, American and Herald all unite in trying to make it appear as a Democratic victory. Anyone who is a student of American politics will realize that it was Roosevelt who was the winner in Vermont, and not Woodrow Wilson.
 The World retains its conviction expressed continually during the last three or four months, that Theodore Roosevelt will be the next president of the United States.

BRITAIN'S MOST POWERFUL BATTLESHIP.
 PORTSMOUTH, Eng., Sept. 4.—(Can. Press.)—The most powerful battleship yet ordered to be laid down here in November by the British Admiralty. She is to be 700 feet in length and is to displace 30,000 tons, while her high-powered turbine engines are to develop a speed of 23 knots.
 It is reported that the new vessel is to be armed with 14-inch guns, the first tried in the British navy.

ABOUT THE MELON.
 The financial papers, which await with joy the cutting up of another C. P. R. melon, say that the people have no business to inquire into the enormous profits made from C. P. R. lands, which are a private melon patch for the shareholders. This is rubbish. The land grant was given to the C. P. R. in order that it might serve the public, and for no other reason.—Toronto Star.

WESTERN COMMENT.
 The Toronto World, The News and the G. T. Somers, president of the Toronto Board of Trade, have taken the west under their wings. Of the three, The World seems to take the most sensible view of western conditions when it suggests that "if the Canadian nation, for the sake of the western people, are willing to support the national policy, which may not benefit them so directly as it benefits the people in the east, are they not entitled to ask that the eastern people for the sake of Canadian nationality show a sympathetic interest in the grievances of the west?" This is very good. It hits the occasion right on the head.—Calgary Herald.
E. MIDDLESEX LIBERALS IN DILEMMA.
 LONDON, Sept. 4.—(Special.)—Rev. Dr. McCrae of Westminster having refused to contest East Middlesex in the provincial by-election, the Liberals are thus far without a candidate. I. Montague may be the Conservative nominee.

At Osgoode Hall
 ANNOUNCEMENTS.
 Sept. 4, 1912.
 Motions set down for single court for Thursday, 5th inst., at 10 a.m.
 1. Mc Bain v. Finlay.
 2. Weir v. Stewart.
 3. Spitzer v. Leitich.
 4. Re Film Estate.
 5. Hayes v. Carrick.
 6. Pritchard v. Charles.
 7. Fuller v. South.
 8. Badenach v. Ingles.
 9. Murray v. Algoma Central.
 10. Lambton, etc., v. Townsley.
Master's Chambers.
 Before Geo. M. Lee, Registrar.
 Carver v. The Railway Asbestos Packing Co.—Wed. (Thomson and Co.) for plaintiff. Motion in an intended action for leave to issue a writ for service in Sherbrooke, Que., and for an order shortening time for appearance. Order made for issue of writ and shortening time for appearance to eighteen days.
Trial.
 Before Falconbridge, C.J.
 Walker and Webb—W. E. Raney, K. C., for plaintiff; Walker, H. E. Irwin, K. C., for plaintiff; Webb, G. F. Shepley, K. C., and G. W. Mason for defendant; E. J. Hearn, K. C., and R. J. Macdonald for plaintiff. An action by plaintiffs, real estate agents, to recover \$1750, claimed as commission on the alleged sale of certain property of defendant to George J. Foy, Limited, for \$70,000. Judgment—Action dismissed with costs.
 Graham v. Macdonald—D. J. Grant for plaintiff; G. F. Shepley, K. C., and G. W. Mason for defendant; E. J. Hearn, K. C., and R. J. Macdonald for plaintiff. An action by plaintiff, real estate agent, to recover \$1750, claimed as commission on two and one-half per cent. on the sale of defendant's property known as 22 and 24 Front street, Toronto, to George J. Foy, Limited, for \$70,000. Judgment.—There will be judgment for plaintiff for \$1750 and costs. As to the third party their witness, who closed his sale, was a most unsatisfactory witness, both in demeanor and as judged by the other ordinary tests of credibility. The vendors acted on his statements that no agents but Williams were in any position to look for commission, and that he would look after Williams, and reduced their price from \$72,000 to \$70,000. Therefore, the third party, G. J. Foy, Limited, is bound to make this govt. to defendant, and defendant will have judgment against them of \$1750, plus plaintiff's and defendant's costs of action, and defendant's costs of making them third parties, and of the trial. In other words, defendants are entitled to complete indemnity as to Graham and to their own costs. It behoves the man who has property for sale to walk and talk warily. Thirty days, stay.

