PAIN-KILLER

P4556

11.

1879.

ANNUAL.

WORTH MORE THAN GOLD

It is worth more because it is a greater friend to the human family.

"IT IS A FRIEND IN THE HOUR OF NEED"

when Pain and Suffering have seized upon our poor weak bodies and goad them with unbearable torture; it is at such a moment as this, that the

PAIN KILLER

proves itself of priceless value and acts the part of the good Samaritan whose kind deeds cannot be reckoned either in Silver or Gold. It is

A HOUSEHOLD NECESSITY.

Yes: one that every individual should possess. It should be where every person can put their hands on it in the dark if need be. Many valuable lives have been saved by its timely use and a world of suffering has been alleviated since its introduction.

There are but few unacquainted with the merits of the PAIN KILLER; but while some extol it as a liniment, they know but little of its power in easing pain when taken internally; while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally.

You may ask with surprise: "What! am I to take in preparation I use as a liniment?" "Why not?" we ask. "This liniment should be poisonous?" That many of those in the world admit; but the PAIN KILLER is a purely vegetable medicine and contains no poisonous ingredient. And, although it is used internally, it is one of the most powerful and best liniments in the world.

Beware of counterfeits and worthless imitations; call for the **VEGETABLE PAIN KILLER**, and take no other.

SOLD BY ALL DRUGGISTS AND GROCERS

The PAIN KILLER is put up in 2 oz. and 5 oz. bottles, at 25 cents and 50 cents respectively—large bottles are therefore cheapest, and

ECLIPSES DURING THE YEAR 1879.

The statement respecting Eclipses does not require much space for this year. During 1879 there will be three Eclipses, two of the Sun and one of the Moon, as follows :

I. On the 22d of January there will be an Annular Eclipse of the Sun, visible in South America, but not observable in Canada. II. On the 19th of July there will be an Annular Eclipse of the Sun, not visible in these parts. III. On the 28th of December there will be a partial Eclipse of the Moon, but not visible in Canada.

MORNING AND EVENING STARS.

VENUS is an Evening Star until September 23d; after that a Morning Star to the year's end. MARS is a Morning Star until November 12th; after that an Evening Star to the end of the year. JUPITER is a Morning Star from the 8th of February to the 31st of August, and may be considered an Evening Star until February 8th, and from the 9th of June to the year's end. SATURN is a Morning Star from the 26th of March to the 5th of October, and is an Evening Star from the 3d of July to the end of the year.

THE SEASONS OF THE YEAR 1879.

Autumn begins	Sept. 23d, 5.9 morning, lasting	89 18 9
Winter begins	Dec. 21st, 11.18 evening tropical, year 365	5 45

Attention has been called to the overshadowing of houses by too many shade trees and shrubberies. It is not a fault as to many farm houses we have seen. There is, indeed, too little attention paid to shade trees, both on farms and in villages. But during a wet season the evil of overshadowing is most observable. In passing through some of the older settlements in the Eastern Townships, we could scarcely find the dwelling because of the numerous trees whose branches intertwined and shut out all sun light, and prevented the circulation of air. Dyspepsia and consumption flourish where sun and air are excluded. Even darkening rooms by thick blinds, to keep out the flies, is not good policy. Embellishment outside and comfort inside are very good; but the farm house should have light and ventilation, for without these there will not be healthy indwellers.

BANK HOLIDAYS IN ONTARIO.

Sundays, Christmas Day, New Year's Day, Ash Wednesday, Good Friday, Easter Monday, The Queen's Birthday, and each day appointed by Royal Proclamation as a general Fast or Thanksgiving Day.

There are two short pieces of advice we offer at the start. Let every farmer who wishes to excel in business set apart regularly a portion of his income for the purchase of appropriate and useful literature. A good agricultural paper and a few useful books should always be on hand for general reading and for reference. We have often recommended this course, but it needs repeating. The other piece of advice is simple but necessary. Exercise forethought in regard to work and the management of the farm. Let nothing be done hap-hazard. There may be times when you may have to act promptly, but, as a general thing, the management of a farm, large or small, should be the result of careful consideration. These two items may be taken together; *read and think*.

A CURE FOR DIPHTHERIA.

All interested, please read the following extract from a letter from Mrs. Ellen B. Mason, wife of Rev. Francis Mason, Toungchoo, Burmah:

" * * * "My son was taken violently sick with diphtheria, cold chills, burning fever, and sore throat. I counted, one morning, ten little vesicles in his throat, very white, and his tongue, towards the root, just like a watermelon full of seeds; the remainder coated as thick as a knife-blade. So many children have died around here, I was afraid to call a physician, and thought I would try your Pain Killer for a gargle, with small doses inwardly. I did so, and found the gargle invariably cut off the vesicles, and he raised them up, often covered with blood. He was taken on Sunday; on Wednesday his throat was clear, and his tongue rapidly clearing of. I also used it as a liniment, with castor-oil and hartshorn, for his neck. It seemed to me a wonderful cure, and I can but wish it could be known to the many poor mothers in our land who are losing so many children by this dreadful disease. I have found your Pain Killer one of the most valuable medicines ever used in Burmah. Once I was stung by a very large black scorpion; the pain was indescribable. I immediately applied the Pain Killer (for I never travel without it), again, and again, and in half an hour my foot was well."

A SHORT HISTORY

OF THE

PAIN KILLER

AND ITS USES.

The history of the PAIN KILLER is unlike most of the preparations known at the present time as patent medicines. These preparations are generally gotten up by parties who are stimulated by the success of the PAIN KILLER to try this method of acquiring a fortune, and, as a general thing, are but sorry agents to the restoration of health; but extensive advertising brings them into note, and large quantities of such articles are sold, without any real merit.

