POLICE SHOOT UP TOWN IN IRELAND TO AVENGE MURDER

Many Buildings Set on Fire and Terrible Scenes Enacted.

CITIZENS IN PANIC

London, Sept. 10.—A despatch to The Westminster Gazette from Dublin says it is reported that the police in Tullow, County Carlow, where a constable was shot dead yesterday, shot up the town last night and that during the trouble a number of buildings were set on fire. At midnight there were terrifying scenes in the town, and some of the inhabitants left the place and spent the night in the open country.

STUBBORN FIGHTING BY WRANGLER ARMY

One of His Cavalry Generals Killed and Two Others Wounded.

London, Sept. 10.—Stubborn fighting is proceeding between Russian soviet forces and the troops of General Wrangel in the Orskov region of the Crimean sector, says the official statement issued in Moscow Thursday and received here today by wireless. On the other junctions of the front the statement claims successes for the soviet arms. The statement says:

In the Grodno region fighting is occurring east of Novo Dvor and north of Kuznitsa. We have repelled an enemy attack on Biełovizhu. In the Great-Litovsk region fighting is proceeding in the region of the Jabinka station. In the Vladimir-Volynski region the enemy attempted to cross to the right bank of the western Bug, but his attempts are being frustrated. In the Rogalin region (to the southeast of Lemberg) as a result of our attack the enemy was defeated and suffered considerable losses.

On the Crimean front, in the Orskov region, stubborn fighting is proceeding.

Cavalry General Killed. Sebastopol, Crimea, Sept. 10.—General Plew, commanding the first cavalry division of General Wrangel's army, was killed before Kahovka while leading a detachment in a storming attack on the city. Two other cavalry generals were wounded in the same operation.

Warsaw Advance Lines. Warsaw, Sept. 10.—The Polish armies on the northeastern front delivered a series of successful attacks upon the Russians yesterday, and took 1,000 prisoners, four guns and two armored trains. The Polish troops in these operations advanced their lines, occupying Kuznica, just to the south of Grodno, and five other towns. A Bolshevik counter attack was repulsed, and the Poles again advanced, dispersing seven soviet infantry regiments. The communique from Polish headquarters, in which these operations are reported, says there was a change in the situation in the Suwalki sector.

NO REST ON OARS, SAYS DEVONSHIRE

Governor-General on Tour in West, Says Canada Must Keep Stirring.

Edmonton, Sept. 10.—"We should not rest on our oars, nor follow a happy-go-lucky line of conduct, but take our full share and part not only in the development of Canada, but also in world-wide politics," declared the Duke of Devonshire, governor-general, at a Canadian Club luncheon today.

A plea for the unity of purpose that was demonstrated during the war in facing the problems that confront the exhibition today, was made by his excellency. Optimistic on Fuel Situation. He emphasized the vital influence of public opinion in the administration of affairs and the solution of questions and urged its debate by persons well-informed, well-trained and capable of forming mature judgments on questions of the day. It was perhaps too early to lay down a manner in which the problems of the country should be faced, but he could not help feeling a sense of optimism as he could not help feeling optimistic, hopeful and encouraged. Good reports had been received all along the line.

POWER AND RADIAL DEALS BEFORE BUYING STREET RAILWAY OUT

Negotiations Are Definitely on, and the Amount Asked by Mackenzie Syndicate Is Between Thirty and Thirty-Five Million Dollars—Drury Will Not Interfere With the Transaction.

There is certainly something doing in the way of purchase by the Hydro commissions of the Mackenzie power, light and radial interests; later on to be followed by a deal between the city and the Mackenzies for the Toronto Railway Co.'s street car franchise and assets, and for the Toronto Electric Light Company's franchise and plants. It is not likely, however, that the city deal will go thru at the same time as the power and radial deal, tho there are persons of prominence in the city who think that nothing would be so satisfactory as a quick deal for everything at a fixed price with immediate possession instead of further negotiations and further delay.

The World gathered enough information yesterday to leave no doubt about close negotiations between the Mackenzie interests and the Beck commission for a change in ownership of the Toronto Power Company, the Electrical Development Company and the three roads owned by the York Radial, and that there is less than two million dollars between the parties. What the exact sum is that the Mackenzie syndicate have asked

FEW DAYS WILL SEE ALL HARD COAL MEN TAKING A VACATION

Miners' Reply to Wilson's Refusal to Reopen the Award.

Scranton, Penn., Sept. 10.—Within three days' time every anthracite mine worker will be on "vacation," according to leaders of the vacation movement. This action, they say, will be the miners' answer to President Wilson's refusal to reopen the award of the anthracite commission, which failed to satisfy the workers.

Enoch Williams, chairman of the joint grievance committee of the Delaware, Lackawanna and Western Coal Company, and also leader of the insurgents in the Scranton district, said that the refusal of President Wilson to reopen the case will result in one of the harshest fought industrial struggles ever waged in the United States.

Will Not Reopen Award. Washington, Sept. 10.—President Wilson, in a telegram today to representatives of the anthracite mine workers in Pennsylvania, refused to grant their request to reconvene the joint scale committee of operators and miners for the purpose of considering a new wage award.

The president declared that when a body of men collectively refrained from working by mutual understanding, however arrived at, it was a strike no matter what name was given it. A majority of the anthracite miners had refrained from work under the guise of taking a vacation, the president said, and he told the committee that he appreciated the earnestness of its efforts to get the men to return to work and commended its stand in support of contract obligations, but in spite of this, he declared his unwillingness to reopen the wage question.

WIN MUSICAL HONORS AT CANADIAN NATIONAL EXHIBITION

From left to right: J. D. Ford, chairman of committee; Mrs. Beatrice Rosalind Bush and Vic'a Bush, first contralto (tied); Clo. Terry, London, Ont., and Jean Haig, first soprano (tied); Master Stanley Otton, first piano; Robert B. Messervey, first baritone; Mae Stalling, secretary of committee; Master Louis Gessenaway, first violin; James Doddington, first tenor.

LOYAL SUPPORT TODAY WILL SET ATTENDANCE RECORD AT EXHIBITION

Victoria, B.C., Sept. 10.—October 20 has been officially fixed as the date for the provincial referendum on the question of the best method to deal with liquor in British Columbia for the future. The voters will be called upon to decide whether the present prohibition act shall be continued in force or provision made for government control and sale in sealed packages of spirituous and malt liquors.

UNIONS FIGHT SHY OF MACSWINEY CASE

President Says British Congress Cannot Discuss "Down Tools" Motion.

Portsmouth, Sept. 10.—During this morning's proceedings of the Trades Union Congress a delegate asked if a reply had been received from the government to the telegram sent by the congress demanding the release of Lord Mayor MacSwiney. The president of the congress answered in the negative and declined to accede to the delegate's request to have the subject introduced, pointing out that the only resolution the congress could pass would be one in favor of a "down tools" policy. This matter, the president declared, was not on the agenda of the congress and, therefore, the congress was not competent to discuss such a resolution.

FIRE RANGER AIDED HIM TO GET PERMIT FROM GOVERNMENT

Witness at Timber Probe Told How Easy He Got Limit.