SUCCESSION DUTIES.
 The amount received by the Ontario Government in succession duties during the month of August amounted to \$48,340.26, which exceeds the amount received for the same month last year by \$5,292.20. The total amount received for the past 10 months is \$370,548.41, which is \$220,647.94 less than the amount added to the government's coffers during the corresponding 10 months of 1911.

QUEBEC'S WELCOME TO BORDEN.
 QUEBEC, Sept. 4.—Premier Borden, who is in the Victoria, due here Friday next, has accepted the invitation to a civic reception. He sent to Mayor Drouin the following wireless: "Tray accept warm thanks. We sincerely appreciate great honor of civic reception, which we are delighted to accept."

CROSSED ENGLISH CHANNEL IN CANOE.
 NEW YORK, Sept. 4.—A Dover cable says: A record for hazardous canoeing was made today when two well known Dover oarsmen, Eugénie and Walter, paddled a Canadian canoe across the English channel to the French coast. The passage was very rough and high waves threatened every minute to swamp the frail craft. A high wind for 1270 and costs. As to the third party their witness, who closed his sale, was a most unsatisfactory witness, both in demeanor and as judged by the other ordinary tests of credibility. The vendors acted on his statements that no agents but Williams were in any position to look for commission, and that he would look after Williams, and reduced their price from \$72,000 to \$70,000. Therefore, the third party, G. J. Foy, Limited, is bound to make this govt. to defendant, and defendant will have judgment against them of \$1750, plus plaintiff's and defendant's costs of action, and defendant's costs of making them third parties, and of the trial. In other words, defendants are entitled to complete indemnity as to Graham and to their own costs. It behoves the man who has property for sale to walk and talk warily. Thirty days, stay.

E. STRACHAN COX DIED WEDNESDAY

Former Alderman and Well-Known Financial Man Never Recovered From Stroke of Paralysis.

After two years of retirement, necessitated by ill-health, E. Strachan Cox, well known in Toronto civic and financial circles, died at his home, 3 Wellesley place, early yesterday morning.

Mr. Cox was stricken with paralysis two years ago and never completely recovered.

Born in Hillier, Prince Edward County, sixty-three years ago, Mr. Cox came to reside in Toronto in his early manhood, taking a place in the firm of Campbell & Coles, stock brokers.

On the dissolution of this firm he opened a business of his own.

In 1890 and 1891 Mr. Cox was a seat on the city council, but was defeated the next year, his defeat being in a great measure attributable to the fact that he was at the time of the election absent in England.

Mr. Cox, who before his marriage, was Miss Alice R. Worth, and one daughter, Miss Evelyn Cox, survive the head of the household.

Funeral on Friday at 4 p.m. to St. James' Cemetery.

Funeral on Saturday at 11 a.m. to St. James' Cemetery.

Funeral on Sunday at 11 a.m. to St. James' Cemetery.

TAXES DOUBLE AFTER ANNEXATION

Assessment Commissioner Says North Toronto Property is Assessed at Only Half Its Value, But Buildings Will Remain as Now—Want Corporation Counsel Soon.

According to a report submitted by Assessment Commissioner Forman to the board of control yesterday morning, the land in North Toronto is only assessed at practically one-half of its present value for assessment purposes.

As regards the assessment on buildings, however, there is no material difference between the two townships.