The PAIN KILLER was first invented in the fall of 1839, by the late Perry Davis. He was a man who had been from early youth afflicted with various ailments to which human nature is subject, and by long experience in the use of medicines, had gained some knowledge of the applications and effects of the various drugs that are used by physicians and nurses. At the time of the discovery of the PAIN KILLER he was confined at home by illness, and completely discouraged from using medicines that did not cure. He says in relation to the origin of the PAIN KILLER,—

“I took cold which settled on my lungs. A hard cough ensued, accompanied with pain in my side; my stomach soon became very sore; my digestive organs became weak, consequently my appetite failed; night-sweats followed; my kidneys became affected; piles in their worst form were preying upon me; the canker in my mouth became very troublesome. Under all these circumstances, I thought I was a fit subject for the grave. I used many medicines without any permanent relief. I told my wife that she must make up her mind to get along without me, for I expected I had done my last work, and must soon be numbered with the dead. As I was coughing one day, with both hands pressed hard against my side as I sat in my chair, I was led to exclaim, ‘Is there no relief for the pain in my sides while I die?’ It occurred to my mind there was; but where is it? I immediately commenced looking for something new. I searched the globe in my imagination with eager anxiety, and selected the choicest gums and plants that I thought the world afforded; and directed, as I believe, by the hand of Providence, in compounding and proportioning the medicine so that the narcotic influence of one might be destroyed by the other, so that when the stimulating influence was over, it became a nervine to soothe, and a balm to heal. I commenced using my newly-discovered medicine with no other hope than gently handing me to the grave. I used it freely internally, and externally on my side and stomach, which soon relieved the pain. My cankered mouth began to heal; I soon began to raise the pulp from my stomach easily, and my night-sweats soon ceased, and I found my kidney complaints beginning to give

Feb. 1, stormy; 2, Fourth Sunday after Epiphany; 3-8, snow and wind; 9, Septuagesima Sunday; 10-13, pleasant; 14, St. Valentine's Day; 15, post-office lively times; Sexagesima Sunday; 17-21, very cold, with snow and wind; 22, changeable; 23, Quinquagesima Sunday; 24, dull; 25, St. Matthias; 26, Ash Wednesday, or first of Lent; 27-28, cold and cloudy.

Ladies should be exceedingly careful in choosing the perfumes they use, there being no influence more potent to decide the estimation in which they may be held than the atmosphere that surrounds them. The delicate and insinuating perfume of MURRAY & LANMAN'S FLORIDA WATER cannot give offence to any, and is more generally preferred than any other fragrance.

Premature Loss of the Hair, which is so common nowadays, may be entirely prevented by the use of BURNETT'S COCAINE.

way. The piles were soon cured; my appetite soon returned, and my sleep became refreshing, and my flesh began to increase, and I began to feel like living instead of dying. In March, I commenced shoving my plane, as I was wont to do. I had not worked long, before my wife came down stairs—as I worked in the basement story—and said to me, ‘I thought you did not expect to work any more.’ I told her I began to feel like trying. ‘And what are you going to call the name of your medicine?’ said she. This was a *nonplus*, for I had never thought of a name for the composition. I paused a moment, and then said, ‘I will call it PAIN KILLER, for it has killed all my pains.’ Since I commenced using this, I have used no emetic, no cathartic, no blistering, no strengthening plasters, no bleeding; but as soon as attacked by pain, or injured by accident, resort immediately to the PAIN KILLER, as an internal and external remedy; and, if there is a man in the world who enjoys any better health than I do, he has reason to be thankful.”

Perry Davis was at this time a poor man, and could ill afford to supply his friends with his new medicine. The calls for it were numerous, as it became known what it had done for him. He was urged by many to make the PAIN KILLER, and offer it for sale. At the time, there were comparatively few of the now many proprietary articles. In 1840, he commenced in a small way to introduce his medicine. It soon became very popular, increased in sale, and now, after over thirty-six years’ experience, is known and deservedly esteemed wherever civilization exists, and extended into general use among the heathen nations. Scarcely a vessel floats upon the ocean, that does not have PAIN KILLER as a prominent remedy in the medicine-chest, for use on the voyage, while it is also a part of the freight with which the vessel is laden, to supply the demand abroad.

It has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary, and no traveler should be without it.

The PAIN KILLER is not confined in its range of use to any climate or country, but is universal in its adaptation to the wants of man; being as effectual in curing disease in India, China, or South America, as in the United States and Europe. As in curing Cholera, it shows itself master of all the minor forms of that disease—such as Cholera Morbus, Dysentery, Summer Complaint, Diarrhœa, etc., so in controlling Yellow Fever, Diphtheria, and other malignant diseases, which it has repeatedly cured, it asserts its power over all the milder and more common form of these complaints.

We have long used it in our families, and recommended it to our friends, and it has never deceived us, nor failed to meet our most sanguine expectations. Hence, in commending it again to the public favor, we do so without fear, confident that the result of a fair trial will fully sustain all we have said in its favor.

We would call especial attention to the directions for its use, as much depends upon the faithful use of the PAIN KILLER in effecting the relief and cure.

We continue to prepare our PAIN KILLER from the best and purest materials, and with a care that insures the most perfect uniformity in the medicine.

March 1, St. David's Day; 3-8, cold and disagreeable; 9, Second Sunday in Lent; 10, 11, cold; 12, St. Gregory; 13-15, cold; 16, Third Sunday in Lent; 17, St. Patrick's Day; 18-20, warmer; 21, St. Benedict; 22, windy; 23, Fourth Sunday in Lent; 24, snow and rain; 25, Annunciation of the Virgin Mary; 26, cold winds; 27-28, pleasant; 29, rainy; 30, Fifth Sunday in Lent; 31, cold.

FELLOWS' HYPOPHOSPHITES is adapted for diseases which are produced by loss of Nervous Power, and consequent Muscular Relaxation.

ENCE.

BEWARE OF COUNTERFEITS.