More sidelights were thrown on the methods in vogue in the department of lands, forests and mines, under the Ferguson regime, at yesterday's sitting of the Rideau-Latchford commission. One witness, W. B. Bigwood, a lumberman of Byng Inlet, testified that he secured without competition 405 square miles of timber lands in Hayward township in 1919, after negotiations between himself and the former minister, Howard Ferguson. The minister's permit had been granted and afterwards E. Bliss, a lumberman of Byng Inlet, testified that he secured without competition 405 square miles of timber lands in Hayward township in 1919, after negotiations between himself and the former minister, Howard Ferguson.

ELECTRIC PURCHASE NOT CONSIDERED YET

If Mackenzie Interests' Price Is Right Negotiations Can Commence.

Premier Drury said yesterday that the purchase of the Mackenzie power and radial interests by the Hydro-Electric Commission has not yet been brought before the government. He thought if the price was all right consideration could be given the question at once. The radial end of the deal was a minor matter; the principal was not involved. The attorney-general said: "The radial are only the tail end. If Mackenzie is not asking too high a price I think the purchase should be satisfactory all round and simplify the acquisition of the Toronto Railway."

TRADE COMMISSION WILL END WORK IN NOVEMBER

Ottawa, Sept. 10.—(By Canadian Press.)—The work of the Canadian trade commission will, it is expected, be wound up about the middle of November, the last shipments of goods handled by the commission going out of Canada via the St. Lawrence before navigation on that river has closed. At the present time, much of the commission's work is devoted to clearing up the business which has already been arranged for.

Silver Ingots From Germany Stopped by Customs Guards

Sarreguemines, France, Sept. 10.—An automobile containing 900 pounds of silver ingots in a false bottom, en route from Germany to Strasbourg, was stopped by customs guards at the frontier last night, it became known today.

BRITISH MINERS STAND BY CLAIMS; GOVERNMENT FIRM

No Solution of the Coal Crisis May Be Expected in Near Future. Active Preparations are Being Made to Deal with a Strike Situation, Should it Arise.

Will Be Loyal to Comrades. Portsmouth, Eng., Sept. 10.—Yesterday's conference at London between Sir Robert Horn, president of the board of trade, and the miners' leaders, held in an effort to end the coal crisis, was discussed at length here last night by the miners' delegates to the trade union congress, and by a sub-committee of the "trip's alliance" of labor.

This morning, James Henry Thomas, as president of the congress, stated that the miners had nothing to add to the statement they expressed to the government yesterday to the effect that the government's offer did not change the situation or afford any hope of settlement.

In a speech here tonight, C. T. Cramp, secretary of the National Union of Railwaymen, declared that the miners were fighting the battle of the working classes. "Therefore," the speaker said, "we are prepared to stand by them. In whatever way the test may come, the railwaymen will not be found wanting in loyalty to their comrades."

PARIS POLICE PROBING OLIVE THOMAS' DEATH

Sinister Rumors of Cocaine Orgies and Champagne Dinners Afloat in American Colony Now Being Investigated.

Paris, Sept. 10.—The French police have begun a thoro investigation into the death of Olive Thomas, an American moving picture actress, who succumbed this morning to poison, taken, it is said, by mistake, several days ago. The authorities have issued a permit for the embalming of the body of Miss Thomas, but as yet have not sanctioned its shipment to the United States on board the steamship Mauretania, sailing from Cherbourg, Sept. 15. Investigation also is being made by the police of sinister rumors of cocaine orgies, intermingled with champagne dinners, which lasted into the early hours of the morning, and have been afloat in the American colony and among the habitués of the French cinema world during the past week.

OVERCOAT PROBLEM EASILY SOLVED

You can solve your overcoat problem at Dineen's, 110 Yonge street. The overcoat department is the pride of the store. Early last summer the buyer made purchases of cloth from England and Scotch mills which cannot now be duplicated. These cloths are exclusive in patterns and colors. The coats are made to order, the latest London and New York models—they are the real swagger style demanded by the up-to-the-minute young men. Every coat will give a personality to the wearer that places him away and above ordinary tailoring. The Dineen overcoat department is the place to visit when you want an overcoat that is different and yet at a price that you can afford. All the Fall styles now opened up at Dineen's, 110 Yonge street.

REPUBLICAN FUND PROBE CONTINUES

Widely Divergent Views as to the Result Thus Far Are Expressed.

Chicago, Sept. 10.—Investigation in Chicago tomorrow of the Republican campaign to raise funds will complete the senate committee's inquiry here into the charges of Governor Cox, that the Republicans were seeking to corrupt the electorate by soliciting \$15,000,000.

The committee plans to meet again Sept. 22, in some eastern city. The Democratic members want to go to New York and pursue the investigation of the Cox charges there, while the Republicans favor removing the committee to look into reports that the liquor interests are taking an active part in the Democratic nominee's campaign.

EAST ELGIN FIGHT WILL BE SPIRITED

(Continued From Page 1).

Stansell Makes First Speech. Mr. Stansell, in his opening speech, immediately following Mr. McKnight's announcement that he came to the meeting with the express intention of withdrawing in favor of Mr. McKnight, and Mr. McKnight's withdrawal in his favor had placed him in an awkward position. But he, Mr. Stansell, was "oppressed with a strong sense of duty," and it was "hard to say no" to the withdrawal.

Mr. McKnight, in withdrawing, remarked that if the election was to be won there would have to be hard work done. Everybody must put his shoulder to the wheel.

Sir G. Foster Raps Farmers. Sir George Foster went perhaps a trifle stronger in his denunciation of the United Farmers when, after vividly suggesting the horrors of what the success of the Winnipeg strike would have meant in the subversion of "responsible" government, he declared: "Soviet, Bolshevik, miners, farmers—it doesn't matter which, one is almost as bad as the other."

Mr. Stansell, winding up the speeches, proceeded to make it clear that he had some sympathy with the United Farmers' movement. Farmers, he declared, had as much right to organize as any other class, but it was an admission of weakness when the farmers' class had to create a party to maintain their interests.

Mr. Stansell was applauded when he declared he wanted a clean campaign, whether he won or lost.

Absence of Flag-Waving. The meeting was conspicuous for the absence of flag-waving. There was no intention and had anything to do with the addition of the prefix "National" to the re-born party name, was not clear.

A resolution moved by R. Lindsay approved of the selection of Hon. Arthur Meighen as party leader. The resolution, which was adopted, pledged allegiance to the principles of conservatism.

Another resolution, moved by Walter Goodman and seconded by Samuel Dawes, declared approval of the policy and platform of the National Labor and Farmers' party and credited the "comparative absence of economic unrest in Canada as largely due to the tariff policy inaugurated by Sir John Macdonald, Dr. Michael Steele, M.P. for South Perth, said never since any period of Canadian history any body of men striven harder to give devoted support to carrying on the nation's government than the United Farmers during the war. And no men in that government had given more faithful service than the Liberal Unionists.

Says U.F.O. Needs Reviving. As for the United Farmers of Ontario, a party which comes up to govern the whole country, the government is a party with the name of a class. This was a mistake which would prove fatal to any class farmers, government and vocational training. Canada had done more than any other country for her war heroes, he said.

He pointed out how the national debt incurred with the authorization of the Canadian people to win the war, the government had imposed additional taxes it possibly could, including outrageous taxes like the luxury and sales taxes. Also it had reduced taxes on 30 per cent. on all dutiable goods to 22 per cent. and the opponents of the government claimed no tariff relief had been given.