To show a comparison as to how improved property in the town compares with the city, Mr. Forman gave the figures of a number of streets as a specific example.

One of these, Rosevale street, with 21 residences, was assessed by the city as follows: Land, \$34,460; buildings, \$12,120, making a total of \$46,580.

The town assessment was Land, \$16,970; buildings, \$32,330, making a total of \$49,300.

The comparative assessment figures for Caswell street showed the city's total was \$116,668.

James L. Hughes wrote to the board stating that the board of education was willing to turn over the Elizabeth street playground to the north.

Commissioner Chambers reported the board of education's proposal.

Dr. Bruce Smith in his report on the industrial farm stated that he was not prepared to recommend the whole enterprise.

BERLIN, Sept. 4.—(Special.)—Rev. F. E. Oberlander, pastor of St. Peter's Lutheran Church, who is deeply interested in sociological questions, has sent a strong letter to the city council pointing out the evil that is besetting young girls and boys who are loitering on the streets until a late hour at night.

OTTAWA, Sept. 4.—(Special.)—Hon. Geo. H. Parley, C. J. Doherty, T. W. Proctor, and T. White and W. B. Nantel will leave here on a special train to meet Premier Borden upon his arrival at Montreal on Saturday.

To Disembark at Grosse Ile, MONTREAL, Sept. 4.—(Can. Press.)—In order that there may be no delay in connection with the arrival of the Right Hon. R. L. Borden in Montreal on Saturday evening, arrangements have been completed whereby the Canadian premier will leave the Victoria at Grosse Ile and continue from there up to Quebec, Three Rivers and Montreal by the Lady Grey.

FALLS MAY TAKE HYDRO POWER, NIAGARA FALLS, Ont., Sept. 4.—(Special.)—The ratemakers will say whether or not the city will take hydro power instead of the present Ontario Power Company's service, so the council decided tonight, when the hydro bylaw was given its first reading.

THIS BEATS MARK TWAIN'S FROG, GALT, Sept. 4.—(Special.)—The largest frog ever caught in this vicinity was captured on the east bank of the river below the town limits, by John Lee, a young man on the River road.

MAY DIE FROM BLUDGEON BLOW, MONTREAL, Sept. 4.—(Can. Press.)—Bathed in his own blood and with his skull fractured, Joseph Paize was taken to the Royal Victoria Hospital, where he is not expected to recover.

POOR CROSS IN FRONT, KINGS-ON, Sept. 4.—(Special.)—Crops in this district are anything but satisfactory. But one-half of the crop is harvested, and it is only fair to say that the weather has been on the ground for weeks, waiting to be taken in, but rain has prevented this.

MORE ARTISTS ARE ENGAGED

World's Greatest Singers Will Be Heard in Toronto During Week of Oct. 7.

All classes of Torontonians are taking immense interest in the great musical festival which is to signalize the inaugural of the Arena, recently constructed at enormous expense, on Mutual street in this city.

More great singers will be heard than were ever assembled during a similar period in the history of Canada.

Mr. Lawrence Solman, its manager, has been able to fix a scale of prices which will enable the public to hear the priceless divas of the world of the whole personal sacrifice; and to provide music not only for the highly critical and sophisticated, but for the vast number of music lovers who are often denied the privilege of hearing world-famous artists.

By the names of those already announced to sing may be added that of the marvelous coloratura soprano Felicia Lora, whose enormous success in London this season has already been chronicled in the world's capital five years ago, has a woman won such a marvelous and great success.

She, like Gracie Harwood, the great tenor, who will also be a feature at the arena festival, was a discovery of Oscar Hammerstein's, and she generally admitted that without the presence of those two great "minds" his attempt to rival Covent Garden would have been a rank failure.

These two singers, however, brought all critical and cultured Londoners flocking to his doors whenever they were held to appear. Undoubtedly Toronto will be similarly enthused. Another announcement of great interest is the engagement of the world famous baritone, Giuseppe Campanari, who since his first appearance here with Adeline Patti in the nineties has had a central following in Toronto.