The reputation of the PAIN KILLER has suffered more or less from numerous counterfeits and imitations that have been issued from time to time, many of them well calculated to deceive, promising to cure the diseases for which the PAIN KILLER is intended, while they contain few if any properties in common with it, and are generally entirely worthless. These became so numerous, that in 1854, to protect the public and ourselves, we went to a heavy expense in procuring finely engraved steel plates for our labels; altering at the same time the shape of our bottles from octagon to flat panel, with "Davis's Vegetable Pain Killer" blown in the glass.

On one side of each bottle is a finely engraved likeness of Perry Davis, the original inventor of the PAIN KILLER; on the other a monogram. We give a fac-simile of each label. To counterfeit either of these labels is a crime punishable by the laws of all civilized countries.

The purchaser should be sure he gets the genuine article as described above.

The PAIN KILLER is sold wholesale by druggists and medicine-dealers in the principal cities, and retailed by druggists, apothecaries, and at variety-shops generally, throughout the United States and British Provinces; also by druggists and commission merchants at most of the foreign ports with which the United States hold commercial relations.

Orders by mail, accompanied with reliable reference, will receive prompt attention.

PERRY DAVIS & SON, Proprietors.

April 1, All Fool's Day, so called; 2, 3, unpleasant; 4, St. Ambrose; 5, stormy; 6, sixth Sunday in Lent; 7, 8, clear and pleasant; 9, Wednesday before Easter; 10, cool and pleasant; 11, Good Friday; 12, pleasant; 13, Easter Sunday; 14, 15, pleasant; 16-19, changeable; 20, Low Sunday; 21, 22, unsettled; 23, St. George's Day; 24, warm; 25, St. Mark the Evangelist; 26, pleasant; 27, second Sunday after Easter; 28-30, fair and fine weather.

The fever-stricken invalid who may have had his recovery retarded by infantile weakness, will rapidly recover under the influence of FELLOWS' HYPOPHOSPHITES.

A HOUSEHOLD NECESSITY.

Yes: one that every individual should possess. It should be where every person can put their hands on it in the dark if need be. Many valuable lives have been saved by its timely use, and a world of suffering has been alleviated since its introduction. It is Perry Davis' world renowned

PAIN KILLER.

IT CURES WHEN TAKEN INTERNALLY,
 Cramp,
 Cholera,
 Dysentery,
 Diarrhoea,
 Painter's Colic,
 Bowel Complaints,
 Pain in the Stomach.
 Liver Complaints,
 Sore Throat,
 Sudden Colds,
 Coughs,
 Dyspepsia,
 Indigestion, &c.

WHEN USED EXTERNALLY, IT CURES
 Boils, Felons, Cuts, Bruises, Burns, and Scalds,
 Old Sores, Sprains, Swelling of Joints,
 Toothache, Pain in the Face,
 Neuralgia, Rheumatism,
 Frosted Feet, &c.

For Cholera, Cholera Morbus and Cholera Infantum
 As well as all Summer Complaints of a similar nature, it acts with WONDERFUL RAPIDITY, and NEVER FAILS when taken at the commencement of an attack, and often cures after every other remedy has failed. For Sore Throat, Sudden Colds and Diphtheria, no remedy has ever been discovered so powerful to cure. As a Liniment it has no equal in curing Rheumatism or Neuralgia, Burns and Bruises, and wounds of every description. It is the cheapest and best remedy ever offered to the public. Mothers will find it invaluable in the nursery, and it should always be kept near at hand in case of accident. For pain in the breasts, take a little PAIN KILLER in sweetened milk and water, bathing the breasts in it clear at the same time. If the milk passages are clogged, from cold or other causes, bathing in the PAIN KILLER will give immediate relief.

Beware of all Counterfeits and Imitations.
 The genuine is put up only in panel bottles, with labels finely engraved on steel, the name being also blown in the bottles.

Price small bottles 25 cts. large bottles 50 cts.

Perry Davis & Son & Lawrence.
 MANUFACTURERS AND PROPRIETORS.

Hastings' Chronicle, C. W.

"At this season, when coughs and colds are so prevalent, an effectual remedy, and one easily obtained, is Perry Davis' Vegetable Pain Killer. It is no new nostrum, vended by unknown agents, but has stood the test of over twenty years; and those who use the article, internally or externally, will connect with it grateful recollections of its worthy inventor."

News, St. John's, C. E.

"PAIN KILLER. — The testimonials borne to the efficacy of this valuable medicine are sufficient to warrant its introduction into every house. Our own opinion is that no family should be without a bottle of it for a single hour. In flesh-wounds, aches, pains, sores, etc., it is the most effectual remedy we know of. A bottle will last for a very long time, and its low price places it within the reach of all. Our readers will remember that the Messrs. Perry Davis & Son have opened a house in Montreal, whence Canadian orders are supplied."

What the Missionaries in India Think of Perry Davis' Pain Killer.

Extract of a letter from Rev. David Downie, American Baptist Mission, Nellore, India, May 15, 1878:

"I doubt if even you, after all missionaries have written, have even a faint idea of the faith the natives have in your valuable medicine, and, in truth, ours scarcely falls short of it. If I could have but one medicine, all things considered, I'd choose Pain Killer." Yours, very truly,
 D. DOWNIE.

DIPHTHERIA.—This dreaded disease has at length found master in the DAVIS' PAIN KILLER.

BEARINE, FOR THE HAIR.

Prepared from the Pure Grease of the Canada Bear.

IT IS A HAIR BEAUTIFIER, PRESERVER AND DRESSING.