Warns About Soviet. The "strange strike" in Winnipeg was not a strike. It was a revolution. It was surprising how the same sentiment was growing in Canada, the United States and in fact all over the world. This was not a time for agitation. It was a time for steadiness. He appealed to the women voters. He was sure the women of Canada would not stand for any alien possession of Canada or loss of British connection. They would not stand for revolution, the Russian system or the Soviet. And the Winnipeg strike was an attempt to put the soviet government in force. If it had been successful all western Canada would now be in civil war.

CARONIA'S FAST TRIP. Halifax, Sept. 10.—The Cunard liner Caronia arrived here today after a run of five days and 12 hours from Liverpool. She had 1,800 passengers on board, 28 of whom landed here, the remainder going on to New York, for which port she sailed tonight.

FEDERAL REVENUE SHOWS BIG GAIN

Ordinary Expenditure for Five Months Has Also Advanced Sharply.

Ottawa, Sept. 10.—(By Canadian Press).—Receipts from inland revenue, as a result of luxury and other special taxes imposed, have taken a big leap forward. For the five months closing with the end of August receipts from inland revenue were \$20,885,859; during the corresponding months of 1919 they were \$17,774,401. For the month of August alone inland revenue receipts were \$5,807,114; in August, 1919, \$1,633,840.

The figures appear in the monthly statement issued by the department of finance today. For the first time the statement gives details both of ordinary revenue and ordinary expenditure. For the five months ending August 31, ordinary revenue and ordinary expenditure compare as follows:

Ordinary revenue, \$183,527,579 \$132,336,719 Ordinary expenditure, 125,675,321 97,579,339

In explanation of the heavy increases in ordinary expenditure, it is explained that this year's figures include the first interest payment on the last Victory loan.

RORKE PEEVISH OVER EXCLUSION

Not Allowed to Reach Ireland, He Will Complain to U. S. Authorities.

New York, Sept. 10.—Assistant District Attorney Alexander I. Rorke, who returned from Europe today on the steamer Adriatic, said he intended to take up with Secretary of State Colby the refusal of the British government to permit him to go to Ireland. Mr. Rorke sailed on the Baltic at the same time as Archbishop Mannix, and said he had planned to go to Ireland to meet his wife and mother-in-law, prior to a tour of Ireland, Belgium and France with them.

A number of citizens of the United States, he said, were put to much inconvenience because the liner was diverted to Liverpool, and not permitted to touch Queenstown, a port to which they had booked. When he learned of this change, Mr. Rorke said he filed and paid for two wireless messages one to the representative of a New York newspaper at London, and the other to Mr. Davis, United States ambassador to Great Britain. The next day the money was returned, he said, and he was told the messages could not be sent. A message to his wife, however, was sent. The wireless messages raised the question of the inconvenience to other citizens of the United States were put, he explained.

SLOW IN BUYING GERMANY'S DYES

Canadian Manufacturers Balk on Purchases, Tho Shipments Reach U. S.

Ottawa, Sept. 10.—(By Canadian Press).—Canadian manufacturers apparently are not eager to buy shipments of German dyes, in spite of the fact that a large shipment of these dyes to the United States was reported stolen some time ago.

The Canadian trade commission some time ago arranged with the German government for a quantity of dyes which were to be allocated to Germany to Great Britain under the peace treaty. At that time a number of Canadian manufacturers indicated that they would purchase these dyes if they were given the opportunity. Now that the opportunity has arrived, however, several Canadian manufacturers have declined the offer and said they are no longer in the market for them.

Officials' Explanation. Officials of the Canadian trade commission state that this is probably due to the fact that the manufacturers have become used to substituting for their own dyes and do not wish to change back to the German dyes. However, there is a large quantity of German dyes available, and the commission which now has them on order, is open for orders from Canadian manufacturers.

HOLD RENT INQUIRY; NO ONE ATTENDS

Unexpected Situation at Winnipeg—Rental Agents Claim Charges Nominal.

Winnipeg, Sept. 10.—No one took advantage of the opening of the rent to the fact this morning by the joint council of industry. There was nothing in the afternoon mall of the council either. Rev. D. D. Solandt, announced tonight.

It is believed by members of the council that publication of facts in profiteering landlords actually are causing a social and moral disaster and would cause to cut rents, without necessity of legal action.

The local rental agents and real estate men all asserted impartial investigation would prove rents charged were not excessive.

Twenty Indians Die at Ile La Crosse, Sask. Prince Albert, Sask., Sept. 10.—That twenty deaths from typhoid fever have so far occurred among half-breeds and Indians at Ile La Crosse, is the news brought here today by James H. Broughton, manager of the Hudson's Bay post there. He says that the situation is most serious, as there has been no medical help.

GUELPH REVERES TIME ON SUNDAY

Action Requested by Labor Men—Appointment for J. A. Lillie.

Guelph, Ont., Sept. 10.—(Special).—In compliance with the request of a large number of working men and after consulting the members of the city council, Mayor Westoby has caused a proclamation to be issued terminating the daylight saving time, which has been in operation since May 15 last, at midnight on Sunday night, and reverting back to standard time.

J. A. Lillie, chief clerk in the customs office, received a message from the customs department at Ottawa this afternoon, appointing him acting collector at Guelph during the illness of Collector George J. Thorp, who is confined to the General Hospital with a broken leg.

Geoffrey Gallagher, who was supposed to have stolen the Ford car belonging to George Watson of Elora, from Macdonell street last Saturday, but who succeeded in eluding the police at Acton soon afterwards, was arrested at noon today at Guelph. He was brought before Magistrate Walton on the charge of theft of the car. He pleaded guilty to the offence and was sentenced to a year at the Ontario Reformatory at Burwash. His excuse was that he wanted to go for a joy ride, but expected to be back before the owner wanted to go home.

BRANTFORD TO BE GAS LINE CENTRE

Dominion Natural Gas Co. Establishes Head Offices—New Bus Service Is Started.

Brantford, Ont., Sept. 10.—(Special).—The headquarters office of the Dominion Natural Gas Company and the Southern Ontario Pipe Line Company and other subsidiary lines, will be established in this city on Saturday, Oct. 1. C. C. Roberts, superintendent, and George F. Brown, assistant, have taken up their quarters here. The changes which if adopted would mean the disruption of confederation and the doing away with the constitutional form of government. They are in favor of the formation of a federal, provincial and municipal governing bodies, elected by universal male and female suffrage, to reach the industrial republic, the dissolution of confederation and the co-operation with the British labor party, the Russian Soviet republic and other classes of workers.

The idea even invades Quebec. The minister observed that the literature favorable to the soviet system was first circulated in the western provinces during 1918 and 1919. The movement came eastward to Ontario, and to some extent invaded Quebec province. As proof that there is considerable activity in these lines in Quebec at the present time, the minister produced a copy of the declaration of principles of the Quebec Independent Socialist party.

The minister declared in favor of changes which if adopted would mean the disruption of confederation and the doing away with the constitutional form of government. They are in favor of the formation of a federal, provincial and municipal governing bodies, elected by universal male and female suffrage, to reach the industrial republic, the dissolution of confederation and the co-operation with the British labor party, the Russian Soviet republic and other classes of workers.

FAKE O.T.A. OFFICERS TAKE MAN'S WHISKEY

New Germany Farmer Tells of Encounter With Three Armed Liquor Thieves.