The great German prima donna, Johanna Gadski, and the world famous soprano, Florence Foster, who is famous through Europe, but a newcomer to this city, will be expected to establish herself in a similar way in public favor.

The excellent soprano, Mrs. Alice Nielsen is known to all concert goers and she will sing the second act of Rossini's immortal opera, "The Barber of Seville," alongside of the distinguished artist from the Boston grand opera. These will also be grand ensembles of noted singers at nearly all the performances.

Mr. Nathan Frazer, the famous conductor, who brings with him an orchestra of fifty-two pieces, will arrive in Toronto today to discuss final arrangements and to look after the programs will be full for in Saturday's papers.

BERLIN NEEDS CURFEW BILL

Save Your Fare to Toronto

All or much of the cost of attending the Exhibition can be regained by out-of-town visitors who take advantage of the immense savings on furniture and other home furnishings during this week.

There is no larger or better assorted stocks of home furnishings in this broad Dominion than that which is displayed in the "Adams" Store, and certainly nowhere are prices made so decidedly in favor of the buyer of home needs.

See Our Exhibits at the Fair

We have a magnificent display of "Treasure" Ranges and Heaters in the new Process Building, situated right at the north entrance. Here you will see all that is new and best in stove construction, and if you ask for it you will receive a beautiful souvenir.

"Hoosier" Kitchen Cabinets—A most interesting show of these excellent Cabinets is displayed in the next section to stove exhibit. No woman who is at all interested in housekeeping economy should miss seeing this exhibit.

Out-of-town Folks

Those who will be unable to visit the Exhibition this year should write us for our large new photo-illustrated Catalogue "W"

TO DISSEMBARK AT GROSSE ILE

MONTREAL, Sept. 4.—(Can. Press.)—In order that there may be no delay in connection with the arrival of the Right Hon. R. L. Borden in Montreal on Saturday evening, arrangements have been completed whereby the Canadian premier will leave the Victoria at Grosse Ile and continue from there up to Quebec, Three Rivers and Montreal by the Lady Grey.

FALLS MAY TAKE HYDRO POWER

NIAGARA FALLS, Ont., Sept. 4.—(Special.)—The ratemakers will say whether or not the city will take hydro power instead of the present Ontario Power Company's service, so the council decided tonight, when the hydro bylaw was given its first reading.

THIS BEATS MARK TWAIN'S FROG, GALT, Sept. 4.—(Special.)—The largest frog ever caught in this vicinity was captured on the east bank of the river below the town limits, by John Lee, a young man on the River road.

What Correct Illumination Can Do for Your Store

What do you think of the type of store that exacts the highest standard of quality in the goods it sells and then is careless of the lighting conditions under which customers buy these goods?

NO FACTOR looms larger in perfect store service than proper lighting.

A customer can forget, and occasionally forgive, shortcomings in delivery or behind the counter. But light that taxes a customer's patience, tries her eyes and menaces the health and efficiency of those who work by it, will always react against the store that employs it.

Modern merchandising demands modern methods of illumination. When merchandise was crude in color and texture, the "hit or miss, good-enough" plan of lighting served well enough.

Today, when the refining processes of manufacturing and textile development have evolved intricate weaves and patterns and subtle shades of colorings in fabrics and materials, the careful shopper seeks the store with the soft agreeable illumination that lights the goods and not the eyes of its customers.

Not only is harsh, glaring illumination repellent to people, but it is positively wasteful.

Often a 60 c.p. lamp, when properly directed, can be made to replace an 80 c.p. lamp whose diffusion is too great, and thus effect a direct saving of 20 per cent.

It will pay any merchant interested to secure from our Illuminating Engineers a candid and impartial statement of his lighting requirements.

These men — specialists — will advise you, without charge — how to save light wasted by your present equipment — how to put your lighting system on a par with your delivery, telephone and exchange service — how to improve shopping conditions for the customer and minimize lighting expense for yourself.