This elegant preparation, named from the Canada Bear, from which its most essential element is obtained, is a scientific compound of real Bear's Grease, and other ingredients, so combined as to retain for a great length of time its original fragrance and purity. As a Dressing for the hair, nothing can be more beautiful or agreeable. It is elegantly perfumed, and renders the Hair soft, pliant and glossy. It serves to give it that peculiar richness and color which is so essential to a complete toilet. It is the cheapest, most harmless, and best dressing in the world for the hair. Genuine Bear's Grease has long been held in high esteem as a valuable (cheap at any price) article for dressing the Hair. It has been highly commended and used by eminent Chemists and Physicians of every country. Like all good things, it has been imitated and counterfeited, perhaps to a greater extent than any other commodity known in trade and commerce; yet, notwithstanding all of this, together with its great scarcity, both of which have served to depreciate its use, the fact of the great value of Genuine Bear's Grease, as a healthful, invigorating dressing for the Hair, remains firmly fixed in the minds of the public. The idea of procuring this article fresh and pure, refining it and preparing it for general consumption, was suggested to the proprietors of BEARINE, from their superior facilities for obtaining the Pure Bear's Grease. Having an already established business for the sale of their world renowned "Pain Killer," with agents located in every trading post in the Dominion of Canada and throughout the great North-West, and with these unsurpassed advantages for obtaining the Genuine Grease, fresh and pure, they are enabled to produce and to supply a purer, better, and safer Hair Dressing than has hitherto been offered to the public.

TESTIMONIALS.

*** Having used the BEARINE in my family from its first introduction, and finding it to be such a superior article, I take pleasure in recommending it over all other preparations in the Hair Dressing line that I have ever used.

PROVIDENCE, R. I., March 6, 1874.
Yours truly,
A. O. HALL.

Robert Larivé, of St. Peter st., Montreal, writes:
"By the use of your BEARINE, my hair, which was thin, dry, and falling out, has recovered its vigor, and has not only stopped falling, but a beautiful, new and healthy growth has taken its place. I have found the BEARINE the most agreeable and pleasant Hair Dressing I have ever used."

DECEMBER 5, 1872.

READ THE FOLLOWING:

We, the undersigned, Wholesale and Retail Druggists of the city of Montreal, take pleasure in recommending to the public the Bearine made by Messrs. Perry Davis & Son & Lawrence, of this city. Since the Bearine was first introduced, we have sold considerable quantities of it, and our customers have always expressed great satisfaction with the article.

(Signed) LYMANS, CLARE & CO., R. S. LATHAM, PICAULT & CO.,
KERRY, WATSON & CO., DEVINS & BOLTON, HENRY R. GRAY,
JAMES GOULDEN, RICHARD BIRKS, J. A. HARTE.

A trial will convince the most skeptical of its superiority over any preparation for softening, giving a brilliant gloss, and increasing the growth of the Hair. It prevents greyness or premature decay. It makes the Hair soft and pliant. It imparts to the Hair a rich, glossy finish. It is elegantly perfumed and put up in a magnificent style, forming an almost indispensable article in every lady's or gentleman's toilet.

FOWLE'S PILE AND HUMOR CURE.

A CERTAIN REMEDY FOR ALL KINDS OF
PILES, HUMORS AND SKIN DISEASES,
SUCH AS
SCROFULA, SALT RHEUM, TETTER OR RING WORM, LEPROSY,
CANCEROUS AND ULCERATED SORES.

This famous remedy having been before the public for many years, and having given such universal satisfaction, the proprietors do not hesitate to warrant it in every case, and to refund the money if it fails to cure after using it a sufficient length of time, and in accordance with the directions accompanying each bottle. This remedy WILL CURE, after all others have failed. IT WILL CURE, though pronounced by your Physician incurable. For want of space we can give but a few testimonials. Please send to the agents for a Pamphlet, which will be sent free, containing a full description of the article and about one hundred testimonials.

JOHN B. SPARHAWK, Esq., formerly U. S. Consul at Brazil, now of Cambridgeport, Mass., writes: I am cured of Piles, with which I have suffered for eighteen years. So valuable a remedy should be known in every country.

E. COLEMAN, Esq., Rochester, N. Y., writes: Have suffered with Bleeding Piles for twenty-five years. Three and a half bottles of your cure has completely eradicated the disease from my system.

E. D. TAYLOR, Shelbourne, N. S., writes: Your Pile and Humor Cure has entirely cured me of Piles after six years' suffering.

Rev. JOHN P. ROBINSON, of Boston, writes: I commend your Pile and Humor Cure with entire confidence, after stating he had been cured of Itching Piles of many years standing.

R. JELLYMAN, Montreal, writes: I unhesitatingly recommend it; by its use I am fully cured.

W. V. LAWRENCE, Montreal, says: I owe a debt of gratitude to this medicine I can never repay; it cured me after every other medicine had failed.

A. C. WHITE, of Yarmouth, N. S., writes: Your Pile and Humor Cure has entirely cured the Salt Rheum that my wife has suffered with for 30 years.

CHAS. K. BROWN, of Troy, N. Y. writes: I think it the best alternative in existence.
ELIJAH BURNS, of Lafayette, Ind., writes: I have, by the use of one bottle of your medicine, cured the Tetter or Ring Worm which I have had for fifteen years.

FOWLES' PILE AND HUMOR CURE having been before the public for so many years, and having given such universal satisfaction, the proprietors do not hesitate to warrant it to do all they claim for it if used according to the directions in the pamphlet, wrapped around each bottle, and in case of failure, to refund the money.

The Pile and Humor Cure is sold retail by most of the respectable druggists and general store-keepers throughout the United States and the Dominion of Canada.
It is superbly wrapped, with a fine steel engraved wrapper.

PRICE: ONE DOLLAR PER BOTTLE.

FOWLE'S PILE AND HUMOR CURE is sold retail by most of the respectable druggists and general store-keepers throughout the United States and the Dominion of Canada.

PAYSON'S INDELIBLE INK.

Favorably known for more than a generation, is now more generally used than any other.