Kitchener, Ont., Sept. 10.—(Special).—A farmer named Reinhardt, of New Germany, near here, and the county police are at present looking for three men who visited Reinhardt's farm in the small hours of this morning, and robbed him of his store of whiskey while the farmer was asleep. Reinhardt claims the methods followed by the liquor thieves were O.T.A. in disguise. They claimed they were O.T.A. officers and had warrants to seize his stock of whiskey. Reinhardt told them he was a farmer, and they left his liquor back by the roadside. He became suspicious when one of the trio started to remove the air from the tires of Reinhardt's auto. Reinhardt grabbed the man but was promptly stopped by a revolver placed in his head. He claims he recognized one of the three and has his suspicions of the identity of the others.

P. C. Farrell of the local police force after a search arrested three suspicious looking drunks behind a bill board on Foundry street north here this afternoon. The plucky policeman, while in the midst of the fracas, commanded a passing taxi and after receiving a few minor bruises succeeded in landing the trio. It is believed one of them is noted crook, who has been arrested on a charge of his finger prints will be forwarded to the authorities at Ottawa.

WIGMORE TO BEGIN CAMPAIGN ON MONDAY

St. John, N.B., Sept. 10.—Hon. R. W. Wigmore, minister of customs, will begin his campaign for the by-election in Albert county. The minister will speak at Hillsboro Monday evening and at Albert on Tuesday evening, returning to this city Wednesday. Hon. Arthur Meighen, premier of Canada, will speak in St. John in the interests of Mr. Wigmore's campaign, either Thursday or Friday of next week. It is expected that Hon. C. C. Ballantyne, minister of marine and fisheries, will accompany the premier.

FLYING IN THE ARCTIC.

Wrangell, Alaska, Sept. 10.—Plane No. 4 of the United States army's aerial expedition, returning to New York after a flight to Nome, arrived at Wrangell Island, 10 miles from Wrangell late yesterday. Lieut. Ross Kirkpatrick, pilot, said he expected to make Hazelton, B.C., today.

Three other planes of the expedition encountered fog yesterday in attempting the flight from Whitehorse, Y.T. to Glenora, and were forced to return to Whitehorse. They will try to reach Glenora today if weather conditions permit, according to advice here.

LABOR DEPARTMENT DEFENDS PAMPHLET

Gideon Robertson Tells Why Paper on Soviet System Was Issued.

Ottawa, Sept. 10.—(By Canadian Press).—Some criticism by certain Canadian newspapers of the action of the department of labor in issuing a pamphlet containing information respecting the Russian soviet system and its propagation in North America, was commented upon this evening by Hon. G. D. Cook, minister of labor, in conversation with a representative of the Canadian Press, Limited. "We expected some criticism," said the minister, "but we do not object to reasonable criticism, but we must take exception to statements that are not in accordance with the facts."

Counter-Propaganda. The motive behind the issuance of the pamphlet, the minister explained, was to meet the criticisms which had been appearing in the press for months to the effect that the government should do something by way of counter-propaganda to offset the propaganda being done by the radical and revolutionary literature being distributed throughout the country. "We felt," he said, "that there was probably some considerable active criticism, and in consequence the pamphlet was prepared."

Mr. Robertson took exception to the idea propagated in some criticisms that the department's purpose in issuing the publication was to supplement the formation of the soviet system in this country and that the minister in the speech made by him at Stirling, Ont., on August 11, the pamphlet, he declared, had been prepared weeks before the prime minister's speech was delivered.

Another unfair criticism, the minister said, was that the Labor Gazette was being used for propaganda purposes. This was entirely untrue, he stated, and the pamphlet in question was not printed in the Gazette, or issued as a supplement to that publication.

Idea Even Invades Quebec. The minister observed that the literature favorable to the soviet system was first circulated in the western provinces during 1918 and 1919. The movement came eastward to Ontario, and to some extent invaded Quebec province. As proof that there is considerable activity in these lines in Quebec at the present time, the minister produced a copy of the declaration of principles of the Quebec Independent Socialist party.

The minister declared in favor of changes which if adopted would mean the disruption of confederation and the doing away with the constitutional form of government. They are in favor of the formation of a federal, provincial and municipal governing bodies, elected by universal male and female suffrage, to reach the industrial republic, the dissolution of confederation and the co-operation with the British labor party, the Russian Soviet republic and other classes of workers.

HONOR IN DEATH MOTOR VICTIMS

Pathetic Scene in New York When Children Are Borne to Cemetery.

New York, Sept. 10.—Over on New York street today—between the rushing traffic on Broadway and the Hudson waterfront—was for the repose of the souls of two little playmates, who were killed in a children's funeral. Boys' bodies of the same sturdy youngsters fresh from street games bore the casket.

Then the bodies of seven-year-old Jimmy and Howard Schumann, who were killed last Tuesday by a runaway automobile in the congested district, were carried at the head of a children's cortege to their final resting places, side by side in the same cemetery.

A squad of New York policemen marched ahead, and Traffic Policeman Rowliff for five years guardian of the bustling corner near where Jimmy and Howard were killed—stood at salute while the column moved past.

NICKY ARNSTEIN NOT WORRIED OVER TRIAL

New York, Sept. 10.—Julius W. (Nicky) Arnstein, central figure in New York's \$5,000,000 bond theft plot, today hung carelessly over the long table in Special United States Commissioner's courtroom and seemed bored, while his counsel fought to have bankruptcy proceedings against him adjourned once more.

He is represented by surety companies for financial institutions in the Wall Street district to be worth a cold million, continually has refused to answer certain questions, even after directed to do so by the federal court, claiming his "constitutional rights" not to testify when it "might tend to incriminate him."

Federal Judge Mantou gave Arnstein's counsel until tomorrow morning to place papers before him on a request this afternoon for a stay of the bankruptcy proceedings, pending appeal adjudging "Nicky" in contempt.

CROWS KILL JACKRABBIT.

An Oregon farmer tells of an incident which he witnessed on his place the other morning, wherein fifteen crows attacked and devoured a jack-rabbit, thru hunger. The farmer was in a field when he was attracted by the loud cawing of the crows. Looking up he saw the birds right behind the rabbit, which was traveling about ten feet at a jump. Finally one of the crows alighted on the back of bunny, and after he had gnawed about fifty feet he heeled over, not being able to pack the excess baggage. Once on the ground he was pounced upon by all the crows, which he picked his bones clean in short order.

MANITOBA'S TIMBER.

The land in Manitoba covered with saw-timber has an area of 1,920,000 acres, containing about 7 billion feet, board measure. Spruce forms about 93 per cent. of the lumber sawn.

METAL WORKERS ARM THEMSELVES

Efforts Being Made to End the Movement in Italy.

Milan, Sept. 10.—Members of the Socialist group in the Italian parliament, leaders in the General Confederation of Labor and representatives of the Federation of Metal Workers conferred here yesterday with delegates sent to Milan by the employers of labor. These interviews and discussions, which occupied the entire day, seemed to reflect a desire on the part of the contending forces to bring about a compromise, which would solve the anomalous industrial situation throughout Italy.

All the contending parties have reported to Signor Luogino, prefect of this city, who seems to realize the confidence of both sides. The prefect has held long interviews with Deputy Olivetti, secretary of the General Confederation of Employers; Professor Riva, of counsel for several industrial unions, and Senator Conti, a leading industrial magnate, trying to convince them it is to their interests to reach a compromise, which would perhaps satisfactorily to both sides in all details, will prevent each of the opposing forces from standing in the place of victor or vanquished.