Dictate a note now, asking an illuminating specialist to call upon you; or Use the phone.

YORK COUNTY INDIGNATION MEETING IS SOON TO BE CALLED

North Toronto Citizens Who Are Not Owners of Large Blocks of Land Will Condemn the Conduct of a Majority of the Council, Who Have Made the Town Look Ridiculous.

The anti-annexationists of North Toronto have at last taken their courage in both hands and have taken the first definite step in thwarting the wishes of the majority of the electors who voted in favor of unconditional annexation on July 6. At Tuesday night's council meeting a petition asking that a bylaw extending the definite terms on which North Toronto is willing to be annexed, was adopted on the motion of Councillor Baker, who had the support of Councillors Howe, Reid and Lawrence. The same clique supported a resolution instructing Town Solicitor Gibson to prepare a bylaw leaving a space for the insertion of the terms.

Mayor Brown, Councillors Ball and Weston opposed the entire proceeding. Councillor Ball characterized the proposition as "irregular, unparliamentary and illegal." He challenged Councillor Howe to the genuineness of the petitioners' intentions, and expressed the opinion that it was a huge piece of bluff, combined with a playing up to the gallery.

Make It Ridiculous.

Interviewed by The World yesterday, a

majority must prevail," yet he has allowed himself to be switched on the whip of Councillor Howe. I think that ago have acted on his own initiative and given effect to the vote of July 6 by applying to the Ontario Municipal Board to complete the annexation.

Annexationists Busy.
The clause of the Ontario Municipal Act, on which Councillor Ball based his contention that the petitioners could not carry out their project, is contained in Section 28, Clause 4, which says: "The council shall forthwith prepare a bylaw in accordance with the prayer of the petition, and shall submit the same to the said municipal electors for approval or otherwise within four weeks after the receipt of the petition by the said council." Many North Toronto citizens yesterday expressed a desire to know the reason why Councillors Howe and Baker had not a bylaw already drawn up if they were sincere in their policy. Petitions are being circulated today praying the mayor to give effect to the will of the people, as expressed on July 6, while an indignation meeting of the citizens will be held in the town hall to express their condemnation of the conduct of a majority of the town council, who seek to attain their own ends at the cost of subverting the rights of the people.

The Secret Out.
The land-owning fraternity, those who have large blocks of land held for speculative purposes, land which is neither being developed nor of public service, land which is assessed as farm land while enjoying all the benefits incidental to the environment of a big city—these are at the back of the anti-annexationists.

BOY MAY DIE.

Bert Corbett, a young lad about 14 years of age, living at 65 Augusta avenue, was hit by a motor car at the Exhibition grounds yesterday afternoon and was brought to the Western Hospital in an unconscious condition, and suffering from concussion of the brain. The authorities at the hospital are not certain whether the boy will live.

SCOUTS CHEERED PRINCESS AT EDMONTON

Veterans, Cadets and Boy Scouts Lined Up in Review Greatly Pleased Duke — School Children Waved Flags and Sang Patriotic Songs — Duke a "Good Mixer."

EDMONTON, Sept. 4.—(Can. Press.)—To make amends for yesterday's downpour the sun shone upon the second day of their royal highnesses' visit to Alberta's capital. The duke, in accordance with his wont, was out bright and early for a constitutional in the neighborhood of the royal train. As he his way on these morning walks he fell into talk with several men, one of them a cadet, on Fifth street, with whom the duke discussed the opportunities offered by this country, and was delighted to learn that the man he was speaking to not only owned his own home, having bought it several years ago for \$600, but that he had refused \$7000 for the property on which it stands.

The forenoon's program included a notable greeting to the visitors by the school children, who lined the avenue, holding forth the banners of their respective schools, waving flags and singing God Save the King and The Maple Leaf, followed by cheering as the royal party passed along.