The ink flows perfectly; will write as easily on the finest muslin as ink on paper. It does not dry up, and retains its virtues longer than any other ink known. It will not injure the finest fabric. Payson's Ink has endured the test of forty years, and is still the popular Ink, unrivalled for uniformity of quality and durability. It is much cheaper in first cost than stencil plates, hand stamps, and other sensational arrangements, with their uniformly worthless inks; and will mark for one person or a whole family, more neatly, quickly and indelibly than any other apparatus. Unlike the so-called Indelible Pencils, it requires absolutely no preparation of the fabric or constant sharpening. Payson's Ink will mark finer and neater than a pencil, and with a blacker and more indelible mark. One vial of ink will mark more articles in less time and with less trouble than any pencil yet invented.

Sold by all Druggists and Book Dealers. Price, 25 Cents per Bottle.

CIRAGE FRANCAIS, OR FRENCH DRESSING,

For Ladies and Childrens' Boots and Shoes, Trunks, Harness, Carriage
Tops, etc.

MANUFACTURED BY

B. F. BROWN, - - - BOSTON, MASS.

The "French Dressing" is the most elegant article of the kind ever produced. LADIES' SHOES, which have become RED and ROUGH by wearing, are RESTORED to their ORIGINAL COLOR AND LUSTRE, and WILL NOT SOIL THE SKIRTS WHEN WET.

TARNISHED PATENT LEATHER is improved by it.

For TRAVELING BAGS, TRUNKS, HARNESS, CARRIAGE TOPS, ETC., it is unequalled.

It will not harden the leather, nor crack.

Price 20 Cents per Bottle. Sold by all Boot and Shoe Stores and Fancy Goods Shops.

RATS! RATS!! RATS!!!

They pollute your food! They devour your substance! They tease you by night! And impoverish you by day! Why will you suffer all this, when a twenty-five cent box of **Parsons' Exterminator** will insure permanent relief? It acts upon rats like a terror! They cannot stay and live where it is put, and they never return to the place where it has been used. Try it and be convinced.

I have used almost everything which has been offered for the extermination of rats, cockroaches and ants; but until I tried **Parsons' Vermin and Insect Exterminator** I did not feel justified in recommending either of them. I therefore cheerfully state that "Parsons' Exterminator" has effectually destroyed all the cockroaches in my hotel, and has nearly, and I believe will completely, destroy all the rats therein. It is invaluable to hotel keepers.

NEW YORK, July 22, 1852.

R. FRENCH,
Prop'r French's Hotel.

Standard Flavoring Extracts

The awards for the Cologne were given for "its richness, delicacy, and care in compounding."

—AND—
COLOGNE WATER.

The awards for the Extracts were given for their "quality, strength and purity."

BURNETT'S COCOAINE,

The Best and Cheapest Hair Dressing in the world,

Kills dandruff, allays irritation, and promotes the growth of the hair.

OTTAWA, ILL., April 8, 1878.

Messrs. JOSEPH BURNETT & Co.:

Gentlemen,—For over two years, I have suffered terribly with "scald head" in its worst form. A few weeks ago, I tried a bottle of your COCOAINE. The first application gave me relief, and now the disease is effectually cured. I cheerfully recommend BURNETT'S COCOAINE to any one suffering with the above complaint.

Yours respectfully,

N. C. STEVENS,
Deputy Sheriff.

A perfect dressing for the hair. The COCOAINE holds in a liquid form a large proportion of deodorized Coconut Oil, prepared expressly for this purpose.

PHILADELPHIA, May 23, 1877.

Gentlemen,—Having used your COCOAINE for the past ten or twelve years, I take pleasure in giving as my opinion that no preparation made in this country will keep the hair so soft and glossy, and, at the same time, allay all irritation of the scalp. It will most effectually remove dandruff, and prevent the hair from falling out.

THOMAS ROBERTS,

Wholesale Grocer, 30 South Front St.

COCOAINE,	-	-	-	-	A Compound of Coconut Oil, &c., for the Hair.
KALLISTON,	-	-	-	-	- For the Complexion.
BURNETT'S COLOGNE WATER,	-	-	-	-	Unrivalled in Richness and Delicacy of Perfume.
FLORIMEL,	-	-	-	-	A Delicate Perfume for the Handkerchief.

S. A.

NCE,

DR. CHANNING'S SARSAPARILLA

A HIGHLY CONCENTRATED EXTRACT OF
RED JAMAICA SARSAPARILLA,

AND THE

DOUBLE IODIDES,

An Effectual Health Restorer and Blood Purifier.

THIS GREAT REMEDY is a combination of the "DOUBLE IODIDES" (the most effectual alterative known to medicine) with VEGETABLE EXTRACTS of which the chief ingredient is RED JAMAICA SARSAPARILLA, forming a Remedy combining in itself to the fullest possible extent, Alterative, DEOBSTRUENT, TONIC, STIMULANT, RESTORATIVE, DIURETIC, ANODYNE and ANTI-SCORBUTIC PROPERTIES, and as such, applicable to the treatment of all STRUMOUS and CACHECTIC DISEASES, a class of affections of a peculiarly troublesome and obstinate character. Such as SYPHILIS, SCROFULA, SALT-RHEUM, CANCER, ALL SKIN DISEASES, TUMORS, ENLARGEMENT OF THE LIVER AND SPLEEN, RHEUMATIC AFFECTIONS, DISEASES OF THE KIDNEYS, BLADDER AND URINARY ORGANS, OPPRESSIONS OF THE CHEST OR LUNGS, LEUCORRHEA, CATARRH, and all diseases resulting from a DEPRAVED AND IMPURE CONDITION OF THE BLOOD. Dr. Channing's Sarsaparilla possesses extraordinary medical virtues, especially as a BLOOD PURIFIER, and restorative in the many and ever increasing forms of disease to which the "human flesh is heir." Physicians of eminence have from time to time claimed for this Remedy that it exerts a beneficial influence on the lungs, allaying coughs and promoting expectoration, on the Stomach and Alimentary Canal, in restoring the healthy secretions, on the Kidneys, in reviving their activity, and on the Skin, in promoting a healthy perspiration; but while it has been so highly spoken of and recommended in the various diseases above enumerated, the proprietor confines himself to laying especial stress upon its effectiveness as a BLOOD PURIFIER. Many persons perfectly free from any Constitutional or hereditary taint in the blood, will find it particularly suited to their requirements as a SPRING MEDICINE, or cleanser of the impurities of the system brought on by sedentary habits and improper diet (especially during the Winter months); in such cases one bottle will relieve them of impurities, which if not expelled, will bring on troublesome eruptions of the SKIN, PIMPLES, BLOTCHES, BOILS, etc., etc.; in these cases it will give entire satisfaction and save much annoyance and misery.