Signor Luogino has pursued the same work of persuasion with socialist Deputy Dragone, Branchi and Buffi, who are relatively moderate, and also with Deputy Genari, secretary of the Socialist parliamentary group, who is among the extremists.

FIVE CENT SERMONS METHODIST PAY

Analysis of Yearly Statistics Church Building Boom Is On.

Canadian Methodists pay their preachers at a rate of five cents a sermon for each church adherent. This has just been discovered at the general conference offices, Toronto, thru an analysis of the yearly statistics in preparation for the coming meetings of the mission boards of the Methodist general conference.

One general conference officer, who is an ordained preacher himself, said satirically: "Wonder Methodist preachers look hale and hearty. Surely the members have a right to demand better sermons."

For church purposes last year Canadian Methodists raised \$9,686,888 in actual cash in addition to pledges of future contributions. This, conference officers conceded, is "pretty good."

Canadian Methodists are having a church building boom. Reports received at the general conference offices, Toronto, show that a new Methodist Church is dedicated somewhere in the Dominion every two weeks. This rate was slightly exceeded during the past twelve months.

Toronto conference is reported to have a membership of 69,898 Methodists in the church rolls, an increase of 1,910.

Hamilton Methodist conference has the next largest total of 58,274 members with a reported increase of 796.

Aggregate Membership. The latest available figures give the present aggregate Canadian Methodist membership as 378,972.

Newfoundland Methodist conference is also in the Canadian general conference and has a further membership of 13,455.

It is estimated that Rev. Dr. Chown superintends over two hundred thousand Methodist families or a total of about one million Methodists church attendants, counting five for each family.

Rev. Dr. S. D. Chown, general superintendent of the Methodist Church in Canada, has received a letter from Sir Robert Perks, announcing that great progress is being made towards church union by the three leading Methodist denominations in England.

Sir Robert Perks expresses pleasure in his letter to Rev. Dr. Chown that at last the various divisions of Methodism in England are making good progress towards Methodist union, which has proved so great a success in Canada.

The letter states that a scheme of union, similar to what was adopted in Canada, was prepared by a united committee of two hundred and twenty representative members. This scheme has just been presented to the three chief Methodist divisions and adopted by the respective conferences by overwhelming majorities.

During the next few months it is to go to the membership for ratification by their local district boards. The amalgamation is expected to be a prelude to the great world Methodist conference to be held in London, England, next September.

FIRE MARSHAL PROBES YONGE STREET BLAZE. Testimony yesterday before Fire Marshal Heaton at the city hall in the investigation into the cause, origin and circumstances of the fire which occurred last Saturday at the premises of Levitt Brothers, furriers, 245 Yonge street, Harry Sutherland, manager of the Bank of Nova Scotia, Queen and McAlan streets, stated that to his knowledge the Levitt Brothers had even insurance policies covering the fire risk on their stock at the time of the fire. He stated that these exceeded the amount of last year's insurance by the firm by \$3,500.

FREQUENT HEADACHES A Sure Sign That the Blood is Watery and Impure. People with thin blood are much more subject to headaches than full-blooded persons, and the form of anaemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin, and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undernourished, and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Company, Brockville, Ont.

COMING SHOWS AT TORONTO THEATRES

Sinbad at the Royal Alexandra—The Moffats at the Princess.

"Sinbad" at the Royal Alexandra. "Sinbad," and its cargo of joy, will arrive with Al Jolson as captain of the jolly crew. This most popular of the world's entertainers will begin an engagement, limited to one week, at the Royal Alexandra commencing Monday evening next. Not in years has the merry Mr. Jolson been seen in Toronto, and he comes here with "Sinbad," the most successful of all his productions. Needless to say, "Sinbad" is a New York Winter Garden production, with the usual big New York Winter Garden cast and chorus.

"Sinbad" is a travesty based on the "Arabian Nights" story. It is in two acts and fourteen scenes.

"Sinbad" was produced under the personal direction of Mr. J. J. Shubert. Other than Al Jolson, this extravaganza has a brilliant array of talent. The feminine members of the cast are: Helen Ely, Leah North, Sue Creighton, Clara Carroll, Elsie Eckert, Margaret Mack and MaBelle, the famous dancer. Among the male members of the cast are: Franklin A. Eastle, Francis Lieb, William Burns, Eddie Lynn, Samuel Critcherson, George Thornton, William Dum and Lawrence D'Orray, well-known former legitimate star. Al Goodman, composer and top-notch leader of popular music, is the director of the large special orchestra accompanying Al Jolson and "Sinbad."

The Moffats Next Week. Coincident with the arrival here of Mr. and Mrs. Graham Moffat, playgoers will have an opportunity of seeing the new production, "Don't Tell," the new Scottish comedy, interpreted by the original Scottish cast and in the scenic environment of the original production, all of which have been brought intact from Glasgow by Mr. William Morris, who is known throughout the world as the manager of Sir Harry Lauder's tours.

Mr. Moffat's newest piece, "Don't Tell," is described as a Scottish comedy of Glasgow life. It is concerned chiefly with a local plumber who is quite suddenly and unexpectedly elected to the magistracy. Yielding to the demands of his family, he consents to hold a private rehearsal of the duties he will be called upon officially to perform as the bailie. During the mock trial it develops that the eldest daughter is really concerned in a matter which seriously concerns the entire family, and each in turn attempts secretly to furnish the money for the girl's release without jeopardizing the dignity of the new bailie's position.

It is from this premise that Mr. Moffat has developed the complications and suspenseful interest in his comedy. Besides Mr. and Mrs. Moffat, Miss Eva McRoberts, Miss Grace Margaret Noble, Miss Marie E. Stuart, Miss Madge McKintick, Miss Margaret Dunsmore, and Messrs. George Tawde, Nell McNeil, Glyne Campbell, J. Wright, Alken, and Wee Willie.

"Lightnin' is Coming." The scenes of "Lightnin'," the famous comedy success which will be presented at the Princess Theatre for a week, beginning Monday night, September 27, are laid on the California-Nevada border. The small hotel which figures prominently in the story enjoys a sudden rush of business when divorce candidates discover that they can establish a Nevada residence by living in one end of the inn, while receiving mail in the other, in California end. Milton Nobles heads the cast, which Producer John Golden is sending to Chicago, and which has been booked in a few cities en route.

"Take It From Me" will be presented at the Royal Alexandra, week of September 20, for one week's engagement with Wednesday and Saturday matinees. The original New York company of seventy will be seen, which includes John Hennings, Dick Mack, Alice Hills, Marjorie Sweet, Helen Gardner, Beatrice Bradner, Harry Burnham, and the Gardner Trio. "Take It From Me" was written not as a problem play, but as a laugh producer, that is why it has succeeded; it makes one forget his troubles.

At Loew's Next Week. "Sand" featuring Wm. S. Hart, at Loew's Yonge Street Theatre and Winter Garden next week, contains all the elements of a stirring western drama of the desert country. But the title also implies the quality in a man's make-up which is variously termed "sand" or "grit." "Sand" will afford the most delightful entertainment for those who like pictures with plenty of action and plenty of romance. An all-star vaudeville bill presents, Five Musical Buds, Bobby Henshaw, "The Uke Kid," Hunter, Randall and Senorita, "On the Border Line," Frank and Grace DeMont, in brilliant musical bits, the LeRoy Sisters, music, harmony and style, and Bohn and Bohn, in spectacular feats of equilibrium.