Met Veterans and Scouts.
This afternoon the duke reviewed the veterans, of whom there were more than 200 lined up with the cadets and the boy scouts. This is something in which His Royal Highness takes a special and very evident delight. He talked with every one of the veterans, as he always does, and was greatly pleased to find among them a former member of the Scots Greys, the regiment in which Prince Arthur of Connaught is an officer. The cadets and boy scouts made a fine appearance and as the duke, accompanied by the Duchess and Princess Patricia, departed from the platform before the courthouse, one small boy scout called out for three cheers for Princess Patricia, which were given again and again. The Duke expressed his pleasure in the splendid showing made by the veterans, cadets and boy scouts and especially in having met so many veterans who had served in such widely separated portions of the empire.

THE LOCAL OPTION CAMPAIGN IN TORONTO

This City and London Are Included in 75 Municipalities Where Contests Will Be Held This Fall — Dominion Alliance Decided Yesterday to Start Fights Soon.

There will be about seventy-five local option contests in municipalities throughout Ontario this fall. Such was the report made at a meeting of the executive committee of the Ontario branch of the Dominion Alliance at the Exhibition grounds yesterday afternoon.

The report of the campaign committee was presented by Rev. Dr. J. H. Hazelwood. It showed that the field work of the alliance for the entire autumn had been mapped out for the following nineteen counties and two cities: New Ontario, Peel, Kent and Dundas, Essex, Prince Edward, Perth, Welland, Simcoe, Lambton, Huron, Stormont, Glengarry, Prescott, Russell, Victoria and Haliburton, Hamilton, Bruce, Middlesex, and London and Toronto.

Besides the seventy-five places in which fights will be waged, there are about two hundred and sixty localities in which voting might take place, but in many of these it is impossible to get the temperance people into the ring. There are over two hundred possible repeal contests this year, but it is likely that in fully ninety per cent. of these no effort will be made by the liquor interests.

Theron Gibson reported that the finances of the alliance were in a healthy condition, but assistance was needed from the friends of temperance throughout the province for its proper sustenance of the big campaign contemplated.

The matter of law enforcement was discussed, being introduced by Councillor J. C. McCarthy. A lively discussion followed, which brought out the fact that the whole question of getting good results from local option bylaws lay in the adequate enforcement of the liquor laws. The alliance would ask that even better results in the carrying out of the license bylaws be secured by the inspectors.

C. B. SMITH'S ESTATE.

Cecil B. Smith left an estate of \$125,870. He was formerly engineer for the Hydro-Electric Commission. The widow receives \$60,750. The balance of the estate will be divided between the two sons.

If you Are in the Market To Buy Something Good In REAL ESTATE NOW IS THE TIME!

Ten years ago Toronto was a city of 220,000 Today its population exceeds 400,000 In 1920, Toronto, we predict, will be a City of 1,000,000

DUFFIELD ESTATE
LOWTHER PARK OR ROSLIN ESTATE

It would be difficult to over-estimate the value of these properties.

Excellent Market Garden Sites now ripe for improvement.

You will not regret making a small investment now, in what is practically acreage, but will be sold by its owners later as lots

Daily Excursions To These Properties

Leave our Main Office in our own private cars at 1 p.m. for Duffield and Roslin Estates, or our autos will meet you for Lowther Park at Kingston Road and Queen Street. Make your visit to the Exhibition a matter of profit rather than expense by buying some Toronto real estate. You'll never regret it!

Visitors To the Exhibition Cordially Invited

\$3.50 TO \$6.00

Buy a Half-acre Market Garden IN DUFFIELD

Situated in the Northwest Section, just beyond the city's edge. These one-half acre gardens are large enough and ideally situated for a beautiful home or bungalow with lawn and garden. While not city property now, it will be some day, and then you'll reap the harvest!