A Short Extract from a Letter, received from a prominent Montreal Physician.

MONTREAL, February 1st, 1875.

I cannot but regard the formula from which Dr. Channing's Sarsaparilla is prepared, as one of the best possible combinations to constitute an effectual remedy for the cure of BLOOD IMPURITIES.

Respectfully yours,

W. E. BESSEY, M. D., No 8 Beaver Hall Square.

NOTE.—Dr. Channing's Sarsaparilla is put up in large bottles, with the name blown in the glass, and retails at \$1.00 per Bottle, or Six Bottles for Five Dollars. Sold by Druggists generally, and most Country Stores. Be sure and ask for Dr. Channing's Sarsaparilla, and take no other. If not readily obtained in your locality, address the General Agents,

**PERRY DAVIS & SON & LAWRENCE,
377 St. Paul St., Montreal.**

DIPHTHERIA.—This dreaded disease has at length found master in the DAVIS' PAIN KILLER.

HENRY'S CARBOLIC SALVE!

The wonderful celerity with which this combination of "carbolic acid" with other soothing and curative emollients HEALS THE MOST VIRULENT SORES AND ULCERS, is something akin to the marvelous. It is with pride that the proprietors call attention to the gratifying fact, that Physicians give it the highest meed of praise, and use and prescribe it in their practice.

POINTS TO BE BORNE IN MIND.

CARBOLIC SALVE positively cures the worst sores. CARBOLIC SALVE instantly allays the pains of burns. CARBOLIC SALVE cures all cutaneous eruptions. CARBOLIC SALVE removes pimples and blotches. CARBOLIC SALVE will cure cuts and bruises. CARBOLIC SALVE ranks at the head of all salves, ointments, or other healing compounds, and has ACHIEVED A GREATER REPUTATION, AND HAS A LARGER SALE, than any other similar preparation of contemporaneous invention.

CARBOLIC ACID, the basis of this already-celebrated preparation, is comparatively a new chemical agent, and has only recently been introduced into the *materia medica*. It was discovered by Runge, the famous German Chemist, in 1834, while making a series of experiments on *Coal Tar*, of which it is the active principle. It is a colorless oily substance, considerably heavier than water, and is unquestionably the most powerful preventive of decomposition, and antidote to putrescence at present known. Hence, it is extensively used in embalming. So powerful are its purifying properties, that rotten fish, when soaked in it, immediately become inodorous, and are not again subject to putrefaction. Within the last few years many compounds of great value in the arts have been prepared from it, and it is extensively employed for coloring purposes and as a disinfectant. It was used as a disinfectant during the progress of the great cattle plague, and is said in many instances to have stayed its ravages. The acid itself, however, in an unmodified condition, is too pungent and biting to be applied with safety to the disease or wounded skin or flesh. In HENRY'S CARBOLIC SALVE its caustic principle is tempered and qualified by the presence of soothing emollients, which neutralize its acrid properties while leaving its wonderful and almost miraculous healing attributes unimpaired. Perhaps it is not too much to say of this invaluable compound that as an external curative it stands alone, without a rival or competitor. *Proud flesh cannot form* in a sore with which it is in contact; and if this species of dead matter already exists in any ulcer, the CARBOLIC SALVE will expel it, and recover the diseased part to a sound and natural state. On purulent eruptions it acts like a charm, subduing the inflammation, drying up the suppuration, and curing the disorder, without leaving any scar or discoloration behind. In short it is the antithesis of all corruption, and no bodily impurity can resist its antiseptic influence. This is, indeed, a sweeping assertion; but we guarantee that the operation of the salve in the worst cases of Scrofulous Ulceration will bear us out in it.

READ THE FOLLOWING TESTIMONIALS:

Your CARBOLIC SALVE proves an excellent article, and I thank you for it. This is another evidence of the great value of the discovery of Carbolic acid.

Yours truly,

NEW YORK, Dec. 22, 1864.
GEO. B. LINCOLN,
Pres't Board of Health.

I had on a forefinger of my right hand one of those pleasant pets, a "run-round." The finger became inflamed to a degree unbearable, and swollen to nearly twice its natural size. A friend dressed it with CARBOLIC SALVE, and in *twenty minutes* the pain had so much subsided as to give me a fair night's rest, which I had not had before for a week. The inflammation left the finger in a day. I consider it a most valuable article for the household.

D. R. LOCKE, (Petroleum V. Nasby.)

Sir—I have used CARBOLIC SALVE on a very bad running sore on my leg. It is superior to any other made.

BOONEVILLE, N. Y., June 19, 1871.
DR. JOHN B. NOLD, (Late Surgeon, N. Y. Vol.)

Dear Sir—I applied the CARBOLIC SALVE in one case to a very bad burn, in which *Proud Flesh* had formed, and the wound was healed with astonishing rapidity.

NEW YORK, July 30, 1870.
Yours resp., COL. H. S. OLCOTT.

Price, 25 Cents per Box. By Mail prepaid 30 Cents.

FELLOWS' HYPOPHOSPHITES is sold by all respectable apothecaries. No other Hypophosphites preparation is adapted to substitute for this.

WYETH'S BEEF, IRON AND WINE.

Extract of Beef, Citrate of Iron and Sherry Wine.