Variety at Pantages Theatre. Everybody loves to laugh at the rube comedian, and everybody will laugh long and heartily when they see Charles Althoff as "The Sheriff of Hicksville," at Pantages next week. But the unlettered countryman is not the only role possible to Althoff, because he is an accomplished violinist as well. And speaking of music, "The Evolution of the Banjo" is the title of the characteristic study presented by those veterans of the vaudeville stage, Howard and Ross. The newest of songs and the most masterful playing of the piano by the Casson Kirk Trio will delight all the lovers of melody. Singing, dancing and repastee constitute the rollicksome offering of Lapine and Emery. "Gems From Grand Opera," with their true majesty, will be given by the Imperial Quartet. The Four Bonsettis are accomplished acrobats. Sessue Hayakawa is in the feature picture, "Li Ting Lang."

At the Star Next Week. Beginning with a matinee Monday, Lew Talbot's record-breaking show, Harry Lang and his Lid Lifters opens a week's engagement at the Star Theatre. Ten scenes are distributed in the two acts which make up the show, and one of the strongest burlesque casts ever assembled is presented. Applying to capacity business all over the circuit, this show has been playing termed the "Peek-a-Boo" of the American wheel, and it is safe to pre-

dict a highly diverting entertainment during its engagement.

Romance At the Strand. Now and then in this world, June does marry December, despite the shrugs and insinuations of a great many people. This is what Feodora, played by Alma Rueben, the beautiful Spanish girl in "The World and His Wife" did and because Don Julian, her husband, was wealthy, her friends believed that she had married him for his money. It was not true. She loved him. Soon after his marriage Don Julian took into his house a young writer, Ernesto by name, and while he was busy with his affairs, Ernesto and Feodora were much together. What more would be needed to set the cruel, lying tongues wagging and bring trouble and disgrace to a happy home. Thru the hot passionate life of Spain the story of Feodora's search for happiness will find its way at The Strand next week.

"Town Scandals" At Gayety. Among the recent high class burlesque productions there is none destined to greater or more deserved popularity than "Town Scandals," burlesque of the most artistic and greatest sensation-booked to appear at the Gayety, next week. "Town Scandals" viewed from every standpoint is without a doubt the most artistic as well as one of the kind now touring the Columbia Burlesque Circuit. Its roster is headed by George A. Clark and Ethel Ed by George A. Clark and Ethel Ed.

The cast includes Charles Eaglin, Norman Hanley, Ray Harvey, Billie Cochran, Louise Southern, Helen Hudson and Olga Hudson. There are many agile and light tripping chorus girls. All the girls are pretty, of course, but some of them are prettier than others, naturally. Several of them are the prettiest.

At the Regent Next Week. Very learned societies listen to very able treatises concerning the care of those unfortunate children who are born to parents who are not married. It is not a treatise by any means, but the dramatic, gripping life-story of such a girl that will be presented at the Regent Theatre next week in "Lady Rose's Daughter." No less a novelist than Mrs. Humphrey Ward is the author of "Lady Rose's Daughter," which was very successful, appealing to her readers as the passion of Elsie Ferguson. It offered an unrivaled opportunity to present a picture of strong emotions thru the music.

In the spring of this year, Miss Milne, in an endeavor to induce the best of the world-famous group of the islands to come to North America. It was Miss Clemens' ambition to present truly to the people of Canada and the United States the peculiarly beautiful melodies that are played during the twilight of every evening in the music-loving Hawaiian homes. She wished to bring to Canadian ears an American melody in all its native purity of harmony, without any of the syncope of the music hall of the western world.

Miss Clemens was successful. Six of the most wonderful musicians of the islands consented to come with guitar, ukulele, steel guitar and mandolin. Motion pictures of the beautiful islands will add to the effect of "A Night in Hawaii" each evening of next week, with the exception of Friday. The seat sale opens Monday morning.

Motor to the Oakwood. Motoring to the Oakwood is fashionable in the city, and it is not only a good photograph to see, always, but there's also parking space for the car, and this adds to the Oakwood's appeal. "The Fighting Chance," Robert W. Chamber's great novel, and commencing on Monday, Mitchell Leavelle appears, "Edging Spruce." The big-heartedness and the manliness of this star makes him a favorite with everyone. In this story he excels. There are other features as well as the music by the Oakwood orchestra.

At the Alhambra. Constance Talmadge is featured in a remarkably clever photoplay at the Alhambra today—"The Perfect Woman." Those who delight in her interpretation of wonderfully exact characters will thoroughly enjoy this production. Commencing on Monday the Alhambra will present "The Prince Charming." Of all the great romantic stories to be produced for the screen, this is surely one of the greatest. Thomas Meighan plays the lead and is assisted by a number of players, including Lila Lee. The picture is a most pleasing entertainment and will bring a throng to the hearts of those who see it.

The Great Blackstone. Blackstone, the clever magician, who made his first appearance before the Toronto audience at the Grand Opera House, is returning to the city next week and will present a varied bill of black and white magic, illusion, card manipulation, spiritualism and levitation. His work is connected to be in a class with the master magicians of the times, and in several lines, especially card manipulation and conjuring.

The coming of a magician always arouses interest, for the performance appeals to the young as well as the old. With a Blackstone performance, mirth, as well as mystery, enters into its make-up, and the magician himself is no small factor in the laugh-making. His rapid-fire line of pleasing patter humor, and not infrequently the startling and surprising results of his feats produce what the stage knows as riots of laughter. During the week at the Grand matinees will be given on Wednesday and Saturday.

Gus Hill's Minstrels. Gus Hill's Minstrels, coming to the Grand Opera House week of Sept. 28, and the organization this season is said to be one of the best companies of burlesque artists before the public. It is a real old-time minstrel show, full of novelty and amusement. The sale of seats opens Monday morning.

CHARGE MURDER OF AUNT. Ottawa, Sept. 10.—David St. Jean, Gracefield, appeared before Magistrate Miller, in Hull police court on a charge of having murdered his aunt, Miss Philomena Lafond, at Cherry Lake, near Gracefield on August 15. St. Jean pleaded not guilty, and was committed for trial at the criminal assizes.

You are not experimenting when you use Dr. Chase's Ointment. It relieves at once and gradually heals the skin. Sample box on the circuit. This show has been playing termed the "Peek-a-Boo" of the American wheel, and it is safe to pre-

REGRET DETENTION HOME INADEQUATE

Work of Juvenile Court is Considerably Hampered, Report Declares.

"This organization, it will be seen, embraces practically all the features of an up-to-date juvenile court," says the bureau of municipal research, which yesterday issued an interim report concerning the work of Judge Mot's court. It sets forth that Toronto was one of the first cities to establish a children's court, and its quarters have now been greatly improved by the provision of a room in the new registry office.

"It is to be regretted," the report says, "that the excellent work of the nature is handicapped by the lack of a suitable detention home, where cases could be placed for observation and the work or diagnosis completed, or where children could be committed for short periods of detention under proper correctional influences."

The bureau recommends that the use of the present detention home be discontinued at once and that suitable quarters be found in another section of the city, providing accommodation for both boys and girls, an including:

(1) Adequate day quarters and playground facilities; (2) Facilities for segregating the various types of children, particularly the feeble-minded; (3) Study rooms.