Terms: \$25 Deposit \$10 Monthly

\$18 PER FOOT

And Upward For a 25-foot Lot IN Lowther Park

In the East End. Land has held in Lowther Park at lower prices than in any other part of Toronto, and it is believed that the new civic car line passing this property on Danforth Avenue will start a great movement in that direction. Prices will then advance sharply. Now's the time to anticipate the movement.

Terms: \$10 Down \$10 Monthly thereafter

\$300.00

For One-Half Acre Market Gardens, at Roslin

Think of owning a half acre of accessible land for \$300! It is suitable for all people, but especially so for the artisan and the lover of country life. These one-half acre gardens are large enough for poultry raising and the growing of vegetables and farm produce. You never may wish to have a market garden, but you do wish to make money, and one or more of these half-acre plots will surely start you. Situated on Bathurst and Shepard streets.

Terms: \$25 Down \$10 Monthly

THESE ARE INVESTMENTS THAT SHOULD DOUBLE IN VALUE WITHIN A REASONABLE TIME.

They stand Unexcelled in the annals of Toronto's Real Estate Development.

Ward Seven

The death occurred yesterday afternoon at his late residence, at 21 Sinclair avenue, of John H. Thompson. He was well known in West Toronto, and had resided for a number of years with his brother and sister, Rev. T. Beverley Smith, who conducted a funeral service at his late home on Friday night, and the remains will be shipped to King City, Ont., on Saturday for interment.

While at work at the bottom of an excavation at the new Scarlett road subway, a foreigner, whose name could not be ascertained, suffered a severe crushing injury by the cave-in of one of the walls of sand. The man was working on a buttress, when, without warning, the side of the excavation gave way and he was buried up to his head in moist sand. He was rushed on the Lambton car to Dr. Cleland's surgery, Dundas street, where his injuries, which were chiefly pulmonary, were attended to.

A number of the senior classes which formerly attended Western Avenue Public School, have been transferred to the new Annetta Street School, because of the overcrowded condition of the former.

The death occurred yesterday at the General Hospital of Richard Lewis of Lambton Mills, in his 86th year. The funeral will take place tomorrow to Dixie Cemetery.

visitation of Rev. E. T. Douglas, the young people of the Washington Central and Scarboro Junction churches met in the Methodist parsonage, Scarborough, when a most enjoyable evening was spent by the 65 Epworth Leaguers who embraced the opportunity afforded of meeting in their pastor, his wife and family in their home for a more intimate acquaintance.

Each league having assumed its quota in providing a program, the three presidents met in the pastor's library and arranged the proceedings for the evening's entertainment, which were carried out in a manner that reflected much credit on a young people having as their motto "Look up! Lift up!"

Mrs. C. Cooper of Thornhill and her two daughters, being guests at the parsonage, Miss Cooper and Miss Beth Cooper both contributed to the musical part of the program. Rev. J. C. Cochrane, a former colleague, who assisted Mr. Douglas in his ministerial labors at Thornhill, was also present and assisted by rendering instrumental selections and in giving a choice reading.

Before refreshments were served the pastor called the attention of the young people to the greatness of their opportunities and solicited their hearty co-operation on the very beginning of his pastorate in carrying out these high ideals of the Epworth League that each might attain to a lofty eminence of moral and Christian excellence. On motion of Mr. Gordon Beckwith, B.A., who is in charge of the missionary department of the Junction League, recorded by Mr. W. Heron, president of the Washington League, plans for the fall and winter months were unanimously adopted.

Refreshments were then served, after which the gathering quietly dispersed to catch the last cars homeward bound.

BABY DONALDSON
323 KINGSTON RD.

Relieved of Monster Tape Worm

About 20 feet long, first dose.

PROF. MULVENEY'S REMEDY
Brought it September 1st, 1918.

NOW LISTEN

There are still a few people who think this is all a fake. Will you doubt the truth kindly investigate before you pass any remarks. I have evidence to back up all I say and nearly a thousand tape worms from men, women and children, most of them living in Toronto, in my possession. Nobody but an illiterate person or an idiot can have any doubt as to the merit of this most wonderful world-famous remedy, and after seeing my exhibition of these parasites all doubts is bound to vanish as a piece of ice in the sun.