In this preparation are combined the stimulant properties of WINE and the nutriment of BEEF with the tonic powers of IRON, the effect of which on the blood is so justly valued. For many cases in which there is

Pallor, Weakness, Palpitation of the Heart,

with much nervous disturbance, as for example, where there has been much loss of blood, or during the recovery from wasting fevers, this article will be found especially adapted. The peculiar feature of this combination is that it

COMBINES NUTRIMENT WITH STIMULUS.

In the majority of cases, along with failure of strength, and indeed as one cause of that failure, there is an inability to digest nourishing food. Hence it is very desirable to furnish nourishment in a form acceptable to the stomach, at the same time we excite this organ to do its duty. On the other hand, again, wine stimulus although needed, is ill borne if given by itself, producing headache, excitement, and other symptoms which may be avoided by the addition of nutritious substance such as the ESSENCE OF BEEF.

Iron, also, can be taken in this way by the most delicate and sensitive woman or child, to whom it may be inadmissible as usually given. Prompt results will follow its use in cases of sudden exhaustion, arising either from acute or chronic diseases, and will prove a

Valuable Restorative for all Convalescents.

As a Nutritive Tonic it would be indicated in the treatment of impaired nutrition, impoverishment of the blood, and in all the various forms of general debility. Each tablespoonful contains the Essence of one ounce of Beef, with two grains of Citrate of Iron, dissolved in Sherry Wine. With a view to making the article more palatable, a portion of the beef is in the first place partially roasted, as experience has shown that it is better borne by the stomach, and can be administered for a longer period when this is done.

Adult Dose—One tablespoonful between meals, and when suffering from fatigue or exhaustion.

Dose for Children should be reduced according to the age.

We trust physicians will be careful to direct *our manufacture of BEEF, IRON and WINE*, as numbers of persons make mixtures called by the same name, and claiming equal merit. We can only say the reputation of this medicine was created by OUR PREPARATION, and it is almost exclusively prescribed by our leading physicians.

Sold by all Druggists—Price \$1 per Pint Bottle.

FELLOWS'
COMPOUND
SYRUP
OF
HYPHOSPHITES

The Promoter and Perfecter of Assimilation.

The Reformer and Vitalizer of the Blood.

The Producer and Invigorator of Nerve and Muscle.

The Builder and Supporter of Brain Power.

Fellows' Compound Syrup is composed of Ingredients identical with those which constitute Health, Blood, Muscle and Nerve and Brain Substance, whilst Life itself is directly dependent upon some of them.

By its union with the blood and its effect upon the muscles, re-establishing the one and toning the other, it is capable of effecting the following results:

It will displace or wash out tuberculous matter, and thus cure Consumption.

By increasing Nervous and Muscular Vigor, it will cure Dyspepsia, feeble or interrupted action of the Heart and Palpitation, Weakness of Intellect caused by grief, worry, overtax or irregular habits, Bronchitis, Acute or Chronic Congestion of the Lungs, even in the most alarming stages.

It cures Asthma, Loss of Voice, Neuralgia, St. Vitus Dance, Epileptic Fits, Whooping Cough, Nervousness, and is a most wonderful adjunct to other remedies in sustaining life during the process of Diphtheria.

An endless chain of good effects is formed by

Fellows' Compound Syrup of Hypophosphites,

and we are safe in saying, from a long experience in medicine, its virtues ARE NOT POSSESSED BY ANY OTHER COMBINATION, as the following will demonstrate.

Physicians' Testimony.

ST. JOHN, N. B.

MR. JAMES I. FELLOWS,
Manufacturing Chemist.

Dear Sir—For several months past I have used your compound Syrup of Hypophosphites in the treatment of incipient phthisis, chronic bronchitis, and other affections of the chest; and I have no hesitation in saying that it ranks foremost amongst the remedies used in those diseases. Being an excellent nervous tonic, it exerts a direct influence on the nervous system; and, through it, invigorates the body.

It affords me much pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worse than useless.

I am, sir, yours truly,
Z. S. EARLE, JR., M. D.

CHRONIC SPLENITIS.

Physician's Report of a Remarkable Case.

GAGETOWN, N. B.

MR. JAMES I. FELLOWS,
Chemist.

Dear Sir—Allow me to bear my testimony in favor of your Compound Syrup of Hypophosphites. I have used it myself for tuberculosis with marked benefit, and have given it to a great number of my patients, with the same results as I experienced from its use. During the last seven years I have devoted myself almost exclusively to the treatment of Consumption, having cases under my care in all parts of the province; so that I am enabled to speak from ex-

It is acceptable to palate and stomach.

Sufficiently potent to insure decided benefit, yet harmless, howsoever long its use may be continued. This characteristic is possessed by no other remedy.

It assists digestion and assimilation.

It vitalizes the **Blood**, supplying such ingredients as may be required.

It restores tone to the nerves.

It gives power of endurance and of concentration to the mind.

It promotes **vigor** in the organs which depend for health on the involuntary muscular action, viz.: the Liver, Lungs, Heart, Stomach and Genitals.

And, unless afflicted with some disease involving **ABSOLUTE ORGANIC LOSS**, it will sustain the system until it reaches the age allotted to man by a beneficent Creator.

No person will be disappointed in the effect of **FELLOWS' HYPOPHOSPHITES**, who rigidly follows the directions.

FELLOWS' HYPOPHOSPHITES.

INCEPTION.

The experiments which perfected this preparation occupied many months, and were instituted with a view to curing that insidious disease,

TUBERCULAR CONSUMPTION,

and in order to supply the deficiencies in Hypophosphites already in use; for, although their nature was correct as to *theory*, their preparations were, owing to their imperfect organization, found wanting in practice.

While they caused the formation of fat and generated heat, they did not improve the blood. The tonic effect upon the nerves and muscles was circumscribed, and, owing to their diluted state, involving large doses, they were also too expensive.