WAR MEMORIALS SUIT. G. N. Morang, publisher, has entered action at Osgoode Hall against Paul G. Konody, the director of the Canadian War Memorial paintings' exhibit at Exhibition, and against Percy Godenath. He asks damages and an injunction restraining them from infringing and selling reproductions of Canadian War Memorial paintings secured by an agreement of June 20, 1919, between the Canadian War Records Office and the plaintiff.

WILL TOUR NEW ONTARIO. A number of members of the legislature propose making a tour of New Ontario during the week of September 19. Hon. Benson Bowman, minister of lands and forests, will accompany the party.

Personal Banking Service

---to Professional Men

In your various professions—medical, legal, dental, ministerial—you are accustomed to having your clients consult you regarding their problems. You realize that it is the proper thing for them to do, for few outside of your profession have the knowledge and experience in it which you possess.

Yet do you follow the same principle in your affairs? In financial matters, for instance, do you consult your Banker—the logical financial authority—as often as you ought? No one is better fitted to give such counsel, both from position and experience, than he.

Following its policy of personal Service, the Sterling Bank will gladly render helpful advice of a financial or investment nature, or obtain, if possible, any information you require along these lines which we do not already possess.

Any Sterling Bank Manager will be glad to meet you at any time, in your office or ours.

BRITISH AND FOREIGN MAIL. A British and foreign mail, via England, will close at the general postoffice, as follows: Regular ordinary mail, 6 a.m., Friday, September 17; supplementary ordinary mail, 6 p.m., Friday, September 17; regular registered mail, 11 p.m., Thursday, September 16; supplementary registered mail, 5 p.m., Friday, September 17; parcel post and newspaper mail, 4 p.m., Friday, September 17.

SCARBORO BEACH'S CLOSING. Scarborough Beach closes for this season tomorrow evening. The last dance will be held tonight with an enlarged orchestra, and the final band concert given by the Imperial Concert Band, Sunday afternoon and evening.

WANTS COAL AND FRUIT DOCK. Mayor Church will propose to the harbor commission at the next meeting that a coal dock with facilities for prompt loading and unloading be erected on the water front. He also wants a fruit dock established so that fruit may be brought in from the Niagara district by water in competition with the railways, thus reducing cost and increasing the quantities available.

What Republicans Offer in Place of the League

Senator Harding's mention of putting "teeth" in his proposed reconstructed Hague Tribunal, evokes only jeers from the Democratic friends of the League of Nations. "Political dentists," observes the New York World (Dem.) "will tell him that without a League only false teeth are possible now," and the Richmond Journal's (Dem.) title for an editorial on the subject is "Harding's False-Teeth Proposal." On the other hand, prominent Republican newspapers are enthusiastic over the Republican candidate's plan, the New York Tribune declaring that while the Harding program "promises no millennium, it is definite and affirmative, whereas the Cox program is vague and negative."

So that the public may more fully understand just what is offered by both parties, THE LITERARY DIGEST in its issue of September 11th, publishes an enlightening article, drawn from editorial statements by American newspapers, comprehensive, unbiased, and deeply interesting. Read it and you will be able to vote more intelligently at the coming election.

BASEBALL TORONTO 5 BUFFALO 4 GOLF U.S. 20 CANADA 15 ATHLETICS TODAY AT EX.

GREAT ARGUMENT TO WIN FROM BISONS

Leafs Came From Behind, Ably Assisted by Some Misplays.

The Leafs won a red-hot fixture yesterday when Buffalo opened the final series on the home lot. Misplays by the locals in bad early, and Wise's crew, like real gentlemen, returned the compliment later, with the result that Toronto came out on the right side of a 5 to 4 score.

It was a desperate battle. Duffy had to use 14 players before he got the right combination, and four of these were pitchers. The Leafs entered the sixth round three runs down, and the fans very soon expected these were over.

The Leafs started well with a run in the first when a bad throw let O'Rourke home. Buffalo took the lead in the 3rd. Keating fanned. Bruggy singled to right and was forced at second by Martin.

Martin stole and went to third when Gonzalez failed to cover the bag and Devine's throw went to centre field. Jacob singled to right, Gonzalez going after it but failing to get the pop fly. Martin scored. Barney singled past O'Rourke and Jacob reached third. Barney and Jacob started a double steal and Gonzalez muffed Devine's throw, with the result that Jacob scored.

Two more for Buffalo in the next. Stratton bounced a hit off Hearne's glove. McCarron's second base hit singled third second and Stratton took third. Keating popped to Gonzalez, but Bruggy doubled to right, scoring Stratton and Hearne.

The Leafs scored until the sixth. O'Rourke singled to left after one. Anderson lined to Keating. Gonzalez and Devine walked, and Whitman, who was a pinch hitter for Bader, who had relieved Hearne in the fifth, singled to centre, scoring O'Rourke. Devine overran second and was nipped.

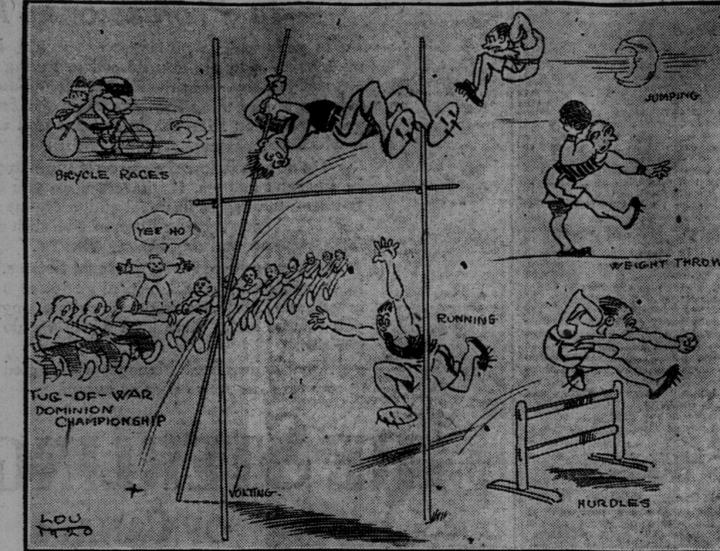

The winning tally came in the eighth. O'Rourke singled to centre. Anderson fanned. Gonzalez walked and Devine's single to right scored O'Rourke. Gonzalez was nabbed at third. Craft pinch hitting for Snyder, walked. O'Rourke bounced off hit of Sargent's glove, filling the sockets. Kraft rannned over McCarron, scoring Devine. Blackburne rolled one to Keating, who instead of making the play at first, slammed Barney and Jacob second which was uncovered. The ball shot out to right field, and Craft legged it home with the winning run.

Can Leafs Make It? Chicago, Sept. 10.—President Hockey of the American Association today completed arrangements for a post-season series of games between the St. Paul club pennant-winners of the American Association race, and the flag-winning club of the International League, which will be either Toronto or Baltimore. The series will open in International League territory Oct. 5, and after four games have been played, the clubs will return to St. Paul for the final contest.

SPORT DAY AT THE EXHIBITION TODAY

FIRST DAY IN WEEK LEADERS UNCHANGED

New York, Sept. 10.—The major league pennant chasers underwent no change of position today for the first time this week. The Brooklyn National League leaders gained three points on Cincinnati and New York, both of whom did not play, while the New York Americans obtained revenge on the Cleveland Indians for yesterday's defeat.