LARGER MARKETS FOR CANADA'S PRODUCTS

Facilities and Privileges for Canadian Farmers and Protection for British Artisans in Colonial Markets Would Insure Cheaper Food and Larger Market for Canadians

A hearty endorsement of the Imperial policy of the British Government was given by the World last night by John W. Dennis, of Lincolnshire, Eng., a large British land-owner, who was in Toronto yesterday.

Mr. Dennis was formerly the mayor of Westminster and has been a member of the British Tariff Commission since its inauguration by Mr. Joseph Chamberlain.

Mr. Dennis made a powerful impression in England by means of his broad and statesmanlike views on the policy of Canada as a unit in the Imperial Empire.

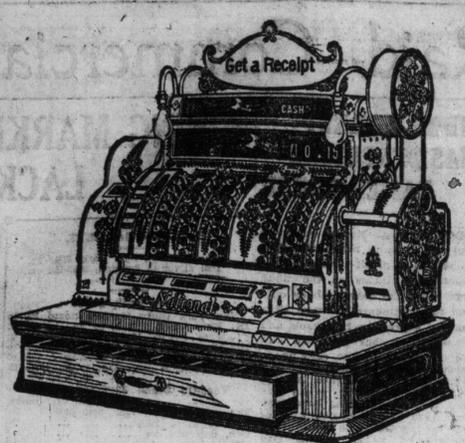

As regards Imperial Preference, Mr. Dennis is studying the question closely from the point of view of a number of years, and I am looking forward with a considerable amount of confidence to the next opportunity that the British electors will have of voting on the subject.

Mr. Dennis is of the opinion that the dear food bogey is dead, as far as it is concerned, and he will support a policy that will provide the British with greater earning power and, therefore, greater spending power.

Mr. Dennis is of the opinion that the dear food bogey is dead, as far as it is concerned, and he will support a policy that will provide the British with greater earning power and, therefore, greater spending power.

Mr. Dennis is of the opinion that the dear food bogey is dead, as far as it is concerned, and he will support a policy that will provide the British with greater earning power and, therefore, greater spending power.

SCIENTIFIC FARMING ON INTENSIVE LINES LOWERS LIVING COST

John W. Dennis, Who Owns 7,000 Acres in England, Says Some Remedy Would Prevent Migration of Farmers From Ontario to the West—He Advises Ontario Farmers to Take Up Scientific Farming.

The remedy which will lower the high cost of living and at the same time prevent the migration of farmers from Ontario to Western Canada lies in scientifically conducted intensive farming.

This is the belief of John W. Dennis, the largest agriculturist in England. He is the owner of a seven thousand acre farm in Lincolnshire that is conducted wholly along intensive lines.

Mr. Dennis employs a staff of six hundred men and women, and during the planting and harvesting of the potato crop employs the small army of sixteen hundred workers.

Mr. Dennis is of the opinion that the dear food bogey is dead, as far as it is concerned, and he will support a policy that will provide the British with greater earning power and, therefore, greater spending power.

WELLAND Mr. Exhibition Visitor

if you are desirous of investing a little money where it will bring you the largest profit, we would advise you to consider the purchase of real estate in the Town of WELLAND

FRAMED PICTURES

Beautiful your home with good pictures at small cost. We have just purchased from the manufacturer a large assortment of odd lines and travelers' samples. Among them are genuine oil paintings, pastels, etchings, gravures, some hand colored, carbon, sepia prints, etc. The range of subjects is unusual and includes those suitable for any room in the home. All are appropriately framed with careful regard to the pictures, in mission, ebony, walnut, mahogany, or gilt. Many of the frames are beautifully ornamented and touched with burnished gold. Such pictures sell regularly for easily four times the price we ask Friday (see window). Each... \$1.49 (No mail or phone orders filled.)