The desiderata sought by Mr. Fellows, were:

A convenient, palatable remedy;

Unalterable by time;

Harmless, though used continuously, yet might be discontinued at any time without any ill effect;

perience of the benefit derived from its use.

The most marked was a case which was under my care in March last. This was a patient who had been under treatment nine months with no beneficial results. When I first saw him he was so feeble that he could not sit up long enough to have his heart and lungs examined. What disease he had been treated for did not appear, but I found him suffering under *chronic splenitis*. He had a severe cough, dyspnoea, palpitation of the heart, impaired digestion, and consequent general emaciation. I put him under treatment, and in a few weeks he was able to move about a little; but still the debility continued. I then prescribed your Compound Syrup of Hypophosphites; and, after using four bottles, he was able to attend to his farm, and is now perfectly well. In March he was given up by four physicians respectively; in May he assisted in plowing eighteen acres of land, and had run up in flesh from a hundred and thirty-six to a hundred and forty-eight pounds' weight.

I send you this for the purpose of making what use you please of it, and wish you all success in your labor for the benefit of suffering humanity.

Strongly recommending the use of your Compound Syrup of Hypophosphites to all who suffer in any way from disease or weakness of the lungs, bronchial tubes, or general debility,

Believe me,

Your ob't serv't,

J. H. W. SCOTT, M.D.

stem, it follows that, when there is a demand for extraordinary exertion, its use is invaluable, since it applies the waste through the circulation, and sustains the general system.

At no period of life is watchful care over the functions of the brain more requisite than during the acquisition of knowledge by the youth: plodding, persevering study requires a store of vigorous, nervous force, or the child may sink under the mental toil.

Stern necessity may compel the student to strain his powers beyond the dictates of prudence, and the early promise of excellence may be blighted thereby.

To such we recommend Fellows' Hypophosphites; it will not only restore the sinking patient, but its use will enable the toiling student to preserve his mental and nervous standard without detriment.

Although the virtues of Fellows' Compound Syrup of Hypophosphites are such that no other remedy is often required, yet it is necessary that a proper regard for cleanliness, pure air, sleep, judicious exercise and regimen should be observed.

NOTE.—Be suspicious of persons who recommend any other article as "just as good," though bearing a similar name, and of those who offer the cheaper priced article.

NOTE.—It is only the Independent, well-posted, and unselfish Physician who can afford to prescribe this remedy. Experience has proved this. The highest class medical men in every large city, where it is known, recommend it.

Orders addressed,

PERRY DAVIS & SON & LAWRENCE,

377 St. Paul Street, Montreal, P. Q.,

will have immediate attention.

than my own prescription of the Hypophosphites. For several years I have continued to prescribe it, in many cases with very beneficial results. Since, upon solicitation, you kindly afforded me a more intimate knowledge of the composition of your Compound Syrup of Hypophosphites, I have used it freely in my practice, both in diseases of the chest, as consumption and bronchitis, etc., and in infantile diseases of the *prima via*, or stomach and bowels, with eminent success, considering it superior to any similar preparation yet offered to the public. Thanking you for your kind information,

I remain, yours truly,
CHANDLER CRANE, M.D.

FELLOWS' MEDICAL MONTHLY, Containing Plain Rules for the Guidance of Invalids, can be had on application to the above-named firm.

FOR CONSUMPTION
AND ALL DISEASES THAT LEAD TO IT,
 SUCH AS
Coughs, Neglected Colds, Bronchitis, Pain in the Chest,
 AND
ALL DISEASES OF THE LUNGS,
ALLEN'S LUNG BALSAM
IS THE GREAT MODERN REMEDY
For Croup it is almost a Specific.

ALLEN'S LUNG BALSAM is introduced to the suffering public after its merits for the positive cure of such diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being equal to any prescription that can be made up for such diseases by the medical faculty. The Balsam is, consequently, recommended by physicians who have become acquainted with its great success.

It excites expectoration, and causes the lungs to throw off the phlegm or mucus; *change the secretions and purifies the Blood*; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. **SUCH IS THE IMMEDIATE AND SATISFACTORY EFFECT that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It is warranted to GIVE ENTIRE SATISFACTION, EVEN IN THE most confirmed cases of Consumption! It is warranted not to produce costiveness (which is the case with most remedies), or affect the head, as it contains no opium in any form. It is warranted to be perfectly harmless to the most delicate child, although it is an active and powerful remedy for restoring the system. There is no real necessity for so many deaths by Consumption, when ALLEN'S LUNG BALSAM will prevent it if only taken in time. Physicians having consumptive patients, and who, having failed to cure them with their own medicine, we would recommend to give ALLEN'S LUNG BALSAM a trial.**

To prove the efficacy of ALLEN'S LUNG BALSAM for the cure of diseases it is recommended for, we hold hundreds of certificates, and living witnesses to its virtue can be seen in almost every neighborhood in the Dominion, as well as in the United States. It is well known everywhere, and wherever known it is highly praised.

No stronger warranty can be given for the merits of a Lung Balsam than we offer. We sell to all who wish to use ALLEN'S LUNG BALSAM, that, unless it gives entire satisfaction, they may return the bottle to us after they have used it 48 hours, and the money will be cheerfully refunded. This same warranty has been offered, from the day we offered the Balsam first, and to this time, the first bottle has not been returned, and we have received nothing but praise in its favor, from those who have used it. The proprietor of this valuable Balsam takes pleasure in calling to the attention of all medicine dealers, desiring that they procure a supply of it, and recommend it to their afflicted patrons and friends. I will stand the test for merits, as has the celebrated PERRY DAVIS PAIN KILNER, which is known throughout the world.

The Balsam is superbly wrapped, with a fine steel engraved label. **PRICE: LARGE BOTTLES, ONE DOLLAR, SMALL BOTTLES, 50 CTS.,** and is for sale by all the leading druggists in the Dominion.