The Indians have a one game advantage over Chicago, which they won from Boston and are only three percentage points ahead of the White Sox. The Yankees are eight points behind Cleveland, and if they win the odd game of the series tomorrow they will possess a half game advantage on the Indians, but by a freak of figures will be one point behind them.

The ability of the Brooklyn Nationals to come thru with a four run rally in the eleventh inning today to win from St. Louis, after trying the westerners in the ninth, shows that the Dodgers are imbued with a fighting spirit that will stand them well in the close race. Brooklyn's fourth straight victory put them a full game, or four points, ahead of Cincinnati, and three games, or 22 points, ahead of New York.

Bill Mumford, first baseman of Moose, is the real batting leader in the Western City League, and wins the medal donated by Vice-President H. H. Roxborough. He is just one point up on "Jackie" Hegan of Hillcrest, who wins one of the prizes of G. F. W. Price, city architect, first vice-president. The second prize of Mr. Price goes to "Mooney" Gibson of Moose. Egan gets one as the most useful all-round man, being second in batting and leading in runs scored.

There will be gala doings at the Island Stadium this afternoon, when the Leafs will wind up their home season with two games with the Bisons, playing at two and four p.m. Over 5000 school boys will be the guests of the Toronto Club and occupy seats in the bleachers.

Montreal, Sept. 10.—Racing today at the Blue Bonnet track was normal, fair fields being carded and there being no expressions of disapproval with the judges' decisions, some of the finishes were close. In a two dollar, show ticket. The provincial nursery, the feature race of the afternoon, was won by Commander J. L. Ross, whose entry of three horses took first, second and third places. He won the race with Thorry Way.

Chicago, Sept. 10.—All members of the Chicago Club of the National League, together with the club officials, have been subpoenaed to appear before the grand jury next week as witnesses in the investigation of alleged tampering and gambling, it was learned today.

Central Y. Handicap Program. Central "Y." summer handicap finals were postponed Thursday evening on account of rain to Tuesday evening, Sept. 14, commencing at 6 o'clock, instead of 5.30, regular time being used. The following are the wind-up events: Seniors—One-quarter mile run, handicap; standing broad jump, handicap; 8-lb. shot, handicap. Intermediates—Half mile run, handicap; standing broad jump, handicap; 8-lb. shot, handicap. Juniors—Half mile run, handicap; standing broad jump, handicap; 8-lb. shot, handicap. The following are the four leaders in each group: Seniors—C. Kelly, 19 points; W. Ward, 16 points; H. Leask, 15 points; C. B. shot, handicap. Intermediates—B. McLean, 25 points; V. Davies, 25 points; V. Snell, 23 points; Bennett, 16 points. Juniors—O. Dougall, 16 points; R. Bennett, 14 points; E. Foulkes, 12 points; Shannon, 12 points.

DODGERS INCREASE LEAD IN NATIONAL

Reds Idle and Brooklyn Wins in Overtime—Tight Fight in American.

At Philadelphia (National)—Pittsburg made it two straight from Philadelphia yesterday 8 to 3. Hubbell was hit hard and supported poorly, except that Williams had one-hand running catch in the fifth robbed Whitted of a home run and was one of the best outfielding performances seen in this city this season. The score: Philadelphia 8, Pittsburg 3. R.H.E. Philadelphia 3 0 0 2 0 0 0 1—3 14 2. Batteries—Cooper and Schmidt; Hubbell and Benzman and Truesdell.

At Brooklyn—Brooklyn won from St. Louis by a score of 9 to 8 in eleven innings, and strengthened its hold on first place. The Dodgers gave Marquard a three-run lead in the first inning when Myers tripled on and scored. Marquard himself on a passed ball. Marquard held the Cardinals to three hits in six innings, one of which was a long homer over the right field wall by Hoyer. He weakened in the seventh when the visitors tripled with men on the run—Wardell, Rigby, R. Wardell, H. Brockbank, Scott, Fraser. Reserves—Butler, Hanson, Pitts, T. Brown, W. Brown. Referee—Syd Banks.

At Cleveland (American)—New York evened up the series by beating Cleveland 8 to 1. Caldwell was hit hard, all the runs being scored off him as Ullie and Maults were effective, each striking out Ruth once. Ruth, however, made his 48th home run of the season when he hit the right field wall in the first inning with a runner on first. The key was effective all the way and made it six out of seven games from Cleveland this year. The score: New York 8, Cleveland 1. R.H.E. New York 3 0 0 0 0 0 0 0—8 12 2. Cleveland 1 0 0 0 0 1 0 0—1 6 4.

At Chicago—Eddie Murphy, batting as a pinch hitter with the bases filled and none out in the eighth inning, made it possible for Chicago to defeat Boston 5 to 3. Murphy grounded to Hoyer, whose throw to Schang forced E. Collins, but Schang hit Murphy in the back in trying to double him first and Jackson and Feligh scored. Molins' throw to the plate was bad and Murphy took third, from where he scored on a double steal with Schalk. The score: Chicago 5, Boston 3. R.H.E. Chicago 0 0 0 0 0 1 1 1—5 7 3. Boston 3 1 1 1 1 0 0 0—3 7 3.

At Detroit—Detroit won both games of a double-header from Philadelphia here, 4 to 0 and 2 to 2, the visitors being out in both contests. Scores: First game: Philadelphia 0, Detroit 4. R.H.E. Philadelphia 0 0 0 0 0 0 0 0—0 4 1. Detroit 1 0 2 0 1 0 0 0—4 10 0. Batteries—Eaton and Perkins; Ayres and Mann and O'Neil. Second game: Philadelphia 0, Detroit 2. R.H.E. Philadelphia 0 0 0 0 0 0 1 1—2 7 3. Detroit 0 0 0 2 0 0 0 0—2 9 1.

At Kitchener—The Beavers and Red Sox staged the fastest played game of the season, the Beavers winning by 8 to 2 in seventy-five minutes. Scores: Kitchener 8, Red Sox 2. R.H.E. Kitchener 0 0 1 0 0 0 0 0—8 8 1. Red Sox 0 0 0 0 0 1 0 0—2 1 0.

At Roslyn—Charles Evans, Jr., Chicago, and Francis Outmet, Boston, each of whom has previously been amateur and open golf champions of the United States, will play tomorrow at the Engineers' Country Club for this year's amateur title as a result of their victory in the semi-finals today. Outmet defeated Robt. T. Jones II, the youthful star from Atlanta, Georgia, six and five, while Evans eliminated Edward P. Allis, Milwaukee, former Harvard captain, 10 and 8.

Outmet and Evans have met but once before in match play. Last year they met in the semi-finals of the National amateur and open titles in 1918, and the only man to have won both championships in the same year. Outmet won the open title when 20 years old in 1913, and was victorious in the amateur championship in 1911.

Men's Hats Turned. Soft Felt Hats turned inside out and re-lined next Friday, have made arrangements for special trains to take out the patrons each day from North Toronto, with the first train leaving at 1 o'clock, and the second at 1:30. BESIEGING THE BIRTHPLACE OF THE FRENCH GARRISON AND CIVILIANS IN PARIS ARE SHORT OF FOOD.

Paris, Sept. 10.—The stock market was reactionary at the outset of today's dull session, strengthening and becoming more active later, but lapsing into its early apathy at the irregular close.

Sentiment continued to be sustained by the success of the French loan and related investment conditions, but this was balanced, however, by the heavy speculative interest, save among professional traders.
